NO GREEK WAR NEWS GIVEN OUT

Athens Completely Isolated and Greek Govt Allows No Reports.

DENY LEAGUE STORY

Counter Revolutionary Republican Movement Reported Underway.

Rome, Sept. 4.—Athens is completely isolated and the Greek Government is allowing no reports concerning the "grave internal situation" to be sent from the capital, says a despatch received here from Greece shortly before noon today.

A counter revolutionary republican movement is underway, the despatch adds, and is gaining ground despite drastic measures taken by the Government, including the immediate arrest of all suspects, and the confiscation of arms.

The followers of late King Constantine's party are said to be preparing for action.

As an indication of the drift of public opinion, the despatch says the tomb of Colonel Gouraris, who was executed by the revolutionary government last November, is constantly covered with flowers, in strong contrast to its previous neglected appearance.

Report Is Denied.

Geneva, Sept. 4.—A member of the Italian delegation to the assembly of the League of Nations today authorized the league secretariat to deny that Italy had ever officially repudiated the competency of the league to handle the Greco-Italian crisis.

Arrests Are Made.

Rome, Sept. 4.—New precautionary arrests have been made on the island of Corfu by the Italian occupying forces and the governor has divided the island into zones which are presided over by the military.

The consuls of foreign governments resident in Corfu were informed today by the governor that merchandise on board boats in Corfu before the Italian occupation began and from those boats which the Italians have permitted to dock, excepting those of Greece, might be unloaded.

Will Recall Delegates.

As the council of the League of Nations considers the Greco-Italian dispute, Premier Mussolini lets it be known that he is ready to recall the Italian delegates from Geneva in case the league does not share Italy's opinion that the controversy, affecting directly the honor and dignity of Italy, is between Rome and Athens only.

Reports of the Italian position reaching Geneva also contain the information that Italy is willing to have the permanent court of international justice pass on the competence of the league to intervene. The court, in the opinion of league officials, would decide unambiguously that the league had authority.

The impression prevails at Geneva that the crisis between Italy and Greece is less strained.

The British Government still holds that the situation is one for adjustment by the league. It is said in London that in case the league council does not intervene the Scandinavian countries have decided to withdraw their representatives.

Canadian Swimmer Has Narrow Escape

Dover, Sept. 4.—Omer Perrault, Canadian swimmer from Montreal, narrowly escaped being burned to death aboard a launch last night just after he was forced to abandon his attempt to swim the channel from the French side.

Perrault left Genesee, France, at 1:10 yesterday afternoon and battled against the cold and the tide for ten hours in a fast swim but the temperature beat him and he quit.

Fire Does Damage To N. S. Schooner

New York, Sept. 4.—The Mina Nadeau, a British three-masted schooner of Passmore, N. B., was severely damaged by fire in Staten Island sound, off Totterville yesterday. The fire broke out at 7:30 and two companies extinguished the blaze.

Bed Sheets Part; Fugitive Is Killed

New York, Sept. 4.—John G. Jones, a railroad director of Wichita Falls, sent to sanatorium in West Sixty-first street because of nervous ailment, plunged to his death on Sunday trying to escape from his room on the third floor by an improvised rope made of bed sheets knotted together. The sheets parted when he was half way down.

CLASSY TENNIS SEEN IN HALIFAX

Halifax, N. S., Sept. 4.—The Canadian tennis stars from Montreal playing against the Nova Scotia players at the South End Tennis Club yesterday furnished the most brilliant exhibition of tennis ever seen in Halifax. Weather conditions were ideal.

The feature match was in the men's singles, E. H. Laframboise, Davis Cup player of last year, defeating W. N. Rice, Maritime Provinces champion 1921, and runner-up in this year's Nova Scotia tournament. Laframboise won in two sets 6-4, 6-4.

Another outstanding match was between the Canadian exponents, Laframboise and W. F. Crocker against Jack Wright and Louis Robert in which the former team won 6-4, 6-4. Crocker defeated Prof. C. H. Mercer, Halifax, in two sets, 6-1; 6-3. Captain Black of Lunenburg, showed old time form, winning from Robert in two sets, 6-3, 6-3. Jack Wright won in two sets, 6-4, 6-1, against A. C. Wiswell, Halifax.

MAY RECOVER

Mrs. P. G. Plaisted, of Haverhill, is improving following Auto Accident.

(Special to The Times.)

Fredericton, Sept. 4.—The condition of Mrs. P. G. Plaisted of Haverhill, Mass., who was injured Sunday night when a car driven by Wilfrid Dube went over the Murray Creek Bridge in Kings-Clear is reported by Victoria Hospital this morning to be about the same. Her recovery is possible.

Formal announcements have been received here of the marriage at Toronto on August 30 of Edna May, daughter of Mrs. Ida Brown to Dr. Fred Wilkie Barbour. Both bride and groom are former residents of Fredericton, the groom having practised dentistry here for years before removing to Toronto six years ago. He originally belonged to St. John.

James H. Burt of this city a member of the 1923 class of the University of New Brunswick leaves this evening for Peterborough, Ontario, to take position with the Canadian General Electric Company.

Four Men Spilled In An Auto Upset

Fredericton, Sept. 4.—In contrast to the serious motoring accidents which occurred during the week end, in various places, a party of four men from Maine in a Ford car left the road at Gibson Creek about 18 miles west of Fredericton.

SAYS MINERS OFTEN FAIL TO EARN LIVING

Canon Scott Tells of Visit to Coal Mines in Cape Breton.

LACK OF SANITATION

Says Men in Some Mines are Forced to Live Under Filthy Conditions.

(Canadian Press)

Quebec, Sept. 4.—Rev. Canon Scott, of this city, who recently returned from a visit to the coal mining district of Cape Breton island, was interviewed last night by the Canadian Press. In the course of his interview Canon Scott said that in view of recent comment in connection with remarks made by him with regard to the mines of Nova Scotia he felt in honor bound to make the district a visit.

C. P. R. Steamers Are Reported Safe

Seattle, Wash., Sept. 4.—The passenger liners Empress of Canada and President Jefferson, which came within radius of the tidal wave zone off the coast of Japan are safe, according to word received by the Canadian Pacific Line agency here.

Smoke Screen to Hide Whiskey Car

Washington, Sept. 4.—Bootleggers in Washington are using modern methods in the plying of their trade. To prevent capture and hide their movements from the "corn whiskeys" belt in the city, it has developed that one bootlegger has employed a smoke screen to conceal his car.

NEW BIG GERMAN SHIP TO SAIL IN OCTOBER

Bremen, Sept. 4.—The North German Lloyd steamer Columbus, which is nearing completion at Danzig and is the largest and fastest ship Germany has constructed since the armistice, will make its first trip from Bremerhaven to New York October 11.

Wire Briefs

Osaka, Sept. 4.—A great explosion has occurred at Otsukidai, in Hakone, one of the hot springs of Japan, located about fifty miles from Tokio.

London, Sept. 4.—Italy will make her terms for the evacuation of Corfu more onerous if Greece delays in fulfilling the terms of her ultimatum. Premier Mussolini is quoted by the Daily Mail's Rome correspondent as declaring.

Seattle, Wash., Sept. 4.—Distress signals from the Japanese steamer Taiyo Maru, believed to be in the vicinity of the Japanese coast, were picked up by the naval radio station at Bremerton, near here, early today. The vessel, using the Japanese code, finally got in touch with the steamer.

Montreal, Sept. 4.—Last tribute to the memory of Capt. John A. Willett, formerly of the Dominion Coal Company's steamship Corunna, was paid yesterday afternoon, when joint services were held by the Catholic Sailors' Club and the Montreal Council of the Knights of Columbus.

London, Sept. 4.—London has been without a supply of insulin since Friday last, according to reports. The famine has been caused by an excessive quantity being used in experiments which have been carried out with the object of preventing reaction following injection of the treatment for diabetes which often is serious.

London, Sept. 4.—The British consul at Yokohama and about 100 of the foreign residents of the city are believed to be dead, according to dispatches received by the Central News by way of Shanghai. Shipping is still unable to enter Yokohama harbor, owing to continued submarine operations.

St. John Missionaries In Earthquake Zone In Japan

REV. E. C. HENNIGAR

Rev. E. C. and Mrs. Hennigar went to Japan in 1905. Mrs. Hennigar was formerly Miss May Hart, daughter of the late Rev. T. D. and Mrs. Hart, Sackville. They spent the first year at Tokio. Then they were stationed at Lukui and later at Toyama on the west coast.

In 1917 Mr. Hennigar went to France with the Chinese Labor Corps as lieutenant. Since their return in 1919 their home has been in Matsumoto, Nagano province. They have been summering at Kasuzawa which is a health resort for all missionaries.

Rev. Mr. Hennigar is a son of Mr. and Mrs. E. S. Hennigar, 26 Orange street.

Economic Allegiance Between France and Germany Proposed

Paris, Sept. 4.—The speech of Chancellor Stresemann of Germany at Stuttgart Sunday declaring that Germany which was allied economically with France would afford a greater guarantee for peace, was received with greatest interest in French official quarters.

Premier Poincare read the text of the chancellor's address most carefully and will reply in public on the first occasion offered, when it is understood he will say France is quite ready to enter into an economic arrangement with her former enemy.

This Burglar Takes Only Fine Lingerie

New York, Sept. 4.—A mysterious burglar is entering numerous summer homes around Croton and taking all the expensive lingerie to be found in the bedrooms. The latest victim is Mrs. Mary Stolmer, who said several articles of much more value had been untouched by the intruder.

State Trooper Burke, working on the case, believes the thief is a young man seeking to make an impression on a flapper.

PLEADS FOR LIFE OF THE LABOR HERALD

London, Sept. 3.—An important feature of the programme of the Trades Union Congress which opened today at Plymouth is the position of the Daily Herald, which is in danger of closing down. Ramsay MacDonald, British Labor leader, appealing to the Labor movement to determine that the paper shall not die, says "in politics Labor is the second greatest party in the state. The disappearance of the Herald will be the greatest disaster to the Labor movement that has ever happened."

The Trades Union Congress is the smallest in several years owing to the reduction in membership of various unions. Since 1921 the membership of the affiliated unions has decreased 2,000,000 being now just above 4,250,000.

Four Gormans Wed At "Clan" Meeting

Springfield, Ill., Sept. 4.—The "clan" of Gorman, camping in Lincoln Park here, was knitted closer by two marriage knots which united two Patrick Gormans to two Kathryn Gormans. Patrick Gorman of Cincinnati married Miss Kathryn Gorman of Washington, while Patrick's sister, Miss Kathryn Gorman of Cincinnati was married to the first Kathryn's brother, Patrick Gorman of Washington. The brides and grooms are distantly related to other members of the group, which came here a week ago in automobiles for an outing.

300,000 HOUSES ARE BURNED, TOKIO POLICE ANNOUNCE, AS REFUGEES DIE BY THOUSANDS IN EFFORT TO ESCAPE

Only 40,000 Persons Believed Saved in City of Yokohama—Eruptions Continue Following Earthquake and Tidal Wave—Efforts to Communicate With Tokio Prove Fruitless—Report Says That New Japanese Premier Has Been Attacked—8,000 Operatives Believed Dead in One City—Huge Earth Swells at Los Angeles Follow Big Catastrophe.

Shanghai, Sept. 4.—Tokio still in flames, loss of life there alone at least 50,000; damage perhaps half a billion yen (about \$250,000,000).

These were the latest estimates received here this afternoon in a special message by the Eastern News Agency from Osaka.

Restoration of telegraphic communication between Osaka and Tokio brought the capital a flood of delayed messages of condolence from the rulers and executives of the world powers.

San Francisco, Sept. 4.—Casualties from the earthquake and fire total 500,000 and 300,000 houses have been burned, it is estimated by the metropolitan police of Tokio, according to a courier from Oyoma, who reported today at Tomioka to the Radio Corporation of America.

The report received in San Francisco this morning said the Imperial palace was being guarded by one regiment of infantry, a battalion of engineers and the imperial division.

ONLY 40,000 PERSONS ARE LEFT

Peking, Sept. 4.—There are but 40,000 persons left in the city of Yokohama, all the rest being dead or having fled to places of safety, according to a landing party from the steamer Korea Maru, whose report on conditions was received here today. Yokohama's population as given by the last enumeration was approximately 423,000.

The landing party, it is asserted, obtained evidence in support of the earlier story that an attack had been made on the new Premier, Count Yamamoto.

The story as relayed through them was that the Count was attacked while attending the session of the naval club at which the new cabinet was outlined and which the earthquake interrupted. The attackers aim, it was said, was frustrated by others present.

The landing party sought to proceed from Yokohama toward Tokio, but were prevented from doing so by the police, who blocked the road and denied passage to all who were not carrying their own food supplies or could not prove the urgency of their mission in the stricken capital.

Efforts of the legations here to communicate with Tokio thus far have proved fruitless.

300,000 ARE DEAD IN TOKIO

Harbin, Manchuria, Sept. 4.—The loss of life in Tokio is estimated here to be 300,000.

The flames of the blazing capital have been visible for two hundred miles. According to reports received here, the earth shocks are continuing, while a volcano forty miles from Tokio is still active. The river Sumida has changed its course through the stricken city.

The yen has fallen appreciably on the Harbin stock exchange and business is transacted in Chinese dollars only.

INSURANCE MARKET RECEIVES BLOW

London, Sept. 4.—Probably the heaviest insurance loss by the Japanese disaster will fall on the London Marine Insurance market. The earthquake risk in Japan is so great that it is excluded from ordinary fire policies, and only where special earthquake insurance has been arranged for will the owners of damaged property be able to recover. On the other hand, the results of the earthquake will certainly bring heavy claims on marine insurance policies covering goods in steamers, craft and lighters at the docks and quays and in some cases in transit overland and in inland warehouses.

It is said that the Grand Hotel at Yokohama, believed to be destroyed, is insured against earthquakes for \$115,000, while the United Club the foreign mission offices or by private individuals from any missionaries in Japan. Only the Methodist and Anglican churches in Canada are represented by missionaries in Japan, the former by almost forty missionaries and the latter by approximately the same number. The Canadian Presbyterian church in Canada and the Baptist church have no Japanese mission, though the former contributes to the support of Miss MacDonald in Tokio. The Roman Catholic church in Ontario is also without representation in Japan.

CITIES MENACED BY RIOTERS.

Shanghai, Sept. 4.—Reports received here today said rioting menaced the destroyed Japanese cities. Two hundred Koreans, driven from Tokio by soldiers, enforcing martial law, procured arms in Hachioji, near the capital and started a disturbance. The police were arming officials and citizens to cope with the situation, according to a Japanese news agency despatch which stated that the revolting Koreans had connections between Tokio and Koko-hama.

PRINCE IS DEAD FROM INJURIES.

Nagasaki, Sept. 4.—The death of Prince Masayoshi Matsukata, former premier and minister of Finance, is reported here. A message to the Nagoya Railway Bureau says that the Prince died from effects of injuries sustained in the earthquake.

Pekin, Sept. 4.—In Tokio alone the dead from the earthquake and fire number 150,000, according to an estimate given the Japanese legation by the Naval Radio.

Nagasaki, Sept. 4.—Prince Shimadzu, formerly of the Great House of Satsuma, is reported to have been killed in disaster. Sev-

eral others of royal blood are also said to have lost their lives or to have been injured.

FOOD SUPPLIES SENT TO SUFFERERS.

Pekin, Sept. 4.—Six U. S. destroyers left the port of Dairen for Yokohama yesterday, carrying a number of doctors and large quantities of food supplies to aid the earthquake victims in the stricken city. The flagship Huron, of the Asiatic fleet, picked up Admiral Anderson at Chefoo and is proceeding to Japan.

The Japanese legation here issued a statement to the effect that the foreign office at Tokio had burned. No other authentic news has been received from the stricken area although it is rumored there are ten thousand deaths in Yokohama.

BODIES ARE PILED HELTER SKELTER.

Osaka, Sept. 4.—A terrible tragedy was enacted in and around the Ueno railway station in Tokio Saturday afternoon. Thousands of refugees, unable to find shelter inside the great station building, were massed in Unop Park while inside, it is estimated, 8,000 were gathered.

An outbreak of fire from a break in a gas main nearly threw the entire mass into a panic, which became worse when the fire attacked the station buildings themselves.

No estimate of the casualties which ensued has been made, but those viewing the place said these were "staggering in number. Bodies are piled helter skelter around the station, men, women and children mingled indiscriminately as they fell and were trampled in the mad rush to escape from the fire."

TIDAL WAVE RACES UP RIVER.

The tidal wave which followed the earthquake raced up the Sumida River, destroyed houses on both sides and drowned many residents of Tokio.

The wave also severely damaged property on the peninsula of Izu and Sagami and neighboring districts.

Many of the noted summer resorts near Tokio suffered heavy damage and some were destroyed.

Though virtually all railroads on the island of Honshu (principal island of Japan), were damaged heavily, the Tokaido line, running from Tokio to Kobe suffered worse. On this line the rails were bent and twisted by the writhings of the earth under the temblor's stresses, bridges were twisted from their foundations, some station buildings caught fire and were burned and some trains, both freight and passenger, were thrown from the rails and wrecked.

Casualties in the region traversed by this road, it is feared, will be heavy.

EARTHQUAKE SHOCKS ARE CONTINUED.

Osaka, Sept. 4.—Earthquake shocks continue at intervals around Kawaguchi, which is on the only railway open out of Tokio.

The shock of yesterday morning, followed by fire, wiped out Kawaguchi. Dowager Princess Yamashina met the same fate at Kamakura.

In Tokio, Ichigaya prison was threatened by fire, and about 1,500 prisoners were freed. They included Toshihiko Saki, the communist leader and other communists.

The fourteenth division at Utsunomiya and thirteenth division at Takata were marching toward Tokio today.

NO SERIOUS DAMAGE TO PALACES

Osaka, Sept. 4.—No serious damage was done to the Imperial palaces by the fire. The Prince Regent removed immediately to the Akasaka Palace when the flames broke out.

Loss of life among foreign residents of the two stricken cities and among tourists is expected to be less than it might have been had the earthquakes come at a different season. Most of them had gone to summer resorts, such as Nikko and Karuzawa. No great damage has been reported from Karuzawa; reports from Nikko are yet indefinite.

Many foreigners also have hastened away to safe places when alarmed by the primary shock of the temblor. Nothing is known here of the fate of the embassies and legations at Tokio, though it is rumored that the British, American and French embassies have been destroyed. Nor is anything definitely known as to the number of casualties at Yokohama.

GROUND SWELLS AT LOS ANGELES

Los Angeles, Sept. 4.—Ground swells 30 feet high, larger than any in the experience of mariners at Los Angeles harbor, struck the southern California coast early today and were believed to have been the result of the earthquake and tidal wave which devastated parts of Japan.

The swells broke completely over the fifty foot breakwater and carried away all loose objects, including a boat tender at the lighthouse and considerable lumber piled along the shore.

Naval observers said no storm of any size had been reported anywhere on the Pacific, and they thought the huge swells was the reaction on this coast from the Tokio catastrophe.

8,000 OPERATORS REPORTED DEAD.

San Francisco, Sept. 4.—A despatch from Nagasaki on Sunday night reporting the destruction of the Fuji spinning mills near Mount Fuji and the death of 8,000 operators, also stated that a number of volcanoes were reported to be active.

If Mount Fuji is among the erupting volcanoes, it is the first time it has exploded since 1707, but throughout its long rest, its deep red hot crater at the summit has afforded an ominous sign that it might be aroused to fury at any moment. There are about 200 volcanoes, fifty of which are more or less active, in the three volcanic ranges in Japan, the Kurile, Fuji and Kirishima.

Casualties and Property
Loss in Recent "Quakes"

New York, Sept. 2.—The casualties and property loss in earthquakes alone since April, 1906, are:

April 18, 1906—San Francisco, Calif., earthquake, followed by fire; 452 killed; 1,500 injured; property damage, \$350,000,000.

Buy Boots With Your Eyes Open

An example of Extra Boot Value appears here; but first let us get down to brass tacks in knowing which is which. This Boot at \$6.75 has no equal at the price. Yet you might find one looking like it for a dollar and a half less. Will you find the exact grade of Black Calf (there are more grades to leather than cloth.) Will you find such a thick oak-tanned outer sole of the back of the hide, 9 to 12 ounce, or a solid leather inner in place of just canvas and leauge, or a outer sole of Black Calf (there are more shapes far better than fibre or flank and shoulder leather?) Will you find really good insoles and genuine leather facings? And the style of today and tomorrow.

In Footwear you get just what you pay for, but at Francis & Vaughan's you get extras that mean longer life at a price unequalled for quality. Footwear whose beauty is more than skin deep, made for our Maritime weather and the shrewd clientele of Francis & Vaughan.

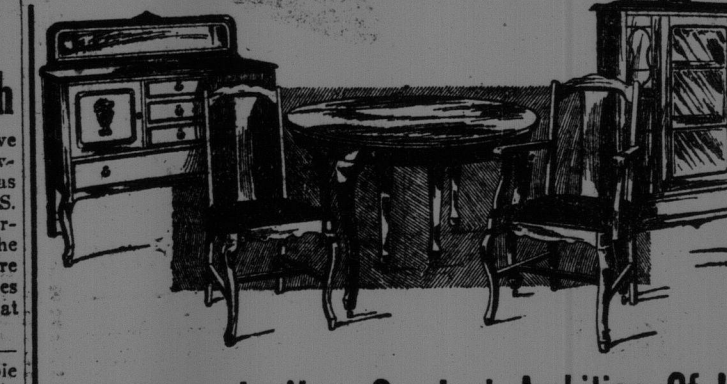

See that \$6.75 Boot with the \$10 points of worth. Find the same on any with our name.

STEEL WHEELS FOR CITY STREET CARS

The rolling stock of the Street Railway is to be thoroughly overhauled and repaired and the cars are to be equipped with rolled steel wheels, according to an announcement given out this morning by the general manager, M. A. Pooler. Robert Harris, master mechanic, who recently arrived here from Toronto to join the staff of the New Brunswick Power Company, is to supervise this work and as soon as the exhibition rush is over will start in making changes to the cars. The steel wheels will be an innovation with us up to the cast iron and will last longer and stand up better.

Frank Jerros, Main street, was arrested this morning by Detective Bidcombe on a warrant charging him with assault on Nick Agar also of Main street.

Entries For Races At Moosepath
Horse racing enthusiasts will have an opportunity of enjoying their favorite sport tomorrow and Thursday, as a good card has been arranged by S. E. Rice for Moosepath Park. On Thursday the big free-for-all and the 2:18 class trot and pace will be held.

RECORD CROWD ATTENDS OPENING OF ST. JOHN'S BIG FALL EXHIBITION

Optimistic Address by Premier Veniot Starts Week of Enjoyment—Many Visitors in City Delighted With Great Show.

St. John's fourth annual fall fair was the Mecca toward which all roads in the Province led yesterday and one of the biggest crowds on record passed through the turnstiles.

The daily newspaper, which is being issued by the Association this year, made a big hit with the crowd and was eagerly sought after.

The threatening weather of yesterday morning no doubt kept some from coming to the city for the day but despite that fact about 20,000 persons passed through the turnstiles.

THE EXHIBITION.

Success is the word. Despite the uncertain and in part unfavorable weather the first day of the Exhibition was marked by an attendance which revealed the universal interest.

It is a good exhibition, the comment one heard many times, and the comment was true. The people were well repaid by the varied and excellent exhibits in all departments.

It may be hoped no visitor will fail to see and study the exhibit of New Brunswick resources. Their variety and value should not only give rise to a stronger faith in the future of New Brunswick, but a feeling of pride in its province so blessed by nature.

The educational features of the Exhibition are of great value. Its lighter ones are enjoyable, and there is the human contact which appeals to the vast majority of people who are young enough to have retained an interest in the appearance and conduct.

WORDS OF CHEER.

Hearty applause greeted Premier Veniot on Saturday evening at the opening of the Exhibition when he declared it to be the duty of citizens of New Brunswick to boost, to boost continually, and not to knock.

DENOUNCES ACTION OF ITALIAN PREMIER

ENGLISH WIG ETIQUETTE KEEPS LAWYERS ON TIPTOE

The etiquette which governs the wearing of the legal wig in England is weird and mysterious, and awful things may happen to the lawyer who disregards this etiquette, for a judge may then refuse to hear him and order him out of court.

RECENT DEATHS

Robert L. Hill.
The death of Robert L. Hill occurred on last Thursday at the home of his nephew, Howard Kelly, River Hebert, in the 90th year of his age. For many years he lived at Milltown, N. B. The funeral was held on Saturday at St. Stephen.

George M. Fairweather.
The death of George M. Fairweather of Sussex occurred on Sunday at his home, Church avenue, after an illness of several months. He was in the 61st year of his age, the eldest son of the late Douglas and Mrs. Fairweather. For many years he made his home at Dorchester, where he conducted a drug store, but for the last fifteen years he had resided in Sussex. He is survived by his wife, one daughter, Mrs. Murray

Gambin of Sussex; and two brothers, Walter S. of Sussex and D. Hallett of Vancouver. He was a member of the Masonic fraternity and held the office of grand chaplain of the Royal Arch. The funeral was held this afternoon to Sussex Corner cemetery.

Fashion's Fairest in Living Model Prom.

The advance of the Autumn Modes passes before you at Daniel's Thursday and Friday with a number of Living Models to portray the new excitements of the World of Fashion.

You will see how each creation will look from every angle just as your friends would view it on yourself. An hour of entertainment and discovery. Four to five o'clock on both Thursday and Friday Afternoons and from eight to nine o'clock Friday Evening.

In Suits you make the acquaintance of Amolaine, a leader of the piled fabrics coming out this season for the first time. In Midnight Blue or Black it appears in a straight line model that needs no trimming to gild its charm. Lined in matching Crepe de Chine. The coat part has long lines and new fastenings, tucks and narrow strappings being the main trim of many. Various fur collars and new wood shades with Grays, Blacks, Navies and Browns.

In Dresses you meet Roshinara Crepe, Crepe Satin, Canton and Crepe de Chine, together with Poiret Twill and Tricotine. Here the surprises are many.

See them all Thursday or Friday Afternoon from four to five, or Friday Evening from eight to nine. The height of the Mode beckons.

BRIGHT COMEDY AT OPERA HOUSE

"Come Out of the Kitchen" Given Clever Presentation by Carrolls.

The Opera House audience of last evening was treated to a very bright and pleasing presentation of a well-

Leading Man

James J. Coote, at Opera House.

written comedy drama of Virginia, when "Come Out of the Kitchen" was excellently staged by the Carroll Players. It is the story of the devotion of the children of the Dangerfield family to the father fighting for life in a far-away hospital, and to the old home clinging through financial depression.

INFANTS DELIGHT TOILET SOAP advertisement with image of soap box.

It requires a struggle to overcome Southern pride, but the cause is worthy and the blue-blooded children of the old home play their menial parts well.

Amusing complications chase each other throughout the action in rapid succession, but there is a dash of pathos to touch that seems proper in light of the seriousness of it all to those who are forced by circumstances to obey where it was their wont to rule.

Miss Edna Preston was very dainty and lovable in the principal part as the pre-arranged bride, and Charles Nelson also in the part of "the boy" Clyde Franklin reproduced well the high chirality of the South in a good piece of acting, and John Gordon was well cast as the poetic lover.

The scenes in the stately old home were well set, particularly those depicting the kitchen and dining-room. Much of the action in one act transpires while four gentlemen enjoy a course dinner as naturally as occurs every day in real life.

Mennen's absorbs dangerous moistures

Specialists, doctors, and nurses attribute many skin disorders to minute quantities of urine or perspiration or water held in contact with the skin.

Moisture, Friction and Infection are three dangerous foes to your baby's health and comfort.

For half a century the Mennen laboratories have studied those foes of skin health and year after year perfected methods of combating them.

Today Mennen Borated Talcum contains a three-fold protection for your baby's skin tissues.

THE IMPERIAL HAS A THRILLING BILL

Romance of Labor and Salutory Lesson in "The Stranger's Banquet."

The varying weather of Labor Day and the unvarying quality of Imperial Theatre's programme packed the big King square theatre yesterday at all show.

Marshall Nelan has again proved himself a master craftsman in his motion picture version of Don Byrne's great novel concerning an American shipyard, "The Stranger's Banquet."

The story is told against a background of shipyards and the romance of building great ships destined to ply the seven seas.

Now that the rush of the holiday is over no doubt city folk will take the opportunity today to see the Imperial's fine show before it closes.

HOUSE AT DRURY COVE IS BURNED

The pretty summer residence of Ronald McAllister of the Gilbert Lane Dye Works, at Drury Cove was raised by fire at 11 o'clock on Saturday night.

The whole community turned out to assist in fighting the flames, but the building burned like matchwood, and soon they had to concentrate their efforts in preventing the fire from spreading into the neighborhood.

Mr. McAllister expressed deep gratitude and thanks to his many friends in Drury Cove who worked so hard to save his home and for their many kindnesses after the fire.

FINE PICTURE AT QUEEN SQUARE

Peerless Bandit of the Screen at His Best in "Lorna Doone."

The most famous "outlaw" of the silver sheet is a thoroughly respectable man who never has worn a black silk handkerchief and who even refuses to hold up street cars, due to his preference for the auto.

Frank Keenan, who plays "Sir Ennor Doone" in Maurice Tourneur's production of "Lorna Doone," is famous for his ability in portraying unusual and artistic types of "beyond-the-law" gentry.

Years ago when Keenan was a star of the legitimate stage, one of his most successful characters was that of a Mexican granger who had turned bandit. This was the role of "Yosemite" in Charles Taylor's play of that name and his success was such that prominent critics hailed him a master of character roles.

Especially fine is his last scene when after he has been left for dead, he gathers all his remaining strength and goes to the rescue of "Lorna" whom he has learned to love as a daughter.

"As he enters the banquet hall where 'John Ridd' is fighting desperately to rescue 'Lorna' from a fate worse than death, the bandits sink away in terror believing that a ghost has appeared. The fine old man stands guarding the doorway until 'John' and 'Lorna' have escaped and then drops to the floor.

"Lorna Doone" will be shown at the Queen Square theatre today and Wednesday.

Fredericton Man, Wife and Son in Auto Disaster—Several Accidents.

A deep gloom was cast over Fredericton, and this city, last evening, when it was learned that the exhibition and the ball games, Charles Bangs, section foreman of the C. P. R. at Fredericton, his wife and six year old son Desmond, were dead, Mrs. R. C. McLean, and her daughter Maizie, seriously injured and R. C. McLean, only slightly injured, when their automobile ran over a bridge one mile beyond Blagden, to be smashed to pieces on the rocks thirty feet below. Mr. Bangs, and his son were instantly killed, Mrs. Bangs dying an hour after the accident, at the camp of J. D. Driscoll.

Mr. and Mrs. McLean, and their daughter were hurried to the General Public Hospital, where the condition of the two ladies was reported to be serious.

Other Accidents.

Little hope was entertained last night for the recovery of Mrs. Philip Plaisted of Havenhill, Mass., who is in the Victoria Public Hospital, Fredericton, as the result of an automobile accident in which an automobile plunged over the Murray Creek bridge, near Fredericton on Sunday night. Mr. Plaisted was at the wheel, and blinded by the glare of an approaching car's lights, lost control. He was plucked underneath the car, but was only slightly injured. The other occupants of the car, Mr. and Mrs. Dubie, also of Havenhill, escaped injury. The car was entirely demolished.

Charles McLean, Frank Dunbar, Howard Dunbar, Horace Pettigrew and W. J. Walker, all of Marysville, met with an automobile accident yesterday morning while enroute to St. John. Near Morne the car slipped in loose gravel causing the rear wheels to skid. The rear tires were snapped off and the car took to the ditch and plunged into a mud bank. Howard Dunbar sustained a cut over the left eye, a badly bruised right shoulder and a severe wound in his head; Frank Dunbar suffered a fractured rib; and Charles McLean received two cuts over the eye and a fractured rib. By permission of Commissioner Thornton an ambulance was sent out and brought the injured to the General Public Hospital.

Owing to very thick fog two cars bound from the city towards the border last night got mixed up at Spruce Lake and ran along the railway tracks for a short distance. They were able to back onto the road again and proceed.

An automobile owned and driven by Isaac Babb of Union street, West Main, went through the railing in King street, West End, on Sunday morning and landed in the mud about twelve feet below the street level. The tide, fortunately, was low at the time and Mr. Babb and his two sons who were with him escaped injury. The car was hauled up with the aid of a block and tackle.

It was said yesterday that a large Oldsmobile touring car had left the road near Sussex on Sunday and plunged into a rocky ledge near Fox Hill. It was said that the car was considerably damaged though the occupants had escaped injury.

On Sunday afternoon a car from Amherst, N. S., enroute to Fredericton, slipped off the road and went into the ditch. Considerable difficulty was experienced in getting the car on the road again.

A large touring car is said to have left the road on Sunday near Westfield. No one was injured and the car later was able to proceed.

FEAR FOR SAFETY OF MISSIONARIES

One St. John Man Among Methodist Clergymen in Japan

Toronto, Sept. 3.—Reports of the Japanese holocaust have placed Methodist circles in the deepest concern, as the entire missionary force of the denomination was concentrated in the mid-Japanese area affected.

Methodist missionaries from Canada in or near the regions affected include the following:

Rev. R. C. Armstrong, of Ottawa, who with his wife and children, was living in Tokio just opposite the arsenal. He is in charge of the central tabernacle.

Rev. Dr. McKenzie, a graduate of Victoria College, living in the same compound as Mr. Armstrong. He was overseas with the 124th Pals Battalion of Toronto.

Rev. Foster Hilliard, of Morrisburg, Ont., stationed at Tokyo.

Captain Rev. A. P. McKenzie, living with his wife and children at Nagoy, which is supposed to have been totally destroyed.

Rev. F. Ainsworth, of Hamilton, Ont., stationed at Toyama.

Rev. W. J. M. Craig and Rev. H. F. Woodworth, of Ontario, stationed at Kobe.

Rev. H. W. Outerbridge, of Nova Scotia, in charge of the Theological Department at Kobe.

Rev. M. M. Whiting, of St. Thomas, stationed at Kobe.

Rev. G. R. Tench, of Manitoba, stationed at Kobe.

Rev. W. J. M. Craig and Rev. H. F. Woodworth, of Ontario, stationed at Kobe.

Rev. H. H. Coates, D.D., of Ontario, stationed at Hamamatsu.

Rev. E. C. Hennigar, of St. John, at Matsumoto.

Rev. A. T. Wilkinson, of Toronto, is also in Japan.

Amongst the female workers in Tokio were Miss L. Hargrave, Miss Annie Allen, Miss E. Campbell, Miss C. Drake and Miss L. Blackmore.

WILL REPORT ON C. B. CONDITIONS

Sydney, Sept. 3.—Canon F. G. Scott, of Quebec, has completed his investigation of the Cape Breton industrial situation, but he still maintains an absolute silence on the conclusions he has reached, following a stay of two weeks here.

He has gone to his home in Quebec and from there will issue a lengthy statement, outlining in detail what he found in Cape Breton's steel plant and coal mines. Canon Scott left here with a great mass of data and information, relative to industrial conditions in Cape Breton.

No one here is in a position to surmise the nature of Canon Scott's report. He has given no one an inkling of his impressions.

PARIS, Sept. 4.—Francis Pallegry was a ragpicker in Perpignan and the father of three children, whom he had brought up to follow his own footsteps and assist him in his work. Life did not hold out much promise for father or children until recently, when the father learned that an unknown cousin had died in Nice leaving a fortune of several million francs, to which Francis was the sole heir.
The ragpicker was incredulous at first, but finally borrowed enough money to travel to Nice to verify the truth of the report.
An attorney in Nice convinced Pallegry that he really possessed wealth, far beyond his wildest dreams, but the shock of his joy was so great that he dropped dead in the attorney's office.

FORMALITY IN BALLROOM
Dancing Teacher Urges Universal System of Etiquette.
New York, Sept. 4.—More formality in the ballroom was urged by William Pitt Rivers of Brooklyn, a delegate to the convention of the American Society of Teachers of Dancing, in session at the Waldorf-Astoria. Mr. Rivers declared that there is a need for a more universal system of etiquette in this country; that the laxing of fixed rules for the ballroom has brought about an informality which is carrying us away from picturesque customs.

SEMI-CONSCIOUS IN THE HOSPITAL

Mrs. McLean's Injuries Not Fully Known—Other Accident Victims.

Mrs. R. C. McLean, one of the victims of last evening's automobile accident at Blagdon, was reported from the General Public Hospital this afternoon to be still semi-conscious.

SEPTEMBER BRIDES

Colwell-Stimpson. This afternoon at three o'clock in the Fairview Methodist church a very pretty wedding took place.

Mr. and Mrs. G. W. Colwell, 48 Exmouth street, were the bride and groom.

The bride, who wore white Canton satin crepe and carried a bouquet of Ophelia roses, was attended by her sister, Miss Ethel Simpson, wearing a gown of yellow tulle.

After the ceremony the bride and groom left for a trip up the St. John river. On their return they will reside at 45 Exmouth street.

Going away the bride looked very becoming in a traveling suit of taupe bolivia.

Mr. and Mrs. Colwell were the recipients of many handsome and useful gifts.

Klaman-Selig. Frederick N. B., Sept. 4.—The wedding of Louis Klaman of Roxbury, Mass., and Miss Rose L. Selig, daughter of Mr. and Mrs. Gordon Selig of St. John, took place this afternoon at the home of the sister of the bride, Mrs. M. L. Block, 482 Charlotte street.

The service was performed by Rev. Rabbi Tarasinsky. A large number of guests were in attendance, many from St. John. The wedding took place in the parlour of the bride's home.

The bride and groom will spend a month at Antuadet Beach where the groom is completing a musical engagement.

Morris L. Selig, of St. John was groomsmen.

EXHIBITION ATTENDANCE YESTERDAY NETTED \$1,000 REVENUE INCREASE

Judging of Live Stock is Commenced—Awards at Dog Show.

While the exact number of people attending the St. John Exhibition yesterday was impossible to calculate on account of the number using strip tickets, it was said today that the attendance was at least up to last year. It is definitely known that the receipts in the vicinity of \$1,000 more than on Labor Day in 1922, but the increased admission price of 50 cents would account for at least part of this gain.

Judging progressed this morning in several of the live stock classes and will be continued this afternoon. Awards were made in only one class at the dog show but the regular programme will be followed this afternoon. There was a fairly good morning attendance today and among those present were the children from some of the city orphanages, who were the guests of the executive.

Dog Show Winners. The largest number of dogs ever hunched in one show in the history of the New Brunswick Kennel Club are being exhibited at the fifteenth annual dog show in connection with the St. John Exhibition.

There are 238 dogs entered, most of the classes being well filled and, according to club officials, the excellence of the classes is even higher than last year which was said to have established a record. M. S. Kirby of Montreal is judging all breeds.

Awards in the Bull Terrier Class were made this morning as follows: Puppy dogs and bitches—1st, Alex. Long's Sam; 2nd, George Day's Duke; 3rd, George Day's Duchess.

MAJOR BURROWS' SON IN JAPAN

St. John Salvation Army Commander Cables for News of Him.

Another St. John family that is deeply interested in the Japanese disaster, in addition to relatives of Rev. and Mrs. E. C. Hennigar, referred to on page one, is that of Major and Mrs. Burrows, officer commanding the Salvation Army here, whose son, Capt. Harold Burrows, is on duty at Tokio. Captain Burrows, after taking a course at the Toronto training school, was sent to Kentville and from there was transferred two years ago to Japan. There is some hope that he may have escaped the disaster, as the last word received was that he had not been well and was going to the mountains for three or four weeks' vacation. Major Burrows has sent a cable of inquiry to Tokio headquarters.

A special exhibit in this department is a case of hand made paper flowers, entered by Miss Ramsay and Miss Brown, both of St. John, and from a very short distance it is impossible to believe that the blooms are anything but the natural variety.

Another noteworthy exhibit is a piece of hand needlework done by a woman patient in the Provincial Hospital, Lunenburg.

The following is a list of the judges who are officiating at the exhibition this year:—

Horse—Adam Schrage, Blackburn, Ont.

Light Horses—Harry Robinson, Toronto, Ont.

Dairy Cattle—Neil Sangster, Ormstown, Ont.

Dual Purpose Cattle—C. F. Bailey, Fredericton, N. B.

Sheep—Prof. Hamilton, Macdonald College, Quebec.

Swine—Peter Brodie, York, P. E. I.

Wool—J. H. Warrington, Cornwall, Ont.

Agricultural Exhibits—J. Moore, Truro.

Horticultural Exhibits—G. H. Vroom, Middleton, N. S.

Flowers—H. E. Gould, Sussex.

Women's Work—Mrs. F. P. Hatt, Fredericton.

Household Arts—Misses Sarah M. Barnett and Retta N. Inch, both of Fredericton.

LATE NEWS FOR BASEBALL FANS

Joe Ford, manager of the Fredericton baseball team, left last evening for Bangor, where he hoped to secure Whitehouse to pitch for his club during the remainder of the championship series with St. Peter.

The G. W. V. A. baseball team returned home this morning from Montreal, where they played two games yesterday. They lost both games, 8-0 and 11-0, but the games were much more evenly contested than the scores indicate. Only local men were played.

The Fredericton team is playing today in St. Stephen. They are also booked to play an exhibition game there tomorrow.

An interesting game of baseball was played at Rothesay yesterday between the home team and their rivals, the Fair Vale team. The former won, 5 to 4. Higgins was on the mound for the Fair Vale team, and Greene for the Rothesay team. The game was enjoyed by a fair-sized gathering of fans.

The final game to decide the championship of the Civic and Civil Service League will be played this evening on the North End Improvement League diamond between the Post Office and Customs. Both teams will have their strongest line-up in action and a good game is sure to result.

BEACONSFIELD FIRE MATTER

There is nothing further yet in connection with the protection for Beaconsfeld it was said this morning. It is understood the councilors for the parish will formulate a proposition which they will submit to Commissioner Thornton, who will in turn bring the matter before the Common Council for their approval or rejection.

BULLDOG SOLE LEATHER

The terrible catastrophe becomes province-wide as the remembrance of various familiar names are brought to mind. In the city at present is Kioke Sen, a Japanese girl, who is the guest of Mr. and Mrs. C. F. Sanford, Orange street. An Anglican missionary, who is a St. John girl, is Miss Loretta Shaw, who has been stationed at Osaka. Roy W. Mitchell, Paddock street, who spent five years in Japan, returning that he did not know of any St. John people in the district affected by the earthquake or, in fact, of any from the Maritime Provinces though there were many Canadians there. He traveled all over Japan though his headquarters were in Yokohama. His London, Rev. A. E. RECORD CROWD ATTENDS OPENING OF ST. JOHN'S BIG FALL EXHIBITION

(Continued from page 3.)
sion had been wide but New Brunswick had come out of it better than any province in the Dominion, because of the energy and industry of its people. From the agricultural standpoint there were some facts that would not have been any selling of pessimism. In 1919 New Brunswick had \$89,000,000 worth of agricultural products. That had been an exceptionally good year and he would take the year when the products were not abundant, the year of 1920-1921. Then the agricultural products were worth \$98,000,000 in New Brunswick, but in Nova Scotia with 100,000 more of population the agricultural products were worth \$10,000,000 more than New Brunswick. The markets that year were disappointing and there had been losses but a comparison of losses showed that New Brunswick suffered less than the other provinces. Nova Scotia lost \$21,000,000, Prince Edward Island \$5,000,000, Quebec \$120,000,000, and New Brunswick \$11,000,000. Farming was the basic industry of the province and farm produce prices had kept the province up in the time of depression, giving to industry a prosperity not found in other provinces.

He was told New Brunswick was not progressing and his advice was to know but there again he believed the actual trade statistics would convey a different opinion. In 1921 the total of New Brunswick's revenue from forest, farm produce, minerals and fisheries amounted to \$108,000,000 while Nova Scotia with its coal mines had a total revenue from these sources of only \$108,000,000 and New Brunswick's forests produced \$88,000,000 or \$2,000,000 more than the coal mines of Nova Scotia.

He was told people were leaving the province constantly. That was true but they were still coming back. In large numbers. The population of New Brunswick increased fifteen per cent from 1900 to 1921 and in the States of Vermont, New Hampshire and Maine the population increased seven and a half per cent. The value of agricultural land in New Brunswick increased four times during that period and in those States it increased only three times. He wished to point out to the young people that they could do better by staying at home than by going across the border as there would be almost no time to earn their living. People did not stand up enough for their own province of New Brunswick and were too prone to believe stories that were circulated to discourage.

Premier Veniot appealed to the newspapers to study the trade statistics and to publish the facts regarding the development of the industries of New Brunswick, so that the rising generation might know the position of the province. He wished to point out of his life were spent in newspaper work, he said.

Great Opportunities.
The natural resources of the province, he said, had only been touched. There were large coal areas which had not been sufficiently opened up. There was magnetic iron ore and vast shale fields. The shale fields were capable of producing 1,000,000 gallons of oil and were waiting for the time when machinery had been manufactured which would make their development profitable. The forest wealth of the province had been diminished by fire and by the bad work of the British Empire Forestry Association had reported that the province of New Brunswick, more than any other, was able to reproduce its forests naturally and in twenty to twenty-five years would have recovered from the loss of the last ten years.

No one could speak of the future of the province, the development of its resources and the expansion of industry without speaking of hydro. He was not going to talk of hydro in St. John, nobody would do that, he believed. In 1920 the government had laid down a hydro policy and was following that policy. If it was in the bounds of possibility to develop Grand Falls the arteries of hydro would be seen extending in all directions throughout the province, and the coming of new industries was assured. The industries would come if they could get cheap power. The engineering authorities on the continent were being consulted and if it was feasible to develop Grand Falls they would be developed and from this development the whole province would benefit. The northern part of the province was seeing a change in the forest wealth policy and was looking to the establishment of pulp mills for which it must secure cheaper power. Hydro at Grand Falls counts go to St. Stephen.

WEAK, RUN DOWN AND AILING
Lydia E. Pinkham's Vegetable Compound Brought Relief When Other Medicines Failed

Port Mann, B. C.—"I took Lydia E. Pinkham's Vegetable Compound because I had headaches and was troubled for two years with sleeplessness. I tried many medicines but nothing did me any real good. While I was living in Washington I was recommended by a stranger to take Lydia E. Pinkham's Vegetable Compound. I am stronger and feel fine since then and am able to do my housework. I am willing for you to use these facts as a testimonial."—Mrs. I. C. GREAVES, Port Mann, B. C.

300 ARE TAKEN OFF WRECKED STEAMER

Dix Island, Me., Sept. 3.—The passengers and crew of the steamer City of Rockland were all brought safely ashore early this morning by the crew of Kennebec Coast Guard station. More than 300 passengers, many of them women and children, were lowered over the side of the wrecked steamer and rowed ashore by the Coast Guardsmen assisted by members of the crew. The vessel, which ran aground yesterday, had two gaping holes in her hull and it was not considered safe to permit them to remain aboard despite the heavy fog and pitch black darkness, which made the work of rescue doubly hazardous.

A GOOD CONTEST IS ANTICIPATED

Young Gradwell Says McIntyre is Hardest Man He Ever Met.

That St. John fans will witness the best boxing bout exhibition ever staged in St. John for some time is certain. Word received from Willie "Young" Gradwell, of Somerville, who is in line to meet Benny Leonard, states that the Somerville boxer is eager to make a reputation in the Maritime Provinces and he has chosen St. John as a starting point.
He says he considers Johnny McIntyre, the former welterweight champion of the Maritime Provinces, the best welterweight fighter in Canada. When the past last net Gradwell received a decision over McIntyre, and he said that McIntyre was the hardest man he ever met.
Boston newspapers state that Benny Leonard said that Gradwell was the "toughest bird" he ever met. This should prove to St. John fans that the exhibition week card is the best that has been put on in St. John.

There is also the second bout between the champion of Winnipeg, and the Gordon Paris, of St. John, the local favorite. Fans who saw Groff give Healey the fight of his life expect him to get a decision over Paris.
On the other hand, Paris has returned from a vacation in Nova Scotia and looks to be in the best of condition. He should put up the best fight of his career. The decision in this bout means much to both fighters. To Groff it means that he may remain in St. John, whereas his plucky fight against Healey won him many friends. To Paris it means he will have a chance to stay with the newcomers, which promoters of clean boxing in this city will bring. The loser of this boxing match will be reduced to the third class, a position which neither of the boxers wish to be given.
With the crowds attending the exhibition, it is expected that the arena will be crowded the evening of the boxing match. The popular mode made of reserving ringside seats will have the support of the boxing fans of this city. It is a service which they have felt they were entitled to.

To Make Hairs Vanish From Face, Neck or Arms

(Beauty Culture)
Keep a little powdered delatone handy and when hairy growths appear make a paste with some of the powder and a little water, then spread over hairy surface. After 2 or 3 minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is unfalling, but could be exercised to be sure and get genuine delatone, otherwise you may be disappointed.

I Never Saw Its Equal, Says Hamilton Nurse

"In all my experience with medicines and caring for the sick I have never come across anything to equal Tanlac," said Mrs. Elizabeth E. Murray, 168 Barnside Ave., Hamilton, Ont. Mrs. Murray has had considerable experience as a nurse, and is widely known and highly esteemed.
"About three years ago my stomach commenced to trouble me and I got so bad I thought my time was getting short. I had severe pains in my stomach and sides and gas caused such a smothering sensation I just had to gasp for breath. I was afraid to eat, knowing the agony I would suffer. I became very nervous and always had to have someone else thread my needle for me. My rest was so broken I seemed that I would never get a good night's sleep. I felt tired and weak and it was an effort to look after my house."
"It was astonishing how Tanlac helped me. My indigestion, which had disappeared entirely, my appetite is wonderful and I now eat my regular meals without any bad effects. My nerves are in perfect condition, I can thread needles at dusk, and I never wake up during the night and I feel so strong and well my housework is more like play. Tanlac has done away with my troubles and I simply can't praise it enough. My husband has also taken Tanlac with excellent results."
"Tanlac is for sale by all good druggists. Accept no substitute. Over 87 million bottles sold."

THREE EACH IN SAINT ROSES MAKE CHAMPIONSHIPS SWEEP AT CHATHAM

St. Peter's and Fredericton are still tied for the championship of the Two-I League as a result of an even break in the series over the week-end. On Saturday two games were played, Fredericton winning the afternoon fixture 9 to 3 and St. Peter's the evening game 8 to 1. Yesterday two more games were played, the morning game being won by Fredericton 9 to 4 and the afternoon game by St. Peter's 8 to 0. As a result each team has three wins and three losses in their nine game series.
In the first game on Saturday the Capital boys put the game on ice in the first inning when they netted four runs. They secured one run in the third and four more in the eighth. In the evening contest only seven innings were played as a result of an agreement between the teams. St. Peter's played better ball in this game and won.
Yesterday morning the home team was away off form and the game was one of the poorest of the series. In the afternoon, however, they were in real championship form and played gilt edged ball behind Ralph Peterson, one of the best games of the season. He held the heavy hitting Fredericton players to two hits and struck out five. On the other hand St. Peter's took kindly to Noonan's offerings and netted ten hits. At both games yesterday the attendance was large, particularly in the afternoon. A cold wind swept through the stands, but this was unheeded and interest in the play was manifested throughout.
A large number of the other hockey teams present and they helped to keep things lively. The attendance in the afternoon was about 3,000. The next game in the series will be played on Thursday in Fredericton.

SPARKLING EYES FOLLOW GOOD HEALTH

"Toronto, Ont.—From the time of my earliest childhood I had always heard my mother speak in highest praise of Dr. Pierce's Favorite Prescription for women's ailments, so it is not at all strange that after I married and had backaches, nervous spells and other distresses that I should remember what my mother had always said, or this Prescription and I found it relieved me of my aches, pains and nervousness. It gave me renewed health and strength and so greatly benefited me that I have no hesitancy in saying that Dr. Pierce's Favorite Prescription is absolutely perfect as a tonic and nerve for women who are ailing or who are weak."—Mrs. Rose Craig, 257 Sackville St.

My Debt of Gratitude, "Ulcers the Size of Man's Hand"

Dear portrait is of Mr. G. M. THOMPSON, 418, Millard Ave., Toronto, Ont. He writes: "In July last I happened to get a scratch on my leg. It was so slight I took no notice of it till a fortnight elapsed, when I found I could not go to work. It gradually grew worse, when it turned septic, from this period it got from bad to worse till at length the sores turned into ulcers. I had at that particular time ulcers the size of a man's hand covering my leg. After I had tried nearly everything I read about your Clark's Blood Mixture and decided to take it; it was then in the month of October, and after the second bottle, I found relief. I continued until the seventh bottle when I found myself completely rid of the trouble. You can make use of this statement and I will be only too pleased to answer any enquiries because it's to nothing else but Clark's Blood Mixture that I owe my debt of gratitude."

Costello Beats Gillmore. Philadelphia, Sept. 3—Paul Costello, of the Pennsylvania Athletic Club, Philadelphia, former national senior singles sculling champion, defeated W.

E. Garret Gillmore, Philadelphia, by one length here today in the senior championship single races, feature event of the 32nd annual middle states association regatta. The race was rowed over a mile straightaway course on the Schuylkill River and Costello's time was 6 minutes 21.3-5 seconds. Russell Codman, Boston, finished third. Seven contestants entered this event. For the first half mile all the oarsmen were close together.

Power Boat Cruise. The second annual Labor Day cruise of the St. John Power Boat Club proved a complete success. The cruise left Indiantown at 8 o'clock Saturday afternoon, had supper at Oak Point and reached Jenkins' Cove, in the Belvidere, by dusk. Five yachts of the R. K. Y. C. joined the cruise there. On Sunday night the residents invited the members to a bonfire sing-song and an enjoyable evening was spent. The cruise left there about 9.30 o'clock yesterday morning, towing the yachts as far as Oak Point. They arrived home early last evening.

White Shoes are popular

Every year sees more and more white canvas and white buckskin shoes being worn. Where one time these shoes were worn only for tennis and other outdoor games they are now being worn during business hours both by men and women. It is because they are so wonderfully comfortable and economical that they are so popular. If there is one kind of shoe which must be kept spotlessly clean at all times, it is a white shoe. Clean them with WHITE-O. No matter how dirty they are WHITE-O will make them snow-white. Remember the name. WHITE-O.

SAYS CONVENTION WELL WORTH WHILE

Commissioner Frink Tells of Municipalities Meeting at Shawinigan Falls.

Commissioner Frink, who returned yesterday from the convention of the Union of Canadian Municipalities at Shawinigan Falls, Que., said the meeting had been very successful and very much worth while. The papers were all of a very high order, and it was a good thing to get the viewpoint of the man from some other part of the country. Representatives were present from all parts of the Dominion, and seemed to be there to learn.

The commissioner said the reception accorded by the people was all that could be desired, and the Mayor, Dr. Dufresne, was a human dynamo for energy. One of the entertainments provided was a banquet at the Cascade Inn, and this was most enjoyable. It started in at nine p. m. and did not break up until two a. m. The view from the Inn was remarkable, one of the special features being a large illuminated sign on the top of a mountain about a mile and a half away, from which the French for welcome was blazoned forth.

Another treat given the visitors was the opening of two of the gates in the big dam and giving them some idea of the falls at they were before being harnessed to supply power for the district. Twenty years ago where the town and numerous industries stand was a forest, and today a development of 247,000 horse power was accomplished, and development under way on the St. Maurice river would give them more than 600,000 horse power.

The opening address at the convention was given by Hon. J. A. Taschereau, Premier of Quebec, who stressed the importance of a thorough yearly audit of municipal accounts, through the lack of which many municipalities had suffered loss. He stressed the need of a universal system of bookkeeping, to be approved by the Provincial Government, and pointed out that the use of many systems by municipalities was bound to lead to confusion and to charges of irregularity, even where no irregularity existed. He also roundly condemned the practice of guaranteeing the securities of corporations, in whole or in part, as a bad one, from which many Quebec municipalities had suffered.

Papers were also read by Gordon Grant, on Canadian Highways; H. Orlin, on City Manager Government; J. H. Valliquette, on Municipal Finance; Andrew F. MacCallum, on Municipal Engineering; Oscar Morin, on Municipal Hygiene; and Prof. Alexander B. I. Moore of McGill, on The Narcotic Menace.

One feature of the convention that struck the commissioner was that while many of the speakers were French they made their addresses in English, and he was particularly impressed by the Premier, who spoke for nearly an hour in English without a note before him.

The police were notified, and were successful in locating the ladies' property and a re-exchange effected.

BURIED TODAY.

The funeral of William M. Armstrong took place from his late residence, 127 Paradise Row, this afternoon at St. Paul's Valley Church, where services were conducted by Rev. Mr. Millidge. Interment was in Cedar Hill.

The funeral of James Moody took place from the residence of his brother, William Moody, 23 Carleton street, this afternoon, following services conducted by the Rev. Mr. Legate. Interment was in Fernhill.

HELP THE CHILDREN.

It is matter of congratulation to the Children's Aid Society that they have so many friends who are willing at all times to support them in their fight among the unfortunate children of the community. Among these friends none are so warm hearted as the little girls who frequently hold bazaars at which they realize good sums of money. On last Saturday four of these called at the home in Garden street and left \$5.26 which they had raised by a bazaar in Erin street. They are Mary, Dora and Edith Saunders, and Elvina Coffey.

FERRY FIGURES.

A net increase of \$20.44 was reported in the receipts from the ferry for August, 1923, as compared with 1922. There was a falling off in the number of teams, but this is accounted for by the repair work being carried on at the Rodney wharf. The figures for the two months are: Passengers, 1922, \$1,764.27; 1923, \$1,860.70; increase in revenue, \$96.43; increase in number of passengers carried, 5,835; teams, 1922, \$782.08; 1923, \$704.99; decrease in number of teams, 1,022; decrease in revenue, \$76.09; net increase in revenue, \$20.44.

PART OF BUILDINGS WERE LEFT IN DARK

Some of Hydro Lights Out Saturday Night—Pr. Edward Also.

The failure of a secondary transformer outside the grounds, caused one of the hydro lighting circuits at the Exhibition grounds to go out of commission on Saturday evening, throwing into darkness that portion of the grounds and buildings on the Sydney street side. Repairs were made on Sunday and Monday and last evening the lighting system was again back to normal.

The illumination of the big show is divided into three parts, each served by a separate circuit and separate transformer, so that the failure of the Sydney street section did not affect the other portions of the grounds. The opening ceremony, which took place in the large amusement hall was not affected by the accident.

Barry Wilson, engineer of the Civic Power Commission, today said that the failure of the transformer was due to an overload on the circuit served by it. He said that the load this week was about 400 kilowatts as compared with 225 last year.

Street Lights.

A slight defect in the time switch, which is supposed to throw the lights on automatically, caused the Prince Edward street circuit to fail to function also on Saturday evening. The trouble was located on Sunday and that evening the circuit was burning normally again. Mr. Wilson said that there had been more or less trouble with this time switch ever since it was installed.

6 to 10 lbs. More Milk Per Day

Gained by clipping cows, and the milk stays sweet longer because it is cleaner.

Clipped cows require less feed and they put on weight easily. They are not bothered by lice or vermin which everybody knows keeps cows poor. Long hair invites vermin.

REVERSIBLE ALL-WOOL RUGS

The display we are making in our King Street window will only give a faint idea of the immense variety of carpet squares and rugs we carry in stock, but they in themselves are well worthy of your attention. They are very heavily woven of all wool after famous Oriental designs and are so varied as regards color and shading as to provide the correct color effect for any room. They are reversible and will wear almost indefinitely, but the big surprise is the price which ranges upwards from \$ 8.10, according to size.

You may always enter or leave by King Street entrance, No. 84.

Summer Services At Fair Vale End

The summer closing exercises of the Sunday school and church at Fair Vale were held on Sunday. The church closing was held in the afternoon. The preacher was Rev. A. L. Fleming of St. John's (Stone) church. Special music was rendered by DeWitt Cairns, Miss Brennan, Miss Heveon, Mrs. Bell and Mr. Bambury.

In making the announcements W. H. White expressed the thanks of the committee to the ministers who had come to preach and to the singers who had given so willingly of their services, to the men who had loaned their automobiles to convey the speakers and singers to and from the city and to T. C. Cochrane, musical director.

The Sunday school closing was conducted by the superintendent, J. Murphy. During the summer the average attendance had been 100 and twenty-eight had the honor of having been present at every session of the school, it was reported by the secretary, A. A. Niles.

NIECE LIVES HERE

Miss Bridget Driscoll, of Fredericton, died on Sunday night at the age of 78 years. Mrs. Thomas E. Driscoll of St. John is a niece. Nephews and nieces surviving in Fredericton are Samuel J. Boyle, Vincent Boyle, Charles Boyle, Miss Annie Boyle and Mrs. Mary Minnehan.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "did I see you eating a hot dog on the Exhibition grounds last evening?"

"I eat two," said Hiram. "Did you hear that feller's song?"

"I went back every little spell just to listen to him. Say—he could sell toadstools an' make you want another helpin'." I guess he must be from Noo York."

"What were your impressions of the Fair?" queried the reporter.

"Great," said Hiram. "I got a blanket, two dolls, a piece o' silverware an' a box of chocolates."

"Were you impressed by the various exhibits?" asked the reporter.

"Never seen sich a crowd afore," said Hiram. "An' some of 'em wasn't bad exhibits, nuther—but some of 'em hed too much powder on fer my taste."

"Taste?" said the reporter. "Hiram—was Mrs. Hornbeam there?"

"Oh, she was over in the women's place lookin' at the hand-work," said Hiram. "I hed a great time."

"I suppose," said the reporter, "you spent much of your time with the live stock?"

"Yes, sir," said Hiram—"I did. An' three or four of 'em made me promise 'd be there agin this afternoon."

"You are spoofing me," said the reporter.

"Well," said Hiram, "you come along down with me this afternoon an' see for yourself. 'In the most popular man at the Exhibition—By Hiram."
