Germans Press Ahead A Little East of Amiens

Artillery Shot Pours Into Enemy Concentrated Near Albert; Large Bodies of Hun Troops Hurlled Against our Positions Between Luce and the Somme; French Make Gains

London, April 5.—The British have been pressed back a short distance on the front east of Amiens to positions east of Villers-Bretonneux. The war office announces. Germans concentrated troops early this morning near Albert. British artillery took them under its fire. In the neighborhood of Bucoy and in the Scarpe Valley there was active artillery fighting during the night.

The Germans hurled large bodies of troops against the British between the Luce and Somme rivers, making repeated assaults. For the most part the enemy was thrown back with losses.

ATTACK THIS MORNING

London, April 5.—The Germans this morning attacked the British forces on a wide front from Dernancourt, a few miles south of Albert, to Moyenneville, north of the Somme, according to a statement published by the Evening Standard. The chief points of attack, the newspaper says, were Dernancourt, Menin, Beaumont-Hamel, Brieguy and Molenville.

The Germans were repulsed with heavy losses except at Dernancourt, where they made a slight gain. There has been no attack south of the Somme so far today.

FRENCH HOLD FIRMLY

Paris, April 5.—German forces continued their attacks during the night, says the official statement issued today by the war office. Despite the superiority of the German effectives, which, the statement says, were spent recklessly, the Germans were unable to reach their objective, which was the railway from Amiens to Clermont.

The French regiments by their resistance and counter-attacks, maintained the line in its entirety.

The French troops conquered the greater part of Epinette Wood, north of the town of Orrillers-Sorel. All German efforts to dislodge the French were in vain.

The French also captured St. Aignan Farm, southeast of Grivesnes, and held it against all assaults. In the north the French withdrew their positions to the west of Castel. They threw back the Germans from Arriere-Cour Wood, west of Mailly-Rameval.

WITH THE CANADIANS

Shells Again Poured Into Enemy Positions—German Fire Directed Against Vimy

Canadian Headquarters in France, via London, April 4.—(W. A. Willison, Special Correspondent of the Canadian Press)—For forty minutes last night our light and heavy guns poured shells into the enemy front communication lines.

The enemy front communication lines have been cut out by our patrols, with repeated clashes with hostile parties. The hostile artillery activity has been slightly above normal, with their fire directed particularly against our positions on the ridge and before Lievin, where the enemy carried out a ten minute concentrated gas shell bombardment yesterday afternoon. The deadly effects of our own gas projector bombardments of last week and a fortnight ago are confirmed by captured prisoners.

Throughout the force there is enthusiastic appreciation of the splendid work of the Canadian motor machine gunners, cavalry and other detachments who have done so gallantly in the great battles of the south.

ANOTHER CRISIS IN DUAL MONARCHY

Food Situation Has Reached Unbearable Point

Can Austria Hold Out For New Harvest—Belief That Negotiations Have Been Opened Between President Wilson and Czernin

Geneva, April 5.—Reports which find wide credence here indicate that Austria-Hungary is on the eve of another of those grave internal crises which in recent months have successively weakened the Dual Monarchy. The food situation as depicted by the Arbeiter Zeitung and as represented by neutral witnesses, has now reached an unbearable point. In spite of commencing foodstuffs from odd corners of occupied territories, no real relief is possible until the next harvest. Well informed circles are asking "Can Austria survive the four months?"

Zurich, April 5.—Austrian parliamentary circles believe that negotiations have been opened between President Wilson and Count Czernin, the Austro-Hungarian foreign minister, and already have reached further than Count Czernin's statement shows.

Turns the Story Round

London, April 5.—The Neue Freie Presse of Vienna reverses the Clemenceau story told by Count Czernin. It says that before the offensive on the western front Premier Lloyd George and President Wilson favored discussing peace terms, but Premier Clemenceau vetoed the suggestion. The paper adds: "It is impossible to confirm this report absolutely, but there is considerable truth in it."

GERMAN SHELL KILLED SWISS COUNSELLOR IN CHURCH IN PARIS

Amsterdam, April 4.—A Berlin official statement today says that the bombardment of Paris was suspended on Wednesday because of the funeral of the Swiss councillor of the Swiss legation in Paris.

M. Strobelin was one of the worshippers killed in a Paris church struck by a shell from the German long range gun on Good Friday. Germany has already expressed regret for the death of M. Strobelin.

If there was a suspension of the German bombardment because of the councillor's funeral it was not one which included all day Wednesday, as Paris despatches reported the resumption of the bombardment on Wednesday morning.

THE MEN WHO SING AS THEY GO TO FIGHT

London, April 4.—(Montreal Gazette Cable)—A corporal in hospital here says: "When the Germans had come out towards our line their first wave was led by an officer on horseback. He was a brave man to expose himself in this way to give confidence to his men. He did not live long. We had splendid targets to shoot at. We got bags of 'em. Couldn't miss 'em, they came on so thick, in droves. They were like a flock of sheep, so thickly massed that every bullet we fired found its mark. We should have heard us singing when we went together on the march. We forgot all our troubles for a spell. It was one of the best things I saw. We were one they liked, but the good old contemptible song was there, that old song 'Tipperary' is one that reminds the Germans, may be, of the men who barred the way to Calais. Our officers sang as well, though we felt down at times for our colonel was killed."

NOW GETTING NO EGGS AT ALL

Montreal Objected to Ancient Ones Hard Boiled in Boarding House

Montreal, April 5.—Because his eggs were boiled too long and were "ancient" as well, Joseph Guivin struck his boarding house keeper, Charles Lepine, over the head with a carving knife and threw him down stairs. He was convicted of assault, and pending sentence is boarding at the city jail, where they do not serve eggs, soft or hard boiled.

GERMAN D.B.T. 30 TIMES GREATER AT END OF WAR

Amsterdam, April 5.—Germany's debt after the war will be thirty times what it was at the beginning, says the German newspaper, the Vossische Zeitung, in a lecture recently in Berlin in the campaign for the eighth German war loan. He said that at the end of the war Germany probably will be faced with a debt of 150,000,000,000 marks.

LOSS OF CUNARDER VALERIA RE-REPORTED

New York, April 5.—The Cunard Line steamship Valeria, 5,865 tons gross, has been sunk in the Irish Sea, according to word received here. She left here on March 4 with cargo for a British port. At the office of the Cunard line it was said instructions had been received recently that reports of the loss of steamers of the line must not be confirmed or denied.

DIPLMACY'S BACK SEAT. HINDENBURG IN THE SADDLE.

Conscience, wasn't Richard's himself again. Hark! The shrill trumpet sounds; to horse, away!

German Fleet To Come Out? London Believes it Likely and Welcomes Opportunity to Fight

London, April 5.—There is a growing feeling among naval men that the German high sea fleet will come out for action should military developments on the western front in the near future turn further in the German's favor.

Nothing could better please the British fleet than this long-awaited opportunity. It is estimated that some of Germany's capital ships were in the fleet which recently was reported crossing off the upper Dutch coast, but the Germans were not then looking for trouble.

HUN HAS GAINED NORWAY GREAT LOSS

So Far 745 Vessels Gone and 53 Others Missing—Lives Far More Than 1,000

London, April 5.—Norway has lost during March through war causes nine hundred vessels with an aggregate tonnage of 84,994. Norwegian sailors to the number of forty-four lost their lives and twenty others are missing.

Norway's losses since the beginning of the war amount to 745 vessels with an aggregate tonnage of 1,104,515, valued at \$280,000,000. In addition fifty-three vessels are missing, two-thirds of which are set down as war losses.

Norwegian seamen to the number of 986 have lost their lives while on the fifty-three missing vessels there were 700 men.

SAFETY OF RUSSIAN FLEET AT HELSINGFORS THREATENED

A Further Emphasis to Lesson That German Word is Not to Be Trusted

Petrograd, April 4.—(By the Associated Press).—Two German warships and several torpedo boats have landed troops in Finland and occupied the town of Eknes, south of Helsingfors. Several Russian warships, including four submarines, were powerless to prevent the entry of the Germans into the harbor of Hango, and the sailors sank three of the ships in the harbor to prevent their capture.

The commander of the Baltic fleet has sent a communication to the Germans concerning the German aims and protesting against the entry of German warships as a violation of the Brest-Litovsk peace treaty, which guaranteed the security of the Russian fleet.

The arrival of the German fleet off the Finnish coast threatens the safety of the Russian fleet at Helsingfors, which, for lack of an ice-breaker, has been unable to reach the naval base at Kronstadt. The fleet includes two armored ships, a division of torpedo boats and submarines.

APPROVES SENDING DRAFTEES OVERSEAS UNTRAINED

Ottawa, April 5.—The militia department today made public the following cable from Sir Edward Kemp: Referring to men enlisted under the Military Service Act, General Turner advises me that the despatching of these men from Canada so soon as they are enlisted, without training, was advantageous; that training staffs in various areas are unanimous in the opinion that this policy has been instrumental in securing excellent results as regards training. The men throughout are an excellent type, easy to handle, have nothing to learn, and are exceptionally keen in their work.

Not Fitted For Service In Army

THE CLASS B MEN 46 Quebec Prisoners Released; Prosecution of Eleven BELIEVE TROUBLE ENDED

It is said that all category "B" men who may be called to the colors during the present month will not find themselves enrolled for overseas service. Category "B" men are commonly referred to as those who are fit for overseas, but not for the fighting units. Some from this category are to be used for home duties, such as the special service company and guard duty. The present intention is to call out all men of this category, who have them pass through the regular channels which weed out the unexamined, and then have all those who are refused exemption placed with the depot battalion. When placed in the depot they will be regarded as a stock upon which to draw men for the various services as required.

It is estimated that a small percentage of category "A" men will be found among those now listed in "B" as the regulation is that once a man is attached to any service lower than "A" he must submit to a monthly medical examination, and at any time he is found to have improved sufficiently to be moved up into "A" he must make the transfer.

As recent returns from the militia department show that there are a large number of infantrymen not available for drafts owing to the nature of their employment in Canada, an order has been issued from the militia department that steps be taken at once to have every category "A" man in the country, now in uniform, including non-commissioned officers, released for drafts in order that they may be available for overseas. This to apply regardless of the nature of the man's employment.

Further instructions from Ottawa are that, owing to the urgent call for men overseas, drafts from units which have cases of measles or mumps must not be held in Canada under quarantine, the only men to be left behind being those men who are actually ill.

MURDERER HANGED

Romeo Boldue Killed Man Who Was Demonstrating Automobile For Him

Sorel, Que., April 5.—Romeo Boldue, slayer of Antoine Bourdon, an automobile dealer of Longueuil, was hanged in the jail yard here this morning.

Boldue ascended the gallows at 5.59 and at 8.15 was pronounced dead. Executioner Ellis was in charge. Sheriff Lariviere and Rev. Father Lafontaine were among the witnesses.

Boldue had negotiated with Bourdon for the purchase of a car, and while the latter was demonstrating the automobile on August 29 last, he was set upon by Boldue and murdered, his body being left by the side of the road.

MILITARY AUTHORITIES ARE GENUINED BY JURY

Case of Private Gillies of Toronto Who Died of Pleuro-pneumonia

Toronto, April 5.—A verdict censuring the military authorities for the manner in which they moved Private Robert Clarence Gillies from his home to a hospital at Exhibition Camp was returned by Coroner Bateman's jury last night. In addition to finding that Private Gillies died from pleuro-pneumonia, the jury found that there was neglect of duty in having Gillies removed from his home to Exhibition Camp without first consulting the family physician. Steer also censured the military authorities for the delay in responding to a telephone message requesting that a military doctor attend him, his home before sending the ambulance for his removal.

DULL IN WALL STREET

New York, April 5.—Renewal of the German offensive on the western front created only moderate unsettlement of prices at the opening of today's stock market. Investment rails reacted mainly and other standard industrials, but some of the more speculative shares forfeited a full point. Declines were effected on the very light offerings, the market falling into its recent apathetic state before the end of the first half hour. Liberty bonds were irregular.

Barely 50,000 shares were traded in by 11 o'clock and the second hour's business was on the same insignificant scale. Prices displayed greater irregularity, rails and shippings reacting with the general list, although Marine preferred made prompt recovery. Popular war issues and General Motors and Sunbeam tobacco yielded two points each. Petroleum and Telegraph shares were scarcely affected by the proposed federal investigation of these properties.

MONTREAL ACTOR SHOT; GIRL SAVES ACCIDENT

Montreal, April 5.—With a bullet in his left breast, about an inch from the heart, Rene Charlebois, thirty years of age, an actor, was taken to the General Hospital yesterday from his boarding house in St. Denis street. His condition is not regarded as serious. Mary Stremlow, a young woman who resided in the same house, admits that she shot Charlebois, but says the shooting was accidental.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"THE KAISER"—"BEAST OF BERLIN"

Pictorial Arrangement of World's Arch-Enemy Monday

A Sensational Yet Truthful and Powerful Presentation of The Man Who Brought on The Awful War

Rupert Julian, long identified with Bluebird and Universal productions, made his bow as an independent feature producer at the Broadway theater Saturday evening, March 9, where his seven-reel production, "The Kaiser, the Beast of Berlin," opened for an indefinite run.

Julian, himself, enacts the title role of "The Kaiser." With features that lend themselves readily to a facial resemblance to the German war lord his screen appearance is uncanny in its fidelity to the published portraits of the Prussian ruler.

Not content with merely physically resembling the central character of his production the player-director closely studied the various memoirs that have been written by people formerly of the Imperial Court. These furnished him with the mannerisms and habits for which the Kaiser is peculiar, and so enabled the producer to lend an additional air of realism to the production.

Practically every important character in the German Court is represented in "The Kaiser." Bethman-Hollweg, Admiral Von Tirpitz, Von Hindenburg, Admiral Von Plessen, General Falkenhayn, General Von Bessler, General Von Der Goltz, and others. Famous characters embraced under the Allied battle flags who are seen include President Wilson, Ambassador Gerard, General Pershing, General Allenby, General Diaz, and King Albert of Belgium.

A notable cast enacts the important roles. Among the more prominent players who appear are Allen Sears, Nigel De Bruller, Lon Chaney, Mark Fenton, Harry Carter, W. H. Reinhardt, Harry Von Meter, Walter Belasco, Wadsworth Harris, Winter Hall, Elmo Lincoln, Robert Gordon, Joseph Girard, Alfred Allen, Harry Hicklin, George W. C. Platt, Gifford, Betty Carpenter, Ruby Lafayette, Gretchen Lederer, and Zoe Rice—Motion Picture World.

HUNDREDS OF DOZENS OF EGGS DESTROYED HERE

While the cry for conservation of food and for greater production is being promulgated throughout the civilized world, wholesale waste goes on.

A glaring instance was brought to light this morning when a Times' representative had occasion to visit the south end. While watching a city employe operating the incinerator at the foot of Broad street, he was surprised to see a barrel containing liquid eggs and a large quantity of shells. Upon enquiry he learned that it was by no means unusual for barrels of rotten eggs to be brought there to be burnt.

The man in charge said that as many as five barrels and five cases have been brought to him one time. He estimated that each barrel contained at least 200 dozen eggs and the cases thirty-four dozen, making in all, 2,870 eggs. He said that an many as fifty barrels and some cases have been brought to him during the winter to be burnt. This would roughly aggregate 120,000 eggs.

If you have not seen our spring shoes, Sir, you've not seen the finest shoes in town. Not high, either, at \$5.85, \$6 to \$9.—Wizel's Cash Store, 248-247 Union street.

Begin the spring by saving the greens given away by Louis Green, 89 Charlotte street. For them you may take with stealing wool from the warehouse of the Colonial Hide Company. His Honor concurred in the view expressed on behalf of the crown that where stolen goods were found in the possession of the defendants, it was sufficient proof, and the onus then rested upon the defendants to prove satisfactorily how the goods came into their possession. He said it was not necessary for the crown to produce the mysterious John McLean, as had been suggested by the defence, and concluded by explaining to the jurors that the defendants should have the benefit of any reasonable doubt in the matter. The jury retired a little after eleven o'clock, and when the court adjourned for lunch at one o'clock had not then arrived at a verdict.

After being out since eleven o'clock the jury in the wool case returned at ten minutes to two with a verdict of not guilty in the case of Hayes, senior and junior. In the case of John Hayes, they stood out for acquittal, three for conviction, in the Stanley Harlin and Carl Kelly cases, ten for acquittal, four for conviction in the case of George Drew. Hayes senior and junior were discharged, and in the other cases there was remaining pending decision of the crown as to new trials. J. A. Barry was counsel for Harry Hayes senior and junior, and John Hayes; K. J. Henneberry for Harlin and Kelly; U. J. Sweeney for Drew. Wm. Ryan was for the attorney-general.

HARRY HAYES AND JUNIOR ACQUITTED; DISAGREEMENT AS TO THE FOUR OTHERS

His Honor Judge Barry addressed the jury at length this morning in the case of the King vs. Hayes et al, charged with stealing wool from the warehouse of the Colonial Hide Company. His Honor concurred in the view expressed on behalf of the crown that where stolen goods were found in the possession of the defendants, it was sufficient proof, and the onus then rested upon the defendants to prove satisfactorily how the goods came into their possession. He said it was not necessary for the crown to produce the mysterious John McLean, as had been suggested by the defence, and concluded by explaining to the jurors that the defendants should have the benefit of any reasonable doubt in the matter. The jury retired a little after eleven o'clock, and when the court adjourned for lunch at one o'clock had not then arrived at a verdict.

Thirty Feet Depth From Montreal To Sea—The Pilot—Vote for Dependents of Those Lost With Simcoe

Ottawa, April 4.—The sum of \$478,000 was voted to provide for dredging and maintenance of the River St. Lawrence ship channel. Hon. Mr. Ballantyne said it was the intention to operate only six dredges this year, as the department was curtailing expenses. He said that the St. Lawrence channel was now safe, thirty feet of water being provided from Montreal to the sea.

The minister said he would give consideration to a suggestion by Lucien Cannon that pilots with a knowledge of French should be sent to Halifax. If there were no French-Canadian pilots there some should be sent.

The amount of \$61,000 was voted to pay compassionate allowances to the widows, fathers and mothers or dependents of the crew of the steamer Simcoe, who lost their lives when that vessel foundered in the Gulf of St. Lawrence last December.

**Groom's Great Feat.**  
One day last spring Pitcher Bob Groom was called on to relieve Eddie Plank in the eighth inning against Chicago. He went in without a chance to warm up, and although he did not allow a hit in his two innings he was rather wild, passing three men. But he prevented any scoring in the second game. The fans protested when they saw no one warming up, and kicked because Bob did not work out a little more. But when Bob shut the White Sox out without a hit, their protests were turned to cheers. He passed three more batters, but went the nine innings of that game and the last two of the first without permitting a hit.

**Injury Ends His Career.**  
Ottawa, April 2.—With his left arm in bad shape from a bullet wound, Milton Skuce, one of the best-known aquatic athletes the capital has produced, came home from the front last night after seventeen months' hard service. Struck for the war canoe of the Britannia Boating Club for years and member of the senior fours when they captured the championship of all Canada, it isn't likely that Milton will again be able to show his prowess at the paddle.

In the taking of Passchendaele, Ridge, a lance-corporal with the famous 2nd Battalion, he did something particularly heroic, for they gave him the Military Medal afterwards, but he was badly wounded. A bullet fractured his left arm in seven places, and that was the last he saw of the front.

"Leonard has been doing such good work that he deserves a little reward," said Captain Glick.

Leonard gave up at least \$60,000 when he cut out all boxing bouts for the past three months and buckled down to his work as boxing instructor at Upton. But he did it cheerfully. He left the camp when he had been there only a short time and went on a Western trip to take on several bouts, but that was before he realized the importance of the work he had undertaken and the necessity of giving all his time to it. During the past three months he has worked from day-light to dark, and has spent many of his evenings either giving boxing exhibitions for the soldiers or refereeing their bouts.

**Where Will You Buy Your Shoes This Spring?**

During these times when Leather is so high the problem of being sure of Shoe Quality is a real one!

We Have Always Maintained that the character of the store is one of the most important things to be considered in shoe buying. It's more so today. The size of a store, its resources, its buying power, its record for progressiveness, for square dealing and for value giving—these things are more important now than ever before.

For In These Critical Times when there is not enough good shoe leather to supply the demand, it's only the big and financially sound organization, with big, spot-cash buying power, progressive enough and courageous enough to buy far in advance of immediate needs, that can go into the market and obtain dependable footwear in any quantity worth mentioning.

Since we are far and away the largest spot-cash buyers of good shoes in Eastern Canada, we have fared better than most stores in obtaining footwear for this spring, and we open the season today with our usual large stock and wide variety of the best made and most dependable shoes the market affords.

**REPORT OF CHIEF INSPECTOR WILSON**

First Six Months Under Prohibition Act

Reduction of Drunkenness, as Seen From Court Records and General Observation—Two Amendments to the Act Proposed

The report of Rev. W. D. Wilson, chief inspector for New Brunswick under the intoxicating liquor act of 1916, is to hand, covering the period up to Oct. 31, 1917. Two licenses were convicted under the act and one of them forfeited his license. The other appealed and the case had not come up at time of reporting. Prosecutions numbered 206, resulting in 179 convictions and twenty-six dismissals. In four other cases where prosecutions were begun a deposit was forfeited. The supreme court upheld the magistrates in three cases appealed by defendants.

The chief inspector says the act was a success in operation since the very first, because the efficiency of the law, the general and hearty support of the people and the zeal and energy of the inspectors. Some of the latter, he says, have had manifold hardships and considerable abuse, one was roughly handled and his life threatened, another was violently treated and was saved only by the intervention of friends. Another was arrested and tried and another was attacked and seriously hurt.

The earnest and hearty co-operation of the magistrates also has been a contributing factor to the success of the act. Good Results. Expressions of the beneficent results of prohibition, he reports, have been heard on every side. Employers of labor, merchants, business men, railway officers and policemen all join in speaking of the wonderful results achieved. Business has been better for the business men. Employers have worked steadier. Money has been much more in evidence for the merchants. The railway men and police officers, who in past years were handicapped and harassed by drunkenness in the streets and at the trains and in the railway depots, now in the heartiest tones praise the working out of the new prohibitory act. Preating and drinking in public places and on railway trains has been practically eliminated.

A comparative statement of the arrests for drunkenness in St. John in 1916 and 1917 is given showing for May to October inclusive 978 in 1916 and 119 in 1917. It is shown that the cost of maintenance of the St. John jail has been greatly lessened and the number of prisoners at Christmas in 1916 was forty-eight and at Christmas, 1917, only sixteen. A noteworthy feature was that not one woman had been before a court in the province for drunkenness.

From May 1 to October 31 the income under the act was \$18,935.24, including \$7,489.56 fines, \$5,038 beer licenses, \$600 wholesale and retail licenses. The expenditures were \$4,997.44.

The inspector says that one of the questions demanding serious consideration and decision is to what legitimate purpose the steadily increasing stock of seized liquor can be put.

"Considerable dissatisfaction," he says, "has been caused by the price charged by some of the vendors for liquors sold under prescriptions, and also because the liquors vended were of an inferior quality. He recommends that necessary amendments may be made to the act."

(a) That the lieutenant-governor-in-council on the recommendation of the chief inspector make provision for the proper disposition of liquors seized under the law.

(b) Giving authority to the chief inspector so as to ensure that liquors sold by licensees be of standard quality and sold at a reasonable price.

The beer licenses in St. John city brought in \$2,245; St. John county, \$376. The fines in St. John totalled \$2,559.78, which was the largest in any county. Restigouche was next with \$2,344.33.

**INQUEST INTO DEATH OF JAMES VANWART**

We, the jury, empanelled to enquire into the cause of the death of James Vanwart, find that he came to his death on March 26, 1918, at the Military Hospital, St. James street, as a result of shock aggravated by the excessive use of tobacco during his detention at the city police station. We find that in this case medical aid should have been rendered sooner. We strongly recommend that more attention be given

to sick soldiers and that this recommendation be brought to the attention of the proper military authorities.

This was the verdict brought in by the jury in at the inquest held in the police court last evening. The evidence was concluded at 11:30 o'clock and the verdict was returned before 12 o'clock. The following were the jury: George H. Waterbury, foreman; Alben McIntyre, J. J. Irvine, C. A. Donald, T. J. Ward, Frank Watson and H. M. Nelson.

Mrs. Marion Irons, mother of James Vanwart, told of her son being in good health and of being a fairly heavy user of tobacco both chewing and smoking. She told of seeing her son in the armory the day prior to his death. The day following she was at the armory and a soldier told her that her son had been ill-used and had not been given medical attention when he should have.

Frederick Lucas, sergeant detective in the dominion police, told of making the arrest. He passed him over to Detective Briggs to take to the central station. The next morning he went up to the station and took Vanwart to the provost marshal. He said a policeman had told him that Vanwart had been vomiting through the night.

Other witnesses who testified were Duncan Wright, who was a cellmate of Vanwart's; Captain Brougham Johnson of the Canadian Army Medical Corps, who had attended Vanwart; Dr. Heiden, superintendent of the hospital, who made a post mortem examination; Private Frederick Murray of the depot battalion, who had seen Vanwart on the day of his death; Sergeant Thomas Wilson of the depot battalion, and Detective Briggs.

Hannay-Macgregor. In St. Andrew's church Wednesday afternoon, Margaret Mabel, youngest daughter of Mr. and Mrs. Alexander Macgregor, of Rexton, became the bride of Graham M. Hannay, of the same place. The ceremony was performed by Rev. F. S. Dowling. The bride was given away by her brother, Sapper William B. Macgregor, recently returned from France. At the close of the ceremony the party returned to the home of the bride's sister, Mrs. Francis Kerr, Millidge avenue, where lunch was served, after which Mr. and Mrs. Hannay left by C. P. R. on an extended trip to American and Canadian cities. They received many valuable and useful gifts. They will make their home in Rexton.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried peppermint, soda, ginger, and various other digestive aids and you know these things will not cure your trouble - in some cases do not even give relief.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloating or heavy, lumpy feeling that seems to follow most everything you eat.

WEDNESDAY SET FOR THE POWER CO. BILL

Fredericton, N. B., April 4 - The new audit act successfully passed the committee stage in the Legislature today. Careful consideration was given to it but practically nothing was found on which to base criticism.

Mr. Campbell moved for suspension of rule 77 to permit of the introduction of a bill respecting the levying and assessing of taxes in the city of St. John. He explained that the bill had originally been adopted by the common council, and this was the first opportunity he had of presenting it to the house.

The house then went into committee and agreed to the bill relating to the Fraser Companies, Limited, with an amendment which has to do with expropriation proceedings on the Madawaska river. Before expropriating the company would be required to deposit a bond with the lieutenant-governor-in-council to cover such sums as may be awarded as damages to land owners.

The committee also agreed to the bills relating to the Tracadie and Tabusintac Boom Companies. The house again went into committee and agreed to the bill to provide an annuity of James Lynn. Mr. Lynn recently retired from the position of caretaker of the departmental building, Fredericton, after twenty-five years of service.

The bill grants him an annuity of \$200. The committee next took up consideration of the bill to provide for the auditing of public accounts. Mr. Tilley asked concerning the salary of the auditor-general at one time had been \$1,800 per year, and after his appointment was increased to \$2,100. He proposed to make the salary \$2,400 and moved that that amount be inserted in the bill.

Mr. Foster gave notice of inquiry for Monday next as to the amount of money belonging to the province now in the hands of the Prudential Trust Company and the payments made by said company during the year. Hon. Mr. Tweedie introduced a bill to authorize the Andover water commissioners to issue debentures.

The house adjourned at 5.55 p. m.

PROJECT OF DRYDOCK AND SHIPBUILDING CO. A LARGE ONE

It is reported that a conference will be held in the course of a few days by representatives of the city, the provincial government, and the St. John Drydock and Shipbuilding Company, Limited, which is asking civic and provincial assistance in the establishing of a steel shipbuilding industry at Courtenay Bay and to complete the drydock there. It is said that the new company, if they receive the necessary assistance, intend to increase the drydock from 900 feet to 1,150 feet with a depth of forty feet of water. It is said that the whole investment would represent \$7,000,000, and would give employment to at least 2,000 men.

MORNING NEWS OVER THE WIRES

The name of A. J. Little of Clairville, N. B., appeared in the midnight casualty list. He was wounded. The debate on the Quebec riots which was to come before the house in Ottawa yesterday afternoon, was deferred till today. While it had been suggested that the big game season should not open until October 1 instead of on September 15, in order to aid in the conservation of food, it now looks as though the change will not go into effect. Last evening a delegation of guides waited upon the government in Fredericton and protested against the loss of the September shooting. They suggested other changes which would accomplish the object. A change which will go into effect this year is a three-year close season for partridges.

## Build Steel Ships For Canadian Government; Daylight Bill Is Passed

Ottawa, April 4.—The shipbuilding programme instituted by the government was laid before parliament today by Hon. C. C. Ballantyne, minister of marine and fisheries. When contracts for the British government expired, he said, all steel shipbuilding yards in Canada were being given contracts by the Canadian government. Two steel ships were already being built for the government at the Vickers' plant, Montreal, to be launched this fall, and two others were being built by the Collingwood plant in Ontario.

Hon. Mr. Ballantyne stated that no contracts were being made for wooden ships as he believed private corporations would take care of this branch of the industry. Naval craft were also not included in the programme, although naval craft had been built in Canada just as satisfactorily as in any British yard.

One of the great difficulties encountered in the shipbuilding scheme was the securing of steel plates. Finally the proposition of the Dominion Iron & Steel Company of Sydney, was accepted and within eighteen months the company will have a plant erected and be turning out plates. The government guarantees orders at a minimum of 50,000 a year at \$4.15 to begin with. Until the output begins plants for ships being built for the government are being secured in the United States.

Some spice was injected into the session when Lucien Cannon charged that the government steamer Champlain was not available when wanted. A former minister, he said, used it considerably for pleasure purposes.

In connection with a vote of \$300,000 for steamers to look after the buoy service in the maritime provinces, Hon. Rodolphe Lemieux asked regarding the fate of the steamer Sydney. Hon. Mr. Ballantyne said that no official inquiry had been held into the matter. About forty lives were lost.

The bill of the minister of railways to confirm an agreement for the leasing by the government of two miles of the Bangor & Aroostook railway between the Transcontinental and up to the international line making the connection at St. Leonard's, was put through the common today. A final protest by Plus Michaud supported by A. B. Copp against the government's proposal to do away with the present station at St. Leonard's and use a new union station on the Transcontinental a quarter of a mile outside the village altogether, was unheeded by the minister.

In reply to Sir Sam Hughes, Major-General Mewburn read a cablegram received from Sir George Perley relative to the adoption of a one-pattern headstone for all Canadian graves for soldiers. The cablegram read: "The Imperial war graves commission has decided that there should be equality of treatment for all graves of all officers and men abroad and that this principle should be carried out by the erection over all graves in war cemeteries abroad of headstones of uniform dimensions, though with some variety of pattern. The English regiment may decide to have a distinctive pattern for each regiment, but after full consultation with Canadian corps and the military authorities here, Sir Edward Kemp and I found the general consensus of opinion that we should have a uniform headstone and inscription for all Canadians, with the right to have a separate crest or motto for each battalion or service. The decision was therefore made accordingly through the Imperial war graves commission, but no design for the Canadian headstone has yet been selected." The third reading of the daylight bill brought a protest from A. McCoig, Kent, who said he had received a large number of petitions protesting against the passage of the bill. If it was in order he would move that it should be referred back to committee. The bill was finally given a third reading.

## DON'T DIET YOURSELF TO CURE DYSPEPSIA IT ISN'T NECESSARY

The sufferer from dyspepsia and indigestion who has to pick and choose his food, is the most miserable of all mankind. Even the little he does eat causes such torture, and is digested so imperfectly that it does him little good. What dyspepsia need is not dieting or artificial digestives, but something that will put their stomach right so it will manufacture its own digestive ferments. For forty years now Burdock Blood Bitters has been making weak stomachs strong, and curing severe cases of dyspepsia and indigestion that other remedies were powerless to reach. It restores the stomach to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and goes on its way making rich, red blood. Mrs. Henry Shaw, Campbellton (N. B.), writes: "I was for five years troubled with a weak stomach, and could not eat any food that would agree with me. I tried different medicines, but could not get cured. A friend advised me to take Burdock Blood Bitters. I took four bottles, and now I am in perfect health." B.B.B. is manufactured only by The T. ## ADDRESS PRESENTED TO HON. MR. FOSTER

In honor of the anniversary of the installation into office of Premier W. F. Foster a year ago yesterday, members of the government party presented to him an address in Fredericton last evening congratulating him and promising continued support and assistance through the coming year. The address was signed by Fred Magee, J. E. Hetherington, and Francis J. Sweeney. In a few fitting words the premier replied to his followers and he made a fine impression.

**SWEEP FIRST; THEN FLUSH**  
Programme Arranged For in Cleaning Streets of the City  
The employees of the public works department are working night and day in an endeavor to clean up the city streets. Last night they had sweepers out brushing up the mud but owing to a sudden drop in temperature they were compelled to attempt to flush any of the streets. Superintendent Price this morning said that he proposed first to sweep the streets and then flush them. By adopting this method, he said, there was little or no danger of choking up any of the catch basins or sewers. There are only certain streets that he proposes flushing, namely: Charlotte, Union from Brussels to Dock, Coburg, Garden, Waterloo, Dock, Mill and Main streets. These streets all have good grades which will permit flushing. Other streets, which are level, he said, could not be cleaned in this manner as there was danger of the water flowing into houses.

With reference to the amount of mud and dirt accumulated during the winter months he gave one instance where four double teams have been hauling away refuse for four days and still have not finished. This is in Smythe street, where eighty-one loads were collected from North wharf to Union street. Since then more than thirty loads were collected from the Union station to this point, making in all more than 110 loads off one street.  
Mr. Price said that if sweepers were not employed to gather up this dirt flushing would cause choking up of sewers, and a back-up of the water would follow, which might have serious results. Just as soon as there is a rise in the temperature, he said, he proposed to commence flushing and in a short time hoped to have all of the streets in good condition.

**WOMAN WANTED PLACE AS SCRUTINEER ON ELECTION DAY**

A few days ago one of the candidates in the city election was asked by a woman if she could not be appointed a scrutineer in one of the booths on election day. She was informed that there was no reason why she could not, but that she had no authority to appoint any person and he referred her to the common clerk in city hall.  
Asked about the matter, Mr. Wardrop said that it was true a woman had asked for an appointment, but that he had all his appointments either made or spoken for. He said if the war continues there may be a time when the women will predominate at the polls.

**POWER BILL ON THURSDAY NOT ON WEDNESDAY**

Corporations Committee Then Will Take It Up

**PUBLIC ACCOUNTS**  
Considerable Progress Made This Morning—Authority to County Councils to Raise Councillors' Per Diem Allowance

(Special to Times)  
Fredericton, N. B., April 5.—Through an error in transmission of a despatch it was announced that the New Brunswick Power Co. bill would be taken up in the corporations committee next Wednesday morning. This should have read Thursday morning.  
**Public Accounts**  
The public accounts committee resumed its session this morning, Fred Magee presiding, and made considerable progress.  
Mr. Pinder took exception to the terms in connection with the roads of the province.  
Mr. Smith explained that the legislature had agreed that rock filled roads with gravel surface should be classed as permanent. "No roads are absolutely permanent," he remarked.  
"Then, why call them permanent?" Mr. Pinder growled.  
The committee passed the statements of the Fredericton and New Brunswick tourists' associations, provincial committee of military hospitals commission and municipal sinking funds.  
Attention was drawn to an amount of \$7,282 due the provincial hospital from Kent county. Mr. Dymart explained that the county had a contra account outstanding for several years, but a settlement had been arranged and the account would be paid when the county council meets.  
Carleton county was next in line with \$8,478 due. Mr. Smith gave a similar explanation.  
The auditor-general asked for advice regarding a comparative statement of expenditures asked for by the committee. He explained that there was no record of bills outstanding at the end of the fiscal year 1915. It would be difficult to make the comparison wanted unless they could decide which bills were outstanding at the end of 1915. He suggested fixing it at the same as for 1916, an amount of \$178,000. On this basis the statement of cash expenditures, including bills payable at the close of the fiscal year, not including Valley Railway bonds and debenture stock interest or accruals, shows \$1,298,988.99 for 1916, and \$1,795,888.81 for 1917. There is a difference of \$226,404.35. Not nearly so great as opposition members contended, remarked the chairman.  
Guarantee deposits with the provincial treasurer, the largest depositor being the Provincial Trust Co. and the deposits to secure the transfer of the St. John Railway Co., were passed.  
The statement of school board expenses showed that it has cost \$18,879.66 for the last ten years.  
Mr. Pinder—Why should French text books be sold at a loss and English books at a profit? There was a loss of \$234 on French books last year on a cash basis, a loss of one to three cents a book.  
statement was promised.  
Game license collections passed with a comment on the reduction of fees for residents.  
Farm settlement board accounts were passed.  
In the sinking funds statement it was pointed out that the Bank of Montreal is now paying 3 1/2% instead of 3 per cent. on cash deposited. Their interest charge to the province has been increased from 5 to 6%.

The committee also passed the statements of indirect liability debentures issued during the year, outstanding debentures, balance sheet for October 31, 1917, and consolidated revenue fund.  
When the committee resumes on Tuesday morning at 10 o'clock they will commence consideration of the detailed account.

**Municipalities**  
The municipal councillors of the province are suffering like other citizens from the high cost of living, but unlike many others, they are to have a chance for relief. In the municipalities committee this morning there was considered a bill which would give Victoria county power to increase the allowance to councillors from \$3 to \$5 a day. Hon. Mr. Tweeddale explained that the councillors find the allowance scarcely enough to pay their hotel bills. Other members of the committee reported complaints from their councillors, and it was decided that relief should be granted. The committee accordingly adopted a recommendation that the government should introduce a bill applicable to all counties, giving each municipality authority to increase the per diem allowance of the councillors as they may consider advisable.

**POLICE COURT SESSION AT 6 A. M.**  
The police court session was held at six o'clock this morning in order to allow Magistrate Ritchie to catch an early train for Fredericton. Five men were charged with broaching cargo belonging to the C. P. R. All were remanded until tomorrow morning at eleven o'clock. The men are William Garrett, George Nobes, William Townshend, Frank Wright and James Sands. Garrett was arrested in McAdam on April 1 and brought to the city. The other four were arrested on the West Side. They are all able seamen. Detective Duncan of the local force made the arrests. Inspector Catlow of the C. P. R. will appear tomorrow to conduct the prosecution.

In juvenile court this morning, held immediately after the police court session, a young boy was charged with theft and remanded.

**DEPOT BATTALION TO SUSSEX?**  
(Sussex Record.)  
The depot battalion, which is now located at St. John, will be moved to Sussex and go under canvas. At least this is the understanding at the present time. Between 800 and 1,000 men will probably be in training here for several months.  
The Serbian camp will also be continued here for several weeks yet with a possibility of also being continued for the summer months.
