

TO INCLUDE CHATEAUGUAY IN PAGEANT

Representation Of Battle "Where Canada Was Held For The Empire," To Be Shown In Festival Of Empire

London, May 22.—The Canadian pageant committee has arranged to include in the Festival of the Empire, the scene depicting the battle of Chateauguay, the withdrawal of which has been much resented by Canadians. It was announced in April that the Canadian committee, of which Lord Strathcona is president, had decided to eliminate from the Coronation programme "Canada's principal contribution to the pageant. This piece, which has been in course of preparation at the Crystal Palace, was entitled, "Chateauguay, where Canada was held for the Empire," and was intended to repeat the defeat, through strategy of an invading American force in 1813 by a handful of Canadians. It was thought that the pageant might wound the susceptibilities of American visitors and that it might cause a feeling which would endanger the cancellation of the proposed Anglo-American treaty. Later it was explained that the opposition was not from American but from other unnamed parties. Opposition to the withdrawal of the scene was made the subject of discussion in the Dominion parliament.

OTTAWA HAS A WATER FAMINE

Three Of The Pumping Station Pumps Broken Down Sending Pressure Down From Normal To 87.

Ottawa, May 22.—Three pumps of the Ottawa water works pumping station have broken down from normal to 87. It will be some days before repairs can be made, and in the meantime auxiliary plants are being commissioned and engines will respond to all fire alarms. The situation might be serious in event of a big fire breaking out.

HALIFAX MEN LEAVE FOR THE CORONATION

Large Crowd Assembled At Halifax Depot And Gave Special Coronation Contingent a Great Send Off.

Special to The Standard. Halifax, May 22.—With the cheers of a great crowd of Halifax friends ringing in their ears the Coronation contingent special train pulled out from the North Street station last evening. Including the R. C. R. band which also went, about 60 men started en route for Quebec under command of Lieut. V. H. St. Laurent of the Royal Canadian Regiment, who will be relieved at Moncton by Major Fages, R. C. R. The R. C. R. band played a programme of music during the night. The early evening and also discussed martial music on the way to the station. Besides the R. C. R. band and representatives of the force in Halifax, the contingent as it left this city included ten men from Lunenburg, Mahone Bay and one or two other points. The 53rd rifles sent three men, the 66th P. L. F., four men and the first C. A. four men. Additional members of the contingent will be picked up at Truro, Amherst and other convenient points, while the New Brunswick men will join the train at Moncton.

TAXI DRIVERS WILL STRIKE IN PARIS

Paris, May 22.—The union of the taxicab chauffeurs comprising 90 per cent of the taxicab drivers in Paris tonight adopted a resolution providing for a 24 hours general strike beginning tomorrow. This action is in protest against the recent increase in the Octroi duties on benzol.

SITUATION IN PORTUGAL.

Madrid, May 22.—Advices received here through official channels from Lisbon are to the effect that the political situation in Portugal is unsatisfactory. Much apprehension is felt over the deep current of discontent reigning throughout the Portuguese nation.

BISHOP OF DIJON DEAD.

Dijon, France, May 22.—Mgr. Dadoile, bishop of Dijon, died today. Mgr. Dadoile was closely allied with the questions arising out of the French separation law.

REFORM BILL READ SECOND TIME IN HOUSE

Lord Lansdowne's Measure For Reconstitution Of The British House Of Lords Provokes Discussion.

London, May 22.—Lord Lansdowne's bill for the re-constitution of the House of Lords, passed its second reading in that House today, without division, after Secretary of War Haldane had announced that the government would not divide against it. The secretary said that he welcomed the evidence that the bill afforded, that the Conservatives were convinced of the need of reforming the House of Lords. But the government held that the passage of the veto bill was essential before any steps were taken in that direction. Lord Lansdowne complained that the debate had not elicited any statement relative to the government's plans for reforming the House. The fact that there was no division on the bill prevented the disclosure of the extent of the revolt among the Unionist peers against the measure. Lord Lansdowne, the Duke of Marlborough, the Duke of Somerset and Lord Killanin showed it to be considerable, and it is not expected that the committee stage will be proceeded with. The second reading of the veto bill will be moved in the House of Lords tomorrow. The debate is likely to last for some days, but in parliamentary circles it is generally believed that the bill will be given its second reading; that attempts will be made to amend it in committee and that the government will refuse to accept such amendments or disclose its own plan for reforming the second chamber. The Liberals confidently predict that the Lords will ultimately capitulate and pass the veto bill, with the expectation that it will be repealed when the Unionists return to power.

PREMIER MONIS IS RECOVERING

French Premier Injured In Aviation Accident In Paris Continues To Gain Strength—Berteaux's Funeral Friday

Paris, May 22.—Although the condition of Premier Monis continues to improve, Prof. Lannelongue officially announced this afternoon that it would still take three days before he would be able to say whether the head of the French cabinet was out of danger. Theorally was administered to the premier during the night to induce sleep. The age of M. Monis, who is 65 years old today, is another factor in his general condition. There was a pathetic scene at the bedside of the injured minister this morning when he received Emile Constant, under secretary of the interior and the members of his own family, all of whom extended their wishes. The premier first asked for news concerning the health of his colleague in the cabinet, M. Berteaux. Constant replied that the condition of the minister of war was grave, whereupon M. Monis murmured, "Oh, poor fellow, we both had a narrow escape." If the premier's condition strengthens this evening he probably will be informed of the death of Berteaux. The funeral of the war minister has been definitely fixed for Friday. The physicians bulletin issued tonight says simply "M. Monis' condition continues satisfactory." The premier was permitted to take light refreshment today and Prof. Lannelongue, at the close of a consultation said there was no longer any feeling of complication. The premier persistently asks for news of M. Berteaux. The physicians told him this evening that the minister of war was unconscious, and that there was no hope. The premier was so deeply affected that it was deemed best not to inform him of the death of M. Berteaux until tomorrow.

TROUBLE FEARED WITH NEGROES IN THE CAPE COLONY

Cape Town, Cape Colony, May 22.—Numerous cases recently of attempts on the part of natives against white women have caused a renewal of public agitation. In one case at Berville, Natal, an organized attempt was made to lynch the culprit. In another case at Bulawayo, a prominent resident, Sam Lewis, went to a newspaper office and had the native news boys paraded. He picked out one who, he alleged, had made improper overtures to his daughters. Lewis calmly marched the native out and shot him dead. He then surrendered himself to the police, but public feeling is strong in favor of Lewis that it is doubtful whether any jury will convict him.

BANK TELLER SHOTS HIMSELF

Rouleau, Sask., May 22.—W. H. Smithson, teller of the Bank of Hamilton here, shot himself through the head and died instantly. He came from Winnipeg about two weeks ago, but hailed originally from Newcastle-on-Tyne, England, having come over three years ago. He had no relatives in this country. He bore an excellent character, and the cause for the deed is not yet known.

THE AMERICAN INFLUX.

Winnipeg, Man., May 22.—Wm. Whyte, vice president of the Canadian Pacific Railway, estimates the number of new settlers from the United States this year will range between 200,000 and 250,000.

SIR WILFRID ARRIVES

From the Toronto News.

ELOPED WITH GOVERNESS

French Nobleman And Pretty Girl Arrested At Quebec On Arrival Of C. P. R. Liner Lake Manitoba.

Quebec, May 22.—The mystery which has been surrounding the disappearance of a French nobleman named Comte D'Abbadie D'Arras of Evreux, France, and his pretty governess, Miss Helena Binot, was absolutely cleared this morning on arrival of the steamer Lake Manitoba with the supposed Mr. and Mrs. D'Abbadie D'Arras and Miss Binot. Paris and London papers have recently been trying to find a key to the mystery. D'Abbadie D'Arras is a rich nobleman, of Evreux, married, and father of several children. About two weeks ago, his coat, hat and cards had been found on the Belle Brève at Evreux, and everybody believed at first it a suicide case. Capt. Evans of the steamer Lake Manitoba, wirelessly his suspicions and when the vessel arrived here this morning, inspector John Burns of the Canadian Immigration service, went to their cabin and asked the supposed Mr. D'Abbadie D'Arras, "I am," he said, "and this lady is Miss Helena Binot." The couple were then put under arrest and officials are awaiting instructions.

AUSTRALIANS ARE CAREFUL

They Have Prohibited Importation Of Potatoes Unless Certain Precautions Are Taken As To The Wrapping.

Ottawa, May 22.—The trade and commerce department has received a proclamation issued by the Australian government by which the importation of potatoes into Australia is prohibited unless accompanied by an official certificate of the government of the country of origin identifying the shipment and specifying that they were free of Irish blight, canker, scabs, etc., that they were grown in the country named, and at least twenty miles from any place known to have been infected within five years and that they were packed clean and in new packages.

A MEDUCTIC GIRL UNDER AN OPERATION

Special to The Standard. Fredericton, May 22.—Miss Tompkins, daughter of W. S. Tompkins, underwent a critical operation at her parents' residence at Meductic today, for internal rupture of a blood vessel. The operation was performed by Dr. Rankine assisted by Dr. Grant and another surgeon, this evening. The operation was reported to have been successful and the patient doing well as could be expected.

A GEOLOGIST ILL.

Ottawa, May 22.—Dr. R. Wells, geologist of the Geological Survey, has been in a grave condition for some days. He has been unconscious as the result of a paralytic stroke.

MR. BORDEN'S REPLY TO TELEGRAM FROM THE CONSERVATIVES.

On Friday evening last at the Conservative primaries, in the Hotel Assembly Rooms, Hon. Robert Maxwell, M. P. E., moved that a telegram be sent to R. L. Borden, M. P., conveying the endorsement of the Conservatives of St. John in connection with the reciprocity bill. J. B. M. Baxter, K. C., president of the Conservative Executive accordingly sent the telegram and today received the following reply from Mr. Borden: Ottawa, May 20th, 1911. Dear Mr. Baxter: Please convey to the Conservatives of the City and County of St. John my thanks for the resolution of confidence which was embodied in your telegram. The Conservative members of the House of Commons are united and determined in their opposition to the reciprocity agreement, which they discussed without any mandate in endeavoring to drive through Parliament and force upon the country. Believe me, Sir, yours faithfully (Sgd.) R. L. BORDEN.

RECEIVED BY KING GEORGE

John R. Mott And Silas McBoe Of New York, Well Known Here, Received By King George.

London, May 22.—John R. Mott of New York, general secretary of the World's Student Christian Federation, and Silas McBoe, editor of "The Churchman," who recently were received by the King, had a conference this afternoon with Sir Edward Grey, the foreign secretary, with whom they discussed their visit to the missions in the Near East.

DELAWARE AND HUDSON MAKES GENERAL CUT IN RATES FROM NEW YORK TO CHICAGO—OTHERS TO FOLLOW.

Washington, D.C., May 22.—A freight rate war among railways operating in the territory east of Chicago and north of the Ohio and Potomac rivers, classification territory, is likely to be precipitated by the action of the Delaware and Hudson Co., in filing with the Interstate Commerce Commission a tariff effective June 15 which reduces the freight rates from New York to Chicago from 75 cents a hundred pounds first class to 62 cents a hundred pounds. The rates on other classes of freight being proportionately lower. The new route is by Hudson Navigation Co. and Murray's line from New York city to Albany, thence by D. & H. to Binghamton, N. Y., thence by Erie Railroad to Chicago. The Delaware and Hudson with the other roads pleaded last winter for an increase on the 25 cent rate and now the other carriers and some of the shippers are protesting.

DEATH FROM EXTREME HEAT IN TORONTO

Toronto, Ont., May 22.—Toronto's first heat victim died this morning on Yonge street. An unknown woman, who had been standing in the street waiting for a car collapsed and died before reaching a hospital.

THE PEACE AGREEMENT IS SIGNED

Mexican Government And Rebel Peace Commissioners Signed The Agreement And There Is Joy In Mexico City.

Mexico City, May 22.—The signing of a peace agreement by the Mexican government and the rebel peace commissioners at Juarez was received in the Mexican capitol today with a remarkable absence of demonstration. The feeling here was that while peace had been generally accepted as a fact ever since President Diaz fixed the date of his retirement, the dilatory proceedings of the last few days were a cause of apprehension lest the peace programme might receive a setback, and consequently to the general public the signing of the agreement last night came as a surprise. Business men at the capitol showed relief at the conclusion of the negotiations. While they see a long term of business depression, in prospect they appeared to have faith in the future. Foreign minister De La Barra, worn out with the strain of the past week, was late in reaching his office this morning. Contrary to custom he found there a carriage from the president's stable awaiting to convey him to the retiring executive. Senator De La Barra said that naturally he was greatly pleased at the successful termination of the peace conference which he helped to inaugurate and which he has devoted all his energies to. He went at once to the presidential palace and it is expected that he will announce the new Mexican cabinet during the day. It is rumored that President Diaz will present his resignation to the cabinet today but it is generally believed that the date of his retirement will be May 24. No effort is made now to disguise the fact that Gen. Diaz will leave the country at an early date. It is expected that he will spend several months visiting Europe, and it is reported that a passage has already been arranged for him on one of the boats of the French steamship line. On notification that peace had been agreed to, the management of the national railways immediately began construction. It is officially stated tonight that the Mexican Central will be opened to traffic within ten days and that the international, between Toronto and Chihuahua, under Diaz, would be open within three days. The total number of kilometers of the national railways put out of commission by the rebels is estimated at 3,979 (2,472 miles).

ASK CLEMENCY FOR MURDERESS

State Department Beseiged With Petitions For Commutation Of Death Sentence Passed On A. Mapolitana.

Special to The Standard. Ottawa, May 22.—Petitions praying for executive clemency in the case of Anglin Mapolitana, sentenced to death for the murder of her husband at the Soo, are piling up at the department of justice. These petitions are from women and women's societies chiefly, and come from practically all parts of Canada. The plea is made in some petitions simply on account of the sex of the prisoner, but in most cases the ground taken is that the woman's approaching motherhood would make the carrying out of the sentence itself almost a crime. So far, these petitions have not resulted in any action by the minister of justice for the reason that custom requires first a perusal of the evidence taken at the trial, and copies of the evidence have not yet reached the department. It is expected that several days, if not weeks, must pass before the notes of evidence are extended, and the record has been placed in the hands of minister of justice. The execution is set for August, and it is expected that the child of the condemned woman will be born in July. This is said to have been taken into consideration by the trial judge, who before the notes of evidence are extended, and the record has been placed in the hands of minister of justice. Other ministers than Sir Alan Aylesworth will likely have something to say in regard to the carrying out of the sentence as cases of this kind go before the whole council.

NEWS FROM MONCTON

Provincial Horticulturist Settling Out Apple Trees—Horse Killed By Lightning—Boy Held Up By Robbers.

Special to The Standard. Moncton, N. B., May 22.—Provincial Horticulturist Turley has been for some days supervising the setting out of 200 apple trees for William Cowling at his farm on the Salisbury road. The finance committee of the city council this afternoon decided to call for tenders for city bonds to amount of \$250,000 for new reservoir, fire engine building and permanent sidewalks. During this morning's storm Anson Miller's barn at Cherryvale, overlooking the river, was struck by lightning and one of his team horses instantly killed. The horse stall was badly shattered but the barn was not set on fire. Provincial Engineer Wetmore is here for the purpose of inspecting the Petticoat and other bridges. Bliss Tower, a boy of fifteen while driving on Lewisville road this morning was held up by two men and robbed of an overcoat and carriage cushion. The police have been notified. The men were strangers to Tower and drove off at a rapid gait. Six men, George Thompson, Shubeneadie, William Gillis, of Napas; James McDonald, of Pictou; George Cooper, of Truro; Edward Leblanc, of Shediac and Arthur White, of Moncton, arrested by the I. C. R. police Saturday night at Harrisville, 5 miles from Moncton were arraigned today and each fined \$20 or 30 days in jail for trespassing on the railway property. They claimed to have come to Moncton looking for work and as they had no money they are still in the lockup.

CANADIAN NORTHERN CONSTRUCTION

Toronto, Ont., May 22.—The Canadian Northern's new Ontario link is rapidly being prepared for the contractors. The surveys of the first 240 miles west from Selkirk have been "trued up" and are ready for construction to commence. One hundred and fifty miles of location easy from Port Arthur is likewise ready to be tendered upon. Work on the intervening section is now going on.

MANY DEATHS FROM HEAT IN CITIES OF U. S.

Twenty-four Babies Succumbed To Heat In Cleveland In Last Four Days—Two Dead In Boston.

Boston, May 22.—The heat blanket which oppressed Boston and all New England today, smothered life out of two persons in this city and more than a score of others who were prostrated by the sun's powerful rays and a high humidity. Dr. Albert H. Hayes, 74 years old, collapsed in the Scollay Square subway station and died a few minutes later, seated in the chair, which she had placed near an open window for relief. Mrs. Elizabeth Harley, aged 60 years, was found dead in her home late today. Cleveland, Ohio, May 22.—Because of the high temperature, eight babies died today, making 24 deaths of babies in the last four days, attributable to the heat. One woman was also fatally prostrated. There were a number of prostrations. The official temperature was 88, but the thermometers in the business streets registered nearly ten degrees higher. Troy, N. Y., May 22.—Today was the hottest May 22 in fifteen years and there were many heat prostrations. One unknown man was overcome while watching a circus parade, and died before medical aid reached him. Several others are seriously ill as a result of the excessive heat. Charles R. Hill, paying teller of the Security Trust Co., of this city, a man of about 50 years of age, dropped dead while watching the 12th inning of an exciting baseball game. Excessive heat is regarded as the cause. Pittsburg, Pa., May 22.—Showers tonight and a light easterly breeze somewhat relieved for a short period tonight the excessive heat, in which Pittsburg and vicinity has suffered for a week. The official temperature today again soared to 92, while hundreds of thousands in front of business places registered 100. Six deaths were recorded today, while prostrations are reported almost hourly. In the city of Pittsburg besides the police stations, no drop in temperature is expected for several days by weather officials.

THOUGHT GUN WAS EMPTY

Solomon Theberge Of Bellechasse, Quebec, Killed Accidentally By His Daughter, a 14 Year Old Girl.

Quebec, May 22.—Killed by a bullet from a rifle in the hands of his daughter, was the gruesome fate of Solomon Theberge, of Straphuel, Bellechasse county. The killing was accidental as the daughter, a girl of fourteen, believing the firearm to be empty, playfully pointed it at her father and on pulling the trigger the gun discharged. Theberge was struck in the shoulder by the bullet and despite all that medical aid could do, he died after atrocious suffering. The deceased was 62 years old. The verdict rendered by the coroner's jury was accidental death.

THE CANADIAN CEMENT MERGER

Ottawa Knows Nothing Of The Montreal Rumor That Charges Against Merger Will Be Investigated.

Ottawa, Ont., May 22.—In official circles here nothing is known regarding the Montreal rumor to the effect that there will be an investigation of the charges regarding the Canada Cement merger. It will be recalled that on Friday last, Hon. Mr. Fielding stated that the matter was before the private bills committee, and that pending the other case, there would be no announcement. It was taken from the minister's remarks, however, that there would ultimately be an investigation. The private bills committee does not meet again until parliament resumes in July.

ASQUITH DINES THE COLONIAL PREMIERS

London, May 22.—Premier Asquith gave a banquet tonight to the colonial premiers and ministers at No. 10, Downing street. This was followed by a reception at the foreign office, which was attended by 2,000 guests, representing official and social life in every phase of politics. In the absence of Mrs. Asquith, Mrs. Harcourt, wife of the colonial secretary, acted as hostess.

**HE'S THE OLD-FASHIONED JUSTICE WHO IS WILLING THE PEOPLE SHOULD MAKE THEIR OWN LAWS**

**JUSTICE JOHN M. HARLAN.**

Scan this face closely. It's one of the faces visible over the top of the bench in the room where the supreme court of the United States "hands down" decisions to the people. It's the face of the ONE man on that bench who believes in being an old-fashioned judge, the kind that administers and interprets laws—but doesn't write them.

"The opinion today means that the courts may by mere judicial construction amend the legislation of the United States and amend the statutory laws."

"In a decision today this court has construed the safety appliance law. It has previously construed the same; the question at issue being the lives of men. The court was asked to write into the law words not there; it has refused and has declared that the law must stand as enacted until amended by congress. In the case of men's lives those interested must go to congress for relief. In the case of over-shadowing combination of vast wealth and power which may be a menace to the general business of the country, a law which has bestowed a wholesome rule is to be interpreted in such a way that it will not be necessary for those who have appeared here as defendants to go to congress to have it amended.

"If the law as written is to be amended, congress is the only constitutionally co-ordinate branch of the government with power to amend it. It does not rest with this court by a process of judicial legislation wholly unjustifiable to read into the law words not written there by the legislative branch of the government."

"The most alarming tendency in my judgment so far as our institutions are concerned is the tendency of judicial delay. When men of vast interests are concerned and they cannot get lawmakers to enact amendments to the law as they desire, they spare no effort to get some case before the courts in an effort to have the court construe the constitution and statute to mean what they want them to mean."

**KIRK BROWN GETS A HEARTY RECEPTION**

**Popular Actor Seen in Excellent Production of The Eternal City, at the Opera House, Last Evening.**

Kirk Brown and his associate players were warmly welcomed back to St. John last evening by a large audience. A new season has been opened by the company produced The Eternal City, a play in which Mr. Brown has done good work and which has added to his reputation. In such a production last evening was fully up to the high standard set by Mr. Brown in previous visits. As always the scenic setting offered him a new feature in his repertoire was a feature of the production.

Although the majority of the members of the company are old favorites here, there is a new name in the company this year, and if the reception they received last evening is any criterion, they will also become popular here.

Chief among the newcomers is Miss Bertha Creighton, the leading lady who last evening had the role of Donna, in which Miss Fields made such an impression here. Miss Creighton has a beautiful stage presence, and in her handling of her scenes last evening compared favorably with the best of the Romas which St. John has seen. Her further work here will be awaited with interest. Miss Sarah Kyles as the Princess Bellini, who succeeded Miss Marie Dow, also made a most favorable impression while Miss Emma De Waale, always excellent, was warmly greeted by her many friends.

Of the new men, Clyde Franklin, who succeeds Henry Crosby was seen as the Baron Bonelli and played it excellently. Mr. Clayton Sir Evelyn Wise and Mr. Sargeant, as Don Camillo also did good work in the parts assigned to them.

The old favorites, Mr. Taylor as Bruno Rocco, Frank Fey as Angelli, Mr. Chase as the Pope and James Brown and Charles Savage were as usual fully capable.

Kirk Brown as David Rossi gave a finished rendition of the role and fully embraced the many opportunities it offered him. That he is as popular here as ever was evidenced when he made his entrance. On the whole the company did always crop up when a "gr-eat battle" is arranged. The affair is booked to be held at the Madison A. C. on Thursday, May 25. An interesting query brought Danny around on another track.

"I have also matched Brown to fight Abe Attell at the National Sporting club on June 5, so you see the K. O. had will be kept pretty busy."

"Some people think that Brown isn't clever. Well, say, when they see this lefthanded goggle-eyed fighting machine of mine in action against Abe Attell, the cleverest man in the ring today, they'll change their minds. Brown will have several pounds in weight, and the fighter doesn't live that can do that and beat Brown."

Ten minutes later Morgan rushed to a telephone and imparted the news that "nothing would suit Brown better than to take Moran's place against Wolgast on the July 4."

**GUSTAV MAHLER'S FUNERAL.**

Vienna, May 22.—In the presence of a great gathering composed of the leading members of the musical and artistic circles, Gustav Mahler, the eminent composer, who died May 18th of angina pectoris, was buried in the Orizting cemetery here this afternoon. At the expressed wish of the composer, the ceremony was of the simplest character. There were no speeches at the graveside. The musical portion of the service was rendered by the chorus of the Imperial opera.

**TO SURVEY ANOTHER WESTERN RAILWAY.**

Winnipeg, May 22.—Engineer F. H. Moffatt in charge of a large party of surveyors will leave Selkirk tomorrow on the City of Selkirk to complete the final location of the Hudson Bay railway section from Manitoba Rapids west to the Vass, a distance of about 200 miles. This, the first section of the road, will be ready for construction some time during mid-summer and contracts will be let by the department of railways and canals at Ottawa within a very few months.

Salvage Corps Will Participate.

The members of No. 1 Salvage Corps held a meeting last night and decided to turn out in the torch light procession on the night of June 22nd in honor of the Coronation.

**Methodists and Sociology.**

The report on the attitude of the Methodist church on questions of sociology, adopted by the general conference last year, has been issued in leaflet form. Copies may be secured from the general secretary, Rev. T. Albert Moore, D.D., Toronto.

Mr. and Mrs. O. L. Barbour left on the express last night for Halifax.

**GOOD PROGRAMME FOR THE HOLIDAY**

**With Fine Weather, Victoria Day Should Furnish Plenty of Amusement for the Holiday Seekers.**

Weather permitting, Victoria Day, the first real outdoor holiday of the year, will be celebrated by all classes of citizens. Excursions, games and various forms of amusement will afford the people an opportunity to spend the day pleasantly. The transportation companies are offering the usual excursions at reduced rates, and many citizens and their families have made plans for a jaunt to the country or waterside. For those who stay in the city there will be ball games, and other diversions.

For suburbanites the 24th usually marks the opening of the season and most of those who have not already moved to the country are planning to do so on Wednesday.

Victoria Day is one of the biggest days in the year for the enthusiastic angler and at the sporting grounds the day have been kept busy supplying the demands of those who are getting their equipment in shape.

The baseball programme on the Shamrock grounds includes a morning game between the St. Johns and Marathons, and another between the Marathons and the Canadians of Montreal in the afternoon. The Canadians will probably meet Fredericton on Thursday; return to play the St. Johns on Friday and play both local teams on Saturday afternoon.

Special all day sessions at the moving picture theatres will be open to those who stay in the city and at the Opera House Kirk Brown will be the attraction, presenting A Social Highwayman in the afternoon and Sowing the Wind in the evening.

Among the excursions will be that under the auspices of the A. O. H. They will leave Inlandtown at 8 a. m. for Fredericton, returning in the evening. The other river boats and the railways are granting the usual excursion rates.

Opening day will be observed with the usual ceremonies at the Royal Kennebecasis Yacht Club. After a speech by the commodore and the unfurling of the flag, the yachts will take a squadron cruise up the river.

The St. John Power Boat Club will also observe the 24th as opening day and will enjoy a cruise on the river.

At Renforth the pavilion and boat house will be opened, although without any special formalities.

**NEW THEORY ABOUT RHEUMATISM.**

This disease is constitutional—caused by virus in the blood that circulates to all parts of the body. To cure, you must use a constitutional treatment. Nothing so completely dispels the poison from the system as Ferrozone. It purifies and renews the blood, clears it of every taint. The system is vitalized and strengthened and thus enabled to fight off threatened attacks. Not only does Ferrozone relieve at once—it cures rheumatism, gout and lumbago permanently. Results guaranteed, 50c. boxes at all dealers.

**ST. JOHN SOLDIERS LEAVE FOR ENGLAND**

**Militia Men Left Last Night for Quebec, where they will Drill for Two Weeks before Sailing.**

Amid ringing cheers from the large crowd that had assembled at the depot to wish them bon voyage and success, the contingents of the militia in the coronation honours, left last night for Quebec en route to England.

In the contingent were Sergt. Major Whitcomb, Sergt. Lanigan and Sergt. Slader from the 3rd Regiment C. A.; Sergt. Major Lamb, Sergt. Minard Foster and Corporal J. Addison, of the 52nd; Sergt. Major Atchison No. 8 Bearer Corps, and Sergt. Major Carloss of the Army Medical Corps.

That the departure of the soldier lads was a matter of interest was evidenced by the number, not only of friends, but of citizens that began to arrive long before the hour for leaving.

The trip gives promise of being a memorable one for those who were fortunate enough to be chosen, and not a few of the gathering at the depot were heard to regret that they were not to go also.

The contingent will go from Montreal to Quebec by special train and will depart for England in drilling at Quebec before sailing.

**KNOCKOUT BROWN WILL FIGHT TWO**

New York, May 22.—Knockout Brown and Tommy Murphy are to meet. The match was made last week when Danny Morgan and Johnny Oliver, managers of Brown and Murphy respectively, got together and agreed upon terms, weight and a few other incidents that always crop up when a "gr-eat battle" is arranged. The affair is booked to be held at the Madison A. C. on Thursday, May 25. An interesting query brought Danny around on another track.

"I have also matched Brown to fight Abe Attell at the National Sporting club on June 5, so you see the K. O. had will be kept pretty busy."

"Some people think that Brown isn't clever. Well, say, when they see this lefthanded goggle-eyed fighting machine of mine in action against Abe Attell, the cleverest man in the ring today, they'll change their minds. Brown will have several pounds in weight, and the fighter doesn't live that can do that and beat Brown."

Ten minutes later Morgan rushed to a telephone and imparted the news that "nothing would suit Brown better than to take Moran's place against Wolgast on the July 4."

**AMERICAN POLO PLAYERS VICTORS**

**Defeated The English Challengers On The Meadowbrook Club Field Yesterday By a Decisive Score.**

Westbury, L. I., May 22.—America's "second best" polo team defeated the English challengers on the Meadowbrook Club field today by a score of eleven and a half goals to one and a quarter. The victory came to the amazement and delight of the American polo set, and some 300 society folks who witnessed the contest.

The Americans made 15 goals and the British army officers only 2. Two fouls for which the victors were charged half a point each, and two safeties a quarter of a point each, reduced the American score from 13 to 11 1/2. One foul and one safety against the Britishers reduced their score to one and a quarter.

The "next best four" of the United States comprised Louis Stoddard as number one, Rene Lemontagne, as No. 2; Fox Hall Keene, as No. 3, and Malcolm Stevenson as back.

For the victors the only excuse offered by their friends is that they did not use ten of their best ponies. Captain Cheap, who scored both goals, and Captain Lloyd played the best polo for their teams today. The pace seemed to be too fast for Lieut. Edwards and Captain Barrett, both of whom missed the ball frequently when carried at the extra fast clip set by America's next best four.

**HAITI MAY BE SCENE OF THE NEXT REVOLT**

Cape Haitien, Haiti, May 22.—The rebellion against the administration of General Antoine Simon, the Haitian president, continued in the department of the north. The minister of war, at the head of two thousand men, is encamped at Ouanaminth. Rebels attacking in small groups have occupied Fort Liberté, Perches, Valiere and Trou, though after seizing munitions of war and pillaging food supplies, they withdrew. The rebels took some prisoners whom they subsequently set at liberty after stripping them of their clothes. All communication with Fort Liberté, Perches, Trou and Valiere is temporarily interrupted.

The rebel method of operations indicates, it is feared, a repetition of the guerrilla warfare conducted against the government of President Salnave, in the sixties, which lasted for eighteen months, the length of Salnave's term as president.

Cape Haitien is quiet, but the people in the surrounding country are apprehensive of future trouble.

**AUSTRIAN EMPEROR'S CONDITION SERIOUS**

Goedoeles, Hungary, May 22.—Prof. Neusser whose arrival at the Royal Chateau here where Emperor Francis Joseph is sojourning caused some alarm, is satisfied with the emperor's condition that he today left for the Austrian capital. His majesty took a three hour walk in the park surrounding the chateau this morning and on returning received in audience Baron von Bienenitz, the Austrian prime minister.

Vienna, May 22.—Notwithstanding the reassuring official reports concerning the emperor's health there is a widespread feeling that his condition is less satisfactory than reported.

The news that Prof. Neusser had paid a professional visit to the emperor resulted today in a weakening of the Bourne.

**MONTREAL SOLDIERS TO THE CORONATION**

Montreal, May 22.—Montreal's Coronation contingent leaves tomorrow for London. The contingent is composed of the 4th, 5th and 20th Field Ambulances, the 4th and 15th Army Service Corps, the C. M. 2nd, and the 4th Field Company of the R. C. E. will also accompany the contingent tomorrow.

Capt. Oerlin and Sergt. Major Almon will represent the Duke of York Hussars.

A number of western militiamen were in Montreal tonight and attended the entertainments at the local armories.

**NEW PITCHER FOR MARATHONS**

Manager D. B. Damon has added another to his staff of pitchers. The latest addition is Frank Armbruster, of Philadelphia, who is expected to arrive in the city this morning. He will pitch his first game on Wednesday morning against the Canadian team of Montreal. The new pitcher is of goodly proportions weighing 150 pounds, and is 5 feet 11 inches in height.

**F. TONGE WON MOTOR BOAT**

The drawing for St. John Typographical Union motor boat was held last night in the union's rooms, in the Opera House. The lucky ticket-holder was F. Tonge, of the firm of Emerson and Fisher. The winning number was 2257.

**IS KNOCK-OUT PUNCH INJURIOUS?**

Fight devotees sometimes wonder, as they hear the fatal one-sixth of a minute tolled off by the referee's finger over the stiff form of a young and game little fighter whether the punch that sent him to the canvas into a state of insensibility will mar that boy's future career. Does it? Not always, but many times. One thing is sure, he is under a handicap for a long time afterward.

A knockout punch is inclined to injure the brain in the constitution of the most intrepid brawler that ever saw a glove. The memory of that clout on the jaw rattles in his brain for months. Ever after, until he regains confidence in himself, there is the ominous picture of that occasion when he lay helpless on the floor.

There is one case in which a knockout inflicted by an opponent did not spoil a fighter, Eddie Hanlon, the once great little coast lightweight, was not feared when Abe Attell poked him right into his facial framework in 'Trisco in 1900. A month afterward Eddie stepped inside the ropes and delivered the same kind of a dose to Joe Davidson in three rounds. The following month he won from Frankie Neil, and after that he pushed himself through the portals of the hall of fame by the splendor of his performing until Hat Nelson copped him at 'Trisco in 1904.

The knockout which Hanlon sent over on Davidson probably restored his faith in himself after Attell took it away. Perhaps that is the reason of his later successes. Davidson was not in Hanlon's class, but the victory drove away the vision of his previous defeat.

Young Corbett was a notable glove manipulator whose equanimity was not disturbed by knockouts. Jack Dempsey (not the Nonpareil) put the quietus on him in two rounds in 1906, and in July, 1901, Kid Broad, of Cleveland, banged him to sleep in four rounds. Corbett fought George Dixon the next month and beat him. In November the Denverite took a train to Hartford, Conn., and stopped the terrible Terry McGovern, winning the featherweight and lightweight championships. Corbett must have possessed a world of faith in himself.

A knockout any time in a man's career sometimes ruins him for life. Frank Erne was never much good after Terry McGovern stretched him in three rounds and took his title away from him. Rube Ferns came along soon afterward and put him away. So did Joe Gans. So did Jimmy Britt.

When George McFadden caught Joe Gans in the right spot in 1899, the result was that he was quickly put on the carpet. He was out again in a short time and went against the best men in his class. McGovern knocked him out in 1900, but this misfortune did not prevent Gans from later winning the championship.

Another instance of where a knockout didn't impair a man's goodness was when Billy Papke clipped Stanley Ketchel in 12 rounds in 1908. The next battle between the two, two months following, resulted in Papke's knockout, proving conclusively that the first sleep did not scare the wonderful middleweight champion.

### TALKING ABOUT VERSATILITY

Can St. John find a young woman to equal the record of this 16-year-old Minneapolis girl, Edith Marie Day. She is a finished pianist, a talented soprano and a gifted dramatic reciter. She is the daughter of O. F. G. Day, who was practically the discoverer of the direct primary system as first introduced in Minnesota.

### ONE MORE OF THE PIONEER WOMEN

Tells her suffering sisters to find Relief in Dodd's Kidney Pills

Mrs. Forrester had Rheumatism and other Kidney Diseases for two years, but Dodd's Kidney Pills made her well.

Dinamore, Sask., May 22.—(Special)—One more of the pioneer women of Saskatchewan, relieved of pain and suffering by Dodd's Kidney Pills, has given her statement for publication in order that other suffering women may profit by her experience. This time it is Mrs. John Forrester, well known and highly respected in this neighborhood.

"My trouble started from a severe cold," Mrs. Forrester states. "My sleep was broken and unrefreshing. I perspired freely at the slightest exertion. I had pains in my back and Rheumatism developed from which I suffered for two years.

"I do not need to tell you that I was far from being a well woman when I started to use Dodd's Kidney Pills. But now I am thankful to say my troubles are gone. I recommend all suffering women to use Dodd's Kidney Pills."

Suffering women can learn from the experience of others that the one sure way to health is to cure their kidneys, and Dodd's Kidney Pills always cures the kidneys.

### AN! HERE'S MIZZI!

Mizzi Hajos sounds Turkish but Mizzi claims to be of Celtic origin. Thousands of Americans are going to hear Mizzi sing next year in "The Spring Maid," when she takes the place of MacDonald's place in the musical on the road. All the folks who go to theatres seem to like Mizzi Hajos. Her voice is exceptionally fine and her beautiful blue eyes help to make her beautiful.

**NEARLY DIED OF STONE IN THE BLADDER**  
GIN PILLS SAVED HIM.  
513 James St., Hamilton, Ont.  
"Five years ago, I was taken down with what the doctors called inflammation of the bladder—intense pains in back and loins, and difficulty in urinating, and the attacks, which became more frequent, amounted to unbearable agony. I became so weak that I could not walk across the floor.  
My wife read in the papers about GIN PILLS and sent for a box. From the very first, I felt that GIN PILLS were doing me good. The pain was relieved at once and the attacks were less frequent.  
In six weeks, the Stone in the Bladder came away. When I recall how I suffered and how now I am healthy and able to work, I cannot express myself strongly enough when I speak of what GIN PILLS have done for me."  
JOHN HERMAN, 48  
GIN PILLS are sold at 50c a box for \$2.50. Sent on receipt of price if your dealer does not handle them. Sample box free if you write us, mentioning this paper. Money back if GIN PILLS do not give full satisfaction. National Drug and Chemical Co., Dept. Y, Toronto.

**TORONTO WAS BEATEN.**  
Montreal, May 21.—The Nationals defeated Toronto by a score of 9 to 6 in an exhibition game of lacrosse here yesterday. With the exception of Talonde, who has gone to Vancouver, they will have the same team in line as won the N. E. U. championship last year, and in the exhibition game, so far played, the French-Canadians have shown form that should put them again at the head of the league.

**Sewerage Tenders Close Today.**  
This is the last day for the receipt of tenders for the installation of the proposed sewerage system of the Parish of Lancaster.

### THIS IS THE LADY WHO WALKED ABOUT IN GREEN TIGHTS

MRS. WILLIAM E. CARTER.  
She amazed guests of the fashionable Bellevue-Stratford hotel in Philadelphia the other day by nonchalantly promading the corridors clad in green tights. She is a Virginia beauty, a descendant of President Polk, wife of a very wealthy Philadelphia, and has been presented at European courts.

When she alighted with a friend from her motor car and entered the big, brilliantly lighted lobby nothing unusual was noted. She wore a chic Persian hat and a long opera cloak. But as she strolled about the cloak became a trifle oppressive and she flung it open and back upon her shoulders and continued strolling. Her sang froid was decidedly piquant considering that in throwing open her opera cloak, she fell length of the green silk tights was displayed. The tights were of glossy silk and a vivid, if tempered green.

**MIXED DIET FIXED HER.**  
New York, N. Y., May 21.—Minnie Hopper, eleven years old, died yesterday at her home No. 217 Forest avenue, Ridgewood, Queens Borough, from ptomaine poisoning. The girl ate cucumbers and then a quantity of ice cream. She was taken ill soon afterward and Dr. W. S. Matthews, who was called, diagnosed the case as one of ptomaine poisoning.

**Here's a Home Dye**  
That ANYONE Can Use.  
MORE DYING has always been more or less of a difficult undertaking—Not so when you use

SAINT JOHN, TUESDAY MORNING, MAY 23, 1911.

## AS HEROES DIE.

No more pathetic record of suffering and heroism is comprised in the long and honorable annals of the North West Mounted Police than that contained in the short diary of Inspector Fitzgerald between January 27th and February 5th, 1911. Baffled in their effort to locate the trail across the Hard Wind Divide, the North West Mounted Police patrol were driven to retrace their way to Fort MacPherson in the depth of an Arctic winter, and with a scant 40 lbs. of flour and 3 pounds of bacon to sustain five men for a journey of 200 miles. The prospect was in itself enough to make the stoutest heart quail. They appear to have had a small supply of dried fish, which was reserved to feed their dogs. When this was exhausted each day saw the teams diminished by the necessary slaughter of one or more of the faithful animals, in order to sustain life in their remaining comrades in distress.

Soon the bacon and flour, weighed out with trembling hands from day to day, was exhausted, and the tale of remaining dumb brutes diminished one by one to feed the dying life of their human masters. Tents and caches were fallen in with, searched with feverish eagerness, and alas, found bare of any sustenance for human life. The old trails were filled up, unrelenting snows fell hour by hour, day by day, the frost king buried his invisible cohorts upon the heads of the devoted travellers with bitter persistence, wild life avoided their paths, the heavens above and the earth around were alike pitiless, and silent to every prayer.

Sickness followed on the trail of hunger and privation; sickness which could be alleviated by no physician's skill nor any kindly ministrations of proper nourishment. Mile by mile they wore down the long track that led to the only possible safety, and God alone knows how long it seemed to the foot-sore, frost-bitten, weakened men whose hope was hourly sinking. Then one fell by the way and another, and lay still in the lap of the white pitiless waste, where, as no human hand could reach them, the drifting snows wrapped them in winding sheets of spotless purity.

On and still on pressed the now almost exhausted survivors, 23 degrees below zero, 10 miles on February 2nd; 26 degrees below, 14 miles February 3rd, says the record, and out of the depths of their distress rose the heroic hope which breathes in the lines pencilled that day by Inspector Fitzgerald:—"We have travelled about 200 miles on dog meat and have still 100 miles to go, but I think we shall make it all right."

Alas for the gallant souls! February 4th brought 22 degrees below zero, with going very heavy and 8 miles traversed, and Sunday, February 5th, 48 degrees below, added eight miles further, and then, the end. Over that end the impenetrable curtain has been drawn, never to be rolled back. Only a torn piece of paper pinned to the clothes of the Inspector, with its 22 words, traced by dying hands for a mother whom he should never again see with the final words, "God bless all."

Faithful, suffering, heroic souls, rendered up on the altar of service for the country they loved, their names and their memory will be held in honor wherever the tragic and pathetic story of their sacrifice is told. They obeyed orders, they did their simple duty, and they delivered up their lives in doing it. For that we shall always honor them. But we cannot help asking if the circumstances warranted the risk, and we cannot help hoping that never again for so slight reasons, will human life be put to so severe and tragic a test.

## TRAINING FARMERS FOR CANADA.

An ambitious project for training young men of moderate means for agricultural careers in Canada has recently been given a practical start at Woking in England, and bids fair to be a success. Agricultural colleges and model farms Britain has in plenty, but the cost of tuition at these establishments places their facilities beyond the reach of the man, who, if he could, would forsake the pen for the plough. A recent visit to Canada convinced the Hon. Rupert Guinness that if the demand for efficient farm labor was to be met by Great Britain, some step should be taken whereby Britons could have an opportunity of going through a short, but comprehensive, course of training for a useful life in the Dominion.

Mr. Guinness has secured a 150-acre farm situated near his country residence, some two miles from Woking, has equipped it with all the latest appliances, and has placed it in charge of a gentleman who is an associate of the Ontario Agricultural College. In Mr. C. L. S. Palmer the experimental farm has a hard-headed, energetic manager—one whose experiences in many parts of the globe fit him eminently for a position such as this. In the course of six weeks the would-be emigrant will be enabled to assimilate, as far as British resources permit, Canadian methods and ideas of farm work. "But let it be clearly understood," said Mr. Palmer, in an interview, "that we do not undertake to teach farming in six weeks. That is, of course, a matter of impossibility. One cannot learn farming, Canadian or otherwise, in seven years. The practised farmer learns something fresh as each day passes."

There is sufficient accommodation for fifteen students, but three only are undergoing the course of tuition at the present time, two being 19 and the third 20 years of age. One of their number, who has been in residence but a single week, came from a London silk merchant's office. Clad in rough clothes and a blue jersey, and with bronzed face and wind-ruffled hair, it was difficult to realize that the young fellow with a pruning hook had once been a town-dweller. The other youth came straight from a well-known London bank, whilst the eldest of the three was formerly engaged on a poultry farm.

The men are up at 6 o'clock every morning. They breakfast at 6:30 or 6:45, put in a hard morning's work until 12, and are in the fields or barns from 1 o'clock until 6—recognized Canadian hours. In the case of young fellows who are leaving for isolated parts of Canada, a kitchen course is prescribed. "You would be surprised," said Mr. Palmer, in conducting a newspaper representative over the farm, "how extraordinarily little some young fellows know of the most elementary matters associated with farming." Mr. Guinness admitted that he felt hopeful as to the ultimate effects of

the scheme. "Young men," he said, "are going to Canada by thousands, but I am anxious that some attempt shall be made to send a class of men who are conversant, to some extent, with the features of the new life they intend adopting in Canada." The average uninitiated young fellow who went to Canada as a farm hand had, he said, an awful time. Very often he would fall into the hands of the least desirable farmer, who would utilize his lack of knowledge as a pretext for giving him a small wage.

Fifteen shillings weekly will be charged for board and lodging, laundry, papers and petty breakages, and every candidate will be expected to deposit with the farm manager sufficient to pay his passage to Canada, plus the minimum amount—at present £5—required to be shown to the Immigration Department of Canada as evidence of means. Candidates are likewise obliged to give assurances of their physical fitness.

## THE EARLY CLOSING BY-LAW.

The haste with which the Common Council passed the early closing by-law without debate and without consideration has roused opposition in several quarters, notably from the small store keeper who finds himself confronted with an arbitrary law in restraint of trade which he has some right to complain will seriously affect his business with no possibility of redress as long as it remains in force and unamended.

To add to the irony of the situation the early closing movement was not primarily intended to affect the little storekeeper, who employs no hired help, but was designed to give an extra hour or two of leisure to employees in the larger stores which could well afford to close at a stipulated hour and without injustice to anyone provided all stores of the same class and in the same line of business did likewise.

The little store on the side street is in a class by itself. Conducted by its owner, often a man or woman of advanced years or in straightened circumstances to whom every dollar is of importance, it interferes with no man's rights. To be compelled to close two or three hours earlier than has been the custom and lose the evening trade, which in some localities is considerable, is naturally regarded as a hardship.

The by-law shows no discrimination and should be repealed until such time as the act on which it is based, and which is only permissive, can be amended. If the object to be attained is to give a few hours extra leisure to those who need it, there should be no difficulty in making the changes necessary to that end without penalizing a worthy and hardworking class of citizens whose income is not any too large at the best of times.

## THE TRUTH WILL OUT.

An incident not without its amusing features is referred to by the Moncton Times in connection with the visit of the reciprocity speakers who were recently brought to New Brunswick by the Liberals. One of the speakers at Woodstock was Mr. Guthrie, M. P., and while at the enterprising Carleton county town he was given an automobile ride through a large section of the county.

In speaking afterwards of this ride he expressed the utmost pleasure at the signs of prosperity and thrift evidenced on every hand, and also his delight with the beautiful country. He was particularly eulogistic of the splendid highways, and stated that in rural Ontario they did not have roads that would at all compare in excellence with those he found in New Brunswick.

Mr. Guthrie was asked if he did not know that it was impolitic on the part of a Liberal to speak favorably or even fairly of the Hazen highways in New Brunswick; to which he replied that he knew nothing of our local politics and cared less, but he felt impelled to speak the truth and to compliment New Brunswick upon its excellent highways.

## Current Comment

(Montreal Gazette.)  
Senator Thompson, who is an appointee of the Laurier Government, says the construction of the projected St. John Valley Railway is necessary because, when the National Transcontinental Railway through New Brunswick was being built it was diverted from its proper route by political influences. The new road is needed, he says, to serve a settled valley, neglected by the National Transcontinental, which runs through an uninhabited, hilly country, with big trees and pusher grades. So the country is first called on to pay for the Government's mistakes and then for a new road to avert the consequences of the mistakes. It should be nearly time for the country to finish Laurier's work, and Laurier.

(Ottawa Free Press.)  
After the experience of the United States with the great trusts, the Canadian people have not viewed with comfort the introduction of the merger bill into this country. Given certain conditions, it is quite conceivable that the amalgamation of rival concerns is a good thing, eliminating the duplication of expenses and the waste of overhead charges. But if the merger is merely a scheme to enable clever operators to get rich quick by selling watered stock after skimming off the cream unbeknown to the buyers, we want none of it.

(Philadelphia Ledger.)  
The sixty thousand school children of Queensland must hereafter devote the first five minutes of the morning session to odontology. That is to say, in plain English, they must brush their teeth. The flat of the board of education has gone forth. Pretty soon, between taking baths, having the eyes examined, the tonsils removed and adenoids taken out, there will not be much room in the school course for the plain sewing and fancy laundering required.

(London Free Press.)  
There should be no affectation of surprise or indignation that the Government is using the taking of the census as a part of the elaborate spoils system. This is the admitted policy of the Government, and it will last as long as does the Government itself. Indeed, the existence of the Government depends largely upon its perpetuation.

(Boston Globe.)  
Mme. Nordica has sailed for Europe, wearing a hat that she trimmed herself. Her husband, who is a banker, says that he is proud of the achievement; and adds that the family is economizing these days. Still, Nordica any time could get a mighty good hat for a song.

(Hamilton Herald.)  
There was a great public uprising in Vercheres, Quebec, because the sign put over the local postoffice bore the two English words. This postoffice sign is also a sign of the times.

(Ohio State Journal.)  
The lame ducks are strongly in favor of the commission form of government, their only stipulation being that there be enough commissions to furnish 'em all jobs.

## 13 WEEKS IN HOSPITAL

Came Away No Better and Then Two Boxes of Zamb-Buk Worked Completely Cured.

Mr. Fred Mason, the well-known upholsterer and mattress manufacturer of St. Andrews, N. B., says:—"I had eczema on my knee, which caused me terrible pain and inconvenience. The sore pained, itched and burned and tingled, and when rubbed or scratched, would become very painful. I tried various remedies but got no better, so I decided to go to Montreal and take special treatment. I received treatment at the Montreal General Hospital for thirteen weeks, but at the end of that time was not cured, and almost gave in. A friend advised me to give Zamb-Buk a trial, and although I had little hope of it doing me good, I took the advice. Almost as soon as applied Zamb-Buk stopped the itching and the irritation. I persevered with the balm, and it was soon evident that my recovery was near. Each day the pain was reduced, the sore spots began to heal, and by the time I had used a few boxes of Zamb-Buk I was well and untroubled. For eczema, blood-poisoning, pimples, ulcers, sores, abscesses, varicose ulcers, bad leg, sore feet, blisters, insect stings, poison, wounds, cuts, burns, bruises and all skin injuries and diseases, Zamb-Buk is without equal. Zamb-Buk Soap should also be used for itching, sore, eczema, scratches and sores. All druggists and stores sell Zamb-Buk at 50c. box and Zamb-Buk Soap at 25c. per tablet, or from Zamb-Buk Co., Toronto.

## CORRESPONDENCE.

To the Editor of The Standard.  
Sir—As the concert billed for May 19 at the Every Day Club did not take place and as tickets were sold for that date, I beg to inform the public that a postponement was unavoidable and that they will be given an opportunity to hear the concert at a later date. It was not a fake to get money, but I was unable to be present at that date on account of work. I beg to state I want the people to get the worth of their money and prove to them that I mean business.

I will notify the holders of tickets through the press of the date and all tickets dated May 19 will be good when the concert is put on. Trusting this will satisfy all concerned and that they will put their confidence in me once again. I remain, yours respectfully,  
WALTER GRAY.

## THE EARLY CLOSING BY-LAW.

To the Editor of The Standard.  
Sir—I find in reading your valuable paper that there is some opposition to the early closing by-law which would lead a person to exclaim that "Man's inhumanity to man makes countless thousands mourn." Those people who oppose this law must forget that there are others in the business world besides themselves. Surely from seven o'clock in the morning till ten or eleven in the evening is too long a day for labor. Under that system of slavery life is not worth living for. A person should have a few hours out of the twenty-four, for as long as there are others in the world who are not so fortunate as to have Jack a dull boy.

Now that the tendency of the age is to take more pleasure out of life by seeking more recreation it is to be hoped that the citizens will give their hearty support and assistance to a measure which will give to a large number of people the same privileges which they themselves enjoy. Thanking you, Mr. Editor, for your valuable space,  
I am, yours very truly,  
GROCER.

## THE THREE GOLD BALLS

The History of the Emblem of Modern Pawnbrokers as Told in Interesting Old Legend and Story.

Hanging to the three gold balls which may be seen on Kansas City streets is the story of the pawnshop, for history has granted the pawnbroker a perpetual patent on the sign and it is his exclusively. In the verucular of the street the pawnbroker's establishment is variously known as "Tuck Sam's Place," "Miss Uncle," "The House of Lombardy," "The Lumber," "The Spout," "The Pop Shop," "The Soak Shop," "The Hook Shop."

The original of some of the appellations peculiar to the pawnshop is apparent, while that of others is obscure or untraceable. For years it was the custom of the pawnbroker to conduct his business in a building of two or more stories, so constructed that a spout or pipe ran from the eaves on the ground floor to the warehouse at the top of the house. The pledged articles were ticketed and "popped" up the spout to the warehouse, where they were returned down the spout to the shop.

This easily accounts for "up the spout," "the spout," and "the pop-shop." It also answers the way of "the soak shop" and "where the woodbine twined." The latter expression was invented by the notorious Pike in reference to a bonds hypochondriac on the water spout of country houses there is generally a woodbine growing. The pawnbroker was originally dubbed "the hook shop" or "the hook shop" ("My Aunt"), as this useful and accommodating personage was known to the French, because of the pretense that the money obtained by pawning was from a rich relative. One readily connects "the House of Lombardy," "the Lumber" and "to lumber" (meaning to rot) with Lombard merchants, but what of "in hook" and "the hook shop?"

It is worthy of remark that some of this verucular found a place in literature—"As to the other cloak and shawl, don't be afraid; they shan't go to the pawnshop,"—Lord Lytton, "Ernst, Maltravers."

"And that he meant to pop. It round at 'nucle's shop.' I never had it, but I have no doubt."—Song, "Many Capers I Have Seen." "He went one morning and spouted his watch to raise funds."—J. Wright, "Morning at Bow street." "The dog's snore, or to spout the college plate."—T. Hughes, "Tom Brown at Oxford."

"I hold it truth with him who says 'That money's 'tis as well to spend One's watch, and not to get it out 'Till after lapse of many days.'"—Bird of Freedom. "And his pockets, no doubt, being turned inside out. That his mouchoul and gloves may be put up the spout."

As for spoons, forks and jewelry, they were not taken so readily to the melting pot, but to well known places where there is a sign (spout) which your lordships may have seen in a pawnbroker's shop.—The Times.

There were three of these floors, and the spout from the top passage led to the topmost. On every floor was a sharp and active youth whose business it was to discover and send "down the spout" the ransom money.—Greenwood, "In Strange Company."

The two youths made a call and the watch was snatched by a pawnbroker and \$25 obtained upon it.—Daily Inter Ocean.

My money is out, my watch is at my Uncle Rothschild's, and I have nothing to pay with.—Joseph Miller, "Memories and Rime."

But why the three gold balls, and what their significance to the pawnbroker? An interesting legend runs thus:—In the town of Patara lived a certain nobleman with his three daughters, for whom he was unable to provide suitable marriage portions. This story reached the ears of the good St. Nicholas who delighted in the performance of innumerable acts of charity. His heart was stirred with pity for the unfortunate family and he immediately resolved to save the degradation which threatened it. It was a habit with St. Nicholas to perform his good deeds secretly, so he proceeded to the nobleman's house at night. As he reconnoitered and debated within himself how he might best accomplish his purpose, the moon appeared from behind a cloud and revealed an open window into which he threw a purse of gold.

This fell at the feet of the father of the maidens and he was thus enabled to portion his eldest daughter. The saint paid a second nocturnal visit to the house and bestowed a similar gift upon the second daughter. The father then determined to discover the mysterious benefactor of his family, but he might personally thank him, so with this object in view he set himself to watch. When St. Nicholas approached and prepared to throw in the purse of money for the third daughter, the nobleman caught hold of the skirt of his robe and throwing himself at his feet, exclaimed, "O, Nicholas! Servant of God! Why seek to hide thyself? But the saint bade him to inform no one of his timely act of charity. Because of this instance of munificence attributed to St. Nicholas, he is often represented bearing three purses or three gold balls, and it was this device, emblematic of the charitable saint, that gave origin to the three balls commemorative of the princely Medici family of Florence, Italy. The Lombards were the first great money lenders, and of the Lombards the members of the house of Medici were the first to engage in money lending as a regular business. They were, so to speak, the first pawnbrokers.

Swedish, His Life and Mission  
A lecture by Rev. C. Edgar Ritter of Springfield, Mass., on the above subject will be given at 183 Union street on Thursday evening at 8 o'clock (May 25). All those wishing to learn more about the great Swedish thinker are invited.

MEASURING WOMEN CURED DAILY

BY "FRUIT-A-TIVES", THE GREAT FRUIT MEDICINE. Few people realize the enormous amount of good which "Fruit-a-tives" has done and is doing today. "Fruit-a-tives" is curing hundreds of sufferers from Rheumatism, Neuralgia, and Chronic Headaches-hundreds of others who were almost frantic with Stomach Trouble, Indigestion and Biliary troubles-sufferers with Kidney and Bladder Irritation-many with apparently "hopeless" cases of Constipation, Nervousness and Skin Diseases. "Fruit-a-tives" will do the same for you, if you give it a trial. 50c a box, 6 for \$2.50 or trial size. 25c. At all dealers, or from Fruit-a-tives, Limited, Ottawa.

HUNTING AND FISHING EXPEDITIONS AND SUMMER SUPPLIES.

People will be now turning their thoughts to their special list for their summer hunting and fishing expeditions. Every article to go in the "Midget Larder" must be absolutely worthy of its place, otherwise it is sure to get crowded out by the article to take its place. The article to take its place at the top is surely Ox-Cubes. They are so extremely handy and each Cube is measured to be exactly the right size for a cupful, and moreover each Cube contains the right proportion of both its stimulating and nourishing properties of rich beef. The flavor is so delicious and the Cubes so satisfying that they may well be relied on to form the regular daily beverage when one is up country. Moreover they may be kept for an indefinite length of time. In taking Ox-Cubes with you you avoid all risks of breakage and all trouble of messy cans and bottles which were entailed by the old fashioned way of bottles and jars. A huntsman in carrying a tin of Cubes in his pocket is sure of delicious nourishing drink whenever he feels like it.

FUNERALS.

Mrs. Marjory Flinn. The funeral of Mrs. Marjory Flinn, widow of George Flinn, took place yesterday afternoon at 2:30 o'clock from the residence of her daughter, Mrs. J. K. Matson, 73 St. James street, West End. Funeral services were conducted by Rev. W. H. Sampson and interment took place in Cedar Hill cemetery.

Mrs. Julia Carney. From the residence of her daughter, Mrs. J. Martin, 713 Main street, the funeral of Mrs. Julia Carney, widow of Matthew Carney, took place yesterday morning at 8:30 o'clock. The remains were conveyed to Holy Trinity church where Requiem High Mass was celebrated by Rev. J. J. Walsh. Interment was made in the new Catholic cemetery.

Selathiel Carpenter. Selathiel Carpenter's funeral took place yesterday afternoon at 2 o'clock from his late residence, Manawagonish road, to Greenwood cemetery, where the remains were interred. Funeral services were conducted by the Rev. A. J. Archibald and grave by Rev. A. J. Archibald.

To Build Extension To St. Michael's. B. Mooney and Sons were on Saturday given the contract for the erection of the brick building which the nuns of the Good Shepherd wish to build as an extension to St. Michael's laundry. The building will have a 100-foot frontage on Rebecca street, and will extend back 40 feet, adjoining the other building in the rear. The basement of the building on Waterloo street is utilized for the laundry, and as soon as the new building is ready to be occupied the old machinery will be repaired and removed into the new building, together with a new boiler. The work of excavating was commenced this morning, and it is promised that this new building will be finished about September.

Militia Appointments. The Royal Canadian Artillery-To be Major: Captain E. de B. Janet, vice F. D. Lafferty, seconded, and Captain J. E. Mills, vice H. A. Pant, D. S. O., promoted, 1st May, 1911. The Royal Canadian Engineers-To be Major: Captain W. B. Lindsay, vice W. B. Anderson, seconded, 1st May, 1911. The Royal Canadian Regiment-Lieutenant-Colonel J. E. Chisholm is retaining rank, 30th April, 1911. The Royal Canadian Mounted Police-Brigade-Provisional Lieutenant T. E. Ryder is permitted to retire, 5th April, 1911. The 6th Regiment ("Carleton Light Infantry")-To be provisional Lieutenant: Mark Anderson, gentleman, vice provisional Lieutenant G. R. Tupper, who is permitted to retire, 1st March, 1911.

IN THE COURTS

Estate of Eliza Evans. Estate of Eliza Evans, widow of Lieut. Colonel John Evans. Deceased died intestate leaving five children, one of them resident in the United States. The remaining four, those resident within the province, petition in favor of the appointment of Percy B. Evans, of St. John, wholesaler, grocer, as administrator, who is sworn in as such. No real estate. Personal property, \$1,500. Barnhill, Ewing & Sanford, proctors.

Estate of Patrick Flynn. Estate of Patrick Flynn, carpenter. Deceased died intestate, leaving a widow, Catherine, six sons, John, Patrick, William and Frank, all carpenters, and Thomas, painter, each of the City of St. John, and Michael of Lepreau, carriage maker; and three daughters. The widow is appointed administratrix. No real estate. Personal estate consisting mostly of leaseholds valued at \$1,500. T. P. Regan, proctor.

Estate of Count R. Visart DeBury. Estate of Count R. Visart DeBury. Further hearing of this morning was made in the passing of the accounts of E. T. C. Knowles and T. P. Regan, the executors, and some progress was made in the adjustment of the accounts and the claim of Madam DeBury's estate against that of her husband. Further hearing adjourned until Thursday, 6th of June next, 11 a. m. Mullin, Campbell and Barnhill, Ewing & Sanford are the proctors interested.

County Court. Before Judge Forbes in the County Court yesterday morning in the case of the Robb Engineering Co. vs. Gilbert Smith, application was made by the defendants for change of venue to the defendant's home county of Sunbury on the grounds of convenience. The suit is for the collection of \$60 for material furnished and work done. The application was refused with costs. R. Trites of Bennett & Trites, of Sackville, appeared for the plaintiffs, and J. A. Barry for McMillan & Hughes, of Fredericton, who are acting for the defendants. Mr. Trites raised the point that the summons issued by Judge Forbes was not in the ground that notice published in the Royal Gazette giving him power to act during the absence of Judge Wells did not state the name of Judge Wells would be absent, which he said, was essential under the act. His Honor said he would consider the point.

Marr's Holiday Sale. An interesting event marking the eve of the holiday is the big sale of finishing touches to the gala attire, which opened this morning at Marr's as advertised on page 2. The four special lines, consisting of jewellery, all new, coral necklaces, barrettes and dainty silk ribbons, have been marked at "way down prices, which will move them out rapidly.

CONDITIONS ARE GOOD BUT RAIN IS NEEDED

W. W. Hubbard Says: May has been Very Favorable for Agricultural Operations - Rains are Needed Now. W. W. Hubbard, secretary for agriculture was in the city yesterday attending a meeting of the provincial board of health. Interviewed by The Standard he said that there had not been for many years a more favorable May for agricultural operations. Farmers, especially those who had done their plowing in the fall, were well started in cropping and in most localities the soil was in splendid condition for planting and sowing. "The continual dry weather," he added, "has prevented much growth of grass as yet, and in some cases perhaps the meadows have received a drying out that will seriously affect the hay crop, but speaking generally if sufficient rain comes in June, a dry May is a great advantage to proper preparation of a good seed bed for all crops.

In answer to the question as to whether a wet or dry season was best for the farmers of the province, Mr. Hubbard said emphatically, a dry summer for the majority of farmers. In fact he said with our winter snow and rainfall, a good farmer can raise good crops on most lands in New Brunswick without summer rains. Grass would suffer and grain, to some extent, but all clovers, root crops, potatoes and corn and vegetables will if the surface soil is thoroughly and ample moisture from the supply stored in the soil if that supply has been conserved by early and frequent stirring of the surface soil. If the land is harrowed, as soon as dry enough in the spring and the harrow used at least once a week until the crop is in and then again once a week during the summer there will be little cause to complain of insufficient moisture even with very little rain.

"Even grain can be harrowed to advantage after it comes up until it is 5 or 6 inches high. "If farming as practised in the American west upon land that does not have nearly the winter moisture supply that we do and where there is practically no summer rain is an eye opener as to what could be done here in a dry year.

"Of course from a forest and lumber standpoint droughts are disastrous both from the fire peril and the difficulty of bringing out the lumber cut but so far as agriculture is concerned the best crops of highest quality are had when the season is comparatively dry rather than when there is an excessive rainfall.

"Grass," he continued, "is not starting strongly either in meadow or pasture and the hay crop cannot now be a very heavy crop, but with a wet June it may yet be a fair average.

"Our best dairymen in pasture can be provided against by sowing crops, such as oats and peas, vetches, etc., and corn to provide for summer feeding. Our best dairymen in pasture some years followed this practice with profitable results.

Mr. Hubbard stated that preparations were well in hand for carrying out the list of meetings as announced in yesterday's Standard. An innovation this year was the taking up of the discussion of domestic sciences. This had been provided for at the request of ladies in different sections and following the example of what had been done in the province of Ontario and with a view to the organization of local women's institutes and associations. Referring to this work the Ontario President Croftman of the Ontario Agricultural College in a letter to the New Brunswick Agricultural Commission, said:

"It is my candid opinion that no movement in Ontario towards the improvement of rural conditions can at all compare with the work of the Women's Institutes. Starting as they did, just a few years ago, as an auxiliary to the Farmers' Institutes, they have grown and broadened until now they are touching thousands of farm homes and bringing more or less increased comfort to every one of them. They are not only putting women of the farms in a position to secure important and increased knowledge in the art of home-making and house-keeping, but they are taking the farm women out of themselves, as it were, and are giving them something to think about, to read about, and to talk about, that makes the otherwise monotonous work of the farm home a daily grind."

The Agricultural Commission strongly recommended that this work should be taken up in New Brunswick and accordingly a start is being made. Two expert ladies have been engaged for the work and it is hoped that the response will show that the women of the rural districts of the province approve of the experiment.

EMPIRE DAY IN THE CITY SCHOOLS!

The scholars in the public schools of the city will today celebrate "Empire Day" in patriotic manner with specially programmed of an interesting nature bringing to their minds the meaning and significance of the observance of the day. There will be two sessions in the schools and in most cases the programme will take place in the afternoon. In the High School a fine programme of choruses, readings, essays, and musical numbers has been prepared to begin at 2 p. m. The public is invited to attend. The programme is as follows: Selection, High School Orchestra; reading, "All Hands Round," Roy Willett, Grade IX.; chorus, "Canada," essay, "Social England in Shakespeare's Day," Miss Mary Linsley, Grade XI.; selection, High School Orchestra; recitation, "Hymn of Empire," Mary Hayes, Grade XI.; violin solo, John O'Leary, Grade XI and Reading, "The Flag," Harry McGuire, Grade X.

J. S. Myles, the principal, will preside and will deliver an opening address while His Worship Mayor Frink and Rev. A. A. Graham will also be heard in addresses to the scholars, bearing on the observance of the day.

To the Coronation. J. E. Wilson, M.P.P. and Mrs. Wilson, will leave for Montreal on Thursday evening next to take passage on the White Star liner Teutonic for England to attend the coronation festivities.

Good

tea is the result of care and experience in blending-must be the combination of fine flavor, smooth strength and richness. Because all these elements are so generously included in Red Rose Tea it well merits the term "good tea."

CLOSING STOCK LETTER.

By direct private wires to J. C. Mackintosh and Co.
New York, May 22.—Today's stock market opened active and higher and while the volume of transactions diminished as the session proceeded the standard list rose to new high levels for the present movement and retained the major part of the gains to the end.
Aside from fresh reports of excellent crop conditions in the spring wheat regions there was nothing new in the day's trading to account for the continued advance. It is clear, however, that the largest holders of stocks are unwilling to part with them at current levels and that the short interest will considerably be reduced during the past week is nevertheless still of large proportions. Reports from the leading lines of business report a distinctly more cheerful feeling even if these revisions have as yet resulted in no measurable revival of trade.
It is better, however, that business should proceed in a gradual and orderly manner. There is nothing to add with respect to present conditions and prospects to what has been frequently outlined during the last week and the outlook is still for a higher level of prices.

CLOSING COTTON LETTER.

By direct private wires to J. C. Mackintosh & Co.
New York, May 22.—The reaction in the market last week appears to have been sufficient to convince the bull interests that a cumbersome scattered long account had been liquidated and bull manipulation was accordingly resumed this morning. Representatives of the clique had little difficulty in forcing a substantial rally in the near months and a large scattered short interest in the distant positions helped the latter options in the advance. There was no fresh news upon which to predicate the general strength but reports of damage from drought in the "Caribbean" the better upon the present market and the falling off in local certificated stocks to below 100,000 bales naturally featured in bullish gossip. General crop news of business favorable but the bull interests profess to be unconcerned about the promise of 13,000,000 bale crop or better, relying upon the present strong statistical position, the larger consumptive requirements of the world and last but not least the large and apparently increasing short interest in the distant options to sustain the price. To all appearances the position of the clique is well fortified and the outlook is for still higher prices, especially in the summer months.

CANADIAN NEWS NOTES.

By direct private wires to J. C. Mackintosh & Co.
Montreal, May 22.—One of the reasons for the rise in Power and Shawinigan stocks today was the news that the Shawinigan's new transmission line will be delivering power by Oct. 1. This is earlier than expected. Hollinger, which closed at \$112 1/2 bid on Saturday, sold as low as \$11.70 today on the news that fire had destroyed the plant.
"it might have been worse," said Mr. Henry Timmins this morning. "The loss may go as high as \$125,000 but we do not mind that so much as we do the delay. The fire, I suppose, will put us back three months or so. Fortunately the new compressor plant escaped."
E. A. Robert, vice-president of the Can. Light and Power Co. confirms the report today that his company had purchased the Central Heat, Light and Power Co. which was started some years ago by the late S. Cars. The purchase price was said to be in the vicinity of \$500,000. Mr. Robert said that the purchase would enable the Can. Power Co. to at once begin distributing power in the central district of Montreal.

MARKET IS STILL ON UPWARD TRACK

New York, N. Y., May 22.—The forward movement in the stock market which was interrupted late last week was resumed today. During the greater part of the session, prices ruled well above the final figures of last week, and the market exhibited considerable strength, although late in the day gains were cut down materially. An unusually large volume of buying orders accumulated over the week end, and the demand was sufficient to cause material advances at the opening. The reports of crop prospects were quickly recovered, and the continued demand forced prices upward gradually. Realizing sales were resumed, commission reports of crop prospects steadily, but the market's buying power was good enough to upset the calculations of bear traders, who expected that the reaction of Saturday would be extended today. When the advance had reached a point or more for a majority of the better known stocks, the demand slackened somewhat, and at the same time more stocks were offered at higher prices. The advance was halted and in the last part of the day the market fell back slowly.
Reading was the leader in the early part of the day when the market was strongest, and rose to within a small fraction of its highest price of the year, reached several weeks ago. The grain carrying roads, especially the Hill group, were helped by the continued reports of crop prospects, and were in unusually strong demand. Western Union continued its recent rise, and the car equipment stocks, including American Car and Foundry, American Locomotive and Pressed Steel Car, were marked up on account of the benefits in the way of increased business which these companies are expected to enjoy in the near future. Missouri Pacific was under pressure and fell back sharply. U. S. Steel advanced, news reaching that the stimulus to the industry which was predicted as a result of the Standard Oil decision thus far being only sentimental. Manufacturers, however, report a better inquiry, especially from the railroads and substantial increase in bookings is looked for. The same optimistic view prevailed among western railroad officials, according to Chicago advices, which state that traffic is being well maintained. April railroad reports which have been awaited with unusual interest, report a continuation of the high valley being the first important system to submit its statement. The report showed a decrease of \$18,000,000 in gross revenue, but of the same amount in net, operating expenses showing little change.
Sale of a block of Hudson and Manhattan railroad bonds in London, especially reports from Paris of the continued purchase of American railroad bonds for investment account indicated that the foreign demand for American securities was still keen.
Further sale abroad will be made in connection with the forthcoming financing by the U. S. Government. European markets were quiet today. Apparently there was no outside demand for the \$3,750,000 South African gold which was in the open market today, and the bulk of it was taken by the Bank of England at the minimum price.
The bond market was firm. Total sales, but value \$4,125,000; U. S. bonds unchanged on call.

NEW YORK BANK MESSANGER.

Who Lost \$10,000 Note Tells Tall Story When Arraigned in Court

HAD A "SPELL" LOST BIG BILL

New York, N. Y., May 22.—Benison Lang, the yearling bank messenger, who is charged with stealing a ten thousand dollar bill entrusted to him to deposit for Hornblower and Lake Copper yesterday, before Justice McCall and a jury, that he had been discharged from several jobs before going to Hornblower and Weeks because he was slow. He explained on cross-examination that he got up early enough but "took too much time dressing."
Witness for the state told of the delivery of the ten thousand dollar bill to the messenger on the morning of Feb. 4, 1910. John Gallagher, an employee of the bank, said he warned the boy to be careful. Other witnesses said the boy seemed excited over his possession and showed to the elevator man and others whom he knew. He showed it to a friend named Ashley, who remarked that he had never seen such a bill before and that he planned the bill from the page of the passbook.
Aaron J. Levy, counsel for the boy, said the young man was subject to nervous attacks, and it was while he was suffering from one of these attacks that the bill was lost.
"You never had a 'spell' at any other time when you had bills of the denomination of \$5 and \$10?" Assistant District Attorney Nott asked.
In reply to questions the young man said that he was a runner, and had a record of thirty-five minutes for running around Central Park. He said the physician advised him to take some physical exercise to build himself up.
He showed the bill to the elevator man and others to satisfy their curiosity, he explained. He showed it to all the street peddlers, and one of them took the bill and put it in his pocket,

The Carriage and Automobile Business is One of the Most Successful in the World

And Bond issues of these Companies meet with ready acceptance on the part of discerning investors, provided the securities are of established value, and the earnings well in excess of interest requirements.

Carriage Factories, Limited

measures up to this standard. Its earning power and stability, as well as the efficiency of its management, were abundantly demonstrated by the last published statement, which showed the bonds were strongly secured by assets valued at 3 1/2 times the amount of issue, and an earning power of 5 to 6 times the interest charge. Denominations—\$1,000 and \$500. Price, Par and Interest. Yield 6 p.c.

## Boston Women Wrestle- New York Fair Ones Do Not

ILLUSTRATING THE HAMMERLOCK AND QUATER NELSON, WHICH BOSTON WOMEN SAY MAKE FOR GRACE AND STRENGTH.

Some Boston women advocate wrestling as a road to grace and robustness. New York women are opposed to the sport and if Gotham's physical culturists can prevent it, it's women will not trail the Hub's daughters.

Jack Cooper, who made Warren Barbour amateur heavyweight champion and instructed New York's so-

ciety women who were affected with the athletic bug, says "Women must not wrestle."  
"Women," says Cooper, "must not train like men. If they do their figures will become mannish. Their muscles will bulge and they will lose that grace which is woman's chief attractiveness."  
"Women must train in curves. They must arrive at lines of grace as a racehorse does, not flatfooted like a man. Wrestling and boxing will throw a woman's muscles out of proportion to her frame. Many have tried both, but were glad to overcome the results."

## ACADIAS DEFEATED ST. JOHNS

Last evening on the government grounds the Acadias defeated the St. Johns on Fort Howe Stars by a four-run game by a score of 3 to 2. The Acadias showed their supremacy over the St. Johns from the first, and easily earned their victory. The batters were: For the St. Johns, Totten and Britain; and for the Acadias, Brison and Kennedy. Fred Northrup umpired. Any arrangements for games, etc., can be made with Mr. Kennedy, captain, or Mr. Steen, the manager. Many reports have been made about the Acadias not being in the class with the St. Johns, but last night proved they were a classy bunch of boys.

## HOODOO WENNER DETERMINED TO WIN OUT THIS YEAR

"If Michigan had a few more 'Dutch' Wenners she would be unbeatable in almost everything; unbeatable if dogged determination and splendid fighting spirit would win," said one of the Wolverine trainers. Wenner is the highest type of athlete, although he has failed to "make good." Hard luck has held him from the ranks of letter men twice, although he was far up in front. The winter of '08 Michigan had varsity basketball. Wenner was barred because it was his freshman year, although he was the best player on the campus. They haven't played basketball since, so he lost his chance to win an "M."

The next fall Wenner was out for football. He looked good, but the faculty got him on a technicality, so he had to wait another year. Last fall he showed up for practice, but was injured. He had shown variety calibre, but he limped for months and again lost his "M."

"DUTCH" WENNER, a brilliant student and is expected to accomplish wonders for Michigan athletics this year.

## ST. PETERS WON FROM THE F.M.A.

In the opening game of the Inter-society league last night the St. Peters triumphed over the F. M. A. by a score of 8 to 4.  
The game was attended by a fair sized crowd, and though it was the first of the season proved quite interesting and exciting at times; and the play was marked by a lot of heavy hitting on both sides and good fielding. The opposing pitchers, Hargraves and Quinn did good work.  
H. Donovan was umpire and the lineup of the teams was as follows:  
St. Peters Catcher F. M. A.  
Starkey, .. . . . F. Hazel  
Quinn, .. . . . Hargraves  
Wilson, .. . . . C. Hazel  
E. Harrington, .. . . . McGuire  
McGlohan, .. . . . C. Hazel  
Wilson, .. . . . J. Hazel  
McCarthy, .. . . . Myers  
Hansen, .. . . . White  
T. Tracy, .. . . . J. Lynch  
J. Tracy, .. . . . J. Harrington  
Tonight's game will be between St. Michael's and Holy Trinity.

## E. ST. JOHN WON FROM THE ROSES

East St. John defeated the Roses in a lively game of baseball last evening, by a score of 4 to 3. Stirling was in the box for East St. John. Beckwith pitched four innings for the Roses and Pinney took his place in the box. A feature of the game was a three bagger made by Stirling. C. Alexander did great work catching for East St. John.  
The teams follow:  
East St. John Catcher, .. . . . Stewart  
C. Alexander, .. . . . Beckwith  
Stirling, .. . . . Pinney  
McManus, .. . . . First Base.  
Myles, .. . . . Second Base.  
Elliot, .. . . . Third Base.  
Willis, .. . . . Short Stop.  
Cromwell, .. . . . Left Field.  
Carney, .. . . . Centre Field.  
Titus, .. . . . Right Field.  
Umpires—Andrews and McHugh.

## AMERICAN FIGHAER SUCCESSFUL IN HIS BATTLES IN ENGLAND

This husky young man, Eddie McGorty, has the number 10 on his fish middieweights. He hurried defiance at Champion Jim Sullivan until he grew weary and then packed his trunk for the United States.  
McGorty erred in England. He took on heavies and knocked them out while waiting for Sullivan. The performance shocked Sullivan and he wished whenever anyone uttered McGorty's name.  
Among the exploits of the American was knocking out Jerry Sunshine, one time pretender to the British heavyweight title, who outweighed McGorty 50 pounds. He outpointed Pat O'Keefe, a light-heavy and moved up several less important ones.

## IMPERIALS WIN IN YORK CO. LEAGUE

Special to the Standard.  
Frederick, May 22.—The Imperials kept up their winning streak in the York County baseball league tonight, winning from St. Dunstan's team by a score of 6 to 4.  
There was a general shake-up in St. Dunstan's team. Brogan, who was with the St. John Clippers last year, pitching against McLean, who has yet to lose a game.  
Three players arrived from Boston today for the baseball club. They are Pitcher Conley, late of Lynn, Catcher Lewis, late of Lawrence, who was sought by the St. Stephen team. Two more men will arrive tomorrow night. On Victoria day the Calais team will be here for two games, and on Friday the Montreal Canadians will play here.

## TWO MEMBERS OF THE CANADIAN BALL TEAM

BEAUDOIN AND LAUZON OF MONTREAL CANADIEN'S OUTFIELD.

Everything looks bright for a grand opening of the baseball season tomorrow when hundreds of people will see two lively games of ball on the Shamrock grounds. In the morning the St. Johns will battle with the Marathons, the game commencing at an o'clock.  
In the afternoon the Marathons will have a fast game with the Canadians of Montreal.  
The grounds are in excellent shape. Rolling and draining has been carried on with such good effect that after a few final touches the diamond will be in first class condition. Five hundred loads of cinders have been hauled on the grounds and the approaches.  
The pavilion at the entrance has been repaired and painted.  
The old grand stand can scarcely be recognized so great are the additions and repairs made in this quarter. Double the space has been provided by building a large extension on the western end of the structure. Space has been provided for refreshment booths at one end of the stand. In front of the stand are six boxes for private use and which will seat about thirty and on the opening day these will be occupied by Lieut. Gov. Tweedie and his staff, as well as the Mayor and members of the Common Council, who will attend as guests.  
The whole structure will be painted a dull red.  
To the left of the grand stand on entering, two rooms for players have been fitted up and every convenience added.  
One of the features will be the addition of advertising signs which are erected on piling driven into the ground at regular intervals clear around the grounds. Already space on twenty of these large signs has been contracted for and when the others are sold they are expected to serve the double purpose of providing income and of preventing the dead-ends from seeding the games from the surrounding hills. An up-to-date score board in deep centre field directly facing the grand stand is also a desirable feature.  
Before opening it is expected that the old fence surrounding the grounds will be whitewashed, thus improving the general appearance and bringing out very plainly the diamond and the players in their bright uniforms.  
Tomorrow the teams will drive to the grounds in buckboards headed by a brass band and it is the intention of both local organizations to put up the best of ball.  
The Canadians of Montreal will arrive in the city tomorrow morning and one big day of fast ball is expected.

## THE CITY BOWLING LEAGUE

There were four games in the city championship series on the Victoria alays last night. The Royals defeated the Stars by a fall of 125 to 117. The Beacons won from the Owls with a score of 117 to 115. The Red Wings were victorious over the Kickers with 113 to 115, and the Royals won from the Athletics by 125 to 127. The individual score was as follows:  
Stars  
Morrissey, .. . . . 77 86 72 235-781-3  
Nugent, .. . . . 78 85 73 232-771-2  
Murphy, .. . . . 85 74 76 235-781-3

Sullivan, .. . . . 90 83 102 274-911-3  
438 422 427 1287  
Tonight's Games.  
At 8 o'clock—Beacons vs. Red Wings; Swoops vs. Royals.  
At 9:30 o'clock—C. B. B's vs. Red Sox and Blue Sox vs. Athletics.  
409. Ty is the first major league player to get 50 safe hits, and he was followed on Saturday by Jackson, of Cleveland.  
Harry Lord, of the Chicago White Sox, has jumped into fifth place with the average of .381. He has been hitting all the eastern leaguers, including all the eastern pitchers, as has Jimmy Callaghan and Matty Melnyk, who made large gains last week. These three men are practically responsible for the high standing of the White Sox this year.  
Boston this week is represented by four men in the honor class: Engle, Speaker, Gardner and Nunnemaker.  
Earl Gardner, Jack Knight's understudy at second base, of the New York Highlanders, is batting strongly, so much so that it is doubtful if he will be benched when Hal Chase returns to the team. Though Jackson, of the Cleveland, lost a few points, he ranks well up with the leaders and is hitting consistently.  
Milan, of the Washingtons is the best batsman on that team. For the past few weeks he and Elberfeld have been running neck and neck for the team's batting honors. Last week Elberfeld had the big slump, while Milan got hits every day and pulled away from his rival, Almsmith and Schaefer are other Washington players in the honor class.  
George Mullin and Ed Walsh stand so far as the hitting pitchers in the league. Both are in the 300 class and have been holding on well for the last few weeks.  
St. Louis has three representatives among the big hitters, in Jimmy Stephens, Paul McLean, ex-White Sox player and Jimmy Austin, ex-Highlander. The averages:  
G A B R H A V  
McInnis, Phil., 24 39 22 41 461  
Collis, Phil., 26 99 17 44 444

THE WEATHER.

MARITIME—Easterly winds mostly fair but local rains. Toronto, May 22—Great heat continues in Ontario east of Lake Huron and in western Quebec and has extended into the Maritime Provinces. In northwestern Ontario the weather is cool and rainy and in the western provinces it is moderately warm with local showers. Minimum and maximum temperatures: Victoria—48, 50. Vancouver—48, 50. Kamloops—40, 56. Edmonton—30, 58. Battleford—34, 60. Moosejaw—34, 53. Winnipeg—42, 70. Port Arthur—48, 50. Parry Sound—42, 56. London—43, 81. Toronto—64, 90. Ottawa—64, 90. Montreal—70, 82. Quebec—62, 80. St. John—48, 70. Halifax—56, 88. Lower Lawrence and Gulf—Easterly winds and mostly fair.

AROUND THE CITY

Will Not Publish Tomorrow. Tomorrow, Victoria Day, The Standard will not be published.

County Temperance Federation. The County Temperance Federation meets this evening in Christophs hall, Union street at 8 o'clock. Reports will be received and important business transacted.

A Testimonial From the Bishop. Gordon C. Allan has received a token of appreciation for his nine years' service in the choir of Trinity church from Bishop Richardson in the form of a handsome prayerbook, which also contains the new hymns of the church. On the flyleaf his lordship has written: "In recognition of many years' service in the choir of Trinity church, St. John."

Press Men At Tea. An enjoyable gathering took place last evening when a number of representatives of the press were the guests of J. S. Vincent, at an informal tea in his new tea room, Germain street. Though he has been located in his premises but a short time, Mr. Vincent has established a large patronage. His cafe is most attractive and he is ready to cater to the demands of his patrons.

Grand Division S. of T. The Grand Division of the Sons of Temperance of New Brunswick will meet in Loyall's Division hall, Paradise Row, on Wednesday evening. On Thursday the Grand Division will hold a business meeting in the afternoon, and there will be a mass meeting in the evening. Among the speakers will be Rev. G. A. Lawson of Moncton, M. W. P., of the National Division, and E. S. Hennigar, W. P., of the Grand Division of N. B. Many important matters will be dealt with at the sessions of the Grand Division.

The City is Cleaner. Some of the Board of Health officials, who are now inspecting the backyards, report a decided improvement in districts where the landlords have been obliged to put an improved sanitary convenience in the houses. One inspector said he was thunderstruck at the change for the better in some of the backyards he visited. There are, however, many districts where the condition of the backyards is bad. The Health officials anticipate some extra work in getting things cleaned up this spring, owing to the closing of the east end dumps.

C. M. B. A. Assembly. Keith's Assembly members presented an animated scene last night when the members of Branch 134 of the C. M. B. A. celebrated the twenty-first anniversary of the establishment of the branch in the city. The assembly was one of the most successful that the society has given and the evening was an enjoyable one. The entertainment consisted of dancing, and a conversation. An orchestra was in attendance and furnished music for a lengthy dance programme. Refreshments were served and the assembly which was brought to a close shortly after midnight, was voted an unqualified success. The chaperones were Mrs. R. J. Ritchie, Mrs. M. Ryan, Mrs. R. J. Walsh, Mrs. D. J. O'Neil and Mrs. W. J. Magee.

Regulations for the Park. A meeting of a committee of the directors of Rockwood Park was held yesterday afternoon, George S. Fishen in the chair, at which a resolution was passed forbidding the entering of motorcycles into the grounds of the park. It was thought necessary to enact this by-law, as it has been found that this class of vehicles is as great a source of danger to timid horses as is any other. A regulation was also put in force to the effect that dogs not under leash found in the Park shall be impounded. Recently some owners have taken their dogs into the Park, forgetful of the regulation providing against their so doing, when not under leash, and the enactment of this regulation is for the purpose of trying to put a stop to this practice. The policeman has been instructed to carry out this regulation.

A Suggestion For Business Men. Quite a number of the immigrants who have come into the province are sending for their wives and families. As many have to earn the money to bring out their families it is suggested that some of the business men of the province might follow the example of the business men of Winnipeg and put up a fund to be devoted to the work of bringing out the families of men who are making good. In Winnipeg the business men put up a fund of \$30,000 for this purpose. It is administered by an agency which brings out the wives and families of deserving men, when given satisfactory assurance that the man so aided will be able to reimburse the agency for its outlay. In this way much good is done, and the fund serves to bring out hundreds of families much sooner than they would otherwise come, to the general advantage of the business community.

Attention is directed to the advertisement elsewhere in this paper calling for tenders for supplies for coal for the various civic departments. Mr. and Mrs. H. G. Marr left last evening for Montreal and Toronto.

M'ARTHUR INQUEST RESUMED LAST NIGHT

Deceased's Father and Guard Beckett Gave Evidence and the Hearing was Adjourned Until Thursday.

The inquiry into the death of William McArthur, Jr., was resumed in the police court last night by coroner E. Berryman. William McArthur, the father of the deceased, was the first witness and testified that when he heard that his son was ill in the county jail he called on Dr. James Christie, who told him that if the boy was not well in two or three days he would see the magistrate and get him out of jail. Witness did not get any word from the jail officials that his son was ill.

"I asked Turner, Clifford: 'If my son was dying would you send me word,' and Clifford said: 'No, I would not.'" The first word witness got of his son's illness was from a man named Waugh, who had been liberated from the jail. Witness called at the jail but was not permitted to see his son. He later got a permit and saw the boy, who was all crippled up. Witness learned from another prisoner named McDonald that his son Willie had been tied to a post while out with the chain gang. When asked about it, witness said his son stated that he had been tied up about three hours and that the wind was blowing and it was very cold at the time. The boy said he did not wish to complain about it, because if he did he would be placed in the black hole and that person had been punished enough now. Witness did not see his son again until a couple of hours before he died in the General Public Hospital.

The father cried while giving evidence of his conversation with his dying son, who said, "Do you think I'll pull through, papa?" and witness replied, "Well you may, Willie, but trust in God anyway." The boy then replied "I'm being murdered through spite, papa, God have mercy on me. Those were the last words the unfortunate boy spoke. The boy was 21 years of age. To Mr. Mullin, witness said his son was in good health when he went into the jail. While in jail witness supplied his son with warm clothing. Witness said that Turner Cunningham was kind, but he could not see the same about Clifford, who told him his son was sick and would not allow him to see the boy. Clifford also said that no person was supposed to take tales from the jail.

Witness said that on the day his son was tied up to the post his clothing was full of vermin. To Mr. Kelly witness said his son had no trade and no steady employment. Witness had offered the magistrate eight dollars to liberate his son but could not get him out of jail as he was in on two fines. Rev. Mr. Robinson stated he was going to try to get the young man out of jail. The coroner stated that any person who wished to give evidence might do so and William Beckett, one of the hard labor prisoner guards, took the stand.

He stated that on April 12th McArthur was not able to do his work breaking stone and complained of a pain. Witness had given the prisoner food from his own lunch. He had trouble with McArthur who had a bad tongue and had to be punished for being impudent. Witness said told Guard Bowler to handcuff McArthur to a post and received that authority from Deputy Sheriff Rankine now deceased. The coroner stated that any person who wished to give evidence might do so and William Beckett, one of the hard labor prisoner guards, took the stand.

THE PROVINCIAL BOARD OF HEALTH

Two Meetings Held Here Yesterday when Revised Regulations were Considered—Sewerage Extension.

The Provincial Board of Health held two sessions here yesterday, most of the time being occupied in going over the revised regulations and getting them in shape for the printer. In accordance with a recent provincial enactment applications were received from the city of Moncton asking permission to put in an additional water supply and extend the sewer system. The board approved the plans and specifications sent in with the application and decided to grant the necessary permission. A similar application was received in connection with the desire of the Parish of Memegans to install a sewerage system and this also was approved. The board spent a part of the afternoon session and some hours in the evening going over the regulations and bringing them up-to-date and making them so far as possible uniform for the province. All the members of the board except Dr. Sprague of Woodstock and Dr. McManus of Blackville were present.

See F. A. Dykeman & Co.'s advertisement for special announcements regarding goods for holiday wear. Kirk Brown, his mother, Mrs. J. A. Brown, and his aunt, Mrs. Dittmase, are guests at the Royal during Mr. Brown's engagement in the city.

WILL ASK REPEAL OF EARLY CLOSING LAW

Largely Signed Petition of Shopkeepers will be Presented to Council at its Meeting on Thursday.

The storekeepers who are opposing the early closing by-law intend to present a largely signed petition asking the council to repeal the by-law, or extend the time of closing to 8 o'clock at the special meeting of the council on Thursday. The promoters of the petition say a large delegation will attend the meeting when the petition is presented. It is present from the early closing association to defend the by-law.

AN ELOQUENT LECTURE BY REV. DR. MCKINNON

The Patron Saint of the Emerald Isle Furnished Theme for an Able Address Last Evening.

"The Patron Saint of the Emerald Isle," was the subject of the lecture delivered by Rev. Principal McKinnon in St. Andrew's church last evening. The lecture was attended by a large audience and was heard with much interest.

The subject treated by Rev. Dr. McKinnon last evening has been dealt with many times, but scarcely has the theme been handled in such an able manner, the speaker combining instruction and entertainment, and interspersing his remarks with a generous amount of humor. Referring to the life of St. Patrick, the lecturer stated that though the birthplace of the saint is obscure, there is proof abundant that he was born in Scotland. But though the land of the thistle claims him, the life of St. Patrick is distinctly Irish.

There are two St. Patricks, the speaker pointed out, the real St. Patrick of the fourth century, and the one created by legend. The people of the Isle in their efforts to honor St. Patrick had surrounded him with legend until the simple, apostolic man had lost all semblance to the real saint and the latter was obscured by the legendary St. Patrick. The Rev. Dr. McKinnon then traced the history of the legends which surround the life of St. Patrick, and by comparing religious that these legends too often are of a nature disparaging to the real life of the patron of Ireland. At the close of the lecture a hearty vote of thanks was moved by C. B. Allan, and seconded by Dr. Bridges, was tendered the speaker by Rev. David Lang. Prof. D. A. Auger and Segemmer on the organ, and Fred McKean in a solo, contributed greatly to the enjoyment of the evening.

OF IMPORTANCE TO THE N. B. DAIRYMEN

It is Most Essential to Provide Proper Summer Food for the Cows Says W. W. Hubbard.

"For the New Brunswick dairyman" said W. W. Hubbard yesterday, "there is nothing of greater importance calling upon his attention than the securing of ample summer fodder for his cows."

"The present day period should be remembered enough of what may be in store for the dairyman if he fails to store his summer fodder crops of some kind to be cut when needed for summer feeding. Those who have not already done so and who would like to realize profits from their cows should lose no time in sowing peas and oats or vetches and oats in a place convenient to cut and haul to the stable. A sowing now at the rate of an acre for eight cows, another sowing before the 10th June at the same rate, and as soon as possible the planting of an acre of corn for each eight cows, should supply those cows with an abundance of succulent food until October. If the pastures should be unusually good and this supply is not needed it can be allowed to ripen or can be cut green and cured for winter feeding. In connection with summer feeding the growing of red clover and alfalfa is also of great value. The man today (23rd May) who has a good patch of alfalfa has the satisfaction of seeing a thrifty growth of the most nourishing fodder plant that grows standing from 12 inches to 15 inches high and ready to cut early in June, and ready again early in August and with a third crop later. The growing of alfalfa has been demonstrated as not only possible, but as entirely successful at many places throughout Kings county, at Chatham, in Northumberland, at Burton, in Sunbury, at Woodstock, and at Carleton Place, Ontario. Now is a good time to sow from 20 to 30 lbs. of northern green alfalfa seed to the acre on good clean land. The seed should be treated with nitro culture or soil from an already established plot may be sown at the rate of about 300 lbs. per acre. C. W. McDonald, dairy superintendent, Sussex, N. B., who has been largely instrumental in the starting of alfalfa growing in New Brunswick will be pleased to either supply nitro culture or give information where it can be best procured, or he can arrange to ship impregnated soil. Clover, alfalfa, corn and fodder crops for summer feeding are an essential part of dairy farming and, in fact, profitable stock raising of any kind in New Brunswick."

Painless Dentistry. Teeth filled or extracted free of pain by the celebrated "HALE METHOD." All branches of dental work done in the most skillful manner. BOSTON DENTAL PARLORS 527 Main Street. Tel. 653 DR. J. D. MAHER, Proprietor.
