CAPESTON PIER'S DESTROYED AT LOSS OF \$2,000,000

C. P. R. COUNSEL ARGUES RAILWAY'S RIGHTS TO PROFITS MADE

PRICES DROPPING OF DOMINION AS CAMPAIGN TO CUT LIVING COSTS PROCEEDS

Further Declines Throughout Canada Are Expected — Labor Department Believes Reductions Are Real Beginning Toward Downward Movement to Pre-War Levels—American Cities Waging Similar Campaigns.

Ottawa, Sept. 30.—Canadian Press.—Further declines in the cost of living throughout Canada are to be expected. A statement from the Labor Department today says that the decline in prices already noted appear to be the beginning of a downward movement in the United States were found to have fallen 4 per cent, the decreases being pronounced in woolen clothing, while woolen goods, shoes, houses and miscellaneous undergarments dropped slightly, but cotton goods, hosiery, knit underwear, shirts and overalls, gloves and hats advanced. The great cuts announced for the overall and the campaign appear to have been chiefly in seasonal goods, and due to the late springing of the campaign.

The increase in cost of living in the United States, reported from time to time by the bureau, is closely in line with the average with the department of labor as to the increases in Canada.

SOLVE HOUSE SHORTAGE.

New York, Sept. 30.—The nation-wide housing shortage, expected to reach a crisis October 1, soon will be relieved through the present price reductions in building materials, in the opinion of Edward F. Doyle, manager of the information bureau of the real estate department of New York.

Doyle forecasts a boom in dwelling-house building immediately. The building program, he said, will be so intensive that the apartment congestion probably would be practically obviated within five months, the average time for constructing a modern apartment-house.

Another way the reduced cost of materials will affect the housing situation will be to make the building of houses more easily obtainable. Doyle said. Banking concerns have not been inclined to loan the full value of contemplated apartment houses for the reason that with a later fall in the prices of materials the building would represent much less value than the actual investment.

Governor Smith signed the housing bills last night. There will be no great increase in commercial building, Doyle says.

BUILDING PRICES SLUMP.

Washington, Sept. 30.—Prices of building materials are going down, and by as much as 50 per cent, according to a survey made by the Federal Reserve Board. The survey, which was made by the Federal Reserve Board, shows that the price of lumber has fallen 50 per cent, the price of brick 40 per cent, the price of cement 30 per cent, and the price of iron and steel 20 per cent.

The survey also shows that the price of labor has fallen 10 per cent, and the price of fuel 5 per cent. These declines are expected to result in a general decline in the cost of building, which will help to solve the housing shortage.

REVISE TRAFFIC BY-LAWS AND ESTABLISH SAFETY ZONES

Questions Will Be Considered At Next Meeting of No. 2 Committee—Citizens Often in Danger While Waiting For Cars.

Establishment of safety zones and general revision of the traffic by-laws will be urged at the next meeting of No. 2 committee of the city council by Ald. E. R. Seabrook. The committee will be held on Tuesday night at 8 o'clock at the city hall.

Ald. Seabrook said that the committee would be carrying out a special committee appointed for the purpose, he thinks, and if the suggestion meets with the approval of the other members of the committee he will urge that it be done.

WARNS THAT I. W. W. WILL START REIGN OF TERRORISM SOON

Raiders Reported To Be Planning To Blow Up Buildings in Northwest.

Tacoma, Wash., Sept. 30.—A plan of the Industrial Workers of the World to inaugurate a period of terrorism in the Northwest within twenty days, is charged by Congressman Albert Johnson of the third Washington district, in a statement today commenting on an anonymous letter received by the Seattle police and federal authorities, bearing the warning that radicals are planning to blow up financial institutions and buildings in Tacoma, Portland and Seattle.

Federal secret service operatives are attempting to trace the source of the letters, which were signed "A Friend of Workers."

Druggist Filled 186 "Booze Pers" In 186 Minutes

Winnipeg, Man., Sept. 30.—According to evidence given in the provincial court on a charge of a breach of the temperance act, filling one prescription per minute for 186 minutes is the record established by William McCullough, druggist. The greater number of these prescriptions were signed by one local doctor, it was shown.

McGILLIVRAY MEMORIAL

AGED COUPLE WHO OPERATED STILL ARE NOT PUNISHED

New York, Sept. 30.—When Morris Suckerman, 82 years old, yesterday admitted operating a private whiskey still, he was not punished. The court found that the couple had been operating the still for many years and that they had no previous record.

POLICE WRECK AND BURN AN IRISH TOWN

Reprisals Are Taken For the Shooting of Sergeant. MAY ARM ULSTERITES Government Likely To Be Forced To Adopt This Course.

Dublin, Sept. 30.—Uninformed men wrecked several houses and burned others in Drimoleague, near Skibbereen, last night, as a reprisal for the shooting of a sergeant when a police patrol was fired on by a group of men in the town. The inhabitants had left their homes early in the day, anticipating that reprisals would be carried out.

ULSTERITES WILL BE ARMED UNLESS DISORDERS CEASE

STATUS IS OUTLINED.
Brussels, Sept. 30.—The status and powers of the undersecretary for Ulster, a recently created office, is being discussed by the government. The undersecretary will be responsible for the administration of the province and will have the right to call upon the military and police forces.

GOVERNMENT TO BLAME FOR UNDESIRABLE CONDITIONS IN REGARD TO LIQUOR TRAFFIC

Mrs. May R. Thornley Predicts That Referendum re Importation Will Carry and Remove Obstacles At Present Preventing the Enforcement of the O. T. A.—Whole Trouble Due To Sandys Bill Not Being Effective, Says Prof. Bowman.

Conditions in regard to the liquor traffic in Ontario are not due to lax enforcement of the Ontario Temperance Act, but to the failure of the Legislature to pass the Sandys bill at the last session, Professor J. H. Bowman, one of the leading temperance advocates in the city, said today.

WARNING NOTE FROM DOMINION PREDICTED FIRE AT GALVESTON

Damage Amounting To \$2,000,000 At City's Piers.

Galveston, Texas, Sept. 30.—The second disaster in the United States within a month, it is predicted, is a warning note from Canada, occurred here early today when fire destroyed the pier at Galveston. The damage is estimated at \$2,000,000.

MINERS AND OWNERS UNABLE TO ARRIVE AT WAGE AGREEMENT

No Definite Decisions Reached At Yesterday's Conference.

London, Sept. 30.—Representatives of the owners of coal mines and of miners have thus far failed to reach an agreement relative to wages. The principal question involved in the threat of a strike is the demand for a 10 per cent increase in wages.

FIRE UPON TROOPS

Rome, Sept. 30.—Residents of the village of Velletri, the chief wine-producing centre in the Roman province, fired on carabinieri yesterday during a demonstration against the tax levied on wine. The tax was killed and several were wounded.

ADVOCATES STRICTER TEST FOR IMMIGRANTS

DR. G. K. CLARKE, the well-known Toronto alienist, has issued a warning against regarding the expected influx of Europeans in the next few months. He declares that there should be a station at Montreal similar to that at Ellis Island, where immigrants could be put under a strict medical test before being admitted.

CROWD GROANS AS "MOONSHINE" FLOWS DOWN INTO GUTTERS

Danville, Va., Sept. 30.—Revenue agents poured out on the streets here today 200 gallons of moonshine whiskey captured in a recent raid. Crowds that watched the "wrecking crew" at work blocked traffic and every time a runlet was broken, a groan went up.

FLAMES SPREAD FAST

Thousands of Bales of Cotton Destroyed At Southern Port.

Galveston, Texas, Sept. 30.—The second disaster in the United States within a month, it is predicted, is a warning note from Canada, occurred here early today when fire destroyed the pier at Galveston. The damage is estimated at \$2,000,000.

Farmers In West Prosperous Due To bumper Crops

Winnipeg, Sept. 30.—Reports from rural credit societies throughout the province show that farmers, due to excellent crops, are repaying loans before they are due.

MURDERESS EMBRACES HER TWIN BABES

Marie Anne Houde Will Likely Serve Commuted Sentence in Kingston Penitentiary — Wide Interest Was Taken in Unusual Case—Life Was Spared So That She Might Care For Babies Born During Her Incarceration.

Quebec, Sept. 30.—Last night Marie Anne Houde was informed of the fact that executive clemency had been exercised in her behalf, and that sentence of death passed on her for the murder of her step-daughter, Aureole, had been commuted to imprisonment for life.

DISCOUNT GREY'S PROPOSALS NOT LIKELY TO BE ADOPTED

Suggestions of Former Ambassador To U. S. Attracting Much Attention—Plan Regarded As Virtually a Generous Offer of Home Rule.

Dublin, Sept. 30.—Suggestions for the solution of the Irish problem, which are virtually an offer of a generous form of home rule, made by Viscount Grey of Faldo, have attracted much attention in this city, but public opinion generally discounts the probability of their adoption. Moderate Irishmen, however, are not without sympathy for the proposals.

W. N. Tilley Argues Case For Big Railway Company Before Cabinet.

OUTLINES OPERATIONS Declares Return For the Past Year Trifle Over 5 Per Cent On Cash Investment.

Ottawa, Sept. 30.—That a railway company is entitled to whatever profits are involved in working under rates that are fair and reasonable, was the crux of the argument advanced by W. N. Tilley, K. C., chief counsel for the railway board, in his argument before the cabinet today.

MOTOR CAR PLANT MAY CLOSE DOWN

Lack of Demand May Necessitate Curtailment Production.

Toledo, Ohio, Sept. 30.—Toledo plants of the Willys-Overland Company were closed down yesterday and today for lack of demand for 4,500 men and women workers.

REGARDS PROPOSALS AS UNSATISFACTORY TO BOTH ELEMENTS

Belfast, Sept. 30.—Commenting upon the proposals of Viscount Grey for the solution of the Irish problem, the Belfast News Letter says: "The proposals are unsatisfactory to both elements."

SIXTEEN INJURED IN COLLISION BETWEEN MOTOR AND TROLLEY

Three Men Reported Dying in Hospital At Dearborn, Mich.

Detroit, Sept. 30.—Three men were reported dying in a hospital at Dearborn early today and thirteen others were injured, some seriously, as a result of a collision shortly after midnight of a motor truck and a Detroit United Railway interurban car. The accident occurred just outside the town of Dearborn. The truck was carrying Ford tractor plant workers to their homes. Only a few of them, it was said, escaped injury.

GALES FORECASTED, SHIPPING WARNED

Bad Weather To Prevail On Lakes Erie, Huron and Ontario.

Washington, Sept. 30.—Gales on the Atlantic coast from Hatteras to Maine and on Lake Huron, Erie and Ontario this afternoon and tonight were forecast by the weather bureau. Cautions were sent to all shipping on the seaboard.

ROME POLICE PREVENT HOMELESS PEOPLE FROM OCCUPYING MONASTERIES

Rome, Sept. 30.—Homeless people, carrying red flags, tried to occupy two monasteries and one nunnery here yesterday, but were prevented by the police.

Doubles Its Beauty.A few cents buys "Danderine." After
an application of "Danderine" you can
find a fallen hair or any dandruff,
besides every hair shows new life, vigor,
brightness, more color and thickness.**Catarrh
Of the Stomach
Is Dangerous**"Thousands Have It and Don't
Know It." Frequently Mistaken for In-
digestion—How to Recognize
and Treat."Thousands of people suffer more or
less constantly from furled, coated
tongue, bad breath, sour, burning stom-
ach, frequent vomiting, rumbling in
stomach, bitter eructations, gas, wind,
and stomach acidity and call it indi-
gestion when in reality their trouble is
due to gastric catarrh of the stomach,"
writes a New York physician.Catarrh of the stomach is dangerous
because the mucus membrane lining of
the stomach is thickened and a coating
of mucus covers the surface so that
the digestive fluids cannot mix with the
food and digest it. This condition
soon breeds deadly disease in the in-
fected, unassimilated food. The blood
is polluted and the infection travels
up to form and frequently an ulcer
is the first sign of a deadly cancer.In catarrh of the stomach a good and
safe treatment is to take before meals a
teaspoonful of pure Bismuth Magnesia
in half a glass of hot water as hot as
you can comfortably drink it. The hot
water washes the mucus from the stom-
ach walls and draws the blood to the
stomach while the Bismuth Magnesia
is an excellent solvent for mucus and
increases the efficiency of the hot water
treatment. Moreover, the Bismuth
Magnesia will serve as a powerful but
harmless antacid which will neutralize
any excess hydrochloric acid that may
be in your stomach and sweeten its food
contents. Easy, natural digestion, no
distress of any kind should soon
follow. Bismuth Magnesia is not a
laxative, is harmless, pleasant and easy
to take and can be obtained from any
local druggist. Don't confuse Bismuth
Magnesia with other forms of bismuth,
milk, citrates, etc., but get it in the
pure Bismuth form (powder or table-
ts), especially prepared for this pur-
pose.—Advt.**LISTEN TO THE EVERWELLS**My name is

WITH RAPE FOUND****INNOCENT BY JURY**Are Discharged by Justice
Logie—Criminal Docket
For Session Concluded.**CIVIL ACTIONS TODAY**Cases of Alleged Whiskey
Thefts Laid Over To
December Court.Verdicts of "not guilty" were re-
turned by the respective jurors on
two criminal cases heard at the fall
assizes of the supreme court here
Wednesday afternoon and evening. As
a result, Irving Albert, a Muncie, Ind.
youth, and Harry Anderson, a
colored, of this city, were discharged
by Mr. Justice Logie after standing
trial on charges of rape. This con-
cludes the criminal docket for the
assizes, and civil actions will be held
today.Complainant in the charge against
Irving Albert, who is 14 years of age,
testified that she was picking straw-
berries at an isolated spot near her
home on the afternoon of Sunday,
June 20, when accused came up, at-
tacked her and committed the offence.
Her parents, who were present, re-
turned home, and medical evidence
was also introduced. Barney Logan
and William Finger of Carleton Place
testified that the prisoner was with
them at the time of the alleged crime.
Other witnesses included Cath-
arine Crow, Mrs. Albert (mother of
Albert), and Andrew White and
Washington Dockstader.From Horse Deal.
The defence through A. G. Chis-
holm, endeavored to prove that the
charge emanated from a horse deal
between accused and the alleged vic-
tim's mother, but Justice Logie ruled
it out. The defence challenged twenty
jurymen before a witness was selected.
All the witnesses were Indians, and
the jury was out for an hour."It is an exceedingly filthy case,"
declared A. G. Chisholm in summing
up. "It is unfortunate that it should
have come before the jury. The Crown
Attorney J. B. McKillop characterized
the crime of rape as next in serious-
ness only to murder and urged a con-
viction as a protection to young girls.
Justice Logie, addressing the jury, in-
structed that body give the prisoner
the benefit of the doubt if there was
any involved.The court did not adjourn until 9
a.m., supper being ordered served to
the jurors on duty.
Gladys Owens, complainant in the
charge against Harry Anderson, swore
that he broke into her house in Car-
leton Place on July 30, and committed
the offence charged. Later, when her
husband returned and accosted them,
accused swore at him and knocked
Owens to the floor. He retaliated by
seizing an axe and chasing him to
the door. She was calling for help
regarding the last-mentioned evidence
by her husband. Both admitted that
they knew Anderson years ago in
London.**Denies Charge.**Anderson, on the stand in his own
defence, stated that he worked with
Owens on a horse near the scene of
the alleged crime, and that he lived
alone in a shack near their home. On
the afternoon of July 30 he went to
the Owens house to borrow some
thread to mend his overalls, and that
he did not break in, as charged.Alderman Cameron Wilson has made
an official protest against the action
of the City Gas Company in stating
on the backs of their monthly bills
that the recently instituted charges
were made on the request of the
gas committee of the council.**INFLAMMATORY RHEUMATISM
PERMANENTLY CURED**New Brunswick Lady Gives Full
Particulars of Her
Recovery.There are many types of rheumatism,
but none worse than inflammatory.
It was this kind that almost killed
Mrs. Edw. Warman of Kent Jct., N. B.
Every known remedy she tried, dif-
ferent doctors gave their advice, but
the disease increased.Weak and despairing, she was at
her wits' end when the remarkable
cure of Thos. Cullen was published.
This gentleman was cured of rheu-
matism by "Ferrozone." Consequently
Mrs. Warman used the same remedy.
Here is her statement:"For five years I have been rheu-
matic. I tried various forms of re-
lief without success. The disease in-
creased, settled in my joints and mus-
cles; these swelled, caused excruciat-
ing pain and kept me from sleeping.
My limbs and arms stiffened, my shoul-
ders were lame and prevented me from
working. Week by week I was losing
strength and despaired of finding a cure.
It was a happy day I heard of Ferrozone.
Early day I took Ferrozone. I felt bet-
ter; it eased the painful joints, gave me
energy and a feeling of new life. Ferro-
zone cured my rheumatism, I
cured it so that not an ache has ever
returned. Even damp weather no longer
affects me."Ferrozone has power to destroy Uric
Acid, neutralize and enrich the blood,
and therefore does cure the worst cases.
Mrs. Warman's statement proves this.
By removing the cause of the disease
and building up a reserve of energy,
Ferrozone is certain to cure. Sufferer,
isn't it about time to stop experiment-
ing? Ferrozone is a CURE, order today,
50c per box, or six for \$2.50, sold by all
dealers or direct from The Catarrhoseon
Company, Kingston, Ont.All the exhibits were of exceptionally
fine order, particularly so in the live-
stock exhibit. The registered Durhams
and Durham crosses and Holsteins were
all splendid specimens. Sheep and
hogs were well represented and some
fine birds figured in the poultry ex-
hibit. David Bogue and A. Anguish
were exhibitors in the poultry
showing.A feature of the fair was the presen-
tation of a silver cup to the oldest mar-
ried couple attending the fair. Mr. and
Mrs. William Scott of Nilestown hap-
pily claimed this prize. They boasted a happy
wedding life of almost 50 years. Mrs.
Dan Campbell won the first award for
the best lady driver, and Mr. Campbell
was awarded the prize of \$5 for the best
gentleman's turnout. A great deal of
amusement was provided for visitors to
the fair when a boxing contest in
barrels was staged. Gordon Pack, Ross
Sadler and R. McEwen were winners.
The success of the fair is attributed to
the officers who are: President, David
McEwen; first vice-president, Maurice
E. Hooper; second vice-president, L. B.
King; secretary and treasurer, Harry
Poole.CAMLACHIE SERVICES.
CAMLACHIE, Sept. 23.—Knox Church
Sunday School will hold a rally service
next Sunday evening. Anniversary ser-
vices in Aberdeen Presbyterian Church
were held last Sunday morning and
evening. Rev. Mr. Forrester of Wat-
ford, preaching. Special music was
contributed by a quartet led by J.
Henderson of Sarnia.**GREATER PART OF
TOBACCO CROP HAS
BEEN HARVESTED****Recent Hot Spell Hastened
Ripening of Fruit and
Grain.**The following is a summary of the
weekly reports made by agricultural rep-
resentatives to the Ontario department
of agriculture:Districts as far apart as Essex and
Port William report that some grain is
sown in the field and in stock.The unusually warm weather of the
past week has hastened the ripening of
corn, and cutting has been general. Es-
sex states that farmers are offering \$4
an acre for cutting and stacking it.Kent complains that the ground is so
hard that it is difficult for farmers to
plow out their beets.
Buckwheat is reported as turning out
from fair to average in yield and quality.
About 75 per cent of the tobacco crop
has been harvested at the end of the
week under what are described as splen-
did conditions. Kent remarks that good
men for this class of work are hard to
find, notwithstanding that from \$7 to \$8
a day are offered for fit men.There is greater activity in apple
harvest than for some years. More
apples are being sent out in boxes than
formerly. Apple pickers are reported to
be scarce. Norfolk reports that
Greenings are being barreled in large
quantities.The marketing of cattle has been slow,
generally speaking, although selling well
at auction sales. Middlesex, however,
reports that about 600 choice steers were
sold by a local dealer to a Chicago firm
during the week. Dufferin also states
that five cars of cattle were shipped
from Orangeville last Tuesday.Some representatives express the
opinion that too many calves have been
sold for veal this year.The milk flow continues to be very
fair for the time of year, but many
farmers are supplementing pastures with
corn and other feeds. Middlesex states
that some of the local condenseries are
increasing powdering and are making but-
ter.Feeds reports regarding dairy cows:
"Milk cows, springers, are selling at
sales up to \$12, while average cows
freshening, spring brought from
\$7 to \$9."The Peterboro representative says that
the hog industry is at a low ebb in this
county, as a large number of farmers
have gone out of the business.
Fall wheat sown early is looking re-
markably well, but that put in later
to seed the Hessian fly is not likely to
germinate so well, owing to the dry
condition of the soil at sowing time and
since the average is likely to be
smaller than that of last year.A good deal of fall plowing has been
done. Many tractors are helping out
in this work. Kent reports some farmers
working in the moonlight.
"Millions Now Living Will Never Die."**PROTESTS ACTION OF
CITY GAS COMPANY**Ald. C. Wilson Says Notice On
Bills Not Committee's
Suggestion.Alderman Cameron Wilson has made
an official protest against the action
of the City Gas Company in stating
on the backs of their monthly bills
that the recently instituted charges
were made on the request of the
gas committee of the council."I am not saying whether the charge
was just or unjust, but it certainly was
not made on the suggestion of the city
committee," he stated at a meeting of
No. 1 committee.Alderman Cunningham characterized
it as an attempt to crawl behind the
city for authority to make the charge.**RECORD-BREAKING

SAFETY CAMPAIGN FOR LONDON TO BE LAUNCHED OCT. 10

R. B. Morely, General Manager of Ontario League, Gives Suggestions.

OTHER CITIES PREPARE Officers, Chairmen of Committees Chosen To Lead Drive Against Accidents.

London will rank just as high as other cities in the province which are observing "Safety Week," October 10 to 16, as was shown last evening at the organization meeting held in the city council chambers. The various committees were formed and the work for conducting this Dominion-wide campaign will begin immediately.

R. B. Morely, general manager of the Ontario Safety League, was present and explained the importance of the recognition of a week like this in London. In his opening remarks he pointed out that accidents are not what they are defined as in the dictionaries. He stated that they are preventable, and not unavoidable. As a rule, every person who is hurt invites it himself. He explained the part of the careless motorist, when on a crowded street full of attention is attracted, and the result is that he is the cause of the accident. "Everybody can help prevent accidents," said Mr. Morely. "Of course, there has to be a little expenditure of money to carry out this, but what does that matter when every man who is killed, say by walking over a railroad track while the gates are down, means the cutting down of the community assets. Suppose that these men are earning from \$2,000 to \$3,500 per year. A large amount of that goes to keep them. Of course, when the accident is fatal, it will undoubtedly mean the cutting down of assets."

More Children.
"More children are killed than adults, and generally these accidents occur when the children are coming or going from school. Safety can be taught in school, and ultimately results will follow. Then the management of factories and large industries can help. Pedestrians can be put in the factory. In many cases men do not know how to go down stairs, or how to use a ladder. Pedestrians and motorists can be educated how to cross a street. Women leave a pot of boiling water where a child can get hold of it. Many fatalities result when the child gets into the house. We can get results by co-operating with the Fire Prevention League, and this is what we are going to do."

"Now comes the question, is it necessary for the mayor to have a week like this? Gentlemen, it is just as necessary for the mayor to proclaim a week like this, as it is necessary for you to have a fire department, police department or a public health department. If these three departments are taken away from you, what would you say? Every city needs four, and the same of the four in what I am complaining to you. Hamilton says it is going to have the biggest week of any city in Ontario. Ottawa says it will have it, and Toronto is of the same opinion. I am glad to say that spirit like this will get wonderful results."

Plans Elsewhere.
Telling of the plans in other cities he said: "Motion picture houses are putting notices on their screens, while in many of the leading hotels and restaurants, notices on the menu cards draw the attention of the customer. A novel plan for the school kids is for the teacher to give them an arithmetic question by using the number of people killed in Ontario last year (1,315). All kids will keep that number in mind and try their level best to reduce it. Each day during the week will be considered as a special safety day, although every day the motto of all the people will be 'Each and every day a safety day.'"

TO ENTER APPEAL IN DAMAGE CASE Decision of Judge in Dauncey vs. Hodgins Action To Be Questioned.

J. M. McEvoy, counsel for the defendant in the action of Dauncey vs. Hodgins, et al., in which the jury awarded a verdict on Wednesday awarding the plaintiff \$2,825 damages, announced to The Advertiser last night that he has been instructed to appeal the case at once.

The action was that of Tassal Dauncey, a McGillivray farmer, for \$3,000 damages against Ward Hodgins, John Park, Caleb Ryan, Walter Hodgins, Percy Dauncey, Wellington Sadler and Alfred Hodgins. Plaintiff claimed that defendants, as owners of a threshing outfit, brought the same on his lands and negligently and carelessly drove the outfit, so that it fell across therefrom, destroying buildings on his property to the value of \$2,000. Defendants, through J. M. McEvoy, denied the allegations and disputed the claim.

ROBINSON-THOMPSON.
New York, Sept. 30.—By the Canadian Press.—Frederick Dewar Robinson, son of Mrs. W. W. Robinson, Hamilton, Ont., was married here yesterday to Miss E. C. Thompson, daughter of Mr. and Mrs. James S. Thompson of Mount Vernon, N. Y. Dr. Albert Robinson of Montreal, was his best man.

NO PRICE-CUTTING IN STEEL PRICES

Much Talk, But No Action Up to the Present.

In its summary of the iron, steel, metal and machinery markets for the week, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:
Talk of price cutting in the iron, steel and machine tool market finds no reflection in fact. It is safe to presume that the premium steel market is due for a setback, and this may be brought about by the attitude of buyers themselves rather than by any desire on the part of the mills to have cheaper steel. Buyers, by their persistence in bidding for material, have had much to do with keeping the premium mills busy. This is particularly true of the sheet mills. A pretty good indication of what dealers think of the chances for lower prices can be secured from the attitude of the warehouses. One firm this week, in the face of price lowering talk, placed an order for tonnage that will take care of his business for the next six months; this was in bar iron, which is today selling at 5.75 per pound, a record price for this district. This dealer cannot see easier steel prices for some time, and he is willing to back his opinion with his own money.

Machine tool dealers have nothing on which they can announce a lower price. Makers speak of increasing transportation costs of labor increases, and they see no relief in all the things they put into their machines. Some of the schedules are still some weeks behind. The buyers of tools figure that there is more real selling going on now than for months past, and they expect that dealers believe lower prices may come. Dealers say nothing to encourage this view.

The scrap metal market is very dull. The large buyers are not in the market yet, and until they come trading is going to be confined to small lots.

BYRON SCHOOL FAIR A SPLENDID SUCCESS

Entries Never So Numerous and Quality Was of the Highest.

The annual school fair held at Byron on Tuesday was a splendid success from every standpoint. There was a record attendance, and the largest number of entries on record, and the exhibits were of unusually fine quality. The entries included fruit, vegetables, flowers, cattle, poultry and fancies, and so on. The judges had a really difficult task in making the awards. The teachers, Principal H. Dewar and Miss Fitzgerald were warmly complimented upon the results of the fair and the excellent work done.

The prize for the best calf on the grounds was awarded to Wilfrid Graham. Prizes for dairy calves were won by Tom Griffith 1, Orville Doyce 2, Homer Hart 3.
The judges in this department were Wesley Merriam and Arthur H. West. In sheep, Tom Griffith captured first for Shropshires and James Dunn first for Southdowns. Lloyd Corby won first for Poland China pigs.

Mrs. Tanton offered three prizes for the best essay on "How a Fair Should Be Conducted." The prizes were won by Grace Kaine, Agnes Wickerson 2, Helen Griffiths 3.

In the display of best cattle Wilfrid Graham won first, Tom Griffith second and Theodore Smith third. A baby show aroused much interest and amusement, and the judges, Mrs. Fred Corby and Mrs. N. Sanderson, finally decided that each of the seven babies entered was a first prize winner.

The fruit was judged by Harry Wickerson and John Charnan, and the awards for sheep and pigs were made by Lou Sheppard.

Warren Elson and John Coombs judged the vegetables.

The receipts for the money made from a well-conducted refreshment booth, totaled \$125.

FRUIT GROWERS' SALES

TOTAL \$34,487,000

Pittsburg, Sept. 30.—The American Fruit Growers, Inc., has just made public the figures for its first thirteen months of operation, ending June 30, 1920. Gross sales were \$34,487,000 and surplus earnings after payment of all interest charges, federal taxes for 1919 and preferred stock dividends, were \$694,227.

During that period the company handled 31,250 cars of fruit and vegetables, made up as follows: Potatoes 6,120, citrus fruits 5,262, cantaloupes 4,748, apples 2,963, other 12,187.

In addition to its marketing operations the company owns and operates more than 8,000 acres of apple and peach orchards, citrus groves and vegetable farms.

SAYS REQUESTS FOR EXEMPTION ARE MODERATE

Central Vets Not Asking Any Large Cut in Taxes.

While returned soldiers of the city will ask the city council to continue tax exemption for another year, they will not ask any large extension of the privilege, F. B. Lavender of the Central Veterans' Council said today.

"I was reported as saying that we would ask it for all men who were in the army, but that is not so," he stated. "The men who saw front line service and the widows of men who were killed in action will be considered first. Men who only saw service in England or Siberia will have secondary consideration. Men who served in Canada cannot be considered because that would be too heavy a financial burden for the city."

"Last year the organizations which urged tax exemption said that the total amount necessary for the purpose would not be more than \$10,000. However, the council in its large-heartedness exempted men who served only in England as well as the front-line men. That was what made the cost greater than was estimated."

Mr. Lavender thinks that something should be done to help the soldier who does not own his home.

"It is up to the Veterans' Council and the various organizations to devise ways and means of helping these men by reducing their share of exemption now to their landlords, but to themselves," he said. "The council so far has dealt fairly with the returned men, but certainly not generously. Other towns and cities have given bonuses, gold watches and exemptions to their heroes, and London has given a few beautiful arches with electric lights and paint thereon (since demolished through the will of God). The soldiers of London are some of the best citizens, and they are not of the Bolshevik class, who threaten dire results to those who do not see eye to eye with them."

HEYDLER INDIGNANT OVER REPORTS THAT 1920 SERIES "FIXED"

President of National League Resents Insinuations To That Effect.

ROBINSON'S ATTITUDE
Objects To Brooklyn Players Being Questioned by the State's Attorney.

Chicago, Sept. 30.—"Anyone who even insinuates that the 1920 world's series has been 'fixed' ought to be shot," or such reports are just deliberate attempts to hurt baseball," President John Heydler of the National League said yesterday before the Cook County grand jury. President Heydler denied that he had uncovered anything in his investigation to implicate Ivan Olson, Brooklyn shortstop, in crooked work. Olson has been mentioned as a possible witness before the local jury before it adjourns.

"I believe Olson may have been a little on the world's series," said Heydler, "but so far as I know he has an absolutely clean slate in this affair."

Further investigation of the Chicago White Sox world's series scandal was temporarily delayed today, as word was received from MacLay Hayne, state's attorney, now in New York, to hold up proceedings until his return. Heydler's jury has also completed examination of witnesses on hand, and are awaiting the arrival of players baseball players and sporting celebrities who have been summoned.

An official statement to the grand jury from "Happy" Felsch was expected soon. He is understood to have confessed to newspapermen yesterday his share in the throwing of the 1919 world's series.

OBJECTS TO DISTRICT ATTORNEY QUESTIONING BROOKLYN PLAYERS

New York, Sept. 30.—Wilbert Robinson, manager of the Brooklyn National League baseball club, called today on Charles S. Ebbetts, president of the club, to voice his objection to the proposed District Attorney Lewis of Brooklyn to question the Brooklyn pennant-winners concerning some reports that some of them have been approached by gamblers in efforts to "fix" the 1920 world's series.

WHITE SOX LEAVE FOR ST. LOUIS TO PLAY FINAL GAMES

Chicago, Sept. 30.—With little more than a fighting chance to win the American League pennant, the Chicago White Sox, crippled through the loss of seven stars as a result of the baseball scandal investigation, left today for St. Louis to open the final three games of the season tomorrow with the St. Louis Browns.

The players were determined to fight to the end, and were not backward in expressing their belief that the Browns, who have just lost four straight to the Cleveland Indians, would lose more in a row. For the Sox to win the pennant, they must win three in a row.

Manager Gleason expects a four-to-two victory in the first game, and the second game, and then come back with Kerr in the third. The rest of the line-up probably will be: Schall, catcher; Jourdan, first base; B. Collins, second base; McCallan, shortstop; Murphy, left field; Collins, left field; Leibold, centre field; Strunk, right field.

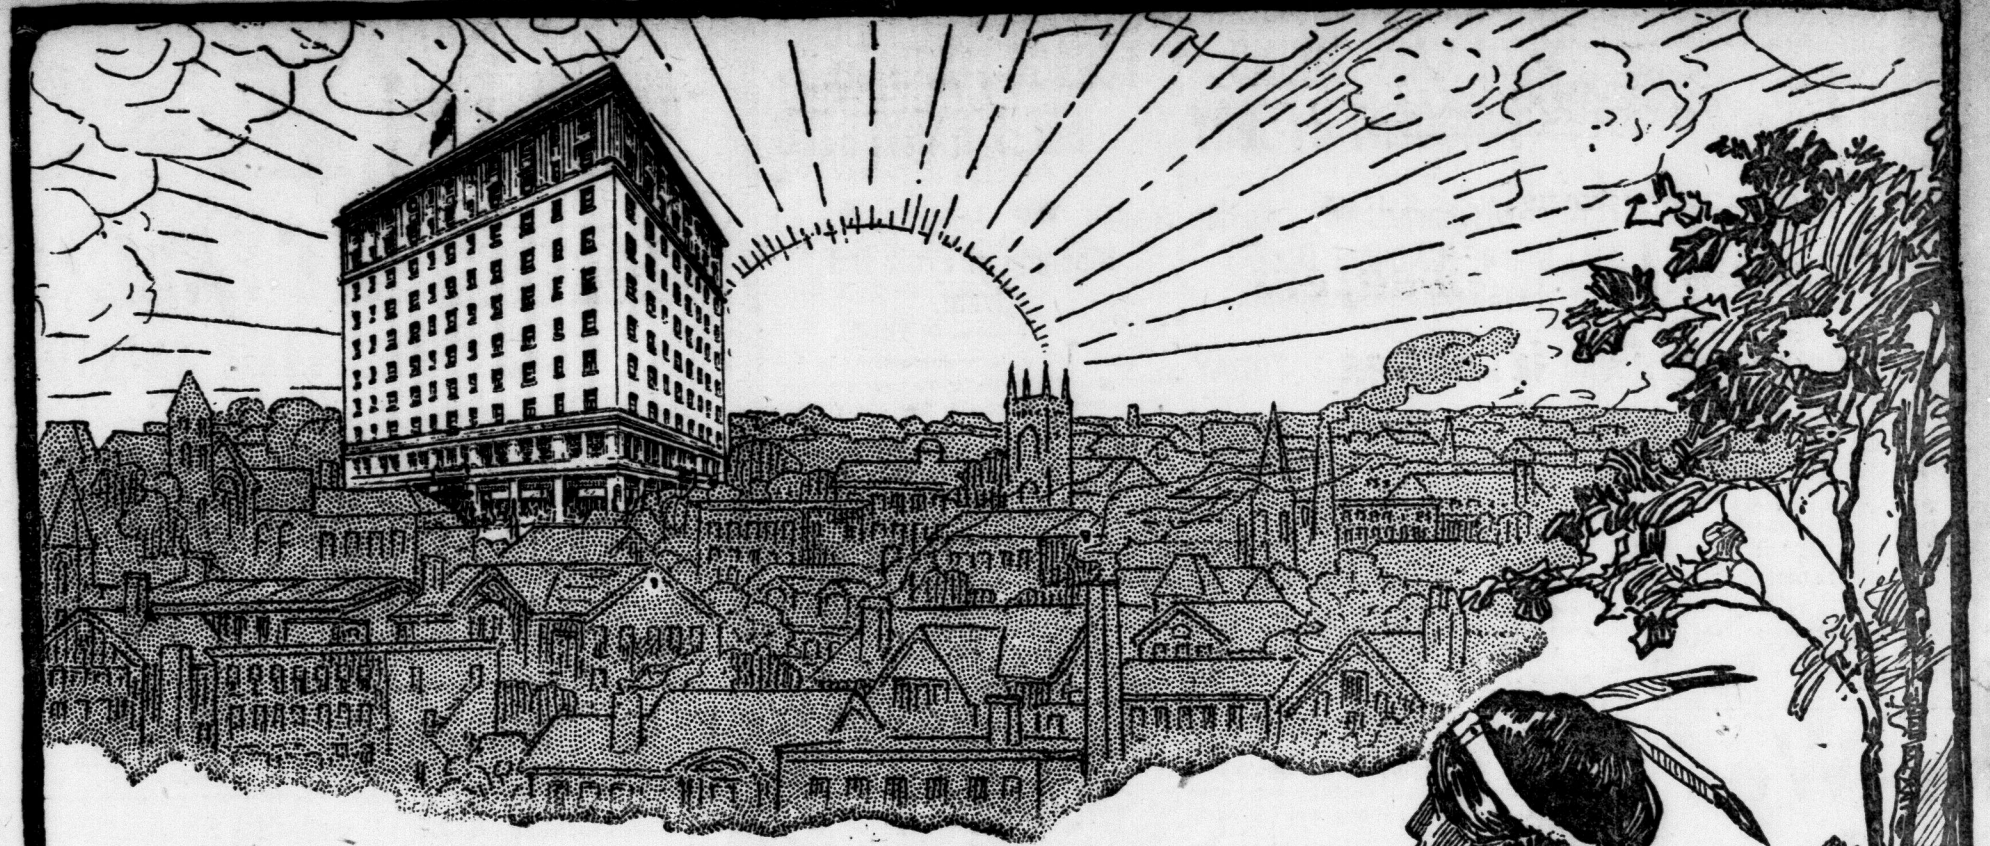

**GLARING LIGHTS
CAUSED ACCIDENT
BUT NO REDRESS**

Magistrate Says Offending Autoists Are Not Liable Under Present Act.

ST. THOMAS, Sept. 29.—Mrs. J. B. Axford, the driver of an auto in which Mrs. W. Pettit and Mr. Brown were injured, in a collision near Payne's restaurant today, as the liability of the owners of the auto was being argued in the St. Thomas court, the glaring headlights were the cause of Mrs. Axford's car going into the ditch.

The case could give Mrs. Axford little satisfaction as to either a criminal or civil prosecution. The county authorities said the magistrate has no redress against the owner of the offending auto. All the injured parties are recovering from their hurts and shock.

Shocked by High-Tension Wire. When working on the steel tank car

How London's Greatest Drawback Is To Be Overcome

It was at the opening of one of London's new theatres during the early months of the year that the mayor of London expressed the hope that before retiring he might preside at the corner stone ceremony for the city's much-needed new hotel.

The audience broke into applause, responsive to the appeal to London's civic spirit and enterprise.

To-day, less than a year from the date of the incident, the hopes of Mayor Little

and nine-tenths of the people are about to be fulfilled.

In the audience of the theater was one man who saw the opportunity for putting the mayor's words into action. He was Mr. E. R. Benson, identified with investments in the United States and Canada.

Mr. Benson took up the subject at once with the result that an immediate interview was arranged with the president of the Chamber of Commerce, Mr. George M. Reid.

Mr. Reid accepted the challenge with his characteristic enthusiasm and vigor.

HERE ARE THE RESULTS:

- (1) A site for the new hotel has been secured.
- (2) The contract for the building has been awarded.
- (3) The first \$400,000 of the million dollars required in the enterprise has been subscribed on second mortgage by the citizens of London, who believe in the necessity for the hotel and the wisdom of the investment.
- (4) The first mortgage 7% bonds are about to be offered to citizens as the soundest kind of London investment.
- (5) London is to have a new hotel—a million-dollar hotel—a hotel worthy of the city and its go-ahead people—one of the finest hotels on the continent.

Offering Peaches At Fifty Cents

Record Yield of Fine Fruit in Blenheim District.

Blenheim, Sept. 30.—Peach-growers are still very busy endeavoring to dispose of their enormous crop. Trees in many orchards are badly broken under the heavy load produced. Some of the growers have motor trucks on the roads in the country delivering the fruit to the doors of the farmers at very reasonable prices. The late peaches seem to be a heavier crop than the earlier varieties. The largest variety, the Elberta, is pretty well disposed of. One of the largest growers near Cedar Springs is advertising peaches in his orchard at 50 per bushel, tree run, purchaser to bring the baskets required, and do his own picking. Other growers are charging from \$1.50 to \$2 per bushel for picked fruit, baskets supplied.

JOCKEY TO GET BIG SUM FOR RIDING IN \$75,000 MATCHED RACE

New York, Sept. 30.—(By the Canadian Press).—Clarence Kummer, the jockey, will receive \$5,000 for riding Man o' War in the \$75,000 match race against Commander J. K. L. Ross' Sir Barton at Kenilworth, Windsor, Ont., on October 12. It was announced today.

GAS IS DESTROYING MANY CHIMNEYS

Blenheim, Sept. 30.—Blenheim council has a chimney inspector making an examination of the chimneys in town, with a view to having the owners repair them. It is a known fact that natural gas is very hard on the mortar in brick chimneys, and since the introduction of gas here a number of years ago, many owners have had to rebuild their chimneys. Others have neglected to do this, and the council considered that there were many chimneys which ought to be repaired, to prevent fire breaking out in case wood or coal had to be used.

LONDON'S FAVORITE SHOPPING PLACE

**BEST PARKHILL FAIR
HELD IN HISTORY OF
N. MIDDLESEX SOCIETY**

PARKHILL, Sept. 29.—The biggest fair in the history of Parkhill Fair Association was held here today, the gate receipts breaking all records. A popular feature of the fair was the baby show, which resulted as follows:

Baby under one month—Sallie Hutchinson, McGillivray; Wilfred Earle Sadler, West Williams; Margaret Nickol, West Williams.

The sack race was won by Roy Atmore, and the prize for the pig-catching contest fell to M. Mercer. The pig was cold and not inclined to run very

much, so the latter contest was not very spirited. Music was furnished by the Juvenile Highland Fiddlers band of London and the Kineto orchestra. The Alice Dunbar Company presented a concert in the town hall tonight.

The race resulted as follows:
Time—2:29 1/2
2:40 Class:
Toro, Nell McLachlan; Edo, Tom Yearley; Nellie Patchen, Bury Hodgins.Time—2:34 1/2
Little Dick, Bort Burling also ran.
Farmers' Trot:
Lady Togo, James Rush; Eel Venus, M. Charleston; Eel Gratton, Earl Barnes.Time 1:10 1/2. (Half mile).
Ede Wilson, Minnie Asworthy, Mollie G. also ran.**BIG GLENCOE FAIR
MECCA OF CROWDS
FROM FAR AROUND**School Exhibit in Conjunction
With Popular Ekfrid and
Mosa Show.

[By Staff Reporter.]

GLENCOE, Sept. 29.—Held in conjunction with the district rural school fair for the first time, the Mosa and Ekfrid Agricultural Association's annual show held here on Tuesday and Wednesday will go down in records as probably the most successful from the standpoint of attendance and many lines of exhibits in the history of the association. Four thousand people crowded into the grounds showed the popularity of the combined exhibition.

Fast horse racing, the great tent where the school children's exhibits were placed, the crystal ball, besides the superb livestock exhibits proved irresistible attractions, while the midway, where dozens of amusement booths distributed ketchup dolls and plaster dogs in generous numbers, held the interest of everyone. The great spirit of good-fellowship and the many meetings between old friends gave the whole an aspect of an old-boy reunion.

The exhibits, which really were only a mere detail of the fair, were better and more numerous in some classes than in the past years, while in others they were not so good. The cattle beyond a doubt made the best showing of all the departments.

Home of Fine Stock.
The country in the vicinity of Glen-coe holds in Mosa and Ekfrid a reputation for high-grade pure-bred beef cattle. The entries were large, and the quality the best in this class of animal. The dairy class, however, had few entries. Many excellent Herefords, Durhams and Aberdeen Angus were placed in the ring. While it is impossible to publish the names of the individual winners in any class, owing to a list not being compiled, the exhibitors winning the greatest number of prizes were: Henderson, D. R. McInnes in Durhams; A. E. Perry in Herefords, and J. L. Tait in Aberdeen Angus.

The horse exhibit was not so large or the animals so fine as in the past years. Some excellent light drivers were shown along with some fancy drivers, but the future of the industry was the agricultural class. A few good heavy drafts were on exhibition. There were a number of colts of every description. In the agricultural class G. Duncan was the heaviest winner, while John McCann and G. McCaughan excelled in the heavy breeds. The carriage class was swept by D. M. Munro, H. Harold and D. McEwen.

The sheep and hog exhibits were disappointing to the directors. They were small but of good quality. There was poor accommodation for either of these classes, and several complaints were heard from exhibitors.

The pens on the grounds were in so poor a condition that many animals were kept in the wagons all day. Alfred Gould swept the boards with some fine hogs. The poultry exhibit was about the same in size as usual.

Bountiful harvest must have been the cause of the abundance of the splendid exhibit of fruits, vegetables and grains could be taken as any criterion. The exhibits were not quite as numerous in other years, but they excelled in quality. William Gould, Alex. Letch and Alex. Letch were the heaviest winners. In the dairy department Mrs. D. A. Campbell and Mrs. A. M. Letch made the best showing.

The centre of interest for the women was the exhibit of ladies' work which practically filled the whole of the upstairs in the main building. Although small, it cannot be expected to be an efficient judge of such fine work of art, the display of all sorts of dithers in the way of needlework were probably beautiful as well as varied. Considerable hand-painted china and woodwork were on display. The chief winners in the ladies' department were Miss Annie Elsie, Mrs. W. A. McCutcheon, Mrs. W. D. Thompson, Miss Annie Walker, Mrs. D. A. Campbell and Mrs. G. Churchill.

Races Well Contested.
The horse racing was well contested and good times were made in every class of the two races. Considerable excitement was caused by an impromptu running race with three horses taking part, just to prove which was the best horse. The name of the winner was "Centaur".

While the school exhibition was held in the same grounds and in a tent almost identical with the main building, it must be treated as a separate affair. Not a few of the officials, as well as the visitors to the grounds, asserted that the entries and exhibits made by the children far exceeded those made by members of the fair association. It was undoubtedly the most successful school fair ever held by the ten schools included in this district, and as this was the first time it was held in Glen-coe, it promises to be even a greater success next year.

Every class of exhibits were largely entered and the vegetables, fruits and flowers grown from seed by the pupils of the Ontario Department of Agriculture and raised entirely by the children themselves, were of the very highest quality.

The great tent was richly filled with a colorful display of flowers and fruit. In one end, consisting of rabbits, dogs, ferrets and kittens, proved a great attraction for the children. Cooking done by the little girls made a delightful display. In the manual training class, indicated that that branch of teaching was finding fertile ground in the country youth.

School Pupil's Parade.
A parade of the pupils from the schools was held in the early afternoon. As they marched before the grandstand the schools' bands playing best showing were picked as prize winners. S. S. No. 10, Mosa, entered a band of 100 pupils. In and among the car decorated by flags and maple leaves fifteen children dressed as sailors in white uniforms sang and marched. The car was driven by the teacher, Miss N. Carroll. S. S. No. 1, Mosa, was second, representing members of the U. F. O. armed with farming implements. The pupils of the school led by Miss N. Jackson, sang the U. F. O. song. Some races and sports were also held.The following are some of the prize winners:
Potatoes—D. McRae, Miss Purcell and Fred McKee.
Corn—Hugh McAlpine, George Ritchie, Edwin Gould, Samuel Moore, Corn—Lloyd Gould, Prudence Moore, J. Copeland.
Mangos—Albert Moore, W. A. Quick, J. Carruthers.
Carrots—Edwin Gould, Lillian Eddie, Irene Gould.
Beets—Alvin Hagerty, George Blacklock, Florence McKellar.
Fennel—W. Thompson, C. Mitchell, Verna Henderson.
Onions—K. Eddie, M. McVicar, E. Ritchie.
Flowers—Catherine Mitchell, E. Sullivan, D. McAlpine.
Flowers—Jean Gillies, Florence Hill, Jean McVicar.Poultry—Viola Munro, Thelma McCaffery, L. Reeves, G. McEachern, Viola Munro.
Light to Medium Brown—Nelson Reyecraft, Louis Reyecraft, D. McRae, Mitchell.
Dark Brown—Arthur Childs, Lita Gould.
Besides these classes there were many exhibits in school work, such as writing, drawing, household science, essays, farm science, baking, mending, cooking and general sewing, which were keenly contested.Results of Races.
The winners in the horse races were:
2:50 Class: Purse \$125.
Pearl Dail (L. Langton) 1 1 1
Queen Mary (R. Smith) 1 2 2 2

a native of Dereham Township, having been born near Mount Elgin. He resided here for 45 years, and for many years was engaged in the marble business. He leaves a widow, two daughters, Mrs. (Rev.) G. Scott and Mrs. H. W. Morrow, Ingersoll, and one son, Wesley, of Winnipeg. The funeral will be held at the home of Mrs. H. W. Morrow, Ingersoll, on Friday afternoon.

**CHANGES IN WARD
DIVISIONS PASS
RAILWAY BOARD**Voting Population Equalized
in Brantford Precincts
Under New Plan.

BRANTFORD, Sept. 29.—No opposition to the ward boundaries was voiced at the meeting of the Ontario Railway and Municipal Board, which sat here at noon today, and the new ward division will go into effect in February next.

The voting population of the wards is equalized, there being 3,000 voters in each of the new divisions. Commissioners McIntyre and Ingram authorized the order to be issued. It was intimated here today that a large local industrial company proposed to erect 200 homes for its employees on a subdivision just outside the city. Plans were reported in embryo as yet, but the directors of the company were shorted to take the proposition up in detail.

High County Constable Kerr and the license commission officers are actively engaged here in running down shipments of liquor alleged to be made by truck into this county and dumped at night at certain rendezvous, later to be picked up and cached in the city. William and Charles Vandusen of Scotland village were each fined \$300 today for having liquor for sale.

MISSIONARY ADDRESS.

BLENNHURST, Sept. 29.—Rev. Simpson, a medical missionary of West China, gave a very interesting address to a large congregation in the Methodist Church here. Rev. Mr. Hisey of Morpeth preached.

**When Backing the Soldier
Boys.**

When the history of the war has been written, the work done by the women at home will be one of the most important as few even now realize. Literally, millions of women left their homes and took up active service in which women had never before been called, and many more at home devoted long hours at the sewing machine to making uniforms and bandages for the boys "over there." Some may have worked at the expense of their health and are now suffering from headache, backache, dragging-down pains or some derangement. It should be remembered that Lydia B. Pinkham's Vegetable Compound for more than forty years has been restoring such women to health and strength, and is now recognized as a standard remedy.

Deaths in Michigan.

HAIR TINT FREE
Coupon Brings Trial Package of
"Brownatone."WHY ENDURE GREY HAIR?
We want every woman to know not
only how easily she can tint grey, faded,
streaked hair herself, but how truly
wonderful is the result produced when
Brownatone is used for this purpose.
Thousands of women already know and
use this perfect hair-tinting preparation,
but other thousands have yet to
learn from actual experience how
marvelously it restores to grey, faded
and bleached hair its original beauty
and glory.There are other sources of information from which
we can learn that the automobile manufacturers are
strong competitors for furniture upholsterers. We
could talk of embargoes and transportation difficulties,
the long-winded strikes in manufacturing centres,
of the many factories now turned to making
talking-machine cabinets and many other things, if
inclined to discuss the shortage of furniture-making
materials and a few dealers know about."It's So Easy Now To
Have Beautiful Hair."
"Brownatone" is the one safe, re-
liable, easy to apply hair tint for
changing grey, faded, or bleached hair
to any beautiful shade of brown or
black.Absolutely Harmless.
Greaseless, odorless, easy to apply
—a comb or brush is all you need, in-
stant in results and guaranteed to con-
tain no lead, sulphur, silver, zinc, mer-
cury, antine, coal tar products, or any-
thing to injure the hair or the most
sensitive scalp. Par superior to so-called
"restorers" and harmful "dyes."
Brownatone is sold and recommended
in London by Standard Drug Company,
Limited, Cairncross & Lawrence, Fol-
get Drug Company, and other leading
dealers.Two colors: "Light to Medium
Brown" and "Dark Brown to Black."
Two sizes, 50c and \$1.50. Refuse all
substitutes. Used and endorsed by
thousands of women in society and the
business world.Special Free Trial Offer.

THE BOURBONS AT OTTAWA.

The electors of East Elgin have the privilege of throwing back in the face of Sir George Foster and his leader, Premier Meighen, the aspersions that these Tory politicians have placed upon the honesty of all who may differ from them in any particular. Sir George's declaration at Aylmer that miners, farmers and Bolsheviks were in one class is quite in line with the statements made elsewhere by his leader, and the latter seems to be becoming more and more reckless in his denunciation of all those who may differ with him.

Canada has had experiences like this in the past with people who felt that they had been divinely chosen to govern their fellows, and who regarded any interference with their self-assumed prerogative as treason. The Family Compact of a hundred years ago had men of that type in its ranks, and history records all too well what followed their course of action. Canadians are not as submissive to tyranny as they were a hundred years ago, and much less likely to bow down before men who set themselves up as the sole judge of right or wrong.

The intolerance and Toryism of the Meighen government was well shown in the manifesto issued by the department of labor, doubtless at the new premier's suggestions, a few weeks ago. Characterization of certain movements as seditious was coupled with an appeal to the churches to join with the Government in preaching the gospel of "things as they are." We wonder what Mr. Meighen and his friends would like to do with the Lambeth Conference of Anglican bishops which, at its recent session, declared:

"An outstanding and pressing duty of the church is to convince its members of the necessity of nothing less than a fundamental change in the spirit and working of our economic life. This change can only be effected by accepting as the basis of industrial relations the principle of co-operation in service for the common good in place of unrestricted competition for private and sectional advantage. All Christian people ought to take an active part in bringing about this change, by which alone we can hope to remove class distinctions and resolve industrial discord."

No doubt this pronouncement of the bishops will rank heresy to the Meighen cabinet, who are firmly convinced that all that was good in the past, and who, distrusting anything in the nature of change, brand all those who see a better day ahead as seditious, revolutionary and dangerous. If they had their way they would set the clock back by a century.

There is no hope of any improvement from men of this type of mind. Bourbon-like, they forget nothing and learn nothing. If there is to be a better day in Canada, an era when the common man will move on and on to better conditions of living and working, it will come out through an eighteenth century Toryism turning itself on the country, but through a turning of the people to the Liberalism that freed this country from such shackles in the past, and that is fighting today for the preservation of responsible government and popular rights.

A REGRETTABLE INCIDENT.

Nothing cuts lovers of true sport so deeply as so keenly as revelations now being made in connection with the "throwing of balls" before grand jury at Chicago. Baseball is too good a game to suffer at the hands of men with no higher ideals than to sell out to the highest bidder. The things that have been sworn to in the past couple of days in connection with baseball in Chicago constitute one of the blackest pages in the history of sport in America. Such happenings bear out the contention of those who always hold that professionalizing any game takes the real sport out of it. British sportsmen have frequently contended that a highly paid aggregation of professional players in any game did not make for the best results in a broad, national sense. The British idea is to play for the love of the game, no matter who wins, as long as it is a good clean game. It is the sport, not the winning they claim that is the real goal. No one has ever accused the British so far of being poor sports, and incidents such as are now being probed in Chicago are absolutely unknown in the annals of British sport. This year has seen the greatest revival of sport in a decade. The outdoor life they led while overseas has induced thousands of young men to indulge more and more in games. This is a situation much to be desired and encouraged, and, above everything, sport should be kept clean and honorable.

A BENEFICENT CONTAGION.

A Cleveland librarian is quoted as having said that good books were catching. Just leave a book in their hands and people, especially children, can be exposed to them, and the first thing you know those who have been exposed will get the book fever and want to read. This is an especially encouraging thought for a mother who has stored up in her heart dreams of how she will teach her children to be the best things in life and then finds herself with hardly time and strength enough to keep these children clean and out of mischief. There are thousands of such mothers, yes, thousands of them, women who promised them-

selves that they would feed their children's minds as well as their bodies.

But when it comes to carrying out these rosy dreams, the task is not so simple.

By the time a woman gets two or three youngsters bathed and dressed and fed and about half of the buttons attached to their garments, and a few colds doctored, and a track cleared through their toys before father gets home, and a couple of naps engineered and eighteen stockings darned, to say nothing of father's socks, the higher life gets a slight backset.

Reading the Golden Treasury out loud to one's offspring under the rose arbor in the backyard, or before the crackling grate fire on a winter afternoon, is a beautiful ideal which is, alas, too often interrupted by the grim necessity of putting clothes to soak or adding a little water to the potroast.

But this librarian gives us good cheer. Good things are catching, she says, and if you can't take any time actually to administer them to folks, you can just set things around and expose the patient. Youngsters can't escape entirely the influence of beautiful pictures hung on the walls and phonograph records well chosen.

Leave the kind of books you want your children to read on the sitting-room table, and drop a few more about in their rooms and let them see and handle them, and it won't be long before they have looked into their covers and learned their message.

BELGIUM AND IRELAND.

A parallel might be drawn between conditions in Ireland and Belgium. We may compare the Ulster Protestants to the Walloons, the Nationalists to the intelligent Flemish leaders, enthusiastic for a united Belgian people, and the Sinn Feiners to the so-called "Flemish" activists.

Belgium is inhabited by two races, the French-speaking element, and the Flemings in the more northern parts who speak a dialect of Dutch or Low-German. Before the war the general good sense of both sections made for national good-will and solidarity, but an underhand German propaganda was at work among the Flemings, urging them to turn against the dominant French at the court and capital. Professors under German instigation taught them that the Latin and Slav races were decadent, but that the Flemings were safe from decadence because they were of the noble Germanic races. The same philological twaddle was propagated in Belgium as in Germany itself, in Austria and Bulgaria. Only a minority of the Flemings were, however, gulled into hostility to Belgian unity, either before or during the war.

Still, there were German sympathizers among them, malcontents, schemers, and ignorant people. These elements, known as Flemish activists, the Germans, during their occupation of the country, attempted to mobilize. Their intention was probably to divide Belgium, as appears from their announcement in 1916 that Ghent was henceforward to be a Flemish university and their creation of the "Council of Flanders," and proclamation of the autonomy of Flanders. But Germany's main idea was to hold Belgium down by one means or another. The Mephistophelian cunning of the Huns is revealed by a document accidentally left behind in the haste of evacuation. Its essential sentences are these:

"The division of Belgium into the two states of Wallonia and Flanders is almost a matter of indifference to the Central Powers. What does really concern them is to take advantage of the Belgians' linguistic duality, and so set them against each other that German opinion will recognize the necessity of occupying the country."

Respectable Flemish leaders would, of course, have nothing to do with the Germans' schemes, and were persecuted for their refusal to fall in line with the "activists." Similarly, the sensible Nationalists in Ireland have incurred the rage of Sinn Fein extremists.

Self-determination, like "personal liberty," free trade, and other good things, has its limits. The moderates in Ireland and Belgium know that there must be give and take if peace is to be maintained and prosperity increased. Suppose the Lowland Scotch suddenly start a frenzy against the union with England, while the Highland districts stood by the union. The Lowlanders might contend that they were the only true North Britons, the Highland Scots being the descendants of an Irish tribe of invaders, and that therefore the Lowlanders alone should self-determine the destiny of North Britain, the Highlanders having nothing to say. And in Belgium you have had a set of "activists" intriguing to break up the kingdom of Belgium, already small enough.

Flemish activism has, however, small prospects in Belgium now that the danger of a brutal foreign occupation is past. With Belgium safely independent, the two races will get on well enough together. In Switzerland three peoples subsist in unity and welfare. All that Ireland needs for the triumph of a sane Nationalism and a peaceful unity is a measure of home rule approximating as closely as possible to Dominion autonomy. If both peoples in Ireland desired Irish independence, out and out, perhaps that might be the best solution. Things being as they are, a liberal measure of autonomy is the natural and feasible compromise.

EDITORIAL NOTES.

Gambling has rotted baseball almost to the core.

In Toronto and Hamilton they have launched a "carry-your-lunch" campaign, with the object of breaking restaurant prices. Another good way would be to MacSwiney.

LEAVING FOR COLLEGE.

We have little hope for the youth who is off to college this year just because it is the thing to do, and who is more concerned over the silk shirt and other clothing he is taking than in his books; whose mind is full of thoughts of fraternities and football, dancing and sports, and who carries with him no determination to excel in his studies. He will be a dawdler in college, as the writer was, and not get one-tenth of what is coming to him. But for the chap who leaves home deeply grateful for the opportunity his parents are giving him, who has a well-defined intent to make every hour in college count for his future, what a glorious prospect beckons! The world is his oyster. He has the key that may unlock for him the real treasures of life—the learning, the usefulness, the distinctions and honors which mean so much to youth, however drab they may turn with old age.

From Here and There

CHANGED THEIR NAMES.

The New York school board has been forced to remove the names of 248 women teachers from the list. But the city does not lose their services. It is merely called upon to make the salary checks payable to them under the names they took when they married during the summer vacation.

WASTE PAPER.

Few of us realize the importance of saving waste paper. Today, when the country is threatened with a wood and paper famine, and our forests are disappearing so rapidly, every effort should be made to save every scrap of paper. It is estimated that the saving of paper would make it possible to save more than 1,000,000,000 feet of lumber each year. Waste paper, such as old magazines, books, all kinds of printed matter and paper books, takes the place of wood pulp and saves millions of trees. Such material is used for paper making, paper boxes, roofing and building boards and paper shipping containers of all kinds, which carry as much as 100 pounds. If everyone would save the waste paper in his home it would be necessary to use a single tree for such material. It would require more than 500,000,000 feet of lumber each year to make the paper shipping cases used throughout the country.

PROVINCIAL FOREST SUPERVISION.

The Ontario Government has created and filled the position of superintendent of woods and forests. Hitherto the woods and forests have been under the supervision of the deputy minister of lands and forests, who is now relieved of responsibility in this connection. What has been a statement of the purpose of the change, but if it is intended, as a means to closer supervision and control of lumbering operations and of better general protection for Ontario's forest resources, it is to be commended. The value to the province of any increased effort toward forest protection will be very great. There is plenty of work for such an official as has been appointed.

INDIAN SUMMER.

It is a little early yet to speak of Indian summer, and yet it is something closely akin to it which Canada is enjoying at the present time. Daniel Webster stated that the early settlers gave that name to the season because they attributed its peculiar features—the comparative heat and the haze—to the burning of the Indians at that time. While Webster, the dictionary man, described it as "a period of warm weather late in autumn usually characterized by a clear sky and by a smoky or hazy appearance of the atmosphere, especially near the horizon." The name, he adds, is derived probably from the custom of the Indians of using this time in preparation for winter by laying in stores of food. No matter what it means or when it may be called, Indian summer is always a welcome visitor.

WHEN MR. MEIGHEN DEPLORES.

[Moncton Transcript.] Hon. Mr. Meighen deplores the fact that thousands of people anxious to better their lot are seemingly unwilling to do it in the old-fashioned way, by hard, honest, and intelligent effort. What kind of an example was set the people by Mr. Meighen and the members of parliament who raised him to power? Was the increased industry and honest effort of the intelligent efforts, or of supporting the new government? By all accounts the members were so diligent last session that it was often difficult to keep a quorum in the House. But then, Mr. Meighen's parliamentary supporters may be supermen.

ADVICE TO MOTORISTS.

These few words to automobilists by E. J. Nelson in the New York Globe are so good that they should be given the widest possible circulation: "When you are driving an automobile, always have some respect for the pedestrians. Don't cause the public to be belligerent. There are signs that the public is losing patience. Anyone can find that out by taking notice of popular comment in regard to reckless driving. "Always drive in such a manner that the people on the sidewalk can notice that you are driving carefully; don't rush up to a crowd of people and blow your horn as if to say, 'Get out of my way; this is my street,' but slow down gradually and give them a chance, and they will get out of your way much quicker. "Don't try to beat the car ahead of you. You are not in any great hurry, as a rule. "Don't think it is a disgrace if you stop and give people a chance to pass. It is a sign of intelligence and good sense. Don't put all the responsibility on the automobilists. When you live in a city you cannot expect to roam about half asleep even if the streets were void of all vehicles."

"PLAY CRICKET."

[Montreal Gazette.] It was said that Waterloo was won on the cricket fields of Eton; and in Britain to "play cricket" is, in all relations of life, to act honorably and above-board, whether in the domain of politics or in the relations of the individual in relations to all other individuals. The relation of sport to national character is very intimate, and Lord Desborough pointed this out at Toronto the other day in his address on the promotion of honorable and healthy sports as part of the individual and national character. The sporting spirit makes for good comradeship, honor, self-discipline and restraint, courage and endurance and a happy and wholesome outlook on life, of great value as a national asset. In the Great War the British fought as though it were a game. This was a wonder to the Allies. The armies fought with intensity, but they regarded the whole thing as a game, which you must play with spirit, and at the same time, "according to Hoyle."

HYDRO KILLS SMALL COMPETITOR, THEN DOUBLES ITS OWN RATES.

[Financial Post.] While so many splendid things are being said in broad generalities by the pro-hydro press of the accomplishments of the Beck enterprises, and actual facts when unpleasantly contrary seldom receive publicity, it is interesting to occasionally get down to the practical features of hydro service in the smaller communities. The Financial Post has received first-hand information regarding the experience of power consumers in one village of perhaps a thousand population, which should necessitate some explaining by the commissioners when similar testimony is made before the Sutherland commission.

"Before the advent of the hydro here," says this resident and power user, "we were supplied with power developed on — Creek, and were charged a flat rate of \$12 to \$15 per year. "Through the local board of trade the matter of taking power from the Hydro Commission was negotiated, and the result was an arrangement at \$7.50 per h.p. on the basis of 50 h.p. consumption," continues our informant.

"In the spring of 1915 hydro power was turned on. The old company struggled on for about a year and a half, and then sold out on a scrap basis. "During the war we were urged to cut down consumption; half our street lights were turned off and extensions were discouraged. In the spring of 1919 we were advised by the Hydro Commission that we had not been using our contracted horsepower—which was 50 h.p.—that as a result we were owing \$2,700 as arrears, and that the price in future would be \$60 per h.p.

"In this astounding situation protests from the residents were of no avail. In fact, in the spring of 1920 the Hydro Commission gave notice that we were again in debt about \$400 on the year's operations, and that the price for the future would be on the basis of \$70 per h.p.

"As a result we are informed: 'Lighting has increased from 5 cents per k.w.h. to 7 cents per k.w.h., and the minimum bill from 50 cents per month to \$1.50, while there is a debt of \$500 or thereabouts to the commission on five year's operations.' Our informant states that he would not be surprised if, in order to place the community on a proper business basis, the commission finds it necessary to raise the rate to \$100 per h.p. while "we were led to believe that the price of \$37.50 per h.p. would be cut down from time to time, instead of which it has climbed to \$60 and then to \$70, with a possible \$100 in sight."

This information is given to the Financial Post by one who describes himself as always having been a strong hydro supporter, but who is becoming more and more convinced that the change in his community was a big mistake. "Had we developed our local plant," he believes that "we could have been producing power at possibly \$15 per h.p."

Poetry and Jest

OLD HANDS.

[Caroline Bisham.] Old hands are not for kisses. Nor the girls of long ago. But the old hands in a garden Can make the flowers grow.

We look at them in wonder. One day and sighing, see Them changed and old and withered. Surprised that this should be.

Such smooth, soft hands they once were. Pink tipped, pink palmed, and now So thin—or plump—and wrinkled. But useful anyhow!

The flowers don't see the difference They only feel a touch Of tender undraining grace And blossom twice as much.

Old hands can hold a baby And smooth a pillow, too; Old hands can write a letter. Signed: "Grandma's love to you."

Old hands return the pressure Of strong, big hands of sons Of grandsons and granddaughters— The loving little ones.

So old hands do God's bidding In gardens and highways And at evening in contentment. Old hands are clasped in praise.

HEARD IN A RESTAURANT. First Girl—"Don't you ever eat your corn off the cob, Mayne?" Second Girl—"Not this summer. It butters up one's ear puffs so."

THE ROSE. [Arthur Goodenough in the Spring-Field Republic.] O, radiant rose O, royal rose! That in the summer garden blows. As full of happiness and grace As when bright Eden saw your face!

Within your red heart keeping nought To be regretted or forgot. But bringing to our western sea The borrowed scents of Araby!

I never saw you but I see New versions of God's mystery; And when I breathe your blisful scent I share in your divine content!

Your color and your scent combine To make a draught of sweetening wine And as I quaff the rapture fine Your soul seems somehow mixed with mine!

Tomorrow's sun may fade your hue; But never know I this. Here such a passion is As stretcheth me apart. Lord, I do

WILLING, BUT—Debtor: "I want to pay that little debt." Creditor: "Thank you, sir; thank you." Debtor: "But I can't."

GOD'S WORLD. [Edna St. Vincent Millay.] O world, I cannot hold thee close enough Thy winds, thy wide grey skies! Thy mists, that roll and rise! Thy woods, this autumn day, that ache And all but cry with color! That gaunt

To never lift the lean that black bluff! World, world, I cannot get thee close enough!

Long have I known a glory in it all But never knew I this. Here such a passion is As stretcheth me apart. Lord, I do

THE TEMPERAMENTAL BARBER. [From the London Morning Post.] What is an artist? Is he not merely the man who brings the desire for perfection to whatever task he undertakes? I make this inquiry, writes a correspondent, after conversing with my barber on the subject of moods.

For in that conversation, which opened with a review of the lives of various great authors, the barber said: "They are like me. Do you think if I wasn't feeling up it could get an edge on this (holding up his razor) with all the stropping in the world? Not a bit of it. It would be as dull as a rice pudding. You have to be in the right mood before you can get an edge on a razor."

AUTUMN LIGHTS. [Clinton Scoullard, in the New York Sun.] Still within the season's year Bright the salvia's embers burn; Still the aster flambeaux flare In the crisp morning air.

And the goldenrod is still Like a flame upon the hill. These, with all their glow and gleams, Light the Autumn's path of dreams;

Light the path of promise to Vernal loveliness we knew; For we cannot quite forget April, and the violet;

Golden April that is gone, April that again shall dawn!

ECONOMY. [London Answers.] A celebrated actor, who was by way of being a keen and dry humorist on occasions, was one day the guest of a man who can only be described by the phrase "new-rich."

"Unfortunately for the guest—the host was very proud of the fact that he had made money. Everything from the front door bell to the furniture, and the food was 'the best money could buy.' The actor stood it as long as he could, but when at dinner the dessert included a very rare fruit that cost several pounds apiece to bring from some remote island, he could stand it no longer, and burst out: 'Might I have a very small piece—only 2s 6d worth, please?'"

IN A GARDEN. [From "Night Thoughts," by L. E. D.] Some night I lay in bed, to breathe the lilac-scented air, That hangs about the garden that we know;

To drink its passionate thrilling draught With parted lips and eyes too keen to glow;

To seek more than the one thing they desire Above all others . . . thus, some night, to wait

Until the gloaming turns to darkening night And waits about us understanding arms.

Just you and I and the white lilac scent That lies so passionately on the air. Then . . . some flame that leap

And in the night the sweetness of your lips. And over all the glory of the hour That brings us lilac-scent—and ecstasy.

A TELEPHONE TRAGEDY. [London Tit-Bits.] Clayton walked slowly towards the telephone, which rested on the little side table. Seating himself languidly, he picked up the receiver and listened. Only two or three minutes had

— UNLESS THE FIRE END
OF IT HAPPENS TO FALL OFF
AND ROLL DOWN INSIDE THE
NECK OF YOUR NIGHT SHIRT.

There is nothing so soothing as a cigarette just at bedtime.

elapsed when he cried "Mayfair" shouted, excitedly. Another pause followed. Clayton clawed feverishly at the tablecloth. "Good heavens, Gerry!" he groaned. "I can't realize it! I've just won! With a crash the telephone dropped to the floor and Clayton fell forward, senseless, across the table. He had got the right number the first time.

Best For Everybody

When you order ginger ale, which every member of the family shares, you must have the best, because "best" means "purest"—and only O'Keefe's is best.

Misinformation people may imagine that certain imported brands come first, but tests prove that not only is O'Keefe's Pale Dry Ginger Ale more delicious, but made from the finest ginger and pure York Springs water, it is superior to any other Ginger Ale on the market.

Order from your grocer.

PAGE OF INTEREST TO WOMEN

SOCIAL and PERSONAL

TELL IT TO THE SOCIETY EDITOR.

Mr. and Mrs. Wilbert D. Mac-Edward leave Saturday evening for Los Angeles, California, where they will spend the winter.

The Janey Canuck Chapter, I. O. D. E., is proposing to hold a dance on October 14 at the Ontario Hospital, in aid of the Sick Children's Hospital.

The members of the Nicholas Wilson Chapter, I. O. D. E., are to be the hostesses of a tea, to be held shortly at the home of Mrs. Wilson, Broughdale.

Many are looking forward to the eucure and bridge to be held at the Ontario Hospital by the Isabel Hampden Chapter, I. O. D. E., on Wednesday, October 6.

Mr. and Mrs. James Gray, accompanied by Mrs. Roy Gray and infant daughter, sail Saturday on the Melita for a two-months visit to Scotland and France.

Mr. and Mrs. W. S. Vannatter, Embro, announce the birth of a son, eldest daughter, Ada Luella, to Mr. John Ross Mooney, the marriage to take place in October.

Mr. and Mrs. Robt. Weir of Ivan announce the birth of a son, eldest daughter, Gertrude Florence, to Mr. Norman W. Quinney of Denzil, the marriage to take place in October.

The Municipal Chapter, I. O. D. E., intends to invite Miss M. Arnold, the National Chapter president, to visit the city in the near future, and will entertain her as a chapter while she is here.

That the tea dances, so popular last year, are to be resumed again this year, is evidenced in the announcement that the John Carling Chapter, I. O. D. E., is to give a tea dance at the Ontario Hospital on the afternoon of October 20.

An interesting wedding took place at the Wellington Street parsonage on Friday, September 24, when Miss Anna Turner was united in marriage to Mr. Kenneth Reeder, the Rev. W. J. Ashton officiating.

On Monday, September 27, the Wellington Street Methodist parsonage was the scene of an interesting wedding when Miss Doris J. Brodwin was united in marriage to Mr. William J. McGregor, both of Guelph. The Rev. W. J. Ashton officiated. Mr. and Mrs. McGregor will reside in London.

A very pretty wedding took place on Saturday evening, September 25, at the Wellington Street Methodist parsonage, when Miss Jean Aitken became the bride of Mr. Aitken.

came the bride of Mr. Albert E. Graham, the Rev. W. J. Ashton officiating. The bride was attended by Miss Elida M. Gray, while Mr. Norman M. Graham supported the groom. The young couple left on the 9:30 A. M. train for Sarnia and points west. On their return they will reside on Horton street.

PORTER-DANN.
A pretty wedding took place on September 10, when Muriel Gladys, youngest daughter of Mr. and Mrs. John Dann, "The Maples," London Township, became the bride of Mr. McPhillip G. Porter of London. The ceremony was performed by the Rev. Selby Jefferson of Granton, while the wedding music was played by Mrs. Alice Cardinal of Detroit.

The bride, who entered the drawing-room on the arm of her father, looked charming in taupe satin. She carried a shower bouquet of white roses and wore the groom's gift, a handsome pearl necklace. The bride was attended by Miss Verna Langford of Granton in blue silk and carrying white asters. Mr. Melvin Dann, brother of the bride, supported the groom, and during the signing of the register Miss Cora Carson of London, cousin of the bride, sang "The Crown."

After reception the bride donned her traveling suit of blue tulle with hat to match, and left with the groom for Sarnia and points west. On their return Mr. and Mrs. Porter will reside at 23 Lorne avenue. The groom's gifts to the bride included a gold ring, a watch, and a gold bracelet. The bride's gifts to the groom included a gold bracelet and a watch.

TALKS ON HEALTH
BY WILLIAM BRADY, M. D., Noted Physician and Author.

Trifling With Poison.
The antiseptic fad dies hard—there are so many millions still to be made out of it.

Of all the practices which the layman with a slight inkling of medical information indulges in, none is more foolhardy and at the same time more unnecessary than the use of corrosive sublimate (chloride of mercury) as an antiseptic.

This deadly poison accomplishes nothing whatever in the way of germ disinfection that cannot be as well or better accomplished by half a dozen infinitely safer chemicals. The idea of using bi-chloride of mercury as an antiseptic was made in Germany, and like many another medical idea so lauded it really has no logical basis.

There are two poisons which have precious little essential purpose in the hands of the physician and none at all in the hands of a layman. These are bi-chloride of mercury and strychnine. The childlike confidence which laymen place in these two horrible poisons is pitiable. It leads to so many deplorable disasters.

A solution of a tablespoonful of boric acid in a pint of water will accomplish every desired purpose which a solution of corrosive sublimate (chloride of mercury) can accomplish. But it will never kill anybody. If you are susceptible to psychological suggestion, the use of boric acid solution with a grain of methylene blue, just like the bi-chloride of mercury, will make you feel that the germs are all the same in any case.

Strychnine (the active principle of nuxvomica), is a cruel whip to the nervous system, having the same "indications" which would call for the application of the whip to a tired horse. If you see a drunken fellow whipping his horse up a long hill you will

man-handle him. Well, he shows a lot of common sense as compared with the crook who feels himself strychnine or nuxvomica in the fond fancy that it strengthens him. It "strengthens" him about as much as the whip strengthens the horse. The strychnine idea perhaps arose from the fact that enough of the strychnine or nuxvomica will throw the victim into convulsions. Far too often some child gets hold of some sugar-coated or other highly attractive camouflaged pills containing strychnine, and pays for his childish curiosity with his life.

When that happens the response to the thought to be published—but never is even mentioned. There can be no excuse for permitting a layman to have strychnine in his possession. There is fully as much justification for supplying him with cocaine, arsenic and other poisons for possible emergencies. Strychnine has no remedial effect which warrants the swallowing of a single dose, save when administered directly by a physician.

QUESTIONS AND ANSWERS.
Sweating in the Armpits.
Some time ago you published a formula to use to prevent excessive or profuse perspiration in the axillae, consisted of a solution of half an ounce of aluminum chloride in three ounces of distilled water. Will this cure clothing? (Miss C. E. M.)

Ans.—I do not recommend it for this country. It is a cruel whip to the nervous system, having the same "indications" which would call for the application of the whip to a tired horse. If you see a drunken fellow whipping his horse up a long hill you will

man-handle him. Well, he shows a lot of common sense as compared with the crook who feels himself strychnine or nuxvomica in the fond fancy that it strengthens him. Some time ago you published a formula to use to prevent excessive or profuse perspiration in the axillae, consisted of a solution of half an ounce of aluminum chloride in three ounces of distilled water. Will this cure clothing? (Miss C. E. M.)

Ans.—I do not recommend it for this country. It is a cruel whip to the nervous system, having the same "indications" which would call for the application of the whip to a tired horse. If you see a drunken fellow whipping his horse up a long hill you will

man-handle him. Well, he shows a lot of common sense as compared with the crook who feels himself strychnine or nuxvomica in the fond fancy that it strengthens him. It "strengthens" him about as much as the whip strengthens the horse. The strychnine idea perhaps arose from the fact that enough of the strychnine or nuxvomica will throw the victim into convulsions. Far too often some child gets hold of some sugar-coated or other highly attractive camouflaged pills containing strychnine, and pays for his childish curiosity with his life.

When that happens the response to the thought to be published—but never is even mentioned. There can be no excuse for permitting a layman to have strychnine in his possession. There is fully as much justification for supplying him with cocaine, arsenic and other poisons for possible emergencies. Strychnine has no remedial effect which warrants the swallowing of a single dose, save when administered directly by a physician.

QUESTIONS AND ANSWERS.
Sweating in the Armpits.

I. O. D. E. CHAPTERS STRONGLY SUPPORT COMMITTEE'S SCHEME

\$22,549 Actually in Hand For Children's Hospital.

That the \$22,549 Sick Children's Hospital is to be commenced almost immediately would appear from the fact that a majority vote to this end was obtained at yesterday's meeting of the Municipal Chapter, I. O. D. E. Mrs. C. T. Campbell, treasurer of the hospital fund, reported \$22,549.40 in the bank, not including the \$5,000 victory bond held in trust by the Municipal Chapter. Mrs. F. J. Greenaway, speaking for her chapter, said that they had decided to raise \$2,500 to endow a private room instead of the \$1,000 originally promised.

The chapter decided at yesterday's meeting to entertain the Women's Institute delegates during their convention in the city, the entertainment to take the form of a tea, to be held after the afternoon session of Wednesday, October 27. Mrs. Ross Thomas was made chairman of the committee to look after the arrangements for the tea, and Mrs. Logan and Mrs. Adams were named as the hostesses.

The C. E. F. returned Chapter asked permission to hold a bazaar and garden party at the home of Mrs. Ross Thomas. The Traill Chapter stated that its intention of holding a band concert in the city on Sunday evening in October. Mrs. F. Greenaway stated that the new management of the hospital had promised the net proceeds of the opening night to the Sick Children's Hospital.

Mrs. E. B. Smith, the regent, was in the chair.

WHAT'S IN A NAME?
Facts about your name; its history; its meaning; whence it is derived; its significance; your lucky day and lucky jewel.

ANNETTE.
France is responsible for the dashingly little name Annette, which conjures up visions of a slim, chic creature of flashing eyes and a saucy smile. The very sound of the name seems to preclude any relationship with demure Anne, but they have a common origin in the Hebrew word meaning grace, which the Irish have identified with their native Anne (Joey).

The name from which Annette was evolved was first used in France after a supposed appearance of the good St. Anne to two children at Auray in Brittany, and first gained vogue as a feminine name through the Bretonne heiress, twice queen of France. Its popularity in court circles insured its widespread usage among all classes in France.

Scotland adopted it in preference to the English Anne, calling it Annet. It penetrated England without change of form, and currently enough in view of Anglo-Saxon distaste for Gallic names, maintained its original form. Hence, in clothing, it is best to wear the reference to its foreign flavor, and is almost never used as a derivative of Anne.

The yellow jacinth is Annette's talismanic gem. It will protect her against lightning and insure her safety in traveling. At the approach of danger or disaster, it is said to pale in color. Saturday is her lucky day and 1 her lucky number.

Magie Cleaner.
Dear Miss Grey—I have got lots of real help from your page before, so am trying again. Here is a magic cleanser for washing clothes. I copied it from an old country paper, as I get them from Glasgow every week.

Take a cupful of the following mixture in a boiler full of clothes work wonders: Put into a quart of water, 1 tablespoon turpentine, 2 teaspoons boiled soap, 1 tablespoon borax, 1 teaspoon lard oil, 1 teaspoon salt, 1 teaspoon soda, 1 teaspoon vinegar, 1 teaspoon lemon juice, 1 teaspoon ketchup, 1 teaspoon mustard, 1 teaspoon Worcestershire sauce, 1 teaspoon Tabasco sauce, 1 teaspoon onion juice, 1 teaspoon garlic juice, 1 teaspoon horseradish juice, 1 teaspoon celery juice, 1 teaspoon carrot juice, 1 teaspoon beet juice, 1 teaspoon turnip juice, 1 teaspoon pumpkin juice, 1 teaspoon squash juice, 1 teaspoon melon juice, 1 teaspoon watermelon juice, 1 teaspoon cantaloupe juice, 1 teaspoon honeydew juice, 1 teaspoon pineapple juice, 1 teaspoon orange juice, 1 teaspoon lemon juice, 1 teaspoon lime juice, 1 teaspoon grapefruit juice, 1 teaspoon pomegranate juice, 1 teaspoon fig juice, 1 teaspoon date juice, 1 teaspoon raisin juice, 1 teaspoon prune juice, 1 teaspoon cherry juice, 1 teaspoon apple juice, 1 teaspoon pear juice, 1 teaspoon peach juice, 1 teaspoon plum juice, 1 teaspoon cherry juice, 1 teaspoon strawberry juice, 1 teaspoon raspberry juice, 1 teaspoon blackberry juice, 1 teaspoon blueberry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry juice, 1 teaspoon dogwood berry juice, 1 teaspoon sumac berry juice, 1 teaspoon elderberry juice, 1 teaspoon huckleberry juice, 1 teaspoon saskatoon berry juice, 1 teaspoon serviceberry juice, 1 teaspoon amaranth berry juice, 1 teaspoon buckthorn berry

FLYING TO UP

V. FLEMING'S LOUIE GRATTAN WINS 2:03 IN STRAIGHT HEATS

Dottie Day Comes From Nowhere and Forces Another Heat Thursday.

COLUMBUS, Ohio, Sept. 29.—Sixteen heats were raced today in the grand circuit program of the entire meeting and then the card was not completed. Dottie Day, in the third heat of the 2:07 class trot, coming from nowhere and winning from Selka, just about to make the race, and ending the final heat to be taken over until Thursday for a decision. Dottie Day, in this heat, made 2:03 on a \$2 million ticket, the longest price of the day.

DODGERS SUMMONED TO APPEAR BEFORE A NEW YORK STATE JURY

Zack Wheat Says None of Robbins Have Been Approached and There Is No Truth in Rumors.

NEW YORK, Sept. 29.—While a Chicago grand jury was investigating charges that the 1919 world's series was "fixed," New York authorities today started an inquiry into reports that the same clique of gamblers planned a crooked series for 1920.

Acting on a newspaper story to the effect that members of the Brooklyn Nationals, winners of the National League pennant, were to be bribed to lose to the Cleveland Indians, District Attorney Lewis of Kings County summoned all members of the local team before him Friday morning. At the same time he telegraphed to Chicago for any evidence available there.

"If there is anything wrong with this world's series we are going to find it out before it is too late," said Mr. Lewis. "I intend to investigate fully certain ugly rumors which have come to my attention. I feel this is a duty I owe to the followers of baseball. If the games are to be on the level we will establish this fact, and if there is crookedness we will prosecute the crooks to the limit."

The district attorney was promised full co-operation by Charles H. Ebbets, president of the Brooklyn club.

Zack Wheat, captain and left fielder of the Brooklyn team, winner of the National League pennant, tonight denied rumors that members of the team had been approached in an attempt to "fix" the coming world's series.

Asserting that there was absolutely no truth in the rumors, Wheat continued: "No one has ever approached me, and it would not be well for anyone that did. I am sure that none of the other players have been approached. If any persons have doubts about the game we will play they had better come out and see us perform. Perhaps we will be beaten in the series, but we will play the best game that we can."

"Even the hint that there is anything wrong is bound to affect the feeling of the men. We have always played clean ball, and were in there fighting up to the finish."

O.A.C. Out of Intercollegiate

Intermediate Group and May Enter Junior Series Once More

Action of Aggies Not Favored by Other Teams—Group Will Now Be Three-Cornered Fight—Assumption Here On October 9.

Word was received here yesterday that the O. A. C. had dropped out of the inter-collegiate intermediate group, leaving St. Mike's, U. of T. and Western U. to make a three-cornered fight for it.

The action of O. A. C. in dropping out of the intermediate grouping will not find favor among the other teams of the group. Last year O. A. C., though with an enrollment of 500 students, elected to play junior, with the result that the juniors who went up against them were pumpled under by sheer weight.

This year, it is understood, the enrollment at the institution is much stronger, and it seems strange that out of a student body that large an intermediate team cannot be scraped up.

Whether O. A. C. will apply for junior grouping is not known, but if they do it will mean that the juniors universities will take the junior series seriously.

Out Yesterday.

The local squad was out again yesterday and went through a stiff drill. They ironed out some more kinks and put the crew into a few of the simple formations. About twenty-four turned up and the drill was better than the day previously.

COMISKEY IS HEAVY LOSER AS RESULT OF PLAYERS' DISHONESTY

Fixing of 1919 Series Meant Heavy Financial Loss To Him.

Chicago, Sept. 30.—Fixing of the 1919 world's series cost all the players an opportunity to win \$1,552.25, the difference between their loser's shares of \$2,551.25 and the \$5,000.00 paid each victorious Red.

Eight players were barred, according to Cioetto and Jackson, the sums paid them ranging from \$5,000 to \$10,000. Every one of the eight, it is said, was getting a salary in excess of \$5,000 a year, and some as high as \$10,000 or more. Cioetto testified his salary which he lost when President Charles A. Comiskey suspended him, was \$10,000, just the amount of the bribe he admitted taking. Jackson, who got \$5,000 of the gambler's money, is said to have received a salary in excess of \$10,000 a year.

Mr. Comiskey was the heaviest financial loser in the transaction, however, estimated today seven of the eight players, excluding Gandil, who is not with the team this year, had a cash value of \$250,000.

Orangeville Swamps Mimico

ORANGEVILLE, Ont., Sept. 29.—Dufferins of Orangeville defeated the Mimico and New Toronto lacrosse team here today by 20 to 4 in the final for the intermediate lacrosse championship of Ontario. The Dufferins won the round by 20 goals. The game was faster than the score would indicate.

SARNIA, Sept. 29.—Limited entries and consistent performances marked the second day's racing at the West Lambton County Fair today. Elsie Onward, Spencer, London, won the free-for-all in straight heats from a field of three. In the team race the Goodison farm entry won handsily. Topsy W. and Mate finishing a quarter of a mile behind in all three heats. It is estimated that close to 10,000 people witnessed the two days' racing of the fair, which was one of the most successful in the history of the city. The results:

The Free-For-All.
(Goodison). Sarnia. 1 1 1
Topsy W. (Porter), Sarnia. 2 2 2
Dilly Bishop (Fox), Owen Sound. 3 3 3
Jimmie Moore (Moore), Sarnia dr. Time, 2:20, 2:17, 2:21.

Team Race.
Velma, S. and Irene Porter (Goodison). Sarnia. 1 1 1
Countess Wilks and Paddy (W. Gates and Ryenoids), Sarnia. 2 2 2
Topsy W. and Mate (Phim), Sarnia. 3 3 3
Time, 2:32, 2:29.4, 2:29.4.

THE MAN WHO CINCHED THE GREATEST MATCH IN THE HISTORY OF HORSE RACING

ABE ORPEN, race horse and race track owner and widely-known millionaire sportsman of Toronto, who has arranged a match between the famous race horses Man-o-War and Sir Barton at Kenilworth Park, Windsor, October 12, for a purse of \$75,000 and \$5,000 gold cup, outbidding all other competitors for the match.

BROWN AND SULLIVAN ARE SOUGHT AS BALL GAMBLERS

Two Are Indicted, But Only Partly Identified—Williams and Felsch Confess—Felsch Says No Games Have Been Thrown This Year.

Chicago, Sept. 29.—Confessions from Claude Williams and Oscar Felsch, admitting that they were bribed to throw last year's world's series games, were made public today, and at the same time the grand jury investigating the baseball scandal took its first action against gamblers who are said to have engineered the deal by inducing two men whose identities were only partly revealed.

"Brown" and "Sullivan" were the names under which true kills were voted against the alleged gamblers, and both were said to be from Boston or New York. Later, however, it came out that the jury believed these names to be mythical.

The statement by Williams and the newspaper reports of Felsch's confession tallied with those made yesterday by the grand jury. Williams said he had heard of many other gambling activities of Chase's before the Magee case.

Zimmerman was dropped from the New York team, McGraw is said to have told the jury, because information had come to the New York manager that the third baseman offered Benny Kauff \$500 to help throw games.

"I believe Kauff was innocent," said Mr. McGraw, "but I got rid of Chase and Zimmerman, even though I knew it would seriously injure my team, because I didn't want any such men on the club."

Heydler's testimony was largely the interview he gave newspapermen Sunday night, telling of his private investigation into how Chase had told him a year ago he suspected some of the Milwaukee and Indianapolis players and William Yeck, president of the Chicago National League Club, had obtained a confession from See McGraw.

Two Brothers to Answer.

According to an official in the state attorney's office, the names of two brothers in Des Moines, Iowa, have been brought before the grand jury. They are said to have placed large bets on the world's series, and to have been tipped that it was "fixed."

Further indictments against gamblers may be expected within a day or two, it was said.

It will not consider baseball at its session tomorrow, but probably will resume the investigation the next day.

Guelph Axles Hand Hamilton

Plowites Their First Defeat

Three Pitchers Fail To Stop 14-9 Loss in Semi-Finals of O. B. A. A.

GUELPH, Sept. 29.—After winning three games without a loss the Plowites of Hamilton suffered their first defeat of the season here today, when they were downed by the local Spring Axle nine, inter-county champions, by 14 to 9, in an O. B. A. A. semi-final.

The visitors used three pitchers in an effort to hold their unbeaten record, but the features of the match were two home runs by Little of the Guelph team, while a pretty play was also made by Jones of the locals, when he stole home on Carroll's wind-up in the second. The teams are now even on the series, and the deciding game will be played tomorrow in Brantford.

The Score:
Plowites..... 000 102 240—9 12 6
Spring and Axle..... 320 321 638—14 12 2
Clubb..... Carroll, Beaume and Cummins.
Clarke, Whitestone and Pequegnat.
Umpires—Larry Burke, Hamilton; N. Barber, Guelph.

BRITTON, WELTERWEIGHT CHAMP, IN CLEVELAND

CLEVELAND, Ohio, Sept. 29.—Jack Britton, champion welterweight boxer, reached here today with a party of 40 friends. Britton is scheduled to box ten rounds with Benny Leonard, lightweight champion, here tomorrow night. Leonard has been training here for several days, with men completed their workouts today.

Immediately upon his arrival Britton was met by the local Tommy McGilney to bet that he will win the contest.

PHILLIES AND BRAVES DIVIDE

BOSTON, Sept. 29.—Boston and Philadelphia divided a double-header here today, the Braves winning the first game 1 to 0, and the Phillies taking the second 5 to 1. It was the fastest double-header of the season, the first game being played in one hour and five minutes.

R.H.E.
Philadelphia..... 000 000 000—0 7 0
Boston..... 000 010 000—1 7 0
Smith and Withrow; Oeschger and O'Neill.

Second game—R.H.E.
Philadelphia..... 000 101 102—5 13 0
Boston..... 000 100 000—1 8 1
Meadows and Wheat; Fillingim and Gowdy.

Naps Continue On Way Flagwards

Sweet St. Louis Series Clean With 10-2 Victory.

RUTH GETS 54TH HOMER

Six Four-Bag Drives in Yank—Athletic Twin Bill.

ST. LOUIS, Mo., Sept. 29.—Cleveland made a clean sweep of the four-game series with St. Louis, winning today 10 to 2. The victory gives Cleveland a lead of one and a half games over Chicago. The Indians hit opportunely and were aided by St. Louis' errors. The Browns could do little with Coveleskie. The score:
Cleveland..... 021 020 031—10 12 4
St. Louis..... 001 000 001—2 8 6
Coveleskie and O'Neill Weisman, Van Gilder and Severoid.

SIX HOMERS.
PHILADELPHIA, Pa., Sept. 29.—Six home runs featured New York's double victory over St. Louis today, the scores being 7 to 5 and 9 to 4. The second game went eleven innings, Hasty weakening after shutting out New York for nine innings. Clarence Walker had one home run in each game, the first in the ninth inning of the season came in the ninth inning of the first game with Ward on base.

First game:
New York..... 010 013 002—7 5 0
St. Louis..... 010 010 010—3 10 4
Philadelphia..... Collins and Hannah; Harris, Keefe and Perkins.
Second game:
New York..... 400 000 000 05—9 10 3
St. Louis..... 210 010 000 00—2 8 6
Shawkey and Hoffman; Naylor, Hasty and Walker.

SARNIA TO TRY OUT CITY RUGBY SCHEME

Lyle LeSuer Appointed Convener of Sarnia-Petrolia Group.

SARNIA, Sept. 29.—For the first time in fifteen years a Sarnia club has been appointed convener of this district by the O. R. F. U. Word was received in Sarnia today that Lyle LeSuer, president of the Rugby Club and the Sarnia Athletic Club, had received the appointment. Sarnia and Petrolia have been grouped this year, the withdrawal of London necessitating a double schedule to determine a winner. The winner of the Hamilton-Tiger-Dundas series, unless Houston is available for the Petrolia team, will take some of the work off Wilson, their star running half, the Hard Oils are now conceding much chance in this district. Forster, a former McGill man, will be available for Sarnia, Alcott, formerly

of Petrolia, and Parrott having already signed up.

Sarnia will launch the first city rugby league ever tried in Western Ontario outside Toronto, this fall. An organization meeting is to be held in the police court rooms Friday night for the purpose of drawing up a constitution for the league and drafting a schedule for the coming season's play. A number of local rugby enthusiasts are interested in the scheme as a means of supplying new material. Four teams, the Wanderers, the Bearcats, the Collegiate and Point Edward will comprise the league.

Sarnia is sending two rinks of bowlers to Petrolia Friday night in the third effort to bring back the McGibbon trophy and the Turnbull Shield to Sarnia. William Percival will skip the rink competing for the McGibbon award, Richard Bryant making the bid for the Turnbull shield.

Old followers of the Tecumseh, London's world famous team, recall the incident now because it had a personal touch in that Devin and Hall had both played here. They were playing with another team than Louisville at the time, but were owned by that southern city club. These four were blacklisted and forever barred from Devin was a pitcher and Hall a second baseman.

BLACK DAN TAKES 2:20 AT SAGINAW IN SLASHING DRIVES

Was Third in First Heat, Then Took Last Three.

SAGINAW, Mich., Sept. 29.—For three slashing miles Black Dan battled a classy field in the 2:20 pace at the short ship meeting this afternoon, and after finishing third the first time around, took the next three heats in hard-fought finishes. It was one of the best races ever witnessed in Saginaw. Summaries:

Barrow's Rink Won Glass at Trophy St. Mark's Tourney

Ranney of Hensall Was Second and Thrower Third.

St. Mary's bowling tourney, staged yesterday afternoon at the Ontario Hospital greens, was a great success, even if some of the shots were "cold and darwa," owing to the chill in the air.

Barrow's L. R. C. four, with three wins and a plus of 30, took the Frank Glass trophy, with Ranney's Hensall rink in second place. Thrower's L. R. C. rink, with two wins and a plus of 20, took the third prize. Ranney and Talbot won played-off ties.

The other scores were:
C. Spieran, skip, won 2, plus 10.
J. Rankes, skip, won 2, plus 7.
J. W. Griffiths, skip, won 2, minus 1.
J. Reynolds of Lambeth won 2, minus 5.
Coleman, skip, lost 3, minus 11.
G. Jarvis, skip, lost 2, minus 1.
Webb, skip, won 1, lost 3, minus 5.
G. Drake, skip, lost 3, minus 24.
McLeod, skip, lost 3, minus 16.
W. J. Morrison, skip, lost 3, minus 7.
W. L. Talbot, skip, lost 2, win 1, minus 18.

Brantford Club Reserves 18 Men For 1921 Season

Five New Players Are Included in Reserve List.

BRANTFORD, Sept. 29.—The Brantford Club has received eighteen players for the 1921 season, the list having been forwarded today. Included in the list are five new players for the team next year: Sullivan and O'Brien, infielders; Catcher, Hart, and Phillips; Pitcher McGuire and Outfielder Rawlings. The reserved players are as follows: Leo Walker, Lansing; Paul Smith, New York; John Smyth, York; John J. Brady, New York; John Muir, St. Catharines; P. Werre, Worcester, Mass.; W. P. Winslow, Fredrick, Md.; Larry Shupp, Dayton, O.; J. L. Sullivan, Bath; B. Martine, Philadelphia; G. H. Dye, Toronto; John Keating, Buffalo; George Moorehead, Greensboro, N. C.; Sumpter Clarke, Charles City, Buffalo, N. Y.; E. M. W. Buffalo, N. Y.; J. Rawlings, McGuire, Chester, Pa.; J. Rawlings,

Fall 1920 At Dowlers'

Building Good-Will Rather Than a Bank Balance

BUILDING for the future, that's the DOWLER policy--Building good-will rather than a bank balance.

Shaving our mark-up more closely than ever. Aiming to double our turnover and halve our net profits. Thousands of new customers enable us to do this--to their advantage--and eventually ours.

When we say "you should wear Dowler clothes," it's a straight business suggestion, backed by facts, by style value and service achievement, by the Dowler Stores' reputation.

RH & J. DOWLER LIMITED

CANADA'S MOST PROGRESSIVE CLOTHIERS.

We're rather proud of our window displays. They tell a wonderful story of value-giving in fall apparel. See this 100-foot panorama today.

BOWLING CLUB OFFICERS.

DORCHESTER, Sept. 29.—Dorchester has organized a bowling club with the following officers: President, J. B. Sandy; vice-president, J. H. Barr; secretary-treasurer, A. George. Grounds committee—J. O. Rogers, Jos. Calvert, H. Douglas, O. H. Moxley, J. C. Hunt, J. A. Morris, R. A. Loran. Membership committee—A. Hodder, F. Boyes, W. A. Gill, J. H. Barr. A lot has been secured and it is pur-

posed to start at once to arrange a green. The ladies of the W. M. S. of the Methodist Church held a quilting bee in the church basement on Wednesday.

FUNERAL OF MRS. HELD.

CAYUGA, Sept. 29.—The funeral of Mrs. Fred Held, who died in Hamilton hospital following an operation, was held at the Lutheran Cemetery at Fisherville. She had a wide circle of friends in the community.

For four hundred years the freedom of the Empire has been maintained by the sacrifice of countless gallant lives on land and sea.

"He that Commands the Sea is at Great Liberty"

—Bacon

Liberty to Live
Liberty to Trade

Trade Means Prosperity—
Liberty to Trade
Lies Upon the Sea!

The congregated wealth of the Nation must stand behind the forward movement to the sea.

Every pound of Canadian products shipped from a port outside Canadian territory retards our maritime growth, weakens our National prosperity, and places control of part of our sea-borne commerce in the hands of a competitive nation.

The Navy League of Canada.

DOLLIE PATCH WINS 6-HEAT GREEN RACE AT NORWICH FAIR

Trotted One Half in 1:09 1-2
On Slow Track—Hal Abbe
Took 2:15.

WOODSTOCK, Sept. 29.—The horse races featured the day's proceedings at the annual North Norwich Fair held at Norwich Village today. There was a great crowd in attendance and a splendid day's sport was fully enjoyed. The feature of the racing was the win of Dollie Patch in the green race. This promising young horse won the three last heats in a contest that went six heats to decide a winner, and covered the half-mile on a very slow track in 1:09 1-2.

The summary:
2:30 Trot or Pace. 2 1 1 1
Golden Limit 2 1 1 1
Billy Rex 1 2 2 2

"HOT DOG" VENDOR GETS FIVE YEARS FOR MANSLAUGHTER

Verdict Returned Against Jos. Apert For Shooting Fellow Circus Employee.

CAYUGA, Sept. 29.—Joseph Apert of Dayton, Ohio, a vendor of "hot dogs" with a travelling circus, who was tried at the assizes here today on a charge of killing Louis Reimann, an employee of the circus, with whom he had an altercation at Dunville, Ont., on the night of May 26, was sentenced to five years in the penitentiary for manslaughter. The jury recommended Apert to mercy. He was sentenced to the penitentiary for five years.

Justice Kelly outlined the case to the jury this morning. Apert, in his own defence, testified that he had tired of circus life and wanted to quit. He said he had a dispute with Reimann over his money and the latter drew a gun. The prisoner admitted firing three times "to protect himself."

POTATOES ARE AFFECTED.

EMBRIO, Sept. 29.—Potatoes in this district are reported to be rotting considerably, due, it is believed, to the excessive warm weather which has prevailed. Corn is an extra good crop this season, and farmers are busy filling their silos. The young people of the Congregational Church enjoyed a corn and marshmallow roast at the home of Mrs. Donald Campbell last evening.

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try it! Make this lemon lotion to whiten your tanned or freckled skin.

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quart pint of the best freckle, sunburn and tan lotion, and complexion whitener, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands and see how quickly the freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

NATIONALISTS FIRED ON SOLDIERS, FIRE RETURNED, 2 KILLED

Curfew Patrol Replies To Shooting by Civilians in Belfast.

MORE RIOTING REPORTED

Lisburn Suffers Further Losses by Burning of Buildings.

BELFAST, Sept. 29.—Last night's rioting, in which two civilians were shot dead and a number of persons were wounded, began when a number of men in Falls road, the Nationalist quarter, commenced firing down Townsend road in the direction of Shankill road, the Orange quarter, simultaneously extinguishing the street lamps. Troops quickly arrived and occupied the end of Falls road, whereupon the men fired a fusillade at them. The soldiers returned the fire, killing the two civilians and wounding many others, some seriously.

Later, a curfew patrol was fired upon at Falls road. The patrol replied, but the results are unknown.

MORE LISBURN BUILDINGS DESTROYED.

LISBURN, Ireland, Sept. 29.—There was further rioting last night between the Nationalist and Orange forces, resulting in the wrecking of three more establishments in this already badly damaged town.

WOMAN HELD FOR TAKING CHILD FROM TORONTO GUARDIAN

Mrs. Alice Brown of Texas Prostrated by Arrest, Is Sent To Hospital.

WINDSOR, Sept. 29.—Mrs. Alice Brown, 40 years old, Texas, was taken off the Michigan Central train on her way through Windsor tonight with a little girl, six years old, whom Mrs. Brown is alleged to have taken from the guardian of the child in Toronto. The arrest was made by Frank Beitz, Windsor patrolman, on receipt of a telegram from Toronto. The child and woman are both held, awaiting word from the east. Mrs. Brown, who is well dressed and of refined mien, was prostrated following her arrest. She was ordered to the Hotel Diet for treatment. She alleged that the Windsor police have falsely imprisoned her and the child.

She declared she has a legal right to the girl. The officers would not state whether she was the child's mother. The woman stated she had just come to Toronto from Texas and was on her way back to her home.

ITALIAN HELD FOR STABBING AFFRAY IN KITCHENER PLANT

Case of Sleeping Sickness Reported by Medical Officer of Health.

KITCHENER, Sept. 29.—Pangolo Giovanni, a local Italian, was arrested today after he had stabbed and perhaps fatally wounded Dominic Tambourine, a fellow-workman, in a quarrel over a woman. According to the story gathered by the local police following the arrest, Giovanni is the half-brother of the late husband of a Mrs. Embro, who conducts a fruit store here. Tambourine was paying attention to the widow, with the intention of marrying her, and Giovanni objected. He claimed that his business to annoy Tambourine with his objections to the match, and today the affair came to a climax in a quarrel, in which Tambourine was stabbed.

The fight took place in a local button factory, in which the men are employed. The injured man was removed to the hospital, suffering with severe knife wounds in the chest, hip and neck. He is in a precarious condition. His assailant is being held by the police.

The board of directors of the local Y. M. C. A. left this city for Montreal this morning in connection with a conference with the architectural firm of Ross & McDonald regarding the final ratification of the plans for the new building. It is anticipated that the actual building operations will be started early in October.

Sleeping Sickness.

Acting M. O. H. Dr. J. F. Honsberger announced here today that one case of sleeping sickness had been discovered in the city. The case is that of a young girl who was suddenly taken with fever and pains and lapsed into unconsciousness. Her physicians have been successful in partially reviving her. Hopes are held out for the girl's recovery.

BANK LEASES BUILDING.

OWEN SOUND, Sept. 29.—The Canadian Bank of Commerce has leased the large store occupied by P. Butchart & Bros., hardware merchants, for a term of years. Extensive alterations will be made to the building. The Bank of Commerce new building will be the fourth bank on the busy corner of Second avenue east and Ninth street, Owen Sound's main thoroughfare, the others being the Molsons, Royal Bank and Merchants Bank. The Bank of Commerce will take possession April 1, 1921. The firm of R. P. Butchart & Bros. was incorporated about 1865. The Butchart building is of brick, and the first story will be remodelled to accommodate the bank.

MACKENZIE KING GIVEN OVATION AT VANCOUVER

Problems of Day Discussed in Able Manner by Opposition Leader.

VANCOUVER, B. C., Sept. 29.—(By Canadian Press.)—Before a large audience tonight which gave Hon. W. L. Mackenzie King and his colleagues a most enthusiastic reception and interest hearing, the leader of the Liberal party addressed the second meeting of his tour of the western provinces, laid especial emphasis on the fundamental difference in attitude, methods and outlook between the party in office at Ottawa and that of the Liberal party.

This is a moment of transition in social and political conditions, which will go far to determine the whole future trend of Canada's destiny as a nation, and no man or woman, the Liberal chief declared, can afford to be neutral in his or her political allegiance. The choice, he said, is between those who are not afraid of change in the social order, and those who resist change, and between those who are progressive and those who are reactionary. He said that in these days of readjustment, little thought or attention had been given to domestic affairs, that since the election of 1911, there had been no occasion under the luxury tax, the result, he claimed, is exemption for the profiteer and taxation for the public.

Problems of Day.

Hon. Mr. King discussed the leading problems of the day, the cost of living, and the tariff, declaring that with regard to the latter what is wanted is not taking of evidence, but immediate revision to bring relief to consumers and producers. In regard to the high cost of living, Mr. Meighen, he said, had left the country in the dark.

W. C. Kennedy, M.P., for North Essex, Ont., dealt with the public debt, taxation, and what he declared the extravagance of the Government in the matter of civil service appointments and commissions. He claimed the Government sought refuge behind the excuse of war expenditures for the growth of the public debt, but the real explanation is that proper steps have never been taken to meet the conditions.

Government bonds, he declared, were issued free from income taxation and interest on these bonds is being paid today by the public, under the luxury tax, the result, he claimed, is exemption for the profiteer and taxation for the public.

Ernest LaPointe, M.P., East Quebec, and William Duff, M.P., Lunenburg, N. S., also spoke.

FIVE FOR ONE! POLICEMEN WARN SINN FEIN SNIPER

Say They Will Not Lie Down While Their Comrades Are Murdered.

DUBLIN, Sept. 29.—Notices have been posted in Drogheda bearing the following warning: "Drogheda, Beware! 'If in this vicinity a policeman is shot five of the leading Sinn Feiners will be shot. It is not coercion; it is an eye for an eye. 'We are not 'drunk-maddened savages,' as we have been described in Dublin 'rags. We are not out for loot. We are incensed to women. We are as humane as other Christians, but we have restrained ourselves too long."

"Are we to lie down while our comrades are being shot in cold blood by the corner-boys and ragamuffins of Ireland? We say 'Never!' and all the inquiries in the world won't halt our desire for revenge. In case of the shooting of police we will lay low every house that smells of the Sinn Fein. And remember 'Fairplay!'"

DIED AT CARD PARTY.

PETE BORRO, Sept. 29.—While playing cards at a party in the Great War Veterans' Hall here last evening, Mrs. Albert Spenceley dropped dead of heart-failure. She had been apparently in the best of health.

She is survived by her husband and three children. She was 29 years old, mestic comrad.

"Diamond Dyes" No Risk Then!

Don't Spoil or Stak Material in Dyes that Fa.e or Run

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, whether wool, silk, linen, cotton or mixed goods. Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has color card.

The Rich Flavour of
CALADA
GREEN TEA
UNDA
is due to the freshness and purity of the leaf.

Lantic Sugar

NOTHING but the tea leaves left to tell my fortune by, eh, Dot?

"Well there's no sugar left anyway. Harry I can see good fortune in that. You make the money, and I'll help on the savings by using Lantic. It certainly takes less."

As fine as the silver, as snowy white as the linen in homes of refinement yet its thrifty goodness earns for Lantic a hearty welcome in the humblest home. Multiply your saving of sugar in each cup, at each meal, by 365 days, and the yearly saving by using Lantic becomes considerable.

A SURE SIGN OF GOOD SERVICE

THAT is why you see so many Red Bird Bicycles on the streets used by doctors, lawyers, ministers, teachers, collectors, "street car conductors," "telephone and electric service men," workmen, professional men, men and women, boys and girls in every walk of life, where service is of some value, where time is worth something. Red Bird Bicycles are built for service, and the service behind it cannot be equalled in Canada. This is a broad statement, and we make it with every confidence of stating the truth.

WE are bicycle merchants exclusively. No side lines. That is why we give you undivided service on bicycles.

"SERVICE" helped to build this business, from a "hole in the wall" a few years ago to the largest exclusive bicycle business in Western Ontario, and one of the largest in all of the Dominion. In these few years we passed our competitors who have been in business for 50 years or more. Service, plus good bicycles done it.

IF you are not numbered among our customers you do not know what "service" means. Ask the riders of Red Bird Bicycles how they like our service.

COME in and let us show you our Christmas Club proposition. It will interest you.

MOTHER'S LIFE SAVED BY HER TWIN BABES

Death Sentence Commuted To
One of Life Imprisonment.

THE CABINET ACTS

Brutal Murder of Step-
Daughter Set Woman Apart
From Others.

OTTAWA, Sept. 20.—Madame Gagnon, sentenced to die at Quebec on Friday morning, will serve a life imprisonment term in the penitentiary. The cabinet council today decided to commute the death sentence.

The action of the Government was based entirely upon the fact that Madame Gagnon is nursing the twins to which she gave birth in prison rather more than two months ago.

It is unlikely that, in the ordinary course, there would have been any interference with the sentence of death. For the last twenty years or so it has been customary in Canada to grant a sentence of death passed on a woman. Madame Gagnon, however, was found guilty of the murder of her step-daughter under conditions of extreme cruelty, and but for the twins would have suffered the full penalty of the law.

WOULD CUT FREIGHT RATES, BUT INCREASE PASSENGER TARIFFS

Col. Fraser, Representing Ontario
Agriculturists, Pre-
sents This View At
Appeal Hearing.

[By Canadian Press.]

Ottawa, Sept. 20.—The case in support of the appeal to the railway board judgment granting the railways higher freight and passenger rates, concluded at 10 o'clock this evening. Argument by counsel representing provincial governments, boards of agriculture and business interests occupied morning, afternoon and evening sessions, held by the prime minister and several of his colleagues to hear the appeal.

The railway side of the case will be presented tomorrow. It is expected that the argument to be made on behalf of the railways will occupy so much time, and the hearing may be over early tomorrow afternoon.

The closing addresses in support of the appeal were made this evening by J. B. Coyne, counsel representing the Winnipeg Board of Trade, and President Parnell of that body.

Not Altogether Due to Labor.

At the evening sitting, Col. Fraser, representing organized agriculturists in Ontario, said that much had been made of so-called unjust demands by labor. But he asked whether the present troubles were due not so much to the extortionate demands of labor as to unwarranted demands for profits. Agriculture, he claimed, as he opposed the increase in freight rates, was not receiving the recognition it should receive.

While farmers have received large sums of money, Col. Fraser declared, "actual profits have not been there."

He thought that the increase in freight rates granted by the Canadian railway commission was unwise and injudicious. But he believed that passenger rates were altogether too low, even with the present increases. A large percentage of passenger travel was for pleasure, and those who traveled for pleasure should be prepared to "pay the price."

A. E. Adams of Annapolis, N.S., presented objections of fruit growers in the Annapolis valley to the freight rate increases.

The morning session was occupied in hearing the arguments of Hugh Blain of Toronto, representing the Wholesale Grocers' Association, H. J. Symington, representing the Government of Manitoba, and G. R. Geary, corporate counsel of the C. P. R.

Surplus Unreasonable.

Mr. Geary considered the increase had been granted at an inopportune time, seemed as if it had been pressed through to take advantage of the movement of the grain crop. The C. P. R. had accumulated a surplus of \$492,000,000. He recognized that a railway should have a surplus, but that in this instance the surplus was unreasonable, and a portion of it should be diverted to take care of an abnormal year. The railway board's award meant that for years to come the C. P. R. was to keep on paying its fixed charges and dividends and piling up a surplus. Mr. Geary declared rates should be "equal for all classes of the community."

Erred in Judgment.

Mr. d'Arcy Scott, counsel for the Saskatchewan Government, asserted that Chief Commissioner Carvell had erred in judgment in taking into consideration the position of the Government system or railways. Mr. Scott thought the Government would be justified in fixing one schedule of rates for the Canadian National Railways, and another for the Canadian Pacific Railway, which statement drew murmurs of protest from many of those present.

Mr. Scott contended the Canadian Railways for having "passed the buck" to the Canadian people when they granted the increase, simply because the American railways had granted them. The employees would be sent back for more indefinitely. No increase should be granted the C. P. R. on account of labor.

Add Millions to C. P. R. Surplus.

A. C. McMaster, for the Toronto Board of Trade, contended that under the terms of the judgment the C. P. R. would be able to add many millions to its surplus. He criticized the board for deciding that the increased passenger rates should not be permanent. He thought they should be permanent, and that future reductions should be in freight rates, because recent years freight rates had been increased 100 per cent and passenger rates only 15 per cent.

Mr. McMaster said the merits of the claims of Western Canada regarding discrimination had not been investigated.

C. R. Watts, representing the Dominion Millers' Association, appealed to the cabinet against any advance in the rates on grain and grain products. He caused some laughter by making the assertion that the rates on grain were higher in the East than in the West, and went on to state that this difference was as high as 43 per cent on grain shipped from points in Ontario.

GABY GIVES
REASONS FOR
RADIAL INCREASES

TORONTO, Sept. 20.—(By Canadian Press).—Chief Engineer Gaby of the Ontario Hydro-Electric Commission gave the hydro radial commission today considerable information regarding the estimates of the Toronto-Eastern lines and the changes made after the radial bylaws had passed in the various municipalities.

He said that an increase of from \$100,000 to \$500,000 was caused by using the plans to allow six miles of double tracks at the Toronto end. The

rest of the increases were due to the increase in labor and material costs, and also to the increased interest charges.

To offset these increases in cost the commission had planned to increase revenues by increased suburban fares. In making all these increases, allowance was made for what the C. P. R. and Grand Trunk might draw from this territory in the way of passenger and freight business.

Up To Municipalities.

In this connection Mr. Hellmuth, representing the Ontario Government, pointed to a case of a proposed radial line in the Huron district, construction of which the hydro-electric commission failed to recommend. He said he understood that the hydro-electric commission was not prepared to approve of a radial road that by itself or in connection with another road would not prove self-sustaining.

Mr. Hellmuth asked Mr. Gaby if in the case of the Toronto-Eastern itself estimates showed that the road was run at a deficit would the commission approve it. Mr. Gaby replied that the commission would revise the estimates and submit the matter to the municipalities. He thought the matter was in the hands of the municipalities. "If authorities want to operate under a loss would the commission go ahead and build?" asked Mr. Hellmuth. "I could not speak for the commission of that," said Mr. Gaby. "I would say that the matter was with the municipalities."

SUIT FOR \$10,000
DAMAGES DISMISSED
IN GUELPH COURT

GUELPH, Sept. 20.—George Aaron Annette's suit against the Homebrew Sanatorium here for \$10,000 damages for alleged wrongful detention in the sanatorium in 1910, and alleged harsh treatment there, was dismissed by Mr. Justice Orde this afternoon, following the argument of the plaintiff, who acted in his own defense, and the counsel for the defence. The judge held that there was no evidence to support the plaintiff's claim for damages.

Mr. Annette is a Lambton County farmer. In the last ten years he has brought actions similar to that against the sanatorium, but has not succeeded in any of them. He was in the sanatorium about a year. His wife, who went with him to the sanatorium, was not called as a witness in the case just concluded.

In conducting the case for himself the plaintiff, Annette, was given wide latitude by the judge. On one occasion he conducted a cross-examination of Annette's statement were rather wild. The plaintiff retorted, saying he was sorry the judge did not understand the law better.

Little Friends
of the Liver

The liver is the regulator of health. If
the liver is active and well, good health
and happiness prevail;
but once you allow
your liver to get
torpid and sluggish,
life becomes a mis-
ery. Dyspepsia,
Indigestion,
Biliousness,
Constipation, Headaches and Melancholy
all result from a sluggish liver, and
memory and ill health; but remember Carter's
Little Liver Pills touch the liver and correct
all liver ills.

Mr. and Mrs. R. W. Wellington
street, wish to thank their friends and
acquaintances, also members of the
United Methodist Church, for their
kindness and sympathy in their recent
bereavement, also for the floral tributes.
b
IN MEMORIAM.
BONIFACE—in proud and honored
memory of Chief Petty Officer William
Charles Boniface, who was drowned
at sea two years ago, on September
29, 1918, while doing his duty in the
Royal British Navy as chief cook
and steward of the H.M.S. "Plover" and
nearly four years of service.
Every noble life leaves behind it a
memory which is a blessing to those
who loved him.
He went with songs to the battle;
He was young,
Straight of limb, true of eye,
Steady and true,
He shall not grow old,
As we that are left grow old;
And in the morning we shall remember
him.
—Inserted by his loving and devoted
wife, Mrs. and Mrs. Fred Lewis and
Grace, Byron, Ont. b

Collegiate Evening Classes

Through the medium of the
Evening Classes, which begin
on Monday, October 4, the Col-
legiate Institute presents the fol-
lowing courses:

1. **COMMERCIAL COURSE**
(to be held in the Techni-
cal School). Junior, In-
termediate and Senior
Classes will be formed
with instruction in Book-
keeping, Writing, Short-
hand, Typing, Spelling and
Arithmetic. Certificates will
be granted to the success-
ful students at the close of
each term.

2. (a) **MATRICULATION**
COURSE (to be held in the
Princess Avenue Building,
corner Princess and Col-
borne). Matriculation (whole
or partial), with a view to
entering a university, this
course should directly ap-
pear. The Department of
Education permits students
of these Evening Classes to
write one or more papers
each year, providing the
whole examination is com-
pleted within four consecu-
tive years.

(b) **HONOR MATRICU-
LATION AND FACULTY**
ENTRANCE. The regula-
tions of the Department
respecting Matriculation ap-
plication. This class
will be started especially for
those teachers of the city
who may wish to improve
their academic standing.

The classes will meet every
Monday, Wednesday and Fri-
day evenings from 7:30 until
9:30. Fee for the Fall Term,
\$2.50 in advance. For further
particulars and enrollment,
phone, day 928, or evenings
3621.

W. H. T. MOONEY,
Principal.
S. 25, 20, O. 2.

To Pay Less For Shoes Is False Economy

We sell our footwear for only a small
margin of profit, and when you buy
from this store you can rest assured
you are getting shoes that wear and
are the last-minute styles. Buy good
shoes. They are cheaper in the long
run than the bargain-counter kind.

YOUR Child's Eyes

Are They Normal
or Defective?

The answer is of the utmost im-
portance. Defective eyesight in
children often escapes detection for
years and leads to ill-health and
backwardness in studies.
Don't guess about your child's
eyes. Let us examine them. The
proper fitting of necessary lenses
make them see clearly. Isn't it
worth while to find out?

THREE BANDITS CAUGHT BUT TWO MAKE ESCAPE

MONTREAL, Sept. 29.—Two of four
bandits, said to have held up and
robbed a branch of the Danvers State
Bank in Montreal this morning, were
captured by a posse in a corn field
near here today. The two others
escaped and are being pursued. A
fifth man, said to be the driver of an
automobile in which the alleged band-
its escaped from Montreal, had been
captured previously.

Two thousand dollars of the five
thousand dollars stolen from the bank
is said to have been recovered. The
captured men gave the names of Ray
Spencer, Sam Rono and John Boison,
all of towns near Detroit.

ACTION AGAINST FIREMEN'S DAY OFF IS PLANNED

London First To Protest Leg-
islation—Matter For Local
Member.

TO CHANGE CAR STOPS

Women's Institute Convention
Here—No Action On Freight
Increase Fight.

London will protest against provin-
cial legislation to give firemen one day
off each week with pay. No. 1 com-
mittee of the city council received
communication from a number of citi-
zens Wednesday afternoon, stating that
they had taken no action in the matter,
and it was decided it was up to London
to start the ball rolling. The adoption
of the legislation here would mean \$20,000
more on the annual cost of the depart-
ment.

The motion to protest was made by
Ald. Cameron Wilson and seconded by
Ald. John Bridge. Ald. Wilson said
that the matter should be brought to
the attention of the local member, Dr.
H. A. Stevenson, and that other citi-
zens should be asked to co-operate. Ald.
Cunningham said that every fireman
got an average of 23 days off in the
year with pay. There would be no
objection to having a day off without
pay. He did not see why they should
be paid, as other workers received no
pay for Sundays. Ald. Bridge said if
they were not paid for the days off
it would be possible to hire enough
men to make the change without in-
creasing the cost of the upkeep. Ald.
Watkinson was not entirely in favor
of the action, contending that the fire-
men were continually on duty, whether
in uniform or not.

The report of Fire Chief Aitken on
the collegiate was received and filed.
The chief declared that the firemen
worked faithfully, and were in danger
at all times. Lack of fire walls per-
mitted the quick spread of the flames,
and the long lines of hose which it was
necessary to lay reduced the water

pressure fourteen or fifteen pounds. The
cause of the fire was lightning, the
chief thought.

Market Clerk Charles Maker reported
that no price "tickets" were being
dropped in the morning. Ald. Wat-
kinson said the report did not satisfy
him, but that he would have nothing
more to say for a week or two.

Ald. Harley was appointed the city's
representative to the Soldiers' Aid
Commission.

Press from all areas were raised from
three cents to ten cents a foot, while
coal-chute charges were advanced from
50 cents to \$1.00.

A communication from Manager C.
B. King of the street railway said that
the suggestions for changes in the
stops at Fullarton street and Beacons-
field avenue would be carried out.

Further consideration will be given
to the suggested omission of Market
lane and Carling street stops, as these
are used more generally.

The use of a hall was granted for a
convention of Women's Institutes to be
held here October 26, 27 and 28. It
was stated that members of the execu-
tive of this organization spent more
than \$1,000 at London stores and hotels
during the last convention.

"Millions Now Living Will Never Die."
**RESEARCH COUNCIL
FORECASTS SHORTAGE OF
COMMERCIAL ALCOHOL**

OTTAWA, Ont., Sept. 29.—(By Cana-
dian Press).—A statement from the
administrative chairman of the re-
search council states that there is a
shortage in Canada of alcohol for power
and industrial purposes. This short-
age will be world-wide and is already
developing abroad.

The supply of alcohol in Canada,
through the operation of the prohibi-
tion acts of the various provinces, has
in the last three years very consider-
ably decreased. The wholesale price
in Canada and the States is now
double what it was in January last
and it is likely to go much higher.

The research council is of the op-
inion that alcohol should be so operat-
ed in order to meet as far as possible the
demand at home and abroad. It is cer-
tain that plants, now idle, if used for
this purpose, will give satisfactory re-
turns for the next ten years at least,
and meet an urgent need in certain in-
dustries which otherwise may become
acute.

"MAKING A MESS OF INDIA," SAYS TRADE DELEGATE

Sir Alexander McRobert
Styles Dyer Case "A Posi-
tive Scandal."

UNARMED WOMEN SHOT

British Military Forces Set a
Dangerous Precedent by
Such Action.

WINDSOR, Sept. 29.—Declaring that
the striking coal miners in Britain
will be forced to agree to an amicable
compromise, because of the unsympa-
thetic attitude of other industrial
workers towards Government control
of the mines and the antipathy of public
opinion because of frequent and
extreme demands of the mine, Louis
Loughner, one of the delegates of the
imperial congress of chambers of com-
merce of the British Empire, told
the members of the chamber of com-
merce here tonight that Britain's in-
dustrial troubles were rapidly nearing
an end.

Discusses India.
Sir Alexander McRobert, another
member of the delegation, speaking of
the Indian situation, said, "They are
making a mess of India. The now-
famous Dyer case, where defenceless
women and children were shot down
in Amritsar, was a positive scandal."
Much has been said in England and
Canada, but people who have never
been in India do not know the danger
of setting such a precedent by British
military forces.

SCATTERED WEALTH AS HE WALKED

HAMILTON, Ont., Sept. 29.—W. A.
D. Baby, collector of inland revenue
in this city, received \$200 from the city
clerk here today. He thought he had
put the money in one of his pockets,
but instead had placed the roll of bills
inside the top of his trousers. He
walked along the street, unconsciously
shedding bills as he went, until he had
gone two or three blocks. When he
discovered the leak he was out \$120.

GABY EXPLAINS BASIS OF RADIAL TRAFFIC RATES

Uses Large Map of Toronto
To Illustrate His Points
To Court.

TORONTO, Sept. 29.—A huge map

that spread clear across in front of
the royal commission was the first evi-
dence that came up at the hydro radial
investigation at Osgoode Hall this af-
ternoon.

F. A. Gaby, chief engineer of the
hydro commission, explained the map,
which showed the density of population
along the line of the Toronto and East-
ern line at the Toronto end.

"There are 43,000 people in the trans-
fer and non-transfer districts, accord-
ing to our estimates," said Mr. Gaby.
"The actual count in this ward 8 dis-
trict, taken by the assessment depart-
ment, showed 40,948 persons."

The map showing density of popula-
tion indicated 23 to the acre in ward
one.

"We have similar maps for the other
municipalities that are contributory to
this line," said Mr. Gaby.

Brig.-Gen. Mitchell fancied that the
estimate of 29,000 population for Osh-
awa in 1925 was a trifle high. The
1925 figure is estimated at 16,000.

"It is based on the actual increase
recently," said Mr. Gaby. "Oshawa has
been increasing by 5½ per cent. Whit-
by by 5 per cent, and Bowmanville 4
per cent." He said that rural sections
did not show the same ratio of in-
crease as industrial towns.

Commissioner Hancock wanted to
know if radial roads did not tend to
increase the population along the line,
and instance how a radial line between
Detroit and Toledo, despite three steam
roads and good motor highways in
competition, was one of the best paying
radial lines in America.

"That is our information," said Mr.
Gaby.

General Mitchell then brought Mr.

McClary's

*Make good stoves and
Cooking utensils.*

Gaby back to the explanation of the
"riding habits" phrase, and the hydro
engineer went into the time zone
scheme, showing how cars downtown
made as slow speed as 2 to 3 miles an
hour, gradually increasing as they near-
ed the outskirts. He referred to the
better speed that could be made when
"the present conditions are ended and
when the street railway comes into the
city's control."

Commissioner W. A. Amos asked "Is
that a prophecy?" and the commis-
sioners smiled.

Mr. Gaby went into the method of
calculation of the traffic to be ex-
pected from the east end of Toronto.

BISHOPS BRING \$50,000 FOR ANGLICAN CHURCH IN WESTERN CANADA

MONTREAL, Sept. 29.—The stea-
ship Empress of France, delayed
fog in the river, reached Quebec
night, and on account of her late
arrival only cabin passengers were land-
ed. Among them were the bishops of
Ottawa and Worcester, who are going
to Winnipeg for the purpose of formal-
ly handing over to the church in Western
Canada the sum of \$50,000, collected
by the Archbishops' Western Canada
Fund.
