He had resigned because he knew what a bad bargain it was. The doctor dwelt at some length on the Conservative policy of public ownership, and pointed to Germany, Australia, Belgium and New Zealand, where the rail-roads were successfully owned and managed by the government. AS SILENT AS A SPHYNX

Hon. Mr. Blair Says Naught of Significance of Withdrawal

His Resignation Is In Governor-General's Hands and Takes Effect As Soon As It Is Accepted By the Government-Would Not Say Whether Reports of His Immediate Political Intentions Were Correct Or Not.

Ottawa, Oct. 20.-The one topic of conversation yesterday was the resignation of Mr. Blair. "What does it mean? What will he do next?" are questions which are on every one's lips, and which no one can answer. Mr. Blair, apparently the only one who knows, is as silent as a sphynx. He was early at his office in the Railway commission building asked friends of George Stephens who might wish to speak to take the platform. Robert Wilson, a popular young farmer, remarked amid general yesterday and received a number of yesterday and received a number of representatives of the press with his customary affability. But he was non-committal, practically, on the subject which is uppermost in the minds of men just now, namely, the exact significance of his resignation of the chief commissionership in the dress on the Grand Trunk Pacific, exposing the fallacies of that scneme. The Doctor needed no introduction, as everybody knew him. His address on the Grand Trunk Pacific scheme of the chief commissionership in the heat of a political campaign, the chief issue of which is the very policy upon which he broke with the Government a little over a year ago. Mr. Blair summarized the situation

as he wished it published:
"My resignation," he said, "is in
the hands of His Excellency the Governor-General, and will take effect ceed with the consideration of judge ments in the cases in which the board has already completed the tak-ing of evidence. Possibly some of the western cases will not be disposed of, as the evidence has not all been received. My resignation takes effect as soon as it is accept-

Asked as to reports of his alleged immediate political intentions, Mr. Blair stated that he had nothing to

say on that point.
"Will you have further statement for the public in two or three days?" ceived. He made an excellent speech, in which he briefly but clearly out-lined the platform which he has adopted. Equal rights for all and a he was asked.
"I cannot say as to that," was the

reply. "My present intention is to tariff equal to the American tariff against Canada are the chief planks in Mr. Clements' strong platform. His address was received with considretire from public life and to engage in the practice of my profession." erable applause.

J. M. Pike made a masterly ad-

In what particular sphere, how-ever, Mr. Blair did not feel himself at liberty to answer for the present. But doubtless he will be heard from in that regard within a very few days.

Brandon, Oct. 20.—A message received in the city yesterday announced that Mr. Blair would speak in Brandon before election day. If possible, arrangements will be made for him to appear before Oct. 31, the date fixed for the joint meeting of Richardson and Sifton, to enable the people to hear the railway question discussed freely without losing un-necessary time.

Emmerson's View of Blair.

Moncton, N.B., Oct. 20.-Hon. H. Moncton, N.B., Oct. 20.—Hom. H. R. Emmerson, Minister of Railways, was electioneering in his county Tuesday night, and did not learn the news of Mr. Blair's resignation till sarly yesterday morning on his way to Moncton.

He said: "Mr. Blair is simply where he was before he accepted the

where he was before he accepted the position on the Railway Commission. I have nothing to say with respect to his resignation or the time chosen

"I do not see how anything may do can have any more eff may do can have any more effect. The arguments presented by those supporting the Conservative side but a repetition of Mr. Blair's speech."

A Rumor and a Denial.

St. John, N. B., Oct. 20.—The Globe (Liberal) yesterday afternoon published an extra edition with a Montréal despatch that Mr. Blair and his son were to accept positions from the C.P.R. at joint salaries of \$40,000 a year. Telegrans last night from Montreal positively declare this to be false, and add that Mr. Blair is certainly to take the stump. There is joy among the Conserva-tives in the new conditions, for they see great help in their fight against the G.T.P. scheme, and proportion-

the G.T.P. scheme, and proport ately the Liberals are downcast. Sir Wilfrid Still Silent.

Orillia, Oct. 20.—There was no word of Blair at the meeting addressed by Sir Wilfrid Laurier in the rink last night, no reference to the resignation of the "greatest railway"

Sir Wilfrid is showing the effects of Sir Wilfrid is showing the effects of the arduous work of the past week Those who saw him a week ago in Toronto could not fail to observe last night the marked pallor and weakness. There has not been a more enthusiastic meeting on the Ontario tour than that of last night. The rink was crowded in every part.

Sir Wilfrid traversed the same ground as at Toronto, making much of his Canadianism and then entering upon the discussion of the Grand Trunk Pacific deal. On this he threw no new light.

DARING ROBBERY.

Two Men Held Up Superintendent Kitcher Robbed His House,

Superintendent Ketchen of Dentonia Superintendent Ketchen of Dentonia Park Farm had an exciting experi-ence at 3 o'clock this morning which two masked men broke into his house and with loaded revolvers en-tered his bedroom and held him up. His wife and two children in their house were also intimidated with threats of instant death. The whole family were brought in-to the one room and while one man

stood guard over them the other went through the house and gathered up all the valuables in sight. The bureau drawers were broken into and much valuable jewellery taken. Every bit of silverware in the house was

gathered up and put into a grip that the masked desperadoes carried. When everything of portable value had been collected one robber took a chair and smashed the telephone in the house. Then both men after threatening to blow out the brains of the whole family if they were followed, left the house hurriedly and

hade off in a northerly direction.

Mr. Ketchen so soon as the burg-lars departed rushed out of the house to the barn where another telephone was installed and rang up the city police, who sent out a party of men to investigate. He also rang up Chester Massey's house and aroused everyone on the farm. A vig-orous search was instituted to find traces of the masked men, but they had vanished.

The police in East Toronto and the city police have been notified and word will be sent to outlying towns to be on the watch for the two men. Mr. Ketchen did not get a good description of them for the enly light he could see by was that from a dark lantern carried by one of them. But he says they were both tall, and dressed in black clothes, wieh and dressed in black clothes, when peaked caps. He does not think he would be able to identify them again were he to meet them face to face. The best remembrance he has of them is of their voices which were rough with an apparent foreign accent, seeming to indicate that they were not men of his own

personal acquaintance. Mr. Ketchen has been in the ploy of Mr. Massey for 10 years. He came from Brooklin, Ont.

Editorial Room 102 S. STEPHENSON Proprietor. THURSDAY, OCTOBER 20.

THE SECOND AFFIDAVIT

In reviewing the character of the alleged defence put up by George Stephens in the matter of the bribery charges preferred against him by Reeve Purser and Councillor Boyer, The Planet yesterday inaugurated a brief analysis of the avalanche of affidavits produced by the Stephens committee in the hope to blind the people to the real issue.

The first submitted was that of Mayor McKeough, who frankly says he wasn't at the meeting at all. The second is from Councillor Joseph Lewis, of Dover, and is in full as follows:

1. I was during the year 1903 and Council of the Township of Dover East.

2. I was present at the meeting held on the 13th day of November, 1903, in the office of Mr. N. H. Stevens in Chatham, for the purpose of ens in Chatham, for the purpose of discussing matters relating to the above railway company and was so above railway company and was so present from the commencement to the close of the said meeting.

3. I am positive that Mr. George Stephens, M. P., did not at that meeting nor at any other time, say anything to me or to any one else in my hearing which could in any way be understood or construed to be a promise to pay anything either in eash or its equivalent to me or to any one else for anything done or to be done in connection with the said railway or company.

4. I am not a political supporter of Mr. Stephens.

Mr. Lewis is equally as frank as Mayor McKeough in speaking of his

"Of course," he said, "I cannot see any defence of Mr. Stephens in my statement and I told Mr. Fred Stone so when he came out to my farm to get it. Mr. Stephens, of course, never offered me any bribe to support his railroad bonus, but why should he? I was in favor of submitting the by-law anyway and Mr. Stephens isn't the man to throw away any money. I did not see him make the proposition to Mr. Purser or Mr. Boyer and I don't think a thing like that would be said in the open anyway. There would be lots of chance for him to do it without my knowing anything about it."

It is unnecessary to add anything to Mr. Lewis' own statement of the

HOW THE MONEY CIRCULATES.

Did you ever wonder when you get a dollar bill how many hands it has passed through since it was first issued. Bills are not very roughly handled and yet they change hands so often that they soon get badly worn and discolored. Did you ever consider how many handle the money paid out in wages to the workmen in the factories of your town? A manufacturer in New York state marked the bank bills which he paid out to his workmen in wages and arranged with the banks to trace them for him. The banks found that ages of each on the average the workman passed through the hands of eleven different people in a few weeks. If the money had been followed about for a year the results would have been more remarkable. Is it not better, then, to have the workmen who manufacture for us employed in Canadian factories instead of factories of the United States and other foreign countries? The money paid out for goods "Made in Canada" is kept circulating in Canada, but the money paid out for goods made in the United States is kept circulating in the United States. The Borden policy of Adequate Protection will encourage Canadians to buy goods made in Canada, or Canadian

George Stephens is a brilliant speaker because he casts reflections on The Planet. Like a good many other men whom the government support, George Stephens is not sorry for what he has done, but he is sore because he has

***** RONDEAU PARK FOREST

Mr. T. W. Gibson, Director of the Bureau of Mines, who is also Secret ary of Parks, has returned from an inspection of Rondeau Park, Kent County, made in company with Dr. Clarke, Provincial Forester. The park, which is 400,000 acres in extent, park, which is 400,000 acres in extent, is largely forest, and the inspection was made in order to make a report upon the systematic method of managing the forest with a view to its perpetuity as a reserve. This will involve the taking out of mature and rotten trees and other safeguards. The examination disclosed the fact that the reserve includes a considerable quantity of white pine, six varities of oak, three kinds of hickory, two of maple, besides beech, white two of maple, besides beech, white and black ash, black walnut, which is now very rare in Ontario, and some tulip trees.—Toronto Globe.

Mr. Carruthers is quite well known in this city he having been attached at one time to the Merchants' Bank staff here. The Sherbrooke Record says—Mr. Carruthers during his seven years in Sherbrooke, has proven himself a careful and successful bank manager and in relinquishing his post here he has the satisfaction of knowing that he leaves the Sherbrooke branch of the leaves the Sherbrooke branch of the Merchants' Bank of Canada in a most excellent financial condition, for which undoubtedly, much personal credit is due him. Business circles in Sherbrooke generally will regret the departure of Mr. Carruthers. In social circles, also, Mr. and Mrs. Car-ruthers will be much missed."

Most sensible people want to know the reason why. Well, the reason why Vito Tonic has cured so many severe cases is because it builds up the tissue of which the human body is made; it is a natural tonic, com-posed of herbs, barks and fruits. Messrs. Gunn & Co., druggists, keep it in stock.

THAT AUTO SPEEDING

A few days ago an automobile, driven by a young gentleman, frightened a horse on King Street West near the hospital. The horse was near the hospital. The horse was driven by a lady who has some skill in driving, otherwise there might have been a bad smash-up. And last Sunday evening another machine whizzed past the residence of Benjawhized past the residence of Benja-min Rothwell, on the River Road, in Harwich, where two rigs were standing. One of the horses was so badly frightened that the tie post was broken and it was with difficulty was broken and it was with minedry, that further damage was prevented. Warning was given but not in sufficient time. The regulations concerning the number on the machine is practically useless, ag, the number can men, when the histories is pretuated are not in the habit of remaining to dicuss the situation. Now, as Mr. Tweed, said, "What are you going to do about it?" Well there was a man one of the aggrieved—who called at The Planet office to-day, and he says "If things don't mend somebody's says "If this to be hurt."

FROM THE SOUTH

Mrs. Laura Connor, Lorne Ave., has returned from a very pleasant trip to the St. Louis Fair and with relato the St. Louis Fair and with relatives in Kentucky. Mrs. Connor brought back many samples of the productiveness of the Blue Grass State. The Maple City lady is full of the excellence of the popular southern state and she can tell many a story about it. The collection of grain, roots and fruits brought home will be on achibition in Joy Tit's will be on exhibition in Jos. Tlt's

tore.
They raise different things in Ken tucky to what they do here. First there is the moonshine whiskey which tucky to what they do here. First there is the moonshine whiskey which the residents make. Mrs. Connor has samples of this liquor made from peaches and from apples. The taste of it is a little severe. Then there is cherry bounce. This is a very seductive but powerful liquor and the taste is very pleasing. Persimmons grow there. When green they have a nasty taste, like alum or our choke cherries, but ripe they are delicious. Judging by the samples of hickory nuts, they grow much larger in old Kentucky. Mrs. Connor has samples of Kentucky corn, red, white and yellow. The ears she has were raised by her nephew and they took first prize at the Fiskburg fair. One ear in particular is over a foot long, has 16 grains around and 60 grains longwise. There is also samples of the red sweet potatoes, a kind we never see here. Even clam shells grow bigger there and in the collection thefe is a sample as big as a plate. While away Mrs. Connor attended the International Missionary Convention at St. Louis. There were over 25,000 people there.

STRUCK BY LIGHTNING

On the eighth inst., the barn of the Treffry Bros., of South Norwich, was struck by lightning on the north was struck by lightning on the north side near the peak, taking a line to the centre, making complete kindling wood of the rafter on the east side over the threshing floor, demolishing a large portion of the car track, passing down the roof towards the eaves tearing a hole large enough to admit a good sized man, entering the basement under the sill near the north door-post, removing a stone from the top of the wall, then turning south in the form of a ball about the size of a man's head, shattering a window in the south wall in its exit. It happened about six o'clock exit. It happened about six o'clock in the evening when the brother and hired man were milking the cows. Elven cows being tied, at the time, on the east side, of the stable, were all suddenly brought to their knees by the shock. One rather the worst, could searcely walk for some time after. The boys were thrown to the floor while milking and were too terrified by the rushing sound in the barn and the unusual lowing of the cows to realize what had happened, for a few minutes. The hired man not being of the lightest complexion, declared he felt himself turning pale, He said "Gen'emen I don't call on de Lawd very often, but I though it

S. D. CROTHERS' DISPLAY At the Wallaceburg Fair

This enterorising firm had a large display in the main building, consisting of furs, ruffs, muffs and the new styles in jackets and other goods that help to make up an attractive display. A visit to the store of this firm convinced us they were doing everything in their power to make buying easy for the residents of Wallaceburg and vicinity. By straightforward dealing they have won the confidence of their patrons and this method of conducting business is continually bringing them increased trade.

tinually bringing them increased trade.

They are sole agents for Priestley's fine dress fabries. They make a specialty of ordered clothing and carry a large stock of gents' furnishings. In short they have a stock that is a credit to the tewn and Wallaceburg may well feel proud of having such a store as the one conducted by Mr. S. D. Crothers.

LETTER BOX

To the Editor of The Chatham Planet, and the Electors of the Domin ion of Canada—

Dear Sir,-After reading so many Dear Sir,—After reading so many political papers on the two sides of politics of Canada for some time, I am sure the good consistant and honest electors of Canada will agree with me that there is ample room to write a very lengthy letter to expose the crooked acts from the Liberal in order to retain in power. This, in the first place, I refer to the whole preceedings on the case of trying to bribe Mr. Gamey so as to retain in power. Later on the great tain in power. Later on the great question of temperance came up. The Hon. G. W. Ross and his colleagues endeavor to show two faces in this question. And so far nothing definite question. And so far nothing definite has been done—only to please a certain number of temperance people. They went so far as to close up many bar rooms and hotels in different municipalities. I would fully agree with the Hon. G. W. Ross and the temperance people of Canada to close up every bar room in the province, as a temperance man. Have they not the law in their hands to execute in any case any hotelkeepers in case they violate their duties. The Commissioner has full control over the in any case any hotelkeepers in case they violate their duties. The Commissioner has full control over the closing of the bar room and stopping of the manufacturing. The spirit is in many ways a great evil of Canada.

1st.—The people will have spirits at whatever price it may cost, as during the Scott Act.

2nd evil.—The large revenue lost to the county will mean direct taxation on the people and the result

tion on the people and the result will be that the farmer's produce will be that the farmer's produce that is manufactured into spirits will have to be sold for half of its fair value. I am sure every good consistant elector will agree with me on this point Not only the bars and hotels but the present government are bound to shut down. Take the words from the speech of the Hon. the Minister of Agriculture, at the Chatham fair, on the 28th of September. What did he say? The time has come when the trials of speed will or must be done away with, etc., etc. What do they mean? Three-fourths of the sports, farmers, and horsemen do they mean? Three-fourths of the sports, farmers, and horsemen take a lively interest in sporting of this kind and not half of the people of each of these fairs will attend if the sports of the trials of speed will be cut down, as the Min-ister of Agriculture expresses him-self.

I ould write for hours if time

could write for hours if time I could write for hours if time and space would permit on topics of this kind, but I will close. The bribe of Mr. George Stephens in approaching the council of Dover, including the Reeve Mr. Purser, to offer him a sum of \$250 if he only got his consent to submit a by-law for a bonus of \$75,000 for the right of the electric cars. What will they do? Dover people I hope you will remember Geo. Stephens on the polling day.

A SUDDEN DEATH

A very sudden death occured in this city this morning when Sam. Toll, an employe of Hadley's, died from convulsions after about harf an mour's

Mr. Toll was feeling well this morning when he went to work. He worked until about 10 minutes past worked until about 10 minutes past ten o'clock when he complained of feeling ill. He stoppped work and went home. He had not been at home long before a boy with a delovery wagon stopped at his house and found Mr. Toll in convulsions. The boy hustled out to get a doctor and when he came back Mr. Toll was dead. Mr. Toll had not complained of feeling ill until just before he left the factory.

Mr. Toll was a carpenter and was about 50 years of age. He resided on Hysrop Street.

IS OLATION HOSPITAL

The city has to supply a place where contagious disease patients can where contagious disease patients can be taken. That is according to statute. There is a diphtheria case in the city and it is necessary to find a place where the patient could be taken. With this end in view a special meeting of the Board of Health was called for yesterdaay afternoon. After some discussion it was cere ended 18-0 for the Fanning Mill. The game was very much one-sided and the Fanning Mill boys had an easy victory. The following were the respective teams: Fanning Mill—Messrs. Head, Farby, Poole, McGarry, and Darling. Bugle Band — Messrs. Anquitel, Francis, Morrell, Mains and be taken. That is according to time ago the Public General and St. Joseph's Hospitals were interviewed. Both are willing to build isolation hospitals but they require assistance. The Board of Health has proposed that each hospital build an isolation house so as to relieve the city of that necessity and that the cost of each be not more than \$3,000. The city in return to pay annually the sum of \$150, which would be five per cent. on the investment.

BISHOP OF HURON DEAD.

His Lordship Had Suffered Stroke

London, Oct. 20.-His Lordship M. C. Baldwin, Bishop of Huron, who has been very ill for some days, passed away yesterday morning. He has been ill since last Friday and

nas been in since last Friday and never regained consciousness.

The Right Rev. Maurice Scollard Baldwin is the fourth son of the late John Spread Baldwin, of Toronto, and was born in that city, June 21, and was born in that city, June 21, 1836. He was ordained deacon in 1860 and priested the following year by the late Bishop Cronyn, taking a curacy at St. Thomas and subsequently the incumbency of St. Paul's, Port Dover. In a few years he went to Montreal, where his earnest eloquence gained him a high reputation. He became rector of Christ Church Cathedral, Dean of Montreal in 1879 and third Bishop of Huron in 1883: Dr. Baldwin belonged to the evan. gelistic school among churchmen, and his practical piety has won many tributes. He is the author of two volumes and has identified himself with the Lord's Day Alliance, and the Western Bible Society.

Rilled in Russway.

Dutton, Oct. 20.—William Campbell about 20 years old, second son of Archibald Campbell, of the township of Dunwich, was killed yesterday. He and his brother were drawing wood to Dutton with two teams. While the unfortunate lad was descending a short but steep hill the front stakes gave way, letting the load slide forward, carrying the young man with it. The horses ran away when the wood struck them. The boy fell under the wagon, the front wheel passing diagonally over his chest. He was carried to the nearest house and expired in about half an hour after the accident. His father and mother were away from home attending the funeral of their uncle, the late Malcolm Campbell of Ekfrid.

Brockville, Oct. 20.—There was concluded in the High Court here yesterday, before Judge Anglin, the trial of an action brought by Mark Forsythe, a Kemptville carpenter, against the Canadian Pacific Rail-way, to recover \$7,000 damages for way, to recover \$7,000 damages for personal injuries sustained by reason of an accident while driving over one of the company's crossings, near Kemptville Junction, Aug. 24, 1903. A verdict of \$4,000 was rendered in favor of the plaintiff. The C.P.R. solicitor signified his intention of entering an appeal.

While Cutting Kindling.

While Cutting Kindling.
Windsar, Oct. 20.—While splitting kindling at his home Tuesday, Judge McHugh met with a serious accident. A rusty nail in the end of a piece of board penetrated one of his knees and inflicted a painful wound. The injured knee grew worse. He is now confined to the house and precautions are being taken against blood poisoning. Attorney Davis will be acting judge until Judge McHugh is able to take the bench again.

Brakeman Killed.

Montreal, Oct. 20 .- One man was Montreal, oct. 20.—Ohe man was killed and three badly injured early yesterday morning in a collision be-tween two gravel trains on the main line of the C. P. R., near Montreal Junction, five miles west of the city. One train ran into the rear of the other, and Brakeman McMahon was killed, while Fireman Hart had a leg broken, Conductor Myers an arm broken and Engineer Draper an arm and leg broken.

Cornwall, Oct. 20.—Christopher chaston of the second concession of Roxborough has passed away in his 102nd year. He was a native of Scotland, but came to Canada in his youth. He was wonderfully active strong till s and was about the house the day of his death.

FOR MEN WHO WANT THAT New Suit To-day

Here is an invitation to come to Austin's and look through the Clothing Stock. We have no hooks to catch men who happen to come in, except, the fascination presented by the suits themselves. We want you to come and look over the clothing, try, it on, and see what we are offering, and let us tell you how the suits are made; and if we can't please you right down to the ground, you are perfectly free to go elsewhere. This is not one of the stores where it is made unpleasant for a man who doesn't come to buy. But it's worth while coming. We are pretty well informed about the clothing business in this city, and we know that when we invite you to come here and look over this stock, yon are going to get the best clothing that can be bought ready-made, and that you are going to save money on your purchase.

MEN'S SAOK SUITS are likely to be in largest demand. To day we are showing a splendid assortment of neat styles in novelty pattern tweed suits, as well as the smart fancy cheviots. Worsted Sack Suits at \$7.5c to \$15. Cheviot Sack Suits at \$10 to \$13.50 with double and single breasted Sack Suits.

MEN'S WORSTED TROUSERS are shown in a most complete variety tylish stripes, in grey mixtures at \$2.50 to \$3.50

One of Chatham's oldest residents passed away on Tuesday in the person of William Shipley, Adelaide St.

Mr. Shipley, who is well known and highly respected by all who know him, was employed in the Chaplin Wheel Works. Tuesday morning he was feeling well and was apparently in the best of health. About 10 minutes to twelve o'clock he was very suddenly stricken with paralysis of the brain. He was gently bourne to his home by his fellow workmen when he lost consciousness and gradually sank until he passed away shortly after five o'clock.

Mr. Shepley was an old resident of Adelaide Street, having lived there for 30 years. He was 54 years of age. He leaves a widow and a grown-up family to mourn his sudden death. He was a member of the I. O. O. F., which lodge had charge of the funeral. The funeral took place this afternoon-at half past two o'clock to the Maple Leaf cemetery. It was very largely attended.

Evidence Against Mrs. Dee At Inquest On Tuesday.

When James Kennedy Attempted to Help Mr. Dee Off the Floor On the Morning He Died, Mrs. Dee Said That If Mer Husband Had Fallen in a Pig Pen She Would Not Lift Him Up-Inquest Is Adjourned.

Ingersell, Oct. 19.-The inquest in-Ingersell, Oct. 19.—The inquest into the death of William Dee, the Dereham farmer, who died suddenly evidently from strychnine poisoning a week ago, was resumed Tuesday night in the hall at Salford. Mrs. Dee, who is held on the charge of murdering her husband, was brought up from Woodstock jail by Chief Wright of Ingersoll, and was an unaffected auditor of the proceedings. Her interests were looked after by J. L. Pattersen, barrister, of Ingersoll. The report of the doctors who conducted a post-mortem examination expressed the opinion that death resulted from strychnine poisoning, and

expressed the opinion that death resulted from strychnine poisoning, and a drug clerk in Gayfer's drug store in Ingersoll reported that Mrs. Dee had purchased 15 grains of strychnine from him on Aug. 5 last.

A neighbor, James Kennedy, who was present when Dee died, declared that when he went to help the man off the floor Mrs. Dee interfered and said that if he had fallen in a pig pen she wouldn't lift him up. This geems to have been one of Mrs. Dee's somewhat eccentric remarks, and the witness was not prepared to say whether it was uttered vindictively or otherwise.

otherwise.

The inquest was adjourned for a week until the report on the analysis of the stomach arrives.

In the meantime Mrs. Dee remains in jail charged with the murder of her husband.

CHARTRAND MUST HANG.

Man Who Murdered Constable Irving Committed For Execution.

Committed For Execution.

Sault Ste. Marie, Oct. 19.—For the murder of Constable William Irving of Webbwood on June 17 last Arthur Chartrand was yesterday committed to be hanged on Dec. 17, exactly six months after committing the crime. The assizes commenced here Tuesday, Justice Osler presiding. The grand jury brought in a true bill and the prisoner was arraigned before the court yesterday morning.

norning.
L. V. McBrady of Toronto acted as prosecuting attorney for the Crown and the prisoner was defended by Dr. Fred Rogers of the Soo. The Crown called eye-witnesses of the scene, who described how the shooting happened. The prisoner also gave evidence on his own behalf, corroborating the statements made by the Crown witnesses, with the exception of how he shot the officer, but

of how he shot the officer, but claimed it was an accident.

The jury retired at 5 p.m., returning at 6.30 with a verdict finding Chartrand guilty of wilful murder. The judge then pronounced sentence. The prisoner, during the progress of the trial, although pale and moving his hands nervously, was composed in demeanor and heard the sentence without emption. without emotion

CONDUCTOR UNDER ARREST.

for That He Did "Unlawfully Slay and Kili Annie Renwick.

Preston, Oct. 19.—During the pre-gress of the inquest held here to fa-quire into the death of Annie Ren-wick of Hespeler in Tuesday's trolley accident on the Galt, Preston and Hespeler Street Railway, High County Constable Huber of Berlin, placed J. Meyers, the conductor in charge of the freight motor under arrest. He was taken to the county jail at Ber-lin, the charge on the warrant of his committal being that he did "unlawfully slay and kill Annie Renwick.

The inquiry disclosed the fact that the collision was caused by the conductor's failure to order his brakesman to flag the Hespeler car while the freight moter was shoving a couple of cars off the main line into Pattison's Woollen Mills switch. The conductor admitted his failure to give the order, saying he thought Deemert, the brakeman, should have done so without being told.

done so without being told.

The jury in its verdict said that the accident took place on account of the conductor and crew of the freight motor failing through carelessness to signal the passenger car to stop, and they would recommend that the company employ only propely qualified conductors in future, as well as to place semaphores at such dangerous crossings as where Tuesday's accident occurred. It is thought locally that the directors of the company and not the conductor the company and not the conductor should have been served with war-

Treatment of Piles

Permanence of Cure the True Test

Many so-called p.le remedes will afford the user slight temporary re-ief, and the majority of those af-fleted do not expect more than this. The average sufferer, after having tried every preparation recommended for the cure of piles, comes to the conclusion that there is no cure ex-cept by an operation, and rather than undergo this "last resort" he suffers on, resigned to the situation, so far

on, resigned to the situation, so far as maybe. The attention of those interested is invited to the following experience.

"After ten years of suffering from blind, bleeding and protruding piles, and after using every remedy I could hear of without any benefit, I finally bought a fifty cent box of Pyramid Pile Cure, and used it with such good results I bought next a dollar box, which finished up the job. That was nearly six years ago, and as far as piles is concerned I am cured, and have never felt a symptom of them since.

and have never felt a symptom of them since.

"Many others have used this remedy by my advice, with the same results, and I always recommend it to sufferers with piles." C. H. Potts, Burlington, Kans.

Testimony like this should convince the most skeptical the Pyramid Pile Cure not only cures, but cures to stay cured. It is in the form of a suppository, can be applied in the privacy of the home, directly to the parts affected, and does its work qu'ckly and painlessly.

Druggists generally sell this famous remedy for fifty cents a package and sufferers are urged to buy a package now and give it a trial to-night. Accept, no substitutes.

A little book describing the causes and cure of piles is published by the parts a package.

A little book describing the causes and cure of piles is published by the Pyramid Drug Co., Marshall, Mich., and same will be sent free to any address for the asking.

the accident. John Pope represented the company.

The story of the early hours of the day of the accident was told by Brakemen Weston and Cable and Yardmaster McKee. Nothing particularly new developed, but the evidence showed that Conductor Simpson followed his rule book in remaining with the train. The action of Yardmaster McKee in entering maining with the train. The action of Yardmaster McKee in entering the tunnel with a crew to investigate was taken at the instance of the train despatcher, who reported the train had been stalled.

Some confusion will be created by the fact that the tunnel trainmen are not employes of the Grand Trunk, but of the St. Clair Tunnel Co. The inquest will resume this

Mukden, Oct. 19.—It is reported that the Russian army is advancing. News has just been received that the Japanese left flank has been driven back with heavy loss, and its retreat is cut off. A Russian regiment is now being hurried to the scene in the hope of completing the rout. Gen. Kuropatkin is indefatigable, personally directing the forward operations. Nothing seems to affect him, but he wears his usual quiet smile under all circumstances. The last Japanese defenders of Lone Tree Hill, two artillery officers, refused quarter and died fighting with their swords beside their guns.

According to the Associated Press Mukden despatch the water has since risen man high in consequence of heavy rains, and, therefore, it will be nigh impossible for the Russian army to re-cross the river, owing to the absence of bridges. It would be equally difficult, for the same reason, to bring up supplies and ammuson, to bring up supplies and ammu-nition to enable Gen. Kuropatkin to follow up the advance. Russians Retake Lone Tree Hill.

Mukden, Oct. 19.—Lone Tree Hill won by the Russians after a desperate struggle, was the effect of a gal-lant but unsuccessful attempt to re-capture it by the Japanese. In spite of the awful slaughter with which they had been driven from the hill the Japanese returned to the charge during the night of Oct. 17, recog-nizing that the hill was the key to the position on the southwest front Nine regiments participated, creeping up through the night and delivering furious assault at dawn. But the thill had been bought too dearly by the Russians to relinquish it and the Japanese were driven back with terrible slaughter.

Defeat of Yamada

London, Oct. 19—A despatch to the Japanese legation from Tokio, dated to-day, giving details of the envelopment of Gen. Yamada's column, says:
'On Oct. 16 his column was proceeding to reinforce a detachment of

our left army, which was attacking the enemy north of Shakhe. It de-feated the enemy near Weichialoutz, captured two guns and two ammunicaptured two guns and two ammunition wagons, and was returning to its original position when suddenly at 7 p.m. it was enveloped by about a division of the enemy. Montreal Man Suicides

New York, Oct. 19.—The body of a man, supposed to be Milton S. Talbot, of Montreal, was found hanging in the woods in Pelham Bay Park Tuesday. A diary showed that he was at one time employed as an electrical engineer in Natal, South Africa. It showed also that he came to New York Sept. 14. Several newspaper clippings referred to his invention of an explosive more powerful than dynamite, which the British Government was then testing.

Edward Rousseau, after Two Years of Suffering, Used Dodd's Dyspepsia

Tablets.

Thousands of persons have had the same experience as Edward Rousseau of Bruce Mincs, Ont. Their stomachs have bothered them for years. They can find relief nowhere. They are just about hopeless. They should do as Mr. Rousseau did. Let him tell the story himself.

"For upwards up ten years," says Mr. Rousseau, "I have been a severe sufferer from Dyspepsia. I doctored almost continually and used almost everything I could hear of until I began the use of Dodd's Dyspepsia Tablets. I have taken two boxes and words cannot express the great good they have done me, as I am now feeling like a new man, better than I have felt for years. I think Dodd's Dyspepsia Tablets are the greatest medicine in existence and in my case I have proved that they cure when other medicine fails."

"Way Down East," Lottie Blair Parker's idyllic play of New England farm life, comes to the Grand on Monday, Nov. 7th. It appeals, not to a limited class, but to everybody with a spark of sympathy, a liking for an interesting story and a relish for good, wholesome fun. There are many reasons for its popularity—its pathetic theme, its genial humor, its charming pictures of country life, its quaint characters and striking realism: but its more potent element unism; but its more potent element un-doubtedly is the strong human interdoubtedly is the strong human interest that permeates every scene. To this, all classes and creeds must yield their sympathy. Miss Parker's work, so admirably produced under the skilful direction of Mr. Joseph Grismer, will be interpreted by a cast that have been especially selected for their different spareators. different characters.

GOLDEN WEDDING.

One of those rare and beautiful One of those rare and beautiful events took place on the lith inst. at the home of Mr. and Mrs. C. J. Treffry, South Norwich, when a large concourse of relatives and friends gathered to celebrate their golden wedding, Mr. Treffry having lived on the farm continuously for 70 years and acting in the capacity of convansor for many years, and being possessed with a warm heart and congenial spirit has made for himself and family a large circle of friends.

self and family a large circle of friends.

The wedding feast was served in the drive barn, which had been previously decorated for the occasion with evergreens and bunting, five tables being required to serve the purpose. The bride and groom were seated in the centre with their family and near relatives, surrounded by their many friends and neighbors, presented a sight that would warm and gladden the hearts of the most skeptical.

presented a sight that would warm and gladden the hearts of the most skeptical.

The bride was attired in a lavender sik dress, which had served the same purpose 50 years before, well preserved and unaltered in style.

After doing ample justice to the luxuries of the tables, Mr. Gregory, barrister, of Toronto, was installed as chairman, and in his usual brilliant manner addressed the bride and groom with a few pleasing remarks, wishing them every happiness along the line of their earthly journey. Then followed speeches by the Rev. Mr Ames, of Woodstock; Mr. Ball, barrister, of the same place; Thomas Walker, Beaconsfield; Mr. Rodgers, of Mildale; Dr. Wells, of Delhi; Messrs. Innis, Beek and Duff, of Hawtrey, and a noted speaker from Kent County. A request was then given to the family, to which the eldest son cheerfully responded. The speeches were interspersed with toasts by the chairman to the bride and groom and family. The speakers having held a life-long acquaintance with the honored couple, spoke in the highest terms of gratitude for the many kind acts and hospitality shown them by Mr. and Mrs. Treffry. The children and grandchildren presented them with a beautiful engrossed address followed by a presentation to the groom of a small

gold basket containing \$76.50 in gold co.n and a tray of costly presents to the bride, others following a day or two later from England, Kansas City and Chicago, in all approximating a value of about \$150, to which the groom made a neat and substantial reply, and concluded by singing the hymn "Blessed be the tight. ing the hymn "Blessed be the tie that binds our hearts in Christian

BATTALION WIPED OUT TRIP OF THE MINNIE M

Sworn Statement Connecting Hen. J. R. Stratton et al.

P. J. Galvin, in Order to Have the Stigma Attached to His Name Removed, Tells the Story of the Notorious Trip in the Interests of the Liberal Party-Say Stratton Sent R. A. Grant to Advise

Sault Ste. Marie, Oct. 20.-The name of J. R. Stratton is now connected with the Soo election scandal, and in such a way as to make him and the Liberal party almost directly responsible for the notorious trip of the steamer Minnie M. from the Michigan Soo to Michipicoton at election time, carrying as passangers a gang of woodsmen and others who were to act in the capacity of person-ators and pluggers. Mr. Stratton

were to act in the capacity of personators and pluggers. Mr. Stratton and the Liberal party are implicated by confession made by P. J. Galvin of the Michigan Soo in a sworn affidavit read before Justice Osler at the Assize yesterday.

This is a feature of the scandal much similar to the recent affair in North Renfrew, where the revelations regarding Hales' enormous election expenses were an autcome of the Liberal party's refusal to meet the obligations contracted during the election campaign. Galvin, who was the employment agent that procured the employment agent that procured the employment agent that product the men in the Michigan Soo to go up on the Minnie M., was given a promise that he "would be seen through" whatever trouble might arise, but it appears that such promise made on behalf of the Lib-eral party did not hold good.

eral party did not hold good.
Galvin, in his sworn statement before D. B. South in the Michigan Soo, states that in October last he was approached by Lack Kennedy on behalf of the Liberal candidate and arrangements were made to take a number of men on the steamer Min-nie M. to Michipicoten. He got the men and went up on the boat with them. Lack Kennedy was on board and assumed the name of Ferguson. On the way up the men were instructed how to vote, Kennedy looking after that part of it. At Helen Mine all except one voted on names that had been supplied to them on the way up. They voted again at Michipicoten Harbor on names also furnished them. The party returned to the Michigan Soo, where each man was paid \$2. Galvin received \$400, out of which he was to settle with the men.

Galvin swore he formerly resided in Galvin swore he formerly resided in Peterboro and was well acquainted with Hon. J. R. Stratton, for whom he worked in political matters for many years. When Kennedy went to him he stated he had Stratton's authority and that Stratton had told him he (Galvin) might be relied on the dealers withing he might want to as him he (Galvin) might be relied on to do anything he might want to as-sist C. N. Smith in his election. Galvin wrete Stratton, calling on him and the Liberal party to get him out of the predicament they had got him into, and was shortly after-wards called upon by R. A. Grant, solicitor, of Toronto, in response to solicitor, of Toronto, in response to his letter to Stratton, and who talked the matter over with him. He would be protected and all fines im-posed would be paid by him in behalf

of the Liberal party. Grant advised him to stay away from court. Galvin also met George Suther-land, who, Kennedy told him, was head organizer of the trip to Michi-picoten. The Minnie M. plans were changed owing to a letter read at a meeting at the opera house. Galvin assisted in instructing the men how to vote. Liquor and cigars were paid for by Kennedy. Galvin made the statement to have the circumstance. the statement to have the stigma

attached to his name removed.

It may be that none of the election offenders will be brought to trial.

Geo. H. Watson, K.C., was present Geo. H. Watson, K.C., was present at the Assizes on behalf of some of those summoned. The Galvin case case was first called by E. E. Du-Mr. Watson raised an objection, but as he was not appearing on behalf of Galvin, Justice Osler would not listen to it. When the case against Napoleon Audette for bribery was called later, Mr. Watson, who ap-peared for him, made an objection which caused the judge to have the court adjourned till to-day while he considered the ruling on Mr. Watson's objection, which was made on the ground that the court was not properly constituted to try such cases. He maintained that special provision for such had been made by

Nicholas Cole, purser of the Minnie

He told again the story of that

Other witnesses gave details in connection with the charges, such as
were brought out at the election
trial.

Mr. Stratton Denies. Seen last night, Hon. Mr. Stratton said: 'I have not seen any despatch from the Sault with regard to spatch from the Sault with regard to the investigation you speak of. All I do know is that no one went to the Sault with my authority to assist in the election, directly or indirectly. Personally, I know nothing about the contest, how it was conducted or who conducted it, further than the newspaper reports. You may, as emphatically and implicitly as you can, say so. If anyone has used my name to induce anyone to do anything in connection with that election, they did so improperly, and absolutely without my knowledge or consent. I do not know the Mr. Kennedy referred to. I never saw or spoke to him to my knowledge.

The future has shoved suddenly forward into the present, as far as buying your boy a Fall Overcoat is concerned. Cool weather, such as we've been having, makes a warm coat imperative. We would like you parents to know these T. & D. Coats for boys
