REPORT OF THE COUNCIL

OF THE

Dominion of Canada Rifle Association

The Council have the honour of presenting their Report of the proceedings of the Association during the twenty-ninth year of its existence, and to congratulate its members on a most successful year's operations both in England and at home.

The thanks of the Association are again due to His Excellency The Earl of Aberdeen for his continued interest in the affairs of the Association and for his substantial donation to its funds of \$500.00.

To the Government and the Members of the House of Commons for the liberal vote granted to the Association at the last session of Parliament.

To the Hon. F. W. Borden, Minister of Militia and Defence for a free issue of Ammunition to the Competitors at the Annual Matches at Ottawa; for nothing that he could have done would have given them more satisfaction.

To the Hon. Alphonse Desjardins, late Minister of Militia, and to Lt.-Colonel Fred. C. Henshaw for their contribution of \$100.00 each, as well as to Major General Gascoigne, Commanding the Militia for his contribution of \$50.00.

To the following Banks are again due the thanks of the Association for their annual subscriptions as under:

To the Bank of Montreal.....	\$ 250 00
To the Bank of B. N. America.....	150 00
To the Canadian Bank of Commerce.....	125 00
To the Merchants Bank of Canada.....	100 00
To the Imperial Bank, Toronto.....	25 00
To the Molson's Bank, Montreal.....	25 00
To the Dominion Bank, Toronto.....	25 00
To the Bank of British Columbia.....	25 00
To the Eastern Townships Bank.....	25 00

The Association has again to thank Mr. J. H. Steward, Optician, London, England for a very handsome prize, consisting of a combined Aneroid Barometer, Clock and Thermometer in oak setting, valued at £10.10.0 sterling.

The Canada Club again presented to the Bisley Team, a valuable Silver Cup for competition, to be awarded to the competitor making the highest score in the Grand Aggregate Match, for which the thanks of the Association are due.

The report of Lt.-Colonel Starke, Victoria Rifles, Commandant of the Bisley Team will be found in its place, and will well repay perusal, being very full and most interesting.

The attendance at the Annual Matches from all the Provinces of the Dominion this year was considerably over that of previous years, the number of entries in the regular matches amounted to 460 as compared with 416 in 1895. The firing was very good, and as a conspicuous example thereof it may be mentioned that in the score of the 13th Battalion in the Walker (Battalion) Match, six men per Battalion, made an aggregate of 564 or 94 per man; the individual prize in the match being won by Private Simpson, Royal Grenadiers, with a score of 98. Notwithstanding a delay of two hours on Thursday morning, owing to heavy rains making the targets almost invisible, the matches were completed on schedule time, thanks to the energy of the Executive Officer Lt.-Colonel Hodgins and his able staff of range officers.

The presence as competitors, of detachments from the Imperial Forces, stationed at Halifax, consisting of eight N.C. Officers and men of the Royal Engineers, and eleven Officers, N.C. Officers and men from the 1st Battalion of the Royal Berkshire Regiment, under the command of Lieutenant and Adjutant D. Blake-Maurice of the latter corps was much appreciated; and it is hoped that in future years the Council may again have the pleasure of welcoming similar detachments at the annual competitions.

Though for many years the Association has been annually honored by handsome gifts by the Governors General of Canada, yet His Excellency the Earl of Aberdeen was the first to witness the winning of his prize, being present when the tie between Private Forbes of the 73rd Battalion and Lieutenant W. L. Ross, 13th Battalion was shot off.

The occasion proved a most interesting one, the contest being witnessed by many interested spectators. Private Forbes won the coveted prize, and as the occasion was the first upon which that young shot had competed at the matches of the Association, his success evoked much enthusiasm. After securing a bulls eye for his last shot he was presented to Lord Aberdeen and received with much modesty His Excellency's congratulations. Subsequent to this he was chaired by his New Brunswick confreres, and borne in triumph to the New Brunswick head quarters, where an impromptu reception was held, a pleasing incident of which was the suitable remarks made by the Honourable A. G. Blair, Minister of Railways and Canals.

The reception by Mrs. Gibson, wife of the President, although postponed from Thursday to Friday owing to inauspicious weather, was the largest and most successful in many years, it was honoured by the presence of their Excellencies the Governor General and the Countess of Aberdeen, Madame Laurier, wife of the Premier of Canada, Lady Russell (of Kilowen), Lady Grant, the Hon. Dr. Borden, Minister of Militia, Sir Oliver Mowat, Minister of Justice, Sir Francis Lockwood, Q.C., (of England), the Hon. Mr. Mulock, Postmaster-General, several other Ministers, Senators and Members of Parliament, a large concourse of the citizens of Ottawa, both ladies and gentlemen, as well as many from a distance.

The presentation of prizes took place at the close of the reception and was participated in by His Excellency and Lady Aberdeen, Madame Laurier, Lady Russell, Lady Grant, Mrs. Gibson and Sir Francis Lockwood, all of whom were good enough to present prizes.

Lt.-Colonel Starke handed over to the President the Kolapore Cups won by the Team under his command last year at Bisley, with a very happy speech, which called forth the hearty applause of those present.

To Messrs. John Mather, Gerald Bate and M. P. Davis of Ottawa, the thanks of the Association are due for the free use of their land for the purposes of the camp.

The Council have much pleasure in stating that after some years of quiet working, their efforts have attained fruition, and—thanks to the liberality of the Federal Government, and the hearty assistance rendered by the Hon. F. W. Borden, Minister of Militia and Defence, permanent quarters will soon be in course of erection at Bisley, in which future Canadian teams will be comfortably housed, and ample facilities provided for dispensing that hospitality which has become so prominent a feature in connection with the annual visits of our contingent of riflemen at Wimbledon, and subsequently at Bisley.

Parliament having at its last session appropriated the sum of \$5000 towards the erection of this building, it was decided at a meeting of Council held in October last, to call for competitive plans for a suitable building, and to offer a premium of \$100 for the best design. A committee composed of Lt.-Cols. Tilton, Anderson and D. A. Macdonald, with Majors Mason, Blaiklock and Perley, was appointed to obtain such plans, and submit them to Council. At a meeting in December the committee submitted *eleven* designs and a report, and after full discussion the plans furnished by Messrs. Saxe and Rodden, Architects of Montreal, were accepted. At that meeting a committee composed of Lt.-Cols. Tilton and Anderson, with Majors Mason, Blaiklock and Perley was authorized to proceed with the necessary arrangements for the construction of the building.

The design submitted shows a story and a half cottage, partaking of the

character of a Canadian summer residence, and it conforms to the "particulars" issued by the Committee for the guidance and information of competing architects, a copy of which forms appendix A.

It is expected that the building will be ready for occupation at the commencement of the matches of the National Rifle Association in July next.

Believing, that if it were generally known that the building is to be erected by the Dominion Rifle Association, those friendly to the Association, and the Militia of Canada, would assist by contributions towards its construction and furnishing, a circular was issued by the President of the Association, with the view of bringing the matter to general notice, and the Council have to state that up to the date of the preparation of this report, offers of materials and furnishing have been received, but they hope that such offers will be greatly supplemented. A copy of this circular forms appendix B.

FINANCE.

The Council direct attention to the Treasurer's statement, showing the receipts and expenditure for the year, duly audited.

The Affiliation Fees from Rifle Associations amounted to \$700.00, as against \$652.00 received last year, an increase of \$48.00, included in this amount are arrears due by two Rifle Associations in 1895.

The number of affiliating Rifle Associations is as follows, viz:—Provincial, seven, County and other Rifle Associations, thirty-seven.

Amount received for Annual Subscriptions was \$244.00, as against \$198.00 received last year.

Associate Members Fees amounted to \$396.00, as against \$340.00 received last year, an increase of \$56.00.

Receipts from special donations amounted to \$870.00, as against \$885.00 received last year, decrease of \$15.00.

The donations from banks continue as usual and amounted to \$750.00, the same as the previous years.

The Entry Fees to Matches, including post entries and fines for challenge shots, after deducting refunds, amounted to \$4,642.48, as against \$3,998.65 received last year, an increase from this source of \$643.83.

Cash Prizes and Badges amounted to \$6,854.24, as against \$6,999.34 distributed last year, a decrease of \$145.10.

The expenditure on account of the Bisley Team amounted to \$5,656.47, as against \$5,648.61 paid last year, a slight increase of only \$7.86, the purchase of Silver Badges for the "Kolapore" Team and new flags for Camp at Bisley will account for the comparative increase of expenditure under this head.

The Receipts from all sources for the year amounte' to \$17,691.01, which with the balance of \$879.52, carried forward from last year exhibits a total of \$18,570.53, at credit side of the account.

The expenditure amounted to \$16,920.74, leaving a balance at credit of the Association of \$1,649.79 at the end of the year.

A detailed account of the expenditure made by Lt.-Colonel Starke, Commanding the Bisley Team of 1896, will be found in the appendix.

APPENDIX "A."

Particulars of proposed building as headquarters of the Canadian Team on the Range of the National Rifle Association at Bisley, Surrey, England, for which plans, etc., have been asked under date 30th October, 1896.

The building to be constructed of and finished with Canadian woods, and resembling in outward appearance, as far as possible, a Canadian house, surrounded on the front and ends by a verandah not less than 10 feet in width, the whole, whilst not too ornate, to present a pleasing and substantial appearance.

The building may be two storeys in height with pitched roof, or one and a half storeys with mansard roof, having a frontage not exceeding 70 feet, with 11½ feet and 9 feet ceilings on the main and dormitory flats respectively, to stand on a foundation of brick or concrete, the verandah being built on posts. The main floor to stand 4 feet above the general surface.

The soil is of a dry sandy and gravelly nature, and not affected by frost.

It is proposed to enter from the verandah through a wide double door, flanked by lights, into a hall having an area of at least 600 square feet. On this floor there will be a reception room of, say, 500 square feet, having in its rear two rooms of 160 square feet each. A reading room of, say, 450 square feet, and a mess room of the same area, are required.

In the rear of the hall shall be a passage containing stairway to the upper or dormitory flat. An annex to the main building to contain a gun-room of say, 250 square feet, and a kitchen of 340 square feet area. In the angle between the annex and the main building and on the gun-room side of the former, a lavatory, opening off the gun-room, will be required, single story on posts, shed roof, partaking of the character of the verandah, or it may be placed in rear of the annex with entry from the gun-room.

In the hall a large, old style of fire-place for wood, to be built of pressed brick, and of pleasing design.

In the partitions between the reception room, the hall, the reading and mess rooms, openings 10 feet in width are to be left, to be closed by sliding doors.

It is proposed that the flooring of the hall and rooms on the main floor shall be of hard wood, carefully laid, hard wax polished and finished. The walls and ceilings of the hall, reception, small rooms, reading and mess rooms, to be first boarded with inch stuff and covered with hard woods, B. C. red cedar, pine, etc., in panel work, with a wainscot 4 feet high, the whole including doors and trimmings in accordance with tasteful designs to be furnished.

It must be understood that a principal object of this building is to make a showing of Canadian woods, and their adaptability for inside finish and decoration.

The gun-room and kitchen to be finished in pine, sized and varnished, and fitted with 25 gun-closets 6 feet in height, 21 inches deep and 20 or 21 inches wide, with light battened doors and safe locks, with a shelf 12 inches from the top and 3 coat-hooks in each. This room to be entered from the rear hall, and also from the outside with covered stoop and steps.

The kitchen to be fitted with brick flue and fully lighted, the windows to be sash hung. An entrance door with covered stoop and steps to be provided. Access must be had directly to the mess room and to the hall. Under the kitchen a cellar of at least 12 by 15 feet and 7 feet in clear height to be provided, with access thereto. A proper sink and pipe to drain to be fitted up.

The lavatory to be lined and ceiled with pine, to contain at least 5 earth closets, 6 urinals, and at least 6 wash-basins. The closets to be separated by inch-partitions 6½ feet high, with battened doors and necessary furniture, and in each closet two coat hooks will be required. The urinals to be separated by pine partitions, the lower portions of which and the wall to the height of the urinals to be of slate or as otherwise specified, and they and the wash-basins must be connected with the drain.

The water supply will be laid to the building by the Dominion Rifle Association, but provision must be made for all piping and taps inside the building. The D. R. A. will also provide a cess pit, or other outlet for drainage, with pipes to building, and all connections therewith to be included in the bill of quantities, and estimate of cost. The lavatory to be well lighted and ventilated.

In the rear hall a stairway shall lead to the upper or dormitory flat, built with easy risers and treads, and proper hand-rail and newel post. Under these stairs there must be a doorway affording direct access to the mess room, and a closet with shelving and proper door and fastenings.

The main entrance steps to the verandah to be from 10 to 15 feet wide, with easy risers, and at least 14-inch treads.

The wall under the floor of the verandah to be closed in with trellis work. The under side of verandah roof and all exposed parts of framing to be cleanly dressed to proud edges, and it is asked that the posts shall not be less than 8 inches square or circular, with all proper mouldings, brackets, etc. Between the posts there shall be a hand-rail of tasteful design, not less than 30 inches in height. The floor to be laid with 1½ inch pine, tongued and grooved, and laid with white lead joints. The verandah and gallery roof to be shingled.

Whether the outside of the building shall be finished with clapboards, siding, or vertical boards and battens, is left optional.

The dormitory flat to be 9 feet in clear height, the walls and ceiling to be covered with clear white spruce 1-inch thick, tongued grooved, say 3 or 4 inches wide, and the floor with approved hard or soft wood. The area to be divided to provide a smoking room of, say, 400 square feet; two rooms for the commandant and adjutant, say of 200 square feet each, and 12 rooms for the team of not less than 120 square feet each; with ample hall way and ready access to all rooms. All partitions between rooms and hall to be of same material as for sheathing of walls, etc., placed vertically and extending to the ceiling, the doors being of light panelled make with secure locks. Each bedroom to have a shelf, barrack fashion, on one side, say $6\frac{1}{4}$ feet above the floor, with at least 18 coat hooks on a batten underneath. All rooms to be well lighted, the sashes being hung.

The smoking room to be placed at the left end of the flat as you enter the main door, with a window to open to the floor, giving access to a covered balcony, say 15 feet in length and $7\frac{1}{2}$ feet in width over all, to be carried on the verandah roof.

On the annex floor four bath rooms, urinal and lavatory, and servants rooms to be provided, to be partitioned in the same manner as the dormitory flat.

It must be understood that whilst the disposition of the rooms on the main floor, whether in a rectangular building, or in one of an irregular ground plan, is left to the discretion of the competing architects, the hall, reception and reading rooms must be *en suite*.

It is desired to use shingles on the roof, and if flats occur, or hips over a mansard roof, the hips to be blind laid, and flats covered with sheet lead and rolls.

It may be stated here that the height of the ceiling of the kitchen and gun room may be 9 feet

The building externally, except the roof, together with the verandah, balcony, porches, and steps to be painted with 3 coat work of such colours as shall be hereafter decided by the Council. All internal hardwood floors to be wax-finished, and all hard wood or other finish to be varnished. The partitions in the dormitory flat and annex to be sized and varnished.

The main entrance doors to be of hard wood, of good design, containing glass panels. All windows to be glazed with a thick quality of white glass.

The dormitory flat to be ventilated from the hall ceiling, and openings shall be made over doors and covered with wire gauze. If it be necessary to include a portion or portions of the hall in a room or rooms, then the partitions must be of glass.

Care must be taken that all rooms are well lighted.

The building will be lighted by lamps, gas or electricity not being available.

The plans to be submitted to consist of front and end elevations, of ground floor and chamber floor of main building and annex, with cross-section of each, showing roof plan, to be drawn in black on white paper to a scale of eight feet to an inch.

It is expected that the total cost of a building complete at Bisley, shall not exceed \$7,500 00, that being the amount fixed by the Council of the Dominion Rifle Association.

OTTAWA, 30th October, 1896.

APPENDIX "B."

OTTAWA, 26th January, 1897.

DEAR SIR,—

I have much pleasure in sending you the following resolutions which were unanimously adopted at a meeting of the Council of the Dominion of Canada Rifle Association, held at Ottawa, on the 5th January, 1897:

“ That a Committee of Lt.-Colonels Tilton and Anderson, with Majors Perley, Mason and Blaiklock be appointed, with full power to obtain the detailed plans and specifications, and to have the work of erecting the building at Bisley proceeded with and completed in time for the next Bisley meeting.”

“ That members of Council be requested to co-operate, when and as called upon, in the matter of soliciting and obtaining contributions of materials and furniture for the building; and that in this way, as much as possible, assistance be given to the Committee.”

Having reference to these resolutions, it should be stated that, by the liberality of the Dominion Government and the Parliament of Canada, the sum of \$5,000.00 has been granted to the Dominion Rifle Association toward the construction of permanent quarters at Bisley, England, for Canadian riflemen.

A design for a building has been adopted, and, as stated in the first resolution, it is proposed to have the quarters ready for occupancy by the Team for this year.

A lithograph of the selected design is enclosed, that you may have some idea of the appearance of the building when completed. It is intended that it shall afford all needed accommodation for the Team, and be amply commodious for the hospitality of the Canadian Camp.

As it is contemplated to finish the interior of the building in Canadian wood, it has been suggested that the native wood of a Province be used for a particular room or hall, and that a neatly engraved plate be placed at a conspicuous point in such room, indicating the Province which supplied the wood.

The cost when completed, together with the furnishings, will reach a sum considerably in excess of the amount available; and to meet this, contributions in *material, furnishings, or money* will be accepted.

Already generous offers have been received of furnishings, and the transport free to England, of these and materials for the building is promised.

I cannot but think that a very generous response will be made to an appeal for aid; and, to this end, trust that the members of the D. R. A. Council will promptly accord their united efforts towards the successful completion of a work so auspiciously undertaken.

Major Perley has kindly consented to act as Secretary of the Committee, and will gladly furnish any desired information.

I would suggest that an intimation be communicated to Major Perley at the *earliest possible date*, as to what your Province is likely or willing to do.

Yours faithfully,

J. M. GIBSON, LT.-COLONEL,

President

Dominion of Canada Rifle Association.

REPORT OF
 LIEUT.-COLONEL GEORGE R. STARKE
 3RD BATT., VICTORIA RIFLES,
 COMMANDING THE BISLEY TEAM FOR 1896.

MONTREAL, October 28th, 1896.

*To Lt.-Colonel the Hon. J. M. Gibson,
 President Dominion Rifle Association, Ottawa.*

SIR,—Having had the honour of being appointed to the command of the Bisley Team for 1896, I now beg to submit the following Report:—

In accordance with your instructions, the members of the team reported at the Queen's Hotel, Montreal, on the morning of the 26th June, and paraded in full dress at the Victoria Rifles' Armoury at 11 o'clock the same day. All were present with the exception of Major Macdonald, Staff-Sergt. Harp and Private Campbell, who having permission from the Executive had proceeded to England some time before, and Captain Spearing, who joined us at Quebec. On inspection the team presented a soldierly and creditable appearance; the uniforms and accoutrements being neat and clean and well put on. Two of the members were not in possession of their full dress equipment, but these were secured on arrival on the other side.

We embarked on the S. S. "Parisian" that evening, and were accorded a most hearty send-off by our brother Militiamen and many friends, and were serenaded by the bands of the Victoria Rifles and 6th Fusiliers. We sailed from Quebec on the morning of the 29th, Their Excellencies the Governor General and the Countess of Aberdeen were present at our departure and wished the team "bon voyage" and a successful and pleasant outing.

The accommodation provided on the steamer was most satisfactory, and after a delightful voyage and a record trip we arrived at Liverpool at 8 o'clock on the morning of Monday, 6th July.

A saloon carriage and baggage van were placed at our disposal by the London & North-Western Railway, whose officials were most courteous in their

attentions, and we were carried through to Staines without change, arriving at 5 o'clock in the afternoon. That evening we were joined by Major Macdonald, Staff-Sergeant Harp and Private Campbell, the two latter having shot through the Scottish Meeting at Darnley, Staff-Sergeant Harp winning the Bannockburn Cup and £20 with a score of 97, and standing third in the grand aggregate. Private Campbell was also placed in several of the matches.

Staines is a town of some 5000 inhabitants, beautifully situated on the Thames, 19 miles from London, and within a very short distance of the Runnime Ranges, where arrangements had been made for our practice. As we were unable to secure the necessary accommodation in one hotel, we divided between the Angel & Crown, and Pack Horse, two thoroughly good hosterlies, where we were comfortably provided for in every way.

The experiment of changing the practice ground from Cambridge to Runnime Ranges proved to be a decided success, and I would strongly recommend that it be continued in future as the location for the preliminary work of the team, or until such time as we have secured permanent quarters at Bisley. The ranges are amply provided with target accommodation and the appointments are as perfect as foresight can make them. A large room was set aside in the pavilion for our special use where an excellent lunch was served daily.

The conditions for rifle practice are similar to Bisley and not by any means easy, therefore the scores made by the team had to be worked for and the practice was most useful and beneficial to all, and I contend had a great deal to do with our success later on.

On Thursday afternoon we had a match with twenty of our old friends, the London Scottish, and succeeded in defeating them by 19 points. As most of the London regiments and clubs regularly use these ranges, there is no difficulty in arranging such matches, which are always a source of interest, and afford the best of practice to the team.

Mr. G. Mortimer, the Secretary of the Metropolitan Range Company, who met us on our arrival was most painstaking in attending to our requirements, and I have to thank him for much valuable information and many kindnesses shown us during a very pleasant sojourn at Staines.

Leaving the team in charge of Major Bruce, I proceeded on Tuesday to London to complete arrangements, and while there called upon Sir Donald Smith, High Commissioner for Canada. His reception was most cordial, and with his usual generosity he offered to present a cup to be competed for by members of the team, which was subsequently decided to be awarded to the highest in the Volunteer Aggregate. On Thursday morning I visited Bisley to arrange for camp quarters which I found were being attended to by Thos. White & Co., of Aldershot, with whom I had communicated beforehand. Having obtained from Messrs. Hubbard & Co. of London, the use of one of their excellent field ovens free of

charge, I concluded that to follow out the first intentions of engaging a staff of waiters, cooks, &c., hiring table furnishings and cooking utensils and purchasing supplies, would not only entail an endless amount of inconvenience, but would be more costly in the end, and I therefore contracted with Mr. Paget, the camp caterer, to provide for the sum of £105 everything in connection with the messing of the team during the stay in camp. The arrangement was carried out to our entire satisfaction and although somewhat expensive I would recommend a similar plan being followed as being the most feasible. The mess was much appreciated and saved valuable time to the members of the team besides keeping them always together.

After a pleasant rest on Sunday we left on Monday morning, the 13th July, for Bisley, the railway people again placing a baggage van at our disposal, and arrived in Camp about 11 o'clock a.m., where everything was in readiness for our occupation.

In order to give the men practice for the coming struggle for the Kolapore Cups, and with the view of facilitating the selection of the team, I caused those who were likely to be chosen, to fire over the Queen's ranges in the Extra Matches for the first three days.

KOLAPORE MATCH.

I have the proud and distinguished honour to report that the team was successful in winning the Kolapore Match, and we had the great pleasure of bringing back to Canada the Cups for the seventh time and after an absence of seven years, and also of handing them over officially to the safe keeping of the Association during the meeting at Ottawa.

Friday the 17th July, the day appointed for this all important match opened with fine and clear weather. All were up bright and early and the eight Canadians who were to fight for supremacy with the team of picked shots from the Mother Country, were soon getting rifles into order and seeing that all their paraphernalia was in such shape that nothing would interfere with their best efforts being put forth to wrest the coveted trophy from their doughty opponents; while their companions moved round with anxious looks and fond hopes that their champions would prove equal to the task that was set before them.

On arrival at the firing point and after drawing for positions, we were placed on the left of the line, with Jersey next, followed by the Mother Country and Guernsey on the right. Each team was allotted two targets and the conditions required that each range should be completed within an hour.

At 200 yards we finished six points and Guernsey ten behind the Mother Country. At 500 yards we were leading by three, with the Mother Country and

Guernsey tie. And at 600 yards, the final range, we not only held our own but added a gain of nine points giving us the match with the respectable margin of twelve to the good.

To say that we were elated over the victory does not begin to express the feelings of every Canadian present on that occasion, and no time was lost in cabling the news to our friends in Canada. Scarcely had we settled down in camp again when congratulations commenced to pour in, among the many messages received, being cables and telegrams from His Excellency the Earl of Aberdeen, Lord Mount-Stephen, Sir Donald A. Smith, Dr. Borden, Minister of Militia. Major General Gascoigne and our late Major-General Herbert.

The Marquis of Lorne also sent a very kind note with the Princess's and his own congratulations, and stating that he looked back with much pleasure to the time when these same Cups graced his table at Ottawa.

The President and members of the Council of the National Rifle Association, and our opponents were also extremely generous in their congratulations, in fact the victory was a most popular one throughout the Camp.

In the matches that followed our first success, the favorable comments from all quarters on the shooting of the Canadians were fully merited by the following results:—

The Golden Penny was won by Lieut. King.

The Thornburn 800 yards, by Capt. Weller with a possible 35.

The Robin Hood, by Pte. Campbell.

The Scurry, No. 1., by Capt. Spearing.

The Corporation of London, by Lt. Ogg.

making six 1st prizes, four 2nd prizes, six 3rd, three 4th, nine 5th, and five 6th. In all the team won 151 prizes, aggregating £569.

In the Queen's we had seven in the second stage, and three in the final ending:—

15th place	Staff-Sergeant Hayhurst	£15
69th "	Lieut. Munro	8
71st "	Sgt. Mitchell	8

In the Prince of Wales:—

3rd place	Staff Sgt. Lavers	£15
4th "	Lt. Mitchell	10
6th "	Staff Sgt. Hayhurst	5
26th "	Capt. Weller	3
54th "	Pte. Campbell	2

The 13th Batt. of Hamilton having four members on the team entered in the Mapping Cup competition and were successful in winning 3rd place. This match

is open to teams of four from any one Battalion, and consists of getting over obstacles of various kinds, firing 7 shots at 500 yards, and 7 at 600 yards, and returning to starting point, the whole to be completed within five minutes.

We had eight men in the Grand Aggregate, four in the All Comers, and six in the Volunteers.

The Canadian "At Home" was held as usual on the second Thursday of the meeting. The weather was all that could be desired, and we were favoured with an exceptionally large number of visitors. On this occasion the Canada Club Cup was presented to the team by Mr. L. G. Gillespie, whose remarks were very complimentary and much appreciated by all those present. Speeches were also made by Sir Fred. Middleton, Mr. Donald Macmaster, Q.C., Mr. Sergeant, late General Manager of the Grand Trunk, and others.

We deeply regretted the absence of Sir Donald Smith, who had left for Canada on important business. Among the guests present were Earl and Lady Waldegrave, Lord Wantage, Lord Kinnaird, Major General Strange, Major General Wardell, R.A., Lt. General E. O. Hewett, Lt.-Colonels Cotton, Jordan and Burland, Major Roy, Captains Forester and Ogilvy and Lieutenant Governor Dewdney.

The band of the 2nd Bedford Regiment played during the afternoon, and the last of the guests took their departure about seven o'clock.

The Canada Club Cup was won by Lieutenant John Ogg, and Sir Donald Smith's by Capt. Weller, who tied with Lieutenant Munro and won on the shoot off.

I have to thank Earl Waldegrave, Colonel Mackinnon, the members of the Council and officers of the National Rifle Association for many courtesies extended to the team; they left nothing undone to make our stay at Bisley a pleasant one. Our thanks are also due to Mr. Colmer of the Canadian Office, London, whose valuable assistance was much appreciated.

I enclose statements of expenditure with vouchers attached, also acquittance roll and detail list of prizes won with scores made by individual members of the team.

In Major Bruce I had a most painstaking and efficient adjutant. He was untiring in his efforts in looking after the interests of the team, and carried out the practice at Staines in an exceedingly systematic and careful manner, and our success is in no small measure due to the practical way in which his duties were performed.

I was also ably assisted by Capt. Wilson of the Victoria Rifles, who acted as Quarter Master during our trip, and his attention to the duties of this Department relieved me of much anxiety and enabled me to attend to many details that must otherwise have been left undone.

I cannot close this report without referring to the question of permanent quarters. The President and members of the Council of the N. R. A. are extremely anxious that buildings should be erected by us for the use of the Canadian Team, and they desire and are willing to do everything to assist us in the matter. Now that an amount has been granted by the Government for this purpose no time should be lost in going on with the work and having the buildings ready for occupation for the team of 1897. The site of the present camp is by far the most advantageous, and I took the liberty of having a rough survey made of the ground and have already handed a sketch of same to the Secretary of the D. R. A.

I am pleased to report that the conduct on all occasions of the members of the team, was such that it reflected the highest credit on the Canadian Militia, that they so worthily represented.

The Bisley Team of 1896, was no doubt one of the strongest that ever left the country, and I trust its members will always look back, as I do, with pride on its achievements, and with pleasure in the complete harmony and good fellowship that existed throughout our successful trip.

I have the honour to be,

Sir,

Your most obedient servant,

GEO. R. STARKE, LT.-COL.,

Commanding Bisley Team, 1896.

Bisley Team for 1897.

The Bisley team for 1897 will be selected by the Executive Committee from those prize winners in the Grand Aggregate Match who are members of the Active Militia, and their places on the list shall be determined by the total of their score in the Grand Aggregate Match, and their score in the match for the prize presented by His Excellency the Governor-General. The Association reserves to itself the right to pass over, for cause, any of the winners of places in making up the team.

It is, however, to be understood that the sending of a team to England in 1897 is dependent upon the action taken by the National Rifle Association with regard to their matches of that year, and the state of the funds of the Dominion Rifle Association.

Competitors Meeting held in the Ottawa Drill Hall, Tuesday
Evening, 1st September, 1896.

The meeting was very sparsely attended and was presided over by the President, Lt.-Colonel Hon. J. M. Gibson, who remarked that the very small attendance showed that there were very few or no complaints to be made; he wished to express the satisfaction of the Executive on having such a large gathering at the matches, which could be partially accounted for by the good work done by the Canadian Military Rifle League.

He was sure the meeting would co-incide with him in wishing that the Government would continue to issue to competitors free ammunition.

A resolution thanking the Militia Department for the free issue of ammunition was passed unanimously.

Lt.-Colonel Gibson, speaking of a new range, said that he hoped before another D. R. A. Meeting they would be on a new range, and that when the new rifle was distributed, that the great bulk of the firing would be at 800 and 900 yards.

The President was asked, having reference to the issue of the Lee-Enfield Rifle, whether it would be permitted to have a movable line on the back sight.

Major Perley said that a number of such sights were purchased by the D. R. A. when the first team went to Wimbledon, but they were not allowed to be used there.

The President remarked that in his opinion, the lines should be allowed, but the National Rifle Association rules governed the D. R. A.

In answer to a question, the President said that he had no information as to when the new rifle would be issued to the force.

The meeting then adjourned.
