BULGARIA'S ENTRY AGAINST TURKEY MATTER OF TIME

A Despatch From Athens Today Asserts it as Official Fact.

By Special Wire to the Courier.
Athens, Aug. 13.—The entry of Bulgaria into the war against Turkey is only a matter of time. It is officially confirmed that the attitude of Bulgaria and Serbia is highly favorable to the recent proposition of the entente powers, which agreed to induce Greece and Serbia to cede to Bulgaria the disputed provinces in Macedonia. Serbia will be compensated in Albania, while Greece will be compensated in Smyrna and the Asia Minor Hinterland. The cessions and annexations, it is hoped will materialize in the conclusion of a successful war against the Teuton alliance. The leaders of all political parties in Bulgaria and the cabinet makers are urging Bulgaria to accept the extremely favorable overtures of the entente powers. King Ferdinand is still opposing the war, fearing the ultimate triumph of the German armies. Entente diplomats here are predicting that Bulgaria is finally on its way to abandon neutrality, and say that German influence in Sofia has received a rude jolt and that the Teuton agents are powerless to stem the tide of sentiment aroused when the entente powers' sweeping offers were announced. Bulgaria is expected to throw its military strength through Adrianople in a quick rush on Constantinople to co-operate with the general

BALKANS IN STATE OF READINESS

Expected Entrance of the Large New Allied Armies.

London, Aug. 13.—There seems more likelihood at this hour than ever before that the Balkan States, now bristling with armed troops, will throw themselves into the war. From the various Balkan capitals comes word that the situation is hourly becoming more menacing, while from Germany and Turkey comes the news that the Austro-German alliance, fearful of Turkey's fate in the Dardanelles, is about to hurl an army of reinforcements across Serbia and Bulgaria to the relief of the Sultan. Such action, if taken, may and probably will, induce Roumania to rush to the aid of Serbia, aligning herself at last on the side of the Entente powers. A passage of the Balkan mountains through the north east corner of Serbia would isolate Roumania from the west, a situation which Roumania's statesmen, leaning in favor toward the Entente powers, as they do, are naturally not in favor of.

ROUMANIA TO BE DRAWN IN.

From Rome it is learned on supposedly good authority that the Roumanian Ministry has, in fact, already determined to go to Serbia's aid if Germany attempts to force a passage through that country to Bulgaria and Turkey. In the absence of thoroughly definite news respecting the situation, however, it is impossible to tell what may be expected of Roumania, although it is conceded in even the most pessimistic quarters that she is most likely to join with the Entente powers than with the Triple Alliance, now represented by Germany, Austria and Turkey.

In Germany the voice of the most insistent patriots has been raised in favor of instant action against Serbia and the opening of a road to the succor of Turkey. This propaganda is being led by Count Reventlow in the Tages Zeitung, who says that the time for quibbling has ceased and nothing will suffice now but the invasion of Serbia. Meanwhile Serbia and the Entente powers are doing everything in their power to renew the Balkan League, securing its sympathies to the Entente powers, and thus erecting a strong barrier between Germany and Austria and Turkey. In Constantinople notice has been given out from the mosques that Germany is about to send an army to the Dardanelles. Hope there is running to an ecstatic height. It is even hinted by the newspapers that the campaign against Egypt may be expected to take shape soon.

Movement of Troops in Belgium Has Been Continuous For Days.

London, Aug. 13.—The Daily Mail's correspondent at The Hague telegraphs that a prominent neutral citizen, who has just arrived from Brussels, says that the movement of German troops through Belgium to the western front has been constant for several days. A significant order of the day predicting resumption by the Germans of a vigorous offensive in the west has been issued to the Teutonic armies in Flanders, according to the Amsterdam Telegraaf. An extract from this order, telegraphed by the Amsterdam correspondent of the Exchange Telegraph Company, follows: "Our work now is practically finished in the east, and we are about to begin in the west. Peace is certain in October. The French official communication chronicles the recapture through counter-attacks of part of the trenches lost in the Argonne, and the repulse of enemy attacks at other points. There was also some rather severe fighting in the Vosges, in which hand-grenades were used.

A Dunkirk despatch says: "All along the French front preparations are going steadily forward for a winter campaign. In the trenches the greatest possible degree of care is being taken to protect the men, not only against attacks, but also against the rigors of weather. Tar is being extensively used wherever the intrusion of water is likely to occur, the effort being to make the trenches as nearly water-tight as possible. Drainage of various kinds is being provided, and concrete being laid freely used to provide weatherproof shelters. If it is necessary to make use of the same trenches this winter as the troops occupied last winter, they will not suffer so largely from wet and frozen feet, and it will be more free to sleep or rest with some degree of comfort instead of in the mud."

FURTHER ALLIED SUCCESS

Capture of Garua and Ngaundere is Reported.

By Special Wire to the Courier.
Paris, Aug. 13.—A despatch received to-day by the Havas News Agency from a correspondent in West Africa, reports further successes by troops of the entente allies in the Kamerun, a German colony in Western Equatorial Africa. The despatch says: "Allied troops which had entered Garua and Ngaundere in the North-Kamerun succeeded on July 18 in occupying the important post of Tingere in the western section of the colony on a plateau 3,000 feet high between Ngaundere and Contsa. The enemy fled, but on July 23 reinforced by a company from Banjo, counter-attacked heavily, but was repulsed after a brilliant engagement and fled in the direction of Tibati. "The losses of the allies were slight, those of the enemy heavy.

The capture of Garua and Ngaundere by Franco-British troops was officially reported last month. The Germans, according to the official account attempted to retake the latter place, which was regarded as an important military centre, but were defeated, and as after the engagement near Tingere reported to-day, retreated in the direction of Tibati.

BULGARIAN PRESS TELLS FRANKLY ALL DIFFICULTIES

The Mir, a newspaper of Sofia, Bulgaria, in its issue of July 13, published the following editorial article on the status of the negotiations between Bulgaria and Great Britain, France and Russia: "There is to-day no indication that an understanding has been reached between Bulgaria and the entente powers. The reasons for this are numerous. Had these negotiations been begun early in the war they would have progressed more rapidly. It is also true that if there existed greater confidence between the two parties these negotiations would not have been delayed. Nevertheless, the principal reason for delay is to be found elsewhere.

"The triple entente calls for the help of neutral nations in the name of justice and of liberty, as well as in the name of the unity of the peoples concerned for enduring peace. With these ends in view the entente powers are laboring hard to appease the reciprocal hatreds among the Balkan states and to substitute amicable relations toward the hostile feelings at present existing between the Bulgarians, the Serbians, the Greeks and the Roumanians. The entente powers in the hour parlous for these states persist in this course."

SUGGESTION OF 'SOME WORTH NOW OFFERED'

In connection with men desiring to go to the front the doctors have had to refuse dozens of applications because of trifling defects which minor operations would remove, such as varicose veins, etc. In the majority of cases the men have not the money. The medical men offer their services free, but there are hospital and other charges.

With reference to this phase of affairs, it is suggested that it would be a capital idea that \$1000 of the present Brantford fund be set aside for the purpose named. It is estimated that at least 200 more men would thus become available.

Zeppelins Raided England

By Special Wire to the Courier.
London, Aug. 13, 5.05 p.m.—Official announcement was made to-day of an airship raid last night on the east coast of England. Four persons were killed and 23 injured. One Zeppelin, the announcement says, probably was damaged, but escaped.

The text of the announcement follows: "Two Zeppelins visited the east coast last night, between 9.30 p.m. and 11.45 p.m., dropping incendiary and explosive bombs in various places, resulting in the following casualties: "Killed 4 men, 2 women; injured 3 men, 11 women, 9 children, all civilians. Fourteen houses were seriously damaged. "The Zeppelins were engaged at some points but succeeded in getting away from our air craft patrols. One of the Zeppelins was probably damaged by the mobile anti-aircraft section."

WARSAW ARMY ASSURED OF AMPLE TIME

By Special Wire to the Courier.
London, Aug. 13.—Reviewing the situation in Russia, the military correspondent of The Times first pays an enthusiastic tribute to the masterly retreat of the Russian armies. He says the stand made by the wings protecting the armies falling back from Warsaw was magnificent and undoubtedly was entirely successful as the Warsaw army now is assured of ample time to fall back to a prepared position.

The decisive front now, according to the correspondent, is admittedly in the far north where no real success is possible for the Germans until the fall of Riga and Kovno enables them seriously to threaten the retreat of the Russians central and northern groups of armies to the northwest. "Even Kovno is only a stepping stone for the Germans," he says. "The real question is as to the strength of Field Marshal Von Hindenburg whose presence indicates he is at the head of a formidable group of armies and in charge of the decisive operation of the eastern campaign. If Von Hindenburg can be successfully opposed there will be no catastrophes for the Russian arms. Germans will do in other theatres after the conclusion of the campaign in Russia. It is probable they do not know themselves and their plans must depend on their character and extent of their success or failure."

LYDD GEORGE TAKES ACTION THAT PLEASES

London, Aug. 13.—David Lloyd George, Minister of Munitions, announces that 345 establishments have been declared "controlled establishments" under the Munitions of War Act. As a result of this control the profits of employers are limited. Any excess over such a limit becomes payable to the National Exchequer. "By this provision," says Mr. Lloyd George, "Parliament has assured that sacrifices made by workmen are made for the nation as a whole and not for the advantage of individuals. On the other hand during the period of the war, any rules or shop customs which may have the effect of limiting the output of munitions are suspended in controlled establishments."

The impression prevails in the Pope's entourage that the olive branch is about to be offered by Germany, which unvanquished, and still sufficiently powerful to continue the war is able to take the initiative in a peace movement without assuming the role of supplicant. A member of the papal household, who wishes his name withheld, thought it may be said that it is not M. These terms, said my informant, prove that it is Germany's intention to end the war without securing great territorial advantage or increasing its complete liberty and insist on equal rights with other nations. If the terms are accepted by the allies, peace will follow as a matter of course, but possibly the main difficulty consists of the lack of sufficient

BLESSING IN DISGUISE IS HIS OPINION

Serbian Minister Sees Unity in an Invasion

By Special Wire to the Courier.
London, Aug. 13.—The Balkan capitals are showing the liveliest interest in the reports that the Germans are preparing to launch a campaign against Serbia, according to special despatches from Bucharest, Sofia and Athens, printed in this morning's papers. Several of the correspondents declare that the proposed German offensive against Serbia would be "a blessing in disguise" because it probably would bring about a union of the Balkan States.

In an interview printed in one of the newspapers the Serbian minister at Rome is quoted as saying: "I do not believe any concession from Serbia would remedy the situation. Even if we ceded all Serbia, Bulgaria would still find a pretext for non-intervention. Only one event can possibly unite the Balkan states in the present situation and that is a German attempt to force a way through Serbia. Such a step would impel Roumania to come to the rescue and it would probably bring in Bulgaria and Greece. As a Serb I cannot wish for a German invasion of my country, but I should consider it providential for the welfare of Europe."

The editorials in the newspapers this morning express the belief that the Balkan situation is hopeful for the quadruple entente powers. The general impression, conveyed by the editorials is that Serbia will be successfully pressed to yield to the Bulgarian demands and that the diplomats of the entente powers apparently are now engaged in trying to arrange a suitable compensation for Serbia. The assertion is made that if the Allies win, Serbia probably will be given the whole of Bosnia and Herzegovina with an outlet to the Adriatic and indirect outlet through Croatia to Fiume. This it is declared, will represent at least ten times the value of the concession which she is asked to make to Bulgaria.

San Francisco, Aug. 13.—Opium valued at more than \$200,000 was in the possession of the state board of pharmacy to-day, as the result of a raid in San Francisco Chinatown late last night by officers of the board. The seizure which comprised 55 five-tael tins, is said to be the largest single seizure since importation of smoking opium was prohibited.

War Contracts Commission Gets Deeper Down.

By Special Wire to the Courier.
Kentville, N. S., Aug. 13.—Upon the resumption of the Davidson war contracts commission probe into the condition of horses sold in Nova Scotia for military use this morning, K. Chute, of Melvin Square, swore his father sold a fourteen year old horse to Dr. Church at Kingston. Afterwards he saw the horse as a remount. Church gave \$85 for it.

John Thompson, K. C., commission counsel, said this apparently was the horse sold by Church or Harvey to the government and reported to be sold his three year old horse for \$165, he had hoped to get \$175. His father said he had not given any rebate.

"Did your father tell you he sold the old horse to Church because he was ashamed to sell him to the government?" asked Mr. Thompson. "No, D. Church wanted to trade it for another horse he could sell to the government," said the witness. "J. Abner Phinney, Melvin Square, received, he thought \$140 for a thirteen year old horse from remount buyer McKay. Dr. Chipman was the surgeon. He did not ask if the horse

Seeking to Create a New Demand

By Special Wire to the Courier.

San Francisco, Aug. 13.—Russia is
seeking to create in the United States
a market for Russian koustar, or lace
handwork of peasants with view to
providing employment for her main-
ed and crippled soldiers, according to
an announcement made to-day by
Theodore Kryshofovich, special com-
missioner from Russia to the United
States, who has arrived here from
Petrograd via Japan. The direction
of the lace industry, the commissioner
said, has been taken over by the Rus-
sian Government. Able-bodied peasants
will no longer be allowed to
make lace. The work will be turned
over to crippled soldiers incapacitated
for ordinary work.

"I am on my way to New York,
where a large shipment of samples of
Russian koustar handwork is awaiting
my arrival," said the commissioner.
Mr. Kryshofovich was formerly
Russian agricultural commissioner at
St. Louis, Mo.

BRANT THEATRE.

The program for the last half of
machine gun week is very good, and
in some respects better than the first
bill of the week. It is difficult to de-
cide which is really the better pro-
gram, for each is varied and differ-
ent. One act may be weak, but an-
other more than makes up for it.

The Singers' dogs is perhaps the
leading feature. These Pomeranian
dogs, nine in number, are very clever
and trained to perfection. The pretty
little white pets formed some nice
poses and scenes. The Knight trio
have some of the finest and most
artistic selections. Prof. Avdalos
presents a sensational and novel
act in which a talking teakettle is fea-
tured. Select photo plays complete
the fine program. A coming feature
is another Charlie Chaplin picture.

ROYAL TEMPLARS

Brantford Royal Templars met
Thursday evening. A good attendance
was appreciated very much by the
Select Councilor, Bro. Carley. Re-
ports were received from the various
standing committees and after some
very serious consideration the Social
Committee were victorious in their
efforts to hold the annual summer pic-
nic at Mohawk Park in preference to
the old golf links as was formerly
suggested by a special committee. Full
arrangements have not been made,
but the committees in charge expect to
complete their work by next Thurs-
day night.

Bro. Lambert, who has been laid
up with a sore hand, was reported im-
proving.

Bro. Wm. Williams was reported as
not having recovered as rapidly as he
had hoped to from an accident to his
hand.

Bro. Huxtep who fell from a cherry
tree and sustained minor injuries to
his back, is still unable to attend his
regular work.

Bro. Wm. Godden of Strathcona
Avenue, was reported ill.

The hope was expressed that those
members would speedily recover.

shower for wounded soldiers in Cana-
dian hospitals in the war zone. Col-
lections will be made on Tuesday, be-
tween 3 and 6 o'clock, in the rooms
adjoining the Council chambers.
Young women of Mitchell have
formed a branch of the Patriotic So-
ciety, to be called the Surgical Supply
Society. Their work will consist of
making bandages, surgical kits and
other medical necessities. These will
be shipped as soon as made to the
hospitals in England and France.

CHILLED MEAT FROM CANADA

Efforts Are Made to Secure Re-
frigerator Vessels for
Transportation.

London, Aug. 13.—An important
aspect of the meat supply in Great
Britain at present is the need of ade-
quate transportation for chilled meat
from Canada. Active efforts are be-
ing made to secure a supply of re-
frigerator vessels for the Canadian
service to bring over the large avail-
able supplies of meats. Complaint
is being made that such vessels are
being used by the British authorities
for American and Argentine trade to
the detriment of Canadian interests.
Provision of shipping facilities,
says a well known Canadian farmer,
would do more to help the meat sup-
ply here than the removal of the
embargo on Canadian cattle as there
would be a benefit to the Canadian
packers and relief of the English
markets.

Smithfield dealers are becoming
anxious about the near future as sup-
plies are bought up for weeks ahead.
There is a non-flesh diet of a
minimum amount is being advocated
in many newspapers.

KOVNO HOLDS; HUN ADVANCE NOW CHECKED

By Special Wire to the Courier.

London, Aug. 13.—The Russians for
the time being are holding in check
the Baltic flank of the German ar-
mies which are struggling to cut the
Warsaw-Petrograd Railway and are
battling toward the Dvina, beyond
which lie the roads to the Russian
capital. This has been accomplished
with the aid of reinforcement and by
virtue of one counter-attack after an-
other.

The fortress of Kovno still holds
out, German attacks toward Riga have
been repulsed and the railway junc-
tion at Dvinsk remains in Russian
hands. From Ostrolenka, north of
Warsaw, to Chem in the south the
Teutons claim to have made further
progress, but between the Vepz and
the Bug they apparently have been
thrown back with heavy loss. It may
be that Field Marshal Von Hinden-
burg has not exerted his full power
in the north, but is awaiting events
in the south before hammering his
haviest toward the Dvina, near the
banks of which his cavalry has been
for some time. The fact that the
Germans are able to advance with
rapidity due east from Warsaw, while
being checked on the right and left
flanks, has given rise to the impres-
sion in England and in Russia that
the stout resistance offered by the
Russian wings will insure the safe
withdrawal of the main body of
troops from the Warsaw salient. Con-
trary to many reports the main line
of communication between the Polish
capital and Petrograd has not been
cut through. It would be cut if the
Germans were to take Dvinsk. The ap-
proaching meetings of both the Greek
and Serbian parliaments give promise
of bringing the Balkan situation to
a head, though for the moment Serbia
remains obdurate in their refusal to
cede territory.

close of the second Balkan war that
portion of Macedonia which had been
obtained by Bulgaria at the close of
the first Balkan war was taken from
her and divided between Greece and
Serbia. Bulgaria also was compelled
to cede back to Turkey not only Ad-
rianople, but the battlefields of Kirk
Kilisse, Lule Burgas and Tchiorlu,
where her soldiers had won victories
over the Turks. The loss of Macedo-
nia was a heavy blow, that part
which was taken from her being in-
habited principally by Bulgarians.
This condition of the Balkan war
came on as a dispute to the division
of territory won from Turkey in the
first war. Bulgaria was arrayed in
the second war against Greece, Ser-
bia and Montenegro, and was forced
in the end to make the territorial con-
cessions to them. Roumania threat-
ened Bulgaria with armed force and
exact territory as the price of her
neutrality. The ill-feeling created by
the terms of this peace agreement has
been the principal obstacle with which
the entente powers have had to con-
tend in their efforts to revive the Bal-
kan League and enlist the support of
these nations in the war.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

THE sole head of a family, or any male over 18 years of age, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency, but not at a Sub-Agency, on certain conditions.

Duties—Six months residence, upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after gaining homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased home section in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$200.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

Loss of Vitality is loss of the principle of life, and is early indicated by falling appetite and diminishing strength and endurance. Hood's Sarsaparilla is the greatest vitalizer—it acts on all the organs and functions, and builds up the whole system.

HOME GUARD PROPOSED.

Chatham, August 13.—The formation of a home guard in Chatham has been suggested on different occasions recently and it is possible that some definite action may be taken by local men who have become interested. There are many men in the city, both young and old, who would be glad of an opportunity to join an organization for home defence.

WHEAT ORDERS ARE CANCELLED FROM EUROPE

By Special Wire to the Courier.

Chicago, Aug. 13.—Cancellation yesterday by representatives of the allies of contracts aggregating nearly 2,000,000 bushels of wheat bought for September shipment to Europe was piling up to the grain trade early today. Not only were cancellations reported by Chicago concerns but some seaboard exporters claimed to have closed out open contracts. Canadian exporters also reported some cancellations.

James A. Patten, a former board of trade operator, discussing the cancellations, said: "If peace were in sight, Europe would still need wheat and she would have the credit to get it. The cancellation of orders therefore would seem to indicate one of two things, either Europe has found a source of new supply which means Russia; or Europe finds that she cannot pay."

It is said that two of the largest firms which cancelled contracts were the Armour Grain Company and the J. Rosenbaum & Co. Company. The Rosenbaum Company said: "Our own cancellations were not very heavy. It was about three days before the buying stopped. The European buyers started to beg out of their purchases, accepting a loss from eight to ten cents a bushel I should say."

George C. Marcy, president of the Armour Company said: "I am unable to understand what has happened abroad. It must be something important or they would not have cancelled purchases that show such profits and give them away. Possibly it is the Dardanelles. It has been opened. But we have no information. England wants to hold her gold, and buying wheat in Canada and Australia she can use her London market. If Europe does not buy wheat freely it will mean much to us and make a great deal of difference in prices."

THE REAL RUMOR.

London, Aug. 13.—The financial expert of the Telegraph discussing the sharp fall in Russian exchange and the London market yesterday says the movement was not due, as many believed, to an improvement of the position of the allies in the Dardanelles, but to the expectation of gold shipments from England and the United States which would form the basis of additional foreign credits to pay for munitions.

THE SITUATION.

It begins to look as if the determined refusal of Roumania to allow munitions of war to go across her territory for Turkey might lead to the Balkans jumping into the fray.

Public attention has become mainly centred upon what is happening with regard to the Dardanelles, and it is the general hope that something of direct importance will be announced from there.

The Russians continue to do even better than expected in the matter of avoiding absolute disaster with regard to their retirement program.

The Kaiser has caused to be issued a new pronouncement to the effect that Russia has been polished off in the East, that the army of Germany will do a similar thing in the West, and peace on Berlin terms will be concluded by October.

THE HORSE ENQUIRY.

In Nova Scotia, in connection with the enquiry into the sale of horses for army purposes, the probe is going deep, and very properly so, too.

The testimony is of a most cold-blooded character. For instance: A. B. Harvey, Aylesworth, disposed of five horses to W. P. McKay, real estate agent, after Dr. Chipman had passed them.

Thanking you, Mr. Editor, I am, Frank Sterne.

the little traffic she carries on furiously across the territory of neutral neighbors. Of her great and costly navy only submarines are at large and active—all the rest has either been sent to the bottom by her enemies or because of fear of the enemy lies concealed at Wilhelmshafen or Kiel.

Chicago Tribune—Canada has not dealt in billions of dollars and any lions of men, but Canada has nevertheless made commensurate war sacrifices in money, suffering and blood.

WHAT KULTUR MEANS. The following letter recently appeared in the New York Herald: To the Editor of the Herald: What you Americans seem unable to understand is that a republic, or a democracy, if you prefer it, being a mere transitory, man-made form of government, can never command the respect or have the prestige among nations of those peoples who owe allegiance to a ruler by divine right, such as our Kaiser.

Another idea which you Americans are slow to grasp is the obvious fact that every woman and child not of German birth sunk with your Lusitania was a potential enemy of our Kaiser.

Otto has the true kultur feeling, all right, and he is a fit type of Kaiserism up to date.

THE STREET RAILWAY.

Editor Courier: Sir,—The report of the Street Railway Commissioners, as published in Wednesday's issue, makes very interesting reading.

As the books of the company will just have been closed, this information will be easy to secure, if the commissioners have not it already, and by having it the ratepayers generally will be able to form a more intelligent opinion.

Another equine antique, aged 20, with the heaves, was sold by the son of John White, Wellsford. The sum of \$100 was paid for him. It was not doped. He was going to kill the horse in the fall, if he could not do anything better with it.

Brides-in-Bath Murderer Gets His Deserts

By Special Wire to the Courier.

London, Aug. 13.—George Joseph Smith, the wife murderer, was hanged to-day at Maidstone.

Smith was found guilty by a jury on July 1. He was accused of murdering three wives in order to collect insurance money on their lives.

READY FOR REGATTA. By Special Wire to the Courier.

Springfield, Mass., Aug. 13.—A space of two miles on the Connecticut below this city was cleared to-day for the opening events of the 43rd national amateur rowing regatta.

BULGARIAS

military movement of the allies against Turkey. The integrity of Bulgaria is assured for a certain period after the war.

Greece is thrown into a bad position, inasmuch as it has indicated an intention of rejecting the overtures of the allies. The cabinet here is in great consternation, and the newspapers of all parties are beginning to cry for "Anzuelos." Greece is expected to consent to the terms of the allies for the cession of the Kavala hinterland, but it will probably not take an active part in the war.

AMSTERDAM, Aug. 13.—Representations made by the entente powers can be regarded as doomed to failure, declares the Frankfurter Zeitung in discussing the Balkan situation.

UNJUST STATEMENT. Rome, Aug. 13.—The Bulgarian minister to Italy, M. Rizzo, discussing in the Tribuna the negotiations between the Balkan States and the quadruple entente, characterized as unjust statements the Bulgarian considerations hereof indismissible to the allies and is bargaining on that basis.

DEALINGS. (Continued from Page 1) was not sound. As a matter of fact the horse was a little sprung in a knee.

Another beast he sold at Kingston was probably thirteen or fourteen years old. For it he was paid \$140. This horse was absolutely sound outside of a corn on one foot.

Llewellyn Chute got \$100 in cash for a horse thirteen years old. It had a sore on its back which the buyer noticed. The veterinarian said he was afraid it would be bad for the saddle.

"I took his word for it," replied the witness.

"Did you see Church speaking to Chipman or McKay?" "No."

"You got a better price than you expected?" "Yes."

"And that was why you gave Mr. Church the \$5?" "Yes."

"My impression is that some of them have been born again," commented Sir Charles Davidson amidst laughter.

After keeping a fourteen year old horse, his son gave between \$90 and \$100 two years ago. William Franey, Aylesford sold it to McKay for \$150.

Prisoners Are Treated Well by Russians

Moscow, Russia, August 13.—A detailed picture of the life of prisoners of war in Siberia has been received by a Moscow merchant from one of his correspondents in a large town territory desired, but offers instead Monastir and other Macedonian territory.

The correspondent declares that the lot of the prisoners is not a bad one—they are assisted to pass the time by the provision of various amusements and occupations, and the daily routine of their existence is governed along moderate and humane lines.

"The prisoners get the same food as the Russian soldiers, and all but the Germans are allowed to work privately outside.

"The Germans are not allowed to go out without a special permission, and then an armed convoy accompanies them. At the present time the Germans are working in construction

camp, repairing roads, or loading and unloading steamers. Five hundred Germans are planting potatoes and cabbages for themselves; 100 Germans are cutting timber for firewood.

PEACE PROPOSALS

guarantees by the powers, since the war unfortunately, has increased the distrust among nations.

It is thought, however, that this difficulty might be overcome by finding the requisite formula, especially since the Pope is determined to use his utmost influence in striving for peace when the outlook is hopeful.

modified in the course of the negotiations, but once these are opened they are deemed likely to lead to practical results because, as my informant added, all the belligerents dread a second winter campaign, and even if the war ends in a draw with nobody either victorious or defeated, all will be willing to sheathe the sword.

Susan Hey, in her night clothes, climbed a porch and saved her 3-year-old sister from a fire at New Rochelle, N.Y.

FRENCH OFFICIAL

By Special Wire to the Courier.
Paris, Aug. 13, 2.30 p.m.—The French War Office this afternoon gave out a report on the progress of hostilities which reads as follows: "In the Artois district a German attack last night to the north of Chatteau of Carleu was easily checked. "In the Argonne the Germans late yesterday afternoon, renewed their attacks in the sector between the road from Binarville to Vienne le Chateau and the ravine of La Houlette. They were repulsed after a very spirited fight in which hand grenades and bombs were used. "There is nothing to report from the remainder of the front."

CLUB SOLD TO MAGNATE.
By Special Wire to the Courier.
Chicago, Aug. 13.—The Cincinnati club of the National League, will be sold to Warren N. Carter, a wealthy resident of Pasadena, Calif., at a conference to be held to-day, according to the Chicago Herald. The paper understands that Charles Bultman has been given authority by the owners of the club to negotiate the deal. Neither Carter nor Bultman could be located early to-day.

BRANTFORD MAN MADE CLOSE RUN

The election of the Grand Officers of the Independent Order of Odd-fellows took place at the meeting of the Grand Lodge held in Stratford yesterday when the following were elected: Grand master, L. B. Cooper, Belleville; deputy grand master, S. C. Parks, Toronto; grand warden, Chas. H. Mann, Hamilton; grand secretary, W. Brooks, Toronto; grand treasurer, W. J. McCormack, Toronto; grand representative, Dr. P. T. Coupland.

MR. C. J. PARKER Who made a close run for the Grand Wardenship, I.O.O.F.

St. Marys; trustees on I. O. O. F. home board, W. S. Johnston and J. Donough, Toronto.
Charles J. Parker, of Harmony Lodge, Brantford, was in the field for the office of Grand Warden and made a great run considering it was the first time his name was up for election. The Brantford candidate was only beaten by a few votes by Chas. H. Mann of Hamilton. If Mr. Parker makes the run again next year his many friends have every confidence that he will be elected. It is very rarely that a candidate is elected the first time he is up.

With the City Police

The police court session was a very short one this morning. Three cases of drunkenness and one of vagrancy comprised the list. One man was allowed to go, but Robert Hawke and Miles Lacy were appeared before, so they were fined \$3 with an option of 30 days. The vagrancy charge against Isabella McCummings was adjourned until the 17th.

Late Wires

SHADES OF THE PAST.
By Special Wire to the Courier.
Manchester, N.H., Aug. 13.—The management of the local New England League team announces that it had signed Pitcher James McGinley, formerly of the Toronto International League team.

OILER RELEASED.
Washington Aug. 13.—The American oil steamer Wico taken by German warships to Swinemunde, has been released and facilities have been given for repairs to damage when the ship was being brought into port by the German prize crew. Her cargo also was released.

NO NECESSITY.
By Special Wire to the Courier.
Montreal, Aug. 13.—Mr. James Caruthers, the Montreal grain exporter, said to-day in reference to the difficulties in shipping grain to Europe: "I don't see the necessity of the repeal of the Canadian embargo. We can ship all the wheat we want to England, France, Italy and Greece. The scarcity of ocean tonnage is the only difficulty we have. Even if it would make no difference as the British admiralty has requisitioned such a very great deal of ocean tonnage."

PAY! PAY! PAY! GUNFUND OPEN

The machine gun and equipment fund goes on a good rate. It is one of the best efforts towards the "Dawn of Peace" so far inaugurated here.

Each gun is worth fifty rifles, therefore one thousand men with the added percentage of gun weight, should be quite a "peace messenger" with powers.

PART OF A LETTER FROM FRANCE HAVING A BEARING ON THE FORWARD OUTLOOK

With the tremendous task that Great Britain and France have on their hands—the wonder is that they have time and men to spare, to engage in the manufacture of articles of daily need—say nothing of fashion.

However they seem to have the Spirit, the "sang froid"—even while engaged in the most serious tasks—to devote some portion of their energies towards keeping the Wheels of Commerce in motion.

From this side we have been carefully looking after wants for the Season—not rashly, not without a good deal of discrimination—as very many goods are scarce, and higher in price, with styles in some cases belonging to last season. This is where knowledge of the markets, and Buyers on the spot come in.

From our Buying organization in Paris we have had this word written by the active manager.

He says referring to our order for Paris novelties—"Your orders are having our best attention. Nearly all our staff, including the heads of the firm, as well as the writer, are soldiers."

"The Government, however, in order to keep the business of the country going—have kept many of the business men in the army for the defence of Paris, and it is to this that the writer belongs—so that part of his time he is able to devote to our firm's affairs. Your goods will be shipped about the 1st of August."

Our Customers may depend that for the coming season nothing on our part will be omitted—in order to have our stock as choice, new, stylish, and of as good value as the present unusual conditions will allow, as in both Great Britain and France our resident buyers are busy making and shipping our selections, the arrival of which timely notice will be given.

BOTH WERE DROWNED
By Special Wire to the Courier.
London, Aug. 13.—Announcement was made to-day of the sinking of the British Steamers Osprey and Summerfield and the Norwegian steamer Aura. The chief engineers, the mate and the mate's wife of the Summerfield were drowned. The others on board the three vessels were landed. The Summerfield, of 687 tons gross, was built in 1913, and owned in Liverpool. There are five British steamers named Osprey. Shipping records mention no Norwegian Steamer Aura.

TEN CENT BALL AT BALTIMORE. Baltimore, Aug. 13—Ten-cent baseball will be inaugurated at the Federal League Park here to-morrow. Announcement to this effect was made by the management of the local team to-day. Admission to the pavilion hereafter will be 25 cents and to the grand stand 50 cents.

CHICAGO FEDS. SIGN HAUSER. Chicago, Aug. 13—Announcement was made here yesterday that the Chicago Federals had signed Arnold Hauser, who for years played short-stop in the National League. Hauser disappeared from the game three years ago because of an injury. He was then a member of the St. Louis Nationals. He is expected to replace Jimmy Smith.

AMERICAN LEAGUE SCORES. New York, Aug. 13—Cleveland evened the series with New York yesterday by winning the fourth game by 6 to 4. Donovan turned back the visitors in the last two innings, striking out three men. Score: R. H. E. Cleveland . . . 6 13 2 New York . . . 4 10 3 Batteries: Walker, Harstad and Egan; Warhop, Shawkey, Donovan and Alexander.

FEDERAL LEAGUE SCORES. Newark, Aug. 13—Leslie Mann's hitting kept Newark from taking first place yesterday. In the seventh his single tied the score and in the 9th he tripled and counted on a squeeze play when Hanford batting for Hauser, bunted safely. Score: R. H. E. Chicago . . . 2 7 0 Newark . . . 1 7 2 Batteries: McConnell and Fischer; Moseley and Rariden.

At Brooklyn—The Brooklands made two out of three from Kansas City by a 3 to 2 victory in a 12-inning pitchers' battle yesterday. Brooklyn tied the score in the sixth, scoring 2 runs. Score: R. H. E. Kansas City . . . 2 11 1 Brooklyn . . . 3 9 2 Batteries: Main and Easterly; Marion and Lind.

Sporting Comment

Joe Dunn has been let out. The clean-up hitter of two years ago has been released because his batting average was too low. Joe wasn't such a weak hitter, nor was he always lacking in the pinches. He was liable to hit at any time, but he was not good enough with the bat for an outfielder, nor up to his old form. Whether, at this late hour, it is worth while to change the outfield, remains to be seen. Though a good man, Streeter has yet to show the home crowd that he is better than the man he displaces.

As a fielder, Joe Dunn had no superior in the league. He rarely made an error, and all his work was done with an ease and finish pretty to look at. His one-handed catch last Saturday was sensational, because he was so sure that he made a difficult chance spectacular. Moreover, there was not a base-runner dare try to advance a notch against his whip. The man who could back up to the fence by the score-board, catch a sacrifice fly sooner in Mike Mallin's hands at 3rd than moving nor the ball bouncing, and catching the runner from second to third by 20 feet, was no slouch in the outfield. Joe was a quiet, dignified and gentlemanly person on and off the field, and genuine regret is caused by his departure.

DODD'S KIDNEY PILLS. CURES RHEUMATISM, BRIGHT'S DISEASE, DIABETES, BACKACHE.

That old outfielder, Comstock, Burrill and Dunn was the terror of opposing base-runners. Every one of the three could stand in their positions and whip the ball home with a perfect throw. There is probably no outfield in any minor league, or major league either which cut off so many runners at the plate by perfect throws. It was a daily occurrence. Their reputation was such that base-runners never stirred off the bags upon sacrifice flies. A great deal of the Brants' success during July was due to that one cause.

Mike Mullins has had to undergo an operation, and is probably through for the season. His place will be filled by Todd, late of St. Thomas. A great many fans about here held Todd to be the best second baseman in the league. He is a wicked hitter and a very sure fielder. He very seldom makes errors and is not easily rattled. If he can fill in at third as well as at second, and the Brants' pitching staff holds up, Ottawa would gain any more of those victories local fans are trying to forget—those 13-1 kind.

Ottawa fans amuse themselves daily by lining up all star teams. The variety is quite up to the well known standard instituted by Mr. Heinz, so it appears a rather futile pleasure. Close, Cooper, Dunlop and Burrill are the Brants' favorites, although an ultra-loyal Ottawa fan has a liking for Ryersoner. Cooper is rarely overlooked, which shows that the big fellow is beginning to be recognized at his true worth. He has it on all the catchers in the league, even Harkins of Guelph is not quite up.

Only one game was played yesterday, London beating St. Thomas 7-0. London is coming lately with a vengeance. Only one run has been scored against them in 43 innings. That's going some. It is to be hoped they will keep it up when they visit Ottawa the first part of next week; something is needed to pull the Senators out of the sky. The Brants started off bravely in their efforts, but died young, with a gentleman named Ryersoner as the outstanding pall-bearer.

A lot of fans claim that Shag's kidding gets to Fried, and that he doesn't play his usual sure game against Ottawa. Rabbit played nifty ball on Monday, while nobody should take any notice of fielding slips on Wednesday. Moreover, on the last trip to Ottawa, Fried played brilliantly, getting special mention in the Ottawa papers. So there you are.

President Nelson stated this morning that "Del" Chase would arrive in the city on Monday to strengthen the twirling staff. Local fans have not forgotten his last season's prowess, and he occupies a warm spot in their hearts.

Brantford fans need not hurt their memories to recall the record of Chase. The man who held Ottawa to 2 runs in 17 innings in the capital city, the man who made Connie Mack's team go 15 innings to beat him, fanning his world-renowned sluggers one after the other, has not been forgotten here. It is a pity that Brantford could not have obtained him sooner. He delivers a terrifically fast ball, mixed with a tantalizing floater, which makes him almost invincible. With Chase, Close, Walker and Warner, and Ryersoner back to form, the Brants ought to sweep everything in sight.

Chase is not only an excellent pitcher, but can take just about any place in the field in a pinch, and he is also quite hefty with the willow. He has abundantly proved his worth, and is altogether a most valuable man.

PITCHER "DEL" CHASE WILL REPORT MONDAY

President Nelson stated this morning that "Del" Chase would arrive in the city on Monday to strengthen the twirling staff. Local fans have not forgotten his last season's prowess, and he occupies a warm spot in their hearts.

school at 5:15 p.m. The game is called for 6 o'clock sharp on account of the evenings being so short. Referee, Mr. F. Wright. The line-up will be: Goal, W. Short; W. Johnson, F. Burns, A. Baker, E. Hamilton (Capt.), J. McGrattan, B. Plant, J. Hingley, T. Howell, A. Johnson, A. Dixon. Reserves, F. Wright, J. Small, T. Mearns.

On Saturday the 21st, there will be a big game at Agricultural Park, when the Thistles, who are champions of the league, will play an all-star team, and the Thistles will be presented with the league trophy, which will be presented by Mr. Preston or a representative. The Thistles have done well this season, only losing one game out of the 14 played.

SPORTING EFFORTS FOR MACHINE GUN FUND

All roads lead to the Agricultural Park to-morrow afternoon, where an afternoon of sport will be held. There will be three ball games, a double-header between the MacBride team and the Alerts and the Holmedale team, and a soft ball game between the crack East Ward Beavers and a picked team from Verity's.

A collection will be taken up at the game, and the proceeds will be donated to the Machine Gun Fund. It was the MacBride team's home game, and "Mac" offered to give us the day for the gun fund. As the Brants are in Ottawa, it is up to the fans to flock over and see the City League boys perform.

Arrangements have been made whereby the scores of the two games at Ottawa will be given out. The boys down at Verity's are rounding up the very best soft ball players they can secure, and are determined to take a fall out of the dauntless champion Beavers. Lynn will pitch one of the games for the MacBride team and Cleator the other. In Chris. Cleator Brantford has a very promising young pitcher and one who should go up, Jimmy Bradley says that Cleator has everything and has splendid control for a young lad. Three games for what you put in the hat.

METAL REFINING NOW STARTING UP IN CANADA

Settles Old Problem and Means Great Impetus to Munitions Output.

Ottawa, Aug. 13.—As a result of arrangements now completed, it was announced by General Bertram yesterday, Canada not only will manufacture shells for the allies, but will produce and refine for the first time in this country the zinc and copper required for this munition.

These arrangements represent the fruition of the desires and efforts of General Hughes, Minister of Militia. It was not long after Canada had commenced the manufacture of shells for Great Britain that the curing of copper and zinc for their production became a problem. Although Canada produces both these metals she hitherto has not had facilities for refining them.

Several conferences have been held between the Shell Committee and the Cabinet. The result is contained in the statement of General Bertram yesterday that agreements had been made and were now closed up for the refining at Trail, B.C., and other points, of both copper and zinc.

Canada's production of empty shells now has risen to 25,000 per day. Owing to the difficulty of obtaining cordite and other explosives the turning out of charged shells so far has not approached this mark. The empties are being stored until they can be filled, no empty shells now being sent to Great Britain. Plans are under way, however, as a result of which difficulties in the way of producing the charged shells will be surmounted.

D. A. Thomas, representative in Canada of the Minister of Munitions, returned from New York last night and the Shell Committee and Mr. Thomas' party expect to leave next week to visit the plants in Ontario and the West. They probably will be in Toronto on Monday.

Puttees Will Disappear in the Future

Ottawa, Aug. 13.—The woollen "puttee" is shortly to disappear as a distinctive part of the uniform of the Canadian soldiers.

This is in conformity with the reported intention of the British War Office to abandon it. It was stated at the Militia Department to-day that the Militia Council some time ago considered this question, as it was the testimony of many Canadian soldiers in the South African War that the puttee was unsatisfactory. Their experience there was that it interfered with the circulation on long marches, and it has been found in the winter campaign in Flanders that this produces frost bite.

The Canadian authorities now are experimenting with a long boot to take the place of the puttee. It will not be the Russian "military" boot, however, which it is reported the British war office will supply its troops.

Mr. S. R. Wickett, the Toronto expert, who designed a new military ankle boot, is now understood to be engaged on the provision of a new high boot into which the trousers will be stuffed. This boot will be more or less of a protection against the cold and wet of the trenches and at the same time will be so designed as to be suitable for marching.

THE WESTERN FAIR. London Ont., Sept. 10th to 18th. The new steel Grand Stand erected on the Exhibition Grounds is nearing completion. It is a magnificent structure with a seating capacity for 5,000 people. Every seat in the whole building commands a good view of the track and amusement platform. "Safety First" has been in the minds of the management from the time the building was first thought of, and this principle has certainly been carried out in its construction. There are three twenty foot entrances through to the front, one for the reserved section and two for the 25c sittings. These entrances will also be used as exits along with the other exits at either end of the stand. The accommodation provided will certainly be appreciated by the visitors to the exhibition and the management are to be congratulated on erecting such a fine structure. Although the accommodation will be far in advance of the old stand, the price will remain the same, 50c for the reserved section and 25c for the balance. Prize lists, entry forms, programmes and all information from the Secretary, A. M. Hunt, London, Ontario.

AUSTRIAN ATTEMPTS TO CROSS ALPS REPULSED

Italian Official Praises Alpine Troops For Their Vigilance.

Rome, Aug. 13.—The effectiveness of Italian Alpine troops in repulsing two Austrian attempts to cross the frontier through passes of the Alps at an altitude of ten thousand feet is praised by the Italian war office in to-day's official statement. The announcement says: "In the steep rugged zone of the Furva valley, the enemy, who, on the 4th, had reconnoitered by patrols which were immediately driven back through the Vicz Pass (10,000 feet high); delivered an attack on the night of the 9th across the Forno Glacier against our troops posted near the hotel of the same name, while another detachment advanced through the Cedevale Pass (11,000 feet high) in the direction of the occupied Capanna Cedz. The watchfulness of our Alpine troops, who, notwithstanding glaciers and high peaks, are incessantly active, succeeded in frustrating this bold double manoeuvre and the enemy was soon repulsed. He was then counter-attacked and forced to flee.

"In Cadore, small encounters, turning in our favor, are reported in the high valleys of Anser and Vissidene. In one of these fights we took prisoners forty light infantrymen. "Isolated infantry and artillery actions also took place in Carnia in the valley of the torrent of Fonte Biana. An Austrian detachment trying to climb the Italian slope was attacked and put to flight.

"On the Carso plateau during the day of the 11th, no event of special importance transpired. Only small skirmishes are reported."

TURKS BARRACKS BOMBARDED BY AIR AND SEA

Allied Fleets of the Air and Water Combine in Deadly Attack.

Paris, Aug. 13.—A despatch to the Havas News Agency from Athens says it has been learned from Mitylene that British aeroplanes bombarded Zagagik, near Smyrna, yesterday, destroying the barracks, the telephone offices, and eight houses. A destroyer which followed the aeroplanes also bombarded the city, in which there were said to be a large number of victims. The Governor of Smyrna, fearing an attack, sent 8,000 men to reinforce the coast defence troops the despatch adds.

OBSTINATE INDIGESTION CAN BE CURED.

Dr. Williams' Pink Pills Go Right to the Root of the Trouble. No trouble causes more widespread suffering and discomfort than indigestion. The ailment takes various forms. Some victims are ravenous for food; others turn sick at the sight of meals; but as a rule every meal is followed by intense pains in the chest, heartburn, sick headache and often nausea. Indigestion assumes an obstinate form because ordinary medicines only subdue its symptoms—but do not cure. So-called pre-digested foods only make the digestion more sluggish, and ultimately make the trouble take a chronic form. Dr. Williams' Pink Pills cure indigestion because they go right to the root of the trouble. They make new rich blood, which so strengthens the system that the stomach does its own work and digests the food in a natural way. Many a terrible sufferer from indigestion has found a permanent cure through a fair use of Dr. Williams' Pink Pills. Among them is Mrs. H. Carnern, Locke St., North Hamilton, Ont., who says: "Dr. Williams' Pink Pills not only gave me new health, but new life. For five years I was a great sufferer, and spent a great deal of money with absolutely no result. My stomach was in such a dread condition that frequently I would not retain nourishment of any kind. When I ate I suffered terrible pains, a fluttering of the heart and often a feeling of nausea. In addition to this I was in a very anaemic condition, and felt as if I was lingering between life and death. One day while sitting in the park a lady got into conversation with me, and I told her my trouble. She asked me if I had tried Dr. Williams' Pink Pills, saying that they had been a great benefit to her daughter. When I went home I decided to try this medicine. I soon found the pills were helping me, and continued taking them for several months, when I was restored to better health than I had enjoyed for years, and I have since been the picture of health. I hope my experience may be the means of pointing to others the way to health. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

SENTENCE LEFLER TO-DAY

Windsor Man Convicted of Dynamiting Appears Before Judge. Windsor, Aug. 13.—William Lefler, convicted on July 30 of attempting to dynamite the Peabody Sales Corporation at Walkerville, and of conspiracy with Katschmidt and Schmidt, of Detroit, to blow up other buildings in and about Windsor, appears for sentence this morning before Judge Dromgoole. Lefler will not appeal the case. Soon after his conviction on the dynamite charge it was announced at Ottawa that there would be no extradition of the two Detroiters, so that it is probable the conspiracy charge will be dropped.

FIND NEST OF SNAKES

Wrigglers Made their Home Under Old Cemetery Monuments. Hyde Park, Aug. 13.—Within a few miles of this village there is an old cemetery, so old that a number of the slabs have fallen on the ground. Recently when some of the joint owners were restoring them to their rightful positions they were startled to find under those slabs was a regular den of milk snakes of all sizes, but not all. A large quantity escaped into adjoining hay fields and were captured while the hay was being harvested. One that they killed measured several feet. The raspberry crop, which has been an average one, is almost over, but in some patches there are a quantity of this season's cane bearing spikes of luscious berries much larger than those of the previous year. It is supposed the frequent rains are responsible for this late crop.

SO SAYS BERLIN.

Berlin, Aug. 13 (By wireless to Sayville)—The Overseas News Ag-

Late Wires

SOME FIELDS UNDER WATER. Windsor, Aug. 13.—Reports from all parts of Essex yesterday indicate that the heavy rains have almost ruined crops everywhere. Oliver Wilson, M.P., who was in Windsor yesterday, stated that the damage in his opinion, would be extremely heavy. Crops in many sections will not be cut at all. This includes corn as well as tobacco. In South Essex many fields stand half an inch under water.

HOISTING THE EASTLAND.

Chicago, Aug. 13.—With most of the water pumped out of the hold of the steamship Eastland, divers fastened the hooks of four powerful cranes to the sides of the vessel to-day, preparatory to the final operations of placing the ship on even keel. The boat, it was expected, would be raised before night. Nets were stretched across the Chicago river for the purpose of catching any bodies which might be carried down stream by the current when the boat is hoisted from the river bed. All river traffic was to be halted during the raising operations until divers ascertain that no more bodies are buried in the mud.

Harrisburg, Pa., Aug. 13.—A Pennsylvania Railroad train ran into a party of track hands east of Mount Union, Pa., early to-day, killing six of them.

City Items

WANT TO KNOW
The men of the Field Battery are anxious to know when the new armory will be built, as at present they are debarred from making themselves efficient through lack of an equitation school in which to practice horsemanship.

AWFUL ROADWAYS.

The roads outside the city are in anything but a comfortable state for autoists. The passage from Cainsville to Ancaster reminiscent for stretches of a field service picture from the Canadian camp at Salisbury last winter.

INSURANCE TO HELP.

A member of a large concern, talking to a Courier man suggested the firms whose staffs man the machine guns, insure such members and so release married men who otherwise view their demise with considerable anxiety.

KILLED SIX MEN.

By Special Wire to the Courier.

Washington, Aug. 13.—An eleven-cent stamp, the first of this denomination to be issued, has been authorized by Postmaster-General Burleson to meet the parcels post demand. It is to be distributed to postmasters throughout the country. The new stamp is dark green and bears the profile head of Benjamin Franklin. The new stamp is designed to meet the demand for one stamp to cover parcel post matter. In addition, all parcels for local delivery weighing 1 or 13 pounds carry eleven cents postage, as do parcels weighing seven pounds in the first and second zones.

WHY PAY MORE?

Always
\$14
To-Measure

Men are surprised when they see the same serges, worsteds, tweeds etc., in our store at \$14 that other good tailors have to charge as high as \$25 or \$30 for. OUR BUYING POWER—that's the secret of it. By buying in mill lots for our branches and agents, all over Canada we save all the commissions, etc. that smaller tailors, who buy through jobbers are compelled to pay.

Style and fit—these are features of Tip Top Suits. We are cranks about having every suit right in style and perfect in fit. All the correct fashion plates are in our store for you to choose from.

FORTY-FIFTH YEAR

RUSSIA WAR WOUNDED, BUT

Col. Kitching of the Salvation Army Tells of Russia Fighting.

By Special Wire to the Courier.

London, Aug. 14.—Col. Theodor Kitching, of the Salvation Army headquarters, in an article to the Chronicle from Petrograd, dated July 24, communicates his impressions of Russia war-worn, wounded, in mourning, phoned or widowed, with the enemy her front gate, and yet determined to hold, secure in her faith of victory. "Within the last eight months," writes Col. Kitching, "I have visited many European countries which are affected by war. In each case I have visited the capital as well as the smaller cities, and have seen something of the underworld of poverty and sorrow and death which pervades the homes of the lower classes, as well as the grief and tears and suffering that reigns in the homes of the middle and upper classes. Of all the cities I visited in none is the fact of war more evident, and that at every turn than it is in Petrograd. It is impossible to get away from the memory. Everywhere there are wounded soldiers and nurses.

"And yet hope reigns, not despair. There are countless sad faces, but sadness is rather the expression of sober determination than of grief and anguish. It is something that is typically Russian. It is something that you have seen before, but know not where, and then you remember that you have seen it in the past. In some war pictures you see a man, and as you look again, very look makes you clench your teeth and set your chin and then your shoulders back and say to yourself: 'Yes, we must go on; whatever cost we must go on to the end.' You may have to wait, but if you will only wait long enough you will see this spirit of hopefulness, of firm determination, of unshaken unwavering confidence as of the matter issue. It was well put by an accomplished student, the proprietor of large estates, with whom I conversed.

"It is true our brave troops had to fall back on some of the fronts," he said, "and they may have fallen back still further, but we have plenty of room to fall back. We fall back from Warsaw there is Pinsk, in the Pripiet marshland. We fall back from Pinsk, there is Kiev. If we fall back from Kiev there is still Kharkov, and if we fall back from Kharkov, there are half a dozen places from which we fall back before we fall back to Saratov. And if we fall back to Saratov, there is still Vraisk and Asia to fall back on.

"In government departments, in permanent officials and in clerks all breathed the same unchanging spirit of hope and of confidence to Russia's loyalty to her allies. The great's loyalty to her allies is the question, nor can there ever be a trap, the sensational talk of dictators and mischief-mongers.

"Especially is this true of Russia's loyalty to England. The fact that an Englishman claimed and for me wherever I went the respect and co-operation of every individual with whom I came in contact. Official, clerical and private, they counted me their brother in the greater and mighty cause."

PHILADELPHIA MAKES OFFER FOR COOPER

The magnificent and the consorts of Cooper, the catcher of Brantford team, has not alone impressed local fans, but also sides.

He is leading the Canadian in batting with 384 per cent. and in 986 per cent. (Burrill also Brantford, is second in batting 358 per cent.)

Baseball experts across the one it will be no surprise to learn and of the big clubs, Philadelphia made an offer for him. The rumored is \$2,500.

When seen by a Courier man T. J. Nelson confirmed the fact an offer had been made, but he not confirm any details. "The offer is under consideration," was all he would remark.

Local patrons of the game greatly miss this heady player, has been an outstanding figure team. At the same time they are glad to hear of his justly earned higher up.
