Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind, Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Notes and Comments.

American Shipbuilding Efforts.

American shipbuilding efforts, commenced with the war, have resulted to date in the construction of 1,468 vessels of a total deadweight tonnage of 8,100,000. But the almost daily reports of disabled ships indicate that in their war-time efforts American shipbuilders have still a good deal to learn.

The latest statement compiled shows that more than 200,000 Canadian troops have returned to Canada since the Armistice was signed. Of this number more than 16,000 were officers. It is expected that November 1 will see only about 1,000 Canadians on the other side. There are still 70,000 Chinamen to come via Halifax.

The Assessment in New York City on Real Estate Has Gone Up \$200,000,000 This Year.

This was done by the assessors so that the wages of all municipal workers in that great city could be increased; and the increase amounts to \$10,000,000. The tax rate will be kept down as low as at present, perhaps lower, as the assessment has been increased so much.

Sailors at New York report the Gulf Stream almost at the boiling point at the present time, and that existence on the decks is almost unbearable while passing through it.

Water dipped from the stream is almost warm enough to poultice an egg, they assert. One hundred miles out to sea the temperature is 100 degrees above zero. The stream is said to be 10 miles near the coast than in July.

Immigration from the United States to Canada for the first eight months of 1919 shows an increase of 7,079 as compared with the figures for the same period last year.

From January 31st to August 31st this year, 38,222 persons entered Canada as settlers from the States, of whom 11,000 were of the farming class, 11,000 being adult males, 3,308 adult females and 3,773 children under 14 years of age.

Jamaica is going to be the Mecca of anti-prohibitionists this Winter and the exodus from the United States has already begun.

Many hotels of the island have been closed during the summer to prepare for the 'wet' season which will be in full swing in two months. It is said American tourists formerly spent about \$500,000 annually in Jamaica, but the amount the coming year it is believed will exceed \$1,000,000.

Approximately 200,000 boys ranging in age from sixteen to nineteen years, presented themselves at the armories throughout New York, Monday, and registered for the new military training laws compelling every lad between those ages to drill at least an hour and a half a week.

The school-boys will be trained in the afternoons and those working during the day will get their training in the evening. Every boy of the specified age is required to register.

The money side of many of the pressing problems facing Canada to day in connection with the war and the obligations war created, will be looked after by the coming Victory Loan.

Realization of this fact is one paramount reason why Victory Loan purchases should be as generous as in previous years. Another and equally compelling reason for buying Victory bonds is that the return they yield is practically double that secured from money in the bank and as good as can be got from first class absolutely safe investments in the security line.

The National Executive of the Imperial Order of The Daughters of the Empire have decided to organize a campaign throughout Canada during the week beginning November 24, to raise half a million dollars for a war memorial to Canada's sacred dead.

The memorial will be a comprehensive scheme of patriotic educational propaganda, which will include school pictures, libraries, lectures and scholarships. A great feature will be the presentation to Canadian schools of reproductions of the famous war memorial paintings of Canada's part in the great war.

One way to keep business good and help to make it better is to subscribe to the Victory Loan 1919.

Australian Ships.

A Sydney paper, lamenting the lack of ships in Australia, remarks upon the fact that during an entire week only two sailings were announced from Sydney to Melbourne and one of these was a foreign ship, a Yankee windjammer. As practically no ships are built in Australia, the resumption of normal conditions in trade since the war depends almost entirely upon other nations. Trade between Sydney and Melbourne, the two largest cities in the country, is several months in arrears. The single track railroad is inadequate at best to carry the freight. Conditions are further complicated by the necessity of new rolling stock. It is also pointed out that the country is accustomed to import her railroad material as well as her ships.

It would seem from these conditions that Australia might prove a fruitful market for the American and Canadian ship builder.

A Mother's Trials.

CARE OF HOME AND CHILDREN OFTEN CAUSES A BREAKDOWN.

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and the cure at hand. When well, it is the woman's blood that keeps her well; when ill, she must make her blood rich to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one always unfailing way to get this good blood so necessary to perfect health, and that is through the use of Dr. Williams' Pink Pills. These pills make new blood abundantly, and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong. If you are ailing, easily tired, or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will do for you.

Ugese Movies to Offset 'Unrest'

New York, Oct. 1.—Excessive energy—the natural craving for excitement, which has been enhanced by the war and which finds no outlet in the ordinary humdrum existence of a world at peace, is responsible for the present 'social unrest,' according to Dr. G. Stanley Hall, president of Clark University, who to-day addressed the international Conference of Women Physicians.

To combat a trend toward chaos Dr. Hall advocated a lighter rein upon amusements, particularly dancing and motion pictures. "Perhaps some day," Dr. Hall suggested, "clergymen will realize the possibilities of utilizing instead of prohibiting this form of excitement, and instead of opposing 'movies' will set themselves writing scenarios."

King George Ratifies Peace Treaty.

King George last Friday completed Great Britain's ratification of the German peace treaty. The document ratified by him has been despatched to Paris, the first of the ratifications by any of the Great Powers to be deposited there. Advices from Rome have announced the ratification of the treaty by King Victor Emmanuel for Italy, but so far as is known, the Italian ratification has not yet reached the French capital, there being some question as to whether the King's act, still lacking the sanction of Parliament, will be considered a valid ratification. Action by the French Senate on the treaty, is still pending, ratification by France thus being as yet incomplete.

Pre-War Days Are Quickly Remembered.

CANADIANS ARE APT TO FORGET THAT THE STRUGGLE IS NOT FINISHED YET.

It's funny how quickly we slip back into the old grooves of life, even though jarred out of them by years of war and wrenched by sad partings.

Isn't it true that in most Canadian homes life goes on to-day pretty much as it did five blank years ago, the stalwart sons come to the breakfast table with the same noisy greetings, though there is, perhaps, a shade deeper ring to their voices? Returned from war the head of a family sits in his old accustomed place at story-time, perhaps bringing a new kind of prince and knight for the youngsters.

With the men home life goes on pretty much as before. The harsh old realities of war are slipping into the misty background. We never forget the price in flesh and

Efficiency in The Kitchen.

What is Efficiency? A famous engineer defines it in these words: "Efficiency is applied Common Sense." As simple as that. And the gist of the whole matter is in that little word "Applied," says the Mother's Magazine.

Do we display common sense by making twenty or thirty trips between kitchen and dining room in clearing the table, when a wheel tray would enable us to do it in one trip? Is it sensible to stand for hours at work which could as well be performed while seated? And above all, do we exercise common sense by devoting hours to the selection of door-knobs and mantelpieces for the new home and then leaving the kitchen to be planned entirely by the architect, a mere man who cannot possibly have an adequate knowledge of its requirements?

Efficiency is the accomplishment of the greatest possible result at the smallest possible cost of time money and energy. By making our kitchens efficient we shall reduce expense, avoid fatigue and secure more leisure.

McClary's Pandora

IT is every woman's right to have the best kitchen equipment that can be had. The Pandora saves trouble, saves work, and gives a woman the joy of baking things just as she wants them. It is a woman's choice. Let us show you the smoothly working grates, the clear oven door, the steam-moistener. Let us explain why the oven is so evenly heated. You will see that for your kitchen, there are the Pandoras.

Sold by L. W. SLEEP

Efficiency in The Kitchen.

When we hear of plans for the Victory Loan, 1919, we are brought back with a jerk to the fact that the cost of Canada's Victory has not been fully paid, and that the future lays burdens upon us also.

Nearly four millions of dollars in cash was brought into the Province of Quebec this season by visiting motorists from the United States. More American automobiles were passed by the Customs Department in the Province of Quebec this season than during the seasons of 1917 and 1918 combined. On the King Edward Highway this season 34,000 cars were passed—that is computing both ways. No less than 7,500 cars were passed at the Customs port of Lacolle this year entering Canada from the United States, and 10,000 Canadian cars were passed through into the United States.

Everyone Who Bought Canada's Victory Bonds Made Money

EVERY one of the million and a half subscribers to Canada's Victory Bonds knows that he can sell them today for more than he paid for them.

Every one who bought Canada's Victory Bonds has received 5 1/2 per cent. interest per annum—paid twice a year.

Over half a million Canadians who bought Canada's Victory Bonds on the instalment plan saved money that they would not otherwise have saved.

The guarantee back of Canada's Victory Bonds is the same as the guarantee back of a One Dollar or a Two Dollar bill. There is this difference, however, that you get interest on the Victory Bonds and you don't on the One or Two Dollar bill.

Canada's Victory Bonds will always be accepted as security for a loan.

Banks are ready to loan money on Canada's Victory Bonds.

Canada's Victory Bonds may be turned into cash at any time.

There is no other way in which you can invest your money with such absolute security—paying such a good rate of interest.

Canada will soon give her citizens an opportunity to buy Victory Bonds 1919. It will probably be the last chance to buy Canada's Victory Bonds on such favorable terms.

Prepare to buy as many Victory Bonds this time as you now wish you had been able to buy the last time

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee, in co-operation with the Minister of Finance of the Dominion of Canada.

THE ACADIAN.

WOLFVILLE, N. S., Oct. 17, 1919.

Our Municipal Electric Light.

Citizens of Wolfville will be interested to learn that at the first of the present month the business of the Acadia Electric Light Co. was taken over by the town, by whom it is now operated. It is understood to be the intention to place this important utility in the hands of a commission. Such a move would be in the public interest and make more likely a satisfactory service. In order, however, that the best possible results may be obtained it is necessary that the selection of this commission should receive most careful consideration. We want practical men who know something of public affairs and who are willing to give their best services for the interest of the community. The success or failure of this venture on the part of the town of Wolfville depends in a large measure upon the men who are to inaugurate the service and place it upon a practical working basis.

Editorial Jottings.

The price of flour is not to be raised in Canada, according to a ruling of the Wheat Board.

While on his tour of Western Canada the Prince of Wales purchased a small ranch in Southern Alberta.

Lieut.-Colonel Robert Leckie, D.S.O., D.F.C., M.C., has been appointed superintendent of flying operations under the Canadian Air Board.

That Canada would favor reciprocity with the United States if the vote were taken now was the opinion expressed by Hon. T. A. Crerar in the House of Commons on Friday, when second reading was given to a bill respecting the Canadian Wheat Board.

Nominations for the Ontario Provincial Elections were held on Monday. Six parties figure in the race for political honors, Conservatives, Liberals, United Farmers, Independent, Labor and Socialist—not to mention prohibitionists and anti-prohibitionists, and the political aspect is about as much mixed as it possibly could be. The contest for the 111 seats in the Legislature promises to be both exciting and uncertain. Election will be held on October 20th.

Three vessels carrying Canadian troops are now on their way across the Atlantic and will reach Canada within the next few days, according to advices received by the Militia Department. The Celtic with 37 officers and 25 other ranks on board, is due at Halifax on October 18th; the Scandinavian, carrying 28 officers and 164 other ranks, should reach Quebec on the following day, and the Saturnia, which has on board seven officers and 83 other ranks, also bound for Quebec, is due at that port on October 20th.

Night Train on The D. A. R.

The Dominion Atlantic management has inaugurated a night train, with sleeping car service, between Halifax and Yarmouth. The first train pulled out of Yarmouth Wednesday evening at 9 o'clock, reaching Halifax the following morning at 8.30. The service will be performed by Train No. 100 from Yarmouth on Monday, Wednesday and Saturday evenings, and Train No. 99, leaving Halifax at 9 o'clock on Sunday, Tuesday and Friday evenings, reaching Yarmouth at 8.30 the following morning.

This marks an epoch in the transportation history of Western Nova Scotia, the most momentous since the through line of railway between Halifax and Yarmouth was opened for traffic in 1891. The new service deserves well of the public, and General Manager Graham is to be congratulated for his further evidence of the progressive character of his administration.

These trains will carry on a combined freight and passenger service, only carloads of through merchandise will be carried, in addition to sleeping and baggage cars.

The westbound train will make regular stops at Windsor, Wolfville, Kennebec, Middleton and Digby. East bound the stopping points will be Digby, Windsor, Kennebec, Wolfville, and the train will, however, stop at important points where there are passengers to get down.

According to the time table the west bound train will reach Wolfville at 12.18 a.m. on Monday, Wednesday and Saturday, and the east bound train will arrive at 4.51 a.m. on Sunday, Tuesday and Thursday.

Nova Scotia Apple Crop.

Estimates of the apple crop in Annapolis Valley have varied greatly and it is very difficult to arrive at even an approximate figure. It seems, however, that our September figure of 1,250,000 barrels for export is now top low and that the total crop will about equal that produced in 1911. Allowing for local consumption and for fruit used by evaporators, canning factories and cider mills, there is probably sufficient fruit on the trees to warrant our estimating the surplus available for shipment out of the Province at almost 1,500,000 barrels. This increase during the past few weeks has been due to the remarkable growth of the fruit, encouraged by favorable weather conditions. Gravensteins are badly spotted and few orchards have more than 20 percent of No. 1 grade of this variety. Ben Davis are also badly spotted, but of good size and color. Ribston, King, Russet, Baldwin, and Nonpareil all have heavy crops; Stark, Blenheim, and Gravenstein are lighter. The heavy purchases of the lower grades for evaporating and cider-making purposes have been of the greatest help in raising the standard of packed fruit, and have also done much to relieve the threatened scarcity of barrels. The fruit is coloring well and with the exceptions above noted is of fair quality. In all cases, however, where thorough spraying has not been done the effects of apple scab are much in evidence.—From Fruit and Vegetable Crop Report for October.

Cholera Infantum.

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. They are an absolutely safe medicine being guaranteed by a government analyst to contain no opiates or narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Appalled at Spread of Drug Addiction.

Appalled at the spread of drug addiction in Canada during the war years, and finding the Manitoba Narcotics Act powerless to prevent this condition even in Manitoba, where it is declared good legislation is offset by reason of their being no statutory control in provinces east and west, a movement has been forthrightly launched at Winnipeg to establish a Dominion-wide control and regulation of sale and purchase of narcotic drugs. According to Dr. B. J. McConnell, administrator of the Manitoba Act, importation of the drugs in Canada has increased since 1912 thirty-five per cent for cocaine, six per cent for morphine, and 600 per cent for crude opium.

More Pay for the Postmasters.

Ottawa, October 10.—An indication that the Government contemplates some changes in respect to the salaries of postmasters and assistant postmasters is given in a notice by Hon. A. K. Maclean, of a Bill "To amend the Civil Service Act of 1918, with respect to the salaries of certain postmasters and assistant postmasters." During the recent sessions of the special committee to consider the Civil Service Bill dealing with reclassification now before Parliament a general protest was registered by members against the salaries received by postmasters, more particularly country postmasters at the present time.

Presbyterians to Have Boys' School. \$25 Reward!

REV. G. W. MILLER ONE OF TRUSTEES.

The Maritime Synod of the Presbyterian Church in Canada, in session at Fredericton last week, decided to establish a Presbyterian Residential School for Boys in the Maritime Provinces. It will be located at Pictou, N. S., it having been decided to affiliate with Pictou Academy for this purpose. The report of the committee appointed to consider the matter was as follows:

"Having heard the overture of the Presbytery of Pictou dealing with a proposal made by the Board of Trustees of the Pictou Academy Augmentation Fund, the Synod heartily endorses the proposal for a Boys' residence in affiliation with Pictou Academy and under Presbyterian auspices, the main features of which are as follows:

(1)—That the Synod nominate three representatives on the Board of Trustees of the Pictou Academy Augmentation Fund.

(2)—That the Board of Trustees provide a residence in Pictou, the resident master of which shall be appointed by the Synod through its representatives on the Board, and whose salary will be provided by the Synod.

(3)—That the school instruction of these boys in residence be provided by Pictou Academy."

The three representatives on the board of trustees were appointed as follows: Rev. George W. Miller, Wolfville, for Nova Scotia; Rev. George Miller, of New London, P. E. I., for Prince Edward Island; and Rev. Hugh Miller, of Campbellton, for New Brunswick.

Former Wolfville Girl Wedded

(Halifax Mail, October 10)

Rev. Mr. Bartlett, pastor of the J. Wesley Smith Memorial church, officiated at the marriage at 7 o'clock last evening, in the J. Wesley Smith Memorial church, of two very popular young people—Marjorie Winnifred, daughter of Mr. and Mrs. H. H. Theakston, and formerly stenographer in the employ of the Nova Scotia Savings, Loan and Building Society, and Colin James Dawes, Waverly, a valued employee of the C. N. R. Freight Department Pier 2. For the ceremony the church was thronged with friends and well wishers, the ushers being Fred P. Messervey and J. Clarence Theakston.

The church was most effectively decorated by the bride's Sunday school class, who undertook the work as a labor of love, the organist and choir being in attendance, and rendering the musical portion of the service beautifully.

The bride, who was given in marriage by M. J. Theakston, of Hantsport, looked very charming in a tailored suit of serge, with hat to correspond, wearing also a stole, furs, and carrying a bouquet of white roses and sweet peas. She was attended by Miss Helen B. Angus, Wolfville, as bridesmaid. Miss Angus wearing a smart costume of taupe, gray tulle and blue, and blue hat with ostrich plumes of Copenhagen blue.

John Otto, of Dartmouth, attended as best man.

Immediately after the ceremony Mr. and Mrs. Dawes left for a trip to Winthrop, Mass., and on their return will take up their residence on Fairbanks street, Dartmouth.

A large and valuable collection of wedding gifts attended the regard of friends. The gift of the groom to the bride was a string of pearls; to the bridesmaid an emerald ring; and to the groomsmen and ushers gold tie clips.

McClary's Sunshine Furnace

WOULD you experiment with such an important thing as the heating of your home?

It is a job for experts. The comfort of your home for years depends on it.

You can call on us to sell you not merely a furnace, but COMFORT—guaranteed.

McClary's heating engineers will advise you and plan your heating system without charge.

Ask about the LITTLE DRAFTSMAN that turns on the drafts and regulates them automatically.

Sold by L. W. SLEEP

THE ACADIAN.

WOLFVILLE, N. S., OCT. 17, 1919.

Happenings of a Local Nature.

The County Court is in session this week.

FOR SALE.—Three building lots. Apply to Mrs. H. VanZooft.

Professor Haley is advertising for sale a few articles of furniture. See Advertisement.

The College Y. M. C. A.—Y. W. C. A. reception takes place this evening in College Hall.

Rev. and Mrs. J. H. Macdonald will occupy Mrs. Geo. Churchill's house on Acadia street this winter.

The town of Windsor has decided to adopt the government Housing Scheme. Is Wolfville going to follow suit?

The Canning Baptist church will hold a church rally and roll-call on Oct. 26-31. Rev. Dr. Spidle and Rev. Dr. DeWolfe will be among the speakers.

There has been a very large number of delegates in attendance at the Missionary Convention this week. The meetings held are said to have been very interesting.

Before placing your order for Christmas Private Greeting Cards come in to see our samples. We have what you want.

It is hoped that Rev. R. F. Dixon may be able to take the services at St. John's church next Sunday. Rev. Mr. Dixon is much improved in health although not yet fully recovered.

Rooms or offices to let about October first. Hot water heating. A. J. MCKENNA.

The Mae Edwards Players were greeted with large audiences at the Opera House on Friday and Saturday evenings. Both shows were very well presented, all the parts being taken in an excellent manner.

The Windsor Vulcanizing Co. have installed a plant in Windsor, N.S., and are prepared to do all kinds of tire repairing, also recharging batteries. Orders promptly attended to.

Wanted at once at the Royal Hotel two Dining Room girls.

The G. W. V. A. desire through THE ACADIAN to extend sincere thanks to the members of the Red Cross Society for the donation of two nice easy chairs towards the furnishing of their rooms.

LOST.—Scotch Plaid Rug, on Prospect street, about August 1st. Will finder please return to or notify F. C. Bishop.

Mr. H. VanZooft has purchased from Mr. Selfridge the vacant store at the corner of Main street and Locust avenue, and intends operating a second hand store. Any one wishing to dispose of or buy second hand furniture communicate with H. VanZooft, Phone 110-11.

When you are in need of Carbon paper come to THE ACADIAN office. We have the very best, and at a reasonable price.

Mr. R. Arthur Harris, son of Mr. and Mrs. W. W. Harris, Sheffield Mills, who left recently for New York to study music, has been successful in winning a \$250 scholarship in music, which entitles him to free tuition in all branches for one year. Mr. Harris graduated from Acadia University in the class of 1914.

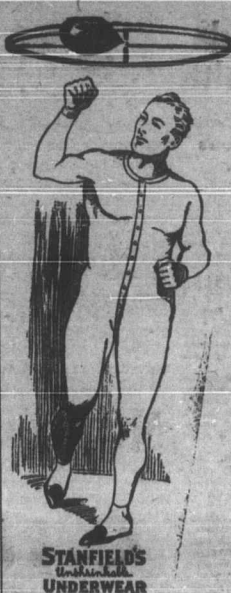

WANTED.—Men for the lumber woods at Stillwater, Hants county. Apply to Foreman at camp or to me at Windsor.

J. N. BULLWART, Windsor, N.S.

The military patients at the Provincial Sanatorium, Kentville are planning to publish a monthly paper which will be called "The X-Ray." The first issue will make its appearance next month. Two Wolfville boys are on the staff of the paper.—Mr. Donald Grant is the business manager, and Mr. Angus Elderkin, the circulation manager.

CAPABLE MAID WANTED.—Family of two, small apartment. Recommendations required. Apply to Mrs. P. W. DAVIDSON, Box 327.

On Friday and Saturday, the 24th and 25th of this month, the I. O. D. E. will hold a Rummage Sale in the Town Hall for the benefit of the County Memorial Hospital. Contributions are solicited from all over the county and donations will be much appreciated. If you have any article in good condition which you are not using, whether furniture, dishes, clothes, or ornaments, either send them to the Town Hall or notify the Committee and they will be called for. Donations of this kind represent the highest form of thrift—utilizing material now lying idle. So rummage through your attic and store-room and pass it along to help build a Memorial to the brave Kings county boys.

WOLFVILLE, N. S. Boots, Shoes, Clothing, Trunks, &c. Acadia Sweaters.

The Children's Aid Society.

On Sunday last Messrs. H. E. Calkin and B. O. Davidson visited Waterville, Lakeville and Somerset in the interest of the Children's Aid Society of King's County. At Waterville and Lakeville Rev. Mr. Wright, the Presbyterian minister, generously gave over his services to the visitors. He also accompanied them in the evening to Somerset where, at the close of the meeting, he gave a stirring address on behalf of the work. The representatives of the Children's Aid Society were given a good hearing and were cordially received by the people of the communities visited by them. The object and work of the Society, when it becomes understood, appeals to the sympathy and interest of the people generally. As a result of the meeting on Sunday it is hoped there may be a large increase in the membership of the Children's Aid, and a wider interest manifested in its operations. As Rev. Mr. Wright aptly stated at the Somerset meeting, the work of the Children's Aid Society 'turns the liabilities of the county into assets'—and is thus a work well worth while.

An Ode.

To the Board of Health. By Mrs. M. P. F. 'Boiled Gaspereaux' is fish you know Cooked in a very palatable way. But to 'boil' the River! it makes one shiver To hear what the scientists say. So we will go to the wells with our bright tin pails And drink the wholesome waters, Which will quench the thirst and lengthen the lives Of Wolfville's sons and daughters.

Death's Harvest.

MRS. C. H. N. CONNELL, Halifax, October 11.—Wide indeed is the circle whose sympathy warm and deep will go forth to Dr. J. J. Hunt and Mrs. Hunt, Victoria road, in the death, this morning, of their only daughter, Nellie, wife of C. H. N. Connell, District Engineer, C. N. R., whose condition for many weeks past has been one of fluctuation from better to worse, and of continuous suffering. It has been known to the more intimate friends of the family that it was impossible to encourage the slightest hope of her recovery, although all that the best medical skill and the most tender and skilled nursing could do to save the life that was so dear to many, was done. In spite of it all, and to the infinite grief of the household, she passed away, as stated, this morning. None familiar with her intense suffering during the past two days could wish it otherwise. Death came, indeed, as a merciful release.

"The Acadian" Appreciated.

The following letter from a former Wolfville boy who has made good in the big outside world was received this week. Such words of appreciation are very pleasant to receive:

Calgary, Alberta, October 8, 1919. DEAR MR. DAVIDSON,—Allow me to express to you my appreciation of THE ACADIAN during the past 36 years. During the 27 years I have been away from Wolfville I have been a regular reader and for years before that going back, I imagine, to the beginning. From year to year I have noticed the changes until now few of the old, familiar names appear. I trust you will fully enjoy your period of leisure.

With kind regards to yourself and family, I am, Yours very truly, CLIFFORD T. JONES.

Returned soldiers bulk largely in the nominations for the Ontario Legislature.

The Conservatives have two Generals, three Colonels, four Majors, and a Captain on their list; the Liberals four Colonels, a Major, a Captain and two Lieutenants; and the United Farmers a Colonel, a Captain, two Lieutenants, one of them a V. C., and two enlisted men.

GET YOUR AMMUNITION READY FOR THE BUG PESTS!

Personal Paragraphs.

Mrs. M. L. Dimock, of North Grand Pre, is visiting friends in Halifax.

Mrs. George C. Johnson, of Windsor, is visiting at the home of Mrs. L. C. Moore.

Miss Esther Gould, principal of the Canard school, spent the holiday at her home here.

Mrs. McLeod who has spent the summer with her daughter, at Quebec, has arrived home.

Mrs. George Churchill left on Wednesday for Brookline, Mass., where she will spend the winter.

Mr. William Chase, who is attending Dalhousie University, spent the holiday at his home here.

Mr. Hugh E. Flick, of Halifax, spent the week end with Mrs. Fligg and daughter at their home on Prospect street.

The Misses Alice Stairs, Doris Chambers, Fern Woodman and Violet Sleep were home from Halifax for the week end holiday.

Mr. and Mrs. Sherman, of Massachusetts, is visiting at the home of the latter's parents, Mr. and Mrs. Jehiel Davison, North Grand Pre.

Mr. Will Delaney, who has been spending the summer in British Columbia with a survey party, arrived home last week to continue his studies at Acadia.

Miss Helen DeWolfe left last week for New York en route to West Virginia, having accepted a position on the teaching staff of Broadus College, Phillip, West Virginia.

Dr. and Mrs. Edward Blackadar, of Halifax, were guests in Wolfville over the holidays. They are former residents of this town and were warmly greeted by many old friends.

Mr. J. W. Selfridge, who recently went to Amherst to reside, spent last week in Wolfville. During his visit here he sold his property at the corner of Main street and Locust avenue to Mrs. VanZooft.

Mrs. D. M. Smith, of Truro, has been visiting at the home of her parents, Mr. and Mrs. J. D. Chalmers.

Rev. R. F. Dixon returned on Wednesday from New London, Conn., where he has been spending his vacation at the home of his daughter.

Rev. F. S. Mason left on Tuesday to attend the United Baptist Convention of the Maritime Provinces which opens at Woodstock, N. B. on Saturday.

Mr. Horace McKenna, who is with a survey party working near Hampton, N. B., spent the week end holiday at the home of his parents, Dr. and Mrs. McKenna.

Mr. Vaughan Henshaw, who has been ill with Malarial fever since coming home a few weeks ago, has been ordered by his doctor to have complete rest. He left Wednesday morning for Perth, N. B., where he will spend the winter.

Mr. Wylie Davison, son of Mr. and Mrs. Jehiel Davison, North Grand Pre, returned home from overseas last week, and was given a splendid reception by his friends and neighbors. Mr. Davison has been in Germany with the United States army of occupation.

Mrs. James Hovey, who has been spending the summer here with her parents, Mr. and Mrs. E. Flenniger, left with her husband last week for North Sulvan, Maine, where they intend visiting Mr. Hovey's parents, after which they will return to their home in Bangor, Maine.

Mrs. H. P. Newcombe, national W. C. T. U., lecturer and formerly state secretary for the same organization at New York, arrived from Ottawa yesterday and is a guest at the Palliser. Mrs. Newcombe has been speaking in the Maritime provinces and Ontario on her prohibition and reconstruction topics, and is en route to Vancouver and Seattle to fulfill engagements.—Calgary Herald.

When buying a WATCH

The first thing to consider is the works. You want a dependable time-piece, one that will last you a life-time. You want one that can be repaired and parts replaced in case of breakage.

The WALTHAM will stand every test. Come in and see us and we will explain the merits of Waltham watches more fully.

Williams & Co., JEWELERS AND OPTICIANS

Know A Good Repairman?

Ever neglected shoe repairs because you did not know where to take them? It's not economy to do that. You can have your work done right here in a way that pleases. Try us—and be your own judge. We repair children's shoes—work boots—all kinds of jobs—carefully and promptly. You can have NEOLIN SOLES—we apply them. They add longer life to the uppers and preserve the shape and form of the shoes. Very conveniently located—we await to be of service to you.

Let us not therefore judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. *Rm. 14:8.*
Business meeting of the W. C. T. U. the last Friday of every month.

A Thrilling Incident.

At a temperance meeting some years ago a learned clergyman spoke in favor of wine as a drink, proving it quite to his own satisfaction to be scriptural, gentlemanly and healthful. When the clergyman sat down, a plain elderly man rose and asked the liberty of saying a few words. "A young friend of mine," said he, "who had long been intemperate, was at last prevailed upon, to the great joy of his friends, to take the pledge of entire abstinence from all that could intoxicate. He kept the pledge faithfully for some time, though the struggle with his habit was fearful, till one evening at a social gathering glasses of wine were handed round. They came to the clergyman present, who took a glass, saying a few words in vindication of his practice. 'Well,' thought the young man, 'if a clergyman can take wine and justify himself so well, why not I?' So he also took a glass. It instantly rskindled his fiery and slumbering appetite; and after a downward course, he died of delirium tremens—a raving madman."

The old man paused for utterance, and was just able to add: "That young man was my ONLY SON, and the clergyman was the reverend doctor who has just addressed the Assembly."—Banner of Temperance.

The latest electrical production is a wireless 'phone for the home. You screw it into an electric light socket, connect it with an aerial just outside the window, push a button and talk with whomsoever you please. And the operators at the switch-board may have all their time to themselves.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, with headaches, my back ached all the time, and I had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ANNE D. B. LYNN, 100 Plain St., Providence, R. I.

Headaches and nervousness are symptoms of nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass. Minard's Liniment Cures Burns, Etc.

Notes and Comments

The registration at Dalhousie University is nearly 600 students. The world's series baseball championship for 1919 has been won by Cincinnati.

Thomas Kelly, contractor, has been ordered to pay back to the Manitoba government the sum of \$1,207,351.75, overcharged on the parliament buildings.

Strikes in United States since January 1st have cost workers twenty-five million in wages and employers a hundred million in production losses.

The Governor of Panama has issued a proclamation positively forbidding wholesalers to make more than seven and a half per cent profit or retailers more than 15.

November 5th and 6th, the first Wednesday and Thursday of next month are the dates set for the great Provincial conference which the Halifax Board of Trade is calling for the full consideration of the Old Home Summer and World's Fair project.

Marshall Saunders, Lover of Animals.

Miss Saunders' early home was Halifax, Nova Scotia. While she was assisting her father, the late Rev. Dr. Saunders, with some correspondence with Dr. Rand, then a professor in the University of Toronto, the suggestion came from Dr. Rand, "Why does not Marshall write stories?" The suggestion was repeated and the result was a burglar story which brought a cheque for forty dollars from a New York magazine. The young writer's air castles were soon shattered by the steady return of subsequent manuscripts, but in 1892 she found her true field in writing. Her "Beautiful Joe", the result of six months' careful work, won the \$200 prize offered by the American Humane Society for the best story about animals. This book is still very popular.

Miss Saunders lived for a number of years in the United States and has travelled widely in Europe and elsewhere. Her home is now Toronto. She has written a large number of articles, stories, books about animal pets, as well as several novels. In her new book "Golden Dicky" she tells the story of a valiant little canary and the other pets belonging to a delightful family of animal lovers. Throughout the story Miss Saunders shows with her rare understanding of animal personality, how the happiness of human beings is interestingly and beautifully connected with the love and mutual service between themselves and their faithful animal friends.

Dicky and his lively companions, Billie Sundae, the dog, and Chummy, the sparrow, Black Thomas, the cat, and Nella, the monkey, rescued by the kindly Martin household after varied experiences in their early days, do their part in grateful animal service. Each tells his own story, full of narrative interest and sympathetic understanding of both animals and people. It is a book that will be a rare treat to all animal lovers.

"Beautiful Joe", her famous prize story, is the autobiography of a dog which has been ill-treated by his master but was taken into another home where with a number of other animals he had an adventurous but happy life.

Children Cry FOR FLETCHER'S CASTORIA

Clothing Prices Are Too High.

Toronto, Oct. 8.—Immediate and effective action to regulate clothing prices was forecast by Commissioner Murdoch, of the Board of Commerce, at the conclusion of the Board's investigation into clothing prices here this afternoon. Colonel W. H. Price, Government counsel, had addressed the Commissioner calling attention to evidence which he said warranted action on the part of the Board, and Commissioner Murdoch replied: "I am firmly convinced that something should be done to reduce the price of clothing, and so far as I am concerned as one member I will hope to see something done promptly and effectively, although at the moment I am entirely at a loss, nor would it be proper for me to say, just in what way, or under what conditions or on what order of the Board that might be done."

Commissioner Murdoch said he concurred in Colonel Price's declaration that there had been too much profit made by some of the clothing houses whose affairs had been investigated.

Good Advice.

Although physicians and health officers do not expect a recurrence of the influenza epidemic on the American continent this winter, they are warning the public that they should take every precaution against the possible outbreak of the disease. Prevention in this, as in all other human maladies, is the best cure, and to that end they are making suggestions which the people would do well to heed, such as the following:

Avoid others who have colds. Avoid common drinking cups and common towels.

Avoid spitting on the sidewalks and in public places. Avoid spreading disease by coughing or sneezing. Use your handkerchief.

Avoid the dangers which lurk in a closed and stuffy bedroom. Sleep with the windows open. Avoid fatigue. Adopt regular habits, choose your food, and get into the habit of daily exercise.

Avoid exposure to cold and wet. Don't fall to wear clothing according to the temperature of the day.

Avoid visiting patients suffering from respiratory diseases. The patient should occupy a sick room alone and should be isolated from others in the household.

Avoid serious consequences by consulting the family physician when you have a cold. Persons who go about untreated are not only carriers of disease, but are liable to develop a more serious condition which will not respond promptly to treatment.

All of these are tried and well tested rules of conduct, and they constitute a simple philosophy of life which everybody may well adopt as his own. It can do no harm. On the contrary, influenza or not, adherence to these habits will assuredly make for better health and protection against disease.

Imitation may be the sincerest flattery, but it is difficult to convince a girl that such is the case when she is presented with an imitation diamond.

Children Cry FOR FLETCHER'S CASTORIA

In early playing cards words took the place of "spades," and representations of coins were the equivalent of "diamonds."

A Labor Saving Combination

"It is the last straw that breaks the camel's back." So runs the old proverb. And it is the little extra efforts which tire you out on wash-day.

Eddy's Indurated Fibreware Washboards and Washboards

form a combination which save you much extra labor. Indurated Fibreware tubs are much easier to fill and to move about. They keep the water hot for a much longer space of time, because they do not conduct heat as metal does. They are easier to keep clean, because they are made in one piece without joint or seam, and the hard, glazed surface is impervious to liquids or colors. And they cost no more. Last longer, too. Eddy's Twin Beaver Washboard has a double rubbing surface of Indurated Fibreware which loosens the dirt quickly and saves many tiresome motions.

Winter Storage of Squash.

(Experimental Farms Note.)
Squash to be carried successfully in storage must be well matured and free from bruises, broken stems, cuts or frost injury. If one disposes of the well colored, best matured squash and tries to keep those not well ripened, failure is likely to result under the most favorable storage conditions.

A squash may be sufficiently matured for immediate use, but not be suitable for storage. In selecting for storage, therefore, pick out those which have had the longest period of growth, and just here it might be said that to get a large proportion of the crop for storage, due attention must be given to having the plants started early. It will also to turn the squash occasionally when growing in order to develop a hard shell on all sides. They should be handled carefully and placed immediately in a well ventilated, dry, warm room with a temperature around 80 degrees until the shells are hard and dry, and then removed to a cool but dry, light and well ventilated room. Under such conditions we have been able to keep squash until spring in perfect condition.

The cover painting on the October issue of ROD AND GUN IN CANADA is bound to evoke the admiration of lovers of the great out of doors who have seen a part of its native haunts. To accompany this wonderful painting, F. V. Williams, the artist, has written a graphic story entitled, "When Nature Turn Brown."

A beautiful nature story, "Under Canvas with Moses" by J. Livingston, tells of Moses' Missib, an Objivway guide in the Timagami Reserve and his cheerful Indian philosophy.

"Coyote and Coy" is the title of H. Mortimer Bates' latest tale of the prairie foothills. Other interesting stories and articles in this issue are "The Kejmikujuk Monster" by Phil. H. Moore; "The Sea Serpent" written by A. E. Jay; "Dredging Within the One Hundred Fathom Line" by Bonnycastle Dale; and "Wild Life Sanctuaries" by J. B. Harkin, Commissioner of Dominion Parks.

ROD AND GUN IN CANADA is published by W. J. Taylor, Limited, Woodstock, Ont.

Two Good Samples.

The Kansas legislature passed a law providing: "When two trains approach a crossing, both shall stop and neither shall go ahead until the other has passed over."

This is like the Irishman who attended a public meeting called to discuss the building of a new jail. After listening to arguments for and against the jail, he broke out: "Mr. President, I'm in a notion to make a motion. I would suggest we do build a jail. I would further suggest that we take the bricks out of the old jail, put them in a new jail and let the old jail stand until the new jail is completed."

Minard's Liniment Cures Dandruff

Greatest Rule of Health

And How It May Be Carried Out With Dr. Chase's Kidney-Liver Pills.

You sometimes hear it said that the most important Rules of Health is "Daily movement of the bowels." Constipation begins with the bowels but it does not end there. It affects the liver, the kidneys, the digestive system, and in fact the whole human body.

Headaches, backaches, aching limbs, indigestion, biliousness, kidney derangements, appendicitis, and the most serious diseases imaginable have their beginning with constipation of the bowels.

There is one treatment which has a direct and a beneficial action on the bowels, the liver and the kidneys and gets these organs into good working order in remarkably quick time, and that is Dr. Chase's Kidney-Liver Pills.

They afford relief quickly, but they do more than that. They positively cure constipation, and insure lasting regularity of the bowels by setting the liver right.

Mr. L. C. H. H. Home street, Brockville, Ont., writes: "For many years I have been troubled with constipation and have tried a number of remedies, but without obtaining much benefit. About a year ago I started using Dr. Chase's Kidney-Liver Pills, and have found them to be the best medicine for constipation that I have ever used. I would strongly advise anyone troubled with this complaint to try the same remedy."

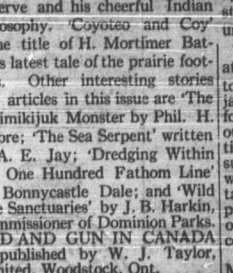

Mrs. E. Childs, Harrison, Ont., writes: "I suffered from constipation and kidney trouble for some time. One day I bought some of Dr. Chase's Kidney-Liver Pills to see if they would help me, and to my delight, I received great benefit from them in a short time. They are a splendid medicine, and I always keep them on hand as a household remedy."

Dr. Chase's Kidney-Liver Pills are so universally used as a treatment for constipation and liver and kidney troubles that you can obtain them at any store where medicines are on sale. One pill a dose; 25 cents a box. *Shimmon, Bates & Co., Ltd., Toronto.*

Werner Horn admitted before U. S. Commissioner Carpenter at Jersey City that he blew up the C. P. R. bridge over the St. Croix River at MacAdam, N. B., Feb. 2, 1915, but insisted that it was a military act, committed in a hostile country during war time.

QUEEN'S UNIVERSITY, KINGSTON

Ontario Hall Containing the Physical Laboratories

Scenes in Industrial Chemical Laboratory.

Prof. G. P. Goodwin

The installation of a new Chemistry building and a new Physics building on the same date will bring a grand new distinguished Canadian and American to Queen's University, Kingston, on October 14th. For although a comparatively small University, Queen's has sent so many distinguished graduates into the world and has gained such a reputation for sound learning and enterprise in research and education, that it stands high among the institutions of its kind on this Continent.

Scenes in Industrial Chemical Laboratory.

Prof. G. P. Goodwin

Queen's came to the trial under Principal Grant, who was a true leader of men and gathered round him a brilliant staff of lecturers and professors. Under Principal Grant, who succeeded Grant, the University continued to prosper and the number of students increased.

Scenes in Industrial Chemical Laboratory.

Prof. G. P. Goodwin

is conducted by Professors, who in their own fields of work, are just as enterprising and the man or woman with a Queen's degree has an excellent chance of succeeding in whatever learned profession he or she may adopt. During the year 1915-16 there were 813 students registered in the Arts Faculty. Special efforts were made by all faculties to meet the requirements of returned soldiers whose scholastic career had been interrupted by the war. A summer school in Engineering restricted to men who had been overseas, saved an academic year to a large number of such returned men, and was conducted without Government subsidy, at the expense of the University itself.

Scenes in Industrial Chemical Laboratory.

Prof. G. P. Goodwin

Year the last three years the Arts building and the Great Hall have been used as a hospital by the military authorities, and there has been abundant testimony to the satisfaction that the patients have felt in being housed in well equipped and beautiful surroundings. The soldier patients are now transferred elsewhere, releasing the class room space for the returning requirements of the University.

Old Sol's Family is Going Some.

TRAVELLING AT THE RATE OF 12 MILES A SECOND IN GREAT MIGRATION.

Spectroscopic studies and sky observation alike tell us that our sun and his family are all headed in a great migration across the sky toward a point between the constellations of Hercules and Lyra. Lyra is the constellation now at the zenith, identified by the bright, bluish star Vega. Hercules in an irregular group to the west of Lyra, about one-quarter of the way to the horizon.

The speed with which we are travelling in that direction is twelve miles in a second. The velocity of an artillery shell is around 3,000 feet a second; that of the sun 65,000 feet. An artillery shell with the velocity of the solar system through space would, according to Kippax, penetrate a sheet of steel four city blocks thick.

Think how far we travel every year and how complex our journey! In the first place, those of us who live near the equator cover upward of 9,000,000 miles in our flight around the earth's axis. In the second place, in our journey around the sun we travel nearly 600,000,000 miles. While we are doing all this we are also being carried off into new and untried regions of space at the rate of 400,000,000 miles a year.

Is our great family journey through space along a straight road, or is it revolving around some greater body, even as the earth revolves around the sun and the moon around the earth? The astronomer tells us frankly that if the sun has an orbit its curve as yet defies detection.

William Joseph Shewalter, in the National Geographic Magazine.

PILES

Do not suffer another day with this distressing ailment. Dr. Chase's Ointment will relieve you in one week, as surely as you can see, feel, or smell it. It is a certain cure for hemorrhoids, piles, and all the troubles which attend them. It is a simple and effective remedy, and can be used with perfect safety.

His Death Expected

New Brunswick Man Saved
Mr. Laidore Thomas, of Tilley's Boat, Gloucester County, N. B., while expecting death, availed himself of help that was offered at random. Here is part of a letter he wrote to us—

"I beg you to publish my letter, so that people may know what *Gita Pills* did for me. My case was very serious. I was so sick every body expected my death any day. Finally, on advice from friends, I tried *Gita Pills* and in a short time was well again, and soon had gained 20 pounds."

Kidney and bladder troubles, very often, work in secret ways. A bad condition may exist, with only a headache to indicate it. That is why the slightest pains in back or sides should be investigated. These pains, along with static nausea, rheumatism, dizziness, constipation, lassitude, humbug, highly-colored urine, headache, floating specks before the eyes, gravel, indicate kidney trouble.

A course of *Gita Pills*, taken at once, will give relief, and prevent the progress of the disease, enabling the organs to right themselves and restore health with ease. Get a box from your druggist or dealer—50c. Money refunded if no relief found. Send for free sample.
