ENTIRE VILLAGE IS BURNED FOR SCENE IN MOTION PICTURE

Thrill Scenes in "The Ninety and Nine" Prove Costly to Make, but Are Worth Price.

Pleasing the public is not as easy a task as it appears upon the screen. Often a scene is very costly, yet no producer thinks of expense. In making "The Ninety and Nine" which will be shown at the Opera House on Monday and Tuesday, Dec. 8th & 9th, Vitagraph gave Director Smith cart blanche so far as expense was concerned. He was to produce a picture that would stand out among the others of the year as something different, something big. The main thrill of the production is a forest fire which envelops entirely and burns up a good sized town. Through the flames and smoke the hero drives a locomotive to rescue the people of the village. An entire village was burned for the sequences. This village was especially built for Vitagraph in a deserted place where danger of a big conflagration which could not be checked was remote, and then it was entirely destroyed by fire, the big thrill of the picture. Warner Baxter, the hero did not escape danger. He drove a locomotive through a furnace of burning timber. The heat scorched his hair, and at times it seemed as though he would be burned before he could get out of the swirling seething mass of flame. But all this added to the realism and when the picture was finished, those who saw it declared that it was well worth the cost in trouble.

Don't fail to be present to see this wonderful picture. It is a chance in a life time and if you miss it you will ever regret it.

New Brunswicker Opposition Leader

A press despatch from Calgary Thursday night said that Hon. C.R. Mitchell, Liberal member for Bow Valley, was elected by acclamation to succeed Hon. J.R. Boyle as leader of the Opposition in the Provincial Legislature.

Hon. Mr Mitchell, K.C. was born at Newcastle, Nov. 30 1875 and graduated from the University of New Brunswick in 1894. He studied law in St. John, practised law with the late Hon. L.J. Tweedie, Chatham and went to Medicine Hat in 1899. He entered the Alberta cabinet in 1910 and served a number of years as Attorney General, Minister of Public Works and Provincial Treasurer.

NEWCASTLE BOY WELL THOUGHT OF

At Newcastle, N.B. on October 15th, William Ray Ashford, B.A. '23 was ordained to the Presbyterian Ministry. Ray is well known to all Allistonians of the past five or six years. He was a Theologian but that did not prevent him from being a leading light in athletic circles all through his course. He is always rated as one of the very best men that Mount Allison ever had to represent her on the basketball floor, on the football field or on the track. In his Senior year he was Captain of the football team, and he also holds the intercollegiate track record for the 100 yds. dash. With regard to the fair sex Ray up till now has been an unknown quantity but whispers have been coming to us. Now Ray has been transferred to the great West to do mission work at Burns Lake, Presbytery of Caribou, B.C. From what we know of his fine personality, and his steady, upright character we are sure that there is one great thing in store for Ray, namely, success.—"The Argosy Weekly."

NORTHUMBERLAND FARMERS ELECT

Chatham, N.B. Nov. 30—The annual meeting of the Northumberland Agricultural Society was held here on Thursday. The treasurer's report showed a credit balance of \$80.07. The society is greatly benefiting the farmers of this district by buying seed, fertilizer and other commodities in large quantities and reselling them to the farmers at cost. The election of officers resulted as follows: President, Geo. E. Fisher; first vice-president—Ralph Searle; second vice-president—W.J. Baldwin; secretary-treasurer—A.G. Dickson; The directors for 1925 are George J. Dickson, John Keating, C.M. Johnston, J.M. O'Brien, G. Murray, A.G. Dickson, W.J. Baldwin, H. Baldwin, Dr. W.B. Jones, Wm. John A. Johnston, Ralph Searle, W. Mann, J.D. Johnston, F.L. Traer, P.S. Bremner, Geo. E. Fisher, A.D. Watling, J. Frank Jardine, Henry Gordon, R.A. Snowball, and S.D. Heckbert.

Service Medal Given To Chatham Man

James McLean, of Chatham veteran C.N.R. employee was presented a long service medal on Tuesday by Jas. Stewart, chief telephone inspector. Mr. McLean, who is in excellent health, has a record of 37 years' faithful service with the railway.

TUXIS BOYS' CONFERENCE IN NEWCASTLE

The Older Boys' Conference had a good opening Friday evening in St. James' church, Newcastle. Between forty and fifty boys were in attendance from Newcastle, Chatham, Loggieville, Bathurst, Dalhousie and as far north as Tide Head. Rev. F.M. Milligan, and Rev. H.S.B. Strothard were the representatives of the M.R.E.C. while Mr. A.R. Crookshank of St. John, chairman of the New Brunswick Boys' Work Board was also present.

The opening service of worship was conducted by Rev. J.H.A. Anderson. Mr. Milligan then organized the Conference. Nomination and election resulted in the choice of Edward Williston, Newcastle for the office of Pretor; Walter Good of Loggieville, Deputy Grand Pretor; Hugh Koniger of Dalhousie Grand Scriptor and R.D.C. Stewart of Dalhousie, Grand Comptor. These officers at once assumed their offices and the Conference was off to a good start.

Rev. Mr. Strothard then gave a fine address, replete with telling illustrations challenging the teenage college boy to the attainment of a full well rounded life, wherein the interests of the physical, intellectual, social and religious would have their due place. The ideals of the Tuxis programme are to "Cherish Health; Seek Truth; Know God and Serve Others."

The members of the Conference were then divided into four groups and with their respective Mentors, Revs. H.S.B. Strothard, F.M. Milligan, L.H. MacLean and Mr. Fred Locke took their places in separate rooms and organized. After coming together again to the general meeting the first session of the Conference was closed with prayer by Rev. F.E. Bishop.

The Conference continued on Saturday and Sunday. A feature of Saturday's sessions was the election of two members to the Boy's Parliament, in Sackville, N.B. at the end of December and the six o'clock banquet. On Sunday there was a service of worship at 3:45 and the closing service was held in St. James Church at 8:15 p.m. conducted by the officers and members of the Conference. The conference in Newcastle is one of ten being held this Fall in the Maritime provinces, the New Brunswick centres being St. John, Moncton, Newcastle, Fredericton and Andover. Mr. Milligan reports that these conferences have so far proved more successful than ever.

"Shorty" Veno May Be With B. A. A.

Boston, Mass. Nov. 27—Capt. Ag Smith of the B.A.A. "Chick" Williams of last year's Maple team and Normie Shay of New Haven have been working out with the Boston Bruins of the National Hockey League to get themselves in condition for the amateur club season play. Shay has assured Capt. Smith that he will play with the B.A.A. team this year whenever the New Haven business permits. Shay also stated that he had played for the Veno skating and may have the stocky right wing with him on his trip here from New Haven.

TEN COMMANDMENTS ABOUT TIME OF HEALTH GIVEN

The first annual American Education Week Exposition ended last week. The closing address was made by Dr. Thomas Darlington Former Health Commissioner of New York.

Dr. Darlington offered what he called his "Ten Health Commandments."

They were:

1. Keep your mouth closed when breathing, also when angry.
2. Drink cool water with your meals, also between them.
3. Bathe daily, a shower if possible.
4. Eat slowly, this leads to eating sparingly. Make your meal a ceremonial pleasure.
5. Exercise daily and breathe deeply while so doing, but avoid over exertion and never eat when fatigued.
6. Never read or transact any business while eating.
7. Work ten hours, sleep eight and use the balance for recreation and meals. Always rest on Sunday.
8. Ever keep a contented mind. Equanimity means longevity.
9. Neglect no portion of the body. Employ a physician to examine you at regular intervals and so watch for the beginnings of disease and build up resistance and pay some attention to his opinion and directions.
10. Moderation in all things.

"The enforcement of law is better done by education than by penalties," said Dr. Darlington. "Eighty to ninety per cent of the infectious diseases originate in the mouth, where the bacteria reeds. There would not be so many bacteria if people would brush their teeth oftener, and there would be fewer sore throats. There would be much less tonsillitis in children if their teeth were brushed before going to bed. Brush your teeth seven times a day before and after each meal and before going to bed."

A CHILD'S RIGHT

Just as a child's heritage ought to be robustness, so has a child the right to sound bones and teeth. Everything depends upon the quality of a child's diet.

Scott's Emulsion

is vitamin-nourishment, that should in most cases be a part of the regular food allowance.

Scott's Emulsion abounds in those elements that have a favorable influence on the bone-structure and builds strength.

Scott & Bowne, Toronto, Ont.

FRANCE WAS PAYING UP

London, Nov. 28—France may be called upon to make an immediate payment on her debt to England if the government press does not change its tone over the British attitude over the Egyptian crisis.

This is the warning which is given full prominence in the daily Express this morning and it is a true reflection of the resentment generally aroused here by the recent attitude of France in this matter. Austen Chamberlain will have a personal interview with Heriott shortly when there is bound to be some plain speaking. Britain is anxious to help France to get security but she wants to effect this without accepting the Geneva protocol which France is preparing to ratify. This is the reason that Britain is making haste to prepare her alternative plan which she intends to place before the League at the earliest possible moment.

There is a strong feeling in British official circles that France cannot expect to have everything her own way and that the time has now arrived when she should begin to discuss her indebtedness to Britain.

The French attitude in the Egyptian affair has only crystallized this sentiment and the chief exponent of this line of thought is Winston Churchill the new Chancellor of the Exchequer.

Hair And Temperament

"Did you ever realize that the color of your hair had anything to do with your individual temperament?" asked Charles Nestle in a recent address before a convention of hairdressers in Chicago. He stated that mental disposition and even physical strength are believed by many to be indicated by the hair.

"Black hair, whether curly or stiff, is said to indicate a melancholy temperament," said Mr. Nestle. "Fair hair indicates a sanguine or phlegmatic temperament, and red hair either a very cunning or a very good character. Hence it has been said we meet in prisons with many red-haired women and black-haired men; rarely with fair haired criminals. Very fine hair indicates a nervous temperament and either artistic or literary inclinations."

He added that he had found human hair to have such direct bearing on the temperament and disposition that he used it as an aid in hiring employes.

"I can take one glance at a

person's hair and decide his individual force immediately. And I find later that the work of this particular person usually bears out my judgment, which only proves that hair and temperament are more closely allied than any one realizes."

ATTRACTIVE MAGAZINE

The Advocate is in receipt of a copy of the Hockey Pictorial, published at 84 Victoria street Toronto, a very attractive, profusely illustrated magazine dealing with Canada's premier winter sport. The Pictorial, printed on heavy calendar is embellished with group pictures of championship teams from 1888-1924. Among these pictures is a splendid half tone cut of the Abegweit of Charlottetown who gave the Granites such a stiff work out last winter. The Hockey Pictorial contains the individual histories of players on the champion Olympic team, contains interesting reviews of last winter's hockey schedules and copies of both professional and amateur hockey rules. It is an excellent publication the most complete, it is claimed, ever produced for any single sport.

A NARROW ESCAPE

T.R. Kent, contractor for artesian wells, of St. George had a miraculous escape from death Saturday afternoon. He was driving from Weaver's Sliding to St. John in his Dodge sedan and at a railway crossing from which the planking had been removed, he slowed down to cross the bar tracks, when without warning a heavy freight train was on him. His car was approximately half way over the tracks when struck by the locomotive and was carried bodily a distance of 35 feet and thrown to the side. To give some idea of how rapidly the train was travelling; Mr. Kent says that the locomotive and 12 cars went past him before the train could be stopped. The train crew came back to pick up the pieces only to find; to their very great surprise that Mr. Kent was not hurt at all and the car still standing on its wheels. Mr. Kent drove the damaged sedan to St. John, some 150 miles under its own power and attributes his miraculous escape to the steel body construction of this particular make of car.

Here and There

During the past season the Canadian Pacific Railway used on all its lines approximately 6,500,000 ties, according to a report just issued. The woods used include British Columbia fir, hemlock, tamarac, jack pine, spruce, maple and birch.

Tourist traffic in New Brunswick during the past summer left nearly \$3,000,000 in the province, an amount almost equal to the total provincial revenue, according to an estimate of the New Brunswick Tourist Association. Approximately 70,000 tourists visited the province.

One thousand British Columbia rose bushes are being shipped to Portland, Ore., "the Rose City." Portland, famous all over the continent for its roses, buys the varieties produced in British Columbia because they are the hardiest and best suited for growing in North America.

Silver production in Ontario for 1924 will not vary materially from that of 1923, judging by figures available for the first nine months of the year from the reports of several operating companies, though some increases will be shown. Production to date has amounted to about \$19,500 a day.

Caribou have been seen in very large numbers this season in the northern part of Yukon territory. Old-timers say that the main herd must have numbered tens of thousands, while in some of the smaller herds that had broken temporarily from the main herd there were hundreds and sometimes thousands.

The very first aerial stowaway ever known was discovered recently aboard a plane in the Laurentide Air Service, Limited, operating on its Rouyn gold fields service in association with the Canadian Pacific Railway. The serious effect of the extra weight on the flying powers of the machine was so noticeable that it led to the man's discovery. As he had hidden himself with a desire to see his sick wife and child, he was not punished.

The enormous contribution to the wealth of Canada made by the Canadian Pacific Railway was alluded to by E. W. Beatty, K.C., Chairman and President of the Company, when, speaking at Welland, Ont., on November 7th, at the celebration of the 100th anniversary of the building of the first Welland Canal, he stated that the company in 1923 dispersed in the Dominion \$202,000,000 in wages and materials, and \$7,000,000 in taxes of all kinds.

November 7th was the 39th anniversary of the driving of the last spike in the main line of the Canadian Pacific Railway, an event which completed the Dominion's first transcontinental railroad, fulfilled the terms of Confederation and made Canada a nation. A stone monument now marks the spot at Craigellachie, in the Rocky Mountains, where Lord Strathcona (then Sir Donald A. Smith) wielded the hammer which united East and West.

MRS. B. H. HART SICK FOR YEARS

Wants Women to Know How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Corwall, Ontario.—"I am now giving your medicine a fair trial and it surely is doing me good and I am going to keep on taking it. I used to feel so tired in the morning that I didn't want to get up, but that feeling is leaving me now. I also sleep better and feel more like working. For seven or eight years I have had headaches, tired feet, back pains, and my back aches. I had letters in the newspapers saying what good Lydia E. Pinkham's Vegetable Compound had done others. My husband says I quit too soon, but I am not going to stop taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine until I am better and haven't an ache or a pain. Isn't that the right way? I have great faith in your medicines. They must be good when those who take them speak so highly of them. I am recommending them to my friends and I will gladly answer letters from women asking about them."—Mrs. BURT H. HART, Box 1061, Corwall, Ontario.

Mrs. Hart wants to help other women and is willing to answer letters from sick women asking about the Vegetable Compound.

VICTIMS OF ANAEMIA

Need New, Rich Blood to Restore Health and Strength

It is an unfortunate fact that nine women out of every ten are victims of bloodlessness in one form or another. The girl in her teens, the wife and mother, the matron of middle age—all know its miseries. To be anaemic means that you are breathless after slight exertion. You feel worn out and depressed. You turn against food and often cannot digest what you do eat. Sleep does not refresh you, and when you get up you feel exhausted and unfit for the day's duties. If neglected anaemia may lead to consumption.

You should act promptly. Make good the fault in your blood by taking Dr. Williams' Pink Pills, the most reliable blood enricher ever discovered. These pills purify bad blood, strengthen weak blood, and they make good blood, and as the condition of your blood improves you will regain proper strength, and enjoy life fully as every girl and woman should do. The case of Mrs. Mary Trainor, Perth, Ont., shows the value of Dr. Williams' Pink Pills in cases of this kind. She says:—"I had not been feeling well for some time and was gradually growing weaker. I found it very hard to do my housework; had severe headaches and was very pale. I took doctor's medicine for some time, but they did me no good. I was growing weaker and used to faint and take dizzy spells. In this condition I began the use of Dr. Williams' Pink Pills, and after a time found they were helping me. I continued their use until I found the troubles that afflicted me had gone and I

Appointed Director Canadian Pacific

Ross Huntington McMaster
The recent election of Mr. Ross Huntington McMaster to be a director of the Canadian Pacific, filling the vacancy created on the board by the death of the late Lord Shaughnessy, is a recognition on the Company's part of his long-proved ability. Mr. McMaster is already vice-president and director of the Steel Company of Canada and director of the Northern Electric Company, as well as the Canadian Explosives Company. Born in Montreal in 1880, he has lived practically all his life in that city. He was educated at the Montreal High School and Collegiate Institute. His business career began with the Sherwin Williams Co., of which he became assistant to the vice-president and general manager in 1897, a post he held until 1903. In the latter year he was made assistant to the vice-president and general manager of the Montreal Rolling Mills Company. On the formation of the Steel Company of Canada he was appointed manager at Montreal.

am once more enjoying good health and strength."

You can get these pills from your druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co.; Brockville, Ont.

The Advocate \$2.00 Yr.

LIBERALS CARRY WEST HASTINGS BY 495 MAJORITY

Belleville, Ont. Nov. 25—In one of the most remarkable upsets in the political history of this district Charles Edward Hanna, the Liberal candidate won the Federal by-election in West Hastings today with a majority of 495 over his Conservative opponent, E. Guss Porter. The riding extends about 100 miles north of this city and in many cases is sparsely settled so that it was impossible to get the exact standing of the poll in every subdivision, but in every case the majority were available and carefully checked so that it is not expected that the more complete details will alter Mr. Hanna's lead to any great extent. The city of Belleville, of which the new member for West Hastings is a former mayor, gave him a majority of 611, and this, combined with a 170 majority in Trenton gave early indication that the constituency would be swept from the conservative column into the liberal column. Mr. Porter carried the seat in the last general election with a majority of 1,178.

Schooner Lost With Liquor Cargo

The Bay of Fundy claimed another victim Tuesday when the schooner Robert Arthur, with 1,300 cases of alcohol sank south of Grand Passage Light at 9.30 p.m. The schooner was first noticed by the lightkeeper at Grand Passage about 2.30 Tuesday afternoon. At that time the schooner was listing badly and it was evident that the vessel was in difficulty. Late in the afternoon the crew of the doomed schooner abandoned her and at 9.30 Tuesday night the top of the schooner's masts disappeared beneath the water.

Word of the sinking of the schooner Robert and Arthur was received this morning by J. C. Chesley, Marine and Fisheries Agent. According to information obtained here; the schooner Robert and Arthur left Yarmouth on Nov. 3rd for Porto Cortez. The schooner was of 67 tons net and 110 tons gross. She was built at Essex Mass; in 1902 by A. D. Story. Who the present owner of the schooner is or to whom her cargo of alcohol was consigned; could not be learned this afternoon. In the report received by J. C. Chesley; it was stated that the schooner sank in very deep water.

What happened to the girl who be-friended a fellow mortal? See "The Ninety and Nine."

FRASERS TO BUILD BIG PAPER MILL IN MAINE IS REPORT

The Fraser Companies Ltd. of New Brunswick is the organization which will erect a big magazine paper mill at Madawaska on the United States side of the border, near the International Bridge, at Edmundston, according to reliable information received last week.

Announcement that a 200-ton daily capacity mill was to be built at Madawaska was made on Nov. 1 but at that time the backers of the project were unknown.

The story was substantiated in detail recently by men who are in close touch with the plans but who for obvious reasons, desire their names to be omitted from any connection with it.

For a long time the Fraser organization has sought a better and steadier outlet for their pulp and it is understood they have hit upon Madawaska as offering the best facilities.

Information obtained from authoritative sources as to the effect that the company will manufacture raw pulp at its plant across the border and carry it over the river to the American factory.

Magazine paper will be made at the new plant. Work on the factory will start early in the spring, it is expected, and it will be ready for operation next fall.

Donald Fraser, of Plaster Rock president of the Fraser Companies, Ltd., when asked about the fore-going report said "I do not want to say anything about it."

He would neither definitely affirm or deny the report and said that the only one who could talk about it was his brother, Archibald Fraser general manager of the companies, who was in Sweden on pulp business now. His brother, he said, was scheduled to sail for this country from Liverpool on Nov. 22. Mr. Fraser would not say whether any developments would ensue after his brother returned.

OBITUARY

JAMES PETRIE

The death of James Petrie, aged 48 years, occurred at the Miramichi Hospital on Thursday; after a two days illness of bronchial pneumonia deceased was a lumber in lumber and has been coming to Newcastle for several years. He was highly respected by all with whom he had business and his death is regretted. One brother; John who resides in Rumford Falls Me.; arrived here Sunday to look after the funeral arrangements. Mrs. James Hachey of Rogersville is an aunt of the deceased and Mrs. LeClair of Chelsea Mass.; is a sister.

Blackville W. A. Elects Officers

The annual meeting of the Blackville branch of the W. A. was held Thursday evening, Nov. 13; at the home of the vice president, Mrs. Albert J. Underhill. The reports showed a very satisfactory amount of work accomplished considering the short year; \$392 was paid for furnace and repairs on church as well as the regular pledges met. At the close of the meeting refreshments were served by Mrs. Underhill, assisted by Misses Rita and Ruth Underhill.

Officers for the coming year were elected as follows:—President, Mrs. A. R. Yeoman; Vice-Pres. Mrs. Albert J. Underhill; Recording sec., Mrs. Wesley Underhill; Treasurer, Mrs. R. F. Bulmer; Dorcas Sec. Mrs. Hiram Underhill; Corresponding Sec. Mrs. A. E. Underhill; Junior Superintendent, Mrs. C. W. Underhill.

Editorial

WELL DONE, MONCTON!

The city of Moncton gave its answer to the King-Copp-Veniot administration aggregation yesterday when the electors gave Mr. E.A. Reilly, the Liberal-Conservative candidate a majority of 864 over the newly appointed Attorney-General of the Veniot administration Mr. Ivan C Rand. The campaign was a vigorous one and Premier Veniot made Moncton his headquarters during the last week of the campaign. A feature of the campaign was the absence of Hon. A. B. Copp from the constituency and his failure to accept the challenges of Mr. A. Doucet, member for Kent to meet him on a common platform.

Provincial and Federal issues were intermingled in the campaign and the result clearly shows that the people of the Maritime provinces have been earnest in their protests against the treatment accorded them during the past two or three years. Mr. Reilly's majority is a handsome one and should, if it does not, serve notice on Premier King and Premier Veniot that in future, New Brunswick and the Maritime provinces generally, expect fairness shown them by their governments, otherwise they must be prepared to take the consequences.

Moncton has been represented in the King Government for nearly three years by Hon. A.B. Copp, Secretary of State and the city has also been represented in the Veniot Government by Hon. C.W. Robinson Minister of Lands & Mines. Neither of these gentlemen did any

thing for the constituency and Premier Veniot sought to give them the portfolio of Attorney General, in the person of Mr. Ivan C Rand. The people of Moncton have refused to accept the portfolio of Attorney General as a panacea for their grievances and have refused to endorse the course of Mr. Copp and Mr. Veniot in neglecting their interests. The electors of Moncton have spoken boldly, promptly and effectively, thereby registering a protest against the treatment they have received in the last three years, so that they cannot be blamed for any further indignities which may be placed on them in the future.

The Liberal press and supporters did a vast amount of crowing over the Northumberland County and West Hastings' bye-elections and we have a mental picture of these same newspapers and supporters, (some of whom we have right in our midst) when they received word last evening that Moncton had censured the administrations of both King and Veniot. We wonder how they appreciated the result when it was made known to them? We feel safe in saying that they were minus that broad smile, which characterized them in the Northumberland and West Hastings bye-elections. The smile has turned to a frown and there are more frowns coming their way, so many in the near future that they won't know their faces when they behold them.

\$10,000.00 Prize List

Everybody likes to take part in contests but some of them are too complicated and tiresome. This is not the case with the Ten Thousand Dollar Election Contest, now being conducted by the Family Herald and Weekly Star of Moncton. It is a very simple contest which any reader can enter without any difficulty, and with as good a chance as any other to win a small fortune. To subscribers who send in Two Dollars for a year's subscription, the Family Herald gives a free estimate in the \$10,000 prize contest, a large calendar with a beautiful picture in colors and fifty-two issues of the best all round weekly paper obtainable. Full particulars of the Family Herald's remarkable offer and a catalogue of valuable articles given as rewards for new subscriptions will be mailed free to anyone making application. The subscribers of the Family Herald fully understand the wonderful popularity of that paper.

Thornton Will Return To Fredericton

Sir Henry Thornton president and chairman of the C.N.R. has informed Mayor R. L. Phillips that he will visit Fredericton within thirty days on a second visit to the Maritime Provinces and at that time will take up the request that the Fredericton-Centerville service be not reduced to tri-weekly.

YOU NEVER CAN TELL

This is the story, as it was told to me. One evening a prominent citizen and, a pillar in the church, was hiking homeward about six p.m. at peace with himself and the world.

It had been a hard day at the office, but he smiled and nodded cheerfully as he passed acquaintances on his homeward way. From underneath his right arm protruded before and behind a long rakish-suspicious-looking parcel, a parcel that would not have caused even a cursory glance in the days that knew not of Volstead, or Pussyfoot Johnston, but now almost every fellow he passed turned and cast a lingering look after him wondering if their eyes had played them a trick or something.

In due time he reached home, but not before some of the womenfolk in neighboring homes took a peek at the parcel from behind curtained windows, and they, too wondered. That evening, he and the good wife were somewhat taken aback at the unusual number of callers, of both sexes, but they rose to the occasion and did their level best to make things pleasant for every body. The guests had a pretty good time, albeit the men folk had a far-away look and their conversation ran much to reminiscences of the "good old days."

The evening wore on; lunch was served, and after cake and sandwiches had been passed round the missus brought in the long, rakish looking parcel. The silence was positively painful!

Tearing off the outer wrapping and taking off the cover she placed the crumpled contents on a plate, then taking a plate of cheese in her left hand she served each guest in turn. So the mystery was solved at last! The suspicious looking parcel turned out to be a package of HAMILTON'S new thin, Zephyr Biscuits!

NEW BATTERY CAR DOES NOT FILL BILL MEMBERS CONTEND

The committee appointed by the Chatham Board of Trade at their regular meeting on Monday night to look into the matter of the Chatham-Newcastle new battery car service, as it effected Chatham and Loggieville have submitted their report to the board. The members of the committee, J. S. Martin, M.L.A., Alderman F. M. Tweedie, H. McKendry and D. Sadler, find that this car is wholly unsuited to this line. They state that there are two principal objections to it. There is but one com-

partment for passengers; there being no distinction made between first and second class travellers. The objectionable feature of this is; they say, that women passengers may often be forced in with offensive company. They contend that a great indignity is being thrust on the women of Chatham and Loggieville, as well as those on other sections of the line.

The other main objection to the car, the committee holds, is that the space allotted for express is entirely inadequate. The express shipped to Chatham and Loggieville and other points is quite large and the new car is not equipped to handle it properly. Mr. Martin personally made one trip on the car and on that day he found the express shipments so large that the clerks did not have time to check the mail.

A full meeting of the board was held Friday evening, and a strong protest will be made to the C.N.R. officials. The board will urge for the restoration of the regular train service to this line as they are confident that the needs of the people of Chatham and Loggieville cannot be properly served with the present electric car.

Smelt Prospects

Look Bad

An old fishermen thinks that the fishing of smelts ought to be prohibited for a week to protect the industry. He says the fish are so small that they are not marketable and it is only a waste of time and destruction of the fish to allow them to be taken in the present state. Later on the tomcod fishing will be in full swing and

with the full moon tides the fishermen will no doubt be able to make some money. It is only in every ten or fifteen years he says "that we get a run of small smelts and they hang out all winter." It will be bad indeed if his prophecy comes true this season, as many have embarked in the business at great expense and it will be difficult to earn enough to pay for the rigging purchased for the expected harvest.—World

THE MARKETING OF DOMINION PRODUCE

It is understood that the Baldwin Government when it names its Royal Commission to investigate food prices will at the same time appoint an Imperial economic committee on which the Dominion will be represented to deal with the question of marketing Dominion produce. It is probable that Sir Halford MacKinder will serve on both committees as liaison officer between the two bodies.

The Canadian Government, along with the governments of the other Dominions, has agreed to the formation of an Imperial Committee to deal with the marketing of Dominion produce.

Objections taken by Canada at the Imperial Conference to the formation of an Imperial Economic Committee, do not it is stated, apply to the proposed committee on marketing. The objections were to the creation of a committee with practically unlimited field.

Liquidators for Fraser Paper & Lumber Co.

Before Chief Justice Barry of the Supreme Court yesterday morning application was made for the winding up of the Fraser Paper & Lumber Company Limited. Permission was granted. William Matheson of Edmonton and Harry G. Hoban of Fredericton were appointed permanent liquidators. Instructions were issued for them to enter into bonds for \$20,000. Mr. Hoban is a chartered accountant of Fredericton and Mr. Matheson is secretary of Fraser Companies Limited.

The company which is being wound up is distinct from Fraser Companies Limited. It was incorporated some years ago at the time that extensive properties in Nova Scotia were purchased by the Fraser interests. Later those properties were sold to Hollingsworth & Whitney and as it was desired to dispose of the charter winding up proceedings were begun.

CLOSER RELATIONS WITH WEST INDIES

The need for Canada to establish closer relations with the West Indies the promise of the Canadian National Railways to support to the fullest measure of its ability any such trade programme and a tribute to the newspapers of Canada for the support they have accorded him personally and officially since he accepted the presidency of the company, were the outstanding features of an address delivered before the Board of Trade of Charlottetown by Sir Henry W. Thornton, chairman and president of the National System.

SAVED BABY'S LIFE

Mrs. Alfred Tranchemontagne, St. Michel des Saintes, Que., writes:—"Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have testified the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach, thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

RED CLAYS ARERA IN OCEAN BEDS

Immense areas of the ocean have beds of red clay. There is no ooze covering it, because in those parts there is virtually no life at the surface. The red clay areas are far from any shore and so receive none of the sediment washed from the land. They might well be called the deserts of the sea for they have no plant life and almost no animal life. That red clay is perhaps the oldest deposit at the bottom of the ocean. It must have formed very slowly and partly from volcanic matter such as pumice and volcanic glass; the fragments were slowly worn to pieces and the various substances finally decomposed and formed clays. The red color is owing to oxides of iron and of manganese in the volcanic rocks.

RECORDS IN 1924 SWIMMING RACES

Australian Girl's Remarkable Performance.

Miss M. Baron of Holland; who won her heat in the Olympic breast stroke championship at Paris; then was disqualified for failing to touch at the turns, is reported to be displaying record speed, and the news draws attention to one of the most notable features of the present year in water sports; the sudden and concerted leap forward taken by the breast-stroke women swimmers of many countries.

No doubt some will recall that when Miss Doris Hart of England established in August, 1922, the still listed world's record of 133 2-5 for 100 meters, the feat was considered so amazing that more than one competent authority was prompted to express the belief that the time never would be equalled. This opinion gained supporters after 1923 had elapsed without the figures being again touched, despite the great strides made in all other branches of swimming during the intervening period. It seems extraordinary, under the circumstances that within the last ten months no less than six girls, representing as many nations, have succeeded in sharing Miss Hart's registered mark.

Early this year aquatic fans were startled by the news from Australia that a lassie of 14, Miss Dorothy Thompson of Brisbane, had covered 100 yards in 1:24 2-5, officially claimed as a universal record, and done 100 meters in 1:33 1-5; but the latter performance under conditions which might prevent its recognition, though its merit was vouched for. The achievement of the young Australian was followed by a 100-meter swim in 1:33 3-10 by Miss Ella Mollnar of Hungary, also a trifle under Miss Hart's mark. Next Miss Erna Murray of Leipzig won the championship of Germany in 1:33 flat, but the exploit went unbracketed; because Germany does not belong to the international federation. Then Miss Irene Gilbert of England did 1:31 4-5 in full compliance with requirements; and the feat is slated to replace Miss Hart's in the book of records. Meanwhile Miss Agnes Geraghty of this city; the American champion; had set a national standard of 1:23 2-5 for 100 yards, and this means at least 1:33 for 100 meters. And now Miss Baron is credited with 1:32 4-5 for the longer distance, completing the sextet.

Last Week Of Great Hunting Season Opens

The big game season in New Brunswick has entered on its final week as the month closes with Sunday and the season closes on the last day of the month. The season of 1924 is reckoned as the best in several years. Returns from vendors of licenses will not be complete until about the middle of January but it is known that the receipts from non-residents who have taken out hunting licenses in this province will be large.

The feature of this season has been the success of hunters who have been after moose. A year ago it was believed by some that the moose were appreciably scarce but this season the animals seem to be more numerous than in several seasons and many American parties have had outstanding luck. Extra-wide horns have not been reported, however, by parties which have killed their game but in spite of that there have been some very fine heads taken out of the woods.

The general opinion expressed by Americans who have hunted big game in both Maine and New Brunswick is that this province has the superior hunting territory. The party of big league ball players who hunted in Charles Cremin's territory on the Tobique and Nepisiguit Rivers did not hesitate to give New Brunswick the edge on Maine. That party had remarkable luck, four out of five killing moose and five deer being killed. Other hunting districts report similar good fortune on the part of non-resident hunters.

The luck has not been confined to visiting sportsmen as residents of the province also have been very successful in killing moose. Some have been shot within a few miles of this town. The license fees paid by hunters of all kinds adds considerably to the provincial revenue. The present season should be an excellent one as the number of American sportsmen has been large in spite of that bugaboo, a Presidential election.

Deer, which at one time were not numerous in New Brunswick never were more plentiful. Caribou continue scarce although small herds were reported from the north.

RESTIGOUCHE WAR RELIC IS FOUND

After having lain embedded in the river bank for more than a century and a half; another relic of the historical battle between the British and French, fought along the Restigouche River, between Campbellton and the head of tide, in the

form of a cannon ball, has been unearthed by Gustaf Asker just a few yards west of his house in lower Water street.

This relic of destruction was buried beneath a huge log which, until within late years, has also been buried, but which was brought to light by the constant washing of the tide against the bank. It is four inches in diameter and weighs 11 1/2 pounds.

A coincidence in connection with the finding of this cannon ball is that there are now standing in the

public park, not over a hundred yards from where it was found, facing the very waters upon which they did service in that memorable battle 164 years ago, two of the very guns used when this messenger of destruction and death was sent whizzing into the soft earth, probably having either missed its mark, or added its quota in sending the enemy ships to the bottom. Who knows?
Mr. Asker's house is one of the very few which escaped the flames of the Campbellton fire of 1910.

"Exhausted Nerves and Palpitating Heart"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:
"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I tried several doctors, but it seemed nothing they gave me helped. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I tried it, and can say it certainly has done wonders for me. I did not stop until I had taken twenty-five boxes."

Dr. Chase's Nerve Food
60 cts. a box of 60 pills, Edmondson, Bates & Co., Ltd., Toronto

Assuring Your Business

A policy of advertising is a policy of life assurance, and the protection thus secured is well worth its annual cost.

Old customers die or move away—they must be replaced.

Old customers are subject to the influence of temptation—they may be induced to divide their custom—to do some of their shopping at a competitor's.

New comers to this community will shop with you—become regular customers—if they are invited to do so.

Your competitor's advertising is an influence which must be offset if you are to maintain your trade.

Not to advertise regularly to the readers of the UNION ADVOCATE is to leave your business unprotected.

A WORD TO THE PUBLIC

It is no sign of weakness to follow the lead of advertising. You owe it to yourself to get the most for your money, the best goods and the best service. And if you find that your inclination is to shop where you are invited to shop rather than to continue to be a customer of the shop which never solicits your good-will you need have no compunctions of conscience.

Changing Seed Grain

A common question asked by farmers is "Does it pay to change seed?" The answer here is that where the same seed has been used on the same farm for a few years, it may deteriorate in its ability to produce a profitable crop. It is also a common belief that one operating a farm characterized by relatively light soil should obtain his seed frequently, from a crop which is produced on soil of a heavier character and vice versa. Some authorities have scoffed at the idea that a change of seed is ever necessary. They argue that seed grown year after year in a district, must of necessity become acclimatized and better adapted to the soil conditions of that district. It is safe to say that many farmers have followed this advice to their financial loss. Investigation and observation have revealed the fact that it is not possible to lay down any definite rule as to when a seed should be changed. It is obvious that certain circumstances may arise to make a change of seed appear imperative, even to the casual observer. For instance, a crop may be so badly damaged through lack of moisture or by some condition which has forced premature ripening, as to cause the resulting grain to be very light and poor. Under such circumstances, it would, of course, be folly to think of using this grain for seed. This, however, is an extreme case. The problem to determine is whether, under normal circumstances, one may expect a larger crop from the use of seed grown elsewhere than on the farm on which it is intended to be used. Without going into detail one may safely follow the rule to change seed only when seed may be obtained which possesses a higher degree of development and vigor than the home-grown. This is assuming that the home-grown seed belongs to a suitable variety for the district and is free from noxious impurities. If these latter provisions are not complied with, the seed, of course, should not be used under any circumstances. Farmers who contemplate changing their seed and whose seed is reasonably good, at present would be well advised to procure some first class registered seed through the Canadian Seed Growers' Association at Ottawa and test this in comparison with their own. This is a relatively inexpensive practice which might well be adopted periodically by every farmer and with all classes of crop.

Chatham Hospital Gets Jam and Jelly

The result of the most successful jam and jelly show for the Hotel Dieu Hospital, Chatham, to date is as follows: Loggville, 225 bottles; Newcastle 191 bottles; Bartibogue 89 bottles; Lower Newcastle 55 bottles; Russellville 14 bottles; Cenapan W.I. 33 bottles; and total 1,205 bottles. Cash \$20.05; raisins four lbs.; butter, four lbs.; tea one lb.; 28 tins fruit and vegetables.

The contribution from Barnaby and Nelson has not come in. The total will in all probability be 1400 bottles.

The Reverend Sisters of the Hotel Dieu Hospital are deeply grateful for this evidence of continued appreciation for their efforts by the general public.

MADE IN THE MARITIMES

There may come a time when every citizen of the Maritime Provinces, with his own prosperity at heart, will demand that all possible of his purchases shall bear the above crest, "Made in the Maritimes."

By doing this citizens will know that the money is being kept within the Maritime Provinces and goes to pay Maritime labor, who in turn spend wages with Maritime storekeepers, who in turn pay Maritime clerks, who in turn spend their wages with other Maritime storekeepers, who again in turn spend their money with Maritime manufacturers, who again pass it along to the Maritime labor. And so the circle of prosperity. But alas! at the present time many of us spend 75 per cent of our Maritime earned money in goods of outside manufacture the production of which means not one cent to Maritime labor—(The Clerk, St John.)

NORTH SHORE HOCKEY SCHEDULE

The annual meeting of the northern section M.A.H.A. was held Tuesday night at Newcastle. There were present delegates from Chatham, Bathurst, Campbellton and Moncton all of whom again entered teams in the league.

The election of officers resulted in Ald. J.H. Moores of Campbellton being elected President, G.T. O'Brien Chatham, Vice-President, and S. W. Wetmore, Campbellton, Sec. Treasurer.

Considerable discussion took place regarding referees and schedule for the season. It was decided to play a double schedule this year. There was no decision made upon official referees.

The only change in the rules this year is that a team may use three spare forwards and one spare goaltender. The forward rule specified but two forwards.

The schedule is as follows:

Jan. 5—Bathurst at Campbellton
Jan. 6—Chatham at Moncton
Jan. 9—Campbellton at Bathurst
Jan. 9—Moncton at Chatham
Jan. 12—Moncton at Bathurst
Jan. 13—Moncton at Campbellton
Jan. 15—Bathurst at Chatham
Jan. 16—Bathurst at Moncton
Jan. 19—Chatham at Campbellton
Jan. 20—Chatham at Bathurst
Jan. 22—Campbellton at Moncton
Jan. 23—Campbellton at Chatham
Jan. 26—Moncton at Chatham
Jan. 26—Campbellton at Bathurst
Jan. 29—Chatham at Moncton
Jan. 30—Bathurst at Campbellton
Feb. 2—Campbellton at Chatham
Feb. 3—Campbellton at Moncton
Feb. 5—Chatham at Bathurst
Feb. 6—Chatham at Campbellton
Feb. 9—Bathurst at Moncton
Jan. 10—Bathurst at Chatham
Feb. 11—Moncton at Campbellton
Feb. 12—Moncton at Bathurst

MORTGAGEE'S SALE

To Daniel R. Hogan of the Town of Newcastle in the County of Northumberland in the Province of New Brunswick, Barber, and to all others whom it doth or may concern:

Notice is hereby given that there will be sold at Public auction in front of the Post Office in the Town of Newcastle in the said County of Northumberland, at twelve o'clock on Tuesday the Thirtieth day of December next, all that piece or parcel of land situate, lying and being in the said Town of Newcastle and described as follows in a certain Mortgage hereinafter mentioned and made by the said Daniel R. Hogan and Elizabeth Hogan, his wife, to Robinson Limited, namely:—"All that certain lot, piece or parcel of land and premises situate, lying and being in the Town of Newcastle, County and Province aforesaid, lying and being on the Easterly side of Castle Street, commencing at a point on the Easterly side of said Castle Street distant four degrees fifteen minutes West thirty-five feet four inches from the southerly line of land owned and occupied by George Currie being the southerly side line of lands now owned and occupied by Joseph M. Napke; thence Southerly along the East side of Castle Street, fifty feet, eight inches to the Northerly side of the road leading to the Old Ferry landing; thence south eighty-four degrees thirty minutes East two hundred and six feet to the West end of the Ferry landing Block; thence north five degrees thirty minutes East along the West end of the old Ferry Landing Block fourteen feet, thence south eighty four degrees thirty minutes east along the North side of the old Ferry Landing Block forty-one feet; thence North five degrees; thence North five degrees thirty minutes East thirteen feet or to the Northeast corner of land conveyed to Joseph M. Napke; thence North seventy-nine degrees West two hundred and fifty feet to the East side of Castle Street being the place of beginning. Save and except the right and privileges of a road or passageway through, over and across the lands hereinbefore mentioned to the said Joseph M. Napke, his heirs, executors, administrators or assigns, from the said Ferry Landing or Road to the land of the said Joseph M. Napke the said passage way or road to be twelve feet wide. The said Road or passageway at no time to be nearer Castle Street than the rear of the out buildings of the office and dwelling now on the land hereby granted, which said passageway or road is particularly described in a deed from Robinson Limited to the said Joseph M. Napke," together with the buildings and improvements thereon and the hereditaments and appurtenances to the same belonging.

The said sale is made under and by virtue of a Power of Sale contained in the said Indenture of Mortgage made by the said Daniel R. Hogan to the said Robinson Limited bearing date the Twenty-fifth day of March, A.D., 1919 and registered as Number 231 in Volume 104 of the County Records of Northumberland and which Indenture of Mortgage and the Bond and debt thereby secured were duly assigned by the said Robinson Limited to Robinson Company, Limited, by Deed of Assignment bearing date the Twenty-second day of January, A.D. 1924 and duly registered as Number 212 in Volume 112 of the said County Records default having been made in payment of the debt and moneys secured by the said Indenture of Mortgage.

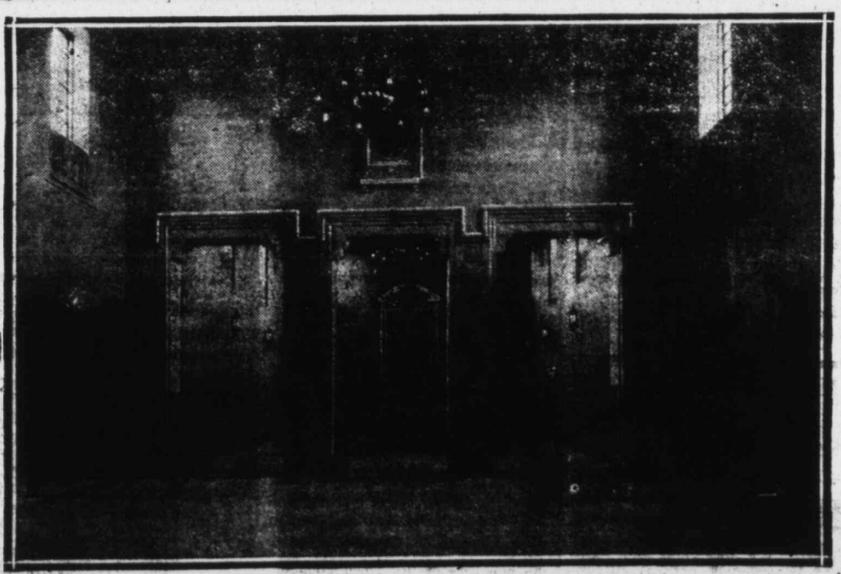

Dated this Twenty-fourth day of November, A.D. 1924.

ROBINSON CO., LTD.
T. Clark, President.
Assignee of the said Mortgage.

Three Rivers, Quebec, Has New Station

Citizens of Three Rivers, Quebec, regard the recent inauguration of the new Canadian Pacific Railway Station as marking a new epoch in the life of their city inasmuch as it affords proof of the status already attained by Trois-Rivieres as an industrial centre and of the greater prominence it is expected to occupy in the future. The new station building is the most up-to-date and magnificent of its kind in eastern Canada. Of its construction cost, not less than \$200,000 represents the amount of money spent in Three Rivers.

Some idea as to the way Three Rivers has developed may be gathered from a few remarks made by E. J. Hebert, first assistant general passenger agent, Canadian Pacific Railway, in proposing a toast, at the banquet that marked the official opening. "Until 1875 navigation was the only transportation facility," he said. "Then the Northern Railway was built between Quebec, Three Rivers and Montreal, but it was not until 1895 that industries began to appear. With the opening of the St. Maurice Valley Railway trade developed rapidly. The towns of Shawinigan Falls, Grand Mere, Cap-de-la-Madeleine, La Gabelle, small hamlets in 1905, have become important industrial centres, with populations respectively of 12,000, 7,500 and 3,000 people, while Three Rivers itself has over 30,000 population now and is still growing."

RETURNING TO ENGLAND
Lady Griffiths, who arrived on Sunday from England by the Montrose will return by the same ship this week, taking with her, her son Peter Norton Griffiths, who was recently severely injured in an accident near Woodstock. Mr Griffiths went to Montreal from Woodstock last Saturday and joined his mother at the latter city being cared for meanwhile at the latter Ross Memorial Pavillon. Lady Griffiths is at the Ritz Carlton Fredericton Gleaner.

CHIEF JUSTICES WILL ACT
The Chief Justices of the Supreme Courts of the Maritime Provinces have signified their willingness to act together in the appointment of a committee to ascertain the exact nature of the economic ills of the provinces with special emphasis on the transportation aspect, in accordance with the suggestion offered by Sir Henry W Thornton.

CELEBRATES 88TH BIRTHDAY
On Monday evening, Nov 17th friends gathered at the home of Mr Wm. Campbell to celebrate the 88th birthday of his aunt, Miss Ellen Campbell. The evening passed very quickly with music, songs and games. A birthday cake decorated the table. Luncheon was served and a very pleasant evening spent by all. Miss Campbell thanked all very kindly for their remembrances.

MOTHERS LIKE TO TREAT COLDS WITH VAPORS

Direct Treatment with Vaporizing Salve Immediately Relieves Inflamed Air Passages.
It is no longer necessary constantly to dose the children in treating croup, bronchitis, sore throat, or deep chest colds. Many Canadian mothers now use the "outside" remedy, Vicks VapoRub, for the cold troubles of all the family, because it is just rubbed over throat and chest—there is nothing to take. When so applied Vicks gives off medicated vapors which are inhaled directly into the inflamed air passages, loosening the phlegm and making the breathing easier.
At the same time Vicks is absorbed and stimulates the skin like a "rubment" or plaster and thus aids the vapors inhaled to break up the congestion.
At all drug stores 50c a jar. For free test size package, write Vicks Chemical Co., 544 St. Paul St., W., Montreal, P. Q.

Your favorite author has written just the BOOK you want, we have a grand and glorious assortment.

BENEFIT NIGHTS
The Benefit nights given at the Opera House last week for the Miramichi Hospital were successful in every respect. The "Mall Man" drew large crowds and the proceeds were very gratifying

What is the effect of miles of burning forest and towns? See "The Ninety and Nine."

CHRISTMAS FAIR
Reserve the evening of Friday December 12th for the Christmas Fair to be held in St. James Hall by the Ladies Aid of St. James church 49—2.

DANCE IN TOWN HALL
The young people of this town enjoyed a dance last Friday evening in the Town Hall given by the Mae Edwards orchestra. There was a good attendance and the music and dancing were much enjoyed.

SMELT FISHING
The open season for bag net fishing began yesterday. It is expected that a great army of men will engage in the industry this winter as there will be less demand for labor in the woods

BUOYS TAKEN UP
All the Miramichi River buoys have been taken up and placed in winter quarters. One or two vessels are expected to arrive at this port before the river freezes

Do you know the thrill of seeing a train speed through a furnace of burning forest with the flames kissing the cheek and clothing of the engineer? See the "Ninety and Nine."

MITCHELL'S VARIETY SALE
The great Variety Sale put on by this firm, beginning Friday, Dec. 5th and ending Saturday, Dec. 13th is a money-saving event that should be taken advantage of by all the buying public; by all who believe in buying clean, sanitary groceries and meats at live and let live prices. The appearance of this store has been greatly improved, both in and outside making them better able to cater to the wants of their many customers. The methods used by this firm have made them many friends and customers, whom they please through good, honest dealings and courteous treatment

YOUNG PEOPLE ARE INDIGNANT
The young people of the town, who have been attending the weekly dances given in the Town Hall by the Rainbow Six Orchestra are quite indignant over the resolution passed last Thursday evening by the Town Council, which increased the rental of the hall for dances from \$15.00 per night to \$25.00. They avow that the increase in rental will prevent the orchestra from holding dances in the future and they will thus be deprived of their weekly enjoyment to which they have become quite accustomed and attached. There is considerable adverse feeling engendered, concerning the matter, while the members of the Town Council, who were present at the meeting when the increase was made, claim that the rental of the hall is worth \$25.00 to the orchestra as well as to the town, especially during the winter months when it is necessary to heat the building and also in connection with many other inconveniences which the town is faced because of the holding of so many dances in the building.
