LOCAL BUSINESS INTERESTS ENDORSE ADVANCED TIME

EXPRESS OPINIONS IN FAVOR OF CHANGE BECAUSE OF ADVANTAGES TO THEM AND THEIR EMPLOYEES.

In order to get some consensus of opinion as to the ideas of the merchants and other business men of this city with regard to the daylight saving proposals, a representative of The Journal called up several of them today and asked whether they endorsed the idea. Without exception they did.

The situation therefore in St. Catharines is this, that the railways, express companies, telegraph companies, members of the Board of Trade, the City Council, etc., are in accord as wanting the advanced time. Members of the Post Office staff are strongly in support of the new time also.

Opinions of Business Men. Below are the expressions in brief of a few men who could be got to on the telephone.

Mr. H. H. Avery of Avery & Hara endorses it on account of the railroads and other organizations having adopted that time. In another sense he is in favor of it because business men can close their stores earlier. They and their employees have more time, therefore, for gardening, recreation, etc., he says.

Mr. Inkster of the J. D. Tait and Co., supports it because it gives more time to those who wish to work in gardens and such like and also for recreation.

Major Bradley of Bradley & Son says yes on account of the extra hour of daylight in the evening, and he does not understand why some people object to it. It does not affect business in any way that he can see.

Mr. Alderman Gibson supports it because it gives the general public a good long evening to work in the gardens and as far as he sees it benefits every one.

Members of the Post Office Staff are strongly in favor of the advanced time as it affords them an hour in the evening when it is light enough for bowling or other outside recreation. At the old time the staff who have to remain in the office until after the close of the mails have no time at all for outside pleasure.

ACCIDENTAL DEATH VERDICT OF JURY

No Blame Attached to Anyone for Fatal Injury to W. P. Sparrow.

As a result of an adjourned inquest into the circumstances surrounding the death recently of W. P. Sparrow, who was struck by a fallingerrick pole at the Hydro canal work near Queenston, the jury returned a verdict of accidental death. The enquiry was held last night in the Police Court before Coroner Dr. Jory and a jury comprised of W. H. Drysdale, foreman; R. Foster, T. Dow, I. B. Allan, Geo. Jones, F. Todd, W. Doughty, and R. Widdicombe. Mr. M. J. Brennan was present on behalf of the Crown and Mr. Allan Fraser of Niagara Falls, looked after the case on behalf of the Hydro. Dr. Cooper, of Niagara Falls, was the first witness and said that deceased had come to his death from a fractured skull. Mr. W. ett, foreman of the Hydro works, the deceased was working erecting a gin pole when the accident occurred.

Herbert Lett and A. Kennedy, Carl Stone, and Mr. Slater gave evidence.

After hearing the testimony the jury gave a verdict as above and attached no blame to those engaged on the work.

CHIEF ENGINEER OF CAN. NORTHERN BURIED IN SLIDE

Huge Mass of Snow Buried Him in Yellow Head Pass Portion of Rocky Mountains.

(Special to The Journal.) Edmonton, Alta., April 1.—Allan T. Fraser, aged 45, Chief Engineer of the Canadian Northern Ry., was killed on Sunday by a snow slide near Mount Robson in Yellow Head Pass through the Rockies. Fraser's train was stopped by the slide and he went ahead with a section gang to make investigation, when another slide buried them all. The section men were dug out, all practically uninjured, but Mr. Fraser was dead when they reached him.

RY. BOARD HEARS VIEWS OF RAILROADS

Arguments of Forceful Nature Presented Today to Prove Importance of Daylight Saving to Agree With U. S.

Ottawa, April 1.—The Dominion railway Commission today heard officials of railway war board and railway companies explain why they adopted daylight saving time, the argument being generally put forth that both the convenience and safety of passengers and freight on Canadian lines made it necessary to fall in line with the United States. Secty. Neal representing the railway war board emphasized difficulties in international traffic and figured out that maintenance of different time from United States would mean the loss of over two million hours by passengers on Canadian lines. Experts agreed also, he said, that it would be distinctly dangerous to operate trains with different time in the States for mCanada.

After hearing the officials of the C. P. R. and G. T. R., as well as Mr. W. M. Neil, representing the Canadian Railway War Board, Sir Henry Drayton adjourned the hearing at one o'clock (daylight saving time) until half-past two this afternoon, when other interests will be heard. The commissioners have received telegrams from about thirty-five municipalities, cities and towns in the country endorsing daylight saving.

APRIL FOOL'S DAY.

Usually April 1st is considered April Fool's Day and surely the weather prophets have been badly fooled today. With the mercury down to 10 above zero and a cutting north wind it would be interesting to know what has become of all the signs of gentle Spring. Where is the blue bird. What has become of the grasshopper, the black coated caterpillar, the fish worm or the musical bullfrogs. What but call for more ale and lay fresh wood on the fire as Coleridge would say.

ST. LAWRENCE OPENING

Ocean Navigation in River Early Next Week. Quebec, April 1.—The St. Lawrence will be clear of ice and open to navigation before the middle of next week, according to the local offices of the Department of Marine and Fisheries. The ice is quickly breaking up between Three Rivers and Montreal, and the two Government ice breakers, Lady Grey and Montcalm, have made good progress.

COMPERS COMES HOME

Washington, April 1.—Samuel Gompers and his party sailed for New York yesterday on the steamer Rotterdam.

ESTHONIANS AGAIN WIN BATTLE WITH BOLSHEVISTS

London, April 1.—An official communication issued by the Estonian army, says the Estonians on Sunday captured the town of Pechory, in the Pskoff sector, and the town of Hainash, on the eastern shore of the Gulf of Riga, about thirty miles south of Pernau. Both battles were won after hard fighting. The victory of the Estonians has released the strategically important railroad between Hainash and Volmar on the Aa River from the hold of the Bolshevists.

HOMER CASE IS TO BE PROBED

Commission Appointed by Govt. to Enquire into License Dept. Affairs Will Widen its Scope and Will Touch Local Incident.

(Special to The Journal.) Parliament Building, Toronto, April 1.—Commission which has been issued to Sir William Meredith and Peter White to investigate Hartley Dewart charges in connection with License Department is even wider in its scope than has already been indicated according to authoritative announcement made at Queen's Park today. It is understood that the Commission will be empowered to touch upon the Homer case and the employment of private detectives by the License Department in addition to the charges against inspector Ayrarst and other officials of the Department. The Commission will also be authorized to pass judgment upon the truth or falsity of the report carried by the Toronto World with reference to the Homer case. No indication is forthcoming as yet as to the date at which the probe will be opened.

LEGISLATURE ADOPTS THE NEW TIME

To Follow Daylight Saving Policy—Mayor Church Speaks. After a sort of chaos prevailed at the Parliament Buildings in Toronto for one day, the Ontario Government announced that the daylight saving scheme had been adopted so far as the House and the departments were concerned. There were reported to be queer mix ups as a consequence of clerks coming in at various times, members arriving by trains that were an hour ahead of the old time and finding old time prevailing still at the building, etc. Mayor Church in an interview yesterday scored the Government at Ottawa and the farmers. He said that most of those who objected to the new time were the same people that opposed the military service. His Worship, indeed, became quite strong in his criticism of the reactionaries and conservatives with respect to the time.

COCK FIGHT COST EACH SPECTATOR 10 DOLLARS

Court Held by Lantern Light in Barn Where all Were Caught

Niagara Falls, Ont., April 1.—At an early hour yesterday morning N. Y. State troopers surrounded a barn near La Salle, just over the line, and caught a hundred or so sports from Niagara Falls, Thorold, St. Catharines and other places on this side, who were conducting a cock fight. Not a man escaped. A Magistrate was procured, and by lantern light he held court right in the barn and fined each man \$10. The birds were confiscated. Every man paid without a murmur.

ORANGEMEN HOLD FINE CONCERT

Largely Attended Affair Under Auspices of L.O.L. and Scarlet Chapter—Programme Given.

A large number attended the entertainment held at the Orange Hall last evening under the auspices of L. O. L. 573 and 720 and The Scarlet Chapter. Bro. James Wiley, evening mayor, was chairman for the evening. The entertainment was opened by the orchestra of the Collegiate Institute, followed by the following: Song by Mr. Maurice Dickson. Reading by Mr. Bennett Solo. Mrs. J. M. Elson. Encore by Mrs. J. M. Elson. Bro. E. Harris. Encore by Bro. E. Harris. Solo by Miss Hook. Skirt Dance by Miss McShane. Quartetmaster Bro. T. C. Weatherhead. Song by Bro. J. Rothwell. Selection by Collegiate Orchestra. Address—Rev. Bro. Howitt, Rector of St. Thomas Church. Song by Bro. E. Harris. Sword Dance by Mrs. Cowan. Song by Mr. Anthony. Selection by Collegiate Orchestra. Duet by J. Rothwell and son. The accompanist for the evening was Mrs. Treusch. Mrs. Percy Miller accompanied Mrs. Elson. A vote of thanks was then extended to all who took part in the program, after which refreshments were served by the lodges.

HOT FIGHT IN WINDY CITY

Bitterest Contest in History of the City is Waged for Mayoralty and Other Offices in Chicago.

(Special to The Journal.) Chicago, Ill., April 1.—Men and women balloted for mayor and other city officers today after a campaign said to have been the most bitter in the history of the municipality. With six candidates in the field for mayor, partisan, religious and racial hatred fanned high during the campaign, which ended last night with riotous scenes in central districts, which extra policemen had difficulty in controlling at times. The candidates for mayor are William Hale Thompson (Republican), incumbent; Robert M. Switzer (Democrat); Macbay Sayne (Independent Democrat); John Fitzpatrick (Labor); John M. Collins (Socialist); Adolph S. Carr (Socialist Labor). Each of the four leading candidates claims his election to-day, although political forecasters say they are at a loss to make anything like creditable predictions.

NEW COAT OF ARMS FOR THE DOMINION

Ottawa, April 1.—A Committee consisting of Sir Joseph Pope, Mr. Thomas Mulvey, Under-Secretary of State, General Gwatkin, Chief of the General Staff, Department of Militia, and Dr. A. G. Doughty, Dominion Archivist, has been named to design a new coat-of-arms for the Dominion. It has been decided that this is necessary because the existing coat covers only the Provinces which constituted the Dominion at the time of Confederation.

BRITISH AND FOREIGN

Samuel Gompers and his party sailed yesterday for New York on the steamer Rotterdam. The allied missions which were in Budapest when the Hungarian revolution broke out have arrived at Belgrade. One hundred and fifty persons were executed by the new Budapest Government for looting when the political turmoil of last week occurred.

WANTS NEW TRIAL FOR MURDERER

Attorney Asks for New Trial for Man Who Murdered Willie Viau at Niagara Falls.

Niagara Falls, Ont., April 1.—F. G. Smith, attorney for Gino m-mo Cavannara, the Italian who was recently convicted of the murder of Willie Viau, a French Canadian, and who is under sentence to hang on May 30, has made an official application for a new trial. He is waiting to hear from his appeal now. It is expected, however, that if the motion for a new trial is denied, that he will be able to secure a stay in sentence. Efforts are also being made to have Cavannara's sentence commuted to a term of imprisonment.

SOO LOCKS READY

Canals May Open This Week—Four Through Channel.

Sault Ste. Marie, Mich., April 1.—The Soo locks are ready for any vessels that may care to pass this way. Painting and repairs to the locks are completed, and the only reason for delaying their opening is that there is no traffic. The lakes are now wholly free from ice, and the ice which remains in St. Mary's River is not so heavy as to cause trouble to a freighter. A Canadian tug made a trip from the Soo into Little Lake George yesterday through the old ship channel yesterday; and is the first steam vessel to venture out this year. If there is any request the canals will open this week. The earliest date of opening was in 1902, when the first vessel went through on April 1.

LATE CAPT DELANEY IS LAD AT REST

Funeral Present to Pay Last Respects to Well Known Mariner

The funeral of the late Capt. James P. Delaney took place on Monday morning from the family residence, No. 1 Walnut street, to St. Catharines R. C. Church, where requiem mass was chanted by Very Rev. Dean Morris, thence to Victoria Lawn Cemetery. The funeral was attended by a large number of prominent citizens assembled to pay a last mark of respect to the memory of one whom they had esteemed in life. St. Catharines Council Knights of Columbus assembled at the home of the deceased on Sunday evening and recited prayers in his memory. The bearers were Capt. Robert Chestnut, Capt. George Clifford, Capt. Dennis Enright, M. J. McCarron, Thos. Joy and Thos. Foley. The honorary bearers were Capt. E. Wright, Capt. W. McLaren, Capt. G. Motley, J. Carty, F. Todd, J. Powell, J. De Young and Wilfred Murphy. The floral tributes were very numerous and exceptionally beautiful. Among friends from out of the city were Mrs. Margaret Drennan and son, Detroit, Mich.; Mrs. Mary Allen and Leo Delaney, New York; Mr. and Mrs. John Powell, Mpls. Brinker and family, Mrs. W. O'Reilly, Capt. W. F. Delaney and family, Buffalo, N.Y., and several others.

LOOKS LIKE BUSY SEASON FOR LACROSSE

Seniors Will Hold Council of War Tomorrow Night to Arrange for Events.

This promises to be a busy season for lacrosse in this city and district. Some of the old-time zest is taking hold of the boys and they are looking forward to many keen games. On Wednesday night of this week an O.L.A. senior meeting will be held in the Council chamber to make arrangements for the entry of a senior team in the Association, to elect officers and to name delegates to the convention in Toronto to back up the candidature of Ald. Westwood for the presidency. As it now looks there will be four junior teams, one juvenile and a senior team for this city. Some of the men who have been able players are becoming interested in the outlook and may handle stick again. They include Marriott, Cunningham, Gayder brothers, Collins, Dixon, Hare and Sheahan.

OTTAWA MUDDLED OVER NEW TIME

Some Parts of Parliament Buildings Use the Old Time, Others Move Clocks

Ottawa, April 1.—The capital is in a badly mixed condition. Confusion reigns supreme and promises to be still worse confounded. Trains are arriving in Ottawa, and leaving Ottawa, on daylight saving time; the telegraph companies have accepted it, and even the Post office right in the Parliament Buildings, where daylight saving was doubted, the other day, has been forced to adopt itself to the new time. The hotels also have moved their clocks ahead one hour to accommodate the traveling public. This morning Ottawa adopted daylight saving. This will help some, but there are some twenty five thousand Government employees who at present do not know how they will stand in the matter. Today the Railway Commission will hear why the new time should not go into force on the railways. A speedy judgment is expected. Should it be favorable to the railways, there is bound to be an agitation from the farming interests that local trains at least run on standard time. Even against this the railways have strong objections. Should standard time be adopted on locals, the dairy and truck farming industries would be benefitted, but the Surbanites would arrive at business an hour late. Should an adverse judgment be brought down by the Railway Board then it is anticipated that the Railway War Board will appeal to the Privy Council on the question of fact, and to the Supreme Court on the question of law. If Sir Henry Drayton's contention is upheld then new legislation is not necessary, and if the Government in view of the circumstances feels like changing its mind, then all that is necessary is a proclamation by order-in-Council.

GERMAN OFFICERS TO DRILL HUNGARY'S ARMY

Budapest, April 1.—The Hungarian Government has sent a delegation to Berlin to conclude a treaty of alliance against the Entente Allies. German officers formerly belonging to Field Marshal Mackensen's army has arrived in Budapest to reorganize the Hungarian army along German lines. The army now numbers 100,000 men.

DEATH OF MRS. M. PEGG.

There passed away on Sunday evening at the Children's Shelter, 217 Queenston street, Mrs. Martha H. Pegg, wife of Mr. James Pegg, in her 65th year. Besides her husband she leaves to mourn her death two sons, Addison A., of Toronto; J. Hamilton, of Minneapolis, and one daughter, Grace, at home. The late Mrs. Pegg has been matron in charge of the Children's Shelter for some time.

FINANCIAL

Many tenders bid for Weston bonds aggregating \$60,000, which sold at 104.46. Mr. J. H. Gundy, just returned from the West, stated that conditions in Western Canada are improving. Reports at the annual meeting of the Wm. A. Rogers, Limited, yesterday, promised a much better outlook for the company.

RAILWAY BOARD TO HOLD SITTING AT BRIDGEBURG

Will Hear Application From Telephone Companies to Have Their Plants Consolidated Under one Company.

Bridgeburg, Ont., April 1.—April 8 has been officially set as the date when the Canadian municipal and railway board will come to Bridgeburg to hear the application of the Bell and Welland county Telephone companies that their plants here be consolidated under the management of the Welland County Independent line, according to an announcement made yesterday by H. C. Small, secretary of the Ontario municipal and railway board.

DEPUTATIONS PROPOSES CHANGE IN ROUTE

Lincoln County Represented in Request Made Before Deputy Minister.

A strong deputation from Hamilton Saltfleet township and Wentworth and Lincoln counties, waited on W. A. McLean, deputy minister of public works, at Toronto, and asked that the department reconsider its decision in regard to the route of the provincial highway from this city to Niagara Falls, and to have a survey made of the Barton street route. The deputation consisted of Controllers Peebles and Halford, Wm. Lees, Guy H. Long, A. C. Garden, and Willoughby Ellis, of this city, and Wm. Mitchell, J. W. Smith, George Millen, Fred Carpenter, Capt. Orr. F. C. Briggs, R. H. Lewis, and E. J. Mahony, representing Lincoln, Wentworth and the township of Saltfleet. The deputy controllers stated that when the matter of choosing a route eastward from this city was under consideration, the city authorities were busy with war matters, and didn't give it the attention it deserved. In their opinion Barton street would be a better route than King Street, which is winding and longer.

The deputy minister promised that government engineers would be ordered to make a survey and a report on the proposed route and that the department would consider the question thoroughly. If the idea is carried out it will affect the Q. and G. highway through Grimsby and Beamsville.

Handling Wool Co-operatively

(1) Grading Wool in Alberta. (2) Sheep on an Irrigated Farm in Alberta.

EIGHT years ago, after thoroughly investigating the sheep industry in Canada, the sheep commissioners regretfully stated: "From observing to marketing no country in the world handles its wool in a worse manner than Canada. As far as the wool of mutton breeds and cross breeds go, we do not know of any country where it is handled in such an unsatisfactory way and delivered in such bad condition."

ing 1919, no less than 2,500,000 pounds of wool had been sold up to the end of August, 1918, and to the associations in the various provinces pulling together. After that amount had been sold a considerable quantity of wool remained in storage, but it was anticipated that all would be disposed of at favorable prices, which was later proved true.

Thus co-operation in a few years actual service proved the revolutionizing factor in the wool industry in Canada. Breeder and farmers were quick to learn the oft-repeated lesson that to get the best prices the best must be produced. Formerly the wool was sold in bulk for what it would bring. To-day, under the team-work plan, the wool is sorted and inspected, grade values becoming apparent, and shepherders are learning more and more to recognize the importance of care in selection, industry in keeping and the exercise of intelligence in shearing, packing and shipping.

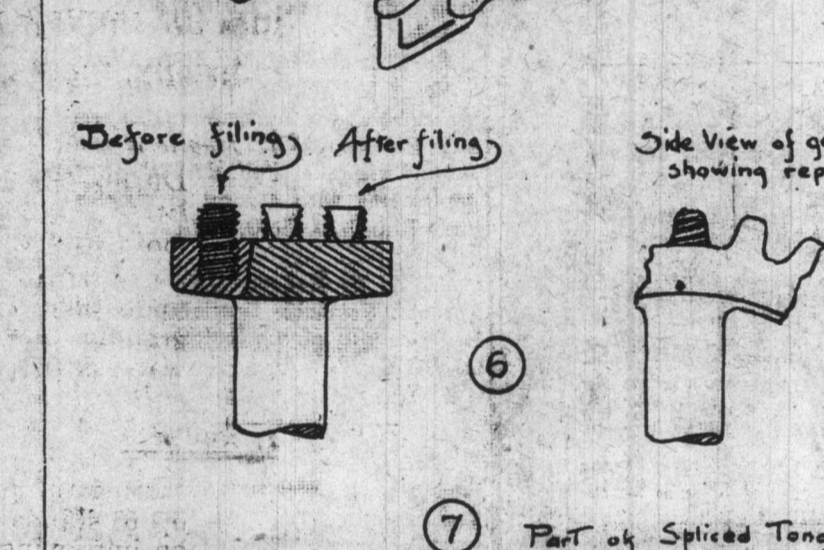

It will be noted that the 1918 business was 30 per cent over the 1917 wool shipments. The Southern Saskatchewan Wool Growers' Association handled eight and one-half carloads, besides the amount mentioned, the province being too large for one organization to handle at present. In Alberta, likewise too large a territory for one agency to handle, there are three organizations mentioned in the 1918 report, each revealing a large expansion in territory and volume of business. These associations are the Provincial Sheep Breeders' Association, the Alberta Live Stock Association, and the Pincher Creek Wool Growers' Association. These three agencies did by far the greatest business of any provincial system in Canada in 1918, when they collected, graded and shipped 1,250,000 pounds of wool of various grades. Earl W. Gage, (Breeder's Gazette).

UKRAINE READY TO QUIT

Would Open Negotiations to Stop Fighting With Poles Berné, March 31.—The commander of the Ukrainian forces has sent messages by wireless telegraphy to the Allied governments stating that the Ukrainians are ready to enter into negotiations looking to a cessation of hostilities with the Poles on condition that the Allies set a line of demarcation in accordance with the present battle front.

INCREASE YOUR PROFITS

Repairing and Renewing Broken Equipment in Time. Handy Hints for Repairing Machinery, Harness, Gates and All Other Breakable Farm Equipment—If Work is Done Before Spring Rush Many Valuable Hours Will Be Saved at a Time When Delay Spells Greatest Loss.

Before attempting to take a machine apart it is well to thoroughly look over it to gain a clear idea of the general arrangement and location of the parts. Machines with few parts or parts whose relations are quite obvious, do not require to be marked, but machines whose parts are numerous and similar in size and in appearance should be given distinctive marks—similar marks being put on adjoining parts. These marks may be centre-pops arranged in device, or letters stamped upon surface of the parts where there is no frictional contact.

The wagon is an important factor in the daily routine work of the farm, and should be kept in good running order, but it requires special consideration and experience to profitably repair the wheels, for unless the proper taper and "gather" is given to the spindle, and the axle set the right way, it will result in a hard-running wagon, the wheel grinding on the collar or nut instead of playing easily between them. The farmer, however, can attend to loose spokes, tires and hub bands, checked hubs, etc., after renewing the spokes and parts and tightening up tires and loose skains, clean the wagon thoroughly. All the checks with some good filler and give the whole a coat of paint. This will preserve the wood and prevent shrinking. A broken shaft or tongue may be efficiently spliced with hoop iron as shown in Fig. 7. The iron can easily be bent round close by using one end first and then pulling it over with one hand and tapping it with a hammer at the same time.

Assume a broken rail of a gate, hay or stock rack. The old bar or rail is sawn off about a foot from the down rail L as shown by dotted line in sketch 8A. A short piece of new stuff is then driven into the mortise in the head (B) and cut off the right length; the two are then nailed together as shown at 8b in part plan. If broken at A (Fig. 8) the splicing may be made as shown in sketch by wrapping hoop iron round it, or by nailing on each side strong strips of hardwood as at D (Fig. 8).

One of the best places for a gate to get rotten is at the junction of brace and bar or back caused by wet lodging there. The only way to get this is, as shown at C (Fig. 8) by nailing strip of hardwood firmly to brace as low down as bottom rail will allow.—Prof. John Evans, O. A. College, Guelph.

DR. ARTHUR B. COBB Dentistry.

A noted Dental authority was once called to the witness stand to pass his opinion on the value of certain Dental work performed. His testimony was brief but straight to the point. He said: "A Dental operation well performed is always worth its price, whereas the same operation poorly performed is expensive and excessive at any price."

Our Dental operations are WELL performed, reaching the point of unsurpassed skill and quality, yet our prices are reasonable. We could not doubt, lower our prices, but only by sacrificing the skill and quality necessary in Good Dentistry.

EVERY GIRL WHO EARNS HER LIVING. READ THIS

Very complex in her physical relations to life, disease early seizes upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health.

Probably nothing is of more service than Dr. Hamilton's Pills, and every girl and woman can employ this grand remedy with gratifying results.

As a system tonic and blood renovator, no treatment gives such results.

For maintaining good digestion and healthy appetite, it is impossible to equal Dr. Hamilton's Pills.

Dusky, sallow complexion is changed to a healthy, ruddy glow, which proves that Dr. Hamilton's Pills circulate blood that is rich and nourishing.

Weak organs are filled with new life and vitality; weakness, irregularities and the common ills are prevented.

When you feel poorly, when the head aches, back feels lame, and drowsy, tired feeling creeps through you—that tells of the need of Dr. Hamilton's Pills; try them. Sold in yellow boxes, 25c.

Farms Wanted for Soldier Settlers

Powers are proposed to be granted at the approaching session of Parliament to the Soldier Settlement Board of Canada to purchase lands to be resold to qualified returned soldiers settling on land. In the case of undeveloped lands the Board will be granted powers of forced purchase at prices judicially determined.

To enable soldiers to locate in any district in Ontario that they wish, the Advisory Board for the Province of Ontario desire to have filed with them a full description and lowest cash prices on a small number of select farms in each district of the Province, available for purchase.

The public are hereby informed that this land is for returned soldiers, and no tenders to sell are requested except for land of good quality and location, and reasonable value, making possible the success of the soldier as a farmer. The purchase price in all cases will be fixed by the Board after the land has been inspected and valued.

The information received will be treated as confidential. No commission will be charged or paid. No offer to sell will be binding on the person offering unless a sale is effected, and no obligation will be on the Board to accept any offer.

If application from a returned soldier be received for a farm listed with the Board, a valuation for such farm may be at once made by the Board and, if approved, negotiations may be entered into for the purchase and sale thereof. An approved list is desired for each district of Ontario.

NEARLY EVERY GIRL CAN MAKE HERSELF PRETTY AND ATTRACTIVE SOME WHOLESOME TRUTHS EVERY GIRL SHOULD THINK ABOUT

Probably you know just such a girl. Perhaps she is sixteen—good to look at, and pretty—quite interesting because she reflects the graces and charm that give promise of happiness to herself and others. But she is not strong. The color in her cheeks, once so rosy, has faded away—her eyes are listless—the buoyancy of spirit and vigor she once possessed are sadly lacking. Parents, friends, this girl needs Ferrozone—needs it that her blood may be renewed—needs it to restore the nerve force that growth, study and the development of her fresh youth have exhausted. This girl will become a queen with Ferrozone—which will restore her color—bring back her old-time energy—give brightness to her eyes and vivacity to her spirits. In Ferrozone every girl finds strength—then she can do things. In Ferrozone there is endurance—that drives away morning tiredness and languor. For the girl or woman that wants to be happy, healthy, winning—who values rosy cheeks, laughing eyes and abundant good spirits, nothing can compare with Ferrozone. 50 c. per box, or six for \$2.50. Get it to-day from any dealer in medicine, or by mail from The Catarrhozone Co., Kingston, Ont.

HEALS INFLAMED NOSTRILS, STOPS CATARRHAL DISCHARGE, CURES COLDS QUICKLY

Poor remedies have given Catarrh the reputation of being incurable. But it is curable, easily and quickly, if the right method is employed. Snuffing a powder or ointment up the nose won't cure Catarrh, neither will tablets, douching, or stomach medicines cure. These treatments fail because they only affect local conditions, they do not remove the cause, which is germ life established in the lungs, bronchial tubes, and nasal passages. Ordinary remedies do not reach these remote parts, but Catarrhazone does, for it is breathed through the inhaler into every air cell in the head and throat. No matter where the Catarrh is Catarrhazone will reach it. It kills the germs, heals sore spots, clears the nose and throat instantly. Universally used; pleasant and clean; guaranteed to cure or money refunded.

Don't be an object of aversion to everyone you meet—get Catarrhazone today and use it regularly; it will cure your Catarrh, Bronchitis, Throat Trouble, spitting and gagging. Large size lasts two months, price \$1.00; small, size, 50 cents; sample size, 25 cents; at all dealers.

Letters to the Editor

WOULD GET AFTER SALT
Editor Journal:
Sir:—

Having lately noticed that shareholders in the Salt Manufactories in Goderich and, I think, Clinton, have been getting annual dividends of eight per cent, out of their enterprise, it appears to me that our capitalists should investigate the salt deposits which are known to underlie this city. One of the old wells is that which is on the Canal bank near the present Macaroni factory. Over three quarters of a century ago, large quantities of fine salt was made there and shipped even as far east as Montreal. It appears to me that with the present improved methods which I understand are in use that such a project is worth the examination, more especially, as with all the company incorporations which daily appear in the newspapers, the Utility Board here do not appear to be able to land any of them. If the statement of a return of 8 per cent on the investment is correct, the speculation is a good one, as there is very little danger of the demand for such an important commodity as salt going a begging.

DOCTOR URGED AN OPERATION
Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches, and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my work is a pleasure. I tell all my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE E. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.
It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

further evidence until tomorrow.
The complainant stated that himself and family went to church on Sunday evening and on his return found the door of his house had been opened and that his neighbor was upstairs. The neighbor explained that he had entered the house because he knew the family were away, and seeing a light he thought a burglar was inside, and in the best of intentions he went in to discover whether some one was committing a theft. The facts surrounding the case will be further investigated.

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS
Men! Are You In Doubt
As to your trouble? Have you some skin eruption that is stubborn, has resisted treatment? Is there a nervous condition which does not improve in spite of rest, diet and medicine? Are you going down hill steadily?
SYMPTOMS OF VARIOUS AILMENTS
Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unrefreshing sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbago, dyspepsia, constipation, headache, loss of weight, insomnia. Dr. Ward gives you the benefit of 28 years' continuous practice in the treatment of all chronic, nervous, blood and skin diseases. The above symptoms, and many others not mentioned, show plainly that something is wrong with your physical condition and that you need expert attention.
NERVE EXHAUSTION.
The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance to work—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable; they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

LATE SPORT NEWS

Two Local Men On Next G.W.V. Boxing Bill

Twenty-four Fast Rounds will be Staged at Armouries Next Tuesday Night in Which Jack Loney and Patsy Mayo Will Take Part.

Another boxing show will be held at the Armouries next Tuesday night under the auspices of the Great War Veterans when two old rivals in the mitt game will stage the main bout in ten rounds unless a knockout is scored, of which both are confident of doing. The principals will be Jack Loney, the pride of St. Kitt's boxing followers and Pete Scott, the dusky warrior of Hamilton.
Dickie Dundee, who was to meet Bobby Eber of Hamilton in the last bout here, but who was unable to appear owing to a broken bone in his hand is scheduled to meet Fighting Charlie Martin of Rochester in a six round mill, which promises to be fast and furious.
Besides Loney, old St. Kitt's has another son who is fast gaining laurels in the roped arena in the person of Patsy Mayo. Patsy will meet Willie Hewitt of Buffalo, who was one of the boxers at the show a week ago in a four round bout.
Two new boxers to the local fans will make their appearance in next week's bout. They are Dick Hyland of Erie, Pa., and Johnnie Fesone of Geneva, N.Y., who will be matched in a four round punching match.

ATTRACTIVE OFFER
Rocky Kansas, Buffalo's light-weight champion, who has been released from the hospital after two operations on his ears, has received the flattering offer of a \$3,000 purse to box George Chaney, the Baltimore knockout king, in the Maryland city on Decoration Day. While Kansas will hardly be able to accept this proposition, it shows the real worth of one Buffalo boxer when figured in dollars and cents, and most fighters figure that way these days. If Kansas does not take the bout on that day, the match will be arranged for a later time.
At the first boxing show held at the Armouries Daw Rogers announced that "Rocky" would be seen here in the near future.

MISS BOYLE CHAMPION
Philadelphia, April 1.—Charlotte Boyle of New York was the winner of the women's national 100-yard indoor swimming championship held here. Her time was 1:08 3-5.

ON THE ELEVATOR
Fritz Maisel is hitting the baseball toogogan, isn't he? There was a time when Fritz used to be one of the sensations of the Yankee team. He was sold to the St. Louis American league club, which has announced his disposal to the Baltimore aggregation of the International league. Which means Fritz is still good enough for the leading minor organization.

BEST OF ALL BREEDS
Detroit, Apr. 1.—Champion Master Butcher, a greyhound owned by John G. Kent of Toronto, and one of the best of the breed ever imported from across the seas, was awarded the "Special Ribbon" for the best of all breeds at the spring show of the Detroit Kennel Club. There were more than thirty contenders for the special distinction, all the best of their kinds ranging from a Yorkshire terrier scaling under two pounds to dogs that weighed nearly 100.

FLIVVEK AIRPLANE TO
SELL FOR \$1,250 BUILT
BY CAPTAIN D'ANNUNZIO
New York, March 31.—Captain Ugo d'Annunzio, Italian aviator and son of Gabriel d'Annunzio, the poet, announced that he had designed and begun the manufacture of "flivver" airplanes, so small as to be capable of landing on any country road and designed to sell for \$1,250.
The planes, Captain d'Annunzio said, will have a wing spread of less than 20 feet and will be guaranteed to fly for 2½ hours at an average speed of 50 miles per hour, carrying a passenger weighing not more than 105 pounds.
Captain d'Annunzio, who has been in charge in America of the construction of the Italian Caproni planes for army use, said his first "flivver" probably would take the air at the Atlantic City aerial contest on May 1st.

BASEBALL OUTCAST IS POOR BALTIMORE

Edward Hanlon's Lauren's That Birdville's Sun Has Set.

Washington, April 1.—Edward Hanlon, veteran baseball player and director of the Baltimore Federal League club, testifying in the club's \$800,000 anti-trust suit against the American and National Leagues, said organized baseball had made valueless a franchise which might have been worth at least \$150,000 to his club. He sketched Baltimore's baseball history, with the conclusion that the city once a big league pennant winner, had been made an outcast by the American and National Commissions.

BISLEY CONDITIONS FOR IRISH SHOOT

Toronto, Apr. 1.—The first Saturday in May was the date set aside for the commencement of long-range rifle shooting at Long Branch, by the Irish Rifle Association at their eighth annual meeting. Conditions will prevail as nearly as possible in conformity to those of the N. R. A., at Bisley and the O. R. A. Whether the Ross Rifle will be used is conjectural and it is practically certain that most of the individual matches will be confined to the short Enfields, although those who wish may use the Ross rifle in team events.

WILDE BEATS 'JOE' LYNCH

London, April 1.—"Jimmie" Wilde the British flyweight champion last night defeated Joe Lynch, an American boxer, on points in a fifteen-round bout.
The Prince of Wales, Prince Albert and Lord Londsdale witnessed the contest, which took place at the National Sporting Club. It was a fast and stubbornly fought battle through out. Wilde started a three to one favorite, but Lynch was doing so well in the ninth round that the betting fell to even.
In this and the following rounds Wilde was adly shaken by heavy punishment, but fought gamely and recovered in the fifteenth. The American finished the fresher of the two, and though Wilde won on points he had a close call.
The verdict seemed somewhat of a surprise to many present, and there was some adverse comment. Wilde was giving Lynch about sixteen pounds in weight.
At the close of the bout the Prince of Wales congratulated both men, and said that it was by meetings such as this that Anglo-American friendship, which they had welcomed throughout the war, became cemented for all time.

GEORGE ADAMS IS BACK IN WELLAND

Welland, April 1.—George (Buck) Adams, a well known athlete of this city, has returned from overseas. He enlisted with the portsmen's Battalion in Toronto and went across with that unit. Adams holds an enviable record as an athlete, and, in addition to the titles won by him while in Canada prior to enlistment he added others while in France.
In 1907 he won the Martin road race here, capturing the Canadian amateur championships for five and ten miles. In 1912 he successfully defended these titles. In 1907 also he was a competitor in the fifteen-mile race at Montreal, being beaten only by Tom Longboat by ten seconds. There were 115 starters in the race. Adams also won prizes in events in France while an active service.

law and order in the Balkans and other centres of disturbance. Instead of that, the pages of history are filled with the results of senseless ambition, with wars that seemed to begin without cause and end without result, "like an idiot's tale, all bound and fury, signifying nothing."
Another evidence of European misgovernment was the immigration that flooded our shores. The immigrants from the continent bore every evidence of neglect and oppression. They seem not to have been considered in European statecraft. Today Europe is paying the penalty of this neglect. Instead of orderly progress and development there are sudden bloody revolutions, in which the people imitate the tyranny and cruelty of their old masters. The task of the civilized world is a tremendous one. It must strive to do in a few months what ought to have been the work of centuries.
The British Government is to include in its claim for indemnity the cost of the new Hydro pipe line at Niagara Falls.

MICKEY.

One of the most charming features in "Mickey," to be shown at the Grand Opera House Monday, Tuesday and Wednesday, is a pet squirrel who will go straight to the hearts of all the children. And children serve as a good alibi for Ma and Pa, for most of these things that are for children are like the toy railroad which little Johnny gets for Christmas and never gets a chance to play with because his father has it all day.

The squirrel does a comedy scene with a pet bulldog that is delightfully natural. Mickey's bull terrier makes one dive for the squirrel and Brer Squirrel stands not on the order of his going. He beats it for dear life. Mickey wears boy's clothing during the first part of the play and the squirrel sprouts up her trouser leg.

The hero tries to save the lady from the scheming squirrel, and his gallant efforts look very peculiar to Mickey's foster father, who hastens up bent on murder and sudden death. And then he sees the squirrel and joins the rescue party.

CINDERELLA RETURNS

"Cinderella," Stuart Whyte's third annual Canadian presentation of the standard English pantomimes, will be the offering at the Grand for a return engagement, on Friday and Saturday, April 4 and 5.

This best loved of all fairy stories makes an ideal theme around which to build a musical show. "Aladdin" was a story of magic, "Robinson Crusoe" a tale of adventure, while "Cinderella" is simply of love and romance, easily the prime requisites of success in life or of stage offering.

The story lends itself most admirably for rich stage settings and rare costumes. This fact has been fully appreciated by Mr. Whyte, who has provided eleven scenes of surpassing grandeur, and no less than two hundred and twenty exquisite costume creations, to be worn by the cast and chorus throughout the action of the piece.

To further enhance the production and to insure its utmost success, Mr. Whyte is presenting Miss Zara Clinton in the role of Prince Charming. The name part of Cinderella being in the capable hands of Miss Sue Parker, who is said to be reminiscent of the Marguerite Clark we used to see in similar productions before she became a movie star.

MAKE WOMEN REGISTER FOR MILITARY SERVICE

Paris, April 1.—All women between the ages of 18 and 35 years living in the City of Pskov, Russia, were ordered March 8 by the so-called Bolshevik Government in Estonia to register, with a view to doing military duty, says a report just received by the Estonian staff headquarters.

The report adds that the Bolshevik had 60,000 men on the Estonian front March 8, including 25,000 infantry, with 95 cannon, 30 heavy pieces of artillery and six armored trains. Twenty five of their regiments were made up of Russians, six of Letts and four of various Estonian elements.

FOE ANNOUNCES OFFICIAL POLICY ON PEACE TERMS

London, April 1.—The department of the German Foreign Office having charge of the peace negotiations has reached a decision as to its attitude toward the negotiations, a German wireless message says: The department has decided the German Government should act only in accordance with President Wilson's fourteen points.

Final Decisions Expected

Paris, April 1.—The probability that important final decisions will be taken this week by the peace conference is pointed out by the French Press today. Dwelling upon the French claims the newspapers reiterate their arguments that these are just and legitimate and absolutely necessary for the safety of France and likewise of the world.

The echo de Paris claims to know that in order to insure the security of the French frontier it will be made obligatory upon Germany to destroy her forts on the right bank of the Rhine, with the allies occupying the left bank until the war indemnity is paid. Regarding the indemnities, the experts, the newspaper continues, have admitted that impossibility of Germany's paying enormous amounts during the next two years. The paper says it understands that the payments required will be on a rising scale, yearly, each of the allies to receive its share either in cash or various products.

Tackle Reparation Question Again

Paris, April 1.—When the "big four" resumed its sessions, the question of reparations was expected to be the principal subject of discussion. An effort was to be made to dispose of this problem, which is understood to have been chiefly instrumental in delaying the peace work during the past week.

Premier Lloyd George, it was learned,

INDIGESTION

ed, was prepared to offer a substitute for the French plan presented last week, which proposed that France's share of indemnities be \$16,000,000,000. A prominent financial expert said today that the "big four" had obtained the advice of several financiers in this matter and that he "understood that French proposal had been headed off." While the information did not reveal the exact nature of the financier's advice, he indicated that President Wilson and Lloyd George felt that \$16,000,000,000 was excessive, inasmuch as from \$25,000,000,000 to \$40,000,000,000 has been practically agreed on as the maximum of reparations. He added that the situation is such that the French cannot expect to get an excessive amount.

TO START FLIGHT TO IRELAND FROM NEWFOUND

St. John's Nfld., April 2. Hawker Fixes Date About 10. Confident as to Success of the Venture. Sopwith Aircraft is Being Made Ready.

St. John's Nfld., April 2. Hawker, of the Sopwith aircraft, which an attempt will be made to start from Newfoundland by from Newfoundland and, declared today he expected to start not later than April 10. Both Hawker and his plane are very reticent, but they are very confident in the absolute confidence in the success of the venture. They feel that Sopwith plane will be the first to cross the Atlantic.

The machine was taken to the field in sections, and no arrival of mechanics was expected here, and who were to be on the ground some 24 hours before the pilot arrived. The Sopwith plane was jammed in the miles off Low Point early March 24. There is no indication of the vessel being released unless the wind changes this will delay erection of plane considerably, but because the start of the flight postponed to later than April 10, Hawker insists.

WHEN YOU HELLO! LOOK AT THE

Confusion Over Different Results in Telephone Troubles.

In the matter of long distance service, the confusion of daylight saving offers for no end of trouble and annoyance.

In making appointments, distance conversations, unless they are clear as to what hour or daylight saving—both towns, confusion is inevitable. The peak load of long distance traffic occurs between hours of 9 and 12 in the morning and 5 in the afternoon, majority of business calls during these periods. Suppose a standard time communication in a daylight saving at 1 o'clock. He finds Jones at lunch. On returning to Jones learns of the call and tries to get Brown, but finds now his lunch hour, and must wait for him. Before they have their talk, two full hours are elapsed. In other words, distance-telephone-day, already reduced two full hours and confusion is probable.

The Federal authorities, sided against the adoption of daylight saving, night rates for distance service must be based on standard time.

ARRANGEMENTS BEING MADE FOR PUBLIC

Arrangements are being made for a most interesting meeting at the Grand Opera House next night to start the wheels of the Patriotic League which is a process of formation for this district. All the societies, public bodies of one kind or another are being requested to attend the proceedings will open at 8 o'clock. The Mayor is endeavoring to get the Central Gunn, officer of the Military District Number 1, to attend and speak. He has been informed that has set things in motion so far as entertainment is concerned. A short but excellent programme is being prepared, to include, after invocation, songs and two or three brass bands. The details of the evening will be announced through The Journal.
