In United States \$2.50

LOCAL HAPPENINGS

The best place to live is just within your income.

Holeproof Silk Hosiery in white \$1.00 and \$1.75.—Swift's.

Wouldn't it be great if we bragged about our town while in it as we do when we get away?

Detroit merchants now discount Canadian currency three per cent. The moral is for Canadians to trade at home and change the rate.

4 dozen children's rompers up to 85c. July sale 40c.—Swift's.

There will be a public baptism of several infants at the evening service in Trinity church next Sunday. All welcome. Service at usual hour.

Where you lay your table at the picnic is sure to be the spot where the ants and flies are thickest and it does not take the mosquitoes long to discover the place.

Trinity church Sunday school picnic which was postponed on the 11th inst on account of rain, will be held next Wednesday, 25th inst, at Bright's Grove.

Work has been commenced on Mr. Ray Morningstar's new residence on Huron street. When the dwelling is completed it will be up-to-date in every particular.

Men's fine shirts at \$1.29. July bargains, about 4 dozen.—Swift's.

C. A. Magrath Canada's fuel controller, is urging on householders to secure their supply of anthracite as soon as possible for the coming winter.

An exchange says: "If you find an article it is up to you to advertise it. The law calls a person who neglects to do so by a very saucy name, with trouble ahead."

Old Colored Mammy: "Ise wants a ticket fo' Florence." Ticket agent (after ten minutes weary thumbing over railway guides): "Where the dickens is Florence?" Old Colored Mammy: "Settin' over dar on de bench."

The commodious new bungalow being erected by Mr. Jacob Temple, corner Huron and Warwick streets, is nearing completion. It is modern in design and appointments and will be a welcome addition and attraction to that section of the village.

Rev. S. W. and Mrs. Muxworthy of Dresden, announce the engagement of their daughter, Margaret Blanche, to John Neil Ferguson, son of Mr. and Mrs. J. Ferguson of Forest, Ont. The marriage takes place shortly.

July price men's work shirts, \$1.35, \$1.49.—Swift's.

Watford Public School, as usual, stands in the first rank as far as this year's High School Entrance results are concerned. Fifteen candidates were successful, three of whom obtained honor standing. Only four candidates out of about seventy writing at this centre obtained honors, three of these being from Watford Public School. The principal and students are to be congratulated on their success and high standing, especially as about half the pupils were one year students.

On Wednesday evening, July 11th, the Women's Institute held their regular meeting at the home of Mrs. A. Hay with fifteen members and two visitors present. The meeting was presided over by 1st vice president, Mrs. J. D. Brown, and conducted in the usual manner, the Roll call being responded to by some very amusing stories and brain-twisting conundrums. Further plans were made regarding the annual picnic to be held next month, and communication with reference to community Play Ground was discussed. A most enjoyable feature of the meeting was a talk on "Influence of Dress on Character," given by Mrs. Gillies. The Community Singing led by Mrs. Hicks was indeed greatly enjoyed by all present. A demonstration on "Summer Drinks" by Mrs. Mahon and serving of dainty refreshments by hostess brought a most pleasant and interesting evening to a close.

Men's fine sailor hat. July price \$1.25.—Swift's.

In the redistribution of districts of Masonic lodges of Ontario, adopted at the meeting of the Grand Lodge at Toronto this week, Watford lodge will be one of the 22 lodges in the Sarnia district, which is composed of five Sarnia lodges, Strathroy, Mt. Brydges, Theford, Wyoming, Oil City, 2 Petrolea, Parkhill, Forest, Courtright, Arkona, Alvinston, Napier, Camlachie, Brigden, Inwood and Watford.

First shipment of linens for early fall, direct from the looms, pure linen towelling, 5 yards for \$1.00.—Swift's.

The beautiful little screen star Mary Miles Minter will be presented in her new Paramount picture "Drums of Fate" at the Lyceum, Thursday, July 26th.

The agricultural outlook in this section is particularly bright. Pastures are good and another good hay and fodder crop has been cut. Other crops are very promising. This district is hard to beat and as this becomes more evident every year farm property here should increase in value.

A copy of the Watford Advocate of Feb. 4, 1877, which has just come under notice gives the markets for that week, the prices at that time being far better than the present day considering the value of the dollar then and now. Wheat is quoted at \$1.25, oats 42c, hogs \$7.25, butter 17c, eggs 20c.

Men's bathing suits to clear in July, \$1.00 a suit up.—Swift's.

Watford High School Cadets brought home some valuable prizes, won on Athletic Day at Carling Heights, London, Ford Steadman winning two firsts and a third, Orville Shugg a first and second and Donald Vail a third. In addition to the prizes those winning first prizes received gold medals, second prizes, silver medals and third prizes, bronze medals.

Owing to the illness of Rev. H. V. Workman, the Presbyterian and Congregational churches will hold union services on Sunday; the morning service will be in the Congregational church at 11 a.m., and the evening service in the Presbyterian church at 7 p.m. The Rev. T. DeCourcy Rayer will preach at both services. Everybody welcome. The services will last one hour.

A red globe on a lantern costs only a few cents, but a lantern with a red globe hung on the back of a buggy or wagon when such vehicles are driven on the highway at night has been known to save human lives and property. To be sure, there are not many in this district who drive buggies and wagons any more, but for the benefit of the few we throw out the suggestion.

Full stock of men's light weight combinations, short legs no sleeves, \$1.00 per garment.—Swift's.

There has been an anxious time among the entrance candidates this year awaiting the report of the examiners. It has been the custom in East Lambton heretofore, and very properly so, that as soon as a report was received from Toronto the local papers were furnished with the list of successful candidates and these papers bulletined said list in the districts where no papers were issued. Everyone expected this practice would be continued and enquiries from the teachers interested led one to believe that such would be the case. Instead the report was sent first to a London daily paper with a limited circulation in the riding and the weekly papers ignored until later. The public would like to know why this usage has been changed, thus depriving those who are not readers of that particular daily paper of the privilege of receiving the information at first hand. A custom of 40 years standing should not be changed without a valid and substantial reason. It is to be hoped that in future the newspapers and people of East Lambton will be given the preference in this matter that they are entitled to.

Buy overalls now \$1.50 a pair, blue and blue stripe.—Swift's.

Seven valuable milk cows, six belonging to M. Buchner and the other to H. Pearce, were killed on the C. N. R. track just west of the village by a fast freight about 4.30 Wednesday afternoon. Six were killed outright and the seventh was so badly injured that it was necessary to slaughter it. It appears that Mrs. Buchner and Miss Pearce were bringing the cattle home from the pasture field south of the railroad track. Seeing a train coming from the west they held the cattle inside the gate until the train passed, then let them go across the tracks towards home. By the time the animals got onto the track a fast westbound train was upon them, killing six instantly and scattering the remains in all directions. From where the women were holding the cattle the view of the track eastward was obscured, and not expecting a crossing of trains at the point thought the cattle safe after the eastbound train had passed. It was a pure accident and ordinary caution was observed by all interested. The animals were all good milking cows and worth \$80 or \$90 each. The loss is a heavy one, especially to Mr. Buchner, who is in the milk business.

All our accounts must be collected before the end of the month, or costs will be added. Pay yours today.—I. H. Newell, Blacksmith.

Sarnia's building record for July has been given a substantial boost by the issuance of a permit to Dr. J. F. James, Christena street, and W. Reid, Wellington street, for the construction of a brick and block building at the corner of Cromwell and Christena streets, at an estimated value of \$35,000.

While repairing their lines some time ago workmen employed by the Colchester North Telephone Company left a wire down. James W. Bertrand, of Amherstburg, drove into it and damaged his car to some extent. F. H. A. Davis, his solicitor, took the matter up with the Company and made a satisfactory settlement.

Alex. MacCausland, who has been residing on the farm of Charles Murphy, near Strathroy, was found dead in bed Thursday. Dr. Sawers of Watford, was summoned and he in turn called in Dr. A. S. Thompson, the coroner, who decided that an inquest was unnecessary. Death was due to hemorrhage of the brain. The deceased was 49 years of age and is survived by three children. He originally came from Grey County, near Owen Sound.

Work on the new \$14,000 bridge over the Sydenham on the Strathroy road is well under way, and a result that road is closed to all traffic, entrance to town being had by way of Victoria street or the Creamery road. The river is being straightened and broadened by cutting off about 25 feet of the north bank, and filling in a portion of the south end of the present bridge site. The bridge over the small branch of the river is being filled up and the roadway is being widened.

UNREFRESHING SLEEP

If You Are Tired Out When You Arise in the Morning Read This.

The woman who is tired out, who aches all over when she rises in the morning, who feels depressed most of the time, needs just the help that Dr. Williams' Pink Pills can give her—new blood and strong nerves.

The number of disorders that are caused by thin blood is amazing and most women are careless about the condition of their blood. Quickly the nerves are affected and the patient becomes irritable, worries over trifles, does not sleep well as formerly and is not refreshed by rest. There may be stomach trouble and headache. This is a condition that calls for Dr. Williams' Pink Pills.

Give Dr. Williams' Pink Pills a fair trial and the first sign of new life will be noticed in your appetite. You will be hungry at meal times. As the blood becomes enriched it feeds and soothes the irritated nerves, sleep becomes sounder and more refreshing, your worries become less, your work lighter. These are some of the things that these tonic pills do. Try them for any trouble caused by thin blood.

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brookville, Ontario.

When a mother detects from the writhing and fretting of a child that worms are troubling it, she can procure a reliable remedy in Miller's Worm Powders which will expel all worms from the system. They may cause vomiting, but this need cause no anxiety, because it is but a manifestation of their thorough work. No worms can long exist where these Powders are used.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.

Children Cry FOR FLETCHER'S CASTORIA

THERE were 1021 forest fires reported in Ontario last season. The vigilance of the fire rangers kept 53 per cent. of these down to a size not exceeding five acres. But yet the total area burned was over 346,000 acres—equal to a strip of forest one mile wide from Toronto to Cochrane.

Of the total number, only 52 were lightning fires. In other words, out of every 100 fires, 59 fires were due to man's carelessness and were preventable.

Accordingly, the problem of forest protection in Ontario calls for the co-operation of the whole citizenship of the Province. If reasonable care be exercised by everyone in the woods to prevent the start of fire, our forests will be safe. Railway officials, campers, prospectors, lumber firms, settlers, construction firms—all can help by being careful of fire in the woods, and by joining hands with the press, the leaders of public opinion, and the business men of Ontario, in prompt educational propaganda to reduce forest fires.

business on hand.

Miss Reta Mathews and Kenneth Mathews are holidaying in Leckport and Olcott Beach, N. Y.

Mrs. Major Chesham and family of London are spending a pleasant week at Chantry Farm, the home of her parents.

Mr. I. A. Case of East Tawas, Mich., called on relatives last week. Mr. and Mrs. R. Pollock and family left this morning for a month's trip to Buffalo, N.Y.

MRS. R. C. TAPP PASSES AWAY

Suddenly, on Thursday evening, June 14th, 1923, Pearl Doan Tapp, in her thirty-second year, beloved wife of Roy C. Tapp, died in the Biggar Hospital. She was born in Watford, Ontario, but since her marriage, thirteen years ago, has lived at Triumph.

The funeral service, was held in the Triumph church on Sunday afternoon, June 17th, 1923, conducted by Rev. I. B. Naylor of Biggar and Mr. Barker, pastor of the Triumph charge. The church was filled with a sorrowing congregation. The many floral tributes showed the high esteem in which the deceased was held. Mr. Naylor in the course of his address spoke feelingly of the life of the departed. Mrs. Tapp was a woman of kindly disposition, a respected citizen of the community, a faithful wife and a most affectionate mother. Of her it might be truly said "Blessed is the memory of the just."

After the service in the church interment took place in the Biggar cemetery. Mr. Barker performing the last sad rites.

Besides her husband she leaves two sons, Frank and Harold; four daughters, Verla, Agnes, Ella and Evelyn; her mother, Mrs. Teeple of Watford, Ont.; five brothers, Rev. Arthur E. Doan of Ridgetown, Ont.; Orville Doan of Leamington, Ont.;

William Doan of Watford, Ont., and S.S. Doan of Regina, Sask.; four sisters, Mrs. T. Morgan of Windsor, Ont.; Mrs. J. Fuller, Arkona, Ont.; Mrs. D. Roberts, Watford, Ont.; Mrs. Albert Clark of Allen, Sask.

The sympathy of the community goes out to the bereaved husband and the six motherless children in their sorrow.—Biggar Independent.

THE FORD DEALERS PICNIC

Ford dealers throughout the county are preparing plans for their annual picnic to be held at Crinnians and Bright's grove on Wednesday, August 8th. The event this year is expected to exceed last year's affair when close to ten thousand people thronged the beaches at the popular up lake resorts.

Behind the picnic this year are E. A. Rawlings of Forest, G. A. Hadden, of Alvinston; Jas. Sinclair, of Brigden; Willis Brothers, Oil Springs; Ray Morningstar, Watford, and Stonehouse Bros., Petrolia. These dealers have been working for weeks on the affair and their one aim is to make the function one that will be talked about until the 1924 affair comes around again.

Best 1922 Event

Last year's Ford picnic, held at this resort, the first ever staged, was perhaps the most successful picnic, both from an attendance viewpoint and for all round satisfaction, that has ever been held in Lambton county.

Races for the Ford owner and every one of his family and the families of his friends are being arranged. The features will include everything the original minds of the promoters can think of and with the one aim of pleasing everyone in attendance the efforts of the committee has been directed toward making the second annual Ford picnic even greater than the one that went before.

ADDRESS AND PRESENTATION

A very pleasant evening was spent at the home of Mr. and Mrs. Coke on Monday, July 16th, when the members of Walnut Sunday School presented them with a handsome electric reading lamp as a slight token of appreciation of the services rendered by them during their life at Walnut. The following address was read:

Dear Mr. and Mrs. Coke:

We have gathered here tonight to show in a humble way our appreciation of the associations we have enjoyed with you and to express our gratitude for the many benefits we have derived from those associations.

In Sunday School and church you have been leaders among us and your lives stand as an object lesson of duty performed through love of serving.

Your undaunted courage in surmounting the hard tasks of life has been an evidence of your true depth of character.

We ask you to accept this lamp as a slight token of our love and esteem. May it ever serve to brighten the corner where you are and keep shining the bonds of friendship formed at Walnut.

With best wishes and prayers that your future may ever be surrounded with God's presence and friendship the crowning joy of life.

Signed on behalf of the Walnut Congregation, John Zavitz, Clarence Dolbear.

Mr. and Mrs. Coke made suitable replies thanking the people for their gift. After the presentation all enjoyed themselves with games and music. Lunch was served and the gathering ended by singing the National Anthem.

Christ Church Cathedral, Fredericton

Fredericton, the capital of New Brunswick, was one of the cities visited by the Canadian Weekly Press Association on their itinerary over the Canadian National Railways recently. The city, located on the St. John River, is one of the prettiest in the Maritime Provinces. It has a population of 10,000 and contains many beautiful homes as well as the Parliament buildings, University of New Brunswick, Geological Museum and Christ Church Cathedral, one of the stateliest religious edifices in Eastern Canada. Splendid motoring roads connect with the main highways of New Brunswick, Nova Scotia and the New England States. The photograph shows Christ Church Cathedral, which is patterned after the type of old English churches found in the motherland. It contains a beautiful stained glass chancel window presented by the Episcopal Church in the United States.

GOOD MONEY IN GOOD FARMING

"Let's Get to Work and Pay Off the Mortgage"

NINE years ago Canada's national debt was about one-third of a billion. It is more than two and one-third billions today.

Our debts have greatly increased—our revenues must also go up. The farmer has to bear his share of the increased burden. That means he must increase his revenue.

Complaint has been heard that farmers under present conditions in Canada cannot make farming pay. And yet many thousands of Canadian farmers do make it pay.

How Is It Done?

Patient and industrious "carry on" will do wonders, but something more is needed. Too often "patient industry" is coupled with "dull persistence" in poorly thought out methods.

Farmers today more than ever, must plan ahead, as well as "plug along"; indeed they have no option, if they wish to succeed.

Co-ordination of head and hand will mean real success. Farming in Canada has paid and pays now on many farms. It can be made to pay on almost every farm. Canadian agriculture has passed through low profit-making eras successfully in the past and can do so again.

Crop Returns Should be Increased

On the Central Experimental Farm at Ottawa some crop costs and crop profits in 1922 as contrasted with all-Ontario average crop costs and crop profits are given below. The all-Ontario figures are in brackets:

	Cost per acre	Profit per acre
Hay	\$21.13 (\$33.50)	\$11.21 (\$5.09)
Corn for		
Forage	\$47.50 (\$33.75)	\$10.38 (\$2.86)
Oats	\$26.47 (\$19.32)	\$ 7.33 (.04)

Similar results can be shown from the Dominion Experimental Farms in every province.

Experimental Farm crops are sometimes claimed to be produced at too great cost. Thousands of experiments, however, show that increased cropping costs wisely applied up to a reasonable point always increase crop profits. This is true on the Experimental Farm—and on any and every farm.

With the increased cost of production, the higher standards of living now prevailing cannot be maintained by poor farm management, "boarder" milkers, scrub heaves, poor quality hogs or non-profitable hens.

That even under present conditions profits may be made is testified by many skilful, observant and non-plunging farmers, who believe more in the policy of "slow but sure" and "pay as you go" rather than speed, with excessive borrowing and the often consequent disaster.

The results on our Experimental Farms also bear testimony to the value of thorough, skilful work.

The Farmer Must Manufacture

But crops alone are not enough. The farmer must change his crops into less bulky and more high-priced products—milk, pork, beef, mutton, poultry, etc.

With fair yielding cows dairying shows good profits in Canada. The average cow has increased her yield 25% in the last ten years. She can quite readily go up another 25% and more, and there's where the profit lies. Better feeding, better selection and better breeding will do the job—feed, weed, breed.

To do better feeding means better pastures and more generous supplies of palatable roughage. Short rotations including clover and ensilage crops (corn, sunflower, pea and oat, etc.) will provide feed in abundance for both summer and winter. The experiments and investigations which the Dominion Department of Agriculture have carried on prove that farming scientifically and systematically undertaken will pay profits. The records and particulars of such work in every province are available to the Canadian farmer.

Are you growing grain, or producing seed or interested in fruit? We can give you information that will help you. Do you breed live stock? Are you keeping dairy cattle? Are you interested in poultry or bees? Ask us for information. We have some that will help you.

We have published and have for free distribution, 200 different reports, bulletins and circulars dealing with matters of interest to you. Ask for what you want, or for a list of our publications.

We shall have something more to say later. Meantime write the Department of Agriculture, Ottawa, about your problems.

NOTE AND COMMENT

Ontario is to have an expert financial adviser under the new government. Hon. Howard Ferguson has stated that this is one settled item of their policy.

There is supposed to be a law making headlights non-glaring, but it does not seem to be much observed around these parts. The law is a good one and a few prosecutions for its non-observance might have a statutory effect.

The salary list at Queen's Park, Toronto includes \$12,500 annual remuneration to the Prime Minister, Cabinet ministers \$6,000, leaders of the Opposition groups \$1,500 over and above the \$1,400 indemnity, and private members \$1,400 indemnity.

Despite reports of adverse conditions in the prairie provinces, Saskatchewan officials estimate that after paying all expenses the farmers of that province last year had \$100,000,000 in net proceeds to apply on debts.

There were thousands of votes in the Province not polled on June 25. The Post believes in compulsory voting so that careless electors would be compelled to exercise their franchise or forfeit it. If this were the case, and personal canvassing cut out, the probabilities are a better verdict would be obtained than is sometimes the case.—Brussels Post.

Vice-President Marchall of the United States is a candidate for Mr. E. W. Bok's \$100,000 prize for the most practicable method of preventing war. He suggests that a vote to determine whether war shall be waged shall be taken by the people who are to do the fighting and pay the bills.

Chatham News: Eggs differ in size as well as in quality, and it seems scarcely fair to ignore quantity in buying or selling. It would not be fair to charge the same price for a pint of milk as for a quart. Why pay as much for an egg in the bantam as for one in the heavy-weight class?

Up to the present time under English law a man could obtain a divorce from his wife on the ground of infidelity on her part, but a woman, in order to obtain a divorce from her husband, had to prove cruelty on his part as well as infidelity. Under a new bill just passed a woman can obtain divorce on the same grounds as a man. This is only justice and the law should never have been otherwise.

Kincardine Reporter: We don't know how the fair sex voted, but if they all voted, dry, then their husbands must have put over an awful joke on them. Very few wet candidates have been beaten. We would just like to know what proportion of women voters there are in the Province. If they are in the majority, then we want to ask who is to blame for all these wet candidates being elected to the Legislature.

Woodstock Sentinel-Review:—It is said that cherries are left unpicked in the Niagara district because it does not pay to pick them. It is really an old story. Apples by the ton are left to rot in the orchards of Ontario every season, and yet during part of the year it is almost impossible to buy a decent Ontario apple. Nature is generous, but apparently we don't know enough to make a proper use of her gifts.

Even if the Prince of Wales' visit in September is not of an official nature he will be warmly welcomed. He has several reasons for interest in the Dominion in which for the same reasons his popularity is great. The heir to the throne served for a period with the Canadian forces overseas and won the esteem of the troops. He has since shown his belief in the future of the country by purchasing a ranch, which, though unable to visit it often, he has stocked it with pure-bred stock and which is contributing to raise the standard of cattle in the district and country.

Galt Reporter:—Don't be a holiday hypocrite and go off to have a good time yourself and leave "Roger" and "Tabby" and "Dicky" to look after themselves. There is always a way, and usually at little trouble and expense, by which the family pet can be looked after when the family is out of town. Don't lock the door with them on the outside or the inside to live the life of a wild thing and to become a nuisance, both to themselves and to the neighborhood at large. For if you do you certainly do not deserve to have a decent holiday yourself.

More than four years have passed, and we are now able to measure with a good deal of accuracy what the Mother country has done in the way of clearing up her problems. As a basis to what followed, she last year balanced her budget, and had a surplus of \$1,000,000,000. She has funded her debts to other countries and has got well along on a plan of systematic payments. In particular, she has made an adjustment with the United States which provides for the reduction of her debt every year. True to her pledge, the first semi-annual payment for 1923 reached New York the other day. It makes one's blood tingle with pride to see such a fine demonstration of courage and dignity.—Ottawa Journal.

London Advertiser:—Manitoba registered a wet vote three weeks ago, and on Wednesday gave a dry count. It favored the government sale of liquor, but it put its foot down on the plan of the Wine and Beer League for the sale of wine and beer with meals in hotels. Even on a question of so great importance the total vote cast was small. It would have been thought the first vote would have done two things. (1) encourage the wets to come out and follow up their first victory and (2) rally the dry forces to work and vote to make up the ground they had lost. Apparently it did neither of these things. Had the people of Manitoba voted for the sale of beer and wine with meals in hotels, it would have been equivalent to a semi-restoration of the open bar, and there is not a province in the Dominion willing to make any move in that direction.

The Amherstburg fair grounds will be sold under mortgage on Saturday, July 28th.

The Alvinston council is asked to contribute \$100 in order to secure the Corn Show for that village next February. No action has yet been taken.

The Utilities Commission of Alvinston will extend fire protection to the south part of the village and water mains will be laid in that section at once.

Mrs. Ann Munroe, of Arkona, was honored on her 97th birthday celebrated at the home of Mrs. J. W. Stevens of Arkona, on Sunday, July 15. Among the fifty descendants present from Royal Oak, Detroit, Kinde, Sarnia, Petrolia and Glencoe, were her daughters, Mrs. M. Hagle of Royal Oak, Mich.; Mrs. A. Fraser of Petrolia, Mrs. J. W. Stevens and son, and Wm. Munroe of Arkona.

The marriage was solemnized Wednesday July 4th, of May Smith, daughter of Alexander Smith, of the second line, Adelaide Township, to Fred Sullivan, son of Reeve John N. Sullivan, the Rev. R. Bruce of the Presbyterian church, officiating. The popular young couple left by train for Woodstock, Niagara and other Eastern points. On their return Mr. and Mrs. Sullivan will reside on the groom's farm on the second line.

Leslie Mayhew, son of Mr. and Mrs. W. A. Mayhew, of Thamesville, had the misfortune to fall and break both bones in his left arm, while playing at the annual union picnic of the Anglican and Presbyterian Sunday Schools at Government Park last Wednesday. Dr. Pickard, of Reno, Nevada, who is summing at the park, attended to the injuries, putting the arm in splints.

James Clark, a well known resident of Bosanquet, died at his home 4th line, on Friday last, after a long illness, aged 69 years. He is survived by his widow and three sons, William in Stratford, and Frank and Charles, at home. One brother, Chas. Clark, also survives him. Another brother died in Manitoba seven months ago. The funeral took place to Pinehill cemetery on Sunday afternoon. The service was conducted by Rev. David Williams, and the members of the Orange Order, of which deceased was a member.

Mervin, two-year-old son of Mr. and Mrs. James Goldrick, lot 6, concession 7, Metcalfe Township, was drowned in a pond on the farm on Saturday. The baby with a sister had gone as far as the gate with an older brother and then returned to the pond, which is near the barn and at no great distance from the house. Later the sister returned to the house and when questioned by an elder sister as to the whereabouts of the baby said that he was playing at the pond. Hurrying to the pond the sister found the body of her tiny brother in the water.

Mrs. William Brooks, for a long time a resident of Wyoming, celebrated her 93rd birthday on Saturday 7th inst. Mrs. Brooks was born in Glasgow, Scotland, July 7, 1830. Her parents were Mr. and Mrs. McNaughton, for many years residents of the 2nd line west, Plympton. Mrs. A. Forsyth, and son, Mr. W. A. Forsyth, of Standish, Mich.; Master Billy Wyers, Mrs. Forsyth's grandson of Lapeer, Mich.; Mrs. E. J. Goulding, and Mrs. C. W. Johnston, of Detroit, motored here to spend the weekend with their mother, grandmother and great grandmother. Mrs. Charles McKitrick and children, of Petrolia, also spent the day with her and many of her old friends called to congratulate her. The community joins in wishing her many more years of health and happiness.

Asthma Victims.—The man or woman subject to asthma is indeed a victim. What can be more terrifying than to suddenly be seized with paroxysms of choking which seem to fairly threaten the existence of life itself. From such a condition Dr. J. D. Kellogg's Asthma Remedy has brought many to completely restored

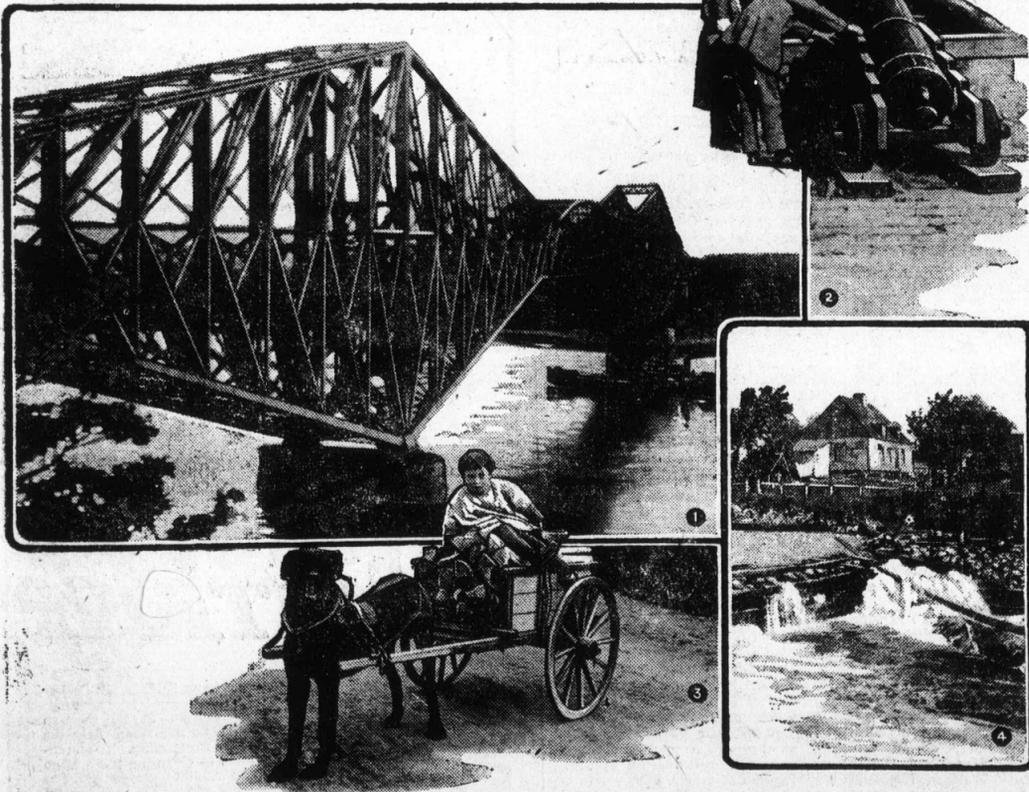

health and happiness. It is known and prized in every section of this broad land.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling

qualities have brought it to the front and kept it there. and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

The Most Romantic City in North America

1.—The Quebec Bridge which spans the St. Lawrence, seven miles above the city; 2.—An ancient cannon on the old ramparts of Quebec; 3.—A Quebec Habitant boy with his picturesque equipage; 4.—A typical bit of rural scenery a few miles from Quebec City.

Quebec City, the Gibraltar of the New World, was one of the chief points of call in the itinerary of the Canadian Weekly Press Association over the Canadian National Railways recently. It was a place of intense interest to these publishers and editors, for Quebec is the cradle of the history of Canada. There France's domination of Canada began and there it died, leaving the way open for British dominion over, and the confederacy of the provinces from coast to coast, under one Parliament, one flag and one king. There on the ramparts of the citadel commanding the St. Lawrence, the phantom figures of Champlain's soldiers keep

company with the khaki clad sentinel of the present day garrison force.

Quebec is a city with an individuality. It is unlike any other city in North America. It is a city of contrasts. Beside a fine modern building one finds a structure with windows heavily shuttered, with massive doors, and walls of thick grey masonry, typifying the days when Quebec was a fortress and the stronghold of the continent. From the spacious width of the Grand Allée one has to walk but a few steps to find a street so narrow that two persons may shake hands across its width. From the modern post office it is only a short distance to the walls which girded the city in the

days of siege. A stiff short climb will carry one from the new railway station to the ancient St. Louis gate, through which the dying Montcalm rode after his defeat by Wolfe on the nearby Plains of Abraham. The swiftly propelled automobile passes by, without a salute, the quaint, slow going calèche.

A few miles above Quebec stands the famous Quebec bridge, the greatest undertaking of its kind in the world. Across it the Canadian National Railways runs into the heart of the city. It has a total length of 3,240 feet hung between two cantilever arms of 1160 feet. The suspended span is stung high enough above the water to allow the tallest masted

ship to pass beneath with ease at highest water.

The harbor front at Quebec is a busy spot in summer. It is the port of call of ocean liners and trans-Atlantic freighters and a great volume of business pours in and out of this port during the months of open navigation.

Quebec is the centre of the country populated by the Habitants. These people, who correspond to the peasant of France, live in a simple way, and are open-hearted in their hospitality to the stranger in their community. In their quaint but tidy homes the spinning wheel may be seen in use and many picturesque fashions to be found nowhere else on the continent are still in vogue.

PLYMPTON

On Saturday, Mr. A. G. Minielly received the sad news of the death of his son, James A. Minielly, by drowning. Jim, who was a theological student at Queen's, was doing mission work for the summer at Lightwoods, Sask. He, in company with some others, was in bathing when, without a struggle or sign, he disappeared beneath the water. The body was recovered in about fifteen minutes but life was then extinct. The remains are being sent home for burial. The bereaved family have the sympathy of the entire community. Jim was a young man loved and much respected by all who knew him. And though his life work was just beginning, the memory of him will long be treasured in the hearts of those who knew him best.

"He shall not grow old, as we that are left grow old, Age shall not weary him, nor years condemn; At the going down of the sun and in the morning, We will remember him."

PETROLIA

Miss Flora McDonald and brother George left on Monday for New York. They sailed from that city for Peru, South America. Miss McDonald has signed a three year contract to teach at Talara, and George contracted with the International Petroleum Co., at Negritos, for the same period. Their many friends wish them success.

Another of Enniskillen's highly respected residents, in the person of Mrs. David Brand, passed away at the C.E.E. hospital, Petrolia, on Wednesday, July 11th, after a long and trying illness, aged 38 years. Deceased, whose maiden name was Nina Rovina McDougald, homestead, Enniskillen, on May 12 1885. On December 5th, 1910, she married Mr. David Brand, and moved to lot 11, con. 6, Enniskillen, where she has resided ever since. Mrs. Brand is survived by her husband and four children, David, aged eleven; Jean, aged nine; Robert, aged four and Rosina, aged three; also one sister, Mrs. Herbert Trott, Oil City, and a brother, Duncan A. McDougald, Sarnia. The funeral took place Friday afternoon when the remains were interred in Hillsdale cemetery.

The modern method of selling by Long Distance

The history of material progress is based on substituting non-fatiguing machinery for human labor, wherever possible.

No merchants in the world have ready to their hands such an extraordinary aid to making sales as is afforded by the Long Distance lines in Canada and the United States.

"Men differ," said Charles Darwin, the great scientist, "less in capacity than in their determination to use the powers they have."

Are you deriving the fullest advantage from Long Distance service? We can make you a report on how Long Distance is being used successfully in almost any business to increase sales.

Every Bell Telephone is a Long Distance Station

TWO THINGS THAT HURT THE EYES

A person has been known to say, "I have ruined my eyes by reading too much." Not so—the eyes were made to use. One sure way to permanently injure the eyes is

READING BY INTENSE LIGHT

The light should come through ground glass to soften it. Never use clear glass for either gas or electricity. Oil lamps give out a soft light, therefore clear glass chimneys.

READING BY DIM LIGHT

Take our advice—do not read or sew by a dim light—it will be a direct strain upon the sight centres of the brain. On these two things hang the fundamental laws of sight economy. Never use cheap or pick-up glasses—come to us for advice about things optical.

Everything needful here.

Take good care of your vision!

CHOICE SEED WHEAT

The Corn, Grain and Seed Growers' Association of the Co. purpose to build up a source of supply of choice farm seed. The Field Crop Competitions are designed for that purpose. The Fall Wheat Competition which has only been in existence two years, is making good progress. The fields which have been judged in the past week show a marked improvement in purity of variety.

The winner of the competition has to reserve 100 bushels of seed wheat from the winning field. The Lambton Corn, Grain and Seed Growers' Association shall have the first option to purchase the wheat for seed. The Association is indebted to the Lambton Loan & Investment Co., of Sarnia, for donating a fine silver trophy to be offered as first prize until won three times by a competitor. The standing of the fields for the season of 1923 are—

- 1st—Alfred Hillier, Sarnia Tp., O.A.C. 104.
- 2nd—W. J. French, Bosanquet Tp. O.A.C. 104.
- 3rd—Harry Sheller, Sombra Tp., Golden Chaff.
- 4th—Wm. Stenton, Sombra Tp., Genessee Reliable.

The first, second and fourth are the purest as to variety.

SHE SUFFERED FOR EIGHT LONG YEARS

Mrs. Harper's Stomach, Kidneys and Liver were in a Terrible Shape Until Her Husband Discovered Dreco—This Great Herbal Remedy Speedily Restored her Organs to their Normal Functions.

Mr. William Harper, of 152 Giles street, London, Ont., had worried for years over the distressing physical condition of his wife. She had scarcely known a well day for eight long years and while she persevered with her household duties, it was under a handicap of acute suffering, and as is the case of so many men and women, caused by a badly run-down condition. How speedily she responded to the remarkable corrective properties of Dreco had best be told by Mr. Harper himself.

"For the past eight years," says Mr. Harper, "my wife has been a sufferer from stomach trouble. Terrible bloating after meals and gas pressure against the heart caused great pain. Even a drink of cold water would sour and form gas. She was constipated all the time, in fact, never missed a day when she did not have to take a laxative. Her kidneys were in bad condition and caused severe headaches. Dizzy spells, and spots floating before her eyes and nervousness all told of a sluggish liver."

"It seemed the first few doses of Dreco gave her relief and I cannot praise it enough for the good it has done her. She is now practically rid of all her troubles and is able to eat her meals with great enjoyment and no bad after effect, and she wakes up in the morning feeling fine and refreshed."

Dreco is a never failing source of relief to those suffering from internal ailments. Its natural tonic and regulating action on stomach, liver, kidneys and bowels quickly restores them to their normal functions and replaces misery with glowing health and strength. Dreco is made only from herbs, roots, barks and leaves and contains no mercury, potash or habit-forming drugs.

Dreco is being specially introduced in Watford by the Siddall Drug Co., and is sold by a good druggist everywhere.

LAMBTON COUNTY PLOWMEN MEET

The meeting of the Lambton County Plowmen's Association held in the Agricultural office, in Petrolia, on Saturday evening was largely attended. To make the International Plowing Match and Machinery Demonstration, which is to be held on the London Road near the city of Sarnia on October 17th, 18th and 19th, the biggest event of its kind ever staged in America was the keynote of the meeting. All the directors present were enthusiastic and prepared to each do his part in making the event a success.

The County Plowing Classes are an added feature that should attract a large entry of young plowmen from each township. The Forest Branch of the Ontario Plowmen's Association is offering three Township Classes, open to young men of Bosanquet, Plympton and Warwick, under 21 years of age and who have never won a first prize in a plowing competition. There will be four prizes in each class: 1st \$10, 2nd \$8, 3rd \$7, 4th \$5.

A similar competition will be offered for the young men of the other townships of the County. All young men wishing to take part in these competitions should get in touch with the Township Directors or the Secretary. An expert plowman will visit each township to instruct the young men desiring to take part.

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints.

They are an absolutely safe medicine, being guaranteed by a government analyst to contain no opiates or narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FOREST

Clare Vincent has gone to Ailsa Craig where he will open a general store. Since the big fire of a few weeks ago there has been a good opening for business. Mr. Vincent's many friends here wish him success.

Mrs. Alice O'Brien, Miss Jessie O'Brien, Mrs. H. B. Stoddart and Miss Edith Tripp left on Tuesday on a pleasure trip to points in Alberta and British Columbia. They will be away several weeks.

Mr. and Mrs. J. H. Pickering, Miss Nina and Master Jack left this week for their new home in Listowel. Several social events preceded their departure, and the missionary society presented Mrs. Pickering with a life membership.

Mr. and Mrs. R. V. Morrison and son Clifford, of Victoria, B.C., arrived in Forest on Thursday on a visit to Mr. and Mrs. W. W. Kemp and Mrs. A. L. Morrison. They made the trip by automobile covering the distance of 3,000 miles in 12 days.

MOTHER OF TWIN BOYS

Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."—Mrs. ELMER A. RITCHIE, 82 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Ritchie's experience is but one of many.

THE 12TH AT CHATHAM

15,000 Visitors Present—Over 100 Lodges Represented in Four-mile Parade.

The Orangemen from Lambton who attended the monster demonstration at Chatham on Thursday proclaim it as one of the biggest and best Orangemen's celebrations ever held in Western Ontario. Over a hundred lodges, representing approximately 15,000 visitors to the city, took part in the annual walk, ending up at Tecumseh Park, where a program of speeches and sports was staged. The parade was fully four miles in length. The celebration was attended by lodges west of London in Ontario and about ten lodges from the State of Michigan. It was in a large measure an international celebration, the Stars and Stripes and Union Jack entering with equal prominence into the decorations for the occasion.

The prize for the best dressed lodge went to Mitchell's Bay, L.O.L. No. 2127. Best banner lodge was London No. 2170. The largest primary lodge in procession was Chatham L.O.L. No. 1041, while the ladies of Sarnia carried off the prize for the best dressed ladies' lodge.

Rev. Canon Perkins, rector of Christ Church of this city, presided over the program of speeches, which included addresses from Rev. Dr. S. E. McKegney of Ford, Ont.; Rt. Wor. Bro. E. T. Essery, K.C., of London, Past Grand Master; Rev. Bro. C. E. Draper of Niagara Falls; Wor. Bro. W. Lowell, Past Grand Master of London; Bro. J. Bailey, District Grand Master of Ontario West, Windsor; Bro. R. E. Leseur of Sarnia; Rev. Bro. McDonald, Sarnia; Rev. Bro. A. E. Jones, this city; Rev. Bro. Dobson of Tilbury, and Rev. Bro. C. Kaine of Thamesville.

At the opening of the program the freedom of the city was extended to visiting brethren by Mayor Harrington. Several of the speakers dwelt upon the great principles of the Order and the growth of the lodge in Canada.

The speech of the day probably was delivered by Rev. Bro. McKegney of Ford, who gave a recital of the events in Ireland which led up to the political crisis in that country. Rev. McKegney was in Ireland during the time when the trouble was at its height. He stated that since coming to this country he had come in contact with certain propaganda which intimated that Ulster would eventually join the Irish Free State. He branded this propaganda as false and stated that this condition of union would never be brought about.

There was considerable interest in the athletic contests held during the afternoon. A great deal of this interest centred in the baby show, the following being the popular winners: Babies from one to six months, May Siddall and Jack Carrick of Chatham; babies of six to twelve months, Marion Kitchen and William Thompson, also of Chatham. The judges were Dr. McRitchie and Dr. Woods.

The "Fly" Cop

HERE we have I. Knockem Dead, the fearless fly hunter, with his famous Flyosan fly gun. Mr. Dead takes considerable credit himself but it is really Flyosan that flies fear.

Flyosan just can't stand Flyosan. A few sprays of this wonderful non-poisonous liquid will clear any room of flies inside of five minutes.

Flyosan's pleasant aromatic odor quickly disappears when a room is aired. It will not stain. It kills practically every kind of insect pest such as mosquitoes, roaches, bedbugs, ants, moths and lice.

Get a can today. A complete outfit containing a pint of Flyosan and sprayer costs only \$1.00.

WATFORD, ONTARIO

Duncan J. McKellar, Ekfrid township farmer living on the Appin road about half a mile east of Glenoe, went into the mow of his barn about 8 o'clock Wednesday morning to close the trap door in the gable through which the hay fork is operated. To accomplish his object he supported himself on the trip ropes of the hay fork, which gave way un-

der his weight, and he fell to the ground, a distance of 35 or 37 feet. Dr. McIntyre was called and found Mr. McKellar to have broken both arms and sustained a dislocation of one hip, besides other injuries. Mr. McKellar was reported in the afternoon to be resting quietly, and the doctor has strong hopes for his recovery.
