

NO MORE FIGHT ON AUTO SMASH

Inquest Into Cooksville Accident Again Adjourned for More Evidence.

DID THE AXLE BREAK?

One Car Was in Slight Accident Before Going on Night Run.

The inquest being held by Coroner Johnson to inquire into the death of Arthur Brooks, who died in the Toronto General Hospital as the result of injuries sustained when the automobile in which he was riding crashed into a tree on the highway about three-quarters of a mile east of Cooksville in the early morning of Sept. 25 was again adjourned last evening until Tuesday, Nov. 4.

No evidence was given at last night's enquiry that could throw any further light on the real cause of the accident.

Much of the evidence given previously was heard again last night.

Levell Mickles, owner and driver of the first car, stated that those in the Nordheimer car had said that they had passed the wrecked car between the time it had struck the tree and toppled over, but he could not explain how the two cars had passed each other when questioned by Crown Attorney Green.

Walter Jones, who was one of those seated in the rear seat of the wrecked car, along with Brooks and Thombs, thought that the car had tilted sideways a short while before it struck the tree. He was of the opinion that the wheel coming off or the breaking of the rear axle would cause this, but could not say whether either of these had occurred.

It was shown that the Nordheimer car had been damaged on the same day as the Cooksville accident, but no evidence was produced to show that it had anything to do with the accident.

Much argument arose over Arthur Visek giving evidence, Mr. Wright, who was sitting for those who had been in the accident, wanting to know whether he was offering expert evidence.

Coroner Johnson satisfied him that Visek was merely a witness for the crown. Despite this fact, however, Wright objected several times when Visek's evidence verged on that of an expert.

The accepted evidence of Visek was merely the identification of pictures taken at the scene of the accident and of the wrecked machine.

CONTRACTOR HAD TO PAY TRIBUTE

W. J. Conners of Buffalo Did Collecting for Murphy, Testified Hennessy.

NEW YORK, Oct. 31.—(Can. Press.)—John A. Hennessy, former Governor of New York, who has been campaigning against Tammany Hall, testified on the witness stand today and declared that Wm. J. Conners of Buffalo had admitted having collected \$25,000 from James Stewart, a state barge canal contractor, at the request of Charles F. Murphy, Hennessy said that the first witness in the John Doe proceedings instituted by District Attorney Whitman to investigate the charges made by Hennessy against Murphy, Edward E. McCall, the Democratic candidate for mayor, and others.

Hennessy said that he had seen Conners in Buffalo this fall during his investigations into graft in the state highway department, and that Henry Burgard of Buffalo, and that Henry contractor named McDonough of Niagara, were present.

"Conners told me" said the witness, "that Murphy had asked him to get a good contribution from Jim Stewart, because Stewart had got a good contract. Murphy did not know Stewart and Conners did." Conners said he got the \$25,000 from Stewart in Dunelm, I think, in October, 1910.

KEPT HALLOW'EN

The Democrat and Independent parties which constitute the Literary Society of Victoria, about 50, joined temporarily at least, when they held their annual reception in the main hall of the college last evening. There were over 400 students present, and as usual the function proved to be completely successful. The evening was spent in promenade, a short program, and later refreshments were served.

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur. Almost everyone knows that Sage Tea and Sulphur, properly composed, brings back the natural color and lustre to the hair when faded, streaked or gray; also it keeps the scalp itching and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome, and even today we simply ask at any drug store for "Wyle's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old-fashioned recipe, because no one can possibly tell that you dunked your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. DATE OF PURCHASE IN GEARY'S HANDS

Bylaw Should Be Ready for Voters by End of Year.

Corporation Counsel Geary has studied the data upon which will be based the agreement of purchase of the electric railway, power and light properties and the clean-up of the franchise. He is now preparing to draw up the agreement of purchase. Counsel for Sir William Mackenzie have been instructed to accept an agreement which provides for a clean-up of the franchise.

With this work so well forwarded, it should be possible to have the by-law submitted to the voters on January 1. The reports of John MacKay and H. H. Couzens will be ready in a few days, and then a special meeting of the council can be called to decide if expert counsel will be provided to help the civic legal department pass upon the agreement of purchase drawn up by Mr. Geary.

Mayor Hookes states that the agreement of purchase will really be a bill of sale, for it buys outright the properties required for a clean-up of the franchise. As the agreement of purchase is reduced to the simplicity of a bill of sale, the preparation of the document should not prevent the submission of the by-law on January 1.

BRITISH POLICY ODDLY CYNICAL

"Nation" Scathing in Criticism of Government's Attitude Toward Mexico.

LONDON, Nov. 1.—(Can. Press.)—In an editorial today The Nation, following an outline of recent Mexican history, sharply criticizes the policy of Great Britain in Mexico. After assenting to the propositions that Great Britain cannot intervene in the affairs of a half-civilized nation because its morals are bad and its politics liberal, and that the first concern of British diplomacy is with British interests, the editorial says:

"Our complaint is not that British diplomacy has declined to intervene against President Huerta. It is rather that in its peculiarly cynical way it has given him countenance and at a moment when the United States was using its influence to restore some approach to constitutional rule, if the world had recognized Huerta as a matter of routine, our action would have had little significance; but it was an act at a dramatic moment when it could be interpreted only as a rebuff and a counterpoise to the efforts of President Wilson. The term 'British' has a special significance when used in this connection, for it is some definition. Cheap labor for one thing is not a British interest."

RECORD ART FURNITURE SALE

What is without doubt the most important collection of objects of art, valuable furniture in all the most noted styles, oil and water color pictures and prints that have ever been offered at public sale, will be disposed of without reserve on Tuesday, Wednesday, Thursday and Friday of next week, Nov. 4, 5, 6 and 7, within the new and spacious gallery of C. M. Henderson & Co., 128 East King street. This is a combined offering from four estates, and comprises examples of period furniture, solid silver and old plate, Sevres, Dresden, Sèvres, and other china, engravings, pictures and drawings, prints, jewelry and articles of vertu such as are rarely available to the public and collectors of Toronto. The whole collection will be on view all day Monday, Nov. 3, and can be seen this afternoon, and on view of the most favorable description. It is well worth examination, having been acquired by collectors of the highest rank. As indications of the exceptional quality of this sale, mention may be made of the magnificent Louis XV suite in walnut, richly upholstered in silk, and of another of the same period in Italian carved walnut, by less than a hundred pounds and neatly. Other articles of furniture of the same period in artistically carved mahogany, which have been the eye of the connoisseur. Among the china is a very rare Dresden mayflower vase, finely decorated with birds in foliage in four relief, exceptionally fine sets in Sheffield ware and splendid specimens of Sevres, many wonderfully decorated. Other novelties comprise Worcester, Chelsea and other world-famous pieces. Among the paintings are representative canvases by Callow, O'Brien, Harlow White, Krieshoff and other famous foreign and Canadian artists. The collection, containing 1170 catalogued numbers, must, however, be seen to be appreciated, and will be carried out with the connoisseur's present record in the annals of the city.

COLLECTOR IS HELD FOR FORGING CHEQUE

Joseph Bird Charged With Signing Name of a Chinaman for Two Hundred Dollars. Charged with forging a Chinaman's name to a cheque for \$200, Joseph Bird, a Huron avenue unemployed traveler and collector by the William Davies Co. was arrested by Detective Macrie at his home last night. The allegation is that Bird forged the name of C. Hing, proprietor of a Chinese restaurant on West King street, with whom he has an account, to the cheque which was to be credited to King's account. The discovery of the forgery was made when the cheque was cashed at the restaurant. Another charge of theft may be laid against him today in connection with a shortage in his accounts.

IMPROVED EQUIPMENT BETWEEN TORONTO AND WINDSOR

UNLIKELY TO JOIN SALVATION ARMY

Governing Council of Volunteers of America Must Give Consent.

NEW YORK, Oct. 31.—(Can. Press.)—That there can be no amalgamation of the Volunteers of America and the Salvation Army without the consent of the governing council of the volunteers is the declaration contained in a statement issued tonight by the staff of the former organization in reply to intimations by Gen. Bramwell Booth that he would consider such a proposal if it were made to him by his brother, Ballinger Booth.

The Volunteers of America being a democratic organization, the statement says, it will be necessary for the governing council, in which Gen. Bramwell Booth has but one vote to approve the proposal.

"We hope this will be final," the statement concludes, "for we are weary of the unreasonable questions which have been raised every few months for over 16 years."

CHANGE SUGGESTED IN SCHOOL HOURS

Principal of Hamilton Collegiate Wants to Alter Time Schedule.

WATER MAIN BURST

Seventy Pound Pressure Caused Big Hole in Cement Conduit.

HAMILTON, Oct. 31.—(Special.)—Dr. R. A. Thompson, principal of the Collegiate Institute, has a suggestion to rearrange the school hours of that institution during the winter months. The hours at the present time are from 9 a.m. to 12 noon and from 2 to 4 p.m. In the new plan it is proposed to have a break of half an hour at midday for luncheon and to resume lessons at 12:30, the school closing at 2:30.

Dr. Thompson advances the following arguments in favor of the alteration of hours: The saving in coal, pupils who have a long distance to come will not be repeatedly starting home in the afternoon during the inclement weather, the boys who deliver the papers will have daylight to finish their work, the caretaker can have the rooms swept during daylight; the demand of parents for time to have their children take music lessons would be solved, and the good results which follow this system in other schools.

The proposition will be dealt with by the internal management committee at its meeting next Thursday night.

Bank Issues Writ.

Cramer & Avery, barristers, today issued two writs of habeas corpus on behalf of the Royal Bank. The first writ is to recover \$10,000 alleged to be due on promissory notes issued by Puddlecombe of Galt and H. W. Smith of Toronto are the defendants. The second writ is against H. W. Smith, which is alleged to be for \$5,000, made payable to a Mr. Reinken, and which is now in possession of the bank.

Water Main Burst.

A serious break in the new 36-inch water main opposite the Tuckett farm, on the Beach road, resulted in the closing down of that system shortly after 7 o'clock this morning. The pipes are made of cement and it may be necessary to install a complete new section. The main is supposed to stand a pressure of 110 lbs., and the officials of the department are displeased at it yielding to only 70 pounds.

More Apologies.

At the special request of Mayor Allan, R. E. Rogers, the Toronto editor who pleaded guilty to libelling Controller Bird and Hugh Reynolds, will also be asked to apologize to the officials, nurses and staff of the City Hospital.

New Customs House.

B. H. Hunter, purchasing agent of the public works department, Ottawa, was in the city today for the purpose of securing property for the new customs house which the government plans to build in this city. The first vote of \$50,000 has already been made for the purchase of the land and the erection of the building.

Sold Adulterated Syrup.

Dominion Food Inspector E. V. Bossey and David Green, merchants in the market, in the police court today for selling for sale and selling maple syrup which proved upon government analysis to be adulterated, and acknowledged by the vendors to be a compound. The jars which contained the maple syrup offered for sale were not labelled, a compound, which the law distinctly demands. The magistrate ordered each party to pay \$22.50 for violating the law.

World's Sugar Crop for this year is estimated in excess of 18,050,000 tons, or more than 2,200,000 tons greater than last year.

BULL IN JOSE TO SMASH MACHINE

Murphy-Barnes Alliance at Albany Doomed, Declares State Chairman of Progressives.

NEW YORK, Oct. 31.—(Can. Press.)—Activities in New York's stirring municipal campaign continued tonight all over Greater New York. Edward E. McCall, the Tammany majority candidate, spoke at nine meetings, while John Purroy Mitchell, the Union nominee, had an almost equally active time. At John A. Hennessy, Governor Sulzer's graft magnate, who was busy, devoting his time to Brooklyn. Former Governor Sulzer addressed several meetings at the sixth assembly district, where he is a candidate for the legislature.

Attention was called tonight to the campaign for state assembly in a statement by Theodore Douglas Robinson, state chairman of the National Progressive party, in which he appealed to the voters of the state to curtail the powers of both Charles F. Murphy, leader of Tammany Hall, and Wm. A. Barnes, Jr., chairman of the Republican state committee by electing an anti-Murphy-Barnes assembly.

Support of Progressive Progressives for the assembly would accomplish this end, Chairman Robinson argued.

The Progressive party has nominated in each assembly district of the state an anti-machine man and there is no doubt that Mr. Murphy and Mr. Barnes will not control the assembly in 1914, he declared.

ECUADOR DENTISTS IN CENTURIES PAST

Recent Exploring Expedition Discloses Tooth Filling of High Order.

Professor M. H. Saville, of Columbia University, returned recently from an exploring expedition in Ecuador, brought back with him some skulls, the Peshawar states were filled with gold and cement, in fact, equal to the Egyptians in their respects. Some of the teeth in these skulls, the Peshawar states were filled with gold and cement, indicating that the art of dentistry had reached a high degree of perfection in Ecuador possibly more than a thousand years ago. The borings in the teeth indicated that the instrument used did the work as well as those of the modern dentist.

These gold filled teeth are the most valuable feature of his finds, in Professor Saville's estimation. In his explorations in Mexico he has found teeth which were filled with gold for ornamental effect, but never before has he seen prehistoric teeth filled with gold. The gold in these teeth appears to have been used less for ornamentation than for preserving them, because it had been applied from the inside so as to show but little from the outside.

Other teeth were found which, after coming loose in their sockets, had been fastened to their more stable neighbors by means of gold bands much as is done in modern industrial work. The people found living in these parts were unable to give any information in regard to the filling. Professor Saville infers that the owners of the teeth must have been persons of the highest class, and that they were possessed of a remarkable degree of courage to undergo the process of drilling and nerve-killing without the aid of cocaine or other anesthetics. Gold in that country was comparatively plentiful, but the fact that some of the people had their teeth filled with cement indicates that only the aristocrats used gold for that purpose.

BUENOS AYRES TO HONOR ROOSEVELT

BUENOS AYRES, Oct. 31.—(Can. Press.)—The committee of the Social Museum, in anticipation of the approaching visit to Buenos Ayres of Col. MURDER VICTIM FOUND IN SWAMP

Farmer Made Confession and Guided Party to Lonely Grave.

MILFORD, Mass., Oct. 31.—(Can. Press.)—By the flickering light of lanterns, Daniel J. Cooper, a farmer, led a party of officers tonight into the depths of a swamp in West Upton nine miles from here, and pointed out the grave he said he had dug to hide the body of his neighbor, Alfred Bradish, whom he confessed he had killed with a revolver bullet on the morning of Oct. 4.

In his confession, which came after an all-day examination by the police, Cooper said he shadowed Bradish from his farmhouse, and without a word came up behind him and fired. Then he hid the body in the woods until the next morning, when it was Sunday, when he dragged it an eighth of a mile to the swamp, where it was found tonight.

STRIKING MINERS TO RETURN

CALUMET, Mich., Oct. 31.—(Can. Press.)—The offer of the copper operators to re-employ striking miners and trimmers who will give up their membership in the Western Federation of Miners, who have not been identified with any strike violence, today resulted in a movement, initiated by Finnish business men, to prevail upon the Finnish strikers to return to work. It is said the Finns make up nearly 50 per cent. of the men on strike.

As a result of swallowing strychnine pills Amelia Qua, 41 Claremont street, lies in the Western Hospital in a serious condition. How the girl obtained the pills and why she swallowed them is unknown.

HINDUS WILL FIGHT DEPORTATION ORDER

VICTORIA B.C., Oct. 31.—(Can. Press.)—The thirty-nine Hindus who are awaiting deportation on the next outgoing Japanese steamer are to involve habeas corpus proceedings in an attempt to get into Canada. An application will be made tomorrow before Justice Miller, Gregory by one of the Hindus, which will act as a test case. Arguments will probably be heard next week on the application.

GIMLI ELECTION GOES TO LAW LORDS.

WINNIPEG, Oct. 31.—(Can. Press.)—A. J. Andrews, K. C., counsel for E. L. Taylor, in the protest against Mr. Taylor's election to the provincial legislature as representative from Gimli, stated today that the recent decision of the higher courts would result in the matter being finally carried to the privy council.

Session May Open Jan. 10

OTTAWA, Oct. 31.—(Special.)—In ministerial circles here today, the consensus of opinion prevailed that parliament will meet on Jan. 10. The departmental reports and the business of the session are practically ready to be tabled.

KANSAS BELIEVES DOMESTIC SCIENCE IS DIVORCE CURE

Course Is Installed in Rural Schools to Prepare Country Girls for the Life of Homemakers.

ECONOMY THE KEYNOTE

Wives Trained Under This School System Do Not Leave Their Husbands.

TOPEKA, Kan., Oct. 25.—Domestic science is a cure for the divorce courts in Kansas at least, and this state is extending its domestic science work as rapidly as possible and even into the country district schools.

Domestic science was rather slow taking up in Kansas as a regular part of its school work and it is only within the last year or two that really effective work has been done. And it is only recently that Kansas has found that the knowledge on the part of wives of how to cook good meals and get them cheaply in times of high prices, and knowing how to sew a little and keep a house in good shape, had any effect on the divorce.

The big Kansas schools have the figures to prove the assertion that domestic science is a divorce cure, and Kansas is after the divorce.

Almost four thousand girls have completed the work in domestic science at the Kansas Agricultural College, and according to the best available records about 2000 of these girls have married. At the state university about 2000 girls have taken the domestic science work and 1200 are married.

Not a girl who took the complete domestic science course at any of the state schools has ever sought a divorce, and as far as the information can be secured not a single one has separated from her husband.

For three years domestic science has been made a part of the work in the high schools of the state. The state itself believes so much in the value of this study that Kansas each high school \$200 a year as an inducement for the school board to establish domestic science. This money goes toward the payment of the salary of the domestic science teacher. Now the state proposes to add the rural schools which will teach domestic science to the country boys and girls by requiring every country school teacher to have a certificate in this work before she is eligible to teach, and the state will furnish the necessary supplies to each school district for carrying on the study in the country schools.

All High Schools Have Courses.

This is not a high school in Kansas which does not have at least a full year of domestic science work.

There are about fifty city districts where the teachers and the districts have purchased an oil stove and a few pots and pans and domestic science is being taught on a small but just as complete a scale as in the cities where the schools have a thousand dollars invested in equipment. Kansas now authorizes the schools to purchase this equipment and the next legislative session will be asked for funds enable the state to furnish it to the country schools free.

The girls in the country schools and the boys, too, where domestic science is taught bring their noon lunches uncooked and under the supervision of the teacher they cook for all the school. The lunch for all the school is cooked each school day in the school room.

The girls are divided into sections. One section cooks the meats, another prepares the vegetables, another looks after the bread, often biscuits or waffles, and another section washes and dishes. Each child furnishes his own plate, knife, fork and spoon and a cup which may be used for soup or coffee.

ORGANIZE, THEN SWEEP THE POLLS

Advice of Thomas Richardson, British M. P., Who Spoke to Labor Men.

IN UNION LIES POWER

Worker Must Consolidate His Forces as Capitalist Did Before Him.

An appeal for the perfection of industrial organization, followed by concerted political action, as the only solution of the economic problem, was made by Thomas Richardson, labor member of the house of commons in England, in his address on "Labor Politics" at the Labor Temple last night.

Mr. Richardson stated that capitalism has made its advent into Canada even as it had into England, and that the only difference between the two countries was a difference of time. He exhorted the labor man of Canada to profit by the experience of the old country, and to take measures that would prevent the capitalist from becoming as powerful in this country as he is in England.

The only manner in which to prevent such a state of affairs from materializing is to perfect the industrial organization of the country, and substitute that to found a strong political party which will put the laboring man in a position to make his will felt. "It is only when we have an educated democracy that we will begin to enjoy the full rights of our citizenship," said Mr. Richardson.

He said that the workingman must not only have a perfect industrial organization, but that he must also have a perfect political organization. Besides being a trades unionist and a member of the political labor party, Mr. Richardson advocated that every workingman embrace the principles of socialism.

In introducing Mr. Richardson, Fred Bancroft, the chairman of the meeting, made an eloquent appeal for an international labor organization which would embrace all civilized countries. He also made the announcement that at the coming elections there would be a labor candidate from every ward in the city, thus removing the excuse that the men could not vote for the labor man because there were no candidates in the field. The announcement that James Simpson would run for the board of control was greeted with a wild applause.

After Mr. Richardson's address, James Simpson spoke on behalf of the socialist cause, and vehemently denounced those men who a few years ago had been such strong advocates of socialism, but who had since that time changed their minds.

SPEAR POINTS ENCIRCLE AN EXCAVATED SKULL

Head Crumbles to Dust After Exposure to Air—Other Bones Found in Indian Mound.

NEW ALBANY, Ind., Oct. 25.—The bones of human beings, possibly of aborigines, have been dug up by Albert F. Hume, on his chicken farm on the river road at Clarksville, between New Albany and Jeffersonville. In one case the skull was surrounded, as it lay in the earth, with a halo of flint spear points.

The farm is a site of interest. It was here, Hume says, that DeSoto's faithful treasurer was killed, and his treasures buried, and here, Hume says, never has given credence to such stories and when he first found the spear points he was making a hotbed near his home.

The bones were a few feet under the surface, and when exposed to air they crumbled to dust. Later, when spading the garden, his spade struck something solid, and on investigation, he found a skull. The spear points were placed around it. The skull crumbled. He noticed that the bones had been found under a slight elevation.

A slight mound one hundred feet long, evidently had been made by the people who used it for a burial ground.

TWO MEMORIALS TO BE DEDICATED

Special Services Will Be Held at Church of St. John.

CHURCH CONSECRATION

Impressive Military Display and Sermon by Bishop of Toronto.

The Church of St. John the Evangelist, Portland street, the old military church, one of the most historic buildings in Toronto, will be, on Sunday at 11 o'clock, the scene of a most interesting and impressive double ceremony, when memorials will be consecrated and unveiled in commemoration of the life and work of the late Canon Williams, for forty-seven years rector of the church, and also of the late Rev. Edward Costigan, at one time assistant rector, and also, the enjoying but a brief ministry of three years, won a place in the hearts and lives of the people, that still remains.

The memorials are three in number: To Canon Williams, a stained glass window and a brass tablet, and to Mr. Costigan a brass altar rail.

TWELVE YEARS HORRIBLE TORTURE

Ontario Lady Suffered Tortures for 12 Years With Burning Eczema. "Fruit-a-tives" and "Sootha-Salva" Completely Cured Her.

MISS LAURA E. MATTICE

"I was a dreadful sufferer from that awful complaint Eczema, or Salt Rheum, and this trouble bothered me for about twelve years. My hands and arms were chiefly attacked, and the pain and irritation were terrible. I consulted several doctors and tried every remedy I heard of, but nothing did me any good. Last June, when in Ottawa, a friend asked me to try 'Sootha-Salva' Ointment, and to take 'Fruit-a-tives' at the same time. I had little hopes that this would be any better than the other remedies, but after I had taken two boxes of 'Fruit-a-tives' and used one box of 'Sootha-Salva', I was entirely cured, and all the irritation and annoyance left me. My hands have been, ever since, perfectly free from the Salt Rheum, and I have had no return of the disease. I look upon the cure as a wonderful instance, as no physician was able to cure me, and I had tried every remedy that I had been told about, yet without the slightest benefit, until I used 'Sootha-Salva' Ointment and took 'Fruit-a-tives'. 'Fruit-a-tives' cooled the blood, and practically relieved the disease, and the Ointment completed the cure.

"I cannot sufficiently thank the proprietors of these medicines for my relief, and I make this statement with the hope that some sufferers from Chronic Eczema or Salt Rheum will read my testimony and try this wonderful ointment and 'Fruit-a-tives', and get well. No one can estimate the torture of this terrible disease, who has not suffered from it, and I want the good news, that a remedy has been found, to be known everywhere.

"(MISS) LAURA E. MATTICE." "Fruit-a-tives" and "Sootha-Salva" will cure any case of Eczema, no matter how severe or how long you have suffered. Eczema is caused by impure blood, chronic indigestion, constipation and nervousness, but there is usually a tiny parasite or germ which attacks the skin and causes the burning and itching. "Fruit-a-tives" removes all impurities from the blood, tones up the stomach, improves digestion, and regulates the bowels. "Sootha-Salva" kills the germs of Eczema, always the burning and inflammation, and stops the intense itching. If you are suffering with Eczema, no matter what you have tried for it, take the advice of Miss Mattice and use the wonderful combination of "Fruit-a-tives" and "Sootha-Salva."

"Fruit-a-tives" is sold by all dealers at 50c a box, six for \$2.50, trial size 25c. "Sootha-Salva" is 50c a box. Sent on receipt of price by Fruit-a-tives Limited, Ottawa.

EFFICIENT HOUSEKEEPING

The Cranberry AFTER all the other fruits are gone and Jack Frost has painted and snipped off the last maple leaf and hushed all the flowers to sleep, in come the ruddy cranberries. THE GHOST BREAKER

(Continued from Yesterday.)

"Why, yes, it might—why, not? Cases would believe anything of you Americans," she assented, with a little nervous laugh. "And," asked Jarvis, "you will tell me how you have made me—er—what is it—a vessel, chest, keeps, manacles, my lady's cause?" and all answered the princess with a sudden withdrawal of all expression from her face and voice. Jarvis knew he was rebuffed for levity, but he was not right ahead.

"By the way, you—er—just—how should a vessel address his princess?" "I figured it out," answered the princess, "but I don't really amount to much, does he?" Jarvis in mournful tones, "I thought he was sort of a duke."

"A duke, a duke," she queried, "you mean a man who carries a pike?" "No, a prince, or a duke, or a lord," Jarvis said, "but I don't know what you mean?" "A king, a prince, or a bandit," corrected the American. "A bandit, and why a bandit?" she demanded, wondering what he was leading to. "A king might demand, a prince request and a bandit seize," was the answer. "Seize what?" cried her highness quickly, "which a mere vassal may only admire."

"The princess glanced at him an instant to make sure. Yes, there was no doubt of his American nobility, without rank, a scape-grace, wanted by the criminal authorities, was presuming to talk on less than matters of this importance. Why it was unduly ungrateful, she felt, to demand a chastisement beyond common words. She summed up the rash and fear of ordinary everyday life will be sure to cause you to forget just which is which.

(To be Continued.)

A Final Word on the Cultivation of Bulbs Indoors, With Some Hints and Warnings.

A woman said to us the other day, "My dear, I read the 'garden' every single day, and I assure you nothing would give me more satisfaction than to try some of your experiments. Unfortunately, I have not one single spot where I might grow one poor little plant."

We may further remark that the same woman walked off in a decided puff, merely because we remarked, gently but none the less firmly, that we believed she was lazy and we were quite certain she was entirely devoid of any proper bump of observation.

We are most decidedly not dealing in experiments! What help would these few hints be to our gardeners if we were handing out daily experiments to them? Now a word to those who have not a cool dark cellar, or a cool dark attic. Perhaps you may be able to bury your bulb pots out-doors, under the earth. Why not? The conditions would be the same as if you had placed the bulbs in outside beds. Should you bury them under the earth, be sure to place a marker directly beside them. Otherwise, the rush and fear of ordinary everyday life will be sure to cause you to forget just which is which.

Williams' Great Annual Piano Sale Closes Tonight.

An Event Remarkable for its Big Values, Low Prices and Easy Terms—A Dozen Good Bargains Left.

One week ago today, the R. S. Williams & Sons Co., of 145 Yonge street, placed on sale their accumulated stock of pianos, player-pianos and organs, and for one week a galaxy of bargains has been presented to the public, which in variety, prices and terms has set a standard that will be hard to exceed.

This sale closes tonight, and today will mark the last opportunity for another week to secure instruments under such favorable conditions. There are about a dozen pianos and four player-pianos still on hand to be sold during today. These instruments are practically new, used only for demonstration or recital purposes, or out on rental a few months. From a musical standpoint they are perfect; from a point of service they are actually as good as the day they left the factory; but from a point of cost you will save from \$100 to \$150 on any instrument, and a ten year guarantee that protects you with the backing of an institution with sixty-four years of business behind it, and in addition you can purchase the instrument on a small payment down and very small weekly instalments.

It is really a rare opportunity, and those wishing to profit by it should visit the R. S. Williams & Sons Co., Limited, showrooms at 145 Yonge street, without delay, lest they be too late. AUTOGRAF PLAYER-PIANOS The Williams firm have four New Scale Williams 32 note, standard player-pianos that have been used by artists here in Toronto—Melsa, Treadwell, Low, Folk. These instruments are absolutely new, except that they have been out for a day or two at the artist's hotel, yet they are priced considerably below their value.

We know personally one determined woman who, living in an apartment, yet determined to have her own bulbs. So she shoved all her bulb pots away out of sight, under the bed! Newspapers were kept over the tops of the pots; a heavy valance hung down to the floor from the lower edge of the bed. Her bulbs were gorgeous! Tulips, crocuses, scilla, hyacinths, are all much benefited by a touch of frost. All the narcissi family, except the polyanthus branch, are also helped considerably by the frost. Why? Who knows? We ourselves have had great fat hyacinths bore their way thru a solid layer of ice, covering them. This happened because the top of the bed, not being sufficiently raised above the level of the lawn, sank more than ten inches, allowing the water to gather and freeze. The hyacinths showed their indefatigable way blithely towards the sun—and such specimens never were seen in our beds before.

When bringing the bulbs to the light, they must not be put directly in the sun, at first. Place in a shady spot, and gradually let the influence of the direct rays of the sun reach them. Should the green shoots show signs of insects, delay not an hour to treat the diseased plants. Tobacco dust is an excellent—sure—sometimes tobacco smoke is better treatment even than the dust. Copious washings with fresh lukewarm water is with-out any manner of doubt the most efficacious method of freeing the plants from vermin. Do not be afraid you will injure the plants by such washings. Be careful—that is all.

Celebrated Hallowe'en. Last night at the home of Mr. J. Free of the Mimco Piano Mills a costume masquerade was held in celebration of Hallowe'en by the male and female members of the newly-formed Diamond Juvenile Club.

Here's a fresh thing! Whenever you see it it's always fresh!

Wrigley's SPEARMINT is made today, shipped tomorrow, sold next day. It sells so fast, it's always fresh—never has a chance to lie around. It's always tender, fragrant, delicious, always ready for you. It "starts" quickly—"springily"—and the fragrant mint leaf flavor is long lasting and beneficial. And the oftener you enjoy it, the more you benefit by this pleasant aid to teeth, breath, appetite and digestion.

COSTLY MACHINERY RUINED BY FIRE

Fifty Thrown Out of Work When Pearl Street Buildings Burned.

At least fifty men are out of employment as a result of a fire which broke out from an unknown cause early yesterday morning in the premises of the Alexander & Cable Lithographing Company at 39 Pearl street. The damage is estimated at about \$40,000. The Aldine Press, H. S. Cooper Co., J. R. Irving, book binder, all occupants of the building are the other losers in the fire.

The conflagration was discovered by the watchman, who found smoke pouring out the basement window. Although the fire raged on the scene for a few minutes, the flames had a good start, and the first second and third stories were gutted before it was under control.

Firemen worked hard. Intense efforts on the part of the fire brigade prevented the collapse of the floor on which was situated all the heavy printing and lithographing machinery. A great deal of the loss is made up in damage to expensive machinery.

ANOTHER GUNNING ACCIDENT.

KINGSTON, Oct. 31.—(Special).—While hunting ducks at Hay Bay, Charles Ford of Napanee accidentally discharged his shotgun. The whole charge entered the palm of his left hand and passed about eight inches up the forearm, breaking one bone. Blood poison is feared and Ford may lose his arm.

NARROW ESCAPE AS HORSE RAN AWAY

Three Men Thrown to Pavement When Wheels of Wagon Struck Curb.

Three persons had a narrow escape from serious injury at noon yesterday when a horse, the property of the Ideal Box Lunch Company, ran away on West Queen street, throwing the occupants to the pavement when the wheels of the rig struck against the curb.

Edward Leese, the driver, was the least injured of the trio, while Leonard Friend, 189 Sumach street, and Fred Maher, 28 Duke street, each were badly shaken up and bruised. Maher was conveyed to the General Hospital.

Made Impression at Banking Convention—Under Arrest for Forgery.

CHICAGO, Oct. 31.—(Can. Press).—Captain Cornelius Gian Collins, who for two days attended the meetings of the Investment Bankers' Association here and gave his opinions as representing the thought of British bankers, was arrested here tonight on a charge of forgery at the request of the Baltimore, Md., police.

At the meeting Collins said he represented a large European banking house, and his expressions met respectful attention from the American bankers. A cablegram to the London house, however, brought the response that Collins was unknown and the credentials which had been given him by the bankers' committee were returned.

After the banker's card had been requested, Collins disappeared from the hotel, it was said, leaving an unpaid bill, and an elaborate suitcase containing one collar.

Changes in Car Routes

With the object of disentangling certain car routes that now overlap in the neighborhood of Queen and Yonge, Queen and Victoria, Yonge Street, and on the Richmond Street loop, and thereby relieving the congestion of cars and facilitating the handling of traffic in that section, the Company will make the following changes in routes:

Beginning To-day, Saturday, November 1st, 1913

QUEEN cars will run from present terminus at Boustead and Roncesvalles, South on Roncesvalles to Queen, East on Queen to York, South to Richmond, East on Richmond to BAY STREET, THENCE NORTH TO QUEEN, returning via Queen and Roncesvalles Avenue.

Note: Queen cars will not run East of Bay to Victoria Street nor cross Queen and Yonge as heretofore.

Take Westbound Queen cars at South-east corner of Bay and Queen.

DUNDAS cars will run from present terminus at Keele Street, East along Dundas and Arthur to Bathurst; South to St. Patrick, thence EAST ALONG ST. PATRICK, ANDERSON, AND AGNES TO TERAULAY; South on TERAULAY and BAY TO RICHMOND, East on Richmond to Victoria; returning via QUEEN TO TERAULAY, NORTH TO AGNES, thence West on Anderson, St. Patrick, Arthur, and Dundas to Keele Street.

Note: Dundas cars will not run on Queen Street West of Teraulay nor on Bathurst between Queen and St. Patrick as heretofore.

PARLIAMENT ROUTE—Between the hours of 7.00 and 8.30 in the morning, and between 4.30 and 6.30 in the evening, Southbound Parliament cars will run over regular route to Queen and Victoria, South on Victoria to Adelaide, West to Bay, South to Front, West to York, returning on regular route, via York to Queen, and East to Parliament, to Gerrard, to Greenwood.

During other hours of day, cars will run over regular route.

Note: Between 7.00 and 8.30 a.m., and 4.30 to 6.30 p.m., Southbound Parliament cars will not run on Queen between Victoria and Bay, nor South on Bay between Queen and Adelaide.

WINCHESTER ROUTE—Between the hours of 5.00 and 6.30 in the evening, Southbound Winchester cars will run over regular route to Church and Wilton, turn down Church to Adelaide, and West to Victoria; returning on regular route, up Victoria Street, and along Wilton Avenue, Parliament, and Winchester Streets.

DISASTROUS FIRE IN QUEBEC CITY
 Belanger's Dry Goods Store and Le Soleil Sustained Heavy Loss.

QUEBEC, Oct. 31.—(Can. Press.)—A fire this morning, starting in the dry goods store of Edmond Belanger & Co., caused a loss of over \$180,000. The building in which the fire originated is four stories in height, situated on Notre Dame street, on the east side of the city. The fire broke out at 10 o'clock, and in a few minutes it had become so intense that the fire department was called. The fire was extinguished at 11 o'clock, but the damage was so great that the building was a total loss.

THE MORNING CUP
CONDUCTED BY MRS. EDMUND PHILLIPS

THE morning cup of "Salada" Tea is most refreshing and soothing to the tired or nervous woman.

"Salada" Tea is the most delicious of all teas because of the care exercised in every detail of preparation from picking to packing. Only the choicest selected young leaves and buds of upland-grown tea plants are used, and from these are derived the delicious flavor and delicate aroma which have made "Salada" famous. For sale by all grocers, in sealed lead packets only.

JAPAN BUYS SHIPS TO ADVANCE TRADE

Foreign Vessels Purchased Right and Left to Meet Demands.

WASHINGTON, Oct. 15.—Consul Huggins, stationed at Nagasaki, Japan, reports that the Mitsui-Bussan Kaisha Co. is to build a new 30,000-ton battleship for the Japanese Government—a master ship of the Fuso, now being built at the navy yard at Kure. The keel of the battleship will be laid after the 37,500-ton cruiser Kirishima, now completing at Nagasaki, is launched. The latter event is scheduled for November. A battleship of design similar to that contracted for here in Nagasaki will be built at the Kawasaki dock yard at Kobe.

The Japanese are buying up old foreign steamships all over the world in their plan to extend their mercantile marine. In this way they are crowding out all other nations from the coast trade of Eastern and Northern China and South Manchuria. The Japanese Government owns a controlling interest in the South Manchuria Railway and they have put into effect custom duties and freight rates which discriminate against foreign trade.

Two 5000-ton armored cruisers, the Chikuma and the Aburahi, were in commission in 1912; the great armored cruiser Hiyel, which has had two 85-ton 14-inch guns built for it in England, is now being completed, and the government has plans for three new battleships. Four merchant ships totalling 44,000 tons are completing at Nagasaki yards.

Great Growth of Japan's Trade
 Japan's foreign trade for the first six months of 1913 shows an increase of \$5,000,000 as compared with the first half of 1912. Exports for the year have been \$2,000,000,000, a gain of \$142,000,000, and imports have been \$1,458,000,000, a gain of \$27,000,000. The United States and China are Japan's two greatest markets for the former having vast quantities of silk and silk goods and the latter immense stores of textiles and clothing which she exports.

HOCKEY GOSSIP

Hamilton is going to have a senior O.H.A. hockey team this winter. At least that is the hope at the present time, according to the information to be gained from the officers of the Hamilton Hockey Club. It is understood that Code, the former Varsity star, and last year a member of the Parkdale team, is in Hamilton, and has stated that he intends to remain here for the winter, as will Dug Palmer, Bert Mackay, Alexey Norton, Cook and several others of real senior calibre. There is no doubt but that a strong senior outfit can be put on the ice.

Joe Gorman, sporting editor of the Victoria Daily Times, was a visitor in town yesterday. According to Joe hockey is the big thing on the coast, and the money just rolls in while the pros perform.

The Ottawa N.H.A. team will hold their annual meeting on Monday.
Skene Roman and Newey Lalonde will play hockey on the Pacific coast this winter. Otherwise they will not play at all. That is the dictum of Frank Patrick of Vancouver.

Warren, the Northern League champion, have organized the Ontario team. All of last season's players are available for this year's team.

CANADIAN LEAGUES HAD PROSPEROUS YEAR

President Fitzgerald Presides at Meeting—Eddie Holly Represents Hamilton.

The Canadian League held a meeting at the Prince George Hotel yesterday to get things in shape for the annual meeting, which is to be held in December. The expected talk of dropping Berlin and Gault from the league and admitting Niagara Falls and Erie, Pa., failed to materialize, and the meeting lost much of its expected excitement.

President Fitzgerald reported that the league enjoyed a prosperous year, and delegates unanimously decided to renounce Fitzgerald to the meeting of the National Association of Baseball Leagues, which takes place in Columbus shortly. During the year the league experienced the most successful season since its organization. After 1909 was added to the sinking fund of the league and other expenses were paid, the current club division \$1200 equally, the balance remaining of one per cent. of the total gate receipts of all the games played during the season.

Ottawa out-draw any of the other clubs in the league in the season by its attendance. London received the second largest patronage, while Hamilton showed a marked falling off from the previous year.

The club owners expressed themselves as being well satisfied with the change of ownership of the Hamilton club, it being announced that J. J. McCreary had decided to exercise his option on a two-thirds interest in that club, which expires on Wednesday next.

Those in attendance were: M. T. Brice, representing the Ottawa; H. Deane, Brantford; W. A. Manoney, Guelph; W. H. A. Hagan, A. W. Clement, Brantford; J. Slevin, Galt; O'Neil, London; T. J. Nelson, Roy Brown, Brantford; Ed. Klittingworth, C. J. Stanley, St. Thomas; "Bob" Robinson, Eddie Holly, Toronto; Lee, John Burns, Hamilton.

BEWARE OF IMITATIONS

The Gattin Treatment for the Liquor Habit has many imitators, but no serious competitors.

A HIGH CLASS OF SCIENTIFIC TREATMENT

The Drink Habit means the Drinker's system is poisoned with alcohol, which must be eliminated, and its functional effect neutralized, before the Drinker can overcome the desire for drink. The more he drinks the more he wants and needs to quiet his nerves, so that he can transact business. The only way to stop drinking is to stop at once, and never touch a drop of alcohol, and if this cannot be done, treatment is needed. The Gattin is the treatment that should be taken, because it is mild, safe and always reliable.

For full information call or phone the Gattin Institute Co., Ltd., 428 Jarvis Street, Toronto, Ont., phone 1094. The Drug Habit also cured at the Gattin Institute.

HORSE TORE THRU CROWD ON PLATFORM

Union Station Terrorized by Run-away for a While Yesterday.

Traveling at a rate that would make the International Limited look like a funeral, a fully harnessed horse came tearing eastward thru Union Station along track No. 6 yesterday afternoon. It was brought up rather forcibly by colliding with a freight car near Bay street.

No one seemed to know where the horse came from.

When it had almost reached the steps leading to the bridge over tracks No. 4 and 5 it jumped to the platform, and without slackening down, zig-zagged its way down the tracks that were standing there. The crowd of people on the platform's edge, the best coming towards them, by scotching their heads and feet, and refuge behind the steps, trucks or wherever they could find safety.

Brushed One Man.

One man was directly in the path taken by the horse, and just had time to jump to safety when the animal passed him. As it was, he was struck and only saved himself from falling by catching one of the trucks for support. At the east end of the station the horse again took to the track and continued on his way until he was stopped at Bay street.

It is fortunate that the runaway did not occur five or ten minutes earlier. If it had there would certainly have been someone injured. At that time there had been about four hundred immigrants standing on the platform.

INCOME TAX IS CHINESE PUZZLE

Wall Street Vastly Troubled—Can Washington Solve the Riddle?

NEW YORK, Oct. 31.—(Can Press)—That part of New York which is referred to vaguely as "Wall Street" was in a state of confusion today. For once in its career Wall Street did not know which way to turn. The new income tax has become effective tomorrow, and with it the highest priced lawyers, bankers and corporation officials in the world confessed that they were completely at sea as to its meaning.

At 7 o'clock tonight a group of men emerged from the deserted, cavernous interior of one of the largest banks in the downtown district and walked slowly down the broad marble steps. In the group were the president and vice-president of the bank. They had just concluded the last of a series of lengthy conferences which have been held every evening this week after business hours. The subject of all these conferences was the income tax law.

"We are swimming in mud," said one of these officials, expressively. "For a day or two I thought I myself was coming to know something about the income tax law, and the treasury regulations concerning it, but now I am convinced that I hardly know anything about them, and my fellow-officers know less."

Washington Muddled.

The wires to Washington have been kept busy for the last fortnight with appeals to the internal revenue department for help. Last Saturday a set of instructions were issued. On Monday it was said the regulations would be changed. On Tuesday it was said there would be no changes. Since then there has been no further light. Tonight there was a long seated session in the quietest part of the department, the secretary of the Treasury, Mr. Clegg, presiding.

It is practically a foregone conclusion that payment of a large part of the \$40,000,000 interest due tomorrow will be deferred pending a solution of the riddle.

Whatever the outcome it is predicted that many suits will be instituted against the government to test the law.

MASTERS MUST NOT FENCE PLAYGROUND

Property Committee of Education Refuse Request of Harbord Bowlers.

Harbord Collegiate lawn bowlers, the "masters" of the club, received a sharp snub yesterday afternoon. It was unanimous on the part of the members of the property committee of the board of education that the playground should not be fenced off for the use of the club.

The playground bowlers were given permission to use a portion of the playground for their club. They had fenced the playground and were about to erect a building for the club.

The property committee refused the request. The committee recommended a grant, estimated at \$500, to the principal of Parkdale Collegiate to get up a room at the rear of the assembly room.

DREADED EPILEPSY

A Case That Should Bring Hope to Other Sufferers.

There are many cases of epilepsy incurable so far as present medical knowledge extends. The sufferer is doomed to go through life a victim to a disease which has stricken him suddenly without warning, and with each recurring attack his mental powers. Taken in time, however, many cases of epilepsy have been cured. The cure was the work of Dr. Williams' Pink Pills, and in cases where the disease has not reached an acute form this remedy is worth giving a trial. Among the cures we give the following: Mrs. Robert Stringer New Liskeard, Ont. says: "I have long felt that I should write you and let you know what Dr. Williams' Pink Pills have done for our grandson, who was attacked with epilepsy. The trouble seemed to come on following an attack of whooping cough. His parents seemed to notice that his eyes assumed a blue tint, and that he would be unconscious for a few seconds, and would go about his play as usual. The child was five years old at this time. The trouble seemed to be growing more severe and the attacks to come oftener, and as the child's parents were unable to help him, they sent him to the Children's Hospital in Toronto. He remained there for a short time, when the doctors said his trouble was epilepsy, and they could do nothing for him. Time went on and the attacks grew worse, and in the fall of 1908 my daughter wrote me that the little fellow was getting so bad that they wanted to send him back to the hospital. I asked her to send him to me for a time, and as one of his eyes had become crooked, I took him to an oculist, who said this trouble could be cured, but he had nothing to do with bringing on his other trouble. As I knew that Dr. Williams' Pink Pills were a splendid medicine, I decided to get them for him, in the hope that they might benefit him. We were very careful as to diet and as to keeping the child from excitement. In about a month we noticed that the trouble was lessening, and by this time the little fellow was cured, and his mother kept up the treatment. In a few months he seemed fully cured, but during the holidays the trouble came on again. I decided to get the Pink Pills, and again resorted to them, and although more than a year has passed since we first began with any serious treatment, we have not seen a sign of it. We feel so deeply indebted for what Dr. Williams' Pink Pills have done for him that we hope this plain statement of our experience will benefit some other sufferer."

You can get Dr. Williams' Pink Pills from any druggist, or by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

FIRE RECORDS IN BAD SHAPE FINDS INVESTIGATING JUDGE

Denton Declares Department Lacks Business Methods—Instruction to Firemen Not Comprehensive — Recommends Age Limit, Larger Office Staff and Strict Discipline.

Up to Oct. 29 of this year there were loaded at country elevators at C.N.R. points in Western Canada \$2,538,000 bushels of grain. On the same date last year there had been a total of \$2,538,000 bushels loaded. Up to Nov. 29 of last year there had been \$2,538,000 bushels loaded.

These show that the railroads, the C.N.R. at least, are in a better position to handle the western crops this year than they were last. As they are now practically a month ahead of last year in their work of moving the grain, it will mean that the farmers will receive their returns one month earlier and the wholesaler and the retailer will be benefited to a greater extent.

The records of the other railroads are correspondingly better than last year.

Records Badly Kept.

No record of the fire boxes that each firehall shall respond to.

Chief Thompson keeps no record of new buildings, or of buildings that are dangerous.

Only verbal reports on probationers are given.

District chiefs have never heard of section reports, also they should report them every morning.

District chiefs telephone to headquarters details of fire, instead of sending in written reports.

Records of complaints against firemen are loosely kept.

Inadequate Staff.

The business of the secretary has increased sixfold since 1906, but only a stenographer has been added to the staff in 27 years.

Discipline and training of the men are lax. The rains have not been tightly enough held.

The men pick up knowledge of hydraulics and mains as best they can. No definite instruction is given.

Insufficient instruction is given the men on how to use a general alarm.

One man in service for 19 years confessed he did not know how.

Swearing and foul language used by firemen to civilians.

Slovenliness in the investigation of complaints and punishment of offenders.

No investigation of this day of failure of two firemen to send in a general alarm.

Firemen in Politics.

There is no evidence of late years of firemen being active in municipal elections, but there is evidence of activity in political organizations. Firemen should be prohibited from holding office in any political organization.

There should be an age limit for compulsory retirement of active fire fighters. There are now 14 men over 60 years of age.

If a proper system and proper business methods were rightly applied to the executive and administrative branch of the department, and the reins of discipline more tightly held, and the instruction and training of the men improved, Toronto would have a very efficient fire department," Judge Denton sums up.

He does not recommend any radical change, but places that responsibility upon the city council.

NOT DOING ENOUGH FOR THE ORIENTAL

General Booth, Arrived in New York, Censures Western Christianity.

NEW YORK, Oct. 31.—(Can. Press)—William Bramwell Booth, who succeeded his late father as head of the Salvation Army, arrived on his first visit to this country. He will go almost direct to Toronto and Winnipeg.

The general was a little under the weather during the trip over and remained in his stateroom. He is 57 years of age. For years he was his father's chief lieutenant.

General Booth told the press that he felt that western Christianity was not doing all it could for the peoples of the orient. There was much, he thought, that the Salvation Army could do in China, Japan and Australia, and he expected to make a tour of those countries next year to study conditions with a view to extending the army's work.

POLITICS PLACED BEFORE COUNTRY

McBride Says Navy Should Be Out of Partisan Control

BEFORE EMPIRE CLUB

Premier of British Columbia Delivers Strong Imperial Address

At the Empire Club yesterday, Hon. Sir Richard McBride, premier of British Columbia, spoke on "Canada and the Empire."

He was introduced by Hon. Justice Craig, who referred to the good fortune of the club in being able to lay hands on the distinguished visitor on his way thru Ontario.

On rising to address the gathering, Sir Richard was received with long and loud applause. Referring to the meeting of the premier, which he had just attended in Ottawa, the speaker said a great deal of good must result.

All would go back with some inspiration and press on to their work with renewed vigor.

"This is rather an interesting, I shall not say critical period in the history of Canada," said Premier McBride, "the period when the country is emerging from youth to full-grown manhood. In what spirit may it best take on the spirit of manhood? By closer co-operation with the British Empire."

In London There is Wealth. If there is commercial prosperity in Canada today, it was ascribed by the speaker to Canada's contact with the mother country. The other day in London he met Canadians, many of them, and they were all looking for money. Wealth is found in London because the Empire is strong and able to protect itself.

Sometimes, the premier stated, he was constrained to think that Canada puts politics before country. To his mind, it was most unfortunate that the question of the navy had found its way into the zone of politics. Sir Richard declared that the navy that Sir Wilfrid Laurier gave to Canada three or four years ago was looked all over as a screaming failure. It was a farcical experiment.

Do Nothing Rash. It is only upon mature consideration that we may expect to find some efficient policy evolve, that will make for Canada's defence by way of naval assistance. When Canada is prepared to offer something in the way of an efficient naval policy, let it come from an efficient source.

The defence of London and the Mediterranean, he continued, "is as essential to Canada as is the protection of the Pacific coast."

For the first time there had been a call from the mother country for naval assistance. As a Canadian, he was ashamed to find there are some who refuse to do their part. Canada would never have had a word from Whitehall if it had not been thought that the hour had approached when the country could stand on its own responsibility. A Great Disappointment.

The failure of Canada to loan her \$5,000,000 emergency fund to the mother country, this means that you have disappointed very sorely, millions of your kinsmen across the ocean."

Concluding, the premier declared that the way to be loyal Canadians was to be loyal to Britain.

EARL GREY STICKS TO ALDWYCH SITE

LONDON, Oct. 31.—(C. A. P.)—The controversy over a site for the Canadian Government's new offices in London is unabated. E. S. Redmayne, Canadian financial business here, wrote The Westminster Gazette the other day dismissing Earl Grey's scheme for the dominions to congregate at the Aldwych site as "the pleasant but unpractical idea of an amiable Englishman."

NAVAL CONFERENCE URGENTLY NEEDED

Sir Charles Beresford Reiterates That Emergency is no Phantom.

LONDON, Oct. 31.—(C. A. P.)—Lord Charles Beresford, who has long been an uncompromising critic of Great Britain's present naval position, in The Empire Review published today makes a bitter attack on Mr. Churchill's naval administration.

QUEBEC HAS BIG FIRE.

QUEBEC, Que., Oct. 31.—Fire which broke out this morning, destroyed the contents of the dry goods store of Edward Belanger, on Mountain Hill, and threatened at one time to spread to the adjoining premises, occupied by the Soleil Newspaper Company.

CONGRESS DISCUSSES NAVAL DISARMAMENT

Matter Comes Up Tentatively But Will Be Resumed in a Later Debate.

WASHINGTON, Oct. 31.—(Can. Press)—A discussion of international disarmament was brought up in the house today by Representative Hensley, of Missouri, a Democrat, who effectively sought action on a resolution expressing the sentiment of the house for co-operation with the naval policy proposed by the British lord of the admiralty, Winston Churchill.

GUELPH INTENT ON PUSHING HYDROELECTRIC.

Board of Trade Endeavoring to Enlist Meaford's Sympathy.

RECEPTION TO CURATE

Knights of Grip Organize an Encampment of the Gideons.

GUELPH, Oct. 31.—(Special).—Under the auspices of the Thursday Evening Club of St. George's Mission Hall a most enjoyable and successful reception was given last night to Rev. Percival Mayes, Toronto, the newly appointed curate of the church, and Mrs. Mayes. Archdeacon Davidson introduced Mr. Mayes to the people, and said he had come to Guelph with the reputation of being a great worker.

Last night the local knights of the grip organized an encampment of the Gideons. About fifteen joined the organization and promises were received for additional membership. The election of officers resulted as follows: President, F. Spofford; vice-president, E. J. C. Walker; secretary, H. E. Burrows; treasurer, Thos. E. Secord; chaplain, C. D. Dawson. Already in Guelph hostilities nearly 500 copies of the Scriptures have been placed.

Mrs. Pasquall Borin, who owns a house at 143 Alice street, will have to pay the government the sum of \$100 for keeping liquor for sale at her home. This was the judgment handed out today by Magistrate Watt.

President Thorp, of the board of trade, stated today that Guelph is intended to push the proposed hydro-electric scheme to the limit with a view to connecting this part of the country with the Georgian Bay. He presented the following telegram to Meaford this morning: "Guelph pushing proposed hydro-electric railway to some point on the Georgian Bay, via Fergus, Arthur, Flesheron and Eugenia Falls. Many favor Meaford, hence over to Owen Sound. Will you help us?" Mr. Thorp pointed out that this proposed railway could be built to cover a big territory which at the present time is not served by any of the steam roads. It is proposed to run from Arthur thru Gordonville, Monk, Conn. Egerton, Cedarville, Hopewell, Vinan, Flesheron, crossing the C.P.R. line to Owen Sound at this point to Eugenia Falls, thence to Kimberley, Beaverdale, Briny, Rockton, Gravelton, Brinsford, Oxmead and Meaford, and thence to Owen Sound, thus completing the missing link.

CHARGES DISMISSED AGAINST BONIFACES

BROCKVILLE, Oct. 31.—(Special).—The six Brockville hotelkeepers charged with selling liquor to D. Fregio, an alleged member of the prohibited list, pleaded not guilty when arraigned in police court today. The evidence revealed a very unusual situation and one that subsequently warranted the magistrate in dismissing the defendants. It appears that during the absence from town of License Inspector Ross, papers prohibiting the sale of liquor to Fregio were issued from his office on application of a Jory Prosco, a son of the prohibited person. Upon Ross' return he cancelled the documents and ordered that the papers be taken down. The inspector testified that the papers were given without his knowledge, and further, that the law regarding the signature of the applicant to the proper statutory form had not been complied with.

MEXICAN EMBASSY BOUND FOR DUNGEON?

HAVANA, Oct. 31.—(Can. Press).—The Mexican gunboat Zaragoza, which had been delayed by bad weather, sailed from this port today. The vessel had on board all but one of the members of the special Mexican embassy arrested at Vera Cruz for disobeying orders to remain at Havana, and who accompanied Gen. Felix Diaz, the head of the mission. The arrested Lieut.-Col. Del Rio, who is seriously ill, was allowed to land before the vessel departed. He was taken to a hospital. The destination of the Zaragoza is not known here. Some reports have it that the gunboat is returning to Vera Cruz, but it also is rumored that she is bound for the celebrated Mexican military prisons in the federal territory of Quintana Roo, on the peninsula of Yucatan.

EXPERT ON RATES ENGAGED BY C. N. R.

Major Delane Hine, Originator of Unit System, Will Advise.

It was reported yesterday that Maj. Delane Hine, well known as one of America's greatest railway experts, who was the originator of the "unit" system on railroads, has been engaged for three months by the C.N.R. in an advisory capacity. It is not given out definitely what would be the nature of Major Hine's duties, but as he is an expert authority on freight and passenger rates, it is thought that the C.N.R. is contemplating some important step in this regard.

Major Hine was for a long time one of the executive heads of the Harriman system. Some idea of his reputation as a railroad expert is shown by the fact that when President Wilson was elected he called upon Major Hine for advice in connection with railway rates, and was in conference with him for several days.

Blouses \$5.00**

The very best in make and quality, nothing skimpy, nothing loosely put together, but everything to our own high "Simpson standard."
Our display of this fascinating material is unique, styles to suit every age. Granted we show more low-neck effects, which extreme fashion demands, we yet have a pleasing variety of high-neck and long-sleeve styles, which combine comfort and grace to the more conservative woman.
We invite every client to a special display of these lovely Crepe de Chine Blouses in our refined surroundings on the Third Floor on Monday, at... 5.00 (Third Floor).

Rubbing Elbows With the World

It is like a glimpse into the streets of a fairy town, such as a Chinese would picture in his dreams, to come into the Chinese Bazaar. And the values are as attractive as their setting.
Quite different is the glimpse into Russia of the middle ages offered by the splendid picture, "The Wedding Feast," by Makofsky, which also is placed on the third floor. Quite aside from its marvelous technique and coloring, it carries a message for everyone. See what it means to you.
You are welcome at the Store.
