Royal George on Rocks In Dangerous Position All the Passengers Safe

Canadian Northern Liner Was Traveling at the Limit of Its Speed Capacity When it Ran on the Rocks at High Water—Tugs Sent to Rescue, Passengers Are Taken Off.

QUEBEC, Nov. 6.—(Can. Press).—The Canadian Northern royal mail steamer Royal George, from Bristol to Quebec, with 301 passengers and a general cargo for Quebec and Montreal, ran on the rocks at high water at 4:10 this afternoon, one mile east of Point St. Lawrence, Island of Orleans, and is now resting on the rocks in a precarious position. The news of the accident was flashed over the Marconi wireless system to Quebec a short time after the vessel struck, and received with amazement by the Quebec officials of the C. N. R. steamship service.

The Royal George sailed from Bristol, England, on Wednesday, October 30, to make her last trip in the St. Lawrence trade this season. She reached the Grosse Ile quarantine station this afternoon, and at 4:10 started for the Port of Quebec, having a distance of 77 miles to cover before she could reach her moorings at the Louise docks, and in order to reach port in time to allow a landing of her storage passengers in compliance with the immigration regulations, came up the river at full speed.

Going Full Speed. The river was veiled with a thin fog at the time. Nevertheless, the old and reliable pilot in charge of the steamer, who is supposed to know every inch of the river, felt sure of his bearings, and allowed the big passenger liner with its living freight on board to forge ahead at the limit of its speed capacity.

The Royal George was feeling its way with a rush, and the passengers, in anticipation of soon reaching the end of their voyage, were busy packing their belongings, when suddenly the big ship was heard to crush her bottom on the rocks, and suddenly came to a stop on the north side of the

HARBOR PLANS HAVE BEEN APPROVED

Commissioners Were Successful in Their Visit to Ottawa Yesterday, and Announcement of Gigantic Plans for Toronto Waterfront Will Be Made Early Next Week.

That Toronto is to have a harbor that the city will be proud of is the result of the visit of the Toronto Harbor Commissioners to Ottawa. They placed plans involving the expenditure of fifteen million dollars on Toronto Harbor and they were substantially approved.

What these plans call for has not yet been made public by the harbor board. This is to be done in a way that the yeomanry will reflect the greatest credit on the board. A harbor commissioner stated to The World yesterday that full description of the plans, including photographs, and which would occupy many columns of space, would be given to the press on Monday or Tuesday. In the meantime the public is to be kept guessing.

CAUGHT AFTER LONG CHASE

Alexander Peake Gave Detective Older an Exciting Run Before Being Captured on Theft Charge.

Altho he is a sprinter of some note and has also done a little wrestling, Alexander Peake could not get away from Detective Older yesterday afternoon. Peake had been wanted for a long time on a charge of robbing John E. Cameron of a watch and fob on October 8.

While walking along Queen street last night about 8:30 Older spotted Peake. At that instant Peake also saw Older. He dashed into a hotel bar at the corner. So did Older. Peake was no sooner in than he shot out the rear entrance. Older followed.

Over fences and thru lanes the chase proceeded. On McCaul street Peake slipped thru another lane and thought he had eluded Older. The latter appeared unexpectedly, and after a sprint on the stretch came up with Peake on Queen street. Here they had a wrestling match, the detective getting the fall in about five minutes.

COLLEGE STREET FIRE

Damage Amounting to \$2100 Caused in Brick Building.

Fire broke out in a furnishing store at 302 College street, about 3:15 last night and did \$2000 damage to a three-story brick building and \$1000 to the contents. The building is owned by the Apartment Company, Limited, and the store was occupied by Edward Rooney. The blaze started in the front of the store, near the window, but the cause is unknown.

WARNING

Owing to the prevalence of thieving of newspapers from store doors and private residences, readers of The World are invited to co-operate with the circulation department of this paper in an effort to apprehend the offenders by advising the office promptly when papers are missing. Anyone caught stealing papers from store doors or residences will be prosecuted.

WORKMAN KILLED WHEN SCAFFOLD COLLAPSED

Peter Miller, Whose Address is Unknown, Died of Injuries Received While Working on Grand Trunk Bridge in Parkdale, and Two Companions Were Seriously Injured.

By the collapse of a scaffold at the new G. T. R. bridge near the foot of Dowling avenue, Parkdale, about 1:30 yesterday afternoon, Peter Miller, address unknown, was seriously injured that he died later, and G. Scratcoo, 211 Elizabeth street, and M. C. Aikens, Barrie, who has been living at 4 Windermere avenue, Swansea, are still in a serious condition at Grace Hospital.

Miller gave his address as 23 Pope avenue, but does not live there. The G. T. R. is just completing a new bridge over the tracks at Dowling avenue. The three men were employed in filling in between the girders of the structure with concrete, and were working underneath on a scaffold. A large amount of water had been used to mix the cement, consequently the girders were wet and slippery.

Evidently the ropes holding the swing scaffold to the bridge slipped, or the knots became loose. The planks gave way, the men falling 20 feet on to the rails and stones. Miller received a fractured skull and a broken leg and had no chance of recovery. Aikens' arm was fractured and several ribs broken. Scratcoo was generally injured.

Coroner Dr. Jukes Johnson was notified and an inquest will be held.

BLAMES THE CITY FOR STATION DELAY

J. W. Leonard of the C.P.R. Says Work on New Depot in the North Must Wait Till the Spring, But it Will Then Start With a Rush and Be Completed a Year From Now.

The attitude taken by the Toronto City Council is alone responsible for the fact that work on the new joint Canadian Pacific and Canadian Northern North Toronto passenger station has not already commenced, declared J. W. Leonard of Montreal, assistant vice-president of the Canadian Pacific Railway, to The World at the King Edward Hotel last night.

Mr. Leonard was here yesterday in connection with the C.P.R. matters being dealt with by the Dominion Railway Commission. He stated that the question of an eighteen-foot subway under Yonge street instead of the fourteen-foot subway called for in the plans had prevented a start being made on the actual building of the new station. According to Mr. Leonard everything had been arranged for the building of the North Toronto Station in accordance with the plans approved by the railway board and the city, and which were also satisfactory to both railways concerned, when the city, without warning, sprung its objection to the proposed depth of the Yonge street subway.

Awaits City's Leisure. The whole matter of building the station has now to await the leisure of the city. Nothing can be done until the report to be made on the subway depth by Works Commissioner Harris' department is made and the city comes to a decision in regard to the question.

"We did not object to an eighteen foot Yonge street subway and are not doing so now," said Mr. Leonard, "but the blaine for the station's delay now rests wholly with the city. They had the opportunity a long time ago of raising any objections they wished on this point, but instead of doing this, which would have permitted a start on the work by now, they wait until this stage of the matter before saying anything."

"Should the city decide on the eight feet subway,"

ELECTORAL VOTE OF 387 IS CONCEDED TO WILSON SENATE CONTROL DOUBTED

Roosevelt Has 89 Votes and May Increase Total When Iowa, Kansas, Minnesota, South Dakota and Wyoming Are Heard From Fully—Popular Majority for Wilson Improbable.

NEW YORK, Nov. 6.—(Can. Press).—Only the uncertainty of a few close states, whose electoral vote in no way can affect the election of Wilson and Marshall, speculation over the popular vote of the three presidential candidates and the complexion of legislatures that will name United States senators, held interest tonight in the final returns of yesterday's general election.

The total of the Republican electoral column apparently was fixed at the 12 votes of Idaho, Utah and Vermont, but the footing of the Wilson and Roosevelt columns flickered alternately during the afternoon and night as late returns from Iowa, Kansas, Minnesota, South Dakota and Wyoming gave indications of change from the results accepted last night.

On the basis of the latest returns early in the evening, with the vote of Iowa, Kansas, Minnesota, South Dakota and Wyoming placed in the "doubtful" column, President-elect Wilson had 287 certain votes in the electoral college; Col. Roosevelt 89, and President Taft 12. All of the doubtful states except South Dakota gave more or less certain indications during the night of landing in the list of Wilson electors; while South Dakota's returns showed a general trend toward a Roosevelt plurality.

Woman Suffrage in Four States. A by-phase of the general election that became known today was the success of woman's suffrage in four of the five states where constitutional amendments were submitted to the people. The victory of the women was complete in Kansas, Arizona, and Michigan, while late returns from Oregon

indicated they had succeeded there also. From Wisconsin came returns showing the decisive defeat of the equal suffrage proposal.

Estimates of the popular vote polled by Governor Wilson ranged from many millions during the day. It was found impossible to compute with any accuracy the popular vote of any of the presidential candidates; and it will be a number of days until the counting of the three-cornered contest in the different states is concluded and an accurate tabulation of the popular vote made possible.

Not Popular Majority. Assertions were made today from several quarters where an effort had been made to gather preliminary popular vote figures, that Governor Wilson had not secured a majority of the votes cast throughout the country. Estimates ranged from a small majority of all votes, to figures nearly 1,000,000 below a majority. The popular vote, however, would in no way affect his election, or his complete control of the electoral college, should it show his total to be less than that of the combined vote for Roosevelt and Taft.

New Hampshire for Democrats. There were many surprises throughout the day and night. Early in the day New Hampshire, first credited to Taft, went definitely into the Wilson column, with a majority of about 1500 for the Democratic candidate. Returns from Idaho, which came in scattering from early in the day, favored Wilson so strongly as to create the belief that it would give him its electoral vote, but late returns from Oregon

Enemy Ready To Attack The Turks at Tchatalja A Big Battle Impending

While Porte Has Little Apparent Hope of Stemming Tide, Overtures to Allies Are Deferred Until Result of Defence Is Seen—Austria and Servia May Clash.

CONSTANTINOPLE, Nov. 6.—(Can. Press).—It is reported that the cabinet has decided to present to the war after making a change in a number of important commands in the eastern army. General Mahmud Mukhtar, who has arrived from the army headquarters today, told Kiamil Pasha, the grand vizier, that the Porte's demand for mediation had produced the worst possible effect in the army.

LONDON, Nov. 6.—(Can. Press).—Bulgaria is giving the broken Turkish army no time to recuperate. In accordance with the tactics adopted throughout the war, the Bulgarians are following up the defeated Turks with extraordinary energy. Flying columns are pushing along the sea coast towards the Tchatalja lines, and it is believed that the main attack will be delivered tomorrow or Friday.

Constantinople appears to have lost hope of stemming the victorious advance even at Tchatalja, and the Turkish court is ready to cross into Asia. Apparently, however, the Bulgarian Government has no aspirations on Constantinople itself, and would be ready to conclude peace provided Turkey will agree to surrender Adrianople and some other positions in the western theatre of war and give a guarantee to bring no more reinforcements from Asia.

The Porte shows no disposition as yet to treat for peace direct with the allies and until the big Tchatalja battle has been fought the diplomatic situation is not likely to be changed. What will happen then it is impossible to foresee, the only thing certain being that the European concert, which is not too harmonious, will be faced by the most difficult and thorny

ALBANIA BONE OF CONTENTION

Albania forms the crux of the position. It is stated that an attempt by Servia to encroach on Albania will be regarded by Austria as a casus belli. On the other hand Servia declares that a port on the Adriatic is a matter of life and death for her, and she fails to see why her presence there should be detrimental to the interests of any other power.

Further, Servia argues that she would only be regaining possession of what belonged to her before the downfall of the Serbian Empire, when Adriatic seaports were flourishing Serbian towns. Nothing yet is known of Roumania's position in the new deal. The British minister at Bucharest had a three hours' conference with the Russian minister today on the subject.

The fall of Monastir is not confirmed, but is considered not improbable. The Greeks are crossing the Vardar River, and the fall of Saloniki is reported imminent.

TURKISH MINISTER S IN COUNCIL

CONSTANTINOPLE, Nov. 6.—(Can. Press).—The council of ministers sat until 11 o'clock tonight discussing the military situation and the question of mediation. Several prominent generals were invited to give an opinion on the position of the army.

Comprehensive measures have been adopted for the protection of the city and the fear of disorders is increasing, against 215.

LIVELY DEBATE ON HOME RULE

Application of Guillotine to 35 Amendments Made Unionists Irrate—Test Vote 315 to 213.

LONDON, Nov. 6.—One amendment only to clause 13 of the home rule bill, which provides that Ireland shall be represented at Westminster after the measure becomes law, was discussed yesterday, 35 others being guillotined amidst cries and uproar.

Felix Cassel proposed in effect that no representation should be given Ireland until she could contribute to the imperial exchequer, or until such time as local parliaments had been granted to England, Scotland and Wales.

For the amendment there voted 215, against 215.

STRIKE IS OVER C.P.R. ASSERTS

Railway Officials Say Only Few Hundred Vacancies Exist, and Can Be Easily Filled.

MONTREAL, Nov. 6.—(Can. Press).—Windsor street station reports tonight that the C. P. R. is not further considering the Brotherhood strike; that at the isolated places where a few hands had gone out all had returned where their places had not been permanently filled.

According to C. P. R. reports, merely a few hundred vacancies exist on the entire system. The 3000 claimed to have been called out never even reached one-third of that number, it is claimed, and of these many were of that class whose absence from work would not interfere with traffic.

Gang of Alleged Burglars Rounded Up in Toronto

Two More Arrests Made Last Night, by Which, the Police Claim, a Bad Gang of "Dope" Fiends, Safe Blowers and General "Bad Men" Has Been Broken Up.

With the arrests of George and Lillian White, both colored, at 126 Duchess street, about 4:15 yesterday afternoon, the city detectives believe they have rounded up the principal members of a gang of thieves, robbers, safe blowers and "dope" fiends who have become notorious throughout the country for their depredations.

The other men in custody are Mike Lafferty, alias James Smith, George Gayden, William Turner, William McMahon and Mike Tearnay.

When Detectives Taylor, Murray and Young called at the Duchess street house they found White in bed with Harry Whitesides, aged about 22, a young lad from the east end of the city. Both were smoking opium.

A complete opium outfit, with the lamp, pipe, trays, etc., and \$10 worth of the drug were seized by the police, who placed the two men and the woman under arrest on charges of vagrancy. When he appears in the police court the crown will likely prosecute White for running an opium joint, and the others as frequenters.

After watching for several days the men and women now under arrest, the detectives suspected that they were all members of the same gang and had taken separate houses. This belief was confirmed when the men in the house at 28 Trinity square, who were arrested on Tuesday morning, were seen visiting the house on Duchess street under cover of darkness.

Arrived at Same Time. The White woman was recognized by a detective as a questionable person, who had been ordered out of the city by the magistrate some weeks ago. In addition to this all the men in the Trinity street place bore the marks of morphine fiends. As far as the police could discover, all these people had arrived in town with the exception of the Whites, about the same time.

When other men were seen calling at the two houses the detectives were convinced that their suspicions were not far astray. Accordingly, the Trinity square house was raided by a posse headed by Sergeant of Detectives Alec Mackie. Two new overcoats, a roll of cloth and a quantity of cocaine were found.

All the men arrested showed the marks of the hypodermic syringe on their arms.

The two overcoats were traced and had been stolen from the stores of Oak Hall and Follett's on Yonge street. The roll of cloth had also come from Follett's.

Under examination the prisoners betrayed themselves sufficiently to give the detectives their cue, and the raid of the Duchess street house resulted. Sergeant of Detectives Mackie believes that they are the gang who have been operating through the small towns and villages blowing safes, robbing postoffices and small country places in general.

Seats for Mme. Simone's Engagement. Seats go on sale this morning for the engagement of Mme. Simone, the distinguished French actress, who comes to the Princess Theatre next week in "At Versailles—1780." Louis N. Parker's newest comedy, which will be produced here for the first time on any stage.

PERSIAN LAMB JACKETS. The Dineen Company claims to have an exceptionally fine display of Persian lamb, which was personally selected in Leipzig in March of this year, by Wm. Dineen, the president of the company. There are many ready-to-wear garments in the show-room, besides some three thousand selected pelts which can be made into jackets to order. A customer can select the pelts which are to be used, and pick out from the Persian models or fashion plates just what style of garment is desired. To get in the order at Dineen's today means delivery of goods before the cold weather sets in.

The Rev. S. A. Burnett, who knows East London so well, does not find the origin of poverty in the vices of the poor. Terrible as are the results of drunkenness, impurity, uncleanliness, disease, disregard of sanitary rules...

The third argument of the prohibitionists is that liquor is the prolific source of crime. In making this statement they begin with what is an effect instead of a cause.

RULES GOVERNING THE CONTEST

The Toronto World Proverb Contest is a test of skill and diligence, designed to encourage thought and research on the part of the young and provide a pleasant mental diversion for everyone.

Every day, for a period of seventy-five (75) days, there will appear in The Toronto Daily and Sunday World, at 11:30 a.m., a cartoon or other representation of a commonly used and well-known English proverb. The Toronto Daily World will award PRIZES AGGREGATING OVER \$5000 IN VALUE to readers of The Daily and Sunday World who send in the correct or nearest correct answers to the entire series of illustrations. The first correct answer published in The Daily World, Thursday, Oct. 3. The last will be published on Dec. 16.

The correct answers, to serve as a basis of awards, are being selected according to their common use by the Contest Manager and three representatives of the Daily and Sunday World, and will shortly be placed under seal in a Safety Deposit Vault.

This list of correct answers will remain under seal until called for by the judges, whose names will be announced in due course, and who will have full control of the examination of the answers and awarding of the prizes.

The correct answers are included in The Toronto World's Book of English Proverbs, which is published as a guide and reference for contestants' use in the contest.

To compete for the prizes, contestants need only to supply the proverbs represented by the illustrations that will appear daily, and send in every day during the contest, according to the rules. The person sending in the correct or nearest correct list of answers to the entire series of seventy-five (75) illustrations will be awarded the first prize. The person sending in the second nearest correct list of answers will receive the second prize, etc. Entry may be made any time before the contest is entirely closed. Rules follow:

1. The Toronto World's Proverb Contest is open to all readers of The Daily and Sunday World, except employees of The Daily and Sunday World and members of their families. Anyone not excepted as above mentioned may enter the contest by simply becoming a regular reader of The Toronto Daily and Sunday World.

2. Contestants must write the Proverbs represented by the illustrations on separate sheets of paper, and which will be placed in the contest envelope. Answers may be written with pen or ballpoint pen, and arranged in any manner to suit the contestant.

3. Each picture represents only one proverb. Contestants are not to be certain as to the correct answer represented, they will be permitted to send five (5) answers (more) to each proverb illustration. The correct answer, if given, is given in any manner to suit the contestant.

4. Only one answer may be written on a single coupon, and all coupons must be used for additional answers. All coupons of the same number must be kept together in making up the set.

5. Different members of a family may compete in the contest, but only one prize will be awarded to any one family or household, and only one set of answers may be accepted from any individual contestant.

6. Answers must not be sent in until the last proverb illustration has been printed. Contestants must arrange their coupons in numerical order, fasten them together and deliver or mail them in a plain paper package (not folded or rolled), plainly marked with the contest manager, The Toronto World, Toronto, Canada, with the time specified in the following rule.

7. The time of receiving answers will be from 10:00 a.m. to 5:00 p.m. on the day of the prizes with the contest manager. 8. In making up the awards, the judging committee, whose names will be announced in due course, will take into account the similarity and variety as selected by the Contest Manager and three representatives of The Daily and Sunday World, and Book of English Proverbs; spelling, wording, punctuation, and the correct construction of the proverbs stated.

9. Where a set of answers is securely fastened together the contestant will be permitted to stamp (with rubber stamp) or abbreviate the name of the contestant (for same), and omit the full address. PROVIDED the majority of the OFFICIAL NAME AND FULL POST-OFFICE ADDRESS is plainly and distinctly written upon the FIRST set.

10. In sending in the answers at the close of the contest it is important that contestants seal their packets containing answers, and exercise great care to see that postage is fully prepaid at the rate, one cent per ounce, or fraction thereof, in Toronto, and two (2) cents per ounce, outside of Toronto, as The Toronto World is not bound to pay postage due on any set of answers.

All communications or letters of enquiry concerning the Proverb Contest must be addressed to the Contest Manager, Toronto World, Toronto, Canada.

DEATH RATE DECLINES: CITY'S HEALTH BETTER

Dr. Hastings' Report Contains Many Satisfactory Features—Mortality From Acute Contagious Diseases Shows a Reduction—Work of Department Reviewed.

Dr. Hastings, medical officer of health for the city, submitted a veritable avalanche of figures and facts pertaining to the health of the city, its death rate, etc., during the past month as compared with that of previous years to the public health board at the city hall yesterday.

Complete satisfaction was evinced over the decline of infant mortality and the death rate in general, also over the improved health of the city at large. Much good work can be accomplished, stated the D.C.H., when he is not hampered by shortage of men and staff. Innumerable were the visits to slaughter houses, milk dealers' establishments, etc., which resulted in many being put out of business, or brought into court.

There were 19 deaths from acute contagious diseases—typhoid, scarlet fever, typhoid fever, smallpox, measles and whooping cough in October, 1912, as compared with 28 in October, 1911. The total number of deaths from these diseases for the month of October, 1912, is 49.8, as compared with 52 in October, 1911. This means a fall of 39 per cent in the death rate from these acute preventable diseases.

Major Contagious Diseases. "Two cases of smallpox have been reported from one house. Anterior poliomyelitis is still with us to a very limited extent, as indicated by the seven cases reported. Its persistence is probably due to the existence of uncleanliness and therefore unhygienic cases. The favorable showing made in the three major contagious diseases is worthy of comment. The cases of diphtheria reported numbered 94 less than in the corresponding month of last year, and the death figures also show improvement. There were 28 fewer cases of scarlet fever with no deaths reported and the death rate from typhoid fever is cut in half.

Death Rate Declines. "The death rate from acute contagious diseases for the following periods are: Seven months, April to October, 1912, 55; seven months, April to October, 1911, 102, which means a decline in this death rate for the past seven months as compared with the corresponding period of last year of sixteen and one-half per cent.

"The infant deaths from diarrhoea and enteritis have decreased to about half the number registered last month, the improvement being due to a large measure to the seasonal incidence of these diseases. There were no deaths from simple meningitis in infants during October as compared with eight such deaths in September.

Diphtheria Reduction. "The remarkable reduction in the number of diphtheria cultures sent in for examination as compared with October, 1911, is worthy of note, the number being less than one-third of the corresponding month of last year, or 1474 fewer.

In addition to the above, there were examined at the city and situation laboratory, which is now under our control, 387 samples of water for bacteriological examination and 387 samples for chemical examination. "Owing to unavoidable delays in connection with the high level chlorination plant is not yet in operation, but is expected to be in running order this week.

Dividing the Dairies. "Much of the energy of the men looking after the milk has been devoted to the scoring of all the dairies in the city in order that they may be scientifically divided into classes according to how they receive and handle milk. As a matter of fact, all dairies should come into this class in order to get a permit to sell milk at all. Since this is not yet possible, we have divided dairies into three classes—first-class over 80 per cent, second-class over 50 per cent, and third-class under 50 per cent. All of these in three will have to come up to grade two before the end of the year, because next year there is to be no third class. There are ten dairies in class one, a list of which was published on Nov. 1. When it was known that such a list was to be published the activity which ensued among the dairies was something remarkable, and their general condition improved right along the line. We expect that others will come into this list from time to time, as these things are from the business standpoint of dollars alone it is a paying proposition. From the standpoint of the health of the consumer there is of course no second opinion.

Number of Inspections. "There were 5144 quarts of milk examined in 1208 quart cans condemned; 584 restaurants, dairies and stores were officially visited by our inspectors; 990 cans and tins were examined bacteriologically to see whether they were sterile and there were twelve police court convictions. "The old weathering the need for provision for the vagrant consumptive becomes urgent."

MISSION GETS SHOW GREAT INCREASE

Nearly \$2,500,000 Given by Canadian Churches in 1911 and 1912, Methodists and Presbyterians Leading—Canada Has More Than 15,000 Parishes.

Enthusiasm over the first five years' work, and the outlook for the immediate future marked the annual meeting of the Canadian Council of the Laymen's Movement for Missions yesterday. It was held yesterday afternoon, after a luncheon, at McConkey's, 7000, on the support of the board from coast to coast.

Speaking of the churches generally, it is of interest to note that a rather careful study of the Dominion conditions indicates that Canada has parishes or congregations independent or self-supporting, about as follows: Anglican, 158,000; Baptist, 135,000; Christian, 7000; Congregational, 12,500; Evangelical Association, 5100; Friends, 1000; Lutheran, 100,000; Methodist, 338,000; Presbyterian, 290,000; other bodies (estimated), 200. Total, 1,511,500.

Gifts to Missions. Gifts to missions by Canadian churches for 1911-12 are about as follows: Anglican, \$353,762; Baptist, \$292,842; Congregational, \$25,981; Disciples, \$11,926; Lutheran, \$17,981; Methodist, \$370,468.83; Presbyterian, \$308,637; Salvation Army, \$17,638.55; Y.M.C.A., \$35,000 or more; other organizations, \$25,000 or more. Total, \$2,469,515.10.

New Officers. The following officers were elected, on motion of Mr. Rowell: Chairman, S. J. Moore, Toronto; vice-chairman, John A. Paterson, K.C., Toronto; provincial vice-chairmen: Nova Scotia, H. C. Burdell, Sydney, and A. G. Barnard, Halifax; New Brunswick, E. Barbour, St. John; P. E. Island, T. C. James, Charlottetown; Quebec, A. O. Dawson, Montreal; Ontario, G. C. Copley, Hamilton; Manitoba, Ed. Brown, Winnipeg; Saskatchewan, Hon. Justice Brown, Regina; Alberta, Geo. S. Dingler, Calgary; British Columbia, Capt. J. J. Loran, Vancouver; treasurer, J. H. Gundy, Toronto; general secretary, Herbert K. Caskey.

Mr. Price's Candidature. W. H. Price, who is a candidate for the presidency of Ward Six Liberal-Conservative Association, is one of the younger lawyers who have made good. He was president of the Borden Club for two years and is president of the Young Lawyers' Association. Mr. Price has acted for the party in a number of election trials, and has held many important briefs in the civil courts. The election will take place in Ryan's Hall next Monday night from 8 to 9 o'clock.

Put Wires Underground. A question of great importance, not only to the City of Hamilton, but to all urban areas, where overhead wires are considered a menace and detrimental to the interest of its particular locality, came before the board yesterday.

After a lengthy discussion on technicalities, it was decided to take up the matter of costs and terms, on account of the opposing forces being more or less content to comply with the city's wishes, but wanted the latter to pay the extra costs of construction of trenches.

The board does not dictate as to which of the two courses will be taken by the railway, or make an order prejudicing any of the other property holders on Sudbury avenue. The railway gets ten days to decide on any of the two courses. George street crossing over the Esplanade is to have a watchman to protect the public from the many trains, which pass this point in the course of 24 hours. The C.P.R., G.T.R. and city are to share the cost.

CIVIC LODGING HOUSES AND HOSPITAL NEEDED

Commissioner Harris Will Report on Buildings Available for Lodgers—Dr. Hastings Urges a Municipal Hospital—New Laundry at Isolation Hospital—Lights for All Level Crossings Eastern Entrance to Exhibition

The necessity of municipal lodging-houses was driven home at the meeting of the local board of health yesterday. Dr. Hastings, after giving a clear idea as to the overcrowding in privately-conducted lodging-houses, with resultant unsanitary conditions, suggested that the city should fix up St. Paul's Hall, North Yonge street, for the housing of lodgers. His recommendation was sent on to the council and the committee also instructed Commissioner Harris to prepare a report of all the available property that could be used temporarily as lodging-houses.

On the suggestion of Controller McCarthy it was decided to arrange a conference with the recently organized Social Service Commission to discuss the lodging-house problem and to see how far this commission would go in remedying the situation.

Acute Conditions. Dr. Hastings said that the conditions with respect to lodging-houses were acute. The overcrowding could not be prevented because of lack of accommodation. It was therefore necessary to establish municipal lodging-houses. The city should not foster charity, but every man who was given accommodation in a municipal house would have to do some work to give payment.

Municipal Hospital. That the city should erect and maintain a hospital to care for patients in the advanced stage of tuberculosis was the contention of Dr. Hastings. He cited one case in particular, which was a menace to the public health, because there was no institution that would accommodate the patient. In his October report the medical health officer stated that an advanced consumptive was now being cared for by his parents. There was no institution which would take such a patient. The Toronto Free Hospital for Consumptives at Weston had refused him admittance. The present law his detention by a hospital was not compulsory. This man had been arrested on the street, where he was subjected to others to the menace of infection, and was charged with vagrancy and sent to jail.

It seems lamentable that these advanced consumptives have to go to jail. Dr. Hastings pointed to the hospital of our own we could hold patients of this sort until they are not a menace to the public health. I believe that all places which receive financial assistance from the city should be forced to care for a citizen who is an advanced consumptive. The city should have sufficient power to compel them. So far as actual danger is concerned, advanced consumptives could be treated in any ward of a hospital, but it would be better to have a separate building.

That a patient suffering from consumption should be sent to jail was a matter of red tape, he declared. It should be possible to have cases of this kind committed to the jail farm.

Will Build Laundry. The board decided to construct a laundry, at a cost of \$2,000, connected with the Isolation Hospital. It will be a separate one-story building, on the site of the grounds. About \$200 is paid out by the City of Toronto for laundry and the erection of their own plant would reduce expenses. The board also decided to have the laundry on the site of the Isolation Hospital, as it can be done on its own initiative under the Public Health Act.

Controlled Church's recommendation that every level crossing in Toronto should be properly lighted, was passed at the meeting of the fire and light committee yesterday. The controller, referring to his Bible—the Telegram—which was on the street an hour before the committee met, declared that it was only just and right that the 73 crossings of which 49 were unprotected, should be illuminated for the sake of public safety. The Telegram said this, too, or words to the same effect. Mr. Church told the members that a good many other proper lighting is at Queen street crossing, where there is a hydro-electric cluster at Degraff way of the Toronto Street Railway Co. present time pays about \$11,000 to protect 23 crossings. The cost of the proposed lights would be about \$8000.

PRIZES GIVEN TO QUEENS OWN LINE OPPOSED

General Otter Presented Trophies Won During the Year at Long Branch Ranges.

Nine hundred officers and men, a record for the regiment, were in line at the armories last night at the annual drill and presentation of shooting prizes of the Queen's Own. The men were formed up for roll call and then were put thru various manoeuvres and formations before General Otter and General Cotton, who in January inspected the men paraded in review uniform.

Following this General Otter made presentation of the prizes won in the various regimental competitions during the past summer at the ranges. A reception was held in the garrison messroom by Lieut.-Col. Mercer.

CONFERENCE POSTPONED. Ottawa Separate School Board Didn't Keep Appointment. The interview of the Ottawa Separate School Board with Dr. Frye, minister of education, which was to have taken place yesterday, has been deferred indefinitely. A week ago the board wrote, asking for an audience with Dr. Frye, in which they could present their attitude on the subject of bilingualism. The minister replied that Nov. 6 would be satisfactory to him. No further word was received from Ottawa until yesterday when the Ottawa board sent a wire stating their inability to keep the appointment.

TWO GERMAN AIRMEN KILLED. HALBERSTADT, Germany, Nov. 6.—(AP Press).—Two men, German aviators were killed here today. Lieut. Aitrichter was making a flight in a biplane in which he carried an engine named Meyer as a passenger, when the motor suddenly stopped and the aeroplane plunged to the ground from a height of sixty feet. The two airmen were found dead in the shattered machine.

Mulock Cup Finals Not Yet Arranged

Artists Come in for Criticism—Games Anything But Well Managed and Squabbles Arise.

It is to be lamented that the Mulock Cup series seem to be sliding back into obscurity and that such an important series should be working along in such a haphazard fashion without a constitution.

Many squabbles and petty factions have arisen this year, thru the fact that the officials and players were not fully conversant with its aims and objects and seemed to be in a haze as to where to gather the required information.

At a meeting of the team managers the following schedule was drawn up for the series: Nov. 8 (Senior School v. Junior Meds.) Nov. 9 (Senior School v. Junior Meds.) Nov. 10 (Senior School v. Junior Meds.)

St. Andrews and Upper Canada Seconds in Annual Game—Good Rugby Under the Conditions.

St. Andrews and Upper Canada seconds held their annual set-to in yesterday's mud at Upper Canada. The going was juicy, but the future greets went thru it as if they liked it.

St. Andrews proved to be the better swimmers and came out on top to the tune of 17 to 7; half-time, 7 to 5. The conditions were very much against good rugby, but the youngsters put up a grand article of ball. The tackling and kicking of St. Andrews were especially noticeable, and the halcyon booted in good style.

Raymond at centre half for Upper Canada had a few more tricks up his sleeve, U.C.C. from being beaten by a bigger score.

Foley had his hand which was injured Saturday, under the X-rays, and it was found that a bone was broken. It is one of the larger bones in the back of the hand, but the break is a long, clean one, and will heal rapidly.

Coach Shaughnessy has a few more tricks up his sleeve, which he was showing the boys yesterday, and surprises are said to be the order for the next month.

Altho the Montreal team has not won a game this season, the players have not given up hopes of winning from the Tigers at Hamilton on Saturday. The players were out at practice yesterday morning, and will hold another tomorrow, which will fit them for the final game. It is more than likely that some of the inter-mediate will be given a chance in the final game of the year.

The Toronto critics have been very forward in the last couple of days in their remarks about Brianna Park as a suitable place for the final game. It is interesting to note that the game is to be played at the cricket field, where the accommodation is somewhat better than at the other places.

THE HOUSE OF HOBBERLIN Limited CASH TAILORS

MOURNE MOUNTAIN CHEVIOT SUITINGS

The man who has a "hankering" for something out of the ordinary will quickly discover the merits of these unusual fabrics. They were especially selected by our foreign buyer, who actually stood over the looms and saw the fabrics woven.

The wools come from the sheep that graze in the "Mourne Mountains" in Ireland. They are long wools, strong and fluffy; and the Irish weavers have done splendid work in the intermingling of color effects. The fabrics are distinctive, and the designs are as diversified as the fancies of those who will select from them.

We're making the full suit to measure at \$20. Men who have already bought here do not hesitate to say that they're really worth a five-dollar bill more than we ask. Some tailors would ask \$30, but we're satisfied to give you rare value at \$20, and still make a little profit. They will appeal to you at once. So come while the patterns are plentiful.

At \$20. We shall talk about the linings, the trimmings, the styles, the tailoring when you order the suit.

GYMNASIUM VISIT THE U.S.

Varsity Would Like to Meet U. of P. Squad—May Bring Them Here for Opening of the New Gym.

(From the Student paper, Varsity.)

Now that we are tending to draw closer to our American neighbors by international trade negotiations, it might be well to follow it up along other lines, namely, gymnastics. For years the U.S. has supported a gym team, the only one of its kind in Canada, which has become famous throughout the Dominion and even across the seas. Not a step of a determined character have ever been made to promote international competition with our neighbors across the border.

For this reason the possibilities of the gym team have never been extended, and although men have striven hard to keep the name of the university prominent in this class and world-wide sport, they have never received the support that should have been tendered towards them.

This year the gym team is particularly strong. Several old members who have returned to college are turning out again, and they, together with the new men, who are fast developing, form the nucleus of one of the best teams Toronto has ever had. Of course, they need considerable practice to accomplish anything of a startling nature, but unless steps are immediately taken to promote interest in this phase of the athletic life of the student we soon will be without any gym team. The cramped quarters and lack of facilities for carrying on work are also big factors to tend towards the depletion of the team, and something radical must be done to renew and keep up the interest. There are few sports that require this practice that gymnastics does, and it takes considerable time to build up a good gym team, especially with nothing to build upon. At the present time Varsity has something to build on, and with such men as Scott, Workman, Roswell, Gardner, Davidson and Sutcliffe, the gym team can still give a good account of itself.

On Dec. 4 the present university team will assist the Central Y.M.C.A. in their annual demonstration, and every college should give their loyal support. Sometime after Christmas they are planning to run off a down-town assault, which will be of a more popular type than the old ones, but will, as usual, assure everyone of a good evening's entertainment. In this latter undertaking the team will be assisted by the graduates' organization, and also the Y.M.C.A. and the work done sufficient to warrant it, the team may visit the States and show the Americans we wish reciprocity along these lines at last.

North Toronto

J. W. Hicks received a permit for the erection of a two-story brick dwelling on Woburn avenue, Bedford Park.

Altrman John Wanless intends to erect a row of stores on his lot, the southeast corner of Yonge street and Eglinton avenue. Mr. Wanless is also prepared to dedicate to the town a strip of land 110 feet long and 10 feet in depth for the purpose of widening Yonge street as soon as he is calculated to do so.

The disposal plans of the sewerage system are so far completed that they are being roofed over. The three plants are located at Roslin avenue, Waterworks Park and Soudan avenue. The road improvement work on Sherwood avenue has again received a slight setback as something went wrong with the road roller, and yesterday's rain stopped work, but it is expected that this avenue will be completed before the cold weather sets in. The surface dressing for the Roselawn avenue and Eglinton avenue improvements has to be hauled from the city, as the machine on the spot refuses to do the work it is calculated to do.

The iron girders over the deviated Yonge street at the C.P.R. crossing are in place and soon the bridge will be closed up for excavation purposes in connection with the construction of the subway.

Magistrate Clay held police court last night and had a large docket to dispose of. Ernest Hale and Leonard Stophany, two young lads, 15 years of age, were charged with discharging fire arms. The magistrate dealt leniently with the boys, as the parents would be the sufferers, and compelled them to pay court costs of \$3.00 each and impounded the firearms.

R. S. Elgie, Wm. Weir and Herbert Elgie were fined for riding bicycles on the sidewalk. Elgie was fined \$2 without costs and the others \$1 without costs.

Jack A. McCahey was charged with connecting sanitary sewer services without a permit. Mr. McCahey pleaded not guilty, altho he was the owner, yet he claimed he should not be held responsible as the drafter had the permit. Remanded for one week.

Mrs. Habershaw asked a bit of advice from the magistrate in connection with a deal she made with Mr. Nash before he went to England, but since his return is annoying her, so

WYCHWOOD

The Y.Y.F. of St. Michael's, and All Angels Church, Wychwood, held their first entertainment of the season on Tuesday night before an audience that filled the school hall to overflowing. During the evening a well-played comedy entitled "The Old Maid's Convention," was given by a number of members of the association. Jack Levison taking the leading part. The association is under the presidency of Harold Wakefield this season, and an excellent program for the winter has been arranged. All young people fifteen years of age living in the district are cordially invited to join.

The carpetbag league in Wychwood is at work in earnest and on Tuesday night the S.O.E. defeated the C.O.C.F. by 83 points.

Katherine Berland, a Scottish reader and entertainer, was the star at the Scottish concert given in the Presbyterian Church.

EARLSCOURT

The residents of Earls Court placed a grievance before the parks commission at the residence of the bride's father, W. A. Robinson, 1726 Dufferin st., when Miss Florence Robinson was married to Harry Shuter of Ingleton. The ceremony was performed by Rev. Mr. Maxwell of the Davenport road Presbyterian Church, amongst a profusion of flowers. The gift of the groom to the bride was a pearl and diamond necklace; to the first bridesmaid, Miss Elford, a pearl necklace; to the second bridesmaid, Miss Minnie Robinson, a pearl; to the flower girl, little Miss Lillie Robinson, received a brooch, a chain, the best man, Mr. Bell, received a pearl tie pin; Mr. and Mrs. Shuter left on the evening train for a trip to Virginia.

Unable to Work for 14 Months

Complete Nervous Breakdown Left Mr. Black an Invalid—Cured by Dr. Chase's Nerve Food.

Mr. Henry Black.

What a helpless mass of flesh and bone the human body is, once the nerves become exhausted. Extreme weakness comes over you, and you lose control of the limbs. The next step is paralysis.

You will be fortunate if, like Mr. Black, you get the building-up process in action before it is forever too late. By forming new, rich blood Dr. Chase's Nerve Food carries new vigor and energy to every organ and every member of the human body.

Mr. Henry Black, 81 St. Catherine street east, Montreal, Que., writes:—The wonderful results I obtained from the use of Dr. Chase's Nerve Food constrain me to write this letter in order that others who suffer from nervous exhaustion and weakness may use this medicine with equal satisfactory results. As the result of overwork I became completely exhausted, and was unable to work for fourteen months. As I am the father of a family, this was sad days for me, but after I had used six boxes of Dr. Chase's Nerve Food I had improved so greatly that I continued the treatment until I was completely restored to health and strength. I now work twelve to fifteen hours a day, and keep in excellent health.

The funeral of the late Mrs. Joseph Walmsey of 23 Brighton place, who was instantly killed at the Royce ave. crossing on Saturday night, took place from her late home to Mount Pleasant Cemetery yesterday afternoon. She is survived by a husband, to whom she was married less than a year ago, and who is superintendent of construction at the new University of Toronto gymnasium. She was very well known in West Toronto and despite the unpleasant weather a large number of mourners and friends followed the remains to their last resting-place. Mrs. Walmsey was a member of Victoria Presbyterian Church and the funeral service was conducted by Rev. D. T. McKerron, the pastor.

The frat monthly assembly of the Westerdale Club of West Toronto was held tonight in the Annette street Masonic Temple. The ball-room was prettily decorated and about 75 couples were present. The officers for the ensuing season are as follows: President, P. P. Hopkins; secretary, Miss M. Belcher; treasurer, Mr. Newton; committee, Miss Heitman, Miss J. Chud, Miss M. Hope, Messrs. C. Wilson, D. Kennedy and G. MacLynn.

Jockeys Seriously Hurt at Pimlico

Worth is Badly Cut Up and May Never Race Again.

BALTIMORE, Md., Nov. 6.—In a mixture of the fifth races today, jockeys Teahan and Byrne were seriously injured, and Worth, this year's Kentucky Derby winner, was so badly cut that he probably will not race again. The jockeys were taken to a hospital, where it was found that an X-ray would be necessary to determine the extent of Teahan's injuries.

His first turn on Saturday on Worth, he is closely on Nonpareil, ridden by Byrne, that both horses fell heavily. Teahan was hurt at the back, and Inspector Lestrade fell over them a moment later. Byrne's scapula was lacerated and Teahan was hurt at the back. Worth had both tendons cut.

Worth is owned by H. C. Hallenbeck of New York, and is valued at \$20,000.

Valuable Horse Saved By "Nerviline"

Was Too Sore and Lame to Work—Quickly Cured by Nerviline.

"I have had a long experience in treating horses, and I can safely say that I know of no liniment for strains, sprains, and swelling that is so useful around the stable as Nerviline." Thus writes Mr. J. E. Murchison, from his home, Crofts Hill P.O. "I had a fine young mare that wrenched her right leg, and from the shoulder down she was stiff, sore, and swollen. I applied Nerviline, and it worked like a charm; in fact, that mare was able to work a day after I used Nerviline.

"We have used Nerviline on our own farm for twenty-five years, and never found it wanting. For man or beast, it is a wonderful liniment."

My thousand letters recommend Nerviline as a general household liniment, as an all-round cure for aches and pains. Try it yourself.

ELECTORAL VOTE OF 387

Continued From Page 1. The third state to go certainly for President Taft.

The Roosevelt forces watching the returns hourly as they came from Illinois, suffered a scare as the downstate Democratic districts reduced Cook County's plurality from Cook County, until it promised to disappear. Late in the day a complete report from Cook County again swelled the Roosevelt majority in the state and seemingly made certain the control of Illinois' 29 votes by the Progressive candidate, Kansas, which had been conceded to Roosevelt by all interests on the preliminary returns last night, gradually slipped back during the day until it had become a question tonight whether Wilson or Roosevelt would control its 10 votes.

Iowa and Minnesota Doubtful. Gov. Wilson had the better of the situation in Iowa and Minnesota, where the counting still was in progress tonight, with but a narrow margin between the candidates; while South Dakota, still in doubtful state, apparently had turned toward Roosevelt on the later returns.

Whether the Democrats, in the widespread victories of Tuesday, have secured control also of the United States Senate is a question that will not be settled for a day or two. In many states where counting still was going on tonight the control of the legislatures is in doubt.

LOSSES OF TURKS ABOUT 25,000 MEN

SOFIA, Bulgaria, Nov. 6.—(Canadian Press.)—The Turkish losses in killed and wounded during the five days' fighting in the vicinity of Lule Burgas and Bunarhisar are estimated at 25,000 men. The Bulgarian troops captured 37 batteries of quick-firing guns and took 2000 prisoners. They also seized four locomotives and 248 railroad cars.

Regular communication has been restored between Lule Burgas and Kirk-Kiliseh by the railroad.

The Bulgarian army in Macedonia is advancing rapidly down the valley of the Struma. The troops have occupied the Rupa Pass and are continuing their march upon the Town of Serres.

PRACTICALLY NO SCHOOL IN ONTARIO IS WITHOUT A QUALIFIED TEACHER

Dr. Pyne Says Exodus of Teachers to the West Has Been Checked—New Normal School System of Training Adopted by the Government Four Years Ago Is Today Justified by Adequate Supply of Good Teachers in Ontario.

The system of normal school training inaugurated by the Ontario Department of Education four years ago to cope with a serious situation, brought about by the exodus of teachers to the west, which had begun to cripple the whole public school system, is just now commencing to show results.

The greatly improved condition existing in the province today amply justifies the action of the government in abolishing model schools and substituting normal schools, in the opinion of Dr. Pyne, minister of education, who expressed the matter in an interview with The World yesterday.

"As compared with a year ago, I can say that the supply of teachers is greatly improved. In fact, there are practically no schools in the province without qualified teachers at the present time. Our plan of normal school training is this fall showing its benefits in the province, the tendency of teachers to go west has been largely overcome by the increased salaries which school boards are now forced to pay. You can say that conditions generally in our public schools are very much improved since the minister said he had not the figures

BLAMES THE CITY FOR STATION DELAY

Continued From Page 1. teen foot subway it will mean that the present station as proposed will have to be abandoned and new plans prepared. This would take a month or six weeks at the quickest to do. As the city has not yet made up its mind on the matter this simply means that nothing can be done on the North Toronto Station until next spring. By the time the city decides what it wants and the new plans prepared and approved of the ground will be frozen and work on foundations of course impossible till the winter is over.

PHONES REPLACE TELEGRAPH KEY

Grand Trunk Will Install Telephone System on Main Line Between Chicago and Montreal.

The telephone system of train despatching will be put in force on the Grand Trunk Railway right thru from Montreal to Chicago on the main line as soon as arrangements for the necessary extensions can be made. It has also been learned on good authority that this system will be put in use on the 15th district, between Toronto and Sarnia Tunnel, on Jan. 1. In order that this may be accomplished successfully the various train dispatchers affected are to be sent to Allandale to familiarize themselves with its operation.

Profit-Taking in Grain Markets Had A Sharp Recovery

GRAIN MARKETS HAD A SHARP RECOVERY

Prices Dropped to New Record at Chicago, But More Than Made Up Their Loss Later On—Small Gain in Values for Day.

CHICAGO, Nov. 6.—Altogether wheat prices today touched a new low record for the season, Dec. at 87 3/4c, the market closed strong, 3-5c to 1-2c above Monday night. Scarcity of increase in the world's available supply formed the main reason for the upturn. Corn finished unchanged, and a share to 12 3/4c, varying from the same as the previous close to 1-2c to 1-4c gain, and provisions either not altered or with advances ranging from a share to 12 3/4c.

Extreme bearish sentiment, which prevailed early, came about as a result of weak cables and because of the absence of adequate demand for the big receipts piling up northwest of here. Better crop conditions in Argentina counted also against the bull. There were, however, predictions that the U. S. and Canada would soon be called on to meet a trans-Atlantic demand for a minimum of 5,000,000 bushels. In consequence all of the early weakness vanished and in the last 15 minutes the market rose rapidly.

Heavy Rain in Corn Belt. In corn as in wheat shorts, especially the smaller ones, overreached themselves. One of their chief difficulties was the fact that rain throughout Central Illinois proved to be the heaviest in months.

Some export call aided in overcoming the bearish effect of huge receipts of oats. Provisions, after suffering from sales by packers, rallied when cereals turned strong.

Northwestern Receipts. Receipts of wheat at northwest points, with usual comparisons, follow: Week Year. Chicago, 1,287,328; St. Louis, 1,187,728; Duluth, 1,187,728; Minneapolis, 1,187,728.

European Visible. The European visible wheat supply this week is 41,574,000 bushels, against 32,290,000 bushels a week ago, a decrease of 9,284,000 bushels.

World's Visible. Bradstreet's world's visible in detail: Wheat, U. S. and east of Rockies, increase, 3,100,000 bushels; U. S. and west of Rockies, decrease, 4,300 bushels; Canada, increase, 3,200,000 bushels; U. S. and Canada, increase, 6,800,000 bushels; Africa and Europe, decrease, 3,400,000 bushels; total increase, 3,200,000 bushels.

ST. LAWRENCE MARKET. Receipts of farm produce were 300 bushels of grain and 15 loads of hay. Wheat—One hundred bushels sold at 86c. Barley—Two hundred bushels sold at 62c to 72c.

Hay and Straw. Hay, new, per ton, \$17.00 to \$20.00. Straw, bundled, ton, 18.00.

Vegetables. Potatoes, per bushel, \$0.50 to \$0.60. Apples, per basket, \$0.20 to \$0.30. Cabbage, per case, \$1.50.

Dairy Produce. Butter, farmers' dairy, \$0.21 to \$0.25. Eggs, per dozen, \$0.40 to \$0.50.

Poultry. Turkeys, dressed, lb., \$0.25 to \$0.30. Spring chickens, lb., \$0.17 to \$0.19.

Meats. Beef, forequarters, cwt., \$1.30 to \$1.50. Pork, common, down, \$0.12 to \$0.15.

Hides and Skins. Prices revised daily. Carter & Co., 85 East Front street, Dealers in Wool, Yarns, Hides, Calveskins and Sheepskins, Raw Fur, Tallow, etc.

CATTLE MARKET GENERAL LIST IGNORES ABOUT STEADY

Choice Cattle Scarce and Firm Common Cattle Slow Sale—Hogs \$8 to \$9.20.

Receipts of live stock were 32 carloads at the Union yards, comprising 1,000 head, 900 hogs, 1000 sheep and lambs and 177 calves.

Trade at these yards showed more activity than for several weeks past, many farmers and dealers for stockers and butchers cattle being on hand to get supplies.

Prices were practically the same as on Tuesday for the choice and good classes, but were firm, but unchanged, while the common, medium and inferior classes were about steady at quotations given on Tuesday also.

Butcher's market was reported on Tuesday, when prices ranged from 18 to 20c for the choice and good classes, and remained the same today.

Prices for the choice and good classes, especially for the choice and good classes, are high as \$10 being paid by Fred Armstrong for two extra quality cows.

Veal calves of choice quality were firm and unchanged. Veal calves of fair quality were on a par with the whole about 10c per cwt. higher.

Truck market was much the same as on Tuesday, ranging from 18 to 20c for the choice and good classes, and remained the same today.

Choice butchers' stock sold at \$2.50 to \$3.00, good, \$2.75 to \$3.00, medium, \$2.50 to \$2.75, inferior, \$2.25 to \$2.50.

Big Porcupine Leader Had a Re-lapse, But Other Stocks Were Firm—Pearl Lake Comes to Front Again—Slump in Cobalt Lake.

The mining markets showed considerable irregularity in yesterday's sessions, the sudden downturn in Hollinger, which reached below the 16 mark, bringing about a change of sentiment on the part of speculators.

The general list, however, ignored this incident, and with a sustained demand in evidence, generally scored improvement for the day. Cobalts were in much the same position, with a sharp decline in Cobalt Lake, and another buoyant demonstration by Peterson, the feature.

The decline in Hollinger, which ran into 45 points, did not come as a great surprise, as it was expected. The share at its low level of \$14.90, still considerably in excess of the price last Saturday prior to the issuing of the report of the company's position.

It is to be assumed that there has been considerable profit-taking on the bulge since that time, on which the shares reached 315.70. It was noticeable yesterday that there was a good buying demand on the part of speculators.

The remainder of the gold mining list was not materially changed from the previous day, but, nevertheless, gave a good account of itself.

In the cheaper list a revival of interest in the Cobalt stocks came to the front again, and advanced over a point to 25 and closed bid there.

The stock market was reported on Tuesday, when prices ranged from 18 to 20c for the choice and good classes, and remained the same today.

Choice butchers' stock sold at \$2.50 to \$3.00, good, \$2.75 to \$3.00, medium, \$2.50 to \$2.75, inferior, \$2.25 to \$2.50.

Choice butchers' stock sold at \$2.50 to \$3.00, good, \$2.75 to \$3.00, medium, \$2.50 to \$2.75, inferior, \$2.25 to \$2.50.

RECENT BOOM IN CITY OF COBALT NOT WARRANTED

Directors Bombast in the Meeting—New Ore Put in Sight in Last Two Months.

COBALT, Nov. 6.—The regular monthly meeting of the directors of the City of Cobalt Mining Company was held in the company's offices here.

The directors stated that the recent boom in the stock to 80 cents was unwarranted by the development of the mine and was done for speculative purposes only.

The regular routine work of the company was reported on Tuesday, when prices ranged from 18 to 20c for the choice and good classes, and remained the same today.

Choice butchers' stock sold at \$2.50 to \$3.00, good, \$2.75 to \$3.00, medium, \$2.50 to \$2.75, inferior, \$2.25 to \$2.50.

Choice butchers' stock sold at \$2.50 to \$3.00, good, \$2.75 to \$3.00, medium, \$2.50 to \$2.75, inferior, \$2.25 to \$2.50.

Choice butchers' stock sold at \$2.50 to \$3.00, good, \$2.75 to \$3.00, medium, \$2.50 to \$2.75, inferior, \$2.25 to \$2.50.

STOCK MARKET SHOWS REMARKABLE STRENGTH, AND SHARP ADVANCES ARE MADE.

The Toronto stock market developed a very buoyant undertone yesterday. The sharp upturn in Wall street in the session, coupled with the turn for the better in the Balkan situation inspiring considerable bullish sentiment here. Prices were raised sharply about the general list, with the recent favorites particularly in the limelight.

SMALL GAINS THE FEATURE IN MONTREAL

MONTREAL, Nov. 6.—A sharp advance in C. P. R. on the New York market during the luncheon recess here infused a strong tinge into local stocks this afternoon, and most of the active issues registered gains with the close at or near the best prices of the day. The activity, however, was largely confined to C. P. R. and Montreal Power; apart from these and a few others, trading was moderately active, dealings continued on a light scale and the business for the whole day aggregated less than 5000 shares.

N.Y. MARKET BOILING OVER

Stocks Simply Soared in Wall Street After Early Uncertainty Was Dissipated—A Million Share Day.

NEW YORK, Nov. 6.—During the first half of today's session on the stock exchange the undertone of irregularity and indecision suggested the thought that the speculative element seemed unable to grasp the significance of yesterday's election. Prices opened with substantial gains under London's lead and then fell back in numerous instances to below Monday's close, after which the market was temporarily left to its own devices.

THE TORONTO STOCK MARKET DEVELOPED A VERY BUOYANT UNDERTONE YESTERDAY.

The sharp upturn in Wall street in the session, coupled with the turn for the better in the Balkan situation inspiring considerable bullish sentiment here. Prices were raised sharply about the general list, with the recent favorites particularly in the limelight.

MOVEMENTS ELSEWHERE WERE NARROW.

and trading was in light volume. Dominion Steel, Textile and Detroit scored gains of 1-2, Laurentide rose one point to 238. Cement common, which was a strong stock thru the recent dullness, closed strong at 29 1/2 bid, 30 asked. Richelieu, which has been fluctuating irregularly, took an upward turn today and closed 3-4 higher. Tramways common rose to 150 bid, 151 asked at 33-4 bid, just half a point above the close of the week without a share of stock coming out.

GENERAL CONDITIONS ABROAD WERE UNDOUBTEDLY FACTORS IN THE RISE.

Advices from continental centres imparted more hopeful view to the Balkan situation, and the trend of events in London, Paris and Berlin indicated that Europe's financial interests were prepared to meet the supremacy of the Democratic party in the nation with alacrity. Call money was easier at the outset, opening at 5 per cent, but advancing to 6 per cent. The time money market was dull with offerings less free for longer dates. Commercial paper was in increased demand.

THE GENERAL LIST DID NOT COME IN FOR ACTIVE TRADING BY ANY MEANS, BUT ON THE WHOLE DEVELOPED REMARKABLE STRENGTH.

The Toronto stock market developed a very buoyant undertone yesterday. Prices were raised sharply about the general list, with the recent favorites particularly in the limelight.

MANY NEW LOANS ARE PENDING IN LONDON MARKET

LONDON, Nov. 6.—One unfavorable feature of the present situation is that many new loans are known to be pending, including Queensland and New South Wales, 4 per cent. issues. The writing of the former has commenced, and the latter is announced to appear definitely before Christmas. A Japanese £2,000,000 loan is being negotiated in Paris, and Foreign wants money to build a railway to link the Persian Gulf with the Caspian Sea. With relief of monetary tension, markets must share more favorably, but for some time to come there will be plenty of securities temporarily taken over by strong interests during recent weeks, which will be available for buyers whenever the latter feel disposed to come forward. Probably prevailing financial fears will, as so often occurs, prove exaggerated, especially as the many "lame ducks" here have, owing to the long account, had plenty of time in which to arrange for assistance.

LONDON & CANADA LOAN INCREASES CAPITALIZATION

The London and Canadian Loan and Agency Co., Limited, is increasing its paid-up capitalization from \$1,000,000 to \$2,000,000, by the issuing of 5000 shares of its unissued stock at par (\$50 a share). Shareholders of record Dec. 15 next will be given the opportunity of subscribing for the new stock in the proportion of one new share for every four old held. Payments are to be made in instalments over a period of six months. The company will not allot or adjust fractional portions of a share. The stock which ranks for the annual dividends on payment.

MR. D. R. WILKIE SLATED FOR NEXT PRESIDENT C.B.A.

MONTREAL, Nov. 6.—In banking circles it is known that Mr. D. R. Wilkie, president and general manager of the Imperial Bank, will become president of the Canadian Bankers' Association, which has retired from active banking. Mr. Wilkie is at present first vice-president of the C.B.A. It is probable that Mr. Wilkie will also resign the second vice-presidency of the Bankers' Association.

ISLAND SMELTERS UP

The incoming of a sustained demand for Island Smelters carried that stock up in the markets yesterday. The price crossed two cents a share early in the session and went up bid for its high level in some weeks.
