#### CITY RENEWS BID FOR SHIPBUILDING

Strong Committee Appointed to Voice Grievances Re Contracts.

Judging from a conference held in the mayor's office yesterday morning, Toronto shipbuilding industry is facing a serious situation if the government does not take immediate steps to proceed with the shipbuilding program, and give this city a fair share of the contracts that may be awarded. This was made clear by the conference between the board of control, the harbor board, the board of trade, and the various shipbuilders of the city. It was said by one of the members, that Sir Thomas White had said that no more contracts would be awarded, but fifteen have been given since the armistice was signed, and not one of them was awarded to Toronto.

The conference decided to appoint a committee to wait upon the government in order that Canada's necessary tonnage may not be curtailed, and that Toronto may receive its just proportion of the work. The sub-committee appointed consists of Mayor Chubb, P. G. Morley of the board of trade, John E. Russell of the Toronto Shipbuilding Company, and J. B.

Miller of Polson's Iron Works and Shipbuilding Company.

Mayor Church urged the importance of the matter from the standpoint of employment alone, and thought that the government should continue its program. "We have to find work for returned men."

John E. Russell, vice-president and manager of the Toronto Shipbuilding Company stated that wooden boats had been giving a good account of themselves, both in the hull and machinery construction. "We employed," said he, "from five hundred to six hundred men all last winter, and all thru the summer, till November of 1918. We have now reduced our staff to about forty. It is our intention in May to dismantle the plant and sell the outfit."

"We feel that if the government could see their way, clear to have two wooden steamers built in Toronto, they would by this means take care of between four hundred and six hundred mechanics for the next ten months. Our company would be pleased to co-operate with yourself or any other organization if they could see their way clear to try and secure contracts for the construction of wooden tonnage in Toronto."

It was said that the government had awarded contracts to the amount of \$33,000,000. Mayor Church said that the government was quite ready to grant aid to railways, but ignored the shipbuilding industry. It looked as though there was an attempt to freeze out the water transportation companies. The statement from the Polson

Iron Works Company is in part as follows:

Forecasting a shortage of work in the reconstruction period following the end of the war, the firm in 1917 sold ten vessels to Norwegian interests, for delivery in 1919, 1920 and 1921. We were told that the order-in-council had been agreed to. On the strength of this we closed the contract amounting to \$6,650,000. Later we were told that the order-in-council had not been signed by the governor-general, and would not be, as the government itself would keep all the Canadian yards busy. We protested, but they refused to take any further action, and we were compelled to cancel the contract.

"We have paid out for wages during the last two years nearly three million dollars, or one million five hundred thousand dollars per year. If we had been allowed to carry out the contracts we had signed, we would have employed the same amount of labor up to the end of 1921, instead of which it will likely be cut off at the end of this year."

#### BLOWN OFF ROOF BY EXTINGUISHER

Hand-Chemical Explosion Kills Fire Captain Moses Thompson.

When a chemical extinguisher exploded and blew him off the roof of a house at 29 Brant street yesterday morning, Capt. Moses Thompson of Portland street hose section, was almost instantly killed. The roof of the house had caught fire, and along with four other firemen, Capt. Thompson mounted the roof. The chemical extinguisher was in the hands of Fireman Lawrence Gunn when it exploded and the force of the explosion of 200 pounds blew Thompson two feet into the air. He fell on to the roof of the front veranda below and from their bounded off a distance of 18 feet to the ground, striking a fence stake.

Firemen hurriedly picked Thompson up and rushed him to Grace Hospital in a motor hose truck. When they arrived at the hospital Thompson was dead. The bottom of the extinguisher blew out, and, according to Chief Smith, the explosion of these extinguishers is very rare. Commenting on the accident, Chief Smith said: "It was a hand chemical and had three gallons of chemical in

it. Sometimes they blow out at the nozzle and other times I have known them to rip right up the seam, but never heard of one blowing out in the bottom. I imagine something clogged in the screen or in the outlet and prevented the chemical from coming out."

Chief Smith gave instructions to have the flags on all firehalls throughout the city flown at half mast in honor of Capt. Thompson.

Capt. Thompson lived at 150 Beatrice street. He had been a member of the Toronto fire brigade for 29 years. His only child, Lieut. George Thompson, is stationed at Perth Avenue Hall.

Mrs. Thompson was overcome by the shock of the news of the tragedy when she was informed of the death of her husband. Further ill-luck on Portland Street Hall was evident at noon when the hose wagon turned over with its crew at Queen and Spadina avenue.

#### T.-C. R. RETURNS.

Toronto Civic Railway continues to show increases in the number of passengers carried and passenger revenue. For the month of January this year the number of passengers carried was 1,950,461, compared with 1,565,269 the first month of last year, an increase of 245,192, or 24.608 per cent. The passenger revenue was \$22,222.22, compared with \$26,902.10 for January, 1918, an increase of \$5,320.02 or 19.808 per cent.

#### WILL JUSTICE WIN VERSUS PREJUDICE?

Catholic Teacher's Appointment as School Director Hangs in Balance.

One of the things which will be brought up at the meeting of the board of education tonight will be the recommendation by the inspectors regarding the appointment to the position of director of Miss Dorien, a kindergarten teacher in the public schools.

Miss Dorien has been on the staff for twelve years during which period she is reported to have an excellent record as a teacher. This has been certified to on various occasions in the past and at the present moment is brought into notice thru the recommendation of the inspectors.

A few years ago Miss Dorien came before the board for promotion and because of some opposition on the part of certain members of the board, the taxpayers and parents in the vicinity in which she taught, were tried out on the question and in every instance they signed a petition in her favor. Even with all this to her credit it is expected that strong opposition from certain members will be

brought forward at tonight's meeting.

The reason for this element of obstruction is that young lady in question is a Catholic which, in the eyes of her opponents, is taken for sufficient reason for their action in her regard. On the other hand Miss Dorien has twelve years' of unexcelled service to her credit and now is drawing the magnificent sum of \$25 per annum. In addition the taxes from the family of Miss Dorien go to the support of the public schools, her father being a non-Catholic.

It has been learned that influence has been brought to bear to try to prejudice a favorable vote and the injustice of the case is rousing considerable feeling among those who regard the services of the teacher and the favorable place she has with the inspectors declare that these are the only things that should be taken into account in securing teachers for the schools. Such people feel that if the recommendation is thwarted an act of injustice will be done and that Toronto will lay itself open to a charge which people were beginning to hope was now without foundation—that of the city, and the school board in particular, being run by a certain intolerant and bigoted portion of Toronto citizens.

#### PUBLIC MEETING TODAY.

A meeting of all interested in re-organization will be held in the city council chamber at three o'clock this afternoon, and is expected to be largely attended.

RIGHT HOURS EVERY DAY  
KE, OPTICIAN  
St. (Upstairs)  
Simpson's

CANADIANS MUST LEARN TO THINK

Contemplation Must Co-operate With Action, Says Dr. Robert Falconer.

Subjects of university interest are to be the theme of a series of addresses the first of which was delivered by Dr. Robert Falconer, at the Physics Building yesterday afternoon.

Referring to changes brought about by the war, the speaker said reconstruction was a word in every mouth. He hoped action would follow words but gave warning that we should fall unless reconstruction is broad and high ideals not neglected.

That Canadian people can hold their own in efficiency and have the will power to equip themselves with the wealth and comfort they should possess, the speaker did not doubt and that the higher idealism will be largely determined by the half million men who are returning from the front.

Book Paper Tribunal Open Their Sitings. R. A. Pringle, K.C., of Ottawa, opened the Toronto sitting of the book paper tribunal at the parliament buildings yesterday afternoon.

At the meeting yesterday afternoon, Mr. Montgomery made a spirited protest against time being taken up by Mr. Oiler with an investigation of the capitalization of the different companies.

George Murrell, secretary of the central branch, G.W.V.A., was of the opinion that the majority of the soldiers would demand the deportation of the enemy alien.

MIXED VIEWS ON ALIEN DEPORTATION

Labor Men Advocate Moderation - Veterans Would Take Strong Steps.

Labor men view with mixed feelings the desire of the returned soldier to have the alien removed from the Dominion. Some of them hold the opinion that the aliens have a right to live in the country which induced them to immigrate years before the war began, and it was pointed out that the extreme measures advocated by the returned soldiers would only serve to create a reactionary spirit of an antagonistic nature.

George Murrell, secretary of the central branch, G.W.V.A., was of the opinion that the majority of the soldiers would demand the deportation of the enemy alien. Three hundred thousand of this class of alien was still in the Dominion.

George H. Gustar, secretary of the West Toronto G.W.V.A., was sensible of the seriousness and many-sidedness of the alien problem. There was no doubt that the unnaturalized alien should not be permitted to remain in the country.

Hon. G. S. Henry, Ontario minister of agriculture, addressed a crowded meeting of the Ontario Beekeepers' Association at their annual convention at the parliament buildings yesterday afternoon.

CITY RELIEF

Total applications for assistance received at the city relief office during the past month were 737. There were 364 admissions to the various hospitals and 38 consumptive sanatoria.

INTEND TO FLY

Applications for F. A. I. certificates continue to be sent in large numbers to the Aero Club of Canada by flying officers who wish to engage in commercial aviation.

2/3 OF YOUR MATCH MONEY GOES TO THE GOVERNMENT

The tax on matches amounts to more than the cost of the matches themselves. As a matter of fact, two-thirds of your match money goes to the Government, and one third goes to pay for the material, the labor and the handling of the matches.

Insist on Getting Eddy's Matches

You avoid paying this heavy tax on an unsatisfactory product. Eddy's matches have been the standard for 67 years. Not only is our output by far the largest of any manufacturer in Canada, enabling us to use expensive automatic machinery which ensures uniformity of product, but our long line of products enables us to select just the proper grades of wood for matches.

GARDEN TILLAGE STILL NECESSARY

Ontario Horticultural Society Speakers Emphasize Need for Increased Production.

"We must guard against the slackening of our work in war gardens during 1919," declared Mr. Thomas D. Dockey, president of the Ontario Horticultural Society, at its thirteenth annual convention now being held in the Foresters' Hall, College street, in its presidential address yesterday afternoon.

Increased Acreage. During the year 1917, the society at Ottawa had over two hundred acres of land throughout the city under cultivation. From this land the yield had been 75,000 bushels of vegetables over previous years.

School Diplomas. G. F. Baker, of Lindsay, gave an address on "Allotment and home gardens" and a paper by Mrs. R. B. Tott, of Hamilton, was also read. "Children's gardens" was the subject of an address by Rev. W. M. McKay, of Weston.

Colored slides of flower plots in parks and along the highways in St. Thomas were shown by Dr. P. E. Bennett, of that city.

Poppies From Flanders. That the poppies of Flanders might be of being a sentimental reminder, become a minor subject of the meeting.

A Line of Cheer Each Day of the Year. By John Kendrick Bangs.

THE SLACKER. Copyright, 1919, by the McClure Newspaper Syndicate.

What right have I to lumber up the earth? And use its space and other gifts of God? If idling all the day, and reveling by night, I cannot pay for its delight!

IDA RE THE POLICE DEPARTMENT

By IDA L. WELSTER.

The police inquiry is slated to open this morning, and as it is to be a case of "open court," undoubtedly numbers of citizens will take advantage of the fact to be there, and see, or rather hear for themselves what all the trouble was about.

To those who have not been following the papers, we might say that it is only fair for you to go there with an open mind. There is nothing more fatal to any cause than a biased person. If you think after hearing the evidence, that the police commissioners are in the right, then you will be practically in a class by yourself, but at the same time, do not change your mind because the majority will have gone against you.

When liquor is confiscated by the police it is supposed to be checked in at the station in whichever precinct the raid occurred. This, we would imagine, would be done by the inspector of the precinct. In any case, both of the officials would very necessarily know that such an amount of whiskey had been "gathered in" by the men.

The citizens have a perfect right to know exactly what happened with regard to this whiskey that disappeared so cleverly (2), and the department in the parliament buildings has every right to know the entire affair public.

Colored slides of flower plots in parks and along the highways in St. Thomas were shown by Dr. P. E. Bennett, of that city. That the poppies of Flanders might be of being a sentimental reminder, become a minor subject of the meeting.

MARRIAGE LICENSE ACT.

A meeting of the special committee appointed to consider the bill introduced by Dr. Godfrey at the last session of the legislature to amend the Marriage Act will be held in the private bill committee room, parliament buildings on Wednesday, Feb. 12, at 10 a.m.

Now that the new government standard flour is in general use, the quality of the yeast you use is more important than ever. Use Royal Yeast Cakes. Their quality is absolutely reliable.

ROYAL YEAST CAKES. Now that the new government standard flour is in general use, the quality of the yeast you use is more important than ever. Use Royal Yeast Cakes. Their quality is absolutely reliable. BREAD MADE WITH ROYAL YEAST WILL KEEP FRESH AND MOST LONGER THAN THAT MADE WITH ANY OTHER.

WANTED THE TRUTH RE METROPOLITAN

Delay in Taking Over Not City's Fault, Says Cameron.

Is the city a party to the delay in closing the negotiations for the taking over of the Metropolitan Railway? That was the question Ald. Bull answered at yesterday's meeting of the board of control.

Controller McBride said there were reasons why the city did not press the matter. "I don't want to know whether there is any collusion on the part of the city with the company in having so many delays," said Controller McBride.

Biggest Sinner. Controller McBride, while admitting that he no doubt was the biggest sinner, wanted a semblance of peace at the meetings of the board. "Conditions so far this year have not been any too pleasant, and I am going to suggest that in future when any member is on his feet no other member gets in any side jobs."

Deputation consisting of John Doggett, James Hopkins, John Vick and W. J. Storey of the Building Trades Association, met with the board to urge that the city take advantage of the Dominion Government's offer to loan money for building and embark on a campaign for the construction of new dwellings.

Feature Picture AT ALLEN THEATRE. "Greatest Thing in Life" Still Continues to Be Big Drawing Card.

Altho D. W. Griffith's special Art-craft production, "The Greatest Thing in Life," is now in its second week at the Allen, large crowds are the rule at every performance. The latest Griffith masterpiece has proven to be as great a success as his other, but less popular pictures.

ICE CREAM MAKERS OBJECT TO RAISE

The proposals for the increase of express rates as extended by the Express Traffic Association were dealt with by the Dominion Railway Board in session at the city hall yesterday.

General Manager Smith of the Nelson Ice Cream Co. took issue against the way which the express companies handled their pick-up service. Asked by counsel for the express companies whether he had complained of the service, Mr. Smith said he had complained many times to various officials, who told him they had not the necessary equipment.

ZENANA BIBLE MISSION.

The annual meeting of the Zenana Bible and Medical Mission was held at Sherbourne House with this afternoon. J. K. Macdonald, president, in the report for the year by Mrs. R. J. Fleming, it was pointed out that the mission in England, has 40 workers in the field. One of the special aims of the year is the erection of a dispensary in connection with the Canadian hospital at Nasik, India, which will be a memorial to the Indian troops.

Sunlight Soap advertisement featuring an illustration of a woman washing clothes and the text: 'She lets Sunlight do the work'. Includes a \$5000 guarantee of purity.

Sunlight dispels the shadow that once hung over wash day. In fact many women do not say "wash day" any more. They say "Sunlight Day". It's a genuine pleasure to use Sunlight Soap because it means an economical wash, it means a quick wash. Why? Because, Sunlight is absolutely pure—you need only half the quantity as compared with ordinary soaps, nor will Sunlight harm any delicate fabrics, or hurt your hands. And it really takes the labour out of the washing in surprisingly little time as you will see by following the directions.

Society advertisement for the Sunlight Ladies' Club. Conducted by Mrs. Edmund Phillips. The marriage took place at short notice very quietly in the Church of the Epiphany, the Rev. Canon D'Arcy officiating.

# Hockey League Scores For the Tankard And District Cups

## JUST ONE GOAL'S MARGIN IN CONTEST

### Beaches Nearly Put Parkdale Out of the Junior Running.

Beaches juniors have the old dog out on a wolf hunt, and they are nearly up to the mark. Parkdale were conceded to win by five goals, but they had the tightest game of their young lives to pull out a 2-1 win. Beaches opened with three goals in the first eight minutes, and then had to bulge the net until the third period.

The reason for the good showing of the east end club was the fact that they stuck to their knitting all night. Stewart led the boys in the back-checking and they broke up after play that Parkdale attempted. Stewart was dangerous on the attack and the whole Beaches team combined and worked well.

TORONTO RAILWAY'S EARNINGS DWindle

Director Herman Pitts, at Annual Meeting, Asserts Attitude of City.

Largely-increased operating costs, chiefly due to higher wages, resulted in a sharp reduction in the net earnings of the Toronto Railway Company, as shown in the report for the year ended Dec. 31 last, presented to the shareholders at the annual meeting yesterday.

Table showing earnings and expenses for 1917 and 1918. Includes items like Gross earnings, Operating expenses, and Net earnings.

It will be observed that the increase in gross revenue was about \$255,000, but that the operating expenses grew to the extent of about \$695,000.

A feature of the 1918 report is that it separates advances to subsidiaries from the guarantee of Toronto Power Company notes, which term has hitherto included.

Mr. William Mackenzie presided over the meeting, which was held at half an hour's notice, in comparison with the meeting last year, and was concluded in half an hour.

Mr. Pitts declared that he had never seen anything more contemptible than the attitude of the civic authorities, when he brandished as a "bunch of fakirs" whom "we are going to beat."

The board of directors was re-elected as follows: Sir William Mackenzie, Hon. Frederic Nicholls, Sir Henry P. Pellatt, Hon. C. P. Peabody, E. R. Wood, George H. Smith, Hugh MacKay, K.C., Herman H. Pitts and Frank W. Ross.

DETROIT UNITED DIVIDENDS. Detroit United Railway has declared a dividend of 2 per cent.

MACKAY MEETING. The annual meeting of Mackay Companies will be held on Feb. 15 in Boston.

IMPERIAL BANK BRANCH. The Imperial Bank opened a new branch at Camwood, Sask., on Feb. 1.

LIVERPOOL MARKETS. Liverpool, Feb. 5.—Beef—Extra India mutton, 25s.

Canadian Mortgage Investment Company GENERAL TRUSTS MAKES PROGRESS

NET EARNINGS FOR 1918, \$104,070 The Annual Statement of the Canadian Mortgage Investment Company for the year 1918, submitted at the Annual Meeting, held yesterday, showed Net Income after payment of Debenture Interest and other charges, of \$104,070.

The Board of the Company was re-elected, and is constituted as follows: Messrs. L. A. Hamilton, D. B. Hanna, Joseph Henderson, Hon. Wallace Nesbitt, K.C., H. S. Oaker, K.C., and F. W. G. Fitzgerald.

RURAL OFFERINGS OF CORN LARGER DOME'S ADVANCE MARKET FEATURE

Shrinkage of Demand From Feeders Also Factor in Break in Prices. Chicago, Feb. 5.—Heavy selling of corn resulted today from shrinkage of demand from feeders and owing to enlarged rural offerings.

Sentiment regarding corn became almost unanimously bearish, and there were but few traders who showed a disposition to accumulate holdings, even at the sharp declines which were registered.

FOOD PRICES DECLINE. Bradstreet's index number for the week based on the prices per pound in Chicago, Feb. 3, 1919, compared with the previous week and 1918.

BOARD OF TRADE. Manitoba Wheat (In Store Fort William.) No. 1 northern, \$2.24 1/2.

Ontario Wheat (In Store, Fort William.) No. 3 northern, \$2.17 1/2.

Manitoba Barley (In Store, Fort William.) No. 3 C.W., 88c.

Manitoba Barley (In Store, Fort William.) No. 2 feed, 82c.

If John had only known!

THIS is one of the consequences of taking things for granted in the vital matter of your will.

This lady's husband assumed that because he had a will in existence that all was well. To the widow it means the loss of all but her "one third" of the estate.

The will being void means a long delay while the estate is tied up in the courts. It may mean an executor quite objectionable to those vitally concerned. It costs more to wind up the estate than if there were a will.

Are you certain that your will is properly drawn? If not, you had better consult your lawyer forthwith. It is better to have your will administered by a trust company on clearly defined provisions than to just take things for granted—and face the possibility of the courts having to interpret your will.

As executors we offer you the courteous painstaking service of our several departments each specializing on different branches of administration. Write for folder "First steps in making your will."

THURSDAY TORONTO IMPERIAL OF MACHIN AIRC WILLYS WE

The Story of the World's Greatest Gold Mine

The Hollinger Consolidated are erecting 500 extra houses in which to care for additional employes, and Manager Brigham is constantly calling for men. He fully appreciates the value of the coarse-grained lava, and is pushing work to the utmost.

It is not easy to say how much the area of this lava on the Sovereign Porcupine Gold Mines will add to the production of New Ontario. It must, however, be remembered that it continues to very great depth, and in this respect is unlike the analogous fragmental rocks at Cobalt.

But even there production has astonished even the scientists. In July, 1911, Professor Mickle of our Bureau of Mines estimated an ultimate output of 242,000,000 ounces. The camp is now a long way beyond this, and is still going strong.

New Ontario is pre-eminent in the production of metals. In 1917, the last year for which full statistics are available, the metals from Ontario mines had a value of \$56,845,788, while those of all the other provinces, including the world-famous placers of the Yukon, gave only \$49,784,964.

It is Ontario against the rest of Canada so far as gold, silver and nickel are concerned, and before many decades go by it will be Ontario against the whole world in the matter of gold production.

Canada found herself in the great war, and our achievements in peaceful industry will be no less remarkable. Porcupine is fully proved. The gold is there, and all that is now required is sufficient labor.

The "Sovereign" is in an exceptional position, with its ample acreage and the very best formation. It is certain to prove a very decided success.

We can prove by facts and figures that the Hollinger Consolidated is by far the greatest gold mine in the world. But the fact that one of the claims of the Sovereign Porcupine actually adjoins the formation identical with that which has been proved to be so immensely valuable on our great neighbor.

Now you need not take our word for this statement. If you have the third and last special report on Porcupine, issued by the Ontario Bureau of Mines, you will, on consulting the accompanying map, see three legends as follows, "course amygdaloidal lava."

You will note also that these legends are placed in a line running southeasterly from the new central shaft on the Hollinger over the Sovereign Porcupine. This particular phase of volcanic flow is rare, even in Northern Ontario. It is, however, of great importance and makes the Sovereign a very exceptional prospect.

We will send further particulars on request, if we hear from you before the whole of the present offering is sold at 25c a share.

UPWARD TREND IN TORONTO MARKET

Steamships and N. S. Car Preferred Make Striking Advance—War Loans Active.

Canada Steamships' rally, a fresh advance in National Steel Car preferred and an increase in activity in the war loans were chief points of interest in the trading on the Toronto Exchange yesterday.

IMPERIAL MUNITIONS BOARD OFFER FOR SALE MACHINERY AND EQUIPMENT OF AIRCRAFT DIVISION OF WILLYS-OVERLAND, LIMITED WEST TORONTO, ONT.

Sealed Tenders, accompanied by marked cheque for 5 per cent. of the amount of the bid will be received by the undersigned up to and including 12 o'clock noon, February 22nd, 1919, for the purchase of the following groups of machinery and equipment located at West Toronto, Ontario.

- Group 1. MACHINERY, consisting of Lathes, Drill Presses, Milling Machines, Boring Mills, Planers, Shapers and Miscellaneous Tools.
Group 2. ELECTRIC MOTORS, ranging from 5 h.p. to 150 h.p. Induction Type for 25-cycle current.
Group 3. STANDARD SMALL TOOLS, such as Drills, Reamers, Milling Cutters, Measuring Instruments, etc.
Group 4. SPECIAL SMALL TOOLS, such as Special Milling Cutters, Reamers, etc.
Group 5. COLD ROLLED, TOOL, ALLOY and HIGH-SPEED STEELS.
Group 6. BELTING, new and used.
Group 7. PULLEYS, SHAFTING, HANGERS, etc.
Group 8. EMERY WHEELS, consisting of a large quantity of both large and small wheels.
Group 9. BLACKSMITH AND HARDENING ROOM EQUIPMENT.
Group 10. ELECTRO-PLATING DEPARTMENT EQUIPMENT.
Group 11. LABORATORY EQUIPMENT, suitable for Metallurgical determination and tests, including Brinell Machine, Izod Impact Machine, Chemicals and other laboratory apparatus.
Group 12. FOUNDRY EQUIPMENT.
Group 13. STANDARD SCREWS, Machine Bolts, Washers and other fastenings generally used in a manufacturing plant.
Group 14. FLETCHERS' AND STEAMFITTERS' SUPPLIES, suitable for plant maintenance.
Group 15. ELECTRICAL EQUIPMENT AND SUPPLIES, used for maintenance of power and lighting circuits.
Group 16. MISCELLANEOUS EQUIPMENT, divided into the following subdivisions:
(a) Tables.
(b) Vices.
(c) Blocks, Cranes and Hoists.
(d) Gasoline and Oil Tanks.
(e) Cupboards for Tools.
(f) Benches with cast-iron bench legs.
(g) Metal Tote Pans.
(h) Wire Drill Work.
(i) Electric Drills and other special equipment, such as National Counting Machines, Shaft Aligning and Levelling Outfit, etc.
(j) Transformers, Electric Trucks and other trucks.
(k) Time Clocks.
(l) Welding Outfit, Matthews Gravity Carrier, Battery Charging Set, Cloak Room Equipment, Fire Extinguishers.
Group 17. CAFE EQUIPMENT AND SUPPLIES, SHEET AND ROD BRASS.

- Group 18. COMPRISING ZINC, TIN, LEAD, BABBITT and BRONZE IRON, STRUCTURAL STEEL, COPPER, NAILS, HINGES.
Group 20. IRON CASTINGS and ALUMINUM.
Group 21. TUBING.
Group 31. GENERAL SHOP SUPPLIES, such as Hack Saws, Emory Cloth, Glass, etc.
Group 33. MISCELLANEOUS SUPPLIES, consisting of Brushes, Packing, Acids, Oils and Supplies for general plant use.
Group 34. WEIGHING SCALES.
Group 35. OFFICE FURNITURE and EQUIPMENT, such as Desks, Typewriters, Adding Machines and Hospital and Rest Room Furniture.
Group 36. DYNAMOMETER EQUIPMENT, consisting of eight 200 h.p. Sprague Electric Dynamometers, with all necessary electrical apparatus and equipment for testing engines.
Group 37. DRAFTING ROOM and ENGINEERING EQUIPMENT, consisting of Drafting Tables, Blue Print Machine, Photostat Machine, etc.

Tenders for all groups, except Nos. 1, 2, 3, 4, 17, 35, 36 and 37 will be received only for each group as a whole. In the case of Groups Nos. 1, 2, 3, 4, 17, 35, 36 and 37 tenders will be received either in whole or in part.

The buyers will dismantle and load on cars, and bids are to be made on this basis.

Intending purchasers will be given every facility to inspect the machinery and equipment. Complete information may be obtained from the Willys-Overland, Ltd., Aircraft Division, West Toronto, Ontario.

The highest or any tender not necessarily accepted. Cheques for unsuccessful bidders will be promptly returned.

Tenders should be addressed to

STRENGTH IS SHOWN BY MONTREAL POWER

High Level Reached on Heavy Buying—Active Market in Bonds.

Montreal, Feb. 5.—A strong demand for Montreal Power today lifted the local stock market out of its recent rut, dealings in that leader amounting to the substantial total of 4,358 shares, with the price up 2 1/2 to 38. Best price of the day was reached just before the close and the quotation is now ex-dividend one per cent. It was equivalent to a new high level for the stock, the former high having been 38 1/2.

Accompanying this revival in an investment leader among stocks was another broad and active market for bonds, dealings for the day footing up \$70,650, par value, a total in excess of previous records with one exception, The 1933 Victory continued the leader in activity, upwards of \$270,000 bonds changing hands at 101 1/2 to 101 3/4, with the close at the latter price, or down 1/4 for the day.

Especially featured included the Canada Car and Canada Cement stocks and bonds, while some of the bank stocks were also active. Total business for the day as compared with the corresponding day last year:

Table comparing business volume for the day with the corresponding day last year, showing shares, bonds, and other metrics.

Winnipeg Grain Market. Winnipeg, Feb. 5.—Oats closed 1 1/2 lower for May, and July closed at 63 cents. Barley closed 2 1/2 lower for May and July. Flax closed 3 1/4 lower for May.

Montreal Produce Market. Montreal, Feb. 5.—At the close of the market carlots of No. 3 C.W. were quoted at 75c; extra No. 1 feed at 74c; No. 1 Mackay-Oats, No. 1 feed at 74c; No. 1 Ontario No. 2 white at 70c and No. 3 white at 68c per bushel, ex-store.

DETROIT UNITED EARNINGS. The annual report of the Detroit United Railway for the year 1918, shows gross earnings of \$10,043,818 against \$17,477,933 in previous year. Expenses were \$6,557,678 compared with \$4,168,148 in 1918. Net earnings were \$3,486,140 against \$13,309,785 in 1918, a comparatively slight decrease after having increased net income of \$2,054,584 remained, compared with \$2,175,500 in previous year.
