THEY MAY GAMBLE STILL. Anti-Gambling Amendment to the State Constitution of New Jersey.

Revised, N.J., Sept. 29.—The latest revised returns and estimates this morning indicate that the anti-gambling amendment to the State constitution has been beaten by from five to ten thousand.

The amendment giving women the right to vote at school elections is beaten while the anti-gambling amendment is probably defeated by a close margin.

The return on the anti-gambling amendment show a large negative vote in the cities where opposition to summary legislation was the controlling factor.

There was nothing about race tracks that has not been in New Jersey against horse racing. What the law forbids and what the defeated amendment aimed at was bookmaking and pool-selling.

There is a widespread belief that at the next session of the Legislature an effort will be made to pass an act similar to that in operation in New York, permitting the opening of the race tracks during certain months and under certain conditions.

TRAIN RAN AWAY. Air Brakes Failed to Work and the Plumber Through the Yard at Lightning Speed—One Man Was Killed.

AT OSOEGO HALL. Non-Jury Sitings—Alleged Infringement of a Patent Case—Set Down for To-Day's Court.

At the non-jury sittings in Wood v. McNaught, an action for infringement of the estate of John Lugsden, deceased, judgment was given for defendants, with costs as between solicitor and client.

In Fraser v. Huntley, judgment was reserved. The plaintiff claims payment of a judgment he holds against the defendant Huntley out of lands conveyed by him to his wife, and now standing in her name.

Bullock v. Murray was not concluded. The action is brought to restrain the infringement of patent process, whereby rugs are manufactured from old carpets.

Single Judge, at 11 a.m.: Stewart v. Stewart, re Mallon and City of Toronto, re Solicitor, re Hay and Galt, Toronto Aer Light Co. v. Huntington, Patton v. Bell.

Non-Jury Sitings, at 10 a.m.: Confederation Life Association v. Reddick, White v. Taylor, Hogboon v. McCulloch, Farwell v. Ghelard, Gurney Foundry Co. v. Frigate, Playfair v. Bellanca.

Court of Appeal, at 11 a.m.: Hutchart v. Doyle to be concluded, Franklin v. Pearson, Hicks v. Sprague, Coll v. Toronto Railway Co., Donaldson Bank v. Waterhouse, Boulton v. Langmuir, Harrison v. Kidd.

AT THE SESSIONS. Institution of Yule Assault Case—Fitzkin Pleads Not Guilty to Non-Support.

The greater part of yesterday at the General Sessions was taken up with the trial of John Baldwin in connection with the case of Yule. He was charged with assault upon Police Constable Yule in Riverside Park.

Detective Duncan told the story of the capture of Baldwin at Spontona and the chase after him. The latter had been seen going with a woman to the residence of his bride, and was followed. He saw the constable and tried to escape by running, and broke cover. He ran along the banks of the Don and was caught by Detective Duncan. He doubled on his tracks, and went down the river bank and sprang into the water. The officers followed and captured him.

Sergeant Miller, in cross-examination, was asking the lady to state that she saw the defendant on the night, and asked if the police were supposed to carry such weapons. He replied that the cases will be in evidence.

Mr. Fitzkin, father of the triplets, pleaded not guilty to a charge of non-support, and George Rooke not guilty to one of theft.

FURTHER PARTICULARS WANTED. The Bank of Toronto claims to have known nothing of the case.

The Bank of Toronto yesterday got the suits against the firm companies concerned with the John Eaton Co. losses. The order was for further particulars of an allegation that the defendant had made certain statements in the papers and books of the John Eaton Company.

Another Action Dismissed. Chief Justice Meredith listened to a discussion upon the merits of spring mattresses in the Civil Assizes yesterday, when J. W. Hutcheon and James Heston sued Mr. McMurry and the Gold Medal Manufacturing Company for \$200 for malicious prosecution. In March last the plaintiffs were tried and acquitted at the Sessions on the charge of infringing a trade mark applied to a wire mattress patented by the defendants. After their acquittal they brought the present action, which Chief Justice Meredith dismissed, after evidence was adduced that W. J. McMurry was patentee.

Trace Bills Found Yesterday. The grand jury have found true bills against the Mimico Electric Railway and Metropolitan Railway, charged with "obstruction of justice law in running their cars on Sunday."

They also found true bills against John McCullen and Andrew McMillan, charged with malicious injury. This is the case where the miller of the Toronto Flour Company were thrown into the ravine at East Toronto.

Political Leaders and Miscellaneous. Morgan Wood, pastor Bond Street Church, has been invited to address the Inter-State Civic and Philanthropic Congress, to be held at Detroit on the evening of Oct. 14.

Alex Donaldson of Unionville reported to the police recently that he had been robbed of a horse, saddle and harness. A return answering the description has been found in the hands of a young farmer in Michigan, driving east of the Presbyterian Church, near the 10th concession of Yorkville.

CHICAGO GOSSIP. Henry A. King & Co., 12 King Street West, received the following despatch from Chicago to-day:

The feature of to-day's markets was the receipt of the world's visible wheat, showing an increase of nearly 10,000,000 bushels, fully double what was anticipated, and followed by a demoralizing break, which caught a lot of stop orders.

The market was demoralized at once by heavy purchases by local operators, most of which came out again on the decline.

Foreign markets were a little better. Clearances from the seaboard 3,100,000 bushels, with 40,000 reported sold today in export.

Primary receipts showed an increase of 700,000 bushels over the corresponding day last year. The drought throughout the winter, which both continued and relieved, comes especially well to a bull's head.

Corn opened steady and held the early advances, but finally declined in sympathy with the break in wheat. The market closed in a yielding of bottom prices.

Receipts at interior points show a falling off, arrivals today being 200,000 bushels, the estimates for to-morrow 375 cars. Stock there seemed to be no other reason than sympathy. There was stop orders selling and general outside liquidation. The shipping demand had been quite so sharp the last two or three days.

Provisions were dull and about steady, with a few grades of moderately soft. The close, in sympathy with grain, there was more October liquidation, but rather free trading in January by local bears.

Packers and shorts took most of the offerings. The cash demand for meats and lard was fair; 20,000 hogs estimated for to-morrow.

Melnyk & Wardwell (John J. Dizon) received the following despatch from Chicago to-day:

There was considerable buying early to-day on the prolonged drought over the winter, wheat country and while it was in progress, the market ruled quite firm. It however weakened when long speculators sold, and the market was about 10c below the best prices.

In this juncture Bradstreet's statement, showing the enormous increase of 3,070,000 bushels in the world's stocks was received and the market became demoralized at once, as it declined nearly 15c more, and at the close shows just that decline for the day. Long sold heavy and buyers who usually trade for syndicate were among the number.

Callers were weaker and report Black Sea offerings for October heavy. Worked for export 40,000 bushels. It looks as though Europe is busy taking care of large shipments directed her way and until they are somewhat cleared it is doubtful if the export demand will be large or general in this country. Situation looks anything but strong, yet we are inclined to think that there will be two sides to the market for some time to come. We believe sales on the strong spots will prove profitable.

Provisions—Openings about strong. Receipts of hogs 6000 less than expected. Packers sold January hogs, and the market held up well, considering the decline in grain markets. There was fair inquiry for cash and for 2000 hogs, but market close steady. Estimated hogs to-morrow 30,000.

CHEESE MARKETS. Woodstock, Sept. 29.—Twenty-two factories offered 5248 boxes cheese on the board to-day, 2775 ordered and 2275 with a 9 1/2c highest bid. Some salesmen begin to show signs of weakening owing to prices receding from week to week; 1/2c would bid what 1/2c would not last week. Fire buyers present, but only one bid, 1/2c. Pigeon, Oct. 29.—At 9 1/2c Cheese
