PIPE-LAYING DELAYED.

Controllers Did Not Allow Sufficient Time in the First Place.

The board of control yesterday extended for one month the time that had been decided on for the laying of the new six-foot steel water pipe across the island.

The specifications set Dec. 1 for the month and Jan. 1 for the month of June and July will be allowed to receive other tenders, and the date for the opening of tenders will be postponed until further notice.

As the board could not provide funds without a further extension of the time, the committee will wait still longer.

The municipal committee of the Trades and Labor Council will meet the controllers to re-consider the extension.

A watchman will be placed at the entrance of the park at 11:30 p.m. for an extra guard of \$150 provided.

Acting Mayor Fleming yesterday declared himself for Don bridge to connect Wilton-avenue and Elliott-street.

Commissioner Chambers has returned from Detroit, which last year spent \$288,120 to care for 1150 acres of land on the west side of the city.

Commissioner Fleming yesterday proposed a deputation to look into the matter of the Ontario and Quebec lock-street, south of Bloor to Hepburn-street, should be placed in the hands of the city.
