WHAT ESKIMOS TOOK PEARY OF COOK

Statements of Brooklyn Explorer's Boys, on Which Rival Hopes to Prove He Failed to Reach the Pole.

NEW YORK, Oct. 12.—A statement of Commander Robert E. Peary, which he submitted together with a map, to the Peary Arctic Club, in support of his contention that Dr. Cook did not reach the north pole, two Eskimo boys of young men, two sledges and some twenty dogs. The boys were I-took-a-Shoo and Ah-Pe-Lah. I had known them from their childhood. One was about eighteen and the other about nineteen years of age.

On my return from Cape Sheridan and at the very first settlement, I touched (Nerke, near Cape Chalon), in August, 1909, and nine days before reaching Etah, the Eskimos, who were in a general way, where Dr. Cook had been, that he had wintered in Jones Sound, and that he had told the white men at Etah that he had been a long time after they left, two Eskimo boys of young men, two sledges and some twenty dogs. The boys were I-took-a-Shoo and Ah-Pe-Lah. I had known them from their childhood. One was about eighteen and the other about nineteen years of age.

Where Four Turned Back. "On their way they killed musk-oxen and bear, and made caches, arriving eventually at a point on the west side of Nansen Strait (now Axel Heiberg Land or Sverdrup), south of Cape Thomas Hubbard.

Had Lots to Eat. After being informed of the boys' narrative thus far, Commander Peary suggested a series of questions to be put to the boys in regard to this trip from the land out and back to it. These questions and answers were as follows: Did they cross many open leads or much open water during this time? A—None. Did they make many caches out on the ice? A—No. Did they kill any bear or seal while out on the ice north of Cape Thomas Hubbard? A—No. With how many sledges did they start? A—Two. How many dogs did they have? A—Continued on Page 7.

The New President of the G.T.R.

HAYS GIVEN PRESIDENCY AS RIGHT OF EQUALITY Places Him on Footing With Other American Railwaymen—Annual Report of G.T.R.

LONDON, Oct. 12.—(C. A. P.)—The G. T. R. report states that it is advisable that General Manager Hays should have the same rank as is accorded to the holders of positions similar to his on other railways in America, therefore he is to be appointed president and elected director, vice G. C. Glyn, resigned. Smithers is to be chairman of the board, holding the powers and performing the duties hitherto discharged by Sir Charles Rivers-Wilson. The board will continue to have the same control as hitherto over the administration. In order to recognize the general meeting will be asked to sanction an allowance to him of \$1500 yearly.

The report shows gross receipts for the half year of \$2,866,468, against \$2,854,787, working expenses being at the rate of 72.34 per cent, against 72.47, total \$2,079,196, against \$2,098,144. The net revenue was \$887,272, against \$781,905, additional items bringing the net revenue receipts to \$1,069,177; net revenue charges, including Canada Atlantic deficiency of \$41,105 and Detroit and Grand Haven deficiency \$25,743; total \$682,268, leaving a surplus of \$273,922, against \$106,494.

BUDGET CRISIS POSTPONED

His Majesty and the Premier Both Off for Holiday. LONDON, Oct. 12.—King Edward was busily occupied to-day in conference with the party leaders on the budget crisis. Lord Lansdowne, A. J. Balfour and Premier Asquith were among those received in audience at Buckingham Palace during the day. Premier Asquith and Chancellor Lloyd-George have both quitted the political arena for the remainder of the week, the former taking a holiday at Sandwich and the latter making a motor trip to Normandy. The King also has departed from London to attend the Newmarket race meetings, so that it is not likely that there will be any development in the budget crisis until next week.

COTE GOES TO PARIS

Has Been Appointed Canadian Trade Commissioner There. OTTAWA, Oct. 12.—(Special.)—Reports from Montreal to the effect that Thomas Cote, editor of La Presse, would become deputy minister of marine and fisheries, are erroneous. Mr. Cote has been appointed Canadian trade commissioner in Paris in succession to Hector Febvre.

BRICKLAYERS' DONATION

Assessing Members for Contribution to A. F. of L. Convention. At the regular meeting of the Bricklayers' Union last night the assessment was made towards raising the contribution of that union to the entertainment committee of the A. F. of L. Although this union is not affiliated with the federation, it is nevertheless giving a donation owing to the fact that the convention is being held in Toronto. The Bricklayers' Union has about 500 members and the assessment was fixed at 50¢ per member, making the contribution \$250.

BOILER BLOWS UP CHECKS TWO PLANTS

Aylmer Water and Light Services Destroyed, and Shoe Factory Was Burned—Engineer Was Killed.

AYLMER, Ont., Oct. 12.—(Special.)—A 500-pound pressure boiler in the combined electric and waterworks plant at Aylmer, exploded at Aylmer at 7:05 o'clock to-night, killing one man, H. Fisher, and damaging considerable property. The explosion was a terrific one, and shook the ground and buildings in the town, so that the residents at first thought they had been visited by an earthquake. One piece of boiler weighing many pounds was thrown into the air, and in coming down struck a two-story barn owned by Dr. Augustine. It struck the building into its basement, missing the owner by less than three feet.

It was at first reported that there were at least three persons killed, and perhaps six or seven, but this was finally found to be false. Fisher, the man who was killed, was the night engineer. His remains were found underneath in a horribly mangled and burned condition. Many of the citizens have suffered considerable damage to property as a result of the force of the concussion or by heavy pieces of iron from the boiler, which were hurled in every direction over the town.

A WITNESS ON STAND

Begin Evidence for Defence in Alleged Libel Case. KENTVILLE, N. S., Oct. 12.—(Special.)—The famous libel case of the King v. Carruthers, in which Sir Frederick Borden, minister of justice, was the plaintiff, was begun in the supreme court here this morning. Chief Justice Drysdale presiding, W. E. Roscoe, K. C., for the prosecution, and J. C. McEwen, K. C., for the defence. The Eye-Opener was exhibited which contained the two alleged defamatory articles in the Standard of Ottawa.

METHODIST MISSIONS

Canadian Board Will Look After Ten Million Chinese. OTTAWA, Oct. 12.—(Special.)—The Methodist Mission Board to-day adopted the report of the China sub-committee of the foreign work committee, recommending the taking over of the London Missionary Society's plant at Chung King. It also provided that ten million people be the maximum number for whom the board would accept responsibility in China.

ANOTHER GRUESOME MURDER

TIVERTON, R. I., Oct. 12.—ALIDA added evidence of the fact of a murder was found in the location of the torso of the young woman whose legs were found yesterday in the underbrush adjoining Bulger Marsh-road, the police to-night were still without a clue as to the identity of the victim or of those responsible.

CONFESSION HAS FLAWS SO POLICE POINT OUT

Essential Features in Kinrade Tragedy Which Bedford's Story Fails to Tally With. HAMILTON, Oct. 12.—(Special.)—The details of Edward William Bedford's alleged confession in London that he is the murderer of Ethel Kinrade, tend only to further discredit his story in the eyes of the local police, although he is correct in some of the details of the crime as described by the dead girl's sister, Florence.

DIDN'T SAIL ON LAURENTIC.

MONTREAL, Oct. 12.—(Special.)—The steamer Laurentic, on which the man Bedford claims to have booked passage, did not sail within a few days of the Kinrade murder in February, sailed from here for the first time on May 18.

ALFONSO MAY LOSE HEAD IF FERRER IS EXECUTED

Great Excitement in Spain, France and Italy Over Sentence of Death on Professor. PARIS, Oct. 12.—The daughter of Professor Francisco Ferrer to-day sent a telegram to King Alfonso appealing to the monarch's generosity and chivalry to save the life of her father. Ferrer has been convicted of instigating a revolutionary movement at Barcelona, Spain, and is to be shot tomorrow.

20,000 WORKMEN IN ROME PROTEST.

ROME, Oct. 12.—The workmen today the city abandoned their employment to-day and 20,000 gathered in a meeting to protest against the condemnation of Prof. Ferrer, the alleged revolutionist at Barcelona.

C.N.R. WILL STICK TO NORTHERN ROUTE

Announcement Made That Will Disappoint Several Towns—Port Hoppers Have a Grievance.

PORT HOPE, Oct. 12.—(Special.)—The announcement from the Canadian Northern to the effect that they propose to adhere to the northern route as surveyed and located two years ago, is regarded with keen disappointment. To a deputation consisting of Colonel Ward and H. T. Bush, which went to Toronto to interview them, Messrs. Mackenzie & Mann promised to come to Port Hope to look over suggested deviations themselves, and also to send engineers to run new trial lines, the object of getting suitable grade nearer the town. On the day that Mr. Mann was to come to Port Hope, according to his promise to the deputation he went to New York, and up to the present neither Mr. Mann, Mr. Mackenzie nor Mr. Moore has been here.

Neither have the promised trial lines been run. Engineer Armstrong and six men, making up a surveying party, have been here for three weeks, but it is known to be a fact that no new lines were run in the vicinity of Port Hope. For three weeks the surveyors have been working on the located line, Members of the Port Hope Board of Trade made an appeal to the company for at least a slight deviation near the point where the station was to be located, and the change would entail no extra cutting or filling up, the suggestion was not acted upon.

OSHAWA'S FREIGHT SERVICE.

Large Industries Which Are Hampered by Present Facilities. OTTAWA, Oct. 12.—(Staff Special.)—If Mackenzie & Mann run their Toronto-Ottawa line through Oshawa they will accommodate no persons so much as Mackenzie & Mann. "We want the C.N.R., but if we don't get the C.N.R. we will get the C.P.R., which will serve quite as well and will give us more competition we desire." And that hope of securing the C.P.R. is not by any means merely visionary. Fred Powke, M.P., who accompanied the deputation to Montreal a couple of years ago, quoted to The World the words used by Sir Thomas Shaughnessy, president of the C.P.R., and a conversation with the latter the late towns from Kingston to Toronto and (addressing Oshawa) will pass right through your midst.

These assurances have instilled a somewhat independent spirit into the business men and they are not losing any sleep over the reports that the C. N. R. has decided to pass them by two miles to the north, although they recognize that it would be a fine thing to have the Northern here and they are doing all they can to get it. It generally believed of course that the Canadian Northern will make a stab at getting the business by running a spur in any event, but such a makeshift is not regarded as a satisfactory one. They want the road to pass thru the town and can promise a great amount of shipping to the company that make these wishes.

A Booming Town.

Oshawa is full of life and is ambitious. Every industry in the town has growing pains, and is expanding at a marvelous rate. The town leads all places in Canada in the percentage of her shipping, based on population. More than one industry handles over 1000 carloads of freight a year and there are a dozen that handle over 100 cars. The Malleable Iron Works, in conjunction with the Oshawa Steam & Gas Fitting plant, employ 1000 men and ship or import over 20,000 tons a year; the McLaughlin Carriage Works employ 500 men and ship and import about 1500 carloads a year; the Williams Piano Co. employ 200 men and ship 2500 tons a year; the Robson Leather Co. employ 125 men; the Pedlar people 100 men, Oshawa Woolen Mills 150 men, T. Eaton Co. white-wear.

NEW SURPLICED CHOIR

Church of the Ascension Decides on Important Improvement. A surpliced choir was decided upon at a vestry meeting of the Church of the Ascension, Richmond-street, last night. The congregation is practically a unit in the matter and the step will be a great advance to the work of the church, which lies largely among Church of England immigrants, to whom a Church without a surpliced choir is an anomaly. The initial expense for the choir was almost covered last night.

PERSIAN LAMB.

The Popular Fur for Ties and Muffs. A very popular fur for almost any garment is Persian Lamb. It makes a rare good coat or for a tie or scarf or muff. It is exceptionally stylish. The best Persian Lamb comes from southern Siberia. It is marketed in Lipton, Dineen makes two trips a year to the market for Persian Lamb, and fifty years' experience in buying furs aids him considerably in making a good selection. Just as you look over the display in the showrooms and you'll understand what good Persian Lamb looks like. Dineen shows rooms are the corner of Yonge and Temperance streets.

Wm. Hutton Missing Feared That He Is Dead

Went Out Fishing Yesterday Morning and Has Not Returned
E. E. Fisher Very Low.

HAMILTON, Ont., Oct. 12.—(Special)—It is feared that William Hutton, 228 Macaulay-street, was drowned in the bay to-day. He has been employed as a night watchman at the mill, and following his usual custom he went fishing this morning after breakfasting at home. No alarm was given until he failed to return at supper time, and his absence was reported to the police. Unless he should make his appearance in the meantime, it may well be regarded as certain that the doctors at the City Hospital advised to-night that he feared that E. E. Fisher, ex-superintendent of the mill, had been killed in an operation, could not live until morning.

Clarence Jackson, 2 Wyatt-street, London, had his foot crushed at night while riding a bicycle on a freight train and fell off.
Mother and Child to Jail.
Magistrate Jells this morning sentenced Mrs. McCarthy, 11 Market-street, to jail for a month, although she has a child only a few days old that will have to accompany her. Her offence was stealing a coat and hat from her landlady, whose place she left, owing \$5 for board. George S. Kerr, K.C., pleaded for leniency, and the landlady asked that Mrs. McCarthy should not be sent to jail.

You are quarrelling over six inches of land. If you don't get together and settle the matter, lawyers will divide the property, was what the magistrate said to James Freeman and Mrs. Dunn. He said he knew of farmers who had gone into court on the advice of lawyers with similar cases, who saw how working as hostlers around home. He advised the pair to go home and settle the case.
It is W. D. Platt who is organizing the company to build an incline railway to the head of Garth-street.

Can Raise the Money.
John Patterson, who knows where he can get the money to build the Hamilton, Waterloo & Guelph Railway, it is understood that he will apply to the council for a loan of \$100,000 on the road he found to spend \$100,000 on the road.

Nervous Dyspepsia and Neurasthenia

Weakness of the Nervous System Often Dependent Upon Long-continued Indigestion.

NEURASTHENIA, also known as nervous exhaustion, "nervous prostration," "nervous debility," and "nervous weakness," is a condition which in these modern, strenuous times is becoming more and more prevalent. It is a condition marked and persistent loss of energy, together with considerable irritability.
Persons who suffer from this trouble are easily excited and irritated; cannot get on as much work as formerly, and attempting any mental effort, quickly become confused, and are unable to concentrate the attention. They also complain of insomnia, nervous indigestion, depression of spirits, and palpitation of the heart.

OTTAWA, Oct. 12.—(Special).—No sooner is Sir Henri Taschereau dead, than there is a unanimous voice amongst the government forces that here is an opportunity to get rid of Hon. L. P. Brodeur, minister of marine and fisheries, by giving him the vacancy on the King's bench of Quebec. In view of Canada's naval program, he is not considered by some capable of handling the situation. Mr. Brodeur has faith in himself. He has also improved vastly during the last year and he knows it.

ROME, Oct. 12.—The coming of Emperor Nicholas to King Victor Emmanuel, has excited the liveliest speculation here, owing to the impenetrable mystery concerning the arrangements. The king has ordered a state banquet at Raconigi for Thursday, so that the emperor must have already begun his journey secretly.

Boys Ran Away.
Thomas McPherson and James Astell, both 18 years of age, who came to Toronto from Montreal, in the train of the horses, were gathered in yesterday afternoon on the Dufferin track. Their parents, who asked that they be located are coming to the city for them, and will take them home. When found by the police they were without money and were hungry. They were lodged in the Children's Shelter last night.

Has Rough Time.
William Nicholson, 138 Duke-street, was arrested as a drunk at Queen and Buckville-street last night. He looked as though he had been in a fight and was in bad shape, so he was sent to the General Hospital.

A. F. Zimmerman, arrested for the Brooklyn police on a charge of bigamy, was released on the advice of the Brooklyn police, who wrote that he would take two weeks to gather evidence to secure extradition. George S. Kerr, K.C., says that the police here had no right to make the arrest without a warrant, and it is understood that a warrant is being forwarded. A New York despatch says that Zimmerman is believed to have a string of affidavits from Massachusetts to the Pacific coast.

Frank Fenton, who is charged with kidnapping one well-known, the proceeds of a bet he made for two Hamilton men on the General Armstrong, has also been released at Washington, as the attorney-general's department refused to bear the expense of bringing him back.

The police are taking the names of young girls who spend their time walking the principal streets at night.

NORTH TORONTO, Oct. 12.—(Special.)—The fact that the big real estate and business firm of Waddington & Grundy are already making preparations for the opening up of a coal, wood and lumber yard at the south-east corner of Yonge and Merton-sts. is accepted around town as conclusive evidence that the Grand Trunk Railway will shortly re-open the old belt line.

That the road will be opened all the way around is not yet fully known, but that it will be opened from the western end and completed as far as North Toronto, is practically assured.

WOODBRIDGE, Oct. 12.—(Special.)—The opening of the Woodbridge Fair here to-day was, despite the threatening weather in the morning, one of the most successful in the history of the society.

INSIDE CLASSIC COSTUME DISPLAYS NUDE LIMBS Isadore Duncan, With N. Y. Symphony Orchestra, Gives Chaste and Artistic Interpretation.

Inspector Archibald did not interfere last night at Massey Hall, so there was no hitch in the program on that account. He would probably have taken an unwarrantable opportunity to add to his reputation if he had been there, for it is not often that a woman in abbreviated the classic costume publicly displays nude limbs in Toronto.

YONGE STREET ASSESSMENT.

Squeals are heard from the Dukes of Yonge-street. Assessment Commissioner Forman has driven them into a corner. Their Graces of Britain have set an example of revolt against the principle involved in exacting tribute from the public from property whose value is created or enhanced by the public. This savor too much of the doctrine of a democratic commonwealth to suit the Dukes who believe in special wealth, special to themselves. There is nothing radical in the taxation of Yonge-street property. The assessment department made a careful study of the situation, and is no doubt prepared to produce the evidence if required in cases of appeal. It is notorious that leases recently fallen in have been renewed at heavy advances. One case is mentioned where \$6500 was changed to \$17,000. Is the city to derive no advantage from such an enhancement, or are the people who do not own Yonge-street property to pay the greater part of the taxes of those who do?

From Front-street to Walker-avenue on Yonge-street, says Commissioner Forman, "I don't believe there is one property owner who would accept 50 per cent. over the present assessed value of the land." He instanced a standing offer held by an agent for 26 feet of land at \$5000 a foot. A property owner refused \$125,000 for 20 feet, and said he would consider \$150,000. On the offer being raised, he declined to sell at all. Yet the assessment department has not approached these values. On the point that much of the high-priced land was carried on margin by mortgage, Mr. Forman expresses his belief that the valuations of the leading companies whose business it is to advance money on real estate would not for purposes of a loan value any land on Yonge-street for less amount than it is now assessed at.

The choice district on Yonge-street has crept up from Adelaide to Richmond-street; then to Queen; Shuter-street has been the boundary for some time, and now it seems to be extending to Wilton-avenue. There are other choice corners at Carlton and College, and Bloor-streets. The Dukes of Yonge-street are a fortunate race, and have no need to complain of their good luck. To hear their squeals it might be regarded as a grave calamity to have property double and treble in value. Nobody but a Duke in fact or in spirit, would expect that view to be swallowed. There are people willing to pay the values set on the land and the taxes too. If the Dukes do not like the assessment, they should sell out and retire into the privacy of Victoria or Richmond, or Bay-street.

T. & N. O. RAILWAY KNOCKERS.

No opportunity is lost by the Cobalt Citizen or The Thinking Herald to misrepresent conditions existing in connection with the government railway. A great outcry has been made by The Citizen about delays in delivering freight. Unusual pressure has been put on the railway during the past month. As the compressed air company

was expected to deliver power before this, the mines stocked no coal, and awakened suddenly to the need of fuel sufficient to develop power till Jan. 1. In consequence 200 cars of coal came along. The new freight shed at Cobalt was being built. The double tracking required a steam shovel at work, and this was employed during the day, but, interfering with traffic was put on at night. A Sunday shift under the pressure of circumstances resulted in an information being laid by one of The Citizen's friends, who was not so anxious to facilitate business as The Citizen wishes to appear. No reasonable suggestion for the improvement of the service seems to have been suggested by Chairman Englehart of the T. and N. O. Railway Commission. Carping criticism, which fails to recognize the merits of the service and the causes for temporary delays, will not carry weight with those who are on the spot, tho it may serve to mislead those at a distance.

ITALIAN GUILTY OF MURDER.

Convicted of Stabbing Young Chinaman at Halleybury.

NORTH BAY, Oct. 12.—(Special.)—In the assizes, before Justice Riddell, Spanelli, an Italian, was found guilty of the murder of a Chinaman at Halleybury, last July. T. W. McGarry defended him at the request of the judge. The crown alleged that Spanelli and two others had had supper at the Chinese restaurant, had refused to pay, and that when Miss Shev, aged 16, tried to detain Spanelli, he had stabbed him. The defence was that Spanelli had not dined and had been threatened by several Chinamen for refusing to pay. The prisoner seemed quite unconcerned.

A true bill was returned against Spull Gault, charged with killing a woman near Cobalt. The case of manslaughter against W. R. Montgomery, hotelkeeper, of New Lisegard, who fatally injured one Kilm while ejecting him, was traversed till the next court, \$18,000 bail being renewed.

Edward Broughton was found guilty of having stolen silver ore illegally in his possession. He bought it from Cobalt miners for \$5, expecting to sell for \$150. The jury recommended mercy.

Edward Higgins was found guilty of theft of a rifle from the T. & N. O. station at Tufagami. He will be tried later for perjury.

Mrs. Dunn of Cobalt was found guilty of receiving stolen goods.

No New Cases.

Paquette v. Rideau. Skating and Curling Club, E. Shepley, K.C. and appellants, W. Nesbitt, K.C. and M. Gordon, for plaintiff, contra. Plaintiff, widow and administratrix of Alphonse Paquette, an electrician in the employ of the Ottawa Electric Co. who was thrown from a high ladder while repairing an electric light in the centre of defendants' rink by reason of a boy skating against said ladder, sued the defendants for \$10,000 damages, alleging that the ladder supplied by defendants was not properly constructed for the purposes for which it was to be used, but was unsuitable for the said purpose and defective in design and manufacture. At the trial before Anglin, J., and a jury, judgment was given dismissing the action with costs. On appeal by the plaintiff to a divisional court, this judgment was vacated and set aside, and a new trial ordered. From the latter judgment defendants now appeal to this court. Reserved.

Young Men Will Take to These College Ulsters With a Vim

There can be no doubt that more than ever in evidence will be the college ulster this winter. It's the sensible rough weather protection.

There can be no doubt that the carefully assembled stocks of all that's newest in fabric and cut, which we now announce READY, will appeal to young men whole heartedly.

From the plain rich black cloth to the most striking, yet dressy, color effects,—these stocks are ready. And nobody will have any fault to find with the high class of tailoring that is conspicuous throughout the whole big showing. A few brief descriptions follow:

At 12.50: College ulsters made from a 30-ounce all wool fancy chevrot, in dark brown stripe, and greenish fawn, with colored stripes, single or double-breasted, 50 inches long, buttoning close to throat. Well lined. Price 12.50

At 13.50: Double-breasted ulster in a mid-grey heavy chevrot cloth, with green and red faint stripe. Large buttons and patch pockets with flaps. Price 13.50

At 15.00: Single-breasted, button-throughout effect, with Prussian collar. Material a dark olive, tinted brown, stripe effect, cuff on sleeves, flap pocket, durable linings. Price 15.00

Here's the Plain Statement Regarding an EATON Watch

For \$45.00—An EATON watch with a Swiss movement in a solid gold case. The movement has twenty-one genuine ruby jewels, set in gold settings, every improvement—gold centre wheel, exposed-winding wheels, breast of hair spring, patent regulator, steel escape wheel, genuine double-sunk dial, with either Roman or Arabic figures, full-headed case screws to prevent the movement from getting loose in the case, etc., adjustment made to five positions and extremes of temperature.

The thin model, in solid 14k gold case, either elegantly plain and polished, or engine turned, \$45.00.

For \$37.00—The same case, containing a 17-jewel movement.

This Announcement Is Made To Give You a Thought For the Approaching Season of Gifts

Either of these watches, or some other EATON watch, would make your son, husband or brother happy for the New Year, perhaps help form, or strengthen, his habits of punctuality. Think it over. We are always glad to show you every feature of the EATON watch if you desire to look into its merits. Perhaps you would like to have him help choose. If so, bring him in and we will not give the secret away. He'll not suspect it now, afterward he will date everything from "the year you gave me my EATON watch."

CITY of BRANDON A. C. JENNINGS & CO.

Second City of Manitoba

Greatest Western Wheat Market

The population of Brandon has doubled in five years. The next assessment returns will show over 14,000 people.

Extensive building operations have brought the city right into Kensington Park. Real Estate there is due for immediate advance.

FACTS ABOUT BRANDON

In 1874—A boundless prairie.
 In 1878—A few settlers in tents.
 In 1882—A few settlers' shacks—that's all.
 In 1904—About 7000 people.
 In 1909—About 14,000 population.

Brandon has a fine city hall, federal postoffice, great winter fair building, and a \$75,000 Y.M.C.A. clear of debt.
 Brandon has the greatest agricultural fair in the west; attendance 20,000 daily.

Brandon has three transcontinental railroads, and a fourth is coming. It is the operating centre of 1000 miles of railway, and the home of its operatives.

The railroad payroll at Brandon exceeds \$1,000,000 a year.
 Brandon is the home of the Provincial Asylum, with 600 patients.
 Brandon has two business colleges with an attendance of 1200 students.
 Brandon is the home of the Baptist College, Brandon College, Normal School, Collegiate Institutes and palatial public schools.
 The horse-breeding centre of the west is Brandon.
 There are ten chartered banks at Brandon, and seven own their own homes.

Ontario's fruit is distributed through the west from Brandon.
 One hundred and twenty-five travellers do business out of Brandon, because its railroad facilities are unequalled in the west.

Everybody is making money in Brandon.
 There has not been a business failure there in ten years.
 Splendid lots in Brandon can be secured for \$60 in Kensington Park, right in the city limits. The terms are one-third cash, one-third in three months, one-third in six months, no interest charged.

These lots are for prospective citizens of Brandon. There is no evasion about this offer. Your lot will be guaranteed suitable for building, and practicable as the site of a home in a prosperous city.

Write to-day for full particulars. On receipt of check we will undertake to assist you in a wise selection. These lots are worth more than we ask. Two years from to-day they should be worth \$500 each.

MORRIS LEVY ON TRIAL

Jew Charged With Subornation of Perjury in Sessions

Morris Levy is on trial in the sessions, charged with subornation of perjury. The chief witness against him is Solomon Altman, the young Jew, who last May confessed to committing perjury in the case of Levy v. Solway and Cohen, and was sentenced by Magistrate DeWolton to two years in Kingston penitentiary.

Altman swore yesterday in the witness box that he was brought from the country to Toronto, and given instructions what to swear in court, for which he would receive \$50, and his expenses. The case will be continued this morning.

Jury Awards Purvis \$100.

In the action brought by Albert Purvis against Edward Schilling for alleged excess of distraint of his household furniture, the plaintiff was awarded \$100 damages by the jury of the civil assize court yesterday. Purvis occupied a house belonging to the defendant.

HORSES AND CARRIAGES.

OWNER LEAVING, MUST SELL. (Alfred), 5 years old, sound, thoroughbred, city broken, standard bred, good all-round action; has taken several prizes; his rubber-tired road buggy, good all-round match, latest style; this turn-out cost \$200 short time ago. Sell for half value. Also fine delivery mare, cost \$175; sell for \$65; and family cow, about 200 lbs. calves; stable utensils, tools, blankets. Call 188 West King-street.

defendant, and in his statement of claim got \$33 in arrears of his rent. For this the bailiff was sent in, who he claimed, seized about \$300 worth of furniture. The bailiff's estimate of the goods was evidently low, and the jury gave the above verdict for Purvis.

Great Rug Auction This Afternoon.

Great bargains were obtained yesterday afternoon at the great rug auction now going on at the corner of King and Bay-streets. The collection is the largest and most magnificent ever offered to the Canadian public. Some rare pieces will be offered this afternoon. No art lover should fail to attend, as every lot is sold without a reserve, as the premises are sold. Mr. Chas. M. Henderson is conducting the sale.

LEGISLATION CAN'T AID TAXPAYERS THIS YEAR
 Ald. Church Says Issue Must Be Fought Before Judge Winchester.

That there is no prospect of giving legislative relief for another year to the Yonge-street property owners, and business men of Yonge-street, who claim that their assessments are too high, is the opinion of Ald. Church, who is a leading authority in the city council on matters of provincial legislation.

Ald. Church says that when the present assessment act was passed four years ago, the government announced that it would start for four years to try to get the assessment act amended to the act inserted to exempt cities of 100,000 or over from being compelled to assess property according to its apparent selling value, as in smaller cities, and towns, but was turned down. Had it been otherwise the Yonge-street merchants need not have been lamenting, he declares, adding that all that can be done this year is to go on with the appeals to Judge Winchester, and seek relief from the legislature later. The act now being revised is only a consolidation of the act of four years ago.

The alderman contends that the speculative sales such as have been booming Yonge-street, should be taxed as they are in the United States, where speculative purchasers have to make affidavits as to how the tenant and owner benefit, and their relationship before the sale is registered. As in the case of successful duties, the city and state get a slice of the sale price.

Sunday Work
 Speaking as a harbor commissioner in preference to Ald. Hilton's proposal to have the police prevent employees on the government breakwater work at the island, from working on Sunday, Alderman Church says that contractors are within their legal rights, owing, however, to the strong feeling in Toronto against Sunday work, he suggests that the minister of public works should be asked to stop the practice so far as Toronto is concerned.

City's Minor Population
 The assessment rolls tell an interesting story as to the relative proportion of youthful population in the various wards of the city. In the whole city there are 42,986 children between the ages of five and 16, while there are 38,927 persons between the ages of 17 and 21. Twenty-one of the fourth ward has the largest population, 60,265, it is surpassed by three other wards in junior population.

Figures as to
 Between Total 5 & 21. 5 & 16. Population

Ward 1	10,551	7,807	42,396
Ward 2	7,623	5,484	45,015
Ward 3	5,538	4,307	44,811
Ward 4	9,085	6,917	50,985
Ward 5	12,053	9,240	56,636
Ward 6	10,869	9,047	48,874
Ward 7	2,928	2,184	12,365
Totals	58,277	43,986	311,354

Ward Seven Appeals
 Despite an increased assessment to 30 per cent, only 22 appeals by seven ward taxpayers have reached the court of revision. Apparently, the owners are philosophical, because of the lower tax rate.

The three pictures purchased by the city from the collection shown at this year's exhibition were turned over to the board of control by the mayor as vice-president. The paintings, "Nelson Boarding the San Josef," "Battle of Queenston Heights," and "Figure Study at the Window," will be hung in the city hall.

The city collector will report on the advisability of the city's asking the railway company to give a railway stock the right to collect an extra fare from a passenger who accidentally or thru ignorance transfers to a wrong car. A letter from R. W. King suggested this course.

The board of control refused H. R. Jerome's application for a site for a "patrons' home" on the city's Bay-street wharf, on the principle that the city should not give away any of its water-front property.

Estate of C. D. Scott.
 The late Charles Duff Scott, barrister, left an estate of \$50,200. To his mother Mr. Scott left half of a policy for \$10,000 in the Provident Savings Life Assurance Co. of New York, or should she prefer it, the interest on \$10,000 during her life. Should she choose the latter the income will on the death of Mrs. Scott fall to the two sisters of the deceased, Clara and Margaret, or to the survivor, should one of them be dead.

The will also directs that when the estate has recovered repayment in full from his interest in the Darby Mines, 10,000 shares should be transferred to his brother, Walter H. Scott, and to each of his sisters, Clara and Margaret. The rest of the estate is bequeathed to the widow, Harriette Scott.

MORE INTEREST IN INVESTMENT ISSUES.
 World Office
 Tuesday Evening, Oct. 12.

With New York closed, there was less activity at the Toronto Exchange to-day. The undertone to speculative stocks was none too buoyant, and some selling of Dominion Steel met an unsatisfactory market, the price declining over a point from yesterday. The listed Cobalts were stronger on a fair demand from investors. With less attraction to the speculative side of the exchange, more attention is being given to the actual investment issues. These were somewhat more active to-day, and bid prices indicated an underlying buying power which must be satisfactory to holders.

London Quotations Are Lower For American Securities
 Wall Street Closed and London is Not Buoyant—Toronto Exchange Dull With Some Heaviness.

World Office
 Tuesday Evening, Oct. 12.

In the London market New York stocks were irregular to-day and most of the active issues showed fractional declines from the Wall-street close on Monday.

The Toronto market left to itself, evinced little enthusiasm. Dominion Steel was the only active feature and was kept active for inside orders. This stock dropped over a point further to-day and was in little request even as the decline except among floor traders, who are buying with the idea of scalping out a profit on the possibilities of a manipulative rise of a point or so.

Mackay, Queen City and some other issues which were quite active a few days ago have become almost dormant and those with profits to their credit are forcing prices down by sales.

La Rose and Nipissing made further recoveries from Friday's slump, and free dealing in the former issue admitted of frequent scalps among the close to the market.

A species of heaviness was characteristic of most of the speculative stocks, but the more investment securities were active and backing up the day's operations in these were small.

Among brokers the best that is thought of the market is that a resting period has now gone into effect and that the downward trend in prices will be mainly governed by the volume of realising and liquidation that is likely to come into play.

BURT TO BE LISTED
 Application was made yesterday for listing Burt Company preference and common shares on the Toronto Stock Exchange and application for listing on the Montreal Exchange goes forward at once. The stock having been taken by investors, the shares have not been dealt in much since the flotation, but a sale was recently reported of preference, with 20 per cent bonus of common stock, 102, being 20 points over the issue price.

SOVEREIGN BANK GETS IT
 Buys Alaska Central Railway for \$600,000.

A cable yesterday from Valdez, Alaska, announced that the Alaska Central Railway had been purchased for the Sovereign Bank by F. C. Jemmett, who had gone up to inspect the property some weeks ago.

The Sovereign Bank were bond holders in this proposition to the extent of \$2,400,000, the total issue against the railway being \$4,000,000. By the purchase of the road at a cost of the first investment of \$2,400,000, and the present purchase price of \$600,000, a total of \$3,000,000.

It could not be learned yesterday what the object of the bank in connection with the property was, but it is generally thought that the railway will be financed thru to a measure of completion, and then disposed of as a going concern.

Whether the bank will get its investment out of the enterprise remains to be seen. The railroad takes a rich mineral district in which the Gougeon and the Tanana Rivers are strongly interested. The road was originally planned to run from Seward on the Alaska coast to the head of the Tanana River, and 60 additional miles were under construction when operations ceased.

BILGE STRINGERS AND MOTOR BEDS. This is a part of the boat to which we pay special attention, for it can not be made too strong, and on its construction will depend greatly how well the engine will run. We put the bilge stringer and motor bed in the launch in such a way that the vibration of the engine is absorbed. This is done by having the bilge stringers run well forward and aft of engine bed, and fastening them through ribs, after which we place the engine bed on them in a way that the vibration of the engine is absorbed. I am offering for sale at 15c Per Share a limited number of Fully Paid Non-assessable Shares in the California-Alberta Oil Company, and submit the following information in regard to the Company and of the territory in which the Company's holdings are situated.

Every intelligent investor who is looking for an opportunity to get in on the ground floor of a genuine oil-producing company, and who is desirous of making large, yet legitimate returns on a small speculation, should read and think over every word set forth herein.

This is a chance for quick profits, and I will explain why I think this stock is a good buy. The facts set forth herein call for intelligent digestion by those who read them. They are facts that can be read and analyzed by any one, whether they know anything about oil or not—even those with the remotest inkling of the vastness of the oil industry of California can see that the California-Alberta Oil Company offers something that is worth while.

Here is an oil company run by practical experienced oil men, who know the business thoroughly, and with its lands located in the heart of the best looking oil territory in Alberta.

What the Government Does for Us

The Government of Canada helps and encourages the Canadian oil producer in a way which no other government in the world does. By the "Petroleum Bounty Act" the Canadian Government agrees to pay a bounty of 1 1/2 cents per gallon upon all crude oil produced in Canada. Think what this would mean to California producers if they could get 1 1/2 cents per gallon for their oil in addition to the 60 cents per barrel which they are now selling it at the wells. We in Canada could sell our crude oil at the wells in Alberta for 25 cents per barrel and with the 1 1/2 cents per gallon bounty still be getting a far better price than any California producer.

The Company's Property

The property of the company is located in Northern Alberta, Canada, about 20 miles from Edmonton, and consists of 980 acres, and the fact that vast underlying beds of crude petroleum exist in this territory has been amply proved by the survey made by Director G. M. Dawson, of the Geological Survey of Canada, for the Canadian Government in this district in 1897 and 1898.

WANTED

Land in the vicinity of oil fields brings fabulous prices. Land in the Spindletop district of Texas was sold for over \$100,000 per acre. In oil districts in California land sells for from \$5,000 to \$10,000 per acre, and with our large holdings our land alone will bring in huge returns to our shareholders as soon as oil is struck in the district, as it undoubtedly will be this year.

What It is Possible to Do in An Oil Producing Company

The Board of Directors of the Final Oil Company of Santa Maria, Cal., has issued a call for a meeting of stockholders to vote upon an increase of the capital stock from \$200,000 to \$2,000,000. The company is now paying 15 per cent. per month on its stock, and has paid over 500 per cent. up to and including June, 1908. From Oil and Petroleum Gazette, August, 1908.

Oil Stock is Certainly a Gamble. Read This:

"The most spectacular feature in the transactions on the Los Angeles and San Francisco Oil Exchange for June was the phenomenal rise made in the stock of the Fullerton Oil Company, which rose during the month from \$108 per share to \$180. It is understood among oil men that the reason for this is the fact that it is well known that the directors of this company intend to pay a large bonus dividend in addition to their regular monthly one."—From Bakerafield Californian, August 9, 1908.

"A report is published in the California oil papers which states that a dispatch has been received from Mexico City that a phenomenal gusher, producing 200,000 barrels per day, has been brought in. The well is located near Tuxpan, in the State of Tampico."—From Oil Industry of August.

94 CARS AT CITY YARDS

QUALITY OF CATTLE FAIR

Trade Fair at Steady Prices—Hogs, Sheep and Lambs Lower—Calves Firm.

The railways reported 94 carloads of live stock at the City Yards, consisting of 1286 cattle, 2165 hogs, 204 sheep and lambs and 194 calves.

The quality of Ontario cattle received at these yards was common to medium, but there were 15 carloads of northwest cattle, among which were some of the best cattle of this class seen on the market for several weeks. Trade was fair at about steady prices for the quality offered. The market at the close was reported to be nearly all cleaned up, excepting the hog steers.

Butchers.
 George Rowntree bought 30 cattle for the Harris Abattoir Company, as follows: Butchers' steers and heifers, at \$4 to \$4.70; cows, \$3.50 to \$4.45; bulls, \$3.50 to \$3.50; feeding steers, at \$4 to \$4.50.

Exporters.
 None on sale, excepting a very few bulls, which sold at from \$4 to \$4.50 per cwt.

Feeders and Stockers.
 Harry Murby reports trade steady to strong for good quality feeders, but common to medium stockers and light feeders are slow of sale. Mr. Murby reports the following prices: Best steers, 800 to 1050 lbs. each, at \$4 to \$4.50; best steers, 800 to 900 lbs. each, at \$3.50 to \$3.55; good steers, 800 to 900 lbs. each, at \$3.25 to \$3.35; common steers, \$2 to \$2.25.

Milkers and Springers.
 Receipts of milkers and springers were not large. James Armstrong & Son bought 20, for which they paid from \$35 to \$55.

Sheep and Lambs.
 The run of sheep and lambs was large and prices were easier, as follows: Ewes, sold at \$3.50 to \$3.85, or an average price of \$3.75; rams, \$2.50 to \$2.75; lambs, \$5 to \$5.50 per cwt., or an average of \$5.40 per cwt.

Veal Calves.
 Market steady for veal calves, at \$3.50 to \$5.00 per cwt.

Hogs.
 Wm. Harris reports prices of selects at \$7.25, fed and watered, and \$7.50 f.o.b. cars at federal points. Mr. Harris reports many good framed, strong hogs, weighing from 110 to 130 lbs., that are not more than half fat. Farmers are certainly making a mistake in not finishing their hogs properly, for they can well afford to do so at present prices of hogs and grain.

Representative Sales.
 Corbett & Hall sold eight carloads of live stock, as follows: Butchers' steers and heifers, at \$4 to \$5 per cwt.; 3 feeding bulls, at \$3 to \$3.50; 1 export bull at \$4.50; 200 lambs at \$5.25 to \$5.50; 60 sheep at \$3 to \$3.50 per cwt.

C. Zeagman & Sons sold: 22 light butchers, 700 lbs. each, at \$3.20; 11 light butchers, 800 lbs. each, at \$3.12; 12 light butchers, 800 lbs. each, at \$3.12; 15 common cows, 800 lbs. each, at \$2.50; 80 lbs. each, at \$2.25; 30 stock heifers, 600 lbs. each, at \$2.25; one deck common lambs, \$3 1/2 lbs. each, at \$5.25.

Dunn & Levack sold: 1 butcher, 940 lbs. each, at \$5.25; 2 feeders, 1000 lbs. each, at \$4.20; 11 butchers, 800 lbs. each, at \$4.20; 1 butcher, 800 lbs. each, at \$4.20; 2 butchers, 700 lbs. each, at \$3.25; 1 feeder bull, 1200 lbs., at \$3.25; 1 butcher bull, 1400 lbs., at \$3.25; 200 lbs. each, at \$3.25; 2 canners, 740 lbs. each, at \$3.25; 2 butchers, \$5.
