GOVERNMENT POLICY ON HUNGER STRIKE REMAINS UNCHANGED

King Has Consulted With Responsible Minister on MacSweeney Case.

MANY APPEALS MADE

London, Aug. 26.—There was no further development in the MacSweeney incident tonight. It is stated that the King, thru Lord Stamfordham, his secretary, consulted with the responsible ministers, but that the policy of the government remains unchanged.

Replying to the appeal of the Irish peace conference in behalf of Lord Mayor MacSweeney, Home Secretary Shortt telegraphed today: "I am very sorry. The decision is the decision of the cabinet, and I cannot alter it."

Acting Without Authority. London, Aug. 26.—Father Dominic, interviewed by the Press Association regarding Redmond Howard's appeal to the King in behalf of the lord mayor, said that Mr. Howard was acting without authority from the Irish republican party. The party, he declared, did not agree with Mr. Howard's statement in his telegram that murders were being committed in Ireland. The republicans did not admit that any murders whatever had been committed.

Mary MacSweeney, the lord mayor's sister, today replied to the telegram with Premier Lloyd George, who was yesterday from Lucerne. She said: "I made no appeal to you for exceptional treatment for my brother. I warned you of your responsibility in event of his death. He and his comrades demand their freedom as a right. If my brother or any of his comrades must die to win that freedom, they do so willingly and we are proud of them, but their death lies on you and your government. Self-determination for which you say England went to war, is still more a right as Poland's. We claim it and will have it even if we have decided that my brother is to die."

ASKS FRANCE TO INTERVENE. Paris, Aug. 26.—George Cavan Duffy, Irish member of parliament, who is the "Irish republic" envoy in France, today published a letter he has sent to Premier Millerand yesterday appealing to France to intervene for the release of Lord Mayor MacSweeney. The letter says that France saved the British empire by her sacrifices during the war, and "were a suggestion made to the London government 'it would save the life of an Irish patriot'."

FROM CELLS TO HOSPITAL. Dublin, Aug. 26.—An announcement was made at Dublin Castle this evening that 11 hunger striking prisoners in the Cork jail had been transferred from cells to the prison hospital. The announcement added that no prison regulations were to be allowed to stand in the way of any possible palliative treatment.

DANZIG SITUATION IS GROWING BETTER

No Difficulty in Future Over Unloading and Despatch of Munitions.

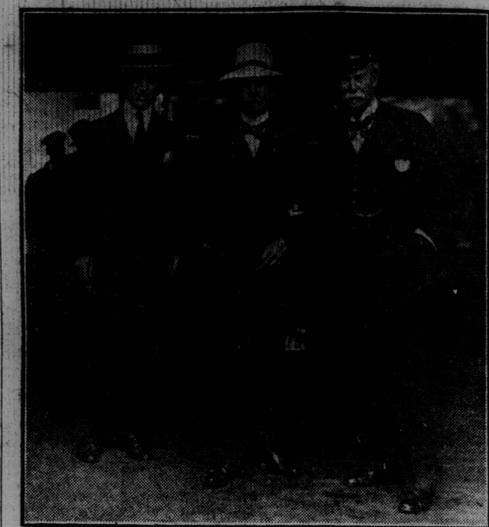

London, Aug. 26.—The situation at Danzig shows marked improvement and munitions are being unloaded, according to the Danzig correspondent of The London Times. It is asserted that there will be no difficulty in the future over the unloading and despatch of munitions to Poland.

Polish immigrants from the United States, held up at Danzig, are being sent to Warsaw, 1,000 leaving yesterday. "Polish Jews, most of them of military age, throng the streets," adds the correspondent, "and the Polish government announces that all who have not reported by August 30 will be tried as deserters."

Look Out for a Break in Sugar.

There is a row on between the whole-salers, the jobbers, the local trade; between refiners and speculators; pressure on bonds or holders of sugar and sugar stocks; and some kind of a big break is due any day. "It nearly broke" yesterday, said a man from Quebec at the King Edward.

SIR AUCKLAND GEDDES SEES SKIES CLEARING

League of Nations, Designed to Operate in World at Peace, Has Not Had Fair Opportunity to Demonstrate Its Worth, He Says.

Sir Auckland Geddes, British ambassador to the United States, arrived in Toronto last night from St. Louis, Mo. He will officiate at the formal opening of the Canadian National Exhibition tomorrow afternoon. President Robert Fleming, General Macdougall, Hon. President T. A. Russell of the Exhibition and Col. Fraser of Government House met Sir Auckland at the union station and escorted him to the York Club, where the party dined.

In an interview with the press at the York Club last night, Sir Auckland stated that all signs pointed towards an improvement in the European situation. The league of nations, since it was an agency designed to operate in a world at peace, had not done a great deal towards reconstruction in a world at war. Sir Auckland expressed his firm conviction that a developed league would be a powerful agency in minimizing future conflicts.

Don't Change Your War Bonds Into Stocks.

A lot of securities in the way of paper stocks, amusement shares, industrials, are being offered to Canadian investors, who are also advised to sell their Canadian war bonds. Keep your bonds, notwithstanding the growing support given to the good doings by certain Toronto and Montreal papers. If you want paper or other stocks you can buy them at lower figures a few weeks later on. Let those who own them carry them in the meantime.

POLISH DELEGATES ARE HUNGRY AND BEG THAT FOOD BE SENT

Urgent Appeal From Minsk—Supplies Will Be Taken by Young Women Stenographers Who Have Also Been Asked For.

Warsaw, Aug. 26.—The Polish peace delegates at Minsk are hungry. An urgent appeal has been received by the ministry of foreign affairs asking that food be sent immediately to the delegates. The message asserts that the delegates are eager for any kind of food, but they desire non-perishable varieties. As an indication that the Minsk conference may continue indefinitely, preparations are being made to send there five young women stenographers who have been asked for by the delegates. The women will go from the ministry of foreign affairs. They will take plenty of food for themselves and also supplies for the Polish delegates. Rooms have been reserved for the women by the soviet officials.

SWORN TO MURDER BRITISH PREMIER

London, Aug. 26.—The Daily Mail's Luserna correspondent sends the following: "Owing to the reported departure from Ireland of six Sinn Feiners, believed to be members of a group sworn to take Premier Lloyd George's life, the authorities are taking special precautions to safeguard him."

RAIDERS IN MOTORS FIGHT WITH POLICE AT AN IRISH FAIR

Dashed Thru Village, Wounded Two Constables and Then Attacked Barracks.

FINALLY BEATEN OFF

Omagh, Ireland, Aug. 26.—While a fair was in progress at Drumquin, about seven miles northwest of Omagh, this morning a party of armed Sinn Feiners dashed thru the village in motor cars and opened fire on a small force of police controlling traffic, wounding two of the men.

A sergeant in command was wounded slightly and a constable received injuries from which he died tonight. After the opening dash, the raiding party turned its attention to the barracks, which the remainder of the police strove to defend. After a futile siege the Sinn Feiners departed. A large military force was despatched to the scene from Omagh, but arrived too late to be of assistance.

BIG CREAMERY BURNED

Dublin, Aug. 26.—A large creamery at Knockmore, County Limerick, was burned today. A creamery at Shongelden was set on fire, but the flames were extinguished.

Sniped the Military.

Belfast, Aug. 26.—Early today Sinn Feiners in Ballymacarrett sniped the military, who returned the fire. Francis McCann was shot dead and another man was wounded.

HALIFAX TO OTTAWA FLIGHT IS UNDER WAY

Fredericton, N.B., Aug. 26.—The hydroplane No. 47, in a flight from Halifax to Ottawa, alighted at the St. John river here shortly after 5 o'clock this afternoon, after a flight of 3 hours 40 minutes, covering 212 miles. The plane will start on the next leg of its journey tomorrow morning, expecting to make Riviere du Loup, Quebec, a journey of about the same distance.

ARMORED CAR FIRES ON BELFAST RIOTERS

Shooting and Incendiarism in Falls District of City—Number of Wounded Persons Were Taken to the Hospitals.

Belfast, Aug. 26.—Serious rioting broke out in the Falls district of Belfast, which was considerable shooting and some incendiarism. A number of wounded persons were taken to hospitals in the Falls district of West Belfast, the scene of the deadliest fighting in the July disturbances. It started with revolver firing near the Kashmir road, of evil memories. Albert Street, in the Falls area, situated in the populous mill locality, mainly inhabited by Nationalists, became the new storm centre.

FREE GHILAN PROVINCE FROM THE BOLSHIEVIKI

Teheran, Aug. 26.—The Persian forces, which recaptured Resht, on the Caspian sea, from the Bolshieviki, took 500 prisoners and a number of machine guns and freed the province of Ghilan from the Bolshieviki.

LIPTON SPINS YARNS BUT REMAINS MUM ON IRISH POLITICS

He Says Toronto Has Improved Greatly Since His Previous Visit.

MANY REMINISCENCES

Sir Thomas Lipton, of tea and yachting fame, is a guest at the King Edward Hotel, and will be in the city until Sunday. He arrived yesterday morning from Chicago, accompanied by his secretary, and from here will proceed eastward and thence to New York, where he takes ship next Sunday for England. He had a busy day yesterday looking about the city and visiting the Royal Canadian Yacht Club at the island. He will be the guest of the York Club at noon today, and this evening will attend a "status" dinner at the R.C.Y.C. and with Sir Auckland Geddes, will attend the directors' luncheon at the Exhibition grounds on Saturday. Sir Thomas has many friends in the city, this being his third visit to Toronto. To prove that he is not afraid of mixing his beverages, he dined last evening with P. C. Larkin, of the Salada Tea Company, whom he has known for some years.

When seen by The World at his hotel yesterday, Sir Thomas said he was much impressed with the appearance of Toronto, having noticed a great improvement since his last visit. "Canada is going to be a great country—one of the best in the world—and the people now coming here from the British islands are not making a mistake. They will do well." Sir Thomas said he had passed through Toronto, having noticed a great improvement since his last visit. "Have you ever thought of opening business in Canada?" Sir Thomas was asked. "No, your population of 8,000,000," he said, "is hardly big enough to call for more provision concerns."

COUNTER-PLANS FOR ESPLANADE VIADUCT

The railway companies' suggestions of temporary works to take the place of the proposed viaduct on the Esplanade were considered at the meeting of the Harbor Board yesterday, and it was decided to go back at the railway with counter-plans. These counter-plans will be ready for the railway authorities in about three weeks. Reports were submitted showing that splendid progress is being made.

MAYOR OF RAINY RIVER AGAIN FINED FOR B.O.T.A.

Port Arthur, Ont., Aug. 26.—Dr. Murdoch, mayor of Rainy River, who a few days ago was fined \$2,000 and ten days in jail for violation of the temperance act, has again been fined \$2,000 on a similar charge.

REDS RUSHING FORCES FROM FINNISH FRONT TO HEAD OFF POLES

SIR AUCKLAND GEDDES, British ambassador at Washington, who arrived in Toronto yesterday to open the Canadian National Exhibition.

German Authorities Preventing Further Crossing Into Prussia of Escaping Bolshieviki—Red Committee From Soldau Captured and Tried by Field Court-Martial.

Warsaw, Aug. 26.—Fresh Bolshieviki forces released from the Finnish frontier have been rushed toward Grodno in an endeavor to head off the Polish advances, and if possible to rescue thousands of the Red army hemmed in by the Poles, according to tonight's military information. Owing to the soviet-Finnish peace treaty, thousands of Reds, it is reported, are being transferred to the Polish front. The Poles are expected to recapture Grodno at an early date. The Bolshieviki, who have escaped the Polish armies, are overrunning the east Prussian frontier to such an extent that the German military authorities are said to have called out extra border forces to guard the scattered points and prevent further crossing. It is estimated here that between 25,000 and 30,000 Reds have sought refuge in Prussia. At several places the Germans, it is asserted, fired on the Reds, driving them back into Poland, where thousands are gradually being surrounded by the Poles in their northern sweep.

MORRISON DENIES ASSOCIATION WITH NEW HYDRO BUREAU

Not Financed by the U.F.O.—Quite Impartial, Col. Fraser Says.

LITTLE MONEY NEEDED

The announcement in The World yesterday of the formation of the Ontario Hydro Information Association, the object of which is said to be for the purpose of bringing into public light information about Ontario Hydro and its work, was widely discussed in business and other circles. Not a little amusement, too, was made manifest, and those who took it semi-seriously did not display any great concern in the personnel carries its own conviction," remarked one prominent man, and he thought it was now rather too late in the day to knock Beck, Hydro and radicals. "The association does not appear to be possessed of any large funds at present, but no doubt these will be forthcoming in due course, especially when the big interests get busy."

"I am not even a member of this Hydro Information Association," said J. J. Morrison to The World yesterday afternoon, in reply to queries respecting the personnel and finances behind the new movement. "I can very wistfully tell you that the bureau is not financed by the U.F.O., and that its membership is taken from all classes of citizens irrespective of party, so far as I know. But, Colonel Fraser could give you more information if he matter."

Strong Movement in Britain When Serious Results Are Realized.

London, Aug. 26.—Balloting today again shows large majorities in Wales in favor of a miners' strike. But in some parts of the country adverse votes were recorded. The indications are, however, that the strike will be voted by the necessary two-thirds majority. Simultaneously the anti-strike movement among other trade unions is growing fast, as the public begins to realize the serious results a coal strike would have on practically all trades, apart from domestic inconvenience and discomfort. Campaigning is active on both sides and strong efforts at mediation by the moderate labor leaders may be expected immediately the result of the balloting is announced.

DROP OF TWO CENTS IN PRICE OF SUGAR

Montreal, Aug. 26.—(Canadian Press).—An announcement was made by leading sugar refiners here today, following consultation with the board of commerce, that the price of sugar would be dropped all round 2 cents a pound tomorrow. This affects every grade of sugar, granulated and yellow, and notices to that effect will be sent out by the refiners to their agents throughout the Dominion tomorrow. The price, therefore, per pound of sugar tomorrow will be 22 cents as against 24 cents today. At the conference this afternoon the board of commerce was represented by F. A. Acland, deputy minister of labor, and Gerald Dillon. The Sugar Refiners were represented by Messrs. Huntly Drummond, Canadian Sugar Refining Company; J. W. McDonald, the St. Lawrence Sugar Company; Mr. Turnbull, for the Acadia Refining Company; D. Lorne McGibbon, the Atlantic Refining Company, with a number of officials of the various big companies.

### JAPAN IRRITATED BY "PIN-PRICKING"

#### Japanese Vice-Minister of Foreign Affairs Talks Plainly.

#### NEED OF PUBLICITY

#### United States Must Do Its Part in Removing Causes of Ill-Will.

Washington, Aug. 26.—An important statement by M. Hiranah, Japanese vice-minister of foreign affairs, in which he discussed the problems of the Pacific, was published in Tokio a few days ago, according to advices received in Washington. The vice-minister asserted that he could not see any possible cause for a clash between the United States and Japan, and that the questions in issue between the two countries should be approached in a spirit of right feeling and sympathetic understanding.

"Many far-sighted men," the vice-minister is reported to have said, "have predicted that the Pacific would become the chief theatre of world events, and this prophecy seems now in a fair way to be realized. Never before have the relations between the United States and Japan, two of the principal countries bordering on that ocean, attained their present degree of importance. It is high time, in our mind, for people on both sides of the Pacific to awaken to the significance of the new era that has dawned, and ponder with deadly earnestness things that concern them jointly.

Talk is useless.

"Both here and in America there certainly have been men, broad-minded and forward-looking men, who, with almost religious ardor, have advocated the good relationship of the two nations. I am second to none in doing homage to these zealous workers for the noble cause they have espoused. It appears to me, however, that it is not enough for a handful of representative Japanese and Americans to talk of good-will and mutual friendship around dinner tables and in formal messages. What is, above all, needed right now is a more sympathetic understanding and generous treatment of one another on the part of the two peoples as a whole. It is this charitable attitude which has been that every true friend of Japanese-American amity should endeavor to cultivate.

A Dangerous Condition.

"Not that I see any possible cause for clash between this country and the United States, but the sort of irritation and animosity which has been indulged in on both sides, if permitted to go on indefinitely, will, I fear, create an atmosphere which may lead to almost anything. The Japanese question in California, for instance, has done more than anything else to ripple the otherwise smooth surface of international relationship. But no vital interest of either country is necessarily involved in this question. It is only a local affair, as so many of the American friends of Japan are accustomed to call it by way of dismissing it. Why should it be so sure to be blown and misinterpreted as it is?

If right feeling and proper understanding prevailed on each side, and the momentum of healthy public opinion were brought to bear on it, the entire question could be solved without more ado. The lack of knowledge and appreciation of each other and an inability to think the other fellow's mind are what lie at the root of all that goes to disturb our peaceful intercourse.

Publicity and Education.

"The possibilities of cordial relationship and harmonious co-operation between these two nations of the Pacific are so tremendous, great and far-reaching that we cannot afford to trifle or muddle with any question, however trivial in itself, that is of common concern to us.

"We must go straightway to the root of every ailment, and remove the American agitation or movement with the aid of ruthless publicity and education. Light must be thrown upon dark places; no more must be allowed to fester unseen. If both parties are determined on a square deal we may look forward with absolute confidence to lasting peace and friendship on the Pacific."

#### INSURING OF SOLDIERS BEGINS ON WEDNESDAY

Ottawa, Aug. 26.—Insurance policies may be taken out as from August 1, under the new scheme instituted by the government for the benefit of returned soldiers, who now have the opportunity of insuring their lives, with, out medical examination for sums ranging from \$500 to \$5,000, at premiums slightly less than the ordinary life insurance premium.

Applications for policies should be made on the prescribed form, and may be forwarded through local pension offices, postoffices, military district offices, C. R. offices, or any veterans' associations.

#### FIRE RANGER DROWNS

Port Arthur, Ont., Aug. 26.—A. Husband, a young medical student, said to be from Stratford, Ont., who was acting as fire ranger during the vacation period, was drowned in Nipigon, when he attempted to go over Virgin Falls in a canoe. His companion, whose name is said to be Torrance, escaped.

#### MAY APPEAL FARE RAISING.

Winnipeg, Aug. 26.—If a recommendation of the civic transportation committee is adopted by the city council on Monday night, an appeal against the judgment of the public utilities commission in raising car fares in Winnipeg will be entered by the city.

### HAMILTON

Hamilton, Aug. 26.—Sir Auckland Geddes, British ambassador to the United States, was a visitor in Hamilton for a few minutes this afternoon. His excellency was en route from Buffalo to Toronto, where he will officiate at the formal opening of the Canadian National Exhibition. On arrival at the T. H. & B. station, Sir Auckland was greeted by a representative committee of citizens.

The salaries of nurses attached to the health department were increased by \$10 a month by the board of health this afternoon.

A suggestion was made that the practice be stopped of local theatres using the same programs several times. Dr. Roberts, M.O. however, thought this too risky a measure for public health than using library books.

At the thirty-ninth annual conference of the Greater Middle Church, now in session in this city, Bishop J. M. Connor, chief of educational work, delivered an address this afternoon. Plans of extension work were discussed.

### W. MACKENZIE KING SPEAKS IN RENFREW

#### Invites Farmers and Labor—Says Combines Honey-comb Canada.

Renfrew, Ont., Aug. 26.—Two thousand citizens of Renfrew and the surrounding district gave welcome to Hon. W. L. Mackenzie King here this evening. Many could not gain admission to the armory.

Mr. King made a strong appeal to both labor and farmers to enter politics, but not to enter as a class, because, he said, if one class gained power, jealousy would be engendered in another class, which would prove disastrous to both. He invited both parties to join forces with the Liberals, who, he said, were real democrats and ready to put into effect the lessons which the war had taught. He advocated tariff reform, and described as dishonest people who talked free trade at this stage of Canada's history. He advocated reduction of duties on necessities of life.

"The country is honeycombed with combines at the present time," he said, "and the government instead of trying to combat them are playing into their hands." He also strongly criticized a party which changed its name, policy, and premier without reference to the people of the country. Surely, he stated, no one could allege they were being governed by the people. Other interesting addresses were also given by Mr. Jos. Archambault, K.C., M.P., Chambly-Vereches, and A. R. McMaster, M.P., Bromo.

### TAKE LIQUOR BOATS AFTER FIRING SHOTS

Windsor, Ont., Aug. 26.—Five liquor-laden boats, believed to have been on their way to Toledo, and ten men who constituted their crews were taken into custody by license inspectors after an exchange of shots in the river below Sandwich at 11 o'clock this morning. The inspectors were the Rev. J. O. L. Spracklin, Connor, Johnston and Hallam.

### BRIG-GEN. W. B. KING INSPECTS GARRISON

Kingston, Ont., Aug. 25.—(Special).—Brig-Gen. W. B. King, C.M.G., D.S.O., took over the duties of general officer commanding Military District No. 3 today. He visited all of the units of the garrison in company with Major-General Emlay, and inspected the barracks. In addition to British decorations, Brig-Gen. King is the possessor of several decorations bestowed by French and Belgian allies during the war.

### VETERANS SLIGHTED FLYNN'S COMPLAINT

#### Government Fails in Duty, He Tells Audience in Earlscourt.

A scathing attack upon the former premier, Sir Robert Borden and the union government for alleged broken pledges and false promises was made by J. Harry Flynn at a well attended open meeting last night in Royce Park, Earlscourt, held under the auspices of the G.A.U.V. for the purpose of political organization of the returned soldiers.

Speaking remarks the speaker said there would be no necessity for a soldiers' organization but for the havoc done by the government. "It is a mistake that our wages are a million days to go out on the streets on rag rags to collect money for our returned disabled men and perform work which Borden should have done. We are not satisfied with the government and we have been turned down flat.

"Why has this been done?" queried the speaker. "Because we went on our knees when we should have demanded our rights. I blame the returned men for not being united. We are 500,000 strong and with our relatives and friends should muster a million and a half votes. One half this number would give the soldier the balance of power."

"I take upon myself to emphatically deny the possibility of a Roman Catholic bishop sanctioning the introduction of the soldiers until we are officially apprised by the bishops of the respective dioceses."

### TARIFF INQUIRY OPENS SEPT. 14

#### Announce Official Itinerary of Sittings in West—First Meeting in Winnipeg.

Ottawa, Aug. 26.—(By Canadian Press).—The official itinerary of the tariff inquiry commission issued tonight, covering the four western provinces and as far east as Windsor, provides for fourteen sittings on the other side of the Great Lakes, and three additional sittings at Fort William and Port Arthur, Sault Ste. Marie, and Windsor. The western sittings will open on September 14, and exactly one month later the commission will be back in the Manitoba capital for a second sitting.

Vancouver is the only other western city that will be favored with two sittings and they will occur on September 21 and 24, before the first Victoria sitting, which will be held on September 22. The dates of additional sittings will be announced later by Sir Henry Drayton, minister of finance.

The itinerary is as follows: Winnipeg, September 14; Medicine Hat, September 17; Vancouver, September 20; Victoria, September 23; Vancouver, September 24; Vernon, September 27; Nelson, September 30; Calgary, October 3; Edmonton, October 6; Saskatoon, October 8; Regina, October 11; Brandon, October 13; Winnipeg, October 14; Fort William and Port Arthur, October 17; Sault Ste. Marie, October 18; Windsor, October 21.

### TWO POLICEMEN CAPTURE SKUNK

#### Little Glory for Officers in Early Morning Encounter.

To encounter a skunk at the corner of Mutual and Queen streets, while patrolling his beat at 4:30 Thursday morning was the experience of P.C. White (57). The plucky officer drew his baton and drove the animal in a doorway and held it at bay while he called for the assistance of P.C. Knight. The two succeeded in placing a box over the animal. The skunk, however, did not prove a docile creature to arrest, and the uniforms of the two constables will long bear evidence of the fierce battle waged in the silence of the morning.

After assuring themselves that their captive would not make a getaway, the two journeyed to No. 3 police station, where they found themselves very unwelcome, for obvious reasons. Their suggestion that the skunk be held here until this afternoon, addresses were given by Thos. Tooms, M. L. A. for West Peterboro; S. S. Staples, M. L. A. for East Peterboro; J. O. Plonje, president of the Durham and A. A. Powers, president of the U. F. C. cooperative Co.

Referring to what he characterized as the political tangle in West Peterboro where a by-election is pending, Mr. Tooms contended that West Peterboro was entitled to a labor representative in the Dominion house, as well as the provincial house. Unless this was provided all the industrial workers between Ottawa and Toronto would be disfranchised under the present system of voting, due to the fact that this is the only constituency in the whole of Ontario that is capable of electing a labor member.

### Body of Mrs. D. C. Coleman Being Brought to Winnipeg

Winnipeg, Aug. 26.—The body of Mrs. D. C. Coleman, who was drowned in Lake Windermere, B.C., will be brought to Winnipeg. The funeral will take place on Saturday afternoon from the family residence.

### SAVED FROM DROWNING

Audrey Cochran, aged 13, of 214 St. John's road, was rescued from drowning at Sunnyside beach yesterday afternoon when the water wings which she was using slipped from under her, and she sank. While going down for the second time, she was rescued by Life Guard Switzer, who was patrolling the beach at the time. After receiving artificial respiration she was able to proceed home.

### EXPECT THE PREMIER IN OTTAWA AGAIN TODAY

Ottawa, Aug. 26.—(By Canadian Press).—Premier Meighen, who has been spending the past few days in Nova Scotia, where he addressed meetings of the electors of Colchester county, is expected to be back at his office in the East Block tomorrow.

### JOINT TRAFFIC RATES ARE NOW IN EFFECT

#### Order of the Railway Commission, Authorizing Increases in the Joint Rates on Traffic Passing Across the International Boundary, Went into Effect Today.

Ottawa, Aug. 26.—(By Canadian Press).—The order of the railway commission, authorizing increases in the joint rates on traffic passing across the international boundary, went into effect today. This order was made on the application of the American Railway Association, which represented to the railway commission that increases had been authorized by the interstate commerce commission on United States roads and that the rates authorized by the order should be made applicable to international joint rates. The order applies to all rates and charges which were increased under the order of the interstate commerce commission.

### CHAUFFEUR IS BADLY HURT WHILE RUSHING DEATH MESSAGE

St. Catharines, Ont., Aug. 26.—Roy Cornwall, chauffeur at the Martindale fruit farms, is in the General and Marine Hospital with a fractured skull as a result of his car turning turtle when he was rushing to inform Walter Goffin that his father, George Goffin, manager of the farm, had dropped dead today.

### FIRES IN ONTARIO SHOW FALLING OFF

#### Lightning Was Responsible for Over Two Hundred of the Blazes.

The loss thru fires in Ontario for the month of July, 1920, was: Number of fires, 730; aggregate loss, \$1,871,154. For the corresponding month of 1919: Number of fires, 692; aggregate loss, \$1,028,321; insurance loss, \$526,729; loss not covered by insurance, \$501,600.

During the month only two losses of over \$100,000, and Porquess Junction, \$150,000. Lightning was responsible for 207 fires, with an aggregate loss of \$113,539 (none of the properties were equipped with lightning rods).

### EXHIBITION DECORATIONS

#### The Board of Control respectfully suggest to the citizens the propriety of decorating their places of business and residences during the holding of the

### Canadian National Exhibition

#### thereby showing their appreciation of the Exhibition, and as an act of courtesy to the many thousands of visitors, to whom a general decoration of the City would be a great additional attraction.

T. L. CHURCH, Mayor. City Hall, Toronto, August 27, 1920.

### PROCLAMATION SOLDIERS' DAY AT THE EXHIBITION

#### Thomas L. Church, Mayor of Toronto.

At a meeting of the Board of Control, held on the 25th August, 1920, a suggestion was made by the Veterans' Re-Union Council that a proclamation be issued by His Worship the Mayor requesting employers of returned soldiers in Toronto to grant these returned soldiers a holiday with pay on Saturday, August 28th, in order that as many as possible may take part in the parade and reception in honor of the Victoria Cross Heroes who are coming to the Exhibition from different parts of Canada and the United States as the guests of the Dominion Government, Provincial Government, the City Council of Toronto and the Canadian National Exhibition.

The Board of Control therefore respectfully requests employers of returned soldiers to allow all returned men a holiday on Saturday, August 28th, 1920, without loss of pay, for the purpose above mentioned.

In witness whereof I have hereunto set my hand and caused this proclamation to be made public.

T. L. CHURCH, Mayor. Mayor's Office, Toronto, August 26th, 1920. GOD SAVE THE KING.

### DOCTOR TELLS HOW TO STRENGTHEN EYESIGHT

By the simple use of Bon-Opto, says Dr. Lewis, I have seen eyesight strengthened 50% in a week's time in many instances, and quick relief brought to inflamed, itching, burning, work-strained, watery eyes. Read the doctor's full statement soon to appear in this paper. Bon-Opto is sold and recommended everywhere by Druggists.

### ONE-HALF MILLION

#### superficial differences Canada should play a great part. He likened Canada to a bridge connecting the American with the other branches of the English speaking peoples. "Americans," he said, "realize the similarity between themselves and the Canadians, while they often regard the English as very different. The contact between Canada and America should do much to bring about the realization of the common similarities that underlies the superficial differences between English and American thru Canada's interpreting British aims, ideals and institutions to the Americans."

### SIR AUCKLAND SAYS SKIES ARE CLEARING

#### (Continued From Page 1).

"In reply to a question as to what part the league of nations might be expected to play in world reconstruction, Sir Auckland said: "The idea of a league of nations was based on the assumption that it would operate in a world at peace and not in a world at war. No one can judge until the war disturbances are over just what it will be able to accomplish. My own belief is that it will be very useful, and a very powerful body to prevent future trouble."

"A world at peace, and a world at war" continued Sir Auckland, "present two quite different types of problems. In one case, the economic interests of the nations are stabilized; in the other they are disorganized."

A Powerful Restraint.

Sir Auckland explained that the fear of having their stable economic interests disrupted would provide a powerful restraint upon nations that might be tempted to go to war. "The only possible machinery through which a nation can effectively operate," he said, "is economic. The main hope of the league of nations is that it will provide a nation from having recourse to war. No one claims that the league of nations will make all wars impossible, but it will make them improbable."

Asked what part the international labor organization created under the covenant of the league of nations might play in solving the problem of labor unrest all over the world, Sir Auckland stated that, to attempt to answer such a question would involve him in the realm of prophecy. He went on to explain, however, that the object of the labor section in the treaty was to eliminate unfair competition, and consequently, the international jealousies and difficulties that arose as a result of such unfair competition.

"One point to remember about the league," said Sir Auckland, "is that its most ardent, strongest and most enthusiastic supporters think it will take years to develop to that stage where it will be able to do all that is hoped for. A great development in public opinion has to take place first."

OUTLOOK SERIOUS FOR NATURAL GAS

Report of Provincial Commissioner Far From Being Reassuring.

The natural gas situation in Ontario is in anything but a satisfactory condition, according to the report issued yesterday by E. S. Estlin, commissioner of natural gas for the province.

Mr. Estlin, in the course of his investigations during the past year, held several inquiries under oath, and he sums up the situation as follows:

"The natural gas situation as it stands today is brought out in the following summary of the evidence taken at recent hearings, the general trend of which indicates that:

"1.—There are two recognized areas of production, commonly known as the eastern and western gas fields, the former having been drawn upon for about thirty years and the latter for about fourteen. Some of the conditions affecting the life of the two fields differ, and they are separately mentioned, where possible, in the evidence.

"2.—There is a shortage of natural gas for home use in cold weather, at a time when it is most required.

"3.—The shortage is caused primarily by a field depletion common in the history of all gas areas, but this depletion was accelerated by excessive consumption during the war period.

"4.—This depletion is not being offset by development work because of prohibitive costs, and for this reason will become more acute each year.

"5.—Gas enterprises no longer hold out hope of financial gain under present conditions, and do not attract further capital, which is necessary for the development of new gas-bearing territory.

"6.—If a general readjustment in the whole situation does not take place immediately the business will pass into decline, and this valuable fuel supply will be lost to about fifteen per cent. of the population of the province.

"7.—The need of seeking for new sources of natural gas at greater depth is apparent; this not only brings greatly increased costs, but also multiplies the risks, and the production end of the natural gas business is a mine's risk not lightly to be undertaken.

"8.—The commercial end of the enterprise is hedged in with contractual obligations assumed when the fields were young and the wells fresh, and the whole situation under prevailing conditions holds out no promise of improvement."

Fifteen Additional Officers Appointed to Work Under Ontario License Board.

Referring to Premier Drury's speech in the riding of Etang on Wednesday, when the premier stated that the O.T.A. would be enforced by strengthening the provincial police, A. B. ASSESSMENT GROWS

Ward Four, Shows Increase of Over Six Million Dollars—More Population.

The new assessment roll for Ward Four shows an increase of assessment of \$6,238,058 and an increase of population of 681. Following are the figures compared with the old roll:

Table with 2 columns: 1921, 1920. Rows: Land, Buildings, Income, Business, Total, Exemptions, Population.

The increases are: Land, \$1,383,353; buildings, \$1,683,210; business, \$32,487; income, \$2,239,023; total, \$6,238,058; exemptions, \$399,499; population, 681.

The rolls for seven wards are now in and only the Ward Three rolls are still incomplete. The increase of assessment for the seven wards has been about \$48,000,000, totaling \$36,831,525. The new population figures are 512,465.

DELAY TERAULAY STREET EXTENSION

New Thorfare May Not Be Open to Public for Years.

Altho council has resolved to widen and extend Teraulay street from College street to Davenport road, and the bylaw to authorize the purchase of the balance of the right-of-way will be before council at its next session.

Assessment Commissioner Forman said yesterday that the new street will not be open for the public for at least two years from the present, and he thought three years would be a closer guess.

Notices will be sent out early next week to the 800 property owners immediately benefited, who will be asked to pay 25 per cent. of the cost, and they will be given an opportunity to express any objections they may have, at the next meeting of council on September 27th.

The residents, however, if they persist in their objections, may appeal to the Ontario Railway and Municipal Board, providing the appeal is supported by a majority of the property owners concerned. As 75 per cent. of the cost is being borne by the city at large and only 25 per cent. by the properties adjoining, there is not likely to be serious objection from the 800 property owners.

General Manager of English Engineering Company Here Looking Over Situation.

Walter E. Walker, director and general manager of the Vulcan Motor & Engineering Co., Southampton, England, who is going to exhibit Vulcan motor trucks at the Canadian National Exhibition said at the King Edward last night that his visit here was part of an organized campaign to introduce the Vulcan truck into Canada.

Mr. Walker stated that motor trucks were coming more and more into use in England for the transportation of freight. Up to distances of a hundred miles, he said, motor transportation was less expensive than shipping by railway freight in England. Steam trucks, he said, were increasing in number in England. These vehicles burn coke or coal as fuel, and when equipped with a trailer can carry from ten to fourteen tons.

PERCENTAGES OVERDUE

Board of Control Will Make Recommendations to Council—Amount Growing.

R. J. Fleming, manager of the Toronto Railway Company, called on Corporation Counsel Geary again yesterday and had a further discussion regarding the application of the company to be allowed to retain the city's percentages of the street car earnings until the end of the franchise term.

It is understood the legal representatives of the city and the company have been in conference, and that the board of control will be prepared to make a recommendation to council, disposing of the matter, next Wednesday.

BIG EXPENDITURES FOR GOOD ROADS

Provincial Program Calls for Over Thirteen Million Dollars.

W. A. McLean, deputy minister of highways, gave out some interesting information yesterday regarding Ontario's good roads program. This year about \$19,500,000 are being spent by the province for roads. Of this amount \$2,500,000 is being spent in accordance with legislation passed last session, providing that the government pay 20 per cent. of the cost of road work done by the township; seven millions is being spent on county roads; and four million is being spent on the 1,800 miles of provincial roads planned.

"Of this latter system, 600 miles are now actually under construction," said Mr. McLean. Altogether there are some 3,000 men now being employed directly by the department on road construction work. Nine hundred miles of county roads are under construction.

Construction work actually under way is located on the roads from Ottawa to Windsor, and Hamilton to Queenston. For the most part this is preliminary work, grading, culvert and bridge construction, with special attention to drainage.

"Our policy has been misunderstood in some particulars," said Mr. McLean. "It has been incorrectly inferred that we are not doing any permanent construction work; but this will follow. We are proceeding just now, having in mind immediate traffic demands. Over the 1,200 miles of provincial highways on which construction is not yet started, we are now extending our organization. Most of this has been already graded and macadamized under county and municipal supervision."

BUILDING PERMITS

New Banks and Schools Among Biggest Items—Synagogue on Henry Street.

Permits were issued for over \$250,000 worth of new buildings by the city architect yesterday, new banks and schools being the largest items. Application was also made for a permit to erect a synagogue on Henry street for the Congregation Beth Jacob.

Following were some of the permits issued: Board of education, addition to school, west side of Gledhill avenue, near Danforth, \$4800.

Board of education, addition to school on Erskine avenue, near Yonge street, \$72,000.

Bank of Montreal, addition to bank, northeast corner of Yonge and Queen streets, \$58,000.

Dominion Bank, one storey brick bank, northeast corner Cherry and Commissioners streets, \$20,000.

J. A. Harrison Coal Company, coal chute, of reinforced concrete, on Brock avenue, \$25,000.

W. J. White, dwelling, east side of Indian Grove, near Humberdale avenue, \$4000.

Dominion Alliance Sends Out Call for Meeting of General Executive.

Rev. Ben. H. Spence, secretary of the Ontario branch of the Dominion Alliance, has sent out a call for a meeting of the general executive to be held on September 8. Among the important matters to be considered will be the Sandy bill, and action to bring it into force. A special session of the legislature would be required to have this law put into effect.

WILLS AND BEQUESTS

The heirs to the \$15,987 estate left by the deceased Archibald J. Smith, who died intestate, are his widow, who receives \$1,000 and one-third of the residue, the remainder going to the deceased's three brothers and three sisters.

Three children of the deceased Frederick Witney and Emily Witney divide the \$4,350 estate left by them. Mr. Witney left a will under which his widow was sole beneficiary, but she died before the will was probated. She died intestate.

After providing that \$100 be paid for masses, the deceased Mrs. Mary C. Doyle, who left estate valued at \$2,570, directed that her two children should inherit the balance in equal shares.

A sister, four brothers, four nieces and four nephews succeeded equally to the estate of the deceased Mary S. Callcott, who died intestate leaving estate valued at \$2,075.

Mrs. Annie M. Sanderson inherits the \$1,619 estate left by her father, Stephen Robin Percy, who died intestate.

SPORTS STIMULATE RIVALRY IN LABOR

Men in Training for Big Events to Be Decided at Exhibition.

The Labor Day sports at the Exhibition are declared to have been successful this year in stirring up to an unusual degree a spirit of friendly rivalry among the unions. The Printers' and Electrical Workers' Unions are reported to be training teams with a view to taking the honors in inter-union events, while the Painters' and Decorators' express equal confidence in the ability of their unorganized athletes to give all comers a real contest.

The announcement of the police force as possible contenders has failed to produce the impression which the appearance of that body usually excites, altho it is admitted that some excellent athletes are numbered among the unorganized men. Chairman Walter Brown of the Labor Day sports committee states that the prize list is valued at well over \$600.

Substantial increases in the wages of union officials are suggested in copies received locally of the amendments to the general constitution which are to be brought before the convention of the Brotherhood of Carpenters and Joiners, commencing on September 20, next, in Indianapolis. An amendment from Niagara Falls, Ontario, favors a uniform increase of 40 per cent., and one from New York City specifies a salary of \$10 per day for organizers \$7,500 per year for the president, \$6,000 per year for the vice-

# SCHOOL TRUSTEES AS JOY RIDERS, IS BOARD'S TOPIC

### Using Public Cars on Private Business—Not Very Pleasant to Refuse Permission, Administrator Says—High School Overcrowding is Subject of Debate—Blue Prints for New Schools Create Surprise.

Sensations and thrills at the property committee of the board of education caused it to eclipse in liveliness any trustees' gathering this year. They began with vigor and ended in something like amazement.

Joy riding by public school trustees in board of education cars was an exciting topic before the property committee.

A letter was read from the chairman of the board, Dr. John Noble, suggesting that the property committee formulate a policy.

Administrator Pearce said that under present conditions it was not a very pleasant thing for him to refuse the use of a car when a trustee called up asking for one.

Trustee Laxton suggested that the school motor cars be placarded at the back.

Trustee Bell wished to have full responsibility placed in the hands of Mr. Pearce.

Upon this Mr. Noble, chairman of the committee, suggested that a written report of the use made of each car used be required from each trustee.

Trustee Bell scorned such a method of control, declaring that such cards could be filled up in five minutes before the trustee left the garage.

The committee decided to defer action until after Mr. Pearce had conferred upon it with Dr. Noble.

Trustee Bell secured assent to a project for relieving Harbord Collegiate Institute by giving temporary accommodation to a portion of the Harbord pupils in vacant rooms in the new Jesse Ketchum School.

Up Against Big Thing. Trustee Laxton said: "You are going to be up against a big thing" when a motion, originating with Trustee McClelland, for the organization of a construction department in connection with the building of schools was presented.

It would mean the establishment of a costly plant to cope with the great problem of building over a million dollars worth of new public schools a year. With keen competition, too, from outside contractors, the margin of savings might be very small.

Chairman McClelland said that he had in mind all the objections raised by Trustee Laxton, such difficulties were in the way of the origination of the public Hydro system.

Administrator Pearce was instructed to make a report on the question of the board's setting up a building plant and doing its own school building. It is admitted that the cost would be something enormous.

City Architect Price has been heard from by the board of education regarding schools being firetraps.

"One child's life is worth half a dozen buildings," warmly declared Trustee Bell when a charge attributed to the city architect was made that some of the public schools were nothing but firetraps.

Mr. Pearce said that a representative of the city architect and one from his department were going to inspect some of the schools in question.

Trustee Bell called for quick action, especially in regard to Dufferin and George Street and Queen Victoria Schools. He said that a lively promise was given to the trustees.

The surprise of the meeting came at the end of the order paper, when Mr. Pearce unrolled blue prints for \$23,000 worth of changes at Park School. Gymnastic and entertain-

ment facilities largely downstage, below ground, were depicted.

Trustee Bell pointed out that there was no appropriation for such an expenditure and that it had never been authorized. The committee sat on the table around big blue prints and studied various criticisms.

One of those present in an aside said the faddists appeared to be in control, and a fad only had to be new, like this latest Yankee opportunity school idea, to be adopted.

Action was deferred until the meeting of the board.

A peculiar fact was that the idea was circulated that the \$23,000 could be taken from the maintenance account.

The Veterans' Reunion Council has decided to buy out the Grand Opera House for Wednesday evening, next.

All Canada's V. C.'s and descendants of deceased heroes will be there, and the council will be afforded a good opportunity of meeting them. Further particulars will be issued later.

Sergt. Merrifield, V. C., has been created a life member of Roden G. W. V. A. This was unanimously decided at last night's enthusiastic session of the branch held at Roden school. The president of the branch will present Merrifield with the badge of life membership at tomorrow afternoon's celebrations at the Exhibition.

The branch is to hold a special meeting at Roden school Thursday, Sept. 23, and at this meeting MacNamara will be one of the speakers of the day.

At last night's meeting a resolution was passed endorsing the idea of the King's badge, a badge presented to employers employing sufficient numbers of disabled returned men.

Sergt. Bruno, Original First 3rd Battalion, D.C.M., the first holder of the D.C.M. to return to Canada, was tonight the subject of a very strong resolution passed by Central G.W.V.A. protesting against the very heavy sentence recently passed upon him following his conviction on the charge of selling liquor.

The resolution of the protest sought the immediate remission of the sentence to imprisonment, sentence to prison, and Messrs. Murrell, Howe of Kingston, Moore, Lane of the Veterans' Reunion Council, and the president of the branch, William Rawlinson, were appointed a committee to interview License Commissioner Flavelle with a view to redress of the grievance.

It was pointed out that Bruno was charged with selling a bottle of liquor, and that the fine of \$1,200, with the addition of a sentence to imprisonment, constituted a grave miscarriage of justice, especially in view of the splendid war record of Sergt. Bruno himself.

Besides interviewing Mr. Flavelle, a committee will specially intercede with Major Morrison of the jail farm for the release of the sergeant.

Sir Thomas Lipton was unavoidably absent last night, but has given a solemn promise to be present at a special meeting which is to be held at the clubhouse, 41 Isabella street, on Sunday afternoon.

A feature of last night's meeting was the presentation by Mrs. N. L. Birtles, president of the Women's Auxiliary, of a banner in commemoration of those who had gone west. Inscribed on the banner was the message, "Remember the widows, orphans and totally disabled." In her address the presentation she emphasized the cordial relations which had existed between the branch and the auxiliary since the organization of the latter two years ago. The auxiliary was well represented at the meeting.

# BEIEVES PRICES ARE NOW AT ZENITH

### Denial That Wholesale Grocers Are Profiteers—Sugar Market Critical.

A denial that the wholesale grocers were profiteers but rather out to promote trade was a note sounded by the president, Hugh Blain, at the second annual convention of the Canadian wholesale grocers held in the King Edward Hotel yesterday. There were representatives present from all over Canada, and a variety of topics of interest to the trade was discussed.

Mr. Blain believed that prices had really reached their zenith in Canada, and placed all the blame for the present condition of affairs on the producer as distinct from the consumer.

"The high cost of living—the result of these conditions—has been largely attributed to the distributor, the so-called 'middleman,'" Mr. Blain went on; "while as a matter of fact, the responsibility rests chiefly with the producer. In my experience, the distributor actually made a lower percentage of profit on his investment in the war than he did previously."

"We have no fear of the most searching investigation," declared the speaker. "We have been accused by an unthinking public of being avaricious. We have no fear of a search to contradict the statement that we are a combine in the sense usually understood. We are a combination, not in restraint of trade, but in furtherance of trade."

Mr. Blain said that so far as sugar and canned goods were concerned, the profit did not cover the cost of handling "sugar," he said, "has been bedeviled by the outside speculators in Cuba, the United States and to some extent in Canada, who have raised the price to an unreasonable figure, and so manipulated the market that wholesale grocers frequently could not get sugar at any price, and manufacturers' list prices, with 60 per cent. by the wholesale grocer, which he sells at an advance of from 5 to 15 per cent. he cannot be held responsible for the high cost of living."

He said that the grocers were more valuable services to the public than any class in Canada, and are the most poorly paid.

Condemns Mail Orders. The speaker, referring to the mail order business, declared that it was a most vicious system and had caused ruin to many small towns and villages. He said "mail order" houses were receiving from the government and from the government itself, privileges and advantages at less than cost, and at the expense of the people of Canada, thru the parcel post facilities.

He advised wholesalers in view of the present condition of affairs to be more businesslike than in the past, in trade, to establish short terms of credit and collect their accounts promptly.

Sir Edmund Walker, president of the Canadian Bank of Commerce, opined that prices would be as high as before the war, but that they would not likely be as high as they had been. "This condition may last for another generation and must last so long as the weight of the war industry causes unusually heavy taxes and rents. The price of all commodities and all services will have to be high until we have broken the habit of the war debt," he concluded.

The chairman stated that J. H. McLaurin, president Southern Wholesale Grocers' Association of the United States, was unable to attend, as was expected, owing to his presence being required in New York in connection with the Generalized State Income Tax market in the States. A telegram from Mr. McLaurin was read, which, in part, was as follows: "Owing to the extremely critical condition of the sugar market in this country it became necessary for me to come here (New York) last week and open an office, transferring here our sales and despatch office staff, and I am at this time deluged with letters and telegrams that are pouring in to my desk here without respect to office hours. As you are aware, our sugar market is demoralized, and with heavy contracts on their hands many of our wholesale grocers throughout the country are threatened with a condition as desperate as to suggest in some cases financial ruin." He further said that "the situation this afternoon is so hopeless as to convince

me of the utter impossibility of leaving Toronto."

Mr. McLaurin further wired: "Unfortunately, up to this time, our national governments have failed to acquire an accurate and proper conception of the high value of wholesale food distributors to the public interests, and I conceive that great value to the consumer of the nation is to be found in the searching investigation into this subject by governmental departments, even if such analysis must be had thru the highest courts. If the wholesale grocer presents to the people at large those benefits which we claim he does represent as the most economic factor of food distribution, it is of the highest importance that our federal governments should promptly recognize that fact and be governed accordingly."

President Blain said the position of the sugar market in Canada was serious and possibly it was as bad as in the United States, and he hoped dealers here were prepared to cope with the critical situation.

Sales Tax Uniformity. An open discussion took place upon the "uniformity in charging sales tax," many denouncing the manufacturers for passing the buck to the wholesaler and retailer. They thought the manufacturer should bear his share of the tax. One speaker declared that it was the retailer, and not the public, who made the good, that through the country, Mr. Macintosh of the Coast-Ed Cornflakes Company of London said everything would be easy if price lists were adhered to by the wholesaler. The resolution committee of the association will frame resolutions, which will be sent to Ottawa.

The following were appointed members of the resolution committee: W. C. Cross, St. Eby; H. G. Baud, Halifax; W. P. Eby, Toronto; Evan Turner, Quebec; R. A. Chaput, Montreal; W. C. Bryant, Montreal; G. P. Morrow, Brandon; A. E. Burns, Winnipeg; J. M. Bean, Weyburn; Louis Petrie, Calgary; T. S. Smye, Hamilton; H. W. Chamberlain, Ottawa.

The following were named for the nomination committee: L. K. Payzant, Halifax; A. H. Wetmore, St. John; J. S. Roger, Quebec; Mr. Langevin, Montreal; Samuel Villa, Hamilton; A. H. Patford, Toronto; A. O. Martin, Winnipeg; R. G. Bradley, Edmonton.

At the conclusion of the afternoon session, the members of the convention proceeded in the commission's yacht for a tour of inspection of the harbor improvement, after which they were entertained to dinner at the Sunnyside pavilion by the Toronto wholesale grocery trade. At the dinner, John G. Clark, president of the Michigan Wholesale Grocers' Association, was to have delivered an address, but a telegram was received from him that he is being unavoidably detained in Chicago owing to the serious condition of the sugar market.

Packed to the doors was the temple at the Salvation Army headquarters last night when a great farewell was given to three of their prominent members, who, with their wives, are going to other fields. Lieut.-Colonel Chandler, Brigadier Morris and Brigadier Sandall after many years in Toronto, were the recipients of many tributes afforded during the evening, remembrances of which they will take with them to their new homes. Commissioner W. J. Richards, who was in the chair, spoke at length, dwelling upon the work and activities of the departing officers. Other addresses were made by Col. John McMillan and those about to leave Toronto. A program of music was given by singers from West Toronto and the Yorkville, Temple and Riverdale bands.

Brigadier Morris has been appointed chief secretary of Western Ontario with headquarters at Winnipeg, while Lieut.-Col. Chandler goes to Chicago to take charge of the training college of the organization in that city. The eastern States are the objective of Brigadier Robert Sandall, who has been back to his grandfather, Mr. James Butterfield, who founded the Toronto for the past three years. The newspaper ancestry of the brigadier goes back to his grandfather, Mr. James Butterfield, who founded the Northampton Herald in 1831 and the Northampton Chronicle in 1830. Mr. Henry Butterfield, the present editor and proprietor, is his uncle. Another relative of Mr. Sandall was Mr. Theobald Walker, who was known to Fleet Street journalists of an older generation as the editor of The Daily News, and latterly of The London Gazette. Previous appointments held by Mr. Sandall were as editor of the editor of the parent paper at international headquarters, London, England. He has also traveled for The War Cry in France, Holland, Germany, Sweden, Norway, New Zealand and Australia.

# URGES SOLDIERS TO LINK WITH LABOR

### Establishment of Soviets Not the Objective of the Working Classes.

The denunciation of the present government as the representative of vested interests, the emphasizing of the utter failure of the capitalist system, and the urging of the laborer to appreciate his own political power, featured the addresses of the speakers at the meeting of the Independent Labor party, held at the corner of Albert and Yonge streets.

John MacDonal, second vice-president of the Labor party, and chairman of the evening, referred briefly to the aims of the party, which, he declared, sought finally the emancipation of the laboring classes. He referred to the soldier vote having placed confidence in the Union government at the last election, and to its subsequent failure to secure the pledges which had been the condition of its support and expressed the belief that the time had now arrived when returned men should consider themselves no longer as soldiers, but as producing members of the community, and should accordingly, unite with the Labor party.

A. J. W. Buckley, president of the Independent Labor party, was the principal speaker of the evening. He gave a short sketch of the British constitution, touching on the points in its development where it had been modified by force; and instancing particularly the government to which King John had been subjected when he granted the Magna Charta, and also the force which had resulted in the execution of Charles I.

British Constitution. "Yet they tell us," he remarked, "that the British constitution has evolved gradually, without the shedding of blood, and I believe that we can emancipate ourselves without it. He referred to the granting of the franchise, in 1832, to the English workmen, and declared that the laborer had at that time, lacking the political wisdom for the intelligent wielding of his newly gained right. He had, therefore, enlisted his detestation to the two political parties then existing, and had since been consistently duped. Experience had proved that the establishment of a soviet independent Labor party was the only organization which the producing citizen could trust to safeguard his rights.

Louis Bratwaite, speaking after the President Buckley, emphasized the utter failure of the capitalist system, as instanced in the present closing down of factories in the face of the need for commodities. He found an arguery of the downfall of capitalism, as stated in the "scarce" propaganda which the government was presently circulating, and in which, he declared, the present administration was appealing for support solely to the grounds of the anarchy which would result with the assuming of the political power by the laboring class. The establishment of soviets was not, he declared, in common with other speakers of the evening, the objective of the Labor party.

# PUBLIC SCHOOL WORK SENT TO EXHIBITION

Articles which will make up the exhibit of the domestic art work of the public schools were installed at the Exhibition yesterday. Even at this early stage the display is calling forth admiration from those who have the arrangement of the department, which embraces articles of wearing apparel and specimens of posters and other art features prepared by the pupils. All the exhibits shown are the products of the term which began after Easter. This year's increased output in this section is largely due to the effort of the women trustees on the board of education, and to the hearty co-operation of the teachers.

Mr. McLaurin further wired: "Unfortunately, up to this time, our national governments have failed to acquire an accurate and proper conception of the high value of wholesale food distributors to the public interests, and I conceive that great value to the consumer of the nation is to be found in the searching investigation into this subject by governmental departments, even if such analysis must be had thru the highest courts. If the wholesale grocer presents to the people at large those benefits which we claim he does represent as the most economic factor of food distribution, it is of the highest importance that our federal governments should promptly recognize that fact and be governed accordingly."

President Blain said the position of the sugar market in Canada was serious and possibly it was as bad as in the United States, and he hoped dealers here were prepared to cope with the critical situation.

Sales Tax Uniformity. An open discussion took place upon the "uniformity in charging sales tax," many denouncing the manufacturers for passing the buck to the wholesaler and retailer. They thought the manufacturer should bear his share of the tax. NEW CHANCES FOR WOMEN WORKERS

University Federation Dele- gate Sees Many Opportu- nities—Get Equal Rights.

Papers of exceptional value were read at the sessions of the Federa- tion of University Women, which were held yesterday, on the second day of their triennial meeting. The first was a comprehensive resume of scholastic education as it exists today in Canada, by Miss Misener, who covered the ground in relation to the provinces in regard to attendance, the status of teachers, their remuneration, school boards, and many other points in relation to the schools, rural and urban. Of the provinces, Ontario has the highest attendance, 92.5, and Sas- katchewan the lowest, 65.5. Figures for Alberta and British Columbia were not given. Of the whole population of Canada, 80 per cent. of school age are enrolled, the other 20 per cent. remaining illiterate. In rural Ontario the average attendance is 52.08, and in the cities 61.2. The expense per child is \$1.43 per annum.

With regard to the efficiency of teachers it was pointed out that both the academic and professional status is inadequate. Salaries are insufficient to meet the high cost of living, and less by comparison with remuneration in other branches; nor are they sufficient return for services rendered, nor to ensure a supply of qualified and experienced teachers. Different systems of school boards were defined, the municipal board, according to au- thorities quoted, having advantages in the matter of taxation and the lessening of general expense of administration. Continuation schools were shown to be popular in the west, and making their entry into Ontario, where there are two, with others in formation. Problems in connection with the education of the foreigner were defined as serious.

Wide reaching, too, was the scope covered by Miss McPherson in her paper on "Opportunities of Vocation for University Women." The data was gathered by interviewing representa- tive people in New York, Boston, Montreal and Toronto, and by written communication with various cities in the west. The ground covered exclud- ed teaching and other professions, and dealt with business and the industrial world. Among openings which new conditions are making for women are those which were spoken of as socially constructive, and investigation showed that women were given a fair chance in competition with men, tho a certain amount of prejudice still ex- ists.

Nursing as Profession. Specific mention was made of nur- sing as a profession, into which uni- versity women should enter, the salar- ies in connection with health depart- ments being from \$1200 to \$2100 a year. In the field of journalism, it was pointed out that openings are few and salaries not high, compared with other occupations. On the other hand, it was noted that "prospects are good for a woman with a liking for print- ers' ink, and no convictions on the desir- ability of an eight-hour day." Social service offers a fine field, the demand being at least equal to the supply. Other lines mentioned, in which the university woman may find a congenial opening, were secretarial work,

missionary activities, horticulture, preaching, architecture, therapy and massage. Among the openings which business offers as listed by Miss McPherson are welfare work in factories and de- partmental stores, employment man- ager and educational director, foreign buying, advertising, real estate and traveling salesman, actuarial work and banking. Other roads which univer- sity women may travel into regions which few up to the present have en- tered were referred to, and at the conclusion the question of the estab- lishment of a bureau with a central clearing house for the registration of positions was discussed.

DISPOSITION MADE OF THE ROSE DAY TAG FUNDS

The Municipal Chapter of the L.O.D.E. has given out a financial state- ment covering the results of the Rose Day tag on June 17. The chapter had a balance on hand of \$221.01 on June 1, and receipts of the tag day were \$15,817.73, with later receipts of \$13.58, a total of \$15,831.27. There is a bal- ance in bank of \$602.52 after meeting expenses and distributing funds as follows: Preventorium, \$6,500; Pro- tectant Orphans' Home, \$1,100; Boys' Home, \$1,100; Girls' Home, \$1,100; Earls Court Home, \$1,100; Sick Chil- dren's Hospital, \$1,000; Children's Aid Society, \$700; Home for Incurable Children, \$500; Sunnyside Orphanage, \$400; West End Creche, \$300.

LADY MELVIN JONES IS LAID TO REST

Many Floral Tributes in Token of Esteem in Which She Was Held.

The funeral of Lady Melvin Jones took place from her late residence, "Lawnhead," St. George street, yester- day afternoon, amid many manifesta- tions of sorrow and esteem.

The drawing room was a bower of magnificent blooms. Floral tributes came from friends in London, Eng- land, from Paris, from New York, and from Vancouver, and from many Toronto friends. Also from the direc- tors of the Massey-Harris Company, the National Trust Company and the Liege Chapter, I.O.D.E. Lining the casket, which was of solid bronze, were some lovely orchids, the favorite flower of Lady Melvin Jones. Large twin hearts of roses were from the two little grandchildren, Miss Ellen Louise and Master Lyman Melvin Crawford Brown. Rev. Wylie Mahon conducted the funeral service. The chief mourners were Mrs. Crawford Brown, and the Rev. T. Crawford Brown, who are out of town, Robert Laurier, Ottawa, and Captain Victor Ghent Davis, and Cameron Wilson.

OLD-TIME KEYMEN WILL HAVE REUNION

Fine Program Arranged for Visit of Telegraph Men to Toronto.

Toronto is next week to be for the first time the scene of the annual re- union of the Old-Time Telegraphers' and Historical Association, which, in conjunction with the United States Military Telegraph Corps, will meet here for three days, Tuesday, August 24, Wednesday, September 1, and Thursday, September 2. The Old- Timers have met but once before in Canada, that being in Montreal.

A fine program has been arranged for the entertainment of the visiting members, who will come from all parts of the United States and Can- ada. The business meeting of the association will be held on Tuesday morning, and will be followed by an automobile trip about the city. Sub- sequently the whole party will visit the Canadian National Exhibition as the guests of the city, taking in, in addition to the sights of the Exhibi- tion, the grand stand performance and the pageant, "The Empire Triump- hant."

Wednesday will be given up to a trip to Niagara Falls, the whole party taking the 9.30 a.m. boat for Queens- ton and thence going by the scenic railway, via the Gorge Route to the Falls.

On Thursday morning the members will again visit the Canadian National Exhibition, an opportunity will be given in the afternoon for shopping, visiting, etc. The reunion will wind up on Thurs- day evening with a banquet at the King Edward Hotel.

SUSPECT SUICIDE ATTEMPT.

With a deep gash in her throat, Mrs. Doris Gray, aged 25 years, was found by her husband on Wednesday afternoon lying on a bed in her room at 48 Grenville avenue. Dr. Bailey was called in and, after rendering first aid, had the woman removed to the Western Hospital, where her condition was reported last night to have shown a slight improvement. Mrs. Gray was alone in the house with the baby at the time and the police believe that she attempted to take her own life.

CANCER PATIENTS FLOCK TO CLINIC

Busy Afternoon at New Cen- tre—Many More Sufferers Require Attention.

No clinic for cancer patients was held at St. Michael's Hospital yester- day, who one had been announced to take place. Enquiry brought out the fact that Dr. Glover had a cold, in spite of which he would operate at his new headquarters on Jarvis street. Any patients coming to the hospital were sent to the Jarvis street offices.

At the new centre a busy afternoon was in progress when a representative of The World called. Several cars were standing before the house and two were drawn up before the entrance in the grounds. The door was open, giving a cheerful and spacious view of a wide hall with large rooms on either side, hardwood floors with here and there rugs, comfortable chairs and lounges. Women and men patients sat in the halls and reception rooms, singly or in groups, and every now and then a door on the left opened, letting out a patient, who was quietly and quickly followed by another. Neither doctor nor nurse was visible. A girl quietly asked the business of the caller and a young man who had been busy apparently taking messages or other instruction to the patients, gave the information, which was by no means new, that Dr. Glover was disinclined to give anything for publication. He, however, confirmed the self-evident fact that the number of cancer patients who desired the service of the doctor was large, and that the probability was that the clinic would have to be continued on the day following.

It is expected that the next clinic at the hospital will be on Thursday of next week.

DANIEL LAMB DEAD

Prominent Toronto Citizen Who Was Founder of the Zoo at Riverdale.

Toronto lost yesterday afternoon, in the death of Daniel Lamb, one of her outstanding citizens, and also the founder of the Toronto "Zoo." Mr. Lamb died at the age of seventy-six, at his residence, 156 Winchester street.

Three sons and four daughters sur- vived: Peter, Charles and Thomas, all of Toronto, and Mrs. Robert Turner, Mrs. Gavin-Brown, and Miss Ethel and Miss Alice Lamb, all at home. The funeral will take place from the family residence at half past two on Satur- day.

Mr. Lamb was long connected with the administration of the city in vari- ous departments. He was first elected to the city council in 1885, subse- quently representing several wards, and was a member of the board of control in 1896, 1897 and 1898. For three years he was chairman of the board of works, and as such was responsible for both the "Zoo," and the Hosedale drive. He was also a member of the board of license com- missioners for many years.

INFORMATION SERVICE FOR TORONTO FAIR

An innovation that promises to be of much value to Exhibition visitors is an information service that will be in- stalled in connection with soldiers' comforts exhibits under the manage- ment of Mrs. Arthur VanKoughnet. The information bureau, which will be found in the west room of the women's building, will tell to third visitors at what time trains arrive and leave, also where restaurants and other places on the grounds are situated, and will also answer questions re- garding stores or institutions. Vol- unteer attendants will be ready to give every information possible to soldiers, their wives, and all visitors to the fair.

LAST TRIBUTES TO PROFESSOR ELLIS

Representatives Throng at Funeral of Former Dean of Science Faculty.

The funeral of the late Professor W. H. Ellis, former Dean of the Faculty of Applied Sciences, took place yesterday afternoon from St. James' Cathedral at St. James Cemetery. Numerous relatives, friends and col- leagues of the late professor gathered to pay their last respects.

Introductory sentences were read by Rev. F. J. Moore, prayers offered and the service for the burial of the dead read by Canon Plumpe, who came from Lake Vernon, and a scrip- tural reading, 16th chap. 1st Corin- thians, given by Sir Robert Falconer. Numerous and beautiful were the floral tributes, including a wreath from the University Board of Gov- ernors, wreath from the University Senate, roses from the Engineering Alumnae Association, Toronto branch, Women's Canadian Historical Society, and the Psi Delta Psi Fraternity, and a lovely emblem from the Glen Major Anglers' Club.

Wreaths from the Engineering Al- lumnae Association, Pacific coast, and from the Faculty of Applied Science of Engineering Toronto University, were also received.

The pall-bearers were: Sir Robert Falconer, General C. H. Mitchell, Dr. A. Primrose, Dr. R. D. Rudolf, Sir Frederick Stupart and Prof. Mavor, several having returned to the city in order to be present.

WANTED IN TWO CITIES.

Frank J. Creone was arrested here last night by Detective Sergeants Koster and Thomson and P. C. Young. Creone is wanted in Hamilton on a charge of assaulting and beating his wife, Alice, and is also wanted in Ni- agara Falls on a charge of the theft of a suit.

FRIDAY MORNING, AUGUST 27.

The Farmer's Grievances.

The World of yesterday, dealing with the scarcity of labor on the farm, asked the farmer to say whether, if he paid wages or gave a share of the farm receipts to his boys and girls, that would not hold the young people to the land, and, if he got radial railways, whether that would not attract more labor to the country.

Senator Capper of Kansas, a recognized authority on the subject, in an article in The New York Commercial, goes much further, and says not only are the young people in the States leaving the farms for the towns because they've got to work for nothing, but that the farmer is dissatisfied because that he, as producer, gets such a small part of the consumers' dollar!

The returns are so poor that the farmers of the States are steadily going out of raising beef cattle. Twenty years ago there were nine head of cattle to every ten persons; today there are less than five head for ten people. And, to quote further:

"Unless substantial rewards are given for farm work, a food shortage is inevitable—and it will not be long in coming. There already is some indication of this in the hardship which has come to the poorer people of the cities from the activities of the food plant."

The farmer is not to blame. Notwithstanding the farmer is today marketing at a minimum profit, and sometimes at a loss, he is producing more raw material per man by 30 per cent. than before the war, due largely to long hours and the unpaid labor of his wife and children. This unpaid labor and overwork are materially responsible for so many leaving the farm.

Senator Capper's remedy for the existing state of affairs is in constructive progressive legislation. Things must change, he believes, if agriculture is to appeal properly to the younger generation now leaving the rural sections of the country in such large numbers. Legislators must stop the landslides from the country into the cities by undertaking to deal in a forward and courageous way with the problems involved in the first thing Senator Capper urges is "to curb the profiteers and to supply agricultural essentials, such as lumber, agricultural machinery, clothing, shoes and the like, at an honest price."

If, he adds, we can get rid of the price-gouger, it will hold hundreds of thousands of farmers in the country who are just on the point of leaving.

Grant that this is true, then we, in Canada, must do something. We can and must regulate undue profits; we must regulate freights on land and sea; cheap express, telephone, telegraph charges; keep the rate of interest to farmers more in line with the charges in the States, and give our farmers radial railways, as well as farm roads. Also the fuel and light problem, as well as building material, must be dealt with in a big way. Co-operative marketing must be arranged for the farmer.

Perhaps we may have to come to better organization plans for farmers; even some sort of factory management, with bigger farms. If we do not, what Senator Capper foresees, a great drop in food production, may follow.

Our government here in Canada might start with sugar profits, railway, telegraph and telephone rates, building material, paper, staples of several kinds.

The Meighen government, The World believes, will approach these problems. But the fundamental issue is, as Senator Capper puts it: the farmer must get a bigger portion of the dollar of the consumer of the products of the land!

Railway Magnates and C. P. Shareholders.

The Toronto Globe and The Winnipeg Free Press are against an increase of railway rates, especially as against the Canadian Pacific.

What have these papers to say to the fact set out in yesterday's World that the C. P. directors, in order to cut melons for the benefit of shareholders, issued over two hundred millions of ten per cent. stock to retire the same amount of four per cent. bonds and debentures? This means that the twelve millions a year could have gone toward the reduction of traffic charges. Instead of the railway's directors, managers and magnates telling their shareholders the parliament and its railway commission are to blame for lower dividends or no dividends, they would be nearer the truth if they laid the blame on their sky-rocketing of the finances of the company, and the opportunities those on the board had of making money out of the stock.

The truth is that the numberless shareholders of the Canadian Pacific got pie and cake from parliament and the board of railway commissioners, compared to the cold, cold hand-out from their own directors and man-

agers. But that is no reason why the public who pay the rates should get a cold, cold hand-out from the railway commissioners.

When Will the Blow Fall?

After getting double column stories in the newspapers telling about what he was going to do to the food profiteers, and that he had instructed his police reserves to haul the cowering form of a local lunch-counter proprietor before the police commissioners to explain why he was charging ten cents for a cup of tea, Mayor Church has settled back to await the casualty returns. Up to the time of going to press this morning there have been no reports of deaths from panic or heart-failure among the lunch-counter fraternity. In fact, the only shock received by the proprietor of Bowles' Lunch, who was singled out for special mention by the mayor, was from reading the story in the newspapers. Although the ukase was issued on Wednesday, Mr. Hinman has not yet heard from either the mayor or the chief of police. Just how long Mr. Hinman has still to enjoy the free air of his restaurant is a matter of uncertainty, but his worship announced yesterday that he did not know when the police commissioners would meet again.

Remarked in Passing. Hon. Robert Rogers ought to wire his thanks to Toronto and Ottawa papers who are resurrecting him. Perhaps he's a self-riser and a self-starter.

One reason for exorbitant restaurant charges is the dislike of business people to be seen carrying their lunches downtown in the mornings. We are a proud and foolish people.

Sir Auckland Geddes is from Edinburgh by way of England; Sir Thomas Lytton is from Ireland by way of Glasgow, and Sir Hamar Greenwood is a Canadian, having the time of his life in Dublin.

Toronto should accord a warm welcome to the V.C.'s. They are all men who were the most coveted of decorations by acts of valor conspicuous in a war where exceptional bravery was the rule.

In announcing his platform as U. S. presidential candidate, Eugene Debs says the liveliest question before the public today is not the league of nations, but the coal shortage. You'd think that man lived in Ontario.

Lady Astor, England's first woman member of parliament, is out for the appointment of women diplomats. Must be a part of that league of nations talk about knocking the secrecy out of international bargainings.

Premier Drury says he can't sleep because of the Toronto press, including The Farmers' Sun; his confere, Morrison, also of the U.F.O., likewise complains. On the contrary Harley Dewar can only be got to sleep after a Globe-Telegram bromide.

A restaurant keeper says a cup of tea costs him 5 1/2 cents; a housewife says it costs her about three. If the other 2 1/2 cents is taken up in the kind of service most of the restaurants give it is profit. Restaurant owners gave a thought to efficient business organization as well as profits.

Another Japanese statesman has thought well to issue a word of warning to the people of the United States about their attitude towards his countrymen. The vice-minister of foreign affairs is most emphatic in his statement that U. S.-Jap relations have reached a high-ly ticklish stage. When a man in his position talks so, it almost seems time to hunt up war maps of the Pacific ocean.

WORLD'S DAILY BRAIN TEST

BY SAM LOYD. 6 Minutes to Answer This. No. 283.

Find the city concealed in each sentence:

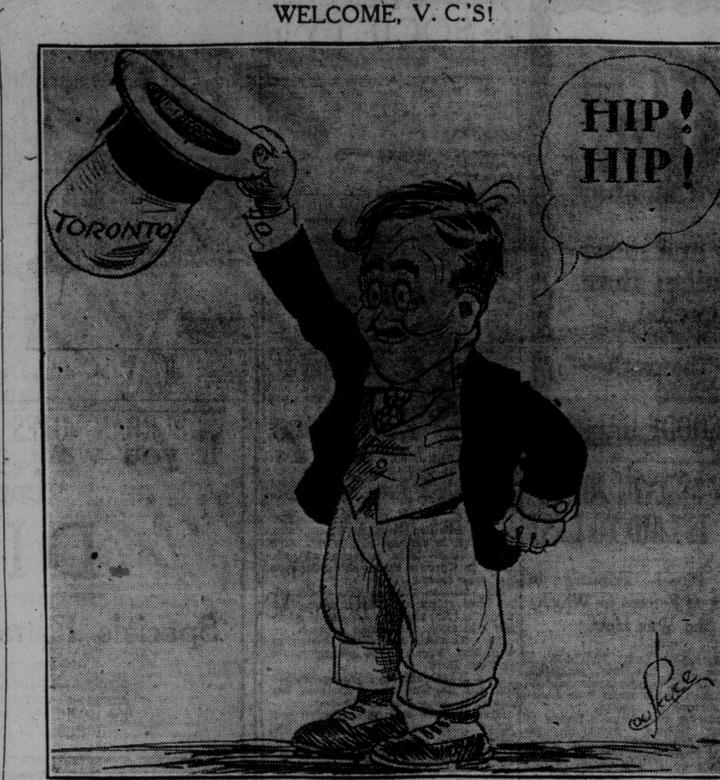

It required 10 minutes for Sara to gather her wits.

Whether I ever receive the goods or not I have the satisfaction of having paid for them.

The amount of money being between one and two dollars and divided in the proportion of 3 to 5, must have been a sum divisible by 8.

When the wife reversed the ratio in her favor by slipping 3 coins of the same denomination from his to her pile, those 3 coins must have amounted to 1-4 of the whole amount. Therefore the total between one and two dollars must not only be divisible by 8 in order to separate it into groups in proportion of 3 to 5, but 5-3 of the whole must contain 3 similar coins which are together 1-4 of the total saving. It is quite easy to see that no amount other than \$1.20 will conform with the conditions, and the wife removed three dimes from her husband's pile of 75 cents, adding them to her own of 45 cents.

MORRISON DENIES ASSOCIATION WITH HYDRO BUREAU

(Continued From Page 1).

Interests are behind or financing this bureau, which has been inaugurated with the intention, as already stated, of making a thoro and impartial investigation of the whole Hydro-radial situation throughout the province," said Colonel J. Z. Fraser, of Burford, president of the new association, a leading citizen of Brant county and also understood to be vitally interested in The Farmers' Sun. "I have no reason to doubt that many men of impartial mind are members of this bureau. I do not foresee the need of more than \$6,000 to carry out the necessary investigations in this matter, and the moneys being received are very small and individual contributions from members of all manner of representative bodies throughout the province.

Favor Hydro-Electric. "I know of few, if any, members of the information bureau who are opposed to the Hydro-Electric interests," continued Colonel Fraser, who stated that he personally would be glad to see the Hydro radials running thru Burford. "But, we must realize that more than at any time in the history of the province we need to retreat. There are many of us who believe that there may be certain districts in the outlined plans of the Hydro radial which will not sufficiently remunerate the public for the expenses involved in construction and maintenance, and it is the intention of the bureau of inquiry to investigate the problem from every possible angle."

"I have no intention of being connected with anything which savors of anti-Hydro sentiment," said Dr. F. E. Doolittle, member of the executive.

Mr. Elson takes strong exception to statements that his anti-Hydro policy was the cause of his defeat at St. Catharines, and that with him he brought down ex-Ald. C. H. Nash.

Hugh Blain said he did not know that he was responsible for Hydro information. He has not been notified. "I quite sympathize with the position of the Drury government," he stated.

MORRISON DENIES ASSOCIATION WITH HYDRO BUREAU

(Continued From Page 1).

However, in calling "scandalous" the proposed expenditures on Hydro radials. "How is the new association being financed? By subscriptions from the members?" Mr. Blain was asked. "You must go to the U. F. O. for that," Mr. Blain replied.

Who Are They, Anyway? "Who are these people, anyway?" asked Mayor Church yesterday, during the course of a sharp attack on the members of the Hydro-Radial Information Association. "Read over their names. Nearly all are nothing but anti-Hydro Liberals. Who suggested the organization, and why?"

Also where were these gentlemen when the \$22,000,000 cash and \$125,000,000 credit was handed out to the G.T.R. in Ontario? Where were they when the millions in subsidies were given the G.T.R. and other private railways? What did they do to help launch the Hydro in Ontario?"

THAT CUP OF TEA.

Editor World: The newspapers are devoting much space these days to the high cost of living at Toronto restaurants. The mayor threatens to stop food profiteering by cancelling restaurant licenses. For one thing, he complains of a charge of 10 cents a cup for coffee. The manager of one accused establishment replies that he can no longer serve for 5 cents a cup of coffee which costs him 5 1-2 cents to produce.

If this is a sound defense, how is it that the Niagara Falls park commission can dispense excellent coffee with cream and sugar (and the use of junk and cups thrown in) for the small price of 30 cents a quart? During the past season thousands of picnickers at Queenston Heights and Queen Victoria Park have enjoyed the coffee thus provided at a price within the reach of everybody. M. L. W.

WELCOME, V. C.'S!

JUDITH OF BLUE LAKE RANCH

By JACKSON GREGORY.

CHAPTER XXVII. (Continued).

Some one would see her beacon. A forest ranger, perhaps, whose duty it was to ride fast and far to battle with the first spark threatening the wooded solitudes; perhaps some crew in a logging-camp, than whom none knew better the danger of spreading fires; perhaps some cowboy, even one of her own men—perhaps Quinlan and Ruth? She then would hide among the rocks until they had come and gone. Even now, against the sleep falling upon her, she drew farther back thru the tumbled boulders. Perhaps, Bud Lee.

She went to sleep beyond the circle of bright light, tired and hungry and striving against a returning hopelessness, her young body curled up in the nest she had found, a cheek cuddled against her arm, wondrously vaguely if some one would see her first and come—if that someone might be Bud Lee.

CHAPTER XXVIII.

BACON, KISSES, AND A CONFES-SION.

Thruout the night the tree blazed unseen. Judith's eyes were closed in the heavy sleep of exhaustion. The flames roared and leaped high skyward, burning branches fell crashing to the smoldering on the rocky soil, the upstanding trunk glowed, vivid against the sky-line.

In the early morning at least two pairs of eyes found the plume of smoke above the still burning giant pine. A man named Greene, one of the government forest rangers, came a new trail over Devil's Ridge, came out upon a height, saw it and watched it frowningly across the miles. It called him to a hard ride, perhaps a difficult journey on foot after he must leave his horse. He turned promptly from the work in hand, ran to his horse, swung up and sped back to his cabin, to telephone to the nearest station, passing the word. Then with ax and shovel, he began their names. Nearly all are nothing but anti-Hydro Liberals. Who suggested the organization, and why?"

Also where were these gentlemen when the \$22,000,000 cash and \$125,000,000 credit was handed out to the G.T.R. in Ontario? Where were they when the millions in subsidies were given the G.T.R. and other private railways? What did they do to help launch the Hydro in Ontario?"

The Drop in Prices in the States.

The New York Evening Post says prices are dropping all over the States, even coal, sugar, beef, coffee, vegetables. On the grain side wheat, corn, oats, barley and rye are down 17, 36, 50 and 60 per cent. from 1919's "high." Rice has also had a heavy break recently, due to the release of a vast quantity of Rangoon rice by the British government. Hides are another declining commodity of interest to the public, prices on practically all varieties being down from 40 to 50 per cent. below last year's.

WHAT? Pay for each call I make? Why not? Who is to pay if not you? Somebody must pay for it. It takes the time of at least one operator, often of two. It involves the use of switchboards, wire, cable, underground conduit, poles—all costing money on which a return must be earned.

Every time you take a street car you pay for the ride. As often as you turn on the gas or electric light your metre registers the consumption. If you do not pay for the calls you make over the telephone, somebody else must if the telephone business is to keep going.

The message rate for business means that your payment is in proportion to your use of the service. No substitute for this principle has been found anywhere.

IRISH EXECUTIVE FOR MILD POLICY

Few Days Expected to Bring Announcement of Change in Administration.

London, Aug. 26.—The Evening Standard's Dublin correspondent says: "Divisions of opinion between the Irish executive and the cabinet have reached an acute stage, culminating in Sir Hamar Greenwood's visit to Premier Lloyd George at Lucerne. The vicereine's position, as well as that of the responsible members of the executive, is in the balance, and it is stated here that the next few days will bring definite announcement of a more liberal ameliorative policy in Ireland, or resignations that must wholly alter the personnel of the Irish administration. The fact is that MacSwiney and other hunger strikers have been more or less the cause of precipitating the present crisis, but the situation has been ripening for months. "Viscount French and his counsellors frankly oppose the policy of drastic repression, and while fully prepared to enforce law and order, they hold that conciliatory measures should immediately be given a more particular form than hitherto. While Sir Hamar Greenwood sympathizes with the view and is prepared to support it, he feels that his share in the Irish administration must necessarily take its direction from the cabinet."

JEREMIAH B. HUGHES PASSES IN WATERLOO

Was One of Best-Known Insurance Men in Province—Formerly Mayor.

Waterloo, Aug. 26.—(Canadian Press.)—Jeremiah B. Hughes one of the best known insurance men in the province died at his home here this evening in his 84th year. He was born in York county in 1836, and moved with his parents to Hawkesville in early youth. He came to Waterloo fifty-six years ago, and has been engaged in the insurance business ever since—eighteen years as inspector for the Waterloo Mutual Fire Insurance Co., and nearly thirty years as special agent in Canada for the Aetna Fire Insurance Co. of Hartford. He is survived by his wife, his son, Dr. F. G. Hughes, and daughter, Mrs. Dr. Clayton Wells, of this town. He was a former member of the town council and mayor for one term, and for twenty years trustee of K. and W. Hospital, serving eight years as president.

APPOINT A. E. WARREN MANAGER OF G.T.R. LINE

Winnipeg, Aug. 26.—A. E. Warren, in addition to being general manager of the Canadian National Railway, has assumed the position of general manager of the Grand Trunk Pacific Railway. He states that the matter of co-ordinating in every way the operations of the two railways is now in hand, and that the announcement regarding the official changes resulting therefrom will be available in a day or two.

FAILED IN ATTEMPT TO SWIM THE CHANNEL

Dover, England, Aug. 26.—Another attempt by Henry Sullivan of Lowell, Mass., to swim the English Channel from Dover to Calais has ended in failure. Sullivan started on the swim last night at 8:40 o'clock and was in the water for 18 hours. Owing to the rough sea he was forced to abandon his attempt when only three miles off the French coast. In 1913 Sullivan swam the channel in six miles of France, starting from Dover.

CLAIMS THE CREDIT FOR MODIFIED TERMS

London, Aug. 26.—Following a meeting today of the council of action of the Labor party, a telegram signed by Chairman Adamson was sent to Mr. Lloyd George, Lord President of the Council, and Mr. Kamenoff, head of the Bolshevik commission in London. The telegram said that the council having urged the Russian government to withdraw its objectionable civil militia laws from its demands on the Poland, noted with satisfaction the soviet's latest decision which removed all difficulties to peace between Russia and Poland. It added that the council of action "now urges both the British and Russian governments to publish the full terms on which they are willing to make peace."

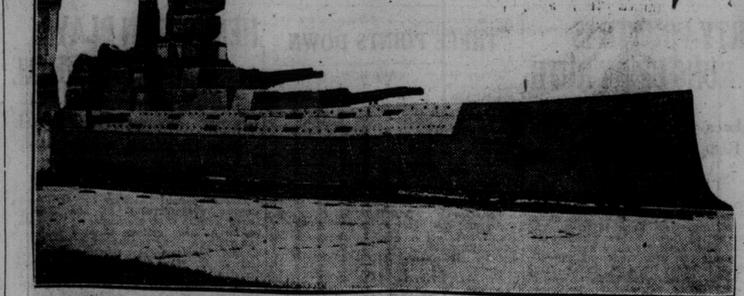

FOUR BELLEVILLE BOYS FACE CAR THEFT CHARGE

Belleville, Ont., Aug. 26.—(Special.)—William Huddleston, aged 15; James Kayler, 19; Geraldine, 18; and Smith, aged 14, were brought before Magistrate Mason today charged with breaking into and entering Moses Tobes' barn and stealing his motor car. The car was missing yesterday morning and last night word reached the police that four boys had been seen at Marmora trying to repair the car. This happened to be the missing car, and the Marmora authorities kept watch until officers from Belleville arrived.

Employees of German Plant Destroy Confiscated Planes

London, Aug. 27.—Munitions and hydro-airplanes valued at nearly \$2,000,000, which recently were confiscated by the entente commission in the Pintsche works on the Spre River, were destroyed Thursday evening by the 3,000 employees of the plant, many of whom are communists, says a Berlin despatch to The London Times. The Reichwehr was summoned out but proved powerless to act. The government is sending representatives to the scene.

ONE OF THE MAKE-BELIEVE WARSHIPS AT THE EXHIBITION

In the picture this representation of a battleship is hardly convincing, but, when seen in the big night spectacle, the pleasant illusion will doubtless be well maintained.

Order: for public trustee. Order made. Costs of application fixed at \$30, and those of public trustee at \$10. Re Shaver and City of Toronto: D. O. Cameron for Peter Shaver moved for mandamus directed to city architect to issue permit for building. Order: in favor of plaintiff. Judgment reserved. Rex v. Danick: N. L. Mathews for plaintiff obtained order for conditional service of notice to original defendants by serving same on J. R. L. Starr, K.C., at the city of Toronto. Weekly Court.

Wexler v. Felsold: G. M. Harlock for plaintiff moved for injunction: D. B. Goodman for defendant. Stands one week. Re Chaboon and Jackson: H. B. Paen for vendor; A. J. Keeler for purchaser; F. Shulman for third parties. Stands one week. Re Joseph Duquette estate: R. E. Laird moved for appointment of executor for vendor; A. J. Keeler for purchaser; G. W. Mason for beneficiaries. Parties to agree upon trust company to act as executor, order as to mortgage. Costs of all parties out of the estate. Re Dominion Shipbuilding and Repair Co.: H. J. Scott, K.C., for Equitable Trust Co., moved for leave to begin action and for injunction: J. H. Fraser for liquidator. Order: that position of applicants be preserved, but claim to be preferred in winding up. Costs to be disposed of on disposition of claims. Kings v. Oakley: Stands one week. In re Somerville for National Trust Co., administrators of Elizabeth White for administrators of National Trust Co., etc., owned by deceased; Messell, in the district of Muskoka; J. H. Fraser for Harrietta White; E. C. Cameron for infants; W. J. P. Jenner for G. H. White; J. Home for plaintiffs. Order made authorizing National Trust Co. to sell real estate, and if they see fit, to sell farm. Not to make long lease. Costs out of the estate. Re O'Donnell and Nicholson: D. Urquhart for purchaser; G. M. Willoughby for vendor. Judgment: one of the links in the chain of title as registered in one level is proposed upon the conveyance, 24th April, 1879, and registered on the 12th May, 1904. Henry McCartney had, in fact, in 1879, more than three months prior to the date of the conveyance, it is not suggested that any unlicensed conveyancer had purchased or agreed to purchase the land, and that the conveyance was made, and that through the stupidity of some unlicensed conveyancer the deed was so drawn and executed as to purport to convey to Henry McCartney, his heirs and assigns. The purchaser objects to this deed as being wholly inoperative to convey any estate in the lands to anyone. The purchaser's objection must be sustained. There was not, when the deed was executed by Levi Snider, any such person as the Henry McCartney with whom he purported to contract. Nor was there any such person to whom or for whose benefit the deed could be delivered. There is no principle which can make the purported conveyance operate retroactively, so as to vest an estate in Henry McCartney during his lifetime. It is also asked to pass upon the sufficiency of the evidence of possession. What is lacking is that I find that the purchaser is entitled to a satisfactory evidence that the right of any person claiming under Levi Snider, who may have been under some disability, has been effectually barred by lapse of time. The purchase cost out of the estate, but I do not think I ought to determine this without further information. If there are to be any such persons as the vendor, they should be paid by the vendor. Re Cooper and Knowler: J. E. Parsons for vendor; W. A. Baird for purchaser. Judgment: I must hold that the vendor is entitled to the purchase price, without his wife joining to bar her dowry, has not made out a good title to the lands. The purchaser should pay his costs. If the parties desire it, and think that the wife's rights can be finally determined upon this motion, I will give leave to serve notice upon the wife, un-

CAPTURE ALLEGED GANG OF BURGLARS

Police Claim to Have Arrested Parties Responsible for Several Robberies.

With the arrest last night of four men and a woman, the police claim to have captured the gang responsible for the several burglaries committed recently. The arrests were made by Detective Sergeants Stewart and Mitchell, and the five taken into custody are as follows: Edward Haslen, John A. Mitchell, Edward Smith and Earl Thomas and Evelyn Sanforth. The two specific charges on which the five are held are for breaking into the home of George Fitton, 218 Victoria street, and also of forcing an entrance into Philip Burns' cigar store, 152 Yonge street. In the former case an entrance was gained thru a rear door, and eight bottles of gin, an electric iron and all Mrs. Fitton's clothing taken. A large quantity of cigars and cigarettes, in addition to exhibition tickets, valued at \$150.00, and a safety razor were taken from Burns' cigar store. The police state that they have recovered over 60 per cent of the stolen articles, and hope to secure the remainder.

SUBURBAN NOTES

Lord Aberdeen Camp, No. 20, Sons of Scotland, met last night in St. James' Hall, West Toronto. W. Calder, worthy chief, presided.

Miss Velma Wood of 62 Somerset avenue was the recipient of a miscellaneous shower last evening from her few-employees of the whitewear department of the T. Eaton Company. The event was in honor of her approaching marriage to Mr. Vernon Woolner of 318 St. John's road, West Toronto, and was held at Mr. Woolner's home, on account of the illness of her mother. The wedding is to take place next Wednesday afternoon, at 3 o'clock in Bonar Presbyterian Church. Mr. Woolner is a son of Mr. and Mrs. I. C. Woolner of St. John's road. He is an employee in the registration department of the general postoffice. During the war, he went overseas, being retained in England in connection with the mail service on account of previous illness, and attaining the rank of sergeant.

The regular meeting of Canada Lodge, No. 6988, I. O. O. F., Manchester Unity, was held last night in St. James' Hall, West Toronto, with a fair attendance. The presentation of a jewel was made to F. W. Wood, P. M., during the evening. Visitors were present from Lambton Lodge. It was decided to hold a social on "quarter night" the fourth Thursday in September, to encourage membership. Grand Master L. Hirst was in the chair.

At the request of the secretary of the Princess Patis Association, all Toronto V.C.'s who are taking part in the parade are asked to meet at 1 o'clock tomorrow (Saturday) at the southeast corner of Trinity College grounds, West Queen street, in uniform, if possible.

ON BIRDS' HEELS

Just Three Points Behind Baltimore Now—Score Eleven to Nine.

Duffy and his Leafs have their foot wedged in the door and Jack Dunn is going to have a tough time trying to stem it in their face.

It has been a hard battle, and much thanks is due to the Akron team for taking the Birds to the limit.

The pitching was terrible and the fielding sloppy, base-running away below par and the whole atmosphere anything but cheering.

Bill Snyder worked seven and a third innings, and only in one round did he emerge without trouble.

The Birds opened on him with the starting ball. A two-base hit drove over the top of the bleachers.

It looked mighty when three were tucked on in the third. Craft beat out one, stole and went to third.

Snyder had squirmed thru the second and third, and then ran into trouble in the fourth.

At Rochester—Sedgewick's pitching was hitting Gay Rochester 2-4-1-0 victory over Reading.

ON BIRDS' HEELS

Just Three Points Behind Baltimore Now—Score Eleven to Nine.

Duffy and his Leafs have their foot wedged in the door and Jack Dunn is going to have a tough time trying to stem it in their face.

It has been a hard battle, and much thanks is due to the Akron team for taking the Birds to the limit.

The pitching was terrible and the fielding sloppy, base-running away below par and the whole atmosphere anything but cheering.

Bill Snyder worked seven and a third innings, and only in one round did he emerge without trouble.

The Birds opened on him with the starting ball. A two-base hit drove over the top of the bleachers.

It looked mighty when three were tucked on in the third. Craft beat out one, stole and went to third.

Snyder had squirmed thru the second and third, and then ran into trouble in the fourth.

At Rochester—Sedgewick's pitching was hitting Gay Rochester 2-4-1-0 victory over Reading.

At Buffalo—After a pitchers' duel in the first game yesterday.
