Daily Hints For the Cook

JELLY ROLL WITH ONE EGG
One egg, one-third cup sugar, 3 table-spoons milk (sweet), 3-4 teaspoon baking powder sifted into 1-2 cup flour (good measure), pinch salt. Beat all together. Cook in a narrow, long pan, put on jelly and roll while warm and spin with sugar.

SWEDISH BUNS.
Take one pound of light bread dough, add half cup butter, roll out four inch thick, spread with butter, sugar, cinnamon and currants. Fold as for jelly roll, cut into half inch slices, set these rings side up in a pan, let rise to double their bulk and bake. Ice when cold.

Pure Air for Infants

Every one admits that fresh-air is necessary for young children, but this is taken generally, to mean that rooms should be well ventilated and that children should be frequently taken out into the open air. Certainly, it is very requisite that both of these things should be carried out. Yet there are many infants that sleep in well ventilated rooms and are given frequent airings, that breathe very impure air during many hours out of the twenty-four.

If a child be sunk in a deep crib, the sides of which are carefully screened against draughts, no matter how pure the air in the room in general may be, the air immediately surrounding the baby will soon become unwholesome. The old-fashioned rocking cradle had grave faults peculiar to itself, but, by its motion, it, at least, provided the child with fresh air. In fact, the child was playing in a motor boat moored to a wharf and fell overboard—Drew Doyle of St. John has been engaged to search for the body, but so far has failed to recover it.

Earl Stuart, aged seventeen years, of St. George, was killed yesterday in a sailing at Woodland. He was caught in a revolving shaft.

Mr. Alfred Uihlein
Schlitz Brewing Co.
Milwaukee, Wis.

Dear Sir:—

Answering your favor of recent date in regard to the influence of light on the quality of beer, will say that our observations, extending over the last twenty-five years, have convinced us beyond a doubt that exposure of beer to light has a very detrimental influence on its quality generally, but especially upon the flavor of the beer.

We have tested beers repeatedly in this direction placing the bottles into direct sunlight, and testing the same after one, two, three and five minutes exposure, found that the beer with three and five minutes exposure became undrinkable on account of the peculiar odor developed.

The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles, and such bottles are therefore recommendable.

Yours very truly,
Wahl-Henius Institute

Extract from letter to Mr. Alfred Uihlein, written by Robert Wahl, President of the Wahl-Henius Institute of Fermentology, Inc., Chicago.

It is interesting to note the observation that beer in colorless bottles exposed to diffused light will undergo a change, precipitating a heavy sediment and taking on a disagreeable odor and taste.

It is a known fact that sunlight and daylight influence unfavorably the taste and flavor of the beer and care must be exercised in the selection of the bottles.

PARISIAN SAGE

The Scalp Cleanser Sold in Canada On Money-back Plan

Tried them all and failed, thousands of people will say. Try the real Parisian Sage and succeed as thousands have done.

In Paris Dr. Sennebion discovered the hair-restoring and the way to kill it.

In Paris women have most abundant, beautiful, lustrous and fascinating hair. They know about hair and its diseases in Paris far more than we do. They have insisted, and the study of the hair is made a specialty.

Parisian Sage is the only certain destroyer of the dandruff microbe which is the cause of 97 per cent of hair troubles.

Parisian Sage is such an extraordinary and quick setting rejuvenator that all druggists, who are the agents in St. John, guarantee it to cure dandruff, stop falling hair and bring scalp in two weeks or money back. It makes women's hair lustrous and luxuriant and drives away foul odors in summer.

You can obtain a large 50-cent bottle of Parisian Sage at all druggists and at leading druggists all over Canada. "The Girl with the Auburn Hair" is on every package.

THE VALLEY ROAD CHEAPENED TO BENEFIT CONTRACTOR?

Ottawa, June 3—Railway subsidies, and especially the advances to MacKenzie & Mann, blew up a lively storm in parliament today. During the discussion of the subsidies, E. B. Carvell and Mr. Michaud found time to say some things about the St. John Valley railway.

Mr. Carvell declared that the province was not going to have the first class line which had been arranged for by the late government. With the concurrence of Premier Fleming, Contractor Gould was cheapening the road, increasing both grades and curves. Whenever Gould wanted any change from the conditions in his contract he brought Premier Fleming to Ottawa and the railway government agreed to whatever they wanted done. Engineer Taylor was trying to get a good road, but was not being allowed to compel the contractor to make one.

Mr. Carvell stated that the standard

of the road had been so reduced that north of Fredericton it would not cost \$20,000 a mile, though the aid given was \$81,000 a mile. On this portion of the system there would be not less than \$700,000 profit.

Hon. Mr. Cochrane introduced the Canadian Northern aid with a statement that the subsidy would total \$15,040,000. The Ottawa to Fort Arthur portion of the line had been aided by sale of guaranteed bonds to the amount of \$94,000,000, while the construction would cost \$54,000,000. The Canadian Northern had been less generously aided than had the C. P. R. or the G. T. R.

William German declared that the real controller of the Canadian Northern situation was Z. A. Lash, of Toronto, who got up the round robin against reciprocity, securing the name of Mr. White among others.

"Where were you?" asked Premier Borden.

"I was not with them," said Mr. German. "I was against reciprocity all right."

As Every Capitalist Knows. Thomas W. Lamont, one of the Morgan partners, showed early in life his appreciation of the evanescence of money. He was about ten years old and lived in Saugerties, when, by a half-day's arduous labor he earned a nickel. He held it in his fat little palm and sighed as he said: "I want to spend a penny of that, but oh, dear—"

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. This is evidenced by the following letters which are genuine and truthful:

London, Ont.—"I wish to thank you for the benefit I received by taking your famous medicine, Lydia E. Pinkham's Vegetable Compound. Before my baby was born I was so ill I could not stand long or walk any distance. I had to lie down nearly all the time. After I took your medicine I felt like a new woman. I could work from morning till night and was happy and well. I certainly think it relieves pain at childbirth and recommend it to every woman who is pregnant. You may use this testimonial if you like. It may help some other woman."—Mrs. FRANK CORBIN, 132 Adelaide St., London, Ont.

Brooklyn, N.Y.—"I was ailing all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. STEWART, 229 Humboldt St., Brooklyn, N.Y.

EARLY JUNE BARGAINS OFFERED IN CHIC SUMMER MILLINERY

A Threefold Event for Mid-Week Bargain Seekers at Model Millinery Co's Salon

The early days of June bring with them a three-fold bargain event, at the salon of the Model Millinery Company, 29 Canterbury street, which presents the opportunity par excellence to procure the higher grades of summer headwear at prices which are usually asked for considerably inferior qualities, each line featured having been reduced to less than regular wholesale value.

In these new importations are represented the prevailing millinery modes of Paris, London and New York, the display including delightful effects in trimmed and untrimmed hats in a superior quality of white millin, also white, black and burnt effects in the much sought mohair. The last, and probably the most striking feature of the three consists of a special purchase of beautiful French plumes which come only in black and which, at the prices, are wonderfully good values.

All who are interested in this material, especially farmers, are invited to be present at this demonstration.

IS DANCING IMMORAL?

(Montreal Star) Sometimes ghosts that we think have been laid forever have a way of coming to life again. Such a ghost is the old question as to whether or not dancing is sinful. The writer remembers a number of years ago among certain classes of the community a prevailing idea that almost anything that entertained and amused people was wicked.

It was unforfeitable to play cards. It was going straight to the evil one to dance. It was wicked to have any sort of amusement on Sunday. The list could be extended indefinitely but enough has been said to illustrate the frame of mind that was quite common among certain people in what are somewhat ironically called "the good old days."

But the ever-moving wheel of time has brought changes. Instead of bullying people to being good we try to lead them gently along the right road. Instead of laying down rules and regulations we try to inculcate a fine sense of discrimination and a basis of high character.

Above all human nature, the human nature which finds expression in dancing and amusements, is recognized and catered for. This is especially applicable to youth. Boys and girls, young men and women must have an outlet for their youthful energies. True religion today instead of repressing a God-given instinct and thus forcing it into evil channels takes this same instinct and leads

it along a safe and at the same time pleasant path. This applies especially to the problem of dancing. It is natural for young people to dance. There is no prettier sight than to see the children of the slums dancing on the pavement when the hand-organs come along. Just the other day in New York I saw some young shop girls or factory girls dancing together on the stone pavement in a downtown church yard. There were out for their lunch hour, the sun was shining and like lambs at play they gambled together. And so with the older boys and girls. Youth will have its fling and surely it is better for them to dance under clean, decent auspices than under the conditions many of them do. The churches are recognizing this and many large churches doing missionary work in big cities have regular dances for their young people. The settlement workers recognize this and have dances too. The Rev. Gaylord White who spoke recently at our University Settlement was asked about dancing and said the settlement workers considered it a valuable way to get at the young people.

Settle Finally The Kitchen Range Question

Comfort, Economy and Least Labor Are The Chief Points to Keep in Mind.

You want a cool, comfortable kitchen in summer, therefore, gas is the logical, the ideal cooking fuel. When fall creeps on and the days grow cool, a stronger fuel is needed—coal or wood, as you choose, but you need not necessarily buy a second range to have both.

McGLARY'S CHAMPION Interchangeable Steel Range

is acknowledged as unquestionably the most perfect attainment in cooking appliances. It consumes but little fuel, is a faultless baker and will roast or broil poultry, meat or fish to a turn without a vestige of odor. It burns coal or wood or gas, either together or independently, only thirty seconds being required to change from gas to coal or wood.

THE STANDARD FORGETS

The St. John Standard makes an effort to be humorous at the expense of "the Laurier navy." The vessels of that navy are described as being in four separate and distinct places at one and the same time, for purposes of construction. That is to say, they were to be built at St. John, Montreal, Halifax and Sydney. Mr. Hazen is in a position to correct the Standard in this particular. Mr. Hazen knows that when he assumed office he found a deposit of \$100,000 from the British shipbuilding firm of Cammell, Laird & Company, whose tender for the establishment of a shipbuilding plant at St. John was the lowest, and who, if Mr. Hazen had not handed back that deposit, would now actually be establishing such a plant at this port. The Standard may regard the loss of a great shipbuilding plant at St. John as a fit subject for mirth and laughter, but Mr. Hazen will discover when he next appeals to the people that the slowness that his chances of success would be greatly improved if he as the representative of St. John in the government had secured the shipbuilding plant instead of rejecting it. The loss of a great industry is no joke, as Mr. Hazen and the Standard will learn in due season. Did someone also mention the Harris car works?

THE VALLEY RAILWAY

Mr. F. B. Carvell in parliament on Saturday made grave charges against the government in connection with the St. John Valley Railway. He charged that instead of being made such a road in respect to grades and curves as it should be, it has been cheapened by increasing both the grades and the curves, and that it will not be at all the first class line which had been arranged for by the Laurier government. Of course the cheapening of the road will increase the profits of the contractors. Mr. Carvell charged that it was, even necessary for Mr. Crockett, M. P., to protest against the manner in which the standard of the road was being reduced. This is a matter which calls for further inquiry. If the St. John Valley Railway is to be utilized as a part of the Grand Trunk Pacific for handling traffic to and from St. John, it should be a first class line in every respect. Unfortunately the Borden government has consented to a cheapening of portions of the Grand Trunk Pacific itself. It has also given very generous aid to the Canadian Northern, without securing compensating advantages for the public. The "interests" are able to rely with great confidence upon this government, and Mr. Borden feels no doubt that when it is necessary for the government to appeal to the people, he will be able to rely with equal confidence upon those who provide the sinews of war.

SOCIAL REFORMS

The Toronto conference of Presbyterians in Ontario naturally arouses deep interest throughout the country. The ablest men of the church are there, to discuss social problems and the relation of the church to their solution. The effect of this congress will be far reaching, since there are representatives in attendance from all parts of Canada, and all of these will return to their homes with a wider vision of the duty of the church in its relation to the social welfare of the community. Some day, perhaps, we shall see a congress of delegates from all the churches meeting together to discuss the same problems, and to unite in one splendid effort to bring about reform. Montreal at the present time appears to be furnishing an example in one direction of what might be done in many. The Anti-Alcoholic League which represents the French Catholic section, will hold a meeting this evening under the presidency of Mr. Justice Lafontaine at which the French societies combating the liquor trade will be urged to combine with the Dominion Alliance against the sale of alcoholic liquors in Montreal. If Catholic and Protestant bodies unite in earnest it will be but a short time when Montreal will consume much less alcohol than at present. When all the churches in the country agree to lay aside their theological differences and unite their forces to solve social problems, they will succeed to an extent which is quite impossible so long as they are separated from each other by prejudice and the "holier than thou" attitude which one is disposed to assume in the presence of another.

PARCELS POST

The Standard this morning endeavors to throw upon the Liberals in parliament, and especially upon Hon. Mr. Lemieux, the blame for delay in the passage of the parcels post bill. Hon. Mr. Pelletier was willing to go ahead with the bill if the opposition would undertake not to criticize or make it a subject of controversy. Mr. Lemieux completed in reply that the bill was incomplete, as it did not quote any rates and left all power in the hands of the postmaster general. The bill was therefore controversial, and unless amended would not be satisfactory to the house. Of course the government will try to put

"Indeed! How do you manage to get in the right spirit?"
"Oh, that's easy. I write on the afternoon of pay-days."

AT THE ALTAR

It is given to few ministers to meet one suburban reverend gentleman a short time ago. He was engaged to marry a couple who were what is described as middle-aged, and when that part of the ceremony where the contracting parties have to join hands, arrived there was a hitch. The pastor repeated the order to join hands, and still it was not obeyed. In a louder tone of voice the instruction was again given, without the desired result.
"Minister," said the bridegroom, in a tone heard over a considerable part of the sacred edifice, "we can't do that, as we've lost our hands, and have only our heads."

"Then join hands," directed the officiating clergyman. "There was a metalic click as the two iron hooks were united, and the service proceeded."

ALREADY BOOKED

A small town boasts a female preacher. One day while working in her study she heard a timid knock at the door. Answering the summons, she found a young German on the steps.
"Good afternoon," the preacher remarked. "What do you wish?"
"I want to see your minister," he said.

"Yes, sir."
"Yes, well, I want me to get married."
"All right; I can marry you," she said.
The lady's hair was beginning to silver, and the German glanced at it. Then without comment he hurried down the walk.

"Will you come back?" she called after him.
"You give no chance with me," he answered. "I don't want you; I have got me a girl already!"

RICHES OF THE BELGIAN CONGO
Gold, Ivory and Rubber Exported—Palm Oil and Copal.

Washington, June 4.—"The most interesting country I visited while abroad and a country that will undoubtedly give and a large share of its riches in future years is the Belgian Congo," said Harry St. Denig, an engineer employed by an American construction company, at the Raleigh. "The Belgian Congo is about 900,000 square miles in area and is populated by some 9,000,000 natives and 4,000 whites, only forty of whom are Americans."
"Some American capital is invested in rubber enterprises and there are some develop the gold mines which were discovered several years ago by an Australian prospector. The principal exports of the Belgian Congo are rubber and ivory, but palm oil and copal will undoubtedly form a large source of revenue as these industries are developed."
"That investors have faith in the future of palm oil as an article of export is evidenced by the millions of dollars put into the industry by a British firm of soap makers which has acquired a concession of 12,000,000 acres. The future of copal seems very promising, as the local supply is enormous and the demand unabated."
"There is very little live stock in the Congo. Cattle do not thrive because of the deadly tsetse fly and horses are almost unknown. Except for two companies, one of which has a large herd of 4,000 cattle, no effort has been made to increase the live stock in the country."
"To me the most interesting feature of my stay in the Congo was the hunting of elephants by the natives for their ivory. Hunting is carried on to a limited extent, spears and traps being used with great skill. All natives are aware of the value of ivory, which has been common as a medium of exchange since the first days of the Arab traders. The state allows the native half of the ivory procured by him in the chase and the ivory buy the other half at a price which always allows a good profit."
"Notwithstanding the limited hunting done the exports of ivory last year were valued at more than \$1,000,000, the rubber exports only exceeding the value of the ivory. Nearly \$7,000,000 worth of rubber went out of the Belgian Congo last year. The Americans also are in-

Neuralgic Condition of the Nerves

In this age of nervous disorders neuralgia is fearfully common. The first thought is of neuralgia in the head or splitting headache, but neuralgia may affect any part of the body in which there are sensitive nerves.

The teeth are often blamed and extracted in error, when the cause of the trouble is in the impoverished condition of the blood and the starved nervous system.

While neuralgia pains are usually sharp and shooting, and consequently difficult to locate, the seat of trouble is usually sore and tender under pressure. Neuralgia is pain, and as such is the symptom of a disease—nervous exhaustion.

Notwithstanding the limited hunting done the exports of ivory last year were valued at more than \$1,000,000, the rubber exports only exceeding the value of the ivory. Nearly \$7,000,000 worth of rubber went out of the Belgian Congo last year. The Americans also are in-

An Ample Exoneration.
(Milwaukee Sentinel.)
The enlightened Canadian public will be relieved and edified to learn from the one's jury at Calgary that Puggist Carby's death was "accidental," and, aside from an untoward and entirely fortuitous coincidence Puggist Carby had little or nothing to do with it. Relief deepens into gratified conviction on one reads the sworn testimony of medical men that it was entirely possible for Mr. McCarty to break his own neck by a sudden twitch of the head. A great injustice seems to have been done to Mr. Pelkey, who most unluckily happened to "land" on the law of Mr. McCarty at the very moment when that gentleman (wantonly regardless of his ten-round contract) was jerking his head so violently as to cause a "bulldozing" of the fourth cervical vertebra.

The exoneration of Mr. Pelkey was, we presume, accompanied with a suitable apology for the inconvenience and publicity attaching to his detention. No blame or censure attaches to anyone in this unpleasant affair except Mr. McCarty, who is now unfortunately beyond the reach of legal process.

TO SUPPRESS THE LIQUOR TRAFFIC

Address by Frederickton Minister at Toronto Congress

EFFECTIVE LEGISLATION

Rev. Mr. Smith Says Law Should Send Drunkards to Homes For Treatment; if Incurable Then to Institution For Life—Prohibition

Toronto, June 4.—One of the features of the Presbyterian congress today was an address by Rev. W. H. Smith of Frederickton, N. B. He said: "The liquor traffic is a national evil and can only be successfully overcome by national resources, that is effective legislation. Moral suasion, education and evangelism can do a great deal in saving the individual and in uniting the people for aggressive service, but the one thing which can deal a death blow to the whole traffic is legislation. There are two principles to be considered: First, the necessity for effective legislation. An eminent authority recently said: 'If the fight against liquor traffic is to achieve permanent results, it must be supported by wise legislation.' There are good reasons for this position. One is that the enemy does not recognize the value of any appeal or authority except that of force, or authority which can compel respect. The liquor traffic is dead to the moral appeal of wife, mother, child, man, decency and safety. It is a cold-blooded, clear-headed, aggressive money-making institution without conscience, soul or honor. It is an animal and must be dealt its death blow by the strong arm of law. Another reason is that legislation is the only form in which a public conviction can effectively express itself. The enemy will not put himself within the reach of moral suasion. He laughs at such methods. The authority of the law is the only authority he recognizes and when vigorously enforced, thus it has been found that in proportion as public opinion asserts itself it invariably demands improved legislation. Effective legislation must be the ideal of all true moral reform as only in this way can the power of citizenship express itself in protection. A third reason is that the effects of legislation are so far-reaching. Its influence appears in many ways. Take the moral power and its educative value. The Ten Commandments were not only prohibitions, they established a moral standard of life for the individual and society. So with all legislation. It not only prohibits, it sets a standard of right living. This principle demands that legislation be of the right moral quality as it issues its moral commands. Take also the extent of the gains of effective legislation. By the Lord's Day Act one hundred thousand new jobs were guaranteed the Sunday rest. No amount of moral persuasion could ever have secured this result. When there is effective legislation the moral appeal will be respected. Where there is no law the moral appeal is quite worthless with offenders. Every step in legislation, whether it be in the extension of principle, the mode of enforcement or the penalty, directly and indirectly affects millions of cases. This is one of the hopeful things about legislation. Further, the wider the area the more effective the legislation because the higher the authority. A civic law has only the power of the city, a provincial law the power of the province, and a federal law the power of the whole dominion. In the smaller areas a great deal depends on local sentiment and there is a great deal of local opinion in law enforcement. Federal law knows no local opinion and the local illicit manufacturer is soon put out of business by the department of inland revenue.

NEW STRENGTH FOR NURSING MOTHERS

Aching Backs and Tired Limbs Need Not Be Endured.

Aching backs, tired limbs, attacks of faintness, headaches and backaches, need not be a part of woman's life. There are times when her blood needs special attention, and these times are indicated by one or more of the above symptoms. It is at such times that Dr. Williams' Pink Pills are worth their weight in gold to women, for they actually make the rich, red health-giving blood which makes weak, tired, despondent women active and strong, and feeling equal to all their household duties. Such a sufferer was Mrs. William Sullivan, Main River, N. B., who says: "I am writing to acknowledge the great good I received through Dr. Williams' Pink Pills. After my baby was born last summer I was so run down that life was really a burden. I had to drag myself about to do my housework, and every moment was one of trial. If I went upstairs I would be breathless and tired out, and my heart would palpitate violently, and I would have a feeling as though I was smothering. My appetite was poor, and my baby was suffering from my weakness. I was advised to try Dr. Williams' Pink Pills and got six boxes, and before they were all quite used I was like a different woman. My appetite returned, I regained my strength, and the work about the house no longer bothered me. As the result of my experience I would strongly urge all weak women and nursing mothers to use Dr. Williams' Pink Pills."

There is no woman, no matter what her station in life, who will not enjoy better health if she occasionally fortifies her blood through the use of Dr. Williams' Pink Pills. The Pills are sold by all medicine dealers or may be had by mail at 50 cents a box or six boxes for \$2.80, from The Dr. Williams' Medicine Co., Brockville, Ont.

MANCHESTER ROBERTSON ALLISON, LIMITED.

Thus, in order to render legislation effective it must become part of the highest authority in the land, enforced by all the power of that authority.

Suggests Changes

Second, the standard of effective legislation. Let us begin at the lowest step, the need nearest the problem. In the first place it should deal with the products of the traffic. There are tens of thousands of drunkards arrested, fined and imprisoned yearly, many of whom are confirmed alcoholics. The present legal method does not stop the sale, save the men or protect the helpless. These men are diseased, hopeless and helpless. Manhood is temporarily paralyzed.

There should be legislation to the effect that such men should be sent to a home for treatment, and that in the earliest stages. If cured they should be released on probation. If it is found they are incurable they should be sentenced to some proper institution for life, where they could be safe, earn a living and assist those depending upon them. In this way the wreckage would be saved, social evils reduced and social health improved. Such a method would give an object lesson in society which would make further legislation possible.

Then again, effective legislation should seek the abolition of the liquor business as a business. This is vital and appears in two connections. It must be the expression of a proper moral standard. Licensing for beverage purposes, whilst affording some legal and practical restriction of the traffic, does violation of the moral sense when accepted as a legitimate method of control. Ballotage in conviction feels the business is morally wrong. To license it is to make it legally right and to give it a respectable footing in society. This double moral standard does a great deal of mischief in the arts, such as the chemist's shop but alcohol is the mightiest fact in producing poverty. Alcohol has its place in the arts, such as the chemist's shop but it has no legitimate place in the human body. On the one hand we have the manufacture and importation of the poison for beverage purposes. The thing is morally insane. What is needed for scientific purposes should be manufactured under government control. The rest should be prohibited. England has risen

to a higher moral standard in placing opium upon the list of prohibited commodities in her trade with China. The time is coming when Canada will place the manufacture and importation of alcohol upon the list of prohibited evils. The outlook is growing daily brighter in two ways. The area of effective legislation is gradually widening, and the principle is becoming clearer. The liquor is regarded as an evil, its abolition is deemed imperative. Local option is being tried in local prohibition leading up to provincial prohibition is filling the country with energy and hope. The traffic is on the defensive, the friends of purity are winning, a tide of a better citizenship is rapidly rising.

It is worth while? One day in October, in 1885, Wendell Phillips sat in his office in Boston, opposite the old state house. A riot was in progress. He saw American women insulted for befriending their innocent sisters when their hearts were breaking as their children were sold into slavery. He saw Garrison assailed for saying that a man's right to liberty was inherent and inalienable. Phillips walked the office floor, and as the sun was setting he formed a great resolve in these memorial words: "Love is the only power that can overcome these streets of Boston over which my mother led my baby feet and if God grant me time enough I will make them too pure for the footsteps of a slave." You know the result, that mightiest of American orators lifted up his voice and arm and smote the lethargy of a dead conscience until life was aroused. The awful war cloud began to gather in the south and soon filled the whole sky. The roar of cannon shook the

earth and deadly lightning flashed until half a million men lay cold in death or when the sun of peace shone out once more it was found that not only the streets of Boston, but every inch of American territory was too pure for the footsteps of a slave. Was it worth while? Yes, and it will be worth while if we in Canada at the cost of vast treasure of wealth, much time, and even many lives rise in the night of our degraded manhood and womanhood, and make every part of this fair dominion too pure for the saloon.

PROBLEMS OF CITY

AT CHURCH CONGRESS

Toronto, June 3.—Tremendous audiences continue to attend the meeting of the Presbyterian pre-assembly conference. Tonight an overflow meeting in Cooke's church was necessary to accommodate the crowds, for whom no place could be found in Massey Hall.

The addresses this afternoon and tonight dealt with matters of pressing importance, and were delivered by men distinguished for their work in the fields. Their addresses were heard with intense interest and often with appreciative enthusiasm. At the afternoon meeting the subjects were "The prob-

lem of the city," and "Rural problems." "The city must become holy or it will become Hell," declared Dr. J. G. Shearer, general secretary of the Moral Reform Association.

Dr. Shearer declared that the civil environment must be transformed; that the over-crowding must be stopped, and said that the church must take up the challenge of the drink traffic.

"The theatre and other commercialized amusements must be purged," said he.

The rights of the child were demanded by Rev. Dr. John MacMillan, of Halifax (N. S.). He emphasized the high rate of mortality in Canada, that Montreal's child death rate was starting being next to the Russian cities.

Dr. A. G. Sinclair, of Winnipeg, spoke on "The material basis of a home."

"It is time the industries paid proper wages," he said. "An industry which cannot afford to do that ought not to live."

Sydney O. Watt, newly appointed secretary of the Y. M. C. A., arrived in the city yesterday from Lynn, Mass., and will commence his duties at once, starting today. Mr. Watt is a native of Pictou, N. S., and has a wide experience in "Y" circles, for the last five years being located as boys' work and general secretary in Lynn, Mass.

The fire department was summoned to Dr. Corbett's residence on Coburg street at noon yesterday on account of a chimney fire which was extinguished before any damage was done.

Wife and I Are Friends of INSTANT POSTUM

"There's a Reason"

"I used to drink tea and coffee—was nervous and irritable. Wife said so."

"So when the new food-drink Instant Postum, came along she said to herself: 'Here's where I break Jack of the tea and coffee habit.'"

"Instant Postum is good stuff. I sleep better, smile more, and miss my indigestion."

A level teaspoonful of Instant Postum in an ordinary cup of hot water dissolves instantly and makes it right for most persons.

A big cup requires more and some people who like strong things put in a heaping spoonful and temper it with a large supply of cream.

Experiment until you know the amount that pleases your palate and have it served that way in the future.

Postum comes in two forms.

Regular Postum (must be boiled.)

Instant Postum doesn't require boiling but is prepared instantly by stirring a level teaspoonful in a cup of hot water.

WEDDINGS OF THE FIRST WEDNESDAY

(Continued from page 1.) A great many beautiful gifts were received from the friends of both bride and bridegroom.

McAfee-Godfrey The wedding of two popular young people took place this morning at seven o'clock in the First Presbyterian church, West End, when Rev. Dr. J. A. Morrison officiated in marriage Miss Jessie T. Godfrey, daughter of George C. Godfrey, of Carleton, to Harvey B. McAfee, of this city. The bride was given away by her father and looked charming in a tan traveling suit with hat to match. They were unattended.

The church was nicely decorated with flowers in honor of the event. The choir rendered several nuptial hymns, with Miss Gladys Wilson at the organ.

After the ceremony Mr. and Mrs. McAfee left on a honeymoon trip to Boston and New York. On their return they will reside at 31 Stanley street. The large number of handsome and useful presents received testify to the popularity of the bride and groom.

Cowan-Moulton A pretty early morning wedding took place today at 6:30 o'clock in Trinity church when the reverend Rev. R. A. Armstrong joined in marriage Miss Jessie Elizabeth Moulton, daughter of Mr. and Mrs. Wm. Moulton, and Frederick Thompson Cowan, son of C. E. V. Cowan of North End. The bride was nicely attired in a tailored traveling suit of royal blue whipcord, and wore a large black picture hat trimmed with Irish silk lace and ostrich plumes. She carried a bouquet of carnations. Miss Mabel Rogers acted as bridesmaid, and was dressed in a pretty suit of grey whipcord, with a large black hat trimmed with willow plumes. She carried a bouquet of carnations. The ceremony was performed in the presence of only the near relatives and friends, and after a wedding breakfast was served at the home of Mr. and Mrs. Cowan in Adelaide street.

Mr. and Mrs. Cowan left on a short trip through Nova Scotia and on their return will make their home in Adelaide street. They received many valuable remembrances. The groom's present to his bride was a gold bracelet with emerald settings, to the bridesmaid, a set of pins with amethyst settings, and to Howard Johnson, who acted as groomsmen, a scarf pin. Owing to a recent bereavement in the family of the bride, there were no guests other than close relatives and a few intimate friends.

Clark-Knight A wedding of popular interest was solemnized this morning in St. Luke's church when Miss Margaret Denia Knight was given in marriage by her father, J. S. Knight, to George Albert Clark, son of A. R. C. Clark, of West St. John. The ceremony was officiated by Rev. R. P. McKim, rector of the church. The hour of the wedding was six o'clock, but many friends assembled in the church to witness the ceremony. The interior of the building was nicely decorated in honor of the event, with flowers and ferns, and the marriage took place under a floral bell. The bride wore a becoming traveling suit of fawn covert cloth with a black hat with Bulgarian shades. She was unattended. Wm. Smith and John Miles acted as ushers.

Following the wedding Mr. and Mrs. Clark left on the early train for a honeymoon trip to New York, and on their return will make their home in Tower street, West End. They received a large number of wedding gifts, among the number being a handsome silver coffee set from the employees of Mr. Clark, and a ball seat and mirror from the members of the Maple Leaf Club, of which the groom is a member. The groom presented to his bride a gold ring set with diamonds and rubies, and to the ushers each a set of gold cuff links.

Smith-Hewitt A nuptial event to which much social interest attaches will be solemnized this afternoon at five o'clock in Germain street Baptist church when Miss Lida Ruth Hewitt will become the bride of T. Duncan Smith. The ceremony will be performed by Rev. F. S. Porter, pastor of the church, assisted by Rev. Wm. A. Andover, brother-in-law of the bride, Miss Hewitt, who will be unattended, will be attended in a most favored traveling costume with brown trimmings, with hat to correspond, and will carry a bouquet of bridal roses. She will be given in marriage by Dr. Thomas Baker, chairman of the hospital commission and training school board.

After the ceremony Mr. and Mrs. Smith will leave on the Montreal train for a honeymoon trip through Upper Canadian cities, returning via Niagara Falls, and other cities in the United States to Westfield, where they will end the summer, coming to the city to reside in the fall. The remembrances which were many and included a beautiful silver tray from the commissioners of the General Public Hospital, and from her pupil nurses, and many individual gifts of a valuable nature from physicians and others connected with that institution. The groom's present to his bride was a magnificent pearl necklace. A handsome chest of drawers was sent by Mr. and Mrs. J. W. Smith and family, and there was a beautiful lamp from the Sunday school which was supervised by Mr. Smith.

Another Opportunity. When little Bob bumped his head Uncle Jim gathered the youngster in his arms and said: "There! I'll kiss it, and the pain will be gone!" Cheerfully smiling, the youngster exclaimed: "Come down into the kitchen, the cook has the toothache!"

In every 1,000 marriages in Great Britain twenty-one are solemnized between first cousins. Among the nobility the rate is much higher, amounting to 44 in 1,000.

Eagles-Stackhouse A wedding of interest to many friends was solemnized this evening at the home of the bride, 50 St. Paul street, in marriage to F. Jordan Eagles with Rev. Mr. Ross officiating in the ceremony, in the presence of a gathering of relatives and intimate friends. A wedding supper will be held at the home of the bride, 50 St. Paul street, on Friday evening.

Cassidy-Shaw A quiet wedding took place yesterday afternoon at 4 o'clock in the rectory of Trinity church, when Rev. H. Armstrong united in marriage Miss Irene Shaw and Michael Cassidy, of Mac's Bay. They were unattended. After the ceremony the wedding party went to the home of Mr. and Mrs. Charles James, 279 Prince street, west end, where a supper was served and the bride and groom left this morning by train for their future home in Mac's Bay. Many beautiful and useful presents were received.

Ross-Porter A pretty wedding was solemnized in the Methodist parsonage at Silver Falls, of this city, because the bride of Frank B. Ross, of Chapeau, Ont., and the groom, Mr. Porter, of this city, were unattended. They left by train for their future home in Chapeau, taking with them the good wishes of many friends in St. John.

Sensational Day in Wall Street

Excitement Unparalleled Since 1907 Panic—Stocks Poured Out and Prices Slump—Sales This Morning Well Up to Half Million

New York, June 4.—The excitement on the stock exchange during the first hour of today's market was probably without parallel since the panic of 1907. Stocks were literally poured out regardless of quoted prices with declines greatest in the standard shares.

One of the main factors was the overnight news from Washington indicating a radical attitude on the part of the administration in regard to the American Tobacco Company and the Standard Oil Company. Another influence was the decidedly lower level of prices quoted by London before the market opened.

All advices from abroad indicated increased pessimism, not only in London, but at all the continental financial centres. Inquiry among the local banks and trust companies failed to elicit any satisfactory explanation for further slump in prices, except the note of extreme conservatism sounded in these quarters.

The steady decline of the last few weeks has caused a general calling of loans by financial institutions. This has had the effect of stiffening the money market, but a stiffening of rates for both call and time accommodations is expected before the end of the month.

Within the first hour sales of stocks amounted to 300,000 shares and fifty new records for the year were made, with losses ranging from two to four points among the standard issues. The average of prices was at the lowest point since the 1907 panic.

There were several feeble rallies in the second hour, but the selling movement gathered better momentum before noon, and lower prices were registered practically throughout the list. The aggregate of sales during the morning session was well in excess of 500,000 shares.

Don't Diet Yourself TO DEATH TO CURE DYSPEPSIA OR INDIGESTION. IT ISN'T NECESSARY. While it is necessary for the dyspeptic to abstain from rich, greasy, highly seasoned food, it is useless and injurious to deprive the sufferer of a full supply of good nutritious food sufficient for the needs of the body. Weakening the body will never remove dyspepsia, on the contrary, all efforts should be to maintain and increase the strength. Burdock Blood Bitters will increase the strength, and at the same time enables one to partake of all the wholesome food required, without fear of any unpleasant after results. St. John's, N.B., writes: "I have been troubled with indigestion for more than seven years, have tried several doctors and different medicines, claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. I have taken only one bottle, and that one has done me more good than all the other medicines I have used. My appetite, which was very poor, now is sustained. I can eat most everything without any disagreeable feelings. Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont."

STIRRING SCENES AT CONGRESS. (Continued from page 1.) men and women of our churches. Why should not gifted men and women give service in these churches every Lord's Day? One difficulty in the way of such effort is that many of our churches and more of our church members are hampered with regularity and spurious religious respectability. We must do things just so, and things must only be done by men who are just so. Our church is a sleeping giant. Mr. MacDermis went on to emphasize the necessity of personal and conversational evangelism and continued, not spasmodic effort. Other addresses were given by Rev. Robert Johnston of the American Presbyterian church, Montreal and Rev. John McNeill, of Cooke's church, Toronto. Temperance was dealt with by Rev. W. H. Smith, D. D., of Fredericton, N. B., Rev. A. E. Henry, Rev. D. C. Macgregor of the board of social service, Toronto. J. C. MARATHONS CAPTURE TWO FROM BANGOR

MAINE-NEW BRUNSWICK LEAGUE STANDING.

Table with columns for team names (St. Croix, Fredericton, St. John, Bangor) and statistics (Won, Lost, P.C., Runs, Hits, Errors).

The Marathons got away with both morning and afternoon games from the Bangor Maroons yesterday, 4 to 0, and 6 to 2.

Tarbell pitched the morning game and was found for only one safe hit. The local team showed great improvement over Saturday's playing and gave Tarbell good support.

Timely hitting in the first and fourth scored two runs for the Marathons in each inning which were the only runs made during the game.

In the afternoon the Greeks started error and two singles scored O'Brien and Black. One more run was scored in the third and three in the seventh on a pass and hits by Black, Watt and Waterhouse.

Shanley pitched a good game, although a trifle wild at times, but he was given good support, with the exception of the shortstop, and was credited with seven strikeouts, although he gave the same number of bases on balls.

The box score and summary: MORNING GAME. Bangor, AB. R. H. PO. A. E. Hammond, cf. 4 0 0 1 0 0

Marathons, AB. R. H. PO. A. E. O'Brien, 3b. 2 1 0 1 0 0

Two games yesterday will help out but we need a few more wins to get near the top.

Yesterday's playing was an improvement over Saturday's, but it will have to be better to make a showing against the fast border team next Friday.

Watt's catch of LeBleck's long fly ball back of first base received well merited applause. He also pulled down a good one.

The Maroons are still at zero. It is about time they dispelled the jinx. Waterhouse had two errors in each game. This is too many for the short stop.

Manager Ganley's Pets broke the St. Croix winning streak by taking yesterday's game in St. Stephen, 9 to 2.

Third Major Ball League Will Surely Be Realized

By TOM ANDREWS

Are the major league magnates sleeping, or do they realize that they are permitting "other fellows" to go ahead and prepare for the establishment of a "Third Major League"?

Three or four years ago it was suggested by a prominent baseball man that the majors get together and put a third league in the field, taking the choice of the American association cities to amalgamate with those cities of the majors having only one club in the field, such as Cincinnati, Pittsburg, Cleveland and Detroit, and thus put a strong bar against the encroachment of a third major or out-law league that might be started.

The circuit at that time suggested was Milwaukee, Chicago, Indianapolis, Cincinnati, Cleveland, Pittsburgh, Columbus or Detroit and Buffalo, keeping away from the eastern field, as New York, Philadelphia and Boston all had two clubs each. It was also suggested that the American association drop Kansas City, Minneapolis and St. Paul to the Western league, which, with Omaha, Denver, Des Moines, Sioux City and St. Joe, would form a strong minor league, while Louisville could be turned over to the Southern league, where it rightfully belongs. This would leave Columbus and Toledo uncertain, with possibly Toledo for the Central league as proof of this.

The suggestion came at the time the American association was planning an invasion of Chicago territory against the wishes of the big league men; in fact, it had gone so far that the A. A. men had a park all ready on the north side in Chicago and but for the faint-heartedness of a couple of A. A. magnates, the deal would have gone through, and from what is known, the chances are the major leagues would not have made a very strong protest, although it was rumored at the time that they were ready to put a rival league in the field to parallel the association.

It is the firm belief of the minor league magnates, that is, the big minors, that the third league is bound to come and they can not understand why the majors do not get together and grab off the plum before others do so. They are permitting the independents to get a foothold, which once established, will be hard to break, even though they have been meeting with disaster from time to time. The big leagues prosper and the small fellows believe they will succeed in time. They point to the continued advancement of the Federal league as proof of this.

Two games yesterday will help out but we need a few more wins to get near the top. Yesterday's playing was an improvement over Saturday's, but it will have to be better to make a showing against the fast border team next Friday.

Watt's catch of LeBleck's long fly ball back of first base received well merited applause. He also pulled down a good one. The Maroons are still at zero. It is about time they dispelled the jinx. Waterhouse had two errors in each game. This is too many for the short stop. It leaves a weak spot in the Greek's defence. The home team plays today and tomorrow at Bangor. Can they take two more?

Manager Ganley's Pets broke the St. Croix winning streak by taking yesterday's game in St. Stephen, 9 to 2. Fryer, Callahan, Flynn. Hit by pitcher—Sullivan, Marcott. Struck out—By Conley, 1; by Harper, 1; by O'Hearn, 1; by Condon, 1; off Condon, 9; off Conroy, 7; off Harper, 1. Howard pitched 2 1/2 innings, Condon 1 1/2 innings, O'Hearn 1 1/2, off Condon, 9; off Conroy, 7; off Harper, 1. Howard pitched 2 1/2 innings; Conley, 6; Harper, 1. Stolen bases—Sullivan, Marcott, Vance, Flynn, Callahan, Lynch. Umpire McCann. Time, 2 hours, 45 minutes.

Notes of the Game. Two games yesterday will help out but we need a few more wins to get near the top. Yesterday's playing was an improvement over Saturday's, but it will have to be better to make a showing against the fast border team next Friday.

FINE SHOOTING ON SECOND DAY OF MARITIME MEET

Good shooting marked the second day of the trap shooting tournament yesterday, under the auspices of the St. John Gun Club.

The popular winner of the day was J. D. Hickman, of Dorchester, who won the Martin pump gun, a special handicap event, with a score of 21 out of a possible 25. Mr. Hickman is a very young shooter, this being his first trap shooting tournament.

The local men, Colonel J. L. McAvilly, J. Gillis and F. J. Shreve, made a good showing yesterday. Colonel McAvilly being fifth in the general average, and Mr. Shreve ninth with scores of 124, 123 and 117 respectively.

For the averages of the day the professionals topped the list, E. G. White, of Ottawa, making a score of 189 out of a possible 190. John S. Bos, of Montreal, was second with 188, and W. B. Darton made a good third with 187. The other professional scores were on the same high level. In the amateurs, C. B. Allan, of Port Elgin, was first with the excellent score of 183. J. T. Egan second with 177, both out of a possible 190.

The McGaw cup, donated by Chief McGaw, of the Canadian Indian Shoot-Club, was won by J. McLaughlin, of Halifax, who took first with a score of 22 out of a possible 30, considered by the marksmen as a very good showing.

The higher scores follow: Amateurs. Possible—150. E. B. Allan, Port Elgin. Score. J. T. Egan, Halifax. 127. Arthur MacArthur, New Glasgow. 126. C. B. Darvel, New Haven. 124. Col. J. L. McAvilly, St. John. 124. J. Gillis, St. John. 123. Sheriff Davidson, Amherst. 118. F. A. McLaughlin, Halifax. 117. F. J. Shreve, St. John. 117.

Professionals. E. G. White, Ottawa. 189. John S. Bos, Montreal. 188. W. B. Darvel, New Haven. 187. F. E. Osborne, New Haven. 180. F. M. Fay, Chippewa Falls. 180. J. W. Andrews, St. John. 126.

Marlin Gun Event. J. D. Hickman, Dorchester—21 out of a possible 25.

McGaw Cup Doubles. J. A. McLaughlin—22 out of a possible 30.

Dr. Herbert Sanders of McGill University gave an organ recital in Trinity church last evening and was assisted by Miss Louise Knight who was heard in two vocal solos.

NOTHING MUCH YET IN BATTING IN LOCAL LEAGUE

(Fredericton Gleaner) "Porky" Flynn, the Pet's left fielder, is the real batting leader of the New Brunswick & Maine League up to June 1, the unofficial averages up to that date, the month of May having been completed.

The nominal leader is Shanley, of the big White Hope pitcher, of the St. John club, who has hit for 600 in the five trips he has taken to the plate. Flynn, however, had played through six games and has an average of .291, which looks pretty good from the roadside.

"Red" Wildes shows up in third position, hitting for .284 and then follow Ben, the St. John catcher, Captain Hammond of the Bangor club, which, with Omaha, Denver, Des Moines, Sioux City and St. Joe, would form a strong minor league, while Louisville could be turned over to the Southern league, where it rightfully belongs. This would leave Columbus and Toledo uncertain, with possibly Toledo for the Central league as proof of this.

The suggestion came at the time the American association was planning an invasion of Chicago territory against the wishes of the big league men; in fact, it had gone so far that the A. A. men had a park all ready on the north side in Chicago and but for the faint-heartedness of a couple of A. A. magnates, the deal would have gone through, and from what is known, the chances are the major leagues would not have made a very strong protest, although it was rumored at the time that they were ready to put a rival league in the field to parallel the association.

It is the firm belief of the minor league magnates, that is, the big minors, that the third league is bound to come and they can not understand why the majors do not get together and grab off the plum before others do so. They are permitting the independents to get a foothold, which once established, will be hard to break, even though they have been meeting with disaster from time to time. The big leagues prosper and the small fellows believe they will succeed in time. They point to the continued advancement of the Federal league as proof of this.

Two games yesterday will help out but we need a few more wins to get near the top. Yesterday's playing was an improvement over Saturday's, but it will have to be better to make a showing against the fast border team next Friday.

Watt's catch of LeBleck's long fly ball back of first base received well merited applause. He also pulled down a good one. The Maroons are still at zero. It is about time they dispelled the jinx. Waterhouse had two errors in each game. This is too many for the short stop. It leaves a weak spot in the Greek's defence. The home team plays today and tomorrow at Bangor. Can they take two more?

Manager Ganley's Pets broke the St. Croix winning streak by taking yesterday's game in St. Stephen, 9 to 2. Fryer, Callahan, Flynn. Hit by pitcher—Sullivan, Marcott. Struck out—By Conley, 1; by Harper, 1; by O'Hearn, 1; by Condon, 1; off Condon, 9; off Conroy, 7; off Harper, 1. Howard pitched 2 1/2 innings, Condon 1 1/2 innings, O'Hearn 1 1/2, off Condon, 9; off Conroy, 7; off Harper, 1. Howard pitched 2 1/2 innings; Conley, 6; Harper, 1. Stolen bases—Sullivan, Marcott, Vance, Flynn, Callahan, Lynch. Umpire McCann. Time, 2 hours, 45 minutes.

Kidney Trouble Is Hereditary?

Whether Kidney disease is hereditary or not is a matter of opinion. Mr. Samuel Burkett, a well-known resident of this place, is convinced that he inherited his from his parents. He knows that Dodd's Kidney Pills cured it.

"I inherited my Kidney Disease from my parents," Mr. Burkett states. "I was treated by a doctor, and tried various medicines, but it was not till about eighteen months ago, when I started to use Dodd's Kidney Pills that I got permanent relief."

"Since then I have not felt any effect of my old trouble, and I feel that anybody troubled with kidney disease will be benefited by the use of Dodd's Kidney Pills if they follow directions closely."

Dodd's Kidney Pills never fail to cure any form of kidney disease.

PHOTOGRAPHY REVOLUTIONIZED

BY NEW INVENTION

Films, Plates and Dark Room Made Unnecessary

New Camera Takes Finished Pictures in Two Minutes.

Mr. Edmond F. Stratton, of New York City, has invented a camera that takes and completes pictures ready to use in two minutes. It does away with the expense of buying films or plates and the trouble, expense and delay of having them developed and pictures printed by a photographer. The camera has a fixed focus lens and there is no delicate focusing mechanism to get out of order or for you to learn to operate.

This camera, which is called the Gordon Camera, is being manufactured by the Gordon Camera Company, of New York. As they are desirous of making it known in every locality, they are making a special offer to our readers. For a limited time they will send Model B and C at half price. The regular price of Model A, which takes pictures 2 1/2 x 3 1/2 inches, is \$5, but it will cost one reader only \$2.50. Model B (regular price, \$10), which takes pictures 2 1/2 x 3 1/2 inches, will cost only \$5, while Model C (regular price, \$10), which takes both sizes, will cost only \$7.50. Whichever you order, enclose 50 cents additional to cover express charges, sensitized cards and developing powders.

Free to Men Would You Like To Be a Strong, Husky, Manly Fellow Once More? New Method Without Drugs

Vitalizer advertisement. Text: 'The attached coupon entitles you to one illustrated copy of my pocket compendium and guide for the self-restoration of lost strength. Upon hearing from you, this valuable little book of printed information for men will be sent by registered mail in plain, sealed envelope. Please call or write today. There is a new and marvelous method of restoring lost manly strength, for removing vigor, which every man should know of, a self-restorer which operates without the use of drugs or medicine, a new way to treat yourself for your ills and weakness. See description below. This new self-restoration for the restoration of manly strength, is which I call Vitalizer, is a little light-weight VITALIZER Appliance of my invention, which is now meeting with a tremendous demand, and being used by men everywhere all over the world. This little VITALIZER, weighing only several ounces, is comfortably tucked on the body and worn all night. It is so small and so compact that even a roommate would not suspect that you were wearing it. If, however, the VITALIZER is small in size, it is not small in power, it generates a great tangible FORCE, which can be measured on scientific instruments a POWER which I call VIGOR or NERVE ENERGY, and it sends marvelous FORCE into your blood, organs and nerves while you sleep. All you do is to lead a decent, manly man's life, free from excesses and dissipation, then use the VITALIZER, nothing more. If this is followed out and the VITALIZER does for you what these others say it does for them, then all a man's pain or weakness will disappear from the small of your back—possibly from a first night's use—and you will be restored to a strong, vigorous, manly, pale man, without a single ache, pain or weakness. Please remember, I am asking you to buy one of these VITALIZERS, but merely request you to send for the free book described below, a section of which is devoted to explanation of this VITALIZER, and gives you its whole wonderful story, so that you may know what intelligent young and elderly men everywhere are saying about it. This is the Book You Get Free. My 88-page illustrated booklet (pocket size) was compiled for me to answer and correctly these questions which are asked privately by many men, regarding strength and who seeks personal advice pertaining to the ailments and weakness he wishes to overcome. The book, fully illustrated, with photo questions, contains much that a single or married man should know. It also describes my VITALIZER and tells how you may secure one to use in your case, should you decide you want to use one. Remember, the book is sent absolutely free in plain sealed envelope. Why not write for a copy today? Or, nearby, please call. Hours—9 to 6. F. SANDER CO., 140 Young St., Toronto, Ont. Dear Sirs—Please forward me your book, as advertised, free, sealed. NAME ADDRESS'

THE RING
Boston Bars the Pictures
Boston June 3.—The moving pictures of the McCarty-Pelle fight at Calgary, which resulted in McCarty's death, cannot be exhibited in Boston, says Mayor Fitzgerald today. He said that because of the tragic end of the match the pictures would have a depressing and perhaps an even more harmful effect on the public mind.

Edmonton, Alta., June 3.—The blow that killed McCarty, says the Edmonton Bulletin editorially commenting on the tragedy at Calgary on Victoria Day, "ought to be the death-blow to prize-fighting in Alberta. Prize-fighting is a brutal and brutalizing occupation. It consists of pounding another man's head into a pulp, with the result of one's own constitution battered into ruin, for money."

Alberta can get along without the prize-fighter, the light promoter and the hanger-on, and the majority of the people in the province would like to see this trio disappear. If the law provides the legal scope necessary to put a stop to these so-called "boxing" parties, it is up to the officers of the law to exercise their power. If the law does not give the officers the power to stop the law, they are changed."

Mike Gibbons Bests Joe White.
Boston, June 3.—Mike Gibbons, of St. Paul, one of the leading claimants to the welterweight championship, put a temporary stop to the title aspirations of Joe White, of Boston, in a twelve-round bout before the Atlas A. A. tonight. Gibbons led throughout, jabbing White almost at will, but was punished three times during hard hitting flashes by the local boy.

New York Bout.
New York, June 3.—Jim Savage, the New Jersey heavyweight, who is to fight Jim Flynn, at Atlanta (Ga.) next week, stopped a Whitey Allen, of this city, in the second round of a bout here tonight.

Ed Julian, the Syracuse featherweight, practically knocked out Teddy Hubbs, of Pittsburgh, sending him down twice in the seventh round with left and rights to the jaw. The referee stopped the bout.

Members Day at the Yacht Club.
Members day, with races, water sports and dancing, attracted a large crowd to the Royal Yacht Club yesterday. The big event of the day was the yacht race for Commodore Gregory's trophy, which was won by the Janet, owned by A. H. Lively in a well-contested race.

The position of the yachts in the finish:
Time elapsed:
Yacht, Owner, H. M. S. Janet—A. H. Lively, 1:16:23; Wanderer—Vice-Com. Wetmore, 1:16:44; Edith—Robert Elwell, 1:21:00; Privateer—J. C. McChesney, 1:29:24; Wingo—H. W. E. Holder, 1:29:29; Graecia—Wm. McLaughlin, 1:30:20; Walter—R. M. Hamm, 1:31:28; Ilex—Walter Logan, 1:32:48; Mowall—E. A. Whelpley, 1:34:08.

In a special dinghy race, a new event, there were three entries—T. Lantlana, James Logan and E. N. Harrington. The course was from a buoy in front of the club house to a buoy off Red Rock, and then to a buoy near the Old Mill, and back to the club, twice over. T. Lantlana dropped out. E. N. Harrington came in first, winning the McAvity trophy. Logan finished, and will receive a cash prize.

In the evening there was a race of the

small dinghies or tenders from the yacht. Eight took part in this event. Charles Gandy won first place, Gordon Gandy second, and Peter McCarty third. Special prizes have been awarded by the club for the winners in this competition.

SENATE REMOVES BAD FEATURE OF BRANCH LINE BILL
Ottawa, June 3.—The senate today amended one government bill and gave a third reading several others. The branch line bill, under which the minister of railways has authority to acquire franchises for the government railway system, was the first measure taken.

There was a protest against the provision allowing the minister to lease a line up to a length of 300 miles, or to build a line to the length of 25 miles, without obtaining special authority from parliament.

Senator Dandurand moved by way of amendment that any such lease or undertaking should be ratified by parliament before the government could enter upon it.

Hon. Mr. Lougheed raised the point of order that the bill was a money bill, and therefore one which the senate could not amend, and asked the chairman for his ruling.

Hon. Mr. Ryan Jones, who was in the chair presiding over the committee of the whole, said the bill was entitled: "A bill to amend the railway act." It appeared to be an enabling measure rather than a money bill, and the amendment was adopted by 36 to 11.

The bill was reported from committee and the approval of the report was moved by Senator Dandurand.

Hon. Mr. Lougheed again raised the same point of order.

Speaker Landry said the bill gave the minister of railways "power to acquire by purchase or lease" one or more branch lines. He was of the opinion that the money for the purpose could be obtained from consolidated revenue without the vote of parliament as judges salaries are paid. It was therefore a money bill, and the amendment was out of order.

Senator Dandurand appealed from the ruling. By a vote of 38 to 10 the senate decided the ruling of the speaker should not be maintained.

RECENT WEDDINGS
Burgess-Montgomery.
A pretty wedding took place in St. Andrew's Presbyterian church yesterday morning at 10:30, when Miss F. A. Burgess and Henry Montgomery were united in marriage. Miss Burgess was given in marriage by her father, Mr. Burgess, and the bridegroom was accompanied by Mr. and Mrs. Burgess. The ceremony was performed by Rev. Mr. Burgess. After the wedding Mr. and Mrs. Burgess went to Fair Vale, where they will make their future home. Many hand-picked presents were received among them being a case of silver from Judge Forbes. At their home in Fair Vale dinner was served and last evening there was a reception. Miss Montgomery was an active worker in St. Andrew's church.

KIDNEYS WERE SO SORE DIDN'T KNOW WHAT TO DO. GRAVEL AND SMALL STONES PASSED THROUGH THE URINE.

One of the most painful forms of kidney disease is Gravel or Stones in the Bladder, and is caused by the acid lime in the blood uniting and forming a gritty substance which lodges in the inner surface of the kidneys or bladder, and sets up a painful irritation.

To relieve these terrible pains it is necessary to keep the kidneys healthy for healthy kidneys secrete fluids that dissolve the gravel and stones, and they pass out through the urine harmlessly and without pain.

Mrs. Emma Baldwin, Windsor, Ont., writes: "I was so weak I could not do my own work. I tried many doctors, and every one of them told me to go to some institution. Reading of Doan's Kidney Pills, I tried them, and am now well, and can recommend them to all who are suffering from kidney trouble. My kidneys were so sore I did not know what to do, but after using the Doan's Kidney Pills, you would be surprised at all the gravel and small stones that passed through my urine. Now I am well and able to do my own work. Doan's Kidney Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The F. Millburn Co., Limited, Toronto, Ont. When ordering direct, specify 'Doan's.'"

DEATH OF CORNELIUS SULLIVAN
The death of Cornelius Sullivan, aged twenty years, second son of Mrs. Mary and the late John Sullivan, occurred this morning at his mother's residence 15 Drury Lane. Besides his mother he is survived by one brother, John, also this city. His death took place after only a week's illness and the news will come as a shock to many friends. He was formerly connected with the staff of Comeau & Sheehan and for the last three months had been engaged in the truck department of the L. C. & T. The funeral will be held on Friday afternoon at 2:30 o'clock p. m. from 15 Drury Lane.

ONLY ONE LEFT
While the Presbyterian congress now in session in Toronto is a very big event in connection with the welfare of that church, it is just as well that every clergyman of that denomination did not rush to attend its meetings. Every one in St. John was of the First Presbyterian church, Carleton, and to say that he is being over-burdened with work would be expressing it mildly. He now has the interesting position of acting pastor to every Presbyterian Kirk in town, in addition to the demands made upon him by his own church. Dr. Morrison would like to have gone to the assembly in Toronto, but was unable to get away.

HIGH SCHOOL TEAM CHOSEN
The annual inter-scholastic athletic meet has been arranged to take place this year at Rothesay and will consist of ten events, 100 yards, 220 yards, 440 yards, mile run, broad jump, high jump, pole vault, shot put, hammer throw and 150 yards hurdles. The teams represented will likely be the St. John High school, Rothesay, St. George's school and Moncton High school. The local boys have had their try-out and have chosen the following team to represent them: Millidge, (Capt) McPherson, Climo, Jordan, McGuire, Nicholson, Howard, McWham, Donnelly, Holder, Willett, Lingley, Mooney and Clark. The High School boys are confident of pulling out on top against this year.

LIVELY STREET FIGHT IN NORTH END TOLD OF IN THE POLICE COURT

Two Plead Not Guilty and One Admits — Says He Did Not Know Character of House

A lively three-cornered scrap in Sheriff street on Saturday afternoon resulted in the three principals appearing before Magistrate Ritchie in the police court this morning, charged with fighting. The men were Daniel Maloney, Walter McKinnon and Joseph Bergo. The first two pleaded not guilty and the other guilty.

George Fagan testified that he saw Maloney and Bergo in the street, and one of them called to McKinnon, who was passing. Hearing a noise he turned around and saw McKinnon lying in the gutter, and Maloney was striking Bergo with a piece of clapboard.

Bergo, who appeared in court with a black eye and a badly cut face, said he remembered nothing from the time he left the house on Saturday afternoon until he awoke on Sunday morning. The magistrate cautioned him that if he were not telling the truth he would be liable to imprisonment for perjury, but he still declared that his memory was a blank.

Policeman Merritt said that Bergo had come up to him on Saturday afternoon and told him that Maloney and McKinnon had beaten him. The witness said that he did not see anything of the case was then adjourned.

MONCTON PASTOR ACCEPTS EXMOUTH STREET CALL

Will Be Year, However, Before Rev. W. G. Lane Comes to St. John

A Moncton despatch to the Times says that Rev. W. G. Lane, pastor of Wesley Memorial church, has decided to accept a call to Exmouth street church, St. John. During the two years in which he has been in Moncton, Mr. Lane has made a marked impression on the people of his church, and it was with regret that the quarterly board decided to accept his resignation. Although approving of the call now, subject to the approval of conference, it will be fully a year before he will come to his new field of labor.

London, June 4.—Damage estimated at \$75,000 was done during the night by a militant suffragette " arson squad" who set fire to a newly constructed but unoccupied mansion at Westwood, near Trobybridge, Wiltshire. The women left behind them a placard bearing the words: "For damages apply to Runciman."

FACTORY ACT MATTER

A report made by Factory Inspector Kenney against J. Fraser Gregory for not reporting an accident which took place in his mill on May 22 was dealt with in the police court this morning. Mr. Gregory explained that new man was in charge of the office and had overlooked the matter unintentionally. The case was postponed until Saturday morning when witnesses will be brought. The accident was to a man named Hawker and was not of a serious nature.

The only headwear that a man should wear at a wedding is a SILK HAT, and he should only wear one that is right up-to-date. We sell the same shape hats that are worn in New York, and you cannot buy better hats for the same money any place.

Let us fit you with a hat for the wedding.
