Forty-Two Inches Going Over CARNEGIE TRUST CO. Springbank Dam at 2:30 This Afternoon.

At 2:30 this afternoon there were 42 inches of water going over Springbank dam. This is nearly two feet less than yesterday, and Engineer Simmie reports that the water is steadily receding. The rain of Sunday night had a great deal to do with the flood of yesterday, although there is still a lot of snow in some parts of the country. North of London the snow has not disappeared by any means, and in some of the woods and in marshy places there is a lot of water and ice yet to come. It is not anticipated, however, that there will be any trouble.

Ald. Richter raised the point that the city might become responsible if Capt. Findlater were allowed to take his insurance elsewhere. The object of insurance was to hold the city blameless, and this might not be accomplished unless the city insured him. No. 3 committee will again look into the matter.

Parks Superintendent. Mr. Wm. A. Pring was named parks superintendent, at a salary of \$800, with \$100 a year rental for his greenhouse His stock of plants valued at \$300 was also purchased.

Ald. Stevenson wanted it made plain as there was no question that all the parks would be placed under the control of the water commissioners, or an independent commission, in the near future. It was too late this year to obtain the necessary legislation, but it was bound to come. Ald. Richter advocated the removal

of the parks out of the council's control, and placed with an independent commission. The present system was

Had a Bad Cough For a Number of Years.

++++++ Mrs. A. E. Brown Ottawa, Ont., writes: "I have had a very bad cough every winter for a number of years which I was afraid would turn into consumption. I

tried a great many remedies but only received temporary relief until I got a bottle of Dr. Wood's Norway Pine Syrup, and after taking two bottles my cough was cured. I am never without a bottle of Norway Pine Syrup."

Too much stress cannot be laid on the fact that when a person catches cold it must be attended to immediately or serious results may follow.

Dr. Wood's Norway Pine Syrup is the medicine you need. It strikes at the foundation of all throat and lung com-plaints, relieving or curing all Coughs, Colds, Bronchitis, Croup, Asthma, Sore Throat, etc., and preventing Pneumonia and Consumption. So great has been the success of this

wonderful remedy it is only natural that numerous persons have tried to imitate it. Don't be imposed upon but insist on getting "Dr. Wood's."

NO CHANGES WILL BE MADE IN STREET NAMES

The Council Dealt Unceremoniously With Ald. Morgan's Suggestion.

The names of the streets of this ity will not be changed to numbers, Ald. Morgan's pet proposition was unceremoniously dealt with last night by the council, which turned it down

with some haste. "We want the streets numbered," said Ald. Morgan. "We want to make this city up-to-date. When people come here and see the numbers they will know that we are modern, and it will create a favorable impression."

Ald. Jeffries wanted to know whether or not the question of the expense were raised from \$12 to \$15 a week. in changing legal documents had been gone into. This was a serious matter. He pointed out that New York had been endeavorong to change the names of its streets for 70 years, and had not

There was no doubt the suggestion of Ald. Morgan would mean a large number of changes in the registry office, as the descriptions of property would all have to be changed. There would be slight expense individually, but it would amount to a considerable sum of money to be borne by all. The motion was put and lost ten to two, Ald. Morgan and Ald. Tancock alone voting for the change.

Mutilating Shade Trees.

To the Editor of The Advertiser: Can nothing be cone to save our peautiful shade trees on our streets rom the ruthless "tree butchers" who

are now going their rounds? Upon going home at noon today found that some seven or eight very handsome maples (about 30 years of age), were mutilated almost beyond recognition. One side of each had been completely cut away, leaving a opsided apology for what had once been a beautiful tree.

I would much rather that they had removed the trees altogether than leave them in the shape they now are.

We understand that the admiralty have decided to erect buildings on Hoo Marshes, River Medway, to provide additional storage accommodation for oil fuel for warships. The marshes are on the opposite side of the river to Chatham dockyard, and some distance below the powder magazines at Upnor. Works in connection with the reclamation of the marshes has been proceeding for some time past. The construction will be carried out under the works department, Chatham. Provision has been made in the navy estimates for the expenditure of £40,000 on the buildings during the current year. The total cost is to be £45,000.

Secretary Dewan being instructed to communicate with Strathroy, St. Thomas. Stratford, Woodstock, Kent Minks of Chatham, and Ingersoll, to discover the attitude of the outside teams.

In the meantime nothing will be done towards organizing the City League or electing officers.

The secretary will have answers from the different towns before the end of the week, and another meeting will be held Monday night, when final action will be taken.

Three Teams for London.

Mr. Dewan, the father of the scheme, gave many details, and submitted a schedule which he had drawn up to include three teams in this city and three outside teams.

Naps this year, Nap Lajoie is practically acting as field leader of the club.

Whenever there is a fly ball hit to the infield, it is always Nap that yells which man is to take it.

It is Nap that always yells to the recruit pitcher to back up or cover a base which may be vacated by the regular guardian.

It is probable that Larry will be appointed captain when McGuire gets ready to make a decision.

The shortstop question is one that is bound to bother McGuire. If Cooney to make a decision.

rather monotonous.

Strathroy, St. Thomas and Woodstock are looked upon as the most favorable for such a league, as the expenses of a team from London to Chatham would be very heavy, and the railway fares from Chatham to Woodstock or Stratford would consume the receipts, as the home team in each game would pay the expenses of the visitors.

It is said that there will be some difficulty in getting St. Thomas and Strathroy to come in as they play Wednesday afternoon and evening ball in both places.

Thus far applications for berths in the City League have been received from

Gossip From the Other Training Camps.

[Special to The Advertiser.]

Athens, Ga., March 21.—For the second time during the training trip the Highlanders defeated the University of Georgia today.

The American Leaguers simply massacred every boxman their opponents could produce, until they became tired of the killing.

The university could do nothing with the steady pitching of Jim Vaughn. Russell Ford and Uphom, who worked in turn three innings each.

The meeting held in the Y. M. C. A. last evening to discuss the soccer situation in London, and to consider the advisability of entering a team in the W. F. A., proved to be somewhat of a fizzle, as but one team, the North End Stare was represented.

As the organization meeting of the W. F. A. is to be held in Galt Friday, it is hardly likely that anything will be done towards putting a team in from this city.

Ottawa, March 21.-Hon. Mr. Fielding lay no announcement as to the details of his conference with President Taft on still one of "friendly negotiations." It is learned, however, from sources in close touch with the situation, that behind the passing clouds of threatening tariff war there is already visible a clear sky, bill as affected by the resolution. promising better trade relations between Canada and the United States than have COULD BUILT NAVY obtained for over a quarter of a century past. Instead of mutually disastrous ariff reprisals there are now growing indications of a coming reciprocity in rade between the two neighboring countries in which there are now growing indications of a coming reciprocity in trade between the two neighboring countries in which there may be a mu tual lowering of the tariff barriers to the exchange of the products which each country needs, and which will convert a situation ominous with injury to muual trade interests and to neighborly good feeling into a situation from which each country will derive profit, and which will insure harmony for years to come.

Mr. Walton opened with prayer and read the lesson. A sermon, read by Mr. Hargreaves, was very helpful, and much enjoyed, as was also Mr. A. F. Mantle's address. The singing was especially fine, and the choir, consisting of the greater part of the class, rendered some beautiful pieces. Mr. Petitt acted as organist in his usual good form. The seloist. Mr. Baldwin, and the quartette, Messrs. H. Slade, Cooper, W. Knight and W. Claris, sang in excellent style, Mr. Pinnock offered the closing prayer, and Rev. W. H. A. A ROW IN THE COUNCIL

Old Aldermen Say They Are Vindicated and Cries of Mismanagement and Worse Were III-PARNELL'S Founded.

"If I could not bring in a better report than that, I would resign, or else confess to the people that I had been elected under false pretences. I would be ashamed to be elected on the cry that things about the city hall were rotten, and then bring in such a statement." The above is a summary of Ald.

Morgan's criticism of the report of the investigating committee of the city council, which was read at the city council meeting last night. The statement stampeded a sharp debate. When the report was brought there was some confusion as to what to do with it, and it was some time Bread made at PARNELL'S before they got really straightened away. When Ald. Richter introduced SANITARY BAKERY is the best the report, it was moved to be taken food for both young and old, as read, and incorporated in the min-

utes of the council. Then Ald. Morgan cut loose. "I have been waiting a long time or this," he began. "There was a for this," he began. for this," he began. There was a great shout before election, and I really thought the new council intended to do something. Now look at that report. It contains nothing but compliment. I moved for a legitimate investigation. This dominant party in the council blocked that. With all their talk, I thought that they would find out something wrong. Did they? Not a it of it. By this report, they acknowledge that the campaign urged on their behalf by the Municipal League was all false. They were elected to clean up things. They wanted to get in touch with the departments under their control, and had done so. They did not approach the question with the idea that there was something rotten in the State of Denmark. The report might not suit Ald. Morgan, but that was as much his fault as the committee's. The hall was well managed, and the employees were earning their saiarles.

"What brought you people out?" asked Ald. Morgan. "The Municipal League brought you out on the cry that the city hall was rotten. You cannot get out of the responsibility for these statements at all.
