COLLINGWOOD MURDER.

STRANGE CIRCUMSTANCES PUZZLE POLICE.

Three Arrests Made—Detective Greer Takes Charge of the Case—One Man at Beeton Seemed to Know All About it.

Collingwood, May 30.—Mystery deepens about the murder of Glory Whalen. The clues that have been followed by the authorities have led to nothing, and while to-night no less than three men are detained by the police, it is reasonably safe to say that not one of them has any connection with the crime. This is a murder case in which the police may in a few hours stumble accidentally upon the man who struck down and afterwards shot Glory Whalen, but the circumstances surrounding this atrocity are of so exceptional a nature that at the present time the officers working on the case are hardly in a position to advance any definite theory. One thing seems to stand out clearly in this inexplicable crime, and it is that the little school girl was enticed by some one she knew into the place where she met her death. While one theory has been that some tramp or peddling Syrian was the murderer, this does not appear to be justified by the plain facts.

Provincial Detective Greer arrived to take charge of the case, and, acting on his instructions, three men were detained. One was the peddler who held a revolver to the head of Patrick Byrnes, an employee of the T. Long Company, two nights ago, and who was secured near Thornbury. At Beeton, three miles from Colling-

Glory Whalen, the victim in the mysterious murder case at Collingwood.

wood, a rough-looking man was detained because he had in a hotel there read the story of the murder from a Toronto evening paper, and said the report was wrong, proceeding to explain about the finding of the body as it actually happened, although the paper he was reading from did not contain these facts. This was considered suspicious enough to warrant his detention by the authorities. The third man detained was arrested at Duntroon, a little burg nine miles south of here. He was the peddler who called at the Kendall and Whalen farms on Wednesday last. He was brought into Collingwood to-night and examined by Detective Greer. Joseph Norsau of 115 York street, Toronto, was the name he gave, and he explained his movements on the day of the murder satisfactorily to the police and was released. A number of handkerchiefs were found in his pack, but they were not in any way similar to the one found around the head of Glory Whalen.

The authorities to-day were making every effort to trace the revolver with which the murder was done.

PORT COLBORNE TRAGEDY.

Identity of the Yacht and the Victims Established.

Port Colborne, May 30.—It is certain that the boat wrecked off this port was the Emma, and that Stanley Pettit and Clarence Baylis were drowned. A party consisting of Mr. W. E. Pettit, brother of Stanley, who arrived last evening, and Mr. Clyde H. Lancot of Buffalo and Rev. W. A. Dietrick of Cleveland, who arrived yesterday, are conducting a search for the bodies. A large quantity of wreckage had drifted ashore, which Mr. Dietrick, the former owner of the yacht, positively identified as belonging to the Emma. The Emma was a schooner-rigged cabin yacht of thirty feet top measure, simply equipped for cruising. Both boys were enthusiastic over the boat and eager to bring her home as soon as possible. Investigation proves that the boys were on the course for Port Colborne, but too far in shore, so that the yacht struck the new cement breakwater, bows on, in the heavy sea. The spot where the bowsprit of the yacht struck the breakwater is evident, and the recovered bowsprit was broken off by the shock. The searching party have been at work all day, but as yet have not found the bodies.

G. T. R. OFFICIALS

Sir Chas. Rivers Wilson, Lady Wilson, London, England, A. O. W. Smith, London, England, and Henry Deer, London, England; Chas. M. Hays, Frank W. Morse, G. A. Menshall, J. H. Phillips, of Montreal, went through the city to Windsor and Detroit by special train last evening at 7.30. They return this afternoon or evening on their way to Niagara Falls.

HE PERJURED HIMSELF.

Mark Smith's Admission on the Witness Stand.

Toronto, May 30.—There was a dramatic ending to a case being tried yesterday before Mr. Justice MacMahon. The Strathroy Canning Company and the Oshawa Canning Company were plaintiffs and defendants respectively in the suit in question, the trouble being over 12,000 cans of corn which had been in the Strathroy company's storehouse, and were purchased by the Oshawa Canning Company from the Dominion Syndicate of Hamilton. When the corn was delivered portions of it were found to be sour, and the Oshawa people refused to pay. The Strathroy company therefore brought suit for the amount.

The principal witness for the defence was Mark Smith, Manager of the Oshawa company. He gave his evidence in-chief on Thursday. Under the cross-examination of Mr. Shepley, K.C., witness stood by his story, while Mr. W. R. Riddell, K.C., got up to cross-examine on behalf of the Dominion Syndicate the following dialogue occurred:—

"Did you make a statutory declaration as to your pack, I mean the number of cans you manufactured in 1900?" Mr. Riddell asked.

"I did," answered Mr. Smith. "In that declaration did you perjure yourself or did you tell the truth?"

"I perjured myself," was the faltering reply.

"In order to put a little money into your pocket?"

"Yes."

"That will do, sir," said Mr. Riddell. Mr. E. F. B. Johnston, counsel for the defendants, thereupon informed the Judge that he would not go on with the case, as he would not base a defence on the evidence of a man who admitted that he had committed perjury. He would advise his clients to settle the case, and asked his Lordship for an adjournment.

An adjournment was granted until June 5th at 10 a.m.

MR. WOOD WILL APPEAR.

Will Testify Regarding Cap. Sullivan's Accounts.

Toronto, May 30.—The Chairman of the Public Accounts Committee, Mr. G. P. Graham, M.P., has received a letter from Mr. E. R. Wood, Manager of the Central Loan & Savings Company, stating that while it was questionable if he had the right to produce the private accounts of a client, yet if the committee so ordered he would attend with respect to Captain John Sullivan's accounts whenever the committee decided him to do so. He further stated that he only received the first notice to attend at 4 o'clock on the afternoon of Wednesday, which was too late for him to prepare for next day. Mr. Graham has asked him to attend on Tuesday at 10 a.m.

GLENCOE GIRL KILLED.

Struck by a Train While Crossing the Track.

Glencoe, May 30.—A sad accident occurred at the G.T.R. crossing here yesterday at 8.20, when Gladys, the twelve-year-old daughter of George Reiley, was instantly killed. The east-bound local was shunting in the yard, and the little girl, notwithstanding the warning of her companions, attempted to cross. As her attention was fixed upon the shunting train, she apparently did not see the swiftly-approaching west-bound express, which struck her, throwing her across the road. She expired a few minutes after the accident, without having regained consciousness.

SANTOS-DUMONT'S AIRSHIP.

Drops From the Skies to Call Upon the Polo Players.

Paris, May 30.—During play on the polo grounds in the Bois de Boulogne Santos-Dumont, on his balloon No. 9, appeared unexpectedly over the players and descended in front of the clubhouse. He reascended later, and after executing a number of manoeuvres at a height of 500 feet he returned to the balloon shed at Neuilly.

As Bad as Slavery.

Chicago, May 30.—A despatch from Montgomery, Ala., says: Investigation into the enforced slavery of negroes in this State has developed one death from ill-treatment and the arrest of an agent who is accused of plotting to sell negroes into peonage. Witnesses before the Federal Grand Jury testified that death resulted from the punishment accorded a negro woman who was held in servitude on one of the farms. This woman, accused of being rebellious, and because she could not pile for burning the brush cut by a dozen men, was laid across a log and given 100 lashes. Still showing a rebellious spirit, her hands were tied and she was thrown over a limb of a tree and pulled up, so as to leave it barely possible for her toes to touch the ground. The woman died two days later.

GERMAN PRESS VIEWS.

LOOK UPON CHAMBERLAIN'S PLAN WITH SERIOUSNESS.

Discussion in Britain—Many Believe There Will be Early Dissolution—The Opposition is Almost Solidly Opposed.

Berlin, May 30.—The newspapers here treat the assent of Premier Balfour to Colonial Secretary Chamberlain's plan for preferential tariff with in the British Empire and Mr. Chamberlain's second speech on this subject as serious matters, saying that anything which might irritate British feeling should be carefully avoided. They argue quietly that Great Britain's engaging putative hostilities with Germany over Canada would lead to a trade controversy with the rest of Europe and the United States. The official attitude is to wait and see how Mr. Chamberlain's policy develops.

London, May 30.—Colonial Secretary Chamberlain's protectionist policy is the all-prevailing topic of discussion here. His assertion that he would make reciprocal trade between the mother country and her colonies the topic of the hour has been sensationally fulfilled. Columns of comment fill the afternoon newspapers, and everyone is asking, "Does it mean dissolution?" Some people maintain that the Government contemplates appealing to the country on preferential trade and old age pensions immediately after the close of the present session of Parliament, at the beginning of August, while others maintain that the Government has not the slightest intention of giving up its unexpired term of office. The Telegraph, generally semi-inspired, says:—"The issue could not be voted on for at least eighteen months, but in the meantime the Government will give the country and Parliament every opportunity to discuss it. A definite decision will probably be arrived at soon, and it will depend almost entirely on the result of the propaganda now undertaken by the press and the members of the House of Commons. If the indications show that Mr. Chamberlain is likely to have the country at his back a general election at the end of this year is extremely probable."

The Colonial Secretary himself, the Associated Press learns, is doubtful if he could win out just at present, but he is enthusiastically positive that with political agitation the constituencies can be brought to see the wisdom of his policy. Those who have discussed the preferential scheme with its author say he never exhibited such keen interest in any topic. "For the first time in my life," said a friend of the Colonial Secretary, "I can say Mr. Chamberlain is really excited." In this crusade the Colonial Secretary is absolutely in harmony with Premier Balfour, and harbors no definite election on the issue, and Mr. Chamberlain's programme was carried by Mr. Balfour would again take the reins of Government. The only practical development likely to occur in the near future is a series of political speeches from the leaders on both sides.

The Opposition is almost solidly opposed to a modification of free trade and will endeavor to arouse that public ferment which was associated with the corn tax days. Mr. Chamberlain, Mr. Balfour and such Unionists as agree with them will try to extract from the public that degree of support which they may interpret as a popular mandate. All signs point to a lengthy campaign on the lines of protection versus free trade, which is likely to destroy party lines almost as much as did the home rule question. The opponents of the scheme point out that the comparative immunity of the American from taxation precludes his prosperity under protection being applicable to the Britisher, who, as even the Government organs admit, is already so heavily taxed that the initial years of protection, with higher priced food, would be a severe strain on him and possibly create bitter dissatisfaction among the poorer classes.

COMMAND BRITISH FORCES.

The King Wants the Duke of Connaught to Succeed.

London, May 30.—The Ministers are not engaged with the tariff issue to the exclusion of other vexatious questions. The King is reported to be anxious to place the Duke of Connaught in line for succession to Lord Roberts as Commander-in-Chief. This was the ardent wish of the late Queen Victoria, and her son has taken it up with characteristic tact. The Ministers are urged to consent to the appointment of the Duke as Adjutant-General, but are reluctant to do so because they know how unpopular it will be in the House of Commons. The Duke himself is respected and honored as a capable soldier, and a Prince of genuine administrative ability, but his appointment as Adjutant-General, with a line upon the succession to the general command of the army, is deprecated on both sides of the House of Commons on the ground that the discussion of military affairs would be rendered impracticable at a time when radical reform measures are urgently required.

GOOD SCHEME

An agitation is on foot to have an outlet cut from McGregor Creek through to the river and to fill up the creek through the city. The scheme is a good one and the Council would do well to act on Ald. McCaig's suggestion and see what chance there is for having the scheme become an accomplished fact. It would perhaps be cheaper for the city to put \$10,000 into the new outlet scheme than it would be to build the two new bridges and keep them in repair. Besides getting rid of a foul smelling evil odored creek, there would be other advantages. When the Americans come up to see the spot where the victorious troops under Harrison crossed the creek in pursuit of Proctor, there would be no creek, and we could say that there fore the crossing of the creek could never have happened.

CAPITAL DEVICE

H. Wigle, representing the Chamberlain Metal Weather Strip Company, of Kingsville, is in the city to-day calling on a number of the enterprising men of the city. This modern invention is of American origin and has lately been patented in Canada. The mission of this weather strip is to do away with storm windows. It is of metal and fits in between the window sash and the window. In this way the windows are made absolutely air tight and it also does away with any rattling whatever. It is indestructible and does not interfere with the appearance of a window. It is no expense after it is put in, which makes it far superior to storm windows.

It is claimed that tests have shown an average annual saving of about 25 per cent. in fuel. In many cases the saving has paid for the strip in one year. Drafts are positively excluded from windows equipped with this device, and dust and soot are shut out with the drafts. The noises arising from cars, wagons, howling winds, etc., also, are greatly lessened. These strips are now in use in many public buildings in Canada and the United States, and the company is in receipt of many testimonials.

Mr. Wigle will be in the city for a few days, and when he leaves he will appoint a local agent.

OVERHEAD CHECK REIN.

Humane Society Makes Appeal to Horsemen.

Toronto, May 30.—The Toronto Humane Society has received so many communications regarding the cruelty of the use of the overhead check-rein on horses that it is desirous of inviting a discussion of the question through the daily press if possible, and thus reaching a wide field outside this city, as well as within its limits. The evil is perhaps less prevalent in Toronto than in other cities or towns, where there is less restrictive influence. The use here of an overhead check-rein on any but a high-spirited, hard-pulling, impatient steed, whose form and action would seem to warrant some little aid to restraint, is not perhaps so very prevalent, though frequent enough, it must be admitted, to call for attention and if possible remedy. While its use in Toronto on the hard-working patient, sometimes bovine type of general utility horse is regarded here as evidencing rather a rural taste, not general; its abuse on such in country towns has too long been patent to all lovers of this most patient, kindly, useful companion of man. It is felt that fashion alone is responsible for all this cruelty and could those who follow it but be made to realize its results they would abandon it at once.

So much of the cruelty inflicted on the defenceless orders of creation is entirely unconscious and unintentional that a suggestive word is always productive of good results. If the torture inflicted on horses by the overhead check-rein were known and understood it would speedily pass out of fashion and fall into disrepute.

Mr. G. E. Smith, of Cedar Springs, was a caller at this office this week. He says that present indications point to a successful berry season. Strawberries promise to be exceedingly heavy, and he expects from 350 to 400 crates per acre.—Blenheim News.

The Cat Came Back. — One of our residents recently gave a pet cat to a Chatham friend, who took the animal home. The cat, however, was not contented with the Maple City as a place of residence, and after stopping a day or two there, walked back to Blenheim.—Blenheim Tribune.

The newest of the "get-rich-quick" schemes is to deposit one cent in the bank on the first day of the month and double the amount to your credit each day thereafter. At the end of the year there will have accumulated \$10,737,314.23. Anyone ought to do that without cramping himself.

Mr. and Mrs. J. K. Morris leave next week on a three months' trip through the Canadian Northwest. They will go through to Edmonton, Alberta, where they will visit with their four sons, at that place, for a couple of months. On their way home they will stop over at Port William, and spend two or three weeks with their son, Fred, and daughter, Mrs. (Dr.) D. McK. Mitchell.—Blenheim Tribune.

A Simcoe County farmer's wife kept a year's record of her cooking operations. There are six persons in the family and here is the list:—225 loaves of white bread, 82 tins of biscuits, 15 loaves of brown bread, 167 pies, 130 cakes, 35 puddings, 14 dozen cookies, 168 dozen ginger snaps and 14 chicken pies. Can any Raleigh or Tilbury East farmer's wife beat this?

The result of the terrible ravages of hog cholera in Tilbury East is shown in this year's published assessor's returns. He finds only 7,766 hogs in the township this year, as compared with 11,737 last year—a decrease of nearly 4,000. The return of the area under fall wheat is equally suggestive—the acreage being only 1,660, as compared with 3,686 last year—a decrease of nearly one-half. The figures show a decrease of 34 dogs, and as a result the number of sheep have increased from 891 to 1,140.

A quiet wedding took place last evening at the home of the bride's mother, Mrs. Mowbray, Cunningham Ave., when her daughter, Miss Julia Wallace, was united in marriage to Duncan Ferguson, a well known and popular young farmer of Howard. Rev. Dr. Munro officiated. The bride looked lovely in a dainty costume of white Swiss muslin, and carrying a bouquet of lilies of the valley. The ceremony took place under an arch of evergreen and pines and was witnessed by only the relatives and intimate friends of the contracting parties. The presents were numerous and the young couple have the best wishes of a wide circle of friends.—Ridgeway Dominion.

A DEAD HORSE TRADE.

On Monday afternoon a man named Broadbent, from Merlin, and another named Miller, from Ridgeway, both driving, met on Talbot St. east, and decided to trade horses. The exchange was immediately made, and the men resumed their way, each with his new horse. Miller had only gone a very short distance, however, when his horse dropped dead on the street. He left the animal there and returned up town. It looked for a few minutes as if the dead horse would be left on the roadside, but Broadbent, the former owner of the animal, finally agreed to bury it.—Blenheim News.

THE BIG SHOW COMING

Ringling Brothers Exhibit the Rarest Collection of Animals in the World.

The announcement that Ringling Brothers' World's Greatest Shows will exhibit in Chatham, Thursday, June 18th, will be hailed with delight by every man, woman and child in Chatham and the surrounding country. "All the world loves a circus" and this is especially true of the one owned by Ringling Brothers, which is transported from city to city in five splendidly equipped trains—85 double length cars in all—which are equal in size and carrying capacity to 470 ordinary cars. The Ringling Brothers, scrupulously honest in their various systems of advertising, have long made the unchallenged claim of possessing the "biggest, best and most entertaining collection of high class novelty features and rare wild animals in all the world. This is especially true of the mammoth menagerie, which contains, by actual count, 108 cages, lions, tigers and tanks of beast, fowl and aquatic species from every jungle, plain and ocean on the face of Mother Earth. Prominent among the hundreds of perfect zoological specimens in this unrivaled department are two beautiful giraffes, the last of an almost extinct race. These animals were secured at an enormous cost and to the Ringling Brothers they are priceless. Scientists and students of natural history say they are the lone living members of their kind. In order to keep them alive in the trying climate of the United States they are given even more attention than a baby secures from its proud and loving parents. The giraffes are transported in specially constructed cages, the tops of which can be raised and lowered at will. Cages of this kind are indispensable on account of the great height of the animals. The walls of the cages are thickly padded with curled hair

and fine wire springs to prevent possible injury to the occupants. Their food is prepared according to scientific rules laid down by famous veterinarians. Another feature of this colossal menagerie, one that is in keeping with the progressiveness that is a part of the Ringling Brothers' success as amusement projectors, is "Baby Boo," the only baby elephant bred, born and successfully reared in captivity in North America. "Baby Boo" was born January 8, 1903, is just thirty inches high, weighs but 119 pounds, and is as cute and full of life as a fox terrier puppy. She is the pride of the menagerie attaches and with her fond mother is the pampered pet of the herd of forty big and little elephants carried by Ringling Brothers this year. The forty brutes, the largest in all animal creation, are more than half of all the elephants in captivity. The infant member of this big herd is as fat and as round as a butter ball fresh from the churn, and greatly enjoys the attention showered upon her by the thousands of children who daily visit the big tent. The rhinoceros is another rare animal in this interesting menagerie. It has been many years since an animal of this kind has been exhibited in either a circus or a zoological collection, and the one in Ringling Brothers' circus is said to be the sole survivor of his kind. The gray or horned horse, the Eland, the yak from the highlands of Tibet, the monster hippopotamus, the black vulture from South Africa, the casowary, seals and sea lions, the pure white Chinese pea fowls, and the sacred cattle of India, are to be found only in this menagerie, which also contains magnificent specimens of the lion, tiger, puma, hyena, buffalo and panther, herds of camels, fifty species of deer, and other animals and birds from every quarter of the globe. This collection of the flower of the animal kingdom is worth a fortune alone and stands alone in its magnitude and diversity of subjects. Ringling Brothers present, also, a thrilling horse act, 375 aerial, menagerie, equestrian and acrobatic artists in their circus performance, 40 famous clowns, and the most lavish spectacular production ever attempted, a superb presentation of Jerusalem and the Crusades, in which 1,200 characters are shown. Two complete performances and a magnificent free street parade are given daily. Reserved seats can be secured, as well as admission tickets, at Central Drug Store, King and Fifth streets, at same prices as elsewhere. Ticket wagons on show grounds.

The Marine Engine is Alive. All good old chiefs love their engines and come to believe in them. To all of us assistants and 'prentices they were not the mere machines that they appear to the outsider, but quite human. Every noise they made, every motion, every trick they had we knew and had the reason for it. Kipling speaks of the marine engine as the most sensitive thing man ever invented. There's a sort of cold, lifeless, though admirable, precision in a telescope and a fine regard for details in a phonograph, but the marine engine is alive; it strains and labors desperately, it groans with rheumatism in its joints, screams with the pain of tight bearings, staggers and plunges against the oncoming seas, gets out of breath and runs away with itself, trembling like a frightened horse.—Benjamin Brooks in Scribner's.

PILLS."

He says: "I have been ailing for about a year from deranged nerves, and very often weak spells would come over me and be so bad that I sometimes thought I would be unable to survive them. I have been treated by doctors and have taken numerous preparations but none of them helped me in the least. I finally got a box of Milburn's Heart and Nerve Pills. Before taking them I did not feel able to do any work, but now I can work as well as ever, thanks to one box of your pills. They have made a new man of me, and my advice to any person troubled as I was, is to get a box of Milburn's Heart and Nerve Pills."

DISTRICT DOINGS.

CON. 9, RALEIGH.

The engagement of Miss Ethel
Boothroyd, of concession 9, Raleigh,
to Robert Bruce Fisher, of Freeport,
Illinois, has been announced. The
wedding will take place the 11th of
June at the home of her uncle, W.
C. Hea.

APPLEDORE.

Israel Chute and son Harvey, of Som-
bra, spent a few days of last week
visiting at John Shaw's.
Miss Jessie Hall spent Sunday the
guest of Miss Jennie McKerrall.
Miss Cecil Higgs spent Sunday the
guest of Miss Annie Early.
A very successful League meeting
was held in Lonsday Road Church on
Wednesday evening.

RALEIGH PLAINS.

The late showers are a source of
joy to the farmers who are busily
engaged getting their corn planted.
L. E. Shapley is justly proud of the
success of his concert, the effort be-
ing made to secure means to pur-
chase a public school library. Not-
withstanding the heavy rain that fell
that day there was a good house,
mostly young people. The building
was artistically draped in the colors
of the rainbow and beautifully de-
corated with flags and bunting. The
program consisted of dialogues, re-
citations, music and addresses, mostly
by the pupils of his school. The young
people here deserve much praise for
their manly conduct. The very best
of order was observed.

TURNERVILLE.

Mr. and Mrs. Traxler, of Dawn
Mills, were the guests of J. Carpen-
ter on Sunday.

Thomas Buckingham will preach
next Sunday morning, May 31st, in
Dawn Mills, Wabash in the after-
noon, and Lindsay Road at night.

Mr. and Mrs. Logan, of the 10th
concession, Chatham, were visiting at
the residence of Arthur Shaw on Sun-
day.

J. D. Moir attended the annual dis-
trict meeting at the Methodist church
in Chatham on Friday last.

A. Buckingham, of Cordwood Grove,
was the guest of his uncle, T. Buck-
ingham, on Sunday.

Mr. and Mrs. David Martin, of
Chatham, spent Sunday with Samuel
Shaw, Pine street.

HUFFMAN'S CORNERS.

Rev. W. E. M. Thomas, B. D., was
visiting at the parsonage this week.

Our football team journeyed to
Northwood on Thursday and played a
losing game — so some were saying
after the game was over. A long dis-
pute took place over the goal claimed
by the Northwood team. Our boys
have concluded they need more prac-
tice.

Mr. McKenzie, G. W. Risenborough
and Rev. Mr. Kellington all went to
the district meeting held at Ridgeway
on Tuesday and Wednesday.

Mrs. Hugh Morrow is not well at
present.

Herb Huffman is busily engaged at
his barns just now.

We are sorry that Mrs. Mosey is not
improving since going to the hospital.

Mrs. Wm. Provost is in the general
hospital at present and has undergone
an operation. We hope to hear of her
speedy recovery.

The football team are all securing
uniform suits, which will be a great
advantage.

CAMDEN.

A very pretty wedding took place
at the home of Mr. and Mrs. Edwin
H. Norton, Camden Tp., on Wednes-
day, May 20th, at six o'clock, when
their eldest daughter, Gertrude Ros-
sind, became the bride of Thos. Fred-
rick Smith, a prosperous young farm-
er, of Camden Tp. The matrimonial
knot was tied by Rev. J. J. Noble, of
Louisville, in the presence of about 50
relatives and intimate friends. The
bride was attended by Miss Maude A.
Smith, sister of the groom, while Wm.
C. Norton, brother of the bride, acted
as best man. The bride looked
handsome, being becomingly attired in
white and carrying a bouquet of white
roses. The wedding march was play-

ed by Miss Rhea Shaw. After the
ceremony all sat down to a well pre-
pared supper. The young bride re-
ceived a large number of beautiful
and expensive wedding gifts, showing
the popularity and esteem in which
she is held. The young couple will re-
side in Camden. They start married
life with the best wishes of a large
circle of friends.

EBERTS.

Farmers in this district are badly
in need of rain.

Rev. Mr. Neilly preached a very elo-
quent and instructive sermon to a
very large congregation here last Sun-
day. His subject was "Waiting for
Jesus."

The Brethren held a Gospel meet-
ing in the hall on Monday evening.

News has reached here of the death
of Robert Cochran, who died in San
Francisco, Cal., last Monday, from in-
juries received in a fall from a build-
ing some time ago. Mrs. Chas. Rat-
cliffe, of this place, is a sister.

Miss L. Harris, of Dawn Mills, has
been spending a few days with Miss
Mabelle Oliver.

The Misses Rowe, spent last Satur-
day in the Maple City.

Geo. Bryan attended the social at
Wm. Weaver's on the 4th Con. last
Monday evening, and reports a pleas-
ant time.

A number from Turnerville at-
tended the Presbyterian Church here last
Sunday.

Misses Mary Steel and Mabel Mc-
Cormick, of Chatham, spent the Vic-
toria holiday at the residence of Mr.
Brooksbank.

Ambrose Buckingham sported his
new buggy last Sunday evening.

Two of our popular young people,
Alfred Bond and Miss Bessie Edwards
were married last Wednesday evening.
Congratulations!

Wm. Nichols has the contract for a
new wire fence around the school-
yard. Mr. Bowers has purchased the
old board fence.

FLORENCE.

Mr. and Mrs. Samuel Trotter, of
Chatham, spent Sunday with Thomas
Trotter and family.

Mrs. Mueche, of Halstein, spent a
few days with her sister, Mrs. W.
E. Reeder.

Several new residences are in course
of erection in town and vicinity.

Mr. and Mrs. Harry Webster, Chat-
ham, visited friends here on the 24th
and 25th.

Miss Annie Ridley has gone to Tor-
onto for an extended visit.

The Methodist Sunday school cele-
brated Victoria Day by a picnic in
Mr. Moore's grove. A very enjoyable
time was spent.

Mrs. (Dr.) Spencer and little son,
of Rockwood, Mich., are visiting her
parents, Mr. and Mrs. M. V. Mor-
rill.

Mr. and Mrs. John Webster have
returned from a driving trip through
St. Marys, Plattsville and other
points.

D. Corbett and wife were guests
of friends at Oil Springs a few days
last week.

Miss Lawworth and Mr. and Mrs.
W. A. Gordon attended the wedding
of Miss Bertha Anderson at Petrolia
last week. Miss Anderson was for-
merly a teacher in our public school.

Rather a serious accident befel Mr.
Fred. Book a week ago. While con-
veying hay for Mr. Farmer the load
upset and he received several injuries
to his face and body. He is now slowly
improving but still confined to his
room.

Watch Your Friends and Neighbors Who Use
PAINE'S CELERY COMPOUND

Why Continue in Suffering While Others are Banishing
Their Ailments and Weakness.

Our heartfelt desire at this time
is to impress upon the minds of our
women and girls the folly of trust-
ing to time and nature to secure
freedom from the ailments and weak-
nesses, the symptoms and warnings
of disease that wreck the lives of
so many. The entire female organ-
ism at this season demands attention.
The delicate and complicated machin-
ery cannot work with regularity and
precision when you suffer from female
irregularities, nervous prostration,
headaches, backaches, sideaches, liver
complaint and the effects of impure
blood.

To-day, your friends and neighbors
are using woman's friend, Paine's
Celery Compound, and are getting rid
of their burdens and troubles. If
you are observant you will note that
your women friends are putting on
flesh, they are blessed with renewed
vigor, elastic step, bright eyes and
clear complexions, all of which are
true indications of a new and better
health. Why suffer when you can
secure the same blessings? Why
deny yourself the happiness of true
womanly life when Paine's Celery
Compound is able to make you as

healthy and attractive as other wo-
men are? Mrs. George B. Griswold,
Nantua, B. C., writing specially for
women, says:
"The grand success of Paine's Celery
Compound in my case, leads me to
believe that it has no equal in the
world for curing the ills of women.
For three years, female troubles,
dyspepsia and nervousness made me
a shadow of my former self. I was
treated by competent doctors, and
took a sea trip that lasted six
weeks, but got home again feeling no
better. After reading one of your
books on Paine's Celery Compound,
I bought a supply and used it faith-
fully. Three bottles were sufficient
to convince me that I had found a
friend and helper. Six bottles, thank
God, banished all my complaints and
made me a new woman. I am anx-
ious that every suffering woman
should know what Paine's Celery
Compound has done for me."

Ladies' fine black hose, seamless, worth 17c a pair, selling at two pair for 25c at Northway's to-night.

Wanted, an active young woman to collect and to make herself useful in the office. Apply at this office.

Mr. and Mrs. Jas. Innes, King St. West, left yesterday on a trip to England. They will be away about six weeks.

Probate of the will of the late Edward McCorvie, of Harwich Township, has been granted to his brother, John McCorvie.

Miss Hazel J. Fielder has returned from visiting in Detroit and Pontiac. She was accompanied by Miss Ella M. Perry, who will spend a few days in the city her guest.

County Court Clerk James Holmes got a telegram from his eldest son Will this morning, stating that he had successfully passed his final examination at the Detroit Dental College. Geo. Bell, second son of Judge Bell, has also passed.

Mrs. J. W. Gibson, of Blenheim, Mrs. Chas. A. VanSickle, of Florence, Mrs. Fred. R. Broadbent, of Charing Cross, and Mrs. Alex. Dick, of Selton, are visiting their parents, Mr. and Mrs. James West, Richmond street, previous to the latter's departure for Vancouver, B. C., on Tuesday next.

The results of the recent first year's work examinations in the Toronto Dental College, appear in the Toronto papers to-day. The names of Wm. H. Doherty and Chas. Stover, of this city, appear among the successful students. Their many friends in this city will be pleased to hear of their success.

Harry Mills, Charing Cross, was in the city to-day. It was reported that Mr. Mills had a large sum of money in the house. Last Monday night someone knocked at his bedroom window. Mr. Mills peeped out and saw a masked man standing at the window. There is no truth in the report that there is a large sum of money in the house. Mrs. Mills received some money from the sale of a farm but it was put in the bank. On the same night a caddy of tobacco was stolen from the Lake Erie warehouse at Fargo.

SMALL SOLDIERS

The residents of the borough over the river were startled this morning when a band of diminutive soldiers from Chatham proper raided the peaceful hamlet. Donald Rispin and Stewart McKeough were the leaders of the red-coated band and they marched in regulation military order. The lads were attired in real military looking garb and the bright uniforms of the boys gave them an attractive appearance as they marched along and disappeared round the corner. Whether they were taking themselves over to Brooklyn or were merely taking Brooklyn is not a matter of history yet. All that is known that the bold band of young soldiers passed through the business portion of the borough over the river. Unlike Caesar, they didn't burn the bridge behind them, so it may be guessed that the red coats got back home for dinner.

CITY INDUSTRIES

"The Canadian Implement and Vehicle Trade," published in Toronto, contains an illustrated write up of the carriage and wagon factories and kindred interests in Chatham. The work is a credit to the paper and is nicely gotten up.

The article, which is written in a bright, descriptive and racy style, extends over six pages of the magazine, and is accompanied by half-tone cuts of a scene on King St., The Wm. Gray & Sons Co.'s factory, the Wagon Works, the Dowsley Spring and Axle Works, the Chaplin Wheel Works, the M. Campbell Fanning Mill Factory, and Park Bros' Engine Works. It also contains photographs of Wm. Gray, (deceased), Robert Gray, James S. Gray, W. R. Landon, of the Wagon Works, L. Kennedy, of the Spring and Axle Works, R. McKinley, of the Wheel Works, Manson Campbell and Archie Park.

It is quite a credit to Chatham that such an article should occupy so prominent a place in so widely a circulated journal.

TREASURE HID IN RALEIGH

Question Agitating the Community in that Township—Startling Story.

Clairvoyant's Sensational Statement—Three Mysterious Coins of Olden Date and Inscription.

A very interesting story comes from Raleigh.

It seems that for some time past a young woman, alleging herself to be a clairvoyant possessed of all the occult accomplishments of second sight, has been operating in that district.

This young woman, who, rumor says, is not unpossessing in appearance, claims to be able to locate oil, minerals, water and gas. Her mode of operation is to pass into a state of trance, and when in this condition 'tis said she can speak intelligently in any language.

The powers of the clairvoyant were first enlisted by oil speculators, but considerable excitement has been aroused by her latest discovery.

While operating in a trance on Thursday she suddenly broke forth: "There are jewels on the bank. I can see them. They were put there by the Indians. We will proceed to the wigwam and search for them."

Chanting weird Indian songs the young woman led the way to a spot on the farm of Oliver Bailey, where she indicated the treasure to be hidden. This section was formerly owned by George Jacobs, who kept a store and distillery in the early days before the rebellion.

Digging operations were commenced on the spot indicated and yesterday the diggers came upon three coins of strange inscription and dated 1617. These coins are held by the owner, and excavating operations are proceeding.

The affair is causing considerable excitement and argument. Some profess faith in the story, while others are skeptical and even go so far as to allege that the coins were secreted.

Earthquake Kills Two Thousand.

Constantinople, May 29.—Advices which reached here from Asiatic Turkey show that a terrible earthquake occurred April 29 at Melazgher, in the Vilayet of Van, eighty miles south-east of Erzerum, on the Euphrates. The town was totally destroyed, with its entire population, numbering 2,000 souls, including 700 Armenians, as well as the troops forming the garrison of Melazgher. In addition, over 400 houses in neighboring villages collapsed.

FOR THE PALMA TROPHY.

Six Teams Have Already Entered for the Important Contest.

London, May 30.—At a meeting of the National Rifle Association Lord Cheylesmore, who presided, announced that the international competition for the Palma Trophy would be shot off July 11, the opening day of the Bisley meeting. Six teams had entered, including teams from the United States and France. King Edward and the Prince of Wales are greatly interested in the contest. The latter had promised to be present. The King has not yet been able to come to a definite decision as to whether he will attend.

It is current rumor in the best informed circles that the whole negotiations between the Canadian Northern and Grand Trunk Pacific have narrowed to the question of the price to be paid for the former road.

WRIT ISSUED

City Solicitor Serves Lake Erie Railroad with Notice of Legal Action.

City Solicitor Wilson to-day issued a writ on behalf of the city against the Lake Erie railroad, asking for a mandamus compelling the Lake Erie R. R. to remove the Colborne street spur and restore the sidewalk and highway to its original state of usefulness.

The City Council at a recent meeting passed a motion ordering that the railroad be notified to remove the spur and, if this were not done, within one week, that action be taken to force the Lake Erie to remove the piece of track in question.

On May 22nd, the City Solicitor wrote to the Lake Erie in accordance with the resolution of the Council, but no reply has been received, so the writ was issued to-day and sent to the solicitor of the Lake Erie R. R. for acceptance.

"Just before the meeting at which this resolution was passed," the City Solicitor stated to-day, "so I am instructed, the railroad changed the spur and ran it into Mr. Couzens' yard, making the spur more objectionable than it was before. They tore up the cement walk in doing so." The railroad should receive the writ in Monday's mail.

Ex-Ald. John Liddy and Ald. G. G. Martin will probably be happy now.

GETS APPOINTMENT

Rev. T. T. George has been nominated as successor to the late W. W. Shepherd as principal of the Mount Elgin Industrial College. Mr. George has decided to accept.

MAN KILLED

John O'Neill, of Orford, was killed at a barn raising in that township yesterday afternoon. He fell from the pulpit of the new barn to the ground, a distance of 22 feet. His head struck a beam and he was instantly killed. He was about 34 years of age and unmarried. He was an Elder in the Turin Presbyterian Church.

PASSING OF GROWLER

You have read the Last of the Mohicans; you are now reading the Last of the Growler. Like many other good journals, it has drifted into the Gulf Stream of fate; the others have passed the horizon of public notice and gone to their reward, where we soon shall be.

Before bidding you adieu, we thank you for liberal patronage—as regards reading its lines. We have received much eulogy as well as many curses for our efforts in placing before the public the plain truth and throwing flash lights in dark corners.

Good-bye, GROWLER.

THE MARKETS

"I never saw such poor markets for this time of the year," said gardener Geo. Finlay this morning.

Everything was scarce this morning, even to dairy produce. What was offered sold very rapidly, as there was an abundance of buyers. Butter brought from 17 to 20 cents a pound; eggs from 11 to 12 1/2 cents a dozen. Vegetables were almost unknown quantities. A few strawberries were offered at 15 cents a box. These are the first of the season.

Following is the price list:

IN THE SHEEDS.

Eggs, per dozen, 11c.
Butter, per lb., 16c to 18c.
Chickens, each, 40c to 50c.

VEGETABLES AND FRUITS.

Lettuce, per pound, 20c.
Green onions, 4 bunches for 10c.
Rhubarb, two bunches for 5c.

Sage, per bunch, 5c.
Carrots, per peck, 10c.
Onions, per peck, 20c.

Paranips, per peck, 15c.
Turnips, per peck, 10c.
Beets, per peck, 15c.

Cabbage, per head, 5c to 10c.
Apples, per barrel, \$1.25 to \$1.75.
Potatoes, per bushel, \$1.25 to \$1.50.

Radishes, three bunches for 10c.
Strawberries, per box, 15c.
Spinach, per peck, 20c.

Tomato plants per box 15 to 20c.
Cabbage plants, per box, 15 to 20c.
Celery plants, per 100, 40c.

FISH.

White fish, 15c per lb., dressed.

"A SUMMER FAIRYLAND."

To those who are planning a summer outing and seeking "green fields and pastures new," some place where they may cast care aside and commune with primitive nature, where, tho' the sun shines ever brightly, cooling breezes always blow and great heat is unknown, it is safely promised that among the rocks and lakes of the Muskoka district, about 100 miles north of Toronto, situated in the Highlands of Ontario, (1,000 feet above sea level), they will find enchantment.

A STIRRING SALE OF Men's & Youths' Cloth'g Began This Morning. A Great Public Benefit..

This is a great movement brought about for the entirely selfish reason of making large clothing business for the AUSTIN STORE; but, measured by the very positive economies it presents to the great clothing buying public, it is the nature of a great public benefit. We have turned trade conditions to enormous advantage. We have secured vast quantities of excellent clothing for men, youths' and boys at the lowest prices, grade for grade, that even our best former sales have offered.

You can select from this sale reliable wearing suits. You can depend on their thoroughly worthy character. You can rest-assured that the style is correct. You know that the Austin guarantee protects you. You know that the saving is large and positive.

This sale forestalls the necessity of your taking chances in buying cheap and unreliable clothing elsewhere, no matter how little you expect to pay.

It is clothing insurance and splendid bargains combined. We started with over 200 suits this morning. Regular \$8, \$7.50 and \$6.50 Austin quality, sizes 33 to 44, your choice while they last.

\$5.00.

A combination peculiar to the great Austin Clothing Sales, which have been tested again and again by the Chatham public and never yet found wanting. Correct valuations, positive economies thorough goodness in every garment. Come and see for yourself the values of this special suit offer. Samples now on display in East show window.

Remarked the other day, "I do not see how it is that you manage to have everything of the best. You must certainly exercise great care in buying." That's the point. We do exercise great care in buying—the most important step. And next to good buying comes store civility, prompt delivery, the getting the goods you want when you want them. Sometimes we fall a little short on the delivery question—but some allowances must be made for the rush on a busy market day.

..MUSICAL..

UNREQUITED RECITAL.

It was a creditable recital and a pleasant musical treat.

This was the popular comment last evening at the close of Miss Lillian Pratt's piano recital, and really there was ample ground for this opinion. Miss Pratt has great reason to feel gratified at the results of the evening's entertainment and the great success to which every one of her pupils attained. Her class this year is composed chiefly of young players, but they performed last evening like old staggers, and many in the audience passed the remark that they have heard professionals who could have done no better.

The Sunday school room of the Park street Methodist church, where the recital was held, was taxed to its utmost capacity with people who were interested in the success of the pupils, and the applause which was given each performer was spirited and well merited.

The pupils who took part in the program were Misses Ila Stephens, Donalda Foreman, Grace Randall, Aggie Phillmore, Lettie Burwell, Vera Smith, Flossie Bogart, Lena McKie, Jean McLachlan and Pearl Maggs.

The composers represented in the different selections were Tchaikovsky, Thome, Meyer, Hellmund, Chapin, Krug, Gabrielloni, Schutte, Sternberg, Godard, McDowell, Leschetizky, Eilenberg and Bartlett.

Those who assisted in the program were Miss Gertrude Somerville and Miss Olive Richards and Miss Pearl White, sopranos; Miss Ada Ross, contralto, and W. H. Brackin, tenor. Each of these vocalists, with the possible exception of Misses Richards and White, have appeared several times before critical audiences and have always met with deserved success.

Miss Richards, who is one of Mrs. Cooper's pupils, last evening made her debut as a Maple City soprano, and she has great reason to feel elated over her reception. She possesses a very sweet soprano voice and her singing gives evidence of the careful work of a master teacher. Miss White, who is a pupil of Samuel Slade, has a magnificent voice. She is progressing very rapidly and will soon take her place in the foremost ranks of Chatham's sopranos.

If special mention should be made of any of Miss Pratt's pupils, Miss Donalda Foreman should be pointed out as a very bright and apt pupil. She has excellent interpretation for so young a girl. Miss V. Smith gives indications of a very careful student and a thoughtful worker. Miss Flossie Bogart, who was perhaps the most experienced student of the evening, played very sweetly and well deserved the applause which was given her.

Miss Lillian Pratt, who is well known as a careful and conscientious teacher, has given evidence of this through the work of her pupils last evening. Their tempo, pedaling, phrasing, rhythm and tone were as near perfection as one could expect from young performers, nearly all of whom appeared for the first time, while the general character of the playing displayed a breadth and fullness of style that spoke volumes for Miss Pratt's ability to make players of her pupils. She is indeed to be warmly congratulated for the excellent showing which she made.

Mrs. Pratt wishes to thank the ladies and gentlemen who so kindly assisted her last evening, and also to specially thank Frank Babcock for the use of his magnificent Mason & Ritchie piano.

The Function

of the kidneys is one of the most important in the human economy. Into everything we eat and drink, no matter how "pure" the food is labeled nor how careful we are, poisons enter. Were we not provided with organs especially designed against these poisons, human life would soon perish. The kidneys are the filters of the blood. They catch the poison in the food and expel it from the system. To do this they must be healthy and vigorous. When they are weak, or overworked, or clogged, or handicapped by disease in even a slight degree, they work imperfectly, or not at all. The best remedy for disordered kidneys is

HOUSE OF COMMONS.

Mr. Blair's Railway Bill—Practice of Rifle-shooting.

Ottawa, May 30.—A perfectly independent observer remarked that the House "did not seem to get much forrarder." Mr. Blair's railway commission bill was considered for a couple of hours this afternoon, but practically no progress was made with it. To-night the militia estimates were disposed of, and half an hour was spent on the customs estimates, but none were passed. The House adjourned at 11:30 o'clock.

Col. Sam Hughes wanted to know what was done by the Militia Department in the way of furnishing rifles for schools to promote rifle-shooting. Sir Frederick said there was no authority for issuing rifles to schools. He intimated that a bill he proposed to bring down to would grant this authority. The rifle clubs encouraged by the Government are growing in number and importance. Though the bill for their organization was only passed last year, Sir Frederick Borden told the House that they had been largely organized in every province. The total civilian membership was now about 20,000.

Dr. Sproule deprecated the formation of cadet corps, as tending toward militarism and the demoralization of youth, and related an incident which came under his observation not long since, where he saw a corps of boys armed with wooden guns and all smoking cigarettes.

Mr. Ingers and Lieut. Col. Hughes took Dr. Sproule to task for his deprecatory remarks, and asserted that the benefit derived by youths from being subjected to military discipline and drill in the cadet corps was of the greatest value in the formation of character and physical development. Lieut. Col. Hughes suggested that Dr. Sproule had been negligent of his duty in that he had not stopped the cadet corps to which reference had been made and given them a moral lesson and lecture upon the evils of cigarette smoking.

LOOKS BAD FOR PRIOR.

Crooked Work in Connection With a Tender.

Victoria, B.C., May 30.—The special committee appointed by the House to investigate the charge against Col. Prior in connection with securing for his firm the contract for supplying the cable for Chimney Creek bridge, reported to the House. The report was really only a digest of the evidence. This was to the effect that tenders were asked for from four firms, that after their receipt they were taken to Col. Prior, who was acting as Chief Commissioner of Public Works, to award the contract; that he asked why the firm of Prior & Co. could not tender, and instructed the Engineering Department to ask them to do so. Subsequently Col. Prior sent to the engineer for papers in connection with the matter, and also for one of the clerk's of his firm.

Prior and the clerk swear the contents of the other tenders were not disclosed by Prior to his clerk or to the firm, but that they only discussed the specifications. The clerk of the department took the document, says he did not give Prior the specifications, but the tenders only. Prior disclaims giving his firm the benefit of his information, but the firm afterwards secured the contract, being the lowest tender. Prior in the House admitted he was indiscreet, but said he was not dishonest.

The House yesterday unanimously adopted the report of the committee, the Premier being severely criticized. After the vote Prior said he would submit a report and the evidence, to himself in his hand, and leave Martin making a final appeal on behalf of Prior to get supply.

It is believed the Lieutenant-Governor will refuse Col. Prior dissolution and tend for Mr. O'Brien, leader of the Opposition; Mr. Oliver, who pressed the charges and caused the dissolution of the Government. Mr. McInnes, who claims eleven Liberals in the House, will support him or Mr. Martin.

LACROSSE

McKEOUGH SCHOOL WON.

There was an interesting game of lacrosse on Tecumseh Park Friday afternoon between McKeough school and Central school, the North Chatham boys winning by a score of 2 to 1. It was a close game and both teams did well.

FOOTBALL

NEW CHAMPIONS.

"I want three goals to-day," said Captain C. B. Sissons of the Football Club as the boys were driving out to Darrell yesterday.

"You'll get them," came from every side, and one more enthusiastic than the rest said, "Oh, gawd! boys. We'll make it six."

But Captain Sissons had called the turn and the other fellows didn't get as many.

Two large rigs filled with players and enthusiastic rooters went to Darrell yesterday afternoon about 3:30 o'clock to win the eastern championship of the Peninsula League, and they were successful.

Referee Jos. Butler, of Windsor, blew his whistle just about five o'clock for the start of the game. Chatham had the choice of goals and Darrell the kick off, but before we go farther, mention should be made that Captain Sissons was the wisest kind of captain in choosing the end, as during the interval between the first and second halves the wind changed right with Chatham.

Fisher, centre forward for Darrell, had no sooner kicked the ball off than it was in Chatham hands, and Smith and Kellington on the left wing were taking it up the side. They were blocked, however, by Boulton, who relieved nicely, and the ball returned to Chatham's hands. Not to stay, however, as it was soon back and just three minutes after play began, from a beautiful drop from Fraser, Anderson speeded the ball through the aperture for the first goal.

The play from now seemed to move down to Chatham territory and the way Darrell forwards worked and worked on them was a caution. Sissons and Flowers, however, at full back were right at themselves and saved many a rush, and relied cleverly on many occasions. Chatham forwards again secured the leather and down to Darrell it went, Anderson scoring another goal after some excellent combination work on the part of the forward line.

Baker, Chatham's star goal keeper, had first class chances for showing his ability, and the Chatham rooters were far from disappointed. One particularly good stop was made on a clever and speedy shot of Roy Abraham on the right wing.

And this ended the first half—2-0 in favor of Chatham.

In order now to win the championship of the eastern section it was up to Darrell to make the goals in the last half. Darrell seemed to know it and were right at themselves, digging in like Trojans. The first ten minutes was just nip and tuck for supremacy, then Darrell seemed to get a minute or two, and they sifted the ball through at close quarters, Baker just touching it.

The Chatham half back line had weakened and Darrell seemed in control. As soon as a minute or two had passed the ball they were upon the full backs, and many were the scrammages close to the Maple City citadel. In one of these Flowers had the ball and his only chance was to kick it behind. He did. 'Twas a corner kick and well kicked, resulting in the tying of the score by Jinks.

Darrell rooters and players ran across the field, up and down, shaking hands with themselves.

But all the scoring wasn't done yet, and in a scrimmage near the Darrell goal Kellington put the ball between the stakes, scoring the winning goal. This finished the scoring and the game was won.

KORNER KICKS.

Champions eastern section!

"Hyaleka, Hyaleka, Boomaleka, Boomaleka, Boomaleka, Boomaleka, Chatham, Boo Ray Bee, Chatham, One, two, three," such was the yell of the boys on the home.

Sandwich next week. Well, here's luck.

Baker made some fine stops.

Chathamites were many on the field. Many boys had ridden out the railroad track on their wheels.

Messer played well.

The plucky Darrell team are no longer champions.

Among the enthusiastic spectators who encouraged the Chatham boys along were Dr. A. W. Thornton, A. I. McCall and Mort. Sheldon, all old players.

This is the first time this season that Chatham has been scored upon, and even then it didn't count.

Two men who particularly deserved the victory are Captain Sissons and Manager Messer.

Rev. Mr. Kellington is so far the champion scorer of the Chatham team. Of the eight goals scored this year he has notched three.

Max Fraser put in some splendid and effective drops on goal. It was from this perfect corner kick that Kellington scored his goal.

McNaughton at centre half did some magnificent work.

That Chatham defence is hard to beat.
