---CARPETS AND RUGS---

This season has been a record breaker in our Carpet department. The extraordinary values we were able to offer in Carpets increased or added to a wonderful extent. Our Carpet men are keen to make the month of June keep pace with April and May, so that you will be well served with special values in Carpets and Rugs for June.

1.00 Brussels Carpets made and laid for 70c
1.50 Wilton " " " " 1.25
1.50 Brussels " " " " 1.05
Room Rugs—All Sizes—Special Values.

---SILKS---

We have 50 pieces of Japan corded wash Silks, in the latest stripes you can imagine. No material makes a prettier Summer Waist or more serviceable. The weather has been a little cool to sell them as rapidly as we would like, so we are going to give them a great big push on Saturday and Monday only and mark them at them at the ridiculously low price, **19c A YARD**.

MILLINERY

It takes an artist to make a pretty Hat, and that artist must have the proper materials to work with to produce the correct effects. We have the best artists in Ontario at work in our Millinery department and we provide them with the latest materials direct from Paris, France. Special at **\$2.50 TO \$4.00**. See Specials in West Window.

LADIES' GLOVES

Fabric Gloves form an indispensable article of dress this Summer and the question is where to get the latest selection. Come in and see ours on Saturday. We can give you almost any style you can ask for, Lace Lisle Thread and Lace Olives, done fasteners, in White, Black, Grey, Tan and Browns, all sizes, very special value at a pair, **25 CENTS**.

MODERATE RATES.

Write for particulars.

The Chatham Mineral Water Company, Limited

SEARCH OUT THE LAND

Whitney Government Authorizes Wide Explorations.

Northern Ontario Expeditions Will Seek for Mineral Wealth and Locate Good Agricultural Land—Bureau of Mines Will Do Much Work in a Systematic Fashion—Petroleum and Natural Gas Areas Also.

Toronto, June 3.—Under the direction of Hon. Mr. Foy, the Bureau of Mines has made arrangements for carrying on during the present season a systematic exploration of certain portions of New Ontario, including both mineral bearing regions and districts believed to be more agricultural in their character.

Parties are being sent out as follows: (1) Into the Michipicott Mining Division, to complete the investigation of the iron ranges, the party to be in charge of Dr. A. P. Coleman, who has already worked over part of the field; (2) Into the region west and northwest of Lake Abitibi, where a considerable section of the great clay belt will this season be subdivided into townships and farm lots, the party to be in charge of H. L. Kear of Toronto University, geologist, assisted by Archibald Henderson, late of the Ontario Agricultural College, as agricultural expert; (3) Into the district near Chapleau Station, on the Canadian Pacific Railway, where a somewhat extensive area of good land is to be surveyed into farm lots, and in the vicinity of which places from ore are known to exist. Benjamin Tott of Newboro being in charge of the bureau's work; and (4) Into the Loon Lake iron region in and near the Township of McIntyre, east of Port Arthur, where L. P. Silver will examine and report upon the iron ore deposits, zinc ores and other minerals of the locality.

Prof. W. G. Miller, Provincial Geologist, will continue the examination of the rich silver-cobalt area on the T. & N. O. Railway, which has attracted so much attention, and will also institute a thorough enquiry into the clay and shale resources of the Province, being assisted in the latter work by M. B. Baker of Queen's University, Kingston, and also by E. T. Conklin, Inspector of Mines. In addition the bureau has made special provision for procuring particulars regarding the important developments now going on in the petroleum and natural gas area of the southwestern Ontario.

New Teachers For O. A. C. Toronto, June 3.—Hon. Nelson Monro, Minister of Agriculture, announces the following appointments on the staff of Macdonald Institute at Guelph:

Miss Isabella M. Speller, Toronto, succeeds Miss Roberts, resigned, as instructor in domestic art; Miss Grace Greenwood to be instructor in domestic science, vice Miss Pierce, resigned.

Ernest W. Kendall, Brockville, to be assistant instructor in manual training. IN NORTH OXFORD. The Campaign Waxing Hot and Many Meetings Held. Woodstock, June 3.—Mr. R. B. Bennett of Calgary spoke here in Mr. Wallace's behalf last night. On the platform was Liberal Barrister Clifford Kemp, who will oppose the Conservative candidate on account of the autonomy bill. The first speaker was Dr. Welford, an ex-Liberal. Mr. Bennett's speech is said to be the best speech ever heard here.

Sir William Mulock was billed to speak here last night in the Town Hall, but for some reason, not stated, cancelled his meeting.

The Conservative candidate, Mr. Wallace, was at Lakeside last night; Mr. Smith spoke at Richmond, and Hon. Frank Oliver held forth at Thamesford. OBJECT OF THE BALLOT. To Let Electors Vote Not to Maintain Secrecy. Ottawa, June 3.—The Wentworth election case, the appeal of the Liberal candidate, W. O. Seeley, was called in the Supreme Court yesterday.

Mr. Aylesworth, in opening the case, said that both sides were agreed as to the facts. It was a mere question of law. The question was whether the improperly "hundred" ballots at the poll referred to should or should not be counted. In the opinion of Mr. Aylesworth they might be counted, the object of the ballot being primarily to enable the elector to record his vote, secrecy being a minor consideration. The court reserved judgment.

Another Liberal Triumph. London, June 3.—The bye-election in the Whitley division, the north riding of Yorkshire Thursday, following the succession of Ernest W. Beckett to the Grimthorpe peerage owing to the death of his uncle (Baron Grimthorpe), April 23, resulted in the election of a Liberal, Noel Bouxton, by a majority of 445 over George Beckett, Unionist, brother of the late member for Whitley. This victory, a crushing defeat for the Government, as the election was fought mainly on the fiscal question, and in view of the fact that Whitley had been a Conservative stronghold for twenty years.

Rev. John James, D. D., Dead. Paris, June 3.—The Rev. John James, D. D., one of the most venerable divines in the Presbyterian Church in Canada, died at his home here yesterday morning. He had reached his 80th year, and for a number of years had lived in Paris, after having retired from the active duties of the ministry.

A WARNING

The Bicyclists Who Ride on the Foot Bridge or the Sidewalk Will be Vigorously Prosecuted

"Some people have got some very queer ideas in their heads regarding that sign warning people to keep from riding over the Park foot-bridge," said Police Officer Tom Groves this morning. "They seem to think that because the sign reads that they are prohibited from riding 'over' the bridge that they are safe if they ride on it, jump off their wheels, and then jump on again, they are safe from the law, but they will find out differently if they are brought up before the Magistrate. They will be prosecuted if they ride on the bridge or either of the approaches. From this out all offenders in this or any other respect of riding on the sidewalk will be prosecuted if the police see them."

There is another dangerous spot right at the sidewalk. Bicyclists seem to think they can ride right up on the sidewalk there, but they cannot, and must stay in the future. There is a great deal of traffic right at the post office east end, and it is very apt to happen from bicyclists riding on the sidewalk. This will serve as a notice to all wheelmen who will have to watch themselves now or they will have to pay money into the city coffers."

VETERAN SHOT

Remarkable Record of David Smith of Dover, at the Tournament Yesterday.

One of the unique and memorable incidents of yesterday's shooting tournament was the remarkable marksmanship of David Smith, the well-known Dover farmer and father of Barrister W. Frank Smith, of this city. Mr. Smith was 71 years of age last February and entered in a 30 bird sweep. He donned his spectacles, raised the gun and killed 18 straight and also by E. T. Conklin, Inspector of Mines. In addition the bureau has made special provision for procuring particulars regarding the important developments now going on in the petroleum and natural gas area of the southwestern Ontario.

STRONG PLEA

Warden of Our County, Himself a Strong Conservative Appeals for Re-consideration of Pleasance Case.

"I am glad to see the position so many of my good Conservative friends are taking in reference to the Pleasance license at the Rankin House," said Warden John Vester, of Kent County—himself a loyal and ardent Conservative—in an interview this morning, "and I have much faith that the Commissioners, who are men I highly esteem, will yet reconsider the matter and give the license."

"I have stayed at the Rankin a great deal and it is one of the best hotels in the West and Pleasance is one of the best and most courteous proprietors I ever met. The people out in the country feel very strongly about the matter. "Fortunate Government and our Commissioners are not responsible for the past. We are starting a new and better era and we want to keep our standards high and creditable. A great issue has been made of the administration of our license department and the life and reputation of our Government is being put in the hands of our license boards. It will be a sad mistake if we let old-time political feelings creep in right at the outset. Conservatism is too big to be guided by any petty motives."

THE NEW PAPER

Cordially The Planet welcomes to the local journalistic arena its new weekly contemporary The Chatham Press, the initial issue of which was published yesterday and created much favorable comment. The Press is edited by Mr. J. W. Young, formerly city editor of this journal, while Mr. Con. E. Shea is its business manager. The issue of yesterday gives splendid assurance of a long and useful existence. Its policy is admirably expressed as "independent, but not neutral," and it promises to become a vigorous and energetic journalistic force. It is devoted wholly to the public interest and independent alike of political exigency and corporate influences. A paper with such a mission will find a field in any progressive community and, in so far as The Press adheres to the public spirited program outlined, it will develop and become a power for good. The Press is brightly and ably edited, it contains many unique and interesting news articles, has a capital mechanical outfit and presents a clean and attractive appearance. It contains, moreover, several columns of tastefully designed advertisements, a tribute to the confidence of our enterprising merchants in its future. Very heartily The Planet congratulates its new contemporary and wishes for it long life and prosperity.

WOUNDED CAST IN SEA

Russ Method to Render Groans and Shrieks Harmless.

Remarkable Story That 140 Sailors Were Thrown Overboard From Battleship Orel, Whose Crew Fought With Distinguished Bravery—How a Single Jap Torpedo Put the Battleship Out of Business—Cruiser Jemchug Was Sunk.

Tokio, June 3.—It is planned to bring the battleship Orel to Yokosuka, where the Emperor will visit her. A remarkable story is in circulation concerning the wounded on the Orel. It is said that at the opening of the fight 300 men were killed and wounded and that the groans and shrieks of the wounded exercised so harmful an effect that it was decided to throw the mortally wounded into the sea. One hundred and forty, it is said, were thrown overboard. Those slightly wounded were then fastened to the mast to prevent their interference with the fighting of the ship.

Torpedo Went Through Vessel. London, June 3.—The Daily Telegraph gives a story told by Capt. Bolinoff, commander of the Russian cruiser Admiral Nakhimov. The captain says: "We chose the shortest route to Vladivostok, passing a certain strait. We were unannounced by the Japanese fleet and were completely surrounded."

"Our position was hopeless from the beginning of the battle. We had indeed fallen into a bitter trap. It was cruel, moreover, for the Japanese selected the engine room of my ship as a target. A torpedo went straight through my vessel and we lost our fighting power and were unable to move in any way."

"We launched the boats and embarked 600 of the crew, who were rescued by the Japanese. I, with the navigator, determined to share the fate of our ship, which sank. We were drawn underneath by the suction and waited about till we lost our breath. We forgot everything, but were rescued by the Japanese. I had intended to die and floated about in the water, as it seemed, for hours, watching the scene created by the explosion of Japanese shells."

Tokio, June 3.—Admiral Togo, telegraphing Wednesday, says: "The ships sent northward to search for Russian ships returned yesterday. The cruisers Iwate and Yakumo and other vessels sent southward to find Russian ships returned yesterday. They thoroughly searched the Shanghai course from Tsushima and yesterday, but on both sides found no trace of the Russians."

The admiral on board the cruiser Iwate reports: "During the battle on May 27, at 3:07 p. m., the cruiser Iwate vigorously attacked the protected cruiser Jemchug at a distance of three thousand metres. The Jemchug sank in one minute. The loss of the Jemchug is therefore confirmed."

"During the engagement fire broke out on the Jemchug and smoke concealed the hull of the vessel. Consequently the remainder of our fleet were unable to see the ship."

Probably 10,000 Russians Perished. St. Petersburg, June 3.—The Admiralty has not yet been able to estimate even approximately the loss of men, but the ships were over rather than under. The total will be greater than the ordinary complement of the vessels would indicate, and probably will exceed 10,000, if only about 4,000 were saved."

To Summon a Zabor. St. Petersburg, June 3.—Although official confirmation is lacking, the Associated Press again hears on very high authority that Emperor Nicholas has resolved to follow the ancient traditions of the house of Romanoff and summon a Zemsky Zabor to meet in the ancient capital of Moscow, to decide on peace or war, and determine the form and prerogatives of the future Russian Parliament.

Negotiations for the Scapagoat. St. Petersburg, June 3.—Feeling in the Admiralty against Rear-Admiral Nebogatoff continues to run high, the majority of the naval authorities being deaf to the appeals of the few who insist that the Admiral's action in surrendering his warships should not be condemned until the circumstances become fully known. The majority say they could forgive anything but surrender, and point to the precedent set in the case of the Russian warship Raphael, which in 1829, during the Russo-Turkish war, struck its colors to three Turkish ships, which surrounded it. Nicholas I. ordered shot all the officers and crew and destroyed the vessel. Many naval authorities declare that the emperor should reserve the same fate for Admiral Nebogatoff.

Lists of the Dead. In order to relieve the suspense of thousands of families Russia has appealed to France to secure, through the French Minister at Tokyo, the most complete list possible of the Russian officers and men who perished or were saved. The fate of hundreds will probably never be established.

Wave Rising at Loda. Loda, Russian Poland, June 3.—There was a renewal of rioting here yesterday morning. A crowd of people stoned a detachment of Cossacks, and the latter fired killing two persons and wounding others.

IDEAL OUTING

Throngs Attend the Delightful Moonlight of the Popular Non-Coms.—Band's Splendid Music.

The Non-Coms of the 24th Regiment held a very successful "Moonlight" excursion, for steamer "City of Chatham" last evening. About 600 people took advantage of the beautiful evening and the opportunity of having a splendid sail down the Thames.

The Non-Coms made a reputation for themselves as satisfaction-givers during the past winter in their Rink enterprise and maintained their fine reputation last evening. All on board seemed to thoroughly enjoy the entertainment. The Regiment Band, under the leadership of Watson H. Walker, played exceedingly well and much merited the many encores passed out to them by those on board.

The Non-Coms will in all probability clear \$75. Probably much of the success of this splendid outing is due to the energy and ability of the able and popular secretary and advertising manager, Sgt. S. A. Reid. Mr. Reid's unique, clever and enterprising methods of newspaper advertising attracted much interest and many compliments.

TILBURY FIRE

Bad Blaze Breaks Out in Crawford's Handle Factory—Good Work by Firemen.

From The Planet Correspondent. Tilbury, June 3.—W. C. Crawford's handle factory, Tilbury's chief industry, had a narrow escape from fire about 7:30 last evening. When the alarm was sounded the fire had a big start, and the roof and upper floor over the engine house all ablaze. Fortunately the wind was light and the fire department, making a quick response, devoted themselves to preventing the flames from spreading to the east of the big rambling frame structure, and succeeded beyond the hopes of all. An hour later the flames were under complete control, and while the loss will be heavy, the stock and a great portion of the machinery will suffer but little damage. The fire occurred at a most unfortunate time, as Mr. Crawford had \$30,000 worth of handles all ready for shipment. It is not as yet to approximate his loss, which will be heavy, but is fully covered by insurance. This fire shows the need of better protection on Youngs street and in the vicinity of the millinery industry of the village.

Mr. Crawford, whose factory was damaged last evening, was insured in the Waterloo Mutual, the London Mutual and the York Mutual. W. C. Crawford is well pleased over the success of the firemen in saving his factory. While he carried \$7,500 on insurance on building and stock, if the building had been destroyed, which looked likely at one time, his loss would have been at \$12,000 over and above his insurance. The engine and boiler are unharmed, and he expects to have the factory running next week.

MAKING MONEY

"I am making the city stone crusher pay as she never paid before," commented City Engineer E. J. Wones last evening. "People are under the impression that the stone crusher is a white elephant on our hands, but the old white elephant is certainly doing good work these days. We have been engaged in crushing stone for the new armories and have been clearing an average of \$14 per day working for the Government. There are other buildings going up that will require crushed stone and we can provide it just as cheaply as they can get anywhere."

"I am going to put the crusher right on the market square, where we have plenty of cobblestone. I expect that we will be able to realize \$1,000 out of the stone crusher this year."

A NEW INDUSTRY

Agar, Neff & Co., wholesale manufacturing furriers, recently opened a factory in the new Seane Block, King street east, where they manufacture coats and fur garments exclusively, fur lined automobile coats and opera cloaks.

The company are showing a fine range of samples and report business very fair. The company not only manufacture, but also repair, remodel, clean or dye all kinds of furs and fur jackets in Seal skin, Mink, Ermine, Persian and Grey Lamb, Astrakhan, Mink, Sable, Beaver, White Sets and Squirrel, etc.

Ladies are respectfully invited to visit the wareroom. Furs stored and insured.

You may have little power, but you can use it wisely.

Would you like to make an investment that will return the capital invested in a short time, and after that save money for you every month and increase your comfort 100 per cent. every day? If so, we would be glad to have you call and see our cooking appliances. Capital required \$1.00 to \$30.00. Gas Co.

When you know you have a Liver

Fruit-a-tives let you forget it. Nothing makes you so thoroughly uncomfortable as a torpid liver—and nothing makes you so thoroughly comfortable as Fruit-a-tives.

Fruit-a-tives wake up the liver like a cold bath glows the skin—make the liver give up more bile—make the bowels move regularly—clean the stomach—clear up the complexion.

"I have had a good chance to try your Fruit-a-tives as I have been in bed for a week with a Bilious Attack. I am now getting around fine. Thanks to Fruit-a-tives. I have used nearly a box and they do their work all right."

Mrs. F. D. WALLIS, St. Mary's, Ont.

Fruit-a-tives are the discovery of an Ottawa physician. After years of experimenting, he accidentally found the secret process by which fruit juices can be combined and their medicinal action greatly intensified. It is this secret process which gives Fruit-a-tives their remarkable powers over the stomach, liver and kidneys.

If you are bilious, constipated, have sick headaches, sick stomach, no appetite, nervous—get well by taking

Fruit-a-tives

or Fruit Liver Tablets.

Manufactured by Fruit-a-tives Limited, Ottawa.

When Leather Was Money.

Leather was very early used as a currency, the Romans employing it for this purpose before either gold, silver or brass came into common use. History is full of references showing that leather was used by the ancients as a sort of circulating medium of exchange. It is said on good authority that so late as during the reign of Louis XII. of France the country became so impoverished and as a consequence money was so scarce that little pieces of leather with a small silver nail driven through each were in general use as money. Some few specimens of this leather money are still in existence, but are only to be found in the possession of numismatists, by whom they are highly prized.

Cultivate Your Wife's Friendship.

If a man has a good wife he has the best friend it is possible to have. "A man's best friend," says Bulwer Lytton, "is a wife of good sense and good heart, whom he loves and who loves him. In woman there are at once a subtle delicacy of tact and a plain soundness of judgment which are rarely combined to an equal degree in a man. A woman, if she be really your friend, will have a sensitive regard for your character, honor and reputation. She will seldom counsel you to do a shabby thing, for a woman always desires to be proud of you. At the same time her constitutional timidity makes her more cautious than your male friend. She therefore seldom counsels you to do an imprudent deed."

Minard's Liniment Cures Burns, etc.

Try.

Try to be something in this world, and you will be something. Aim at excellence, and excellence will be attained. This is the greatest secret of success and eminence. "I cannot do it," never accomplished anything. "I will try" has wrought wonders.

Man's Vanity.

There is no exaggerated and barefaced compliment a man will not swallow greedily if it be served up by a woman. And his complacency under the process of swallowing is something delicious to witness.

Defiance of American Girls.

A generally ignored point in assessing the many reasons why American girls are so popular is the very captivating shade of defiance with which they treat those older than themselves.

Time to Break.

Miss Ascum—Have you really broken off your engagement to him? Miss Flydie—Oh, yes, I just had to. He was getting too sentimental—began to talk to me about matrimony.

Men are sent into the world with bills of credit and seldom draw to their full extent.—Walpole.

Self-reliance is self-sustaining. A man should be built from within, but not from without.

The only sure things are those that are behind us.

In Vanity Fair.

A Woman wishing to purchase Happiness at any price was directed to a booth in Vanity Fair.

"I wish," she said, "to buy a Woman's Friendship."

"Madam," said the Clerk in attendance, "such commodities are not for sale. I am told, however, that they are awarded to deserving applicants at a house on Good Fellow Street. There are two women passing yonder with a Friendship between them."

"I have neither time nor strength to go so far," said the Woman wearily.

"I shall have to buy Love instead."

"That is not for sale here either, but you will find many Occasions when it is given away unasked."

"Why do you continue searching among your wares?"

"I find I have been mistaken. Here, after all, is something labeled Love."

"Ah, but I see quite well that this is not the genuine article."

"Madam," whispered the Shopman, not to be overheard, "we have no genuine articles. All our wares are imitation."

A Story of Joe Manley.

Chief Justice Fuller of the United States supreme court was on a visit to Maine some years ago and while there was entertained by Joe Manley. Mr. Manley was held in great reverence by his fellow citizens all over Maine and especially in Augusta, his home. He

"I have no more nervous headaches and rest very well at night."

When a woman suffers from female weakness and irregularity or other forms of womanly disease, the effect is certain to be marked in her nervous system, the general effect being, as in Mrs. Woodin's case, "nervous headaches, restlessness at night," and a run-down condition of the system.

It is simply common sense, then, which says if you cure the female weakness, irregularity, etc., you will cure the nervousness, sleeplessness and other consequences of womanly disease.

Dr. Pierce's Favorite Prescription cures the womanly diseases which undermine the general health. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It cures nervousness, sleeplessness, etc., by curing the womanly diseases which cause these ailments.

Sick women are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I feel more than grateful to you for the benefit I have received from Dr. Pierce's Favorite Prescription and Golden Medical Discovery."

Dutchess Co., N. Y., care of Box No. 1. "For a number of years I had been troubled with female weakness, nervous headaches, irregularity, restlessness at night, and in fact was all run-down, but after taking four bottles of Favorite Prescription and one of Golden Medical Discovery, I am entirely cured. I have no more nervous headaches, and rest very well at night; in fact, feel like a different person."

"I earnestly advise all who suffer from any of the troubles to write to Dr. Pierce at once. I will not regret it."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

Office: 26 King St. East, over Turner's Drug Store Phone 357.

"there is no resurrection of spirit or body," was completely overthrown by the resurrection of the human body of our Lord. If He never rose out of a man who had lived and died 1900 years ago is rank folly, and all who have, or will die, perish. Read Paul's splendid argument on this subject, 1 Cor. 15, 12-20.

Note the loving disciples and followers of our Lord, yet they were moved by their natural feelings and not by faith in His lessons and His word—we are often like them.

Mary wept over a dead Christ when she should have been rejoicing in a risen Saviour. No wonder, the angels exclaimed, "Woman, why weepst thou?" A large share of our tears come from our unbelief and ignorance; our giving way to human emotion instead of trusting the truth of God.

Although the disciples were glad and rejoiced with human joy when they saw the Lord, yet until they received the Holy Spirit, their joy was not complete. It was the joy of the Lord, which is our strength, enabling us to forgive all who sin against us, even our enemies, and not only forgive them, but love them. See 22nd verse and Paul in Romans 9, 3.

The Evangelistic Union are acutely to supply vacancies to-morrow as follows:

F. Ward—Jericho and Green Bush Churches.

E. Putnam—Union Hall.

Logan—Jeanette's Creek, Providence and Shreeves Churches.

W. Martin—For the Methodist and Presbyterian Churches of Tilbury.

Miss Craft and Miss Maggs—Union Hall, at night.

Young Men's Club Tuesday evening at 8, in S. S. Hall.

Epworth League Monday evening at 8, in S. S. Hall.

Later Day Saints.

Services will be conducted to-morrow as usual.

Sunday school to-morrow afternoon at 2 o'clock.

Prayer service at 3 o'clock to-morrow afternoon.

Regular weekly prayer meeting on Wednesday evening at 8.

Religious Society will meet on Friday

SYSTEMIC CATARRH

IS LITTLE UNDERSTOOD.

It Claims Thousands—A Prominent Canadian Cured.

WARM weather, poor appetite, ice cold drinks and foods cause a general derangement of the entire system. Stomach troubles follow. Bilelessness, indigestion and general derangement of the stomach are caused by a diseased condition. This is generally, if rightly termed, catarrh of the stomach.

Catarrh will attack that organ of the body which is the weakest. If it be the stomach—Peruna cures catarrh of the stomach. Peruna cures catarrh wherever located.

Mr. Arthur Perks, late of England, writes from 80 Cathart St., Montreal, Can., as follows:

"I have used your Peruna for indigestion and kidney trouble and find it an excellent remedy for these complaints. I cheerfully recommend Peruna for indigestion and kidney disease."—Arthur Perks.

Peruna—A Systemic Catarrh Remedy.

Mr. E. C. Pinsonneault, box 64, Prescott, Ont., member Order of the World, of Holyot, writes:

"Peruna is a most excellent preparation, especially for stomach troubles, constipation and catarrh. It acts as a stimulating tonic for the entire system, induces good appetite and regulates the bowels."

"I have found it very pleasant to take and very effective and one of the very few medicines which deserve endorsement."

"It is often a serious question to know what medicine is reliable, and I am therefore glad to give my experience with Peruna, believing that it will continue to give general satisfaction."—E. C. Pinsonneault.

Peruna will be found to effect an immediate and lasting cure in all cases of systemic catarrh. It acts quickly and beneficially on the diseased mucous membranes, and with healthy mucous membranes, catarrh can no longer exist.

Completely Cured by Peruna.

Mr. J. E. Lacombe, 1018 Chausse, Montreal, Can., writes:

"I suffered for a long time with liver trouble and after having used several remedies without good results, I resolved to try Peruna. After a comparatively short treatment, I am completely cured."

day evening at 8 o'clock.

Salvation Army.

Salvation Army, Union Depot—Knee drill at 7 a.m., meeting for promotion of holiness at 11 a.m., Christian fellowship meeting at 3 p.m., and winning service at 7.30 p.m. All services for citizens and soldiers.

Camp

DRS. CORNELL & FISHER

THE LOCAL BUDGET

Moonlight, June 9th.
L. Fisher, of Wallaceburg, was in the city yesterday.

Next moonlight, June 9th, auspices Park street League.

Ed. Thompson, of Blenheim, spent yesterday in the city.

Licence Inspector Thos. Doon, of East Kent, was in the city to-day.

Moonlight, Park street League, June 9th.

Farmers report a light frost, but little damage therefrom, last night.

Mrs. E. A. Moutser, Lorne Ave., is confined to her home through illness.

Clare Monteith has consented to sing a solo to-morrow evening in Christ Church.

Robert Deyo, of Toronto, an old Chatham boy, is spending a couple of days in town.

The regular monthly meeting of the Separate School Board will be held on Monday evening.

The civil paymasters for the past week were—Board of Works \$216.50, and local improvements \$31.85.

Colonel Rankin returned last evening from Peterboro, where he has been sitting as Drainage Referee on cases there.

C. W. Baxter, Adelaide street, will deliver a lecture at the cemetery if bought before one o'clock on Monday, June 5.

One of our Chatham ladies nearly dropped dead this a. m. when she saw the United burgans. Come prepared to be surprised.

The general meeting of the C. C. I. Board will be held on Monday, when the teachers will be re-elected and other important matters dealt with.

The funeral of the late Mrs. Williams, of the River Road, Raleigh, took place yesterday from the family residence to St. Joseph's church.

The funeral of the late Mrs. Wilfaubert, Sandys street, took place this afternoon from her late residence to St. Joseph's church and from thence to St. Anthony's cemetery.

The work of excavating for the new building of the Defence Iron Works is well under way. The factory will be situated on LaSalle street near the G. T. R. tracks.

The work of tearing down the old Ratley House will be commenced on Monday. The new building will be erected under the supervision of architect J. L. Wilson & Son.

One could scarcely turn around in Chatham some time ago without much cost, but now you can turn around and get turnovers for 50c and 10c at the Urban Store.

The many friends of the Rev. Mr. Locke, of Leamington will be pleased to hear that he has recovered sufficiently to be able to leave the hospital.

Mr. Austin, chairman of the Industrial committee, hints that he will soon be able to announce the securing of a very large new industry for the city.

A joint meeting of the committees of the county and Tilbury East is being held in Harrison Hall this afternoon, when tenders for the bridge over Jeanette's Creek will be opened and dealt with.

As the contractors take charge of the First Presbyterian Church on Monday, the Regimental Church Parade will be held to-morrow evening to that church, and to Victoria Ave. Methodist Church the Sunday following.

The farmers that are in the city to-day all state that the crops of this year are very superior to those of last year. This has been an excellent season as the spring came on very gradually with plenty of rain. Every farmer in the city today is happy and well satisfied with the harvest outlook.

Catherine Thomas, well known in the city, died this morning of Grave's disease after an illness of several months. Deceased was a sister of Miss Thomas of the General Hospital staff and of Mrs. McLean, and was an aunt of Mrs. Pilkey, Cross street.

The body will be taken to Sarnia for interment.

The funeral of the late Mrs. Isaac Smith took place yesterday afternoon from her late residence, Princess St., to Maple Leaf Cemetery. The large attendance at the obsequies testified to the high esteem in which the deceased lady had attained in the community. The pall-bearers were, Robt. Hoig, Ward Stanworth, Andrew Thomson, W. S. Marshall, G. W. Sulman and John Tarnag.

When a woman comes a man loves her there comes a feeling of the sweetest contentment.

Even the carman occasionally has a stroke of luck.

MERRY PARTY

A Number of Local Fishermen Enjoy a Pleasant Day's Outing at the Lighthouse.

A merry party of pleasure seekers spent yesterday at the mouth of the river, presumably on a fishing excursion. The party was composed of Mac Gardner, Capt. McLaren, Frank Bedford, Dr. Russell, Will Stone, Frank Tschirhart, Will Turner and Joe Tilt.

They left the city early in the morning in Walter Stone's launch, which was under the command of Engineer James Trotter, and after several delays caused by a defective engine, arrived at the mouth of the river about eleven o'clock. After lunch and refreshments, which were liberally distributed and eagerly enjoyed, the party proceeded to fish, and set their nets.

Some queer stories are afloat as to the amount of fish caught and the manner in which they were captured. It is said the poles were soon abandoned and a fisherman from some place nearby was employed to superintend the hauling in of the nets.

This operation was managed by means of a crank and each man in the party took his turn at twisting the crank, much to his sorrow to-day.

The party, it is said, arrived home in bunches. Some came on the train and the others stuck to the launch and got home some time this morning. Everyone enjoyed the day's outing.

GO TO OTTAWA

His Worship Mayor Cowan, Matthew Wilson, K. C., Wm. Hickey, Reeve of Raleigh, and Hugh Cummings, Reeve of Chatham Township, leave Monday afternoon at five o'clock for Ottawa, where they will appear before the Dominion Parliament with a view to obtaining relief caused from river floods. Word has been received here that the delegation will be heard on Tuesday at twelve o'clock. This is the committee which was appointed to appear before the Government at the meeting of the Reeves recently held in Wilson, Pike & Gundy's offices.

ANOTHER RAILWAY

Herbert E. Stone, of Detroit, is spending a couple of days in the city in the interests of the Windsor, Essex and Lake Shore Electric Railway.

The prospects for the successful formation of this road are at present very bright, and the promoters are pushing forward the preliminary work as fast as possible. In conversation with a Planet reporter this morning Mr. Stone announced that he had nothing to say at present. He is here for the purpose of securing, if possible, an entrance for his road into Chatham, and will try to arrange for a special meeting of the Council to deal with the matter.

HOMESEEKERS' EXCURSIONS TO NORTH WEST.

On June 13th and 27th and July 15th, the Canadian Pacific will sell homeseekers' excursion tickets to Manitoba and the Canadian Northwest. The rate from Ontario points to Winnipeg and return will be \$30, Deloraine \$33, Yorkton \$33, Prince Albert \$38, Calgary \$38.50, and Strathcona \$40.40. Proportionate rates to many other places. Those tickets sold on June 13th will be good to return until August 14th, and on June 27th until August 28th, and July 15th to September 16th. Excursionists can take advantage of our tourist car accommodation. Early application for reservations should be made to Mr. W. Macpherson, city passenger agent, 1 King street East, Toronto. Berth rates in tourist cars are as follows: Winnipeg \$4, Calgary \$6. For further particulars call upon your nearest railway agent, or write E. B. Foster, district passenger agent, 71 Yonge street, Toronto.

There is no such thing as ease within the belief of men and women whose hearts are unselfish.

The fellow who turns up his nose at wages isn't worth a salary.

The man who was driven to destruction had to walk back.

Hot, Cold, Medicinal and Electric BATHS

Massage (general and facial) electro-massage and treatments for all functional troubles. Patients treated in office, or at home as desired. The latest and best system of physical culture taught.

W. H. Robert, Kleg St. opp. Bank of Montreal.

Cut Glass That Is Desirable

The Cut Glass that I am offering you and at such remarkable low prices is manufactured from the very best French blanks and is cut by the best skilled artisans on this continent and is in every way symmetrical, sparkling, brilliant, and beautiful, the color being perfect. My line is most complete and prices range from \$2.00 to \$50.00.

E. J. MacINTYRE, Leading Jeweller and Optician.

A NEW FIRM

James Fleming, manager of the Flavell Produce Co., and L. E. Tillson, lately local agent for the Pere Marquette Railway, have formed a partnership under the style of Fleming & Tillson, dealers in coal and ice, with offices on King street west. Mr. Fleming will continue to manage the Flavell business, and take charge of the office, while Mr. Tillson will manage the outside work. The firm has purchased the stock of the late firm of J. L. Scott & Co. from the Bank of Montreal, and the business already secured by L. E. Tillson will be merged into the new firm, for which The Planet speaks success.

DISTRICT DOINGS

RICHMOND

A football match between Town Hall school, Beattie, and Richmond school, took place at the football grounds at Daniel Jack's 4.30 p. m. Thursday. Richmond school scored 3 goals, Town Hall school 0.

The general talk of the farmers is the electric road. Good many are disappointed because it did not go the Townline. Dover will be greatly benefited by the road, which is now being pushed forward.

Everyone is glad to see Miss Lena Grant home from the hospital.

Mr. Henry Stenton, our horse and cattle dealer, lost a horse out of his pasture on Sunday but captured it on Monday.

The buildings of W. W. Seane, 4th concession, Chatham Township, have recently been destroyed by fire. Mr. Seane losing nearly all his improvements. They were insured.

Richard Steen raised an addition to his barn on Thursday last. It was very windy and the roof had to be put on in a hurry. Everything went together nicely and all enjoyed the good supper after the raising.

BRITAIN IN AFGHANISTAN.

Lord Lansdowne Says Present Position Is Quite Desirable.

London, June 3.—In the House of Lords yesterday Lord Newton (Conservative), asked for further information concerning the recent mission to Afghanistan, headed by Lord Dunsborough, Secretary for Foreign Affairs of the Indian Government, and criticized the treaty, which he said placed Great Britain in a difficult position, because the Ameer at any time might bring on a crisis.

Foreign Secretary Lansdowne said the mission had achieved the main object for which it had been despatched. Great Britain had secured the withdrawal of Russian troops from the defined frontier to go to the Ameer's assistance in the event of an unprovoked attack upon Afghanistan, and the foreign relations of Afghanistan were under British guidance and control.

United States Complained.

Ottawa, June 3.—The United States Government represented to the Imperial Government that the Province of New Brunswick is interfering by means of police on the borders of Maine, and is infringing upon the rights of that State. A communication was sent by the Dominion Government to the Provincial authorities, who replied that they had not infringed upon the rights of Maine and did not intend to.

Old Man Missing.

Brampton, June 3.—On Monday, May 22, Robert Campbell, who is weak-minded, left his home in Campbell's Cross. He is 62 years of age, about 5 feet 7 inches in height. A constant wanderer, he has been missing for some time. He is very quiet and retiring, seldom going near a house, and because of this may be keeping to the bush and out of the way places.

BOARD OF THANKS.

The Ladies' Assisting Society of the Public General Hospital feel deeply grateful to the ministers and congregations of the various churches in the city for the interest shown in charitable work in connection with the Hospital, and for their generous support on May 28th, and gratefully acknowledge the following subscriptions:

Park St. Methodist Church.....\$16.00
Holy Trinity.....7.95
St. Andrew's Church.....25.00
Christ Church.....9.00

Lost—Last evening, a small fraternity pin. Finder will be suitably rewarded by returning same to this office.

Every woman likes to believe that money has no part in the choice of a husband.

The Chatham, Wallaceburg and Lake Erie Railway Company.

Notice is hereby given that a Special General Meeting of the Shareholders of "The Chatham, Wallaceburg and Lake Erie Railway Company" will be held at the Hotel Sanita, in the City of Chatham, in the County of Kent, Ontario, on Tuesday, June 26th, 1935, at the hour of ten o'clock, in the forenoon, for the purpose of authorizing the Directors of the Company to issue bonds, debentures or other securities of the Company, authorizing the execution of a Mortgage on land of the Company, and for the transaction of such other business as the shareholders may deem proper.

By order of the Board of Directors. EDWIN BELL, Secretary.

Dated at Chatham, the 13th day of May, 1935.

A pedigree has its uses when there is something in the present to sustain it.

OBESITY A DISEASE.

Vigorous Measures For Its Removal Should Be Taken.

At middle age certain organs lose functional activity and shrink and waste away, demanding less blood and nerve energy. This decreased need for taking into the body more food than can be oxidized and used either to build up tissue or for the generation of heat and energy. The result is kidney, liver and other excretory organs are overworked in the effort to remove the body wastes and become diseased. Says a writer in the Housekeeper. Then nature stores up this food material in the form of fat in all the lymph spaces, between the fibres of the muscles and a every other old corner in the body where it can be stored away. In time this lifeless, useless structure of fat crowds out muscle, gland and other normal tissues and takes their place. This is what is known as fatty degeneration and always shortens life, ending often in sudden death from heart failure, apoplexy, diabetes or kidney disorders.

The prevention of obesity means regulation of diet, especially in middle life and when changing from an active out of door occupation to a sedentary indoor life. Often the amount of food should be cut down from one-fourth to one-half, especially avoiding fats and sweets, also soft foods, which tend to accumulate in the lymph spaces, and too hearty eating. No wine, beer or alcoholic drink or tea or coffee should be used. At meals even the use of water should be restricted. Exercise should be taken in the open air and deep breathing practiced to increase the intake of oxygen and burn up and oxidize bodily toxic matter.

For those women who are overworked, a fair amount of physical activity, the day should begin with a cold bath, plunge, spray, cold towel rub or sponge bath, after which should be an active exercise in the form of work either in the open air or in a well ventilated room, horseback riding, bicycling or a brisk walk for an hour or two. Exercise in a well ventilated gymnasium may be substituted for the out of door, but is not so effective and invigorating.

POINTED PARAGRAPHS.

A girl is never going to go very far wrong who is a good chum of her father and brothers.

There is a family in every neighborhood which furnishes amusement for the rest and doesn't know it.

Every one has had more happy days in his life than wretched ones, but he lets the wretched ones stand out.

There are so many operations of fate that a man can become distinguished by arriving in heaven all in one piece.

One great trouble in life is that the paths for going wrong are planted so prettily with flowers at the beginning.

Occasionally a disagreeable person will boast that at least he is sincere, but that is no excuse for being disagreeable.

Three things you never discover till there is death in the house: The goodness of the neighbors, the way time drags and how loud the clock ticks.

Fresh Fruit.

"Gold in the morning, silver at noon and lead at night" is always used with reference to fruit. Most people think it means that the explanation of the proverb is that digestion is strongest in the morning and weakens as the day goes on. But you will note that the proverb refers to fruit alone. If it has to do with the digestive power only it should be applied to all foods. The real explanation is very different. It is that fruit freshly gathered is fitted for eating and lessens in value as the hours pass. That is true not of fruit only, but of all vegetables. That which comes direct from the garden to the table is the most palatable and in every way best fitted for consumption.

Deepest Haul Ever Made.

The deepest haul of a net ever made in the world was achieved by Americans off the Tonga Islands, in the South Pacific. The trawl struck bottom 23,000 feet below the surface—that is considerably more than four miles down—but even at that depth animal life was found. These strange beings lived in water whose temperature was constantly just above the freezing point and under a pressure of 9,000 pounds to the square inch. To sink that net and bring it back again took a whole day of steady labor.—St. Nicholas.

Not So Wonderful.

Tourist (in retired village)—So that's the oldest inhabitant? One hundred and seven years old?—wonder you're proud of him. Native—I dunno. He ain't down there in this yer place 'cept 'grow old, and it's took him a sight o' time to do that.

Both Sides of a Question.

"There are many things you can't do with money," said the man who affects philosophy.

"Yes," answered Dustin Star, "but there are a whole lot more things you can't do without it."

One Advantage.

Green—This paper tells of a man who recently married his aunt, Brown—He's in luck. Green—How so? Brown—Being his own uncle now, he will be able to wear his watch regularly.

Setting Her Right.

Mrs. Housekeeper—Jane, are the eggs boiling? Jane (late of Boston)—Most assuredly not, madam. I may safely say, however, that the water is in which they are immersed.—Philadelphia Press.

A SHORT GASEOUS CATHISM FOR MARRIED MEN

Question—How many hours during a year does my wife spend in the kitchen?

Answer—If without a maid, at least three hours per day, or 1,095 per year.

Question—Can I do anything to make these hours brighter for my wife?

Answer—Yes, most decidedly. A Gas Stove will brighten the hours, lighten the labor, make your wife happier, and make cooking a pleasure.

Question—How can these very desirable results be obtained?

Answer—Call at the office of the Gas Co. and find out.

GAS COMPANY.

NEW ADVERTISEMENTS.

TO LET—Cottage at Erieau, furnished, to let for the season. Apply to Thomas Scullard, Victoria Block.

YOUNG MAN WANTED AT ONCE—Over 21 years of age, with fair education and knowledge of farm stock, to take charge of a branch business for an established firm in good position. Make it very plain to your dealer that you know there is no substitute for Perry Davis' Painkiller for external use from neuralgia to a most quiet bite and internally for all bowel disorders.

In accordance with the suggestion of Officer Groves, the local athletic clubs playing on Tecumseh Park will in future furnish line-men and officials with badges to distinguish them.

OUR SELECTIONS

THEY ARE SURE WINNERS. The man who leaves his measure with us for his Summer Suit knows that he has a "sure thing" so far as fit and style are concerned—besides he has something that is exclusive.

We have a splendid assortment of Cheviots and Worsted in the new greys and browns, as well as black and blue Serges.

Morley & Co., The Leading Tailors

THE MARKETS

There was a very good market this morning considering the difficulty the farmers found in obtaining room to display their goods. Eggs have taken a jump from 12c to 15c a dozen. Butter, however, has come down from 18c to 15c and 15c a pound. Other produce remains about the same in price.

Following is the full price list:—

DAIRY PRODUCE.

Eggs, per dozen, 15c.
Butter, per pound, 15c to 15c.
Cheese, each, 30c to 35c.
Ducks, each, 50c.

VEGETABLES.

Celery, 5c to 10c.
Parsnips, per peck, 10c.
Onions, per peck, 20c.
Potatoes, per bag, 75c to 80c.
Apples, per peck, 10c to 15c.
Lettuce, per bunch, 5c.
Asparagus, per bunch, 7c.
Beets, per peck, 15c.
Cabbage, each, 3c to 5c.
Cauliflower, per box, 10c.
Rhubarb, per bunch, 3c for 5c.
Cabbages, each, per box, 10c.
Radishes, per bunch, 4c.
Green onions, per bunch, 5c.
Pork, 8c and 9c.
Beef, 5c and 6c lb.

Wheat Closes Higher at Both Liverpool and Chicago—Live Stock Markets—The Latest Quotations.

Friday Evening, June 2.
Liverpool wheat futures closed today 3/4 higher.
At Chicago July wheat closed 1/2 higher than yesterday, July corn 1/4 higher, and July oats 1/4 lower.

LEADING WHEAT MARKETS.

WILLIAM GORDON

E. F. CLARKE MEMORIAL.

The Testimonial Fund Closes With the Sum of \$20,500.

Toronto, June 3.—The E. F. Clarke memorial fund was in accordance with the decision of the committee in charge, officially closed on Thursday night. The result has been of a most gratifying nature.

Mr. Starr said last night that the testimonial had fully realized the expectations of the committee. The fund at the present time, said Mr. Starr, totals about \$20,500, which will be increased to fully \$21,000 when the returns are all in. The most pleasing feature in connection with the matter, said Mr. Starr, is contained in the nature of the offerings. In almost all matters of this kind the total amount is generally contributed by the wealthy, but in this case the masses, beyond a few large contributions, the present fund is made up of small sums ranging from \$1 up to \$25. No better evidence of the warm spot the late lamented Mr. Clarke occupied in the hearts of the people could be found.

Mr. Oeler, when spoken to last night, said: "The fund is closed, and the committee cannot but feel very grateful for the cordial reception to the appeal from all parts of the Province. No more worthy object was every sought to be attained, and it has fully realized our expectations. Many contributions were received from those who, while they had removed from the city and Province, were desirous of honoring in some way the memory of this great and good man. We will," said Mr. Oeler, "shortly issue a statement regarding the fund."

In Toronto Next Year.

Owen Sound, June 3.—It was a quick yesterday morning when the Grand Orange Lodge in session concluded its labors. Toronto was selected as the place for next year's meeting.

Wheat 24 Inches High.

Winnipeg, June 3.—Some wheat in Medicine Hat district is 24 inches high. Weather conditions throughout the west are ideal and grain is growing rapidly, with strong blades.

CHEER FRENCHMAN FIRST TIME.

Berlin Provides Unique Demonstration to Royal Wedding Delegate.

Berlin, June 3.—The French delegates to the wedding of Crown Prince Frederick, Wilhelm, Gen. de Lacroix, Francois Arago and Rear Admiral de Marolles arrived here yesterday and were observed by a considerable crowd.

This probably was the first time in a generation that Frenchmen have been cheered in the streets of Berlin.

The Emperor called on them later, and also called on Grand Duke Michael of Russia, who arrived in Berlin yesterday.

500 LIVES LOST.

Further Details of Albanian Earthquake May Add Victims.

Cettinje, Montenegro, June 3.—Latest details of the earthquake from Scutari, Albania, show that 500 persons were killed and 250 injured and that the town has been completely devastated. There were two shocks. The inhabitants are now living in the open.

It is feared that the list of casualties will be considerably increased.

MUSCLES.

The muscles are a group of organs which possess the remarkable property of contractility in response to nervous stimuli. On them depend all the grosser and many of the finer movements of the body and movements within the body. In health these muscles have a slight tension or normal tonicity. This may be exaggerated to a chronic contraction by the increased excitability of a nerve or a group of nerves, and they may, therefore, either exert pressure themselves upon vessels and nerves and other structures, or by their continuous traction upon the bones which they are attached, may draw these out of their normal relation, bringing the hard, bony substance in contact with the more sensitive structures. The muscles most prone to this chronic contraction are the short muscles which control the complex motion of the spine. These draw the ends of the ribs or other structures across the openings through which the nerves emerge from the cord.

A leading feature of osteopathic treatment is the relaxation of these muscles, so affording another reason why the osteopath pays so much attention to the spine. La Grippe is noted for causing such tearing and drawing pains in every muscle of the body, and the chronic muscular contractions which it leaves behind account for the great number and variety of after effects which are so notable.

WHEN SHOES LOOK
"SECOND-HAND"

THE first shoe was a sandal—to protect foot soles only. That is seven-eighths of shoe duty yet. But, the weak spot in nearly all fine shoes today lies in the sole leather.

Too many soles wear out in two months. And, a shoe upper, when re-soled, looks as a Felt Hat does when blocked over—it looks "second-hand."

The time to put good soles on shoes is when the shoes are first made.

Then, they won't need re-soled till you've had wear enough from them, so you can afford to give them away to "the man."

The toughest sole leather in this world, or in any other, is the new process "Quick-Oak" Sole.

It is wiry and close-grained as rawhide, and almost refuses to wear out.

You can soak it in water for four straight hours without wetting it clear through.

Put high-priced regular process Oak Sole leather in water for one hour and it will be wet completely through from one side to the other.

What protects you from catching cold in wet weather is merely the difference between "Quick-Oak" Sole leather and the other kinds.

"Quick-Oak" Sole leather has now been tested a twelve-month, and we had to guarantee big purchases in order to control this brand for Canada.

To be had only in the genuine "Slater Shoes."

These are made only by the Slater Shoe Company, and have the Slater

trade-mark stamped inside, on the lining, with the price—\$3.50 or \$5.00.

The Slater Shoe
Sole Local Agts., Trudell & Tobey

DISTRICT DOINGS

ZONE CENTRE.

Miss Winnett, from Bothwell, and Miss McCulloch spent part of last week at the latter's home in Ridgeway. While there they attended the East Kent Teachers' Association.

Mr. Code, from Alvinston, spent part of the week here surveying.

Dr. Harry Buchanan spent the 24th in Detroit.

Elder Russell has announced that he will speak in the Bothwell Hall Thursday and Friday nights. He invites criticism.

The latter Day Saints have started the foundation for their new church, on the opposite corner from the school. Elder Evans, of London, and Elder Russell were here last week on the occasion of laying the foundation stone.

EAST BRANCH.

There are great prospects for an abundance of fruit this year. The farmers have taken advantage of the good weather in hustling in their corn and beets.

Miss Brush, of Amherstburg, is visiting friends here.

J. C. Richardson is spending the week at Owen Sound attending a meeting of the Orange Grand Lodge, and will also visit his uncles at Underwood.

E. J. Shaw, of Detroit, visited at his home here last week. The Str. Winona carried up a jolly crowd of Epworth Leaguers from Wallaceburg to Dresden last week, where they were entertained by the Dresden League.

IMPORTANCE OF CARBON.

Without It or Its Equivalent We Could Have No Arc Light.

The electric arc light as now so commonly used is produced by the passage of a powerful electric current between the slightly separated ends of a pair of carbon rods, or carbons, about twelve inches long and from three-eighths to one-half inch in diameter, placed vertically end to end in the lamp. The lamp mechanism is so constructed that when no current is passing the upper carbon, which is always made the positive one, rests upon the lower by the action of gravity, but as soon as the electric current is established the carbons are automatically separated about an eighth of an inch, thus forming a gap of high resistance in the electric circuit, across which the current is forced, resulting in the production of intense heat. The ends of the carbons are quickly heated to brilliant incandescence, and by the burning action of the air are maintained in the form of blunt points. As the carbons burn away, the lamp mechanism feeds the upper one downward just fast enough to maintain the proper separation.

The carbons are not heated equally, the upper or positive one being much the hotter. A small cup shaped cavity or "crater," ordinarily less than an eighth of an inch in diameter, is formed in its end, the glowing concave surface of which emits the greater part of the total light. In lights of the usual size, something like half a horsepower of energy is concentrated in this little crater, and its temperature is limited only by the vaporization of the carbon. Carbon being the most refractory substance known, the temperature of the crater is the highest yet produced artificially and ranks next to that of the sun. It is fortunate that nature has provided us with such a substance as carbon, combining, as it does, the highest resistance to heat with the necessary electrical conductivity. Without carbon or an equivalent and none is known—we could have no arc light. Charles F. Brush in Atlantic.

STOP IT.

Boasting of what you can do instead of doing it.

Thinking that life is a grind and not worth living.

Exaggerating and making mountains out of molehills.

Talking continually about yourself and your affairs.

Saying unkind things about acquaintances and friends.

Thinking that all the good chances and opportunities are gone by.

Thinking of yourself to the exclusion of everything and every one else.

Speculating as to what you would do in some one else's place and do your best to your own.

Gazing idly into the future and dreaming about it instead of making the most of the present.

Longing for the good things that others have instead of going to work and earning them for yourself—Success.

A Hurricane.

The terror of our day here perhaps never more thrillingly set forth than in the description by a young lady who last year made her first trip abroad.

She kept a diary, very much, says the New York Herald, like that of Mark Twain, when for seven days he recorded the fact that he "got up, washed and went to breakfast."

There was one important exception. When she crossed the channel the experience was so trying that she felt impelled to describe it.

"I firmly resolved to stay on deck," she wrote, "although the tempest increased to such a frightful hurricane that it was only with the greatest difficulty that I could hold up my parasol."

A Wonderful Memory.

Hortensius, the Roman orator, could repeat word for word a book he had just read. On one occasion he made a wager with one Sienna and to win it went to an auction, remained all day and in the evening gave a list of all the articles sold, the prices paid for them and the names of the purchasers. The accuracy of his memory was in this case attested by the auctioneer's clerk, who followed the recapitulation with his book and found that in no case had the man of wonderful memory made a single mistake.

Manners.

Manners are of more importance than laws. To a great measure the laws depend on them. The law touches us but here and there and now and then. Manners are what vex or soothe, corrupt or purify, exalt or debase, barbarize or refine us, by a constant, steady, uniform, insensible operation, like that of the air we breathe. They give their whole color to our lives. According to their quality they aid morals, they apply them or they totally destroy them.—Burke.

A Bad Recollection.

First Barber—Whew! That barn-stormer must be a bad actor! Second Ditto—Why? First Barber—When I asked him if he wanted an egg chop-pod he jumped right out of the chair and made for the door!

Bad Either Way.

Mr. Wiseguy—No, I don't want any of those sausages. I'm afraid of trichina. The Butcher—I assure you there's no danger of trichina in these sausages. Mr. Wiseguy—Well, hydrophobia, then. It's just as bad.

Encouraging.

"Close up, boys; close up!" said a colonel to his regiment. "If the enemy were to fire on you when you are struggling along like that they wouldn't kill a single man of you. Close up!"

IF WE COULD MAKE YOU
A CUP OF RED ROSE TEA

If it were possible for us to go into every home in Canada and make a cup of Red Rose Tea, at least seventy-five per cent. of the population would become permanent users of Red Rose Tea.

But we can't do that. It is easy enough for you to try it. Why not try it? You cannot be sure you are using the best tea till you do try.

We say Red Rose Tea is good Tea—you can prove it in your teapot in six minutes.

You will find it has a rich, fruity flavor not possessed by any other Tea you have ever used.

You will like Red Rose Tea so well you will want to use no other.

Now, if it has all these qualities, are you not missing something by not trying Red Rose Tea?

Red Rose
Tea—IS GOOD TEA

Messrs. Jerome Fleming and son Clifford, and Donald McDermid, spent Friday at Mitchell's Bay and return-

ed with a fine catch of fish.

Mrs. Wm. Vance succumbed on Tuesday to that dread disease consumption. The funeral was held on Thursday from the home of her brother-in-law and sister, Mr. and Mrs. James Stinson, 1st concession, Mrs. O. Stevens, who also resides here, is a sister. Mrs. Vance is survived by her husband.

Mr. and Mrs. Chas. Robinson are rejoicing over the birth of a son.

TURNERVILLE.

Robert Campbell, of Turnerville, celebrated his 80th birthday on Sunday. He is hale and hearty.

On the afternoon of the 24th of May our little town was all astir and the streets were lined with people wending their way to the park, where a football match was being played by the Turnerville Tin Oans and Box Band; and as we stood and looked at the people hurrying away to the park we noticed a grand marble arch erected at the head of King St. At the top of the arch we saw streaming the red, white and blue. There was another arch erected in front of the old post office on the market square. When we asked what it was all about we were told that a grand centennial parade would leave the park at 7 p. m. and enter the town under maple arch. We had not long to wait before we heard the band strike up, and then we saw the procession coming, headed by the Turnerville Tin Oan and Box Band. After the procession was over, Prof. Hunt gave one of his usual performances, after which a grand display of fireworks, lasting over an hour, brought the evening's entertainment to a close.

Misses Ethel and Ida Arnold were the guests of Miss Vina Clyde on Sunday.

Mr. and Mrs. J. T. Shaw spent Sunday at Keith.

Mrs. Garrison, of Thorncliffe, spent Sunday with Miss Gertrude Barker.

A number from Tupperville attended Church here on Sunday night.

SOUTH BUXTON.

We are having fine dry weather for farm work. Some are still planting; while others are cultivating their corn.

Mrs. Wm. Randall received the sad news that her mother, Mrs. Barbara Simon, died in Marlett, Mich., on the 21st. She was buried there on the 23rd, just one year from the day that she buried her husband here. She was 76 years old less one day.

Leroy Mifflin and Melvin Postwick, of Glenwood, spent Sunday with Wm. Randall.

Mr. Burgess, of Quinn, student, has charge of St. Andrew's church here. Service 7:30, Y. P. S. C. E. meetings Friday at 7:30.

MITCHELL'S BAY.

The picnic held in Allen's Grove at Mitchell's Bay on May 24th, was a grand success. It was very largely attended by people from Chatham, Wallaceburg, Dresden, Chatham Twp., Marine City, Sarnia, Chigny and other points. In the afternoon Marine City and Mitchell's Bay played a fast game of baseball. Score 9-10 in favor of Marine City.

Ernest McDowell has returned home, after spending the past two months touring in Western Canada. Benj. Dunlop is on the sick list. Miss Clara Ross spent last week in this vicinity.

Sam Joyce, of California, spent a few days at the Bay last week.

A little lady visitor has come to stay at the home of Mr. and Mrs. Len Lewis.

Ramsay's Paints
For 62 Years, the Best

In 1842 Ramsay's Paints were best. Every year they have been improved. 1904 sees them still the best. 62 years of study—mixing—and testing—have taught us the best ways of paint making.

When you paint with Ramsay's Paints you get Paints that have proved their quality.

Before starting your spring painting, write for our booklet. It is sent to you right to paint right—and is free.

A. RAMSAY & SON, Paint Makers since 1842, MONTREAL.

For Sale by James A. King, Chatham

Imperial Oxford Range

This fact is easily demonstrated. If, when an Imperial Oxford is going, you were to stop the inlet of this flue in the bottom of the range you would find by the thermometer that the oven was getting colder, and that to keep it at a baking temperature you would have to keep poking the fire and adding more coal just as with an ordinary range.

If your dealer doesn't handle the Imperial Oxford, write to us for catalogue and information as to where you can see it.

BABY'S AWFUL ITCHING ECZEMA

Sores and Scales All Over Face and Body—Could Not Tell What She Looked Like—Unable to Sleep—Grew Worse Under Doctors.

CURED BY CUTICURA IN ONE MONTH

A grateful mother, in the following letter, tells of another of those marvelous cures by Cuticura: "When my baby was four months old her skin broke out with a humor. I took her to a doctor, who treated her for eczema, but she kept getting worse. Her little face and body were so covered with sores and large scales you could not tell what she looked like. No child ever had a worse case. Her face was being eaten away, and even her finger nails fell off. It itched so she could not sleep, and for many weary nights we could get no rest. At last we got Cuticura Soap and Ointment, first bathing her in warm water with the Soap, and then spreading on the Ointment with soft cloths. I saw a change in a week. The sores began to heal, and she could sleep at night, and in one month she had not one sore on her face or body. Any mother having children with eczema or humors will find a friend in Cuticura Soap and Ointment. (signed) Mrs. Mary Sanders, 709 Spring Street, Camden, N. J., Aug. 14, 1904."

INSTANT RELIEF For Baby and Rest for Tired, and Fretted Mothers

The foregoing statement justifies the oft-repeated assertion that Cuticura Soap and Ointment afford instant relief, and permit sleep for baby and rest for tired mothers, and point to speedy, permanent, and economical cure in the most torturing, disfiguring, itching, bleeding, scaly, and crusted skin and scalp humors of infancy and age, when all else fails.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Dealers: London, 27 Chatterhouse St.; Paris, 10 Boulevard de la Madeleine; New York, 106 N. 5th St.; Boston, 100 State St.; Montreal, 115 St. James St.; Toronto, 115 King St. W. E. RISPIN, C.T. Agt., 115 King St. J. C. PRITCHARD, Depot Agent.

'DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; this cannot be cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. CHENEY & CO., Toledo, O.
Sold by Druggists.
Take Hall's Family Pills for constipation.

POLITICAL NOTES.
Hon. Charles Hyman and Sir William Mulock addressed a meeting in the interests of the former in London on Thursday night.

The first day's registration of voters went off satisfactorily in the Province of Manitoba.

What a splendid type of tireless activity is the sun as the galvanic disc. It is like a bridge over a strong man to run a race. Every man ought to rise in the morning refreshed by slumber and renewed by rest, eager for the struggle of the day. But how rarely this is so. Most people rise still unrefreshed, and dreading the strain of the day's labors. The cause of this is deficient vitality and behind lies a deficient supply of pure, rich blood, and an inadequate nourishment of the body. There is nothing that will give a man strength and energy, as will Dr. Pierce's Golden Medical Discovery. It does this by increasing the quantity and quality of the blood supply. This nourishes the nerves, feeds the brain, builds up enfeebled organs, and gives that sense of strength and power which makes the struggle of life a joy. The "good feeling" which follows the use of "Golden Medical Discovery" is not due to stimulation as it contains no alcohol, whiskey or other intoxicant. It does not brace up the body, but builds it up into a condition of sound health.

A Hottish Attempt.
"Ma," said Tommy Twaddles, looking up from his reading of "Terry the Foxglove," "what is a hottish attempt?" "It's the sort your father makes to get in without my hearing him when he comes home late from the club," answered Ma Twaddles inclusively. "Pa doesn't stop to remove 'em at the foot of the stairs now. He knows it's no use."

THE GERMAN WAY.

Enforcing Full Dress at the Opera—When the Kaiser is Present.

A German lady who describes herself as from "the provinces" wrote to a friend describing her experience at the opera the first night of Leonora Vallo's "The Roland of Berlin," at which the emperor was present. When his majesty is present all other persons must be in evening dress.

"I had read on the back of my ticket," writes the provincial, "that I must wear a low necked dress. Accordingly I took my little green silk, which has served me well in my local circle, and cut out a heart shaped piece from the front, sacrificing as little as possible of my society costume. The doorman, taking a front view as I entered, allowed me to pass. From my place in the parquet I was surveying the sea of snowy shoulders and arms and admiring the jewels that sparkled even from the topmost gallery rows when I felt myself gently touched on the shoulder. I turned and saw a magnificent figure, whom I presently learned was the up-per head master of the opera doorman-keepers. He requested me softly to be so good as to follow him to the lobby, as he had something of the utmost importance to communicate. Mystified, I did so.

"The upper head master of the opera doorman-keepers informed me that my dress was not adequately low behind, although the front might narrowly escape the severe limit laid down for décollete.

"It can soon be arranged in the cloakroom, gracious lady," said he, and to the cloakroom I went, where the attendant, who seemed fully equipped for such work, trimmed out the back of my dress, enlarged the V shaped front, basted up the fringed edges and thanked me in a businesslike way for the mark I bestowed. With some shame and a throbbing self consciousness I made my way to my seat. No one seemed to notice me, and I was soon enjoying again the wonderful costumes on and off the stage."—Harper's Bazar.

English Estates.

It is considered strange that in England only one will disposing of as much as \$5,000,000 had been filed during the financial year ending March 31. The average number of such wills has been between five and six. Thus in 1900 there were nine estates with a total of nearly \$100,000,000; in 1901 eight estates, total value more than \$200,000,000; in 1902 five estates with the same total; in 1903 five estates valued at \$40,000,000, and in 1904 three estates valued at \$25,000,000. Of twenty-four of the richest testators only one was under sixty years when he died, fourteen were over seventy and six more than eighty years. The average age was seventy-four and a half years. John Dawson, who left \$3,500,000, was ninety-nine years old. Earl of Strathmore, aged seventy-nine years, left \$4,750,000.

A Trouseau Society.

The Trouseau society was founded in Paris five years ago by Mme. Begun in her school, Rue Rillette. Its object is to provide the daughters of poor parents with a liberal trousseau, first rate in quality and execution, at the time of marriage. A subscription of 9 cents a month and for nine years provides a girl on her marriage with a complete trousseau of seventy-three pieces. The girls themselves and benevolent ladies interested in school education work at the trousseau. The work is a part of practical education, and it has the further advantage of bringing all classes of the community together. Mme. Loubet, wife of the president, is patroness of this admirable institution. Mme. Begun's idea is making way all over France.

What is a Week?

The question seems simple enough to answer in two seconds, yet it has occupied the supreme court of Victoria for two days. The factories act provides that no girl shall be employed for more than forty-eight hours "in any one week." A manufacturer was summoned for violating this provision, but he contended that the week should be reckoned not by the calendar, but from day to day—pay-day—that is, from Friday to Thursday inclusive. The magistrate decided that it was the correct interpretation, and the supreme court has endorsed their view.—London Globe.

Pittsburg and Steel.

Another steel plant at Pittsburg, starting out with a backing of \$15,000,000, likely to run up into the hundreds of millions as time goes on, will serve to render that city more than ever the iron and steel capital of the world. A syndicate of its business men has just paid \$1,500,000 for 600 acres of land near Allegheny, on the Ohio, about fifteen miles from the city, and the work will be carried forward with a rush. In addition to steel mills, a large blast furnace and a plant for the manufacture of pressed steel cars are to be built.

To succeed.

Dr. Samuel A. Green, the historian, says that the late ex-Governor Boutwell once gave these hints to a student at the Groton academy: "If you wish to take a college course I trust you will be able to do so. But there are three things you must have to succeed—industry, integrity and civility. You cannot get along without civility. This advice made so much impression upon the boy that his grandfather has the words printed on a little card for distribution to friends."

Relief From Gravel

A Sufferer For Several Years Benefited by Bu-Ju, The Kidney Pill.

A Brantford man who suffered for years from this exceedingly painful ailment writes to the Claffin Chemical Co., Windsor, Ont.: "I have used three boxes of Bu-Ju Pills and have been much benefited by them. I have suffered from gravel for several years."

JOSEPH PINNELL,
8 St. Paul's Ave., Brantford, Ont.

When the kidneys are weak or disordered, the poisons and other foreign matter which they should throw out remain in the system. Calculi, or gravel stones, collect, and the pain is excruciating. Bu-Ju, the Kidney Pill, restores the kidneys to vigorous action, and the functions of these highly important organs are performed in a perfect manner. Watch the kidneys and keep them well. When a cure is so easily obtained, it is folly to delay. Kidney disorders should be checked and cured at once.

Direct results follow. Bu-Ju, the Kidney Pill, is the result of the latest scientific investigations into the causes of rheumatism and allied ailments. Bu-Ju, the Kidney Pill, is for sale by druggists and a single trial will convince any sufferer of its immediate efficacy.

How It Happened.

An English lawyer was cross examining the plaintiff in a breach of promise case. "Was the defendant's air when he promised to marry you perfectly serious or one of jocularity?" he inquired. "If you please, sir," was the reply, "it was all mixed with him a-rummin' 'is and through it."

"You misapprehend my meaning," said the lawyer. "Was the promise made in utter sincerity?"

"No, sir, an' no place like it. It was made in the wash-house, an' me a-wringin' in the clothes," replied the plaintiff.

Can Eat Anything Now.

How many Dyspeptics can say that? Or perhaps you are dyspeptic and don't know it.

Have you any of these symptoms?

Variable appetite, a faint gnawing feeling at the pit of the stomach, unsatisfied hunger, a loathing of food, rising and souring of food, a painful flat at the pit of the stomach, constipation, or are you gloomy and miserable? Then you are a dyspeptic. The cure is careful diet; avoid stimulants and narcotics; do not drink at meals, keep regular habits, and regulate the stomach and bowels with BURDOCK BLOOD BITTERS.

Nature's specific for Dyspepsia.

Miss Laura Chicline, Belle Anse, Que., says of its wonderful curative powers: "Last winter I was very thin, and was fast losing flesh owing to the run-down state of my system. I suffered from Dyspepsia, loss of appetite and bad blood. I tried everything I could get, but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effect of the medicine, and am now feeling strong and well again. I can eat anything now without any ill after-effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

An Easy Problem.

A man wanted a ticket to Olathe and had only a two dollar bill. He required \$3 to get the ticket. He took the two dollar bill to a pawnshop and pawned it for \$1.50. On his way back to the station he met a friend, to whom he sold the pawn ticket for \$1.50. That gave him \$3. Now, who's out that dollar?

The best way to keep ahead of the races is to keep away from them.

MODES IN FROCKS.

Slender Growing Smaller-Poised Sleeves Dominate All Gowns.

Sleeves are growing smaller—that is, smaller than they have been for the last two or three seasons. A few of the great dressmakers are even trying to launch a sleeve so tight that it recalls the jersey sleeves of long ago. The leg of mutton size seems to be a good medium style.

The really short sleeve does not end at the elbow, but a few inches either above or below this point. The majority of these sleeves are gathered at the top and again into a band at the elbow, which is of lace or embroidery or finished in a variety of different ways.

The dominating idea of all the smart frocks is the pointed bodice. This pointed effect is not achieved on the best models with a girdle or belt, but is part of the waist itself.

The pointed bodice is built on a fitted and boned lining having high darts. The material is then draped on in some

DRESS OF BLUE VOILE

becoming fashion and folded over the long, sharp point in front, which is edged with a stitched band of the material or a contrasting fabric put on as a facing, but no belt is in evidence. The gown in the cut is of blue voile embroidered in tiny spots. The full gathered skirt is trimmed with three rows of other venise lace put on in shawl fashion. The bodice is one of the new pointed affairs, the voile being swathed across the figure in a graceful way from a pointed yoke formed of centre darts of lace and mousseline de sole.

FACTS AND FANCIES.

Lozenge shaped Trimmings—Fruit Red a Smart Summer Color.

Lozenge shaped trimmings are very swagger made of a contrasting material from that used for the gown. These links are trimmed round with braid or applied with fancy stitches. Between links at the bottom of a skirt they are effective.

Red—a bright fruit red—is to be seen everywhere in the sartorial kingdom this season. Whole evening gowns are made of it, coaching parasols blossom put in its vivid coloring, and whole hats adorned with dyed lace to match are built from the shining shade.

A deep blue combined with mauve is a smart contrast.

Very pretty are some of the new hats in leaf green shirled tulle. They are usually of the large variety and turn

SILVER GREEN STRAW HAT

abruptly up in front and are trimmed on top with a paradise egret of yellow and brown.

Broadcloth is applied on many of the smart voile gowns, the cloth in turn being covered with a design in lace.

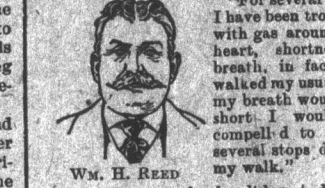

A new rendering of a familiar material is called undulated voile. It is accomplished by a wonderful mesh done in a single color, with the thread woven in dots on a lace background. Then there is a radium voile, which is a mingling of blue, green and violet woven in such a way that the colors blend to a single shade that darkens in the hollow of the folds.

The summer hat shown in the picture is of silver green straw. The pretty upturned brim is lined with mousseline de sole of the same shade. The dotted crown has a band of deep green velvet, which throws into relief the wreath of shaded roses.

JUDIC CHOLLET.

Another Wonderful Case

Here is Something that Will be Welcome News to Many a Discouraged One.

Wm. H. REED.
"Of late my food did not digest properly. It turned sour in my stomach, causing me great distress; often, too, I had disagreeable attacks of belching gas and heartburn."

"I was bothered with severe pains across the small of my back and the least bending or turning would cause me to almost cry out."

"I was induced to try Dr. Leonard's Anti-Pill and from the very first found relief."

"For the last three months I have had no recurrence of my former complaints, so I am bound to say Anti-Pill has indeed cured me."

This is the voluntary statement of Wm. H. Reed, of 165 Queen St., Kingston, Ont.

All Druggists sell Anti-Pill. The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

The remedy that cured such an extreme case is surely worth trying.

Suffered Intense Pain Around The Heart For Four Years.

Was Very Dizzy.

Four Boxes of Milburn's Heart and Nerve Pills

Effected a Complete Cure.

They are a specific for all troubles arising from a weak condition of the heart or from the nervous system. For troubles such as Palpitation of the Heart, Sleeplessness, Nervousness, Faint or Dizzy Spells, Shortness of Breath, Starting in the Sleep, Cold, Clammy Hands or Feet, Brain Fag, etc., we would strongly advise the early use of Milburn's Heart and Nerve Pills, as this remedy, taken in time, has been the means of saving many a life, and restoring strength to those who were weak, nervous, healthless invalids.

Mrs. E. Kilmer, Humberstone, Ont., writes:—"Allow me to tell you of the great results I have derived from Milburn's Heart and Nerve Pills. For four years I suffered intense pain around the heart, and was very dizzy. After using four boxes of Milburn's Heart and Nerve Pills, I was completely cured."

Milburn's Heart and Nerve Pills, 80 cents per box, or 8 for \$1.25.

All dealers, or mailed direct on receipt of price.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

Generous.

"Is your husband a very generous man?"

"Indeed he is. You remember those nice cigars I gave him for a birthday present? Well, he only smoked one and gave the rest to his friends."

WORLD OF SPORT

FOOTBALL

CHATHAM 1-DARRELL 0.

Chatham one, Darrell none - this was the result of the football game played on Decemesh Park last evening, in the Peninsular League series for the Walker cup. This leaves Chatham with one gain and a draw, and Darrell the same, so the result of the eastern end of the league depends upon the next game entirely.

Yesterday's game was a good one, and the Chatham boys deserve a great deal of credit, playing as they did without any practice together. Harry Pritchard was a new man on the Chatham line-up. Harry is a Chatham boy, and has just returned from Toronto, where he has been studying law. He played a good game and figured largely in the goal which was scored. Griffin, of the Business College, also played a good game for Chatham on the half-back line.

Darrell, being in better shape, had the game almost all their own way except when it came to scoring. Time and time again Robert cleared neatly and was responsible for most of the cheering from the Chatham rosters. It was impossible to get the ball past him. About 15 minutes after play had started, Pritchard secured the ball and carried it on the inside right, half way down the field. He passed to Perry Parrott on the outside left, who immediately made a drop to centre and Lindsey Parrott scored. This was the only goal secured during the game.

Harry W. Anderson made a capable referee and performed his part to the satisfaction of both teams. Darrell, however, protested the game on Harry Pritchard, claiming that he is not a Chatham boy. It is not expected that anything will come of the protest, however, for everyone knows that Harry is a Chatham boy.

The following was the line-up:-

CHATHAM

Goal-Robert.
Backs-Ascher and Courtney.
H. Backs-Griffin, Fraser and Pigott.

Centre-L. Wing-Love and Pritchard.
Centre-L. Wing-Martin and P. Parrott.

DARRELL

THE GUN

THE TOURNAMENT

The tournament of the Maple City Gun Club was continued on Friday afternoon and yesterday, and was attended by large crowds of spectators and shooters. The highest average for yesterday was won by H. Seane, getting 147 birds out of a possible 160. H. Bates coming second with 146, and J. Moore third with 143. The second event was won by H. Seane, getting second place with 17 birds, and Conover with 16 birds, and Conover with 16 birds.

The first event of yesterday was won by Glover, Bates, Seane, Moore and Oldershaw, all tying for first place with 15 birds. Lang, Seane, H. McDonald getting second place with 17 birds, and Conover with 16 birds.

The second event was won by Glover, Seane and Moore, with 19 birds. C. Seane and McDonald got second with 18 birds, and Brown, Conover and Haskel tying the third place with 17 birds.

The third event was won by Seane, Oldershaw and Smith second place with 18 birds, Aitken and McDonald third place with 17 birds.

The fourth event was won by H. Seane, getting 19 birds, and Glover, Bates, Conover and Oldershaw second place, all getting 17 birds. Third place was won by Smith and McDonald, both getting 16 birds.

The fifth event was won by H. D. Bates, getting 20 birds, and Seane and Moore coming second with 18. The third place was won by Glover, Smith and Nichol, getting 17 birds.

The last part of the tournament was shot off late yesterday afternoon, three events being left. Brown, Kelley and McDonald winning first place in the sixth event with 19 birds, and Seane, Oldershaw and McKay second place with 18 birds, Bates and Smith getting third place with 17 birds. Oldershaw won first place in the seventh event, killing 18 birds. Glover, Bates, Seane, Moore, Buck and McKay all tying for second place with 17 birds, and McDonald third place with 16 birds.

In the eighth event Bates and Smith got first place with 19 birds, Seane, Moore and Oldershaw getting second place with 18 birds, and Kelley third place, killing 17 birds.

O. J. C. SPRING RACES.

Toronto, June 3.-At the Woodbine yesterday weather was fine, track fast.

First race-51.2 furlongs. 3-year-olds, 10 starters-1 Blue Grouse, 2 Sandy Andy, 3 Dr. Spruill. Time, 1.10. Second race-5.8 mile, 2-year-olds, 9 starters-1 T. S. Martin, 2 Orleans, 3 Lacene. Time, 1.03.1-4.

Third race-3.4 mile, Aberdeen purse. 3-year-olds and up, 10 starters-1 Miss Salsley, 2 Teston, 3 Stay Away. Time, 1.17.1-4.

Fourth race-1 mile, 3-year-olds and up, 5 starters-1 Woodshade, 2 Chambliss, 3 The Bugaboo. Time, 1.43.1-2.

Fifth race-1 mile, 4-year-olds and up, 9 starters-1 Calkin, 2 Young Henry, 3 Clear the Arena. Time, 1.16.

Sixth race-11.8 miles, 3-year-olds and up, 10 starters-1 Lou Woods, 2 Benckart, 3 Red Light. Time, 1.57.

ARREST OF P.M. OFFICIALS.

Dominion Government Moves to En-

St. Thomas, June 3.-Col. Sherwood, chief of the Dominion police, arrived from Ottawa yesterday afternoon and arrested Everett E. Cain, train master, and Chief Despatcher James R. Gil-

hula of the Pere Marquette for the purpose of deporting them to the United States. They are American citizens, and were formerly employed on Mis-

sissippi Pacific, St. Louis. The arrests were made in obedience to warrants issued by the Department of Justice, charging that these officials being aliens, unlawfully assisted or encouraged to immigrate into Canada from the United States under contract to perform certain services.

Robinson and Green of this city, immediately started initial proceedings against their situation. A writ of habeas corpus will be applied for today in the high court at Toronto, and served on Col. Sherwood, which will not be returnable until Monday. The matter will then be argued by counsel for the officials, and Mr. Shepley on the part of the Crown on the merits of the Allen Labor Act.

In the meantime the men are in the custody of Col. Sherwood, and will remain in his charge until the matter is settled.

JUST WHAT EVERYONE SHOULD DO.

Mr. J. T. Barber, of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for use. At-

lacks of colic, cholera, morbus and diarrhoea come so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamber-

lain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bot-

tle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by All Druggists.

HUSBAND UNDER SUSPICION.

Inquest into Mrs. Hamel's Death at Berlin, June 3.-The inquest on the body of Mrs. Henry Hamel was fur-

ther adjourned till next Thursday, owing to the analysis of the stomach from Prof. Ellis of Toronto.

The facts of the case in possession of the police up to now are that Paris green was found on the floor of the bedroom and in the paint in which the woman vomited, and also that a large package of this poison with evidence of having recently been opened was found in the garage, notwithstanding that Hamel denied to the police and to Conover that he had used any Paris green in the house.

There are stories that Hamel did not treat his wife any too well. As he and his wife were the only persons in the house the police have not much to work on.

BIG WAR OFFICE SCANDAL.

British Officers Bought South African Stores Below Value.

London, June 3.-According to The Daily Mirror, the report of a War Office committee on the improper disposal of South African stores reveals a huge scandal.

The report, the paper says, censures a number of officers whose names are given, and who are alleged to have worked in collusion with contractors. The latter bought stores at absurdly low prices and afterwards resold them to the military authorities at enormous profits, entailing a loss to the Government of \$5,000,000.

BATTLESHIPS' VICTORY

Big Guns and Not Torpedoes
Smashed the Russian Fleet.

Work of Armored Division.

Succinct Story of the Battle of the Sea of Japan Which Gives the Credit to the Warships of Japan - Hazy Details Gathered From Bulletins Made Clear-A Word From Gen. Linewitch.

Tokyo, June 3.-In a series of despatches yesterday Admiral Togo throws new light upon the great victory won by the Japanese navy in the Tushima Straits on Saturday and Sunday. It appears now that the com-

mander of the Japanese fleet was not thoroughly informed either as to the damage inflicted on the enemy or the general result when he sent his first three reports, and in fact, it is doubtful whether he is now in a position to send a continuous story with any certain details as to the historic fight.

Work of Armored Division.

From a supplementary report yesterday which he has gathered from his chiefs of divisions it would appear that the greatest damage was inflicted on the Russians by the armored division under command of Togo, Kikamura, Kataoka, Yamada and Uru. The ac-

counts, while conflicting in immaterial respects, point unerringly to the fact that several battleships were sunk before the end of daylight on Saturday, and that three cruisers of the Baltic fleet, two of them armored, were sent to the bottom before 9 o'clock in the afternoon, when the battle was only four hours old. This disposes of all the stories that gave credit to the tor-

peds boat destroyers and torpedo boat flotillas, and, while it is no doubt true that they were extremely effective in the night action, the official reports seem to prove beyond question that the sinners of the Japanese navy on the battleships and cruisers did the really effective work in the great bat-

tle.

What Torpedoes Did.

The torpedo boat flotillas after dark on Saturday undoubtedly split up in all directions and making them an easy prey on Sunday morning, for the ships of the line. They were also instrumental in sending the battleships Orel and Nicholas I and two of the coast ironclads toward the northwest coast of Japan, between the Liancourt Rocks and the mainland, where there was no chance for them to get through toward Vladivostok, except through a channel guarded by four of Togo's armored cruisers, with several flotillas of destroyers. In this respect, the small ships of the Japanese fleet undoubtedly were of great value.

Boredom Fired in Two Hours.

The official details yesterday, however, show that the battleship Borodino of the first-class was set on fire two hours after the battle began on Sunday by shells from the Mikasa and Shikishima; that by 3 o'clock in the afternoon this great warship was sinking, and that even before the final period of darkness for the Russian bat-

tleships Oshibata before 3 o'clock of Saturday afternoon. She was on fire before this, but when it was observed by Admiral Uru, that she was sinking, he was immediately attacked, both at port and starboard, and sunk in 20 minutes. About 180 of the crew, numbering 416, were saved.

Short Despatch From Linewitch.

St. Petersburg, June 3.-Gen. Linewitch in a despatch to Emperor Nicholas, dated May 31, says:

"On May 28 the Japanese began an advance and attacked our troops in the valley of the Tsing River, about three miles beyond Pansu Pass, which remained in our hands."

NAVAL POWERS OF TO-DAY.

Sunday's Battle Drops Russia From Third to Seventh Place.

New York, June 3.-Figures prepared in Washington for The New York Times by the Naval Intelligence Bureau of the Navy Department, under direction of Capt. Seaton Schroeder, its chief, show that as a result of the battle just fought and its predecessors, Russia has dropped from third to seventh place in naval power and Japan has risen from seventh to sixth.

The fighting has put the United States up from fifth to fourth place and Germany from fourth to third.

The naval powers as they ranked prior to the battle of the Sea of Japan and as they rank now are as follows:-

Before After
Great Britain Great Britain
France France
Russia Germany
Germany United States

Twelve Inch Shells Tell.

This, too, was the case with the battleship Navarin. She was fourth in the line headed by Rojestvensky's flagship Prince Suvaroff, and was at certain periods in the movements of the Japanese fleet a target for the battleships Kikasa, Shikishima and Asahi.

In addition to which she was raked by the powerful armored cruiser Yakumo and Nishino. Her forward battery was destroyed at 4 o'clock in the afternoon, her funnels were shot away and half her crew was out of action. She was sinking by the stern just east of the southern end of Ooshima Island when the sun was going down, and then was attacked by the torpedo destroyer flotilla four times before 8 o'clock in the evening. She succeeded in sinking one torpedo boat, but foundered at 8.15 o'clock, her survivors being rescued by five Japanese destroyers. The sinking of this battleship is regarded as a victory for the armored division of the Japanese fleet, because she was practically out of action when attacked by the smaller ships from Vice-Admiral Tsubono's division.

Admiral Togo's Report.

What was effective on the part of the destroyers after sundown was their combined attack on every Russian ship. It had the effect of dividing the fleet, except the battleships Orel and Nicholas I, with the two coast

THE FIRST DAYS

BRISCO'S

YOU KNOW THE REST

defence vessels and the cruiser Zaimul. All other ships of the Baltic division started in every direction toward Vladivostok and fell easy prey to Togo's armored vessels. There was an indication here yesterday afternoon that there will be some dispute among the naval officers as to the relative effectiveness of the several naval divisions, but Admiral Togo's report in its formal sense when finally filed undoubtedly will settle the question.

There is no dispute about the fact that Rojestvensky's flagship was destroyed by battleship fire. The great ironclad went down shortly after 5 o'clock in the afternoon of Saturday, and for two hours before that period was really in a sinking condition.

The commander of the Svetlana, although having two ships of his own build against him and already in a sinking condition, declined to surrender. He was immediately attacked, both at port and starboard, and sunk in 20 minutes. About 180 of the crew, numbering 416, were saved.

United States Italy
Italy Japan
Japan Russia
Russia Austria

Austria is the only power whose rank is unaffected by the battle. Italy moves from the sixth place to fifth.

Great Britain's tonnage is 1,555,371. France's 698,721. Germany's 441,249. United States 316,923. Italy's 254,516. Japan's 226,661. Russia's (which formerly was 447,315) is now 227,243. Austria comes last, with 112,836.

This does not include vessels over twenty years old, runabouts and other vessels of less than 50 tons, transports, colliers, repair ships, torpedo depot ships, converted merchant vessels, or yachts. Practically all that Russia has left is in the Black Sea fleet. Of her 19 battleships only 7 remain; of her 11 coast defence vessels, including smaller battleships and monitors, only 7; of her 7 armored cruisers, 3; of her 26 other cruisers, 15; of her 41 torpedo boat destroyers, 33; of her 85 torpedo boats, 85.

BULGARIANS AND SERBIANS.

Casualties on Both Sides Number 32.-Bulgarian Leader Caught.

Vienna, June 3.-It is reported that a serious engagement has taken place between Serbian and Bulgarian bands near Kishewo, Macedonia. Twenty Bulgarians and 12 Serbians were killed and many of each side wounded.

The Serbians captured the Bulgarian leader, who is alleged to be a captain in the Bulgarian army.

Serbia On a High Horse.

Constantinople, June 3.-Serbia has notified Turkey that she will recall her Minister from Constantinople unless satisfaction is given by June 12 for the recent violation of the Serbian Consulate at Monastir. It appears that the local police searched the Consulate and seized certain papers. Serbia demands the dismissal and further punishment of the chief of
