ON
Wednesday, Thursday and Friday

Our steadily increasing Millinery business has necessitated the removal of this department to larger quarters. This season our show rooms are located on the first floor, upstairs, where we have ample space for the display of our various Millinery lines. We have made special preparations for our "Opening Display" on Wednesday, Thursday and Friday of this week when we will show our Millinery patterns for the autumn season, together with a full assortment of **Ready-to-wear Hats** as well as a complete line of Millinery trimmings and novelties.

We invite you to visit the Millinery Department in its new quarters on "Opening Days" and see our display.

DO YOU KNOW WHAT IS LOVE?

If You Do, You Have a Chance to Secure a Valuable Prize

WANT ENLIGHTENMENT

Have you ever been in love? Most people have been—some more than once. If your experiences have been many and varied, you will be all the better qualified to take part in The Planet's Love Definition Contest, which is announced as open to everyone to-day.

Mr. Charles Phillips, business manager for Love's Victory, which will be the bill at the Brisco Opera House on the evening of Oct. 1, has made arrangements with this journal to give a prize for the best short definition of Love, contributed by any of our many readers and appearing in these columns between now and Oct. 1. The competition is open to everyone and the definitions submitted must contain at least ten words and not more than forty. The definition must be original, and your own practical idea on the subject. Every definition will be considered strictly on its merits. Whether practical, cynical or ideal. Tell us in your own language just what your opinions are on the subject.

The first prize offered for the best definition on the subject will be the two best seats in the house on the evening on which Love's Victory plays in Chatham, and the second is a beautiful autograph photo of Florence Gale, who plays the leading role in the company. The prizes are well worth competing for, considering that the contest is open and that there is no fee.

We give the following as a sample definition, from which prospective contributors may get their clue: "Love is merely a state of mind, brought out by concentration of thought. It is the feeling of either real or imaginary affinity of intellects, and to be perfect must be the product of persons who are healthy mentally and physically." —Adonis.

Here's another one: "Love isn't really blind. It merely shuts its eyes, and refuses to see for the time being. Marriage is the rude jolt which makes it up—Foxy Grandpa."

The definitions may be sent in either by letter or post card addressed to the Editor of the Definition Department, The Planet, Chatham.

Contributors need not sign their real names to their manuscript, but may use any pen name which suggests itself. Underneath this they must sign their real name. The letter will not be published unless so desired by the contributor, and all correspondence will be considered as strictly confidential.

When the contest closes the non de plumes of the winners will be published in this G. H. J., and the winners may obtain their prizes by presenting a copy of The Planet containing the announcement to either Manager Brisco or to the business manager of Love's Victory.

E. A. Mounteer,

A LARGE FUNERAL

The funeral of the late Douglas McKerrall, whose sad and sudden death occurred in St. Joseph's Hospital, took place yesterday afternoon from the residence of his father, River Road, Harwich, to the Maple Leaf Cemetery. It was very largely attended by the relatives and friends of the family, and it was one of the largest funerals held in this district for some time.

The services were conducted at the house and grave by Rev. A. H. MacGillivray. During the service at the house Misses McKerrall and Peate, of the First Church choir, rendered a duet, "Heaven is My Home." The deceased young man was very popular among his many friends. For some years he has been superintendent of his father's large farm, and he has always been a general favorite with the people with whom he came in contact. He was a young man of exemplary character, lovable and sympathetic. He was one of the most successful and capable young farmers in the county.

Among those from a distance who attended the funeral were Thomas and Alf. Shaw of Wallaceburg, John Holmes of Ridgetown, and Mrs. Courtney of Dresden. The flood of offerings were numerous and of many handsome designs.

The pall-bearers were six cousins of the deceased: Douglas McKerrall, Douglas McKerrall, John McKerrall, John Brody, Alfred Shaw and R. W. Angus.

HIS APPENDIX REMOVED

Hinton, W. Va., September 19.—In order to avoid the possibility of any fatality from lack of medical attendance in case of appendicitis, in far-away India, where he is going as a missionary, M. G. Spencer, of Morgantown, had his appendix cut out to-day at the Hinton Hospital by Dr. O. O. Cooper. He was in no way ill and had no symptoms of the disease.

ACCIDENTS WERE MANY

Scrip-Issuing Party Reported Lost On Buffalo Lake Keewatin

SERIES OF FATALITIES

Ottawa, Sept. 20.—Reports have reached Ottawa from Prince Albert to the effect that J. A. J. McKenna, Indian treaty party, had met disaster on Buffalo Lake, in Keewatin. One story has it that the party were in a canoe, which upset, and three lives were lost.

Enquiry at the Indian Department yesterday, however, elicited the information that no corroboration of the disaster had been received.

Immediately upon hearing the rumor the Department communicated with the Hudson Bay commissioner at Winnipeg, who set his agents at work, and he reports that he has no information beyond vague press reports.

Had \$250,000 in Cash. The party number in all about 25 men, but these included nearly 20 speculators, who accompanied Inspector McKenna for the purpose of buying up the land scrip, as it was handed over to the half-breeds. The inspector also carried a large sum of money for payment to the Indians, and in all the party is said to have had about \$250,000 in cash when it left Prince Albert for the north.

The farther point to be reached was about 100 miles north of that place, and the party were returning, and had considerable business to transact during the journey.

In the party is a member of the Saskatchewan Legislature, and a Catholic bishop.

Enveloped in Flames.

Toronto, Sept. 20.—Mrs. William Hunter, age about 50, residing at 718 Spadina avenue, was badly burned last night. She was housecleaning and using kerosene on the bed. Her clothes had become saturated with the vapors and when she struck a match she was enveloped in flames in a moment. Her husband threw a blanket around her and dragged her to the bathroom. Most of her clothing was burned off her. She was then taken to Grace Hospital. Mrs. Hunter's condition is critical. She has a family of seven children.

Falls Into Dam. London, Sept. 20.—Francis Beschy, a 14-year-old lad, who resides in West London, was drowned while playing on a raft below Blackfriars' dam yesterday afternoon. The lad was subjected to epileptic fits.

Freights Crash on Siding. Galt, Sept. 20.—In a collision between two C. P. R. freight trains, Nos. 59 and 64, at the Dumfries siding early yesterday, Engineer Coleman of Toronto Junction was so seriously injured that his recovery is doubtful. He is in Woodstock Hospital.

Woman Caught Fire From Gas Stove. Windsor, Sept. 20.—Mrs. Morris Kovinsky was probably fatally burned at her home Tuesday evening. Her dress caught fire from gas plates. She ran screaming from the house, but the fire was not extinguished until the clothing had been burned almost off her body.

Fatally Burned. Stratford, Sept. 20.—Mrs. Jean Armstrong McMill of Stratford was fatally burned while preparing dinner at Nanaimo, B. C., where she has been staying some time.

Drinks Poison by Mistake. Owen Sound, Sept. 20.—A young man, aged about 21, a son of William McLellan, Amabel Township, died Tuesday from poison.

Not feeling well upon rising in the morning, his mother gave him a dose from a bottle, which she supposed contained cascara, and also took a dose herself. Shortly afterwards she discovered that in mistake they had taken from a bottle which contained arsenic. The father took the son in to a doctor at Allenford, who did not anticipate any danger, and they returned home. The young man grew worse and expired shortly after reaching home. The mother is still very ill.

MORE TRAGEDIES

Cobalt, Sept. 20.—The body of David Craig, a former resident in Calabogie, Renfrew County, passed through here yesterday, for burial in his old home. Deceased had been prospecting a few miles north of Long Lake, forty miles north of Cobalt, and last Saturday, while cleaning his gun, was shot in the hand, the ball passing up the hand through the wrist, tearing the arteries terribly, and up into the forearm, coming out near the shoulder.

Blood poisoning set in and Tuesday at noon he died.

Killed Instantly. Thessalon, Sept. 20.—Milton Leach, aged 32, was accidentally shot near his home Monday evening. He had borrowed a gun from a neighbor and was on his way to return it. He must have passed through an opening in the fence and drawn the gun after him, as he was found by the fence with the gun still in his hand, and the whole charge had penetrated the forehead, causing instant death.

Boy Monkeys With Cartridge.

Belleville, Sept. 20.—Howard Hunter, 14 years old, was playing with a cartridge in school yesterday morning when it exploded, blowing off the top of his left thumb and middle finger, and badly lacerating his hand.

THE MILLINERY AT GORDON'S

A Fine Display Prepared For Fashionable Chatham Women

A FEW DESCRIPTIONS

With the hot breath of the tropics yesterday, it did look like a huge joke to hold millinery openings, and the Gordon Store's wonderfully fine display of furs and fur garments made the weather and the occasion a more marked contrast. But, nothing daunted, the ladies were out in full force, and their exclamations of pleasure and approval were un stinted.

Here are a few faint descriptions of a few of the styles much admired.

A picturesque mushroom hat of black velvet with white underbrim, and underbrim trimmed with large roses and a sweeping black ostrich plume on the crown. This distinctly new and pretty hat is a quaint Empire model with drooping brim worn well over the face; very catching, it is made of the very new shade of red, called raspberry, and is trimmed with liberty ribbon in the three shades of red, and with two handsome wings. Another admired style is somewhat similar to the dress hat worn by military officers. It sits on the head with the point over the right temple. This gives it a pleasing and jaunty air and transforms it into a most novel piece of head-wear. It is of black and white French felt, trimmed with long black wings, velvet ribbon and dull gilt ornaments.

Among the novel, sweet, little hats, none surpasses the Glengarry—so chic and becoming when worn with the superb clan tartan, which the Gordon Store is so noted for—also the dainty Peter Pan turban, are marked favorites. The large hats are made with great wide brims in the back, and narrow at the front, and are trimmed with handsome ostrich plumes and wings, features of the coming season, while wings and plumes will be much worn on tailored hats. There is a pretty new shade of grey, called "roupe," which is much used, also brown in its many shades. Taking all in all the Gordon Store anticipates, from the flattering comments of their many visitors, a large increase in business in the millinery department on the second floor.

WON'T AGREE NOT TO WED

Washington, Pa., September 19.—Teachers of the West Washington schools were asked to sign a contract, having a clause to the effect that if they quit school during the term they were to lose one month's pay. The teachers have struck. They say the clause is intended to stop them from getting married during the school term, and they won't sign the old contract.

ON CURRENT EVENTS.

The announcement of Health Inspector Anson Mounter, that there are no contagious diseases in the city at present, as far as the Health Department is aware, is indeed a gratifying one, but it is by no means a surprise to find such a desirable state of affairs in the Maple City. Chatham is a healthy city—there are none more healthy. It is one of the many advantages which we have over a number of other cities in the Province, and every precaution should be taken to live up to the enviable reputation thus established. There is no reason why Chatham should not be at all times free from contagious diseases, and in fact, of late years, the announcement of the prevalence of any serious contagious illness is so rare as to be viewed with alarm.

All eyes of the fair sex are at present centered on the fall millinery displays. The excellent exhibitions prepared for the rush of the autumn season are indeed a credit to the Maple City merchants. The taste and up-to-date displayed in some of the stores is a forcible reminder of the fact that the merchants of Chatham are among the most advanced along the lines of progressiveness and skill. Chatham enjoys the reputation of having the very finest store fronts in Canada, and it is safe to add that the style of the decorations and the quality and beauty of the goods displayed are equally if not more advanced in comparison with other cities. The Chatham women are fortunate in having such excellent establishments catering for their patronage.

The discovery of smuggling operations at Courtwright, has been the cause of much comment recently. It is said that Wallaceburg merchants have been benefited through these operations which have been going on for some time unknown to the authorities. This is, however, mere suspicion, but it is known that the smugglers disposed of their goods in this district. It will be remembered that some time ago The Planet published an article calling attention to the fact that smuggling was going on in the vicinity of Stony Point. Goods were being brought here in launches, and carted away in wagons. It would appear that the men caught in Windsor were members of the same gang, as their mode of procedure was the same as reported in The Planet. The outcome of the trial is being looked forward to with interest.

JUST A LITTLE BIT OFF THE TOP

REMINISCENT.

This continued heat reminds us of There's another, torrid spot, Where they sweeter more than we do.

And the season changed not.

Summer appears to be under the mistaken impression that it has been called on to give an encore.

It seems vain for the Council to consider natural gas so seriously, as the citizens will only make light of it when they bring it here.

The Board of Works laborers claim that some of their number were treated unfairly by being made to work in the ditch continuously. They were always in the hole, so to speak.

If there wasn't an occasional scuffle in the Council, the progressive people of Chatham would look on their aldermen as a bunch of dead ones.

Taken all in all, this year's Council have had a lot to put up with, and considering this, they have got by admirably in some respects.

The millinery opening cometh as an anti-fall treatment to the family pocket-book.

SENSIBLE REVIVAL

Doctrine That is Being Preached By Best People of Chatham.

There are all kinds of revivals, religious, moral, and temperance, but to-day the chief interest seems to be in a revival for good health, and it seems to be the Mi-na doctrine that has the most adherents in Chatham. Wipe out indigestion and stomach troubles by using Mi-na tablets, and most of the misery and ill health would be blotted out of existence.

Indigestion and stomach weakness, causes headache, back ache, nervousness, debility, sleeplessness, pains in the side and limbs, poor appetite and a general unhealthy state. Take one little Mi-na tablet before each meal for a few days and you will soon find that life is filled with joy and health, that eating is a pleasure and food does not cause distress, and that your digestive organs have become so strengthened that you can almost be credited with the digestion of an ostrich.

A large box of Mi-na stomach tablets are sold for 50c, and is successful and reliable in curing indigestion and all stomach troubles, with the exception of cancer of the stomach.

For sale by all dealers. The R. T. Booth Co., Buffalo, N. Y.

THE OVAL TABLE.

An Amazing Incident Told by an Old Lady.

The incident was an amusing one, but the old lady's advice was good, and it was accepted. She was not talking without her book, as the old saying has it.

"Don't buy that square table for the dining room, young people!" she observed pleasantly, addressing the couple who were evidently preparing for the great event of their lives. The salesman of the furniture warehouse looked on with just a flicker of a smile hovering about his lips. "They call them 'square,' but they are usually oblong, you know!" she added, with a sagacious nod.

"Why not buy a square table?" ventured the future bridegroom, entering into the spirit of the thing. "I'll tell you!" resumed the old lady decidedly. "Of course, you are beginning in a small way—Oh, don't be ashamed of that! We commenced in a small way, but we worked steadily, and we are in a large way now, as I hope you will be one day! Well, in a small house you have small rooms. You find that you cannot have a big table. If you have a square one, you find it awkward when you have more than two visitors. There are two sides and two ends to your square table, and so that's all right for four people; but if there are three or four visitors, what then?"

She paused, almost in triumph; the young people waited for her to answer her own question.

"You get two people on each of the two sides, and you feel crowded at the table while those at the end have really more room than they require. It's inconvenient. Then, again, the corners seem to divide you into groups, so to say. Chimney corners may be social enough, but table corners are not. If you are in a big place, with a big table, it is quite different, but in your little house you will find just as I say."

"Therefore buy an oval table. There are no corners and you sit side by side, you have more space and you are not parted. You may think that you lose space by rounding the corners; so you do, but the space lost is in the middle of the table, for the outer edges, where people sit, is increased. You have a little less space for placing dishes, but you can easily have those on a side table. You can't seat a guest at a side table when you are only a small party."

"A round table would be better? No! Round tables are usually not so firm on the legs, and to get a good sized table requires more width than you are likely to get in your small house. Take my advice!"

She did.

A Hot Weather Sweet.

For hot days there is nothing more delicious as a dessert than a blanc-

mange, or snow pudding, served with black or red raspberries and sweet cream.

Paper Handkerchiefs.

"The paper handkerchief, unlike the paper collar, is here to stay," said a physician. "It has a good reason for remaining, and that is what the paper collar never had."

"The paper handkerchief comes to us from Japan, where for centuries it has been in use. It is soft and thick and strong, and it looks like silk. It costs a cent—less than the cost of laundering a linen handkerchief."

"The linen handkerchief, physicians agree, is the most dangerous article in the human wardrobe. It swarms with billions of germs of consumption and grip and pneumonia, and hence, instead of being laundered, it should be destroyed. But it can't be destroyed; it is too expensive."

"The paper handkerchief is destroyed. It is thrown into the fire."

"The rarity of consumption in Japan is attributed, with some show of justice, to the exclusive use of paper handkerchiefs by the Japanese."

TORONTO LIVE STOCK.

Toronto, Sept. 18.—Receipts of live stock at the city cattle market as reported by the railway since last Friday were 79 carloads, composed of 1151 cattle, 556 hogs, 1725 sheep and lambs, 104 calves and 4 horses.

Exporters.

All the leading dealers reported no business being transacted in the export line, consequently all reports in the evening papers to the contrary are incorrect.

Butchers.

The best single steer on the market sold at \$4.75, and several dealers were after him. The best on the market sold at \$4.45; medium at \$3.50 to \$3.75; common at \$3 to \$3.25; cows at \$2.50 to \$3.00; bulls \$1.50 to \$2.25.

Feeders and Stockers.

A few sales were made at unchanged quotations as follows: Best feeders, 900 to 1100 lbs., at \$3.00 to \$4; best feeders, 800 to 900 lbs., at \$2.40 to \$3.55; best stockers, 600 to 800 lbs., at \$2.25 to \$3.50; medium stockers, 600 to 900 lbs., at \$2.75 to \$3.25; common stockers, 600 to 900 lbs., at \$2.25 to \$3.25.

Milk Cows.

About 40 milkers and springers sold at \$30 to \$35 each.

Sheep and Lambs.

The same old story can again be repeated about cull lambs, and buck lambs, 95 per cent. of the lambs offered to-day being bucks. Prices for lambs of this class were easier. Lambs were quoted all the way from \$5.50 to \$5.85 per cwt.; sheep at \$4 to \$4.50 per cwt.; bucks at \$3 to \$3.50. Farmers were buying buck lambs to take back on the farm at \$5.50 per head.

Hogs.

Mr. Harris got over 500 at unchanged quotations, selects \$4.40 and light fat \$4.25.

PLOT AGAINST THE CZAR'S LIFE
FIVE THOUSAND PEOPLE KILLED

Emperor Fearing For His Own Life Does Not Go To Funeral

HIS MAJESTY WARNED A STEAMER STRANDED

St. Petersburg, Sept. 20.—Gen. Dmitri Trepoft, who died last Saturday, was buried yesterday at Peterhof. The Emperor was not present at the funeral. The fact that the Emperor did not attend the funeral of a devoted subject, although his return was scheduled for yesterday has aroused much unfavorable comment.

Plot Against the Czar.

A high police officer explained to the Associated Press that the Emperor's absence was due to Premier Stolypin, who had been informed that an attempt might be made against His Majesty and telegraphed him not to return.

The only members of the Imperial family who attended the funeral were two grand dukes and Grand Duchess Elizabeth, widow of the late Grand Duke Sergius and sister of the Empress.

General Assassinated.

Warsaw, Sept. 20.—Gen. Nicoloff of the artillery, was assassinated here yesterday. He was walking on Wiekla street when he was surrounded by five revolutionists and shot dead. The murderers escaped. Gen. Nicoloff was erroneously thought to be a member of the field court-martial.

IN POLICE CIRCLES

Policeman Peter Dezella, while making his rounds this morning, saw a couple of little boys whom he rightly supposed should have been in school, rather than roaming around on the streets. They were marched off to the Police Station, and they promised to go to school on Monday morning. They said their mothers were mending their clothes and getting them ready for school.

Doc Taylor, a colored character around town, was arrested this morning by P. C. Dezella, for being drunk and disorderly.

WHERE DOES CONSUMPTION BEGIN?

That first little tickle becomes a cough, the cough grows severe, is neglected and travels down to the lungs. Treat throat trouble before it gets severe. Catarrh of the throat, allays inflammation, cures throat and bronchial trouble quickly. A marvel worker in Catarrh of the throat, which prevents thousands of Catarrh victims from contracting consumption. Recommended by doctors, proved by time to be unfailing. Catarrh is just what you need. 25c. and \$1.00, sold everywhere.

HER NAME NO TALISMAN

New York, September 19.—"Do you know who I am? I'm Mrs. Harriman, of New Rochelle," said an indignant woman arrested for speeding an auto, to Judge Culbertson, on my log which she presented gallantly. "Mrs. Harriman, of New Rochelle," despite the fact announced by her, that she would be treated just as any other woman would be. Then he fined her \$25, on the testimony of a constable that the car of "Mrs. Harriman of New Rochelle" travelled at the rate of twenty-five miles an hour and that he had to draw his revolver to stop the machine. She paid the fine and left the court protesting.

THE ODDFELLOWS

Toronto, Sept. 20.—The Oddfellows' parade here yesterday was the biggest ever seen in this city, and broke the Knights of Pythias' record of 20 years ago. The uniformed members of the order presented a grand sight, and the beautiful movements of the beautiful drill of the drill cantons were much admired by the biggest crowd ever seen in the city streets since Pretoria night. There were 30 bands in the parade, which took one hour and a quarter to pass a given point.

GREAT SPECIALISTS IN STOMACH CATARRH.

Though often they fail to give even temporary relief, Mr. W. Seymour, of Huntsville, Ont., cured himself with Ferrozone. "My trouble," he says, "was chronic catarrh of the stomach. There was constant bad taste in my mouth. I was nervous and generally nauseated before and after meals. I also had a gnawing sensation in the stomach. Ferrozone gave me great relief, and I also used Catarrh, which is good for catarrh. Although it took a number of boxes of Ferrozone, I got back my health and to-day am quite well." For stomach catarrh, indigestion and kindred disorders nothing excels Ferrozone. In a thousand cases it has proved a wonderful success. Try it yourself, 50c. per box at all dealers.

GARDEN PARTY

A very successful and largely attended garden party was held at the home of Mr. Clary, of Selton, Wednesday, Sept. 18. Mr. Walter Mills, of Ridgeway, made a genial and very efficient chairman. Will Wilson, of this city, sang a number of comic songs, which were very much appreciated. He was accompanied by Mr. John Smith, organist of the First Presbyterian Church of this city. Among others who took part in the very worthy program provided were Mrs. Taylor and Mrs. McDonald, of Ridgeway.

Will Craddock, of Manson Campbell's, and Clarence Stricker, are spending the day fishing at the light-house.

A. B. Scott, son of G. O. Scott, who has been at his parent's residence for the past five weeks with an attack of typhoid, left to-day for Danville to resume his duties in the Canadian Bank of Commerce, where he is accountant. Mr. Scott has not fully recovered, but is anxious to get into harness again.

BOYD AT IT AGAIN

Under the heading "Just Like Old Times," The Globe of yesterday publishes the following report of a foot race, in which a Chatham man was interested:

"Corry, Pa., Sept. 15.—The running race at Corry Fair grounds this afternoon, between Harry Watson, colored, of Jamestown, N. Y., and a rider by the alleged name of Harry Wilson, of Hamburg, N. Y., was won by the latter, who stepped the 100 yards in ten seconds flat. Watson was defeated by over six feet. The purse was for \$500 a side, and fully \$1,500 changed hands. It was a killing pure and simple, the white man outclassing Watson at every point. A man by the name of Boyd, from Canada, had charge of Wilson."

It will be remembered that Boyd a short time ago served a term in the Central for mixing in races. It seems that one warning is not sufficient.

DEACONS SHAKES FISTS

Marion, Ohio, Sept. 19.—Because of a preacher's prayer the Baptist church at Prospect has split. Rev. James Moore prayed that all obstacles in the church be removed by death if necessary. The trustees believed the pastor meant that they were the "obstacles," and demanded his resignation.

Rev. Moore resigned, and a congregational meeting was held to select another pastor. Rev. Moore's supporters introduced a resolution asking that the trustees and deacons resign immediately. A scene followed. Angry men and women shook their fists under one another's nose, and the moderator adjourned the session, which was in an uproar.

POLICE CHIEF IN SKIRTS

Des Moines, Iowa, September 19.—In order to outwit his friends, who threatened to kidnap him on his wedding night, Chief of Police J. W. Jones, of this city, donned female wearing apparel last night, and thus disguised, travelled from Mitchellville to Omaha.

Jones borrowed a complete outfit of woman's clothing, boarded a train within a stone's throw of where the remainder of the party were waiting for an interurban car to take him to Des Moines. When near Omaha he telegraphed back for his bride. She joined her husband at Omaha this morning to spend the honeymoon in Nebraska.

TYPHOON AT HONG KONG

Innumerable Cities Destroyed
With Enormous Loss of Life.

C. P. R. Steamer Montague Driven on Shore, But Empress of Japan Saved by Dock Tugs—Many British, French, American and German Vessels Come to Grief—Storm Lasted For Two Hours.

Hong Kong, Sept. 19.—A terrific storm broke suddenly here yesterday afternoon, lasting two hours and destroying innumerable native cities and causing much loss of life. The harbor is literally strewn with wreckage, and the streets of the city are blocked with debris.

An unknown steamer collided with the British steamer Strathmore, seriously damaging the latter. The British steamer Loong Sang collided with the British steamer Chip Sing, with slight damage.

The river boat Fatsang fouled the French mail boat Polyneze.

The C. P. R. steamer Montague, the German Signal, the German steamer Emma Luyken, the British steamer Chang Sba, the German steamer Sexta, the Kowloon ferryboat and a water-boat were driven ashore.

The American steamer Sorsogon and the German steamer Johanne are awash.

A Japanese steamer is stranded on Kelle's Island. The British river gunboat Moorhen is leaking badly, one French torpedo boat destroyer is ashore, and two others dragged their anchors the entire length of the harbor.

Tugs Save Empress of Japan.

The C. P. R. steamer Empress of Japan was saved by the dock company's tugs keeping her steady.

The American ship S. P. Hitchcock was driven high and dry on shore.

The British river steamers Kwong Chow, Sancheum and Sunloo foundered.

The French steamer Chas. Hardouin was damaged. The little Chinese steamer Wing Chai was beached.

Numerous steam launches and lighters foundered, and most of the wooden piers on the waterfront were demolished.

Twenty Frenchmen Killed.

The military quarters and temporary buildings were demolished and the men are quartered in the casemate of the fort.

Nineteen deep sea junks were washed on Stone Cutters' Island.

A tramp vessel collided with the French torpedo boat destroyer Fronde, and it is reported twenty Frenchmen were killed.

The French torpedo boat destroyer Francisque is ashore, the steamer Apenrade is badly stranded on Stone Cutters' Island, and the British steamer Radnorshire is damaged.

SCHOONER STRIKES REEF.

Crew of the May Queen Had Barely Time to Save Their Lives.

Sydney, N. S., Sept. 19.—A telegram from Port Aux Basques states that the schooner May Queen, owned and commanded by Capt. John Gillian of Chatham, Newfoundland, had, during a heavy sea, struck at high tide on a submerged reef known as "Sunker" at the Isle of Mort, about four miles east of Port Aux Basques.

Nine minutes after she was lying under thirty fathoms of water. The crew had no time to save any of their personal effects, and the greatest difficulty in saving their own lives.

Four Cling to Vessel's Spars.

Charleston, S. C., Sept. 19.—The Clyde liner New York yesterday brought into port the mate and three seamen of the American schooner R. D. Bibber, Capt. Sayers, lumber-laden, from Savannah to New York, wrecked off the Frying-pan shoals. The vessel turned turtle and went to pieces. The men were found clinging to the spars. The captain and others of the crew were not found. The normal crew of the schooner was eleven.

Many Schooners Wrecked.

St. John's, Nfld., Sept. 19.—Beside eleven schooners wrecked at Belle-Isle recently by storms, seven others, with over 100 souls on board, were driven ashore on the Labrador coast. Four fatalities only are reported thus far. It is feared worse disasters occurred on the northern part of the coast, word from which is yet to be received. Over 250 castaways are now awaiting the arrival of a Government steamer to convey them home. This is the worst disaster since 1886, when 468 fishermen were made destitute by a single storm.

Passengers Stranded.

Honolulu, Sept. 19.—As a result of the stranding of the Pacific Mail Liner Manchuria and the transport Sheridan, both on their way to the Orient, and followed by the Mongolia striking a reef near Midway Island, all within less than a month, there is much congestion of passengers here and the long interruptions of mails is causing great inconvenience.

Schooner Melrose Stranded.

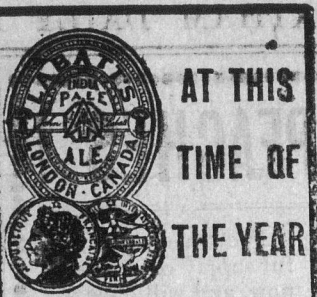

Sault Ste. Marie, Ont., Sept. 19.—The Canadian schooner Melrose, bound down, in tow of the steamer Fairmount, took a sheer and stranded at the entrance to the Canadian channel. The vessel is leaking. It is loaded with wheat and will have to be lightered.

Leaves \$10,000 to Students.

Toronto, Sept. 19.—A bequest of \$10,000 to the University of Toronto, the interest therefrom to be utilized from time to time in assisting progressive Canadian students in scientific research is contained in the will of Aeneas McCharles of Sudbury, who died in Montreal last August. Mr. McCharles was one of the first to become interested in the Sudbury nickel mines.

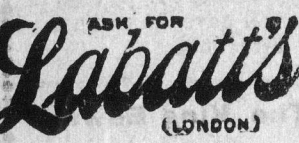

Steals Employer's Goods.

Halifax, N. S., Sept. 19.—Ralph Smith, a porter in the employ of W. and C. Silver, wholesale and retail drygoods, was behind prison bars last night charged with stealing from the firm goods to the value of \$3,000. The thefts have extended over a period of one year. Nathan Hubley, a storekeeper at St. Margaret's Bay, was arrested as the receiver of the stolen goods.

The eating powers of the Eskimos, if the tales told in the books of northern explorations are to be believed, are most extraordinary. One writer tells of a young man scarcely full grown who ate four pounds and four ounces of frozen sea horse fish, four pounds and four ounces of sea horse fish broiled, one pound and twelve ounces of bread, one and one-fourth pounds of rich gravy in twelve hours. Besides eating the above he also drank one pint of grog, three glasses of raw split and nine pints of water.

INGRATITUDE OF KINGS

Wolsey-Like Experience Meted Out to Treppoff by the Czar.

Tyran's Heart Was Broken—Had Made a Radical Remark About Cabinet and It Was Attributed to Cowardice—Jewish Intercession Successful, But New Horror Threatens Them at Odessa—"Flying Group" Disbands.

Vienna, Sept. 19.—According to information received by The Neues Wiener Tagblatt from a distinguished Russian authority, Gen. Treppoff, at the council at Peterhof, Aug. 15, remarked: "We have made a fearful mistake in not having formed a cabinet representative of society."

Emperor Nicholas, indignant at the observation, avoided Gen. Treppoff henceforth. Later, Gen. Treppoff presented the Emperor with a project he had elaborated respecting the sale of the crown lands, but the Emperor coldly ordered him to hand it to Grand Duke Nicholas, his bitter enemy.

The grand duke, after reading the project, remarked: "It is extraordinary that you have now become a Liberal after the attempt to poison you. You are a Liberal from fear of a revolution, not from conviction."

Gen. Treppoff took this treatment to heart, coming from the hands of those to whom he had devoted his whole life, and passed his days in the closest retirement, suffering intensely from depression.

Early on the morning of Sept. 13, Gen. Treppoff found on his writing table a document, which he knew, as he unfolded it, was a death sentence from the revolutionary committee.

Greatly agitated, he was seized with a cramp of the heart, eventually causing his death.

Jews Interested.

St. Petersburg, Sept. 19.—As a result of intercession by a deputation of Jews, at the head of which was Baron Ginsburg, a prominent banker of St. Petersburg, Premier Stolypin has sent telegraphic orders to the Governor of Siedlice that the persons arrested there following the recent massacre shall not be submitted to trial before the newly-established drumhead court-martial.

Jews Marked For Massacre.

Odessa, Sept. 19.—Police men, accompanied by soldiers, made tours of the city Monday night and cut marks on the trunks of trees standing close to a great number of shops belonging to Jews. These actions are supposed to be in preparation for the rumored attack by the military and a great panic ensued among the people learned what had been done. Representatives of the Jews appealed to the mayor to investigate, and the investigation is said to have confirmed the story.

A police official was tried here yesterday on charges of having killed 11 Jews during the anti-Jewish attacks last year. Although the murders were fully proven, the man was condemned to only three years' imprisonment.

Mutineers Were Shot.

Helsingfors, Finland, Sept. 19.—Seventeen marines, condemned to death for participation in the Sveaborg mutiny, were shot yesterday. The court-martial has sentenced 80 others sailors to various terms at hard labor for service with the disciplinary battalion. Eleven of the men tried were acquitted.

Traitor In Their Midst.

St. Petersburg, Sept. 19.—Disheartened at the capture of their principal leaders, of whom Vladimir Maslari and a number of others have been executed, the "Flying Group" of the revolutionists, which succeeded from the parent organization last winter, and which has been responsible for almost all the important assassinations and robberies since the convocation of Parliament, has voted to return to the fold and submit to the orders of the central committee. The members of the "Flying Group" are convinced that they have had a traitor in their ranks. They suspect Belenoff, the leader of the band which committed the bank robbery in Moscow last March.

THE CUBAN REVOLT.

Rebels Are Again Destroying British Railway Property.

Havana, Sept. 19.—Since the return here of the military trains, the rebels are again destroying property of the Cuban Western Railroad, a British enterprise.

Government forces, 2,000 strong, under the command of Gen. Belancourt, are concentrating at Matanzas, and it is reported that they expect orders to march toward Havana.

Alfredo Zayas, president of the Liberal party, says that Col. Avales, with 500 mounted men, attacked a rebel force under Pino Guerra Monday near Los Palacios, in Pinal del Rio Province. The rebels had one man killed and two wounded. The Government soldiers had 18 killed and 30 wounded.

A second attack was about to begin when Guerra's brother, in the capacity of peacemaker, arrived from Havana and urged an armistice, which was speedily arranged.

Joseph Demers Chosen.

St. Johns, Que., Sept. 19.—The convention to nominate a candidate in succession to L. Philippe Demers was held yesterday afternoon. Eighty-five votes were cast, of which 75 were in favor of Joseph Demers. Hon. L. P. Brodeur announced that the Government would accept any candidate named by the convention.

Bank Shares Drop 100 P. C.

Rottterdam, Sept. 19.—Suspected of the embezzlement of \$294,000, Bland Vandenburg, a notary and director of the South Holland Bank, has been taken into custody. The shares of the bank dropped 100 per cent. on the bourse yesterday.

Prize Clydesdales For Manitoba.

London, Sept. 19.—(C. A. P.)—The Donaldson liner Marina has a valuable shipment of Clydesdales for Manitoba. The shipment includes eight stallions and two mares, amongst them being several prize-winners.

WONDERS OF THE SKIN

Curious and Interesting Facts About What It Is and What it Does

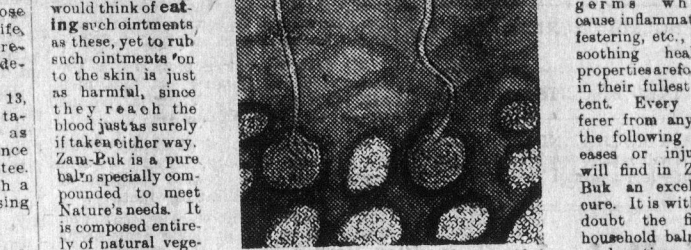

Did you ever consider the fascinating romance of the human skin? Next to the heart the skin is perhaps the most wonderful part of the human frame. If you were to take a small piece of skin and magnify it many thousand times you would see what is depicted in the accompanying sketch. The little holes marked "A" are the mouths of tubes or pores, and it is through these minute openings that the body ejects a great deal of its impure matter in the form of perspiration. There are about three thousand of these minute pores to every square inch of the skin surface, and the vital influence of the skin upon health may be imagined when it is pointed out that from these tiny tubes about two pounds of solid matter is exuded each day. These pores, moreover, lead to glands, as shown in the diagram, which are in contact with minute blood vessels.

It is readily seen, therefore, how dangerous it is to rub into the skin oily or greasy substances, containing mineral coloring matters and poisons, and how equally detrimental ointments containing rancid mineral fats and oils must also be. Nobody would think of eating such detestable food, but just as surely if taken either way, Zam-Buk is a pure balsam specially compounded to meet Nature's needs. It is composed entirely of natural vegetable essences, and contains no mineral matter or any poisonous coloring matter whatever. Not only is Zam-Buk superior because of its purity, but because of its special refinement. Many ointments in common use are too coarse to penetrate the minute orifices referred to. Zam-Buk, on the contrary, is so specially refined as to be absorbed completely by the skin. Its healing qualities are thus utilized to the full.

Zam-Buk has been tested by medical men, hospital nurses, and by the general public, and has been found unequalled for all its cures of cuts, burns, bruises, etc., its action is really wonderful. Whoever watches the healing of a wound, chronic sore or diseased surface of the skin by Zam-Buk is face to face with one of Nature's greatest wonders. The antiseptic substances

contained in Zam-Buk first attack and kill all microbes or germs that are the cause of inflammation or disease. The healing ingredients contained in this unique balm then proceed to build up new tissue to replace that which has been damaged or diseased. New cells appear underneath the old skin like a builder replacing an old foundation with a new and more lasting one until the whole of the wounded area is gradually overlapped. The old injured skin then falls off, and in a short time it is hard to say where the injury has been.

Mr. Wentworth Lancelotti Scott, one of the leading analysts of modern times, has specially investigated Zam-Buk. From special bacteriological tests he discovered that the power which Zam-Buk has of destroying harmful germs is even greater than that of poisonous carbolic acid. Notwithstanding this excessive power to destroy harmful germs, Zam-Buk is so mild in its operation that it may be used, and is daily being used, on the delicate skin of young babies. In Zam-Buk power and healing—power to destroy harmful germs, and healing—power to cause inflammation, feasting, etc., and soothing healing properties are found in their fullest extent. Every sufferer from any of the following diseases or injuries will find in Zam-Buk an excellent cure. It is without doubt the finest household balm of modern times.

Section of human skin highly magnified.

It cures cuts, burns, bruises, scalds, insect stings, pain and inflammation, diseased ankles, bad feet, ulcers, bad legs, swellings, piles, chafing, heat rashes, pimples, boils, eczema, sore breasts, sore backs, baby's sores, scalp sores, festering sores, poisoned wounds, granulations, neuralgia and nerve pains generally.

All druggists sell Zam-Buk at Fifty Cents per box, or it may be obtained post free upon receipt of price by the Zam-Buk Company, Colborne Street, Toronto. Six boxes will be mailed post free upon receipt of two dollars and fifty cents at the company's headquarters. A free sample box will be sent you if you cut out this article, write across it the name and date of this paper, and mail it with a one cent stamp (to pay return postage) to the Zam-Buk Company, Toronto. NO. 10. MASTER MINDS ON MUSIC

Being the 10th of a series of ten talks introducing sayings of great men, applicable to the Nordheimer Piano, the symbol to perfect music.

The man that has no music in himself, Nor is not moved with concord of sweet sounds, Is fit for treasons, stratagems and spoils —Shakespeare

In this last of our series of what the master writers have said about music we have quoted the familiar words of the greatest English poet. Many times Shakespeare has credited music with the greatest of arts, and in his day music had not reached the summit of its magnificence that it has today with such instruments as

THE NORDHEIMER PIANO

The "concord of sweet sounds" is but another name for the NORDHEIMER TONE, only the concord is is more perfect than can be realized in any other instrument, for the Nordheimer is now accepted by the Canadian people almost as a whole as the leader. Certainly it is the favorite among the most refined music lovers. If you are a music lover we would like to have you visit our ware-room and see the magnificent display.

NOT A SUCCESS

And was the operation a success? No, replied the great surgeon, sadly.
Did he die?
Oh, no; he had regained his health, but I was never able to collect one cent for my services.

BARN BURNS IN MORPETH

Ridgeway, Sept. 19.—Edward Coll, who lives about a mile west of Morpeth, is a heavy loser by fire, his fine new bank barn, erected about two years ago, being entirely destroyed.

He also lost two horses, a thoroughbred bull, several pigs, vehicles, harness, implements and most of this season's crop.

An insurance of \$1,000 was carried in the Howard Mutual, but this will not nearly make up the loss. The origin of the fire is a mystery.

PRESENTED HIM

Rev. Mr. McLean Honored By Cedar Springs Baptist Congregation

(From Our Own Correspondent.)

The home of Mr. Jos. Rigby was the scene of a pleasant party on Thursday evening of last week, when the congregation of Cedar Springs Baptist church assembled to express regret at the resignation of Cedar pastor, Mr. C. McLean, who has served so efficiently and faithfully during the past year. The following address was read by Miss B. Ellis:

To Mr. McLean:
Dear Friend:—It is with mingled feelings of regret that we, the members and congregations of Cedar Springs Baptist church have assembled here this evening. As we recall the past year, which has been so full of retrospection, we are reminded of the year during which you have so willingly given your great talents for the advancement of church work, mere words fail to express our deep regret at the thought of your departure from our midst. With great pleasure we recall the year which is marked by your able and faithful service as pastor of our church, and we have felt that we could not but embrace this opportunity to offer some tangible recognition of your untiring efforts in the past, as well as to convey our best wishes for the future.

It is noteworthy that your example as well as precept has established a high standard that has been conducive to establishing proficiency as well as a feeling of confidence and good fellowship. Your earnest endeavor to advance the interests of the church and the cause of God's Kingdom will not soon be forgotten.

Therefore on behalf of the congregation we ask you to accept this purse as a slight token of our affectionate esteem and highest appreciation and gratitude. Let us conclude by hoping that you may experience the deepest joys of life and that your future may be even brighter than the past.

Signed on behalf of the congregation and friends: Mrs. Jos. Rigby, Mrs. A. Claus.

At the conclusion of the address Mr. McLean was made the recipient of a handsome purse well filled, which was presented by Mrs. Rigby, which was suitably acknowledged.

The formal presentation being concluded the evening was given over to fun and enjoyment and an impromptu program of songs was given. Supper was served about midnight, after which the party dispersed.

THE STAGE

ANNOUNCEMENTS

(Supplied to The Planet by Press Agents.)

At the Brisco Opera House—

The Red Feather—Sept. 24.
When Women Love—Fair nights, Sept. 26th and 27th.
Florence Gale in "Love Victory"—Oct. 1.

Real Widow Brown—Oct. 6.
John Griffith—Oct. 11.

The book of the comic opera "Red Feather," which will have its first appearance in this city on Monday, Sept. 24th, was written by Charles Klein, the foremost American dramatist of the day. Mr. Klein is author of both "The Music Master" and "The Lion and the Mouse." The former is now in the third year of its Broadway run and the latter has entered the second season of its New York engagement.

The company which appears at the Brisco Opera House on the above mentioned date, is said to be quite important in names and number, and gorgeous costuming and superb stage mountings will add to the value of the production as a spectacle.

Miss C. Simpson, in the title role, whose superb vocal powers are widely known, is at the head of a company of seventy-five people, many of whom are exceedingly prominent in the light opera field, including Lyman Wheeler, Ben. G. MacGahan, W. J. McCarthy, Richard Karl, W. H. Poyers, Daisy Raguet, Gertrude Black, Frieda Rich, Virginia Gibby and Grace Sessler, and a big singing chorus of fresh, young and well-trained voices.

The author of the play did well in choosing for his plot the story of the intrigues of a band of conspirators of the country of Romania. The throne is tenanted by a Crown Prince, who is considered by many of the subjects not to be the rightful heir. Those who champion the cause of the pretender are led by one Red Feather, a notorious free rider, who in the unravelling of the plot proves to be none other than the noble Countess Hilda von Draga. Both the Crown Prince and the deposed heir are in love with this great court lady and

their efforts to thwart one another on the field of love lend additional interest to the romantic story, which is worked out to a logical and happy ending.

POPULAR FLORENCE GALE.

There are few actresses on the stage who are closer to the hearts of the theatre-going West than Florence Gale, who will appear in a new romantic play, by Margaret Mayo, entitled "Love's Victory," at the Brisco Opera House on Monday, Oct. 1st. In this city she is a strong local favorite, made so by former visits in ideal plays, notably her charming impersonation of Rosalind in Shakespeare's immortal comedy of "As You Like It." Judging by the numerous inquiries made at the box office, her forthcoming appearance

will be greeted by a capacity audience. "Love's Victory" is said to afford Miss Gale a better opportunity for the display of her talents than any play in which she has previously appeared. Some critics have asserted that Miss Gale's impersonations in this remarkable play is nothing short of a sensational triumph. She will be supported by William Bonelli and a fine company, and the advantage of a beautiful production.
