

BEAMSVILLE CAR LINE DISPUTE NOW SETTLED

Kenora to Sell Electric Power at \$10.

R. A. Thompson's Liquor Bill Withdrawn.

Canvassing for Liquor Orders in Dundas.

(Special Despatch to the Times.) Toronto, April 8.—Dr. Smellie's bill to incorporate the town of Keewatin was reported by the Private Bills Committee of the Legislature this morning.

The bill respecting the town of Kenora was also reported. Mr. Lucas pointed out that the bill gave the town the power to sell electric power to the Maple Leaf Flour Mills Co., Limited, for forty years at \$10 per horse power, and to renew the agreement for forty-two years more at the expiration of the first forty years.

Mr. Lucas pointed out that the bill gave the town the power to sell electric power to the Maple Leaf Flour Mills Co., Limited, for forty years at \$10 per horse power, and to renew the agreement for forty-two years more at the expiration of the first forty years.

Mr. A. F. Lobb, solicitor for the Hydro-Electric Power Commission, said the Milling Company had spent a million and the town \$375,000, and as the town owned its power plant, the commission had no objection to the bill being reported.

There was a prolonged discussion over the bill respecting the village of Beamsville. Senator Wm. Gibson, who owns a quarry near the village, owns a horse car line, which runs through the village to the quarry outside the village, and the village asked the power to compel Senator Gibson to keep his line in proper repair.

Mr. Ferguson (Greenville) was chairman of the sub-committee appointed to consider the bill. He reported that the committee recommended that the car line be placed under the jurisdiction of the Ontario Railway and Municipal Board.

Mr. John Jennings, who appeared for Senator Gibson, strongly opposed the proposal. He said the line was a narrow gauge one, and did not cater to the public. Senator Gibson used the cars to carry rock from his quarry, and the line should not be under the jurisdiction of the Railway Board.

Mr. R. Geary, representing the village, favored the report of the sub-committee. Mr. Jennings claimed that Senator Gibson was relieved of any responsibility in the way of keeping his line in repair by a bylaw passed by the council on April 10th. He urged that the Railway Board have jurisdiction only over that portion of the line running through the village, and with that amendment the bill was reported.

The amendment to the liquor license act proposed by Mr. Thompson (Wentworth) was withdrawn in the Legislature, and the order was discharged on the motion of Mr. T. H. Preston, of Brant. The measure provides that holders of shop licenses shall not canvass for orders in municipalities other than the municipality for which such license was issued.

The Provincial Secretary said that the liquor license act already stipulated that retail merchants should not canvass for orders in local option districts. The bill in question was intended to deal with a specific case in which Hamilton liquor dealers had sent agents to take orders in Dundas, where there was already a liquor shop. He did not think such a bill should pass, and asked its withdrawal.

The Opposition agreed in view of Hon. Mr. Hanna's position in regard to the measure. Washington, April 8.—Eastern States and Northern New York: Rain to-night, warmer in east and north portions. Thursday rain and colder; brisk south winds, shifting to northwest.

WILLIAMS' BUST.

WET OR DRY.

CITIES FAVOR SALOONS—COLORADO MADE LITTLE CHANGE IN SITUATION.

Chicago, April 8.—The great liquor contest in Illinois has resulted in a drawn battle, with the saloons winning decisively in most of the larger cities, but losing in scores of smaller ones, 1,014 saloons being voted out of existence.

The returns, as collected by townships, are even more impressive from the prohibition viewpoint, 828 townships, or more than three-fourths of the total number, being closed to the saloon. Only by winning in the larger cities did the liquor interests save themselves from a complete rout.

Where the "grog shop" was not an economic asset in city government the prohibitionists had the advantage. Where financial questions entered largely they lost. Although they did not chase the "demon rum" from the State, they profess satisfaction with the results.

Returns from the 1,200 townships of the State are incomplete, and it is not possible to state with exactness how many saloons will close their doors 30 days hence as a result of yesterday's balloting. The figures available place the number at over 1,000, being for the most part in towns which had from five to twenty-five saloons each.

Denver, Col., April 8.—Thirty-five towns in Colorado, in which elections were held yesterday, voted on the question of local option. Nineteen of those elections resulted in no license and 16 voted to license saloons. The anti-saloon element won over four towns that were formerly "wet," and the liquor element made gains of five towns, giving it the advantage of one in the total of changes.

MORNINC WEDDING.

Quiet Event In First Methodist Church This Morning.

A very quiet wedding took place in First Methodist Church this morning, when Miss Margaret Zimmerman, daughter of the late Dr. Johnson Zimmerman, dentist, of this city, became the bride of Mr. Charles Champion, of Brantford.

SLANDER SUIT.

Beamsville People Are to Mix-up in Litigation.

Nesbitt, Gauld & Dickson have issued a writ on behalf of Arthur E. Bull, Beamsville, against George Crain, of the same place, for damages for slander and libel. The amount asked for is unspecified. Some time ago Mr. Bull was the bookkeeper and manager of Mr. Crain's brick-making establishment. He left to go with another firm, in some other part of the Province. He alleges that the defendant circulated stories concerning him derogatory to his character. Mr. Bull denied these stories, and has had the writ issued.

DIES PRAYING.

Chicago Man Succumbs In Home of Daughter.

Detroit, April 8.—While kneeling in prayer in the parlor at the home of his daughter, Mrs. S. A. Munger, 253 Lincoln avenue, yesterday afternoon, Henry C. Knill dropped dead. Coroner Bennett decided that death was caused by heart trouble. He will not hold an inquest.

THIS LOOKS WELL.

Prominent Contractor Says the Outlook Is Good. Speaking of the building outlook in Hamilton this morning, Mr. John E. Riddell, the well-known roofing contractor, said: "All over the city you see excavations being made for foundations. Most of these are for a fair class of houses, although there are some large store blocks. There is certainly enough work opening up to keep the building trades pretty busy during the summer."

LEWIS DID NOT GO TO SOUTH.

Parliamentary Authorities at Niagara Falls Active—Body May Be Under the Ice. (Special Despatch to the Times.) Niagara Falls, N. Y., April 8.—Each day that goes by makes the disappearance of Harry Lewis, teller of the branch bank of Hamilton, Beamsville, more remarkable and mysterious. While there is not the least doubt that he went to Niagara Falls, N. Y., the police and detective bureau there are all at sea.

A FAREWELL.

To Mr. and Mrs. Wilson Who Go to Grimsby. About 30 members of the Official Board of Charlton Avenue Methodist Church, accompanied by their wives, paid a very pleasant surprise visit to the home of Mr. and Mrs. William Wilson, on the occasion of their leaving the city to take up their residence in Grimsby.

Y. M. C. A.

Opening Meeting at Stratford of the 36th Annual Gathering. Stratford, Ont., April 8.—The thirty-sixth annual convention of the Y. M. C. A. opened here this morning. There were about seventy-five delegates in attendance. Mr. W. H. Wigg, of Quebec, president of the association, presided. Fred E. Smith, international religious work secretary, of New York, gave the opening address, taking as his subject "The Highest Ideals in the Christian Life," and basing his remarks on the life of the apostle Paul. The report of the provincial committee was adopted as read, and the convention then adjourned until 2:30 p. m.

SAFETY DEPOSIT BOXES.

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

EXPLOSION AT BRANTFORD.

Sanitarium Wanted—Teachers' Convocation—Bad Runaway.

(Special Despatch to the Times.) Brantford, April 8.—A fine storey-and-a-half residence, belonging to Geo. Bickell, and situated on 93 Murray street, was totally wrecked this afternoon, as a result of an explosion of natural gas, which practically blew the house to pieces. The gas connections had only been made since Saturday, and an electrician named Thomas was busy installing electric lights. In the upper storey he lit a torch to solder some iron, and immediately as he did the gas went off with a cannon-like report. He was standing between two open windows, which was all that saved him from being badly burned. The leak was found under the floor of the first storey, and the house was fairly filled with gas. The front window downstairs was blown clear across the street, and the walls of the foundation shattered. Every room was a wreck, so great was the force of the explosion. The damage will amount to over \$1,000. The house was ready for occupancy by Thomas Foulger, a retail clerk, said to be contemplating matrimony. The firemen from both departments were called out, but there was no blaze to amount to anything. The explosion is the second one of its kind resulting from natural gas in this city during the past few weeks. The young man with the torch is congratulating himself that he was not drowned, but he has come to this country recently there is hardly one who understands the needs of the business. No matter how good they may have been in the old country you have to teach them the business all over again here.

Police Court. At the Police Court this morning Jas. Gardiner, a striking moulder, was charged with an indictable offence in removing some spring beds from a wagon on the way to the Buck stove works on Monday night. An enlargement was granted until to-morrow. The defendant pleaded guilty. A. J. Wilson was fined \$10 for violation of the junk bill. He arranged a deal for scrap iron over the telephone from his own place, and thus came within the by-law. John Hagen appeared as complainant against his 17-year-old son, who was an incorrigible. The firm was sent to Mimico for an indefinite term. John Widley, an Indian, was sent up for 30 days for being drunk, but the Indian would not divulge where he secured the whiskey. William McMeans, for supplying liquor to James Clouse, who was on the Indian list, was allowed to go. Witnesses saw Clouse drinking from a bottle, but they could not swear that it was the real goods.

Bought by Hamilton Firm. An agent of the Chipman-Holton Knitting Co. of Hamilton, stated yesterday that the Brantford Hosiery Company had been acquired by that firm and would be immediately moved to Hamilton. The firm employs about 50 hands and the machinery and all the equipment will be removed. It has been understood for a few days that such a deal had been consummated. The removal is an industrial loss to this city.

Waterworks Superintendent Dead. Stephen Tomlinson, for over 30 years the superintendent of the Brantford Waterworks system, died suddenly this morning from heart failure. He had been in bed a day and was going up to go to work again this morning. He toppled over and expired before anything could be done. He was in his 68th year, and had been engaged by the city ever since taking over the plant as its superintendent. He was a man of high character and was greatly respected by his fellow workers. He was married and had a family. He was a member of the Methodist church and was a devoted worker in the church. He was a man of high character and was greatly respected by his fellow workers.

A BAD ACCIDENT.

City Weigh Scale Clerk Received Severe Injuries. William H. Ainsborough, 587 John street north, a cripple employed by the city as a weigh scale clerk, was seriously injured last evening by being run over by a coal wagon while on his way home from work. Ainsborough is stationed at the weigh scale in the Rogers Coal Company's yard at the head of Victoria avenue.

M'KEE DIVORCE.

Denies Improper Conduct With Italian Marquis. Paris, April 8.—The hearing of the McKee divorce suit was continued in this city to-day. Maitre Barbois, on behalf of Mrs. Hart McKee, the complainant, conducted the pleading in rebuttal. The Italian nobleman with whom it is alleged Mrs. McKee had improper relations at a chateau at Varennes, was identified as the Marquis Guglielmi. M. Barbois denied Mrs. McKee's allegation and offered to produce testimony from physicians to show that the wife's physical condition at the time specified was such as to disprove the charges.

BATTLEFIELD PROJECT.

(Special Despatch to the Times.) Ottawa, Ont., April 8.—There was an informal meeting of members of Parliament and Senators in the Railway Committee room of the House of Commons to-day to talk over how best to promote the interests of the country through the purchase of the Battlefield project. The Speaker of the House of Commons and the Speaker of the Senate were present. The meeting adjourned to look up the matter at a later date.

THE MAN IN OVERALLS.

We are all annexationists when it comes to taking Mount Hamilton into the city. The Herald is so mad over this power business now that it won't speak to itself. Gamey should also explain the Crossin Piano episode. Some of the girls say that Jack-the-Hugger should be hanged to death. There should be a graded tax for dogs. The more useless the animal the higher the tax. Are you going to build this summer or just go on as before keeping your landlord? Now will the Board of Trade kindly help me to get the Jolley Cut fixed up decently? Whitney proposes to spend \$8,000,000 this year and borrow \$4,000,000. The man must be a spendthrift. The Spectator dreamed last night that Mr. Hendrie was to be elected by acclamation. But dreams go by contraries. It is Mr. Zimmerman who is to be unopposed. I feel sorry for the Herald. The trouble is that it has had too much to say about the power scheme. It could have told all it knew in little space, but it kept talking after it lost track of what it was saying. Mayor Stewart has not yet made up his mind whether he will join the Board of Control or take a whirl at East Hamilton and go down in the general wreck. I don't see many farmers in the city looking for hired help. Toronto seems to have little shame. Here it is back at the Legislature applying for outdoor relief. There is some talk of holding the grocers' picnic at Niagara Falls this year, by way of a change. Now I am told Jack the Hugger is a girl. Another report is that Mr. Studholme is to be elected by acclamation to stay at home. Having been so successful with the mountain brow, the Board of Trade should see what it can do with the Coal Oil Inlet. The water could be sold to the city for street watering purposes, and the money devoted to making it into a children's public playground. The city assessor's story goes, has now got hold of the salary list, and will use it for income assessment purposes. Dan Reed seems to have pretty much the run of the House now. When he talks Beach Whitney is strangely silent and Mr. Hendrie has never a word to say. At three o'clock on last local election day Mr. Washington had Mr. Hendrie badly beaten. Then the long green was pushed out and my friend, Mr. W., was shoved under. Will there be a reptile fund this summer?

WHO WILL SUCCEED MAJOR PRENTICE?

Chicago Aldermen.

Chicago, April 8.—Thirty-five aldermen were elected in Chicago yesterday, and of this number 24 were Republicans. One of these ran as an independent, but he, nevertheless, politically is a Republican. Mayor Busse will enter on the second year of his term with a larger party majority back of him than any Mayor has had in the last thirty years.

TORONTO'S STORM.

Wind and Waves Causing Great Havoc Along Shore. Island May be Cut In Two—Rescued From Houses by Boats. Toronto, April 8.—Never within the memory of living man have wind and waves created such dire havoc along the lake shore west of Toronto as occurred last night and this morning, and, for that matter, is occurring still, for the waters are still raging. The whole shore line for a mile on both sides of the mouth of Mimico Creek, west of the city, has been ground to pieces and swallowed up for 20 feet back. The mouth of Mimico Creek has become a huge bay, and all the flats are covered to the depth of several feet. The electric railway poles along the lake shore between Windermere avenue and the Humber fell over this morning, entirely stopping the cars, and passengers had to wade between the two points. The track itself is seriously threatened. Great damage has been done on the south shore of the island, and it is feared if the storm continues much longer a channel will be worn straight through the island to the bay. Down at the Beaches, Keeweenaw and Balmby, the storm has never been equalled. The waves have forced their way 100 yards further inland than they ever did before, and families had to be taken out of their cottages in boats.

While city people were generally unaware that there was a great storm on the lake, the Beach people knew it, and the waves rolled high all night, and this morning the lake was in a fury. The scene was a wild one. Dan Reed seems to have pretty much the run of the House now. When he talks Beach Whitney is strangely silent and Mr. Hendrie has never a word to say. At three o'clock on last local election day Mr. Washington had Mr. Hendrie badly beaten. Then the long green was pushed out and my friend, Mr. W., was shoved under. Will there be a reptile fund this summer?

MAY LOSE FOOT.

Accident at Guelph to Bandmaster of Berlin Band. (Special Despatch to the Times.) Guelph, Ont., April 8.—Professor Noah Zeller, of Berlin, bandmaster of the Berlin band, and one of the best known musicians of the Province, stepped from the train at Gordon street crossing here this morning only to walk directly in front of the train from the east. Both trains were moving slowly at the time and a coating of ice on the crossing made it impossible for him to get clear of the oncoming train after he had seen it. He was going to teach music at the Lorette Academy, and was saving time by getting off at the crossing.

BURNED TO DEATH.

Two Brothers Lose Their Lives In Passaic Fire. Passaic, N. J., April 8.—Two brothers lost their lives early to-day in a tenement house fire, which destroyed the building and seriously endangered eight families. When the firemen dashed in to the house they stumbled over a body at the foot of the stairs. It was that of William Campbell, who had died from suffocation. A little farther in the hall they found the body of Alexander Campbell, terribly burned. Finding the stairs impassable, the firemen raised ladders to the front and rear windows, and with great difficulty succeeded in rescuing all the other inmates of the house.

LUCKY FOR HIM.

Tons of Falling Iron Barely Escaped Alex Hanna. Yesterday there came very near being a serious accident in the warehouse of Wood, Vallance & Co. Ten or fifteen tons of iron and steel bars were standing on end in the warehouse and held in position by some pins. An iron pig fell from above them and broke a pin on to his home, and Dr. Hilker and Coleman were summoned. Although he is seriously hurt, the physicians have hopes of being able to pull him through.

BURGLARS BREAK INTO A BANK AT THORNHILL.

Manager Has a Shooting Match With the Gang—But All Escaped. Toronto, Ont., April 8.—Mr. Roy Henry, manager of the Stirling Bank branch at Thornhill, just north of Toronto, who sleeps in rooms over the bank, was awakened about \$12.50 this morning by hearing a noise downstairs. Securing his revolver, he started to creep downstairs to investigate, when he distinguished the form of a man working at the fan-light. Mr. Henry at once opened fire on the intruder, who promptly shot back. Continuing the fusillade, Mr. Henry stepped across the hall, when someone from the darkness struck him a stunning blow on the head, which rendered him unconscious. The firing in the meantime had aroused the neighborhood. The would-be burglar beat a hasty retreat into the open country. Word was at once telephoned to Toronto and county constables were detailed to go to Thornhill as quickly as possible, but it is believed the men have been able to make good their escape. Alexander Henry's injuries are not serious.

MAY BE NO APPOINTMENT FOR SOME TIME.

Mayor Displeased Over East End Station.

A New Street Wanted In the South. The Police Commissioners had a short session behind closed doors at noon today to discuss matters in connection with the force. It was agreed that if a reasonable price could be secured for the old patrol station on Napier street should be sold and the money derived from this property devoted to building a new station further west. The commissioners have a site in view, but owing to the party interested being unable to attend the meeting nothing was done to-day. The Board seems to have a hard time getting suitable men for the force. Some time ago Chief Smith was given permission to pick out men himself in the hope that suitable recruits would be secured. The Commissioners decided to-day however, to return to the old method of advertising for men. There are three vacancies to fill, and the Board will meet a week from to-day to make the appointments. The matter of filling the vacancy left by the death of Sgt. Major Prentice was mentioned, but not discussed at length. The Commissioners agreed to leave the matter over until the regular meeting. It looks very much from what was said as if the Board did not intend filling this position for some time to come. It is the intention to get the new patrol station built, if possible, before the fall so that Chief Smith can divide the force into two divisions, a scheme he has had in view for a long time. The chief has about as much need for a new combination wagon as he has for ninety-five plug hats," said Mayor (Continued on page 10.)

CHURCH MEETING.

Western Association of Congregational Churches. Woodstock, April 8.—The spring meeting of the Western Association of Congregational Churches opened in the Congregational Church here yesterday afternoon at 2 o'clock. The meeting opened with devotional exercises, led by the President, Rev. C. S. Pelley, B. A. Encouraging reports were received from the different churches represented. The session closed with a discussion on the schemes of the denomination for Home and Foreign Missions. Rev. W. T. Gunn, M. A., B. D., the Denominational Superintendent, who spent considerable time in the west, gave many interesting details as to the requirements of the different sections, and as to the progress being made in the formation of new churches. The evening's session commenced at 8 o'clock. The Association sermon was preached by the Rev. Matthew Kelly, of Watford.

KINGSTON GAS.

Municipal Ownership Not Working Out Right. Kingston, Ont., April 8.—At the meeting of the Light Committee yesterday afternoon it was discovered that the city has been losing 26 cents per thousand since July last. On this date the price was reduced 50 cents on illuminating gas and made \$1 for all purposes. The output is 12,000,000 feet annually, and the loss to the city would aggregate \$5,120. The intention is to use the number of consumers so as to permit of dollar gas, falling which the price must advance. This is not regarded favorably for municipal ownership.

DIED OF WOUNDS.

New York, April 8.—Robert Trubenbach, who after shooting his wife and daughter in their home in East 84th street, last night, put a bullet into his own head, died at a hospital to-day. The wife and daughter are in a serious condition, but it is believed they will recover.

WILL PUT UP A FINE MODERN BUILDING IN THE IMMEDIATE FUTURE.

The Dominion Bank, one of the solid and progressive institutions of Canada, has just completed negotiations for the Thomas Crooks property, at the corner of King and MacNab streets, and will erect a modern three-story bank building, having a frontage on King street of fifty feet and a depth of from sixty-five to seventy-five feet. The lower portion of the new building will be of stone, and the upper stories brick with stone facings. The local branch was opened in this city last July, and the

SAFETY DEPOSIT BOXES.

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables. TRADERS BANK OF CANADA.

FATED TO LOVE HER

James was still silent; she began to fear that her presumption had disgusted him. She thought of the power, the influence of the "Four Essays," and wondered how she had dared to speak so boldly. The bell rang for prayers. "We must go in," said James; and in they went. On the topmost step, Gabrielle paused to ask— "James, have I offended you?" "Offended me?" he replied, laughing. "My dear child! It is a natural sequence, that, being feminine, you should see things in a feminine light."

NERVOUS CHILDREN.

St. Vitus' Dance, Neuralgia and Head-aches Common Among School Children. St. Vitus' dance is a disease that is becoming more and more frequent among school children. Young people tire the nerves with study and the nerves cry out. Sometimes the trouble takes the form of neuralgia, headache, nervous exhaustion, weakness of the limbs and muscles and what we call "being run down."

HE WILL NOT DIE.

MURDERER OF MONTREAL POLICE-MAN HIT FOUR TIMES. A Murder Warrant Served on Him—Constable Who Was Wounded in a Bad Way and Injury May Prove Fatal. Montreal, April 7.—James Smith, the book agent, murderer of Constable Shea, and the man who shot Chief Detective Carpenter and Constable Foucault from the window of his house last night, will recover, according to the latest reports of Dr. Elder, and the house surgeons at the General Hospital, Chief Carpenter, who is suffering from two severe wounds caused by buckshot, although in great pain, will probably be able to leave the hospital for his home in about ten days. Constable Foucault has taken a turn for the worse, and whether he will get off as lightly as was at first expected.

AT R. MCKAY & CO'S, THURSDAY, APRIL 9th, 1908. HAMILTON'S MOST PROGRESSIVE STORE.

Our Extensive THREE-DAYS Sale of LINENS THURSDAY, FRIDAY and SATURDAY At Unprecedented Prices

Tea Toweling 12 1/2c: 23-inch Bordered Check Tea Toweling, firm absorbent weave, worth 16c yard, for 12 1/2c.

SPOKE ON TACT.

Interesting Lecture by Rev. Dr. Milligan at Toronto.

"Tact" was the subject of a very interesting lecture last evening at Central Presbyterian Sunday school, delivered by Rev. Dr. Milligan, of Toronto, to the Central Men's Association. There was a large and enthusiastic attendance and Dr. Milligan delighted his audience. He is a forceful speaker and gave a witty and humorous discourse. He illustrated each point in his lectures with interesting little stories which kept the audience in raptures of laughter. Rev. W. H. Sedgewick, as chairman, introduced him to the association. All efficient service, said Dr. Milligan, as a starter, demands a fineness of touch and full understanding and application. This is tact. Every distinguished man is a man of tact. Newton, Shakespeare and Columbus were examples of this and are good ones. In order to be tactful you must stand face to face with whatever subject you deal with. In the study of books you should first read and understand the general story and then the idea of them. In the degree that you don't assimilate them you are traditional and to the degree that you do assimilate them you are, just to that point, a man of tact. The great thing is to understand what you are dealing with and stand face to face with realities and see what they mean. Whatever a man is handling, he should put himself there and illustrate exactly what he says. He branched off into the study of philosophy and stated that it was the basis proper of Greek and Latin. From a class of students in geography, he should put himself there and illustrate exactly what he says. He branched off into the study of philosophy and stated that it was the basis proper of Greek and Latin. From a class of students in geography, he should put himself there and illustrate exactly what he says.

HE GOES FREE.

CONVICTED MAN IS ACQUITTED ON SECOND TRIAL. Wallace McCraw Tried at Three Rivers for Murder of His Employer at Grand Anse—Crowd Cheered the Verdict.

Montreal, April 7.—Wallace McCraw, on trial at Three Rivers for the murder of Percy Howard Sclater at Grand Anse, Que., in 1905, was this evening declared not guilty by the jury and set at liberty. This was McCraw's second trial. The first trial resulted in a conviction, and McCraw was sentenced to death, but he was granted a new trial by the Court of Appeal. The verdict of not guilty was reached by the jury after twenty minutes' deliberation. The large crowd of people about the Court House cheered and shook hands with McCraw after he was set at liberty. The murder of Percy Sclater took place at Grand Anse, a village of Quebec, where Sclater lived with his wife, a half-breed. Disputes between the couple were frequent, Sclater, who was a member of a good family, treating his wife with contempt. McCraw was the hired man on the stable, and McCraw shortly afterwards left the house. Later, Sclater's dead body was found in the stable with several bullet wounds. Both Mrs. Sclater and McCraw were arrested. McCraw was tried first, and after a sensational trial was declared not guilty. McCraw was then put on trial, convicted, and sentenced to death.

This is one of the best lines of Silks for summer wear, being light in weight; thirty fashionable designs to choose from and all washable, regular 75 and 85c qualities, on sale to-morrow for 59c

MERWIN AGAIN.

Mr. Noble Explains Some Expenditure and Mistakes. (Special Despatch to the Times.) Ottawa, Ont., April 7.—At the Public Accounts Committee this morning Mr. Ames asked that the timber berths enquiry be closed and reported to the House. As Mr. E. M. MacDonald, M. P., was not present it was decided to wait until he was in attendance, as he may have further evidence to offer. The first witness was W. H. Noble, of the Marine Department, Assistant Commissioner of Lights. He was examined by Mr. Northrup in regard to the hiring of the tug Victor at Prescott. The Victor was hired on the instructions of J. F. Fraser, the Commissioner of Lights, at \$25 per day for four months. In fourteen days she used 163 tons of coal. On Oct. 31 Noble laid the steamer off as being not further required. At the request of J. F. Fraser, the commissioner, the Victor was again taken back on Nov. 3 and kept until Nov. 17. She did not do any work, being taken back as a standby. There were \$340 repairs placed on the boat during this time. The amount paid by the Government for fourteen days was \$350. This led Mr. Northrup to remark that the Government paid for the repairs \$340 and the tug \$10 besides, although no services were rendered by the tug. The \$350 given very cleverly by the Government, but this, Noble explained, was made by a mistake, and was afterwards refunded by Merwin. The \$350 for the use of the boat was certified by the witness, and the department paid on this certificate without notifying the Treasury department. It was inadvertently certified. Mr. Northrup said that the Beaver, a better boat, was engaged the previous season at about \$255 less than the Victor. The explanation of the witness was that Mr. Fraser had made the contract and he therefore approved of it. He signed the contract. Being cross-examined by Mr. McCarthy, witness said that he would have approved of the contract if he thought the Government was going to lose four or five thousand dollars on it. At that time he was suffering from a result of sickness, and was not in a good condition of health to look after business.

BISMARCK LODGE.

Enjoyable At-Home in New Quarters Last Night.

The first annual at-home of Bismarck Lodge, No. 31, Knights of Pythias, was held in the new hall, 11 Main street east, last evening, when a very enjoyable time was spent. The programme consisted of progressive euchre, the ladies' first prize being won by Mrs. R. Brunke, and the men's by Mr. Geo. Thorndyke. The ladies' booby prize was won by Mrs. C. Whitehead, and Mr. C. W. Jantz captured the lemon for the men's booby. The musical programme was contributed to by Mr. William Schmidt, who gave clever harmonica selections, and imitations which showed that he is master of that much abused instrument, and created much merriment for those present. Mr. Dell sang "Eileen Ashore" in a very pleasing manner. Miss A. Hughes contributed a violin solo and was heartily enjoyed. Miss E. Hughes gave very clever selections on the piano. Miss E. Yorick sang "Shoogy Shoo" very sweetly, and Mr. William sang "Stop Your Teeking, Jock," and as an encore gave "Hey, Donald," both of which greatly amused the audience. Mr. A. R. Whyte, Grand Vice-Chancellor, gave an address in which he set forth the merits of the Knights of Pythias, especially the work done by the Uniform Rank at the time of the San Francisco disaster, in which over \$85,000 was spent in relief work. After a light lunch being served the floor was cleared, and dancing was indulged in until the "wee suna" hours. There were about 150 present. The committee in charge were William Galashan, chairman; T. McLean, secretary; and Messrs. A. Bels, A. MacDonald, C. Brunke, and Chas. Humeerson. The best remedy for that tired feeling is to go to work.

WHAT CAUSES HEADACHE.

From October to May, Colde are the most frequent cause of headache. LAXATIVE BROMO is the best.

THE HAMILTON TIMES

WEDNESDAY, APRIL 8, 1908.

THE GERRYMANDER.

A. G. MacKay, M. P., dealt trenchantly with Whitney's gerrymander, and his remarks made it quite clear that none who read it can escape conviction that it is just about as honest in intent as the action of the man who robs a neighbor's hen roost...

In his remarks, Mr. MacKay dealt with the cases of Cardwell and Peel. As these constituencies stood, Cardwell had a population of 17,473 and Peel 18,032, a tolerably well-equalized pair of constituencies.

The plea that equalization of population is the principle on which Whitney proceeds finds many strange illustrations in the measure. In North Hastings there is a population of 24,088; in West Hastings, 17,772. But this difference of 6,216 was not sufficient to convince Whitney that there should be some change made.

In East Lambton the population is 24,808, in West Lambton 22,470; but this difference of 12,338 failed to move Whitney to attempt to equalize them. He could not see how the party could be benefited.

Between East and West Kent there is a difference of 10,296, but Whitney thought the party chances could not be improved, so they remain as they were.

The difference between the two Ontarios is 4,027; between the Perths about 1,000, and no changes are made there.

North Lanark has a population of 18,008, and South Lanark 15,428, a difference of 2,580. A deputation of Dr. Preston's party workers tried to induce Provincial Treasurer Matheson to consent to give up to them of his strength one Tory township; but Col. Matheson only smiled that sad smile of his, so much more touching than tears, and declined to increase his political risk by any such measure of equalization.

The case of Huron County is almost a typical one. The figures of the last elections in the three ridings show a total of 7,106 Liberals, and 6,944 Tories. By bunching the Grit townships in a long, narrow strip extending about 30 miles, it has been found possible to serve out three ridings, one with a large Liberal majority, and the other two fairly safe Tory seats.

Brookville, as gerrymandered, recalls to Mr. MacKay's mind Sir Richard Cartwright's description of the Hurons as repeatedly gerrymandered by Sir John A. Macdonald—"Nothing like them in the heavens above, the earth beneath, or the waters under the earth."

With all his boasted majority of 44 in the Legislature, Whitney does not altogether get out of proportion to his majority of the electorate. Taking the total vote cast in the last election, his majority in the House should not exceed 10. He is counting on legislating himself in a strength which he does not receive from the electors.

THE BOYS ARE HUNGRY.

The annual expenditure of the Province is rapidly rising. In three years, under Whitney, it has increased as much per capita as in thirty-three years of Liberal rule. The modest budgets of Mowat, Hardy and Ross, at which Tory critics were wont to rail as ruinous and extravagant, are now quite eclipsed, and require to meet the demands which they make upon the public treasury.

EDITORIAL NOTES.

Can you imagine Hon. Col. Hendrie's look of ineffable disgust as he read that Spectator guff yesterday?

So the kid teachers are to be put to practise on the Public School pupils! How the teachers of those schools will rejoice!

Oh, yes! Hamilton will have a technical school after the elections, you know. Likewise, when she puts up the money.

The Spectator daily assures its readers that R. R. Gamey is a "strong" speaker. And the editor winks the other eye, and chuckles at his double entendre.

Ottawa will be authorized to pay her controllers \$1,000 apiece. What a scramble there will be for the plums if such a snap is offered to Hamilton aldermen!

GIVE THEM WATER.

It is not as supplicants for charity that the 200-odd residents on the mountain who are now talking of securing annexation for the purpose of getting city water are coming to the city with their request.

In matters political, when you see anything in the Spectator about what the Liberals of Hamilton are going to do, you may take it for granted, in the absence of better authority, that it isn't so.

WHAT OF THE WRONGED ONE?

The establishment of a farm upon which convicts may employ their time does not completely solve the penal problem for Ontario, although it takes a long step in that direction.

But the work will not be done even then. It is, unfortunately, too true that in many cases the punishment of the actual criminal is little compared with that visited on those dependent upon him.

It is said that in European Russia, 1,200,000 children under 1 year die annually. The death rate of such children in other European countries is said to be: Norway, 79; Sweden, 93; Denmark, 112; England, 132; France, 137; Belgium, 155; Italy, 172; Germany, 204; Japan, 152; Russia, 322.

That item of \$2,000 in the supplementary estimates "presumably" for plans for a technical school at Hamilton, is not intended for election purposes—perish the thought!

It is said by Samuel A. Stodel, a representative of the Industrial Workers of the World, that there are at present 4,750,000 men out of employment in the United States, and that "matters are going from bad to worse."

A reader wishes to know what there is to prevent Hamilton from protecting itself by "standing pat," allowing the other municipalities not so favorably situated, to experiment with this Hydro power business, and then go in afterwards if it prove to be her advantage.

Mayor Stewart announces that Adam Beck is to come to explain some of the points of difficulty in the power contract. It is not "explanation" that is needed; it is rather reasons why a city situated as Hamilton is with an electric supply provided for, and lying in the path of all the other Niagara lines, should enter into any such improvident contract.

Hon. Mr. Foy's Division Court Amendment Act, which was announced with a flourish of trumpets as to greatly reduce the costs of the "poor man's court," has gone the way of his law reform scheme. It was withdrawn the other day, after a deputation of officials of the court, who have a pull in election campaigns, had protested to him that the bill was an invasion of their rights.

OUR EXCHANGES

It Never Thought So. (Victoria Colonist.)

The Telegram thinks that under the proposed amendment the returning officers in the Provinces named may be authorized to put identification marks on ballots, but we do not so read the bill.

The Bravest Monarch. (Sheffield Independent.)

It was stated by the writer that during the German Emperor's recent visit to England he called at this shop, and bought half a dozen handsome hats for the press.

Ontario, Birmingham. (Montreal Gazette.)

By the proposed contract of the Ontario Hydro-Electric Commission the city of Stratford will pay \$24.50 per horse-power, for Niagara electric current, provided 1,250 horse-power is taken.

Domestic Science.

The Public School Board of 1908 is giving ample evidence of the fact that its members are alive to the interests of the children entrusted to their care, and the lecture by Mrs. Hoodless, of Hamilton, in the Collegiate Institute hall last night was an event which proved most successful, entertaining and instructive.

If you are a woman? (Sheffield Independent.)

Nobody ever sympathizes with him who toils at odd jobs, even when he suffers in his old age, as the great-grandfather of a hammer, scientifically aimed at the head of a nail, wanders from its course and alights with emphasis on the thumb.

Club House Needed. (Goldwin Smith.)

A hint has been given in a quarter likely to be well informed that sexual vice is prevalent in Toronto, such was morally sure to be the case in nearly all, as Toronto now is, of young men without homes. The best antidote is well known to be a good club where a young man can spend his evenings in right company.

HONOR EX-DEAN GEIKIE. Medical Men of Toronto Unite in Generous Tribute. Toronto, April 8.—As a testimonial of the great work of Dr. Walter B. Geikie, formerly dean of Trinity Medical College, in advancing medical education in the province and in founding and building up Trinity Medical College, which has sent forth so many graduates, who have highly distinguished themselves in their profession, his life size portrait in oils was unveiled at the Medical School of Toronto University last night in the presence of a large number of prominent medical men.

After a strenuous fight the by-law for a new \$55,000 public school at Paris, Ont., was carried on Tuesday by a majority of 65 votes.

Easter Millinery Display. A special display here during this week of Easter Hats, ready for you quick and easy choosing. Styles that are exquisite and exclusive, and remember early choosing is best. It will be a demonstration of the effect of millinery study by our own experts personally in London and New York, and of the results of the cleverness of hundreds of our premiere milliners.

Your Easter Kid Gloves. Have you chosen them yet, if not this is your best Glove store, where qualities are right. Perina's Gloves are known the world over for perfect fitting and best style, all colors showing for matching your Easter costume, each pair in a pretty Easter box. We advise your early choosing.

FINCH BROS., 29 AND 31 KING ST. WEST

OBITUARY.

Funeral of Mrs. Mills—Mr. Cowan Burned in Toronto.

All that is mortal of the late Mrs. Chas. Mills, West avenue south, was laid away in the silent tomb this afternoon in Hamilton cemetery.

The funeral of the late Mr. Alfred Webber, who died at Vancouver, B. C., on Tuesday of last week, will take place tomorrow at 2.30 from the residence of his brother, Mr. John A. Webber, 130 Stinson street.

Miss Sarah A. Hales died yesterday morning at the residence of her sister, 102 Stevens street. Deceased is a native of Kingston, Ont. The funeral will take place on Thursday, 3.30 p.m., from the above address.

With every evidence of popular esteem the remains of the late Mr. J. W. Cowan, the well-known cocoa manufacturer, were laid to rest in Mount Pleasant cemetery, Toronto, yesterday afternoon. The funeral took place from the family residence, 105 St. George street, at 3 o'clock, and was very largely attended by the best-known business men of the city and old friends of the deceased, some of whom came from Hamilton and Brantford.

IN OVEN TOO LONG.

Why Mr. Springstead's Bread Was Light—Fined \$40.

"I have no sympathy for bakers who sell short weight bread. They shorten the weight of the bread and get it down as light as they can and raise the price as high as they can and the increase is just about twice as big as is apparent and then they sell it even shorter in weight than their labels call for, which is low enough. In reference to the new bread bill now before the House of the Province a maximum penalty of \$5 a loaf is provided for on that bill I'll fix that fine if you want me to—there are 227 loaves." Thus spoke Magistrate Jelis to F. Morison, solicitor, in police court this morning when Mr. Morison pleaded guilty on behalf of E. Springstead to selling light-weight bread and asked for leniency under the new bill before the House. Mr. Morison dropped his argument and explained that the great trouble it was to get bread the right weight. The only way it can be weighed, he said, is before it is cooked and with an allowance of 2 1/2 ounces for shrinkage it should come out right, but this was probably in the oven a little longer than the rest, hence the greater shrinkage in weight and size. The magistrate fined Mr. Springstead \$40.

CREEGGAN'S CASE.

Has Settled Financial Affairs With Thorold Council.

(Special Despatch to the Times.) St. Catharines, April 8.—The long-standing trouble between Thorold Town Council and Ex-Tax Collector P. C. Creeggan has finally been settled. Creeggan was arrested at Cobden, near Renfrew, a week ago, when he was in charge of a branch office for Dr. Winter, a Renfrew dentist, and was brought back by Chief Mains of the Ontario Police force at Niagara Falls, on a charge of embezzlement, preferred by Chief of Police Shee, of Thorold. The charge was based on Creeggan's failure to turn over to the Town Council all the tax moneys he collected, the shortage, according to the report of special auditor E. B. Patterson, amounting to about \$24. Creeggan is now in Welland County Jail awaiting trial before Police Magistrate Quirkbank at Niagara Falls, the Magistrate at Thorold, being also Town Clerk, having declined to take the case. Creeggan's brother, Rev. Alfred Creeggan, of Deseronto, came to Thorold on Monday and in conjunction with the wife of the Ex-Collector, arranged for the payment of the money owing to the town. The hearing will take place at Niagara Falls on Friday.

THE BEST WILL GO.

Commanding Officer Gives Hint to A. M. C.

The opening parade of the Army Medical Corps was held last evening in the Drill Hall, and was attended by about 35 of the members, and 22 recruits. A lot of hard work was put in under the direction of Col. Rennie and the sergeant major, Col. Rennie in his address to the men assured them that the trip to Quebec was a fixture, and that it depended on the work of the men individually whether they would go or not. The full establishment would not be taken, so these who want to go will have to get out and work hard. The next parade will be held on Tuesday evening.

New Sacred Cantata.

C. Percival Garratt will present a new sacred cantata, "A Message From the Cross," on next Tuesday evening, April 14th. The cantata was composed by William C. MacFarlane, who is one of the best modern composers of America. Mr. Garratt will have an augmented choir of fifty voices, and a quartette of leading soloists, who will sing the entire work, under his direction.

Some men are born great and some go into the grave business.

ROYAL BAKING POWDER Absolutely Pure The only baking powder made with Royal Grape Cream of Tartar No Alum, No Lime Phosphate

IN ST. JOSEPH'S. NEW COURT RULES.

Mgr. Heenan Brought Here For Treatment. Ontario's Judges Seek to Simplify Practice.

Dundas, April 8.—Miss Jeannette Lewis met the Garment Workers' Union here last evening to lay before its members her proposals for establishing a Children's Hospital in Hamilton. There was a good turnout of members, and Miss Lewis met with a cordial reception. In a brief address she explained her scheme, and although there was no formal resolution passed endorsing it, it was evident that the union was with her and at the close \$10 was voted in aid of the project. During the evening the fair visitor favored the meeting with a couple of recitations, which were appreciated. She was accompanied by Mr. C. Bird, President of the Hamilton Trades and Labor Council.

WILL BE PAID.

Touring Kilties Will Get Money For Their Services.

T. P. J. Power, manager of the touring Kilties' band, in a letter to the Intelligence, of Belleville, where the band was organized, gives satisfactory explanations about the recent trouble, referred to in the Times. He says: "I am very glad to be in a position to say that the tour just closed was a success, both musically and financially, in spite of the great money stringency. The tour, in ten months, and every week showed a profit from May 26th until the bank panic came on, especially through the Canadian West; then business fell flat and we began to draw from the treasury of the Kilties' Band Company, incorporated at New York, some of the thousands that had been sent in from the earnings of the early part of the tour. When the band reached Vandavia, Ill., the president of the Kilties received a letter from the treasurer of the company, who is vice-president of the Queen's County Trust Bank, in New York, saying he would forward no more money until he received the weekly reports, which he claimed the president had neglected to send for the past two months. The members of the band were very indignant at receiving such news, and justly so, in view of the fact that the tour had been such a huge success. In a letter from the president, received to-day (April 6th), he says all claims will be paid as soon as he can make out the statements and forward same to the directors of the company. The 16th tour is scheduled to open on the 24th May.

BIG NIGHT AT Y. M. C. A.

The work of transforming the Y. M. C. A. gymnasium to represent a large country barn is well under way, and some very realistic features will be introduced. The programme, as announced on the circular, which has been sent broadcast over the city, will be carried out in detail, and those who go expecting to enjoy a good, hearty laugh will not be disappointed. Any one who has not seen a printed programme would do well to secure one. Some splendid features in the way of gymnastics will be introduced by the best men in that line in the Association. Tickets 15 cents; reserved seats 10 cents extra.

STILL WEAK.

London, April 8.—The bulletin issued this morning regarding the condition of Sir Henry Campbell-Bannerman says that the former Premier passed a good night, with a fair amount of sleep. He continues to suffer from weakness.

SOLD STEAMER.

Ogdensburg, April 8.—The steamer Henry R. James, of the Rutland Transit Company's fleet, has been sold to the Quebec Transportation Company, and is to be converted into a car ferry boat, between Quebec and Lewis.

CASTORIA The Kidney and Bladder Tonic

Its Bad Days (Toronto News.) The water is good on some days and bad on others. For that reason the public cannot be protected against the typhoid germ. If the supply is not good every day, it is a danger to the citizens.

ONE YEAR AT SANITARIUM.

Splendid Work Done at the Mountain Institution.

Mr. W. D. Long President of Health Association.

Appreciation of the Work of the Ladies.

The annual meeting of the Hamilton Health Association was held yesterday afternoon. Mr. P. D. Crerar was chairman. All the reports were adopted. Mr. Crerar addressed the meeting, and congratulated the association on the successful and business-like way the Sanitarium had been carried on. He said if the Government were to increase the grant from \$150 to \$450 per patient, the institution would be entirely self-sustaining, and thus encourage other cities to do something for the prevention of tuberculosis. Mr. J. J. Evel moved a vote of thanks to the Ladies' Auxiliary Board, which was seconded and carried with applause. Mr. Evel said too much could not be said on behalf of the ladies. But for them there would to-day be no Sanitarium in Hamilton.

Mrs. P. D. Crerar gave an interesting summary of her recent visit to the Tuberculosis Association in Toronto. During the meeting many improvements to the Sanitarium were decided on. The many gifts of the Daughters of the Empire to the beautifying and convenience of the Sanitarium were much appreciated by the Association and patients.

Secretary's Report.

Mr. W. J. Southern, Secretary, submitted the annual financial and statistical report.

The total expenditure during the year amounted to \$14,436.27, and of this amount \$9,237.29 was for maintenance or current expenses, and the balance, \$5,198.98, has been charged against capital account, as follows:

Table with 2 columns: Item and Amount. Includes furniture and furnishings, bedding, linens, etc., medical equipment, plumbing, water supply, etc.

Total \$5,198.98

The monthly average number of patients in residence during the year is as follows: January, 17; February, 18; March, 20; April, 20; May, 21; June, 17; July, 21; August, 22; September, 20; October, 21; November, 14; December, 23.

The total of collective days numbered 7,004, and when divided into the maintenance expenditure of \$9,237.29, gives a per diem cost per patient of \$1.31 per day, as against \$1.36 per patient at the Muskoka Free Hospital for Consumptives, and \$2.24 at the Muskoka Cottage Sanitarium.

The maintenance statement shows a deficit for the year of \$1,062.08. The receipts for maintenance were: Bank Interest \$1,095.75; Patients' Fees 2,851.51; Grant from City Corporation 2,491.60; Sale of fruit 1,46.49; Sale of straw 20.00; Pasturing and rent of horse 129.00; Receivable Government grant, 1907 1,500.85

\$8,235.21

On the expenditure side of the maintenance account the item of salaries and wages was \$3,373, the rest of the \$9,237.29 being for supplies, provisions, medicines, etc. The visiting nurse's expenses amounted to \$675.25.

The statement of assets is an interesting one. It is as follows:

Table with 2 columns: Asset and Amount. Includes land, building, furniture, medical equipment, plumbing, water system, stable equipment, etc.

\$56,681.19

Ladies' Auxiliary.

Mrs. Pennefather submitted the report of the Ladies' Auxiliary Board. It said: The most important work undertaken during that time has been the improvement of the water supply, the enlargement of the staff house, the laundry, and the furnishing of the infirmary. The rain water falling from the long roof of the shacks and other buildings is now gathered into tanks and gives a good supply of soft water, while hard water is pumped by machinery to the infirmary, stables and shacks.

A new bright dining-room was built for the patients, the old dining-room being turned into a kitchen and the former kitchen used as a dining-room for the servants. Perhaps no addition to the Sanitarium has given more comfort than the cheerful infirmary built by Messrs. Grafton, of Dundas, and the pleasant task of choosing and purchasing the furniture for its rooms was gladly undertaken by the Auxiliary Board. At the same time the work of installing an up-to-date laundry and sterilizing room was going on, with the assistance of Mr. Evel, of the Gentlemen's Board. To the untiring energy and earnest good will of this gentleman, and of Mrs. Evans, of the Auxiliary Board, is due the fact that Hamilton now possesses at the Mountain Sanitarium the newest and most approved apparatus for laundry work and for disinfecting. The old laundry is being converted into two private patients' chambers.

Imperial Order of the Daughters of the Empire. The Auxiliary Board is very grateful to the last named society for its generosity during the past year.

Physician's Report.

The annual report of Dr. A. D. Unsworth, who recently resigned to go to Europe, was submitted. It described the Sanitarium property as follows: The main house, a brick structure, accommodating the main part of the staff, in its rear dining-rooms—the staff, for the help and for the patients. The latter is a new addition, large, light and airy, with seating capacity for from 30 to 40 patients.

The doctor's shack, a frame building, containing offices, examining room, dispensary, laboratory, etc. The men's shack, a large building quite open to the south, supplied with twelve beds.

The women's shack, a similar building, accommodating eight patients. One private shack for two patients. The crèche hall, built on the plan of a small church, but with a roomy veranda running the full length of the building on both the north and the south sides. The building is used for recreation, services, etc.

The crèche infirmary, just completed, and the gift of Messrs. J. B. and J. J. Grafton, of Dundas. This building is for the reception of all new cases and for the care of other patients whose condition does not permit of them leaving the Sanitarium, and who are confined to bed all or part of the time. This building is heated by hot water and is equipped with hot and cold water fixtures.

Special use has been made of the barn. A part has been partitioned off and a well equipped laundry installed. Finally, among the buildings are two chicken houses. These are built on the unit system, each holding twenty fowl. These buildings were donated by St. Hilary's Chapter of the Daughters of the Empire. The same chapter has already ordered a third.

The water system is very complete, and the supply is very liberal. All the buildings occupied by the staff or patients are supplied, with the exception of the private shack. In concluding his report the doctor said: As last year, I must mention the very satisfactory work and management of both Mrs. Wanser and Miss Wyatt in the respective departments. The absence of complaints on the part of patients (which, however, are likely to be heard without ground) is a very good indication of the general satisfaction in the management of these two important branches.

The report showed that there were 17 patients on January 1, 1907; 78 received during the year; 2 discharged and 23 on December 31. Of the 78 patients 98 were from Hamilton, 3 Dundas, 2 Barton, 2 West Flamboro and 1 Ancaster. Their ages were: Under 15, 15 to 19, 19 to 24, 24 to 29, 29 to 34, 34 to 39, 39 to 44, 44 to 49, 49 to 54, 54 to 59, 59 to 64, 64 to 69, 69 to 74, 74 to 79, 79 to 84, 84 to 89, 89 to 94, 94 to 99, 99 to 104, 104 to 109, 109 to 114, 114 to 119, 119 to 124, 124 to 129, 129 to 134, 134 to 139, 139 to 144, 144 to 149, 149 to 154, 154 to 159, 159 to 164, 164 to 169, 169 to 174, 174 to 179, 179 to 184, 184 to 189, 189 to 194, 194 to 199, 199 to 204, 204 to 209, 209 to 214, 214 to 219, 219 to 224, 224 to 229, 229 to 234, 234 to 239, 239 to 244, 244 to 249, 249 to 254, 254 to 259, 259 to 264, 264 to 269, 269 to 274, 274 to 279, 279 to 284, 284 to 289, 289 to 294, 294 to 299, 299 to 304, 304 to 309, 309 to 314, 314 to 319, 319 to 324, 324 to 329, 329 to 334, 334 to 339, 339 to 344, 344 to 349, 349 to 354, 354 to 359, 359 to 364, 364 to 369, 369 to 374, 374 to 379, 379 to 384, 384 to 389, 389 to 394, 394 to 399, 399 to 404, 404 to 409, 409 to 414, 414 to 419, 419 to 424, 424 to 429, 429 to 434, 434 to 439, 439 to 444, 444 to 449, 449 to 454, 454 to 459, 459 to 464, 464 to 469, 469 to 474, 474 to 479, 479 to 484, 484 to 489, 489 to 494, 494 to 499, 499 to 504, 504 to 509, 509 to 514, 514 to 519, 519 to 524, 524 to 529, 529 to 534, 534 to 539, 539 to 544, 544 to 549, 549 to 554, 554 to 559, 559 to 564, 564 to 569, 569 to 574, 574 to 579, 579 to 584, 584 to 589, 589 to 594, 594 to 599, 599 to 604, 604 to 609, 609 to 614, 614 to 619, 619 to 624, 624 to 629, 629 to 634, 634 to 639, 639 to 644, 644 to 649, 649 to 654, 654 to 659, 659 to 664, 664 to 669, 669 to 674, 674 to 679, 679 to 684, 684 to 689, 689 to 694, 694 to 699, 699 to 704, 704 to 709, 709 to 714, 714 to 719, 719 to 724, 724 to 729, 729 to 734, 734 to 739, 739 to 744, 744 to 749, 749 to 754, 754 to 759, 759 to 764, 764 to 769, 769 to 774, 774 to 779, 779 to 784, 784 to 789, 789 to 794, 794 to 799, 799 to 804, 804 to 809, 809 to 814, 814 to 819, 819 to 824, 824 to 829, 829 to 834, 834 to 839, 839 to 844, 844 to 849, 849 to 854, 854 to 859, 859 to 864, 864 to 869, 869 to 874, 874 to 879, 879 to 884, 884 to 889, 889 to 894, 894 to 899, 899 to 904, 904 to 909, 909 to 914, 914 to 919, 919 to 924, 924 to 929, 929 to 934, 934 to 939, 939 to 944, 944 to 949, 949 to 954, 954 to 959, 959 to 964, 964 to 969, 969 to 974, 974 to 979, 979 to 984, 984 to 989, 989 to 994, 994 to 999, 999 to 1004, 1004 to 1009, 1009 to 1014, 1014 to 1019, 1019 to 1024, 1024 to 1029, 1029 to 1034, 1034 to 1039, 1039 to 1044, 1044 to 1049, 1049 to 1054, 1054 to 1059, 1059 to 1064, 1064 to 1069, 1069 to 1074, 1074 to 1079, 1079 to 1084, 1084 to 1089, 1089 to 1094, 1094 to 1099, 1099 to 1104, 1104 to 1109, 1109 to 1114, 1114 to 1119, 1119 to 1124, 1124 to 1129, 1129 to 1134, 1134 to 1139, 1139 to 1144, 1144 to 1149, 1149 to 1154, 1154 to The large audience assembled in the Grand Opera House last evening to see Miss Julia Marlowe in "As You Like It" was one that is rarely duplicated in that house on the occasion of Shakespearian productions...

Miss Marlowe is probably the only present great exponent of the character of Rosalind, and there is no better personation on which the lighter side of her varied art could be expended. Last evening's audience was delighted with her performance...

Julia as Co-represent. Boston, April 8.—Late yesterday afternoon Mrs. Clara L. von Herrmann of Hamilton, Mass., filed a bill for divorce from her husband, Karl Stephen von Herrmann, in the Superior Court at Salem, naming Miss Julia Marlowe, the actress, and Mrs. Mand Thornburn Backus, as co-representants...

At the Savoy. There are three feature attractions on the Savoy's bill, anyone of which will make it worth your while to visit that theatre this week. One of the most interesting of the trio is the Okito Family, Chinese magicians, whose elaborately staged and pretentious offering is full of genuine surprises...

Klein and Cook's popular work. That it will come to the Grand on Good Friday will be welcome news to those who enjoy good music, well sung, and a romantic story told in a whimsical and merry way...

Hamilton Symphony Orchestra. Overture—Morning, Noon and Night. (Von Suppe) Orchestra. (F. Schubert) Symphony—Andante from Sixth. (F. Schubert) Orchestra. Song—Jewel Song (from Faust). Gounod. Madame Le Grand Reed. Valse—L'Invitation a la Valse. (C. M. Weber) Orchestra. Song—(a) Love's Springtide. Hammond. Song—(b) The Rosebud. La Forge. Song—(c) Love Has Wings. Rodgers. Madame Le Grand Reed. (a) Song to the Evening Star. R. Wagner. (Oboe solo by Mr. W. Ostler.) (b) Serenade. Moszkowski. (c) Last Dream of the Virgin (strings only). J. Massenet. Orchestra. Song—Elle et moi. Beach. Madame Le Grand Reed. Overture—Poet and Peasant. Von Suppe. Orchestra. Song—Haymaking. Needham. Madame Le Grand Reed. March—Wedding March. Mendelssohn. Orchestra.

Association Hall was filled with a large and fashionable audience last evening to hear the above programme, given by the Hamilton Symphony Orchestra. In almost every way the concert was a success, judging from the plaudits of those interested in the work of the orchestra. There is a decided improvement in the playing of the orchestra, under the leadership of Mr. F. J. Donville. The players were well controlled, and played with great ease and a certainty of their parts that awakened the enthusiasm of the audience.

Every number on the programme showed the result of good, conscientious, hard practice. The attack in most of the numbers was excellent, and the softer passages as played by the violins were handled with delicacy. Mr. Arthur Ostler, as the principal violinist, held the orchestra together, although there were but few occasions when it needed pulling up. Mr. Donville seems to have the happy knack of getting the best possible work out of his players with the least effort. The wood department of the orchestra was in excellent trim, and played with great precision, which assisted greatly in the finish of the different numbers. The brass section, too, was above the standard, and contributed its share to the enjoyment of the programme. The cellos and violas lent a nice balanced tone.

It must be said that Mr. Donville took great pains in the selection of the programme. To begin with, the compositions were for the most part well known, and therefore the efforts of the musicians were better appreciated. In only one number did the orchestra fail to reach the enthusiastic applause of the audience, and that was Schubert's "Andante from the Sixth Symphony." There seemed to be a little raggedness in getting the balance of tone necessary to bring out the exquisite harmony of this part of the great symphony. However, the playing of the rest of the numbers easily made up for any defects in the second number. A spirited rendition of Mendelssohn's "Wedding March" was given, and Suppe's ever green overture, "Poet and Peasant" was well handled, the finale being especially good. A very dainty number, Massenet's "Last Dream of the Virgin," won for the orchestra very enthusiastic applause. It is arranged for the strings instruments only, and was a very beautiful tonal effect. It is played very softly throughout, and the effect was indeed charming. For artistic work this was the choice morsel of the programme. Moszkowski's "Serenade" was charmingly treated. Suppe's overture, "Morning, Noon and Night," was the opening number, and it was given with a dash that showed excellent training.

Bassoon—Mr. F. Smith. Cornets—Mr. E. Friend, Miss K. Snider, Mr. J. Lovejoy. French horns—Dr. Sweet, Mr. H. Chittenden. Trombones—Messrs. Percy North, J. Lomas. Timpani—Mr. Potter. The members of the orchestra are: President—Mr. Adams. Vice-President—Mr. W. Ostler. Secretary-Treasurer—Mr. M. J. Overell. Librarian—Dr. C. M. Ross. Assistant Librarian—Mr. R. Fenwick. The committee in charge of the concert was: Messrs. W. H. Howlett, G. Hutton, R. B. Harris, Wm. Hendrie, jun., Thn Hoodless, T. H. Husband, C. J. Jones, Leggat, R. A. Lucas, W. F. MacLaren, J. R. Moodie, Paul J. Myler, R. A. Robinson, Arthur Rowe, H. Dudley Smith, Southam, W. A. Spratt, R. Tasker Steele, James Turnbull, Frank Zanzer.

At the Bennett Theatre. The talk of the town is Paul Conchas, the strong man, at Bennett's. His wonderful feat of lifting an eight hundred pound cannon and letting a three hundred pound shell fall on his neck have never been equalled in this city. The act is also rich in humor and is a combination of the best kind of pantomime fun and sensation. It has made a hit at Bennett's, and always secures the warmest of receptions.

The sketch, "The Wild Rose," has achieved a good deal of success. It gives Miss Forbes an opportunity to show her versatility as an actress. Her work as the young wife who is out to convince her husband that a gay better half is not the best for him cannot be too highly praised. Terley's act is novel and the impersonations of celebrated men he gives are lifelike and get him plenty of applause. Aumont and Dugmont play their instruments well. A feature of this act is the telephone, each note coming from a different trumpet. Hibbert and Warren are two clever corked face comedians, and Barr and Evans take the show a good send-off. The motion pictures deal with the customs and life of a quaint Italian village.

Frank Daniels' Engagement. The engagement of Frank Daniels is a feature of the theatrical year always looked forward to with anticipated pleasure by local theatregoers, and when the joint tabloid comedian also comes with a new offering, it is to be predicted that the engagement will be a happy one. It will be seen at the Grand on Friday night.

Between the Acts. The winners in the Savoy's Limerick contest last night were J. P. Dougherty, Main street east; Jack Adams, Main street east; Charles J. Layland, King street west; S. Hanson, Locomotive street; W. Fitzgerald, Wentworth street south; J. Jacks, St. Matthews avenue, and Florence Pendington, Victoria avenue north. The announcement that golden voiced singer, Al H. Metz, known as the ambassador of German dialect, is to appear at the Grand on Saturday, has put the amusement lovers of this city very much on the qui vive. His singing of "The Fairest Flower of All," his latest success, "Wilson's Lullaby," "Smitzlebank," "Switzer le Boy," and "Songs of Old Fotherland," is beyond compare.

CHUBB HERE AGAIN. Will Manage the Mountain Rink Next Summer. Leonard Chubb, late floor manager of the Armory and Mountain View Roller Rink, who all this winter has been running a roller rink of his own in Orillia, Ont., has been re-engaged by Manager Bessey to manage the mountain rink again this summer. Mr. Chubb managed the rink on the hill well, and made many friends there last season. He was in town yesterday, and said arrangements were being made for a better summer park than last year.

TO STRATFORD. Hamilton Delegates to Y. M. C. A. Convention. The following members of the Hamilton Y. M. C. A. left for Stratford this morning to attend the annual convention of the Young Men's Christian Association of Ontario and Quebec, which will be in session there to-day and tomorrow. Representing the Ladies' Auxiliary were Mrs. Gallagher, Mrs. W. A. Robinson, and Miss F. L. Davis; from the Association, Messrs. T. F. Best, John E. Brown, F. W. Watkins, W. J. Robinson, W. J. Aitchison, G. Hildebrand, Frank Lumsden, A. L. Wilson, Harry Richardson and W. J. Orr.

Very elegant, stylish and rich.

PROVIDE WORK FOR THE IDLE. Aldermen Authorize Road Repairs to Amount of \$10,000. Fix on Streets to be Paved With Asphalt. Won't Appeal to Board Over Herkimer Street. Road work and repairs to the amount of \$10,000, which will give about two hundred men employment, was authorized by the Board of Works last night. Chairman Sweeney promised that the work would be begun as soon as the committee's report passed the Council. The following streets will be repaired with macadam, gravel or cinders as the department thinks advisable: Wood street, John to Wellington street \$706. Wellington street, Macaulay to Wood street 600. Florence street, Dundurn to Sophia 600. New street 500. Fairmount avenue 600. Market street, Hess to Caroline 433. King William, Ferguson avenue to Mary street 641. Catharine street, King to Rebecca 480. Wellington street, Barton to Murray street 486. Cannon street, Hughson to James 523. Wentworth street, Barton to Grand Trunk 1,283. \$7,122. City Engineer Barrow, reporting on the pavements, stated that the asphalt on James street north, particularly alongside the street railway tracks, was in very bad shape. He suggested that as this was entirely due to the condition of the tracks, the company should be notified that the repairs would be made at its expense. The pavement on James street south, near Jackson, and on York street, he reported, also required repairing. Otherwise, Mr. Barrow explained that the pavement had stood the winter well. If road work on a large scale was to be done, he advised that a small steam roller, weighing about two tons and costing about \$1,000, should be purchased. The old hand roller is nearly worn out, and Mr. Barrow declared that a small steam roller would soon pay for itself in the saving it would make in labor. It was agreed that no asphalt work should be begun for two weeks. The question of continuing the pavements from Hughson street on Main to Catharine street was discussed. Some of the aldermen thought only one block should be done, but Ald. McLaren argued that as the Brantford & Hamilton Railway had done the block from James to Hughson street on the understanding that the city would do the other two blocks this spring, the city should live up to its agreement. He thought the city should be careful to keep its promise with the company and set a good example. This work will be begun in two weeks, and the company notified to bring back the rollers and outside the tracks. The committee also gave instructions for the asphalt of John street from King to Main street, and Hughson street from King William to Main street. The committee declined to act on the suggestion of E. E. Noyes and other property owners at the corner of Hess and Herkimer street, who complained of the nuisance caused by the Brantford & Hamilton Railway crossing the street railway tracks, and urged that an appeal be made to the Ontario Railway Board. Engineer Barrow reported the work was as good as it could be done. The owners have threatened to take the matter up with the board themselves. J. Teeple, owner of a gravel pit near the high level bridge, was asked to sign an agreement with the city, stipulating the limits from which he should take gravel. The aldermen say the road there is in a very dangerous condition, and that unless some measures are taken there may be a serious accident.

Mr. Teeple declined to attach his signature to the agreement, and until he does so the old road, which gives him access to the pit, will be kept locked. Regarding the proposed new street from James street south, near the incline, to John street, which T. E. Leather proposes conveying to the city, no definite action was taken, although the city will probably take the street over. The residents want the street lighted and looked after, but the city has always declined to do anything until it had control of the street. The committee will take up with the Board of Health the complaint made about the nuisance caused by dumping refuse on Mary street, north of Burlington, and also of stagnant water on Catharine street north. Complaint was made about the way waste paper taken to the dumps blew around the street. It was suggested that the paper should be collected separately, but no action was taken. The committee decided to make an inspection of all the roads in the manufacturing district of the annex as a result of a complaint from the Baynes Carriage Company as to the condition of Gilkinson street. Residents of King William street, east of Sanford avenue, asked that the name of this street be changed to Albion avenue. The request will be put on the list.

GYPSIES SENT TO PRISON. Stole Money and Jewels From Queen Dora Pearce. New York, April 7.—Four brothers, members of the Stanley tribe of gypsies, were sentenced to terms of imprisonment of various lengths to-day after having been convicted of theft of the family jewels and the life savings of the Pearce tribe of gypsies, who camp adjacent their own last year. The value of the money and jewels, which the Stanleys were convicted of taking was \$15,000. It was charged that while the members of the two camps were celebrating the engagement to marry an agreement with the city, stipulating the limits from which he should take gravel. The aldermen say the road there is in a very dangerous condition, and that unless some measures are taken there may be a serious accident.

CANNED APPLES SEIZED. A Shipment From Oshawa Condemned at Winnipeg. Winnipeg, April 7.—The health authorities have seized 330 cases, each containing six one-gallon cans of apples, and they are on the watch for six more cases in the same consignment, of which there is at present no trace. The goods are declared by the health officials to be absolutely unfit for food. All bore the label of an Oshawa canning company. Prosecutions will follow.

CHANNEL COSTS \$495,000. Mr. Robert Weddell, Trenton, Awarded Toronto Contract. Ottawa, April 7.—The contract for the construction of the new western entrance to Toronto harbor has been awarded to Robert Weddell, of Trenton, Ont., the lowest tenderer. His tender was \$495,000. The Public Works Department will urge that the work be prosecuted with all possible speed.

LOCAL OPTION RESULTS. Illinois Cities Vote in Favor of Licenses. Chicago, April 7.—In the local option elections held by 1,200 townships in 84 counties of Illinois outside of the City of Chicago to-day 20 counties became absolutely anti-saloon territory and approximately 1,500 or about one-half of the total number of saloons in that territory were voted out of business. Most of the larger cities of the state, however, voted in favor of licensing saloons.

\$10.70 New York and Return. Via Lehigh Valley R. R. Round-trip, April 9th and 13th. 64 King street east, T.

HUDSON'S BAY RAILWAY NOW.

Both Sides in the House In Favor of Scheme.

Transportation Question Will Always be Prominent.

Urges Government to Take Steps Towards Building Line.

Ottawa, April 7.—This was western members' day in the House, practically the whole of the afternoon and evening sittings being devoted to a discussion raised by Mr. Knowles, who urged that the Government consider the advisability of immediate action for the construction of a railway to Fort Churchill, on the Hudson's Bay.

Sir Wilfrid Laurier moved that until the end of the session Government orders have precedence on Mondays immediately after questions by members. This carried.

Dr. Sproule wanted to know if an opportunity would be given him to press his motion for the return of the number of Government employees and their religious denominations.

The Prime Minister thought that Dr. Sproule and himself could settle the matter if the question was not pressed just now.

Dr. Chisholm asked if any steps had been taken to perpetuate the memory of D'Arcy McGee. This day, he pointed out, was the anniversary of that statesman's death.

Hon. W. S. Fielding answered that the matter would receive the attention of the Government in connection with the coming estimates.

Hudson's Bay Railway. On motion to go into supply, Mr. Knowles addressed the House on a matter of which he had previously given notice, namely, that the Government should take into consideration the transportation needs of the west, especially in regard to the immediate construction of the Hudson's Bay Railway.

The success of agriculture depended absolutely upon the transportation facilities, and it was a vital matter to the western Provinces, where, all railroads were a little better than they were twenty years ago. He dwelt for a few minutes on the benefits that would accrue from the new route to the west in the way of opening up new territory, the providing of a new outlet for the grain traffic and the shortening of the route to the old country markets, with the consequent decrease in charges.

The distance between Fort Churchill, the Hudson's Bay terminus of the proposed railway, and Liverpool was between 950 and 1,000 miles, but the shorter route via the Atlantic seaboard, the completion of a road to Fort Churchill would only mean the construction of 470 to 475 miles of railway over a route that was particularly adaptable to railway building.

Dr. Schaffner, in supporting the proposal to construct a railway to Hudson's Bay, estimated that the three Provinces of Manitoba, Saskatchewan and Alberta were capable of producing a wheat crop equal to the whole world's crop at the present day. He calculated that in the Provinces mentioned there were 126,775,480 acres suitable for cultivation, of which only about 8,000,000 acres, or one-sixteenth, were at present under cultivation. The building of such a road would open up an immense area of agricultural land.

Mr. McCraney said that the railway now being built in the west were largely colonization roads, and did little, if anything, to relieve the traffic congestion. Consequently they were looking for new outlets, particularly for the grain and cattle traffic, and for that reason they were looking towards the Hudson's Bay. No question had assumed such importance in the minds of the people of the three prairie Provinces as this, and the time had arrived when the idea of building such a road out of the proceeds of the lands could be seriously discussed. He moved, "That in the opinion of this House the Government should, on account of the rapid development of western Canada, and the continued inadequacy of existing transportation facilities, take early action toward the construction of a railway to Fort Churchill on Hudson's Bay."

Favored Government Undertaking. Mr. McCarthy, of Calgary, favored the building of a railway to Hudson's Bay as a Government undertaking. He criticized the location and direction of the branch lines of the Canadian Northern and charged the Government with having been wasteful in their land grants to that railway.

Dr. Cash thought the Hudson's Bay Railway should be undertaken by the Government as a national work. There was a good going April 16th, 17th, 18th, 19th and 20th. Valid returning on or before April 21st, 1908. Secure tickets from any Grand Trunk Ticket Agent.

He—So you believe that every man has his price? She—Well, I know a lot of fellows who look like 30 cents.

A DAINY NEGLIGEE.

No. 748.—A pretty negligee, cut on the simplest lines, is here shown in a development of white dimity. Gathers in front and back adjust the fullness to a slightly rounded yoke, and an Empire belt lends a dressy air to the garment, although its use is a matter of individual taste and may be omitted if desired. The modish sleeve may be finished by a turned-back cuff or a band and frill of lace, and a round collar completes the neck. Cashmere, challis, lawn and China silk will all reproduce successfully. For 36-inch bust measure 3 3/8 yards of 36-inch material will be required. Ladies' Dressing Saque. No. 748. Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure. A pattern of the accompanying illustration will be mailed to any address on receipt of 10 cents in silver or stamps. Address, "Pattern Department," Times Office, Hamilton. It will take several days before you can get pattern.

since been transferred to the Liberals, chiefly to the C. N. R. for its western roads, which were not building towards the Hudson's Bay. He supported the idea of a Government railway to that water. Mr. Burrows pointed out that until the present Government came into power no part of the road for which the land grants referred to had been set apart had been built. But the Canadian Northern had been steadily building ever since the construction of its charters and time for earning land grants, given from time to time, had been thoroughly justified. He concurred in the view expressed as to the desires of the people of the western Provinces to have a railway to Hudson's Bay, and maintained that there was sufficient evidence of the navigability of the straits to warrant the Government in taking action. The road should be built by the Government and financed out of the sale of lands in the west. He predicted that four years hence there would be 2,000,000 people west of the great lakes. Considered Case Proved. Mr. Turfitt declared that the Hudson's Bay Railway was not only feasible, but was a prime necessity of the west to-day. If they did not have that route there would be a serious blockade next time there was a big grain crop. It was up to the present Government to proceed with the undertaking at the earliest possible moment. Mr. Crawford said that the original route laid down in the original council, or even one per cent of the lands along the route. The next had been so cursed by the tying up of lands for such purposes that he was opposed to the practice. In regard to the alienation of lands, however, the present Government stood in a very favorable light compared with their predecessors. Their policy should be one of generosity to the settler. The people of the west were desirous that the Government should give immediate consideration to the solution of the Hudson's Bay problem. Mr. Schaffner, in supporting the proposal to construct a railway to Hudson's Bay, estimated that the three Provinces of Manitoba, Saskatchewan and Alberta were capable of producing a wheat crop equal to the whole world's crop at the present day. He calculated that in the Provinces mentioned there were 126,775,480 acres suitable for cultivation, of which only about 8,000,000 acres, or one-sixteenth, were at present under cultivation. The building of such a road would open up an immense area of agricultural land.

Weary--Worn Out--Tired

If You Feel Poorly This Spring This Article is Worth Considering.

Nothing in life keeps people from advancing like poor health. If the nerves are weak; if the stomach, liver, bowels or kidneys fail to work properly, health surely suffers. Spring is the hardest time on health—the season when the system calls for active cleansing medicine. The best plan is to entrust your condition to a physician of reputation like Dr. Hamilton, who has had years of experience in compounding tonics. For the ill and tired feeling of spring Dr. Hamilton says nothing is better than Mandrake and Butternut Pills, and this is well proved in the case of James Burton, of Lewiston. "I had grip and it left me nervous, ruddy, vigorous, perfectly well, I urge every man and woman to use Dr. Hamilton's Pills regularly." You'll be brightened up, have cleaner blood, stronger nerves, better spirits, after using Dr. Hamilton's Pills. 25c, at all dealers. Guaranteed safe, sure, helpful for old and young.

ON THE PACIFIC.

STRATEGIC IMPORTANCE OF THE ALL-RED ROUTE.

Lord Strathcona Points Out the Necessity of Steam Lines in the Western Ocean—Hopes to See His Scheme Carried Into Effect.

London, April 7.—At the meeting of the Royal Colonial Institute Lord Strathcona read a paper on the all-red route. Naturally the influential gathering present heard the subject treated in a most able fashion. The High Commissioner judiciously surveyed the problems and difficulties involved, urging the Imperial importance of the route, commercially, politically and strategically. It was not a mere scheme for company exploitation. Dealing with the Pacific question, he indicated the necessity of maintaining steam lines between Canada, Australasia, Japan and India if Britain is to maintain an important position on that ocean. He pointed out the inevitable popularity of the route via Canada, which will be subject to but little interference from Panama, and declared that the time would come when it must be self-supporting. Lord Strathcona also emphasized the danger of delay in developing the sense of unity in the empire, because the younger generations of colonists might not be as strong as their fathers in the intensity of their Imperial enthusiasm. Foreign nations also might step in and gain or contest the routes. He could not believe Britain would refuse to aid the dominions overseas in establishing the route, and hoped to live to see it fulfill his most sanguine expectations. (Applause.) The Standard pays editorial tribute to Lord Strathcona's paper on the all-red route and advocates a generous British subsidy. Eminent Physicians Have repeatedly stated that if constipation did not exist there would be no appendicitis. Laxo-Food will relieve constipation, and that worn-out feeling will vanish. Leading grocers sell it.—A. W. Maguire & Co.

FIGHT ON GERRYMANDER.

More Liberal Members Debate the Question.

Government Twitted About Its Boasted Honesty.

Government Intends Concluding Business This Week.

Toronto, April 8.—There was another afternoon's spirited fighting over the redistribution measure in the Legislature yesterday. Liberal members gave many additional reasons why the bill was unfair, and could not be classed as anything else but a deliberate gerrymander. More detail was gone into regarding the various changes than on the day previous, while the Government was generously twitted about its honest pretensions. It is now the Government's desire that business should be completed on Friday afternoon, and if this is accomplished prorogation will take place on Saturday. It is anticipated that after the House has closed Premier Whitney will take a short vacation before starting on his campaign tour.

Bills Withdrawn. Hon. Mr. Cochrane introduced a bill respecting the town of Cobalt. He stated a portion of a Guttridge's bill, the township of Coleman to guarantee the bonds of Cobalt for the construction of waterworks and sewerage systems. Hon. Mr. Hanna also introduced a bill respecting the reformation of neglected children. It was a consolidation of existing acts, he said. Both bills were given a second reading.

Representation Too Large. In resuming the debate on the redistribution Mr. Hislop (East Huron) said that it was at first supposed that the measure was simply to remedy great existing wrongs, but it went farther than that. The representation of Ontario was already too large, he contended, and the same number of members as sent to the Dominion Parliament by the Province would be sufficient.

He believed the city of Toronto was well represented already. In England the representation of cities was not as great, according to population, as in the rural districts, but he contended that there was need for a greater disparity in this country because of the greater areas represented. "I believe it is time that we in this Province endeavor to get a better system of representation," said Mr. Hislop, and he added that he believed in minority representation. During the last election the Conservatives had obtained 29,000 votes in the Liberal and Conservative member into the House, he stated, whereas it took 7,555 to get one Liberal member. He gave other similar examples, showing the fallacy of the present system of representation. In nine general elections in England the Liberals had received majorities of the popular vote no fewer than seven times, but the Conservatives were in power twenty-three years as against seventeen years for the Liberals.

Coming to Peel county, Mr. Hislop said Albion township was never in that riding, but was placed in Cardwell by Sir John A. Macdonald. The county of Huron, he said, was a peculiarly shaped county, but the old division was a fair one. Unfortun-ately two townships had been divided, but still the divisions were convenient to the people directly interested. He believed the Conservatives had thought the former division was eminently fair. Because of contentions, or in native newspaper, which was against the scheme. Regarding Bruce, he said it was not divided because the local Conservatives could not agree among themselves on any division. The great benefit of the redistribution had been planned in caucus before the committee met.

"In all this gerrymander they have not in a single solitary instance left the Liberal party in a more favorable position than they were in before." (Applause.) Mr. Hislop said that had the Government had political motives at heart four Conservatives would be returned from Cardwell and Simcoe next election. He had not heard any Liberal speakers referring to Wentworth, which had 15 members, with a population of 26,000. Hon. Mr. Whitney—There are other counties, too.

An Unwieldy House. Mr. May (Ottawa) thought that the Redistribution Committee should have been composed of four Opposition and five Government members. The Premier had said that he did not believe in not taking part in the committee meetings.

Hon. Mr. Whitney—You didn't discuss it at all. Proceeding, Mr. May said the House was unwieldy with its members. He thought better legislation could be accomplished with a smaller body. The redistribution had been so arranged that Conservatives thought they would gain many seats. If the Premier had decided to remain by the principle of county boundaries why not change them with regard to Russell and Carleton? The Government had divided Ottawa into two ridings, thinking they could gain a seat there. He did not think the Government could redeem Ottawa even by the division. During the many visits of a certain Ottawa gentleman to the Government officials Mr. May thought some work had been done and inducements held out. This, he maintained, was corruption of the worst kind. The Premier had said that he did not believe in giving any man a bunch of votes with regard to Ottawa, but that was what was being done in Toronto. He argued that Ottawa should at least be left until after the census of 1910.

"I believe—and I think the country will wake up to the fact—that this Government has not done its duty to its constituencies," concluded Mr. May.

Mr. Gallagher, another member of the special Redistribution Committee, assured the House that the riding of Brockville would be much more compact than the old one, and one that would serve the people better.

Was Pre-Arranged. Mr. D. C. Ross (Middlesex) said that before the division of Middlesex had been broached it, committee, the benches in the new north riding were aware of the result and had already arranged for a convention. The arguments advanced by the Liberals in the Redistribution Committee had not yet been answered by the Conservatives. The Premier, he claimed, was not following the principles of equity, right and justice; neither was he following any former principles. Regarding Toronto, he said it was only one-eighth the size of Middlesex; yet it was proposed to give Toronto the members of the other riding. The rural constituencies would resent such an action. The ridings in Middlesex, he added, had been the same ever since confederation, and this Government had been the first to interfere with the soundly established ridings. No Liberal Premier either in Ontario or in Ottawa had ever laid hands on Middlesex, but Premier Whitney was attempting to stifle the voice of North Middlesex. Mr. Ross mentioned the name of the late Sir John A. Macdonald, the old Conservative Premier who had attempted to gerrymander Middlesex. "The other Premier is dead, cannot the honorable gentleman let him alone?" said Mr. Whitney.

"Forward, then, the living one will have enough to take," retorted Mr. Ross.

"He takes everything he can get," observed Mr. McDougall (Ottawa).

Continuing, Mr. Ross quoted the figures regarding the population of the county, showing how the present redistribution had increased the disparity between the ridings of North and West Middlesex. He could not see why Middlesex should be singled out for abuse by the Government when in East and West Lambton, both of which returned Conservative members, there was a disparity of 12,338 in population. In this connection he mentioned Bruce, the Elgins and other counties. In his budget the Provincial Treasurer said that now the King's writ ran through every county in the Province, but what was the use of such a statement, asked the speaker, when counties like Middlesex were belittled? Mr. Ross then referred to the alleged statement made by Premier Whitney that power should be as free as air.

"I didn't say that," said Mr. Whitney.

"You were so reported in the public press."

"I am so reported by the honorable gentleman," said the Premier.

Then Mr. Ross called the redistribution an outrage on the Province, and he thought the Premier should adopt as his motto "He is cowardly enough to be despotic and honest enough to be cowardly."

That statement brought the Premier to his feet. He said he was not complaining as an individual, but such language was unfit for any Legislature.

Mr. Ross continued and repeated a portion of his statement, when the speaker said the language was unparliamentary.

"I bow to your ruling," said Mr. Ross, as he proceeded to state that in the redistribution the Premier had bowed to the baser elements of his party.

A Little Deaf. Mr. Neel (E. Middlesex) said he had yet to find any person who objected to the division of Middlesex. He thought the people would ratify the action of the Government at the next election.

Mr. McDougall (Ottawa) said that the Government had been heralded so loudly that he thought when approaching redistribution they would "approach it from a plane so lofty that we on this side of the House would not be able to see it without a telescope. Mr. McDougall pointed out that the principle of representation by population had been forgotten. Mr. McDougall wanted to know why the Minister of Public Works had gone to Ottawa so much of late.

For Public Safety. Hon. Mr. Matheson introduced a bill respecting egress from public buildings. In introducing it he said it referred especially to cinematograph machines, churches and all public buildings, and should be amended to include schools and any other buildings needing protection. The bill provides that no cinematograph or other similar apparatus involving the use of a combustible film more than ten inches in length shall be kept or exhibited in premises used for entertainments, or in churches, halls, theatres or other buildings constructed or used for holding public meetings, or for places of resort and amusement, until such cinematograph or other similar apparatus has been inspected and approved by the police of the municipality, and until such precautions against fire as the municipal police may designate have been taken by the owner, user or exhibitor of the cinematograph or other similar apparatus.

Municipal police are empowered and directed to inspect any cinematograph apparatus involving the use of combustible films more than ten inches in length, to make such rules and regulations as they may deem necessary for the safe use of the apparatus, and for the examination of the persons operating the machines.

Municipalities may charge such fee for the exhibitions as the Council may decide, and the Lieutenant-Governor in Council may make regulations for the exhibitions, and may engage a Provincial detective to enforce the regulations. Municipalities may charge a Provincial fee for all cinematograph exhibitions of \$5 a day.

Pain in the Loins. Dragging, wearying sort of pain makes life a misery to many people. This pain is due to a passive inflammation of the adjacent tissue. Nerviline, by its marvellously penetrating power, by striking deeply into the tissue and relieving congestion, quickly cures this form of pain. People give up using liniments, and properly so, because oily substances do not penetrate. Nerviline always penetrates deeply and that's why it cures. More powerful, because five times stronger, more penetrating, because it strikes through soft tissue, more heating than any other liniment, Nerviline is unsurpassable for all kinds of pain. There's not an ache or a pain that Nerviline will not cure.

SEAL CATCH BELOW AVERAGE. First of the Newfoundland Fleet Has Reached St. John's.

Halifax, N. S., April 7.—The steamer Adventure, of the Newfoundland sealing fleet, has arrived at St. John's, Newfoundland, with 27,000 skins. She reports the steamers Panther and Valrus lost, but the crews were saved. The Virginia Lake is reported to have 19,000 skins, but the rest of the fleet is poorly fished.

The season is not over yet, and later reports may show an improvement, but the loss of the two steamers will do so that the total catch can hardly reach an average.

If you want an excellent pocket knife or first class mouth organ, go to Gerrie's drug store, 32 James street north. You can select from an elegant stock of Joseph Rogers, Wostenholst or L. X. L. Baker's, Griffin or Walter's pocket knives, or from a complete stock of Hohner's celebrated mouth organs.

The most gentle of Nature's laxatives put into candy form. That's Cascarets. Made to be taken in dainty doses, when you don't feel at your best.

A cure for the blues—for the grouch—for bad temper—Cascarets.

For the cause of most of these troubles lies in the bowels. A Cascaret tonight means a cheery day tomorrow. Six bright days for ten cents. Are they worth it?

Don't think of Cascarets as a physic. They are candy tablets, as good as they are gentle. Their effect is the same as the effect of some foods. They stimulate the bowels to natural action. Those who have learned what is best carry a box in the pocket. They take one as soon as they need it.

Don't have a bowel wash-day. Don't take physics in large doses and rarely. You wash your face at the first sign of uncleanness. Why not be as clean with your bowels? You know by the symptoms when your bowels need help. One Cascaret right then puts a stop to them. You can just as well avoid these little ills—just as well keep at your best.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and 10c.

TEN CENTS PER BOX

DEAD IN OLD VAT.

DISAPPEARANCE OF ORANGEVILLE MAN IS CLEARED UP. Marks of Violence on Body—Said to Have Been Seen in Tannery on Night of Disappearance With Two Other Men.

Orangeville, April 7.—A great sensation has been created in the town over the discovery of a dead body, identified as that of John Hamby, in an unused vat behind the tannery. Hamby disappeared one night last December, and had not been heard of since, and it was supposed he had suddenly left town. About 11 o'clock to-day, however, his body was discovered floating about in a vat by a man named Nichol, employed at the tannery.

A number of rumors are afloat as to the sudden disappearance of Hamby and as to the cause of his death. It is said that on the night of his disappearance he was seen by Gabriel St. Croix in the tannery yard in the company of two other men, and that on the same evening he had been drinking heavily. He is also said to have had a fight.

The body when found had a black mark across the back of the neck, as though he had been struck with a stick, and also a large lump on the back of the head. An autopsy, held this afternoon, showed that the skull had been fractured on the back of the head. The skin had been tanned almost like leather and shrunken almost to the bone.

The body was found in about three feet of water, and the reason it was not discovered before this was because the water had been frozen over him. In his clothes were found a watch and chain and \$1.40. An inquest will be held on Monday.

The deceased was a well known man for many years and since his death the town has been supporting his second wife and six or seven children.

NO INCREASE IN WAGES. But Seamen's Working Conditions to be Improved.

Toronto, April 8.—No increase in wages, but better working hours was the decision of the board appointed to investigate the seamen's grievances with the Dominion Marine Association, which met here yesterday. Prof. Adam Shortt, of Kingston, Chairman, announced that an amicable settlement had been reached and that the steamboat interests would be free from labor troubles this season.

The men will not receive an advance in wages, but the working conditions have been somewhat improved by the board issuing instructions to the various lines to notify their captains that wherever practicable the seamen be given an opportunity to obtain rest before going on watch. Following was the schedule of wages agreed upon:—Wheelmen, \$35 to \$40 a month; watchmen, from \$30 to \$35 a month; deckhands, from \$20 to \$30 a month.

Associated with Prof. Shortt in the commission were Messrs. James Stewart, postmaster of Kingston, representing the Dominion Marine Association, and John Flett, of Hamilton, on behalf of the International Seamen's Union.

John F. Shea

Spring Lines of Ladies' Misses' and Children's Shoes. We offer to customers who are looking for something unusually dainty this spring, a very wide latitude of the most exclusive American styles in Ladies' Patent Leather Low Cut Shoes. NEWS RIGHT UP TO DATE

WORLD OF SPORT

WHAT IS GOING ON NOW

LOOKS AS IF COVEY IS GOOD.

Torontos Unable To Hit Hamilton Pitcher Yesterday.

Manager Paige Has Signed Dussinger to Play Second Base—Willie Hoppe Surrenders a Trophy.

Manager Paige, of the Hamilton Baseball Club, announced this morning that he has signed J. D. Dussinger, of Buffalo, who played last year with the Lyons Club, of the Empire State League, as second baseman. He says Dussinger has a fine record and is a hard hitter, as well as a good infielder. Year before last he was with Cumberland team, and since he broke into the game five years ago has showed a steady improvement.

was no decision rendered, the advantage was plainly Moran's after the first round, when Wolgast got in his one solid, effective punch of the evening—a long loose swing flush on Moran's jaw. Moran edged off after this and was rather wary for the remainder of the round. There was nothing sensational or very decisive about the bout, and no knockdowns were scored by either man. Moran, who outweighed his opponent by about six pounds, had Wolgast very tired in the last round, when the Milwaukee fighter held on until the sound of the bell.

ART. EDMONDS WON.

Exciting Wrestling Bout in Toronto Last Night.

Toronto, April 8.—The handicap wrestling match between "Frank Kennedy" and Art Edmonds at the Labor Temple last night, proved an exciting affair. Kennedy was to throw Edmonds four times in an hour to win the purse, but failed to do so. Kennedy secured the first fall after 15 minutes and 5 seconds of very rough work. The next fall also went to Kennedy in 12 1/2 minutes. After five minutes' rest Edmonds gained a fall from his much heavier opponent, thus winning the bout. A good deal of hard feeling existed between the men and they nearly came to blows. Kennedy was challenged by Harry Gatenby, and they will probably meet in the near future.

Mr. Paige was greatly pleased when he read the Toronto morning papers and saw that Covey, the southpaw he has signed, made an excellent showing against the Toronto Eastern League team in the game with Portsmouth yesterday afternoon. Covey pitched the last four innings for the Virginia team and the Maple Leafs did not make a hit off him, and they did not in these innings. In discussing the question of tryouts of local players, Mr. Paige stated that he would not be bothered with players who were not temperate in their habits. "It doesn't pay to bother with that kind of life is too short."

Portsmouth, Va., April 8.—Toronto closed its southern baseball trip at Portsmouth, easily defeating the Virginia League team 9 to 3. They utterly outclassed the local nine, hitting the ball fiercely for the first five innings. In the last four they did not get a hit off the left-handed Covey, who has been signed to play with Hamilton in the International League.

RANDALL ACQUITTED.

Lindsay Hockey Player Was Dismissed.

Lindsay, April 8.—Police Magistrate Jackson gave judgment yesterday dismissing the charge against the Lindsay hockey player, Randall, who was charged with striking the Midland player, Switzer, on the ice and destroying the switch of his left eye.

BRANTFORD BOWLERS.

Heather Club Elected Henry Yeigh President. (Special Despatch to the Times.) Brantford, April 8.—Over 60 bowlers were present in the Y. M. C. A. parlors last night at the annual meeting of the Health Club, when officers were elected.

for the year. Mr. J. A. Ogilvie was elected as the club's representative to the Olympic this summer. The club decided to pay the entrance fee of the Heather representatives at the different tournaments this summer, and a motion was voted down to allow lady members to participate in club membership. The new officers are: Hon. President—E. L. Cockshutt. President—Henry Yeigh. Vice-President—Dr. Watson. Secretary—E. R. Reed. Executive Committee—D. J. Husband, T. H. Wood, J. A. Ogilvie, M. H. Robinson, R. C. Burns, E. Sweet, Dr. Wiley, A. N. Pequetgat.

LEAGUE GAMES.

Hamilton II. Defeated by the Steel Plant.

Two teams bowled in the City Bowling League series at the Brunswick alleys last night—the Hamilton II. and the Steel Plants. The smelters won two out of three games, the scores being: Hamilton II. Cooper 172 212 186 570. Evers 144 182 113 449. Avery 161 180 157 498. Lucky 139 147 150 436. Irwin 168 182 192 542.

Steel Plant.

Table with 3 columns: Player Name, Score 1, Score 2, Total Score. Includes W. Park, Whitehead, Foulis, L. Parks, Chapman.

SUN BEAMS DIDN'T SHINE.

The Fernleigh Bowling Club played a friendly match with the Sun Beams last night, winning by 217 pins. E. Laing was high man, with 547 pins. The scores: Sun Beams. Hunt 109 129 170 408. Hunter 129 148 124 401. Barclay 105 172 122 399. Moon 146 150 155 451. Green 137 171 188 496.

THISTLE CLUB OFFICERS.

The annual meeting of the Hamilton Thistle Bowling Club was held last night at the club rooms, a good attendance of members being present. The election of officers resulted as follows: Patron—Matthew Leggat. President—Dr. Gerald S. Glasco. Vice-President—C. W. Cartwright. Executive Committee—Dr. J. W. Edgar, Charles Stiff, James Thomson. Secretary-Treasurer—George E. Gates. Auditor—R. S. Morris. Representative Ontario Bowling Association—David Dexter. Representative Western Ontario Bowling Association—David B. Dewar.

Hint to Secretaries

The Times is anxious to receive for publication reports of meetings of junior baseball, lacrosse and other athletic clubs, and secretaries are respectfully requested to send them in promptly, addressed to the sporting editor. Correspondents are reminded that only one side of the paper should be written on. As usual, the Times will supply score cards free to all secretaries of clubs. They may be secured by applying at the office.

Hamilton Entries For the Olympic Carnival.

Toronto, April 8.—The Olympic athletic carnival at St. Lawrence Arena, which opens to-morrow night, has attracted a magnificent entry list. Following are the entries for the senior open events: 50 yards' run—Lou J. Sebert, Varsity A. C.; R. K. Parkinson, Central Y. M. C. A.; John Greenwood, Central Y. M. C. A.; F. McGrath, I. C. A. C.; Peterborough; Lou E. Marsh, I. C. A. C.; Toronto; Ralph Bowron, Central Y. M. C. A.; Geo. H. Barber, Central Y. M. C. A.; C. D. Bricker, W. E. Y. M. C. A.; L. H. Kyle, West End Y. M. C. A.; J. C. White, West End Y. M. C. A.; N. J. White, R. C. B. C. 60 yards' run—Lou J. Sebert, Varsity A. C.; R. K. Parkinson, Central Y. M. C. A.; Robert Kerr, Hamilton Y. M. C. A.; John Greenwood, Central Y. M. C. A.; F. McGrath, I. C. A. C.; Lou E. Marsh, I. C. A. C.; Ralph Bowron, Central Y. M. C. A.; C. D. Bricker, W. E. Y. M. C. A.; Geo. H. Barber, Central Y. M. C. A.; N. J. White, R. C. B. C. 100 yards' run—Lou J. Sebert, Varsity A. C.; R. K. Parkinson, Central Y. M. C. A.; Robert Kerr, Hamilton Y. M. C. A.; John Greenwood, Central Y. M. C. A.; F. McGrath, I. C. A. C.; Lou E. Marsh, I. C. A. C.; Ralph Bowron, Central Y. M. C. A.; C. D. Bricker, W. E. Y. M. C. A.; Geo. H. Barber, Central Y. M. C. A.; N. J. White, R. C. B. C. 200 yards' run—Lou J. Sebert, Varsity A. C.; Geo. Sparks, Central Y. M. C. A.; R. K. Parkinson, Central Y. M. C. A.; A. E. Johnson, Central Y. M. C. A.; Gordon Macdonald, Central Y. M. C. A.; Fred McGrath, I. C. A. C.; Lou E. Marsh, I. C. A. C.; Ralph Bowron, Central Y. M. C. A.; N. J. White, R. C. B. C. 300 yards' run—Lou J. Sebert, Varsity A. C.; Wm. Griffiths, Central Y. M. C. A.; A. E. Johnson, Central Y. M. C. A.; Chas. WHO WILL SUCCEED MAJOR PRENTICE?

(Continued from page 1.)

Stewart, referring to the apparatus purchased by the Fire and Water Committee for the new east end station.

If the property owners along Freeman place who want a new street opened through from James street south, near the incline, to John street, consent to paying the cost, the city will grant a request.

Munro & Mead were granted a permit this morning for a brick house at the corner of Glenferri and Maple avenue for William Treble to cost \$4,000.

MANUFACTURER WAS SURPRISED

AT LOW PRICES OFFERED BY G. W. CAVEY.

Mr. C. L. Ennis, the well-known Piano Builder, Among the Callers, and Finds Values Offered Very Exceptional.

Yesterday Mr. C. L. Ennis visited the warehouses of Geo. W. Carey where the great piano sale is in progress and after inspecting the instruments and prices he said, "This is positively a genuine sale."

Such expressions as this from one who is thoroughly conversant with piano values, will do much to convince the public that this sale is as represented in the advertisements, and that pianos are actually being sold at a great sacrifice and at the very prices announced.

THE NEW PREMIER.

Asquith Kissed King's Hand and Was Made Premier.

London, April 8.—The vacancy in the office of Prime Minister of Great Britain, caused by the resignation last Sunday of Sir Henry Campbell-Bannerman on account of ill-health, was filled this morning at Biarritz, France, during the audience there between King Edward and Herbert H. Asquith, who had been summoned from London.

U. S. WHEAT CROP.

Washington, April 8.—The Department of Agriculture to-day announced from the report of correspondents and agents of the bureau of statistics crop reporting board that the average condition of winter wheat on April 1st was 91.3 per cent against 92.2 on April 1st, 1907, 89.1 on April 1st, 1906, 91.8 on April 1st, 1905, and 86.2 the ten-year average.

RESCUED CREW.

Plymouth, April 8.—The steamer Majestic, which is due here from New York to-day, reports by wireless telegraphy the rescue on April 2nd on mid-Atlantic of the crew of the Norwegian tank steamer Helios, from Philadelphia March 25th, for Blay. No details of the occurrence are given except that the Helios had been abandoned in north latitude 44, west longitude 39.

We Think We Have a Better

Showing of new tailored men's suits than any other store in the city. We have the greatest variety, both in style and coloring, the most elegant, elegant grey and olives are the best we have seen. Our \$15 suits are exclusive.—Frick & Co., 12 and 13 James street north.

Foot Comfort.

Nearly everyone has corns and callouses. We painlessly extract corns and in the same time relieve pain and tenderness. If you have any foot trouble and are seeking relief, come and see us.—Hennessey's Beauty Parlors, 7 King street east, Phone 2581.

JIM CROW CARS.

Washington, D. C., April 8.—President Roosevelt to-day made public his letter of April 2nd to the Attorney-General, directing proceedings by injunction to compel certain railroads of the South to furnish equal accommodations to white and negro passengers.

THE BANK OF BRITISH NORTH AMERICA. Established 1836. Incorporated by Royal Charter 1840. Total Assets Over \$50,000,000. Money Orders Issued. SAVINGS DEPARTMENT. Interest Quarterly. 14 King Street East. Cor. Victoria Ave. and King Street East. Cor. Westinghouse Ave. and Barton Street.

TEA TABLE GOSSIP. Miss Edith Margaret Smalls, of Montreal, is the guest of Mrs. A. M. Eastman, 60 East avenue south. Mr. Geo. H. Mills and Mrs. L. H. Tasker, of New York, are in the city, attending the funeral of their mother, the late Mrs. Chas. Mills. The Rev. Professor Jenks, of Trinity College, Toronto, will preach at St. Matthew's Church, Barton street east, tomorrow (Thursday) at evensong at 8 p. m.

Application has been made by those interested in the suppression of tuberculosis in this city to have the "tuberculosis exhibit," prepared by Dr. C. A. Hodgetts, Secretary of the Provincial Board of Health, shown in Hamilton. This is moving time for hats at Waugh's, selling a two-fifty stiff hat for one-fifty; see them in the hat window; the new shape "Christie's" stiff hats, one-fifty, two-fifty and three dollars; the new two-ounce soft hats, Christie's make, also in black, pearl and brown; waugh's, postoffice opposite.

Andrew Herbert Parker, 47 years of age, residing at 175 Sanford avenue north, died this morning after an illness of three months. Deceased and his family came here from Smith's Falls last May. He was a member of Emerald Street Methodist Church, ad of Court Franklinville, Canadian Order of Foresters. He leaves a widow and one son, Lawrence. The funeral will take place on Friday at 2 o'clock.

ANCASTER DAY. Many Excursionists Come In Over New Road. This is "Ancester" day at the big store of Stanley Mills & Co., and in spite of the bad weather, a goodly number availed themselves of the firm's excursion to the city over the new electric railway. Five large coaches came in well filled with people. Ancester district is a small one compared to Grimsby and other points from which the excursionists have been coming.

MRS. BLAND DEAD. Wife of Former Rector of Christ's Church Cathedral. The death is announced, at Hamilton, Bermuda, of Mrs. Bland, wife of Rev. Canon E. M. Bland, for many years rector of Christ's Church Cathedral, this city. Death took place on Monday, at their home, and was very sudden. Canon and his wife left for Bermuda on the afternoon of his last illness, and returned to Bermuda about three months ago, where he had had a church. Mrs. Bland was very ill when they were in Canada, but the end was unexpected. She leaves two sons, one an engineer in South Africa and the other one of the banks in Ontario; also two daughters, who are with their father in Bermuda.

WARNING TO CANADIANS. Detroit, Mich., April 8.—This is the twelfth case of this kind we have had in the past few days, said immigration Inspector Frick last night, referring to a Canadian who said he came here to be a street railway employee. Mr. Frick ascertained that the applicant was not a member of the union. It is said the Montreal papers have been advertising for men to work on the cars in Detroit.

JAP BOYCOTT. Hong Kong, April 8.—The Chinese merchants' guild has decided to cable their agents at Japanese ports not to place any more orders of Japanese goods and to ship goods already ordered in vessels other than Japanese.

NAVIGATION OPEN. Watertown, N.Y., April 8.—Navigation on the upper St. Lawrence opened to-day when steamers crossed from Kingston, Ont., to Cape Vincent and the Government Steamer Scout made the trip from Prescott, Ont., to Kingston.

MR. RAMEY DEAD. Fort Erie, Ont., April 8.—David A. Ramey, 61 years old, died yesterday. He was a brother of G. W. Ramey, of Port Colborne; S. D. Ramey, of Toronto, and Ed. Ramey, of Fort Erie.

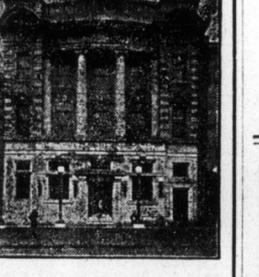

BABY DEAD. Detroit, Mich., April 8.—George Bennett and his wife, of Toronto, are mourning the loss of their youngest baby, Harold, aged one month, who died a few moments after they set foot on United States soil.

A Fight Lover. Ottawa Citizen. The Toronto Telegram is off with its old love for Mr. E. R. Ganney and is on with a new love for Hon. Adam Beck.

Notices of Births, Marriages and Deaths which are inserted in the Daily Times also appear in the Semi-weekly Times. 50c first insertion; 25c for each subsequent insertion.

DEATHS. BREMNER—At Aberlour, Banffshire, Scotland, on 24th March 1908, James Bremner, aged 63, formerly of this city. HALES—At the residence of her sister, Mrs. Wm. Stevens, 102 Steven St., on 7th April, 1908, Sarah Ann Hales. WEBBER—At Vancouver, B. C., on March 31st, 1908, Alfred E. Webber, aged 48 years. Buried from the home of Mrs. A. Webber, 139 Stinson Street, at 3.30 p. m. on Thursday, April 3rd, in Hamilton Cemetery.

THE TRADERS BANK OF CANADA. Capital Paid Up - \$ 4,352,310. Rest Account - \$ 2,000,000. Total Assets - \$33,000,000.

Lavander Moth Camphor 20c per box. Cedar Moth Camphor 20c per box. Camphor Flakes 15c per box. Bugbane 25c per bottle. Moth Proof Bags, etc.

THE WEATHER. FORECASTS.—Fresh to strong east to north winds; rain and snow to-day, clearing to-night. Thursday, variable winds; fair and cold. The following is issued by the Department of Marine and Fisheries: Temperature. 8 a. m. Min. Weather. Calgary 46 38 Fair. Winnipeg 32 24 Cloudy. Parry Sound 26 24 Snow. Toronto 32 32 Rain. Ottawa 24 24 Snow. Montreal 26 24 Cloudy. Quebec 22 16 Cloudy. Father Point 29 16 Fair. Port Arthur 26 32 Fair. WEATHER NOTES. The depression which was over the west-southwest States yesterday morning now covers the lake region, attended by strong winds and gales and snow and rain. Fair cold weather prevails in Quebec and the Maritime Provinces, and fair weather in the western provinces.

OKLAHOMA'S FIRST. Death Sentence Passed on Negro Murderer. Tecumseh, Okla., April 7.—Will Johnson, a negro boy who assaulted and killed Mrs. Mary Cunniff, an aged white woman near Shawnee several weeks ago, was to-day sentenced to be hanged. The court instructed the jury to bring in a verdict of guilty, and the jury added the death penalty. This is the first legal death sentence to be assessed to Oklahoma since it became a state. Johnson maintained his innocence until the state prosecutor made his statement, when he jumped to his feet and declared himself guilty.

Steamship Arrivals. April 8. K. F. Cecilie—At New York, from Bremen. Noordam—At New York, from Rotterdam. Pretoria—At New York, from Hamburg. Mauritania—At Liverpool, from New York. Kaiser Wilhelm II.—At Bremen, from New York. April 8. Main—At Bremen, from New York. Santos—At Rotterdam, from New York. Scotia—At Gibraltar, from New York. Roma—At New York, from Trinidad. Dominion—At Liverpool, from Portland. April 8. Messala—At New York, from London.

Watch Asquith. (Montreal Witness.) Not the least fascinating thing to look forward to in these fascinating times during the next two or three years, will be to watch the development of the career and character of Herbert Asquith.
