IT is getting time to think about candidates for municipal offices. The time to press representative men into municipal service before their places are usurped by office-seekers is the present. No more important public place exists than upon the boards which govern our municipalities.
ABOUT twenty young ladies surprised Miss LaMura Dodds at her home last Thursday evening and presented her with a miscellaneous ante-nuptial shower. The presents were placed in a very complete miniature of the new Sterling Bank building and each one had attached a bank deposit slip depositing the gift to the credit of the bride-elect. Accompanying the presents was a Sterling Bank cheque for best wishes and happiness signed by the donors of the presents. The "shower" was unique.
THE purchaser of a fairly large order from a local house last week asked for a year's credit on the purchase, and his request was "O.K.'d" by the storekeeper. On reading the note, the purchaser said, "Why, you are charging me 6 per cent interest on the deal!" "Certainly," replied the merchant, "that's what I have to pay." "Why," said the purchaser, "I'll draw you a check. My money is only getting 3 per cent at the bank." "Deep study of the foregoing will reveal a moral to the bright reader."
THE delivery clerk in the post-office has much to annoy her. There is a drummer who wants any letter that may come for him during the next ten days forwarded to him at London or Toronto; the man who wants to know if a letter posted now will go before the 3 o'clock train; the boss mailed a letter without a stamp and wants it back; six men who forgot their box keys and want their mail handed out to them; the woman who knows there must be a letter for her, and asks the clerk to "look again please"; and the schoolboy or girl who goes in regularly three times a day to ask for mail when they do not get a letter or a paper in a week.

PERSONAL.

P. J. Dodds was in Toronto on business Wednesday.
Mr. and Mrs. J. C. Smith returned from the western trip last week.
Mrs. T. Hillary Willoughby and daughter, Ethyl, spent a few days in Strathroy this week.
Mr. J. D. Williamson called on Watford friends Wednesday. He leaves this week for Spruce Bluff, Sask.
Mr. and Mrs. Wilbur H. French, Sarnia, and Mrs. and Miss Carter, Petrola, attend the Wykesmith-Dodds wedding on Tuesday.
Mr. George Hicks, Courtright, is relieving Manager Wykesmith, of the Sterling Bank, this week, while the latter is on his holidays.

Bargains in Wall Paper.

In order to make room for next year's papers we have cut the prices of our wall papers in two. This means a 50c. paper will cost you just 25c. Everything is marked in plain figures. A nearly all these patterns are this season's design. Anyone intending papering this fall will be well repaid for a look through our samples.
 TAYLOR & SON.

Hay—Ladd.

TECUMSEH, Mich., Oct. 19.—A quiet but pretty wedding took place at the home of Mr. and Mrs. Fred Teachout of this place Wednesday afternoon at 2 o'clock when Miss Sadie Grace Ladd and H. Kenneth Hay were united in marriage. The ceremony was performed by Rev. B. R. Reid, pastor of the Presbyterian church. After congratulations a wedding dinner was served.
 The bride has made her home with Mr. and Mrs. Teachout for the past ten years, and is popular in Tecumseh. Mr. Hay is one of Tecumseh's prominent young business men, being engaged in the bakery and confectionery business. He is the son of the late Rev. E. R. Hay, Congregational minister of Watford, Ont., and came to Tecumseh eight years ago. The couple left on the 3.03 train for a trip to Detroit and Watford, Ont., and on their return will begin housekeeping in the Cahin house here, which has already been furnished.

MEN'S MISSIONARY MEETING.

A meeting in the interests of the Men's Missionary Convention to be held in London on November 6th, 7th and 8th, was held in the Council Chamber, Watford, on Tuesday afternoon. Rev. S. P. Irwin was asked to give the chair and Rev. T. M. Mead acted as Secretary of the meeting.

MR. A. J. Robinson, of London, executive secretary, addressed the meeting, outlining the objects and workings of the movement. This convention, he said, was undoubtedly among the most important and significant gatherings of a religious character ever convened in this community. Its purpose is to bring together the leading laymen and clergymen of every Protestant church within the district, in a three days' inspirational and educational study of the Missionary Problem. That it will be an occasion of unusual interest is assured by the promised presence of Robert E. Spear, of New York, one of the recognized world leaders in missionary enterprise to-day, and Sir Andrew Fraser, for 37 years Governor-general of Bengal, India, now of Scotland, who has gained a unique reputation as one of the most effective and ardent advocates of the missionary cause among the laymen. Besides these two, there will be several of the outstanding leaders, both Lay and Clerical, from each of the churches of Canada, whose eloquence and influence need no comment. The greater part of the third day will be devoted entirely to denominational conferences, on "Our Church's Share of the Task" which will be in a practical sense, the climax of the Convention. On the last day of the Convention there will be a meeting for the ladies in St. Andrew's Hall at 2.15 in the afternoon at which Sir Andrew Fraser and others will speak. Mr. E. E. Reid, of London, Finance Chairman of the Convention, also made a few remarks urging laymen to take hold of the matter in a business-like manner. Moved by Rev. E. B. Home, seconded by Mr. J. H. Hume and carried—"That a cordial vote of thanks be tendered to the gentlemen who have addressed the meeting, and that we express our entire and cordial approval of the work, and pledge ourselves to do our utmost to forward the movement and bring the matter to the attention of others."

THE railroads will issue tickets at a single fare to delegates and their ladies attending these meetings on Nov. 6th, 7th and 8th. Full particulars can be had from the local secretary, Rev. T. M. Mead, or from any of the local clergy-men.
THE Petrola Topic will not be published next week. Annual holiday.
Geo. Bell, one of the oldest and most esteemed residents of Plympton, died on Saturday last in his 87th year. Mr. Bell had not been feeling very well for some time but nothing serious was thought until last Tuesday, when his condition became worse. Mr. Bell is survived by his widow and one daughter.

A Collect for Thanksgiving Day.

I thank thee, Father, for thy sky,
 Wherein thy little sparrows fly;
 For unseen hands that build and break
 The clouds to make for thy sake,
 This fleeting beauty, high and wild,
 Toward which I wonder as a child.
 And thanks for morning's stir and light
 And for the folding hush of night;
 For those high deities that spread
 The star-filled chasm overhead;
 For elfin chemistries that yield
 The gems and fires of April field;
 For all the foam and surge of bloom,
 For leaves gone glorious to their doom—
 All the wild loveliness that can
 Touch the immortal in a man.
 Father of Life, I thank thee, too,
 For old acquaintance, near and true;
 For friends who came into my day
 For the love that's never new;
 For faith that held on to the last,
 For all sweet memories of the past—
 Dear memories of my days that end,
 Long thoughts of life and of life's end,
 That make me know the light conceals
 A deeper world than it reveals.

LYCEUM SERIES OF HIGH-CLASS CONCERTS.

The young people of the Presbyterian Church deserve commendation for their enterprise in securing for Watford the Redpath Lyceum Series of High Class Concerts. Nothing better has ever been presented in the town. All the artists are at the head of their profession and have appeared in the part in all the large American cities in company with such celebrities as Melba, Calve, Schumann-Heink, and others. The Watford public is offered at home and at moderate prices the very best entertainments that are to be had in the large cities.
 The series opens on Nov. 8th with the well known Harpists and Entertainers, Rogers and Grilley.
 On Dec 5th, John B. Ratto, the famous Italian impersonator, the best in the world, will be the chief artist. He will be assisted by a singer.
 On Feb. 3rd, Mr. Ralph Bingham, America's greatest entertainer, will have the evening.
 And, on March 21st, the celebrated Kellogg-Haines Opera Company, whose names appear here last spring, owing to illness, disappointed so many, will furnish a treat to all lovers of music.
 The seats have been placed at 50 cents and 35 cents, remarkably low prices for such quality. But in addition tickets will be sold for the series of four entertainments for \$1.75, and seats may be reserved for the entire series. Do not miss the best thing in years.
 The concerts will be given in Taylor's Lyceum. Plan at McLaren's drug store.

WYKESMITH—DODDS.

A simplicity as charming as it is unusual characterized every detail of the wedding of Miss LaMura Mary Dodds, eldest daughter of Mr. and Mrs. Thomas Dodds, to Mr. William Aldrich Wykesmith, local manager of the Sterling Bank, which was solemnized on Tuesday morning at 8 o'clock in Trinity church, Watford.
 Master Valore Dodds, the young brother of the bride, presided at the organ and played the bridal chorus from Lohengrin, and the contracting couple took their places in front of the altar.
 The bride, who is one of Watford's prettiest young ladies, was never prettier than in her wedding gown of embroidered net over white satin with tulle veil, pearl trimmings and orange blossoms. She carried a bouquet of bridal roses. She was given away by her father and was unattended except for a matron of honor, Mrs. W. H. French, of Sarnia, who wore king-blue silk and carried a bouquet of yellow chrysanthemums.
 The ceremony was performed by Rev. S. P. Irwin, B.A., rector of the parish, and was witnessed only by the family and a few intimate friends. After the impressive service was over the bridal party partook of an epicurean dejeuner at "Villafranca," the residence of the bride's parents, after which they drove to Wykesmith and took the 12.25 express for Detroit where they will spend their honeymoon. The bride's going-away gown was a brown tailor-made suit with hat to match.
 The groom's gift to the bride was a handsome pearl sunburst, and the matron of honor also received a sunburst from the groom.
 Mr. and Mrs. W. A. Wykesmith will be at home after November 6th and will take up housekeeping on Huron street.
 The Guide-Advocate joins with the many friends of the young couple in wishing them much happiness.
Donald Currie, a resident of Aldborough township since 1832, is dead, aged 87 years. Deceased was a native of Argyleshire, Scotland, and had been bedridden since dislocating his hip eight years ago.
One farmer in Derby Tp., Grey County has gathered the magnificent sum of \$400 from the potatoes grown on one acre of land. Another Amabel farmer delivered two loads of potatoes in Owen Sound the other day and received \$105.
The Ursuline sisters of Chatham completed the purchase of a large tract of real estate on the river front, a few miles below Sandwich, where it is the intention to at once erect another branch of the academy. The price paid was between \$25,000 and \$30,000.

C. R. Williams' cider mill will commence operations on Wednesday, Oct. 25th and will run every Monday, Wednesday and Friday until November 25th.
Henry Shannon has sold 100 acres of lot 15, con. 6, to W. Goodhand, of Oxford County, who takes possession in February next. Price \$6,500. Mr. Shannon has purchased a farm of 128 acres thirty miles from Cleveland, Ohio, and will move to that place next February.
Dr. Thomas Brandon, who recently returned from Cochrane, has opened an office in Watford. Dr. Brandon is well known throughout the southern part of this township. He has had a very wide practice in his profession in New Ontario and also as house physician in the Sarnia General hospital.

THE late Wm. Caley, whose death occurred on Friday, Oct. 13, at his son-in-law's, A Zimmerman, lot 2, con. 6, Bosanquet, was born in Wexford, Ireland, on Nov. 6, 1834, came to Canada in 1851, and located at Hamilton. He resided there about six years and then moved to the county of Bruce in Greenock Tp. He was married in 1863, to Elizabeth Kirk, of Kirkton, who predeceased him seven years ago. From there he moved to Kirkton, County of Huron, and from there to Bayfield, then to Bosanquet and then to Watford. Deceased, who had not been feeling well all summer, took a visit out to his son-in-law's, Amos Zimmerman, of Bosanquet, where he died on the above date. He leaves to mourn his loss three sons and four daughters: David, of Shelby, Ohio; Robert and Joseph at home; Mrs. A. Zimmerman, of Bosanquet; Mrs. Robt. Creery, of Osborne Tp.; Mrs. T. G. Hicks, of London, and Mrs. John M. Davis, of Warwick. The funeral took place from his son-in-law's, to Arkona cemetery on Monday afternoon Oct. 16. The services were conducted by the Rev. Hare of Arkona. The pall-bearers were Wm. Kingston, Wm. Brander, Henry Curtis, Gillis Monroe, Daniel Hampton and Geo. H. Davis.

Accompanying the presents was a Sterling Bank cheque for best wishes and happiness signed by the donors of the presents. The "shower" was unique.

THE purchaser of a fairly large order from a local house last week asked for a year's credit on the purchase, and his request was "O.K.'d" by the storekeeper.

"Why, you are charging me 6 per cent. interest on the deal?" "Certainly," replied the merchant, "that's what I have to pay." "Why," said the purchaser, "I'll draw you a check. My money is only getting 3 per cent at the bank." "Deep study of the foregoing will reveal a moral to the bright reader."

THE delivery clerk in the post-office has much to annoy her. There is a drummer who wants any letter that may come for him during the next ten days forwarded to him at London or Toronto; the man who wants to know if a letter posted now will go before the 3 o'clock train; the boss mailed a letter without a stamp and wants it back; six men who forgot their box keys and want their mail handed out to them; the woman who knows there must be a letter for her, and asks the clerk to "look again please"; and the schoolboy or girl who goes in regularly three times a day to ask for mail when they do not get a letter or a paper in a week.

PERSONAL.

Bargains in Wall Paper.

In order to make room for next year's papers we have cut the prices of our wall papers in two. This means a 50c. paper will cost you just 25c. Everything is marked in plain figures. Nearly all these patterns are this season's design. Anyone intending papering this fall will be well repaid for a look through our samples.

TAYLOR & SON.

Hay—Ladd.

Tecumseh, Mich., Oct. 19.—A quiet but pretty wedding took place at the home of Mr. and Mrs. Fred Teachtout of this place Wednesday afternoon at 2 o'clock when Miss Sadie Grace Ladd and H. Kenneth Hay were united in marriage. The ceremony was performed by Rev. B. R. Reid, pastor of the Presbyterian church. After congratulations a wedding dinner was served.

The bride has made her home with Mr. and Mrs. Teachtout for the past ten years, and is popular in Tecumseh. Mr. Hay is one of Tecumseh's prominent young business men, being engaged in the bakery and confectionery business. He is the son of the late Rev. E. R. Hay, Congregational minister of Watford, Ont., and came to Tecumseh eight years ago.

The couple left on the 3.03 train for a trip to Detroit and Watford, Ont., and on their return will begin housekeeping in the Catholic house here, which has already been furnished.

MEN'S MISSIONARY MEETING.

A meeting in the interests of the Men's Missionary Convention to be held in London on November 6th, 7th and 8th, was held in the Council Chamber, Watford, on Tuesday afternoon. Rev. S. P. Irwin was asked to give the charge and Rev. T. M. Mead acted as Secretary of the meeting.

Mr. A. J. Robinson, of London, executive secretary, addressed the meeting, outlining the objects and workings of the movement. This convention, he said, will undoubtedly be among the most important and significant gatherings of a religious character ever convened in this community. Its purpose is to bring together the leading laymen and clergymen of every Protestant church within the district, in a three days' inspirational and educational study of the Missionary Problem. That it will be an occasion of unusual interest is assured by the promised presence of Robert E. Spear, of New York, one of the recognized world leaders in missionary enterprise to-day, and Sir Andrew Fraser, for 37 years Governor-General of Bengal, India, now of Scotland, who has gained the unique reputation as one of the most effective and ardent advocates of the missionary cause among the laymen. Besides these two, there will be several of the outstanding leaders, both lay and clerical, from each of the churches of Canada, whose eloquence and influence need no comment. The greater part of the third day will be devoted entirely to denominational conferences, on "Our Church's Share of the Task" which will be in a practical sense, the climax of the Convention. On the last day of the Convention there will be a meeting for the ladies in St. Andrew's Hall at 2.15 in the afternoon at which Sir Andrew Fraser and others will speak.

Mr. E. E. Reid, of London, Finance Chairman of the Convention, also made a few remarks urging laymen to take hold of the matter in a business-like manner. Moved by Rev. E. B. Home, seconded by Mr. J. H. Hume and carried—"That a cordial vote of thanks be tendered to the gentlemen who have addressed the meeting, and that we express our entire and cordial approval of the work, and pledge ourselves to do our utmost to forward the movement and bring the matter to the attention of others."

The railroads will issue tickets at a single fare to delegates and their ladies attending these meetings on Nov. 6th, 7th and 8th. Full particulars can be had from the local Secretary, Rev. T. M. Mead, or from any of the local clergymen.

The Petrolia Topic will not be published next week. Annual holiday.

Geo. Bell, one of the oldest and most esteemed residents of Plympton, died on Saturday last in his 87th year. Mr. Bell had not been feeling very well for some time but nothing serious was thought until last Tuesday, when his condition became worse. Mr. Bell is survived by his widow and one daughter.

A Collect for Thanksgiving Day.

I thank thee, Father, for thy sky,
Wherein thy little sparrows fly;
For unseen hands that build and break
The cloud pavilions for my sake,
This fleeting beauty, high and wild,
Toward which I wonder as a child.

And thanks for morning's stir and light
And for the folding hush of night;
For those high deities that spread
The star-filled chasm overhead;
For elin chemistries that yield
The sweet fires of the April field;
For all the foam and surge of bloom,
For raves gone glorious to their doom—
All the wild loveliness that can
Touch the immortal in a man.

Father of Life, I thank thee, too,
For old acquaintance, near and true;
For friends who came into my day
And took the loneliness away.
For faith that held on to the last,
For all sweet memories of the past—
Dear memories of my dead that send
Long thoughts of life and of life's end,
That make me know the light conceals
A deeper world than it reveals.

LYCEUM SERIES OF HIGH-CLASS CONCERTS.

The young people of the Presbyterian Church deserve commendation for their enterprise in securing for Watford the Redpath Lyceum Series of High Class Concerts. Nothing better has ever been presented in the town. All the artists are at the head of their profession and have appeared in the part in all the large American cities in company with such celebrities as Melba, Calve, Schumann-Heink, and others. The Watford public is offered at home and at moderate prices the very best entertainments that are to be had in the large cities.

The series opens on Nov. 8th with the well known Harpists and Entertainers, Rogers and Griley.

On Dec 5th, John B. Ratto, the famous Italian impersonator, the best in the world, will be the chief artist. He will be assisted by a singer.

On Feb. 3rd, Mr. Ralph Bingham, America's greatest entertainer, will have the evening.

And, on March 21st, the celebrated Kellogg-Haines Opera Company, whose failure to appear here last spring, owing to illness, disappointed so many, will furnish a treat to all lovers of music.

The seats have been placed at 50 cents and 35 cents, remarkably low prices for such quality. But in addition tickets will be sold for the series of four entertainments for \$1.75, and seats may be reserved for the entire series. Do not miss the best thing in years.

The concerts will be given in Taylor's Lyceum. Plan at McLAREN'S drug store.

WYKESMITH—DODDS.

A simplicity as charming as it is unusual characterized every detail of the wedding of Miss LaMura Mary Dodds, eldest daughter of Mr. and Mrs. Thomas Dodds, to Mr. William Aldrich Wykesmith, local manager of the Sterling Bank, which was solemnized on Tuesday morning at 8 o'clock in Trinity church, Watford.

Master Valere Dodds, the young brother of the bride, presided at the organ and played the bridal chorus of Lohengrin in front of the altar.

The bride, who is one of Watford's prettiest young ladies, was never prettier than in her wedding gown of embroidered net over white satin with tulle veil, pearl trimmings and orange blossoms. She carried a bouquet of bridal roses.

She was given away by her father and was unattended except for a matron of honor, Mrs. W. H. French, of Sarnia, who wore king-blue silk and carried a bouquet of yellow chrysanthemums.

The ceremony was performed by Rev. S. P. Irwin, B.A., rector of the parish, and was witnessed only by the family and a few intimate friends. After the impressive service was over the bridal party partook of an epicurean dejeuner at "Villafrauca," the residence of the bride's parents, after which they drove to Wyeoming and took the 12.25 express for Detroit where they will spend their honeymoon. The bride's going-away gown was a brown tailor-made suit with hat to match.

The groom's gift to the bride was a handsome pearl sunburst, and the matron of honor also received a sunburst from the groom.

Mr. and Mrs. W. A. Wykesmith will be at home after November 6th and will take the Guide-Advocate joins with the many friends of the young couple in wishing them much happiness.

Donald Currie, a resident of Aldborough township since 1832, is dead, aged 87 years. Deceased was a native of Argyleshire, Scotland, and had been bedridden since dislocating his hip eight years ago.

One farmer in Derby Tp., Grey County has gathered the magnificent sum of \$400 from the potatoes grown on one acre of land. Another Amabel farmer delivered two loads of potatoes in Owen Sound the other day and received \$705.

The Ursuline sisters of Chatham completed the purchase of a large tract of real estate on the river front, a few miles below Sandwich, where it is the intention to at once erect another branch of the academy. The price paid was between \$25,000 and \$30,000.

WARWICK.

Miss Blanche Lloyd, who has been visiting her cousins Mr. and Mrs. Les Kenzie, Birnam, for the past two weeks, returned to her home in Inwood last Saturday.

C. R. Williams' cider mill will commence operations on Wednesday, Oct. 25th and will run every Monday, Wednesday and Friday until November 25th. 020-37

Henry Shannon has sold 100 acres of lot 15, con. 6, to W. Goodland, of Oxford County, who takes possession in February next. Price \$6,500. Mr. Shannon has purchased a farm of 128 acres thirty miles from Cleveland, Ohio, and will move to that place next February.

Dr. Thomas Brandon, who recently returned from Cochrane, has opened an office in Watford. Dr. Brandon is well known throughout the southern part of this township. He has had a very wide practice in his profession in New Ontario and also as house physician in the Sarnia General hospital.

The late Wm. Caley, whose death occurred on Friday, Oct. 13, at his son-in-law's, A. Zimmerman, lot 2, con. 6, Bosanquet, was born in Wexford, Ireland, on Nov. 6, 1834, came to Canada in 1851, and located at Hamilton. He resided there about six years and then moved to the county of Bruce in Greenock Tp. He was married in 1863, to Elizabeth Kirk, of Kirkton, who predeceased him seven years ago. From there he moved to Kirkton, County of Huron, and from there to Bayfield, then to Bosanquet and then to Warwick. Deceased, who had not been feeling well all summer, took a visit out to his son-in-law's, Amos Zimmerman, of Bosanquet, where he died on the above date. He leaves to mourn his loss three sons and four daughters: David, of Shelby, Ohio; Robert and Joseph at home; Mrs. A. Zimmerman, of Bosanquet; Mrs. Robt. Creevy, of Oshawa; Mrs. T. G. Hicks, of London, and Mrs. John M. Davis, of Warwick. The funeral took place from his son-in-law's, to Arkona cemetery on Monday afternoon Oct. 16. The services were conducted by the Rev. Hare of Arkona. The pall-bearers were Wm. Kingston, Wm. Brander, Henry Curtis, Gillis Monroe, Daniel Hampton and Geo. H. Davis.

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or pain since I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

Montreal has a civic debt of \$58,000,000, \$17,000,000 of which has been added in the last two years. It should be stated, however, that a good deal of that has been "annexed." Montreal has \$109,000,000 of exempted property, and a revenue of six and a half millions.

That the quality of the 1911 wheat crop is not up to the average is indicated by reports received at the Department of Trade and Commerce from the chief inspector of grain at Winnipeg. last year. There is a decrease of 50 per cent. on No. 1 northern, over 10 per cent. on No. 2 northern, 15 per cent. on No. 3 northern, and an increase of 500 per cent. in rejected. The officials of the department ascribe the unfavorable showing to long-continued wet and cold weather. As a result there will likely be a diminution in the exportable article.

Not every boy can be a rich man or a great man politically or socially but he can be a gentleman. A boy with gentlemanly manners who is trusty and honest and does his very best every day will gain the attention and confidence of men, and will be given paying and responsible positions as soon as he is old enough to fill them. Boys like to have fun and a good time and it is right that they should. They will never be boys but once, but to have fun altogether is not what they are intended for. Boys are of value chiefly to make men, good for something in the world. Character, like a house, must have a good foundation. The foundation stones of good character, are reverence for God, respect and obedience to parents, deference for old people, and a proper respect for the laws of the land.

Much of the so-called friendship of the day is simply pretence. It exists only in name and as soon as it ceases to be advantageous it is dropped. The friendship that continues the same in prosperity and adversity is to be prized, but all other kinds are worthless. It matters not how hard a man may struggle to do right and make a success of life there is always some loathsome reptile, some worthless wretch who is ready to drag him down, to blight his hopes and blast his fondest suspicions. The loss of money and property is not the greatest loss a man can sustain in the business world; far better to lose your money than to lose hope and ambition.

The Canadian Census.

First consideration of the preliminary census report must be tinged to some extent with disappointment. The total population of Canada is 7,081,869. The estimates made in and out of the House of Commons ranged in the neighborhood of 8,000,000. From official figures, therefore, we are a million behind our hopes, and the increase in ten years is less than two millions, to be exact, 1,710,534. But before sitting down in sackcloth and pouring ashes upon our heads, we must bear in mind the fact that we are naturally optimistic, that we are inclined to the worship of big numbers, and that any estimate must necessarily, for these reasons, exceed the actual amount.

The growth of the West is most satisfactory. Not only Alberta and Saskatchewan, but British Columbia and Manitoba record very satisfactory increases. The slight falling off in the Maritime Provinces may be due to some measure to the neglect of practical immigration work on the part of the Provincial Governments. There is bound to be a certain drain to the West of the native born. And surely such a charming country as Eastern Maritime Canada could be made attractive to British immigration.

A redistribution of federal seats must follow this census. Quebec's 65 members must give the key, the unit of representation being 30,780. On this basis each of the Western Provinces will secure five more seats. Ontario will lose four and the maritime provinces five. The House of Commons under redistribution will have 232 members. No great change in the political status of the country will follow such a redistribution. Conservative Manitoba and British Columbia will be balanced by Liberal

Alberta and Saskatchewan. More adequate representation of the industrial centres will be necessary, and this in all probability will be Conservative in tone.

Changes in the Seed Control Act.

During the recent session of Parliament, important changes were made in the Seed Control Act respecting the sale of clover and timothy seed. Under the old Act the inspector sometimes found it difficult to prove violations though misrepresentations were being made. A dealer might offer red clover seed, containing as many as 92 noxious weed seeds per ounce and an unlimited number of other weed seeds such as Foxtail, represent it as his best grade and charge nearly as much as his competitor asked for No. 1. He would not mark it No. 1 but he would state verbally that it was No. 1 or just as good. This has often been done, with the result that farmers as well as retail merchants who really wanted to buy pure seed have got badly contaminated seed and paid high prices for it. Under the new act such misrepresentations will be impossible and both farmers and retail merchants will be able to buy their seed more intelligently.

ITCHING SCALP GOT RID OF, IN A FEW HOURS.

There is nothing made that will so quickly rid the scalp of distressing itching as PARISIAN SAGE, the hair dresser and beautifier.
T. B. Taylor & Sons guarantee Parisian Sage to cure dandruff, stop itching scalp and falling hair or money back, and sell it for only 50 cents a large bottle. It puts vitality into the hair and gives it a radiant luster.
It is the favorite hair dressing of refined women because it so quickly refreshes the scalp and not being sticky or greasy is delightful to use.

PURIFIED HIS BLOOD
Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:
"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."
Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

A BAD BACK As a Warning that the Kidneys are Sick.

A bad back turns every twenty-four hours into one dull round of pain and misery—you are lame in the morning, sagged all day by a dull throbbing backache, can't rest in the evening or sleep well at night. It hurts to bend over, straighten up, get up from a chair, or lift even a light weight. Any sudden twist, turn or awkward movement sends a tearing twinge of pain through the weak spot.

Booth's Kidney Pills reach the weak spot, the kidneys, and quickly restore kidney health and comfort. They are guaranteed. All dealers and druggists, 50c. or postpaid from The R. T. Booth Co., Ltd., Fort Erie, Ont. If you would like to test them free write for a trial box. Sold and guaranteed in Watford by T. E. Taylor & Sons.

It isn't always the strongest men who carry the heaviest life insurance.

It is told of an Iowa visitor to Atlantic City. She was there for the first time, and was accompanied by her daughter. Daughter was delighted, and spent hours in the surf. Her mother went with her to the beach one forenoon and waited on the sand. When the daughter approached the beach the mother called to her: "Daughter, better come out now. Some other lady may wish to use the ocean. Come; you've had your bath."

Comparison of Crops.

A bulletin of the Census and Statistics Office just issued deals with the field crops of the present year compared with the figures of the year 1900.

The Census areas of field crops enumerated in the month of June have been compiled for all the provinces excepting Quebec and British Columbia, and the statistics of principal crops are given in this report together with estimates of production computed from the reports of a large staff of correspondents at the end of September. The area figures for Saskatchewan are lacking for two districts and those of Nova Scotia for one district, but the totals of the Dominion will be ready for the November Monthly, and a comparison of areas for the Census years 1901 and 1911 will then be made.

For the years 1909, 1910 and 1911 the comparative quality of crops at the end of September was fairly uniform for wheat, oats, barley and rye; but peas, beans, buckwheat, mixed grains and flax were lower this year by 8 to 12%. Fodder crops, including roots and corn, are unchanged for the three years. The condition of potatoes, which is 76.78, is the same as last year, but 13.60 less than two years ago.

The comparative condition of of fodder and root crops for the Dominion at the end of September ranges from 82 to 87%, of alfalfa 79.55%, and of potatoes 76.78%, and is generally lower in Ontario than elsewhere. The Maritime provinces and the Northwest provinces give 90% and over for potatoes and nearly as good for other field crops.

The Census enumeration of field crops taken in June shows for the Northwest provinces together with Ontario and the Maritime provinces an area of 9,990,021 acres wheat, 7,661,862 acres oats, 1,291,287 acres barley, 133,053 acres rye, and 1,090,615 acres flax—to which will be added the acres for two districts in Saskatchewan. For the harvest year of 1900 the corresponding figures of the census of 1901 were 4,068,328 acres wheat, 3,981,370 acres oats, 765,273 acres barley, 156,852 acres rye, and 21,202 acres flax.

The increase in the production of the principal grains in the decade, computed for the present year on the estimates of correspondents, is shown to be in round numbers, 148,035,000 bushels wheat, 187,049,000 bushels oats, 21,711,000 bushels barley, 664,000 bushels rye, and 12,360,000 bushels flax. These figures are exclusive of returns for two districts in Saskatchewan.

Progress and Industry.

A halibut weighing 700 pounds was recently brought to an English market. The English post office has adopted the automatic stamp-selling machines. The Chinese postal rates are among the lowest in the world.

The population of Ireland is said to be 4,381,951, a decrease of nearly 77,000 since 1901. An alarming increase in the number of house robberies and burglaries is noted in Great Britain in the past two years. India is garrisoned by 318,000 men, whose duty is to protect a territory of 1,773,000 square miles.

England has a number of rat and sparrow clubs, organized for the extermination of these pests. Two hundred and sixty square feet of surface can be covered with two coats from one gallon of mixed paint. Rubber boots are now made with a leather inner heel which greatly increases the boot's period of usefulness. The great Welsh coal strike of a few months ago is said to have cost the parties concerned the sum of nearly \$13,000,000.

A waterproof veil is a new idea to catch the women's coins. It is said to prevent the formation of water on the veil in rain or misty atmosphere. The 14 southern states with Missouri and Oklahoma now have an aggregate population of 35,500,000, which is only \$18,000,000 less than the total population of the entire United States in 1880. The American soldiers in the Philippines have learned to make a very serviceable boat out of a rubber blanket, two rifles, two sabers and straps and two tent poles and their straps.

All Up With Him.
"You had a high old time in Europe?"
"Yes," replied the returned tourist; "I had. I was done up at Monte Carlo, held up in the Apennines and laid up in Rome."

Har Ability.
"Are you able to keep your servants any length of time?"
"Let me see. I've had my husband six years."—St. Louis Post-Dispatch.

Keep your heart high. That is the sum of philosophy.—Cousin.

AN ARTIST OF NERVE.

Remarkable Daring and Coolness in an Alpine Accident.

The architect Viollet le Duc was one day on the Schwarzenberg glacier at a height of about 9,000 feet, accompanied by Baptiste, the guide, who marched in front. The two men were attached to each other by a rope, as is usual in Alpine mountaineering.

The guide had passed over a crevasse, but when M. Viollet le Duc attempted to cross it he failed and fell into the abyss. The guide tried to pull him out, but instead he found himself gradually descending.

The architect perceived that his companion if he persisted in the attempt to save him would surely share his fate, and he asked if Baptiste had a family.

"A wife and children," was the answer.

"Then," said Viollet le Duc quietly, "I shall cut the rope."
He did so and fell, but a block of ice thirty feet lower down stopped his descent. When Baptiste saw this and that for a time the danger was lessened he went in search of help and returned with four stout peasants. Three hours afterward Viollet le Duc was extricated.

In spite of his perilous position the ruling passion was strong with the artist, for, although he was almost covered with icicles from the dripping water, he had contrived to make drawings of the novel effects he was able to perceive.

Stewed Apples.

To stew apples so each quarter is unbroken and so clear one can almost see through it is an art, and yet it is a simple thing to do if one only knows how. Peel tart apples very thin, cut them in quarters and remove the cores and seeds. As fast as you can peel and quarter them drop the apples in a saucepan in which you have already placed cold water to the depth of two inches. When the apples are all in, put the saucepan over a slow fire, cover it till the water reaches the boiling point, then remove the cover and let the apples simmer almost imperceptibly till you can pierce them easily with a broom splint; then sprinkle the sugar over them and let them just simmer until it is all melted. Remove the saucepan from the fire and let it stand where the apples will get cold before turning them into a dish for the table.

Egyptian Smokers and Madness.

An Egyptian smoker of hasheesh is even a more helpless slave than the Chinese opium fiend. He knows that in the end he will become a madman, yet he rushes toward the awful goal with unrelaxed speed. With the strange exaltation which first comes to the smoker he feels himself floating from cloud to cloud or alighting in the gardens of palaces all his own. Most of the hasheesh which Egypt consumes comes from Greece. From the husks of the hemp seeds and the tender hops of the hemp plant the Greeks manufacture a greenish powder whose fumes bring the ecstasy its victims desire.

Shapely Swedes.

The Swedes are probably the tallest people in Europe and have on the whole erect, handsome figures. To some extent this advantage is due to physical exercise, for Swedish gymnastics are compulsory in the elementary schools, and the system is much used in other schools and colleges.—London Telegraph.

RHEUMATISM GONE, SAYS DETECTIVE KILLEN.

Morriscy's No. 7 and Liniment Cured his Knee. "Feels good as new."

St. John, N.B., April 12, 1911.
"I am glad to report that my knee is completely cured of Rheumatism—thanks to Father Morriscy's No. 7 Rheumatism & Kidney Tablets, as they alone are responsible for my cure. I was troubled for a number of years, and tried everything I heard of, and needless to say, spent quite a sum of money without any results. I have no further trouble now, and my knee feels as good as new. I was personally acquainted with the late Father Morriscy and know his remedies are good. Anyone suffering from Rheumatism and Kidney trouble should by all means try No. 7 Tablets, as I can cheerfully recommend them."
PATRICK KILLEN,
Provincial Detective, St. John, N.B.
The above prescription is not a "Cure-All" or so-called patent medicine. Dr. Morriscy prescribed it for 44 years and it cured thousands after other doctors failed. Price, 50c. per box at your dealers, or Father Morriscy Medicine Co., Limited, Montreal.

THE KING'S CHAMPION.

Westminster Hall, Where His Challenge Used to Be Uttered.

Westminster hall, in London, was built originally by King William the First (1066-1100), and tradition goes that the oak of its ceilings was brought from the forest of Shilleagh, in Ireland, timber which possessed peculiar properties rendering it hateful to spiders and their webs. Richard II, transformed the hall. Leaving the old walls standing, he buttressed them strongly and raised over them the magnificent roof of oak which is still extant and intact. It is ninety-two feet high. The length of the hall is 290 feet, its breadth sixty-eight feet.

It was large enough for mounted men to enter in order to challenge any who would dispute the rights of the king; a ceremony that is quaintly described as follows on the occasion of the coronation of Richard III. and Queen Anne in 1483:
"In the afternoon the King and Queen entered the hall, and the King sat in the middle, and the Queen on ye left side of the table, and on every side of her stode a Countesse, holding a cloth of Pleasance when she listed for to drink. And on the right hand of ye King sate ye Archbishop of Canterbury. The ladies sate all on one side in ye middle of the hall, and at the table against them sate the Chancellor and all the Lords. And at the table next the cupboard sate ye Mayor of London. * * * At the second course came into ye hall Sr. Robert Dimmock, the King's Champion, making Proclamation that whoever would say that King Richard was not lawful King, he would fight with him at the utterance, and threw down his gauntlet, and then all the hall cried King Richard."
"And then one brought him a cup of wine covered, and when he had drunk he cast out the drinke and departed with the cupp. * * * At the end of the dinner the Mayor of London served the King and Queen with sweete wine, and had of each of them a cup of gold and a cover of gold. And by that time that all was done, it was darke night, and so the King returned to his chamber, and every man to his lodging."

The last time that the hall was the scene of the challenge of the king's champion was at the coronation of George IV.

Bell With the Wall of a Child.

A queerly shaped gong which occupies a position of honor in the center of the city of Seoul, Korea, is said to be one of the largest in the world and is called "the bell with the wall of a child in its voice." When first cast the bell sounded with a harsh and cracked note, and the superstitious, fearing an ill omen, consulted with his magicians. These gentlemen held a long confab and finally stated that the bell would never sound right until a live child was given to it. The mass was then melted again, and a live baby was thrown into the molten metal. The wall of agony uttered by the little tot as the bronze engulfed it seemed to be repeated every time the bell was tolled, and today the Koreans still claim that the wall of a child can be heard in the voice of the metal.

But She Wasn't Satisfied.

Lady Jekyll, who was fond of puzzling herself and others with such questions as had been common enough a generation before her, in the days of the "Athenian Oracle," asked William Whiston of berimed name and eccentric memory, one day at her husband's table, to resolve a difficulty which occurred to her in the Mosaic account of the creation.
"Since it pleased God, sir," she said, "to create the woman out of the man, why did he form her out of the rib rather than any other part?"
Whiston scratched his head and answered: "Indeed, madam, I do not know, unless it be that the rib is the most crooked part of the body."
"There," her husband said, "you have it now! I hope you are satisfied."
—Southey's Doctor.

The Retort Sarcastic.

"That new family next door borrowed our ax again this morning," his wife told Jones.
"Well, why did you lend it to them," he complained.
"How could I help it?"
"You might have given them some kind of an excuse."
Mrs. Jones waxed sarcastic.
"Yes," she snapped, "I might have told them that you were going to use it—or some other crazy, impossible thing."—Youngstown Telegram.

The Ignorant Patriot.

A very raw recruit was being put through an examination in geography wherein he proved himself astonishingly ignorant. At last, after a failure on his part of unusual fragrance, the examiner scowled at him and thundered:
"Idiot, you want to defend your country and you don't even know where it is!"

Publish My Letter The World Over

The Words of Harold P. Bushy, Who Was Permanently Cured of Chronic Lumbago by "Nerviline."

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive." These words open the sincere, straightforward letter of H. P. Bushy, a well-known man in the plumbing and tin-smithing business in Portland.

"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that knifing, cruel pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing pain-relieving action every time it was applied. When I got the disease under control with Nerviline, I built up my strength and fortified my blood by taking Ferruzone at meals. This treatment cured me permanently, and I urge everyone to give up the thick, whitely liniments they are using, and try an up-to-date, penetrating, pain-destroyer like Nerviline.

LETTER NO. 4311

"Please publish my letter the world over. I want all to hear of Nerviline." Don't be cajoled into receiving anything from your dealer but "Nerviline." Large bottles 50c. trial size, 25c. Sold everywhere or The Catarhozone Co., Kingston, Ont.

HARRIS & CO. PROPRIETORS

WATFORD, OCTOBER 27, 1911.

THANKSGIVING DAY.

Monday next will be Canada's Thanksgiving Day and a public holiday. Canadians have reason to be thankful for favors received during the past year and the day should be observed as it was originally intended and not as it has been observed in late years. Instead of taking time to render thanks to Providence for prosperity and health, most people are out seeking sport and pleasure. Possibly no people have more reasons to be thankful this year than those who call Canada their home. The crops, generally speaking, have been good; the weather has been pleasant. No great catastrophe has befallen the Dominion and all seem to be contented and happy. Where can one go and enjoy as nice a fall as we have just passed through. Here is nearly the end of October and not a frost heavy enough to even injure delicate vines, while second crops of berries are reported from many sections. Let all, then, offer sincere thanks not only on Thanksgiving Day, but every day, for mercies and favors received.

STRAITHROY.

Most of the hotels here have raised their rates.

Prospects are now rosy for a fine new skating and curling rink here.

Several from here are going to hunt deer in Northern Ontario.

Miss Myrtle Woodmark, Kingscourt, has taken a position here.

Mrs. F. Avery and young son are at present in Ottawa, visiting her sister.

Miss Forrest, Toronto, is the guest of Mrs. Geo. M. Haldane, High street.

Work on the Baptist Church is progressing. Geo. Macbeth has the contract. Arthur Beadon and George Alton are now employed at the Strathroy Furniture Factory.

David Forsyth, St. Thomas, spent the week end with his brother, M. F. Forsyth, dentist, here.

The new engine at the Power House is again in operation after being out of commission last month.

Wright Madill, baker, fell out of his delivery wagon the other day and fractured his arm just below the elbow.

The new pump for the civic water works has arrived and is being installed. It will be worked in connection with the old one.

The Strathroy Canning Co. are through canning pumpkins and are now at the apples and are prepared to buy in large quantities.

TOO LITTLE BLOOD.

The Cause of Nearly All the Everyday Ailments of Life. Too little blood—that is what makes men and women look pale and feel languid. That is what makes them drag along, always tired, never real hungry, unable to digest their food, breathless and palpitating at the heart after slight exertion, so that it is wearisome even to go upstairs. Doctors tell them that they are "anemic"—the plain English being too little blood. If your face is pale or sallow, if your gums are pale instead of being scarlet; if you are easily tired and frequently despondent; if you do not relish your meals, and small matters irritate you, it is a sign that your blood is thin and watery and that you are on the verge of a complete breakdown. More weak, anemic people have been made strong, energetic and cheerful by taking Dr. Williams' Pink Pills than by any other means. They actually make new blood, which reaches every part of the body, braces the nerves and brings new health and new strength. The case of Miss Nellie Welch, Essex, Ont., is proof of the great curative powers of Dr. Williams' Pink Pills. Miss Welch says: "A few years ago I was going into what my friends believed to be a hopeless decline. I was subject to severe headaches, had no appetite, was pale and grew distressingly weak. I tried several doctors, some of whom we counted the best in this part of the country, but they failed to help me. At last my heart grew so weak and I was so nervous and thin that I had to take to my bed and the doctor held out but little hope for my recovery. Like others I had often read of Dr. Williams' Pink Pills, and though the doctor opposed my taking them I determined to give them a trial, as I felt I might as well be dead as to be living in the misery I was in. In a month after beginning to take the Pills I was up and around, and steadily growing stronger until I was again enjoying the blessing of perfect health. Several years have since elapsed and my health has been the very best. It is therefore with great gratitude

that I write you in the hope that my experience may be of benefit to some other sufferer."

THE BOLTON ARSON CASE.

Detective Gets Twelve Years in Prison. (Moose Jaw Times.) Regina, Oct. 4.—Seven years on one charge and five on the other were the sentences handed out to Richard Crispin, the Thiel detective, who recently figured so prominently in the arson case against Alton Ernest Bolton, when he endeavored by such dastardly methods to obtain a conviction against a perfectly innocent man. It will be remembered that only a week ago Regina was started by the facts of the nefarious schemes against the liberty of Bolton, who was arrested on a charge of arson, said to have been committed by him at Kelliber last April. The accused was dismissed, and the jury brought in a verdict with a rider strongly condemning the man who had endeavored to convict him of guilt. Immediately following upon the verdict of the jury on that case, Crispin was arrested, and at his preliminary hearing on Friday elected to be tried at the next sittings of the district court. Accordingly he was brought up before Judge Hannon yesterday, and, without the advice of counsel, pleaded guilty to the charges laid against him. The original charge was one of fabrication of evidence, but Crown Prosecutor Ross, on the advice of the judge, added to this a charge of perjury, and to both of these the prisoner entered a plea of guilty. In the second charge are involved the accusations that the prisoner had falsely sworn that he had read through the alleged statements of Bolton, admitting guilt, and that he had also falsely sworn that Bolton had in conversation with him admitted guilt. On this charge Crispin was sentenced to seven years, and on the charge of fabrication of evidence he was given five years, sentences to run concurrently.

Detwiler—Thornicroft.

Wednesday afternoon witnessed the first wedding in the new Presbyterian Church when the marriage took place of Miss Georgie Thornicroft, eldest daughter of M. H. Thornicroft, of Imperial, to Gavin Detwiler. The officiating clergyman was the Rev. A. W. R. Dunstan, of Watrous. The bride was given away by her father, and her sister, Miss Janet Thornicroft, of Vancouver, made a charming little bridesmaid. Bob Detwiler, brother of the groom, officiated as best man. The bride's dress was of silk crepe over white satin with pearl trimmings, and her bridal veil was caught up with a similar wreath of orange blossoms. After the ceremony the guests partook of an enjoyable wedding breakfast which awaited them at the home of the bride's father. The many friends of Mr. and Mrs. Detwiler join in wishing them every happiness in their new home.—Imperial (Sask.) Review, Sept. 21st, 1911.

Good Reasons Why We Recommend Nyal's They Are Not "Cure-Alls." 1. They are not secret medicines. We will show you the formula for every Nyal Preparation. 2. They are compounded by a firm of expert manufacturing chemists with a reputation of over 50 years' perfect reliability. Composing the staff of this firm are hundreds of doctors and druggists who are specialists in their own particular line. 3. Each preparation is for a single purpose and you may depend on that remedy being the very best that science and pharmaceutical skill can compound. 4. We have personally and critically inspected the extensive plant where Nyal's are manufactured and are absolutely convinced that every ingredient used in any Nyal Preparation is the very best obtainable. 5. Nyal's do not depend on advertising for their sale. Honest goods and full value is their motto. We would not risk your good will by recommending anything which we did not feel sure would give you entire satisfaction. 6. We will cheerfully refund your money for any Nyal Preparation that does not more than give you satisfaction. One For Every Ordinary Ailment. TAYLOR & SON.

Thanksgiving.

Let us give thanks! What! You haven't got Anything to be thankful for, Or You have got What You can't be thankful for? Oh, say, That's no way To feel about a good thing! Brace up and bring Yourself to the front. Don't growl and grunt And do the sorry stunt. Pull out of the ruck If you're down on your luck And reach for the skies that are blue. Get out of the shade Your troubles have made. By heck, it is up to you! We know this is a vale of tears, Chockful of woe and sorrow, And turkey that we eat today Is not so good tomorrow. We know that labor is a cross, But still that fortune breaks sometimes And we cannot repair it. But, say, Occasionally good things come our way Don't they? Sure they do, And bully ones too. So let us growl and swear and kick On every day save one. On that one let us pause and thank The Lord for what he's done The way we thought he ought to do To square himself with me and you. Say, We can stand for one Thanksgiving day, Can't we? By gum hear it. If everything is on the bum We must be to blame some! What!

SUFFERS FROM RILES!

ZAM-BUK HAS CURED THESE! Friction on the hemorrhoid veins that are swollen, inflamed, and gorged with blood, is what causes the terrible pain and stinging and smarting of piles. Zam-Buk applied at night will be found to give ease before morning. Thousands of persons have proved this. Why not be guided by the experience of others? Mr. Thomas Pearson, of Prince Albert, Sask., writes: "I must thank you for the benefit I have received from Zam-Buk. Last summer I suffered greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it, and after using three or four boxes I am pleased to say it has effected a complete cure." Mr. G. A. Dufresne, 183-185 St. Joseph Street, St. Roch, Quebec, P.Q., writes: "I can highly recommend Zam-Buk to everyone who suffers from piles." Magistrate Sanford, of Weston, King's Co., N.S., says: "I suffered long from itching piles, but Zam-Buk has now cured me." Mr. William Kenty, of Upper Nine Mile River, Hants Co., N.S., says: "I suffered terribly from piles, the pain at times being almost unbearable. I tried various ointments, but everything I tried failed to do me the slightest good. I was tired of trying various remedies, when I heard of Zam-Buk, and thought as I had resource I would give this a trial. After a very short time Zam-Buk effected a complete cure." Zam-Buk is also a sure cure for skin injuries and diseases, eczema, ulcers, varicose veins, cuts, burns, bruises, chaps, cold sores, etc. 50c. box all drug stores, or postpaid from Premier Zam-Buk Co., Toronto, for price. Refuse harmful imitations. Try Zam-Buk Soap, 25c. tablet.

The Old Legislature.

The Provincial House, which will be dissolved in the course of about a week, has been in existence since June 8, 1908. On that day the Administration of Sir James Whitney was returned to power with a following of 87, Hon. A. G. MacKay, the Opposition leader, having but 18 supporters. One Labor representative made up a House of 106 members. At the present time the standing of the parties is: Conservatives 78, Liberals 17, Labor 1. Eight Conservatives and one Liberal resigned to contest Federal constituencies. Hon. Frank Cochrane resigned to accept portfolio under Premier Borden and one supporter of the Government, Mr. S. J. Fox, of West Victoria, was called by death.

If a man says he can do just as good work as usual after being up most of the night before, it is a sign he may be about other things.

HOW OLD PEOPLE

May Prolong Their Lives At an advanced age waste is more rapid than repair. The organs act more slowly and less effectually than in youth. The circulation is poor, the blood thin and watery, the appetite poor and digestion weak. We want to say to every aged person in this vicinity that Vinol, our delicious cod liver and iron tonic (without oil) will prolong life. It creates an appetite, aids digestion and makes good blood. In this natural manner Vinol retards waste and replaces weakness with strength, giving new life to the worn system. If people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. T. B. Taylor & Sons, Druggists, Watford

"PILLS LIKE A FYLE"

So Harsh and Drastic are Many Pills as to Seriously Injure Health.

In a letter written from his home in Valencia, Mr. Marsh Selwyn does service to thousands by drawing attention to the injuries inflicted upon delicate people by drastic purgative pills. "For a long time I suffered from constipation. This condition compelled the use of pills. Like many another, I made the unwise choice of using pills that were like lightning in their activity. I began to be filled with intestinal disturbances, constant rumblings, gas in the bowels and diarrhoea. I grew pale and emaciated. Then the doctor told me drastic irritating pills had caused catarrh of the bowels, an almost incurable disease. Explaining my situation to a friend, he advised a trial of Dr. Hamilton's Pills. I speedily experienced the healing and curative effect they exert on the stomach, liver and bowels. The intestines, freed from irritating drugs, rapidly regained natural tone, the bowels acted as if nature and not Dr. Hamilton's Pills were at work. I know it will be of value to thousands to know that a pill as mild and curative as Dr. Hamilton's is available to the ailing. For bowel disorders, sick headache, constipation, liver and stomach derangement, there is no pill so invariably sure to cure as Dr. Hamilton's Pills. Refuse a substitute. Sold in 25c boxes, all dealers, or The Catarrh-ome Co., Kingston, Ont.

Dr. Hamilton's Pills Are Mild--Never Grip

A Phenomenon.

A workman, endeavoring to explain to one of his mates what a phenomenon was, made the following attempt: "It's like this; Suppose you were to go out into the country and see a field of thistles growing." "Yes," asserted his friend, "that would not be a phenomenon!" "No, that's quite clear," agreed the other man. "But suppose you were to see a lark singing away up in the sky." "Yes." "Well, that would not be a phenomenon." "No, that also seems clear." "But, imagine there is a bull in the field." "Yes," his friend could imagine that. "Even that would not be a phenomenon!" "No." "But, now, Bill, look here. Suppose you saw that bull sitting on them thistles whistling like a lark--well, that would be a phenomenon!"

This compound is known as D.D.D. Prescription for Eczema and we know that the very first application will cool and heal the itchy, burning skin as nothing else can. We know that D.D.D. Prescription will bring relief. Either write the D.D.D. Laboratories, Dept. 'W. G., 49 Colborne St., Toronto, for a free trial bottle, or come in and see us about it. Taylor & Sons, Druggists.

Boots and Shoes.

Boots are supposed to have been the invention of the Carians. They were mentioned by Homer 907 B.C. Grecian women possessed twenty-two kinds of footwear, which may be classed as those which simply tied on the top of the foot with wide ribbons or straps, and those which cover all the foot up to the ankle. The practice of shoe and sandal wearing can be traced back for some thousands of years and is probably of eastern origin. Frequent mention is made of the

Hot! "Hot in Brazil?" said the young man who had just returned from a trip to South America. "Well, I should say so. Do you know, for days at a time, we couldn't take our after-dinner siesta on account of the peculiar noises?" "What noises?" asked the blonde stenographer innocently. "Why the coffee popping on the trees. You see, the sun was so hot the grains just roasted before they were picked." "The old traveller yawned. "Rather warm down there, bub," he rejoined, laconically, "but when I was down there you couldn't sleep at night. Every once in a while there would sound the most extraordinary crackling noise that ever fell upon human ear." "What were the sounds, Mr. Bings?" And Mr. Bings yawned again and replied: "The rubber trees stretching themselves."—Chicago News.

He was in the habit of boxing the ears of refractory Indians with this iron hand, and they have remarked that it was "great medicine." Dr. Thomas' Eczema Oil is great medicine; it takes hold of pain with an iron hand and knocks it out of the system.

ECZEMA IS CURABLE

In Every Case Where Our Remedy Fails It is Supplied Free of All Cost. In making this statement we back it up with our promise that if our remedy does not substantiate our claim in every particular, we will without question or quibble return every cent you paid us for it. We take all the risk—you take none. We strongly recommend Rexall Eczema Ointment, which possesses remarkable cleansing, antiseptic, germicidal soothing and healing qualities. It is a grayish-white emollient, with a pleasant odor, and very cleanly for use. The first application produces a refreshing sense of relief, and it quickly subsides and overcomes the inflammation, irritation and discharge when present. It is intended to be applied with a piece of muslin or linen, or it may be applied and allowed to dry in. It affords very prompt relief for pimples, blotches, discolorations, ringworm, acne, tetter, barbers' itch, ulcers, insect bites, nettle rash, hives, sores and wounds. Girls with Eczema Ointment relieve itching and irritation of the feet. It is ideal for the treatment of children who are tormented with itching, burning and disfiguring skin diseases. Try a box at our risk. Two sizes, 50c. and \$1.00. Remember, it is only sold at our store—The Rexall Store. J. W. McLAREN WATFORD.

Mann—Metcalf.

A quiet wedding was solemnized at the home of Mr. and Mrs. Cornelius Metcalf, Petrola, at high noon on Wednesday, October 18th, when their daughter, Lillie, became the wife of Clarence H. Mann, of the eighth line of Enniskillen. The knot was tied by the Rev. Neil A. Campbell, pastor of Inwood and St. Presbyterian churches, in the presence of the immediate relatives only of the contracting parties. The bride was gowned in cream voile, and was attended by her niece, Miss Carrie Metcalf, and the groom was ably supported by his brother, James. After the usual congratulations a dainty luncheon was served, shortly after which the happy couple left on a honeymoon trip to points in Michigan. On their return they will reside on the eighth line of Enniskillen.

IMPURITIES IN THE BLOOD.—When the action of the kidneys becomes impaired, impurities in the blood are almost sure to follow, and general derangement of the system ensues. Parmelee's Vegetable Pills will regulate the kidneys, so that they will maintain healthy action and prevent the complications which certainly come when there is derangement of these delicate organs. As a restorative these Pills are in the first rank.

Pointed Paragraphs.

Gossips tell all they know and then some. The social whirl has made many a girl giddy. Most of life's so called tragedies are merely comedies. The motto of a grass widower: "Once-stung, always shy." Money makes the mare go; the lack of it makes her go hungry. Many a self made man merely offers an explanation that doesn't explain. People who take the will for the deed never break into the millionaire class. A wise girl never tries to fool her mother. She lets the old lady fool herself. The one way to help a worthless man along is to administer a swift kick in the proper place. It sometimes happens that a man who never even saw an airship flies just as high and falls just as hard. A man has reached the age of discretion when he is willing to admit that other men may have opinions different from his without being fools.

Ladies Fair.

All blonds are not light headed. Girls with liquid voices should be careful not to strain them. Some women are delight to the eye and a drug to the mind. Never tell a grass widow that she is in the heyday of life. If woman's age counts against her she knows enough to keep down the count. The girl who marries for a lark often finds out that she was a jay. The idea of marrying will haunt a woman if she has the ghost of a chance. A girl feels proud of having many new admirers, but one old one is really more to her credit.

LUNG TROUBLE

Mrs. Biny Brown, of Tennessee, N.S., Was Cured by Catarrhoxone of Lung Trouble and Catarrh, After Hundreds of Other Remedies Failed

If your lungs are weak; if there is consumption in your family; if Colds, Catarrh, and Bronchitis bother you, be sure to use Catarrhoxone. It is especially adapted for these diseases and cures every time.

Mrs. Brown took cough mixtures, but they made her sicker. Then she used an atomizer, but after resorting without benefit to poultices, she tried Catarrhoxone.

"I used Catarrhoxone Inhaler," writes Mrs. Brown, "five minutes every hour, and soon recognized that it was going to cure me. I could feel the soothing medicated air spreading through the air passages of the throat, and it touched the sore spots in the lungs that other remedies failed to reach. Catarrhoxone seemed to go just where it was needed most, and soon put a stop to my cough. It restored me to perfect health, and I am convinced that no cough, cold, or catarrh can exist if Catarrhoxone is used."

No treatment is so clean, so pleasant, so certain to cure as Catarrhoxone. By means of the Inhaler, the local symptoms, such as coughing, inflammation and congestion are speedily corrected. Ferrozene tablets, which are taken after each meal, purify and cleanse the blood of all poisons, and build up and strengthen the system.

This local and constitutional treatment is always effective, and cures cases that have been given up as hopeless. Money can't buy or produce anything better, and to get cured it is absolutely necessary to use Catarrhoxone.

Fire at Wyoming.

Wyoming, Oct. 19.—James Fraser's blacksmith shop and Samuel Saunders' woodworking and carriage shop, in a three-story frame building, were totally destroyed by fire about three o'clock this morning. The fire is believed to have been due to incendiaryism.

The building, which was erected 36 years ago, is a total wreck, and had it not been for the prompt response and good service of the fire brigade, the central and eastern sections of the town would have been destroyed.

The loss is about \$2,000, partially covered by insurance.

Seventy-five per cent. of the adult males in the United States have an income of less than \$500 a year. The income tax will not work any particular hardship upon them.

A remarkable story of animal endurance comes from Grey county. A yearling steer was found and rescued from a crevice 10 feet deep and two feet wide a month after being missed by its owner. Although emaciated it was able to walk, after being led, and is doing all right again.

Artificial Leather.

A prize of 5,000 francs has been awarded to a Belgian inventor, Louis Gevaert, for an unusually superior artificial leather. The process consists in the more or less intimate impregnation of stout cloth with tannic albuminoid substances. Shoes made of this are said to possess not only the resistance and elasticity of natural leather, but its durability of wear. Moreover, they are much cheaper, costing, including manufacture, only 4 francs, (about 80 cents) and being sold at about 6 francs per pair.

You cannot be happy while you have corns. Then do not delay in getting a bottle of Holloway's Corn Cure. It removes all kinds of corns without pain. Failure with it is unknown.

Local option will likely be submitted in Petrolia in January.

UNTIL a few years ago, although concrete had already been generally adopted throughout the country by contractors and farmers for almost all structural work, it was the practice to stop all work on this form of construction as soon as the cold weather set in.

It has been found, however, that concrete work may be carried on in cold weather successfully, and with but very little more trouble than under ordinary circumstances.

This fact is of great benefit to the farmer, as it is in the colder period of the year that he is able to find time for building and making the many articles around the farm to which concrete so readily adapts itself.

With a few simple precautions it has been found that concrete can be used, not only in freezing weather, but when the thermometer has been actually below zero.

If the concrete freezes before it starts to "set," it will not be injured, but if the freezing takes place after the "setting" action has started up, the concrete is likely to be damaged when it thaws, owing to the expansion of the melting water forcing the particles apart and making the concrete crumbly.

On the other hand, if the concrete has a chance to become thoroughly "set" before freezing, no harm will be done. To give this chance you must first of all prepare the materials as described below, and secondly, you must protect the concrete after it has been placed in the "forms."

PREPARATION OF MATERIALS. Concrete will, on its own account, develop a certain amount of heat in

HEATING WATER.

A simple and easily-made vessel for heating water is shown in the accompanying drawing. (See Fig. 1.) A coil is made of one-inch pipe with the ends fastened in the barrel and made water-tight. A small fire built under the coil will heat the water rapidly and will keep it in circulation, thus keeping all the water heated.

For this purpose it is wise to use a length of malleable iron gas-pipe, because it is easily bent into the required coil. This is done by taking a log or fence-post about the size of the coil and making the pipe around it. This method prevents the pipe

TEMPERATURE REQUIRED.

Materials should not be heated to too high a temperature. A good way to judge the proper amount of heat is to make them just hot enough to be comfortable to touch. Care should be taken not to use any frozen lumps of sand.

PROTECTING CONCRETE IN POSITION.

After the concrete has been placed in "forms" it should be protected so as to keep the heat in as long as possible. This is more essential in thin structures than in massive walls and foundations; for the latter will hold their own heat longer on account of their thickness.

PROTECTING THIN STRUCTURES.

In the case of thin walls where extra cold weather calls for addition-

the "setting" process. But in cold weather, some outside assistance, in the form of artificial heat, is necessary. The best way to develop this artificial heat is to warm the materials before mixing. This shortens the time that it takes the concrete to "set" and lengthens the time necessary to bring it to the freezing point. Bear in mind that the less water used, the quicker concrete "sets." Therefore, it is advisable to use as little water as possible in the mixing during cold weather.

HEATING SAND AND STONE. Sand and stone may be very easily heated by making use of two pieces of stove pipe, one piece for the sand and the other for the stone. The pipes are laid on the ground in such a position as to allow the fire to make a good draft. The fire is then built in one end. The flames pass through, heating the whole pipe, and as fresh fuel is added, the cinders are pushed along the pipe and gradually work out at the other end. The sand and stone should be piled on top of the stove

protection, heavy paper should be nailed to the vertical posts of the forms, (see Figure 4,) thus leaving an enclosed air space between each pair of posts. These air spaces will have about fifteen degrees higher temperature than the outside air. The "forms" should always be left on longer in cold weather, as it takes longer for the concrete to harden. There is no reason why concrete cannot be used with complete success in cold weather if these simple precautions be followed.

BABY'S OWN TABLETS USED FROM BIRTH.
Mrs. H. V. Ossinger, Tiverton, N. S., says: "We have used Baby's Own Tablets since our little boy was three days old and know of nothing to equal them. He is now twelve months old and has always enjoyed perfect health. Baby takes the Tablets easily and we always keep them in the house." Mrs. Ossinger's experience is that of thousands of other mothers. An occasional dose of the Tablets will keep the well child in excellent health, or if the baby is ill with any of the many ailments that afflict little ones, they will speedily restore him to health again and make him thrive and grow fat, rosy and strong. The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

City Cattle Market, Toronto, Oct. 24.—Receipts, 91 cars, with 1,200 head of cattle, 2,700 sheep and lambs, 700 hogs and 100 calves.
There was a fair trade, the moderate run of cattle offering giving a slightly brisker tone to the market for good butcher. Choice cattle were again in good demand, and not enough to supply the needs of the trade. The bulk of the offerings continue to be of the medium to common qualities. Buyers of feeding cattle also complain that the cattle offered are too light in weight and that they are compelled to take lighter cattle in former seasons. There were no North-west cattle in the market to-day, but there are 30 cars to arrive for to-morrow's market.
