Now if you want for In-for-mation.

JUST READ THE FOLLOWING RE-COM-MEN-DA-TIONS.

Body.

It is a mistaken idea to conclude that a thick, sluggish Oil has the most lubricating body. Experience has taught that fine, close Oils of a smooth, slippery nature, are the most durable and best lubricants. These are *par excellence* the properties of Castorine.

Frictionless.

It will be easily discovered by rubbing a few drops of the CASTORINE between the fingers that there is less friction than with any other oil; a consequent saving of steam power is the natural result, besides overcoming the annoyance and loss of time from heated boxes.

Density.

By which is meant the superior adhesive quality of the oil globules, imparting great elasticity and durability of body to the Castorine Oils.

Freedom from Gum.

Journals, when oiled with Castorine, remain clean, smooth, and of a bright polished surface.

Not Affected by Heat.

The heat of summer or of an engine room has no effect on the Castorine Oils the body and adhesive properties remain the same in summer as in cold weather this being a quality possessed by no other Oil.

THE CASTORINE OIL
IS SUPERIOR TO NEATSFOOT OR OTHER
OIL AS A LEATHER PRESERVA-
TIVE, AND IS PERFECTLY
FREE FROM ALL ACIDS.

KEPT BY ALL FIRST-CLASS DEALERS.

J.H. WALKER
DESIGNER AND ENGRAVER
ON WOOD

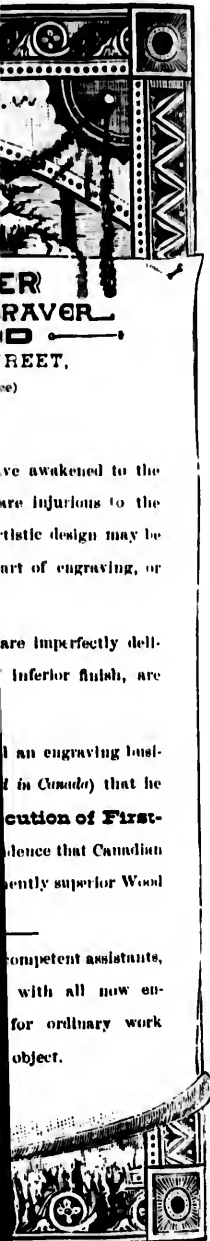

126 ST. JAMES STREET,
 (Opposite the Post Office)
 MONTREAL.

The people of the Dominion have awakened to the fact that imperfect illustrations are injurious to the subject thus portrayed, the most artistic design may be easily ruined by a notice in the art of engraving, or by careless workmanship.

Manufacturers whose products are imperfectly delineated or the impression given of inferior finish, are positively harmed.

J. H. WALKER has established an engraving business in Montreal (*the first established in Canada*) that he proposes to maintain **by the execution of First-class Work only**, he has confidence that Canadian taste will fully appreciate only eminently superior Wood Engraving.

By means of the most competent assistants, he is prepared to compete with all now engaged in the business for ordinary work where cheapness is the object.

LACHINE.

(Incorporated in 1872.)

A town on the River St Lawrence and Island
 of Montreal, parish of St Michel, seigniory
 of Montreal Island, county of Jacques Car-
 tier, district of Montreal. It is the sum-
 mer residence of many Montrealers, and
 has become famous by its annual regattas.
 In the winter months it is greatly
 frequented by pleasure parties, and at
 all times of the year a drive from Mont-
 real to Lachine by the Upper, and in by
 the Lower road, is considered a rich treat
 to the stranger, and even to the citizen
 of Montreal. Lachine possesses a large
 brewery, and an extensive sawmill; has a
 good local business and extensive lumber
 trade. The Montreal, Lachine and Pro-
 vince Line railway here connects with
 a steam ferry, at all seasons of the
 year, for Caughnawaga, an Indian village
 immediately opposite, and thence by the
 continuation of the same road to New
 York. A ship canal connects the navi-
 gable waters at Montreal with Lake St
 Louis at Lachine. Montreal Telegraph Co.
 and Dominion Telegraph Co. have offices
 here. Distant from Montreal 9 miles, fare
 40c., 25c., and 12½c. Mail twice a-day.
 Population about 3,500.

LAPRAIRIE.

An extensive municipal village and parish on
 the south shore of the River St. Lawrence,
 between the Lachine rapids and Victoria
 bridge, district of Montreal, seigniory and
 county of the same name. Incorporated
 March 30, 1846. The parish was erected in
 the year 1722. A market is open every day.
 The first railway in British North America
 was constructed from here to St. Johns in
 1836. It was first worked with horses,
 afterwards by steam, but was discontinued,
 and the rails taken up a number of years
 ago. A steamboat maintains regular com-
 munication between Montreal and Laprairie.
 A branch of the Grand Trunk Railway,
 starting at St. Isidore, in this County, to
 reach the Victoria Bridge, now runs in close
 proximity to the village, with a good station
 and depot, and contributes materially to
 the future development of the locality.
 Montreal Telegraph Co. has an office here.
 Distant from Montreal 9 miles, fare 15 cts.;
 from St. Johns 18 miles. Mail daily. Po-
 pulation of village 1,500; of parish 3,200.

TOWN OF ST. HENRY.

(Incorporated in 1876.)

An incorporated town, adjoining the City limits of Montreal, and formed by the amalgamation of the former village of Tannery West. The Town of St. Henry is situated in the seigniory of Montreal, county of Hochelaga, and district of Montreal. The Lachine canal passes on the south side, and signal stations of the Grand Trunk Railway are situated here at the junctions where the roads branch off east and west, and to Montreal and Lachine. The Grand Trunk Railway Co., with the aid of the Council of the Town, has erected a splendid station, at the curve, near the St. Joseph street bridge. The municipality of St. Henry is governed by a Mayor and Corporation, and a separate permanent Fire and Police force is maintained. The town contains a new Roman Catholic college and convent, church and presbytery, and several important industries, amongst others two extensive tanneries, boot and shoe factories, brick yards, the U. W. Williams Manufacturing Co., employing 600 hands, &c., &c. Building is being prosecuted briskly, and the town bids fair to rise into some importance, having Fire and Police system of alarm telegraph. The town is now lighted by oil lamps. Distance from Bonaventure depot, 2½ miles; from Lachine, 6 miles. Population about 8,000.

The course of studies, in which religious instruction holds the first rank, is divided into two sections—the classical and the commercial.

The classical course, principally taught in French, is designed to impart a thorough knowledge of the Greek, Latin, French and English languages and literature, pure and mixed mathematics, history and geography, philosophy and natural sciences, and whatever is necessary as a preparation for a professional career.

It comprises eight classes—Latin Elements, Syntax, Method, Versification, Belles-lettres, Rhetoric, 1st and 2nd year of Philosophy.

The commercial course, principally taught in English, embraces the English and French languages and literature, mathematics and the other branches named above, moreover book-keeping, and whatever else may fit a young man for commercial and industrial pursuits.

There are, moreover, elementary and preparatory classes for younger students.

The system of education is paternal. The teachers endeavor to unite kindness with firmness, and make use of the means of persuasion in preference to those of severity.

To be admitted into the college, applicants must present a certificate of good character.

Monthly reports of behavior, application and progress are sent to parents or guardians.

None but relatives, or those who represent them are allowed to visit the boarders.

Half-boarders and day scholars must not absent themselves without previous leave from the College authorities.

The collegiate year is of ten months, beginning in the first week of September, and ending in the first week of July.

Terms per year.—Board and tuition, \$150.00; washing, \$20.00; bed and bedding, \$10.00; music lessons, \$25.00; use of the piano, \$5.00; drawing lessons, \$20.00. Half boarders, \$80; day scholars, \$30.00.

Payments, which are required in gold or its equivalent, and strictly in advance, are

made in two instalments, 1st in the beginning of September, 2nd on the 1st of February.

The college will not take charge of providing a student with clothing or other necessaries unless a sufficient sum be deposited in the hands of the treasurer.

No reduction in the above-mentioned terms will be granted for absence of less than one month.

BIAIS AINÉ,
PARIS. ———— FRANCE.

Established over a century, our House has successively descended from father to son, and is now the largest and most important house in the world for the manufacture and sale of every article necessary to Catholic worship.

The superior mechanical and artistic resources at our disposal enable us to execute any orders, from the simplest to the most sumptuous, and to guarantee excellence of workmanship, economy and despatch.

Our previous relations with Canada, heretofore so satisfactory, encourage us still further to devote our utmost care and attention to all orders entrusted to us.

The active part taken by us in the Pontifical Exposition, at Rome, in 1870, and the high distinction we gained there as well as at every Universal Exhibition in Europe, added to our long and important relations with the Catholic world generally, testify to the conscientious care and intelligence which we devote to the execution of all orders.

We give below a general division of our Catalogue which contains over 500 groups of different articles, of which we will send a complete and detailed List, free on application.

<p>No. 1. Chasubles—Canopies... Banners—Cloths— Lace, &c., And all connected with the Chasublerie.</p>	<p>No. 2. For the execution of any order it is only necessary that we should be informed as to the following:—

1. Nature of the Article. 2. Its style. 3. In some cases, its size or dimensions. 4. And always the price within which we are to keep.

We implicitly follow all instructions given by our correspondents, whom we cordially invite, when in Paris, to visit our important establishment.

We should respectfully request that any of our customers who prefer dealing through any of the Exporting or Commission Houses in Paris, to please give exactly our name and address.

MAISON

ESTABLISHED 1760.

MEUNIER,

ESTABLISHED 1760.

CHOCOLAT LOMBART

75 AVENUE DE CHOISY, PARIS.

In 1760, under LOUIS XV, M. MEUNIER first established himself in the rue des Vieilles Etuves-Saint-Honoré, near to the *Croix du Trahoir*, now known as the *Fontaine de l'Arbre Sec*.

This quarter can boast of being the birthplace of the manufacture of Chocolate, in fact, it was here that a few years later an official of the household of Marie Thérèse, wife to Louis XIV, obtained, by permission of the Queen, the monopoly of this industry, and introduced it in France.

In 1789, King Louis XVI appointed MEUNIER by Royal Letters Patent purveyor to H.R.H. Madame Victoire de France.

In 1804, Grimod de la Reynière, in his *Almanach des Gourmands*, endorses the immense reputation gained by the Maison Meunier; he says that he considers it "as one of the only two or three houses which manufacture good Chocolate," and in the edition of the same *Almanach* for the year 1807 he certifies that the Chocolat Meunier is very much superior to those manufactured either in Florence or the other towns of Italy.

In 1814, H. R. H. Madame la Duchesse d'Angoulême makes MEUNIER her purveyor by special appointment.

The prosperity of the house is continually increasing.

In 1852, the *Gazette des Hôpitaux* calls attention to MEUNIER by quoting a report of the Medical Faculty which terminates as follows: "We judge the value of the Chocolate of the MAISON MEUNIER only by the results we have obtained by its use, and we recommend none other."

In short, from 1849 to 1880 this house has gained the following awards:

Paris Exhibition, 1849, 1855, 1867 and 1873, Bronze, Silver and Gold Medals.

1873, Vienna Exhibition, Medal of Merit.

1874, Marseilles Exhibition, Gold Medal.

1876, Medal, Centennial Exhibition, Philadelphia.

1876, Gold Medal, First-Class, of the Academie Nationale.

1878, Class 52, 2 Medals for Patent Machine for weighing and cooling Chocolate.

1878, Class 74, NOT IN COMPETITION, ONE OF THE JUDGES.

1879, Grand Diploma of Honor, Academie Nationale.

1880, Melbourne Exhibition, Australia.

On these recommendations the CHOCOLAT LOMBART rests its claim to the confidence and patronage of the public.

M. LOMBART, the proprietor of the MEUNIER MANUFACTORY, has for the last twenty-five years followed in the footsteps of his predecessor, and added to his business every improvement suggested by his long experience, aided by the advancement of science.

The works now in operation at 75 AVENUE DE CHOISY are the largest and most important in Paris.

The MAISON LOMBART imports Teas direct from China, and handles none but the choicest Black Teas, and of an extra quality.

Black Teas are the only Teas recommended by the Medical Faculty as conducive to health, for which see reports of Doctors TROUSSNAU and PAYEN.

A. Lecomte & Co.,

The Official Report of the International Board of Examination for the Paris Exhibition of 1867 (reporter, Mr. FETIS) speaks highly of the Instruments manufactured by this firm, as can be seen by the following extracts from the second volume of said Report :

" **FRENCH HORNS.**—.....The best Instruments of the kind seem to be those of.....and **A. Lecomte & Co.**"

" **CORNETS.**—The Board has noticed, amongst the most satisfactory for sound and good tune, the Cornets of.....as well as those of **A. Lecomte & Co.**"

" **TROMBONES.**—The best Trombones, with slides, in the Exhibition are those of.....**A. Lecomte & Co.**"

" **BUGLES or SAXHORNS.**—The best Saxhorns or Bugles, of soprano tones, contralto, tenor, baritone bass and contrebass, either for force of sound or for good tune and purity of tone, are those of..... **A. Lecomte & Co.**"

" **CLARIONETS.**—Very good Clarionets, large and small, have been exhibited byand **A. Lecomte & Co.**"

Such extracts, better than any emphatical speech, explain the increasing success of this firm, who, established only since 1800, spare no expense or trouble in order to obtain always the most perfect musical instruments.
