The copy filmed here has been reproduced thanks to the generosity of:

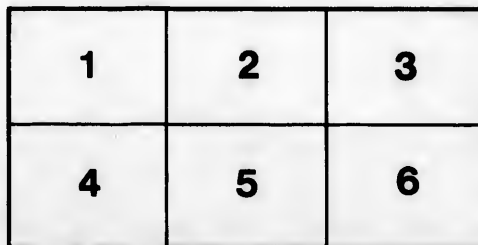

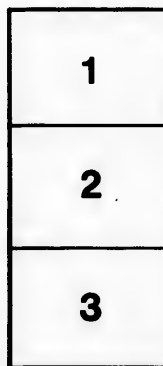

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

POST OFFICE.

The following are excluded from the reduced rate: Legal documents, Stamps, or Forms of Prepayment, whether obliterated or not, as well as all printed articles constituting the representative sign of monetary value.

Packages of miscellaneous matter are limited in size to 24 inches in length and 12 inches in width or depth, and to the weight of 4 lbs. for Newfoundland and Canada, except for Manitoba, British Columbia and the new Western Provinces, for which the limit is 36 oz. However, packages of 4 lbs. may also be sent to Winnipeg. There is no provision for the transmission of seeds and bulbs between Canada and the United States by mail, except when sent as samples; the limit of weight for each packet is 8 oz., and the rate, 10 cents.

The limit of weight for book packages addressed to the Provinces of Ontario, Quebec, the Maritime Provinces, to Victoria, B.C., and places in Manitoba and the North-West along the line of the Canadian Pacific Railway, is 5 lbs., and to other places in Manitoba, the North-West and British Columbia, 35 oz. Packets of miscellaneous or books cannot be registered unless prepaid at letter or parcel-post rate.

The term "printed circulars" is extended to include circulars produced by the electric pen or other mechanical process, easy of recognition by the officers of the Post Office, as well as when printed by the ordinary processes of printing type or lithography.

PATTERN AND SAMPLE POST.

Canada.—Patterns and samples of merchandise, not exceeding 24 oz. in weight, when posted in Canada for places within Canada, must be prepaid by postage stamp at the rate of 1 cent per 4 oz. weight, and put up in such manner as to admit of inspection. Goods sent in execution of an order, however small the quantity may be, or articles sent by one private individual to another, not being actually Trade Patterns or Samples, are not admissible as such.

United States.—Patterns and Samples of merchandise, and packages of seeds and bulbs, posted for places in the United States, will continue to be subject to the special rate of 10 cents each, prepaid by postage stamp, and must not exceed 8 oz. in weight.

USEFUL HINTS.

Register all valuable letters, and use sealing wax for letters containing money.

Transmit money by Money Orders.

Make complaints and inquiries in writing.

Preserve and request correspondents to preserve envelopes of mis-sent or delayed letters.

Send to the Postmaster envelopes of letters about which you seek information or make complaint.

Business men should be careful to authorize but a limited number of persons to receive their letters, and only those in whom they have full confidence.

Return promptly to the Postmaster, or at the Enquiry Office, misdelivered letters or other mail matter.

A letter or packet once posted becomes the property of the person to whom addressed, and must be forwarded to its destination. On no application, however urgent, can it be delivered back to the writer.

Letters addressed to initials or to fictitious names cannot be delivered, but will be returned to the writers through the Dead Letter Office, unless the address contains a designated place of delivery; thus, a letter addressed to A. B., Post Office, Montreal, would be returned to the writer, but a letter addressed A. B., care of John Jones, Box No. 781, or No. 1500 St. Catherine Street, would be delivered at the address designated.

LETTER CARRIERS' DELIVERY.

Letters and papers should be addressed to Street and Number at which to be delivered.

MONEY ORDERS

In sending money by mail, it is always best to transmit by Money Order if possible. If sent by letter, it should always be registered.

Money Orders issued and paid from 9 a.m. to 4 p.m.

 No Mixture.
 Our vinegars are manufactured on the most approved prin-
 ciples, combined with the latest improvements which the progress
 of the times has put at the disposal of Technical Arts. We use
 only the purest and healthiest substances, and therefore, we warrant
 our Vinegars pure and Free from Poison. We do not use one
 single drop of Sulphuric Acid, and we do not buy one drop of Acetic

SUPPLIED TO THE ROYAL NURSERIES.

THE MOST
PERFECT
SUBSTITUTE
FOR
MOTHERS'
MILK.

THE HIGHEST AMOUNT OF NOURISHMENT IN THE MOST DIGESTIBLE
AND CONVENIENT FORM.

THE ONLY FOOD SPECIALLY PREPARED FOR INFANTS.

*"The Adult CANNOT thrive on the Milk provided for the Infant, while the
food adapted for Adults MUST BE too strong for Babes."*

Abounding in FLESH-FORMING and BONE-FORMING sub-
stances, this Food perfectly fulfils its object, whereas other
so-called Foods, such as Corn Flours, being entirely devoid of
nourishing properties, induce a rickety and idiotic condition. It
is also carefully freed from the ground husks of wheat, which
cause irritation of the bowels, diarrhoea, &c.

CAUTION.—A Genuine Food should not contain an excess of
sugar, nor be too palpably sweet. Such Foods may be palatable,
but they are also pernicious. For this reason so-called Milk
Foods, Condensed Milks, &c., are prejudicial to the health of
Infants, from the large proportion of beet sugar they contain,
rendering them utterly unlike the article they are supposed to
represent, viz.: MOTHERS' MILK.

THE SPECIAL NUTRIMENT,
PANCREATIC EMULSION,
IN CONSUMPTION,

Loss of Weight, Loss of Power to Digest and Assimilate Food
and especially Fat.

"FAT IS ONE OF THE MOST ESSENTIAL ELEMENTS OF HEALTH."

Dr. Dobell on Loss of Weight, Lung Disease, &c.

PANCREATIC EMULSION of Solid Fat "supplies the system with what it most wants, a large amount of nourishment with the least amount of digestive labour and in a form most easily assimilated."

PANCREATIC EMULSION has been in extensive use for the last 20 years at the ROYAL HOSPITAL for DISEASES of the CHEST, London, and also at many similar Public Institutions in London, and the Country, as well as in private practice in all parts of the world.

"From 1863 to 1872, at the ROYAL HOSPITAL alone, I prescribed the Emulsion in more than 6,000 cases. Happily, to my own experience may now be added that of thousands of my professional brethren in different parts of the world, by whom PANCREATIC EMULSION and Pancreature are daily prescribed, and from whom I constantly receive testimony of their value."—
Dr. DOBELL, *Senior Physician, Royal Hospital, &c.*

"If we are to give a fair chance of recovery to a patient deprived of the natural powers of digesting and assimilating fats, we must secure that two ounces of solid fat are utilized every day for the purposes of nutrition."—*Chemist and Druggist.*

"The importance of PANCREATIC EMULSION of solid fat over Cod Liver Oil in the treatment of consumption must be as great as that of supplying a plant with good soil instead of putting it into water."—*DR. KINKEAD, Lic. Univ. Dublin.*

"We have lately seen a young lady who has been taking PANCREATIC EMULSION for months, and while doing so she has been changed from a thin, nervous, desponding creature, into a plump, tolerably robust and cheerful woman."—*Dublin Quarterly Journal of Medical Science.*

"Considering how largely PANCREATIC EMULSION is now used in the wasting diseases of adults, it is not surprising that scarcely a week passes but general practitioners relate cases of its success in the wasting of delicate children. Certainly, of all the satisfactory effects of PANCREATIC EMULSION, none equal the almost magical recoveries of some of these children."—*The Practitioner, London.*
