### BIG ARMY, MANY GUNS, CAPTURED WITH FORTRESS

Hundred and Thirty Thousand Men Surrendered at Przemysl.

### SPLENDID VICTORY WON

Heralds Downfall of Hapsburg Empire—Name Changed to Przemysl.

BY FREDERICK RENNETT.  
Special Cable to The Toronto World.  
PETROGRAD, March 23.—It is believed that the Russians have taken at Przemysl, nine Austrian generals, 540 officers, 130,000 men, 2400 guns, of which 1000 are heavy cannon, besides a great supply of war material. The number of men exceeds expectations. The fortress, which now remains the old Russian name of Przemysl, was significantly equipped in the way of engineering and artillery, and it was defended with greater skill and determination than the Austrians have shown anywhere else. Day attacks were impossible and night attacks were difficult owing to the use of many searchlights, but the Russians stepped steadily forward, getting their guns gradually into a dominant position, till they could choose their own time for the completion of the victory. With the fall of Przemysl the Russians can now advance westward with the entire railway system in their power.

### BISMARCK'S CENTENARY NOT TO BE CELEBRATED

Kaiser Considers Conditions Unsuitable and Cancels Festival Plans.

LONDON, March 23.—Emperor William has decided to cancel the celebrations planned for April 1 to commemorate the centenary of Bismarck's birth, on the ground that present conditions make such a celebration unsuitable, says a despatch to the Associated Press from Berlin.

### QUIET AT SINGAPORE HAS BEEN RESTORED

Only Eleven Rioters at Large—Ringleaders Paid Death Penalty.

LONDON, March 23.—The British colonial office this evening gave out a statement dealing with the situation at Singapore where recently there was a mutiny among the Indian troops. The statement reads: "All messages from Singapore since the last notification show a restoration of normal conditions. Of those who took part in the riot, all except eleven have now surrendered, have been captured or have lost their lives. Five rioters have been shot after trial by a summary general court-martial. One has been sentenced to 15 years imprisonment and seven to one year's imprisonment each. "During the rioting seventeen German prisoners escaped. Of these six have been recaptured. The conduct of the remainder of the German prisoners was exemplary."

### MEMORIAL SERVICE FOR LIEUT. GALAUGHER

CHATHAM, March 23.—Christ Church was the scene at noon today of an impressive memorial service in honor of Lieutenant W. N. Galagher of this city, who was killed in action in France while serving with the 1st Battalion of the first contingent. Canon Howard conducted the service and members of the city council attended in a body.

### MAJOR GAULT WILL RETURN TO THE FRONT NEXT WEEK TO REPLACE COL. FARQUHAR

Has Recovered From His Wound and Will Take Command of the Princess Pats, Who Again Have Distinguished Themselves in Action.

Direct Cable to The Toronto World, By John A. MacLaren.  
LONDON, March 23.—The Princess Patricia Regiment, which for three months has been in heavy fighting in France, including several bayonet charges, again won distinction on the day following the fight and famous British victory at Neuve Chapelle. On that day the regiment was forced to relinquish a trench owing to a fierce German counter-attack, when the enemy tried desperately to recover lost ground in a great general advance. But the Canadian regiment a few hours later recaptured their lost position by plucky fighting, and succeeded in driving the Prussians from two of their own trenches which they had been holding for months.

### LEFT HOME WITH COMPANY'S MONEY

Driver Conned and Three Thousand Dollars Missing From Lindsay.

### MAY BE IN TORONTO

Said He Was Going to Visit Friends in Haliburton.

Special to The Toronto World.  
LINDSAY, March 23.—It is alleged that Driver Connedore of the Canadian Express Company has left town with \$3000 belonging to the Home Bank. The Home Bank of Lindsay was expecting two packages from the head office in Toronto, one containing \$2500 and the other \$500. When the parcels did not arrive at the bank by four o'clock the manager, Peter Kennedy, called the office and the suspicions of both the bank manager and the local officials were aroused.

### FIFTY-SIX LIVES LOST AT BRITANNIA MINES

Twenty-Two Others Injured, According to Latest Official Estimate.

VANCOUVER, March 23.—Fifty-six dead and 22 injured was the latest official estimate made today of casualties in the avalanche disaster early Sunday at the Britannia mines, 25 miles north of Vancouver. Located by melting snow, parts of the mountain side fell and snow and rock crashed on to the buildings of the mine, burying many of the miners as they slept. Among the dead are C. E. Copeland, engineer of the copper and silver mine, and his wife, of Seattle. One other woman, wife of a miner, and her two children, and three children of another family, are known to have been killed.

### TURKISH FORCE PUT TO FLIGHT ON SUEZ CANAL

German Officers Were in Command of Invaders of Egypt.

### CAMP WAS SURPRISED

Enemy Marched From Bir El Saba in Twelve Days.

LONDON, March 23.—A statement was given out by the press bureau this evening telling of a defeat inflicted on a Turkish force operating against the Egyptian Town of Suez. The statement says: "On the 22nd inst., at dawn, one of our patrols discovered a party of the enemy near El-Khuri Post, opposite Suez. Shots were exchanged. "Aeroplanes estimated the number at about 1000, composed of infantry, artillery and a few cavalry. "The Turkish force opened fire and inflicted casualties, whereupon the enemy retired and formed a camp eight miles east of the Suez Canal. A force under Gen. Sir G. Youngblood attacked and routed the enemy, who is now in full retreat. "A prisoner says this force came direct from Bir El Saba, having taken 12 days en route, and that Gen. Von Trotter and three other German officers were with it."

Soldiers in Canada Given Alternative—Bill Before House Today.

By a Staff Reporter.  
OTTAWA, March 23.—The special committee appointed to revise and amend the Election Act will probably report to the house tomorrow about enfranchising the soldiers and sailors of Canada. The bill will permit voters in Canada to vote by proxy. The soldiers at the front will mark their ballots for the government candidate, the opposition candidate, or independent, as was done recently in the New Zealand election. This will enable them to cast their ballots and have them mailed to the proper returning officers by the war office. The official nominations they will not vote for a candidate by name, but for the party they desire to support. The ballots may be mailed from the front at any time.

### KAISER FEARS FOR SAFETY OF TREASURES

Removal From Mountain Castle at Koenigsberg Ordered by Emperor.

GENEVA, March 23.—(Via Paris, 4.30 p.m.)—The German emperor has ordered the removal to Berlin of valuable paintings and treasures from his mountain castle at Koenigsberg, on the Alesation side of the Voorges Mountains. Recently French aviators flew over the imperial summer residence, which formerly belonged to a king of France.

## DRASTIC CHANGES ARE MADE IN PROVINCIAL LIQUOR LAWS

### The New License Commission

The new license commission will not be able to take charge of affairs for some time yet. The personnel is now being considered, but no chairman has yet been settled upon and the present administration will continue until proclamation brings the commission into being. The present license boards will issue licenses on May 1 as usual, although changes may occur later in the year.

### Hon. W. J. Hanna's Amendments Pronounced to Be the Most Sweeping and Far Reaching Introduced in Ontario in Fifteen Years.

The Ontario Government has placed upon the statute books of the province the most drastic and far-reaching liquor license legislation of fifteen years. At one sweep it removes the administration of license law entirely from the hands of the government in power and places it in the hands of a non-political commission, with full power to enact regulations, to control the liquor business and to enforce all the conditions they impose; in addition it is ordained that every shop in the province must close its doors at 7 o'clock in the evening, and on Labor Day, as on Christmas and Good Friday, no liquor will be sold at all. In view of the fact that all Ontario is now considered by the government as one vast recruiting ground, where soldiers are enlisting to fight their empire's battles, it is also enacted that no man wearing the King's uniform will be served with liquor at any place licensed to do business in the province. Any infraction of the law will hereafter be followed with a \$500 fine instead of \$100, and on a second offence with imprisonment for 4 months with no option.

Hon. W. J. Hanna brought in his amendments as the evening session of the house yesterday in skeleton shape, and within a few days this bill printed and complete will be introduced for second reading. The galleries were filled with an expectant crowd when the house opened after supper recess and intense interest was manifested in the proceedings. Page boys rushed hither-and-thither with telegrams for outside points, and a dispatch marauder was heard among the assembled spectators.

First and fundamental of the clauses was that relating to the appointment and organization of the new commission. That it marked the achievement of a long-standing desire of the liquor trade was evidenced in the tone of his address as he announced it.

"A Far-Reaching Bill. "While it has been my duty as well as my privilege to introduce on several occasions bills to amend the Liquor License Act during the past ten years, it has never been my duty and privilege to introduce a bill more far-reaching in results, in advancing the liquor trade, as this measure. The change would require very small companies as far as saloons were concerned. Instead of the 100 odd districts and commissions there would be one provincial commission, composed of men of a high class as the government could select. They would be paid commensurate with the work they were called upon to do and with the responsibilities they would bear, and paid so well that the government could say that it expected them to give their whole time to the work and to sever themselves from all work which might conflict with their duties. The commission would likely consist of five men, although that was not yet settled, and their duties would correspond to those of the present commission."

Popular Fitted Hats Made in England. For those who have a preference for a British made hat at a moderate price, the new shipment from Christy & Co., London, England, now shown at Dinsent's—140 Yonge Street—will make a strong appeal. They are most becoming shapes, and the soft styling are in a fine variety of colors, including blues, grays, drabs, greens, light and dark brown mixtures and black. At \$2.50 and \$3.00 these hats constitute the best hat value in town. A visit will convince you of the truth of this assertion.

BANKING REFORM STRONGLY URGED

W. F. Maclean, M.P., Pressed for Establishment of National Bank.

BUSINESS IS RETARDED

Only Partial Remedy Provided—Toronto Chief Parcel Post Patron.

OTTAWA, March 23.—

The House today passed the resolution stage of legislation of the government providing for the distribution of seed grain to farmers in the prairie provinces, passed Finance Minister White's bill amending the Bank Act so as to permit chartered banks to loan money to farmers for the purchase of seed grain secured by a lien upon the crops to be grown therefrom and devoted several hours in committee of supply to the estimates of the postoffice department.

SEED DISTRIBUTION

The morning sitting of the House was devoted to a discussion of the resolution offered by Hon. W. J. Roche, minister of the interior, upon which the government is selling the seed grain to farmers in the prairie provinces.

TEMPORARY LEGISLATION

Hon. George F. Graham suggested the temporary legislation be passed because it was a secret lien, of which other creditors had no notice.

PARCEL POST PROBLEM

The house then went into committee on the estimates of the postoffice department. Postmaster-General Casgrain announced the rapid extension of the parcel post system.

RATES TOO HIGH

Mr. Edwards (Frontenac) said that the extension of the parcel post system was being hindered by the high rates.

CASGRAIN THE LATEST

CHARGES WITH ORDER OF HIS THREE WIVES

'Brides in Bath' Case Causes Excitement in Old London.

LONDON, March 23.—

Charged with the murder of three women, George Joseph Smith, in the Bow street court today, heard Public Prosecutor Bodkin declare he had made away with three of his wives, the crime in each case being committed shortly after he had married them.

THE PUBLIC PROSECUTOR GAVE THE NAMES OF THE ALLEGED MURDERERS AS BEATRICE MUNDY, JULY 1913; ALICE BURTON, DECEMBER, 1913, AND MARGARET LOFFY, DECEMBER, 1913.

Smith, according to the police, was born in London, the son of an insurance agent, and is 45 years of age.

Smith is stated to have obtained \$14,000 as a result of the deaths of two of his wives.

He was sustained not only by the credit of the bank and by collateral which the bank had re-discounted, but also by gold jewelry, securities, for all ordinary purposes of redemption.

Mr. Maclean said that his plan contemplated the substitution of national currency for the issue of bank notes and the establishment of smaller chartered banks.

Mr. Martin (Regina) said the west suffered from the fact that the banks had their head offices in the eastern cities. They loaned money to big concerns, the ordinary farmer in the west had a hard time to get any money.

Dr. Schaffner (Souris) denied that the banks maintained their head offices in the east. He said it was the other way round.

R. B. Bennett (Calgary) said we must distinguish between the capital of the bank which belonged to the shareholders and the deposits over which the government has control.

Mr. White replied that the legislation was only temporary in its character and expired by limitation next August. It would not be feasible to provide for registration.

Mr. Maclean (South York) asked the postmaster-general for a statement as to the progress of the parcel post system and the plans of the government for its improvement and extension.

The postmaster-general said in reply that the parcel post was the earliest study and consideration from the department, but that he had not found time personally to give attention to the question.

Mr. Maclean: "How about the United States?"

Mr. Casgrain: "Parcel post has added to the United States by \$17,000,000."

Mr. Maclean: "What has been the saving to the people?"

Mr. Edwards (Frontenac) said that the extension of the parcel post system was being hindered by the high rates.

Mr. Wright (Manitoba) complained that the departmental stores were shipping out their catalogues by parcel post.

Mr. Burnham (West Peterboro) thought that the pay of the rural mail carriers should be increased inasmuch as the parcel post increased the work they had to do.

Mr. Carvell (Carleton, N.B.) said the parcel post system would never develop unless the rates were cut in two. He stated that that was the people had no fears of a government issue of Dominion notes, had a greater purchasing power today than ever before.

Mr. Maclean said that it should be limited and that it should

URGED EXTRA CARE

Canadian Army Boots Described as Superior to Those in U.S.

By a Staff Reporter. OTTAWA, March 23.—W. P. Matthews, manager of the manufacturing department of the Ames-Lester Shoe Co., stated to the boots committee of the commons this afternoon that the American army boot was altogether not so strong as the Canadian article. Neither boot would stand the weather the soldiers had had at Valcartier.

H. B. Ames, M.P., a member of the committee, gave evidence and read the address which had been delivered to the soldiers by the boots committee.

Mr. Ames said he had heard complaints about the boots from cabinet ministers, and he had been approached by P. Casgrain, the postmaster-general, regarding suggestions for the personnel of the committee of enquiry.

Aubrey Davis of Newmarket gave technical evidence regarding the water-proofing of leather, and the leather which his firm manufactured.

GERMAN ATROCITIES

English Lady Saw Belgian Baby in Mother's Arms With Hands Off.

A lady residing in Bessborough is in receipt of a letter from her brother in Liverpool, England, and the following are interesting extracts from it.

"Everyday life is decidedly unpleasant today in England. The price of a pound loaf is eight cents and other food commodities in proportion.

Ernest (a dentist) is now in Yorkshire, hitting teeth for the men in Kitchener's army. He has attended to some of the Canadians. They are very particular about their teeth.

I think the first Canadian contingent are a fine body of men. They thought it was going to be all beer and stouts when they arrived, but they were put to Swedish drill, then to training, and when they thought the day was done had to turn out and march to the trenches at night.

"I am pleased to tell you that the German submarine U 30 has been sent to the bottom. Ethel sent a letter from Dover in which she stated she was a witness when the refugees from Belgium landed were rescued.

"Two women gave birth to children after being landed on the pier, and another woman was nursing a baby which had its little hands in the arms of the German soldiers. These poor people have lost their all and are being sent up and down the country in various establishments."

PERSONAL.

Mrs. Robert Johnston, whose son Bob died recently at the Weston Hospital, wishes to thank the many friends who rallied round him during his illness.

Mr. James Rodgers, Mr. Slichter, and other Christians, thru whose faithful efforts Bob was brought to Christ, his progress has been gratifying.

The boys of the Riverside Club of which Bob was a member, many of whom stood by their old pal to the last, convey her thanks and his last wishes. They should all know that he had accepted of his Lord and Saviour.

His regret was that he had waited till the end, having then very little time to work for his new master. He ends his word (his own passport) to those that sent him his everlasting life, and shall not come in condemnation, but is passed from death unto life.

SUIT AGAINST C. P. R.

Frank Bradley of Whitby Township is suing the C. P. R. in county court before Judge Denton, alleging damages to his crop thru trespass, amounting to \$500. On 1913 and 1913 the C.P.R. were building the lake shore line, and Bradley claims they trespassed upon his farm and trampled down his crop.

The C.P.R. deny this, and allege that they had a right on the property under the Railway Act, also that the case was not started within a year of the time the damage is alleged to have been done as required by law. A jury was sworn in but as the case involved so many points of law the jury was dismissed and it will be tried before a judge only. The case is still proceeding.

EXPERTS NEEDED FOR ROAD PLANNING

Speaker at Convention Criticizes Personnel of Ontario Highways Commission.

ARE RETIRED RICH MEN Salaried Road Builders Needed for Executive, Says J. F. Beam.

The second day of the Canadian International Good Roads Convention was devoted to discussions dealing with important phases of the movement.

There was a good attendance of delegates and the interest taken was keen. President A. Falconer of the University of Toronto spoke at the opening of the afternoon session, and after welcoming the convention on behalf of the university, he discussed the good roads movement from an economic standpoint, emphasizing the necessity for the services of experts in planning future development.

"We Canadians," he said, "have been estimating too much on our high average ability. We have been estimating that things will go on just as they have been going without any special regard to economy or waste. The result is that we shall find ourselves before many years ago, surrounded by problems from which we will be very difficult to extricate ourselves. One thing to be learned from the war is the necessity for guidance by experts. We are facing today a nation which has caused the trouble she has caused by magnificent efficiency directed along wrong lines. We must address ourselves to thoroughness from the ground up to the very top. We take our energy and train it and use it economically."

The Counties Share.

S. L. Squire of Waterford, Ont., read a paper on "Finance," in which he urged that steps be taken to create a willingness on the part of the rural communities to pay that proportion of the appropriation for roads which they justly should. He said he believed the present war had made a difference of eight million dollars in the counties' war budget. He must raise more than enough to pay their entire share of the government proposals. He thought the counties should issue long-term bonds to run over 14 or 15 years, in order to raise the money. Of the 40 per cent. the counties would call for, he thought they would benefit directly should pay at least 25 per cent. and by this means the actual cost to the counties would be only \$1000 of the \$2000 per mile.

E. J. Bowman of Berlin led a brief discussion on Mr. Squire's address, which was followed by an address on "Road Laws," by H. Michaud, deputy minister of public works of Quebec.

On the same topic, J. F. Beam of Black Creek, Ont., dealt with conditions in Ontario. He is the only one to have taken the proposed Ontario Government in regard to the plans submitted, and that was that they had not recognized an expert board of expert road builders, without which he thought their plan would fall to pieces. On the other hand, the proposed board of three retired rich men to give advice was not satisfactory.

Louis E. Allen of Belleville read a paper on "Bridges and Culverts," which closed the afternoon proceedings. At the morning session George W. Tilden, president of the American Road Builders' Association, spoke on "Wearing Surfaces." Maintenance, he declared, was the chief problem to face. There was no money to be had about any pavement except repair work and he instanced the United States Government's expenditure of \$75,000,000 in 1904, which had grown to \$225,000,000 in 1914.

George C. Diehl, engineer of Erie County, Ohio, followed with a paper on the financing of new roads by cities, towns and counties. He found that the cost of maintenance in his state was from \$200 to \$500 a mile, which was followed by a discussion which had to do with the increase of traffic was \$500 a mile.

M. Levesque, member for Laval County, Quebec, also addressed the delegates at the afternoon session.

CONCRETE PROVES THE BEST FOR ROADS.

Recent announcements of plans from the Wayne County (Michigan) Road Commission provide a wonderfully strong argument for concrete as against all other varieties of road-making material.

The commissioners are so satisfied with the concrete work already done that they are shortly starting up Macadam roads laid by themselves previously, to make way for concrete. It is found to be economy to do this rather than pay the high maintenance cost of the poorer form of paving.

An interesting feature of the programme of work laid out for the ensuing year is the development of series of concrete roads that will spread out like the spokes of a wheel, with one long road running around the circumference of the county, to connect up all ends.

Then it will be possible for an automobile party to run out to the country in any direction and return by a different road, without leaving concrete pavement.

In all, some 35 miles of concrete paving is in contemplation. Among the roads to be repaved is the two miles of macadam on River Road, and a long stretch on Gratiot Avenue Road. These two roads have been found very costly to keep up—and the board re-

SOCIETY

Conducted by Mrs. Edmund Phillips.

The president and board of governors of the American Club of Toronto have decided to hold a reception on Monday evening, the 22nd inst., from 8 to 12 o'clock, at 1 Wellington street west.

Mrs. W. G. A. Lamb gave a very charming birthday party yesterday afternoon in her pretty house, Rosedale, in honor of Miss Hope Morgan. After the monthly meeting of the Practice Club a few friends were asked to tea, when Miss Morgan was very much touched and pleased by the presentation of a beautiful pendant composed of a beautiful opal in oval form set with diamonds, hanging on a slender chain of platinum, the stone being the gift of Mrs. Lamb and the setting the contribution of Miss Morgan's pupils.

Mrs. Lamb's little daughter presented the gift hidden in a basket of pink sweet peas and violets. It was served in the dining room, its panels of Cyprianian walnut making an excellent background for the flower-decked table, with its beautiful cloth of linen and lace. Mrs. Scott Hart gave a luncheon at the club on Monday.

Prof. Maurice Hutton will address the Women's Canadian Club in Calgary in the afternoon, at a meeting of the Educational Association.

Mr. and Mrs. Willie Hope are in town from Montreal.

Mrs. James Bicknell of Toronto and Miss Kappel are visiting Mrs. Bicknell's brother, Mr. A. J. Kappel, in Vancouver.

Miss Montsambert is in town from Ottawa, staying with Mrs. Russell Hale, the Miss Montsamberts is with Mrs. Charles Walker, Oriole road.

Mrs. Edward Reynolds and Mr. Howard Harris sail for England by the Lusitania on April 3.

The Hope Morgan-Grace Smith cause is concluded. Mrs. Grace Smith was awarded the house of Mrs. W. Campbell Macdonald, 127 St. George street, on "Conveyance of the French School."

The lecture of the Women's Art Association this afternoon will be on "Landscaping Gardening," by Mr. Dunnington Gribb, president of the Ontario Horticultural Society. Mr. Vernon Rudolph and the hostesses will be Mrs. F. J. A. Davidson.

Miss Helen Montsambert is in town from Port Hope, visiting her aunt, Mrs. Arthur Hill.

A committee of ladies, including Lady Mary, Mrs. Frank Ball, Mrs. R. H. Green, Mrs. O. B. Sheppard, Mrs. Richard Russell and Mrs. Joseph Miller, are giving the dance for the men of the Eaton Machine Gun Battery on Thursday evening at 8 o'clock.

The Queen's Own Chorus, I.O.G.E., have given four days to the Shorncliffe Hospital for the proceeds of the birthday party given by the chorus last week at Mrs. J. Murray's house.

Mr. and Mrs. Yokas are at the Clifton Inn, Niagara Falls, Ont.

Mr. Archie Campbell will be in town from his regiment in Halifax for Easter, and will stay with his aunt, Mrs. M. Yeates.

Miss Eschwege's pupils, recital at Dean, Crabb, Rosedale, by permission of Mrs. Gooderman, will take place on Saturday at 4 p.m.

Mrs. W. E. Sanford, Hamilton, gave a luncheon on Monday at the home of Mrs. J. W. E. Sanford, Hamilton, on Friday.

AGED CONVICT MADE DASH FOR LIBERTY

When Captured, John Hewson Said He Merely Wanted Drink of Beer.

Special to The Toronto World. KINGSTON, Ont., March 23.—I didn't intend to escape. I just wanted to get over to the brewery to get a drink. This is what an aged convict John Hewson had to say when he was rounded up by a posse from the penitentiary, after he had made a bolt for liberty. Hewson is 72 years old and was at work carrying stone from the prison stone pile to the wharf. When a guard turned his head for a moment, he ran for all he was worth across the ice in the harbor towards Fisher's brewery in the village of Portmouth. The bell on the tower was rung and guards who hurried to the scene soon rounded him up. Vincent Fallon, warden of Bishop Fallon stopped a military horse which bolted in a crowd, therefore today and saved a crowd of small children from death.

Then entire Frontenac council of eighteen members left for Toronto today, to impress on the government the great need of grants for roads. The delegation will cost \$400.

Also orders have been sent out from Ottawa that city regiments will not have their annual training this year, the 14th regiment will drill without pay.

GERMANS SOON TO GIVE UP ANTWERP

LONDON, March 23.—A Daily Express correspondent telegraphs from Amsterdam as follows: "Exclusive news which reaches me from a most authoritative quarter indicates that the Germans intend to evacuate Antwerp by May 1. They will entrench directly from the Year to the Meuse, where they expect to make their final stand in Belgium."

The Wycliffe Baseball Club will reorganize for the coming season at a meeting to be held Thursday evening, March 25, at 87 West St. Clear signs. All last year's players and any new ones are requested to attend.

### TORONTO'S BILL WAS SLAUGHTERED

#### Clauses Thrown Out in Wholesale Fashion by the Committee.

#### MONEY WITHOUT VOTE

#### Civic Improvements Will Be Carried Thru With Little Delay.

The private bills committee of the legislature rolled up its sleeves yesterday and threw out clauses of the Toronto bill in wholesale fashion. One point only managed to slip past and even that aroused much warm discussion. The request that the committee reverse the policy council decision regarding the Toronto and suburban tracks on Bathurst street and Eglinton street was turned down flat, and the city will have to be compelled to construct all the pavement in those districts up to within 18 inches of the rails. The request to expropriate the portion of the car lines within the city limits also went out with little ceremony. It was decided at the same time that the Ontario railway board should not be asked to force the Toronto Railway Company to build 18 miles of track and more new cars as the Barrie report advised. R. J. Fleming rising at the last minute told of new work being done and good intentions held, and the committee acted on his evidence.

The only point gained will allow the city to raise \$357,000 on civic improvements without popular vote. The \$300,000 sought for relief work was omitted and items allowing \$70,000 for exhibition buildings, \$100,000 for new civic hall, \$70,000 for Scarborough bridge, \$72,000 for parks department, \$11,000 for Crawford street bridge and \$12,000 for waterworks were struck.

The main argument centered about the suburban railway question. I. F. Hellmuth, K.C., the company's lawyer, adopted the resolution that the city should not be asked to pay for the railway. He admitted that much of it was in his estimate to co-operate with shareholders to the extent of \$140,000.

It was only the city that would dare to make such a foolish request. Mayor Church argued that the city only asked for control of their streets which was actually theirs under the railway act. The railway board had supported them in this.

### MOTORISTS ASK FOR RECIPROCITY

#### Three Hundred From All Over Ontario Saw Premier Hearst.

#### WANT NO IMPEDIMENTS

#### No Legislation is Needed to Comply With Their Request.

It is possible that Ontario motorists may yet gain the privilege of license reciprocity with the United States, but the Ontario Government is holding forth no promises. Fully 300 delegates hailing from all parts of the province and all urging this interchange waited upon the government yesterday and pleaded their cause. Hon. W. H. Hearst in reply stated that no legislation was necessary for the change, but the regulations could be amended at any time. He recognized the universal demand from border towns and cities, but thought that the interests of all Ontario should be considered first.

The premier remarked that some of the claims had carried the idea of provincial benefit too far. American tourists might bring in some money, but they would hardly boost the value of summer residences as suggested. Tourist traffic should be encouraged as it helped the province, but the wear and tear of the roads had to be well considered. Hon. W. J. Hanna was engaged in committee work and could not attend.

No impediments. H. M. Grayson of London asked for the placing of no impediments in the way of their appeal. At London hotels every week American cars were always staying, especially for weekends, and people spent nearly \$25 per day. There were few non-stop runs, and money came into Ontario.

The thought of an untaxed motor run to the Panama Exposition appealed to A. C. Gaudin of Hamilton, but he claimed great benefits that would be derived from reciprocity.

Andrew Reed of Windsor stated that 500 cars in that city would benefit at once. The Ontario Motor League, which backed this plea and other representatives of boards of trade spoke to the same end.

President W. W. Digby of the Motor League spoke briefly for that organization.

### FALL FAIRS GET THE USUAL GRANT

Legislature Sets Aside Seventy-Five Thousand Dollars for Year.

### MONUMENT TO WHITNEY

Ten Thousand Dollars Voted for Erection of Suitable Memorial.

The Ontario Legislature is nearly thru with the consideration of estimates. When the main set for the fiscal year was brought down yesterday, involving an expenditure of \$7,785,236, the financial statements of the year closed. There is here also a slight decrease on the vote of last year. One significant feature is that fall fairs will receive their full grant as usual, \$75,000 being set aside for this purpose.

The current expenditure for 1914-15 is provided for to the extent of \$8,895,836; capital account, \$958,000; sundries, \$84,000.

Government house gains a revote of \$100,000 and \$150,000 goes to both the Guelph farm and the Whitby institution. Industrial farms are well looked after. The farm at Scarborough gets a vote of \$40,000, Fort William \$30,000, and the same amount is given to the preliminary work of the good roads commission.

As evidence of government intentions to restore Ontario waters with fish fry appears an item of \$100,000, provision for a fire marshal requires a vote of \$24,000 for salary expenses. The hydro commission receives \$100,000 at a sum not chargeable to main account, and \$10,000 is set aside to erect a monument to the memory of Sir James Whitney.

The guns are similar to others of American make shipped several months ago, which are supposed to have been used in the siege of Przemysl.

### HUGE SUM EXPENDED TO RELIEVE BELGIANS

NEW YORK, March 23.—A total of \$25,568,017 was spent for relief in Belgium thru the commission for relief in Belgium up to March 8 last, it was announced by the commission here tonight. Of this amount \$22,405,712 went to the provisioning department, which sells food to those who can afford to pay for it and \$3,162,304 went to the benevolent department, which distributed food to those who are actually destitute. The Belgians themselves have contributed nearly \$10,000,000 to the relief fund, it was announced.

Up to March 8 there has been distributed thru the commission 210,334 tons of food to the Belgians. Of the civil population remaining in Belgium, the commission estimates that about 1,600,000 are entirely destitute and adds that this number will gradually increase.

BRAZILIAN NEEDS MANY MILLIONS

Company Has Pressing Requirements in the Way of Improvements.

MAY DEFER DIVIDEND Two Year Suspension Would Net Company Over Twelve Millions.

With the near approach of the date for the Brazilian dividend meeting, the street is beginning a lively speculation as to the probable action of the directors in regard to the May disbursement.

It has been an open secret for some time past that the company requires a large sum for much needed extensions and improvements. The expenditure for this account is variously estimated at \$10,000,000 to \$12,000,000.

It is felt that the directors will not be able to do more than to take a step that would put that amount back into the plant and equipment.

At a meeting which has just returned from Brazil is authority for the statement that the improvements contemplated by the company are of a pressing nature and cannot longer be delayed.

Meanwhile exchange has not improved, coffee prices remain about stationary and financial conditions are not such that the company could at this period advantageously raise the capital required either by an increased issue of stock or by the sale of bonds.

The latter method of financing, he declares that even the Brazilian Government is at the present time having difficulty in getting sufficient money on the markets, and he thinks there would be less chance of the company financing itself in this way.

Signs of a growing improvement are seen in London market, which was firm in most branches.

Best prices for the general list were registered in the final hour, the higher level being attended by greater activity.

Among the day's favorable influences were further large stock imports, all from Canada, indicating the possibility of additional foreign credits at this centre, and renewed weakness in British and French exchanges with resultant advances to this market.

In fact, foreign money advanced by conditions imposed by our bankers and predictions are freely made that the current month's dividend will exceed all corresponding periods by many millions of dollars.

BEST MARKET OF PRESENT YEAR

Wall Street Witnessed Outburst of Activity in Many Standard Issues.

SPECIALTIES QUIET Foreign Demand Big Factor in Day's Dealings—More Gold Imports.

Erickson Perkins wired J. G. Beatty: "A feature of the day was quite large buying of our securities for foreign account. The change in sentiment abroad was well illustrated by the willingness to let gold come this way, more than \$7,000,000 gold was engaged for shipment from Ottawa to New York. This means that the gold market is beginning to show a decidedly auspicious to make liberal payments for products bought here. If trade follows the line of fact, frequent doses, we will see stimulation of confidence all along the line."

DOME DIRECTOR HAS RESIGNED

E. C. Converse Retires Following Elevation of Col. De Lamar to the Presidency.

STOCK TOOK A DROP Sold Off Nearly Three Dollars Per Share—Vipond's New Record.

That the appointment of Col. De Lamar to the presidency of Big Dome has disturbed the harmonious relations previously existing on the directorate of the company is indicated by the announcement of the resignation of E. C. Converse, a member of the New York Stock Exchange and one of the original members of the Big Dome company.

The news of the retirement of Mr. Converse had a depressing effect on the stock and the market was characterized by a rather substantial kind of liquidation of the shares, some of the Converse followers evidently accepting this development as a sufficient reason for getting rid of their shares.

There is a report that the stock is to be placed on a ten per cent. dividend basis in the near future.

Monopoly was quite active again, but somewhat weaker, causing to be possibly in sympathy with the break in Dome, several of the leaders showed reactionary tendencies that could be largely to the influence of Vipond was an exception, reaching a new high record at 46, closing one point below the best of the day.

**DAINTY SILK SUITS FROM NEW YORK**—Several suits just received feature the most approved designs; the styles that New York will wear this Easter. They are smart garments in the most wanted shades and materials. Beautifully silk lined and in every way up to the minute. Special display Thursday of suits at \$85.00, \$100.00, \$125.00 each.

**200 DRESS SKIRTS \$3.75**—Smartly tailored skirts in several new models, including the new flare or pleated styles, some with yokes. These skirts are shown only in superior quality imported serge, black or navy. Special Thursday.

**WOMEN'S SWAGGER COATS \$12.50**—One of the best models of the season in imported serge, spring weight, the deep yoke giving an Empire effect and full flare; finished with several rows of large self-covered buttons. Others in Norfolk or Military Styles, full or half belted. Shades are navy, black, sand, black and white or covert. Chic models at a popular price.

**MISSIE'S NORFOLK SUITS \$15.98**—Of navy serge in fine English quality, full satin lined. Coat made with yoke full flare and pockets. Sizes 14, 16, 18, 20 or bust 32 to 38. Special.

**MODISH FROCKS FOR AFTERNOON WEAR**—An attractive collection of new dresses for afternoon and informal evening wear, in fashionable styles and materials for this season. Silk crepes, chiffon taffetas, new faille and Gros de Londre silks, in shades of rose, marine blue, sand, Dreadnought grey, pale pearl grey, putty, black, tan, navy and green. Styles are all the very latest, featuring the popular coat and new Empire skirts, with quaint ruchings and trills, or dressy models with sheer sleeves of chiffon or tulle and full skirts with shirred yoke. Youthful styles with "bebe" waists and very wide Empire skirts with trimmings of tiny rosebuds; sizes for misses and women. Reasonably priced at \$17.50, \$20.00, \$27.50, \$32.50, \$35.00, \$40.00.

## MILLINERY NOW!

The Easter Millinery is at high tide, every feature here that will be new before Easter.
