HAMILTON NEWS

Remember, THE MORNING WORLD is Delivered to Any Address in Hamilton for 25 Cents a Month. Phone 1217.

TO-DAY IN HAMILTON. County Council, 2 p.m. Conservative Club concert, 8 p.m. In a Woman's Power, at the Grand Opera House, at 8 p.m. Concord Lodge, A.O.U.W., in Association Hall, 8.15 p.m. Eurythmic show at the Star Theatre, 8.15 p.m.

COUNCIL GET DOWN TO WORK Mayor Hendrie Marshals His Aidesmen and Discusses Various Reports Presented.

FOREMEN TO WORK WITH THEIR MEN This is the excuse for increasing the number from four to seven.

HAMILTON, Jan. 27.—The new Council did its first real night's business to-night, with Mayor Hendrie in the chair. All the committee reports were discussed in some part or other, and during the session a lot of talking was done.

When the Board of Works' report came up for consideration, Ald. Kerr wanted to know why it had been agreed to have seven instead of four district foremen, and objected to the change, involving unnecessary expense.

Ald. Morden said the work done in the city under the new plan would be done economically, as the districts would be smaller and each foreman could work with his men.

Referred the Matter Back. The submission of the Fire and Water Committee report brought an objection from Ald. Wallace. In the report, he said, it was recommended that two men be engaged to act as substitutes while the regular men were on their holidays, whereas he understood that the men in question were to work only during the time the injured firemen,

OPPORTUNE SALE It's a fortunate thing that during such weather we have a sale of fur garments. A stock-taking sale by which you can get something beautiful in fur jackets at positively low figures. For this week only! See the goods.

Horse Sense Is an uncommon thing in business. Common sense is what has built up this dental practice of ours. Common sense is what has built up this dental practice of ours. Common sense is what has built up this dental practice of ours.

from Ald. Dunn the report that Ald. Whyte was to excuse for his ignorance of financial affairs, because he had never read the book, his fellow-auditor doing most of the work. Bylaws were passed abolishing the Reception Committee, appointing seven district foremen, and appointing two members on the Parks Board. Mayor Hendrie's nominations were A. Lee and Thomas Kilvington, who were accepted by the aldermen.

In the hands of the Police. About 11 o'clock to-night the police arrested William McCormack, 124 North Macan-street, on a charge of keeping a house of ill-fame, Isabella White, 20 South Macan-street, was arrested as a frequenter of McCormack's place.

Flumbers at Dinner. The second annual banquet of the Hamilton Plumbers' association was held in the Waldorf Hotel to-night. Andrew Rogers presided, and W. G. Smith was in the vice-chair.

Board of Health. The inaugural meeting of the Board of Health was held this afternoon. J. C. Pollock was president, and C. H. Peckels reported on behalf of the committee appointed to investigate a site suitable for an isolation hospital.

The annual meeting of the H. G. & B. Railway stockholders was held this afternoon. The statement showed that the gross earnings for 1919 were \$48,301.13, showing a decrease of \$12,624 in the 1918 earnings. The operating expenses for 1919 were \$38,540.49, showing an increase of \$478.16 in the expenses during 1918.

Being of the Highest Quality it leaves the dealer a smaller profit than inferior teas. This explains your being sometimes offered a substitute. "Watch for the name."

Ceylon Tea. It is your safeguard. Lead packets only—25c, 30c, 40c, 50c, 60c. Black, mixed or green. By all grocers.

of citizens were entitled to consideration. He treated the Council to show the people of this city—a city of nearly a quarter of a million population—that its representatives had sufficient intelligence and ability to control the franchises which the city franchise, and in future the citizens would grant them more money to take over the franchises for the city's benefit.

Let the City Control. Ald. Uehring, after criticizing Ald. McMurich's bugaboo of blue ruin, pointed out that by-products of gas pay for the gas, and that the cost of distribution of the gas. He thought there was a better thing than to have the city pay for the gas, and in answering Ald. Hall he said that the city could get more for its money by having the city control the gas plant.

SIX FAVORITES SUCCESSFUL

Unusual Occurrence at New Orleans

—Horse Destroyed—

New Orleans, Jan. 27.—All six favorites

were successful today. Jim Breeze was

caught in a trap and the driver was

and fell, breaking his horse. The horse

was killed. Weather showery, track good.

summary:

First race, 6 furlongs, selling—Horsehoe

124 (Dale), 16 to 1; 2; Masterful, 126 (Wil-

liams), 25 to 1; 3; Time 1:19. Frae Col-

lers, John G. Ford, Kerry Hunt, West-

Point, Avator also ran.

Second race, 1 mile, selling—Henry of

Frankston, 104 (J. Miller), 13 to 1; 1; 2;

Prize Queen, 108 (Thompson), 12 to 1; 3;

Ante 17, 16 to 1; 3; Time 1:29. Jim

Breeze fell.

Third race, six furlongs, handicap, short-

course—Old Fox, 147 (Hayes), even; 1; Can-

ter, 122 (Gandy), 10 to 1; 2; Harry, 132

(Butler), 9 to 1; 3; Time 3:06.5. Fal-

lison, Cidley, Thompson, King Tid-

wood and Hostran.

Fourth race, handicap, 6 furlongs—Ka-

loun, 97 (Gard), 2 to 1; 1; Maggie Dav-

is (Waldo), 10 to 1; 2; Andra, 108 (J.

Seaman), 6 to 1; 3; Time 1:29. If you

Dare also ran.

Fifth race, 1 mile, selling—20 yards—Dan-

iel (Sticks), 9 to 1; 1; Handicapper, 102

(Brennan), 20 to 1; 2; Intrusive, 102

(Odom), 21 to 1; 3; Time 1:40.5. Malay

and Charles D. also ran.

Sixth race, 1 mile, selling—1:20 (Lyle),

9 to 1; 1; 2; Time 1:20.5. (Wil-

son), 10 to 1; 2; Time 1:20.5. (Wil-

TUESDAY RACING

Important Changes Will Affect All

New Yacht Racing Rules.

Chicago, Jan. 27.—The yacht club on

Lake Michigan will have a new set of

rules. A new system for measuring a

yacht's racing length, and a new classi-

fication of boats, for next season.

These important changes will affect the

entire membership of the club, which

is composed of about 100 members.

The new rules were adopted at a meet-

ing of the club on Saturday evening.

The changes are of a technical nature

and will not affect the racing itself.

The new classification of boats is

based on the length of the hull, and

will result in a more equitable

division of the fleet.

The new measuring system will be

based on the length of the hull, and

will result in a more equitable

division of the fleet.

The new measuring system will be

based on the length of the hull, and

will result in a more equitable

division of the fleet.

PUBLIC OWNERSHIP SCORES.

Public ownership triumphed yesterday in the City Council. It triumphed in a way that surprised everybody, even the aldermen who were ranged on the side of the gas company. We recall what Mayor Howland said in his inaugural speech—that public ownership was practically dead, and that it must give way to more important issues, such as the trunk sewer and the dredging of the harbor. And The Globe was good enough to tell the people a few days ago that if they got public ownership of the gas plant in five years they would do well. But the Council, brought to a sense of its responsibilities, yesterday brushed all the cobwebs aside and made public ownership of the gas plant the one dominant issue before the people of Toronto.

As far as the City Council is now concerned, there is simply the one issue, and that is to outline a plan to be presented to the legislature for carrying into effect the decision of the Council in favor of municipalization. This, too, is a simple issue, because it merely resolves itself into a question of price, and this, if thrashed out on its merits in the Council, can easily be determined. We have to start with the present market value of the stock, which is somewhere about 215. This 215 represents the actual cash value of the shares, and consequently of the gas plant and business as a going concern. On the other hand, the shareholders will send their representatives to receive in the future what they received in the past, namely, 10 per cent. on the capital stock. We have, therefore, on the one hand a minimum price, based on the stock at 215, which, extended, will place the value of the gas plant and business of the company at \$3,850,000, in round figures. On the other hand, the sale on a 10 per cent. dividend basis would necessitate an annual outlay on the part of the city of \$175,000. When the interest on \$3,850,000 is computed, we find that there is a difference of about \$40,000 between such interest and the proposed rental of \$175,000. These are the extreme prices, either way. The city would not offer less than the market value of the shares, and the company could not reasonably demand more than they are entitled to under their Act of Incorporation. The whole thing then comes down to an adjustment of values between the city's contention on the one hand, and that of the company on the other hand. There should be no difficulty in the Council presenting the case in such a shape to the legislature that that body would see its way clear to name a sum that would be fair to the city and shareholders alike.

In the meantime, let there be no further entanglement of the question. Let there be no further talk of a new agreement with the gas company. Let there be no sidetracking of the issue by the substitution of plans to develop Niagara Falls power. Let the whole force of the Council be directed to the acquiring of the gas plant at the present session of the legislature, and let those friendly to municipal ownership take immediate steps to this end. They will find the public supporting them, and they will find the legislature ready to deal summarily with anyone who attempts to block the way.

TORONTO AND NIAGARA FALLS POWER.

When a municipality of the size and importance of Toronto, containing as it does one-tenth of the population of the whole province, approaches the legislature in fear and trembling with a petition, asking for the right to transmit electric energy for the use of its citizens, it is surely indicative of the perverted idea that prevails in our legislatures and in parliament as to the rights of the people. If anyone has a right to the water power in the Niagara River, it is the people of this province, and especially those who are within range of the Falls. We see, however, that the first rights for developing power at Niagara Falls have been given to a few individuals. If the people at large ever obtain the privilege of developing power at the Falls, they will have to be content with what is left when these favored individuals have satisfied their wants. We notice in the despatches yesterday that the development of power at Niagara Falls is to be undertaken on a large scale, and that the interests of the Canadian Power Company have been absorbed by the big concern composed of United States capitalists. On the eve of a request by the City of Toronto for the right to transmit power to Toronto, we are confronted with the fact that a few American monopolists have got possession of the Falls, or, at least, they have secured such a monopoly as will make it much more expensive for others who desire to engage in the business to do so. What should belong to the people of Ontario has passed into the hands of a few United States millionaires, to whom we

A Wig

You don't see very many wigs nowadays. People have been educated how to care for the hair. That's one reason. Another is, Ayer's Hair Vigor makes wigs unnecessary. Nothing is equal for feeding the hair.

"For many years my hair has come out so fast every winter that I had to wear a wig. I tried Ayer's Hair Vigor. It stopped the falling, and made my hair grow. That last winter I did not use my wig at all." Sarah F. Lewis, Pittsburg, Pa. Dr. J. C. Ayer & Co., Lowell, Mass.

PLUMS FOR ONE, HUSKS THE OTHER.

For some years back the Member for East York and others in the House have asked the government to settle two disputed issues between the country and the Canadian Pacific. These points are, first, that parliament is precluded from regulating the traffic tolls of the company until the profits exceed 10 per cent. on the actual cost of construction; second, that the land grants of the company must not be subject to municipal taxation until 20 years after the patent issues. Mr. Maclean contended that, long ago, the government should have called for the accounts of construction and the actual cost ascertained; that, as a matter of fact, the road was then and had been for years subject to regulation as to rates like other roads. As to the land grant, he contended that the 20 years expired this year; Mr. Sifton, if he argued anything, argued that the patent, only now issued, the exemption ran 20 years further.

At all events, he contended that the easy way to settle the issues was to negotiate between the company and the government whenever the C.P.R. were asking for new powers or subsidies. And especially was this to be done after The Globe had laid it down that no new concessions would be given to the company without corresponding surrenders. In the Crown's Pass subsidies, this was done in a limited measure. But other grants, concessions, franchisees, etc., were granted without any consideration—including a blanket charter. Now the company is to get power to issue twenty millions more of stock, and The Globe says the inestimable concession is made of "a friendly reference to the courts" to find out what the road cost, with the view of learning whether the tolls are still within the limit of government control! What a concession, to be sure! Long ago, the company should have been brought to time and all further legislation refused unless the rates were submitted to public control. The question of the exemptions is not even touched. The company raises twenty millions out of the public, but the settlers of the territories must still pay this rich company's municipal taxes. And so it goes: plums for the corporations, husks for the people.

Grand Jury Presentment.

The grand jury of the Criminal Assizes, in its presentment made to Chief Justice Falconbridge yesterday afternoon, goes fully into the condition of the public and charitable institutions of the city, finding them all in sanitary condition, except the jail, and the conduct thereof. The jurors thought that the plumbing and other things in the jail are altogether inadequate and antiquated, and should at once be remedied. They better suggest for women in case of infirmity, that they should be removed to a hospital. The grand jury should be enlarged. The charitable institutions visited, the presentment pays an excellent tribute to the work done by the Hospital for Sick Children. Chief Justice Falconbridge, in reply, thought that government and municipal grants might well be increased, and that private munificence might be more largely extended to our charitable institutions. In connection with a possible smallpox outbreak at any of the 16 charitable institutions, the grand jury thought they were well guarded and prepared should any of them be visited by the scourge.

All for Relatives.

On Dec. 9 last John Burns died, leaving a personal estate worth \$108,344 which he divided among a number of nephews and nieces. It includes \$5000 in mortgage securities; \$2547 in debts, and \$1891.34 cash. Should any one dispute the will he shall forfeit his share of the estate.

Attention

Physical warnings will often prevent the serious illness. When there is a feeling of heaviness, belching, headache, dizziness, nervousness, with physical and mental sluggishness, prompt attention should be given to the condition of the digestive and nutritive systems. Not all these symptoms will occur at once or in any single case, but any one of them indicates a disordered condition of the stomach and other organs of digestion and nutrition. A prompt cure of these conditions will be effected by the timely use of Dr. Pierce's Golden Medical Discovery. It heals diseases of the stomach and other organs of digestion and nutrition, perfectly and permanently. Many diseases, seemingly remote from the stomach, have their origin in a diseased condition of the stomach and other organs of digestion and nutrition. Golden Medical Discovery cures through the stomach diseases which have their origin in a diseased condition of the stomach, and hence diseases of liver, lungs, heart and other organs are cured by use of the "Discovery." It contains no alcohol, neither opium, cocaine, or other narcotic. It is a pure, healthful, and safe medicine. Accept no substitute for "Golden Medical Discovery." There is nothing else "just as good."

Police Court Record.

Waiter J. English, who passed a worthless cheque on A. Clubb & Sons, was remanded for sentence in the Police Court yesterday. Annie Beemer was committed for trial on a charge of stealing a pair of boots from E. L. Kingsley & Co. Sarah Parsons will also be tried by a jury on a charge of stealing a pair of suspenders from the T. Eaton Co. For stealing a coat from the American Hotel, Jennie Lawlor was given six months in the Mercer. Alfred J. Walsh, charged with receiving, elected to be tried by a jury, and was remanded for a week.

Public Amusements

"Sweet Clover" at the Grand. A large audience was present at the Grand Opera House last evening to witness the presentation of "Sweet Clover," in which Adelaide Thurston, the charming little actress of wide repute, figured in the leading role. There are many extremely pathetic as well as humorous scenes in the play, and in each the acting was clever and elicited hearty applause. In one instance where Miss Thurston, in her role, pleaded loyalty to her husband and at the same time to her life-long guardian, the curtain was raised upon the scene no less than four times in response to applause. It is the constant love affair between the adopted daughter and her guardian, and the latter's untiring custom of dressing her in the richest and most elaborate clover on her birthdays, in which the play finds its title.

"The Road to Ruin"

Two large audiences attended the Toronto Opera House yesterday, and were highly delighted with the sensational melodrama, "The Road to Ruin," presented by a first-class company. The material for the play has been gathered from the famous Payne-McCoy badger game, which occurred in New York some years ago, and furnishes a most dramatic and pathetic picture of a man's life. The play is a most admirable and a decided hit with the audience. J. J. Sifton, the part of the gambler, and Laurence Russell, the part of the gambler's wife, are particularly striking. Armand's Hair and Perfumery Store, 461 Yonge, Cor. Ontario St., Toronto, Ont.

ESTATE NOTICES

IN THE MATTER OF RACHEL WOLFE of the City of Toronto, in the County of York, Purser, Intervent.

Notice is hereby given that Rachel Wolfe of the City of Toronto, in the County of York, carrying on business as a furrier at the 28 York Street, has made an assignment under R.S.O., 1897, Chap. 10, and sundry acts of all her estate, debts and effects, to the Creditors of Toronto, for the general benefit of her creditors.

A meeting of her creditors will be held at the office of Louisa M. Barrister-at-Law, Room 14, 36 Toronto Street, in the City of Toronto, on Tuesday, the 4th day of February, 1902, at 11 o'clock in the afternoon, to receive a statement of affairs, to appoint a receiver, and to fix their remuneration and for the ordering of any business that may be required. Creditors are requested to attend, and particularly those who claim in the said estate, on or before the day of such meeting.

And notice is further given that after the 4th day of February the assignee thereof will proceed to distribute the assets of the estate, and to receive the same, and to have regard to the claims of all creditors, which notices shall then have been given, and to the satisfaction of the said assignee, and to any persons who may claim in the said estate, on or before the day of such meeting.

Witness my hand and seal this 28th day of January, 1902.

RACHEL WOLFE, Intervent.

28 Toronto Street, Z. HENPHILL, Dated Toronto, Jan. 24th, 1902.

JUDICIAL NOTICE

To the Creditors, Contributors, Shareholders and Members of The Globe Printing, Molding and Development Company of Ontario, Incorporated.

Pursuant to the Winding-up Order in the matter of the said Company, the meeting of the creditors of the said Company, which was held on the 7th day of February, 1902, at the Toronto Hotel, Toronto, Ontario, has been adjourned to the 24th day of January, 1902.

W. H. McLELLAN, Official Referee.

Notice of the gymnasts were the feature of the show, which runs all week, with matinee daily.

Chose Trial by Jury.

Albert Beemer was committed for trial by Magistrate Ellis yesterday on a charge of obtaining, by false pretences, a pair of boot-soles from J. T. Eaton Co. For stealing a coat from who was defended by T. C. Robinson, was released in his own bail of \$200.

THE ONLY

CURE FOR ASTHMA

Dr. McTaggart's Compound is the only cure for Asthma. It is a powerful and reliable remedy for all cases of Asthma, whether chronic or acute. It is a powerful and reliable remedy for all cases of Asthma, whether chronic or acute. It is a powerful and reliable remedy for all cases of Asthma, whether chronic or acute.

Police Court Record.

Waiter J. English, who passed a worthless cheque on A. Clubb & Sons, was remanded for sentence in the Police Court yesterday. Annie Beemer was committed for trial on a charge of stealing a pair of boots from E. L. Kingsley & Co. Sarah Parsons will also be tried by a jury on a charge of stealing a pair of suspenders from the T. Eaton Co. For stealing a coat from the American Hotel, Jennie Lawlor was given six months in the Mercer. Alfred J. Walsh, charged with receiving, elected to be tried by a jury, and was remanded for a week.

Liquor, Tobacco and Morphine Habits.

A. McTAGGART, M.D., C.M., 75 Yonge Street, Toronto. References as to Dr. McTaggart's professional standing and personal integrity permitted by: Sir W. Meredith, Chief Justice; Hon. W. Ross, Premier of Ontario; Rev. John Potts, D.D., Victoria College; Rev. Wm. Ross, D.D., Knox College; Rev. Father Ryan, S.M., St. Michael's Cathedral; Rev. Rev. Swainson, Bishop of Toronto.

CITY NEWS

At Osgoode Hall. An appeal has been taken to the Supreme Court by the Town of Godswich from a decision of the County Appeal in a suit brought against it by T. B. Holmes, a coal merchant, who had a contract to supply coal to the town authorities. He supplied the coal, but as the shed would not contain all he allowed the remainder to be exposed to the elements, with the result that some of it deteriorated in quality, and the town refused to pay for it. The appeal was brought on payment and judgment given in favor of Holmes by Chief Justice Armour for \$2000. A Divisional Court reduced the amount by \$1200, and the Court of Appeal has restored the judgment of Chief Justice Armour.

An appeal has been taken to a Divisional Court by Neville Murray from a decision of Chief Justice Meredith, declaring that he must add his sister by her name to the list of names on his suit against the Street Railway Company before he can proceed with his action. Mr. Murray of the suit to recover a third interest in Munro Park, given him under the will of his grandfather, the late John Murray.

The appeal of John N. Wast against the City of Toronto from its order of extradition to Springfield, Ill., on a charge of kidnapping his daughter, will be heard by the Divisional Court.

Perjury list for to-day's sittings in the Divisional Court: Carr v. O'Rourke, Wolf v. Simpson, McKenzic, Cummins v. Nickel, Lamphier v. Stafford, Cobb v. Birchall.

An enjoyable recital. A recital by pupils at the Metropolitan School of Music, under the supervision of a most satisfactory instructor of the Metropolitan School of Music, was given at a well-known and admirable institution. The performances were not merely good in execution, but they were technically and artistically, and were warmly appreciated by the audience.

Black and Colored Dress Fabrics. Proper weight suitings in correct shades and a handsome lot of the new Drapings, Voiles, Creponnes, Eolennes and Crepe des Chines, very latest shades for Spring Gowning.

Mail Orders. Always receive prompt attention.

JOHN CATO & SON. King Street, Opposite the Postoffice.

IMMIGRATION WILL INCREASE. On Account of Demand for British Working Children.

Mr. J. Bayne Smart, Dominion Inspector of British Immigrant Children, is at the Queen's Hotel. His annual report will soon be distributed by the department at Ottawa. It shows that the demand for children from Britain during the past year far exceeded the supply. There were over a thousand of these children placed on farms, and according to the reports received from every section in Canada they have adapted themselves admirably to the new condition of things, and to their new environment. Complaints from the children were very scarce indeed.

A FICKLE PUBLIC. Quickly Decides That Malt Breakfast Food Is the Great Nourisher for Body and Brain.

The public, always fickle and changeable, has, after testing Malt Breakfast Food as a flesh and muscle producer and health-giver for one year, come to the conclusion that it is the great nourisher for body and brain. The history of cereal foods in Canada cannot furnish such a series of victories as Malt Breakfast Food has achieved in the families of Canada. This delicious and healthful breakfast food has captured a fickle public, who have not only purchased it, but have also changed their grain foods, not finding any one of them satisfying. Grocers everywhere are also speaking highly of it. It gives more general satisfaction than any other food ever placed on the market. Ask your grocer for a package and try it.

When washing grasses or pots and pans, Levers' Dry Soap (a powder), will remove the grease with the greatest ease.

C.P.R. TO SPEND \$200,000,000. Ottawa, Ont., Jan. 27.—The Dominion government has approved an issue of \$200,000,000 capital stock of the Canadian Pacific Railway Company, under the sanction of the company's shareholders. The proceeds are to be applied to the improvement of the company to handle the immense increase of traffic on its lines, especially in the Northwest. The money will be spent as follows:

New rolling stock and locomotives, \$8,000,000. Double tracking, \$6,000,000. New plants and shops, chief at Montreal, \$1,500,000. New elevators and improvements of terminals, \$3,000,000. Miscellaneous improvements, \$500,000.

Board of Trade Notes. The Board of Trade Council met yesterday afternoon and arranged for the presentation of the president's address at the annual meeting, to be held this afternoon at 3:30 o'clock. The following were elected members: Mr. McGee, agent of the Erie Railway; William Wickes, who spoke yesterday; and grain section of the board will hold a meeting to take such action as will render the section of more value to the trade.

Ward One Conservatives. A public meeting under the auspices of Ward 1 Conservative Association will be held to-night in the Grand Hall, Queen-street and Broadway-avenue. The addresses will be delivered by the Hon. George E. Foster, Henry Campbell, M.L.A., W. H. Hoyle, M.L.A. I do not mean to say that this is a first-class program of instrumental and vocal music by Harvey Lloyd, the pianist, and other talented artists. Seats reserved for ladies and escorts.

Fractured His Leg. George Dorian, a merchant who has been in the employ of Pugsley, Dinsman & Co. for some years, was proceeding to his home yesterday and fractured his leg below the knee. He was removed to his home, where the fracture was set. The young lady is leaving the hospital. Dorian is 60 years of age.

A Valued Employee. Miss M. J. Dinsman, who has been in the employ of Pugsley, Dinsman & Co. for some years, was proceeding to her home yesterday and was struck by a horse. She was removed to her home, where the fracture was set. The young lady is leaving the hospital. Dorian is 60 years of age.

Dr. Chase's Nerve Food. Has the unqualified endorsement of many of the best people in the land. Medical doctors do not hesitate to recommend it to their patients because they know that it contains the most powerful restoratives that are known to science. These statements are backed up by hundreds of earnest letters which are appearing in the newspapers from day to day. Price 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edmondson & Bates, Toronto.

FOOD FOR A YEAR.

Meats.....300 lbs. Milk.....240 qts. Butter.....100 lbs. Eggs.....27 doz. Vegetables.....500 lbs. This represents a fair ration for one man for one year.

But some people eat and eat and yet grow thinner. This means a defective digestion and unsuitable food. To the notice of such persons we present Scott's Emulsion, famous for its tissue building. Your physician can tell you how it does it.

Hotel Hilliard and the Queen's. Rat Portage, Jan. 27.—Another disastrous conflagration visited this town this morning when fire was discovered in the Hilliard Hotel. The alarm was instantly given to the night watchman, who was just about to leave duty, and the fire brigade was called out. The fire, which seemed to originate in the basement, spread rapidly up the hallways and staircase, and burst with great violence thru the windows, driving the guests from the building and defying all attempts of the firemen and others to quell it.

RAT PORTAGE AGAIN SCORCHED. Hotel Hilliard and the Queen's. Rat Portage, Jan. 27.—Another disastrous conflagration visited this town this morning when fire was discovered in the Hilliard Hotel. The alarm was instantly given to the night watchman, who was just about to leave duty, and the fire brigade was called out. The fire, which seemed to originate in the basement, spread rapidly up the hallways and staircase, and burst with great violence thru the windows, driving the guests from the building and defying all attempts of the firemen and others to quell it.

The ever-increasing demand for the Diamond Dye and Rug Patterns is a sure and certain indication of their popularity. The fascinating art of rug making in the home is now cultivated by women of all ages and classes. The Diamond Dye and Rug Patterns combine beauty and simplicity. After securing one of these patterns, the work is performed, tested, and produce a really valuable and attractive room ornament. The manufacturer of these patterns, the Diamond Dye and Rug Patterns, are prepared to send to any address, on receipt of the proper amount, a suitable design to enable you to select from the Wells and Richardson Co., Limited, 203 Mountain-street, Montreal.

FISHERMEN'S UNION QUITS. Vancouver, B.C., Jan. 27.—The Japanese Fishermen's Union, with a membership of 2000, has quit the waterfront of the city. The union has been in existence for about 10 years. Louis Hilliard recently sold it to the Japanese Fishermen's Union, who have been fishing on their own hook.

PERSONAL. Mr. W. A. Munro, St. John's, Nfld., is in the city. Mr. W. H. Curie and Mr. B. V. Sinclair, barristers, Ottawa, are at the Queen's. Rev. H. B. Bann, B.A., a graduate of Knox, has been called to a church in West Virginia.

Canadian Forest Trees. "Canadian Forest Trees" was the subject of an interesting address, illustrated by lantern slides, given by E. C. Jeffrey, B.A., at the University of Toronto yesterday afternoon. Dealing more particularly with the evergreen species, he explained the uses of the trunk and leaf, and the functions which they perform in tree life. Using slides, he pointed out the various uses of the leaves and wood, and showed the peculiar honey-combed appearance which all woods present when under a high power glass. This honey-combed appearance is owing to the presence of numerous ducts, primarily for supplying the tree with the water with which the substances in solution, which the tree uses for its growth, are carried up. The relative size of these cells and the thickness of their walls constitute the quality, strength and resisting power of the wood.

Will Hold Joint Debate. The Mackenzie Liberal Club met last night in the Grand Hall, Queen-street and Broadway-avenue. It was decided to have a joint debate on public ownership with Ward 1 Conservative Association on Feb. 4. The Mackenzie Club will take the affirmative, and the Conservatives will take the negative. The speakers will be Mr. J. E. Scott, R. R. Johnston, W. L. Edmonds and E. Fielding. Mr. J. E. Scott, who addressed the royal party on their tour through Canada last October, was present and delivered an address describing the incidents of the trip. Mr. W. B. Anderson, honorary president of the club, also spoke briefly. At the next meeting, on Feb. 10, the members will discuss the vexed question of prohibition.

Teachers Get Leave of Absence. The Teachers' Committee of the Public School Board elected Dr. Noble as their representative to the meeting of the Board of Education on Feb. 10. The resignation of Miss Annie Burns of Gladstone-avenue school and the resignation of Miss John-street school; that leave of absence for six months be granted to Miss Burns and Miss John-street school; and that Miss M. Long be transferred from Perth-avenue to Gladstone-avenue school; that Miss M. Long be appointed to Perth-avenue school and Miss Miller to John-street school.

Board of Trade Notes. The Board of Trade Council met yesterday afternoon and arranged for the presentation of the president's address at the annual meeting, to be held this afternoon at 3:30 o'clock. The following were elected members: Mr. McGee, agent of the Erie Railway; William Wickes, who spoke yesterday; and grain section of the board will hold a meeting to take such action as will render the section of more value to the trade.

Ward One Conservatives. A public meeting under the auspices of Ward 1 Conservative Association will be held to-night in the Grand Hall, Queen-street and Broadway-avenue. LABOR AND THE CHURCH. Missers Discuss Means for Bringing About an Understanding. The feature of yesterday's meeting of the General Ministerial Association was a paper by Rev. J. W. Pedler on the attitude of the church towards the laboring classes and the spirited discussion which followed.

LABOR AND THE CHURCH.

Missers Discuss Means for Bringing About an Understanding. The feature of yesterday's meeting of the General Ministerial Association was a paper by Rev. J. W. Pedler on the attitude of the church towards the laboring classes and the spirited discussion which followed. Mr. Pedler believed that the church should be in sympathy with the laboring classes, and that the labor question was the greatest question of today. He admitted that the church had poured too much to the upper classes, and believed that the question of why the workmen did not go to the churches might be easily answered if the church would but go to the people. He believed, however, that the hostility of the church toward any class was disappearing. He did not think that ministers were expected to interfere in the question of division of wealth, wages, etc. It was a matter for experts. Rev. D. Chown believed that organized labor was not with the church, and held that an understanding being reached between the laboring men and the capitalists.

THE BEST EVIDENCE OF POPULARITY IS THE EVER-INCREASING DEMAND. The ever-increasing demand for the Diamond Dye and Rug Patterns is a sure and certain indication of their popularity. The fascinating art of rug making in the home is now cultivated by women of all ages and classes. The Diamond Dye and Rug Patterns combine beauty and simplicity. After securing one of these patterns, the work is performed, tested, and produce a really valuable and attractive room ornament. The manufacturer of these patterns, the Diamond Dye and Rug Patterns, are prepared to send to any address, on receipt of the proper amount, a suitable design to enable you to select from the Wells and Richardson Co., Limited, 203 Mountain-street, Montreal.

957 SETTLERS TOOK UP LAND IN 1901 in Country Northwest of Temiskaming and Between Lakes Nipissing and Abitibi. At the legislature yesterday afternoon Mr. Foy's bill to amend the Assessment Act by doing away with the "scrap iron" clause received its second reading, but the discussion upon it was postponed until it comes up in Committee of the Whole and for its final reading.

NEW BILLS INTRODUCED. Mr. Lee (East Kent) introduced his bill to amend the election act. It provides that railway employees and others may, after certain conditions, vote in the election and according to the previous forty-eight hours.

Mr. Pyne (East Toronto) introduced a bill, which has for its object the doing away with the scrap iron system of assessment.

In answer to a question by Mr. Ward (Frontenac) the total amount of money received by the Treasurer's Department between the 1st of January, 1901, was \$210,000,000, of which \$69,384 was a Dominion subsidy.

Mr. Ward (North Westwot) inquired: "How many bona fide settlers have been received by the Department of the Interior since the 1st of January, 1901?"

The Commissioner of Crown Lands answered that he had no figures as to the number of bona fide settlers who had been received since the 1st of January, 1901, but he estimated that the permanent increase in population during 1901 was 100,000.

Mr. Miscalamp (East Simcoe) asked: "What was the population of the province for printing for the years 1898, 1899, 1900 and 1901, each year?"

The Premier said that it would take a week or ten days to secure the information, and accordingly the question stands.

Wants More Information. Mr. Pease (Leeds) has proposed a motion for an order of the House for a committee to copy all reports and documents from the persons who surveyed the route of the proposed Temiskaming and Abitibi railway.

The Commissioner of Public Works said he had no objection in bringing forward the question we considered with the public interest, but there were some that would have to be held over.

Besides a dozen or more temperance resolutions were presented to the Township Council of Etobicoke, asking for power to appoint the treasurer to hold in absolute secrecy, and to the "Voters' List Act; Mr. Little, endeavored to have the council to the revenue derived from the registration of live stock in the Province of Ontario, and Mr. Little, endeavored to have the council to the revenue derived from the registration of live stock in the Province of Ontario, and Mr. Little, endeavored to have the council to the revenue derived from the registration of live stock in the Province of Ontario.

Assembly Notes. At the Brock Copper Mines, east of Sault Ste. Marie, a smelting plant with a capacity of 800 tons per day will shortly be erected. About 800 men will be employed in it, and their wages will amount to \$300,000 or more a year. The great drawback so far to the copper industry of Ontario has been the lack of smelting works, and this has had to be sent to the United States to be treated, and accordingly, the new plant will help to fill a long-felt want.

The Provincial Health Officer yesterday was advised of three new cases of smallpox from North Plantagenet, Russell County. Nine new cases have also been reported from Stephentown, Huron County; three from Ekfeld Township, Middlesex County, and two from Sudbury.

James Reid, M.L.A. for Addington, is expected to take his seat in the legislature shortly. He has been seriously ill.

Was Hurt in Laundry. In the Civil Assize yesterday, before Chrs. Justice Falconbridge and a jury, Miss Annie Wooster sued her late employer, Mrs. Mary E. Vaughan, for \$5000 for injuries received at the Puritan Laundry, Brunswick-avenue. Miss Wooster was then employed in the office, and had only worked in the laundry proper when there was a rush in collars. She was then employed on a heavy collar machine, which was not, she claimed, properly guarded, and while so employed had her left hand crushed. She also said she had worked on a similar machine in the Saratoga laundry, which was not guarded.

The law was not finished. Messrs. McWhinney and Woods appeared for the plaintiff, and W. R. Riddell, K.C., and W. H. Irving for the defendant. Peremptory list for to-day at 10 a.m.: Blair v. C.P.R., Meyer v. G.T.R., Tetsell v. G.T.R., Derrity v. Eaton.

INVESTIGATING A DEATH.

Windsor, Ont., Jan. 27.—At the inquiry on Saturday night into the cause of the death of Fred Drouillard, James Maitland testified that his brother Edward helped him to put Drouillard into the shed at the Dewdrop Inn, where Drouillard was found dead with his skull fractured, and covered him with blankets. Edward denied this. He said Drouillard was found in a slumped posture. Dr. Storey of Walkerville, and Dr. Cruikshank of Windsor, who performed the post-mortem, testified that Drouillard's death was caused by fracture of the skull which might have resulted from a blow or from a fall. Chief Griffin says he will have a coroner's inquest on Friday night, to which time the inquest was adjourned.

Three Deaths in a Week. Courtship, Jan. 27.—It is our painful duty to record the third death in less than one week in the Johnson household. Miss Alice, sister of James Johnson, M.C.R. baggage man, who was the mother of the deceased, died on Wednesday last, passed away a little after 7 o'clock on Saturday evening.

Mr. Lee (East Kent) introduced his bill to amend the election act. It provides that railway employees and others may, after certain conditions, vote in the election and according to the previous forty-eight hours.

THE MILITARY INSTITUTE.

New Year Finds It With a Cash Balance of \$353 in the Bank.

LT.-COL. MACDONALD PRESIDENT

New Lease of Present Quarters Signed—Membership Now Amounts to 263.

The members of the Canadian Institute are congratulating themselves just now because they are on easy street. They held their annual meeting last night and the pleasing information was imparted by Secretary-Treasurer Donald that there was \$353 cash on hand in the bank, after all expenses had been paid.

The report of the Executive Committee showed that at present there were 207 resident and 126 non-resident members, and that during the year 203 books had been added to the library. The following were among those who donated books during the year: Messrs. James Green, C. C. James, Hector Carron, Fred Hamilton, L. H. Irving, D. H. P. ...

The following were the officers elected for the ensuing year: President, J. E. ... Secretary, ... Treasurer, ...

DEATH OF W. R. HARRIS.

Was Struck With Paralysis Friday and Died Sunday.

After a brief illness William Robert Harris passed away on Sunday at his late residence, 30 Cecil-st. Last Friday Mr. Harris was stricken with paralysis and rapidly sank. Deceased was the eldest son of the late Thomas D. Harris, who with deceased for a number of years, carried on business on King-st., just east of St. James's street. He was educated at Upper Canada College, and at an early age started in the mercantile business, continuing thereafter until 1872, when he received the appointment of assistant provincial treasurer, a position he occupied until 1888, when he resigned. Since then he had carried on business as an auditor and accountant. Mr. Harris was greatly interested in military matters, having been one of the early officers of the G.O.R. For some time he was captain of No. 4 Co., and retired in August, 1899, retaining his rank of paymaster. He was present at Ridgeway during the Fenian Raid, and was a member of St. Andrew's Lodge, A. F. and A. M., an adherent of the Anglican Church. He leaves a widow and three daughters, Mrs. Edward Ryerson of Montreal, Miss Lucie Harris of Toronto and Miss Edith Harris of Winnipeg. The funeral will take place this afternoon at 2:30 o'clock at St. James's Church.

THOUGHT HE WAS A MURDERER.

Set Fire to a Church and Killed Himself in Basement.

New York, Jan. 27.—A dispute over a money matter led William Schell to murderously assault Gustav Wall, his employer, at South River Village, near New Brunswick, N.J., to-day. Schell used a hammer and inflicted serious injuries on Wall. Thinking he had killed his victim, Schell went to the German Presbyterian Church, of which he was sexton, and, after setting fire to the building, went to the basement and sent a bullet thru his head, killing himself instantly. Before taking his own life, he shot his dog, which had followed him into the church. Schell, who was 32 years old, is thought to have been insane.

STAGE DRIVER DROWNED.

Went Thru the Ice in the St. Mary's River.

Sault Ste. Marie, Mich., Jan. 27.—In a fierce blizzard that raged last night, one of the stages that run across the river between here and the Canadian Soo went thru the ice. John Lebia, the driver, was swept under the ice with the horses and sleigh and drowned, while the three passengers were rescued with great difficulty by three other passengers who had become alarmed and had left the vehicle shortly before the accident.

Soup for the Trustees.

The Public School Board paid a visit yesterday afternoon to the children's cooking classes at the Y. W. C. Guild, and were served with cream tomato soup, specially prepared by the children. Inspector Hughes and the members of the board declared themselves as much pleased with their visit.

Try Me Free

for 60 days and if you are not cured at the end of that time return to me and you shall not be to a cent of expense. I ask no deposit whatever, and leave you to be the judge of results, as per my sworn guarantee. I have now for two years been giving my goods on trial to Canadian patrons, and it's the best plan I have ever used, for this is a day of people wanting to know what they pay for, and I am glad to say that I have not been disappointed in the thousands of patients whom I have sent appliances on these terms. They have regained their health, I have received my pay. I send my new Hercules

Dr. Sanden Electric Belt

on 60 days' trial TO MEN who suffer any weakness—as Nervous Debility, Drains, Losses, Varicocele, etc., and also to sufferers from Rheumatism, Lame Back, Sciatica, Stomach, Liver and Kidney Troubles and general ill-health. If you wish to try Electricity of course you want the best method of application and the best appliance. I have my goods in Canada for over 30 years, and no doubt you or your neighbor know of cures by my Belts, and on the terms I offer them you have an opportunity of gaining complete health or no cost to you. Send to-day for my two exhaustive and beautifully illustrated books, which I send free, sealed, upon request. If in the city drop in and test the current in my new invention.

DR. A. B. Sanden 140 Yonge Street, cor. Temperance St. (entrance on Temperance Street), Toronto, Ont. Office Hours: 9 to 6. Saturday evenings until 9.

SHAREHOLDERS TAKE ACTION.

Call for Commission to Investigate Affairs of Canada Cycle Co.

A meeting of shareholders, resident in Toronto, of the Canada Cycle and Motor Company, was held in the McKimmon Building on Monday afternoon to consider what steps should be taken against the directors of the company to compel them to refund to the company \$175,000 paid out in dividends last year; to enquire into the organization of the company and what profit, if any, the original promoters and directors obtained at the time the company took over the original constituent companies. About 1000 shares were represented at the meeting. No communication has been had with the shareholders throughout the province. This will be done at once.

The following resolution was passed: Resolved, that the shareholders of the Canada Cycle and Motor Company, resident in Toronto, in meeting assembled this 27th day of January, 1902, place on record as follows: 1. That we express our intense dissatisfaction with the last annual statement, presented by the directors of this company to its shareholders, bristling as it does with admitted errors of judgment and lack of business acumen on the part of those whose reputation in the community led many to expect different results.

2. That we express our dissatisfaction with and hearty disapproval of the policy of the directors in paying dividends of \$175,000 when but \$203,528 had been earned, and cannot accept the statement made that the directors were not in a position to know what business was being done (considering also the fact that the last dividend of \$87,000 was paid in July, and the year's business of the company ended Aug. 31), for it was their duty as directors to find out what money was in hand before declaring and paying a dividend.

3. That we express our disapproval of their policy of paying dividends, because it induces many to purchase stocks as it leads also to the conviction that the purpose of paying dividends such as above-mentioned is to induce purchasers of the stock to hold it to have an inflated value.

4. That we express our entire disapproval of the policy of the directors of this company in withholding from its shareholders a full and complete statement of the details as to expenditures and receipts of the company and the public generally that the government of this province should appoint a commission to investigate the affairs of this company from its inception, and make public the result of this investigation.

5. That we believe it in the interests of the shareholders of this company and the public generally that the government of this province should appoint a commission to investigate the affairs of this company from its inception, and make public the result of this investigation.

6. That we bind ourselves to united action in endeavoring to make the directors of this company resign, and to the treasury the sum of \$175,000, paid out in dividends last year, and to such further action as the advisory board appointed at this meeting, shall see fit to undertake.

7. That copies of this resolution be forwarded to every shareholder of this company, and be published in the newspapers of this city.

Messrs. R. Thompson, G. W. Bedells, W. W. A. Lamport and J. M. Gray were appointed an advisory board for the purpose of considering what action should be taken on behalf of the shareholders against the directors, and to do whatever may be necessary to secure the resignation of the directors, and also to communicate with all the shareholders with a view to securing their co-operation and assistance in the prosecution of whatever course they might take.

NIAGARA FALLS POWER.

Largest Dynamo Ever Built to Be Brought Into Service.

New York, Jan. 27.—Another great step in the utilization of Niagara power is announced by The Electrical World and Engineer. The Niagara Falls Power Company has long had in operation 11 dynamos, each driven with its own turbine, and developing 5000 horse power. A wheel pit parallel with the first one was recently completed, and within the last few days orders were given for 11 more waterwheels and generators. When these are installed the company will be able to supply 110,000 horse power in the form of electricity. Operations are not to be undertaken on the Canadian side.

A Capacity for 200,000 Horse Power.

The Electrical World and Engineer says that contracts have just been placed with the General Electric Company for the construction of three 10,000 horse-power generators. It is estimated, will probably reach 200,000 horse-power. The negotiations have been conducted thru the Canadian Niagara Power Company, which had the original charter for the enterprise, but whose rights have been acquired by American company.

How Dynamos Will Be Situated.

Those of the Niagara Falls Power Company, at the level of the surface of the earth, while the turbines will be in wheel pits directly underneath. Vertical shafts over 100 feet long will connect the waterwheels with the generators. It is asserted that these dynamos will be the largest ever built. The closest approach to them is made by those being installed in the power house of the Manhattan Elevated Railway Company of this city.

Carriage on the Elevated.

Chicago, Jan. 27.—Charles Spalding drove a carriage a mile on the elevated railway before he was stopped to-day.

WOULD SELL GREENLAND NOW.

Copenhagen, Jan. 27.—It is reported that the Danish government would be willing to entertain a proposition from the United States for the purchase of the Danish possessions in Greenland, which would relieve Denmark from all responsibilities in the Western Hemisphere.

Danish Greenland is about 40,000 square miles in extent, with a population of between 10,000 and 12,000. The trade of Greenland is a state monopoly and brings some revenue into the treasury.

They are Marching 300,000 Strong

TO THE REALMS OF CONSUMPTION ABANDON HOPE ALL YE WHO ENTER HERE

Timely Taken, Stuart's Catarrh Tablets

Prevent Catarrhal Consumption.

Tramp, tramp, tramp, the throng is marching, marching to the realms of shade, where the withering "White Plague" holds high carnival and perpetual sway.

How many of them? Over 300,000. It will take them a year to get inside the domain from which no traveler returns. When they have all passed others will take their places and the perpetual tramp, tramp, to doom, will continue.

Reliable statistics show that over 300,000 annually march through the realms of consumption, to open graves, in the United States alone.

There are three varieties of consumption, but the greater part of this large army, going down to death, are victims of what is known as "catarrhal consumption," and the bulk of those who will next year take their places in this fatal march will be filled from the ranks of the victims of chronic catarrh.

Because it is a lingering disease, and not immediately fatal people are prone to overlook its destructive tendencies and neglect catarrh. It is hard for one whose constitution holds him up for years against the progressive encroachments of catarrh to realize his danger and think of the time when, sooner or later, vital organs will be reached, or some acute cold will fan the smouldering fires of catarrh into a devastating conflagration of consumption.

"At first a little hacking cough, then a cold, then a sore throat, then a cough, then a chest ache, then a spasm, then a fever, then a delirium, then a death march of consumption."

Be timely wise. Cure your catarrh while yet it may be cured. Do not leave it to extend along the delicate mucous membrane and gradually get from nose to throat, then into the bronchial tubes causing cough and expectoration; from thence onward, or downward, until the lungs are reached and you join ranks in the death march of consumption.

DUFFERIN'S DEFENCE.

Says He Was Not a Party to Whittaker Wright's Speculations.

London, Jan. 27.—On the resumption to-day in the Bankruptcy Court of the inquiry into the affairs of the London Globe Finance Corporation, Limited, the receiver read a letter from the Marquis of Dufferin, the former Governor-General of Canada and British ambassador at Paris, denying that he had been a party to Whittaker Wright's speculations, which had resulted in the bankruptcy of the corporation. The Marquis said he would have considered the matter highly criminal had he allowed the shareholders' money duty to be gambled away, and he added that he was prepared to offer himself for examination in order to confirm the findings of the court.

FROM GAY PARIS.

Secretary Dupuis From the Exposition Makes a Statement.

His Experience When in Paris Proves Dadd's Kidney Pills to Be a Splendid Tonic Medicine—Unsurpassed Also as a Remedy for Lame Back.

Village des Aulnaies, Que., Jan. 27.—(Special).—Mons. Aug. Dupuis of this village, who was secretary to the Canadian Commission to the World's Fair at Paris last year, has since his return given out a statement that reflects great credit on Dadd's Kidney Pills.

Mons. Dupuis says that he has used these pills for a "deep-seated pain in the small of his back" and found that they relieved him almost instantly, and finally cured him altogether so thoroughly that he has not since had any symptoms of a return of the pain.

While in Paris Mons. Dupuis found his duties as secretary very toilsome and trying, with the consequent result that his health became run down. Again he sought relief in Dadd's Kidney Pills, and again he found them equal to the emergency, for they quickly braced him up.

His statement, recently published, is a valuable contribution to the knowledge of the people of this country, who are also taking occasion to thank Mr. James G. Jardine of Toronto (who was a member of the Paris Commission) for having first introduced Dadd's Kidney Pills to his notice in Ottawa some years ago.

WORK COUNTY AND SUBURBS

Toronto Junction Will Keep Skating Rinks Flooded for Public School Children.

G. T. R. ASKED TO COMPLY WITH LAW

York County Council Will Gather in the Old Court House on Adelaide-Street To-Day.

Toronto Junction, Jan. 27.—The Board of Works held their regular meeting to-night and discussed the question of providing skating rinks for school children. Early in the season, rinks were flooded in various parts of the town, but the recent thaw and the late snow storm have prevented children from using them. The board to-night decided to keep the rinks flooded, and instructed Superintendent Rogers of the Waterworks Department to have men superintending the turning on and off of the water.

The Grand Trunk Railway will be asked to comply with the Railway Act and put pipelines between the rails at the St. Clair-avenue crossing.

Six dollars per case for breaking stone will be paid to corporation laborers instead of \$5.

The funeral of Mrs. Boucher this afternoon was very largely attended. Rev. Dr. Packer held service at the house, and subsequently preached a funeral sermon in Amette-street Methodist Church.

Mrs. Alice Edgar and Mr. Theo Ives, assisted by Miss Mary Powell, B.A., reader, and Mr. Harry Alexander, tenor, will give a piano recital at the College of Music Hall on Friday evening.

York County Council. The members of York County Council will assemble at the old Court House, on Adelaide-street, this afternoon, and will discuss the arrangements for the coming year.

North Toronto. The Waverley Athletic Club of Toronto propose to have a sleigh ride to Eglington to-morrow evening, when they will have a sleigh pulled by Albert Bentley of Vaughan was before Magistrate Ellis on a charge of obtaining a pair of bolts from the store of J. A. Farquhar, on the possibilities of a fast Canadian line.

He Knew the Secret. He worked in a departmental store and he always looked so well dressed, and that people wondered where he got his money to do it.

He knew the secret. Suits worth twenty to order for twelve—three knotters at least.

He knew the secret. He worked in a departmental store and he always looked so well dressed, and that people wondered where he got his money to do it.

left last night for Orangeville, where she will spend a month or so.

Mrs. Heyworth, daughter of Mr. Benjamin Morton, arrived from England yesterday. Mr. Morton has improved greatly during the past week.

Mr. Bucksby, builder on Waverley-road, is putting up a house on Woodbine-avenue, south of Queen.

On Sunday last the Rev. W. L. Payne-Reed conducted the service of the Church of St. John the Baptist, Norway, in speaking at the morning service from the text, "Speak unto the children of Israel that they go forward," the rector, congratulated the congregation on their progress and the friendly relations existing between pastor and people.

The parish register shows that in four years the rector personally baptized 1,000 persons, presented 40 for confirmation, performed 20 marriages and had officiated at 240 burials.

The Sunday School is flourishing under the superintendency of Mr. F. V. Phillips and has an average attendance of 110 in the main school and 30 in the infant class.

Green River. What might have been a serious fire occurred at the four mills of P. R. Hoover & Sons, on Sunday morning last. A small boiler used for generating heat for the drying of Manitoba wheat in some way ignited the work.

The first intimation the firm had of the fire was about 7 o'clock, when a neighbor, Mr. Danell, noticed the fire breaking out, and immediately gave the alarm. By flooding the mill the fire was quickly subdued. The loss will not be heavy, and is fully covered by insurance.

House-Warming. Mr. and Mrs. C. Watson gave a very enjoyable house-warming party to a number of their friends on Monday evening, 24th inst. Among the guests were Mrs. and Miss Windrum, Miss Clelland and Mrs. Cambridge, Miss West, Miss Belle Smith of Weston, Mrs. W. Kennedy, Miss Lovell, Miss Webster, Mr. and Mrs. W. Young, Mr. R. H. Horsey, Mr. J. C. Clark, Mrs. W. Kennedy, Miss Lovell, Miss Armstrong and Miss Armstrong, Miss Mead, Mr. G. F. Morgan and Miss Morgan, Mrs. H. Chapman, Mrs. Mrs. Chapman, Mr. W. H. Paterson and Mrs. Paterson, Mr. James Paterson and Mrs. Paterson, Mr. S. J. Kennedy and Mrs. Kennedy, Mr. W. A. Kennedy, Mr. James Elliott, Mr. and Mrs. Elliott of Scarborough, Miss George Herron of Rockford, Mr. James Bell, Mrs. Bell, Mr. J. Watson and Miss Watson of York and others.

Mr. and Mrs. Watson are model entertainers, and were very efficiently assisted by Miss Belle Smith of Weston, sister of the hostess.

Thornhill. The village band will give a grand evening skating carnival at the rink to-morrow night. Prominent residents of the neighborhood have donated some valuable prizes, and the band will provide music.

Institute Meetings. The East York Farmers' and Women's Institutes conducted a series of successful meetings in the riding at Toronto, Boxgrove and Elmville. The interest taken in the work carried out by these institutes was manifested by the large attendance at all the meetings. It was the pleasure of the Ellesmere, on Saturday evening, 25th, where the following program was carried out with great success: Chairman's address, Dr. O. Slesley, Agri-culture, "On the Methods of Agriculture," A. Reynolds, Scarborough, and the Sanitary Home, Miss Agnes Smith; in his capacity as chairman Dr. Slesley made reference to the advances made during the last century. He dealt with the subject from numerous different standpoints, making special reference to the advance in the methods of farming and agricultural pursuits, comparing as he did the crude methods of the present day. After explaining his subject by numerous facts and figures, he called on the speaker of the evening, Mr. A. J. Reynolds, who was listened to with a great deal of interest. He dealt with his subject, "The Objects and Methods of Cultivation," from a theoretical as well as practical standpoint. He endeavored to impress on the farmers the necessity of retaining the moisture in the soil, and carefully outlined the most practical methods of cultivation for this purpose. In this connection he mentioned the "sub-soiler" and other devices of later years. He also showed the necessity of retaining the fertility of the soil, not only by the use of fertilizers and manures, but by bringing into use the elements of fertility already in the soil.

The next speaker, Miss Smith, outlined the changes of the year came before Council, when Ald. Richardson introduced an additional appropriation of \$150, to be used in the purchase of a water equal to what they received last year.

Controller McMurrich, speaking on behalf of the Board of Control, said it was the opinion of the whole board that it was a mean and contemptible act on the part of the City Commission, the Property Committee, or anyone else, to start a strike of the branch of the civic service to economize.

Ald. Foster trusted that the economy would be in branches of the department where the reduction was necessary. There was lots of room for it.

Controller London quoted figures to show that the estimates of last year were such that if the City Commission's Department and the Property Committee were kept within the appropriation of \$5,100,000, the City would be able to pay the money for something else.

Controller Graham accused Ald. Richardson of unfairness in bringing the matter before the Council, and after other remarks on Ald. Richardson and Commissioner Coatsworth, the additional money for the women's wages was granted.

Ready Cash for Exhibition. On the motion of Ald. McMurrich, the Council concurred in the request submitted by the directors of the Industrial Exhibition Association for an appropriation of \$4000 for the present year for the purpose of clearing off the balance of the indebtedness for 1901, and the preliminary expenses of preparing for the Exhibition of 1902, and instructed the Treasurer to pay the money, such sum to be repaid by the association out of the reserve fund of \$10,000, which the association are entitled to.

Lady Knights of St. John. Over 200 attended a social last night in St. George's Hall, under the auspices of St. Mary's Commandery, No. 210, Knights of St. John, and the Ladies Auxiliary, No. 62. Among those present were John P. McCarthy, Provincial Grand Master of the Knights of St. John, who delivered an interesting address on the order, and a large delegation of the Malta Club, headed by Miss McMillan, Miss L. Ryan and Miss K. Ryan. The committee, who are deserving of every praise for the success of the event, were: Mrs. M. Crowe, Misses M. Frendergast, M. Kennedy, M. Cuttin, M. Ward, N. Madden, L. O'Leary, L. Fitzpatrick, and Messrs. John P. McCarthy, John Whitehead, Galvin, Joseph J. Kelly, Charles O'Brien, Thomas Keats and Thomas Deveraux.

Ald. Spence Endorsed. At the meeting of the Executive Assembly, No. 2300, K. of L., on Saturday night, Ald. Spence's stand on the gas question was heartily endorsed, and municipal ownership was favored. They also favored an increase in the pay of letter carriers.

Money: The Toronto Security Co. "LOANS." Address: Room 10, No. 6 King West. Phone Main 4288.

Money: GERMAN EMPEROR'S BIRTHDAY. Prince of Wales Was Honored Guest at Celebration.

Money: Berlin, Jan. 27.—Emperor William, who was born Jan. 27, 1859, signaled his birthday today by conferring territorial titles on all the regiments who had hitherto borne no distinctive name. In an army order on the subject His Majesty says in part: "It is the duty of everyone belonging to the army to bring honor to his race and his home in rivalry with others. May this thought serve as an incentive to the troops to cherish the spirit which alone in the army can bring the greatness of victory."

Money: The Emperor and the royal family attended divine service in the morning. After the service the Emperor held a congratulatory court, at which the Prince of Wales and other foreign representatives were present. His Majesty held Andrew D. White, the American Ambassador, in conversation for a few minutes, during which he expressed his pleasure at the very kind way in which the prospect of his brother's visit was received in the United States.

Money: DOUBLE DROWNING. Halifax, N.S., Jan. 27.—A double drowning occurred at Lunenburg on Sunday evening. John Croft and his wife were crossing Minake Lake on the ice, when they walked into the water. They were over 60 years of age. When their bodies were found to-day, they were locked in each other's embrace.

Money: WILL SAIL TO-DAY. Halifax, N.S., Jan. 27.—The C.M.R. will parade at the military camp to-morrow morning at 8.30 o'clock, and after inspection by the Commanding Officer will leave the grounds at 9 o'clock sharp for the transport Victoria.

Money: IDENTITIES GORDON. Halifax, N.S., Jan. 27.—Detective Hyndman of Winnipeg positively identified Walter Gordon, alias John Fair-American conference. It is a compulsory arbitration plan applied only to pecuniary claims.

Money: TO STUDY FOR MINISTRY. Ottawa, Jan. 27.—Trooper Mulloy, the blind hero of South Africa, has decided to transfer to-day in the Methodist ministry. With this object he will take a course first in the institution for the blind at Halifax, N.S., and then go to Victoria University in Toronto.

Money: COURT OF CLAIMS. Mexico City, Jan. 27.—The project for an international court of claims was presented at to-day's session of the Pan-American conference. It is a compulsory arbitration plan applied only to pecuniary claims.

Money: Cured of Piles, Saved From Knife. Mrs. Aaron Mulron of Savannah, Ga., writes: "Ever since the birth of my first child, six years ago, I have suffered greatly from piles. I could not bring myself to bear the thought of a surgical operation. Pyramid Pile Cure entirely cured me. For sale by all druggists. 'Piles, Causes and Cure' mailed free. Pyramid Drug Company, Marshall, Mich.

Money: THE NEW SERIES OF MOVING PICTURES is on exhibition at 11.30, 2.30 and 4.30. The battleship series shown last week appears at 10.30, 12.30 and 3.30. Six exhibitions daily. This is the last week for this splendid entertainment.

MASTER PRINTERS ELECT OFFICERS

T. R. Hart is the President of the Association.

The annual meeting of the Master Printers and Bookbinders was held last evening, with the president, Rev. Dr. Briggs, in the chair. Officers were elected for the ensuing year as follows: President, F. R. Hart; vice-president, A. McComb; treasurer, R. G. McLean; secretary, Alvin Fleming; Horn and Mr. Hart were appointed a committee to make the arrangements for the annual banquet.

Messrs. T. G. Wilson, James Murray, McComb, Hall and Major Horn were deputed to act in conjunction with the bookbinders and stationers' section of the Board of Trade in respect to the Copyright Act.

FOR A FAST LINE

London, Jan. 27.—(Telegram cable).—There is a column letter in the Times to-day signed J. A. Farquhar, on the possibilities of a fast Canadian line.

The writer says that if Canada and England are prepared to give liberal subsidies such a line is likely to be built, and that the vessels, if the line is established, will be twenty-three knotters at least.

He Knew the Secret. He worked in a departmental store and he always looked so well dressed, and that people wondered where he got his money to do it.

He knew the secret. Suits worth twenty to order for twelve—three knotters at least.
