WOMAN

Y.W.C.A. Asks Aid.
To devise ways and means of rais-
ing money to erect a new build-
ing in the west end of the city, a number
of business and educational men were
invited to a luncheon at the head-
quarters of the Young Women's Chris-
tian Association in Elm-street yester-
day. Among those who were present
were Messrs. John Firstbrook, J. N.
Shenstone, Elias Rogerson, J. E.
Brook, Joseph Clark, J. F. McKay,
A. S. Gourlay, G. F. Beer, Kenneth J.
Dunstan, F. Dr. Pakenham of the
faculty of education; Dr. Morley, who
is the principal of the school, and Wm. Scott, principal of the
Normal school.

It was pointed out that there
are at present four branches of the
association in Toronto, the need for a
new building is imperative. It is the intention to
locate it somewhere in the west end,
the exact spot and the amount of
space required have not been arrived
at. The new structure, it is expected,
will be larger in every respect than
there is accommodation for over eighty
permanent residents, and twenty transients.

A Big Show Place.
Cells Dearest, I am so sorry I have
neglected answering your delightful
letter but I am so busy with the kid-
dles, there is scarcely a moment I can
call my own.

You should see Tom and Harriet
they are just the dearest children.
Tom is cunningly sharp-faced, while
Harriet has soft brown eyes and tawny
hair. We took them with us to the
other day on the Eddy Works at Hull.
You remember I wrote you about my
visits there some years ago when
I was at the ladies' college and I told
you a lot about the matches, paper and
paper bags they make; and the tubs,
wax and wooden market and tubs,
and other things of that sort. Since
then, however, they have a new large
addition to the match factory, which
is more interesting to me and which
the kiddies enjoyed the post.

The wonderful ingenuity used to
make matches always astonishes me,
but this time it seemed to me the
greatest improvement made, and the
new triumphs of the great show place
of Canada. Tom clutched his
father's hand fearfully and Harriet
held her little mouth open as we—
clipped to my side as we watched the
blocks of pine being fed into the
machines to be cut into matches. Then
clipped in the solution, and later, come
out perfect matches, all packed in
boxes, just as you always buy them
in the shops.

When we were there, His Excellency
the Governor-General and Lady Grey,
with a party of friends from Govern-
ment house, were there also, but the
children looked more at the machines
and matches than at their excellencies.

I can never forget in my young days,
the horrid matches I used. You know
the ones I mean. We youngsters called
them "eight-days." The Siltons'
were very inferior to Eddy's newest
and best match, the rose-tipped "Sil-
tons." Can you imagine the Siltons'
match that is absolutely noiseless and
odorless. Eddy's people say they are
make more of them than they can
sell, and of course there still is a good
demand for the former favorites, down
to the old "eight-days." The Siltons',
however, took my eye first and last.
Why, they won't even explode if stepped
on, won't spark or splinter, and
don't lose of people, the new ones
their heads. It's little wonder they are
termed "Canada's Finest Matches." I'm
sure.

But I must not ramble on, or you
will wish that I too, were as silent.
Fred's young friend, is doing
splendidly since the death of old
McGill. Uncle Joe and the rest of the
family circle are well. I intend to send
some of Eddy's matches to you, I
sampled when at the factory, altho' I
know all the grocers keep them. But
don't forget you still owe us that visit.
Come along as soon as you can ar-
range it. I so want you to know my
kiddies and to get better acquainted
with Fred and his chums. This is Leap
year, you know. With kindest remem-
brances to all.

Yours affectionately,
KATE.
They'll Play Indian.
There are 720 Toronto people in "Pro-
fessor Napoleon." Sixty of these peo-
ple take the parts of Indians in the
Bammoth musical extravaganza at the
college life, which the ladies of Toronto
Western Hospital present at the Prince
Theatre next week. These brave
and maidens are costumed in true
western style, and have one of the
his of the production in their catchy
air, "My Chosen Chief," which they
render in a very satisfactory manner.

The list of Indian braves and Indian
maidens includes Truman Morse, F.

Toronto World's Beauty Patterns

Circular One-Piece Drawers -- No. 5987.
Perfection in the fit of underwear
is most essential in these days of
close-fitting skirts. The drawers pat-
tern shown is to be commended for
its excellent shaping. It is quite the
simplest of garments to make, as the
only seams are the short ones that
close the leg, after the trimming has
been applied. The top is finished by
a drawn-string inserted in a casing,
thus doing away with all fullness
around the waist. Nainsook, lawn,
cotton and cambric are all used in
the development. For 36 inches waist
measure 1-7/8 yards of 36-inch material
will be required.

Ladies' Circular One-Piece Drawers,
No. 5987. Sizes for 20, 22, 24, 26, 28, 30,
32 and 34 inches waist measure. A
pattern of the accompanying illustra-
tion will be mailed to any address on
the receipt of ten cents in silver.

The Alumnae of the West Toronto
College are to hold a reunion on
June 18. It is to take the form of a
garden party, and will be held at the
residence of Principal Coback, Louisa-
street. A large attendance of the old
girls of the school is expected.

At Cobourg yesterday Miss Nora
Hunt was married to Allan C. Mc-
Kenzie of Montreal by Rev. Canon
Sprague at St. Peter's Church. Miss
Gibson and Miss Grace Craig were the
bridesmaids, while Brutum McKen-
zie of Montreal supported the groom.

A quiet wedding was solemnized by
the Rev. T. Austin Smith at Trinity
Church, Brockville, on June 10 at 1.30
p.m., when Miss Lenora, youngest
daughter of Horton Davis of Elizab-
ethtown, was united in marriage to
E. Johnston Kerr of Montreal.

The date for the fair of all nations
has been fixed for October 29, 30 and
31. This entertainment has been plan-
ned to raise money for the proposed
pursuer club house, and many promi-
nent society ladies are lending their
aid to the project.

The engagement of Miss Augusta P.
Pugh, youngest daughter of Mr. Pugh,
Pugh Goodwood, Ont., to Mr. Herbert
A. Sharpe of Uxbridge, is announced.
The wedding will take place quietly
June 24.

THIRTY MILLION PEOPLE WILL SEE EXHIBITION

G. T. R. Was Ready for Open-
ing Day—Pavilion in Court
of Progress.
The Franco-British Exhibition in
London this year is the great attrac-
tion, not only for the residents of the
United Kingdom and France, but for
people of all countries, and it is esti-
mated that the attendance will reach
from 30,000,000 to 40,000,000 during
the life of the undertaking. Canada is well
represented with the Dominion Govern-
ment building and the railway build-
ings, and the country will no doubt
receive more publicity in the old coun-
try than ever before. The Grand Trunk
Railway System have erected a magni-
ficent pavilion in the Court of Pro-
gress, one of the ideal sections of the
exhibition, and where the building is
surrounded by beautiful gardens laid
out by a noted French landscape artist.
The Grand Trunk have erected a magni-
ficent pavilion in the Court of Pro-
gress, one of the ideal sections of the
exhibition, and where the building is
surrounded by beautiful gardens laid
out by a noted French landscape artist.

The electric lighting of the building
inside and outside has been arranged
on a lavish scale.

The lines of the building are care-
fully followed by small electric lamps
fitted with gold stars, about 500 of
these being required for this purpose,
while the allegorical group of figures
over the entrance is well shown at
night. The interior lighting of the
group is suspended a beautiful cut
glass brilliant star, representing Cana-
da as the "Star of Empire."

The interior lighting is very effective,
the whole space being flooded with
orange light from four large flame
lamps suspended from the lanterns of
the roof so that the service of light is
from the same point either by day
or night.

The private offices are lighted by
electricity, and also heated by the
same means.

The lettering on the exterior of the
building is executed in French and
English. The French flag as well as
the Canadian flag and a series of ban-
ners on which are the names of the
principal cities in Canada float over
the top of the structure.

FAIR TRADE APPLAUDED.
U. S. Millers Want Better Relations
With Canada.
DETROIT, June 11.—The 900 millers
from all parts of the country who are
attending the 50th annual convention
of the Millers' National Federation in
this city applauded loudly the address
made before them to-day by ex-Con-
gressman William C. Maybury of this
city, in which he declared for closer
trade relations with Canada and an
abandonment of the duties between the
United States and that country.

"Free trade is a misnomer," said
Mr. Maybury, "let's make it fair trade
instead, and by our actions have the
Canadians join with us in free inter-
course between the countries in every
branch of trade, thereby from a commer-
cial standpoint."

William Penn
A MONG all the builders of this
Nation none deserve more lasting
gratitude than this stout old
Quaker Champion.
Irish and English prisons could not con-
quer his spirit, and from a cell in the tower
of London he conceived the idea of found-
ing beyond the seas a state wherein Brotherly
Love—Peace On Earth and Personal
Liberty might become living facts. Thus
Pennsylvania was founded.

When colonial governor he introduced
vine-growing and brewing, and at Pennbury
Manor he had a brew house.

Above middle height—well built and agile
—William Penn in his early days was an
expert swordsman, a courageous soldier,
and a splendid athlete.

He died at 74, and the results of his life's
doings bear eloquent witness that the mod-
erate use of a good malt beer helps to create
the noblest qualities of mind and soul.

His statue stands in Philadelphia, 547 feet
high—for all the world to see.

HITCHCOCK NOT GUILTY.
Prisoners in Tombs Cheer Him When
Verdict is Announced.
NEW YORK, June 11.—Raymond
Hitchcock, who early to-day was ac-
quitted by a jury after 8 hours on
one of four indictments growing out
of charges made against him by sev-
eral young girls, was released from
the Tombs prison on bail to-day.

The bond for \$7500 was furnished by
Martin Engle, who had given bail for
the actor previous to the beginning
of his trial. Hitchcock had been in
the Tombs since his trial began nearly
a week ago.

When Hitchcock reached the Tombs
prison after his acquittal he was the
centre of a remarkable demonstration.
The hundreds of prisoners who were
aware that the jury in his case was
out, had remained awake all night to
hear the verdict. When the actor an-
nounced that he had been freed a small
cheer started in the cells nearest to the
entrance, which grew in volume when
the important became known to those
locked in the top tiers until the build-
ing re-echoed with the din. As Hitch-
cock passed to his cell the shouts con-
tinued and every prisoner he passed
on his way reached out thru the bars
to shake his hand.

Steamers Collide; Men Go Into the
Bay.
One cooking range, the property of
J. Fitzpatrick, two men and a truck,
together with a number of deck chairs,
were thrown in the bay yesterday af-
ternoon in a collision between the
Canadian Navigation Company's steamer
Chippewa and the coal barge Strau-
benzie in the Yonge-street slip.

While the Chippewa was being led-
ded the Straubenzie started to go out.
In swinging her out into the bay the
men neglected to take a second hitch
of her stern line about the wharf post.
The cable slipped and, switching across
the slip, she struck the Chippewa,
damaging her hull aft.

Two men were wheeling the range
into the steamer when the gang plank
was thrown into the bay. They and
the stove followed.

Christian Endeavor Growth.
NEW YORK, June 11.—The directors
of the United Society of Christian En-
deavor was told by the founder of the
society, Rev. Francis E. Kirk, in his
annual report to the board of trustees
at the annual meeting yesterday.
The figures show a net gain of over
1296 societies and about 50,000 members,
making a net enrolment of 70,404 soci-
eties.

All the old officers were re-elected.
Among the new trustees are the fol-
lowing: Rev. A. A. Shaw, Winnipeg,
Man., and Rev. E. H. Tippet, Mont-
real, Que.

Paper Publishers to Campaign.
NEW YORK, June 11.—The directors
of the American Newspaper Publishers'
Association at a meeting held in this
city to-day adopted a resolution "to
engage the services of John Norris for
a period of two years, upon terms to
be agreed upon by them, for the pro-
motion of the aims of the American
Newspaper Publishers' Association in
the matter of paper."

Prison and the Lashes.
BELLEVILLE, June 11.—Philip Ket-
cheson of Tweed pleaded guilty to in-
decent assault on three little girls, and
was sentenced to two years in the
penitentiary, and to receive 12 lashes
in the central prison, and twelve
lashes. He is a middle aged mer-
chant.

NOT MAKING SUGGESTIONS.
Premier Makes Statement as to the
All-Red Route.
OTTAWA, June 11.—(Special.)—Sir
Wilfrid Laurier has stated that he
will not intend the government
either to oppose or to suggest
any proposed route of port for the
all red line. The only condition to be
imposed was that service must be
between the United Kingdom and Can-
ada. He was not aware that the high
commissioner in London had stated
that this government was opposed to
the Irish route.

To R. L. Borden the prime minister
said the civil service bill would be
brought down as early as possible,
but it was the first duty of parliament
to vote supply.

DYNAMITE WRECKED CAR.
CLEVELAND, June 11.—Four pas-
sengers and the motorman and conduc-
tor were injured shortly after midnight
this morning when a Cedar-avenue
street car, bound east for Euclid
Heights, was wrecked on Murray Hill
by what is supposed to have been a
charge of dynamite.

Corner Stone Laying.
On Saturday afternoon at 2.30 the
corner stone of Westmoreland-avenue
Methodist Church, corner Westmore-
land-avenue and Hallam-street, will
be laid by J. R. L. Starr, K.C.

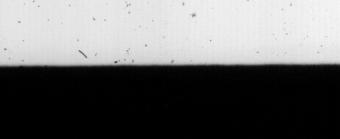

In view of the fidelity, record and
heroic struggles of this church, this
ceremony will be looked forward to
by the whole connexion with expectant
hope. The Toronto conference is now
in session, and doubtless a great many
of the delegates will be present to wit-
ness this impressive ceremony. Several
short addresses will be given and the
 Salvation Army Band will add to the
afternoon's pleasure.

Construction Board.
MONTREAL, June 11.—(Special.)—
There was a bylaw before the city
council to-day constituting a board
composed of eleven expert engineers
to supervise construction work. The
board is to be appointed for three
years.

FAVORITES SIGHTERED ON THE HAMILTON TRACK

All Seven Beaten—St. Jeanne Wins Handicap and Picktime the Steeplechase.

Seven races were decided at Hamilton yesterday, and all seven favorites were defeated. Two second-places proved the winners.

The different events looked difficult propositions, there were strongly backed favorites in each, and the books must have made an awful haul.

St. Jeanne, the second favorite, was the only one to win in the steeplechase, with Nat Ray up in the steeplechase; Polly Prim in the sixth and True Boy in the seventh were all well supported by the public.

Col. Faverdale had to do his best to beat the long-shot, Gold Bars, in the first race, E. S. Whittaker, Nicol up, showing only a neck in front of Gold Bars, that dropped from the clouds.

Brown Tony took the first maiden 2-year-old 4-furlong race, with a maximum second the same, Plaudmore, who won a horse race a neck in front of maximum.

The next same conditions went to the Racine filly, Lystra, from the stable of Wm. Jennings, who was the favorite in the race being the place between J. W. Kent and Alderman's Daughter.

There was a peculiar place on horse between J. W. Kent and Alderman's Daughter, there was a peculiar place on horse between J. W. Kent and Alderman's Daughter.

## THE GRAND TRUNK AND TORONTO.

How long will the Grand Trunk appear as discouraging traffic and antagonizing all the people who live in the neighborhood of Toronto? It has been fit to give a suburban service to the district of Montreal, but for some reason or other refuses to give a similar service to the City of Toronto and its suburbs, tho they are more densely populated, more progressive and more inclined to travel. The Grand Trunk management cannot show that any other city the size of Toronto is denied a suburban service as Toronto is denied it. But for some reason or other it appears to be the policy of the Grand Trunk, and more or less the Canadian Pacific, to ignore Toronto, and to refuse this city the same treatment that they give to Montreal. It can, however, be said of the Canadian Pacific that it has made more or less of an effort to cater to Toronto, and one result is that this road now handles more freight in Toronto than does its older rival.

If the Grand Trunk wishes to know what the people of this portion of Ontario think of its attitude toward local business, let Mr. Hays send a man to Oshawa, Whitby, Pickering, Cobourg, Port Hope and Bowmanville. He will find that in every one of these towns there is a decided agitation in favor of the Canadian Pacific building a new eastern line from Toronto along the lake front, touching all these towns, to relieve them from Grand Trunk ill-treatment.

Why will not Mr. Hays change his attitude? Why not, if possible, take away all reason for the Canadian Pacific getting into these towns, and try and make friends of these people? The Grand Trunk has a double track; it is connected in some of these towns with trolley lines; it runs along the lake front, and in every way could maintain control of the traffic in the towns it serves if it cared to improve its policy.

We again appeal to the management of the Grand Trunk and ask Mr. Hays to meet this agitation for a C.P.R. service by improving his own, and to begin the work of improvement by giving a high-class suburban service from, say, Oshawa to Oakville along the water front.

## GOVERNOR HUGHES' VICTORY.

Thanks to the public spirit and personal loyalty of Senator Foelker, who rose from his sick bed to cast the decisive vote, Governor Hughes has had both his anti-race-track gambling bills passed by the senate of New York State. As they had previously carried in the lower house by very large majorities, they only need his signature to become law, and will thereupon come into operation. This ends a protracted and dramatic conflict between the chief state executive and the legislature, or rather the senate of the state, in favor of the governor a striking personal victory. But it is much more than that—it means the triumph of one of the fundamental principles of good government. The constitution of the State of New York was amended for the special purpose of rendering it impossible for the legislature to legalize "pool selling, bookmaking or any other kind of gambling," and enjoining upon the legislature in explicit terms the duty of preventing these. Yet the practices continued and the provisions of the constitution were made nugatory by the passing of an act imposing penalties so inadequate as practically to be none at all.

Governor Hughes laid the main stress of his argument on the constitutional issue. "Do the opponents of the anti-gambling bills now before the legislature," he asked, "mean that the constitution is a good thing when it doesn't interfere with their pleasures or their money-making desires or opposes their philanthropy? Those who give that doctrine to the people will one day reap a terrible harvest. Do not be deceived! The people are not mocked. If it is an easy thing to override the constitution in order to protect gamblers, some day it will be an easy thing to override the constitution in its protection of property."

As for himself, he insisted that it was his duty as executive head of the state to require the provisions of the constitution to be enforced. "Does the constitution," he asked further, "mean anything? Does the oath of office mean anything? Have we reached a point where we are to debate the fundamental principles of government?"

This achievement crowns the record of Governor Hughes as a public servant of striking independence, absolute devotion to right ideals and incorruptible integrity. Office sought him, he did not seek it. Through his candidature for the governorship he proclaimed his freedom from all disturbing influences and his determination to rule in accordance with his own conception of his official duty. Disliked on this account by the Republican bosses, he was accepted as the only alternative to William Randolph

Hearst, and as the only candidate who could save the state for the party. Since his accession he has consistently fulfilled his own standard of public service. He has placed his trust in the people of the state and because the people had faith in his honesty and ability they have nobly responded. His influence elected Senator Wallace for the Niagara district, thus tying the vote, and Senator Foelker risked his life to vindicate the constitution of the state. It is public men of the stamp of Charles E. Hughes that are needed on this continent to-day, and no holder of office or aspirant after it can have a better inspiration than the record of the governor of New York.

## RIGHT-OF-WAY TO THE SEA.

If Canada is to take her proper place among the nations of the earth she must have right-of-way to the sea. If the farmers of the Province of Ontario and the newer farmers of the far west are to get the just reward of their labors our inland waterways must be utilized to carry the wheat without stoppages to the marts of the world.

When Hon. G. P. Graham, minister of railways and canals, declared that the Welland route must be brought to a depth of twenty-five feet, to enable it to compete with the new Erie Canal, and the American route generally, he shows that he is a practical man, and has with statesmanlike acumen struck the vital weakness in our inland waterways transportation system. We believe he is right in taking the lead of eminent engineers and favoring the building of an absolutely new twenty-five foot canal, rather than deepening the present fourteen foot canal. The country need not be frightened by the estimated cost of \$25,000,000, for the benefits that will accrue to the people of Canada by deep water channel will more than compensate for the outlay suggested. The World has been a firm believer in the deepening of our canals, and has on more than one occasion emphasized the importance of building the Georgian Bay Canal, but we are not sure that the construction of a new twenty-five foot Welland Canal is not a project more urgent at the present time than the building of the Georgian Bay Canal.

We will look with interest for an elaboration of Mr. Graham's scheme, and we bespeak for it the hearty support of the people of the Province of Ontario and the farmers of the far west. It looks as if Mr. Graham, after much thought, had stumbled upon a national idea of vast importance.

## NOT ON THE G.T.R.

Editor World: I notice in this morning's issue of your paper regarding passengers having been robbed in Pullman cars between Toronto and North York. I shall be glad if you will have this report denied, as there is no truth in the statement so far as the Grand Trunk is concerned.

## The Newsboys' Picnic.

Editor World: The Toronto Newsboys' Union have tickets out for their picnic and games at Island Park on July 1. Let us bespeak for them the generous support of the public. The president of the union, Samuel Lichtman, has asked me to knock out three or four bricks; hence, his interest in my part. Their object is not only to have an enjoyable outing—and surely any class in the community deserves a good time the newsboys do—but principally to provide the nucleus of a suitable home for them in the summer months for their reading and recreation for the coming fall and winter; (b) to raise a sick benefit fund to assist members of the union who may need a little help and good cheer, and (c) to purchase a newsboys' home, where members who have no suitable homes may live. This deserving object, I am sure, will appeal to the practical sympathy of the numerous friends. The boys are going about in a businesslike way, and all they need is the support of a generous public. Buy the tickets willy-nilly, whether you can go or not. The officers prefer that the public be sure and take the tickets, and if they cannot attend, let them give themselves to give the tickets to poor families who cannot afford the price, 25 cents. I will be pleased to purchase \$5 worth of tickets to be given to the poor of "St. John's Ward." If any of the readers of The World care to entrust money to me, I will hand it to the president, give tickets in return, and distribute them to people who otherwise would not be able to go. It is on Dominion Day. We can afford to be generous, and thereby not only help the newsboys to attain their object, but give an outing to hundreds of God's poor.

J. M. Wilkinson.

## NEW WELLAND CANAL.

Hon. G. P. Graham States That Waterway Must Be Improved.

OTTAWA, June 11.—"The Welland Canal route unquestionably must be brought to a depth of 25 feet to enable it to compete with the new Erie Canal and the American route generally," said the Hon. G. P. Graham in the house of commons this morning. Discussing methods, he stated that he was assured by eminent engineers that it would be better, instead of deepening the present 14-foot canal, to make a new one altogether. Such a new 25-foot canal would be cheaper and shorter and would have 75 per cent. less lockage. The cost, he agreed, would be heavy; he would not like to do it under \$25,000,000 or \$30,000,000. Before the end of the present session the minister of public works will lay before parliament a report as to the practicability of building a 20-foot canal via French River and the Ottawa.

## AT OSGOOD HALL.

ANNOUNCEMENTS FOR TO-DAY.

Master's Chambers. Cartwright, master, at 11 a.m. Judge's Chambers. The Hon. Mr. Justice Tezsetz, at 10 a.m. Toronto Non-Jury Sittings. The Hon. Mr. Justice Riddell. Peremptory list for to-day in the sums of: 1. Anketell v. Robinson. 2. McGuire v. Wilson. 3. Cummings v. Clark. 4. Lalley v. Martin. 5. Medland v. Willis. Divisional Court. Peremptory list for to-day: 1. Reaume v. Jubinville. 2. Riddell v. Todd. 3. Barry v. Bank of Ottawa. 4. Goodison v. McNair.

To recover \$612.12, alleged to be due on certain promissory notes, the First National Bank of Baltimore has begun an action against A. D. McCormick and Dora B. McCormick, both of Toronto.

Albert Bailing of Toronto alleges that the Packard Electric Co. of St. Catharines is indebted to him in the sums of \$880.77 for a quantity of goods delivered. A writ of summons has been issued to recover the amount.

George Gulland of Toronto is asking the court to have an account taken of the amount due him under a partnership agreement with G. W. Walker. He is also asking to have the partnership wound up.

H. J. Adams has begun proceedings against J. E. Fisher of Huntsville, to recover \$412.55, for certain goods supplied.

Proceedings are being taken by the Hunt Photo Supply Co., Kate Vise and Reuben Vise, to recover \$276.03 on certain overdue promissory notes.

## Tales of a Store.

NO. 11. "I tell you there's going to be some class about the building." This was the enthusiastic and complimentary ejaculation of a young man who with staid eyes and a serious air, a dozen others stood admiring the piers and caps of the new building of the Robert Simpson Co., Limited.

And there was real truth in the young man's remark. For the nine imposing piers are of fine reddish Portage granite, and the Lake Superior granite selected for the new store of the Robert Simpson Co., Limited. The process of carving the caps which took several weeks is interesting. First the caps are set in place. Then the carver marks in the design roughly, transcribing lines either from a clay model or from a full size drawing. When this is completed the carver "poses" the forms in blocks, and these in turn are roughly worked with the chisel to get them closer to the drawn or modelled design. Then the rest of the work begins. An onlooker becomes somewhat apprehensive, fearing that the carver may make a mistake and spoil the nicety and polish which is really no need for this, because the carvers have spent an apprenticeship of seven years, and their hands and heads work together faultlessly. It is a sight in itself to see the carvers ornamenting the caps on the piers of the Robert Simpson Co., Limited.

## BEN GREET'S PLAYERS.

Splendid Production of "The Tempest" at the Lyceum.

Ben Greet and his woodland players opened their engagement at Variety under rather unfavorable auspices with Shakespeare's Tempest. In anticipation of real tempestuous effects a large part of the audience stayed off early in the evening, and the turned sulky and became abominably cold, so cold that one was filled with a passionate desire to offer Ariel an overcoat. The Tempest is a play that admirably lends itself to open-air presentation. Next to "As You Like It" and "Midsummer Night's Dream" it gains in the open air. The story of the benign magician Prospero and his enchanted isle tells well under the trees. And Ben Greet knows how to turn every flitting leaf to account until painted scenery seems a tawdry thing. Mr. Greet's Calliban is a characterization that leaves its imprint upon one, but it presents certain regrettable features. The general disorder of the brutish slave's makeup lends some tincture of color to the idea that Caliban frequently varied existing modes of locomotion by walking on his back. No one ever accused Caliban of feppery, but there should surely be some order to his savagery. Stanley Drewitt's Prospero was an eminently satisfactory piece of work. The delightful weather yesterday afternoon, the changing sky, the flitting birds, and the charming setting of the greenery rendered the performance of "The Two Gentlemen of Verona" most engaging. Mr. Greet's company had to re-appear indoors on the last occasion the "Two Gentlemen" was attempted, and the outdoor rendering added to the attraction. The play of "Romeo and Juliet" and "As You Like It" and of "Cymbeline" make this early play of the Bard a most interesting study, but its literary qualities appeal most to the general audience, and Sylvia and Julia (Miss Scott and Miss Rooke) were warmly applauded.

Mlle. D'Zizzi Will Span the Death's Arch at Next Week's Performances in Toronto.

Mlle. D'Zizzi, the French woman who "spans death's arch" on a bicycle with Cole Brothers' circus, made her first American appearance in Toronto some two years ago. At that time she filled her engagement of two days here, and then went to New York, where she repeated her performance, after which she joined Cole Brothers, and after a month's stay left for France. This year she was persuaded to return and her act will be one of the free attractions with the circus at Sunlight Park on Monday and Tuesday next. This intrepid French rider has greatly improved her offering and a striking novelty of her own invention is the result of her work. She was the only woman who successfully "leaped the

Eglington Lodge No. 112, A.O.U.W., will hold a church parade to the Eglington Presbyterian Church on Sunday morning next.

Eglington L.O.L. will celebrate the 12th July at Aurora this year.

The property at the corner of Yonge and Balliol-streets, sold by Robert Dreyfus, has a frontage on the latter street of 125 feet, instead of 25 feet.

The school trustees asserted that the motion will not settle the school question.

Chairman Robinson suggested that instead of building an addition to the Dufferin-street school it would be wise to form a new school section between Earlscourt and Westwood, and thus relieve Hillcrest and Fairbank school. The whole question, however, received a ten minutes' hot discussion, whereafter it was adjourned.

EAST TORONTO.

Council Name Entirely New Board of Park Commissioners.

EAST TORONTO, June 11.—Joseph Smith of York Township was so elated at the victory of the Little York Council that he drove indiscreetly into a crowd of townspeople on Main-street last night, and but for the prompt action of Chief Tidmarsh, a serious accident would have been seriously hurt. This morning he came before Magistrate Jaffa and falling the necessary wherewithal went down for 30 days.

A debate between the first form students of the high school, on the merits and demerits of local opinion, was held.

WESTON.

Weston Ladies Had Enjoyable and Instructive Day.

WESTON, June 11.—The annual meeting of the West York Women's Institute was held in the district hall, Weston, on Tuesday, the 9th inst.

EARLSCOURT.

Turn Down Proposal to Spend Large Sum of Money.

EARLSCOURT, June 11.—Fifty thousand dollars was the modest request of the school trustees of school section No. 13 for providing additional school accommodation for Dovercourt and Earlscourt. This appeal to the taxpayers was the cause of a mass meeting in Dufferin-street School last night under the auspices of the Earlscourt Ratepayers' Association, whose president, W. A. Robinson, occupied the chair. The executive committee recommended that school section No. 13 be divided by the York Township council and the question was threshed out at some length.

CANADA PERMANENT MORTGAGE CORPORATION

HALF-YEARLY DIVIDEND

Notice is hereby given that a dividend of TWO AND ONE-HALF PER CENT. on the Paid-up Capital Stock of this Corporation has been declared for the half year ending 30th June, 1908, and that the same will be payable on and after Thursday, the 2nd day of July next.

The transfer books will be closed from the Fifteenth to the Thirtieth of June, inclusive.

By Order of the Board. GEO. H. SMITH, Secretary.

FOREIGN TRAFFIC FIRMS AT TORONTO EXCHANGE

South American Shares Are Bid Up at Local Market—New York Market Inactive.

World Office, Thursday Evening, June 11. The Toronto market was more active to-day, the result of the operations of the large holders of stocks.

Charles Head wired R. R. Bongard from New York to-day: 'Nobody is doing anything but the traders, and it will be a waiting market until after the Republican convention. Seems no doubt that Taft will be nominated on Wednesday at Richmond, there are ten counts.'

Local Bank Clearings. Clearings of local banks for the week ended to-day, with comparisons: This week \$1,943,300

Reports are still favorable to Amalgamated Copper, Union Pacific, Southern Copper, Northern Pacific and Great Northern, and believe they are destined for much higher prices.

Wall Street Pointers. Copper stocks in London continue to show strength.

Chicago reports traffic on western railroads at low point for the year and improvement in sight except from new crops.

Iron Age says cut in prices is not radical enough and merely recognizes concessions openly made during recent weeks.

Light demand for stocks in loan crowd.

It is understood that the new issue of \$13,000,000 four per cent. debenture bonds of the New York Central will be offered to the public at 91 and interest.

NEW YORK.—It is rumored this morning that the wages of the employees of the United States Steel Corporation will be cut.

It is understood that the meeting of Rep. Iron and Steel Co. directors which was scheduled for to-day to take action on the dividend question will not be held.

KANSAS CITY.—The Kaw River has cut a fifty-foot gap thru the tracks of the Union Pacific at the west approach to the bridge and carried away 1,000,000 railroad ties stored in the railroad yard.

Bradstreet's report of total expenditures building operations in 78 cities for May, \$48,022,316, a decrease of 27 per cent. from May, 1907.

Alton Railroad declared dividend of 1 1/2 cent on the common stock, and a regular semi-annual dividend of two per cent. on the preferred.

Kuhn, Loeb & Co. announce that subscriptions to the Union Pacific 4 per cent. first mortgage and refunding bonds have increased \$27,000,000.

LOCAL POOLS BID PRICES UP.

World Office, Thursday Evening, June 11. It is evidently the intention of the local pools, particularly those affiliated with the foreign ventures, to endeavor to inculcate speculation by advancing prices.

Sheep—Receipts, 2000; market steady; sheep, \$4.75 to \$5.75; lambs, \$4.50 to \$4.70; yearlings, \$5.50 to \$6.

Explanation. Editor World: Would you please explain why you report in your issue of June 10 as being \$6 per cwt., while at King station, on 2 P.M., they paid \$5.75 per cwt. on that date?

Everyday, June 11. The price quoted at the Toronto market is that supplied by William Harris, who says the William Davies Company. It is difficult to get correct prices at this market, as drivers frequently refuse to give the figures they obtain for their shipments.

VERDICT FOR PLAINTIFF. Justice Riddell intimates that New Yorker Must Buy Cobalt Shares.

S. S. Sharpe seems to have won his case, in the non-jury court, Justice Riddell giving a synopsis of judgment in his favor yesterday.

"There is no necessity for counsel to present argument," said the judge, "as I find no misrepresentations, and also find that the plaintiff was honest in all his statements, so I will likely give judgment for him, with an order to defendants to carry out the terms of the contract."

E. D. Armour, counsel for W. J. White, New York, said he would rather argue the case, and his lordship observed that he presented his case, but the judge observed to G. H. Watson, plaintiff's counsel, that he need not talk, as if there were any points he wanted further light upon, he would call upon him.

Jos. Tyrrell, an expert engineer, gave evidence somewhat in favor of Mr. White Wednesday, and in the course of his remarks yesterday the judge observed that he considered his evidence unreliable. Mr. Armour, in his summing up, remarked, that "as your lordship has said that the evidence of Mr. Tyrrell is unreliable, I will not hurt Mr. Tyrrell's feelings any further by attempting to sustain his character."

Sharpe again denied that he had altered the documents after the Whites had signed, adding that both the defendants and the plaintiff were aware of the clause, which had it not been drawn by White the option of withdrawing being May 22 and June 1.

George E. South, a graduate of Sheffield University, said he had been surveying mining properties for thirteen years in England and Canada, and told Mr. Armour that he would advise the purchase of such a property, even if nothing had been found in it because of the valuable properties surrounding it.

Mr. Armour would not say last night what his client would do, but an appeal is likely.

SUPPORT WATER BYLAWS. Council of Board of Trade Urge It on the Ratepayers.

The council of the board of trade yesterday adopted the following resolution: Whereas the importance of pure water to the citizens of Toronto cannot be over-estimated both as a necessity to health and as a commercial asset;

And whereas it has been represented that in England and Canada, a island with a filtering basin located on the outlet at the east, the sewage then to be treated septically before being admitted to the lake—the two at an estimated cost of some \$3,500,000, a sum well within the ability of this city to take care of;

Be it therefore resolved that this council urge upon the citizens and ratepayers of the city the passage of the bylaws, to provide the funds for such improvements, to be submitted on June 27.

THE BELVOIR HERD OF SHORTHORNS WILL BE SOLD June 23rd, at Delaware, Ont. Trains will be met at Komoka, 3 miles, and C. P. R. Caradoc, 4 miles. This is the last of fifty years' connection with the breed. At York Mills I earned my spurs, when under my management 110 head averaged over \$3,000 each. We have the same old blood reinforced by the vigorous Scottish quick maturing sort, and yet retaining the milking and steer-growing propensities pertaining to the old breed that made Ontario famous. We must have beef, but also cream and butter. Come and help to make my last years happy. RICHARD GIBSON, DELAWARE, ONT.

TEACHERS ARE SELECTED FOR TRIP TO BRITAIN. Along—Some Appointments to Technical High School. The management committee of the board of education yesterday recommended that W. J. Wilson, B.A., be appointed head of the technical high school in the place of W. D. Young, B.A., who has resigned, and that Miss Isabel Murray be appointed teacher of domestic science in the school, succeeding Miss MacMillan, who has resigned. The resignations of Miss Esther How, Miss F. G. Hunter and Miss Phillips, teachers in Dufferin, Brockington and Bolton-avenue schools respectively, were accepted. The sub-committee's list of teachers recommended for the trip to England, Scotland and Wales to study the school systems of Great Britain was approved, as was also the sending of Inspector Hughes to England as a representative of the minister of education to make arrangements for the teachers who will leave in August. Dr. Hunter thought that, as Mr. Hughes was given a trip to England last year, Inspector Chapman should go, but Mr. Hughes did not welcome the proposition with enthusiasm. The government had chosen him to go, he said, and the board of education had no authority to appoint anybody else. The following teachers will go to visit the British schools: Miss Semple, supervisor of art; Miss Hily, school principal of domestic science and domestic art; Col. Thompson, supervisor of drill and physical culture; Mr. Rees, supervisor of music; Mr. Richardson, supervisor of manual training; Mr. Armstrong, supervisor of writing and commercial work; Mr. Doan, principal of Dufferin school; Mr. Ward, principal of Church-street school; Mr. Hicke, principal of Queen Victoria school; Mr. Rundle, technical high school; Miss Church, Miss Cullen, Miss Harding, Miss Bristol, Miss Davy, faculty education, Toronto University; Miss Griffin, Wellesley school; Miss Currie, Wellesley school; Miss Delke,

### SUPERANNUATION FUND IN WAY OF CHURCH UNION

Rev. Dr. Griffin Says That Proposals are Quite Impossible—Work of Moral Reform—Methodist Conference Proceedings.

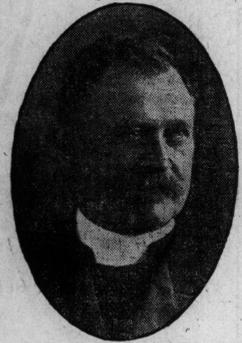

METHODISTS—WITH CUT in the number of members, the two presidents in one day was the unusual experience of the Toronto Methodist Conference yesterday.

Rev. Dr. Solomon Cleaver was elected and received the gavel from Rev. J. C. Spear, the retiring president. In the afternoon, however, he announced that his physician had advised him not to accept the office and the honor was then conferred upon Rev. T. E. Bartley.

"That this conference urge upon the government the unrighteousness of issuing any further liquor licenses in New Ontario," was the substance of a memorial presented by the New List heard conference and referred to the committee on temperance and moral reform.

Dr. J. W. Graham, educational secretary, gave some figures of the educational funds and incidentally hit hard at the Toronto district. Of sums loaned to ministers \$4808 had not been repaid. This did not reflect on Canadian ministers, because most of those failing to make the repayments had gone to the United States. Under the old system of repayment, \$10,643 had been loaned to students; under the new system, \$36,000. In all there was \$52,384 in outstanding notes payable by 325 ministers. During the past year \$228 had been refunded. Altogether last year \$19,650 had been expended, almost double the appropriation, which fact Dr. Graham used to impress upon the conference the necessity of providing work for the probationers, so that they could pay this money back.

The increase of \$28,000 in the appropriation for students had been hopelessly inadequate. They had no right to increase by 50 per cent. the number of students going to college without providing the means of footing the bills. The increase in subscriptions during the past year had been from \$284 to only \$517, when the amount asked for was \$3000. The outstanding feature in this connection was the backsliding

REV. T. E. BARTLEY  
Elected President of Toronto Methodist Conference.

of Toronto district, which had sat back and made no effort to increase the giving for this purpose.

Rev. William Williamson of Hawkestone said that there were already so many special collections that a minister could not appear before his congregation to ask for any more. No minister could ask for special collections 20 out of 32 Sundays.

An Opponent of Church Union. Rev. Dr. Griffin presented the report of the superannuation fund, showing that the permanent fund stood at \$315,900, all well invested, and that a reserve fund had been established for times when the revenue from the permanent fund could not meet the demands.

Dr. Griffin observed that the ardor of the Presbyterian brethren for church union seemed to be cooling down. Instead of being unanimous, as formerly, there was now a strong minority in the assembly opposed to proceeding any further with the negotiations. If there was to be a union there would

have to be a great deal of agonizing over the superannuation fund. The basis proposed by the union committee was absolutely impossible. After he (Dr. Griffin) had expressed his views, no Methodist conference would accept it. He was not fighting union, but was fighting any schemes that would invade the rights of preachers and their widows and orphans. They should not go forward in the dark, nor should they tumble over themselves to have union with the best church on earth if in doing so they destroyed the interests and living of the men who had planted Methodism in this country.

Rev. Dr. J. J. Hare, governor and principal of Ontario Ladies' College, Whitby, reported the most successful year in the history of the college. The income had been \$2000 more than the preceding year, reaching over \$42,000.

The report of the Book and Publishing House was presented by the Rev. J. J. Reddit. In the absence of Dr. Hare, who is at present visiting the conference in the Northwest, Mr. Reddit reported the best year's earnings in the history of the house, which had been doing business since 1828. The year's profits enabled the book committee to grant \$10,000 to the superannuation fund, besides carrying a handsome surplus on the capital account. This magnificent business exceeded in earnings the best in its history by over \$1400. The Sunday school had a record of 325,000 copies for the year above all previous records.

Rev. H. S. Magee, assistant field secretary of temperance and moral reform, explained the works of that department. The best features of the year's work were the improvement in the laws relating to the sale of cigarettes, the promised action of the government in relation to the manufacture of opium in British Columbia, the law allowing municipal councils to refuse licenses to pool rooms, and the advances made in "comp" legislation throughout Canada. In regard to the cigarettes, he said the law should go much further, but who ever saw tobacco legislation proposed, the tobacco trust had a trick of using laws restricting the sale to minors.

"We need to press our influence against the track gambling," declared Mr. Magee. "You know the influence of our university of gambling and that we in Toronto spend more on the race track than we do on our high schools."

As questions in which the committee intended to interest itself, Mr. Magee mentioned the case of the feeble-minded and restriction of child labor.

Ministerial Changes. Rev. F. L. Brown was elected secretary, with Rev. J. Sparling and Rev. C. J. Dobson as assistants. The retiring secretary is Rev. John J. Ferguson; the statistical secretary, Rev. G. Sherlock Parcloth; the letter writer, Rev. G. Agner and G. Balfour, and the official reporter, E. R. Yonge.

The following ministers were reported transferred out of Toronto Conference: Revs. J. B. Freebury, to Alberta Conference; George W. Dewey to London; E. L. Hart to Montreal; H. T. Ferguson to London; William Nixon, Ph.B., to Hamilton; W. E. Galoway to Alberta; John W. Miller to Alberta; Thomas Pickering to Alberta.

The following were reported transferred into this conference: Revs. E. E. Scott, from Montreal Conference; I. B. Walwyn from London; H. W. Locke from London; John Nelson from London; P. P. Price from Newfoundland.

The following were transferred this year into the Toronto Conference: Revs. C. S. Boyd, D.D., from Montreal Conference; J. V. D. Lucas, D.D., from Hamilton; Thomas Mason from London and Rev. Ben. H. Spence from Manitoba.

The following officers were elected by the laymen's association of the Toronto conference: President, F. B. Justin, Brampton; first vice-president, Joseph Tait, Toronto; second vice-president, C. H. C. Funder, Toronto; secretary-treasurer, W. E. Willmott; executive committee, Alex. Mills, K.C., (ex-president), Toronto; H. L. Lovering, Colwater; H. H. Shaver, Cookville; David Graham, Ingleswood; T. H. Keough, H. H. Fudger, Toronto.

At the evening session twenty-four candidates for the ministry were received.

The New President. Rev. T. E. Bartley, the new president, has been twenty years in the Methodist ministry. During that time he has held pastorates at Westmoreland-avenue Church, Toronto; Davistown, Simpson-avenue Church, Toronto; many special collections that a minister could not appear before his congregation to ask for any more. No minister could ask for special collections 20 out of 32 Sundays.

How Emperor Meets New Triple Alliance.

ST. PETERSBURG, June 11.—It was learned here to-day from a competent source that the recent meeting between King Edward and Emperor Nicholas at Reval and the rapprochement between Great Britain, Russia and France has been made the subject of grave representations on the part of Germany, who has met the threatened birth of a new "triple alliance" with a display of the "mallet fist."

Destroyed by mistake is the conclusion of the parliamentary committee investigating the disappearance of the Stanstead, Que., election papers. The British tank steamer Carlbee, from Mantanzas for New York, foundered at sea on June 8. One sailor was drowned.

## Why Disturb Your Bank Account?

Join the Housekeeping Club and Pay for You Goods at Convenience

WE are offering 500 homeowners anything they want in the carpet and curtain department, anything from the furniture department, anything from the wall paper or picture departments at cash prices with time to pay—a most unusual proposition. The other day a gentleman was picking out about two hundred dollars' worth of rugs, and, with his check book ready under his hand on the department manager's desk, paused in the very act of paying for them on the spot. "What would you charge me for these rugs if I were to join the Housefurnishing Club?" demanded he. "Same price exactly," said the manager,—"198." "Yes, but what would the interest amount to at the end of the six months?" "Nothing." "Do you mean to say you charge nothing for the time convenience one way or another?" "Not one cent." "Well," said the somewhat flabbergasted customer, "how much is it to join, what's the entrance fee?" "We make no extra charge to Club members of any kind or at any time," returned the manager. The gentleman put up his check book. "Lead me to it," said he. "I might just as well leave this money in the bank." And he did. He joined the club on purely business principles. Perhaps there are others who can hardly believe that the privileges of this Housefurnishing Club are absolutely free. Come and talk it over with the Secretary, Club Office, Third Floor. You'll find it is exactly as we say.
