# THE EVENING TIMES.

**TOKIO, March 7.—Noon**—It is reported that the Russians are preparing to abandon Mukden and Fushun, and to retreat to Tie Pass.

St. Petersburg, March 7.—1.55 p. m.—All hope that General Kuropatkin will be able to turn defeat into victory is rapidly vanishing. The position of the Russian army has been growing increasingly worse during the last twenty-four hours. The gravest danger is from the Japanese left, which has been pushed northward on the Simlitan road to a point eight miles northwest of Mukden, where it has joined a flanking column from the west.

**Has Retreat Sounded?**  
It is rumored that Kuropatkin has already given the order to retreat and that he is gradually withdrawing his forces from the center, but experts are inclined to believe that he has waited too long. He must fight it out in his present position as it is impossible to extricate him and the remnants of his army.

**Report from Tokio.**  
Tokio, March 7.—All Japan is eagerly watching developments at the great theatre of war in Manchuria. The people are confident that Field Marshal Oyama would defeat General Kuropatkin. The only question considered is the extent and severity of the blow he will inflict, and the effect upon the outcome of the war. It is believed the possession of Mukden and a line on the Hun river is already assured, and many predict even a greater disaster for the Russians.

**Kuropatkin To Move.**  
London, March 7.—The correspondent at St. Petersburg of the Times telegraphically reports today that Kuropatkin will be almost sure to retreat. The greatest fear is that telegraphic communication may be cut off by the Japanese. The public is pessimistic as usual.

**TRAFFIC IS PARALYZED.**

**New York-Subway Employees to the Number of 5,000 Go Out on Strike—Harvest For Surface Cars—No Violence Reported.**

New York, Mar. 7.—A strike by 5,000 employees of the Interborough Rapid Transit Company operating the subway and Manhattan R. R. elevated line in this city, which took effect at 4 o'clock this morning, was one of the most complete in its early stages of any in the history of New York. After the hour set, the train was started with union crews, and the latter quit each train when the terminals of the various lines had been reached.

At that time an effort was begun by the union to have renewed an agreement which was to expire March 1st. The real trouble which resulted in the crisis today began then. The employees declare that the Interborough officials at that time agreed upon a certain schedule to replace the one which was to expire last Wednesday. When Wednesday came, however, the union officials declared that the promise of the officials of the company was violated, that the new schedule was not accepted, and that General Manager Hedley declined to give satisfaction to the committee of the union which called upon him. They say also that when Hedley was made to reach President Belmont in connection with the alleged failure to substitute the new schedule, it was found that Mr. Belmont was out of the city to return indefinitely and that he could not be reached. The employees believed up to yesterday that a strike might be averted if they could reach Mr. Belmont who is president of the National Civic Federation.

## Hope That Kuropatkin Can Achieve a Victory is Rapidly Vanishing—Russian Position Becomes Hourly Worse—Victorious Japs at the Gates of Mukden—A Week of Desperate Fighting and Terrible Losses.

General Kuropatkin will hurl his entire army tomorrow south and southwestward of Mukden and try to break through the Japanese lines. At a preliminary meeting of the war council today (Monday), General Gripenburg was present, and was proposed to send an additional 400,000 men to the east.

**Japan Has Half a Million.**  
London, March 7.—According to a small well informed Japanese correspondent of the Morning Post, a large portion of Japan's new fifth army is engaged in the battle now in progress. The Japanese have outmanned the Russians from an important position on the left centre of the eastern front. The Japanese are also pressing the right centre hard. The Russians have been ordered to retake the position at any cost. There were heavy losses today, on both sides.

**Desperate Fighting.**  
General Rennenkampf's headquarters, Oubenspusa, Monday, March 6.—Events took an unfavorable turn for the Russians this evening. After a day of marked succession of determined attacks, the Japanese ousted the Russians from an important position on the left centre of the eastern front. The Japanese are also pressing the right centre hard. The Russians have been ordered to retake the position at any cost. There were heavy losses today, on both sides.

**He Scores Kuropatkin.**  
Berlin, March 7.—Col Gaedke, who returned from the seat of war last December, writes the Tagblatt today, that the Russian army, which he has seen in person, is in a state of collapse. He expresses a very unfavorable judgment of Kuropatkin's generalship in the present campaign. He says that the Russian army is in a state of collapse, and that the Japanese are pressing the right centre hard.

**Getting Ready To Flee.**  
New Chung, March 7.—Traders arriving here last night reported that the Japanese had captured five miles west of gates of Mukden. Hand-to-hand fighting until daylight followed without any advantage to either side. Traders report that the Russians are being driven back to the city, and that they are preparing to flee.

**EQUITY COURT.**  
Fredericton, March 7.—(Special)—The case of Charles H. Peters plaintiff, against Agricultural Society No. 34, the J. J. McGuffigan Company and the Blue Ribbon Tea Company was taken up in the equity court before Judge Parker here this morning. L. A. Curry, K. C., and W. A. Ewing, appeared for the plaintiff and George W. Allen, K. C., and R. W. McMillan for the defendants.

**SIR WILFRID WITHDRAWS.**  
Ottawa, March 7.—(Special)—The clause which the government has prepared to place in the autonomy bill, which is generally conceded to be a measure of the agricultural society, merely makes section 83 of the B. N. A. act applicable to the provinces, at the time of union, but subject to the school ordinances passed down to date.

**POLICEMEN CENSURED.**  
George Gillette was arrested this morning for drunkenness. The arrest was made by officers Scott and Lee. A citizen who witnessed it told the Times representative that the police were unnecessarily harsh, in the discharge of their duty. The unfortunate man was very drunk, and was handcuffed. The citizen says that the police, instead of using mild measures pulled the prisoner's arms over his head and dragged him through King Square to the station.

**TRAFFIC IS PARALYZED.**  
The ferry department is being deluged with circulars and samples of prepared foods, all of which are guaranteed to be just what Hun Lung needs to feed her boiler.

**A GOOD SUGGESTION.**  
At a meeting of the Hon Club last evening Mr. Binks delivered an earnest address on the need of more work on the streets. He said he was moved to consideration of the subject while walking along Coburg street yesterday. He suggested that the mayor slip on a "hog's back" and fall. Mr. Binks rushed to the aid of the mayor, and he was followed by a large number of citizens.

**THE TIMES NEW REPORTER.**  
The Times New Reporter is a weekly publication which is published in St. John, N. B. It is a very interesting and informative paper, and is well worth a read.

**TRAFFIC IS PARALYZED.**  
The subway strike has caused a great deal of inconvenience to the public. The surface cars are being used to make up for the loss of the subway, but this is not a very satisfactory arrangement. The public is suffering from the lack of transportation, and the city is being paralyzed.

**MUKDEN, March 7.—4.10 a. m.**—The battle around Mukden was renewed at daybreak. The artillery fire is becoming very heavy.

**Prominent Men Arrested.**  
Lodz, Mar. 7.—The police have arrested a dozen prominent lawyers and doctors on the charge that they had been stirring up the police against agitation in the schools.

**Whipped the Servants.**  
Warsaw, Mar. 7.—The strike of house servants here suddenly collapsed today. This is attributed to the action of the police who have severely whipped domestic, and the others, forcing similar treatment upon the strike.

**Strike Resumed.**  
St. Petersburg, March 7.—3.40 a. m.—The strike was resumed this morning at the Futloff, Gubukoff, and several other works, and in some extensive though not general. The men employed by American Westinghouse company are also out but they have manifested the best of feeling towards the management saying that only the refusal of the government to grant the demands of the workers regarding the Subbotnik concession commission had compelled them to strike.

**Strike at Vilna.**  
Vilna, March 7.—Again a strike has been inaugurated here. No newspapers will appear today. All shops have been closed. Troops are controlling the streets.

**After Vladimir.**  
St. Petersburg, March 7.—3.40 a. m.—Grand Duke Vladimir, it is reported, has again been picked for assassination. In one of the papers contained in the Imperial receipt, issued March 3, on account of the receipt recently of several warnings and terrorist threats, the names of the grand dukes and princesses have been doubled, and it is believed to be a general warning to the honor and glory of Russia, with all their might, not being discouraged by strokes of fate, but always laboring faithfully in the service of the fatherland, and the emperor to whom he is bound by a sacred duty. He is urged to be armed with a loyal resolve.

**The Czar Speaks.**  
St. Petersburg, March 7.—One hundred and eighteen naval cadets, and thirty-two pupils of the naval engineering schools, who have been promoted to be officers, presented themselves yesterday at Tsarskoe Selo. The emperor in an address, congratulated the young officers, particularly those who were promoted to the rank of lieutenant, and expressed his confidence in their ability to serve the fatherland, and the emperor to whom he is bound by a sacred duty.

Carleton Electric Light Purchase Thrown Out by Council.

A HOT SESSION.

Ald. Christie Leads a Sharp Debate on the Ferry, Carleton Lighting and Other Questions.

At the monthly meeting of the common council held yesterday the agreement for the purchase of the Carleton Electric Light Plant was put back for reconsideration. The water bill was sent to a general committee which will meet today. The reports of the boards were adopted. The appointment of a building inspector was postponed until an adjourned meeting this afternoon. The council decided, by unanimous resolution, to open up correspondence with the government relative to nationalizing the port of other ways increasing the harbor facilities. The mayor occupied the chair, and the full council was present with the exception of Ald. McDermick.

THE BARR COLONY.

KNOWN IN ST. JOHN.

Asserts That Religious Intolerance Is Fostered and Ridiculous Glowing Reports Sent Out from Lloydminster.

It is a very few, and there is no doubt there would have been considerably more, but for the persistent efforts of certain persons here who claim to have authority (which authority is denied by the general public), to keep this part of the Northwest a purely English settlement. In the next paragraph, a reference is made to the work of the English church in the colony. It would naturally be supposed by anyone reading this, who was unacquainted with the facts of the case, that 99 per cent. of the people here, belonging to this church. This is a natural mistake, for a person to fall into, as the English church has been steadily and persistently humiliated by the so-called successors to Mr. Barr, and although Mr. Barr stated that this was entirely an undenominational movement, members of the English church have been particularly invited to come here, and no reference has been made to the existence of any other denomination whatever. Allow me humbly to suggest that it is possible for a Methodist, a Presbyterian, or a Baptist, to make just as good a settler as a member of the English church.

GRIP'S GREATEST FOE.

A Scientific Method of Mastering the Grip.

MAKE A MEMO.

Make a memo of the fact that there is only one safe and certain way to deal with Mr. Grip. Soak him. Do it with Stuart's Catarrh Tablets. You say: "What has Catarrh to do with Grip?" Why, Grip is Catarrh, nothing else. Catarrh attacks in numberless different forms. One of its worst forms is Grip. Grip's greatest foe is Stuart's Catarrh Tablets, because Stuart's Catarrh Tablets can be relied upon to do Grip the greatest damage of any remedy or medicine you can take. They are much superior to opium or any of the old unscientific methods of dealing with the disease, because it is quick, and Stuart's Catarrh Tablets are a pure and simple scientific combination of germicidal and tonic ingredients which have a positive specific effect upon every form of Catarrhal inflammation in the bowels, including the bladder. Grip is a fearful disease. Not so much in its own particular symptoms, because these are not so bad, but because of the fact that the after-effects are lingering and dangerous. Grip pulls you down, so you feel weak and miserable for months. The only medicine that will build you up is Stuart's Catarrh Tablets. Grip weakens the heart, kidneys and lungs. Thousands of deaths from Heart Disease, Bright's Disease, Pneumonia, Consumption, are directly due to the weakening results of the Grip. The only medicine that will prevent the Grip from developing into these direful diseases is Stuart's Catarrh Tablets. Better take them. Stuart's Catarrh Tablets succeed in curing, and in preventing the dangerous after-effects of the Grip, for one great and sufficient reason: They are not a general tonic remedy. They are a scientific specific for just this one form of disease, Catarrhal inflammation of the mucous membranes. They are a curative, not a palliative. Beware of the deadly grip of the Grip. Get it off with Stuart's Catarrh Tablets. Sold at all chemists and druggists at 50 cents per package. Write for short scientific treatise on Catarrh, to F. A. Stuart Co., London.

COMMUNE BONUM.

AFTER STANDARD OIL.

WHY SMITH'S TRIPLE CURE CURES DYSPEPSIA AND CATARRH.

There is a matter to which we should be called on to reply as is consistent with thoroughness. The report of Commissioner Gardiner will be made direct to President Roosevelt. Whether it will be made public will be within the discretion of the chief executive, depending on the facts of the situation. It is not necessary to state that the report of the committee on the work of the trust, and if it has been signed in accordance with the law, it is not a common carrier under the law and it cannot be compelled to carry oil from any given field unless the producers agree to its terms. The oil trust maintains that it has conducted its business in perfect regard to recognized business principles, and is therefore perfectly willing to have the government interfere as it may desire into its methods of doing business. Commissioner Gardiner will go to Kansas and perhaps to other oil fields in the conduct of his inquiry.
