Constitutional Democrats Join Forces With Kerensky

Are Represented in New Cabinet Now Practically Completed One Member Lately Released from Penitentiary; Russian General to be Executed for Not Shooting Deserters; Kronstadt Hostile to Military Commission; New Corps of Women Scouts

London, Aug. 6.—The following review of the situation in Petrograd has been received from the Reuter correspondent in the Russian capital: "All cabinet ministers have placed their resignations in the hands of Premier Kerensky in order to facilitate the formation of a new cabinet. Premier Kerensky has had conferences with George Plekhanoff and Prince Kropotkin, returned earlier. The New Cabinet Petrograd, Aug. 6.—M. Kerensky's cabinet is practically complete, the constitutional democrats have agreed to participate and the list of members who will form the new ministry has been agreed on, but as regards several portfolios the choice is not definite as the candidates are absent from Petrograd. Following are the names of the new ministers: Premier, minister of war and marine—Alexander F. Kerensky. Vice-premier and minister of finance—N. V. Nekrasoff. Minister of foreign affairs—M. I. Tseretnikov. Minister of interior—M. Aksenitoff. Minister of justice—M. Yefremoff. Procurator of holy synod—M. Kartashoff. Minister of communications—M. Takhtamishoff.

COUNCIL TALKS OF COAL SUPPLY

But Winter Fuel is No Nearer The Coal Bins

STREET MATTERS CONSIDERED

Concrete Sidewalks For Clarendon Street Authorized—Bend Issue to Pay City's Portion of Cost

At a meeting of the common council, which took place at noon today, a further discussion took place regarding the coal situation and the possibility of the city securing a large quantity for local distribution. Mayor Hayes said that there was an impression about the city that the government would furnish tonnage, but that there were not any facilities or wharf accommodation for large steamers. He then read some correspondence which he had with firms, but no definite information was furnished. Commissioner Russell said it was ridiculous to say that the city could not furnish wharf accommodation. He said that he could furnish two wharves and warehouses for the discharge and storage of a large quantity of coal, and both were suitable for such a purpose. With reference to the furnishing of tonnage, Commissioner McLellan said he did not put much faith in any promise of the government. He spoke of the situation in St. John today and compared with former years. He said he felt that the best way to get definite information regarding the matter was to send some reliable person to get the information. He considered it best for people to freeze to death as to starve. A communication was read by Mayor Hayes from W. F. O'Connor, acting commissioner, re the cost of living, asking for particulars regarding prices paid here for butter, eggs, cheese and meat. The matter was left in the hands of the mayor who will acquire the information and have it forwarded to Ottawa. A communication was then read by Commissioner Fisher asking that the city accept a security bond in place of the cash deposit for the pavement laid down in Main street. They also desired the period to be changed from five to three years. Commissioner Fisher was not in favor of changing the period, as he felt it would be establishing a precedent. On motion Commissioner Russell the matter was left over until Tuesday's meeting. Commissioner Fisher also read a communication from Roy A. Davidson, who asked compensation on behalf of a client, James R. McLeod, who owns a piece of property in Chesley street, and on which the city has placed a number of concrete sidewalks. Commissioner Fisher said he had a letter ready to send to Mr. Davidson saying that he would remove the props if they are injuring the property. On suggestion of Mayor Hayes the matter will be taken up with the city solicitor. With reference to placing concrete sidewalks in Clarendon street some discussion took place. The property owners had promised to pay half the cost Commissioner Russell said he would move that they be laid. Commissioner McLellan seconded the motion and said that whenever a citizen desired permanent work of that nature it should be done, providing they were willing to bear a share of the expense. Commissioner Fisher said he was in favor of putting down concrete sidewalks and was pleased to see citizens taking such an interest in their city. He felt, however, that the work should be left until after the war. Commissioner McLellan said he did not think they had any right to walk through mud and slush just because of the war and, considering the work was small and the fact that the property owners had come forward and offered to pay a share in the expense, he thought that the work should be proceeded with immediately. Commissioner Fisher did not know where the money was coming from to do the work, so Commissioner Russell embodied in his motion that it be secured by bond issue. The motion was adopted.

POLICE ACTIVITIES

No court was held today up to 2:30 o'clock this afternoon. The magistrate, who spent the week-end out of the city, was expected home this afternoon and court will be held later on. The police sheet showed considerable activity on the part of the police, especially in respect to the rounding up of juveniles, many of whom are held responsible for petty thefts that have taken place around the city and which have been reported to the local detective department. Two boys aged thirteen years were arrested yesterday by Policemen Merrick and Gorman for entering the store of James Murphy in Main street. The boys had succeeded in breaking into the premises but were caught red-handed by Mr. Murphy who was in the store at the time. Another juvenile aged fourteen was taken into custody by Acting Sergeant McFarlane and Policemen Gregg and Thomas Robinson's barn in Cedar street and also for having a key of a mail box in his possession. It is also alleged that the youth has been opening mail boxes and taking letters therefrom. This latter is a very serious charge. One man was arrested on Saturday for drunkenness and also for acting dis-

gracefully in an office in the train shed. He left a deposit of \$8. Another boy was arrested at an early hour on Sunday morning for wandering about Bridge street and not satisfying the police with his answers. He was sent back to the Protestant Orphan's Home from which he ran away. Robert W. Goddard and Catherine Malone, both under twenty years of age, were placed under arrest by Detectives Duncan and Briggs in a house in Germain street yesterday and will answer a serious charge in court this afternoon. It is said that the woman is married and her husband is at the front. The police say that the pair have been living as man and wife.

WAR BRIEFS OVER THE BROKERAGE WARS

New York, Aug. 6.—The Railroads war board reports an increase of 16 per cent in efficiency with no increase in equipment until under control. Kerensky returns to Petrograd and withdraws resignation as premier. Washington reports navy department has abandoned plan of extensive building of submarine chasers. Russians in new ground capture five hundred Austrians. Canadians gain attack near Lens. Michaels says Germany aims at "strong peace." Press today will outline industries board's general policy of price fixing for U. S. and Allies.

VICTIMS OF LONDON AIR RAID INCLUDE ONE BOY HERO

Little Willie, aged nine, with his two sisters, Violet, aged two, and Christina, aged seven, being carefully tended in hospital. They were only slightly hurt as Willie had the presence of mind to push his two sisters under the sofa, thus saving them from falling debris when their home was struck. Unfortunately his father was killed and his mother injured.

UNITED STATES MUST CONTRIBUTE

Paris, Aug. 6.—The Journal Des Debats in a prominent review of finance yesterday, calls attention that it is America's imperative duty to recognize obligations toward France which it cannot escape and that it must open credits to the allies as large as may be required, without which they cannot continue the war. The article points out that the status of the United States is different now that she is in the war and says that it must not expect the same surpluses as when her standing was on a private basis.

BUT WHEN?

THREE HUNDRED KILLED; DAMAGE WAS ENORMOUS

Worst Disaster of Kind in Germany Since War

SOME GERMAN REPORTS

London, Aug. 6.—According to reports received from the German frontier by the correspondent at Amsterdam, of the Exchange Telegraph Company, the explosion at Henningsdorf was one of the worst catastrophes of its kind that has happened in Germany since the war began. A munition factory was wiped out, 300 people were killed or injured and enormous damage was done. Henningsdorf had been isolated by troops and police. Claim Advances. Berlin, Aug. 6, via London.—The supplementary official communication issued this evening says: "The situation in Flanders is unchanged. In Bukovina, both on the plain and in the mountains, there have been successful advances by the allied (Teutonic) troops. This Submarine Losses. Berlin, via London, Aug. 6.—It is official dispatch declared that contrary to rumors of overwhelming losses in submarines the monthly average is little more than three underwater boats lost during the period from February 1 to August, while the monthly increase in submarine tonnage constructed is many times larger. New Food Dictator. Copenhagen, Aug. 6.—Herr Von Walden, high minister of Pomerania, according to the Berlin Vossische Zeitung, has been designated as successor to Adolph Von Ratschki, as president of the German food regulation board, or "food dictator," as that post is commonly known. In the Dnes Zetvna, Count Von Rentier continues his attacks upon Dr. Richard Von Kuhlman, who is mentioned as a successor to Dr. Alfred Zimmermann, as head of the German foreign office, characterizing Dr. Von Kuhlman, as an anglophile in sentiment, an opponent of submarine warfare and a partisan of the former chancellor, Dr. Von Bethmann-Hollweg. Neutrals Leave. Berlin, via London, Aug. 6.—Neutrals desiring to leave Germany are now advised to file their applications at least four weeks in advance, as police permits to leave the country cannot be issued until the military authorities have acted on each individual application. Three thousand such applications from neutrals were recently on file in Berlin alone, and the action on each individual request invariably consumes from three to four weeks.

MEATLESS LUNCHEONS FOR THE ROTARY CLUB

The Rotary Club today had a vegetable luncheon, without meat or fish, and decided to do the same for the next six weeks at least. Everybody was highly pleased with today's banquet, and the club decided to set a good example. W. S. Fisher, owing to lameness, was not able to attend and give his address to the club. President Ginter called on several members. E. A. Schofield commended the use of vegetables. Mr. Currie and A. M. Belding spoke briefly on Rotary and the former told of an interesting motor-tour, declaring that nowhere else could such scenery be found as in New Brunswick. R. E. Armstrong told of the food control meeting at Ottawa and said he hoped the club would be his in up in his work as a member of the food control committee. T. H. Estabrook emphasized the need of conserving food that could be exported, and moved for the vegetable luncheons. This was seconded by Mr. Belding and unanimously carried. Mr. Currie of Sookatoon and Mr. Gordon of Moncton were introduced and expressed the hope their towns would soon have Rotary Clubs.

THREE KILLED IN RY. COLLISION

Milwaukee, Wis., Aug. 6.—Three men were killed and three seriously injured when two passenger trains collided head-on on the elevated tracks on Chicago, Milwaukee and St. Paul Railroad in the southern section of the city this morning.

GERMAN ATTACK ON BRITISH REPULSED

Attempts at Hollebeke and West-Hoek Prove Unsuccessful—Violent Artillery Action on French Front—Enemy Cannonades Serbian Front But Infantry Does Not Attack

London, Aug. 6.—German forces last night attacked the new British line in the neighborhood of Hollebeke on the Belgian front but they were repulsed, according to the official report received by the war office today from Gen. Haig. A German attack on the British positions at West-Hoek also was unsuccessful. The text of the statement reads: "Early last night the enemy attacked in the neighborhood of Hollebeke. He was driven off before reaching our lines. An attack made under cover of a heavy barrage against our positions at West-Hoek was equally unsuccessful. A German raiding party was repulsed during the night east of Epehy."

ON THE FRENCH FRONT

Paris, Aug. 5, delayed.—The official statement issued by the war office tonight says: "There has been no infantry action in Belgium. Our patrols continued their activity in advance of our lines and brought back two machine guns. On the remainder of the front, the artillery action was intermittent, and quite violent toward Laroyere farm and in the sector of Croonss and Champeaux and in the region of the Meuse. Belgian communication. The artillery activity was quite intense during the night. The enemy bombarded certain of our advanced posts and our communications. The day was fairly quiet. We executed a destructive fire on a number of enemy batteries. Army of the east, Aug. 4.—The enemy heavily cannonaded our positions on the Serbian front and between the Ocheva and Precha. Less than an hour did not attack. The British aviators bombarded enemy encampments at Demst-Hassat. In Honor of Anniversary. Rome, Aug. 6.—The municipal council has decided to order the name of the "Street of the Quirinal" to the "Street of the Twenty-Fourth of May," in commemoration of the Italian declaration of war. Him Almsmen Interned. Amsterdam, Aug. 6.—A German aeroplane landed today on the island of Ameland on account of motor trouble. The occupants of the machine were interned. Ameland is off the coast of Rriesland in the North Sea. It belongs to the Netherlands. Spain's Attitude. Madrid, Aug. 6.—The Epoca, a government organ, protests against the comments of the pro-German press regarding the internment of the German submarine U-B 28, which arrived at Corpuena seriously damaged and was taken to Ferrol. The Epoca points out that the German government itself has made no protest. Replying to one paper, which contended the internment decree is contrary to the Hague, the Epoca replies that the convention left neutrals the right to legislate on certain points including the question of submarines. It is explained also that Spain is not first neutral to exercise this right, Holland having taken an analogous step. OFFICERS DETERMINED BUT MEN ARE WEARY. New York, Aug. 6.—The Herald today has the following cable from Paris dated Sunday:—"The Madras" correspondent at the front telegraphs:—"The Germans have made up their minds to retake their last second line at all costs. Even the Crown Prince could not have thrown away more men than now are being sacrificed around Ypres. On Wednesday night two divisions were deliberately hurled forward to regain a redoubt and the only result was the enormous losses indicated. "That the Germans are weary of battle is confirmed by an order found on a prisoner, saying, 'I learn that many men are leaving their posts without orders on plea of illness. Company commanders must see that this does not occur. They must keep up the morale of the men.' "An amusing incident occurred on Tuesday. It was necessary to destroy a machine gun position at the point of junction of the Allied armies. Mixed detachments of French and British were sent there. They accomplished their mission and took prisoners. Each side insisted that the other have the honor of taking back the captives. Finally they played cards to decide the matter. The Petit Parisien's correspondent says:—"The Germans are bombarding the new British positions incessantly, apparently preparing to launch a counter-attack to recover at least part of their second line. While massing his men, Prince Rupprecht is trying, by ceaseless shelling, to delay British operations against this barrier. For he has only second-rate defences beyond."

DECLARATION OF WAR BY CHINA IS APPROVED

Expected To Be Issued By Next Week

PRESIDENTIAL SITUATION

Li Yuan Hung Refuses to Reconsider Retirement—Vice-President's Succession Now Accepted by Parliamentarians

Peking, Aug. 2 (delayed).—Acting President Feng Kwo Chang today approved the unanimous decision reached at a special meeting of the Chinese cabinet to declare war on Germany and Austria-Hungary. The ministers of the cabinet probably will meet at the Chinese foreign office on Saturday to discuss China's declaration of war, which is expected to be issued next week. Prominent Germans in Peking are conferring with the Dutch minister to arrange to go to Java. The Spanish minister probably will take over the interests of Austria-Hungary. Premier Tuan Chi Jui and his political followers insist that Feng Kwo Chang automatically become president when Li Yuan Hung declines to resume office. Parliamentarians are assembling at Canton, and are preparing to organize a military government with the sanction of parliament and to elect a president. Acting President Feng Kwo Chang has asked for liberal appropriations to be used in suppressing the southern military elements. Li Yuan Hung, the former president, who has been in the French hospital since the time of the recent crisis, left the hospital today and returned to his private residence in the Chinese city. Acting Premier Feng Kwo Chang, who arrived in Peking today, called upon Li Yuan Hung after the latter reached his home and urged him to resume the presidency. Li Yuan Hung declined, however, to comply with the request of the acting president, expressing the desire to retire permanently from public life. His hope was, he said, that Feng Kwo Chang would have a successful administration.

TOTAL DEATHS NOW THIRTY-ONE

Believed Score More Have Perished in Kentucky Mining Disaster—Rescue Work Delayed

Clay, Ky., Aug. 6.—The death list from the explosion here Saturday in the South entry of No. 7 mine of the west Kentucky Coal Company, had last night mounted to thirty-one, according to information supplied by the vice-president. Damage to the fan-house by fire, which followed the explosion, forced the shutting down of the ventilation machinery for repairs yesterday, and halted the work of clearing the mine. From fifteen to twenty men were still in the workings last night. Little hope is entertained that any of them will be found alive.

JOHN O'DONNELL, A VETERAN OF TWO WARS, HOME AGAIN

Pte. John O'Donnell, of 884 Main street, arrived home this morning after an absence of over two years during which time he served with the Canadian forces in France. He is badly crippled, as the result of an injury sustained near Vimy Ridge and is home for further treatment. Private O'Donnell left here with the 1st Divisional Signalling Corps under Major Powers and, shortly after his arrival in England, proceeded to France where he served for twenty-two months. He went through the big drives at the Somme and at Ypres without being hit, but near Vimy Ridge, during a heavy bombardment, a horse on which he was riding fell and his left leg got caught under it and was badly crushed about the ankle and knee. This occurred last November and since that time he has been in various hospitals in England receiving treatment. He acknowledged that he must have borne a charmed life for he was in the thick of the fight during his long service in France, and although hundreds of comrades fell on all sides of him he never received so much as a scratch. At Ypres during one of the big engagements he was slightly gassed, but did not inhale enough of the poison to "place him hors de combat. While in France, Private O'Donnell said he frequently met St. John boys and whenever he had a chance he always stopped for a moment to have a couple of words with them. He said it was a treat to meet a boy from one's home town. While in Ramsgate, England, enemy torpedo boats shelled the town and for a while the place, he said, resembled the battle fields of France. He also was in London when a large Zeppelin was brought down by English aviators. Private O'Donnell is a veteran of the South Africa war.

Pte. T. P. Goodspeed, 170 Millidge avenue, was advised this morning from Ottawa that his son, Private Thomas Patrick, a member of a local infantry battalion had been wounded on July 21. No further particulars were given. Private Goodspeed is only nineteen years old and prior to going overseas was in the employ of the St. John Globe Publishing Company.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service. Toronto, Aug. 6.—Rain has fallen heavily in many parts of the maritime provinces and local thunder storms have occurred in Ontario. Elsewhere the weather has been fair. Ottawa Valley.—Moderate westerly winds, a few local showers today; fair and comparatively cool tonight and on Tuesday. Showers. Maritime.—Moderate to fresh variable winds, mostly cloudy with showers in some localities today and on Tuesday.

THE FOURTH YEAR.

Whether in St. John or London, or wherever in the British Empire public sentiment was authoritatively expressed on Saturday, the beginning of the fourth year of the war, there was but one determination—to fight to a finish.

It will be noted that in the speech of Mr. Lloyd-George and others there is no prediction of a speedy end of the war. Lord Robert Cecil tersely says "the path to freedom lies through the German lines," but those lines are still unbroken.

Saturday's great out-door meeting in St. John was an impressive demonstration. With the lieutenant governor and mayor were representatives of the two great political parties, and they were of one mind in relation to the duty of Canada.

THE "STAR OF DESTINY"

The president of the Anti-Suffrage movement in the United States, who is the wife of a senator and the daughter of a former secretary of state, has issued a statement in which she describes the feminine vote as an "uncertain and inflammable element."

Let us examine this statement. What is politics, that women should avoid its snares? It is "the administration of public affairs in the interests of peace, prosperity and safety of the state."

If woman's star of destiny has no light for this field of human effort, it might as well be one of those stars which are not only not visible to the human eye, but have not yet been discovered by the telescope.

The Canadians are gradually closing in on Lens. It should soon be in their hands.

MAKE THEM WORK

Bradstreet's makes these very proper remarks on the subject of national service in the United States: "Every able-bodied person should work in some way. A few of the states have already placed a penalty upon idleness."

As the Times has already pointed out, the state of Maryland has passed an act compelling the registration of all males between certain ages, and providing that all of them must engage in some useful occupation.

The Moncton Times pays this tribute to the roads in that section: "Under the genial influence of the hot sun the country roads around Moncton are improving rapidly. An auto yesterday traveled to Shediac via the Painsec road, so-called, in fifty-five minutes, and returned via the Shediac road in fifty minutes."

A London cable says: "Lord Rhonda, the food controller, outlining today the policy he intends to follow to regulate the food prices and eliminate profiteering, said he intended to fix the prices of commodities of prime necessity over which he could obtain effective control at all stages, from the producer to the consumer."

Mr. James H. Corbett testified on Saturday that Mr. W. B. Tennant told him if he would reduce his Valley Railway tender to \$30,000 he could have the contract. Mr. Corbett adds that there was some mention of \$50,000 but he recalled "nothing doing."

Premier Kerensky of Russia has withdrawn his resignation, and has been heartily endorsed by the great conference in the Winter Palace. Foreign Minister Terechenko declares that peace is inconceivable, and that Russia must prepare to fight through the coming winter.

The Standard's attempts to be a non-partisan newspaper are exciting much interest. It is an apparently hopeless struggle.

"At first the call was for men, munitions, and money," says Food Controller Hanna. "Now the cry is for men, munitions and food."

Behind the Bars. "How long are you in for?" asked the new convict. "Six months," was the reply. "I see. Just doing your little bit, eh?"

Eight Liberals Vote For Conscription In The Senate

Ottawa, Aug. 4.—The military service bill received a second reading in the senate this morning at 1.30 o'clock by a majority of 29. The vote stood for, 54; against, 25. There were two votes, first being on the amendment of Senator Beaulieu, that there should be an election before the enforcement of the measure.

The majority on the main motion was unexpectedly large, eight Liberals, including the Liberal leader, Senator Bostock, voting with the government. The majority was a great surprise, as it was not anticipated that there would be any Liberal bolters.

Two Conservative senators voted against conscription, Senators Landry and Montplaisir. These two, along with Senator Beaulieu, or three in all, voted for Senator Bostock's amendment. Senator Beaulieu on the main motion voted for the bill.

Election Necessary, Says Premier Borden

Ottawa, Aug. 4.—(Canadian Press)—Sir Robert Borden, today received the delegation which presented the resolution of the win-the-war convention, in Toronto. They asked for national government, and for an extension of parliament, without an election.

The Allies, including Great Britain, France and Belgium need 460,000,000 bushels of imported wheat. North America will have to supply it.

ANNIVERSARY OF GREAT WAR

Patriotic Resolution Adopted at Public Gathering

SERVICES IN THE CHURCHES City Honors Memory of Those Who Have Fallen and Presents Certificates to Returned Soldiers; Prominent Speakers in King Square

That on this the third anniversary of the declaration of a righteous war, this meeting of the citizens of St. John records its indelible determination to continue to a victorious end the struggle in maintenance of those ideals of Liberty and Justice which are the common and sacred cause of the Allies.

The day could not have been better for the purpose, and large crowds gathered at the celebration as a result, a half-holiday had been proclaimed by Mayor Hayes in honor of the occasion. The chief interest centered along the line of marching of the 246 returned under the command of Lieut. Colonel McAvilly, O. C. of the original 29th. They marched in at the European War Veterans' rooms, 208 Union street at 1:30 p.m., and formed up in two parties, each accompanied by a band.

Clay, Ky., Aug. 4.—Two hundred miners are entombed in mine No. 7 of the West Kentucky Coal Company here, as a result of an explosion of gas this morning.

The Waste of War is terrible, but the waste of food in times of peace is colossal. Rich and poor alike eat tons of food that has little food value—and this useless food breaks down the so-called eliminating organs and depletes the physical and mental powers.

SEVENTY-TWO YEARS IN BED

Experience of an Englishwoman Disappointed in Love

From London comes the story of a woman who has just died at the age of seventy-four years after spending seventy-two years in bed.

Horlick's Malted Milk Safe Milk For Infants and Invalids A Nutritious Diet for All Ages. Keep Horlick's Always on Hand. Quick Lunch; Home or Office.

force of habit, and in all probability she had forgotten more than half century ago why she took to her bed in the first place. This curious case illustrates the force of habit rather than the power of will.

WOMEN! MOTHERS! DAUGHTERS! You who tire easily, are pale, nervous, irritable, who are subject to fits of melancholy or the blues, get your blood examined for iron deficiency.

have his hair cut until Tom, Dick or Harry is elected president of the United States. The rational point of this, of course, is that the best thing to do with foolish vows is to break them, and the sooner the better.

—handing me back that same bill. "If you'll put this with that \$346 you'll have \$592, and that's a nice even amount. Now, if you'll put that in the bank, in three months it will have earned \$5.92 more, and surely in the meantime you can scrape together \$44.60 and then you'll have an even \$600 instead of \$592."

A LESSON IN THRIFT. It Shows Why Some Get Rich and Others Stay Poor. When an old uncle of mine died and left me a little bequest of \$546, my first impulse was to "even it off" and if it hadn't been for an old friend of my father's I think I would have succeeded in neatly paring it down to zero.

"Of course, you don't have to do it if you don't want to; but I have noticed," he went on thoughtfully, "that this business of having a little by you is pretty much a matter of the way your mind works. Some people always want to vent things off in money matters, others want to even them up. And once you get started at it, thinking up isn't much harder than thinking down. For instance, if I showed you thirteen cents, you might say, 'I can spend three cents for popcorn and then I'll have a dime; or you could say, if I put two cents with that I'll have fifteen cents.' It's the downhill people, the people who follow the path of least resistance, the people who slice off a little, who never get anywhere in life.—American Magazine.

Canadians Advance On Lens With Little Loss

British Headquarters in France and Belgium, Aug 5.—The Canadians last night made an advance on a front of a thousand yards to a depth of 200 yards towards Lens, and consolidated the new position. The Germans delivered a heavy counter-attack at 5 o'clock this morning in the neighborhood of Hollebeke but were repulsed by the British. The French have advanced beyond Bixschoute and at Korteeke Cabaret, following up last Tuesday's gains. Canadian Headquarters in France, via London, Aug. 5.—(By Stewart Lyon, Special Correspondent of the Canadian Press)—Another forward movement to the southwest of Lens has been made with a minimum of loss. For the best part of two weeks in the Cite Du Molin our patrols and those of the enemy have been living an uneasy life almost side by side, with only a few tumbledown walls by them. Yesterday (Saturday) afternoon small attacking parties set out from that part of the Cite Du Molin already in our hands and drove in the enemy's patrols along a front of over a thousand yards. The Germans, for the most part, scuttled back toward Lens, but a number were caught under our fire and killed. A new outpost line was established and prepared for a counter-attack. No counter-attack has been made up to the time of filing this despatch. This advance carries the Canadians well within a thousand yards of the centre of Lens, on the western front of the city. At Avion and Leauvette, on the south front, our outposts are now about a mile from the centre, and in the northwest sector, opposite St. Laurent, our line is a scant fifteen hundred yards from the heart of Lens. The net is fast closing.

Pte. W. J. Smith Wounded Again

Miss Kathleen Smith, 249 Charlotte street, received word from Ottawa Saturday morning that her brother, Pte. Wilfred Joyce Smith, had been wounded, but remained on duty, July 14, with gunshot wound. This is the third time for Pte. Smith to be wounded. He is nineteen years of age and has been on the firing line since December. He is a son of George Smith of Young's Cove. His brother, Thomas, is also at the front with a famous New Brunswick unit. Siege Battery Away The boys of the Ninth Siege Battery left again this morning for New River and will camp at about the same spot as before. The signallers need to take more extensive work than is possible on Partridge Island. The remainder of the battery will also go along under Major Wetmore and all the officers. Their stay will be for a rather longer time than before. It is expected to be in camp for eight or ten days at least. The party will consist of about 100 men, besides the officers.

Casualties INFANTRY. Killed in Action. P. A. Gould, Cape Bald (N. B.) E. C. Turner, Bay Verte (N. B.) F. J. McNamara, Cowle Creek (N. B.) Corporal M. Grant, Brantford (N. B.) ARTILLERY. Wounded. Border Veterans Organize St. Stephen, Aug. 5.—A branch of the War Veterans' Association has been organized in St. Stephen with fifteen charter members. E. V. Sullivan, M.D., was elected president; Harry Warder, vice-president, and Ross Anderson, secretary-treasurer. The board of governors is composed of Lieut.-Gov. Ganong, A. Wells Fraser and John W. Scovill.

ECZEMA Has Stayed Cured For 15 YEARS. THE Ketchesons are well known as pioneer settlers of Hastings County and none of them probably has a wider acquaintance than Mr. W. D. Ketcheson, who was formerly Division Court Bailiff of the Trenton Court, and is now living at 178 Front street, Belleville, Ont. Over fifteen years ago Mr. Ketcheson was cured of an extremely severe case of eczema and everything I could hear of in vain. Reading about Dr. Chase's Ointment, I purchased it at once, and was soon completely cured. That was fifteen years ago, so there can be no doubt of the cure being a permanent one. I have met a great many people who have been cured by Dr. Chase's Ointment. In this year of 1917 Mr. Ketcheson again confirms his cure, and expresses his wishes that others may benefit by his experience. Refuse to accept substitutes. Dr Chase's Ointment

TENNANT SAW CORBETT, TOO

Assured Him That He Could Have Contract

\$50,000 PAYMENT MENTIONED

"Nothing Doing" Said Mr. Corbett to Reduce His Tender—Also Heard From Nagle

At the session of the Valley Railway inquiry on Saturday afternoon James H. Corbett testified that W. B. Tennant approached the evening before the mileage tenders were opened and said that he could have the contract if he reduced his tender to \$89,000, from \$44,000. Mention was made of a payment of \$50,000, but Mr. Corbett merely replied "Nothing doing." James H. Corbett, railway contractor, was the only witness heard at the afternoon session of the inquiry. Mr. Corbett testified that in December, 1915, he had submitted a tender for the construction of the Valley railway, on the mileage basis, at \$134,000 per mile, enclosing his check for \$134,000. The tender was not accepted and it and the check were returned to him. Mr. Corbett—Were you asked by any person for a payment as a condition to your receiving the contract? A.—Not at that time. Q.—New tenders were called for but you did not tender again? A.—I think we bid twice. Both bids were the same. One went to Premier Clarke and the other to Mr. Todd, the president of the board of directors. The one the premier called for was the first we put in. As far as I know he did not advertise for tenders; it was just a verbal call. I don't know what became of those tenders. They were submitted some time before the public call. I think some other tenders went in at the same time; I think Kennedy & McDonald's. That was before Mr. Todd took charge of the railway. I did not tender on the second public call but I think that notice was sent to me by Mr. Sumner. Q.—Did you talk to Mr. Tennant about tendering? A.—My conversation with Mr. Tennant was before that. He said that if he would reduce my mileage tender to \$89,000 a mile I could have the contract. Q.—Did he couple this offer with any mention of money? A.—I could not say definitely but there was some mention of \$50,000. Q.—You would have had to pay \$50,000 to Mr. Tennant? A.—I did not discuss it with him; I just said "nothing doing." Q.—But that was the impression it left in your mind? A.—Yes; that was what I thought. Q.—You did not reduce your tender? A.—No. Q.—And you did not put in a second tender? A.—No. Q.—Was this conversation before or after you had put in your tender? A.—It was after we had put it in. Mr. Stevens—Was it after the tenders had been opened? A.—I do not recollect. Q.—How did he know what your tender was? A.—I don't know. He was trying to pump me to learn what my figures were. I think the tenders were not opened until after Mr. Sumner came home and this conversation would be on the day before the tenders were opened. I know it was the day before Mr. Sumner was elected president. Mr. Corbett—The tenders were opened on the day Mr. Sumner was elected? Mr. Corbett—I think Mr. Tennant was trying to worm out of me my prices. He wanted me to reduce my price but I said "nothing doing." Q.—Did any one else ask you about money? A.—Not a soul. Mr. Stevens—Did you receive any invitation from Mr. Nagle or others to tender on the unit basis? A.—Nagle tried to work a combination to tender on the unit basis but I declined to have anything to do with it. This concluded Mr. Corbett's evidence and the session was adjourned until Tuesday, Aug. 14, at 7.30 p. m. Other witnesses still to be called are P. F. Blanchet, to report on his audit of cross-examination; Mr. Tennant, for sub-contractors; Smith & Merrithew, sub-contractors; D. F. Maxwell, former provincial engineer; Mr. Deeks, of the Dominion Construction Company, Toronto, and Thomas Nagle.

Why He Advised F. B. Carvell, M. P., Payment to Nagle Denies the Rumor

F. B. Carvell Relates Incidents Connected With Transaction—Only Way to Avoid Ruin of Chents

"I am convinced that any lawyer would have given his clients the same advice under the circumstances," said F. B. Carvell, M. P., when asked regarding the statements made in the local Conservative organ with regard to the evidence that he had advised Kennedy & McDonald to pay \$7,500 when the money was demanded by Thomas Nagle. "The contractors were caught in the hands of these men," he continued. "Half a million dollars were involved in the Kennedy-McDonald contract and interference with the contract would have meant their ruin. We were convinced that it was the intention to force Kennedy & McDonald out and run them if they would not pay. Under the circumstances, I advised them to pay and still believe this was the only course open to them." "The lever in the hands of those who secured the money was the clause in the contracts which provides for their cancellation if the work is not carried forward at a satisfactory rate of speed, and those who let the contracts were the judges of what was satisfactory. If the sub-contractors had not yielded, important demands could have been made of them until an excuse for cancelling the contract was found." "The beginning of the matter lies in a notice which was served on the chief contractors by the directors of the railway, demanding that the work be hurried forward at a faster rate. The Nova Scotia Construction Company, in turn, served a similar notice on Kennedy & McDonald. In order to comply with this demand the latter arranged to subcontract their work to Longley & McDonald. I was called in to draw the contract and did so. A. K. McDonald took the contract and was at the station on his way to arrange to have the work proceeded with when Thomas Nagle came up to him and told him that the contract was no good and that it would not be approved unless he received the balance of the money." "Mr. McDonald was indignant at this attempt to hold him up and refused. Negotiations continued for some time and finally Mr. Kennedy became alarmed and changed his mind and agreed to give a note for the remaining \$2,500. On his way back to Antigonish he changed his mind and wired back to the bank to stop payment on the check." "I was consulted in the matter and agreed at the time that it should not be agreed to yield to any such demand from Mr. Nagle. I saw Richard O'Leary, who was a director and vice-president of the railway, and laid the facts before him. He said he would see what he could do but we heard nothing further from him and the pressure from the other direction continued. There did not seem to be any way out of it and when Daniel McDonald was summoned from Montreal for a conference on the matter, he readily saw the dangerous position in which the firm stood and said that there was nothing to do but pay the money. This was my own opinion and I advised that payment of the check be authorized. This was done on Mr. Nagle signing the agreement which was produced in evidence. I certainly would not have advised the payment of the money if I had thought that there was any other way to avoid the ruin of my clients, but the situation was different in those days when the party of which these men were members was in power and they had matters completely in their own hands and the contractors were at their mercy."

NEW ZEALAND PASSES WAR LOAN OF \$100,000,000

Washington, N. Z., Aug. 4.—The war purposes loan bill, which authorizes the raising of \$24,000,000 at four and one-half per cent, was passed by the New Zealand house of representatives today.

TOUCHED OFF HALIFAX

Halifax, N. S., Aug. 5.—A big ocean liner had a narrow escape from disaster on Saturday. During a dense fog the vessel struck a shoal fifty miles east of Halifax. She floated off at high tide, and arrived here last night, under her own steam. The vessel is reported leaking in the forehold. A diver will make an examination tomorrow. The registers about 14,000 tons.

Tubes That Reduce Tire Costs

Good tubes—Goodyear Tubes—will help you get that lower-tire-cost-per-mile that offsets your high gasoline cost-per-mile. For the tube has a more than superficial bearing on tire costs. It may make or break a casing. Consider the slow leak—a common feature of poor tubes. It is a nuisance, necessitating constant inflating. But it is more serious. It causes under-inflation—which ruins casings. If tire costs matter to you—if greater mileage is desirable—choose tubes carefully. Choose Goodyear Tubes because they are fair to your tires. Lamination is a quality-giving process. By it we insure air-tightness of a greater degree than is otherwise possible. Fine rubber is rolled out thin as paper so that it can be rigidly inspected for leak-causing flaws. Then these transparent, perfect sheets are built up, layer on layer, into a Goodyear Tube. To perfect it we vulcanize the valve patch in instead of sticking it on. The Goodyear Tire & Rubber Co. of Canada, Limited. Goodyear Tubes, along with Goodyear Tires and Tire-Saver Accessories, are easy to get from Goodyear Service Station Dealers everywhere. GOOD YEAR MADE IN CANADA TUBES

Mutt and Jeff—Jeff Finally Got a Chance to Get Even By "Bud" Fisher

Comic strip panels showing Mutt and Jeff. Mutt: "I SAW A FELLOW IN A SHOW WHO WAS A MUGGER. HE TRIED HIS HANDS AND LEGS AND HE PEEBED HIMSELF IN A SECOND. HE'S A MARVEL!" "GOD'S HALF ACRE"

Unique among motion pictures. It gives intimate details of two classes of great institutions—homes for the aged and hospitals for crippled children. Contrasted with these pictures of life among the unfortunate are scenes of wealth and distinction. The opening performance of a great play is depicted, and the notable responsible for its success are shown. In these widely different strata of society Henry Norman, the novelist, finds the material for his books, but the most fascinating of all his types is Blossom, the little maid-of-all-work at Rainbow's End, the home for the aged. Quiet and demure beyond her years, he calls her "The Little Old Young Lady."

Really the best of Miss Minter's features. You will love her more than ever after you see her play the little sea waif.

Here's An Idea of the Plot
The story opens on a desolate beach near a life-saving station. The younger member of the life-guard crew, in, rescues a baby girl from a wreck. The child is cared for at the station, the men christening her Periwinkle. Ephraim Rawlins, aged beachcomber, living near the station with his widowed daughter, Ann, takes charge of Periwinkle and cares for her until she is sixteen. Dick Langdon, wealthy young New Yorker, is rescued by Periwinkle from the wreck of his yacht. Through her innocent goodness and faith, Periwinkle transforms Langdon from a blasé playboy to a useful member of society, and after a stormy courtship, marries him.

A Highly Interesting Story
Depicted against some exquisite and picturesque settings.

Also—MR. GEO. OVEY in one of his Famous Comedies.

MYSTERY OF THE DOUBLE CROSS

"KICK IN" MOLLIE KING

In one of A. H. Wood's plays. Features two of the most popular movie stars, William Courtesy and Mollie King.

In the best crook play ever produced in pictures.

Ran on Broadway for two whole years.

Played the St. John Opera House several years ago.

And last of all, is the greatest attraction this theatre has offered this season. So great an attraction is it that the largest theatres in America have closed with such special productions as "The Common Law."

It Teems With Exciting Incidents and Thrilling Situations

Demaree's Return May Help Giants

Looked Upon as Likely Pitcher To Bolster Up Fading Staff of New York Club

The deal with the Chicago club for the return of Al Demaree in exchange for Pete Kilduff serves to emphasize the serious problem which the recent cracking of the Giants' pitching staff presents. For some time it has been apparent that the hurling corps which has done service for the greater part of the year but which has been doing none too well lately, must be bolstered up if the team is to retain its hold on first place through the trying days which are to come.

The right handers of the staff have experienced a great deal of difficulty in their efforts to hold the opposing teams in check. So much so in fact that during the month of July only three complete victories have been turned in by the Giants' right handed fingers, Peritt pitching the full nine innings of two games which were won by the Giants and Anderson got the route once. The southpaws, Schupp, Salce and Denton, have done considerably better but the work of the pitching staff as a whole has not been up to the standard and a move to strengthen it was imperative.

Demaree May Help Cause

In making the deal for Demaree the New York club figures that the cartoonist will turn in many victories with a team like the Giants behind him. Al Demaree possesses the faculty of making the enemy batters hit the ball about where support he will have as a member of the Giants staff it is reasonable to believe that he will win with greater frequency than he did while with the Phillies and Cubs.

It is unfortunate that little Pete Kilduff was demanded by Fred Mitchell in exchange for the pitcher for Pete has already made himself solid with the New York players and fans and was contented with his berth on the club. He was called upon quite frequently to replace Herzog and Fletcher during his short career with the club and proved to be a clever fielder and a little game cock in action. His hitting was rather light, however, but added experience in the league may bring about an improvement in his stickwork.

THOSE EXTRA TEN MINUTES MAY BRING YOU PROMOTION

(By Jesse Roberts.)

She had been promoted three times within the year, and when I asked her what her secret was she laughed and said: "Oh, I guess it's just that extra ten minutes."

I laughed, too, for I knew what she meant. It was her mother's favorite bit of prescription.

"Sell your time for all you can get for it, my dear. But never hesitate to give an extra ten minutes."

It is good business to sell your time— which means your brains and your

work—for all you can get for them. But it is also good business to be willing to give ten minutes over and above the hours you are paid for, when your work requires it.

A few minutes' overtime will often clear up your desk, leaving no odds and ends for next morning. It will make a success of a job that would only just scrape through if you quit on the dot.

It will prove both to yourself and to your employer that you care for your work; that you'd rather do it well, that you prefer to sacrifice a little for the sake of excellence.

The successful employer is usually the discriminating employer. Your extra ten minutes may prove to be his best investment.

R. K. Y. C. Service

About two thousand persons gathered at Crystal Beach on Sunday for the annual church service under the auspices of the Royal Kennebec Yacht Club. The Anglican service of intercession was used and the sermon was preached by Rev. Dr. J. A. Morrison, as the chaplain, Rev. Dr. G. M. Campbell, missed train connections on Saturday and was unable to be present. Music was provided by an orchestra under the direction of Morton L. Harrison. The offering, which was a generous one, will be handed over to the Major Birks' Y. M. C. A. fund. Commodore F. P. Starr presided and had on the platform with him Mayor Hayes, J. C. Chesley, commodore of the St. John Power Boat Club, and the speaker, Rev. Dr. Morrison.

The Secret of a Good Cigarette

—If a cigarette is made from Pure Tobacco—nothing but a high grade of mild tobacco leaves, sun cured and properly mellowed by age;—if the tobaccos have been skillfully blended so as to bring out all the best qualities in the different grades used;—then your cigarette will be cool and smooth both to your throat and tongue and you will be able to smoke practically whenever you want to without feeling any effect from it.

That's the secret. PURE TOBACCO—nothing added—naturally cured. Properly mated. Skillfully blended.

In fact Pure Tobacco in a cigarette is just as important to your health and enjoyment as Pure Milk, Pure Food, or Pure Water.

Try these Pure Tobacco Cigarettes, CRAVEN "A." You'll soon make them your steady smoke.

TWO BROTHERS KILLED AND THREE COUSINS

Mrs. George Northrup of 378 Watson street, West St. John, received word this morning that her cousin, Pte. John James, of the Northumberland Fusiliers, had been killed in action in France.

One of her brothers, Corp. James James, was killed on Oct. 9 of last year. Another brother, L. Corp. Ernest James, was killed at the Dardanelles on Aug. 6, 1915. A cousin, John, was killed at the Dardanelles in September of that year. Still another cousin, Sergt. Fred Greatrix, was killed in France. Her third brother, Thomas James, is in a convalescent hospital.

Serving Trays

Especially interesting is the comprehensive range of Serving Trays composing our present showing, which embraces the most pleasing of the more recent effects in Plain Oak, Walnut and Mahogany, with Glass Centres and handles of plain, burnished brass.

Also we offer a very attractive line of Fancy Border Effects with centres of glass. They come in both oblong and oval styles.

LOCAL NEWS

MORE VACCINATIONS

Dr. G. G. Melvin, public health officer, who is carrying on free vaccination for the school children at the local board of health office on Sunday and Tuesday of each week during the school holidays, vaccinated fifty-eight boys and girls this morning from 10 to 12 o'clock. He attended to, is somewhat greater than the number vaccinated last year.

GOING OVERSEAS

Miss George Seifridge returned home Saturday noon from Providence, where she has been bidding farewell to her sister, Thelma, who expects to leave very shortly with the Rhode Island base hospital unit for overseas service in France. Miss Thelma Seifridge is a graduate of the 1914 class of the Providence Hospital and her many friends, both in St. John and Providence, will wish her every success and a safe return.

SOLDIERS HONORED

At the home of Mrs. Joseph Jettas, 804 Princess street, on Saturday evening a reception was tendered to two returned soldiers, Sergeant G. R. Pearson, of the 9th C. M. R., and Sergeant Bert M. Ward, a member of a western base hospital. Both returned soldiers are Kings county boys. During the evening they were both made the recipients of cuff links, which were suitably engraved. About twenty-five persons were present at the reception.

MRS. W. B. SPRINGER

The death of Mrs. W. B. Springer, aged twenty-seven years, occurred at the St. John County Hospital on Sunday, August 5. She is survived by her husband, a little son, George, her father, mother, four brothers, Pte. Edgar Brown, now in a hospital in England, William Joseph and John; and five sisters, Mrs. Wallace Johnson, Watson street; Margaret, Teresa, Ellen and Gladys at home. The funeral service will be held from her residence, 103 Victoria street at 2:30 p.m. Tuesday.

WEST SIDE CONCERT

By special request the Temple Band will play this evening in the Carleton bandstand. The following programme will be rendered:

Firefly—Two-step
Coronation March
Summer Night—Waltz
Love Voyage—Selection
In the Forest—Descriptive
Present, Past and Future—Overture

R. B. R. March
God Save the King
W. Jones, bandmaster.

POLICEMAN HURT

Policeman Ward narrowly escaped serious injury while standing at the head of King street on Saturday night. As it was, he was knocked down by a horse and car and was badly shaken up. A Haymarket square car was making its usual stop at the head of King street and Policeman Ward was standing out in the road at the curb and his only sister car, keeping the traffic clear. A team came around the head of King street and turned into Charnock street. The policeman stood aside and signalled for the driver to come on. With this, the horse took fright at the street car, bolted to one side and knocked the policeman to the sidewalk. The officer received slight injuries and was compelled to go off duty. He is reported to be better today and will likely be on duty again tonight.

STRUCK BY AN AUTO

Frank Smith, son of H. W. Smith, of Glen Falls, was thrown from a bicycle in the Marsh road this morning, when he collided with an automobile. The young lad was riding his bicycle along the road near the entrance to Fernhill cemetery. An auto was coming towards him and the boy, it is said, pulled over to the side of the road, but, evidently, the driver of the car was an amateur, for the car was not swerving from one side to the other, with the result that the car collided with the bicycle. The Smith boy was thrown from the seat into the ditch, while the auto went right over the bicycle, causing considerable damage to it. The boy was found to have received, besides a severe shaking up, several minor bruises about the body. He was picked up by the occupants of the car and driven to his home. It is thought that no serious injuries will develop, and he is reported to be well today. The car is owned by Walsh Bros., Haymarket Square.

GLASSES FILLED FOR MONCTON TURF MEET

had filled and that prospects for two good day's racing were excellent. With the Moncton classes all filling, Fredericton, St. John and Chatham also should fill. Local horsemen are much pleased with the prospect. There is said to be an excellent prospect of some of the horses which have found the company on the Aroostook circuit a little too fast coming to the New Brunswick circuit.

Fredericton, Aug. 6.—T. V. Monahan, secretary of the New Brunswick harness short circuit on Saturday night received the pleasing information, by long distance phone from Moncton, that all four classes for the Moncton race meet

TODAY'S BALL GAMES

Famous Theatrical Man

Paris, Aug. 6.—Paul Porel, director of the Vaudeville Theatre, died suddenly at his home here at the age of seventy-four. He was an actor, when the war of 1870 began, but was called to the colors and fought bravely. He was wounded and was nursed by Sarah Bernhardt in the hospital installed in the Odéon Theatre. M. Porel was married to Mme. Rejano, the actress, in 1898, but was granted a divorce from her in 1905.

Socialist Conference

Stockholm, Aug. 6.—The date of the International Socialist conference to be held in this city has been definitely fixed for September 2.

OTHERS WHO HAVE GIVEN THEIR ALL

Some of the Names Omitted From the List of Local Soldiers Who Fall on Field of Battle

The list of those St. John soldiers who have fallen at the front, which was read in Trinity church on Saturday and which is published elsewhere, was incomplete, as was suggested at the time.

Mrs. J. V. Anglin, who serves as visitor of the Soldiers' Wives League for the first contingent families, draws attention to the following list of the first contingent who gave their lives, among them the very first to fall, as follows:

Joseph Addison
James Coutts
Roy Fisher
Charles Howard
Robert Hunter
Harry Jackson
Rudolph McKell
Harry O'Brien
M. A. O'Keefe
Eisworth Reid
Herman Ryan
Edward South
A. W. Whitehouse.

In her letter, Mrs. Anglin says: "We have been justly accused of neglecting the men of our first army. Let us begin now by giving publicity to the names of those who have made the supreme sacrifice."

Other names, which should be included in the list, most of them of later contingents, include:

George Lyman Anglin
Gilbert Climo
Haworth
Herbert William Robinson.

SERG. FRED. FISH DIED OF WOUNDS

Report of Death Followed Closely News That He Had Been Dangerously Wounded — Has Brother in the Trenches

That Sergeant Frederick Fish, of 187 Brussels street, a member of a well known New Brunswick infantry unit, who was recently reported dangerously wounded, has made the supreme sacrifice, is the information that his sister, Mrs. W. W. White, of Toronto, received from Ottawa recently.

Since Sergeant Fish left his home in St. John, his father and mother have both passed away and his only sister who was left at home, is now living with her married sister, Mrs. W. W. White, of 223 Peck street, Toronto.

Sergeant Fish and his brother, Private Frank Fish, who belongs to the same unit as did his brother, Fred, fought together through many heavy engagements on the western front from Ypres to the Somme.

Sergeant Fish was only twenty years old, while his brother, Frank, who still is in the trenches, is but eighteen.

The official telegram which his sister received, said that Sergeant Fish died in the Fifty-eighth casualty clearing station on July 28, from gunshot wounds in the thigh.

ALONG THE RIVER

Saved the Pavilion at Public Landing; Potato Blight; A Red Cross Circle; Prisoners For Dorchester

Going up river on Saturday afternoon and coming down this morning the Occochee had an unusually large passenger list. For example, thirty-five people got on board at Public Landing this morning, and about twenty-five at Sand Point, while every stop between and above added others who had spent the week-end along the river.

The blight has struck one potato field near the Landing, and farmers are wondering whether it is to become general as the season advances. All crops are flourishing. Good hay weather is now needed.

There is a vigorous branch of the Red Cross at Public Landing. It meets at the cottage of Mrs. W. E. Brittain. Among those who came down in the Occochee this morning was Deputy Sheriff Allingham of Queens, with a young man whom he was taking to Dorchester to serve two years for a theft committed at Chipman.

The pretty dancing pavilion at Public Landing is not to be lost to public use. It was directly across the line of the Valley Railway, and had to be torn down. Through the kindness of the directors of the railway it was given to a committee representing Public Landing people and summer residents on condition that they have it removed. H. W. Belding was induced to let them have a site close beside the highway, and last week the structure was torn down and the foundation and floor laid on the new site so that it was possible to have a dance on Saturday evening. This week the roof will be put on and the floor made more smooth. The cost of this work will be paid out of receipts from dances and other entertainments.

When that has been done the structure will be available for use every summer for the double purpose of giving pleasure to people and raising funds for patriotic and benevolent purposes. It will be a public convenience much appreciated, especially by summer visitors. Not a cent of the money received will be spent for anything but the purposes already stated. Charles Parker, F. G. Poole and A. M. Belding have been named as the executive committee. Mrs. H. W. Belding, Mrs. Charles Parker, Mrs. George K. Bell, Mrs. A. M. Belding and Miss Beale Compton, with power to add, will be a committee of ladies to look after the entertainments and make the pavilion of as much use as possible during the balance of the present season.

IN KING SQUARE TONIGHT

The City Cornet Band will play in King square tonight. The programme will be the same as published for last Thursday evening.

Stores Open 8:30 a.m. and Close 5 p.m. Mondays, Tuesdays, Wednesdays, and Thursdays. This is for June, July, and August.
