United States Has Severed Relations With German Empire

Bernstorff Is Ordered Home; Gerard Recalled It Is Not War Yet But a Grave Step In That Direction

GATES OF NAVY YARDS ARE CLOSED

Relations With Germany Were Broken This Morning, Following Yesterday's Conference—The Matter of The Interned German Ships

Washington, Feb. 3.—Diplomatic sub-relations with Germany have been broken. Count Von Bernstorff has been handed his passports and Ambassador Gerard has been ordered from Berlin.

Notice of the break is outlined in detail in an address by President Wilson to a joint session of Congress this afternoon.

In spite of the fact that this became known definitely officially, the White House and state department would not discuss the situation in any form.

The president completed his message to Congress early this morning, and arrangements for his appearance were immediately made.

LIKELY ALSO WITH AUSTRIA

Whether the break with Germany would be accompanied by a similar break with Austria-Hungary could not be learned definitely. Inasmuch as Austria is understood to have endorsed the action of Germany, however, this action is expected to follow if it has not already been taken.

The state department notified Ambassador Gerard to ask for his passports.

The decision to break was reached after the president's conferences with the cabinet and members of the senate yesterday. The president by those conferences came to the conclusion that the country would stand solidly behind him in breaking off diplomatic relations with Germany.

RELEASE OF AMERICANS

TAKEN BY THE RAIDER HAS BEEN DEMANDED

Washington, Feb. 3.—The United States has formally demanded of Germany the immediate release of Americans who were taken prisoners on prize ships by the raiders in the South Atlantic.

REICHSTAG COMMITTEE

ADJOURNS TILL FEB. 21

Berlin, Feb. 2.—Via London, Feb. 3.—The ways and means committee of the Reichstag adjourned today until February 21, the day before the resumption of the Reichstag session but it is intimated the committee will probably be called together at an earlier date.

This evidently is conditioned upon political developments meanwhile which are regarded as being likely to render it advisable for the government again to take the committee into its confidence.

BROTHER OF MRS. J. S. FLAGLER

PASSES AWAY AT GLACE BAY

News of the death of Thornton Wells at his home at Glace Bay, N. S., has been received in the city. His sister, Mrs. J. S. Flagler, received word yesterday that her brother was seriously ill and she left on the late train last night for Sydney, the information that he had passed away reached the city this morning.

Mr. Wells was a native of Westmoreland and made his home in Moncton, where he was connected with the I. C. R., until about twenty years ago when he removed to Glace Bay, and at the time of his death he was in charge of the round-house there. He was about two years of age.

Besides his wife, Mr. Wells is survived by four children, one brother, Judge W. W. Wells, formerly of Moncton and now of Ottawa, and three sisters, Mrs. Flagler of this city, Mrs. O. J. McCully of Moncton and Mrs. A. L. Watson of Niagara Falls, N. Y. The body will be taken to Moncton for interment.

SENT UP FOR TRIAL

Agnes Graham, who was arrested some weeks ago, was this morning committed for trial by Magistrate Ritchie on the charge of stealing a muff and a pair of gloves. Some other remains were brought into court and further remanded to jail.

IS NOT YET WAR

Washington, Feb. 3.—Breaking off diplomatic relations with Germany does not mean war, but easily may lead to war. It is an act of protest characterized in the usage of nations as a "measure short of war."

The president's address to Congress, while guarded, closely reviews the negotiations with Germany, climaxed by the note giving warning that the Berlin government had removed restrictions on submarine warfare.

The decision to break was taken for granted by many senators with whom he talked late yesterday and by members of his cabinet.

Although he did not give his decision in those conferences, his outline of the situation gave such a serious picture that it was generally believed that he had come to the conclusion that he could follow no course but break relations with Germany.

Mr. Wilson remained in his study in the White House throughout the morning and saw no callers.

It was learned he began the preparation of his address to Congress soon after his return from the capitol last night.

While the steps leading up to the break were being taken apparent calm prevailed at the White House and state department.

WHAT IT MEANS

Washington, Feb. 3.—Breaking off diplomatic relations with Germany does not mean war but easily may lead to war. It is an act of protest characterized in the usage of nations as a "measure short of war." The danger that war may follow is accentuated by the diplomatic history of the world. Modern times show no instance of a diplomatic break between two first-class powers that has not been followed by hostilities.

The rights of Germans in the United States, and of Americans in Germany are practically unaffected by the severance of diplomatic relations. No treaties are terminated or suspended, but remain in full force and effect unless either government later decides to denounce them, which, under international practice, generally calls for a notice of one year.

German consuls in the United States and American consuls in Germany holding their places by virtue of treaties continue to perform their usual functions, but they no longer work under supervision of diplomatic officers.

There is no change in commercial relations already badly crippled by the war. Individuals and corporations may continue their usual affairs, provided they do not deal in contraband, and their obligations are as binding as ever. The courts still remain open to them for redress but they have no facility for direct intervention of their diplomatic officials. They may, however, be represented by the diplomats of the friendly powers selected to care for the interests of the respective governments.

THE INTERNED SHIPS

The sixty-five or more German merchant ships tied up in American ports since the beginning of the war may be used by the United States, but the German owners ultimately must be compensated. Only in case of war is there possibility of their being absolutely confiscated, and even then such action is doubtful, for the United States, in the world court of nations, has been the leading exponent of the inviolability of private property.

Mails will continue to move under the Geneva convention and other existing special conventions. There should be no restriction upon the free movement of travelers between the two countries other than the fixed policy of the United States to issue no passports to Americans wishing to visit the war zone unless they have pressing business there. In fact, so far as individuals are concerned, the status remains practically unchanged by a break in diplomatic relations. Upon the conduct of Americans in Germany and the conduct of Germans and German sympathizers in the United States depends the attitude of the respective governments regarding them.

WILSON WOULD SEND ANOTHER NOTE

Washington, Feb. 3.—A break with Germany on account of the submarine warfare was regarded as inevitable in all President Wilson's mind, according to one of

JAMES GERARD, AMERICAN AMBASSADOR AT BERLIN

VON BERNSTORFF, WHO IS ORDERED HOME

Effect On The Markets

New York, Feb. 3.—In the stock market the immediate effect of the announcement of a severance of diplomatic relations with Germany was slight. Some stocks reacting less than a point. Before 11 o'clock, however, U. S. Steel showed an extreme loss of 2 3/4, Crucible Steel, 1 1/2, Lackawanna Steel 3 1/2, Marine Preferred 3 1/2, Mexican Petroleum, 1 1/2 and Texas Company 3 1/2. Trading became feverishly active but the tone was fairly normal.

New York, Feb. 3.—Today's short session will go down in history as one of the most memorable in the annals of the stock exchange. Announcement of the break with Germany came at the end of the first half hour, the market then following an uneven course evidently in anticipation of momentous developments. The first flash from Washington resulted in moderate declines. These gained headway on accelerated operations, with dropping one to two points with greater losses in industrials and specialties. In the last half hour a broad and general buying movement under lead of U. S. Steel soon turned many previous losses to substantial net gains. Steel rose to 10 1/2, a gain of four points, with two to six points in war issues, Utah-Copper and Shipways; thirty points in Bethlehem Steel. The closing was extremely feverish and strong as to important stocks. Sales exceeded 1,000,000 shares. Bonds were irregular.

THE WHEAT MARKET

Chicago, Feb. 3.—News of the severing of diplomatic relations with Germany was flashed on the board of trade a few minutes after the opening and wheat prices immediately fell six cents to 155 for May. Within ten minutes the quotations had worked upward to 159. Other grains were not greatly disturbed.

COTTON

New York, Feb. 3.—May contracts broke thirty points in the cotton market from the opening price of 14.80 on receipt of news that diplomatic relations with Germany had been severed. They soon afterwards rallied twelve points.

Fifteen senators who conferred with the president at the capitol for nearly two hours last night. Most senators were declared to feel that a diplomatic break was the least the United States could do to maintain its honor, and that Count Von Bernstorff, German ambassador, should be given his passports today.

A few, notably Senator Stone and Senator Lodge, counselled against assuming that Germany's notice in itself meant invasion of neutral rights and urged that the diplomatic relations be continued until some overt act of a submarine compelled the severance.

From various ports where German merchant vessels are laid up came reports that government officials were maintaining close watch over the ships and their crews and Secretary Lansing recently advised against sailings of American ships until the United States' policy is determined.

NAVY YARDS ARE CLOSED

Washington, Feb. 3.—No one other than officials and employees of naval yards and stations is to be admitted to such government reservations. Orders to this effect Secretary of the Navy Daniels announced today and they will be effective immediately.

No Action by Congress

Washington, Feb. 3.—Democratic leader, Kitchin told Republican Leader Mann when the house convened today that no action by congress was contemplated today in connection with the president's address.

May Go to Mexico

New York, Feb. 3.—A well defined rumor ascribed to official circles has given rise to an apprehension that Von Bernstorff will make straight way for either Cuba or Mexico with the chances favoring the latter country. This is according to the Herald. It is unbelievable, it is declared, that the allied powers would undertake to grant the German Embassy safe conduct to Germany and short of South America the nearest neutral country would be Cuba or Mexico.

THE FIGHTING

Paris, Feb. 3.—The following official communication was given out here today: There were no important developments last night with the exception of patrol encounters in the sector between Louvain and Chaubrettes (Verdun front), and in the region of Palonvillers.

SOLDIER ARRESTED

IN FREDERICTON ON THEFT CHARGE

Fredricton, Feb. 3.—Private J. D. Lobball of the special service company was arrested here last night on complaint of Mrs. James Bonar, who charges that he stole \$200 from her home. He was caught just as he was about to board the express for Chatham and a railway ticket and \$100 were found on him. He was turned over to the military authorities today for medical treatment.

CUTTER TAKES POST

ALONGSIDE THE APPAM

Newport News, Va., Feb. 3.—A coast-guard cutter has gone alongside the German prize ship Appam, and it is thought the German prize crew will be taken off immediately. Two torpedo boat destroyers joined the super-dreadnought Arkansas off the Virginia Capes on emergency duty.

CANADA AND UNITED STATES

Ottawa, Feb. 3.—That the relations between Canada and the United States will not be affected—at least in any adverse sense—by the developments in Washington is the off-hand impression in official circles. The severance of diplomatic relations between the United States and Germany is regarded here as a distinct indication of friendliness towards the Allies' cause and the expectation is that it will lead to the definite entry of the United States to the war. The republic thus will be ranging itself alongside Canada and fighting for the same object. Even if open war should not be declared, the fact that Bernstorff is given his passports and official relations terminated show that Germany and her campaign of frightfulness are to be combated.

TEN DROWNED WHEN BRITISHER IS SUNK

London, Feb. 3.—Ten members of the crew of the British steamer Essentia, previously reported sunk, were drowned. The captain and two men of the crew have been landed. The Dutch steamer Gamma of 2,198 tons gross, is reported sunk.

CALM IN ENGLAND; LESS CONFIDENT IN GERMANY

POLITICAL RUMORS; TALK OF CANDIDATES

One of the interesting features of the provincial campaign which is opening is the number of vacant places in the government ranks which will have to be filled. Perhaps reading the signs of the times, a large number of government supporters have sought shelter before the storm breaks.

Of the four members from St. John they have accepted offices and the fourth is said to be desirous to retire. The first to stand from under was Hon. John E. Wilson, who retired to a comfortable berth as deputy receiver general and manager of the local branch of the office of collector of customs for the Dominion Savings Bank. The next to go was C. B. Lockhart, who secured the office of director of customs for the provincial director of national service and it is expected that his duties in this office will prevent him seeking re-election.

There is speculation as to whether or not Mr. Granman will run again. It has been known for some time by his friends and party that he was desirous of retiring from public life, because of the demands of his business, and that he did not wish to become a candidate again, though he is being urged to stand once more on the city government ticket. It is said that Hon. J. B. M. Baxter may seek election in the city. Among the other aspirants for the city nomination are: Frank L. Potts, Thomas Nagle, Fred C. MacNeill and Hugh H. McLaughlin.

In the county, it is said, if Mr. Baxter comes to the city, the slate may be composed of T. B. Carson, the present member, and H. Colby Smith of West St. John.

H. W. Woods, member for Queens, it is said, has been insisting for some time that he should be taken care of before the party meets defeat at the polls and at last the matter has been settled, according to reports from inside circles. It is said that Dr. R. N. Colter, post office inspector, will be superannuated, special provision being made for his case and that Mr. Woods will succeed him.

The Forecastle Members

Fredricton Mail.—Premier Murray further reorganized by calling to the cabinet two forecastle or "travelling" members, in the person of Dr. Taylor of Charlotte and Arthur Culligan of Resolute. Both are harless back-benchers. In his old home town Dr. Taylor enjoys quite a reputation as an organizer of political language.

Fredricton, Feb. 3.—It is said that Prider and Morehouse are the only present members for York who will be re-nominated. Col. Guthrie will retire from politics and John Young, although anxious to run again, will likely be passed in favor of Samuel Hunter of Harvey. The names of J. D. Palmer, Charles D. Richards and Harry Smith are mentioned in connection with the city nomination.

Britain Sees Enemy's New Move is One of Desperation

BOLT NEARLY SHOT, AT THAT

German Newspapers Warning People Not to Look for Results Immediately—Disappointment Because of Storm Raised in United States

London, Feb. 2.—Twenty-four hours' reflection over Germany's latest threat appears to have left the British public less worried than seems to be the state of public mind in most neutral countries. Two points of the issue stand out strongly in all public criticism: First, that the German decision is the council of desperation and a virtual confession that she had abandoned hope for military victory in the field and, second, that, having shown no restraint in recent months in her submarine warfare on shipping bound to opposing belligerent countries, it is needless to feel disappointed at what she is likely to do in the future since probably all available submarines have been in full employment and it is unlikely that in the near future Germany can have a much greater number of under water boats at her command.

No Special Alarm

It cannot be said that the British public is displaying any special alarm. There are some who are even inclined to welcome threats as providing a useful stimulus to the government and the nation; to the former as tending in the direction of inducing the admiralty to take whatever steps are possible to counteract submarine activity and to measure on the part of the government to speed up the construction of merchant shipping in order to replace daily losses; to the nation in inducing a stronger recognition of urgent economy, especially in the consumption of food.

In this connection there has been considerable criticism of the government action in taking skilled farm hands for the army when the imperative need of the country was to increase the food production at home to the utmost. This question of the conflicting interests of the army and agriculture may be brought to a head by the present situation.

Germany Less Confident

The German press, on the other hand, appears less confident of the happy results of the latest stroke. The German papers are warning their readers not to expect too much immediately from the new submarine campaign. Disappointment seems to be reflected in the German press that the new move has failed to bring about further negotiations with the United States on the peace question.

London, Feb. 2.—Reuter's Amsterdam correspondent says several German newspapers received in Amsterdam publish warnings, apparently inspired, against exaggerated expectations of the result of the new submarine campaign. The correspondent says the Rheinische Westfaliaische Zeitung adds to its warning the following: "England, we believe, will suppress as much as possible her losses in ships. It is even possible the figures concerning sunken enemy vessels in the near future will be lower than those recently published."

The correspondent quotes the Koelnische Volks Zeitung as saying: "It would be wrong to expect the sequel of our intensified U-boat war to appear very soon, perhaps within a few weeks. Rome was not built in a day."

Don't Like Storm Aroused in States A despatch to the Exchange Telegraph from Amsterdam says: "Political circles in Berlin are much upset by the reports of the indignation aroused in America. It has been believed that the United States, understanding Germany's desperate position, would start negotiations to bring about an early peace conference. There is still hope President Wilson's answer will be conciliatory and afford a basis for negotiations."

LYON JARVIS DEAD

Many will learn with regret of the death of Lyon Jarvis, which occurred in the General Public Hospital this morning. He was sixty years of age and was in the employ of the Imperial Oil Company as a driver. Besides his wife, he is survived by one brother and five sisters. The brother is Walter Jarvis of New York and the sisters are Mrs. Redick and Mrs. Getwell of Boston; Mrs. Lent of Seattle; Mrs. Gross of New York and Mrs. Pilgson of New York.

GOOD THINGS COMING TO THEATRES OF ST. JOHN THE PRIVATE SECRETARY TO BE HERE ON FEB. 20

Amateurs to Produce Excellent Comedy and Introduce Two Fine Specialties

One of the old time famous carnivals in the Imperial Theatre on Tuesday evening, February 20. This play is not entirely new in theatrical circles, but is a comedy in real good standing, with a professional reputation. As it will be played for the people of St. John by one of its best known dramatic associations, those who attend will see a finished performance of an excellent comedy.

ALL NEW AT THE GEM There should be very enjoyable features found in the Gem's new programme for tonight. The vaudeville will be found to offer more new forms of entertainment and Wm. Ferrum, one of the greatest men of the movies, will be featured in a star picture.

GRAND COMPLEXION IMPROVER! BETTER THAN COSMETIC

When it's so easy to bring back the bloom of youth to faded cheeks, when skin ailments can be removed, isn't it foolish to plaster on cosmetics? Go to the root of the trouble—remove the cause—correct the condition—keep you from looking as you ought. Use Dr. Hamilton's Pills and very soon you'll have a complexion to be proud of. How much happier you'll feel—pimples gone, cheeks rosy again, eyes bright, spirits good, joyous health again restored. Never a failure with Dr. Hamilton's Pills, get a 35c box today.

Hospital Returned.
 The Military Hospital in 15 James street has been newly renovated under the direction of the various patriotic societies in the city. The members of the W. C. T. U. were the first to set the good example and about three weeks ago they furnished a ward of five beds. Since then the Royal Standard Chapter, I. O. D. E., the New Brunswick Chapter, I. O. D. E., the Ladies Auxiliary of Clan MacKenzie, the Ladies of Rotheray, the Women's Canadian Club, the Young People's Society of Stone church, Mrs. M. B. Duval and Mrs. Barbour, formerly a resident of this city, have all contributed towards the refurnishing and the general renovation.

A sub-committee of the Provincial Board of Health met last night in the city for the purpose of amending certain by-laws relating to the operation of that department of government work. The amendments being considered relate to quarantine and isolation.

Is "Peace Without Victory" A Dream, or a Prophecy?

Two unprecedented incidents have been recorded in the cable dispatches since President Wilson outlined before the United States Senate the kind of peace that "the peoples of America could join in guaranteeing." On the day following his speech a great conference of the British Labor Party in England rose to its feet and applauded for five minutes at the casual mention of President Wilson's name—and then enthusiastically voted its unqualified support to the British Government in carrying the war to a victorious conclusion!

The other incident was the sending to President Wilson from the Allies' trenches in France of a number of circular letters each signed by three hundred soldiers, thanking him for his generous intervention, but asking him to "dream no longer of the chimera of peace until victory is gained."

In THE LITERARY DIGEST for February 3d, the feature-article shows what the rulers and the newspapers of the world think of President Wilson's attitude. Since it is not possible to know immediately what the common people think of it, it will give considerable satisfaction to read this comprehensive survey.

Watch the War From All Fronts

There is only one best way to get a complete and impartial understanding of the progress of the war—watch its developments from the view-point of every nation engaged or affected. See it as the French, the Germans, the English and Canadians, the Austrians, the Russians, and the many other belligerents see it. Know the attitude of the United States, Norway and Sweden, Holland, Switzerland, and the other Neutrals. Get the opinion of each one toward every event of the struggle. That is just what THE LITERARY DIGEST gives you. Every week of the conflict is reviewed impartially in all its phases, from all view-points, in this magazine of REAL NEWS.

THE DIE IS CAST

The United States has severed diplomatic relations with Germany. President Wilson has at last yielded to the growing sentiment in the republic and determined to brook no more insults from the Hun.

FLEMMING TO THE RESCUE

The Standard this morning devotes almost a page to the manifesto of Premier Murray, which appeals to the people to assist the government in conducting the affairs of the province honestly, prudently, and in the interests of the people.

THE PEOPLE'S DUTY

Premier Murray believes in election in war-time. He and his colleagues, the champions and defenders of Mr. J. K. Fleming and all his acts, believe that while the public mind is preoccupied with the grave issues of the war, they will be able to snatch a victory at the polls and get a new lease of power, to go on with the policy and the methods that have disgraced the province.

The truth is that the government faces the further revelations which would be made if another session of the legislature were held, and so it goes to the country in the hope of blunting its way through to another lease of power.

Flattering to the Original

But imitations only disappoint. There are many imitations of this great treatment for coughs, colds, croup, bronchitis and whooping cough. They usually have some sale on the merits of the original, but if you remember that they are like it in name only.

and the man who for partisan reasons blinds his eyes to the fact is not doing his duty as a citizen. A mere reorganization of the cabinet offers no promise of better things for the simple reason that the present premier and his supporters stand for the political ideals and principles which marked the career of the Fleming government.

If ever there was a time when the people of New Brunswick should take their politics seriously, and turn a deaf ear to those who would place party before country, to serve party and personal ends, that time is now.

Lord Northcliffe says: "The barbarous and piratical warfare which Prussia brings to our coasts finds us ready all along the line. We are organized, we have a capable government, we put our house in order just in time.

Sir Sam Hughes is still defending the Ross rifle. He practically asserts that Sir John French and Sir Douglas Haig, and the Canadians who threw away the Ross rifle and seized a Lee-Enfield whenever they got a chance, are all fools.

Mr. J. K. Fleming, who "look by compulsion" money from a railroad contractor, and who during the illness of Mr. E. R. Teed was custodian of the huge boodle fund taken from the lumbermen—revealed a fore royal commission—is the type of statesman Premier Murray holds up for public admiration and support. Isn't that enough?

The Frederick Gleason apparently has its doubts about Hon. A. S. Slipp. So also has the Standard, whose Gagetown correspondent says "it is expected" that he will be nominated in Queens county. Why expected? Is there any doubt? Who has got the axe out for Mr. Slipp?

A particularly fine opportunity for National Service has come to the people of New Brunswick. They can turn out the Murray government and give the province a better one before the boys come home from the battle-fields, where they have been fighting for British ideals.

Manitoba, British Columbia, Quebec, Nova Scotia—the first two turned the neck out—the second two kept them tight. Now it is the turn of New Brunswick to make good before the boys come home.

Premier Murray has dodged the additional revelations that would have been made had there been another session of the legislature.

Read the opposition platform in today's Times. The opposition party means what it says. Never mind Premier Murray. Keep your eye on Mr. J. K. Fleming—"the master mind."

Progressive Platform of Opposition Would Take Crown Lands and Highways Out of Politics—Amend Electoral Law—Complete Valley Railway—Assist Agriculture, Education and Immigration

The provincial election campaign is on. Here is the platform of the Progressive Opposition, unanimously adopted at a large and representative convention held in St. John in January, 1916.

1. To reorganize the crown lands department so that its administration shall be entirely severed from politics and administered on sound business principles, under systematic plans by a non-partisan commission specially appointed for that purpose.

2. To take the highways out of politics, giving the expenditure of the money collected from the people and the control of labor together with the government appropriation into the hands of superiors, chosen by the people of each parish, to whom a detailed and audited account must be rendered every year at an annual meeting, and a duplicate thereof forwarded to the Department of Public Works.

3. At the first session of the legislature to pass a law prohibiting the sale of intoxicating liquors within the province to the fullest extent allowed by the constitution, and within three months after the passage of this act.

4. To make it possible for young men when they reach the age of 21 years to register their names and be placed forthwith upon the voters' lists instead of waiting for the tedious machinery of revision as it now exists.

5. To divide the counties into electoral districts which shall each be represented by one member.

6. To give the farmers all the practical assistance that the resources of the province will permit to improve agricultural methods and the quality and quantity of the stock upon the farm; to reduce the enormous salary list in the department and to spend the educational grant received from the federal government without regard for political patronage.

7. To complete the Valley railway from a point on the Transcontinental railway at or near Grand Falls

Instant Relief for LIVER TROUBLE. Bizziness, Constipation, Flatulence. Dr. Cassell's Instant Relief. No liver sufferer can fail to benefit from the use of Dr. Cassell's Instant Relief. Its action is natural as nature, sure as science.

EDUCATION. To always maintain and improve the educational service of the province and to co-operate with the federal government in carrying out the recommendations of the commission upon technical education.

IMMIGRATION. The inauguration of a vigorous immigration policy to properly place before intending immigrants, whose number will be large after termination of the war, the advantages of the agricultural possibilities of New Brunswick.

SEVERE HEADACHES and PAINS in the BACK Resulted From Deranged Kidneys and Constipation of the Bowels.

It is in vain to try to regulate and restore the healthful action of the kidneys, until the liver and bowels are set right. And just here is where so many kidney medicines fail. Kidney derangements almost invariably begin with constipation and torpidity of the liver.

ST. JOHN TEAM DEFEATS 165TH
Outclasses Opponents And Takes Lead in Hockey Race

TWO GAMES, EACH ONESIDED

Siege Battery Triumphant Corps Team 8 to 1—Boudreau Shows up Well For St. John Team—Line-up of the Players

About 200 fans assembled in Queen's rink last night to witness a double header played by the teams composing the St. John Army and City Hockey League. In the first exhibition the Siege Battery boys vanquished the Ambulance sextette to the tune of 8 to 1. In the second game the St. John players had an easy time winning by a score of 12 to 1. Both games were distinguished as they were too much one-sided. However, the fans were rewarded for sitting shivering in the cold by seeing a grand exhibition put up by the members of the St. John team. The work of Boudreau was a feature, his skating and ability to carry the puck won for him well merited praise.

In the opening game between the Siege Battery sextette and the boys from the Field Ambulance unit the former team had it all their own way and the first period ended 4 to 0 in their favor. The second period was more evenly contested and at times some very good stick handling was witnessed. This period ended 5 to 1. The third and last period was again of a one-sided nature and the game was brought to a close with the Siege Battery tallying three more goals.

After the ice had been ploughed off, the St. John team came on the ice and were greeted with cheers by their admirers. The 165th team soon followed and they likewise received quite an ovation from their friends. After the preliminaries, Referee Haley got the game under way and the fans eagerly watched the opening clash in anticipation of a stellar exhibition.

A couple of minutes after the whistle started the combatants, Jimmy Gilbert got the puck and, carrying it down the side of the rink, sent it flying into his opponents' net for the first tally of the game. From that on until the close of the period the unfortunate custodian of the soldiers' net was liberally showered with shots from all angles, and soon it was evident to all that the St. John boys were too fast for their opponents. The period ended with the score 7 to 0.

In the second period, Manager Jarvis sent in substitutes to try even up, but even then their opponents were not in a class with them and although they got the shot past Fitzgerald it was more by good luck than good management. The period ended 9 to 1.

In the third period the St. John team kept switching players and three more goals were added to the list. Despite every effort of the 165th team they could not penetrate the St. John boys' defence and the final score stood 12 to 1.

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

"Pape's Diapepsin" is the only real stomach regulator known

"It really does" put bad stomachs in order—really does" overcome indigestion, flatulency, heartburn and sourness in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you catch gas and cramps, your undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides itching—almost marvellous, and the joy is its harmlessness.

A large, fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

McLellan is breaking into fast company and demonstrated that he is "some" skater as well as stick handler. Jimmy Gilbert must have had some incentive, for he played like one inspired. Perhaps a fair admirer was somewhere in the gathering and he closed that he had to make good.

Mooney is a strong aggressive player and played well throughout the entire game.

"Big Chief" Myers is fast rounding into form and if he can show a burst of speed on skates like he can on a baseball diamond he may "wear watching."

McKee and Ryan played well and were instrumental in winning the game. McShane at coverpoint and Fitzgerald at goal played their usual good game.

PALE, FEEBLE GIRLS
Weakness Generally Comes On As Womanhood Approaches

Girls upon the threshold of womanhood often drift into a decline in spite of all care and attention. How often one sees girls who have been strong and lively, but who suddenly become pale, feeble, irritable and listless. It is the dawn of womanhood—a crisis in the life of every girl. Prompt measures should be taken to keep the blood pure and rich with the red tint of health. If the blood is not healthy at this critical time, the body is weakened and grave disorders follow. Dr. Williams' Pink Pills have saved thousands of young girls from an early death. They are a blood-builder of unequalled strength, strengthening weak nerves and producing a liberal supply of red, healthy blood which every girl needs to sustain her strength. Dr. Williams' Pink Pills have proved their great value over and over again to young women whose health was failing. Miss A. Sternberg, Halesbury Road, New Liskeard, Ont., says: "I had been unable to be grateful to Dr. Williams' Pink Pills as they restored me to health, if, indeed, they did not save my life. I had begun to feel run down, and the doctor who was called in said that mine was a bad case of anemia. I lost flesh, always felt tired, and I got so nervous that I could scarcely hold a cup to take a drink. My heart would flutter alarmingly. The doctor did not seem to be able to help me at all and my family and friends all thought that I was in a decline and could not recover. I was in bed for some weeks when an advertisement for Dr. Williams' Pink Pills urged that I try Dr. Williams' Pink Pills. My father got a supply, and by the time I had taken three boxes there was a noticeable improvement, and from that on I steadily progressed toward recovery. I continued using the pills for some time longer, and they restored me to my old time health and strength. I shall never cease to praise this medicine, and to urge all weak run down girls to give it a fair trial as I have proved in my own case."

Dr. Williams' Pink Pills are sold by them by mail at 50 cents to boxes or sent by express, or you can get them by mail at 82.50 per box. The Dr. Williams' Medicine Co., Brockville, Ont.

GIRLS' CLUB AND TRAVELERS' AID WORK SEPARATED

Meeting of Executive of the St. John Playgrounds Association

The executive of the Playgrounds Association met last evening in the Y. M. C. A. with the president, Mrs. W. C. Good in the chair. R. G. Haley, a new member, was welcomed to the board. Mrs. N. C. Scott reported that the Girls' Club and Travelers' Aid work had been separated. Miss Pitt to devote herself entirely to the former, and Miss Hoyt to the latter, each under a committee, and Miss Pitt to be general secretary. The president, with Mrs. N. C. Scott, George Disher, Mrs. J. E. Sevier, Mrs. A. M. Bellinger, and Miss Hazel Clarke were appointed delegates to the Women's Council.

The Boys' Club report showed 63 members, with a story-telling every Monday evening, an entertainment every Tuesday evening, a basket ball league, flourishing, physical drill, under a Y. M. C. A. director, Wednesday and Thursday, and a good average attendance.

YOU CAN GAIN WEIGHT AND STRENGTH

Another Case That Proves The Merit of "FERROZONE"

I was in poor health nearly all last winter," writes Mrs. Cross, of Wakefield, Ont. "My appetite was variable, was weak and unfit for work. I suffered a good deal from nervous prostration and palpitation of the heart. My digestion was generally out of order. By bringing in I had lost flesh, color, and had a bad cough. The doctor didn't help me very much, so I decided to try Ferrozone. It did me ever so much good in one week. I gained strength, looked and felt a lot better. When I used six boxes of Ferrozone I gained myself and found a gain of fifteen pounds. Ferrozone rebuilt my constitution, and made me a new woman. I consider Ferrozone worth its weight in gold to every weak woman. It cures quickly and saves big doctors' bills.

RECENT DEATHS

Mrs. Sarah White.
Hopewell Hill, Feb. 1.—Many friends learned with regret of the death of Mrs. Sarah White, widow of Chas. White, of Harvey, who died at her home there at 6 o'clock this evening. Death resulted from pleurisy and pneumonia.

The deceased, who was highly esteemed, was about forty-five years of age and was formerly Miss Richardson, of Sussex. She leaves five children, the eldest being Mrs. Harry McKel, of Alma. The younger members of the family are at home.

Patrick Sinclair.
Hopewell Hill, Feb. 1.—The death is reported this week of Patrick Sinclair, an old and highly respected resident of Athlet Mines.

Mrs. Hannah Coleman.
Mrs. Hannah Coleman, widow of Robert Coleman, died last night at the home of her daughter, Mrs. James Walsh, 33 Metcalfe street. She had been in failing health for some time but the cause was sudden. She was more than eighty years of age. Besides her one daughter, she leaves one son, James P. of Lynn (Mass.).

L. C. Musgrove of Lower Millstream has received word of the death of his brother, Dr. Thomas Musgrove, which occurred at his home in Sultan, Snohomish county, Washington, January 22. Dr. Musgrove was born at Wickham, Queens county. He was seventy-six years old.

"It only takes me twenty minutes to get to my office," said Mr. Chuggins. "But you didn't arrive until an hour after you telephoned that you were leaving home." "Yes, it took me the other forty minutes to get the car started."

PUBLIC NOTICE

Public Notice is hereby given that a Bill will be presented for enactment at the next session of the Provincial Legislature, entitled "An Act respecting public streets in the City of Saint John." The objects desired to be attained by this Bill are:

(1) To authorize the City of Saint John in Common Council to make By-Laws regulating the making, maintenance and closing of openings through the surface of public streets by the abutting owners, tenants or other persons.

(2) To authorize the City of Saint John to impose charges for such use.

(3) To provide for the enforcement of such By-Laws by fine, or imprisonment in default of payment of any such fine.

(4) To relieve the City from liability for any injury caused by the making or maintenance of any such opening by reason of any permission granted hereunder.

Dated at the City of Saint John, N. B., the nineteenth day of January, A. D. 1917.

HERBERT E. WARDROPER, Common Clerk.

STILL MAKING ROSS RIFLES

Ottawa, Feb. 2.—In the House of Commons yesterday, P. P. Carvell drew attention to the fact that the estimates for 1917-18 contain an appropriation of \$2,000,000 for the purchase of 80,000 Ross rifles and bayonets. He asked why these rifles should be purchased if the Canadian troops are to be armed with Lee-Enfield.

Premier Borden replied that they were a portion of an uncompleted contract and that the government must take delivery of them, in reply to another question he said that the reason that the rifle is not undergoing the manufacture of the Lee-Enfield rifle is that it would take from one to two years to adapt the plant for the change. Sir Sam Hughes defended the Ross rifle, saying that it had shown its superiority to the Lee-Enfield and had jammed only when defective British ammunition was used.

PRACTICAL APPRECIATION

Accompanying a letter in which they express their thanks for the prompt response of the firm at the time of the recent fire in the building, the Bay of Fundy coast has written the St. John Board of Trade stating that it is prepared to build a ship of from 900 to 1000 tons.

PLAIN TALKS ON MINING

BY MARK HARRIS

"PENNY SECURITIES"

A GREAT many investors make the mistake of thinking that the market price of a stock is a true criterion of its real value.

To make this perfectly clear let us say there are two companies formed both with \$1,000,000 capital.

Company number one divides the capital into 10,000 shares of a par value of \$100 each while company number two divides the capital into 1,000,000 shares of a par value of \$1.00 each.

Now, if company number one shares were quoted on the Exchange at \$50 each it would mean that the total cash value of the company was but \$500,000 or just half of the original capital, while if company number two's shares were selling at \$1.25 it would mean a cash valuation of \$1,250,000, or 25 per cent more than the original capital.

From this you will see the fallacy of judging value by the market price as the simple fact of giving shares a \$100 par value does not add one penny to their intrinsic worth.

Some of the best investments in this country were formerly known as "Penny Securities" that is securities that sell at less than one dollar per share.

United Verde Extension, one of the large producing Copper Mines of America was a "Penny Security" only a few years ago. This stock was quoted as low as 32 cents a share three years ago, while today it is considered an excellent investment at \$40 a share.

If my space wasn't limited I could mention scores of stocks that were known as "Penny Securities" in their early days, but which have since graduated into the dollar class and are now worth many times the original price.

Crown Reserve, for instance, sold as low as fifteen cents a share, and later at above \$4.00, while Hecla, another penny security, pays nearly 200 per cent a year in dividends.

Now, the point I wish to impress on your mind is, that it is far easier to make 100 per cent profit on a low priced stock than on a high priced one.

If you were to invest \$1,000 in stock today that was quoted at twenty-five cents a share you would double your money when the stock sold at 50c, and if it went to \$1.00 you would have a profit of 300 per cent, or \$3,000.

On the other hand, if you invested \$1,000 in some high priced stock like United States Steel it would be necessary for "Steel" to advance to \$250.00 before you doubled your money and the stock must necessarily sell at the unheard figure of \$500 a share before you could sell out and have \$3,000 in profit.

Although I know you can make much larger profits in low priced "Penny Securities" than in the high priced dollar stocks, I do not wish you to get the impression that you should invest in stocks simply because they are quoted at a few cents per share; if you did you would lose your money nine times out of ten.

What I do mean is that the prices should make no difference when you know the intrinsic value is there to back it up.

If you don't know how to ascertain the true or intrinsic value of a stock get in touch with some good broker and he will gladly give you the information.

If you don't know of such a broker write to my nearest office and I will give you the names of half a dozen "Penny Securities" that are selling far below their intrinsic worth.

Yours faithfully, Charles Harris

CHILD GETS SICK
CROSS, FEVERISH
IF CONSTIPATED

"California Syrup of Figs" can't harm tender stomach or bowels.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again.

PRONOUNCES PROHIBITION
PRACTICAL AND POLITIC

Bishop Perrin Writes to London Chronicle on Its Success in Canada

London, Feb. 1.—Bishop Perrin of Wilkesden, formerly Bishop of British Columbia, writing to the Chronicle on prohibition, pronounces it practical and politic, as has been shown in Canada. He writes: "Oh, yes," people say, "but Canada is so different from Britain." My answer to that is, "Have you been there? I do not mean as a trip for a month, but have you lived in Canada, as I have, for eighteen years? Prohibition was no easier there than at home, yet today, from the Atlantic to the Pacific, it has been accepted in every province with the exception of Quebec, which is nearly dry, because the people have seen that the war demanded it. Every argument used here was used there far more strongly—vested interests and all the rest of it. They said, 'It can never be,' but it has come to pass. What history comes to be written shall it be said that when Canada, with her splendid response of 400,000 soldiers, all volunteers, can agree to prohibition of the sale of drink, that England, with an equally splendid response of men and sacrifice of life and money, was still so fond of drink, so afraid of the trade, that all went on quite as usual and wasted its strength and spent its money?"

"I missed my regular morning exercise this morning."
"How was that?"
"The seven thirty-five was late, and I didn't have to run for it."

ALBERTA FARMERS CALL
FOR PROHIBITORY LAW

Dominion Measure With Provision for Referendum, is One Asked For

Edmonton, Alta., Feb. 2.—The United Farmers of Alberta concluding the business of the ninth annual convention, passed resolutions on the liquor situation. One called upon the provincial government, at the coming session of the legislature, either by amendment or otherwise, to take such action as would provide for the fullest suppression of violations of the act and carry out the interests of the people.

The other requested the dominion government to enact, at this session, as a war measure, a law prohibiting the manufacture and importation of liquor throughout the country, with a provision for a referendum after the war as to the continuance of these prohibitory measures.

The convention also confirmed its former resolution calling for a committee to enforce the Alberta liquor act.

British Food Restrictions. The British food ministry has asked the people to limit their consumption of bread to four pounds, of meat to two and a half pounds and of sugar to three quarters of a pound weekly, per head.

SAYS TOO FEW FAMILIES
TROUBLE WITH ONTARIO

Ideal of Home Should be Set Up by Church—Rural Life Conference

Conjohy, Feb. 2.—There are altogether too many married couples with few or no children, said Archbishop Warren in the course of an address at the Rural Life and Work Conference in the Ontario Agricultural College. "It is the church's duty to hold up the ideal of the home and family. The purpose of the nation cannot be wrought out without replenishing of the earth with ever new and better generations of men. Young men may well be brought to set before themselves as a noble objective the thought of wife and children, and to regard it as no light thing to evade the burden, the joys, yes, and the sorrows, of parenthood."

"The strong qualities of the men and women of rural parts of Ontario command universal admiration among those who know them; and the generous hospitality with which the clergy are always received in the farmer's home forbids any utterance which might seem to fail in appreciation of a class worthy of our high esteem. When I think of the life of the farmer, the laborer, the country storekeeper, and their wives and children, I think also of the need of ideals. For it does seem as if in the country, doubtless in the city, too—there is a

lamentable want of noble inspiring ideals. It seems as though the religion that has been presented to them must have been lacking in this ideal element. It is the privilege of the Church to re-awaken these best ideas to place and power.

It is a mistake to suppose that anyone will do for the Christian ministry in the country. I am afraid that we cannot give our best to the country until there is a larger measure of Christian unity. As things are, a man of first-class ability and pure ideals must also be of fine temper to be willing to spend his life as a clergyman of the fragment of a sect in the same locality as three or four other fragments of sects. But I believe that strong men of devotion, with a keen eye to essentials, would inevitably break down artificial barriers, and would unite the real Christian forces of a community. I cannot think of any Church shrinking from this task in a country which needs unifying as much as Canada does. I say nothing now of a union of churches, but of unity of the mind and spirit of Christ in people. This is the first great need of Canadian democracy in rural parts."

To Relieve Catarrhal
Deafness and
Head Noises

Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from the ears. Therefore if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows: Paraffin is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective.

Every person who has catarrh in any form should give this recipe a trial. Any druggist can supply you, or a bottle will be sent on receipt of the postal note or money order. Address International Laboratories, 74 St. Anne's St., Montreal, Canada.

Your Own Doctor
—is the proper person to tell you what is good for your nerves—the food to build up your strength and repair the waste that is caused by the worry and strain of modern life.
Your doctor will tell you that the German patent "Sanatogen" was an excellent food tonic, but that it still belongs to our enemies.
Attempts have been made to replace German-owned "Sanatogen," but your doctor now has evidence that not until British-made Sanagen was compounded was an efficient equal of Sanatogen found, in fact a perfect reproduction of "Sanatogen," free from injurious impurities.
SANAGEN
YOUR doctor can rely on Sanagen and so can you. Its analysis is no secret, but is printed on every package. It contains the life-giving proteids of fresh pure milk with the organic salts of phosphorus which are so necessary in its beneficent work in restoring strength and nervous tranquility by means of scientific nourishment. You will find it a wonderful aid when you are weak and run down with—
Nervous Exhaustion After Effects of Grippe
Wasting and Loss of Tone
Nervous Dyspepsia
Overwork and Sleeplessness
Sanagen is prescribed by physicians and sold by all druggists, or write to our Canadian Depot, "Sanagen" P.O., Box 451, Toronto, Ont.

Bangor Editor's View of the New U. Boat Campaign

(Bangor Commercial). Like a bolt from the blue sky comes the announcement of Germany's determination to resort to unbridled submarine warfare. This dictum takes the situation between the United States and Germany back to the Sussex episode of last spring without warning was intolerable and if persisted in would lead this nation to sever diplomatic relations with the Kaiser's government. Germany then receded from her position and gave her pledge to restrain her submarine operations within the limits of international law. She now proposes to disregard the rights of neutrals and the usages of international law and recur to piracy pure and simple, atrocious butchery upon the high seas, unbridled massacre of men, women and children, hoping by such utter wickedness to engender a campaign of frightfulness so frightful as to compel peace. It is the position of a man crazed, of a ruthless, unreasoning, wild animal seeking to inflict all possible damage against those who would restrain, except on terms that they are yet unwilling to accept, they are making this last attempt, barbaric, atrocious and certain to lead to the condemnation of civilization now and in the ages to come. From the first disregard of the rights of Belgium for two years and a half of strife, the Germans have refused consideration of the rights of neutrals and the demands of humanity. Ruthless violence and a recurrence to the methods of the barbarian Huns and Vikings have marked their system of warfare. But they have not succeeded for they cannot succeed. Now in their utter despair they propose to enter upon a campaign of atrocity that will dwarf all former efforts and with the insane rage of impending utter defeat will strike in all directions, against neutrals as well as against belligerents, against women and children as well as against men in arms.

Many people when they contract a cold do not pay any attention to it, thinking perhaps it will pass away in a day or two. This is a mistake, for before they know it, it has settled on the lungs.

SUSSEX TEAM WINS FROM HIGH SCHOOL

The St. John High School hockey team crossed sticks with the Sussex High School boys in Queen's rink in the Inter-scholastic League fixture this morning and the result was decidedly in favor of the visitors, who won by an overwhelming score of 18 to 0. The game was not quite so much one-sided as the score would indicate, for the local team fought every minute of the game. They were outclassed as stick handlers and in all-around efficiency, but they gave a good demonstration of pluck and played a hard, aggressive game. The line-up of the teams follows:

St. John	Goal	Sussex
Basson	Finnegan
Wilson	Point
Jenkins	W. Miller
Gregory	Cover-point
.....	Rover
.....	C. McEwen
.....	Centre
.....	H. Radcliffe
.....	Right Wing
.....	P. Radcliffe
.....	Left Wing
.....	Leake
.....	LaClare and Haines
.....	Referees—F. E. Nelson and C. L. Nelson
.....	Timekeepers—F. G. McQuillan, E. S. Rice

EX-PREMIER CLARKE AND THE "NEST OF TRAITORS"

(Fredericton Mail.)

For weeks the problem of how to get rid of Premier Clarke has engaged the serious attention of members of the government. In the words of the gallant Sir Sam Hughes, "he was repugnant to their souls," but the task of unloading him was a tedious and delicate one. They intimated that he could be lieutenant-governor of the province, but the premier, always slow to take a hint, clung tenaciously to his post. The more than a week ago, after a turbulent meeting of the government, Hon. Mr. Murray journeyed to St. Stephen, and put the case straight up to the premier. He was evidently armed with a binding promise from Ottawa, for his mission was successful. He came away with the premier's resignation in his pocket, and it was on account of the serious illness of the latter that the announcement was not sooner given to the public. We are told that Hon. Mr. Clarke is to succeed to the lieutenant-governorship when the present incumbent's term of office expires early in March. We trust that this report is correct, but in this connection it is a trifle difficult to understand why it was necessary to force his retirement from the premiership a month before the higher office would become vacant. Having held the premiership for two years, surely the public interests would not have been greatly jeopardized, and his colleagues certainly would have stood better in the public estimation had they refrained from crowding him out. It rather looks, in the light of the facts, that Sir Mackenzie Bowell is not the only ex-premier who can claim the distinction of having lived "in a nest of traitors."

CHAS. L. NELSON'S DEAD

Charles L. Nelson of this city, died this morning in the Home for incurables. He was eighty-four years old and was well known throughout the province. He came to this country when but a young man and soon after his arrival here began to climb in the business world and soon became the owner and manager of a pulp and paper mill at Springdale. He later opened a paper and paper bag business in Prince William street, which he conducted until about twenty-five years ago. He is survived by three nieces and four nephews. The nieces are Misses Bertha C. Mary L. and Isabel J. Nelson, all of this city. The nephews are F. E. Nelson and C. L. Nelson, of Halifax; Otto J. Nelson and W. H. Nelson, of Boston.

The funeral will take place on Monday afternoon from the residence of W. H. Horn, 19 Elliott Row.

KEEPING BUSY.

The Lancaster Red Cross Society is plying scissors and needle very industriously these days. Various church and other organizations receive the work cut out by the Red Cross and finish it up. Individuals in all sections of Lancaster are also doing their bit to keep up the supply. Some idea of the magnitude of their operations may be obtained from the following list of work turned out in December and January. Fifty-four suits of pajamas, one hundred and two hospital shirts, six bed jackets, twelve helpless shirts, six day shirts, five quilts, one hundred and sixty-two handkerchiefs, three hundred and forty-eight pairs of socks, two pairs spiral socks, one pair mitts, eighteen neckties.

PORTLAND LODGE INSTALLS

Officers for the coming year were installed by Portland Lodge, Sons of England, in their rooms, St. James' street, last evening. The installation was conducted by the supreme vice-president, T. H. Carter, assisted by the grand master, E. A. Lawrence, with Charles Ledford acting as marshal. After the installation an interesting program was carried out. Speeches were made by Messrs. Carter, Lawrence, H. Sellen, William Bonnell, the newly-elected president, and H. C. Green. Those contributing to the programme were Miss May Alcorn, F. J. Purdie, Miss Campbell, Miss Audette, Miss Johnston, Miss Reicker, Miss Green, G. W. McAuley, Miss Earle, Walter Bagard and Harry Bond. There was also a dialogue, "The Compelling Railways," by four members of the lodge. Reference was made to the record to the retiring secretary, H. Sellen, now with the Field Ambulance, who had served as secretary for the last sixteen years, ever since the lodge was organized.

NO DEFINITE WORD TODAY RE SHOOTING AT BOUNDARY CREEK

Moncton, N. B., Feb. 2.—There is still no definite information available here regarding an alleged shooting yesterday afternoon at Boundary Creek where an escort from Moncton sought to arrest two colored soldiers alleged to be deserters. According to a message from Boundary Creek to Chief of Police Rideout, shots were heard and tracks indicated that fugitives and pursuers had gone northward towards the Transcontinental Railway.

MISS ELEANOR ROBINSON DEAD

One of the Most Prominent of New Brunswick's Workers in Field of Education

In the death of Miss Eleanor Robinson, which took place at the residence of her parents, Mr. and Mrs. T. M. Robinson, 174 Waterloo street, early this morning, the city and province lost one of the most valued of educational workers and one whose position will be hard to fill. In the death of Miss Robinson the educational field in this province has lost one of its most brilliant representatives and one whose highly cultivated literary tastes had given to the city and province pamphlets and papers that were of the foremost importance and value.

Miss Robinson received her early education in Rothesay and following her high school training she read extensively and thus stored up a wealth of knowledge. Her early interest in matters pertaining to education seemed to be the key note of her future work and from her early years up to the time of her death she gave her life to education, specializing in literature and history. She took courses in these subjects at both Oxford and Harvard.

As a lecturer she was effective, appealing and could hold her audiences interested to the very end. Her lectures on missionary work were regarded as classics and they appeared in printed form. From an educational standpoint Miss Robinson had accomplished much. She was for many years on the faculty of the Summer School of Science, but will be best remembered as principal of the Netherwood School at Rothesay, and also within late years as principal of a private school for girls in this city. She was a member of the Mission Church and was an active worker in all things that pertained to the uplifting and general welfare of the community. She had traveled extensively and this, coupled with her cultured mind, made her an authority on many matters.

Miss Robinson's abilities were probably best shown to advantage first in her contributions to the Educational Review, and, following the death of Dr. G. U. Hay, she succeeded him as editor and published the paper during the last year of his life. Her articles, especially on education, were powerful and effective, and did much to the advancement of learning in these provinces. Possessed of an unassuming disposition, she considered her brilliant ability beneath a cloak of modesty and she thought not of her own merits.

Miss Robinson had been in ill health since Christmas and gradually declined until she finally died upon Monday. Her funeral arrangements have not yet been definitely decided upon. Miss Robinson was a prominent worker in the Women's Council, but will be remembered in educational matters that her memory will be most cherished.

TAFI CONDEMN'S GERMANY'S NAVAL WARFARE POLICY

Former President Says Gives New Reason for Joining World Peace League

Concord, N. H., Feb. 2.—Condemning the new German policy of naval warfare the new German policy of naval warfare in an address before the New Hampshire Legislature, former President William H. Taft said in part:—

"The dangerous crisis in our relations with Germany forced by her declared intention to sink neutral vessels engaged in trade with France and England, their crews and passengers, without warning by submarine warfare, is a grossly unwarranted extension of the right of blockade which belligerents have in international law against neutrals. It greatly emphasizes the necessity for hastening adequate military and naval preparedness against unjust aggression. It also takes away the comforting uncertainty that we are now so remote from a European war that we should decline to enter a world league to enforce peace. Such a league in the future would be as useful and needed a protection to us as our leadership and participation in it are necessary to its formation and wise guidance. It is up to us to ourselves and to the world to help to protect itself against the horrors of another war."

PRICES HIGHER IN COUNTRY MARKET

Prices in many lines were reported in advance of last Saturday in the country market this morning. Hest best is today selling for fifteen to thirty cents a pound, and a week ago it was quoted at twelve to twenty-six cents; rabbits are forty-five cents a pair. A week ago they were selling for twenty-five cents a pair. Potatoes are today selling for 85 a barrel, and last Saturday saw them going for 83.50; turkey is selling for forty-five cents a pound; chickens thirty-eight cents; veal, twenty to twenty-five cents; eggs, fifty-five cents a dozen; butter, from forty-two to forty-five cents a pound; lamb from twenty to twenty-five cents a pound, and liver ten cents a pound, a week ago it was selling for from five to seven cents. Prices in other lines are about the same.

A COLD BATH

After devoting more than a column to laudation of Premier Murray and Hon. Messrs. Landry, Baxter and Smith, the Fredericton Gleamer dismisses Hon. Messrs. Slipp, Culligan and Taylor with the curt paragraph:

"The other three members of the government are without executive experience. Their usefulness in office will depend largely upon themselves. If they will fill the people will not be slow to recognize the value of their public services. For these new members the future must speak; but all will hope that they will prove worthy of the opportunities which are presenting themselves."

"The Fredericton Mail says:—

"Mr. Slipp poses as the foe of crime, and boasts that he has nothing in common with the bunch who dispense punishment in York county. He also claims that he has carried the ill will of the local gangsters, and this may have influenced Hon. Mr. Murray's decision to call him to the cabinet. There is one thing that can be said to the credit of Mr. Slipp—he did not vote for the financing of Whitewash, as he was conveniently absent from the house when the matter came up. He was in his seat, however, when the Dugal charges were preferred, and made bold to predict that Mr. Fleming would get nine months in jail as he was coming out from the original with 'flying colors.' He made a mess of it that time, and has since been more chary in indulging in long range predictions."

Congoleum
BY-THE-YARD

is the best covering for any room in the house. Will lie perfectly flat without tacks, will not curl up at the edges and, being absolutely waterproof, will not rot out at the joints, no matter how often it is scrubbed.

The surface shows off the pattern to better advantage than the printed inoleum and, having a heavier coating of paint, will wear longer. Best of all, the price is the same as it was two years ago. Then it sold readily at a higher price than the best printed inoleum, and as the latter has advanced repeatedly during that time, the Congoleum is today the best value on the market.

We have a splendid variety of new patterns, which we would like to show you.
