MANY AT FUNERAL OF ARTHUR W. ADAMS

The body of Arthur W. Adams was laid to rest this afternoon in Fernhill. A service for the family was held at the residence in Germain street at noon by Rev. Canon R. A. Armstrong, rector of Trinity church, and at three o'clock this afternoon the funeral was held from Trinity church, where the body lay today. The service, which was most impressive, was conducted by the rector. Following a scripture reading, the hymn "Rock of Ages" was sung, after which the 90th Psalm was read. The lesson was from 1st Corinthians, 10th chapter and 20th verse. After the hymn "Abide with Me" came the text: "I heard a voice from Heaven saying unto me 'Blessed are the dead which die in the Lord,' even so saith the Spirit, 'for they rest from their labors.'"

The verses and the Lord's Prayer were recited, followed by grace. The Nunc Dimittis was sung and the body taken from the church by the pall-bearers, vestrymen of the church, F. J. G. Knowlton, W. S. Fisher, I. H. Northrup, J. G. Harrison, H. B. Sturdee, M. G. Teed, H. A. Porter, S. D. Crawford, J. L. McAvity, Dr. Thomas Walker, G. D. Ellis, E. J. Todd and T. E. Simpson. The funeral cortege proceeded to Fernhill where prayers of commitment were said by Canon Armstrong.

The funeral was attended by many, in tribute to one who had a large place in the hearts of all who knew him. Included in the large congregation in Trinity were many business associates and personal friends who mourn the loss of an upright gentleman and a true friend.

Among the numerous floral offerings were tributes from the Corporation of Trinity church, Union Lodge Knights of Pythias, the Cliff Club, and business and personal friends.

The funeral of George E. Finlay was held this afternoon from his late residence, 174 Carmarthen street, to Fernhill. Service was conducted by Rev. S. S. Poole.

The funeral of Mrs. Annie Paul was held this morning from her late residence, 81 Bridge street, to St. Peter's church, where high mass of requiem was celebrated by Rev. George Coffin. Interment was in the Holy Cross cemetery. Relatives were pall-bearers. The floral and spiritual offerings received were numerous.

The funeral of Mrs. Elizabeth Short was held this afternoon from her late residence, 49 Brussels street to Cedar Hill. Service was conducted by Rev. G. A. Kuhring.

SCHOOL BOARD FOR OPEN AIR SCHOOL Will Appoint Teacher if Order for \$2,500 is Voted by Bangor City Government.

The Bangor School committee has declared itself strongly in favor of an open air school and awaits the opportunity of appointing a teacher to the Newbury street building. The comprehensive plans of the open air school committee, the enthusiastic support of volunteers and the little children made deeply concerned in the success of this movement, must wait now for the decision of the finance committee. The expected passage of the order to spend \$2,500 in repairing the Newbury street school will set the wheels of a great work in motion. Here are some of the things which this committee, backed by the Maine Public Health Association and its friends, are prepared to do: They will employ a trained specialist in open air school administration to superintend the health and progress of the children. She will prepare and serve hot mid-session lunches which shall scientifically supplement the meals received by the children at home. Each morning the children will be asked what they had for breakfast, and the lunches for the day will be based upon the lacking elements in those breakfasts. She will have wash-up drills before meals and tooth brush drills for the children. She will enforce that most essential requirement, the rest period, usually a nap of an hour and a half. The committee will arrange for transportation of the children to and from school. They will provide warm, cozy bags into which the children are snugly buttoned during the coldest weather, and extra wraps for those insufficiently supplied. It is an interesting fact that these little fresh air pupils, not only maintain a very high average of scholarship, owing to the invigorating stimulant of pure air, but they become so hardened to the outdoor air, that colts are unknown and they are as comfortable in their outdoor wraps in their school, as the indoor pupils are in their lighter clothing and warm air. It must also be explained that the children are not exposed to extreme cold—simply pure outdoor air, in a room which is heated by steam. The colts on which the children refresh themselves with sleep in the open air, will be installed by the committee. It should be clearly understood by the city government and citizens of Bangor, whose support the committee is urging, said a supporter of the movement Friday, that a fresh air school is not an experimental idea. Bangor, whose support the committee universally accepted adjunct of public school systems. Even in this northerly state it works so well to find a city of this size which has not made proper provision for its undernourished and under stimulated children. In Massachusetts there is never a school built now without at least one room de-

GOOD THINGS COMING TO THEATRES OF ST. JOHN

LAZARO'S COMING STIRS MUSIC LOVERS
 Famous Spaniard Assured of Brilliant Audience Wednesday.

Senor Hipolito Lazaro, the Barcelona tenor, will give the people of St. John a close-up of Caruso's closest rival on the operatic stage and his unquestioned equal in the musical world. This happy state of affairs has been brought about by accident, due to the cancellation of Anna Case's contract with Louis LeLacheur, who had the soprano star booked to appear at the Imperial Wednesday. Because of the serious nature of the dis-appointment to the St. John promoter, two of the leading musical brokers in New York added by the agencies of Miss Case herself, prevailed upon Senor Lazaro to take the long jump into St. John and render one of his marvelous programmes. It is therefore perfectly all right for those who have tickets for Wednesday night to rest in the assurance that they are going to hear a performer in highest favor at the very heart of things musical. As an operatic star or concert performer Lazaro is one of the world's four greatest, and the expense incurred in bringing him here alone more than offsets the double cost of having had Miss Case sing in Halifax and St. John.

Interest in the musical event of Wednesday is evidenced greatly since the announcement of Senor Lazaro's coming and the ticket sale indicates a splendid audience. The ticket office at the Imperial is open all day for reservations where tickets can be bought outright. The Halifax engagement has been abandoned because of lack of time and also because Senor Lazaro has other bookings. Mr. LeLacheur has therefore been forced to meet a rental expense in the sister city in addition to other extras. His efforts to prevent a disappointment in St. John will doubtless be highly commended by everyone.

A GREAT TREAT FOR PATRONS OF OPERA HOUSE
 Look at This Banner Programme and Lose No Time in Booking Your Seats—Should Be One of the Best Bills of the Season.

Did you enjoy the great feature at the Opera House last week "Making Movies"? If you did you will have an opportunity of seeing the drama "She Would Be a Vamp" with an entire local cast depicted on the screen during the mid-week bill which started this afternoon. You will also see a "close up" of the audience at the various performances. This picture should make a great hit.

In addition to this feature attraction there will be the following bright programme—Ethel Mae Hall and Company, who are offering a riotous comedy one act playlet "The Wrong Guy"; Gene Mason and Fay Cole, in an original programme of comedy songs, chatter and eccentric dancing; Nita Johnson, in a great "Pandora in Vaudeville" (Something New), with some catchy song hits; Monroe and Grant in a great comedy "Trumoline"; Billy Tam, an eccentric comedian and juggler with his big variety of feats. There will also be the opening episode of a new serial motion picture drama "The Veiled Mystery," which is featuring Antonio-Moreno and Pauline Curley.

HUNT'S 20TH ANNIVERSARY SALE IS FORCING DOWN THE HIGH COST OF LIVING
 The public are looking for lower prices and judging from the large number who have already visited this great anniversary sale and taken advantage of the wonderfully low prices and great values, this event is certainly cutting down the high cost of winter wearing apparel. Why pay 20 to 30 per cent more for your winter overcoat or suit when you can save this difference at Hunt's sale? Men's furnishings and boys' clothing at prices away below today's prices. This sale is now in full swing and will continue all this week and next, and so far a large number of people have profited by it, and to fully appreciate the wonderful bargains to be had one should really call and see them. Hunt's Clothing Store, 17-19 Charlotte street.

ARRANGING FOR BOYS CLUB IN SOUTH END
 At a meeting last night in King Edward school, with C. M. Linsley, president of the South End Improvement League, in the chair, ways and means to form a Boys' Club and to have a skating rink in the South End, were considered. He said that the Y. M. C. A. had on the exhibition grounds can be purchased for \$500 and it would be an ideal building for the purpose, but a further sum of \$500 would be required to equip it. He thought that \$1,500 would cover total expenses. Association executive yesterday they had decided to try and raise the amount provided the South End would conduct the building and carry on the work of the club. D. W. Puddington read the financial report in the absence of Alexander Ody and Rev. S. S. Poole. Rev. H. A. Cross, in favor of the club and W. C. Cross suggested that the ten churches in the South End should interest in the matter. Committee Bullock and Mayor Schofield said they would interest the common council in the matter and Mr. Ramsay, president of the East End Improvement League and Frank White were the other

QUALITY

"Observe the character of the clothing worn by successful men. Quality predominates. It guides their selection of every garment."

Every overcoat in our large stock has that desired look that always marks the successful man—character and refinement.

Belted and half-belted models are strongly favored among the younger fellows. Slender form-fitting effects are also very popular. Then there's the great ulsters and ulsterettes, with their broad collars and pockets, the very height of comfort, yet stylish, and conservative models in plenty.

DETECTIVE TALE AT THE UNIQUE

Exciting Story, Full of Action in "The Flaming Clue," With Harry T. Morey.

If you like a detective story filled with action and filling climaxes you will enjoy "The Flaming Clue" at the Unique. If mystery and suspense are required to make a feature thrilling then "The Flaming Clue" is filled with thrills. Love is not forgotten. An intense love story is woven into the plot, and humorous situations are introduced to contrast the intensely dramatic and bring it out in bold relief.

"The Flaming Clue" is a feature that will please all classes and ages. It is a detective story, a brand of fiction that holds the center of the platform both as a novel and as a play. Yet, unlike the average detective story, "The Flaming Clue" is not a murder mystery. In this respect it shines. It leaves the well-beaten path and introduces a band of counterfeiter by way of variety.

Night photography adds to the mystery and suspense. Some of the night scenes are exceptionally well done and give a weird, uncanny effect.

Harry T. Morey has a role in which

AN INSPIRING RECORD.

The public health department of this province is laying great stress upon the importance of conserving infant life and lessening the mortality, which is far too large. The Red Cross is giving special attention to the same subject. It is right to contend that there is far more to be gained, from every point of view, in saving the lives of children born in the country than by bringing in alien immigrants. One aim of the health department is to provide both pre-natal, maternity and home care, and this involves the employment of nurses whose ministrations will in time cover the province. There is both encouragement and inspiration in the report that comes from England, as summarized in an article in the Bangor Commercial.

BOYS AND THE PEOPLE.

The south end of the city is to have a boy's club. All the churches in that portion of the city which lies south of King street are to be asked to send representatives to meet the executive of the South End Improvement League and organize to carry on the work. There are at least ten churches in this territory. If each will give two or three active workers to join those already organized as a league the building to be used may be made a real social centre of great value, especially to the boys, but not necessarily to them alone. There is here such an opportunity for community effort that it would be a deliberate sin against the young people not to make the most of it. Three ministers who were present at the meeting in King Edward School last evening declared their hearty sympathy, and in conversation on Friday and Saturday every other one in the south end promised to bring the matter to the attention of his people. Mayor Schofield and Commissioner Bullock were present last evening and pledged their support. A group of business men including Mr. W. C. Cross, Mr. Frank White, Mr. James Lewis and others were there to lend a hand. Only a handful of women were there, but the boys and young men were out in force. President David Ramsey and Mr. Barrett of the East End Improvement League were there with the most inspiring story of community effort for the good of the boys and girls that St. John has heard in the life-time of this generation. It is up to the South end to make good, for it has an exceptional opportunity. Happily no time will be lost. Within a week a large central committee will get down to business and the Y. M. C. A. hut on the exhibition grounds, with its memories of the lads who went overseas, could not be put to a better use than that of a well-equipped and well conducted boys' club. May the light soon shine in its windows.

The maritime provinces can get goods cheaply from England. They cannot get them cheaply from the upper provinces. A consideration of freight rates as they affect us is very illuminating. But for the high tariff, also, we could get certain lines of goods at much less cost from the United States. Our friends in the other provinces would do well to give these facts and the feelings they arouse a little serious thought. The people of the maritime provinces are beginning to wake up and ask questions about their share in the benefits of confederation as compared with those reaped in other portions of the Dominion.

MISS COSSLEY-BATT'S MESSAGE.

Some information given by Miss Cossley-Batt in her address before the Rotary Club yesterday should be of use to the provincial authorities. She said that the best place to seek immigrants is in the southern part of England, and that in travelling about there she found the people were utterly ignorant of the advantages of Canada as a field for settlement. Apparently no propaganda has been carried on there, although in her opinion it is more desirable as a source of immigration than the industrial north. But the speaker made a still more significant statement when she declared that in the Mother Country generally the maritime provinces and their advantages are quite unknown. Such a statement should stimulate the provincial authorities to get together in a vigorous and united campaign to remove the prevailing ignorance and attract the right kind of people to this portion of the Dominion. Miss Cossley-Batt is an acute observer. She referred in terms of actual knowledge to the resources and trade opportunities of Canada, Australia and South Africa, and declared that Canada should be able to compete in world markets. Her plea for close inter-imperial relations was based on economic grounds as well as upon sentiment, and those who listened were much impressed by her illuminating and stimulating address.

The Melghen government will not derive much comfort from the by-elections held yesterday. The former candidate won easily in East Elgin, and the government candidate in Yale apparently has but a moderate majority. It is quite true that the Liberal candidate was third in the East Elgin contest, but the party has the satisfaction of knowing that the winner is far more in sympathy with Liberal than Conservative policy, and demands a change at Ottawa. It goes without saying that the East Elgin victory will give a fresh stimulus to the farmer movement all over Canada.

MORNING NEWS OVER THE WIRE.

Hon. F. B. Carvell, chairman of the board of railway commissioners, announced yesterday that there would be an exhaustive inquiry into railway rates generally. If any injustice existed in railway rates in any part of the Dominion it was desirable that it be eliminated.

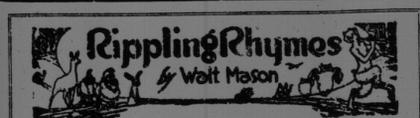

It was announced yesterday from Washington that the Interstate Commerce Commission had approved an order requiring payment in United States money and prepayment of charges on shipments between Canada and the United States. The effect of this would be to require shippers to prepay in United States money charges for interstate transportation wholly within the United States.

Damage to the extent of \$50,000 was done by fire last night in the Merchant's Department Store in Sydney, N. S. Much damage was done by smoke and water as well as fire.

A resolution was put to the League of Nations yesterday by M. Viviani inviting a conference of the various powers with a view to constituting a force sufficient to put an end to hostilities in Armenia. The resolution was adopted. It was estimated that 60,000 men would be a force sufficient to deal with the situation.

After an 8,000 mile voyage across the Atlantic and return the little schooner Typhoon, 35 feet long, has arrived at Staten Island, N. Y. The trip started from Baddeck, N. S., July 18 and England, France, Spain and the Azores were visited. Several storms were encountered and at times things looked black for the little craft. Two boy scouts who were on board were washed overboard but were saved by clinging to the railing ropes.

Donald R. Hendrick, of Vermont, was killed in a boxing match at the University of Vermont in Burlington yesterday. He was boxing against Tom Purcell when a blow felled him and he struck his head on the floor beyond the mat. No action was taken against Purcell. Chief Inspector W. D. Wilson has received word that between eighty and ninety gallons of alcohol were seized by a sub-inspector at Curren Brook, Madawaska county yesterday. It was en route to Maine. Two \$30,000 fires occurred in Montreal yesterday. The top floor of the Mechanics' Building in the heart of the financial district was destroyed in the afternoon and a one-time favorite place of amusement, the Jardin de Danse was destroyed in the morning.

THE GREAT BLESSING.
I had a weary seige of sickness that called for pink and purple pills my humble roll lost all its thickness when I had paid the doctor's bill. And pharmacists and well trained nurses were charged to me up the road. And undertakers with their hearse were hanging round my sad abode. Like lumbago, cramp and tetter, though rheumatiz still stays its game. No longer do I wear a plaster, there is no pox on my form. If one has health he is a craven to talk of grief and trouble sore, and crouch, like Edgar, in a raven, beside a dead as "Nevermore." Health is the only thing that matters, beside it other boons are vain, and men are surely mad as haters who kick against the pricks, from the itch, I face my tasks without a question, and life seems full of sweet and rich. Yes, ugly problems crowd around me, and threats and things invade my den, but they can't daunt me or confound me, for I am feeling well again.

CANADA—EAST AND WEST

Domestic Happenings of Other Days
ROBERTS, THE RANGER.

Picture characters abounded in the early days of America; few were more so than Robert Rogers, a ranger who flourished particularly during the winter of 1756-57. He made the vicinity of Crown Point and Ticonderoga his special haunt and many a party of French came to grief through his activities. No matter how the French tried to get a French force across Lake George, but as the two parties were very evenly matched there was no engagement. Ultimately both nations were driven from the war area into winter quarters by the coming of the storms and the snow. In January Rogers came with his rangers from Fort Edward bound on a scouting trip to Crown Point. As part of the band was unaccustomed to tramping on snow shoes, they were given the march across Lake George and so were ordered home. This reduced the number in the expedition to seventy-four men. After many hardships they succeeded in passing Ticonderoga undiscovered and camped five miles beyond. The weather growing warmer, rain was beginning to fall and the men were wet and exhausted with the heavy marching. As best they could beside their camp fires they tried to dry guns and clothing and shoes. In the morning with the rain still coming down they advanced another three miles through the forest, when a sleigh was seen moving across the ice from Ticonderoga towards Crown Point. At once Rogers issued orders that it was to be captured and the party was sent out to head it off and another to block its escape. Too late the ranger discovered that there were ten sleighs in the company. He succeeded in taking three with seven men, but the rest escaped and carried the news of his dread presence to the French. That started trouble.

THIS DAY IS MINE.

(Rev. George Scott.)
This day is mine to make or mar,
This day of eternity,
This transient glow 'twixt star and star,
This moment fraught with mystery.
The passing hours may give or take,
And crosses thwart my mortal plan,
These have no power to more or slake
The counsels of a steadfast man.
I am not bound upon the wheel
Of passion, pride, or circumstance,
Come what come may, come woe or weal,
This is no realm of blind mischance.
All things are mine to rule and sway,
To bend them to my high behest,
To shatter them as potter's clay,
Or bring them to my manhood's test.

MAIN BURSTS; SOME MONTREAL STREETS FLOODED.

Montreal, Nov. 23.—At twenty minutes after nine o'clock last night, the 86 inch pipe of the distribution main water supply system of this city burst in St. Antoine street near the Windsor station, flooding Desrivières, Windsor, Mountain and Inspector streets, the latter to a depth of six inches. Much damage to property was done, cellars and basements of houses being flooded. Men were put to work repairing the main. It is not thought that the water supply of the city will be affected.

JURY ALL AGREE C. P. R. CONDUCTOR WAS NOT GUILTY.

Montreal, Nov. 23.—A verdict of not guilty was returned last night in the case of Wilfrid Boudreau, the first of eight C. P. R. conductors accused of theft to be tried before the November term of the court of King's bench. The jury's verdict was unanimous. He was liberated at the order of the court and there was a start of a round of applause which was immediately silenced.

POLES FEEL PEACE WITH REDS UNSAFE.

People Lack Confidence in Sincerity of Leaders of Bolshevik Cause.

(Special Correspondence to the American Commission for the Defence of Poland)
Warsaw, (By Mail).—On October 22nd peace preliminaries with the Bolsheviks were ratified by the Polish Parliament unanimously and amidst applause. On the other hand, among the Polish public there were no signs of joy and enthusiasm. The unanimity and applause in Parliament is explained by the fact that Poland has a great desire for peace, of which she is greatly in need, and the rescue of the population has its source in the lack of confidence that the peace will be lasting.

Peace Will Free Red Leaders.

After the conclusion of peace public opinion in Russia will not turn against the Bolsheviks, for all the organs of opinion are in their hands, and no adverse voices can obtain a hearing. By the control of food the Bolsheviks have made the intelligentsia, as well as the general population of the towns, dependent upon them. Only the rural population could rise against them. But the rural population is apathetic, passive, for centuries accustomed to obey, without troubling if it is the Czar who commands, or Lenin. Having come into possession of the big landed estates, it is content with its lot; it is only troubled by the lack of every-day necessities. These the Bolsheviks will be in a position to supply when the railways cease to function solely for military transports. Then the Russian peasant will not ask who rules in Moscow.

War Necessary to Soviet.

Peace will therefore strengthen Bolshevik rule. But a lasting peace cannot be counted upon, for war is necessary to the Bolsheviks. It is first of all necessary for the adventurous elements standing at the head of the government, to whom war will give the opportunity for abuses of every kind and personal gain. It is further necessary for maintaining all over the world the Bolshevik agitation by which means they expect to be able to establish their system. Experts on Russian relations here pretend that after a few months of peace the Bolshevik will again think of war, and will be able to choose against war to wage war. The circumstances are such that of the countries of western Europe, Poland is the most suitable for attack. Another alternative is war in the east. To this end they are already preparing the ground for propaganda in Asia and alliance with Turkish, nationalistic and English agitation in Persia and a congress of eastern peoples in Baku.

Metropolitan Stars Assert Youth Reaches Highest Note Ever Sung.

New York, Nov. 23.—This year promises to reveal a bumper crop of boy prodigies. Edward Boehle Hardy, the twelve-year-old Columbia freshman, may boast of the mastery of a dozen languages and Samuel Rzeschewski, eight-year-old Polish chess wizard, may be able to checkmate 19 West Point strategists in a row, but neither of them can sing.

BUMPER CROP OF BOY PRODIGIES ASSURED.

Robert Murray, twelve, of Tacoma, Washington, in an exhibition before a group of Metropolitan stars, including Miss Frances Aida, who "discovered" the youth last summer, Murray not only reached with ease the high notes in Arius of Galli Cured, and Tetrastini fame, but at the signal of his instructor, and to the astonishment of his hearers, he transposed those high notes to a higher key and breathed them with equal recdily and resonance. The singers who heard the performance asserted that this was the highest note ever reached by the human voice.

BID \$50,000 FOR PERPETRATORS OF WALL ST. OUTRAGE.

New York, Nov. 23.—A reward of \$50,000 was offered here yesterday by a private detective agency for conclusive information leading to the identity of persons responsible for the Wall Street bomb explosion on September 16. More than \$80,000 previously had been offered by the board of estimate and an insurance company for evidence.

RECENT DEATHS

Newcastle Creek, Nov. 20.—9 gloom was cast over this place yesterday afternoon when it became known that Walter Scott Butler, a life-long resident of this place, had passed to his reward after a brief illness of pneumonia, which developed only five days previous. He was a son of the late Walter S. Butler, one time member of the provincial parliament, and Janet Sowers. He was fifty-two years of age and unmarried. Always of a jovial and jovial disposition, the community realizes the loss of an ever faithful and industrious citizen. He leaves to mourn their sad loss two brothers, Leslie of Sybbers Cove, Queens county, and Herbert V., signal service, customs house, St. John, N. B.

The death of Joseph Jeffrey of Somerset street occurred yesterday at the Infirmary Hospital. He was a returned soldier. A wife survives.

Mrs. James Guthrie, formerly Miss McAvoy of this city died at her home in Roxbury, Mass., Nov. 19. She leaves her husband, four sons and one daughter.

ST. JOHN MAN HONOR GUEST AT AMHERST DINNER

(Amherst News, Nov. 19.)
The Terrace Hotel was the scene of a happy occasion last evening in the form of a stag party in honor of Frank O. Garson of St. John whose engagement to a prominent St. John girl was recently announced. Mr. Garson is a well known dealer in metals, and is the man who purchased the Niobe from the dominion government some weeks ago. The two other guests of honor were Mr. Joy of Joy and Tarbell, lumber experts and Mr. Foreman, Asst. Purchasing Agent of the Canada Car Company. W. T. Caldwell, Manager of the local car plant acted in the capacity of chairman of the gathering, and among the others present were J. C. Murray, D. W. Fraser, Geo. Shiers, O. A. Silliker, Floyd Rattray, Jas. Stewart, J. A. Tait, J. H. V. Moore and Alex. Chisholm. After a tasty repast, speech making was the order of the evening. Mr. Garson in a witty speech, thanked his friends for gathering in his honor. Messrs. Joy and Foreman spoke at some length pointing out the efficiency of the local car plant, and the excellent conditions they had found there. Several others spoke along the lighter vein. The pleasant gathering broke up at a late hour, all having spent a most enjoyable evening.

About thirty-five friends of Mr. Garson entertained him at dinner at Barker's, Loch Lomond, on Saturday night. The party left the city in automobiles. After dinner there was a toast list with Mitchell Barnstein acting as toastmaster. Those proposing and speaking in response to toasts were Morris Kominsky, Joseph Garson, Hyman Marcus, Max Kominsky, Alex. Lesser, Edward Roscan and Samuel E. Kominsky. In honor of the approaching marriage of a guest of honor a handsome smoking stand was presented to him on behalf of the gathering by the toastmaster. A very pleasant time was spent by the members of the party.

PLEASE PATRONS IN "A WOMAN'S GAME"

Mae Edwards Players at Queen Square Theatre in New Play.

The Mae Edwards Players started a new play at the Queen Square last night to run for the first half of the week, and the performance more than pleased a large house. "A Woman's Game" is a little different from the ordinary play, but it is none the less good for that. It is a play that will please.

Miss Edwards and Mr. Corbin both gave their usual excellent performances of their respective roles. Miss Edwards, as the petted, spoiled, darling of society, was the part, rather than played it. Her work is always good and last night was no exception.

Mr. Corbin, with more of an opportunity than he has had for some time, portrayed the "cave man" civil engineer well. He passed easily from comedy to tragedy. Mr. Smith handled the comedy role as well as usual, which is "some well." Laugh after laugh was handed out in his character of an escaped lunatic.

"Ward MacDonougis is a new face in the personnel of the company and if his start last night in a light comedy part is to be taken as a criterion the people are going to like him. His vaudeville act was a headliner and headed that branch of the evening's entertainment. Several smaller parts were handled well by the remaining members of the company, and the whole performance was well up to the high standard of this popular company.

Don't Be Misled By The So-Called High Gravity Test

IMPERIAL Premier WINTER GASOLINE

The gravity of gasoline is no indication of its quality. It is easy to form a mixture of casinghead and a low gravity product like coal-oil which will show a high gravity test, but such a mixture would be a very poor motor fuel indeed.

Every gallon of it contains, too, sufficient heavy fractions to give you the power and mileage you have a right to expect from good gasoline and enough intermediate fractions to form a continuous and unbroken power chain.

Imperial Premier Gasoline is a straight-distilled gasoline. Every gallon of it contains sufficient light fractions to make starting easy and sure in cold weather.

Imperial Premier Gasoline burns clean and all goes into power. It is impossible to secure a better gasoline, for cold weather motoring, at any price.

HOTELMAN'S PROFESSED IGNORANCE NO EXCUSE

Beer Was Shown to be 5.7 Per Cent. Strong; So He is Fined \$1,000.

Windsor, Nov. 22.—A fine of \$1,000 and costs was imposed on Lorne White, proprietor of the Dominion House of Sandwich, in Magistrate Gundy's court for a violation of the Ontario Temperance Act. The action grew out of a visit to the hotel nearly a month ago by Rev. J. O. L. Spracklin, who took a sample of beer sold at the hotel and sent it to Toronto for analysis. The analysis showed, it is said, that the beverage contained 5.7 alcoholic content. While not disputing the strength of the beer, counsel for Mr. White contended his client was without knowledge of the fact that the beer was stronger than that permitted by law. All the beer used at the hotel, he said, had been purchased from local breweries. The court however, decided that the fine must stand.

MADE WILL IN 46 WORDS.

Woman Wrote Shortest Document Ever Recorded in Westchester.

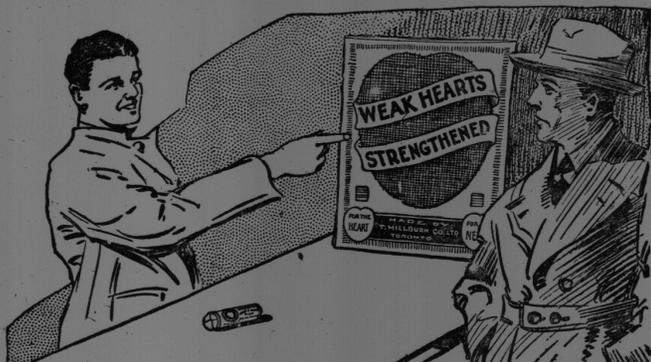

White Plains, N. Y., Nov. 23.—The shortest will ever recorded in the office of Surrogate Shuter of Westchester county is that of Margaret Gordon of Harrison-on-the-Sound, which was offered for probate today. The will, which disposes of considerable property, is written on a little piece of note paper and reads as follows: "If I should die before I wake I give all I possess to my sister Jane, to do as she thinks best. Jewels in Hudson Trust safe deposit money in Union Dime Savings and stocks California Standard Oil. Margaret McCan has them in her safe deposit. MARGARET GORDON. The Jane mentioned in the will is Jane Gordon."

Housemaid's Sedan, When Searched, Yields Up Missing Articles.

Detroit, Mich., Nov. 22.—Clara Rasi, 21 years old, by occupation, a housemaid, is in a class by herself. She says so.

A few days ago Mrs. Sidney Frank, who lives in an exclusive section of Highland Park, advertised for a maid. Miss Rasi responded. In the subsequent negotiations, Miss Rasi consented to accept the position with one provision—she must have garage accommodation for her sedan. Mrs. Frank does not possess a machine of her own, but she arranged

"THIS is my recommendation, Sir"

"NOT so very long ago I was in the same ill health as yourself. Long and busy hours, the responsibility of filling drug prescriptions and other duties of the day's work proved a strain. I took a couple of boxes of Milburn's Heart & Nerve Pills and can honestly thank them for my present splendid condition.

This little incident from everyday life fits your case in one way or another. In these days of strenuous living it is only natural for the heart to get below normal, thus affecting the nervous system.

Many people ignore the symptoms of heart and nerve trouble. Every day people drop dead, simply because of ignoring them. You cannot afford to do this. Ask yourself, "Have I any of the following complaints?"

Dizziness, Headaches, Palpitation, Breath Shortness, Brain Fog, Loss of Flesh, Depression, Sleeplessness, Anemia Tobacco Heart Loss of Appetite

These are some of the sensations which are experienced. They are a warning of vital importance. If you would be well and strong, just ask your druggist to-day for a box of Milburn's Heart & Nerve Pills.

YOU WILL BE SIMPLY ASTONISHED at the fast recovery you will make on taking them. Remember, they have been on the market for over 25 years, and you are using a preparation recommended by prominent people the country over.

All busy druggists sell Milburn's Heart & Nerve Pills at 50c. a box, or they will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ontario.

SCIENTIST'S FINDS IN EAST AFRICA

British Explorer Gets Priceless Fetiches From a Christian King—Collects 50 New Herbs.

London, Nov. 23.—John Roscoe, lecturer to Cambridge University for the Board of Anthropological Studies and one of England's greatest ethnologists, has just returned from East Africa where he has been on a mission for the Royal Society and the government since May of last year, his expedition being financed by Sir Peter McKie.

Mr. Roscoe has given to The Daily Mail an account of one of the most marvelous journeys ever undertaken by a man of science. He has brought back curious knowledge and specimens beyond his own dreams. His collection includes fifty or so varieties of herbs, some of which seemed to effect miraculous cures; many native poisons, great cases full of fetiches, implements and instruments going back to 2000 B. C., and innumerable photographs of strange and grim ceremonies, some cannibalistic and many quite unknown hitherto.

The explorer, who traveled many thousands of miles in the interior on foot and by bicycle, using the native paths, found tribes who lived on milk and nothing else whatever unless a cow died. After they had fed on that a twelve-hour fast was imposed. So vast are their herds that a King disposed of 20,000 as a small one.

Another tribe lived wholly on bamboo tips and moles. In another the relatives always ate the dead, even if they died of smallpox; but members of this tribe, which is hardly surprising, were less healthy than others, whose women are described as the fattest things ever seen, while the men are thin, very athletic and often well over 6 feet in height. One of the cannibals remarked that "Englishmen were very tough, but East Indians nice and tender."

The most interesting experience of the expedition was six weeks spent with the King of Bunyoro. He has become a Christian and so felt it possible to give Mr. Roscoe all his fetiches, a priceless collection which throws an entirely new light upon ceremonies going back to 2000 B. C. He also organized a pageant of some 4,000 years—according to native tradition—of ceremonial. Thousands of natives themselves came to see it as a sort of grand finale to ages of accumulated superstition.

By his knowledge of the local language gained in earlier visits, Mr. Roscoe, who was alone, became familiar with many present beliefs and customs. For example in one tribe girls are betrothed at birth and married at 12 or 14. If they are unchaste before marriage they are killed. In a neighboring tribe girls may do as they will until after marriage. Many most elaborate laws of marriage, morality, divorce and land tenure have been revealed in the course of the journey. The discoveries include valuable commercial information. For example, Mr. Roscoe found graphite of high quality in the native communities.

He says he has material for five years' work at six hours a day. His herbs and poisons are being tested and analyzed by Edinburgh University and by Burroughs Wellcome & Co. A dozen cases of ethnological specimens are going to the Pitt-Rivers Museum at Oxford.

The journey started at Mombasa, and the most dangerous and difficult part, as well as that which yielded the richest results was west and north of Victoria Nyansa and in the triangle between the three great lakes.

IMPORTATION OF SOME HIDES INTO CANADA FORBIDDEN

(Canadian Press Despatch) Ottawa, Nov. 23.—It is announced by the Department of Agriculture that in order to prevent the introduction of animal diseases into Canada a ministerial order governing the importation of hides, skins, etc., has been passed. These regulations come within the Animal Con-

tagous Disease Act, and are administered by the Veterinary Director-General. Under conditions stated in the order the importation of hides of horses, cattle and buffalo, calf skins, sheep skins, goat skins, deer skins, gnu stock, bones, hoofs and horns into the Dominion of Canada from any of the countries of Europe, Asia, Africa, South America, Central America, Mexico, New Zealand and Australia is prohibited. Regulations governing the importation of wool and hair have been passed with the same purpose in view.

Brunswick Chapter of the I. O. O. F. held a successful pantry sale in King street, West St. John, on Saturday and realized \$80 or more. The conveners were Mrs. J. H. Barton and Mrs. F. Lewis.

"THE DARK STAR" A WAR-TIME THRILLER

Robert W. Chambers' Famous
Fiction Makes Hit in Mov-
ies at Imperial.

The feature which opened the week the Imperial yesterday contained an element of story interest which always presses lovers of good fiction and creates enough favorable comment to enable large measure for second-day business. It was Robert W. Chambers' intriguing novel, "The Dark Star," dealing with a fragment of an iron idol cherished as a relic by a missionary in Turkey. Tradition has the idol to be an influence to aid in whatever country it may be. It was therefore during the year of the American missionary's journey from Turkey through Russia, France, England and thence America that the stirring scenes of remarkable story occur. Secret agents of the nations mentioned strove all their cunning to locate this relic, and incidental to these struggles for its possession appear some of the most thrilling pictures, among which is the blowing up of a steamer and a thrilling rescue.

Charles Davies is the bright particular character in this strenuous story and supporting cast is large and well-timed. Imperial is also showing a Tom-Holmes travelogue entitled, "The Literary Digest and a fine bill of theatrical novelties. The same program will be shown this afternoon and night. Tomorrow will Rogers, the great comedian will be seen in another act, "Cupid, the Cowpuncher." On Wednesday evening Imperial will be devoted to the Lazarus recital, but mid-week bill will be repeated on Sunday as usual.

Windsor, Nov. 22.—Urging Canadian manufacturers to "get busy" in cultivating the export trade of Great Britain and its dominions, A. N. Americans are monopolizing the export trade of the British dominions, he said.

SOAP PRICE REDUCED, BUT WHY PUBLISH NEWS?

Hamilton, Nov. 22.—"Yes, it's true, but what do you want to publish such information as this for?" was the reply of one local manufacturer of soap, in admitting that soap was reduced recently from \$10.25 to \$9.50 a case of 60 pounds.

Other soap manufacturers, including Proctor & Gamble Mfg. Co., and D. Norton & Sons, confirmed the report. General conditions of the trade were responsible, officials said.

F. H. Lamden of the wholesale grocery firm of Lamden Bros. said that the reduction in price was general throughout Ontario at least. Domestic soaps were affected chiefly, with the result that such soap would be about one cent a cake cheaper, but consumers would not feel the benefit for several days yet, he thought.

WONDERFUL SCENES IN MALAGASH MINES

Cumberland County Salt
Workings Resemble Aus-
tria's Underground Castles.

(Halifax Echo.)
Describing the salt mines of Malagash, Cumberland county, the development of which began in earnest a year ago, a Pictou gentleman, much interested in their working, said they were now becoming intensely interesting, and already, although the light strikes them, a depth of one hundred and fifty feet, striking resemblance to the renowned underground castles of the Austrian mines is seen on every hand. The salt is being dug out in corridors, huge pillars being left so many feet apart to support the roof. The walls and floor and ceiling of the mine are of white crystal over which nature spreads a dry glazing, reflecting myriads of beautiful colors when the light strikes them, as if the mine were walled with cut glass. Above the seam of salt is about eighty feet of earth; beneath no one knows what, for the depth of the seam has never been measured. Seven men can dig thirty tons of salt a day.

ENGAGEMENTS ANNOUNCED

Mr. and Mrs. Wesley McConnell of Fredericton announce the engagement of their daughter, Violet Pearl, to Joseph M. Stewart of Taymouth.
Thos. Ryder, of Salt Springs, Kings County, announces the engagement of his daughter, Christina Mabel, to William Henry Rupert of Hampton, Kings county, the marriage to take place at an early date.
Mrs. Charles Key, of Fredericton, announces the engagement of her eldest daughter, Ethel L., to H. Hazen Everett, of Kingsclear. The wedding will take place in the near future.
Mr. and Mrs. Frank Wheelock of St. Stephen announce the engagement of their daughter, Nellie E., to Frank G. Hanson, of Milltown, Me., the marriage to take place at an early date.

TO BOOM THE PROVINCE.

W. H. Allen, president of the New Brunswick Guides Association will leave at the end of the month for Ohio, to exhibit motion pictures of game scenes taken in New Brunswick woods. He will address meetings under the auspices of game associations at Columbus and other cities. Mr. Allen has some splendid reels of films which he will show and he will also give a talk on the game resources of the province, which he is well qualified to do.

PURITY - QUALITY - ECONOMY
With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

Russian Seaman Invents Peculiar Form
of Suicide

New York, Nov. 23.—Lowering himself over the ship's stern and dropping directly over the propeller, which probably chopped him to death, was the form of suicide invented by Ivan Bach, 22 year old Russian, according to officers of the United Fruit liner Zaccapa, which arrived from West Indian ports. Bach was an able seaman in the crew.
He was missed from his watch Monday night and others of the crew found a rope dangling down over the propeller. Bach left an envelope in his bunk enclosing \$5. A note said: "One dollar for the boatwain and \$4 for Paul." Paul was another seaman on board. Captain W. O. Bennett took the precaution of wiring the location where Bach probably lipped overboard and three vessels near there answered they would keep a lookout.

erican half-dollar that afternoon during school hours, with the object in view of awakening the interest of a certain fair co-ed, whom the three others were likewise interested in. With handkerchiefs tied over their faces and caps pulled down in the true bandit style, the trio awaited their quarry on the Martindale road, overlooking the Canadian Henley course.
When the victim showed fight he was hit on the nose by one of the youthful rascals with force sufficient to break that member. The spurring mood created alarm among the brigand band, and they decamped.
Warrants have been issued for them.

FORMAL OPENING OF THE INSTITUTE

The Seamen's Institute opened its season last evening with a concert which was a great success and in which some of the most local talent took part. The public availed itself of the privilege of viewing the building and from early in the evening until the concert commenced visitors were being shown through the building and all occasioned at its construction and at the improvements made. R. E. Armstrong, the president of the Navy League, Captain A. J. Mulahy, H. C. Schofield and Mr. and Mrs. C. B. Allan were among those present. Mr. Brindle, the secretary, was in the chair for the entertainment programme. The various numbers were all heartily applauded and encores were very obligingly given. The programme was as follows: Overture, Martello band; Song, Mrs. Blake Ferris; Scotch character song, John Simpson; song, Thomas Guy; song, Miss Estelle Earle; selection by the band; reading, Miss Ethel McGinley; song, Fred J. Punter; Scotch character song, John Simpson; selection by the band. During the programme a film, showing in very spectacular form the work of the Navy League, was thrown on the screen and it, too, was received with warm applause.

An entertainment was tendered last evening by No. 2 Salvage Corps to No. 1 Salvage Corps in their rooms in the North End. Addresses were given by R. L. Cunningham, captain of No. 2, May or Schofield, Commissioner Thornton, Captain McRae of No. 1 Corps and Harry Ervine. Vocal solos were given by W. C. Parker, Mr. Demison, Mr. Wallace; a song by H. E. Sibson; black face sketch by Messrs. Wallace and McCaulley; readings by E. H. W. Ingraham and Mr. Wallace; musical sketches by the North End string band, Messrs. Wallace, Cain, Jamieson and Ring; mandolin solo, H. E. Sibson; violin solo, Mr. Wallace. Mr. Cochrane was accompanist. A round of choruses was sung by the company and all considered it a very enjoyable evening.

SPRING or Fall and its house-
cleaning bring the question
of refurbishing the old
furniture. The price of furniture has
advanced 100 per cent. in the last ten
years, so why not save the old and
make it look like new. Upholstery
gone? Fabrikoid is the answer—an
attractive covering that looks like
leather, costs less and wears longer.

Fabrikoid gives a richness to furni-
ture that cannot be obtained in any
other covering at the same cost. It is
the one satisfactory furniture covering
in the home where there are children.
Greasy fingers leave no stains on
Fabrikoid, spilled water will not
penetrate it—it does not scratch, tear,
pull or stretch, still it is as pliable as
the softest of leather.

Get Fabrikoid in a shade that will
match your furniture. It will fit
nicely with the surroundings in any
home. And it is all of uniform thick-
ness and texture—you take no chance
on Fabrikoid.

When you send your furniture to be
re-upholstered, tell your dealer to
show you his samples of Fabrikoid.
Select the color you need—you cannot
go wrong on the quality, if you insist
on Fabrikoid. Write today for our
free booklet "Fabrikoid in the Home"
and learn what can be done at home
with Fabrikoid.

MANY STOCKS ARE SELLING AT LOW LEVELS FOR YEAR

Market Steadier After Sensational Period of Liquidation

No Distinct Trend—Paper Group Displays Further Weakness—Sugar Provides Sensation of Week—Tight Money Will Continue.

(Financial Post.)

The wave of liquidation which swept over the Canadian stock markets during the past few days and thrust them to the verge of demoralization has largely spent its force, not before the majority of Canadian stocks had been forced down to the lowest levels of the year, however. While the tone is now somewhat steadier, no definite trend in an upward direction has as yet been established. A number of stocks, in fact, which lack any definite support, are still slowly subsiding.

Sugar continued to provide the sensation of the week. Further spectacular breaks in this security tended to prolong the period of intense depression. Paper, too, were affected by the general air of uneasiness that pervaded the markets and continued the downward swing. The general movement was accentuated by the reactionary developments on Wall Street, which have not subsided even yet. There is talk of easier money on the other side, however, which may work some influence both across the line and in Canada. Views among Canadian brokers regarding the money situation were somewhat conflicting, some pointing out that money was just as tight and as hard to get as ever, while a report emanated from Montreal to the effect that money was in freer supply here than for some time past. If such were the case, the effect on the stock markets was negligible.

Notwithstanding the low levels at which stocks are now receding, there was little speculative sentiment in evidence during the week. While a number of the prominent investment features were active, the demand was not abnormal. It is evident that the public has not as yet entered upon a buying mood, whether through lack of ready funds or through a fear that the lowest levels have not yet been reached.

Old Glory Sale.

New York, Nov. 23.—(Canadian Press)—The opening day of the Old Glory sale at Madison Square Garden brought together a record assembly of horsemen from all parts of the United States and Canada. The first horse to sell for \$1,000 was Peter Look, at one time champion three-year-old pacing colt, in last season's largest money winner in the list of single race winners. He went to Portland, Maine, and will no doubt join the eastern half mile track for free-for-all. Peter Elliott, last two seasons a member of Lon McDonald's stable, became the property of that driver for \$1,000, while Peter Bolt, another Laurel Farm offering, went back to Indiana for the same price. Annie Judson, a promising two-year-old, by Peter the Great, out of an Axworthy dam, passed to William A. Leese, a Brooklyn trainer, at the best bargain of the assignment. Eight yearlings by Peter the Great brought a total of \$8,760, while a yearling filly of San Francisco brought the highest price of the assignment as well as the afternoon's sale, \$1,800. The buyer was Fetherland Farm of Ipswich, Mass.

Among active buyers of the day one who paid the highest price was John Walters of Crawfordsville, Ind., buying another animal a promising Peter the Great, a horse for which according to reports early last season, an offer of \$10,000 was refused.

Manager Harry Burgeon of Walnut Hill Farm, was a greatly interested spectator in the ring when eleven yearlings by Peter Volo were being sold from the consignment of G. W. Phillips of Wilmington, Del. One of the bunch brought \$1,000, yet the total averaged above \$470, the majority being out of mares not considered fashionable. The general average could not be obtained last night.

MEN FOUND MANGLED AND DEAD IN ANCIENT PRISON IN COLISEUM

Rome, Nov. 23.—Two badly mutilated bodies, apparently of men about twenty-five years of age, were found yesterday in the ancient Roman prison of the Coliseum. The men are supposed to have been killed by an explosion while in the manufacture of bombs.

Miss Beatrice Reid and Miss Lillian Shand, nurses who recently graduated from the General Public Hospital, were recommended for bonus of \$100 each at a meeting of the training school board yesterday afternoon. About \$1,800 has been paid out in bonuses since the first of the year to graduating nurses.

DUBLIN CASTLE STORY OF DEATH IN CROKE PARK

Says Pickets Fired on Soldiers and Crowd Stampeded

City Hall Commandeered for Accommodation of Troops - Traffic in and Out of City Suspended - Many Raids, With Machine Guns.

Dublin, Nov. 23.—Crown forces which went to Croke Park on Sunday afternoon in an effort to arrest alleged gunmen

were fired upon by pickets, and as a result of the resultant fighting, the crowd inside the park stampeded, said a statement issued at Dublin Castle last night. "It had been arranged," said the statement, "that when the grounds had been surrounded, an officer with a megaphone would announce to the crowd the intention of the military to search persons in the park for arms, because it was the belief that men associated with the murder of fourteen officers on Sunday morning were hiding in the crowd. An officer was detailed for that purpose, but before the crown forces could approach the field, they were fired upon by pickets. Thus the whole plan was upset, and the crowd stampeded.

There is good reason to believe some of the shots were fired inside the grounds for the purpose of creating a panic, which would allow the men wanted to escape, as many of them undoubtedly did. The Gaelic Athletic Association has officially denied there were any pickets on the grounds, or that anybody fired on the troops.

Military authorities today commandeered the city hall for troops, and the men occupied all the offices except those assigned to the town clerks. It was explained that the legitimate work of the corporation would not be interfered with, but that the place was wanted for the accommodation of soldiers. The lord mayor is arranging with officers to seek accommodation elsewhere.

A possible attack upon the Mansion House was feared by the lord mayor last night and he applied for police protection, expecting metropolitan police would be sent, but military officers said none of these policemen or ordinary policemen were available, and sent "Black and Tans" which gave rise to a rumor that the Mansion House had been raided.

The Central and Exchange hotels were both cleared of patrons today and are occupied by soldiers. Officers residing in private houses have been recalled to their barracks.

No trains arrived in Dublin today, and passengers from England came into the city in cabs.

In general the life of Dublin is apparently unaffected, street cars were running today, nearly all shops were open and theatres and amusement houses were doing business.

Forces engaged in searching residences and business places were accompanied by armored cars which carried Lewis machine guns. Men charged with attacking a military patrol were court-martialed. Nineteen barracks yesterday and warm tributes were paid by attorneys on each side to the integrity and fair play displayed by Captain Bagally, one of the officers slain on Sunday morning.

NO TRAFFIC IN OR OUT. Late in the evening the street guard placed around the city made absolute the paralysis of traffic in and out of Dublin, which was begun when orders were issued on Sunday suspending all railway service.

In the meantime soldiers were conducting scores of raids throughout the city, reports reaching newspaper offices showing that all classes and types of residences and other premises were being searched.

It seemed certain that many casualties had marked the day's activity. The thoroughness with which the cordon about the city was drawn and raids conducted led those in close touch with the situation to believe the military authorities were determined to arrest those responsible for the murder of fourteen officers on Sunday.

Streets in the downtown section of Dublin were thickly populated early in the evening by small knots of citizens, who were discussing the situation and expressing fear that the reign of terror had not ended.

As a consequence of the advancement of the curfew hour to ten o'clock, however, the crowds soon dwindled and a little after nine o'clock there was scarcely a person abroad.

An atmosphere of distrust and suspicion was noticeable on every hand yesterday and last night. It was universally agreed that the situation was most delicate and the spark which might produce the long feared conflagration was momentarily expected.

Belfast, Nov. 23.—The death roll in Dublin yesterday totalled five persons. During the morning one of the sentries at the Castle was attacked by armed men. The sentry fired, killing three of the attacking party. Two other deaths occurred during the raids which were carried out in the city through the day.

"I Feel as Tho' I Could Not Drag Thru the Day's Work" is the complaint of many a woman in the household, office or factory. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weaknesses of her sex—with eyes sunken, black circles and pale cheeks—such a woman is quickly restored to health by the Favorite Prescription of Dr. Pierce. Changed, too, in looks, for after taking Doctor Pierce's Favorite Prescription the skin becomes clear, the eyes brighter, the cheeks plump. It is purely vegetable and contains no alcohol.

Druggists sell it in tablets or liquid, or send Dr. Pierce, at Invalids' Hotel in Buffalo, N.Y., 10 cts. for trial package. After taking this well-known remedy you will feel strong and healthy. Such a change in feelings, too—there's sparkle in the eyes, a rose tint in the cheeks, for one has rich, red blood. There's elasticity in every movement and a spring in the step. Love comes to every woman who has bounding health—but when she is pallid, dull-eyed, languid, she has no magnetism, nor does she appeal to any man.

Study this Map. It tells—but only partly tells—the Story of Misery in Central Europe. Within the great territory between the black lines millions of destitute children are doomed to grow up weak and deformed through want of fats, milk and sugar, unless immediate help comes from without.

HERBERT HOOVER, invited to speak at a Canadian Red Cross meeting, said: "Our problem over the forthcoming winter appears to be about 3,500,000 to 4,000,000 children. These children are the obligation of every man, woman and child in the Western Hemisphere, for we have suffered less; but, beyond this, they are a charge on the heart of the whole world."

The Canadian Red Cross appeals on behalf of The British Empire War Relief Fund (To Combat Distress and Disease in Europe) \$10.00 will save a child; \$1.00 will give it "saving" food for a month. Help in this humane duty by sending or bringing your subscription to A. C. Skelton, Bank of B. N. A., Provincial Treasurer War Relief Fund.

Why Teeth Stain You leave a film-coat on them. Most teeth are dimmed more or less by a film. Smokers' teeth often become darkly coated. That film makes teeth look dingy, and most tooth troubles are now traced to it. Millions now combat that film in a new, scientific way. This is to offer a test to you, to show the unique results. You must end film. The film is viscous—you can feel it with your tongue. It clings to teeth, enters crevices and stays. Ordinary brushing methods leave much of this film intact. So millions find that well-brushed teeth discolor and decay. You must attack film in a better way, else you will suffer from it. It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

THE GREAT LAZARO HERE ON WEDNESDAY

Caruso's Closest Rival To Be Heard Here In Recital Under the Distinguished Patronage of His Honor the Lieutenant-Governor and Mrs. Fugeley

BECAUSE OF THE ILLNESS OF ANNA CASE no less a world-famous personage than Senor Hipolito Lazaro will sing the Lelacheur recital at the Imperial Wednesday night. No announcement in musical circles for a long time has stirred more comment or created more pleasurable anticipation. Lazaro's coming is a personal courtesy to Miss Case who requested that her date be filled by him.

AN AUTHORITY MUSIC PUBLICATION SAYS: "LAZARO HAS BEEN TERMED, and rightly, 'the greatest tenor since Rubini,' and greater than Gayerre.' Born in Barcelona in 1890, Lazaro at the age of twenty-six possessed the marvellous voice of the generation. His appearances in Spain, Italy, Buenos Aires, London and Havana have swept whole countries into adoration. He can fling out full forte, a high D natural, a feat as remarkable as it is rare. Not only is there no voice of greater power but there is no tenor to touch such range and control. In Lazaro the world is listening to a vocal miracle, a voice that will be recalled in future generations as the great world tenor."

SOME GRAIN ARRIVES

About 5,000 bushels of grain arrived in the C. N. R. yards this morning. It is the first shipment of the season to arrive there from the west this season and is the first consignment of 250,000 bushels coming to the C. N. R. elevator for overseas. At this time last year there was more than a quarter of million bushels in the C. N. R. elevator.

HIGHER PAY

At a meeting of telegraphers of the C. N. R., held in Moncton yesterday, it was given out that a new working schedule had been signed with increase retroactive from May 1 last. It is expected that the increased checks will be forthcoming in the first payment in December and that the back pay will arrive in separate checks later in the month.

MRS. MARTIN HALVORSON.

The death of Mrs. Martin Halvorson occurred in this city on Saturday. She was a daughter of Mr. and Mrs. John Vickers of Blackville, and besides her parents leaves her husband, three sons, John, Lawrence and an infant boy; one sister, Martha, of this city, and one brother, John Vickers of Portland, Me. The body was taken to Blackville yesterday. Mrs. Halvorson was twenty-nine years of age.

MRS. CHRISTOPHER HARLEY

Mrs. Evelyn Harley, wife of Christopher Harley, died this morning in the St. John County Hospital after a lingering illness. She was a daughter of Susan and the late David Lovell, and had a host of friends who will regret to learn of her death. Besides her husband she is survived by two young sons and one daughter, also her mother and one sister. Her funeral will take place on Thursday morning from her late residence, 29 Barker street.

FORMERLY RESIDED HERE.

Friends in the city will regret to hear of the death of Mrs. M. B. Hay, widow of Charles H. Hay, formerly of this city, which occurred on Sunday at Greenwich, N. S. Her death took place at the residence of her son-in-law, Humphrey Bishop. Mrs. Hay's husband was a well known painter of this city, but moved to Greenwich more than twenty-five years ago. She is survived by one son, Walter, who is residing in the United States, and several grandchildren. The body will be brought here for interment. The funeral will take place from the undertaking parlors of M. N. Powers on Wednesday afternoon at 2.30 o'clock.

ST. PETER'S BAZAAR.

St. Peter's High Tea and Bazaar was opened last evening in the basement of St. Peter's church and was attended by many people. About five hundred suppers were served and the various amusements were liberally patronized. The spacious hall was artistically decorated and presented a glad appearance. St. Peter's Y. M. A. members attended in a body wearing their colors of green and white. During the evening a pleasing programme of musical selections were rendered by the Y. M. A. Band. The refreshment table for the supper tables was beautifully decorated with flowers and tinted paper and was brilliantly illuminated. St. Peter's Y. M. A. have a number of gifts were available. In front of this is hung a miniature aeroplane, and after the most modern type in which is an electric motor. It was made by John Cavanaugh. The fancy table was another popular booth, where magnificent Christmas gifts were available. At the various games valuable prizes were put up for competition and many, who were fortunate enough to win, were well paid for their visit. This evening St. Peter's Y. M. A. orchestra will be in attendance.

GOVERNMENT IS TO MEET ON DEC. 1

The next meeting of the provincial government will be held in Fredericton on Wednesday evening, December 1, 1920. Premier Foster announced here this morning. It is expected that one of the most important matters to be taken up at this meeting will be the appointment of a successor to Rev. W. D. Wilson as chief inspector under the Prohibition Act. The premier said yesterday that the appointment of a commission for the wholesale distribution will not likely be made at this meeting.

AN ECHO OF THE WAR.

Mrs. Eleanor A. Moore of 1818 Green avenue, Westmount, P. Q., has received the silver cross and also the Mons ribbon and 1914-15 Star medal of her son, with the regret of the Minister of Militia and Defense, and of the Military Council that he did not live to wear the decorations which he so bravely won.

Halifax, N. S., Nov. 22—The steamer Canadian Mariner on her trial trip yesterday went sixty miles to sea, and at times achieved a speed of 12.6 an hour.

CONFERENCE RE VALLEY RAILWAY

Provincial Government, C. P. R. and C. N. R. on Matter of Running Rights Between St. John and Westfield.

A conference will be held soon in Montreal by representatives of the C. P. R., the C. N. R., and the provincial government to go into the matter of an agreement with regard to running rights for the St. John and Quebec Railway over the C. P. R. rails between St. John and Westfield. Premier Foster so announced this morning.

The C. N. R. started operations over the Valley railway last year and the operation of the line from St. John to Westfield was carried on under a tentative agreement with the C. P. R. The Canadian Pacific officials are now asking that this agreement be made permanent and the provincial government refuse to sign on the grounds that they do not wish to assume any responsibility. Besides the payment for running rights the matter of bearing a portion of the costs of maintenance of the section of line is in question. If it is found at the provincial conference that the C. N. R. will not assume the liability, the premier said, he expected that the provincial government would have to do so in order to keep the line in operation.

NEGOTIATIONS RE PAY OF FREIGHT HANDLERS HERE

Another conference was held this morning between the freight handlers and J. M. Woodman, general superintendent of the C. P. R. New Brunswick district. The men were receiving last year fifty-six cents an hour and this year asked for an increase to seventy-five cents. Mr. Woodman, on behalf of the C. P. R., offered them fifty-seven and a half. Today, it is announced, the representative of the union said the men agreed to sixty-two and a half cents. Mr. Woodman has the matter under consideration.

REPORTS 32 HERE NO RETURN AS TO THE INCOME TAX

It was announced by A. W. Sharp, federal inspector of taxation, this morning that thirty-two citizens of St. John have been reported for failing to deliver a return of their income tax for the year 1918 as required by law. Summonses have been issued and twenty-one of the number have received notice to appear in the police court. Several of the cases were set for this afternoon.

MATTER OF RECORD OF "LEMON" SALES

A by-law case in which Mrs. Carrie Craig, 20 Brussels street, was reported for selling lemon extract without keeping a record, was before the police court this morning. She pleaded not guilty. Sergeant McLeese took of going to the defendant's store and learning that on November 8 she received six dozen bottles of lemon extract, while only about three dozen bottles could be accounted for. The defendant said she kept a record of all the sales made and that there were some bottles in the store that the sergeant had not noticed. The case was postponed.

SUGAR DOWN ONE MORE CENT TODAY

Another \$1 a hundred pounds was chopped off the price of granulated sugar by local wholesalers this morning, bringing the wholesale price down to \$11.10. One of the prominent wholesalers said this morning that in his opinion the sugar market was getting pretty close to raw stocks, and he doubted very much if further reduction in prices would amount to any appreciable figure. He thought that the price was about at the lowest level for the present at least.

POLICE COURT

The police court sheet this morning was marked "nil" but the attention of the court was taken up with an assault case in which Isaac Babb, 46 Duke street, West St. John, was charged with assaulting Sarah Tapper. He pleaded not guilty. The complainant said he kicked her and called her names. Mary Babb, daughter of the accused, said her father did not kick the complainant or call her names, but she got in his face. The accused corroborated this evidence and the case was postponed until tomorrow afternoon. W. A. Ross and J. A. Barry were the counsel in the case.

Four juveniles implicated in the entry of the summer cottages at Sandy Point road were brought before the court and certificates of character and records of the lads were produced and the magistrate postponed the case until tomorrow morning. E. S. Ritchie, W. R. Scott and R. J. MacRae appeared in the interest of the lads.
