## Tanks Set Fire To Cambrai

### Seek To Destroy City About To Fall Into Haig's Hands

#### British and Canadians Closing In and Win Towns to West; Victory to South; Gain North of St. Quentin; Battle Resumed This Morning

London, Oct. 1.—Under the threat of its speedy capture Cambrai, the city of Cambrai has been set on fire by the Field Marshal Haig so reported in his official statement.

Another French Army Adds To Chain of Victorious Battles

Remarkable Advance on Belgian Sector and Important Gains at Other End—Desperate Resistance in Centre but Cambrai and St. Quentin Ours Save for Mines and Traps

Paris, Oct. 1.—The Allied offensive continues to gain strength and the German resistance to weaken. Yesterday saw another army, that of General Dordain, join in the chain of battles with a success equal to that achieved by the other groups. His army attacked along the Vesle River, northwest of Rheims.

French Also Pushing Ahead Today Between Aisne and Vesle—Americans in Very Hard Fighting

Paris, Oct. 1.—French troops this morning were pushing ahead again on the front between the Aisne and Vesle rivers, according to today's war office report.

French attacks in the Champagne are continuing with an important advance scored in the Aisne Valley, Binarville and Conde-Les-Audry have been captured.

The French have taken more than 15,000 prisoners on the front between the Sappee and the Argonne since September 26, and have captured more than 300 guns, a great number of them heavy caliber.

AUSTRALIANS AND AMERICANS ARE IN FIGHT TOGETHER

With the American Army on the St. Quentin Sector, Sept. 30.—(By the Associated Press, 10:30 p. m.)—American forces fighting on the Hindenburg line south of Gouy have been heavily engaged all day, and tonight the action still continues.

Australian units have been co-operating with the Americans. Near the north end of the Hindenburg line, where the St. Quentin Canal runs, the fighting has been especially vigorous. It was at this point that the Americans passed over the canal. Thousands of Germans poured into the struggle and the fighting was very hard.

Reports just received indicate that north of Bellouart there was very heavy fighting and the Americans, in spite of great pressure against them, have held their positions and are being re-supplied. They fell fighting rather than give up a single inch of ground to the desperately fighting Germans who seem to have been hurled against them regardless of the cost. As a result of the fighting up to this evening the Americans are holding lines forming a salient which bulges slightly westward between Gouy and Jancourt, but this, at last, is being gradually eliminated.

RUSH RESERVES TO FACE AMERICANS

London, Oct. 1.—German reserves are being rushed into the battle between the Argonne Forest and the Meuse River where the Americans are engaged, according to a telegram from the Mail's correspondent on Monday afternoon. A new German division has been identified in the fighting, and the enemy is offering the heaviest resistance.

At the moment the telegram was written, the Americans were fighting with almost unbroken a pitched battle amid the ravines, woods and heights along that sector of the front.

FIGHT HARD BUT KEEP AN EYE ON BACKWARD PATH

With the American Army north of Verdun, Sept. 30.—(By the Associated Press)—Although the Germans are giving every evidence that they intend to hold desperately to the present line instead of retreating, they have overlooked details which facilitate a retirement, should it become necessary.

These divisions are not entirely fresh, or half fresh troops, but consist in part of regiments secured by dissolving divisions already in line which were split up to help out elsewhere.

The following order, which was captured at a German officer, shows that the enemy is overlooking no chance.

The order reads—"All lines of retreat must be accurately ascertained by all companies and whenever possible all platoon commanders should go back over them as soon as possible to the first line. Soldiers also should acquaint themselves with the names of the lines of retreat."

## Hints At Turk Capitulation

### Bonar Law's Veiled References In Guildhall Speech

#### Ringed Cheers Greet His Words; All Eyes Now Focused on Land of Moslems; The Bulgar Surrender Absolute

A New York despatch to J. M. Robinson & Sons says that, according to the New York Times, the Hague hears that Turkey has asked for an armistice.

London, Sept. 30.—(Delayed)—With Bulgaria out of the war through the armistice convention signed on Sunday, involving her complete military surrender, interest in the near eastern situation is being focussed on Turkey.

It is noted that Andrew Bonar Law, chancellor of the exchequer, in his Guildhall speech today, made a remark referring to the defeat of the Turkish army at General Allenby's hands, and adding "and something more is going to follow." Later in his speech he said, also cryptically, touching on the control of railways which Bulgaria will give: "In that there was something in connection with Turkey which I can not say, but which we can all think."

Mr. Law's words were almost drowned by cheers, but the impression created was that Turkey would follow Bulgaria's lead.

London, Sept. 30.—(Canadian Press despatch from Reuter's Limited)—Right Hon. Andrew Bonar Law, chancellor of the exchequer, in the course of his speech at the Guildhall today at the opening of the campaign for the second thousand million pound in war bonds, said that of the two methods of raising money, namely, by periodical loans and continuous borrowing, the latter had been proved to be far the better, as it caused the smallest possible disturbance of the financial arrangements of the country and was also an indication of staying power which the issue of the war depended. It was also far better from the point of view of post-war financial stability.

Mr. Law said that the wonderful amount of £1,900,000,000 had hitherto been subscribed in war bonds. The new campaign aimed at a weekly subscription of twenty-five million sterling. He expressed no difficulty in raising this amount, but said that it was the smallest possible disturbance of the financial arrangements of the country and was also an indication of staying power which the issue of the war depended. It was also far better from the point of view of post-war financial stability.

HEAVY NEW TAXES

Australia Includes Large Additional Imposts on Drink and Tobacco

Melbourne, Australia, Oct. 1, via London.—(Canadian Press despatch from Reuter's Limited)—Hon. William Alexander Watt, federal treasurer, in his budget statement yesterday announced that new taxation would produce £2,350,000 sterling. The income tax would be increased thirty per cent; the land tax twenty per cent; postage one-half penny; customs duties would be increased on the following items: Ale and stout by five shillings a gallon; tobacco by eight pence a pound.

THE EXCISE DUTIES WOULD BE INCREASED AS FOLLOWS: Beer, five pence a gallon; spirits, seven shillings a gallon; tobacco, eight pence a pound.

NO PLACE YET FOR GERMANY IN A LEAGUE OF NATIONS

London, Sept. 30.—In his Guildhall speech yesterday, Mr. Balfour said that President Wilson's speech a few days ago had all the characteristics which made the president's public utterances unique in state documents. Mr. Balfour asserted, however, that Germany could not be allowed to enter a league of nations until she had not merely been obliged to change her profession of faith, but was bereft of all dreams of world domination and tyranny.

MELLEN WINS CASE; WIFE TO APPEAL

Pittsfield, Mass., Oct. 1.—Charles R. Mellen, former N. Y. N. H. & Hartford Railway head, obtained a decree of separation from Mrs. Katherine L. Mellen of New York upon order to Judge Edward T. Slocum in the probate court. Mrs. Mellen's attorney took an appeal to the supreme court. The judge gave his decision immediately after the arguments and found that Mr. Mellen had sufficient cause in living apart from his wife.

FUNERAL OF MRS. NICHOLS

The funeral of Mrs. Maud M. Nichols was held this afternoon at three o'clock from the residence of her brother, E. W. McCready, 167 King street east. Rev. Canon Armstrong conducted burial services at the house, after which interment was made in the family lot in Fernhill.

## QUINN NOW IS HOCKEY KING

Toronto, Oct. 1.—E. J. Livingstone, owner of the Toronto Hockey Club, announced last night that he had sold the Toronto team and its rights for \$5,000 to Percy Quinn of the Shamrocks.

This gives Percy Quinn and his associates practically the controlling interest in professional hockey, as with both the Quebec and Toronto players at their property, they now hold the whip-hand.

Sisters Lose Lives in Fire

The letter was as follows: "The machine gun captured by the 52nd Battalion during the recent offensive operations from Aug. 15 to Sept. 10, 1917, was captured by the following markings: to be disposed of as you see fit, and we trust that this will reach you a few days in due course: Markings—M. G. 08; 5984; G. W. F. 52nd Bn., 1917. W. A. FOSTER, Lt.-Col., Commanding Officer 52nd Can. Inf. Bn., Sept. 5, 1918.

On motion, the letter was received and the common clerk was instructed to forward to the writers the thanks of the council on behalf of the city.

Commissioner Bullock suggested that the machine gun, when it arrives, might be placed on exhibition for the first time at some fair or entertainment which might be held for patriotic purposes.

Another Present

The meeting was marked also by the gift of an offer to the city a drawing of the steamer War Fundy. The offer was accepted with expressions of thanks and the public library was selected as the place for the display of the

Ryan is executor.

In the matter of the estate of James Peacock, letters of administration have been granted to Frederick Peacock. The total value of the estate is estimated at \$14,000. Roy A. Davidson is executor.

## TWO CENTS TO PRICE PAID FOR CHEESE FOR BRITISH MINISTRY

Ottawa, Sept. 30.—The dairy products commission announces that all cheese purchases from the factories after Sept. 30 will be paid for at twenty-five cents an advance of two cents a pound over the price paid since the beginning of the present season.

When twenty-three cents was agreed on in the spring it was understood that it was to cover the whole season, but in view of the recent general advance in the value of dairy products the commission felt justified in asking the British ministry of food to authorize a two-cent increase. With characteristic fairness, the ministry has agreed to the proposal, which is now put into effect.

## POLICE MATTER IS BEFORE THE COUNCIL

Board of Trade Council Delegation Request For Board of Conciliation—Commissioners Decide Not to Act, Mr. Fisher Dissenting

The delegation from the council of the board of trade waited on the common council this morning and, on behalf of the dismissed policemen, presented the request that a board of conciliation be appointed to consider the matter. The mayor pointed out that the men had made no such request to the council before taking the course they now are following, that the council had supported the commissioner of safety in the stand he had taken and that the force was almost filled again with men who were the city over an awkward situation. The city solicitor was asked to express his opinion and he said briefly that orders are reasonable. Even Senator Jones, a labor man, had said that such a thing as an affiliation would not be permitted in New York state.

Mr. Schofield—"Did you refuse a board of conciliation?"  
Commissioner McLellan—"They never asked me. After it was mentioned at one of our meetings, but the next delegation who came to me was not of police men, but of men who had been appointed to a provincial compensation board and was being paid by the province. I would like to ask the premier if he is appointing a board of arbitrators."  
Mr. Schofield—"We are not here because we oppose you, but to suggest the intervention of a third party."  
Commissioner McLellan—"The commissioners could not avoid acting on their own judgment in the matter, without being charged with neglect of duty."  
Mr. Schofield—"But we have no policemen."  
Commissioner McLellan—"But we have a force of thirty-seven men who, before the dismissals we had only forty-four on duty. It is not a matter of police, for we have lost some more good men than we have lost some whom the earth would be well rid of agitators who are entitled to rank in history as agitators."

Mr. Wetmore produced a telegram from the minister of labor as follows: "The question is not one of law, but of policy. It was his personal view that it would be in the interest of the city, and personally in his own interest, if matters such as this could be settled by the war time legislation, summarized as follows: 'The council had felt that it might be well to let the matter go to the people in this way. He understood from press reports the attitude of the labor men now is that they will proceed unless the council dismisses the men who have been dismissed. The men had been reinstated the former policemen with back pay.'"  
Mr. Agar said his impression of the men's request was that it was a request for co-operation by the board in selecting candidates for a recall election. He did not think that they had expected to secure a board of conciliation. The board of trade, however, had felt that it might be possible to reach some amicable solution.

Mr. McLellan replied that he felt there had been considerable camouflage in the men's attitude and statements. They had been so opposed to the formation of a union; the opposition had been to their affiliation with the Trades and Labor Congress. The men had promised to submit a draft of their constitution, but there was nothing to prevent them changing it a week later. He also felt that the delegation should have become acquainted with the Industrial Disputes Act before suggesting a conciliation board. He had consulted the city solicitor and the latter had advised him that the policemen did not come under the Industrial Disputes Act. In this he had the support of some of the leading legal gentlemen in the province. He had telegrams in his pocket to show that the minister of labor was in favor of such a move and also that he had no jurisdiction.

E. A. Schofield said that if they were not to be re-employed as a representative delegation, he wanted to speak as a citizen, a property owner and an employer of labor without incurring the danger of having the whole city tied up in a general strike and they wanted to avoid such a danger. After hearing the statement of the men and their assurance that they would not incur the danger of a board of conciliation, he thought that would be a reasonable course to take. If the matter is not within the jurisdiction of the Industrial Disputes Act, the conciliation board could decide that point.

Commissioner McLellan suggested that a decision at the polls would be the proper method for the expression of private opinion. There was a principle at stake.

**Deaths in Montreal.**  
Montreal, Oct. 1.—Three deaths occurred today in Montreal from Spanish influenza. One hundred and thirty-four cases have been reported, mostly among the military.

## DEMONSTRATION FOR PEACE IN THE GERMAN CAPITAL

Cheering Crowds Before Bulgarian Legation—Almost a Panic in Kaiser's Country—His Crowds More Eager in Appeal To People

London, Oct. 1.—A peace demonstration took place in Berlin on Saturday according to news received here today. Cheering crowds assembled in front of the Bulgarian legation at the German capital, necessitating police intervention. The rioters, according to information, got the upper hand of the authorities and committed excess. A number of stores in the Berlin square were destroyed.

Emperor William, in a message to the Reichstag, is quoted in an American newspaper as saying: "I have the constant hope that the whole German people in these most serious times will renounce their arms and give their blood and wealth until the last breath for the defence of the Fatherland against the shameful enemy plans."  
"Such a unanimous resolve to resist will and stand with God's help, succeed in breaking the enemy's will to war, and secure for the Fatherland the peace it is worthy of among the people of the world."

London, Oct. 1.—There is the greatest excitement in Germany over the defection of Bulgaria, judging from special despatches received here from Holland. On Saturday the excitement amounted to a panic, according to some reports the panic particularly affected the Berlin Bourse where war industry stocks, it is said, slumped violently.

Panic also struck parliament and newspaper circles and public offices. The afternoon session of the Reichstag was suspended for the day. A despatch to the Daily Mail from the Hague says the demand is for some body possessing the confidence of the German people and able to replace the present military dictatorship, but opinions clash regarding who this vague personality might be.

## NEW RATES IN EFFECT TODAY

The new rates for the N. B. Power Company's various services went into effect this morning. The increase in rates was laid on the table, the council having the right to reply later.

A letter was received from G. H. Waring, secretary of the N. B. Power Co., to place on record and change the location of two other poles limited to build at their own expense and subject to the approval of the city engineer, a retaining wall to their leasehold property at the foot of Sheffield street to be removed, the poles to be washed away, it being understood that the city will not be called upon at any time to replace the poles. The poles to be replaced by the Imperial Oil Co. will do so at their own expense.

The notice from the New Brunswick Power Company, advising of the increase in rates was laid on the table, the council having the right to reply later.

## TWO DEPARTMENTS ARE SHORT OF FUNDS

Water and Public Works—Advances Arranged by Common Council

Two of the city departments found it necessary to appeal to the council at the weekly meeting which was held this morning at eleven o'clock, for funds to carry them to the end of the year. An advance of \$8,000 was made to the water and sewerage department and \$11,000 for the public works department; to be charged to next year's assessment. An extension until the end of October was granted for the completion of the work at Lake Fitzgerald and the Imperial Oil Company was granted permission to use the wall at the property on Courtenay Bay, at their own expense.

The mayor presided and all the members of the council were present. Commissioner Hilyard announced to the council that he had reached the limit of his appropriation and asked for an advance of \$5,000 to carry on his department. He explained that labor had given up twenty-five per cent. that savings had doubled and pipe cost \$24 instead of \$22 per ton.

The controller explained that the pipe had been paid for two weeks at the weekly meeting which was held this morning at eleven o'clock, for funds to carry them to the end of the year. The notice from the New Brunswick Power Company, advising of the increase in rates was laid on the table, the council having the right to reply later.

A letter was received from G. H. Waring, secretary of the N. B. Power Co., to place on record and change the location of two other poles limited to build at their own expense and subject to the approval of the city engineer, a retaining wall to their leasehold property at the foot of Sheffield street to be removed, the poles to be washed away, it being understood that the city will not be called upon at any time to replace the poles. The poles to be replaced by the Imperial Oil Co. will do so at their own expense.

## PERSONALS

Mr. and Mrs. Wm. M. Ryan have returned from a joyous visit to Charlottetown (P. E. I.).  
Miss Kathryn Galloway left last evening for Montreal and New York to resume her studies.  
Among the arrivals yesterday from Boston and other points were W. Herbert Downie and Mrs. Downie, after a pleasant trip of two weeks.  
J. W. Lewis left last evening for Acadia University to enter upon the last year of his civil engineering course.  
Mr. and Mrs. George Tennant of East St. John have returned from Charlottetown, where they were the guests of Mr. and Mrs. Frank Magee for a week, while visiting the P. E. I. exhibition.  
Rev. Harold L. Coughlan of St. Martin's was in the city today.  
John M. Nichols of Northampton, Mass., arrived in the city on Monday for the funeral of his mother, Mrs. Maud M. Nichols.

## FREDERICTON NEWS

Fredricton, Oct. 1.—Three rifles seized by officials of the department of lands and mines were sold at auction this morning as follows: Remington, R. M. Connel, \$19; Winchester, G. N. C. Hawley, \$12; Smith, \$11.  
Hon. E. A. Smith arrived here last night and is attending to departmental matters. A meeting of the provincial government will begin tomorrow night.  
Six carloads of horses which have been driven here tonight for the autumn race meet of the Fredericton Park Association, R. J. McKee of Fairfield, Maine, is to be started. Among the horsemen here are Frank Power and Frank Bouillon of Halifax, Ed Dalton of Newcastle and R. Brown of St. John. The track is in excellent condition Monday night and it is not thought that today's rain will damage it.  
W. C. Charters, tax collector for Fredericton has resigned. The matter of a successor is under consideration.

## INLAND REVENUE

Ottawa, Oct. 1.—The inland revenue returns for September show a net increase of \$1,853,594 over the corresponding month last year of \$1,808,934. The total receipts for the month were \$4,194,322. Excise taxes brought in \$2,040,976, and war taxes, \$1,663,546.

(Continued from page 1)  
amount as the money was there. He added that at the end of the first half of the current financial year the war expenditure for the first time under the vote of credit system had been less by about \$100,000,000 sterling than the budget estimate.

Right Hon. A. J. Balfour said that unless such a peace was secured as to prevent a recurrence of wars in the future, our work would be only half accomplished. Before the league of nations set to work there must be a clean date to make a league of nations possible. Complete victory was absolutely necessary.

**Wall Street Notes**  
New York, Oct. 1.—War shares associated issues were again subject to moderate pressure at the active opening of today's stock market, but shares and high grade rails were held to supplement the market.

Recessions of one to two points recorded by United States Steel and led industrial and equipment in first half hour and Mexican Petroleum denoted profit-taking with Canadian Harvested Commodities, autos, motors and fertilizers were by fractions to almost three points and shares rebounded further after a sharp report.

**BURIED TODAY**  
The funeral of Mrs. Sarah C. Taylor took place this morning from her late residence, 100 Castle street. Services were conducted by Rev. P. H. Wentworth. Interment was made in Fernhill.

**DINE NATIONAL PRESIDENT**  
The local council of women tendered a luncheon to Mrs. W. E. Sanford, president of the National Council of Women of Canada today in the Royal Hotel. Miss Hogan and the Misses Lynch furnished music and Madame Kathleen Furlong Schmidt sang a very pleasing solo.

Some look to Prince Von Bulow as the "strong man" cried out for in Germany today.

## WAR NOTES

London papers say the Bulgarian surrender knocks away the keystone of the whole German European scheme. German reports indicate a cleavage of the Junker and Conservative classes. There is talk of a dictatorship. Windy winds and rains, sweeping in from the North Sea, drenched the fighting armies yesterday and chilled them to the bone.

### WOMEN'S FALL SHOES

**More Beautiful Than Ever**  
**STYLE STILL RULES**  
 Though war-time necessity has made conservation of leather imperative, your shoes for fall are not one whit less beautiful than in past seasons.

Rather is the reverse true, as you will be quick to realize when you see the charming models now on show at Waterbury & Rising's.

This fall certain restrictions will be placed on the manufacture of Grey Boots, and as we have a good assortment of this style for fall, we would advise your early choice.

We have Grey Boots with high or low heels and all the new patterns at \$5.50, \$9.00, \$10.00, \$11.00, \$12.00, \$12.50, \$16.00 and \$18.00

### Daily Fish Bulletin

Issued by Canada Food Board.

**TO KEEP COD FRESH.**

When frozen codfish has been brought home for cooking, it must be placed in cold water for an hour to remove the chill. Then squeeze it to get the water out of the body. Do not put the fish in the pot until the water is boiling and take care before doing so not to remove the skin or break the back bones, because the skin keeps the flavor in the body of the fish. In serving codfish cut it cross-wise, as one would a loaf of bread. If these directions are closely followed you will be absolutely certain that you are having codfish just as fresh as if it were cooked directly after coming from the ocean.

### Food Board Flashes For Feminine Folk

Food saving must go right on. We have not yet made up the deficit of Europe or built up our own reserves. Success lies in reserves—reserves of men, quantities, and food. Every day the war lasts means so much less productivity in Europe; and every soldier that goes overseas means that much more food to be sent.

There can be few general rules in this matter of food conservation, for different localities have differing problems, each of which must be met in its own way. Sometimes the problems change over night, because of some newly entering factor.

So that the first word to the housewife is: "Stand ready to change the details of your programme whenever you are assured by the Food Board that a change is necessary."

As long, however, as the need for food conservation for fighting men across the sea lasts, there will be certain fundamental principles that we should never tire of considering, no matter what temporary superficial changes there may be, via: "Save wheat, meats, fats, and sugar" and "use perishables."

### THE WIRELESS IN AFRICA.

Hollow Block of Wood, Beaten With Sticks Carries Message Twenty Miles.

The Jungle African has no written language. He cannot send letters. He has no telegraph poles or telephone wires. But he has no difficulty in communicating with his neighbors ten, fifteen or even twenty miles away, says the World Outlook.

How does he do it? The African has a drum, a hollowed block of wood, from one to three feet in length, on which he beats out messages with two wooden sticks.

Is a stranger, a white man, on his way to the village beyond the forest? "White man coming. Twelve in caravan," sounds the warning as the drummer, like our telegraph operator, taps out his news.

No message seems too difficult for the drum code.

Every grown person has a drum name by which he may be called from a distance, and his drum name will serve as a key to his character. For instance, the children may be hastened to school, soldiers to war, wise men to counsel.

And, what matters most of all, in Africa, everybody knows the code. Everybody is a telegraph operator.

### The Long Distance Greeting

There are quite a few folks to whom we write only once a year—at Christmas, we often wish we could say just the right thing, but distance makes it difficult.

Send them a personal greeting card—to be really personal it must be well chosen—our selection is big enough for you to find the one that will say just what you would, if you could gather all your friends around on Christmas Day.

Write to us for specimens, we'll reply by return.

Our big Year Book will be out soon. Have you your name on our list?

## The Complete Stock of the Corset Specialty Shop Goes on Sale Tomorrow at 25 to 50% Cut

Tomorrow morning we throw open for sale our entire stock of Waists, Blouses, Hosiery, Corsets, Gloves, etc., at Prices from 25 per cent. to 50 per cent. below present prices.

Although the stock was in our store at the beginning of the Dufferin Hotel fire a few days ago, the quick work of the Salvage Corps practically saved our stock intact and undamaged. Only here and there was an article caught by water, a mere fraction by smoke, and none of it in any way damaged or even stained. In fact, some of the stock is as clean as the day it left the factory. Therefore the sale is of particular interest, as the offerings are timely, fresh and prices exceptional. A brief mention follows:

### These Were Barely Sprayed With Water

The following were slightly soaked by water or caught in the smoke:—

ALL HOPE VANISHED. "If the once war mad Crown Prince is now fighting only a defensive war, if the Austrian foreign minister is asking the world whether war aims can justify a continuance of the struggle, it is because Foch's invincible armies have taught them all hope of Treston war aims has vanished. It is exactly the opposite with the Allies. Assurance of attaining their war aims justifies their fighting on. The continuing retreat of the German armies and Baron Purtsch- own appeal strengthen the determination to make a thorough job of it." Pittsburg Dispatch.

TENTING IN FRANCE

Not Such a Hardship as Folks at Home Might Think, Especially If an Experienced Batman is on the Job

(By Lecey Amy, Special Correspondence of The Times.)  
With the Canadian Forces, France, Aug. 6—As I write I look through the open door of my tent into the open doors of a score of others. Within the range of my speaking voice more than a score of Canadian officers sleep more soundly than on the hair mattresses at home; they perform their toilet amid inconspicuous tent life with more cheer than if marble bathroom. Down in a corner a group of batmen have a groundsheet spread under a tree and are polishing boots and leggings and belts and buttons, whistling as they work. Another group has established outdoor hot water reservoirs on the edge of the road by using the ditch for a fireplace, fagots for fuel, and topless gasoline tins for kettles. Up in another corner of the orchard a major is delousing playfully in a canvas tub under the delusion that he is taking a bath.

upon our conceptions of the necessities of life in war and our willingness to utilize the limited transportation. Close beside me dwells under canvas a major who represents not the acme of traveling luxury—where some one else has to look after it. In civilian life he was a Toronto lawyer, and he carries a well roll belonging with something that resembles a feather tick. His bedding is a couple of pair of crease blankets and an eiderdown. Merely to touch his pillow is to get that tired feeling. He has a collapsible bed—two of two in the camp—a special sized canvas bath tub, a coal oil heater for his shaving water, and a batman who is training to be the valet for a marquis in civilian life. Something like five changes of outer raiment are in his kit, and at least one pair of solid wooden trees for his field boots; his batman groans with the weight of them between the tent door and his cleaning tree. His table is reminiscent of chateaux, with two rush-bottomed chairs to keep it in countenance.

Mother's Pet Needs a Cascaret

Baby is mad! Doesn't want the favorite dolly, or the horn, or the picture books—but don't scold! Look at the tongue! Then hurry! Give candy Cascarets to work the nasty bile, souring food and constipation poison from the little liver and bowels.

MOTHERS! Clean the clogged-up places. Do away with the bile, sour fermentations and constipation poison which is keeping your little one cross, feverish and sick. Children love Cascarets, because to them it is like eating candy. Cascarets act better than castor oil, calomel or pills on the tender stomach, liver and bowels. Cascarets never gripe, never injure, and do not disappoint the worried mother. Give harmless Cascarets to children one year old and upwards. Each ten cent box contains full directions.

"Unto the least of these"  
RIVET your eyes on this picture of a Belgian mother and child, until you feel the full horror of the situation! Thousands of these orphans, dying of starvation, might now be living in comfort and plenty, had their soldier fathers not flung themselves into the breach when the Hun invaded Belgium.

Belgian Relief Fund  
The fathers died to save us. Are we going to let the orphans starve? Conditions are simply ghastly. The United States loans to the Belgian Government finance the general relief work, but this only provides a bowl of soup and two pieces of bread to each person per day.

ACHES AND PAINS QUICKLY RELIEVED

You'll find Sloan's Liniment softens the severe rheumatic ache

Put it on freely. Don't rub it in. Just let it penetrate naturally. What a sense of soothing relief soon follows! External aches, stiffness, soreness, cramped muscles, strained sinews, back "cricks"—those ailments can't fight off the relieving qualities of Sloan's Liniment. Clean, convenient, economical. Made in Canada. Ask any druggist for it.

the wire and a ground-sheet above that, then a bed-roll with mattress and four feet of blankets. There is a large table for my baggages, a stand for a typewriter, a rush-bottomed chair, shelves for my toilet necessities, and a line to throw my clothes over. On the floor is a tent bag for a rug. Outside is a small table built of tent pegs for my wash basin, and a stand made of a piece of tin nailed on a stick. On my special tree is a nail for my mirror and a rope for slinging my blankets and clothes. There is even clean paper on my stands. At the head of my bed is a candle-holder in the shape of an elevated shelf.

DEPRESSION OF 1858 DUE TO LACK OF THRIFT  
(By Hector Charlesworth.)  
Sixty years is a long time; and there are few Canadians living who remember the severe depression that visited upper Canada in the latter fifties. The facts about it are perhaps known only to the few who delve into conditions as they existed in the pre-Confederation era.

Why People Feel Depressed In the Cold Weather  
Why is tiredness and languor so prevalent just now? A physician explained that the cold of winter drives blood from the surface of the body to the liver. Normally one-fourth of the whole blood supply is in the liver, and when more blood is accumulated in that organ, everything goes wrong.

An Unfailing Way To Banish Hair  
Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of dicalone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real dicalone.

SAVE YOUR HAIR! A SMALL BOTTLE STOPS DANDRUFF

Every Bit of Dandruff Disappears and Hair Stops Coming Out

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp. Dandruff—that awful scurf—eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Dandruff Night—now—any time—will surely save your hair.

When you feel that your stomach, liver or blood is out of order, renew their health by taking BEECHAM'S PILLS

PT. HERBERT W. WRIGHT, second son of Mr. and Mrs. Ivan Wright, of Apolohu, to make the supreme sacrifice. Still another brother is in England convalescing from wounds received while on active service.

SEES FOCH'S HAND IN EAST.  
German Critic Credits Him With Plan of Drive in Macedonia.

Washington, Oct. 1—A diplomatic telegram from Zurich, dealing with the allied successes in the Macedonian campaigns, says that the military editor of the Munchener Neueste Nachrichten considers the allied offensive in Macedonia as an operation of first importance and not a simple diversion. He says: "The division of the principal operation into two divergent waves of attack with complementary operations on the two wings is so masterfully methodic that no doubt can exist as to the author of this manoeuvre. It bears Foch's signature."

More Speed More Speed More Speed  
SPEED UP! Speed up! This is the slogan everywhere. In factories and warehouse, in office and store, at work and at play, it is more speed, more speed. There are orders to be filled, and the goods must be turned out. Help is scarce, so those who are on the job must be speeded up.

WHAT SOLDIER NEED

(Somebody in Belgium)

Cigarettes + tobacco are pulled overboard. Marmosine is bought as to what to send. The money always depend on ZAM-BUK + socks. Being acceptable to ZAM-BUK is much in demand for soldiers. Boots, underwear, + sundries soon pieces + injuries. Yours truly, A. B. B. (Capt) 7th Battalion.

General Turner, accompanied by Lady Turner, on August 19 made an inspection of the various hospitals and departments in the Buxton Area. At the Canadian Discharge Depot (Lt-Col Paul Hanson, O. B. E.) General Turner was specially interested in the system of grouping men (by military districts) prior to debarkation and in their equipment. The men returned to Canada completely outfitted as regards clothing, thus disposing of certain criticisms which have emanated from Canada.

THE DAY OF THE OLDER MAN. London Daily Chronicle: This is the day of the older man. Mr. Balfour celebrated his 70th birthday yesterday by an important speech on Serbia, while at the same hour, Lord Morley, who is on the threshold of 80, was making a speech on India. Like the Rev. Frederick Hastings, who preached his 80th birthday sermon on Sunday, Mr. Balfour defied all the doleful medical prophecies of his youth. One recalls, too, how, when 30 years ago he took up the Irish secretaryship, his friends bluntly declared that the work would be fatal.

IMPERIAL THEATRE TODAY PAULINE FREDERICK "RESURRECTION"

THE central figure of this great story by Count Leo Tolstoy, most powerful of the Russian dramatists, is Kutusha, a beautiful girl who is betrayed by a scion of the royal family. Her resurrection, the agonies of her exile in Siberia, and the final dramatic climax make a picture you cannot afford to miss. Aside from its entertaining qualities, this picture offers a sidelight on Russian standards that offers a clue to thinking people who have studied recent events in that torn country.

I've got a nice trench to fight in, get three square meals a day and get paid regularly, so why shouldn't I take pity on a poor homeless dog? THEY'VE GOT A LOT OF THOSE BIG TRAINED DOGS THAT THEY USE IN THE SERVICE AT THE FRONT BUT THERE'S NO PLAY IN THEIR MAKE-UP. I PREFER DOGS THAT ARE PUPPY-LIKE! HELLO! THERE'S MUTT. IT'S THIS WAY, MUTT. I LIKE A DOG FOR A PET; NOT ONE OF THOSE WAR DOGS BUT ONE LIKE THIS LITTLE CHAP. HE'S CERTAINLY A FUNNY-LOOKING HOUND! BUT HAVEN'T YOU GOT RATHER A LARGE MUZZLE ON HIM TO KEEP HIM FROM BITING? I DIDN'T GET IT TO KEEP HIM FROM BITING. I GOT IT TO KEEP HIM FROM GETTING BIT!

G. R. The many beautiful gifts of cut glass and silver attested to the esteem in which they are held, and best wishes of a host of friends go with them to their new home.

**CIVIL SERVANTS FOR WAR BONUS**

Asking This of Government For All on List in Canada

Ottawa, Oct. 1.—A memorial asking for a war bonus of \$300 for all civil servants of Canada will be presented to members of the government on next Tuesday evening at a time and place to be decided upon in a few days. Last night the executive of the Ottawa Civil Service Association met to receive representatives of a special committee which has been handling the question of the war bonus. Details of the report were not made public.

**ANALYZING SWEET LAVENDER SOLD HERE**

Whether or not sweet lavender, which was sold from door to door recently by a woman, was highly germinated will be known soon by the local board of health officials. A sample of the lavender was secured yesterday and it is now in the hands of Dr. Abramson, provincial bacteriologist, who is analyzing it in an effort to ascertain if there is an alien plot to spread it in this case in this country. A large amount was purchased in this city by women. Judging from the description given by women who purchased the perfume there must have been two agents. Some say that middle-aged women approached them and asked them to purchase it. They say she was somewhat under middle age and dressed in dark clothes. Others say that they got their supply from a young woman who was carrying a package of lavender to them on which was printed "I am very nervous and am unable to secure employment to support myself and baby. Anything you think it is worth will be thankfully accepted."

**READY FOR SOLDIERS BY OCTOBER 15**

The work of repairing the agricultural hall and armory in readiness for the occupation of the depot battalion, is progressing very favorably. Major Stanley Wetmore, acting A. G., said this morning that they would be ready for occupation by Oct. 15. It is expected that the battalion will go into barracks on this date. The work of rebuilding the barracks on Partridge Island is going along fairly well but at the present rate the place will not be completed for some time yet. The siege battery at present is quartered in the armory.

**HARRIS-KIERVIN.**

A very pretty wedding was solemnized in St. Peter's church at five o'clock this morning when Rev. William Hogan, C. S. R., who was celebrant at nuptial mass, united in marriage Miss Ellen Y. Kiervin, daughter of Mr. and Mrs. Joseph Kiervin, of 185 Bridge street, and Arthur Harris. The bride, who was given away by her father, looked charming in a fawn colored tailored suit, with a beautiful rose georgette hat and a bridal bouquet of roses and maiden hair fern. She was attended by Miss B. McElwaine, who wore a becoming costume of African brown tulle and rose hat and carried a bouquet of Killarney roses. The groom was supported by John Kiervin, brother of the bride. Following the ceremony the bridal party drove to the home of the bride's parents in Bridge street, where a dainty wedding breakfast was served. A reception will be tendered to the bride and groom this evening. Mr. and Mrs. Harris will reside in Bridge street. They were the recipients of a large number of magnificent presents in silver and cut glass. Included in these was a piano, a gift of the bride's father and mother.

**DISEASE MAY BE IN ST. JOHN**

Authorities Watching Suspected Cases of Spanish Influenza

Further Reports From Outside Places Show Serious Situation—King Alfonso III With It

Rumors were current today to the effect that Spanish influenza had reached the city and that several people were already ill with the disease. Dr. G. G. Melvin, chief medical inspector, said that there were a few cases of sickness in the city which were being watched as they showed symptoms of influenza. Every precaution possible was being taken to prevent it spreading in case it turned out to be the disease epidemic elsewhere. In the meanwhile citizens had no reason to become alarmed, but should take the precautions advised by Doctor Melvin, which were published in this paper on last Saturday.

**No Soldiers.**  
There was report last evening that there were cases of Spanish influenza among the soldiers stationed in the city. Major Stanley Wetmore said this morning that there was absolutely no foundation to the rumor. He said there has not even been one suspect.

The disease has broken out in Sydney, N. B. There were three deaths last night.

Sherbrooke, Que., Oct. 1.—There are more than 600 cases of Spanish influenza here, and so far at least have been reported. The Protestant schools were ordered closed today, and authorities are discussing advisability of closing the movie theatres. In the Canadian Rand plant more than 800 men out of a staff of 2,700 are off duty and production is considerably handicapped.

Montreal, Oct. 1.—Reports received by Major-General E. W. Wilson, G. O. C., yesterday, showed that the Spanish influenza epidemic at St. John, Que., is still rife with a serious increase in the number of cases and three more deaths reported, while the epidemic among soldiers here has also shown a decided increase with eighty cases reported. The cases in this city are said to be mild.

From the engineers barracks at St. John yesterday 800 cases were reported with nine deaths, the three since Sunday being due to pneumonia. Alfonso Has It.

Madrid, Sept. 30.—There has been a considerable increase in the number of cases of influenza here. King Alfonso is ill, but only slightly so. He has some fever and also is suffering from throat trouble.

**MISSANABIE WAS HIT BY TWO TORPEDOES**

C. P. R. Steamship Went Down Stern First in Seven Minutes

An Atlantic Port, Oct. 1.—Three Canadian officers, Captain W. MacKenzie, Lieut. W. S. Anderson and Lieut. A. E. Cosman, who were on the C. P. R. liner Missanabie when she was sunk by a U. S. boat on September 9 off the English coast, arrived here today with several survivors of the crew on their way home to Canada. The officers said the Missanabie was struck by two torpedoes on the starboard side, one in the engine room and one further aft, which blew a big hole in her side, through which the water poured so rapidly that the vessel went down stern first in seven minutes. The attack was made at eleven o'clock in the morning without warning, and there was a heavy sea running. There were only about sixty passengers on board, and there was no difficulty in getting the lifeboats away from the port side.

Some captives after leaving the ship and ten passengers and forty of the crew were drowned, including the two stewardesses and the chief officer. Several non-commissioned officers and soldiers who were passengers in the second class and storage jumped overboard, as they had not time to get to their boats.

**CHRISTMAS STOCKINGS FOR SOLDIERS READY**

Lancaster Red Cross Ladies Prepare 108 to Send Away

There was quite a Christmas spirit prevalent at the Lancaster Red Cross last evening when a goodly number of members met to pack the stockings which this branch sends every Yuletide to the boys in the hospitals.

All told 108 bright red stockings sewed with red, white and blue yarn, were filled for shipment and the delight of the boys may be judged when it is remembered that each stocking contains a writing pad, envelopes, pencil, package of raisins, box of chocolates, handkerchiefs, cigarettes, soap, nut bar chocolates, postcards of St. John, playing cards, picture puzzle and game of dice winks.

Last year this branch had their stockings ready early and consequently theirs were among the first to be sent across and so got right to France to the boys in hospital there. As the stockings were packed last night and greetings of Lancaster Red Cross enclosed the best of wishes was sent in spirit with every article enclosed from the faithful ladies to the lads, whoever they may be, that will receive the gifts. If the old saying is true that kindly deeds spring from kindly hearts, last night's work by Lancaster Red Cross shows that four years of war have only deepened the kindly spirit toward the boys representing the parish in the world war.
