TWO KILLED ON G. N. R. TRACK NEAR MONTREAL TODAY

(Canadian Press) Montreal, Q., Jan. 21.—One man was killed and two seriously injured when a Canadian Northern Quebec locomotive clearing snow from the track near the city, crashed into three men who were walking between the rails.

It was very dark and the snow was falling heavily and it was impossible for the engineer to see more than a few feet in front of his engine.

Joseph Dolan, 28 years of age, was killed instantly, the body being terribly cut up. Ernest Beauchamp had his left leg fractured and was badly bruised. Edward Goulet had his left leg and right arm broken and suffered internal injuries, which may prove fatal.

BIG FIRE CAUSED THROUGH CARELESSNESS OF BOY

A short time ago a boy, who looks after the coal and kindling and does odd jobs around the household for one of the prominent families, placed a supply of Broad Cove Coal beside the kitchen range, in mistake for anthracite. In due course the stove was filled almost to the covers, with this coal, and the drafts turned on by one of the young ladies of the household, with a view to getting a nice hot oven to bake a very special cake. In a few minutes after the cake was placed in the oven, the young lady in question became quite alarmed for her cake, on account of a tremendous fire which resulted. The oven door was thrown open and everything was extinguished until a girl friend appeared and was ordered to the kitchen and to get the gas affairs.

This friend had the experience with Broad Cove Coal in a kitchen range, as she explained that Broad Cove Coal is the best and cheapest kitchen coal she ever used. She had a quantity of this coal in a kitchen range. If the fire had not been put out, it would have been a much hotter fire than a stove full of Anthracite, and it is more economical, as the fire can be permitted to burn low when it is not required. One full sized lump of this coal burned under the grate, with the drafts turned off, and kept a fire in your stove for hours and the minute it is broken and spread over the grate you have a piping hot fire. It is a soft coal free from soot, and is therefore as clean as Anthracite for cooking and is ideal for open fires. Almost any dealer can supply you. If you do not handle it, the mine's agent, Mr. J. W. Binardi, will be glad to furnish you with a list of those who do. Telephone 579, or write P. O. Box 42.

"SHORE LINE" MEN GET PAY INCREASE

An Improvement Under C. P. R. Control—Rev. Mr. Lynds of St. George Says Farewell

(St. George Greetings) On Monday some of the C. P. R. clerical staff were here looking after the taking over of the railroad and making arrangements for the new system of books. The road will be known as the Shore Line sub-division of the Atlantic division of the C. P. R., making all the returns to the superintendent at Megantic Junction. For the employees it will be quite a change for the better, as their pay will be increased from 63 per cent. and in some few instances even more.

Last week the oldest resident of Charlotte Co. passed to her rest in the person of Ellen, familiarly known as Aunt Ellen, relict of Adamson Gilman of Second Falls. Her age was given at 105 years but one of her close relations claims that she had actually reached the 110 mark. Her maiden name was Rease.

On Sunday Rev. Mr. Lynds will preach his farewell sermon in St. Mark's church and during next week he and his family will leave for their new home in Stratford. The country station for their train will be on Monday at which his resignation was accepted but nothing of any importance was done towards filling the vacancy in the church.

MEETING TOMORROW. Rev. J. E. Purdie will be the speaker tomorrow evening in the League Theatre, at the men's meeting. He will speak on "The Remedy for Men's Greatest Need." Music will be provided by the Holden-Wallace orchestra, and Rev. Mr. Williams, with his own harp accompaniment, will sing. The Y. M. C. A. is conducting this series of meetings.

BOWLING MATCH POSTPONED. The game between the L. C. R. team and McAvity's in the Commercial Bowling League on Black's alleys, which was to have been played tonight, has been postponed until Monday night.

FINANCIAL NEWS

Wall Street Reports of This Morning—Notes of Business Situation

(Furnished by J. M. Robinson & Sons, Bankers and Brokers.) New York, Jan. 21.—Irregularity again today with bullish specialty operations. We still advocate the buying of good falls on little recessions, and waiting patiently for profits. Specialties will afford diversion and opportunities for turn-around, when they are made by profit. The Morgan interests have not completed their bullish manipulation, and until a volume day is had, shrewd traders will expect the market to hold fairly well. Financing demands support from banking interests. The outlook for the bank statement today is good and a large increase in the surplus is expected. Guggenheim reported in newspapers an expecting copper surplus to be reduced. He says the surplus is not large.

The Evening Chit-Chat

By RUTH CAMERON

THERE'S so much bad in the best of us, and so much good in the worst of us. That it hardly behooves any of us to criticize the rest of us.

You are all probably familiar with the above. Almost everybody likes to quote it once in a while. I find, but the reason I recall it today is that I have a new version to present.

There's so much peculiarity in the most sane of us, and so much sanity in the most peculiar of us. That it hardly behooves any of us to criticize the rest of us.

Now, I know that doesn't make at all good matter, but it does seem to me that it makes decidedly good sense. Lives there a man, however sane, however practical, however hard on other people's peculiarities, who hasn't a pet obsession of his own? I doubt it.

One of the sanest men I know will not allow gas to be used in his home because he is afraid that some one will not turn the cook off tight and the family will be suffocated.

The gas pipes are in his apartment and there is a most excellent gas stove. It would be an immense help to his wife to be able to cook on this in summer instead of having a hot coal fire, but he simply will not hear of it. No use to tell him that with proper care there is no danger in the use of gas.

He has an obsession on this subject. He can't be reasoned with. He lives in other respects he is most sane, level-headed, and logical. And when his next door neighbor, who has an equally powerful obsession on the subject of burglars, secures his doors with two or three bolts and locks, and installs an elaborate system of burglar alarms this man laughs at him and calls it "all tommyrot."

"Even as you and I." Another point of view on this subject: I know another man who is insanely timid in anything relating to fire. He has a set of precautions with which he goes through every night. He secures his house can outdoors. He fastens up all the lambrinquas on the mantels over the heaters. He pours water on the open fire and does several other equally absurd things.

The man's wife thinks she has the most exasperating peculiarities in the world to deal with. She envies the first man's wife because she knows how sane he is on most subjects. She doesn't know about the gas obsession.

Most of us think that those particular peculiarities with which the members of our own family worry us are quite the most exasperating on earth. We envy our neighbors who don't have such things to put up with. It's only because we don't know the inside of their home lives. Like as not they have something worse.

Suppose the next time you feel inclined to protest against the vagaries of some member of your family you think of this, and also reflect on the possibility of YOUR having some obsession which on account of your proximity to it you don't recognize as such.

Maybe then you'll feel less inclined to protest.

ELECTION OF STEPHENSON CALLED VOID

Attempted Bribery is Charged Against New Brunswick In States

CHOSER FOR SENATE

Special Investigation Committee Declares Nomination and Election Null and Void Because of Attempted Corrupt Practices by Himself and His Agents

A despatch from Madison, Wis., says:—

The nomination of Isaac Stephenson, in the primary and his election to the United States senate by the legislature are null and void on account of attempted bribery and corrupt practices by himself and his campaign leaders, agents and workers, and of violations of the laws of Wisconsin defining and punishing offenses against the elective franchise.

This is the gist of the findings of a special senatorial investigating committee in its report submitted to Gov. Francis E. McGovern. The report is signed by Lieut.-Gov. Thomas Morris and Senator Spencer W. Marsh, Republicans; and Senator Paul Hastings, Democrat. The two Republicans are members of the so-called progressive wing of the Republican party, and Senator Hastings calls himself a progressive Democrat.

Early in the legislative session of 1909, resolutions were introduced in both houses calling for an investigation of the senatorial primary election. The resolutions were particularly pointed at United States Senator Stephenson, who, according to his report filed with the secretary of state, expended \$107,000 during the campaign.

Speaker Baneroff of the assembly named a committee composed of a majority of stalwart Republicans; and Lieut.-Gov. Morris, who resigned his seat to become lieutenant-governor, signed the report as a member of the investigating committee. The committee recommended that a copy of the report be certified to the United States senate, and the report of the committee be laid on the table.

The report was submitted to Gov. McGovern about ten minutes before Senator Marsh's term as state senator expired. Mr. Morris, while no longer a senator, having resigned his seat to become lieutenant-governor, signed the report as a member of the investigating committee. The committee recommended that a copy of the report be certified to the United States senate, and the report of the committee be laid on the table.

Years of Suffering

A Desperate Case of Catarrh in the Head. "My father had catarrh in the head for a long time. It was such a desperate case that he did not know what to do, but one of his friends recommended Hood's Sarsaparilla. He got a bottle immediately and began to take it. He commenced to get better and after a few bottles he was completely cured. It was so well pleased he had ever seen a recommended Hood's Sarsaparilla." Dele Alline Begin, Lewis, P. Q. TWO RARE VOLUMES OF BIBLE

Lost for Forty Years They Are Found on Librarian's Desk in Chicago University—From Set of the Complutentian Polyglot

Chicago, Jan. 21.—Two volumes of a rare edition of the Bible have appeared in the library of the University of Chicago, after having been lost nearly 40 years. The books, which are the first and fifth volumes of the "Complutentian Polyglot" containing the Pentateuch and the New Testament, were part of the collection of the American Bible Union, at that time the greatest collection of Bibles in this country. When the union dissolved in 1872 the collection was purchased for the Baptist Theological Seminary of Morgan Park, Ill., which institution later became absorbed by the University of Chicago. When the collection was shipped west, Dr. Conant of New York the collector, retained several volumes to enable him to complete some work he was then doing, and it has always been supposed that the two missing volumes from this set were among those retained. They appeared a few days ago, however, on the librarian's desk, and an explanation is forthcoming. It is thought that years ago they were put among the uncatalogued books by some one who did not know their value, and that they have been brought out just as unknowingly by some worker on the cataloguing force. The Complutentian Polyglot, arranged by Cardinal Ximenes in Complutentia (Alcala de Haenares), Spain, in 1514 to 1517, was the first Polyglot Bible ever printed, and the first Hebrew Bible ever printed by a Christian. It was published only seventy years after the invention of printing and is very crude. The text is written in parallel columns, Hebrew, Latin and Greek. The books are bound in red calf and are well preserved. The value of the set is over \$800, but there are very few in existence.

NEW BRUNSWICK FIGURES IN THIS SUIT FOR DIVORCE

Boston, Jan. 20.—Thomas G. Plant, shoe manufacturer, and until a few months ago, the chief competitor of the United Shoe Machinery Company, was sued yesterday for divorce by his wife, Caroline Dragg Plant, for adultery. In her behalf, property belonging to Mr. Plant, valued at \$1,000,000, has been attached. Mr. and Mrs. Plant were married in Chicago in 1885. In her libel, Mrs. Plant alleges infidelity with a woman of unknown name. The offences are said to have been committed at Calais and Bangor (Me.) in October, 1907, and at St. George (N. B.) and New York on other occasions. Both Mr. and Mrs. Plant are fond of outdoor life, and they often went on hunting trips together. On one of these, in New Brunswick, they captured a small bear cub, and this cub became the pet of Mrs. Plant at the estate they later occupied at West Manchester. It would be low her about the streets. Later it was derailed into the woods and was shot by a man who supposed it to be wild.

PETITIONS AGAINST TWO CITY LIQUOR LICENSES

The liquor license commissioners met in the office of the inspector, Ald. J. B. Jones, yesterday afternoon. Two petitions were presented, one against granting a license to M. J. Nugent, the other against the application of Ernest Friars for a license for the Garnett building, Main street. There was a small attendance. G. Earle Logan appeared for Nugent, but Dr. Hutchinson and Geo. G. Blewett supported the petition against Nugent, and Geo. G. Kierstead spoke against the Friars application. At the conclusion of the hearing the commission went into private session and decided to adjourn till some day next week to take final action. The petition against granting the license to Nugent had been signed by 160 ratepayers and set forth that it was not necessary in that vicinity, it would be contrary to the law to grant it, being in the immediate vicinity of a hospital; being in the neighborhood of a dangerous one owing to the lack of police protection. There was a busy railroad crossing quite near and it had frequently happened that people crossing the suspension bridge at night had been held up by drunks more. Both Rev. Dr. Hutchinson and Mr. Blewett made it clear that the action of the temperance people in presenting this petition was not prompted by any personal feeling against Mr. Nugent. Mr. Blewett said that within the last six months he had been interfered with twice on the Suspension bridge by drunken men. These men might not have obtained their liquor at Nugent's, but it was a serious matter in view of the fact that many women and children use the bridge. It was also a point of transfer for the street railway, and it was objectionable from that point of view to grant the license. Mr. Logan, in reply, pointed out that there was a caretaker at the crossing whose hours of duty were from 7 o'clock in the morning till 10 o'clock at night. He contended that when the legislature passed the section in the liquor law relating to hospitals they had in mind situations the inmates of which were under guard. He concluded by remarking that many of those who had signed the petition lived a long distance from the saloon. Dr. Hutchinson pointed out that the saloon was not in the immediate vicinity of the hospital, where all the inmates were supposed to be under guard. MONTGON WAREHOUSE BURNS

Moncton, Jan. 20.—A large warehouse, owned by Geo. A. Robertson, grocery and hardware merchant, on Duke street, was completely destroyed by fire this afternoon. The contents, consisting of Robertson's stock and considerable household furniture stored in the second story, were also burned. The firemen had a cold fight of it, Chief Ackman having both ears frozen. When the alarm was given the fire had so much headway it was impossible to save the warehouse and efforts were turned to preventing its spread to adjoining buildings, in which they were successful. The warehouse was worth about \$120,000, insured for \$800,000 in the North, and \$400 in the Hartford. Robertson's stock destroyed was valued at \$1,000 and was insured for \$700 in the Atlantic Mutual. Among those having furniture stored in the building were: J. Holman, \$1,000 worth, insured for \$450; L. Johnson, furniture, \$800, insured for \$200; Mrs. Percy Kinder, furniture, \$200; Mrs. Campbell, manager Bank of Montreal, Cape Breton, furniture, \$1,000, insured, \$400; N. Proctor, piano and other goods, \$200; A. E. Holsted, 400 chairs, insured, \$100; Police Officer Dunphy, Robert White and G. B. Willett had small losses.

Carmarthen St. Church Anniversary

The forty-second anniversary of the Carmarthen St. Methodist church will be observed tomorrow. Rev. Hamilton Wigle, B.A., of Amherst (N. S.), will be the preacher. He came from the city of Winnipeg to Amherst last year and has already made for himself a name as a faithful pastor and excellent preacher in that aggressive town. In the city of Winnipeg he served for two years—eight years—Zion Methodist church, the second church in the city in wealth and influence. The subject of his sermon in the morning will be "The Empire of the Soul," and in the evening service he will discuss the important subject, "What is Sin?" In the afternoon, at 2:30, there will be an open session of the Sunday school to be addressed by Dr. Campbell. Mr. Wigle will also be present and deliver a short address. Collections at all the services in aid of the trust fund of the church. On Monday, January 23, Mr. Wigle will deliver his popular lecture entitled "A Modern Crusade." The newspaper reports of this lecture are most complimentary. It was prepared in the course of his regular work in Winnipeg, and by request, was repeated several times.

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound. "MARLTON, N. J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I was suffering for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and I could not sleep. Doctors gave me up as they said my troubles were incurable. I was in despair, and whether I lived or died, I did not care. I bought Lydia E. Pinkham's Vegetable Compound, made in native roots and herbs, containing no narcotics or harmful drugs, and today holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you would like special advice about your case, write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful."

LESSONS FOR CANADA FROM OTHER LANDS

Interesting Address by W. F. Hatheway, M. P., at the Every Day Club Last Evening

That Canada may learn valuable lessons from Australia, Denmark and Germany, and that in St. John, the institution known as the Every Day Club should not be overlooked by contributors to foreign missions, were statements made in the course of an address by W. F. Hatheway, M. P., in the Every Day Club hall last evening. As if to illustrate the need of supporting such institutions as the club, a mere 1000 were much under the influence of liquor entered the hall, and was guilty of such offensive conduct that he was finally ejected. He was one of a group who give the club more or less trouble, although its rooms are game-women's saloons. Mr. Hatheway, speaking of Australia, told how an association of fifteen hundred men, chosen for that purpose, had been sent to Canada, when he was introduced to them as a Canadian. Describing the conditions in that country, he quoted a statement in a letter from Hon. Mr. McGowan who stated that there was a postoffice in New South Wales. Mr. Hatheway contrasted this with conditions in New Brunswick and other provinces. Continuing to speak of Australia, he referred to the eight-hour day, the banking act, which enables a man to get money at 4 per cent for thirty years to aid him in building a house for himself; the land laws, which encourage men to take up land; the wages board act, graduated income tax, the land tax, the old age pension act and others. He told of a large government, which Australia in sheep, cattle and horses, and named the fact that the Commonwealth has a large government, which is a blacksmith of not many years ago as premier. Mr. Hatheway also spoke of Denmark, where intensive farming and co-operation had done so much. Of 250,000 peasant farmers 170,000 have less than 40 acres each; 60,000 have from 40 to 100 acres; 8,000 from 100 to 200; and 22 have 630 acres. The farmers control the government. While the export of butter, bacon, lard and eggs from Canada had the United States in decline, that of Denmark is growing, as the following shows:

Exports 1878. Exports 1908. Bacon and lard... \$700,000 \$26,500,000 Eggs... 250,000 6,500,000

There are 1,502,000 depositors in the bank of Denmark. Mr. Hatheway spoke of the splendid educational system of Denmark and Germany, and expressed the hope that Canada would soon give more attention to technical education. Referring to the Every Day Club, Mr. Hatheway expressed the hope that the churches which contribute so generously to foreign missions would eventually aid in providing this institution with a home suited to its needs, for it was designed to do a work of the highest value, if the citizens would place it in a position to carry out that work.

IN PARLIAMENT

Ottawa, Jan. 20.—The first reading was given in parliament today to E. N. Lewis bill to require a load line to limit cargoes on the Great Lakes. A. I. Fraser, Conservative, of P. E. I., complained that there was a vacancy in the island's representation in the senate which had existed since the death of Senator Ferguson, two years ago. He said, as the representation of the province in the commons had seriously declined it was desirable in the interests of the island that the representation in the upper house should be maintained. In addition to the vacancy referred to there was another practical vacancy caused by the physical disability of Senator Robertson, who was unable to come to Ottawa. He urged that the vacancy should be filled without delay. Sir Wilfrid Laurier said that there were so many matters of great importance engaging the attention of the government that it might be pardoned for not having filled the senatorial vacancy referred to. He promised that there would be a bill without delay. Mr. Logan was asked by the minister of marine that no concessions had been made by Canada relative to licenses in the recent fishery negotiations. The foreign office had expressed the view that Canada could not insist upon licenses being taken out by foreigners, but the United States

TEMPERANCE MEETINGS

Rev. Dr. Hutchinson will speak at the Every Day Club tomorrow evening at 8:30. The gospel temperance meeting of the Granite Rock Division of the Sons of Temperance will take place Sunday night at 8:15 o'clock in their hall, Market Place, West End. The speaker will be R. Bruce Addison. Evangelist John Lord, now conducting special services in Coburg street church, will address the Thorne Lodge gospel temperance meeting Sunday afternoon at 4 o'clock in Haymarket square hall. Rev. J. J. McCall will be the speaker at the temperance meeting in Loyalist Division hall, Paradise row, tomorrow evening at 8:30 o'clock. Two-week-old Harold Brandt has just Adams County, Pa., has just been cut down. It stood on the farm of John R. Sadler. From the trunk of the tree 1102 large wood spokes were made and 12 cords of wood were cut from the top and branches.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is a woman who would not gladly be free from the recurring period of pain. Dr. Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from pain. It establishes regularity, soothes inflammation, heals ulceration and cures all female weaknesses. Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary Medical Association, Dr. Pierce, M. D., President, Buffalo, N. Y. If you want a book that tells all about women's diseases, and how to cure them at home, send 31 one-cent stamps to Dr. Pierce to pay cost of mailing copy, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding 50 stamps. A REVISED VOLUME. Familiar Trees and Their Leaves, by F. Schuyler Mathews, will appear presently in a new and much enlarged edition. This standard manual has been revised throughout, and a supplement has been added, containing information about many trees which were not discussed in the earlier editions, and also new data about our familiar trees which has come to light since the book was written. The new volume, which will have twenty new illustrations, is announced by the Appleton Company for publication early in February.

THE AWFUL STATE OF DRINKERS

Powerful Array of Facts By Father Sheehan In St. Peter's CHURCH CROWDED

Before a congregation of men completely filling St. Peter's church, last evening, Rev. Patrick Sheehan, C. S. R., delivered a striking sermon on temperance, dealing with the reasons why a man should not indulge in intoxicating drink. He spoke of the injuries to soul and body caused by liquor, and strongly advised every man to join one or other of the societies connected with the church, and refrain from using alcohol.

AMUSEMENTS FOR OURSELVES AND OTHERS

THE LYRIC. What is conceded by America's foremost critics to be one of the best animal grades and pleasures of the theatre is the first three days of next week when Professor Freeman will introduce his troupe of five trained goats. Space does not permit a detailed description of the remarkable performance, but it is expected to be one of the most interesting novelties of this season's vaudeville in St. John, as the cleverness displayed by the dumb performers is said to be marvellous. A street parade will be held daily at noon during the engagement. This is not like any other talking and singing machine, but a perfected electrical contrivance, which Thos. A. Edison himself claims to be the last word in sound-producing apparatus on the market. It is the invention of Mons. Leon Gaumont of Paris, and the union of action upon the curtain and sound from behind the curtain is declared to be absolutely perfect—no irregular arrangement at all. The chronophone will be heard at 2.30, 2.50 and 4.30 in the afternoon, and 7.45, 8.45 and 9.45 at night. The opening programme is as follows:—Chorus—"The Blue Banube" (Strauss), chorus of Opera Comique, Paris; Whistling Solo—"Who, Me?"—Collins and Harlan. This programme will last more than twenty minutes and is expected to be a rich musical and vaudeville treat. Chronophone has been played before the royal family in Buckingham Palace, and has been the star attraction at the London Hippodrome, the Olympia, London; French, German and other prominent European houses of entertainment. In addition to this big attraction the Lyric will have its usual bill of motion pictures and singer, as well as orchestra.

LOCAL NEWS

LECTURE TOMORROW EVENING.
A lecture of the life of John Boyle O'Hilly will be given tomorrow evening in the rooms of the C. M. B. A., Union street, by John A. Barry, and a large attendance is looked for.

ALLOWED TO GO.
Joseph and James McElmurry, who were arrested on Tuesday night, charged with wandering about the streets and being unable to account for themselves satisfactorily, have been allowed to go.

FURTHER REMAINED.
All the evidence for the prosecution in the case of George Danguard, charged with cutting and wounding Wan, McDonald in Ole Martin's boarding house in Smythe street, has been taken, and he has been further remanded to jail.

CHALLENGE ACCEPTED.
The staff of C. B. Pilgoun, Indian town, have accepted the challenge of the staff of P. Nae & Son for a bowling match on Black's alley. Arrangements for the game may be made with their captain, Louis F. Ballard.

FRATERNAL VISIT.
On Monday evening next the members of the Y. M. C. A. of St. Peter's will act as hosts to the F. M. A. and St. Joseph boys at the annual fraternal visit. A large crowd is looked for, and a good programme has been provided, each society contributing to the list.

LECTURE TOMORROW.
A lecture on "Points in History" will be given tomorrow afternoon in the rooms of St. Peter's Y. M. A., Douglas avenue, by Rev. J. H. Bogmann, C. S. R. After the lecture preparations will be made for the reception of members into the Holy Family tomorrow evening.

IN THE EPIDEMIC HOSPITAL.
Thomas Robertson, the sailor who was charged recently with desertion from the Dominion Coal Company's steamer, "Rosanna," has been taken to the epidemic hospital suffering from erysipelas. He has about 800 coming to him from the steamer. Captain Paterson said this morning that he did not wish to take him back.

COUNTY COURT CHAMBERS.
In the case of A. McBeath, vs. Abraham Poyas, Judge Forbes this morning granted the application of the defendant for a new trial. This is an action for breach of contract and was tried before Magistrate Ritchie, when the verdict was given for the plaintiff. The argument is set for January 27. B. L. Gerow for the defendant; S. A. M. Skinner for plaintiff.

NEW STEAMER ON WAY HERE.
The Dominion liner, Saturnia, left Glasgow this morning for St. John with passengers and general cargo. The Saturnia is a new steamer and this will be her first trip to St. John. She was launched last summer and made her first trip to Montreal in June. The Saturnia is a larger boat than the Cassandra, being 9,200 tons register.

WORKING WITHOUT LICENSE.
Five men, reported for working in the city without licenses were in court this morning—James McClure, John Curtis, John Groat, Gus Bulais, and Morris Sims. His members, some of them after leaving the club, organized later at Haymarket Square and last winter an attempt was made to organize in a hall in Waterloo street.

FIVE AND DRUM BAND.
The New Dominion Five and Drum Band was organized last evening, with the following officers—President, P. Robinson; Capt. George Malcolm; band sergeant, H. Goldworthy; band secretary, J. Sinclair; band committee, Edward Nairs and J. Sinclair. This is practically the same band for which the Every Day Club bought uniforms. Its members, some of them after leaving the club, organized later at Haymarket Square and last winter an attempt was made to organize in a hall in Waterloo street.

W. R. MONTGOMERY
FACES LARCENY CHARGE
(New York Herald, Friday.)
William R. Montgomery, erstwhile president of the Hamilton Bank, who failed in 1907, and was later joined by Joseph G. Robin with the Northern Bank, was placed on trial yesterday before Judge Rossley, in the Court of General Sessions. There are five indictments against Montgomery, three of them for larceny and two for alleged over-certification of checks.

The specific charge on which he is now being tried is that of the larceny of \$4,442.27. Two other indictments allege the theft of \$8,885, and of \$65,000.

When court adjourned yesterday three jurors had been selected. They are—Edward F. J. Geynon, auditor for the Incorporated Rapid Transit Company, foreman; Albert L. Hoome, secretary of a trucking company, and Christian Arzob, broker.

Mr. Moss, assistant district attorney, asked all witnesses if they knew Michael Devis, the Rev. A. E. Barnett, Howard S. Gaus, Clement H. Smith, Frederick F. Seavoy, Joseph G. Robin, John M. Campbell, M. Laporte, Oliver E. Davis, Dr. Charles H. Montgomery, L. S. Wood, William Stebbins or Sidney J. Balfour.

James W. Osborne, for Mr. Montgomery, asked if they knew W. Schuyler Jackson, C. Ashbert Becker, president of the Bronx Borough Bank; Jedor Kresel, William T. Jerome, Stephen T. Still, James S. Green, Andrew Thomas or Sebastian J. Heisler.

Among the questions asked by Mr. Osborne was—
"Would you go into the jury box and say, 'This is a good time to convict a man,' because of the late lamented failures?"

Assistant District Attorneys Moss, Wellman and Kinkoberger are conducting the prosecution. Associated with Mr. Osborne for the defence are Samuel S. Koenig, Reuben Eckeham and Gilbert D. Lamb.

It is expected that the taking of testimony will begin today.

IN THE COURTS
Will of Patrick J. Donohoe—Application for New Trial Granted by Judge Forbes

In the probate court today the will of Patrick J. Donohoe, retired druggist, was proved. He gives all his property to his wife, Mary Estelle, whom he nominates as executrix and she was accordingly sworn in as such. There is no real estate; personal estate, \$32,000 besides life insurance. John A. Barry is proctor.

In the matter of the estate of Mrs. Mary H. Colburn, widow, there was a hearing on application to pass the accounts of the executor, since deceased, and for order for distribution. The evidence of Mrs. Cora A. Ferris, a daughter, was taken and a decree for distribution will be made. W. Watson Allen, K. C., is proctor for the deceased executor; J. King Kelley, proctor for Mrs. Ferris.

SUGGESTION TO C. P. R.
The second edition of the Canadian Pacific Railway Company's book, telling of the manufacturing and business opportunities in western Canada, has been received. It contains a list of all the freeters stations on the line of the C. P. R. and tells of the industries, population, location and business opportunities of each place. The volume is of great value to intending settlers.

It is suggested that the C. P. R. should issue a similar book dealing with the cities and towns through which the railway passes, in eastern Canada. It is felt that such a book devoted to a description of this portion of the dominion would result in turning more attention this way as well as to the west.

RECONSIDER THE MATTER OF NEW FERRY

Requisition to Mayor Brings Call of Special Meeting To Again Take up Purchase of New York Boat

A special meeting of the common council will be held on Tuesday afternoon at 4.30 o'clock to reopen the matter of the requisition for the purchase of the ferry Steamer Annex, in New York. As stated in the Times yesterday there has been a feeling, since the council meeting on Thursday, that a mistake had been made in allowing this matter to drop.

Mr. Polts, chairman of the ferry committee, and Superintendent Waring called upon the mayor in connection with the project and said they were desirous of reopening the consideration of the purchase of the boat. His Worship said that he was willing to call another meeting of the council if a requisition was presented to him signed by five members of the board.

This was done and a meeting has been called for Tuesday.

The superintendent of ferries is of the opinion that the operation of the steamer under 25 to 35 pounds of steam, as fixed by the Canadian authorities, would work out satisfactorily and if in a few years a new boiler had to be installed, it could be done at a cost not exceeding \$10,000, so that even if this had to be done, the cost would be considerably below what it would cost to build a new boat.

WHERE DID HE GET THE LIQUOR?
Boy Under Influence and Resisting Police was One of Last Night's Scenes

Charles Kelley, who gave his age as seventeen, but who looked younger, was arrested last night by Deputy Chief Jenkins in Union street on a charge of drunkenness and resisting the police, and this morning appeared before Judge Ritchie in the police court. He would not say where he had secured the liquor, so he was sent below, until "his tongue loosened."

Deputy Jenkins said that Kelley had kicked and fought against being taken, and had it not been for the aid of two men, it would have been no easy matter for him to arrest the young fellow. The prisoner had been in the Every Day laundry where he had made his presence there undesirable because of his actions and language, and after being warned about his conduct, he was finally cuffed.

Now Is The Time To Consider The Stove Question

There is no time like the present to consider the stove question. While you are sitting around the stove this weather trying to keep warm, you want to note how many coal holes of coal you have to burn in order to get the least out of your stove, and if your stove will throw the heat it should. This is a very important question, for some stoves take a lot of coal and then you don't have the proper heat. The Glenwood Ranges are noted for saving of fuel and for making cooking easy. We can supply Glenwood ranges for wood or coal, with the Shelf Mantle on or off; Hot Chest Reservoir and Gas attachments.

All made in St. John.
