NIAGARA FALLS, Ont., Feb. 24--All the world's bowling records were equalled in this city last evening when the Empress of Britain. They belong to a perfect 300. In addition to this Pett surpassed all the Canadian records when he followed up his perfect score with seven more strikes, making a run of 19 straight strikes.

NAVAL MEN FAVOR DIRECT CONTRIBUTIONS Consider That Canada's Help Would be Most Effective in Form of Cash--Sailors from Esquimaux Arrive

A party of eight sailors of the royal navy in charge of three officers, reached the city today from Esquimaux and will proceed to England on the Empress of Britain. They belonged to the crew of the Algerian and have been paid and will have a farewell before being called on again for service. Lieut. Bald and Staff Sgt. Hewitt arrived on the Atlantic express, and will probably devote her whole energies to this task for some time and leave the problem of defence to the British government until the country was better able to cope with them.

JUDGING CONTINUED AT POULTRY SHOW Mr. Robertson Highly Pleased With the Prize Winners--Visitors Numerous. The judging of the exhibits was continued this morning at the N. B. Knight carried off the honors in the cock, cockerel and hen.

POLYGAMY CHARGED BY A CHATHAM GIRL

Jas. J. Murray Accused of Having Three Wives

One of the Victims, Now at Her North Shore Home, is Wanted in Charlottetown as a Witness.

BOSTON, Feb. 24--James J. Murray, of Charlottetown, was arraigned in the municipal court this morning charged with polygamy. His alleged third wife, who is now living in Chatham, N. B., was formerly a nurse in the Back Bay. The police say that following her marriage and the birth of her child, she visited her Chatham home, and found out there that Murray already had a wife and child living. Murray first married Catherine Doan, of Charlottetown, according to the police. Then he wedded Isabella Zinn, by whom he had three children. Last week the third marriage, with Miss Stapleton occurred has not yet been determined, although the police are getting busy on the city records. When the case came up this morning the police asked for a continuance in order to have the Chatham woman come here to testify.

ROGERS SAYS HE WAS IN NO LAND DEALS Auto Party Lost in a Blizzard on Maumee Bay

Toronto Congregationalists Favor Union--Dispendent Over Charges Girl Hanged Herself--Frozza to Death. WINNIPEG, Man., Feb. 24--In the Legislature yesterday Hon. Robert Rogers rose to a question of privilege and declared that he had never been associated in any way with Dr. Montague in any land deal, the denial having reference to a summons issued in the libel action of Hon. Geo. E. Foster against Dr. J. A. MacDonald, editor of the Toronto Globe. Mr. Rogers gave a most emphatic denial. He admitted that he had been approached repeatedly by Dr. Montague, but said he always had refused to have anything to do with any deal.

SAYS IN A QUARREL GIRL FELL OFF PIER William Seyler's Story of How Jane Adams Lost Her Life at Atlantic City. ATLANTIC CITY, P. J., Feb. 24--William Seyler, in prison in connection with the death of Jane Adams, whose body was found on the beach here, admits now that he quarrelled with the girl on a pier on the night of her disappearance. He said to the police yesterday: "We had a quarrel and Jane, retreating step by step, backed into the low guard rail on the pier and fell into the ocean. There is a boat landing where she fell. A ladder leads down to it. In the darkness, but did not hear her or see her. I would have risked my life to have saved the girl. She disappeared and I could not do anything." The falling to which Seyler referred is four feet high. The cause of the quarrel is a point he has not discussed. He says that in falling she probably struck a nail, which inflamed the wound over one of her eyes. Surgeons say this wound caused death. Chief of Police Woodruff said today that he believed that on the evidence in his possession Seyler could be held for manslaughter, if he could prove that the prisoner was the indirect cause of the girl's death. Orvis Seyler still is held as a witness. The inquest will be held tomorrow night.

FIFTEEN BURNED IN INCENDIARY FIRE

Two Will Die from Their Injuries

Blaze in N. York Tenement District--Whole Family Found Huddled in Corner Awaiting Death.

NEW YORK, Feb. 24--In a fire of incendiary origin in a Carlot street tenement today 15 persons were burned or injured, two so seriously that they will probably die. Panic-stricken tenants made a rush for the fire escapes and scores were only deterred from jumping by the prompt arrival of the firemen who shouted warnings, cleared the exits and carried down on ladders those cut off from escape by other means. In one apartment William F. Young, his wife and eleven children were found huddled helplessly in a corner. The parents were carried down and the children thrown one by one to firemen on the street who caught them safely. While fireman James Donovan was carrying William Burns down a ladder the ladder broke and both men fell to the ground. Both were seriously injured. Mrs. Anne Quinn received her probable fatal burns in trying to rescue Richard Tarbut, a boarder. She had escaped to the roof, but made her way back to rescue Tarbut. Tarbut likewise was so seriously burned that he may die. The fire damage was comparatively small.

RICHMOND WHARF A BARGAIN AT \$5,000

Andrew Loggie Willing to Back Up His Statement With Check for That Amount--Buys Portion for \$3,500. OTTAWA, Feb. 24--A further attempt was made in the public accounts committee by Mr. Crockett this morning to rehabilitate his abortive scandal in reference to the Richibucto sawdust wharf. Andrew Loggie, who had written the Minister of Public Works, offering to buy for \$5,000 the wharf which the government purchased from Mr. Thomas Murray for \$10,000, and which the latter in turn purchased from Mr. Richard O'Leary for \$700. Mr. Loggie, who as a shipper and vessel owner is well acquainted with the property in question, confirmed the statements made in his letter already quoted before the committee as to the government getting a bargain in purchasing the wharf for \$5,000. "I consider the wharf is well worth \$5,000, and I will back it up with my cheque for that amount."

Coastwise--Yarmouth, Digby, Connon, Bow, Chance Harbor, G. H. Perry, Saint Martins, Oriole, Musquah; tug Lillie, St. Martins. A small leak was discovered in a three inch water pipe on Lelander St. this afternoon. The water was shut off until the break was repaired. Chief of Police Woodruff said today that he believed that on the evidence in his possession Seyler could be held for manslaughter, if he could prove that the prisoner was the indirect cause of the girl's death. Orvis Seyler still is held as a witness. The inquest will be held tomorrow night.

DISCUSS METHODS OF FIGHTING FIRES

Co-operation of the Railways is Desirable

Senator Edwards Suggests Employing the Militia--Several Valuable Papers Were Read Today.

FREDERICTON, N. B., Feb. 24--At this morning's session of the forestry convention the program was followed closely. An interesting discussion followed papers by C. J. Hall, Quebec, Mr. R. Brown, New Hampshire, H. W. Woods, Welford, and E. J. Lavits of the Ontario Agricultural College. Discussion on export of pulp wood, methods of fire prevention and other forestry subjects was declared in order by Chairman Edwards at the opening of the session. W. R. Brown, of New Hampshire, Mr. Warburton of Prince Edward Island, Prof. E. J. Lavits of the Dominion Forestry Department and Senator Edwards joined in discussion. Robert Connally of St. Martins, told of fighting fire by pushing through a suit which cost the man who set the fire \$500. It was stated that the best time to fight fire was from 4 p.m. until 10 a.m. Hon. Geo. Hill of Charlottetown told of his experience in fire fighting. Senator Edwards proposed the use of soldiers for fire fighting. They were successfully used in Norway. Irving Williams of Pennsylvania, described the system of the forestry department of his state to prevent and extinguish fires. The railways had been induced to co-operate. In some cases imprisonment of offenders had been used in case of fires. Senator Edwards said that co-operation of Canadian railways should be attained. Mr. Woods stated that the C. P. R. between St. John and Vancouver had taken steps to assist in fighting fires. The senator replied that in Ontario in his limits that railway was not too careful. C. C. Whitman of Nova Scotia stated that in his province no settler was allowed to set fire. (Continued on Page 4.)

MR. SMITH'S FUNERAL LARGELY ATTENDED

St. George's and Barristers' Societies and Officials of St. Paul's Church. The funeral of the late G. Sidney Smith which took place this afternoon, was one of the largest which has been seen here for a long time. Members of the St. George's and the Barristers' Societies walked in bodies. The governors of the Wiggins Orphanage and the vestrymen of St. Paul's Church also attended the funeral. The remains were taken to St. Paul's Church from Mr. Smith's residence, on Dorchester street, at the Church lot. E. B. Hooper read the burial service. The interment was made in Fernhill cemetery. The pall-bearers at the funeral were: Chief Justice Barker, William M. Jarvis, James Manchester, Dr. McAvaney, James A. Eyles and Watson Allen. The following resolution was passed by the wardens and vestry of St. Paul's Church: "On motion duly seconded resolved that the Rector, Church Warden and Vestry of St. Paul's Church, desire to record their deep appreciation of the life and character of Mr. G. Sidney Smith, who entered into rest on Tuesday, the 22nd day of February; and also their sense of the great loss sustained by the congregation and corporation of St. Paul's Church, by his departure. "Throughout a long and useful life, he identified himself closely with the interests, the work and the worship of this church. For many years he served in turn as Vestry Clerk, Church Warden and Vestryman; and by the regularity of attendance at meetings of the corporation, by his increasing interest in all matters pertaining to the business of the church and by his readiness to place his legal attainments at the service of the Vestry, he has undoubtedly contributed largely towards whatever of progress and prosperity this church has enjoyed. "Rarely absent on Sunday mornings from his place in the congregation, of which at the time of his death he was the oldest member, he will be greatly missed, but we are assured that his memory will long be preserved by his fellow-worshippers in the Church of St. Paul in The Valley. "And further resolved, "That our sincere sympathy be extended to the members of his family, and that a copy of this resolution be sent to his son, Mr. Bowyer S. Smith."

This evening No. 1 Salvage Corps will be at home to No. 2 Comp of the North End. An excellent programme has been arranged. Already signs of activity are beginning to be shown among the fire front at Indiantown. The engineers of most of the steamers laid up there have commenced the work of repairing the engines and boilers in shops. For the season's activity and before long the general work of repair and overhauling will be commenced. When the several steamers commence on their seasonal trips, Capt. McLean returns from the Star Line to the Elms and the Hampton and Victoria will also have new skippers.

BARROW AT MONTREAL AFTER CHICAGO TRIP

Montreal Manager Did Not Have Much Success—List of Players at Disposal

MONTREAL, Feb. 23.—Ed. Barrow, who returned yesterday from Chicago, where he went in quest of players, had not yet closed a deal for a catcher, shortstop or outfielder, which he requires to fill his ranks, but the men he wanted were in sight. He expected to get a backstop before long, but a shortstop might not be secured until after the Royals go south to train.

Signed contracts were received by the manager yesterday from Wilson, the pitcher bought from the New York Americans, and Smith. The former Buffalo manager accompanied his contract with an enthusiastic letter in which he expressed the hope that Barrow would have a winner. Natress wrote that the man who took the shortstop position from him would have to show something.

Manager Barrow is only counting on Natress for the utility position. Speaking yesterday of his plans, Manager Barrow said he now intended to take back some of the youngsters he had previously intended to let out. These were Hall, Judd, Colvin and Bailey. Letters from other managers seeking their services had caused him to decide to see what was in the players before farming them out.

The list of players Barrow has now at his disposal is as follows: "Catcher"—Krichell and Durin. "Pitchers"—Wilson, Winter, Jones, Keefe, Wiggs, Baum, Hoch, Judd and Adams.

infielders—Cockhill, Smith, Yeager, Natress, Colvin and Hall. Outfielders—Jones, Corcoran, Joyce, and Bailey. Wicker and O'Neil will be sold or traded before the season opens.

Adams and Durin will be farmed out. The other four youngsters will probably be disposed of in the same way, but Barrow wants to see them in action before deciding to send them out for further experience.

Joyce will probably go south with the team if he is not disposed of in a trade for a catcher.

Baum wants to remain in California and will be sold to some club out there.

BOWLING

On Black's alleys last evening the Tenangans won a four point victory from the Two H's, plying up the high score of 1333 timbers. This places them a step higher on the championship ladder and they are now in with the Dunlop people for a place in the front rank. Dave McLellan led the procession with an average of 85. H. E. Black was next with 87. The scores:

JEFF WANTS JOHNSON KEPT FROM JAIL

Bollermaker Is Anxious That Fight Shall Take Place on July 4—Champion May Be Sent Up River

If reports coming from the west are correct—and the tip seems to be, absolutely on the level—Jim Jeffries has determined to show himself the most chivalric and magnanimous of fighters and incidentally to show all doubters that he has a really and honestly set in having that merry little smit-fest on the 4th of next July.

When Jack Johnson got into trouble in New York the other day by playfully beating up a small and ineffective African boxer was much talked about the way the case was being handled, and about the bearing which the affair might have upon the championship battle. Not a few of the skeptical went so far as to assert that every effort would be made to railroad Mistah Jeeningus up the river. If the big colored man could be tucked away in the stone jug it would not only give the best possible excuse for not putting Jeffries against the black warrior, but would also give good and plausible reason for the whole sporting world passing Johnson up as a criminal and a disgrace of the boxing game.

JEFFRIES WOULD 'SAVE' JOHNSON

And now out of the west comes this information: That Jim Jeffries not only does not wish to have Johnson "sent away," but rather than have the people imagine such a thing he will turn in, devote all his energy and influence to saving Mistah Jeeningus from the latticed windows and go the very limit in order to find out the negro's punishment till the fight is over.

JEFFRIES WANTS TO FIGHT

Senior T. D. Sullivan is the stakeholder of the big event. Within the next two or three days associates of Jeffries, men who get their orders straight from the big fellow, will talk with Ben. Sullivan and will lay the case frankly before him. He will be asked to help engage the best attorneys and do all that he can to prevent the possible condemnation of Jack Johnson. If the whole matter can be shelved until after the fight is over then Jim Jeffries will fret no more. The bollermaker has no desire to create a scandal of her dues. If Jack Johnson declines to be sent up the river Jim is quite willing that he should be sent there, but will only postpone the voyage till the 4th is over.

HEO FELLOW WANTS TO FIGHT

It was reported in Washington March 27, Sunday, and go from there to train in Charlottesville, Virginia, part of the time with the "Infringers" of Virginia, which is looked there. Then he will play a number of exhibition games, and then he will go to the States, April 1. I received my contract the other day, and will take it with me." "I am keeping in the best of condition, the use of exercise, and am getting plenty of rest air. My mind is good, my arm feels fine, and all over I am in the condition. I never entertained the notion that I was through with boxing, for I knew better than what, and any such statement is absurd." "And he said every word in that convincing fashion which showed that he meant it."

ONE LONELY LITTLE GOAL AGAINST SEVENTEEN

Moncton Narrowly Escapes a Whitewash at the Hands of All-St. John.

One lonely little goal was all that stood between Moncton and a complete whitewash in Queens Rink last evening. Seventeen to one was the final reckoning. Moncton was defeated all through the place and St. John victory was a foregone conclusion. The Ottawa people put the puck into the net four times, the final score being as given. As a rule the play throughout the game was ragged, the good spots not being plentiful or prolonged.

BALTIMORE MAY SEE TAIT IN MATCH RACE

TORONTO, Feb. 23.—It is the idea of the Canadian Society of Maryland to match its idol, Tait, with "Billy" Paull of the University of Pennsylvania, or with "Al" Kiviat, the schoolboy pugilist, at the half-mile distance, at the Baltimore meet on March 12th. Tait has a record for the half of 1 minute and 58 seconds. Kiviat has given Melvin Skempard many hard races at the same yard distance, and with the two prominent stars in action would furnish a treat for Baltimoreans.

JIM MCGINLEY IS ALL RIGHT AGAIN

Condition Is Much Improved—Pleching Days are Not Over—Will Play With Toronto.

Haverhill, Mass., Feb. 23.—The Sunday Beacon yesterday published the following, written by "Dan," their baseball expert: "There has been so much talk lately and different papers have taken such issue regarding the condition of Jim McGinley, the South Greenland ball player, that last week I decided to investigate for myself, and went down to see the lad who is the idol of the mill-town, who won many a game pitching for South Greenland, and was snapped up by Haverhill, and has since climbed the ladder until he now wears the uniform of Toronto in the Eastern League, and has seen service in "the big show."

BETTER CONDITIONS THAN EVER

One paper went so far as to state that McGinley would never play baseball again. Even Sporting Life, a recognized authority, said that "Jim" was out of it. Now take it from me, he is far from going out of it. Jim will be in better condition than he ever was before, and is prepared to play the game of his life for the Class A team.

WEIGHS FIFTEEN POUNDS HEAVIER

A short time ago Jim was down with typhoid fever, and all kinds of reports were sent out about him. That sickness did him good. Jim is a new man, a new physical embodiment was that of a man in the bloom of health—Nature's best gift.

Y. M. C. A. VICTORIOUS.

After the Moncton-All St. John game in Queen's Rink last evening a game between Rothesay Collegiate School and Y. M. C. A. was played, resulting in a victory for the latter by a score of 5 to 4. The game was a fast one from start to finish, the youngsters playing the game for at least three in it, and there is no doubt but that there is good material in both parties. The goals were made for Y. M. C. A. by McGowan (2), McLeod (1), Hipwell (1), McShane (1), For Rothesay, Tankins (2), Hickman (1), West (1).

HALIFAX DOWNS CHATHAM.

HALIFAX, N. B., Feb. 23.—In the Metropolitan cup competition tonight the Halifax Curling Club players defeated two rinks from Chatham by four points. The match was keenly contested throughout, the first scores being: Halifax, 23; Chatham, 22.

MONTREAL, Feb. 24.—Negotiations have practically been completed for a site for three games at Halifax between the Montreal Wanderers and Ottawa hockey septette. The matches will take place in the first week of the season. A purse of \$1500 has been offered by Manager Maher of the Arena at Halifax for the victors.

SHOOTER WHO FAILED TO MARRY HER

MONTREAL, Feb. 24.—That Lottie McCullough shot Fred Carroll because he failed to carry out a promise to marry her was revealed at the preliminary hearing here yesterday. The girl turned last evening with a verdict of guilty against Mrs. Komelsky. The woman was convicted of the charge of murdering her husband three years ago.

THE HEBREW RESTAURANT

The Hebrew residents in the city are highly indignant over the remarks made by Judge Forbes, in the County Court yesterday morning. They consider that the words used reflect upon the character of the whole Jewish population of the city. Many of them are seeking legal advice on the matter from Daniel Mullin, K.C., and J. King Kelly, and it is probable that some action may be taken in the matter by the Hebrews to prevent what they consider an insinuation cast upon them. A consultation with the lawyers will likely be held today when decisive action will be taken. Some of the Jews' feelings being indignant, are very much offended at the fact that they may be compelled to depart from the city.

FIVE HUNDRED BIRDS ON EXHIBITION HERE

Poultry Show is the Best Ever Held in the City—The Prize Winners.

The second annual poultry show was successfully opened in Sutherland Hall, Union street, yesterday morning. The attendance during the day, especially last evening was good. The show surpasses any of its kind held in the city in recent years, over 500 hundred excellent birds of all varieties and species being an exhibit. The exhibitors include prominent poultry men from all parts of the province, who apparently are taking a deep interest in the show. The judging was completed yesterday afternoon by George Robertson of Ottawa. Over half the birds were judged yesterday, and the rest will likely be judged this morning. The show will continue today and tomorrow.

THE HEBREW RESTAURANT

The Hebrew residents in the city are highly indignant over the remarks made by Judge Forbes, in the County Court yesterday morning. They consider that the words used reflect upon the character of the whole Jewish population of the city. Many of them are seeking legal advice on the matter from Daniel Mullin, K.C., and J. King Kelly, and it is probable that some action may be taken in the matter by the Hebrews to prevent what they consider an insinuation cast upon them. A consultation with the lawyers will likely be held today when decisive action will be taken. Some of the Jews' feelings being indignant, are very much offended at the fact that they may be compelled to depart from the city.

THE PLANETS. They All With Their Satellites, Exhibit Phases Like the Moon.

We are likely to regard the moon as the only thing in the heavens that exhibits phases such as the quarter, the half and the full. As a matter of fact, all planets and their satellites, exhibit separately such phases, and most of them can be easily seen with a small telescope. Thus Mars and Venus, which are comparatively close to the earth, show through the telescope at times a beautiful crescent, at others a half planet fully as brilliant, considering the distance, as does our satellite. At times also the planets suffer eclipses, just as the earth, the moon and the sun, and these eclipses are forecast with as great accuracy.

As to just what causes the phases, say of the moon, is easy to comprehend by a homely analogy. If one stands in a corner of a room, places a globe of some description in the next corner and a light in the third corner, the phenomenon of the half moon is seen. The light, representing the sun, shines of course on half the globe representing the moon, but the observer in the corner sees only half of the surface toward him illuminated. If now the light be placed behind the observer

quite remarkable indeed, and this being undoubtedly the last one, and only opportunity to enjoy an evening of this character, there is no doubt whatever as to the interest that will be taken. It costs but little to secure an outfit which will provoke much interest and mirth, and many of these are in course of preparation in hundreds of homes beside those being supplied by the Canadian Cutlitting Co. of the Nickel.

HAVE YOU HEARD SILVER AND SANDS AT THE ORPHEUM?

Those who have yet to hear Silver and Sands, the Orpheum act which is receiving such a hit this week, have a very great pleasure in store. Their clever singing, dancing and Lauder impersonations combine to provide the most entertaining act in the opinion of many Orpheum patrons that has been seen in this city for a very long time. Not only has the act been a success this week, but the splendid pictures which are providing the greatest interest and favorable comment. The pictures at the Orpheum, hitherto will include the products of such well known firms as Biograph, Selig, Essanay, Kalem, Edison, Lask, Eclipse, and Italia. With such a good service and good vaudeville acts the Orpheum deserves its full share of the amusement business.

THE GEM. One of the most beautiful and gorgeous productions ever shown is being shown in the Gem's programme. Shakespeare's comedy, "Twelfth Night" is a most elaborate subject, the scenery of which surpasses anything in stage craft ever gotten together. This production is the same which captured New York, playing for over three months in the New Theatre, New York, the latest playhouse of the century. The cast is made up of stars. The upper and middle flats, 5 rooms each, \$10.00 and \$8.50; small barn, \$2.00. \$1.00 per week. Lower flat, 8 rooms, electric lights, \$10.00, City Line, Lancaster. PRISON REFORM.

The Ontario Government, it is stated, is about to introduce in the operation and conduct of its prison system, certain radical reforms which will be first submitted to the Provincial Legislature before the close of the present session. The abolition of all prison competition with free labor in the various trades has been definitely decided upon and it is estimated that the future employment of prisoners will be largely farm work, and work upon municipal and colonization roads. But more important than this is the introduction of the policy of compensating prisoners for all work effectively and efficiently done, such a step marking a decided revolution in present methods, not only in Ontario but in Canada. This plan will practically guarantee the support of the wives and families of men sentenced, even though the earnings may not quite equal what they would be by free labor, Ontario is not the only province in which much suffering has been caused the families of convicts, by the incarceration of those who should be providers. It is with a view to partially remedying this condition that the proposed changes are to be made.

INDISCRIMINATE CONDEMNATION.

Those citizens of Hebrew descent who are engaged in the second hand and junk business in St. John, were the objects yesterday of severe censure on the part of Judge Forbes. Such dealers were charged with generally abetting crime, by their custom of promiscuously purchasing goods offered to them by persons of unknown, or suspected reputation. It is hoped that by far the larger number of junk dealers in St. John are Jews, and because of this circumstance, Judge Forbes' remarks were naturally directed to persons of this nationality.

The Judge did not say that Christians engaged in similar business are free from censure, but realized the peculiar adaptability of the Jew to the species of bargaining entailed in the second hand trade and dwelt particularly on what he believes to be the fact that a disregard for the law, if not absolute dishonesty, is very commonly practiced.

While there are many who will not thoroughly agree with all that Judge Forbes said, and who may not believe that the offences should not be visited on the class as a whole, there is a very general impression that some better system of control of the junk business is necessary. Not only should there be a more rigid enforcement of the laws governing the purchase and sale of second hand goods, but householders and other property owners deserve better protection from the itinerant dealer. No matter what nationality these collectors may belong to, it is not disputed that there are engaged in the business a considerable number who are willing to steal whenever opportunity arises, and that there are in St. John countless families who have suffered through pilfering by this undesirable character.

The collectors go from house to house, from yard to yard, soliciting or demanding goods, driving hard bargains, frightening nervous women and even those who do not steal-making themselves in every way objectionable. Judge Forbes may have some reason for his suggestion that Hebrews are able to buy valuable real estate after a few years residence in St. John—although the direct poverty that they arrive here—because of the dishonesty practiced by them in the junk business, but it is scarcely fair to allege that as a class all the Jews in the junk business are guilty.

P. E. I. SENATORSHIP.

There is a vacant senatorship in Prince Edward Island. This office would not be vacant long if some ten or a dozen more or less eminent gentlemen had their desires. It is understood that there are quite a large number of applicants for the office, or at least a large number of men who would be charmed to receive the appointment. This list includes the present Lieutenant Governor, Mr. D. A. Mackinnon, whose term of office expires during the present year. Mr. L. E. Prowse, who has done good service in both provincial and federal fields; Mr. Benjamin Rogers of Alberta; ex-Governor McIntyre, Mr. Geo. Forbes, Mr. J. J. Hughes, Mr. J. H. Bell, Capt. Jas. Read, Mr. J. B. McCready, Hon. Samuel Reid, Mr. T. B. Riley, Mr. Geo. E. Hughes, and others. Mr. Prowse is perhaps the strongest aspirant for the honor and is said to stand a good chance of obtaining the appointment, his strength lying principally in political influence. Mr. McCready is perhaps as suitable a man as could be found, and it is believed he has the sympathy of a majority of the federal ministers, who, however, recognize that this appointment is a matter of particular interest to the Island Province and that the wishes of the representatives from

that province must be consulted. If this is done, and it very likely will be, Mr. Prowse is almost practically assured of the promotion, especially as he has the hearty co-operation of Mr. Warburton, M. P., at present chairman of the Public Accounts Committee. Mr. Warburton, he it is understood, was once a Judge of the County Court, and although he liked the job he gave it up and re-entered politics. There is a strong possibility that before very long a vacancy will occur in the Supreme bench, through the retirement of Mr. Justice Hodgson, who is in poor health, and that Mr. Warburton would not be inclined to refuse the appointment to this position. While many of the others have claims on the party, which are being more or less strongly pressed, it is believed on the Island that the contest has narrowed down to Messrs. Prowse and McCready, and although the former's ability is readily recognized, it is felt within the party that he is too young a man to retire from active participation in the game, and that he can be of more value by remaining in the fight. And the governorship is still to come.

W. F. HAMMOND.

ENTERTAINED STAFF. Jolly Skating Party at Amphitheatre Followed by Luncheon and Dancing Programme.

Last night W. J. Hammond entertained his large staff of employees at the Amphitheatre Rink. After the exceedingly enjoyable time spent in skating, the party, numbering about 50, adjourned to the handsome supper room, where a very dainty meal was served, the tables being beautifully decorated with flowers and ferns. After the supper Mr. Hammond made the recipient of a very handsomely fitted dressing case by a suitable address, presented by the members of the staff. W. J. Hammond in reply mentioned that the famous house was not changing, but enlarging, and that although he would not be quite so actively engaged as heretofore in the business his interest would never cease to be with it.

NO HOME RULE BILL.

AT THIS SESSION. Definite Announcement—Austin Chamberlain on Tariff Reform—Scores Amalgamated System of Government.

LONDON, Feb. 24.—Affairs political now appear likely to slimmer for some weeks until the matter of finance is disposed of unless the revolt of the Advance Radical spreads. In the house of commons today Premier Asquith replying to a question, stated definitely that the government had no intention of introducing a Home Rule bill for Ireland during the present session. In moving the tariff reform amendment to the address in reply to the speech from the throne in the house this afternoon, Austin Chamberlain made a plea for a preference to home productions so as to give employment to the people and second a preference to British productions overseas to the end that the Empire might be more closely consolidated.

MARRIED IN THE MAKING.

Have you ever noticed that half the troubles of the young housewife are of her own seeking? She will take the nice little bit of cold roast beef or mutton, hash it, mince it or stew it, spend as much as two hours in turning it into a tough, colorless, over-salted or over-peppered dish. She is anxious all the time she is cooking it, most anxious of all, is the husband, upon whom she has wasted all her endeavors, tries to make light of the failure, and bites his tongue in an attempt to repress the wish that she had left the meat cold. H. P. Sauce takes all the responsibility of flavoring off the shoulders of the inexperienced cook.

H. P. Sauce sells in bigger and bigger quantities every week. Cold meat is coming back to its honored place in the homely little family—and not only so, but the housewives have discovered that when the joint can no longer be served cold, H. P. Sauce takes all the responsibility of flavoring off the shoulders of the inexperienced cook.

H. P. is a rich, thick sauce, not hot, but piquant and fruitily flavored; it is made of the choicest tropical fruits and spices and pure malt vinegar. When you must hash, or mince, or stew, just see yourself what a difference is wrought to the dish by the addition of a teaspoonful of this delicious Sauce, but be sure it is H. P.

The Evening Chit-Chat

By RUTH CAMERON

When you run across an expression you do not understand, a word whose exact definition you are uncertain of, do you simply remain in your state of ignorance or do you look it up? I often hear people say, "I do want to be well educated, but I have so little time I cannot keep abreast of things as I would like to."

Very few of us who have our living to earn care do that. Our days are spent in bread winning and our nights in recuperating for more bread winning. Except for the man in ten who has a fine-in-ten physique and brain, any very deep study, any systematic course of reading, or any thorough attempt to keep abreast of the political situation, the scientific discoveries, and the new things in literature and the arts, is incompatible with a six days in the week job.

But there is one thing that most of us can do, and that is, "look it up." It wouldn't take such an appalling amount of time to jot down the little expressions and allusions and scientific terms which you do not understand that crop up from time to time in your reading, and spend an occasional hour in looking them up, would it?

Each bit of information would be only a very little thing, to be sure, but it's infinitesimal insects that slowly form the beautiful coral reef and LITTLE drops of water, LITTLE grains of sand that—well, you know the rest. And the finished product in this case would, of course, be some store of education.

I know a man who had to leave school and go to work before he had completed his first year of high school, and who yet kept up his efforts at self-education so faithfully that now, at the age of twenty-five, he is constantly taking for a college man. And one of the chief features of his self-education is a little custom he has of looking up every word he hears or reads, which he does not fully understand, and writing the word and its definition down on a black-board in his room.

He does not try to learn the definitions, but having them constantly before him in this way he says he gradually absorbs them. The other day I was visiting a home where there is a very bright little school girl. Her other sister who, despite her three years' seniority, is not half so well informed or interesting a girl, looked up from the book she was reading.

"What does 'condign' mean?" she asked. "Condign punishment?" Her father confidently started to define it, and then decided that, although he had probably read the word a thousand times, he didn't know exactly what it meant. "Oh, never mind," said the older girl, going back to her reading, but my bright little school girl was already at the dictionary.

"Condign," "Condensation," "Condign," she ran her finger down the page. "Condign—deserved, merited, suitable. Condign and worthy praise," she read. And after that I didn't wonder so much at the difference between the two girls.

Of course looking up things is something of a bother. A musician's finger exercises are too, I suppose. But if he wants to be a great musician he usually does them. Do you really want to be a well educated man or woman? Then supposing the next time you strike a word or expression you don't understand, you do the finger exercise of education and look it up.

THE BABY. How strange it seemed to wake last night. And start the baby breathe—the room Under the night-lamp's shaded light. Wrapped softly in a gentle gloom!

What mystic wonder stirred us that, With joy and love what mingled awe, Before this little slumberer, when The fower-like face we dimly saw!

A moment there we hung appalled, Fearing to read in life's long scrolls Fate of this soul that we had called Out of the very deep of souls.

Perhaps the Lord of Being bent That instant on our sudden prayer: For still the low breath came and went, But peace and blessing filled the air.

THE NEED WAS PAST. Had the new clergyman been younger he might have suspected something; for his parish had not a few horse-traders who had been known to race their stock. But forty-nine is often un-sophisticated, so, by request of one of the deacons, prayers were offered upon three successive Sundays for Lucy Grey.

On the fourth Sunday the deacon stood told his superior, just before the morning service, that the prayer bill no longer be repeated. "Indeed?" queried the good parson, with a cautious look. "I hope Lucy's not dead?" "Oh, no," came the reply; "but she has won."

"Your wife is quite hospitable," said the friend. "I don't know," answered Mr. Cumroy. "Mother and the girls used to be glad to see folks that dropped in off-hand. Now they send out invitations, and seem more tickled to get regrets than acceptances."

Easily Tired Exhausted. DOES THIS DESCRIBE YOUR CASE?—THEN READ THIS LETTER ABOUT DR. CHASE'S NERVE FOOD.

The accompanying letter describes so well the condition of a person whose nerves are weak and exhausted that little need be added. The dangers of such a state of health is sometimes overlooked by persons who do not realize that the next step is some form of paralysis which leaves one helpless in mind and body.

Mrs. Edward Schwartz, Ladysmith, Que., writes: "It is a pleasure to let you know how I was benefited by Dr. Chase's Nerve Food. I was run down and weak, unable to do any house-work, was easily tired and exhausted, lacked energy and ambition, was very nervous, easily irritated, could not concentrate the thoughts, hands and feet were cold, I could not sleep, had frequent headaches and dizzy spells and palpitation of the heart."

"Nervous prostration was my trouble, but Dr. Chase's Nerve Food cured it all and I cannot find words to express my thankfulness for this wonderful medicine."

The results achieved by Dr. Chase's Nerve Food are often more wonderful than words can tell. In cases such as this patient, persistent treatment is necessary, but you are encouraged by steady and natural improvement until the cure is thorough and complete.

There is a satisfaction in knowing that each and every dose is bound to be of benefit, and in rebuilding the wasted nervous system.

A GLUM FOR WOMEN

Fashions and Fads. Large handbags are not now in the best style the newest are small, made of undressed kid. Colorless frocks of the past will be the distinctive note of the season for the colored linen gown.

Handsome waists are those of pongee, with the Bulgarian embroidery in blues, reds or greens. Some of the prettiest of the French cotton gremettes come in white with ribbon stripes of colors. The lingerie gown is promised a great vogue, and this, of course, means a great vogue for embroidery.

Embroidery that looks like rat-tail braid is being employed quite effectively in linen tailcoats. Handbags will be lined with silk the same shade as the cloth, the same as has been done the past two winters.

The new silk and cotton bengaline, very supple and in a wide range of colors, is quite a favorite for house gowns. A novelty in trimming for lingerie is a tiny cotton fringe, quite like that used on bedroom curtains and covers.

The favorite hat shape of Paris, and one likely to dominate the Easter season, is the Louis XXVI. model, turned up at the back.

Household: Hints. If a range has become red from overheating or rust, before applying stove blacking, rub the surface well with vinegar and allow it to dry. Blacken when the stove is slightly warm, not hot.

In washing curtains, add an ounce of gum arabic dissolved and strained, a gallon of starch water. This gives a crispness to the curtains, quite like the dressing they have when newly bought.

To clean and tighten cane chairs, soak them well with hot water and use soap if necessary. Dry them in the open air and when thoroughly dry they will be as tight as when new, and perfectly clean.

Faded spots on wood, caused by heat or light can be removed by rubbing with linseed oil or sweet oil mixed with an eighth part of alcohol. Oil, or flannel rags are best to use for this purpose.

Before using talcum or cereants in a bath, wash them into a wire basket and plunge for an instant into boiling water. If this is done the day before they are used, they will be plump and much sweeter.

When frying in deep fat, never put too much food into the fryer basket at once, else the heat of the fat will be reduced and the outer surfaces, instead of becoming crisp and dry, will absorb the grease.

To remove a dent from a table or cabinet, cover it with four thicknesses of paper that has been wet and then set a very hot iron on the surface for a few seconds. The steam will raise the compressed wood layers.

A quart of sifted flour is a pound. Colony is best cleaned with a small brush. SUN AND SNOW. SOMETIMES HELP THE HAIR TO GO. In any changeable climate the hair is apt to become brittle and to break off stubby here and there. To break off a hair-dressing almost a necessity, especially to ladies. In using a hair-dressing which does not do the best, one that combines with it the efficiency in killing the dandruff germ, the germ that eats the hair off at the roots, causing what is called falling hair, and in time baldness, Newbro's 'Herpicide' is that kind of a hair dressing. You have no idea how delightful your scalp will feel, and how stylish your hair will appear, after an application of two or three applications of Newbro's 'Herpicide'.

INJURED MINERS IN BATTLE FOR LIFE. WILKESBARRE, Pa., Feb. 23.—Six mine workers horribly burned by an explosion in the Pettibone colliery here this morning had to make their way out alone because it was a holiday and they were the only men in the mine. The suffering, exposure and strain are expected to result in the death of three of them, John Davis, George Jones and Michael Lavelle.

The men were changing a course when a large body of gas was swept down upon them. The explosion hurled them about like straws and burned them severely. Knowing that help might not reach them for many hours, they started out alone, the three least injured helping the others as much as they could.

The men describe the journey as frightful, often the worst injured wanted to give up and be left, but after a struggle which seemed hours long to them they reached the foot of the shaft.

EXPECTS TO SAVE \$100,000,000 YEAR

Pres. Taft Outlines Policy of Economy

But Announces That Two Battleships a Year Will be Laid Down Until Canal is Completed.

NEWARK, N. J., Feb. 23.—President Taft, the first chief executive to visit Newark since Grant, tonight addressed one of the largest and most enthusiastic dinner audiences he has met in all his travels. The banquet was tendered the President by the Newark Board of Trade and more than 800 members and guests were gathered about long tables in Krueger's Auditorium.

Mr. Taft took for his theme, the homely subject of governmental economy and discussed the efforts being made by his administration to cut down appropriations wherever possible. The president said that he shared the hope that the commission which is to be appointed to revise business methods of the big departments at Washington may effect a saving approximately \$100,000,000 a year.

The president detailed to some extent wherein the decrease in appropriations are to be.

Speaking of the navy, he said it had been decided to continue the policy of two big battleships a year, up to the time the Panama Canal is completed. That waterway will double the effective field of the navy and Mr. Taft said it would then be time to consider a decrease in the programme.

President Taft came to Newark this afternoon by automobile from New York. From the suburbs of Harrison, into the heart of this city, he passed through dense crowds which the police had some difficulty in handling. Hundreds of persons crowded about the open automobile in which the president was riding with former Governor Franklin Murphy, seeking to shake hands with him.

At Harrison, the school children headed the President's car and one little fellow made a patriotic speech. Mr. Taft responded by thanking the children for their welcome.

Senators Lodge, of Massachusetts, Governor Fort of New Jersey, and the President were the principal speakers at the dinner.

The guest list was a long one, including many of the prominent men of the state.

PROF. BOWSER PASSES AWAY

Noted Mathematician Was a Native of Sackville—The St. Croix River.

BOSTON, Feb. 23.—A cable from Honolulu announces the death, of Professor Edward Albert Bowser, noted mathematician. Prof. Bowser was born at Sackville, N. B., in 1845 and was graduated in 1868. From 1868 to 1870 he was professor of mathematics and engineering at Rutgers, his alma mater. He was the author of "Algebra" and many standard scientific works.

Army engineers have completed a favorable report on the proposed improvement of the St. Croix river from its mouth to Chateau. Representative Guernsey was assured today that the report would be forwarded to congress forthwith in time for consideration at the senate committee on commerce where the river and harbor appropriation bill lies.

A question has arisen as to whether Canada will appropriate a portion of the improvements.

Mrs. Shaw, Who Eloped With Chaffour, Now Suing Her Husband for Divorce.

NEW YORK, Feb. 23.—Mrs. Nettie E. Shaw, wife of Jas. F. Shaw of Boston, a former Massachusetts State Senator, has filed a counter suit for absolute divorce. This was disclosed in New York today by the fact that counsel for Mrs. Shaw have obtained a deposition from a hellsby at a New York apartment hotel, where the co-respondent whom Mrs. Shaw will name, has resided. Senator Shaw, it will be recalled, filed suit for divorce against his wife, naming as co-respondent, H. Keno Marble, a chauffeur, with whom Mrs. Shaw is alleged to have eloped to California in the summer of 1908. A year later Senator Shaw traced his wife to a boarding house in Santa Barbara, it is alleged, and took forcible possession of his son, Etridge, ten years old. Then he filed suit for divorce. Mrs. Shaw's counter action is expected to come to trial next month in Boston.

Boys' Quarrel Ends in Murder and Attempted Suicide

Loses His Life on Second Trial—Mrs. Glover's Threats Revealed—Jury Finds Responsibility for Adams Murder.

KIRKSVILLE, Mo., Feb. 23.—A warrant charging Dr. Chas. R. Hull of Monroe City with murdering Fred J. T. Vaughan by strychnine poisoning was issued tonight by Justice of the Peace F. P. Carothers at the request of Prosecuting Attorney Reiger. Dr. Hull is in Montgomery City.

WATERTOWN, Mass., Feb. 23.—A quarrel late tonight between three boys and some Armenians who are employed by Andrew Lamplier, a milkman at 288 Arsenal street, resulted in the death of James O'Brien, aged 17 years, and the arrest of Gabriel O'Brien, aged 29 years, who is charged with manslaughter.

O'Brien attempted unsuccessfully to commit suicide soon after being placed in a cell at police headquarters. NEW YORK, N. Y., Feb. 23.—I would have been better for Edward P. McGrath, laborer, if he had not had a second trial. A jury today convicted him of murder in the first degree, and he will go to the electric chair. At his first trial two weeks ago, the verdict was murder in the second degree, which means life imprisonment. But as is the usual custom, McGrath's counsel made a motion for a new trial and Justice Gott unexpectedly granted it. He refused to entertain such a motion after the second conviction today.

CAMBRIDGE, Mass., Feb. 23.—The declaration by a woman witness that she had heard Mrs. Lillian M. Glover threaten to buy a revolver in order to kill her husband brought to a sensational close today's session of the hearing on the objections to probating the will of Clarence F. Glover, the murdered Watertown laundryman.

The statement of the threat was made by Mrs. Kate Sampson of Auburndale, Mass., a "half" aunt of Miss Leblanc and a distant relative of the widow.

Mrs. Sampson said the relations between Mr. and Mrs. Glover were not pleasant. Her testimony was still uncorroborated, and the case adjourned until tomorrow afternoon.

ATLANTIC CITY, N. J., Feb. 23.—William Seiler, a "half" brother of the late Jane Adams came to her death between 3 p. m. February 4th and 7:15 a. m. February 5th, by the hand or by the knowledge of Wm. Seiler.

William Seiler was then held without bail for the grand jury May term. Orville Seiler, his brother, was held in \$2,000 bail, but was unable to furnish this sum, and will be forced to remain in jail.

The police authorities made no attempt to place either of the Seiler brothers on the stand tonight during the inquest, and the evidence presented was directly in line with that already known.

DENIALS AND COUNTER CHARGES ALDREY'S REPLY

If Statements are Proved Bridges Corrupt Will be Open to Prosecution on Two Serious Counts.

ALBANY, N. Y., Feb. 23.—The first day of Senator John P. Aldrey's reply to the bribery charges made by Senator Conger was less a defence than an attack. The outline of Aldrey's case, laid before the senate today by his attorney, Martin W. Littleton, was an outburst of denunciation and accusation which if proved, will lay one of the most important industries in the state open to prosecution for both conspiracy to fraud and legislative corruption. In striking the bridge companies, Littleton hit Senator Benn Conger, who, with his brothers, once stood

WILL WAGE WAR ON POTATO EMBARGO

WATERVILLE, Me., Feb. 23.—The local Board of Trade today inaugurated a campaign for raising the embargo that the eastern markets have partially laid this year on potatoes from Maine.

The Boards of Trade in Auburn, Augusta, Bangor, Belfast, Brooks, Brunswick, Bucksport, Dexter, Dover, Ellsworth, Farmington, Gardiner, Lewiston, Newport, Oakland, Pittsfield, Portland and Skowhegan have been invited to co-operate in the movement to spread throughout the eastern markets the information that Central Maine potatoes are high in quality and low in price. There is good reason to suspect that stocks are low in many cities with the bargain-hunters anxiously watching for signs that the market has turned.

The dredge No. Donalson, which has been operating in Charlotte County for several seasons past, has been ordered condemned by the Public Works Department and will be broken up here. The machinery, some of which is over forty years old, will be turned into junk and auctioned off. The hull will probably be beached and burned, after the dismantling process has been completed. This dredge was built in 1882, and has done a good deal of work in rivers and harbors of New Brunswick. She will probably be replaced by the new dredge which is being built at Lewis, Que.—Beacon.

WHEN YOUR BACK ACHES

It is a Warning that the Kidneys are Sick and Need Help

remedy for sick kidneys is Booth's Kidney Pills. If there is weakness, congestion, inflammation or soreness, Booth's Kidney Pills quickly relieve it. They gently stimulate, tone and strengthen sick kidneys, drive away backache, rheumatic pain and distress, clear up and regulate the urine, and restore a perfect filtering of the blood. Each of all, this relief is permanent. Mrs. Thos. Sparks of No. 194 Queen street, St. John, N.B., says:— "Mr. Sparks speaks very highly of Booth's Kidney Pills, and would not be without a box in the house. He had suffered with Lumbago across the small of his back and often he would be unable to stoop to lace his shoes. He would also catch cold very easily. It would settle in his back and shoulders and he would suffer with sharp pains, so that he would be unable to draw a breath for many seconds. Nothing seemed to help him, and he tried many different remedies. Booth's Kidney Pills were recommended by Mr. Wasson, our druggist, and he began their use. He found them to benefit him in a very short time. He has had no return of Lumbago or any other form of Kidney Trouble since." For sale by Chas. R. Wasson, 100 King St., and 24 Dock St., St. John.

BOOTH'S KIDNEY PILLS Sold by all Dealers, Price 50 Cents. THE R. T. BOOTH CO., Lurran, Fort Erie, Ont., Can.

Gibberty; air gun, E. Melvin; ladies' bean toss, Miss A. Belyea; gent's bean toss, John Carr; puzzle on fence, J. Carr; exciter, Cecil Strange. Mr. Belyea was the winner of the oil stove on the barrel guessing contest—a slight variation in the contents of the barrel. An excellent lot of prizes are being given away tonight.

### THE CASSANDRA ALSO REPORTS A ROUGH TRIP

Donaldson Liner Which Arrived This Morning is Now Equipped With Wireless—Brought 170 Passengers.

Donaldson Liner Cassandra reached port and docked at 10:20 o'clock this morning. The passage from Glasgow was a very rough one. Captain Mitchell said that heavy weather prevailed throughout the greater part of the voyage. The ship had an average run of 200 miles each day. The Cassandra brought 170 passengers and 118 steerage passengers to this port. There were a number of Scotch girls aboard the steamer. They will be placed in homes in the province.

The list of cabin passengers on the Cassandra is as follows:—

Miss Warda Adonkiewicz, and Mrs. N. Allan, James B. Allan, Archd. C. Brown, George Brown, John Buchanan, James Campbell, Miss Ella Crawford, Miss Catherine Cullen, George Irvine, Harry Kerr, John A. Kirkwood, Viktor Kirner, Miss Annie Cunningham, John Stewart, T. Fox, James Galbraith, James Grant, Wm. Hutchison, Alex. Irvine, James Oliver, Edward A. Palmer, F. J. Macdonald, Laing, Jr., Mrs. Laing, John Luster, Walter Lyle, J. M. McFarlane, M. MacMillan, Mrs. MacMillan, Miss McKenzie, Miss James McKenzie, Walter McLachlan, Mrs. McLachlan, James Milligan, Alex. Morrison, J. B. Mowat, James Muir, Sydney A. Reid, Miss P. Robinson, Wm. Russell, Andrew Spence, John Stephen, Allan J. Stevenson, Matthew G. Wright, Wm. H. C. Wright, Mrs. Wright, Alexander E. Young, John Young, Mrs. Young and infant, Master Alex. Young.

The steamer encountered a very heavy snow storm off St. John's. Aboard the Cassandra were 64 Clivesdale horses and one pony. The horses are a particularly fine lot.

Since making her first trip to St. John at the first of the season, the Cassandra has been thoroughly overhauled. One improvement is the installation of a Marconi wireless telegraph system. Captain Mitchell says that the Cassandra is the first vessel out of the Clyde with the Marconi system. The Altonia has also been fitted up with the wireless. The steerage apartments on the Cassandra have been neatly fitted up. In fact, permanent steerage was installed. The ship has been generally overhauled and is the finest Glasgow boat seen here for a long time. The passengers on the steamer went forward to the west on a special train. The Cassandra will make her return voyage to Glasgow on Thursday next.

### EVERY ENCOURAGEMENT FOR THE DOMINION FAIR

Provincial Government Will Have Good Exhibits—Exhibitors are Deeply Interested.

Manager H. J. P. Good of the Dominion Exhibition, arrived home from Fredericton last night. Mr. Good attended the Forestry Convention at the capital and during the forenoon this dressed the delegates. He was most cordially received. What he said regarding the coming national fair and the plans as outlined was greeted with applause.

In the afternoon Mr. Good addressed the assembled dairymen and farmers who were in annual convention. At the conclusion of his remarks in the meeting the delegates grouped about the exhibition manager and assured him of the interest being taken in the Dominion show in every section of the province. All predicted St. John would be the objective point in September, both for exhibitors and visitors.

During his brief stay in Fredericton Mr. Good was assured that the Provincial Government would make a creditable exhibit, possibly one embracing native woods, minerals, fish and game. Details of this display will be worked out with the Surveyor General and others at a later date.

### ST. JOHN IS AFTER THE STARR TROPHY

Local Team Will Make a Bid for the Cup

City League With Three Teams is to be Organized at Once—Outside Teams Coming.

The All-St. John team will challenge for the Starr trophy and have strong hopes of bringing the silverware to this city for the season. Manager Hal Cameron made the announcement this morning, in answer to a query from the Star. Moreover, the local manager has wired to secretary McMillan of the A. P. A. A., asking the sanction of that association for the formation of a city league. These developments have been rapid but the locals will now be placed in a position to try conclusions with the champions of Nova Scotia in the Starr trophy matches and incidentally have an opportunity of capturing the Maritime championship crown.

It is probable that the city league will be inaugurated immediately. Three teams will enter in the competition. Besides the All-St. John and Tigers, the Lothian septette will enter the league. The schedule has not been definitely arranged. Each team will play the others one game, making three matches in all in the league. In the event of the All-St. John septette landing the laurels the boys will place their challenge for the Starr trophy in the hands of the trustees for the cup. The rules require that the matches must be played in Halifax. The locals have already one victory to their credit over Halifax.

The announcement that the All-St. John team will be in line for this handsome trophy will be received with favor by hockey enthusiasts in all parts of the province.

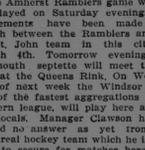

The Amherst Ramblers game will not be played on Saturday evening. Arrangements have been made for a match between the Ramblers and the All-St. John team in this city on March 4th. Tomorrow evening the Yarmouth septette will meet the locals at the Queens Rink. On Wednesday next will meet the Windsor team, one of the fastest aggregations in the western league, will play here against the locals. Manager Cameron has received no answer as yet from the Montreal hockey team which is anxious to secure for matches here. He has not given up hope that this team will play here.

### BIG CARGO RESULT OF NEW FRENCH TRADE TREATY

Sardinian Told a Lot of Stuff Today—N. B. Men Arrive From the West, Homeward Bound.

Allan liner Sardinian, Captain Henry, sailed shortly after noon today for London via Halifax and New York. The French trade treaty is achieving fine results as evidenced by the heavy shipments on the Sardinian. Although the steamer is not as large as the Corinthian she took away one of the largest quantities of grain deals, machinery, asbestos and cheese, besides general shipments. The Sardinian will complete her cargo at Halifax.

Passengers for the Express and Granplan arrived on the Montreal Express at noon today. Among the passengers on the Maritime Express this afternoon were over one hundred naval men from "Esquimaux." The express was a half hour late.

Allan liner Corsican, Captain Henderson, from London via Havre is bringing 73 passengers. The steamer is now making her last trip of the season.

Allan liner Corsican, with 1,058 passengers is due at Halifax on Friday. She will reach St. John on Saturday or Sunday.

### A DARING ROBBERY IN THE QUEEN'S RINK

Harry Gilbert's Trousers Taken, Along With Pocket Book Containing Ten Dollars.

There was a daring robbery at the Queen's rink last night. It was while the Rothsay hockey team were playing a game with the Y. M. C. A. A thief entered the dressing room. A dress suit case owned by Harry Gilbert, Jr., of the Rothsay team was opened and a pair of trousers removed. In the pockets of the trousers were a bunch of keys and a pocket-book containing about ten dollars.

After the game Mr. Gilbert discovered that he had been robbed and reported the matter to the rink management. The police were notified and Detective Killen went to work on the case. The stolen trousers were found by the detective outside of the dressing room but the pocketbook and money are still missing.

### HE HAS TOLD THEM

It happened in Main Street Church last night at the regular evangelistic services. Among the vast throng that filled the building was His Honor Judge Forbes.
