NEWS OF BATH

The station is now in charge of H. D. Street while Mr. and Mrs. G. S. Larlee are on their trip to Calgary.

Rev. G. A. Ross was unable to take his appointment here in the Methodist church on account of sickness.

C. T. Boyer of East Florenceville and R. E. Holyoke of Woodstock were visitors here Monday.

Morris Pierce is putting improvements on his residence.

The farmers are hindered in seeding by the wet weather but same is of great benefit to the lumberman and a number of men from here are at work on the stream up river.

Michael Keenan and bride arrived home last week and have taken up their residence in Mr. Keenan's new house where they were heartily welcomed by their many friends.

Miss Ella Shaw is spending a few days with her sister, Mrs. Wulverton, at Easton, Me.

The death of Thomas McGinley took place at his residence in Johnville on Tuesday last. Mr. McGinley was one of the first settlers in that community and was by his honesty, integrity and hard work well esteemed.

He was at the time of his death one of supervisors of highways of this parish, a staunch supporter of the Church in his community and a life long Conservative in his politics. He will be greatly missed by his community.

Aroostook Man Charged With Murder

Harry Bolster, son of a prominent Easton farmer, was arrested on a Bangor & Aroostook train at Oakfield on Thursday, charged with the murder of John Timoney of Andover, Mass., at Easton last October.

Timoney was killed, robbed of \$77, his wages as a potato harvester on the Bolster farm, as he was about to leave town on Oct. 27, at the close of the harvesting season. His body was found in the bushes beside the road leading from Easton Centre to the railroad station. It had been dragged into the bushes after the skull had been fractured by a blow.

Timoney was last seen alive in the forenoon when he accompanied Harry Bolster from the farm to the railroad station. He formerly lived in Lawrence, Mass.

Saved Baby's Life

Mrs. Jos. Desrosiers, St. Alphonse, Que., writes: "I cannot say too much in favor of Baby's Own Tablets, as they saved my little one's life. Before giving him the Tablets he was greatly troubled with worms and was like a skeleton and cried day and night. The Tablets soon expelled the worms and now baby is a picture of health." Baby's Own Tablets also break up colds and simple fever, cure constipation and indigestion and make the teething period painless. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

W. A. ENTERTAINMENT

The ladies of the Church of England and those who took part in the entertainment on Monday evening have every reason to be pleased with the success of the enterprise, at least so far as it proved a source of amusement to those who attended. The financial part of the affair was quite satisfactory, considering the state of the weather. Mrs. Farley's wax works elicited much favorable comment. Space will not permit detailed description of the figures, but each portrayed his or her part like veterans of the stage. The songs by Miss Irma Jones and Miss McKinney of Woodstock were especially good and called forth a well merited encore in each instance. Miss Mollie Pratt in the Highland dance and Miss Lillian Jones in her butterfly dance were revelations to the people here, and each was obliged to repeat her performance to satisfy the demands of the audience. Little Wendell Sipprell as Caruso and Cliff Clark as Pezzini captivated the house. Taken as a whole, the entertainment was one of the best held here for some time by local talent. The proceeds will be added to the building fund for the new Church of England.

News from Charleston and White Glen

We are glad to see Mrs. J. A. Gilland out again.

Mr. and Mrs. Allie Palmer from Rosedale were visiting their sister, Mrs. F. A. Upton, Centreville, last week.

Mrs. Ross has returned home from visiting her son, Ernest in Woodstock.

Rev. E. C. Jenkins preaches every two weeks at Charleston. He gave us a great sermon last Sunday.

Our Belgian Relief Society has closed down for the present. We sent 1 barrel of clothing and 1 box and those that donated by the ladies of the circle were: Mrs. Isaac Nelson 1 woman's coat, Mrs. Frank Upton 1 coat and 1 house dress, Mrs. Gideon Grant 1 waist, Mrs. Frank Hamilton, Rosedale, 1 man's sweater and 1 woman's house dress, Mrs. Elsie Palmer, Rosedale 2 men's undershirts, Mrs. Will White 1 boys coat, Mrs. Frank Crouse, 1 pair pants for boy, Mrs. Howard Stewart 1 shirt waists and 1 coat, Mrs. Henry Perkins, 1 puff, 3 shirt waists. This all went to the Belgians and we sent 1 box to the hospital.

Miss Vida Gardiner spent part of last week at William Emery's, Williamstown.

Mr. and Mrs. Vail left for California last week. We all hope they will like their new home.

Parry Stewart is on the sick list. We hope he will soon recover.

South Knowlesville

Samuel McAfee has moved to this settlement. He occupies the Frost homestead.

Job Printing at The Observer Office

ANDOVER NOTES

The Round Table Literary Club held its fortnightly meeting with the secretary, Miss Effie Sissen. A pleasant evening was spent by those present. A very interesting paper on the life of Charles G. D. Roberts was read by Mrs. Herbert Baird. The paper on Current Events given by Miss Hilda Lamont was exceptionally good, also a paper given by Mrs. J. E. Porter.

Mrs. George T. Baird arrived home Friday afternoon, having spent the past two months in Ottawa and Montreal.

Mr. and Mrs. Charles Dinsmore of Fort Fairfield were in Andover Friday and Saturday visiting, Mr. and Mrs. James McGill and Mrs. Mary Wiley.

John Lynch return from Five Fingers last Saturday.

Mrs. Howard Porter returned to her home in St. John last Monday. She was accompanied by her husband who came Saturday, spending Sunday with his parents, Mr. and Mrs. J. B. Porter.

Miss Eva Scates will put on her famous play, "Hawthorne," in the Specialty Wednesday evening. Miss Scates is assisted by her sister, Miss Hazel Scates of Fort Fairfield.

Tag Day was observed in Andover Saturday. The proceeds are to go toward buying a soldier bed for the hospital in France.

Inspector Dixon has been visiting schools in Andover and Perth during the past week. A teachers meeting was held in Perth Saturday afternoon which was very poorly attended owing to the inclemency of the weather.

Cinderella, of four reels was put on in the Specialty Wednesday evening. A large crowd was in attendance. The manager, N. J. Wooten, deserves great praise for giving the public such a pleasant evening. The house was well filled with an appreciative audience.

Mrs. Fraser of Easton was in town Friday and Saturday the guest of Miss Miriam Baxter.

The Andover Tennis Club had their annual business meeting last Wednesday evening. Fifteen persons applied for membership which shows that the Club is progressing favorably.

The Canadian Jubilee Singers were greeted with a full house last Tuesday evening. The proceeds amounted to \$172.

One of Brighton Engineers Wounded

Sergeant Fred Campbell, who left Woodstock with the Brighton Engineers, after resigning a good position in the United States, was struck on the side by a piece of shrapnel shell at Neuve Chapelle, and has been removed from the firing line to the Royal Victoria Hospital, Southampton, England. Another volunteer, Perley Cox, step-son of Mr. Chas. Hall, Woodstock, was severely injured in the attack and capture of Hill No. 60.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong and active.

VOL. VI. MAY 6, 1915 No. 47

THE COMING ELECTION

That there will be an election at an early date is now openly announced and advocated by the Conservative press throughout the country. At this writing the official announcement has not been made, but the date is slated for June 28.

Hon. "Bob" Rogers, Minister of Public Works, is the real leader of the government in this crisis, while Premier Borden is, his friends hope, a rather unwilling follower. Honest Conservatives in this country and all over Canada are shamed by the course the government is taking, while even the rankest partisan newspapers are apologetic. The St. John Standard in a head-line says the Liberal majority in the Senate is the sole reason for an appeal to the people. In this regard it must be borne in mind that when not in session the Senate has as little power over the doings of the government as the King of the Canibal Islands, and the Senate need not be called to sit again until midwinter. Meanwhile the government is free to do as it pleases in spite of that body.

Only one other reason for an election is advanced. That is that the government is handicapped by Liberal opposition. This reason is as untenable as the first, for the Liberals have no power to obstruct the government until parliament meets again.

During the session just ended the government passed all its measures with very little criticism from the Opposition, while in its vote of money to assist in carrying on the war the Liberals to a man gave them heartiest support.

The real reason why an election is to be held in June is that the government, frightened by the revelations of the Public Accounts Committee, knows "that only the fringe of the rascality has been touched" and that when the truth comes out their return to power will be impossible. Tory graft proved in New Brunswick, Tory scandals coming out in Manitoba, and Tory crookedness being revealed in British Columbia, is regarded by Rogers and his followers as the handwriting on the wall. Hence an election. They hope to screen the whole hideous mess with the folds of the Union Jack and take the desperate plunge.

The government will fail in its purpose. The Liberals do not want an election. Patriotic Canadians of all classes, creeds and politics do not want an election. The government's action is paramount to a vote of want of confidence in itself.

Thrown unwillingly into a contest, the Liberals will nevertheless fight, as only Liberals in opposition can, and they will go into battle to win.

THE PRESS AND THE N. T. R.

For the edification of The Observer The Press this week prints a half column pointing out that the Grand Trunk Pacific com-

pany refuses to take over the N. T. R. east of Winnipeg. Under a hard and fast agreement with the Liberal government it was made impossible for the G.T.P. to refuse to operate the N. T. R. But the road must needs be built to a certain high standard—the highest modern engineering could construct. This was necessary to hold the agreement. What did the Borden government do for its dear friends, the magnates controlling the G. T. P.? Soon as they came into power they declared the Liberals had wasted \$40,000,000 in constructing the N. T. R. to too high a standard, and forthwith began reducing that standard, degrading the road, and making the loop-hole through which the G. T. P. could escape its obligation.

The Tory government is alone responsible for the failure of the G. T. P. to operate the N. T. R., and the Press knows it, and what few people in Canada do not know it will have it forcibly impressed on them in the next few weeks.

The Observer criticized The Press for its assertion that "forty millions were squandered" in building the N. T. R. Will not The Press explain how and where? Can it also explain on what grounds the G. T. P. refuses to operate the road? Has the Tory government no power to compel it to? Or, would the government rather operate the road themselves during an election campaign as a scheme for catching votes almost as good as "waving the old flag?"

An attempt was made on the part of the provincial government press to convey the impression that Mr. Carvell and his associate counsel before the Royal Commission sought to get large fees from the government in connection with the Dugal inquiry. Facts have now been brought out in the legislature in reply to questions asked by Mr. Dugal. After Mr. Carvell and his friends learned that bills had been sent in by Mr. Fowler and Mr. Teed, they also submitted bills, since obviously they had as much claim to remuneration as the champions and defenders of Mr. Fleming. As a matter of fact the government ordered their payment of \$1,000 to Mr. Teed, but afterwards rescinded that order. The attempt of the government press to make capital out of this affair is about as successful as their attempts to glorify Mr. Fleming. Times.

It has been discovered that some of the patriotic potatoes were sold in Cuba for \$1.55 per barrel. B. Frank Smith paid \$1.10 per barrel for these potatoes and to this must be added 21c. freight, 31c. for sorting and packing, 32c. for the barrel, the cost of insurance, handling and loading in schooner, and freight to Havana. When the story of these patriotic potatoes is fully revealed it will make very interesting reading for the people of New Brunswick, and will be a fine commentary on the provincial government idea of patriotism and benevolence.

The Press has again announced the political death of F. B. Carvell, M. P. Of course in this case the wish is father to the thought. And we still write M. P. after Mr. Carvell's name. Is the animus of The Press excited by the fact that Carvell is responsible for that one J. K. Fleming is no longer addressed as "Premier," or even M. L. A.? Was it wrong that Carvell and Dugal exposed that plunder picnic?

The people of Canada owe it to the vigilance of the Liberals that the new war vote of \$100,000,000 will be expended under the supervision of a non-partisan commission, if the Borden government really makes up its mind to appoint such a commission. The Liberals heartily approve of the war vote, but they do not want any of the money to go the way

some of the former vote went, in purchasing horses, drugs, binoculars and other supplies.

Among the crimes of which Mr. F. B. Carvell, M. P., has been guilty are the elimination of Mr. J. K. Flemming from provincial politics, the exposure of Mr. Pinder and his retirement from the public works committee at Fredericton, the exposure of grafting operations in connection with the military supplies at Ottawa, and various other activities which have brought him the much dreaded condemnation of the St. John Standard, and that other exponent of political purity, the Fredericton Gleaner.

The Telegram says: "Where does Sir Robert Borden keep his ears? If Sir Robert Borden's ear is to the ground, Sir Robert should know that from Halifax to Vancouver Conservatives are protesting that they do not want an election, and vow that they will either vote Liberal or not vote at all if an election is brought on."

Outside of the handful whose Ministerial terms may be lengthened by a war election, every man in Canada, irrespective of party allegiance, is ashamed of the disregard it shows for Canadian and Imperial interests.

The Maritime Baptist says: "It is not too much to say that the recent disclosures before the Public Accounts Committee at Ottawa revealed a state of affairs which is a disgrace to our public life."

An attempt to blame the Opposition for a premature election is an encouraging assurance that no special pride is felt in that project.

Liberals at the front for Britain are not taking lessons in patriotism from Conservative editors at home fighting for Borden.

Laurier and Prosperity went out together. The electors will soon have a chance to bring them back.

With the Tories partyism has triumphed over patriotism.

A Vain Boast

The news that the men of the Army Service Corps, who recently left St. John have been safely landed in England, and the fact that the very large steamship trade of St. John and Halifax with the Mother Country has been carried on and is still being on without interruption is the best possible evidence of the folly of the boast of the Germans that they would isolate the United Kingdom, destroy her trade and cut off her supplies. Indeed, not only have the steamship lines running to ports on the west coast of Britain continued their service, but thousands and scores of thousands of men have been transported across the English Channel, and wounded soldiers and refugees have crossed from the continent to Britain, with very little difficulty and very limited casualties due to German submarine warfare. There was a fear when the Germans made their great threat, and when news came from day to day of the tor-

pedoing of British vessels, that it might really be possible for the submarines to inflict great damage, but subsequent events have shown that as soon as the British were well on their guard the amount of such damage rapidly decreased. The submarine warfare has had no important effect upon the fortunes of the war. The like will be true of the war raid upon England, if the Germans should finally decide to attempt such an exploit.—St. John Times.

Swine Devour Body of Boy

Caribou, Me., April 29.—The body of 14 year old Joseph Pooler son of Joseph Pooler of Washburn, was found in a pig pen in the basement of his father's barn Wednesday, literally devoured by the swine. The flesh had been torn away and consumed by the animals and nothing but the skeleton remained.

An investigation is being conducted by Dr. W. S. Boone of Presque Isle, the medical examiner, and Coroner Floyd Smith, of Caribou.

Because of a domestic disagreement Saturday, young Pooler left his home. He did not go far, however, and remained about the neighborhood until Sunday night. He is then supposed to have taken a blanket and climbed the scaffolding to the hay mow to sleep.

According to indications the lad fell through the loose poles in the scaffolding to the basement. He may have been killed by the fall, or at least rendered unconscious. While lying there the swine attacked his prostrate body and commenced tearing the flesh.

Amherst Pianos vs. Minnie P. Adney

This case was tried before Judge Barry without a jury at the circuit court on Tuesday last. It was interesting on account of the defendant trying her own case without the assistance of counsel. W. P. Jones, Esq., appeared for the plaintiff company.

The Amherst Company seized two pianos under a writ of replevin from Mrs. Adney, and this case was to determine whether they had a right to the possession of them or not. Before the action commenced the company tendered Mrs. Adney with \$150.00, the amount due her for commissions, etc., which she did not accept. In the counterclaim she claimed \$300.00 for damages against the company for seizing several other pianos and \$500.00 damages for malicious prosecution.

Before the trial was concluded the judges suggested that the parties had better agree to a settlement as follows: Mrs. Adney to have her \$150.00, the company to have the pianos, and the claims for damages for the seizing of the pianos and the malicious prosecution be dismissed. No cost on either side.

McCORMICK Lowdown Manure Spreader

McCormick Lowdown Manure Spreader has a score of good features in its construction. Each one is the result of careful field experiment.

A McCormick Spreader is low enough for easy loading, yet it has plenty of clearance underneath. The rear axle is well under the load, rear wheels have wide rims and Z-shaped lugs, insuring good traction under all conditions. Frame, wheels and the driving parts are of steel. Apron tension is adjusted by a simple device. Winding of beater is prevented by large diameter and beater teeth are strong, square and chisel-pointed.

TORTURED BY CONSTIPATION

"Fruit-a-lives" Cured Paralyzed Bowels and Digestion

ST. BONIFACE DE SHAWINIGAN, QUE.

Feb. 2nd, 1914.
"It is a pleasure to me to inform you that after suffering from Chronic Constipation for 2 1/2 years, I have been cured by 'Fruit-a-lives'. While I was a student at Berthier College, I became so ill I was forced to leave the college. Severe pains across the intestines continually tortured me and it came to a point when I could not stoop down at all, and my Digestion became paralyzed. Some one advised me to take 'Fruit-a-lives' and at once I felt a great improvement. After I had taken four or five boxes, I realized that I was completely cured and what made me glad, also, was that they were acting gently, causing no pain whatever to the bowels. All those who suffer with Chronic Constipation should follow my example and take 'Fruit-a-lives' for they are the medicine that cures."

MAGLOIRE PAQUIN

"Fruit-a-lives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c, or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

Death of Mrs. Day of Grand Falls

The death of Mrs. Geo. W. Day occurred on Saturday night April 24th at about half past eight. Mrs. Day had been in poor health for about seven or eight years. She came to this town from Jacksonville when about 14 years of age with her father and brothers and sisters and had made her home here ever since being married to George W. Day in Woodstock about 59 years ago. Mrs. Day was a daughter of Elijah Estabrooks and first wife who was Miss Sarah Burpee.

A Neighbor Told Him To Take Gin Pills

FOR THE KIDNEYS
If you want to know what Gin Pills will do for you, just drop a line to Mr. D. A. Yorke, at Belrock, Ont. He will tell you what Gin Pills did for him, after he had suffered with Kidney trouble for 15 years. Here is his letter:

"I suffered for about 15 years with my kidneys. I could get nothing to help me. The pain went all through my back and shoulders and down the sides of my legs. When I would sit down for a while, I could not straighten up again until I would walk a rod or more, the pain was so great. A neighbor advised me to take GIN PILLS. I did so and six boxes cured me. It is about two and a half years since I quit taking them. My back is all right, no pains and no more backache. I thank GIN PILLS for it all—they are worth their weight in gold."

Mrs. Day leaves four daughters: Mrs. A. R. Hallett, Mrs. J. R. Price and Mrs. Carrie Crago of this town and Mrs. F. Latourneau of Haverhill, Mass., also ten grandchildren and five great grand children beside her aged husband, who is also in a feeble state of health, to mourn her loss. Mrs. Day was 82 years of age and husband is in his eighty-second year. The funeral took place Tuesday morning and was largely attended. Services were conducted by Rev. J. P. Crabtree and Rev. Mr. Blasier. The floral tributes were beautiful.

Grand Falls Boy Scouts

A meeting of the Boy Scouts' Association was held on Thursday evening in the Women's Institute rooms. Proficiency badges were presented to the boys as follows: Ambulance, Clayton Britton, Allison Glen, Reginald Carruthers, Raymond Estey, Clare Glenn, Winston Estey, Rene Bell, Arthur White, William Murray, gardeners, Allison Glenn, Clare Glenn; second class scouts, Clare Glenn, Clayton Britton, Rene Bell, Allison Glen, Reginald Carruthers. Others are working hard to qualify for different badges. It was decided to hold a flag day some time in May, part of the proceeds to be sent to the provincial organization and the balance to go toward a fund to send the boys on a tramp at Chipman in August. For the latter purpose the sports on July 1 will be held.

Baron Balgreddon (9042)

Better known as Snowball Horse
Sire Baron Primrose (3979)
Dam Juliet (153) by Baron's Pride

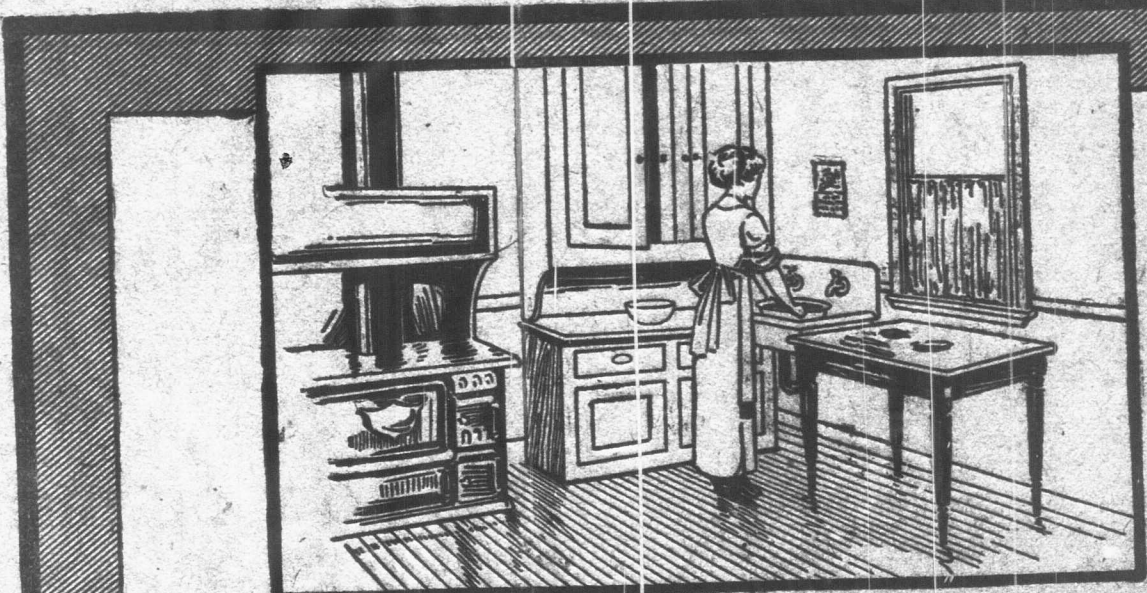

His dam, Juliet, took first prize at Chicago's great horse show as a 2-year-old filly and also the grand sweepstake as best mare any age, all draught breeds competing.

This horse will be in charge of Mr. John Sharp and will leave his residence each Monday going to Hartland; will leave Hartland Wednesday morning going to Woodstock on eastern side of the river. Will be in Woodstock Thursday, Friday and Saturday at the late D. A. Grant's stand on south side of bridge.

Terms: Single service, \$5.00; season, \$10; to insure colt, \$12. Two dollars down at time of first service.

He has taken more 1st prize ribbons in the show ring than any horse of his class in N. B., including the sweepstake at Halifax Provincial Exhibition 1913, for best stallion with six of his get, and the same at N. B. Provincial at St. John. He is 8 years old and has proved himself an exceptionally sure horse, and his colts are very highly prized.

Your Floors Need Paint

Paint preserves the wood. Paint keeps floors sanitary and healthful. Painted floors make the rooms bright and cheery. Painted floors are easily cleaned—a damp cloth keeps them free of dust and germs. Paint your floors and thus have them always Spic and Span.

Senour's Floor Paint

"MADE IN CANADA"

is all ready to brush on—anyone can apply it evenly and smoothly. And it gives a hard, durable, lustrous finish, that stays fresh and bright, and wears, and wears, and wears.

It costs less to use than other floor paint, because it covers more surface and wears longer.

We have Senour's Floor Paint in 14 beautiful colors, suitable for every floor in the house from kitchen to garret.

Come in for a color card, and a copy of our entertaining book, "The House That Jack Built". Written for children, but "grown ups" get a lot of fun out of it. Free to our friends.

COMFORT

Dr. A. Reed Cushion Shoes Mean Foot Comfort

WHY?
In a Dr. A. Reed Cushion Shoe your foot rests upon a soft, pliable cushion.

The principal points of contact—your heel, the ball of your foot, and your toe joints—sink down luxuriantly into the cushion insole, which immediately conforms to every curve of your foot.

Therefore—
FIRST—The weight of your body does not rest alone on these points, but is distributed uniformly over the entire length and width of the bottom of your foot.

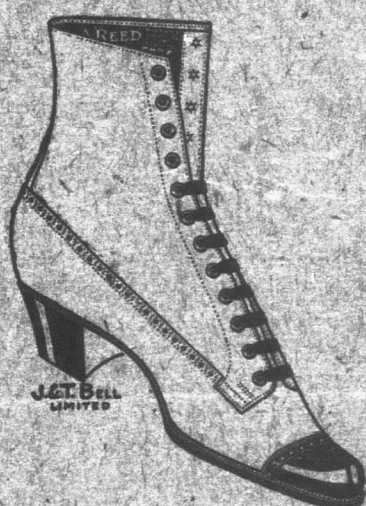

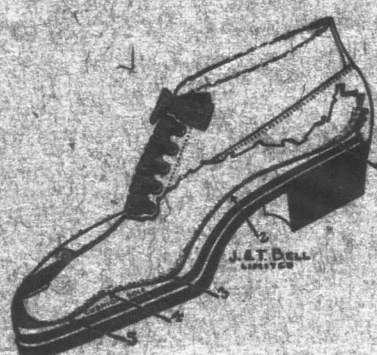

SECOND—The arch of your foot is not left to bear your weight without support, but is upheld and strengthened by the cushion insole, which fills every hollow of your foot. The strain is thus taken off the arch of your foot, it retains its natural position and is not in danger of breaking down.

Why Ordinary Shoes Cause Discomfort

In the ordinary shoe your foot rests upon a hard, unyielding leather insole.

Therefore—
FIRST—As this insole cannot give, the principal points of contact—your heel, the ball of your foot and your toe joints—must bear the entire weight of your body.

SECOND—The arch of your foot has no support and is constantly under the strain of the weight of your body. This constant strain weakens your arch, which may eventually break down, causing untold misery.

HEALTH

Prevents Colds, Sore Throat, Pneumonia, Rheumatism, etc.

Dr. A. Reed Cushion Shoes cause corns and calouses to disappear and restore a natural, healthy condition to your feet.

Many dangerous diseases, such as colds, sore throat, pneumonia, rheumatism, etc., are contracted through the insufficient protection afforded by the ordinary shoe.

The pores of your feet are the largest and most active of your entire body. Don't let these pores remain inactive by becoming covered with hard, dead skin or callous places, caused by improper shoes. Keep the skin healthy and let your feet breathe through these pores as nature intended.

"Natur-Arch"

Protects Your Feet, Prevents Illness, Relieves the Jar When Walking

There are many smart new shapes in the Gold Bond Shoe this season

Made by skilled workmen, for men who take pride in the shoes they wear.

WARMTH Preserving Healthy Circulation

In an ordinary shoe the hugging of the uppers caused by the spreading of the foot compresses the blood vessels and nerves and prevents a free circulation of the blood. Thus the flow of warm blood is retarded, and pinched, cold feet is the result, just as a tightly fitting glove causes the fingers to become cold.

When you stand in a Gold Bond Shoe there is no compression of the blood vessels and nerves, because the uppers are loosened by the sinking of the foot into the soft, easy insole.

The result is a free circulation of warm blood through every part of your foot, keeping it at an even temperature and preventing it from becoming cold.

Protection

From Cold and Dampness

In an ordinary shoe your foot rests on a leather sole which is porous, and quickly absorbs moisture. Thus cold and dampness are directly conducted to your feet.

At McLauchlan's.

The Gulgane Fox Co., owned chiefly by Woodstock capitalists, as well as Dr. McIntosh of Hartland, received a few days ago the cheering intelligence that four black pups were recently born on their ranch in Prince Edward Island. The war has played havoc with the black fox industry, nevertheless there is still money in the animals.

The Observer heartily thanks several hundred subscribers for the prompt and cheerful manner in which they have responded to the appeal recently printed. Some subscribers have paid several years in advance. There are still others who owe for two years or more. They have until the coming Monday—May 10—to arrange the matter. After that date the subscription price of The Observer will be strictly \$1.00 a year.

Mr. and Mrs. George O. Brittain of Windsor have the sincere sympathy of the whole county in the death of their 15-year-old daughter, Lulu, which occurred on Sunday. She died of tuberculosis, from which, also, an older daughter died only in December last, and another just two years ago. Not only has the family been thus severely scourged, but still another daughter shows symptoms of the same disease.

At the annual meeting of the Women's Auxiliary of the Church of England held at St. John last week a grant of \$50 from the funds of this organization was voted for the Hartland church and a further contribution of \$45 was made for the same purpose by the "extra-cent-a-day" fund. The junior branch of the society also contributed silver baptismal vessels, that are easily portable, for joint use of the Aberdeen and Brighton missions.

Lesson from the Aeroplane

THE force that makes the aeroplane—a heavier-than-air machine—overcome the law of gravity is the propulsive power of the motor. Stop the engine and gravity exhibits its law.

In much the same way the propulsive power of advertising makes a business triumph over dragging-down tendencies, personal inertia, quiet times and general business depression.

Advertising is the propeller. The merchant is the pilot. His business is the machine. His community is his sustaining medium.

If you want business to soar, start the motor of advertising.

To the People of Carleton County:

The pilots of every dominant and progressive business in Carleton County are using the propelling force of advertising in some form or other. The most powerful form of advertising is newspaper publicity.

Advertisements Save Your Time and Money

MUST USE PRINTED BUTTER WRAPPERS

There is a new Dominion law that makes it necessary that all butter offered for sale must have printed on the wrapper the words "Dairy Butter" or "Creamery Butter," as the case may be, and maker's name and address. Failure to observe this law renders both buyer and seller liable to a fine of \$30. Make careful note of this: PLAIN butter wrappers must not be used. They must be printed with name and address and the words "dairy butter," if made by farmers.

The Observer will deliver 1 lb Butter Wrappers anywhere at following prices: 1000 for \$2.50; 500 for \$1.55, cash with the order.

Knowlesville News

Arthur K. Avery went to Buffalo, New York, to the hospital some weeks ago where he underwent a surgical operation. Reports are favourable and he will be home soon.

Mr. and Mrs. William Phillips were recent guests E. Manuel.

George Simms and family of South Knowlesville have been confined to the house, with a severe attack of la grippe.

Sam McAfee of Armand has moved his family into the Albert Frost house at South Knowlesville.

Emery Manuel has bought the farm of Tom Phillips, and his sons are busily engaged in turning the sod.

Charles C. Avery is expected home this week from Lewiston, having recovered sufficiently to travel after an operation for appendicitis. His cousin, Miss Linney, will accompany him home.

Bessie Avery has gone to Houlton where she is employed in a restaurant.

Addison Spinney made a recent trip to Nova Scotia and P. E. Island where he purchased a couple of fine grade cows. He was accompanied on his trip by Edmund Robinson of Armand who also bought one cow to add to his already fine stock.

We regret to hear of the death of Mrs. Sarah Phillips, an old resident of this place, at the home of her sister, Mrs. I. Bubar of Island Falls, Me.

Hartley Carle has manufactured quite a lot of the maple product, chiefly for his own use. Mrs. Carle gave a candy party to a few of the young folks.

Carlisle

The recent heavy rains and snow have raised the water in Old Gaimac to a swelling stream and Sayers drive which passed through this place, is on the South Branch, where the banks are strewn with a fine cut of lum-

ber. Methinks were the stalwart men who can brave the storm and waters so nobly called upon to shoulder arms, and march to the front, this order would fall upon men that would fall upon men that would "March just as gallantly" and readily to fight for our country, as to shoulderpeavies and march to Sayre's drive.

Mr. and Mrs. George Crabb entertained a number of friends in honor of their daughter, Miss Kelsie's, birthday on Friday last.

Born, on the April 29, a daughter to Mr. and Mrs. Cook Dickinson.

Miss Nellie Padgett of Windsor was the guest of Mrs. Wm Orser, a few days last week.

The many friends of Mrs. Susan Kimball are glad to know she is able to be out again after her long illness.

What about Sabbath School? Is not someone interested?

Born—May 2, to Mr. and Mrs. Harvey Faulkner, a seventh daughter.

Mrs. John Mangrem Monday with her sister, Mrs. Frank Sharp, who has been quite seriously ill.

Miss Beulah Orser is taking a course in Domestic Science at the home of Cook Dickinson.

To Be Tried for Assault

Nearly two weeks ago Wilmet Ryder, a laboring man of about 40, mysteriously disappeared from the home of Judson Rideout, Middle Simonds, where he was employed. The story is that Ryder was discovered making indecent advances to Rideout's nine-year-old daughter, whereupon the latter gave him a severe beating and left him lying on the barn floor. A few minutes after Ryder had disappeared and no trace was found until yesterday when he was arrested at Gordonsville on a charge of indecent assault preferred by Judson Rideout.

The case has preliminary hearing before Justice Cameron this morning. It will be recalled that about two years ago a very sim-

ilar occurrence took place at Mr. Rideout's premises, the same little child being involved, but a different man.

A Florenceville correspondent writes: "I am enclosing a postal note to extend my subscription from next November for one year. I am quite sure it falls due in November 1915. This is in reply to your special notice to subscribers in the issue of April 22, 1915. In my opinion your paper is far and away the best paper in Carleton Co."

A late copy of the Western Star, published at Curling, Nfld., contains a beautiful poem by Mrs. F. H. J. Ruel, whose husband was at one time acting manager of the Bank of Montreal here, and who now is manager of the branch at Curling. The poem is addressed to his Imperial Majesty the Kaiser, and is full of genuine poetic fire and scornful accusation.

NEWS OF BATH

The station is now in charge of H. D. Street, while Mr. and Mrs. G. S. Larlee are on their trip to Calgary.

Rev. G. A. Ross was unable to take his appointment here in the Methodist church on account of sickness.

C. T. Boyer of East Florenceville and R. E. Holyoke of Woodstock were visitors here Monday.

Morris Pierce is putting improvements on his residence. The farmers are hindered in seeding by the wet weather, but same is of great benefit to the lumberman and a number of men from here are at work on the stream up river.

Michael Keenan and bride arrived home last week and have taken up their residence in Mr. Keenan's new house where they were heartily welcomed by their many friends.

Miss Ella Shaw is spending a few days with her sister, Mrs. W. J. Shaw, at Easton, Me.

The death of Thomas McGinley took place at his residence in Johnville on Tuesday last. Mr. McGinley was one of the first settlers in that community and was by his honesty, integrity and hard work well esteemed. He was at the time of his death one of supervisors of highways of this parish, a staunch supporter of the Church in his community and a life long Conservative in his politics. He will be greatly missed by his community.

Aroostook Man Charged With Murder

Harry Bolster, son of a prominent Easton farmer, was arrested on a Bangor & Aroostook train at Oakfield on Thursday, charged with the murder of John Timoney of Andover, Mass., at Easton last October.

Timoney was killed, robbed of \$77, his wages as a potato harvester on the Bolster farm, as he was about to leave town on Oct. 27, at the close of the harvesting season. His body was found in the bushes beside the road leading from Easton Centre to the railroad station. It had been dragged into the bushes after the skull had been fractured by a blow.

Timoney was last seen alive in the forenoon when he accompanied Harry Bolster from the farm to the railroad station. He formerly lived in Lawrence, Mass.

Saved Baby's Life

Mrs. Jos. Desrosiers, St. Alphonse, Que., writes: "I cannot say too much in favor of Baby's Own Tablets, as they saved my little one's life. Before giving him the Tablets he was greatly troubled with worms and was like a skeleton and cried day and night. The Tablets soon expelled the worms and now baby is a picture of health." Baby's Own Tablets also break up colds and simple fever, cure constipation and indigestion and make the teething period painless. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

W. A. ENTERTAINMENT

The ladies of the Church of England and those who took part in the entertainment on Monday evening have every reason to be pleased with the success of the enterprise, at least so far as it proved a source of amusement to those who attended. The financial part of the affair was quite satisfactory, considering the state of the weather. Mrs. Jarley's wax works elicited much favorable comment. Space will not permit detailed description of the figures, but each portrayed his or her part like veterans of the stage. The songs by Miss Irma Jones and Miss McKinney of Woodstock were especially good and called forth a well merited encore in each instance. Miss Mollie Pratt in the Highland dance and Miss Lillian Jones in her butterfly dance were revelations to the people here, and each was obliged to repeat her performance to satisfy the demands of the audience. Little Wendell Sipprell as Caruso and Cliff Clark as Pezzini captivated the house. Taken as a whole, the entertainment was one of the best held here for some time by local talent. The proceeds will be added to the building fund for the new Church of England.

News from Charleston and White Glen

We are glad to see Mrs. J. A. Gilland out again.

Mr. and Mrs. Allie Palmer from Rosedale were visiting their sister, Mrs. F. A. Upton, Centreville, last week.

Mrs. Ross has returned home from visiting her son, Ernest in Woodstock.

Rev. E. C. Jenkins preaches every two weeks at Charleston. He gave us a great sermon last Sunday.

Our Belgian Relief Society has closed down for the present. We sent 1 barrel of clothing and 1 box and those that donated by the ladies of the circle were: Mrs. Isaac Nelson 1 woman's coat, Mrs. Frank Upton 1 coat and 1 house dress, Mrs. Gideon Grant 1 waist, Mrs. Frank Hamilton, Rosedale, 1 man's sweater and 1 woman's house dress, Mrs. Eliza Palmer, Rosedale 2 men's under shirts, Mrs. Will White 1 boys coat, Mrs. Frank Crouse, 1 pair pants for boy, Mrs. Howard Stewart 2 shirt waists and 1 coat, Mrs. Henry Perkins, 1 puff, 3 shirt waists. This all went to the Belgians and we sent 1 box to the hospital.

Miss Vida Gardiner spent part of last week at William Emery's, Williamstown.

Mr. and Mrs. Vail left for California last week. We all hope they will like their new home.

Perry Stewart is on the sick list. We hope he will soon recover.

South Knowlesville

Mrs. George Lawson has returned from visiting her sister in Caribou.

Addison Spinney has returned from a visit at P. E. I. where he purchased some splendid stock. He was accompanied by Edmund Robinson of Armand who has added more to his Holstein herd.

ANDOVER NOTES

The Round Table Literary Club held its fortnightly meet as with the secretary, Miss Effie Sissen. A pleasant evening was spent by those present. A very interesting paper on the life of Charles G. D. Roberts was read by Mrs. Herbert Faird. The paper on Current Events given by Miss Hilda Lamont was exceptionally good, also a paper given by Mrs. J. E. Porter.

Mrs. George T. Baird arrived home Friday afternoon, having spent the past two months in Ottawa and Montreal.

Mr. and Mrs. Charles Dinsmore of Fort Fairfield were in Andover Friday and Saturday visiting, Mr. and Mrs. James McGill and Mrs. Mary Wiley.

John Lynch return from Five Fingers last Saturday.

Mrs. Howard Porter returned to her home in St. John last Monday. She was accompanied by her husband who came Saturday, spending Sunday with his parents, Mr. and Mrs. J. B. Porter.

Miss Eva Scates will put on her famous play, "Hiawatha," in the Specialty Wednesday evening. Miss Scates is assisted by her sister, Miss Hazel Scates of Fort Fairfield.

Tag Day was observed in Andover Saturday. The proceeds are to go toward buying a soldiers bed for the hospital in France.

Inspector Dixon has been visiting schools in Andover and Perth during the past week. A teachers meeting was held in Perth Saturday afternoon which was very poorly attended owing to the inclemency of the weather.

Cinderella, of four reels was put on in the Specialty Wednesday evening. A large crowd was in attendance. The manager, N. J. Wootton, deserves great praise for giving the public such a pleasant evening. The house was well filled with an appreciative audience.

Mrs. Fraser of Easton was in town Friday and Saturday the guest of Miss Miriam Baxter.

The Andover Tennis Club had their annual business meeting last Wednesday evening. Fifteen persons applied for membership which shows that the Club is progressing favorably.

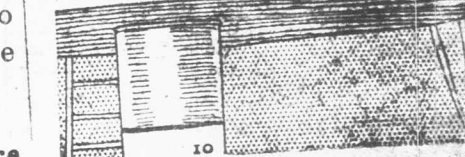

The Canadian Jubilee Singers were greeted with a full house last Tuesday evening. The proceeds amounted to \$172.

One of Brighton Engineers Wounded

Sergeant Fred Campbell, who left Woodstock with the Brighton Engineers, after resigning a good position in the United States, was struck on the side by a piece of shrapnel shell at Neuve Chapelle, and has been removed from the firing line to the Royal Victoria Hospital, Southampton, England. Another volunteer, Perley Cox, step-son of Mr. Chas. Hall, Woodstock, was severely injured in the attack and capture of Hill No. 60.

Less Potato Acreage and Less Commercial Fertilizer

The following article, appearing a few weeks ago in the Victoria Co. News, is republished here by special request:

A few years ago I called to the attention of the farmers of Victoria, through the columns of your paper, the danger of over production of potatoes, and endeavored then to point out the necessity of going slow in the matter of raising potatoes. Our market was very limited, and in over producing, farmers were leaving themselves entirely at the mercy of "supply and demand" which means that the surplus must be consumed by themselves, as they are the source of supply, and they have no control over "Demand" then they the farmers are tightening up the purse strings against themselves, for the very simple reason that they cannot "Demand" what they themselves have supplied, or in other words they cannot consume what they have intended for sale.

The farmers all over the country have lost heavily in potatoes this season, and the true state of things are that they have not received enough money to pay their fertilizer bills, all their time and expense have gone for naught, and their efforts have been wasted. If one could look back to any year where potatoes have been profitable, there might be some encouragement to continue planting hoping some day to catch up. It is the other crops and other lines which pays the farmers potato bills. Not the potatoes. Have you stopped to work this out? I am not a farmer, but realizing that when a farmer has a poor year, every other walk of life is affected by his trouble, and the farmer is head and shoulders above any other occupation when it comes to the sustenance of life. And so Mr. Editor I am interested in the farmer because of that natural selfishness that I want to live myself, and know that I can't unless the farmer is living first.

It is my intention Mr. Editor to go to the farmers and in several different ways, that is, that this year I feel that the farmers should put on their thinking caps, and when they are ready to ask themselves several questions as to what results they are getting from their extraordinary efforts, I will ask them what results they are getting from the spending of perhaps \$50,000 a year in Victoria County for the several commercial fertilizers. This is one thing alone which deserves attention and it is my intention Mr. Editor to inaugurate a campaign in the near future against the extravagant use of these commercial fertilizers by assembling the farmers together and talking these matters over rationally. Our neighboring County of Arcoostook have used commercial fertilizers for years and the result is now that their land has become so diseased that it will take years and years and years for them to get back the enormous hundreds of thousands of dollars spent for the poison which has nearly completed their ruin. Whole farms have been quarantined because of some powdery scab or other poison placed in the potato from the use of diseased animals that make up fertilizers. Inspectors are appointed at every loading station, what for? To see that no diseased stuff is shipped. And yet lecturers from the experimental farms are sent out among the farmers to talk them of the good uses of commercial fertilizers. Why do not these lecturers investigate the great natural deposits of lime, distributed over the county which is adapted to the soil of all lands and which will give it new life. Nature has well provided for the keeping of our soils in lime, hydrogen, nitrogen, silicate, iron and gypsum, as well as potash if it could be found in this country, but we can very well get along without the German product, by using what we have of our own material. Salt and ashes are good for the soil, but farmers, I ask you to study this question broadly for yourselves, and let us secure as quickly as possible an Anti-Commercial Fertilizer Organization, and I am firmly convinced that Victoria County alone will save from \$40,000 to \$50,000 a year.

I will write more along these lines again, but to start in with I am warning you farmers to be careful how you go on potatoes this year, and my meaning more than anything else is be careful how you make new contracts for fertilizers this season. If you are planting potatoes, do so without the use of this expensive stuff. From the use of fertilizer you may induce a yield of 100 barrels per acre of potatoes filled with poison, if you use the natural agents of the country, and cultivate your land you will get nearly as many potatoes to the acre but free from poison, and your pocket book will always contain fresh, new, clean, crisp, bank notes, and you will have a few dollars saved the Commercial fertilizers didn't get one cent of it. Look for more on this matter and it will increase in intensity, and if needs be I will apply to old England for a definite Commercial Fertilizer process.

Yours truly
Manley H. Craig

BANISH PIMPLES AND ERUPTIONS

In the Spring Most People Need a Tonic Medicine

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season.

Bad blood does not merely show itself in disgusting eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia; poor appetite and a desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines—you need a tonic, and a tonic only, and among all medicines these is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve-restoring powers. Every dose of this medicine makes new rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to weak, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new, health-giving blood.

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Arcoostook County Notes

(Port Fairfield Review)

George Bubar, son of Mrs. S. L. Bubar of Houlton, is now convalescing in a hospital in France from two wounds received in a recent engagement. Young Bubar is a member of squadron A. No. 1 Canadian Remount Department.

A surgical operation was performed upon William Amies at his home at the lower village Tuesday morning, from which he is nicely improving. His step-daughter Mrs. Arthur Dickinson of Hartland, formerly Miss Myrtle Anderson of this village, is nursing Mr. Amies.

Emery Ward of Limestone was indicted by the grand jury, which reported Saturday at Houlton, on the charge of murderous assault on Policeman George W. Graves at Fort Fairfield some two weeks ago. Ward was sent to the Bangor State Hospital, to be examined as to his sanity, it being claimed by many that he must be insane.

Freeman Nadeau, who had been held in the County jail at Houlton on charges connected with the disappearance of Harold C. Hillman of Island Falls December 21, was given his freedom Saturday, the grand jury having failed to return an indictment against him. It is still the belief of the officers and many others well informed, however, that Deputy Sheriff Hillman was murdered by somebody.

The dates of the meetings in the Northern Arcoostook Short Ship Circuit are: Caribou, July 21 and 22; Presque Isle, August 4 and 5; Van Buren, August 11

Before He Became Famous as the Author of Dr. Chase's Receipt Book.

Here is a letter from an aged gentleman who consulted Dr. Chase, long before his Receipt Book attained a world-wide circulation or his family medicines became known to the ends of the earth.

Like most people of advanced years his kidneys were the first organs to break down and when doctors failed to help him he remembered the physician who cured him of pleurisy in his younger days.

Mr. O. D. Barnes, R.F.D. 1, Iveson, Mich., writes: "About fifty years ago when living in Ann Arbor Dr. A. W. Chase, the famous Receipt Book author, was called on to treat me for
