Medical Association Declares War Upon Christian Science Teaching.

TORONTO, March 4.—Stating that "the teachings on the subjects set forth in 'Science and Health' are a positive menace to the public health," the Ontario Medical Association, in a memorial submitted to Premier Drury, declares war upon Christian Science. The memorial states that "a careful study of 'Science and Health' with key to the Scriptures," the text book of this denomination, and other writings of the cult, reveals a deplorable condition of ignorance about disease, injuries, matter and therapeutics.

The Ontario Medical Association, in the memorial, also asks that chiropodists be given no consideration in law. "It is anything at all," the memorial states, "it is only a system of gross and pitiable ignorance."

As to osteopathy, the memorial states that it is not a system of medicine at all, but merely a phase of general therapeutics or chiropractic.

"To allow osteopathy and chiropodists to secure the right to practice by the study of a limited part of the medical course would be a very dangerous course," the Ontario Medical Association states.

The association takes the ground that all who in this province desire to heal the sick or treat the injured should have the qualifications obtained from the Ontario College of Physicians and Surgeons.

HERE THEY ARE AGAIN!

The fame of Jeremiah, who for many centuries has held first place among the pessimists, is being renewed by the London Real Estate Owners' Association. Anything but an abiding faith in the civic patriotism of their fellow citizens is indicated by their latest resolution which declares:

"That another fool move has been made changing the date of polling day, and just as New Year's Day was improved upon the first Monday in January, neither will December 6 be any better. No more must it be taken or accomplished and after a few years' trial another idiotic swing will be made in some other direction."

POSITIVE MENACE

Is Assertion Made by Medical Men in Appeal to Drury.

Commenting on the report emanating from Toronto that the Ontario Medical Association had declared war on the Christian Scientists because it considered the public health a positive menace to the public health, Wilkins Shuff, C.S., clerk of the First Church of Christ, Scientists, this city, said, when interviewed today by The Advertiser, that "it is well to remember that by thousands of well-authenticated cases it has been proved beyond the question of a doubt to the unprejudiced observer that these teachings are today healing the sick and reforming the sinner."

REASON TO BE PROUD

Despite the greatly-increased rates of pay and other increased costs, the C. P. R. in this division operated during the month of January at a cost no greater than during the corresponding month of last year. This fact has caused considerable interest among the local officials of that road.

ANOTHER ILLUSTRATION

Another illustration of what the "scientific" method of equipment implies has come to light in the office of the superintendent of car service of the C. P. R. In the office of the superintendent, a year ago, over 2,000 cars were purchased and over 2,000 cars—43 per cent—have not yet reached the shops. Other roads have been keeping them in service, while the fact that they involve practically no maintenance and repair service.

WAR DEBTS OF NATIONS

Great Britain's debt to the United States Government, due within five years as at January 1, 1920, was \$267,000,000 sterling.

Great Britain's outstanding loans to Allies (including France, Russia, Italy, Belgium, Portugal, Rumania, Greece, Serbia, and others), is \$1,731,000,000 Sterling.

Russia's debt to Great Britain is \$568,000,000. Therefore, even if this were eliminated from the international ledger as uncollectable, Great Britain would stand to lose \$290,000,000 by the wiping out of the debts.

Garrison Five Are Handed a Neat 25-15 Defeat by Central Y For Senior Title

Red-Topped Crew Couldn't Get Going and Lost Range To Baskets in Both Periods—With Return To Form, Confident of Next Game Against Handicap.

London got down to Toronto with a ten-point lead to overcome against Central Y five for the Dominion basketball title, as a result of their 25 to 15 defeat last night at the hands of the fast-moving visitors.

The game never at any stage looked as good as the title with Hamilton or the exhibitions with West End, possibly because Burt, the referee, thought he was playing a fine solo on the whistle. The uniforms, too, were too much alike, and then again in the last half, blazing red caps, once they were donned for the second half, made the Garrison five look like unusual Pirates of Benvenuto, but took away the ability of too many Londoners to see the game.

A lot of misses. The basket started off the London effort in the first period, but missed three fouls in succession, and both Burt and Gilles had good chances to score while the Central outfit were coming down the floor in straight across passing combinations. H. Gilles took up the foul shots and from the

time he got the first one, the Londoners backed up and in the last eight minutes ran in eight points, bringing the half time score to 16 to 8.

The second half didn't bring the Londoners back to consciousness though. They continued to miss the opening score of the period. After that the scoring was a see-saw process. Toronto dropped in two in the last few minutes of play.

The line-up: Gilles, H. Gilles, Duffield, Held, Brock, Mascari, Wells, Bowman, Giesberg, Johnson, Lee. Referee—Burt, Toronto.

ACES BEAT C. A. C. Aces had little trouble with the C. A. C. five, beating them by a score of 25 to 12. They had the north end club 15 to 4 disadvantage in the first period. Johnson and Shaw were the stars for the Aces, and Callahan and Coughlin for the C. A. C.

The team: C. A. C.—Mohan, O'Hara, Coughlin, Callahan, McGinnis, Gibbons, Cray, Aces—Johnson, Wright, Shaw, Bennett, Smith, Dettler, Referee—Bill Mac.

INGERSOLL CHURCH TEAMS TIE AGAIN

Handford Boys and Baptist Four Squares in 3-3 Tie Game.

INGERSOLL, March 4.—The Handford Boys and the Baptist Four Squares played their second game to a tie to-night, the score ending 3 to 3 at the end of the effort to break the tie standing in the Church League and for the Walloy Trophy.

The Methodists tied the score in tonight's game, but at a moment before time, after both teams had scored a goal in each period. They played a 1-1 game the last time they met.

Another game will likely be ordered for Monday night.

STRATHROY BEATS SIX FROM LONDON TACK

STRATHROY, March 4.—The London Technical School hockey team was given a handsome beating here tonight by a score of 9 to 1. The score by periods was: 3 to 1, 4 to 0, 2 to 0. W. Chambers refereed.

L.C.I. STUDENTS HONOR MEMBERS OF CHAMP. W. O. TRACK TEAM

250 Seated At Big Banquet in Y. M. C. A.

WATCH FOR THOMPSON

London Boy Remembered by City's Board of Education.

A fitting tribute to the Western Ontario track team which set a new world's four-mile relay record at the Johns Hopkins meet at Baltimore last Saturday was paid by over 250 Collegiate Institute students at a banquet in the Y. M. C. A. dining hall on Friday evening.

W. Thompson, the local member of the team, was presented with a gold watch from the board of education for his services. From the different speakers, each runner received the highest of praise. The team is composed of Thompson, London C. I. Cade, St. Marys C. I. Hammond, Delaware Continuation School, and Numan of the Paris High School. Not only did the relay runners come in for praise, but Coach Mel Brock and the sprinters, Max Muir of St. Marys, Galloway of the Woodstock College and Moody of St. Thomas were all complimented on their splendid work.

Cheers greeted each member of the victorious team, as he was formally introduced to the students. Whenever a speaker mentioned the name of any runner at least one minute of real hearty cheering followed.

School Trustee Thomas Rowe made the presentation of the watch to Thompson. He said that the relay team had brought honor to Canada, Ontario, London, the London C. I. and to the London Board of Education.

"The board of education certainly needs some honor these days," said Mr. Rowe. "There are three things in life that we all seek," he continued. "They are pleasure, wealth and honor. You have achieved the latter, and now I know it is the wish of every citizen in the Dominion of Canada that you get the others without any trouble whatever."

In his reply Thompson said that the watch would keep him from forgetting the city of London and the days he spent while attending the London Collegiate Institute. He said that when the Baltimore team came here on March 12 he hoped that the team would still be in the city.

William Reddick gave a toast to "The City Administrators" and Ald. John Bridge replied. In his opening remarks he said that the city and the Dominion of Canada has a just right to be proud of the Western Ontario track team.

tribute to Brock. "Mel Brock is doing wonderful work for Western Ontario," he declared. "London should certainly be proud to have a man who can handle athletics as well as he can for a citizen. I hope that the city will get a lot of advertising the city will get."

Howard McFadden gave a toast to "The Teachers and Mel Brock replied. He said that each boy went into the race to put the Maple Leaf on the very

highest point in athletic history that it could possibly go. "I don't think a better bunch of athletes could be picked from Western Ontario, and they set one of the biggest examples they possibly could," he asserted. "Any person who knows these boys will always follow in their tracks as far as clean living goes, because all love a hero and generally want to do the same as he does."

He urged that the boys continue the spirit in everything they undertook that won them the race in Baltimore last Saturday.

PAISLEY BEATS SOUTHAMPTON. PAISLEY, March 4.—The local sextet won the championship of Bruce County Hockey League here tonight when they defeated the Southampton six by the score of 11 to 7. They also became the holders of the Bowman Trophy.

STANFIELD'S

Unshrinkable

UNDERWEAR

1921

A Canadian Industry Built on an Ideal

1921 is the Jubilee of Stanfield's Unshrinkable Underwear. It is a far cry to the magnificent mills at Truro—models of modern equipment and efficiency—from the tiny building in Prince Edward Island where the late Mr. C. E. Stanfield began the evolution of an ideal in 1856.

The late Mr. C. E. Stanfield learned the woollen trade in his uncle's mill in Bradford, England, then as now a center of the woollen industry. But the pride he took in his work developed ambition. He wanted to start out for himself. Canada was much talked about in the Old Country and he decided to come to the new world across the Atlantic.

He built his first mill at Tryon, P.E.I., in 1856. So successful was he that a wider field was sought and he chose Truro, Nova Scotia, locating there in 1870, moving from the original mill to a larger one, and finally in 1882, constructing a new plant on the bank of the Salmon River, the site of Stanfield's Limited, and beginning the nucleus of the present Stanfield mills.

In 1896, the late Mr. C. E. Stanfield decided to retire and sold out the growing business to his two sons, John and Frank, who are now President and Vice-President of Stanfield's Limited, a corporate company.

Stanfield and woollens are synonymous. A hundred years ago, Charles Stanfield was a woollen manufacturer in Bradford, England. He taught the business to a nephew, the late C. E. Stanfield, who made the first Cardigan jackets and Bannockburn tweeds in Canada. He, in turn handed down his knowledge to his sons, John and Frank, the active heads of the business to-day. Thus, Stanfields are carrying out the best of the old British traditions of trade—one generation following another in the same line of endeavour—adding knowledge and experience, building on the old foundations, broadening and strengthening, making the family name synonymous with all that is best in the trade.

That this vocational tradition is a good thing for business and for the world at large, is proven in the case of the Stanfield family, for it was due to the efforts of John and Frank Stanfield that Unshrinkable Underwear was made possible. These two experts, born in the business and absorbing the best traditions of the trade, evolved a process that took the shrink out of wool before the garments were woven, giving Stanfield's Unshrinkable Underwear to the world, and making it the outstanding feature of the Stanfield products.

Stanfield's Unshrinkable Underwear was manufactured first for men who work outdoors—farmers, fishermen, trainmen. As towns developed into cities and the cities into worlds within themselves, Stanfields began to make finer underwear, in weights suited to men who worked indoors and were not so much exposed to the rigors of winter. Then came the addition of silk-and-wool and extra fine woollen underwear for women; and finally, Stanfield's Adjustable Underwear for children. To-day Stanfield's Underwear is a family affair both from the standpoint of wearers as well as makers.

Stanfields have steadily held to the original idea behind the business—to avoid fads and to make underwear of a quality demanded by the majority of the Canadian people, with quality kept up to a standard and prices kept down to a minimum consistent with quality.

It is this unswerving adherence to an ideal of quality that has built up a market for Stanfield's Unshrinkable Underwear that more than equals the supply, and has given a reputation to the name "Stanfield" that is an asset which cannot be valued in mere dollars and cents.

The Jubilee of Stanfield's Limited crowns with success the achievement of a Canadian institution which occupies its present proud position because of a rigid adherence to the fundamentals of sound business—making an essential article, making it better and keeping the price right.

JUBILEE OF STANFIELD'S LIMITED

A Quarter of a Century of
Progress and Prosperity.

The Jubilee of Stanfield's Limited, which was celebrated at Truro, Nova Scotia, during the past month, confirms the confidence of Canadians in Canadian goods, and emphasizes the fact again that Canada, as a manufacturing country, takes second place to no other land in the world as far as quality is concerned.

The history of Stanfield's Limited, is indeed a bright page in the story of Canadian manufacturing, for Stanfield's Limited, points with pride to a record that is almost unique for any country. Stanfield's never had an unprofitable year. Stanfield's never had a general strike. Stanfield's never had a serious accident. Stanfield's never were burned out.

COL. JOHN STANFIELD,
President of Stanfield's Limited, and
Senator from Nova Scotia.

Charles Stanfield began the manufacture of woollens in Bradford, England, about a hundred years ago. From him his young nephew, Charles E. Stanfield, learned the business thoroughly, and in 1856 sailed for America. He located at Tryon, P.E.I., and erected the first woollen mill in the island.

In 1856 he sold his woollen business and sought a new location for a mill, eventually locating in Truro, Nova Scotia.

This young man was the late C. E. Stanfield, the founder of the woollen industry in Truro, and the father of John and Frank Stanfield, now the President and Vice-President of Stanfield's Limited.

In 1896, when Charles E. Stanfield was getting up in years, the Truro factory was still small and making too many lines. He felt that he was ready to lay aside the reins of business and sold out his interest in the mill to his two sons, John and Frank.

John Stanfield, after learning all his father could teach him in his own mill, had gone abroad for further knowledge, working in the woollen mills in Upper Canada and in the United States, while Frank had devoted his time to the office and sales end of the Stanfield mills.

The new partners had little capital, but they had practical experience and an untouched market for knitted goods of quality. They decided to specialize on knitted goods and sold the cloth machinery, putting the money obtained into machines for making underwear. At the end of the first year, there were 17 employees, the sales were \$24,000 and profits \$2,250. Practically all of the first year's profits were put into advertising, and the new firm decided to go in for quality and printers' ink. In the words of the Vice-President, "these three words are responsible for our success."

Year after year, production was increased, new buildings were constructed and new machinery installed.

The business, under the wise and economical management of John and Frank Stanfield, continued to grow. Bright, young, energetic men were brought into the mills. Every foreman in the Stanfield plant was educated in the mills, they have, no importations, promoting their own men, whom they know and trust and whose loyalty has been proved.

Geo. A. WHELPLEY,
in Charge of the Sales for the Province
of Ontario.

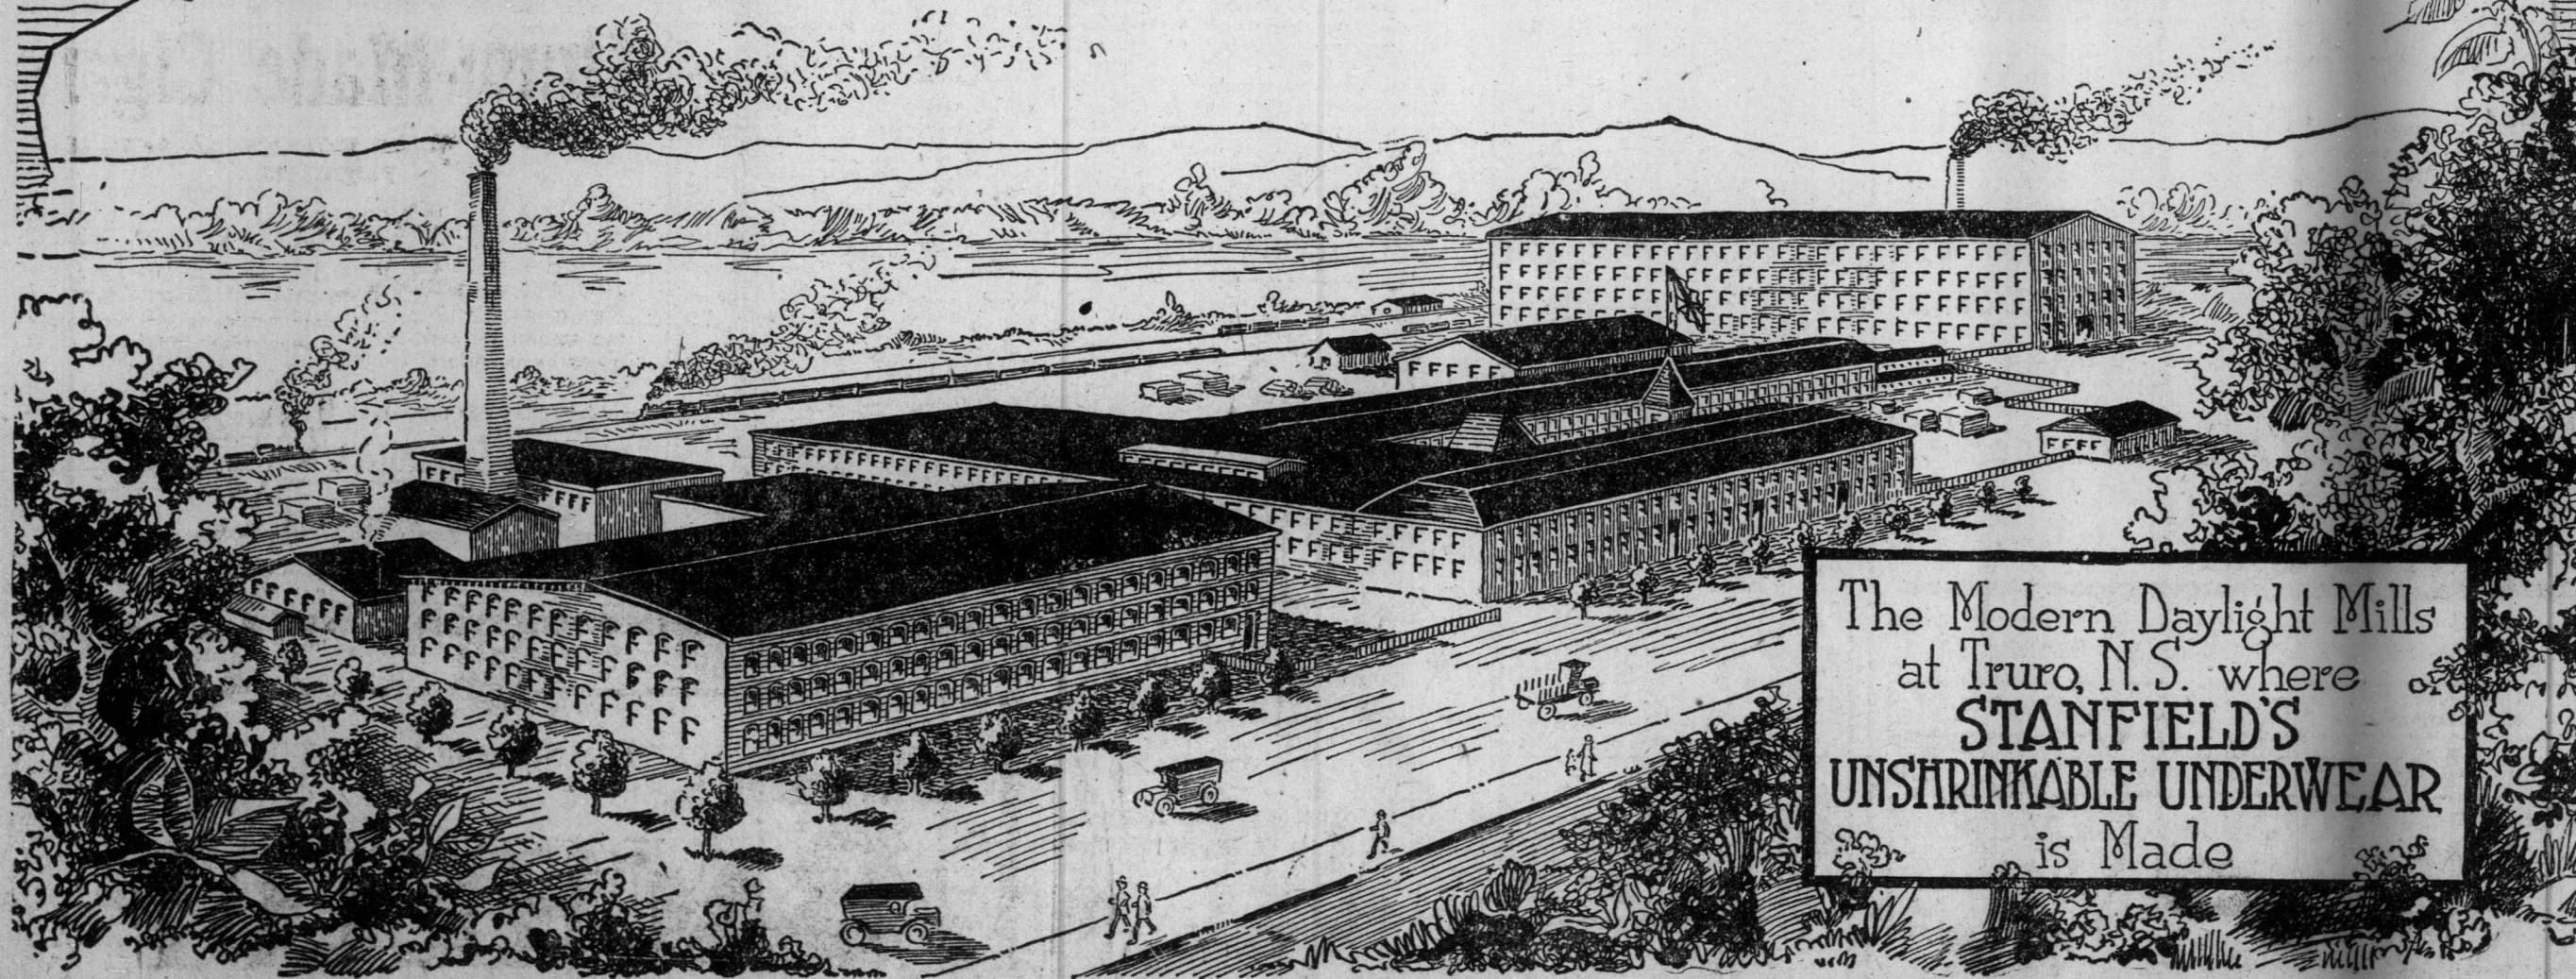

The Jubilee of Stanfield's Limited, was also the greatest year in the history of the firm in point of sales. The sales for 1920 totalled over three million dollars, an increase of over \$400,000, the biggest increase of any year.

This table will give an idea of the growth of Stanfield's Limited, under the present management:

	1896	1920
Employees	17	\$20
Capital	\$1	\$1,250,000
Sales	\$24,000	\$3,100,000
Shareholders	2	782

Stanfield's Limited, have a most efficient Sales Force, in constant touch with the retail trade from coast to coast. In this way, the mills are kept constantly informed of the needs of those who actually wear Stanfield's Unshrinkable Underwear.

Mr. Geo. A. Whelpley is in charge of sales for Stanfield's Limited, in the Province of Ontario, and is ably assisted by Messrs. Geo. A. Beach and Percy O. Heintz.

What the Press Agents Say About the Shows

AT THE GRAND.

CECIL B. DE MILLE'S GORGEOUS PHOTOPLAY, "FORBIDDEN FRUIT," AT THE GRAND TWICE TODAY.

Cecil B. de Mille's gorgeous production, "Forbidden Fruit," which has delighted capacity audiences at every performance this week, will be seen for the last time today at 2:15 and 7:30. Without parallel, this marvelous photoplay is one of the most enjoyable features to be presented at the Grand this current season. Gowns of surpassing beauty are shown in the picture, and they were designed by Clare West, Agnes Ayres, Kathryn Williams and Shannon Day play the principal feminine roles, and the major portion of the picture, and the most striking scene, is a scene of the most striking beauty which Miss Ayres wears through much of the action of the play. All of Miss West's creations are of ultra-modern super-fashionable type. Of another type are the gorgeous costumes of another production, designed by Theodore Koster, and executed by Miss West for the Cinderella vision which forms an important part of the story.

character of her rascally husband to seek asylum in the home of a wealthy society matron. There she meets the man who brings love and happiness to her. Clarence Burton and Theodore Roberts figure prominently in the cast, which also includes Ernest Stanley, Bertram Johns, Theodore Kosloff and Julia Fay.

The big novelty prologue featuring Miss Marjorie Pringle and Bert Caldwell, assisted by Lombardo's Novelty Orchestra and a host of singers and dancers, provides one of the most pleasing features of the entertainment. A funny Patty Arbuckle comedy, with that screen of screams, and the comedy of the "Garage," provides all the mirth for a dozen or so of comedies. There will be a special matinee today for the kiddies, when the children who have volunteered to compete for the big cash prize for the Try-Outs will be featured on the bill. The Try-Outs have provided much entertainment for patrons during the week, and the children today should provide much enjoyment for hat-of-the-week patrons.

CAPT. M. W. PLUNKETT PRESENTS THE MAPLE LEAFS AKA THE GRAND ALL-NIGHT WEEK IN THEIR OVERSEAS REVUE, "CAMOUFLAGE."

In response to the many requests from the ex-service men in Canada, especially former Fourth Division men, Capt. M. W. Plunkett, the producer of the "Camouflage" revue, has provided much entertainment for patrons during the week, and the children today should provide much enjoyment for hat-of-the-week patrons.

Douglas MacLean and Doris May in "Let's Be Fashionable," the second big feature on the big double program at the Allen Monday, Tuesday and Wednesday. A lively comedy of newly-weds who attempt to break into fashionable society.

together the Maple Leafs theatrical company, and will present them on a home-coming tour of Canada in their original overseas revue, "Camouflage," at the Grand all next week, with special popular matinees Wednesday and Saturday.

The Maple Leafs were the official party of the Fourth Division in France, and were one of the greatest favorites of the C. E. F.

Their musical revue was written for them in France, and it proved to be one of the brightest and most tuneful shows ever staged in close proximity to the firing line.

There were several wonderful "gigs" among the Maple Leafs, all of whom did their bit with rifle and bayonet before being chosen by the captain for service in the entertainment corps. It is this fact which makes the artistry of the soldier-actors a thing about the ordinary theatrical entertainment. It is true that their work sometimes ranks higher than that of the old-time professionals, as proved by the fact that the members of the Maple Leafs have nearly all been featured in London musical shows since the war, but to Canada, at least, their work has a splendid significance, which nothing but the fact that they were first of all soldiers, and then artists, fighting side by side with our own boys, could impart.

"Camouflage" has been given a brilliant production by Capt. Plunkett, and the fact that this tour is under the personal direction is a sufficient guarantee to the theatre-going public and the returned men that the performance will be clean and wholesome, gorgeously gowned and elaborately staged. Monday night will be special Military Night, and a record attendance of military men is promised. Seats for all performances next week are available now.

STEVENSON ATTRACTIONS PRESENT NEIL BURGESS' RACING DRAMA, "THE COUNTRY FAIR," AT THE GRAND THE ENTIRE WEEK OF MARCH 14.

Heretofore on screen or stage there have been glimpses of a horse race that carried a limited element of suspense and climax, but Maurice Tournier in his picturization of "The Country Fair" gives credit for putting the first real race upon view.

In this rural drama of New England life, Tournier carries his admirer to a typical New England town, reaches his grand climax in the thrilling race which Cold Molasses wins. From the exciting start to the nerve-racking finish it is a real race, over a real track and run by trained thoroughbreds. The result is in doubt up to the very exciting finale, and when the equine hero comes the cheering and huzzas of the leading spirits in this simple story of New England life there is a combination of sport and drama that is irresistible.

This explains why "The Country Fair" has more than duplicated its earlier fame as a successful play and comes upon the screen in a picture of the regular season, and is breaking big hit at the Grand, and the interest in the big double presentation will carry it to the same success that has been met everywhere it is shown. In addition to a play of thrills, and tears and heart interest, plus good wholesome comedy, the picture is a real gem. It is given by a cast that has developed at least three stars in Western Harry and Doris May haven't missed a step since their tremendous hit in "23 and a Half Hours' Leave." They are just breezing along in their humorous way, and the picture is a real gem. ing Block," a Paramount picture and by all odds one of the most powerful western stars has ever made, which will be shown at Loew's Theatre next Thursday.

It is his own story, picturized and directed by Lambert Hillyer and photographed by Joe August, A.S.C.

From this strange beginning opens up a romance of the high Sierras and the Flamingo of the days of gold that has every element of human love and hate, thrills and passion. A girl violinist, with the troupe excites the fancy of the bandits and Mr. Hart, as Sierra, Bill, their chief, wins her for his own by force.

Eva Novak is the girl and heads a fine cast. Gordon Russell has the heavy role.

A funny Sunshine Comic, Loew's Screen Pictorial of world events in pictures and Loew's extraordinary vaudeville will complete the bill for the last three days of next wk.

MAJESTIC.

MANAGER GREW OF THE MAJESTIC OFFERS \$100 REWARD FOR MOST SUITABLE TITLE FOR NEXT WEEK'S OFFERING AT THE POPULAR MAJESTIC.

Next week patrons of the popular Majestic Theatre will have a real opportunity to make capital from attending the performance any evening or matinee during the week. Manager William A. Grew has announced a prize of \$100 cash to the person who will suggest a suitable title for the offering which will hold the boards all next week.

There are no strings attached to winning the money. Someone in London is going to be \$100 richer next week. All one has to do is to see the play—use your head—think of a title that would suit the play—then fill in the coupon issued with your seat coupon and return to Majestic Theatre at once. A competent staff of judges, composed of A. D. Jordan, Dr. Tamblin and Miss Blackburn. The judges' award to be final. No employee of the Majestic or any other theatre in London will be allowed to contest is open to patrons and players only.

The piece is a western comedy drama, with sufficient comedy to make it almost a comedy offering. It is filled to overflowing with real western cowboy humor. There is a most delightful love story intertwined throughout the action of the play, which all in all provides a most enjoyable bill. After you see the play—use your head—send in your name and try for the big cash reward.

The winner of the contest will be announced from the Majestic stage Thursday evening, March 17, between the first and second acts, and the judges' award will be considered final.

The usual Monday night "Two for One" will be in vogue and the popular Wednesday and Saturday matinees. Patrons are urged to secure their seats for next week in advance by phoning the box office at 1705.

WHAT'S DOING AT THE LOCAL PLAYHOUSES

AT THE GRAND.

TWICE TODAY—Cecil B. de Mille's gorgeous production, "Forbidden Fruit," at the Grand twice today, 2:15 and 7:30. Without parallel, this marvelous photoplay is one of the most enjoyable features to be presented at the Grand this current season. Gowns of surpassing beauty are shown in the picture, and they were designed by Clare West, Agnes Ayres, Kathryn Williams and Shannon Day play the principal feminine roles, and the major portion of the picture, and the most striking scene, is a scene of the most striking beauty which Miss Ayres wears through much of the action of the play. All of Miss West's creations are of ultra-modern super-fashionable type. Of another type are the gorgeous costumes of another production, designed by Theodore Koster, and executed by Miss West for the Cinderella vision which forms an important part of the story.

INQUEST BLAMES M.C.P. ENGINEERS

Responsibility For Indiana Wreck Placed On Long and Block.

VALPARAISO, Ind., March 4.—Responsibility for the death of 37 persons in the train wreck Sunday night at the Porter intersection of the New York Central and Michigan Central Railways was placed on the Michigan Central engineer and fireman at the inquest held today by Dr. H. O. Seipel, coroner of Porter County, and they were charged with involuntary manslaughter.

Dr. Seipel, after several witnesses to the disaster had testified that the collision was against the Michigan Central, swore out affidavits against the men—William Long, Niles, Mich., the engineer, and George Block, Michigan City, Ind., the fireman—and ordered them bound over for trial. They were released late tonight on bonds of \$5,000 and \$3,500 respectively, furnished by

and \$3,500 respectively, furnished by the Brotherhood of Locomotive Firemen and Engineers, which sent a special representative to the funeral. The railroad gave bonds up to \$100,000. They declared the union would assist in the defence of Long and Block.

Neither Long nor Block testified at the inquest, although both attended. They issued a formal statement through their attorneys. They said they saw a signal at the derail switch, 210 feet from the crossing, gave them a clear track, although the distance Block, 4,500 feet, showed was 210 feet. Long said they meant that they were to bring their train under control. This was done, they said.

They said that the railroads were largely to blame for the disaster in maintaining

Witnesses today testified that they had seen that the home or derail-signal was against the Michigan Central as late as one minute before it reached the crossing where the New York Central flyer crashed into it, cut-

freight train in a siding and the engineer of the freight gave this testimony. The brakemen, Franklin Wells of Michigan City, Indiana, and Fred Kubberness of South Bend, Indiana, also declared they had tried to flag the Michigan Central train when they realized the impending disaster, but their white lanterns probably had not been visible in the glare of the headlight.

Sites.

ST. THOMAS, March 4.—The clause in the private bill before the Legislature, empowering the corporation to use the site of St. Andrew's market

for industrial purposes was, on motion, at a special meeting of the council tonight, ordered to be eliminated from the bill, and the resolution, which carried, appeared to satisfy a big delegation of the ratepayers from that portion of the city. The part of the market site which had been secured by private subscription will still remain.

Ald. Curtis asked to whom would it be assessed, and if taxes might be collected on the parcel reverting to private ownership.
The city solicitor was not prepared to give an opinion, but it was told that if the property be in arrears for taxes

dispose of it to the best bidder. The city engineer was instructed to examine all buildings on Talbot street in a dangerous condition, and to take the usual proceedings against the owners. Charles Campbell, 73 Malakoff street, was given the contract for the reconstruction of the bandstand in the park at \$1,250.

BUSINESS BRISK ON LOCAL MARKET

Vegetables, Butter and Eggs Chief Offerings—Green Onions Appear.

There was a large local market on Saturday morning. Business in every line of produce offered was brisk. Vegetables, butter and eggs were the chief offerings. Green onions appeared. The market for eggs was brisk, and prices were higher than last week. Crook butter was sold at 55¢ per pound.

Poultry was in demand, and the supplies were small. The wholesale prices of dressed chickens are now 37¢ and 38¢ per pound, and they continue to retail at 40¢ per pound.

The increasing demand for potatoes has brought the wholesale price up to 30¢ and 31¢ per bag, and retail prices are 32¢ and 33¢ per bag. Official said that although there was a jump today there would be a slump next week, when it is expected heavier supplies will be on hand.

Honey quotations were slightly lower. A 5-pound pail, retail, sells for 21¢ and 22¢; do, wholesale, 20¢ and 21¢. By the pound it brings from 15¢ to 16¢ wholesale, and 16¢ and 17¢ retail. Late sales of oats on Friday were from 11¢ to 11.5¢ per cwt, and 50¢ and 51¢ per bushel.

Green onions brought 40¢ per dozen bunches. Grain, Per Cwt.—Oats, per cwt., 1.50 to 1.52; Wheat, per cwt., 1.37 to 1.39; Barley, per cwt., 1.20 to 1.22; Buckwheat, per cwt., 1.25 to 1.27.
