

A BIG FIRE AT WALLACEBURG GLASS WORKS BADLY GUTTED

Little Town by the St. Clair Hard Hit by \$130,000 Conflagration
Early This Morning—Many Workmen Affected by Destruction
of Part of Sydenham Company.

[Special to The Advertiser.]
Wallaceburg, April 12.—A most destructive fire occurred early today, when the plant of the Sydenham glass works was badly damaged by fire.
The fire broke out at 4:30 this morning, and had considerable start when noticed by the watchman. It soon spread, and in a few minutes the whole works were threatened.
Word was sent to Chatham, and Mayor Westman ordered the fire engine sent to the assistance of the Wallaceburg department. It arrived on the scene at 7 o'clock and was soon placed in commission.
By this time several buildings were ablaze, and there was great danger that it would spread to other parts of the town owing to the high wind prevailing.

Sealer and Crew of Thirty Lost

St. Johns, Nfld., April 12.—The sealing steamer Decapo has not been heard from for several weeks, and it is feared she was lost between the Nova Scotia coast and Newfoundland last week.
The Decapo carried a crew of thirty men. A search will be made at once to ascertain their fate.

DON'T SPIT IN THE LOCAL STREET CARS

Company Has Decided to Enforce
the Bylaw Strictly in
Future.

Street railway conductors were today supplied by the management with small yellow cards to be handed out to persons violating the anti-spitting bylaw.
The management of the company has determined to stop the spitting nuisance, and conductors have been ordered to keep an eye on offenders.
The card reads: "You are violating the law against spitting. You are subject to a fine of \$50.00, by order of the city council."
On the back of the card, the following extract from bylaw No. 2381 is printed: "No person shall spit on the sidewalk of any public street, avenue, public square or place, in the city of London, or in the passageway, stairway, or entrance to any building used by the public, within the city of London, or in any room, hall, building or place, within the city of London, to which the public resort, or in any street car or public conveyance, within the city of London. Any person convicted of breach of any of the provisions of this bylaw shall forfeit and pay, at the discretion of the convicting magistrate, a penalty not exceeding the sum of fifty dollars for each offence exclusive of costs."

BAD BOYS THREW STONES AT THE CARS

Michigan Central Police Officer
Is Looking for a Couple
of Culprits.

Yesterday when the afternoon train of the Michigan Central was crossing over the Port Stanley bridge on its way to St. Thomas, some boys threw two big stones through the windows of the rear coach and narrowly missed hitting some travellers who were sitting there.

Detective Heenan, of the Michigan Central, arrived in the city this morning, and is trying to locate the culprits. If arrested, the magistrate will deal with them severely.

Last winter some boys threw a snowball through a window near the same spot and narrowly missed striking a lady passenger. She was struck by the falling glass.

FOURTH WARD FRIENDLY VISITOR'S ASSOCIATION

All Organizations Are To Be
Asked to Appoint a Friend-
ly Visitor.

The Fourth Ward Friendly Visitors Association met last night in the board room of the city hall, with the president, Mr. Wm. Wyatt in the chair, and Miss E. Matheson as secretary.

Reports were received from various parts of the ward, and many helpful suggestions were expressed.

It was resolved to ask the general organization at its next meeting to request the various charitable organizations outside the churches to each appoint a friendly visitor, who would act with those of the churches.

Mrs. Macbeth offered to present a book to each friendly visitor and the offer was gratefully accepted.

The time of meeting of the fourth ward visitors was changed to the Monday evening preceding the meeting of the general organization. All present at the meeting went away with the feeling that the new system is on the way towards a solution of some of the city's immediate social problems.

A meeting of the second ward visitors will take place tonight at 8 o'clock in the city hall board room.

TILLSONBURG MAN'S TERRIBLE DEATH

Caught by Belting and Impaled
on the Prongs of an
Anvil.

[Special to The Advertiser.]

St. Thomas, April 12.—Charles Young, an employee of the Maple Leaf harvester works, Tillsonburg, met with a terrible death yesterday. He was attempting to adjust a belt in the forge room, when his arm was caught, and he was struck around several times, and struck an anvil, becoming impaled on the prongs.

Several of his fellow-workmen rushed to his assistance and he was removed to his home.

His injuries were extremely serious. Pieces of flesh were torn from his arm and body and he was internally injured. He lingered a short time.

ROCHESTER FIGHTS FIRE-FIEND

TWO BIG CONFLAGRATIONS
Fire Breaks Out in Business Block and While Brigade Battles
With it a Fresh Conflagration Starts, Destroying Several
Churches and a Score of Houses.

Rochester, April 12.—Fire broke out this forenoon in a business block at the corner of East Main and Gibbs streets. It commenced with some apartment houses in the rear of St. Peter's Church. A high wind was blowing.

Later a second fire broke out in the First Reformed Church in America, a frame structure in Oregon street, corner Harrison, about one mile from the first fire, and an alarm was turned in.

Owing to the necessities of a big fire raging in Main street east at the time, only one company was sent to the fire, and the inadequate means at their disposal the firemen were unable to save the church and turned their attention to the protection of the surrounding property.

Across Harrison street from the church is the rather large lumber yard of Palmer Lumber Company. The lumber yard caught fire from the burning church.

The building in which the flames were first seen, occupied by the Nectro-Surgical Implement Manufacturing Company. The building is entirely destroyed. So far as is known every person employed in the building where the fire broke out escaped.

The flames are still spreading. Twenty-five houses are now afire in the section of Grove, Gibbs and St. Peter's streets. The Berth Kodesh Temple will be a total loss. The First German Lutheran Church is also probably well gone.

Loss Will Be Great.
Rochester, April 12.—At 1:30 this afternoon fires are raging in two sections of Rochester, apparently uncontrollable, and unless the gale which is now blowing at 30 or more miles an hour ceases, the damage will be incalculable. Every piece of fire apparatus is on the scene, and appeals have been sent to Syracuse and Buffalo for assistance.

Both cities have replied that they are sending an engine and fast train. At this time it is estimated that the loss is easily \$100,000.00.

The fire broke out in the Selden building, a four-story structure, at the corner of Gibbs and Main streets. That building is in ruins. The flames leaped to St. Peter's Church on Grove street, and then to the big Jewish Synagogue, the Berth Kodesh Temple. St. Peter's was saved, but the temple was gutted. Apartment-houses on Grove street, valued at \$100,000, were next swept away, and then the flames attacked a score or more residences.

Militia Ordered Out.
Rochester, N. Y., April 12.—1 p.m.—Mayor Edgerton has just ordered out the local militia to help police the burning districts, after consultation with the state and county authorities.

Buffalo Sends Aid.
Buffalo, N. Y., April 12.—Fire Chief McConnell has just received a telegram from Buffalo, N. Y., offering to send him assistance and will dispatch an engine and crew at once via the New York Central Railroad.

KILLED IN SNOW SLIDE.
New York, April 12.—James Montgomery, jun., has lost his life in a snow slide at Valdez, Alaska, according to a message received by his father, Mr. J. Montgomery, who was graduated from Harvard in 1906, and was a member of the football team for four years. Soon after graduation he went to Alaska to prospect for copper along the Kennecott River. He was of a venturesome nature and penetrated the country for several hundred miles. The telegram announcing his death gives no details of the accident.

C. P. R. FREIGHT TRAIN IN DITCH

Outfit Was Derailed Where Can-
adian Pacific Crosses Erie &
Huron at Chatham.

CREW ESCAPED UNHURT

Jumped to Save Their Lives—A Pec-
uliar Accident—Clock to an
Eastbound Train.

A serious freight wreck occurred shortly after 9 o'clock this morning at the diamond in West Chatham, where the C. P. R. crosses the Erie and Huron.

An engine and eleven cars are piled up, and the line completely blocked. No person was injured, so far as can be learned.

The C. P. R. freight was eastbound, and was a very heavy train. As the freight approached the diamond, a train bore down upon it on the Grand Trunk.

Derailed Against C. P. R.
The derailed was set against the C. P. R. and before the engineer could reverse his engine, it bore down upon the scene of the wreck, and the Windsor train arrived shortly before that.

The cars were strewn in every direction over the track, and traffic on both lines was tied up completely. Word was sent to London for the auxiliary, and also to Windsor. The engine arrived at 10:50 for the scene of the wreck, and the Windsor train arrived shortly before that.

Big Derrick From Toronto.
The equipment was insufficient to handle the heavy engine, and word was sent to Toronto for the big derrick.

It was dispatched shortly afterwards, and is now on the way to the scene of the wreck. No trains are coming over the C. P. R., and it is expected that the lines will be tied up for a considerable length of time.

Crew Jumped.
It is understood that the firemen, engineer and brakemen jumped when they saw that a wreck was inevitable, and rather than a few bruises, are unhurt.

AD C P R WRECK
There was a freight train on the Erie and Huron going towards the diamond, when the accident occurred. Had the C. P. R. not been derailed, there undoubtedly would have been a worse accident, with greater damage to both trains.

Loss Is Heavy.
The rolling stock of the C. P. R. is tied up in the mud, and so far attempts to pull it out have been unavailing. The track is torn up for a great distance, and the rails are bent and twisted.

The crew is from London, but the C. P. R. officials refuse to give their names for publication.

SIX MONTHS ADDED TO HOLLAND'S TERM

Charged With Defrauding St.
Thomas Firm of \$2,500 by
Forged Express Order.

[Special to The Advertiser.]
Toronto, April 12.—Chris Holland, who was sentenced to five years in the penitentiary for defrauding a local bank by depositing fake checks, received an additional six months this morning on the charge of defrauding Rhoads Bros., of St. Thomas, out of \$2,500 by means of forged express orders.

HOLLAND WORRIES OVER THE QUEEN

But Royal Physicians Say Her
Majesty Is in Excellent
Health.

The Hague, April 12.—The expected birth of an heir to the throne of Holland has given rise to anxiety of the whole population, and in some quarters alarm is felt owing to pessimistic rumors concerning the queen's health.

It was officially announced at the palace, however, that Queen Wilhelmina was in good health and good spirits, and that her attending physicians were well satisfied with her condition.

M. N. Nilsson, minister of justice, in an interview today, said that the event was not expected to occur for some time, and that there was some justification for popular expectations, which had been made for the firing of a salute in honor of the birth.

THE KINRADE CASE

Detectives Still on the Case, But Have
Nothing For Publication.
Hamilton, April 12.—The police authorities have as yet given no idea of the line of evidence to be produced at the Kinrade inquest on April 22. Provincial Detective Miller has been working steadily on the case, but he says there is nothing for publication.

Miss Flosie Kinrade, with her father and mother, are staying at the Delmonte Hotel, Preston.

MR. FLEET FOR SPAIN.
Madrid, April 12.—The cabinet has decided definitely that the Spanish fleet shall be reconstructed. The work will be entrusted to British firms.

KAISER HOLIDAYS.
Potsdam, April 12.—Emperor William, the Emperor, and Prince Oscar left this city today for Venice, where they will embark upon the Imperial yacht Hohenzollern for Corfu.

TRIP-TO-EUROPE BALLOTS SHOW MATERIAL INCREASE

Standing Up to Saturday, April 10, Show No Change
in Position of the Candidates, But Big
Increase in Votes.

FIVE CLUB SUBSCRIPTIONS POPULAR

Many Candidates Taking Advantage of the Free 1,000 Votes Offer
to Add to Their Trip Coupons—Special Offer
Is Open Until April 17.

The Advertiser's Trip to Europe standing, as published today, is the number of votes polled up till Saturday night, April 10. While there are no changes in the positions of the different candidates noted this week, there is a very material increase in votes. A large number of candidates are taking advantage of the offer of increased ballots for club subscriptions, and are materially increasing their chances thereby. By this offer those candidates who bring in a club of five subscriptions, as well as the coupons given, will receive a premium of 1,000 extra votes. The five subscriptions, of course, must be entered at one time or the extra ballot cannot be given. The offer is only open for a short time, closing on Saturday, April 17, and the candidate who is wise will exert every energy towards making the most of the opportunity, and pile up the vote, while the chance presents itself. The ballots will have to be obtained sooner or later by those who intend to make a strong bid for the big trip, and it is as easy to get subscriptions now, while there is this extra inducement of 1,000 votes, as it will be after this opportunity is gone.

These premium votes are not restricted as to time, and can be entered till the same time as the pink ballots, May 15.

FLOUR WILL ADVANCE 15 CENTS PER HUNDRED

Price Goes Up Tomorrow—High
Price of Grain Is Res-
ponsible.

Flour will advance 15 cents a hundredweight in London tomorrow in sympathy with the rise in the price of Manitoba wheat, and will be quoted at \$2.90 wholesale. Today's price is \$2.75 wholesale for blended product.

A dispatch from Winnipeg states that the price there has advanced 10 cents per 100 pounds, but the local representative of a western firm states that there has been a 15-cent jump. His firm is now selling flour in car lots at \$3 per hundredweight.

The present wheat prices will last, and unless an unexpected slump takes place, there will be a further increase in flour prices. Millers claim that there will be no drop in flour until the next crop comes up.

Ontario winter wheat is very scarce, and practically nothing is being offered. Elevator men say that farmers are not disposed to sell what they have stored, and many are talking about \$1.25 per bushel. There is still a strong demand in Mexico for Ontario wheat, but there is none obtainable.

CITY ARCHITECT VERY ILL.
City Architect McCullum, of Toronto, is very ill. He has been suffering from acute la grippe, which has left his right lung weak, and he is now threatened with typhoid fever. His physician, Dr. E. J. Barrick, said last night that Mr. McCullum's condition had somewhat improved yesterday, and he was hopeful that in a week's time the improvement would be marked.

James Thompson, who was found guilty of non-support a few weeks ago and ordered to pay a certain sum weekly at court for the support of his wife, did not answer when his name was called this morning, and a warrant was issued for his arrest.

Sentence was suspended on Florence Silver, alias Sandry, for defrauding an east end merchant. The girl has been placed in a home.

Raised a Row.
John Casey, for being drunk and disorderly, was fined \$5. He went to a restaurant last night when he was intoxicated, and when the things brought him did not please him, he raised a row and landed in the cells.

Sam Crockett, for being drunk, was fined \$5 or ten days, and took the cells. Michael Day and Charles Lancaster, two other drunks, were remanded for a week.

WHAT every cook should know is, which wheat makes the best flour, and why.

Winter wheat is put into the ground in the fall, but does not ripen until the following July. It matures slowly, is soft and very starchy.

Spring wheat is sown in April or May, and ripens in August. It's a flinty, translucent wheat, rich in gluten and contains nearly twice as much nutriment as winter wheat.

Royal Household Flour

is made entirely from the hard, nutritious spring wheat, carefully selected from all the wheat of this kind grown in Canada.

Royal Household is fine, light and pure—milled by the most improved methods—in a mill as clean as your own kitchen.

Ask your grocer for Ogilvie's Royal Household—just enough to try. You won't mind the slight advance in cost when you see the results in your bread and pastry.

HAY IS \$100 TON AT GOWGANDA CAMP

Coal Sells at \$88; Other Commodities High in New Mining Center.

Gowganda, April 12.—One making a trip into this silver district at this particular season of the year is in extreme danger of being locked in by the "breakup." But despite the thaw of the last few days, the trail from Charlton here, via Elk Lake City, has held out in a remarkable manner.

Two stories have been floated throughout the province that tend to throw discredit at this time on the new camp. One of them is to the effect that there is possible danger of a famine and the other is that with the breakup will come an epidemic of fever because of the insanitary conditions in this community. Both these stories are absolute fabrications.

All the merchants here are loaded up with expensive stock and no purchasers in sight. Trade was at an absolute standstill, because of the stories spread about ever-prospector coming in brought his own stock of provisions. All the working mining companies have stocked on the outside and paid the freightage to get their material here. The men of Gowganda, had to pay the same exorbitant freight rates on their stocks, and in consequence rather disappointed in the lack of trade activity.

\$3 a Bushel for Oats.

The prices asked for goods in this community are rather startling to one unaccustomed to them. How would you like to pay \$88 a ton for coal? You would hardly feel inclined to provide you kept a horse, and paying \$100 a ton for hay and \$3 a bushel for oats to feed him, would you? Those are the prices. Flour is 10c a pound, and in consequence the local bakers charge 25c for a small loaf of bread. The only things sold cheaply here are whiskey and tobacco. The latter is doled out at customary prices, while the "blind pigs" sell whiskey, when they can, at the same price as one pays for it in any other place.

On the Mann property, which has now passed into the hands of Toronto capitalists, there are as many as 20 veins showing on the surface, and all these located with the surface on the ground. Right here is one of the wonder exhibitions of the entire Gowganda district. It is the original Mann find, a fissure vein, five inches wide, running down the side of a bluff, 40 feet high, and extending into a creek. Macdonald, who was his first nuggets in the creek bed. Following up the vein to the bluff he scraped away some of the decomposed caliche that was in sight, and a native silver was laid bare before him.

A Slab for Toronto.

Lorne Becher is at present in charge of the Mann property, representing its Toronto owners. He has a gang of men working, taking away the wall rock on this vein on one side for the purpose of extracting a silver slab. This same was the vein, to a height of 60 inches, and a depth inward on the bluff of 40 inches. There the vein struck strong as on the surface, running almost parallel to the surface. The slab exposed was estimated to have weighed in the neighborhood of 600 pounds.

Already there are staked in this vicinity upwards of 8,000 claims. On the first of April, a number of the staked properties were thrown up, but there are dozens and dozens of others, waiting to get news of these conditions to re-stake.

Mr. Lorne Becher is the brother of Messrs. Campbell and Archie Becher, of this city, and is well known to Londoners.

COUPLED AT CRAMPTON

Pretty Wedding at the Home of the Bride's Parents.

A very pretty wedding was solemnized at the home of the bride's father, Mr. James Craig, Crampton, on the evening of April 7, when his youngest daughter, Margaret, became the wife of Allan J. Barr, of Mossley. Promptly at 7 o'clock the groom entered the parlor and took his place under a tastefully decorated arch of evergreens, and was followed by the bride, leaning on the arm of her father, while Mr. Morley Lane, uncle of the groom, played the "Bridal Chorus" from "Lohengrin." Rev. R. W. Knowles officiated, in the presence of about forty relatives and friends. The bride was prettily dressed in cream satin and Cluny lace, and carried a bouquet of white carnations, ferns and smilax. After the ceremony the guests repaired to the dining-room, where a dainty repast was served.

The happy couple left amid showers of confetti, and with the good wishes of a host of friends. After a short honeymoon the bride will take up her residence at a well-known hotel in London, where she was a tailored suit of royal blue directoire cloth, with Tuscan hat.

VALUE, ONE VOTE.

THE EASTER PARADE ON FIFTH AVENUE

A Bordure on the Crepu Was the Proper Thing—No Whites and Few Greens.

New York, April 12.—Well, speaking of Easter, if you did not have a bordure on your crepu you were little better than a plain hick. No-bordure on your crepu, it is the fashion today without the bordure on the crepu. Without the bordure on the crepu, you belonged to the bunch that clung to the tail of the Vanderbilt mansion peering through the bars to see if a wild valet would leap from the shoulders of a fashionist.

On the word of a volunteer fashionist, you might have strolled haughtily in the big parade poke-bonneted and light sleeved with a skirt like a pillow case and the newest thing out in bronze kicks, but without the bordure edging your crepu you might as well have stuck at home with the merry villagers. In a crepu of crepu bounded by a bordure of crisply designed and coloring, you could have looked any girl coldly in the eye sweeping proudly by.

How to begin this piece properly, it should be understood that the Easter parade is a more or less of a tradition than a three-ring circus on Saturday night. It is a bit and alive, radiating color, humming with gaiety, a tremendous moving picture stretched out in Fifth Avenue between Central Park and Madison Square from 10 o'clock in the morning until 5 o'clock in the evening. There was a time years ago in the old prime and prissy days when old gentlemen with whisker tufts on their jaw sides, old gentlemen whose names lived in the first pages of newspapers, and old ladies in silks as stiff and upright as sheet iron who were somebodies in society, moved importantly and majestically from the churches they favored, for a short stroll along the avenue. The Easter parade, the little gayer than a funeral, and the clankers and the would-be hosts of rubbernecks of the period of President Hayes stared admiringly from the curbs.

But all that is changed, because the dwellers in Fifth Avenue nowadays are in the country or Europe or Florida at Easter time, and the parade is made up of anybody who can stake himself or herself to a new coat, the latest spasm in fads, as 20 veils showing on the surface, and all these located with the surface on the ground. Right here is one of the wonder exhibitions of the entire Gowganda district. It is the original Mann find, a fissure vein, five inches wide, running down the side of a bluff, 40 feet high, and extending into a creek.

Following up the vein to the bluff he scraped away some of the decomposed caliche that was in sight, and a native silver was laid bare before him. A Slab for Toronto. Special Purchase Japanese Linen

For Waists, Dresses, Etc.
\$1 Quality for 39c Yard

The low price will certainly amaze you, but you won't be more surprised than we were when this remarkable offer came our way—but it is one of those special purchases that are continually coming to us, as quantity makes little difference when we get a price like this. Yet there are only seven pieces in this lot; 34 inches wide, ivory white; and the Japanese have some secret process by which these goods are given a lustrous silk finish, which is retained even after being washed.

These Linens are suitable for drawn-work and embroidery, as well as being largely used for waists and dresses, and those who know this Linen will need no urging (when this announcement is read) to procure a waist or possibly a dress or two at this price. Seven pieces only, to sell, actual value \$1.00, for, per yard 39¢

Our customers are always given full benefit of the purchasing power of this store.

Rome, April 12.—A semi-official communication from the Vatican today announces that on the occasion of the beatification of Joan of Arc, which takes place this month, the Pope will receive the French bishops and hear their reports in the matter of the separation of the church and state in France. He has again declared, however, that he cannot modify his attitude on this question.

LONDON, TUESDAY, APRIL 13.

THE PUGSLEY AFFAIR.

The charges against Mr. Pugsley create no excitement in New Brunswick, where people know them to be merely a rechauffe of campaign speeches. They are close to the stage and can see the wires being pulled by the artful Mr. Hazen. His hand-picked commission consisted of two party workers, not otherwise conspicuous, and a judge who was a keen politician before he was rewarded with a seat on the bench. Mr. Hazen himself is the high-minded public man who tried to spring a mine under Mr. Pugsley in the Federal election by reading a falsely-dated affidavit. Mr. Pugsley swept the province for the Federal Government, and Mr. Hazen lost two of his supporters who rashly ventured into the fray. In order to become anti-Pugsley candidates they vacated their seats in the Legislature which were filled afterwards by Liberals. The Central Railway "Investigation" is Mr. Hazen's attempt to get even with his old opponent.

Mr. Pugsley himself, when the inquiry was set on foot, proposed that the commissioners should deal with the matter in the same way as a court of equity in the case of a trustee called upon to render an account. Instead of taking evidence as to any amounts in dispute, the politician who acted as counsel for the commission limited the scope of the inquiry to suit his own purpose, and the commissioners prepared their report without submitting a draft copy to counsel for the company, of which Mr. Pugsley was ex-officio a director. As an example of the inaccuracy of the report it is pointed out that the share capital allotted the shareholders of the railway was only \$42,000, whereas the commissioners place it at \$430,000, and cite the latter figure as proof that the interested parties had visions of ultimate large profits!

Mr. Pugsley absolutely denies that there has been any misappropriation or underhanding financing, and says he will welcome any further inquiry, properly conducted. In fair play judgment ought to be suspended until both sides of the case are fully heard, and until there has been a full and impartial examination of the facts. This simple measure of justice would be conceded to anyone but a public man.

IMMIGRATION INTO CANADA.

While much of the contents of the annual report of the department of the Interior for the year ended March 31, 1908, has been anticipated in the bulletins which are periodically issued, considerable information that is new and valuable is furnished in the volume just issued.

During the twelve months there were admitted into the Dominion to reside here, 262,469 immigrants, of whom 120,152 came from the British Isles, 58,312 from the United States, 3,378 from Newfoundland, and 604 from other British colonies, making a total of 182,476 English-speaking people who came to settle in Canada, as against 79,995 foreigners.

Britishers are turning to the Dominion rather than the United States as in the last century. While the immigrants from the United Kingdom to Canada numbered 120,152 the United States share was only 58,312. Of the British immigrants who came to this country, 90,380 were English, 22,223 Scotch, 6,547 Irish, and 1,032 Welsh.

Of the Europeans other than British who settled in Canada, Austrians came first, with a total of 24,374, Italians 11,212, Russians 6,281, Hebrews 7,712, French 2,671, Germans 2,363, Bulgarians 2,529, Swedes 2,132, Norwegians 1,554, Poles 1,212, Belgians 1,214, Greeks 1,043, and others 1,538. The Asiatic immigration to Canada included 7,601 Japanese, 1,884 Chinese, 563 Armenians, 732 Syrians, 453 Arabs, and 2,623 Hindus, or a total of 13,455. The number from Japan has been greatly reduced in the past twelve months in pursuance of the agreement between Tokio and Ottawa.

Every precaution continues to be taken by the Canadian authorities to keep out immigrants of the undesirable class, whether on account of criminality, insanity, or physical defects. The arrivals at Canadian ports during the year for both Canada and the United States numbered 283,592, and of these 1,172, or one out of 242, were denied admission. In the five years, 1904 to 1908, 1,134 of the 824,951 admissions were reported, or one out of 618 admissions, which goes to show that the necessarily stringent regulations adopted by the

Canadian Government have deterred the criminally-inclined and physically-unfit in other countries from attempting to make Canada their home.

GERMANY IN FINANCIAL STRAITS.

The military and naval ambitions of Germany's rulers have cost her dearly. The bills are falling due, and the difficulty of finding the money ought to be comforting to British alarmists who have been absurdly over-estimating Germany's resources. The German masses are already taxed up to the hilt by import duties, and to make up a deficiency of \$125,000,000 to \$150,000,000 in the Imperial budget, the Government must resort to direct taxation its financial proposals included estate and inheritance duties, corresponding to the succession duties in the Province of Ontario, but much milder. The amount these taxes would yield was estimated at \$20,000,000 or \$25,000,000 yearly compared with \$31,850,000 raised by a similar impost in Great Britain last year. The agrarian party in the Reichstag, with amazing selfishness and ingratitude, refused to assent to the proposed duties, and succeeded in voting them off the list, although the German tariff is framed in the interest of the agrarians and has so increased the price of food that horseflesh has become a regular article of diet for the masses. In fact, the representatives of the propertied classes in the Reichstag, who have backed the Government in its naval policy, and the Kaiser in his megalomania, have united opposing any tax which falls upon land and other forms of wealth, and the Government finds itself checkmated by its traditional supporters. For the past eight years the expenditures have exceeded the receipts by \$53,000,000 a year, and the Government's borrowings have weighed severely on the market for capital, so that new loans as a way out of the present difficulty would mean a high rate of interest and a further depression of the national credit.

Germany is not a wealthy country naturally, its capital being the efficiency and intelligence of its people. It has had a rapid industrial development, and the urban population has grown to such proportions that the country is no longer able to produce sufficient food for its own consumption. The taxes upon imported foodstuffs weigh cruelly upon the masses, as did the corn laws in Great Britain 60 years ago. Against the swelling expenditure on the army and navy, which is mainly responsible for the burden of taxation, there is a deep-seated revolt, which is expressed in the growth of Socialism. The Socialist party polled one-third of the votes cast in the general election, and its power is growing portentously. Unless all signs halt German democracy will in the near future call a halt to the mad piling of armaments, and the wealthier classes, who refuse to pay their proper share of taxation, will be fortunate if they escape a social revolution.

Mr. Whitney's ideas of civil service reform are still a state secret.

In knocking Niagara power, the Free Press is driving the hammer down on its own brittle head.

The weather is distinctly discouraging to spring poets, but we make no complaint on that score.

In lamenting the loss to English letters through the death of Swinburne, it seems to occur to no one that Alfred Austin is still alive.

Ex-President Roosevelt has already called one man in Europe a liar. Before he returns home there may be a European branch of the Ananias Club.

Sir Edward Grey says that competition in armaments is driving Europe into bankruptcy. That is one redeeming feature of the craze. Insolvency may bring common sense.

The twenty-five Labor members of the British House of Commons will go to Germany in a body to join with the German Social-Democrats in a peace campaign. This is work that churches in both countries ought to be doing.

Mr. McKeown, M. P. P. of Dufferin, explained to the Legislature that he was opposed to the three-fifths clause but voted to retain it because he was reluctant to oppose the Government. It would have been better for Mr. McKeown's reputation if he had voted in silence.

Why was the report of London's water supply held back? This journal called for the production of the report, and the provincial analyst said the story of such report was made from whole cloth. It does not appear to have been.—London Free Press.

Just so. But why did our contemporary abuse this great home journal so unmercifully for printing the truth days ago?

A MATCH—ONE OF SWINBURNE'S CHARACTERISTIC POEMS.

[Algernon Charles Swinburne.]
If love were what the rose is,
And I were like the leaf,
Our lives would grow together
In and out of singing weather.
Blown fields or flowerful closes,
Green pleasure or grey grief;
If love were what the rose is,
And I were like the leaf.

If I were what the words are,
And love were like the tune,
With double sound and single
Delight our lips would mingle
With kisses glad as birds are
That get sweet rain at noon;
If I were what the words are,
And love were like the tune.

If you were life, my darling,
And I, your love, were death,
We'd shine and snow together

Ere March made sweet the weather
With daffodil and starling
And hours of fruitful breath;
If you were life, my darling,
And I, your love, were death.

If you were thrall to sorrow,
And I were page to joy,
We'd play for lives and seasons,
With loving looks and treasons,
And tears of night and morrow,
And laughs of morn and boy;
If you were thrall to sorrow,
And I were page to joy.

If you were April's lady,
And I were lord in May,
We'd throw with leaves for hours,
And draw for days with flowers,
Till day like night were shady,
And night were bright like day;
If you were April's lady,
And I were lord in May.

If you were queen of pleasure,
And I were king of pain,
We'd hunt down love together,
Pluck out his flying feather,
And teach his feet a measure,
And find his mouth a rein;
If you were queen of pleasure,
And I were king of pain.

RANK AND FASHION.

[Louisville Courier-Journal.]
"Are there degrees of rank in the servants' hall?"

"To be sure. Maids who have charge of dogs don't associate with maids who look after children."

NOT SUCH A FOOL.

[Everybody's Magazine.]
It was said of a certain village "innocent" fool in Scotland that if he were offered a silver shilling or copper penny he would invariably choose the larger coin of smaller value. On day a stranger asked him:

"Why do you always take the penny? Don't you know the difference in value?"

"Aye," answered the fool, "I know the difference in value. But if I took the shilling I would never try me again."

BRITAIN'S NOBLE GOVERNMENT.

[Toronto Star.]

For the last four years Great Britain has had a Government whose members have been strongly impressed with the importance of the people's betterment.

It has sought to diminish the evils of intemperance, to mitigate the horrors of poverty, to strengthen the intellectual fibre of the people by a better system of education, to strengthen their physical fibre by getting them out of the slums of the cities and "back to the land."

In all this it has met with the bitter opposition of men of narrow views, whose only conception of patriotism is hatred or suspicion of every other country. And yet, whether there is to be peace or war, what higher patriotic service could be rendered than to make the people stronger, wiser, and more united in body and stronger in moral fibre? What greater incentive to spring to the defence of a country than to know that in that country there is constant progress in freedom, equality and justice?

ON SUNDAY.

[Life.]

Fond Mother—Oh, Reginald, Reginald, I thought I told you not to play with your soldiers on Sunday?

Reginald—But I call them the Salvation Army on Sunday.

ALGERNON CHARLES SWINBURNE

[New York Sun.]

The last of the English poets has gone. The last century has passed, and the Swinburne began to sing has placed his name safely by the side of Shelley and Keats and Wordsworth and Tennyson in the wonderful array of poetic genius that marks the nineteenth century in English letters, and Swinburne's name unfortunately closes the list, for among the poets of talent who have sprung up within thirty years none can be named who in any degree approaches greatness, nor is there promise of any on either side of the Atlantic.

THE CRINOLINE.

[London Chronicle.]

It is surely inconceivable that the crinoline can ever be revived. Yet the mothers of a good many of us wore that enormity, and one always likes to think of one's mother as looking as well as possible. It is something should be done to improve the character of the literature being provided at the libraries and reading rooms.

Already, he said, magazines were beginning to crowd out books, and he feared that newspapers would crowd out both magazines and books if the quality of the reading matter provided in some libraries was not improved upon.

Other addresses will be delivered by Messrs. L. J. Burpee, Inspector T. W. H. Cameron, W. O. Carson and others.

A feature of the proceedings tomorrow will be an address by Mr. Cedric Belfrage, England, on the subject of book-binding.

STEAMER MONTCALM

FINE ICE SMASHER

Rapidly Clearing the St. Lawrence and Lake St. Peter Channels.

Quebec, April 12.—The Canadian Government steamer, Montcalm, was again at work today slicing off huge pieces of ice and working gallantly to anticipate by as long a period as possible the natural descent of the Lake St. Peter ice and the consequent opening of navigation.

It is the sanguine hope of the officials of the marine department that early tomorrow the Montcalm will have reached the Richelieu River. Once this is accomplished the next task will be to clear the river.

The C. G. S. Druid will start out in the course of a few days loaded with buoys, which will be anchored from Father Point downward, and later on the buoys will be placed between here and Father Point and at the customary intervals up the river.

STILL FOR OPEN SHOP

Lake Carriers' President Declares There Will Be No Surrender.

Detroit, April 12.—Whatever the four package freight lines at Buffalo may have been doing in the way of a settlement with their engineers will make absolutely no difference in the stand of the Lake Carriers' Association for the "open shop," declared President William Livestrong, of the association today. He added that there is at least one error in the reported settlement saying that neither the Lehigh Valley Transportation Company nor the Rutland Transit Company are members of the Lake Carriers' Association.

BLOWS OFF COAT.

Columbus, O., April 14.—In a gas explosion today the front wall of a rooming-house was blown out. John Welsh, a lodger in the room where the explosion occurred, was divested of his coat, but did not receive a scratch.

FRUIT--THE GREAT PHYSICIAN

WONDERFUL MEDICINAL VALUE OF APPLES, ORANGES, FIGS AND PRUNES.

How many people realize what remarkable curative principles are contained in fruit juices. There are two—the bitter and the sweet. There is about ten times as much of the sweet as of the bitter, though the bitter principle is the one which has the curative effect on disease. Apples, oranges, figs and prunes contain the highest percentage of bitter principle and thus are the most healthful.

It was a theory of a physician in Ottawa, that if the amount of bitter principle in fruit juice could be doubled, the curative property would be increased, not twice but many times. After many tests, this physician succeeded in forcing into the combined fruit juices an additional atom of bitter principle, and in doing so formed an entirely new compound. The combined juices were added valuable tonics and antiseptics and the whole made into tablets.

These are "Fruit-a-tives"—the only remedy known to science that is made of fruit. The wonderful cures in cases of stomach trouble, biliousness, constipation, chronic indigestion, headaches and neuralgia, kidney, liver and skin diseases are due solely to the fact that "Fruit-a-tives" contain the medicinal principle which when being taken for \$2.50, or trial box 25c. At all dealers or from Fruit-a-tives, Limited, Ottawa.

BETTER BOOKS FOR PUBLIC LIBRARIES

Ontario Government Asked to Supply Volumes to Teach the Artisan.

Toronto, April 12.—That the Government should co-operate with the municipalities and provide books in the libraries at which the artisan, the artisan, and save to Ontario a quarter of a million dollars annually, now sent over to United States correspondence schools, for lessons in mechanics, engineering and other "study-by-mail" courses.

Now that public libraries were established in practically every city and town, Mr. Bradley asked why could not the proper books be placed there for the use of those who desired to educate themselves and keep up their everyday calling.

Mr. Bradley said the average amount paid for these books was fifty dollars per man per year. With an appropriation from the Government, he thought provision could be made for necessary books to form a library provided for \$25 a year. Mr. Bradley's remarks were on the subject, "The Larger Place of the Public Library in the Educational System of Ontario."

Mr. E. A. Hardy, B. A., the secretary of the Ontario Association of Librarians, said that the Ontario Association of Librarians, Mr. Locke, is a valuable member of the association.

Chapman's

LADIES' FINELY TAILORED SKIRTS

Strictly Tailored Skirts in the newest styles for spring and summer wear. There isn't a Skirt in the showing that is not worthy of being there, nor is there a price that is higher than it should be. Take these few as an example:

At \$5.00 Ladies' Skirts, made of Venetian Cloth or Panama, gored and flared. The bottom is finished with fold of the goods. Colors are black, navy, brown and green.

At \$6.00 Ladies' Skirts of Fine Quality Venetian, colors and black. This skirt is made in a very smart style, with fold of goods and button trimming.

At \$7.85 Ladies Skirts of Fine French Voile, black only; trimmed with satin bands around bottom of skirt and on all gores; faultless in fit and tailoring. There was a great demand during the past week for these skirts, but we still have a few.

At \$8.50 A neat tailored model, made of Imported Panama Cloth, with panel front and satin folds, finished with satin-covered buttons. Colors, black, navy or brown.

Heatherbloom Petticoats Are Here, \$1.89

Just the Petticoat to wear with the new Spring Suit. We consider ourselves fortunate in getting them again to sell at \$1.89. The value is unusual for a genuine Heatherbloom Petticoat, and this lot of seven dozen will go out quickly. **BLACK ONLY.** On sale tomorrow. Phone or mail orders promptly filled if sent in at once.

TWO TO BE GIVEN DEGREE OF DOCTOR

Rev. Thos. Manning and Rev. W. B. Brighton To Be Honored by Victoria University.

Toronto, April 12.—At a meeting of the senate of Victoria University, held tonight, it was decided that at the convocation to take place this year on Monday, April 26, the honorary degrees of D. D. should be conferred upon Rev. Thomas Manning, M. A., of Windsor, a graduate of many years' standing and a prominent and able minister, and Rev. W. B. Brighton, M. A., B. D., of Toronto, editor of the Christian Guardian. Some sixteen years ago the latter gentleman was gold medalist in divinity at Victoria University. It is expected that among the distinguished men who will deliver addresses at the convocation will be Rev. President Little, of the Northwestern University, Evanston, Ill.

BURNED IN HIS SHACK

Inquest Into Death of Homesteader in Saskatchewan.

Milestone, Sask., April 12.—A coroner's jury is holding an inquest on the body of a Missouri homesteader, Charles J. Morris, who met death mysteriously in his shack Monday night by fire. It opened here Wednesday night at 8 o'clock, and is still sitting, a verdict being expected tonight. An examination of the body was made by Drs. Cook and Tyreman, and a post-mortem showed the legs and arms consumed by fire, the skull fractured in two places, and a small piece of bone forced into the brain.

The rigid condition of the body, and condition of the stomach and organs suggested strychnine, and the stomach was sent to Regina for analysis.

A brother, Ernest, was on the stand five hours, being closely examined, and is held by the police pending the result of the inquest.

MY LUCKY DAY

Mr. Thomas Wylie (Box 384, Galt, says:—"It was the luckiest day of my life when I struck PSYCHINE for I truly believe I shouldn't be alive now but for that."

"A neglected cold was the beginning of my trouble, and what seemed to be a simple ailment, soon developed into a serious and dangerous condition. I got so low that it was scarcely possible for me to walk around, and I lost so much flesh that I looked like a skeleton. I was just about ready to 'hand in my checks,' although only 20 years of age. The medicine the doctor gave me made me worse and I got disgusted. Then I struck PSYCHINE."

"PSYCHINE did miracles for me. The first bottle gave me new life and courage, and in less than two days I began to put on flesh rapidly, and I felt I was on the high road to recovery. My appetite returned, and I ate like a hunter," as the saying goes. My friends were surprised, and hardly knew me. In three months I was as strong and well as ever, and returned to work in the mill. I have not had a day's illness since. Nobody could wish for better health than I enjoy, and it is all owing to PSYCHINE. It should be in everybody's hands."

SENATE TINKERS WITH PAYNE BILL

Makes Further Reductions Where
the General Public Is
Affected.

INCREASES ON LUXURIES

New United States Tariff Measure
Under Consideration by the Amer-
ican Upper House.

Washington, April 12.—The senate committee on finance met at 10 o'clock this morning when Chairman Aldrich presented the bill as amended by the majority of the committee.

Many of the revenue producing features will be reported subsequently, as they are intertwined around the administrative features of the measure which will be adopted later.

Senator Aldrich, who was requested to make a brief summary of the general character of the changes proposed by the senate finance committee to the House tariff bill, furnished the following statement:

In the main reductions are lower than those in the bill as it passed the House, the actual number of reductions being about three times the number of increases. Such increases as have been made have been largely rendered necessary to preserve the symmetry of schedules.

A considerable number of articles in common use have been taken off the dutiable list of the house bill and restored to the free list.

The great mass of the rates are below those of the existing law. In schedule A (the chemical schedule) the principal changes are in the nature of reductions below the House bill. One is putting distilled oils upon the free list.

In schedule B (earthen and earthenware), the rates remain largely the same. In the House bill, by a change in phraseology from existing law, the duties on common earthenware in two colors are raised from 25 to 60 per cent.

In glass and glassware the rates remain the same as in the House bill. The senate committee restored iron ore to the dutiable list at 25 cents per ton—a reduction of 15 cents a ton from the Dingley rate. The House made large reductions in the schedule throughout, nearly all these reductions having been retained by the senate committee. In addition to those made by the House, the senate committee have made quite a large number of other reductions.

The senate committee has retained the House rate on lead ore 11½ cents, but has raised the rate on lead ore ducts throughout the bill to correspond with the duty on lead ore.

Schedule D (wood and manufactures of wood). The Senate has made a duty \$1 a thousand on rough lumber, a reduction of a dollar from the Dingley law, and has retained the House rate on manufactures of wood, nearly all showing reductions from the Dingley rate.

The only important changes in the schedule made by the senate committee was the restoration of imported hardwoods to the free list. The senate committee has retained the House rate as it came from the sugar schedule and has reduced the House rate on sugared biscuits and wafers from 60 to 20 per cent.

The tobacco schedule remains unchanged.

The agricultural schedule, including most products, remain practically unchanged from existing law, but where reductions were made by the House, the Senate has restored the Dingley rates in response to recommendations of the farmers throughout the country and the great agricultural interests.

Fish remains as it came from the House.

The Senate has returned cocoa to the free list, believing that an article of such general consumption, both as a beverage and in all forms of chocolate, should be free of duty rather than tea or coffee. The committee felt that if it was necessary to increase revenue it is done better on the luxuries than on the necessities of life, and have pursued this policy in the construction of this bill.

The senate committee has applied the same principle to spices and has restored them to the free list where they have always been. Again, on the same principle, the senate committee has increased the rate on spirits and wines fifteen per cent throughout, which it is estimated, will yield an additional revenue of \$5,000,000, most

NASAL CATARRH

AN OLD PHYSICIAN SAYS TO
LOOK FOR DIZZINESS, FRON-
TAL HEADACHE, STUFFI-
NESS AND NOSE COLDS.

TELLS HOW TO CURE.

Catarrh in almost every instance starts with a common cold in the head, which is added to with another cold, and because of some extra exposure or weakness of the system, it becomes chronic.

A full case of disgusting nasal and throat catarrh, the disease, unless a radical cure is effected then the disease passes rapidly to the throat, bronchial tubes and finally to the lungs. No man or woman should get new lungs any more than new fingers or a new nose; but every one suffering from catarrh can get a sure cure by inhaling Catarrhose, and this is proved after you read further.

QUICK, LASTING CURE.

"After ten long years of suffering with catarrh in the throat and nose I write to tell you that I am now completely cured with Catarrhose. What a relief it was to get that buzzing stopped in my ears, to have my nose free and easy to breathe through—what a blessing it was to get cured of droppings, catarrhal dyspepsia, and bad breath. All this is the result of Catarrhose, which I recommend everyone to use for any trouble in the throat, nose, bronchial tubes and lungs."

THE Cowboy BARONET

PRAISES ZAM-BUK.

EVERYBODY has heard of Sir Genille Cave-Brown-Cave, "The Cowboy Baronet"! Most people know that this gentleman, whose home is at Stretton Hall, Ashby-de-la-Zouch, England, prefers the active life of a traveller and a worker to that of a titled gentleman. Sir Genille Cave, in his cowboy role, made himself well-known in several of the States. He has also lived at different times the life of a sailor, a soldier, a gold-miner, and a contractor, so that his opinion on many subjects is exceedingly valuable. Like most men of note, Sir Genille Cave is a firm believer in Zam-Buk. He has carried it with him to all corners of the earth, and proved its value in a thousand emergencies. He has used it when in the wilds of Australia, the deserts of Egypt, the plains of India, and the mysterious cities of China. When working as a "Cowpuncher" in the States, it was his great stand-by. Writing to a friend recently, he said of this great balm:

"I feel it is only my duty to let you know what great benefit I have derived by keeping Zam-Buk handy, and having it in constant use. For the sprains and bruises which I have incurred in my cowboy life generally I have found it a reliable and speedy healer. Some of the best riders in the West that I know use Zam-Buk regularly with the greatest benefit. On one occasion my horse, "Bob," came down with me. He rolled over my limbs, bruising me generally, and tearing pieces of skin off my arms. By the use of Zam-Buk immediately, the wounds and bruises were cleanly and quickly healed, and the raw parts covered with new healthy skin.

"When on the plains I have used Zam-Buk for poisonous insect-

bites, and have found it particularly beneficial for mosquito bites, and the aches and pains following malarial fever caused by mosquitoes.

"Zam-Buk has yielded me far more remarkable results and generally proved more reliable than anything could have done in the way of mere ointments and embrocations, and I think it is without equal as a healer of skin diseases and injuries."

No clearer evidence than that above from this well-known Leicestershire baronet could be needed in order to finally establish the reputation of Zam-Buk. Never before has any "First-Aid" preparation attained the success Zam-Buk has attained with the classes and the masses all the world over. This is because never before has such a rich, pure, and unique balm been discovered.

The secret of Zam-Buk's strength lies in the refined herbal extracts which form the essential feature of the balm, and to the ingenious manner in which these herbal juices are combined with one another. Parents in the home, foremen in the workshops and factories, and athletes in the field, cannot do better than "Keep a box of Zam-Buk Always Handy."

WHAT ZAM-BUK CURES.

Zam-Buk is a positive and certain cure for cuts, burns, bruises, sprains, piles, festering sores, ulcers, acid, blood-poisoning, eczema, scabs, varicose ulcers, erysipelas, scalp sores, bad leg, discolored ankles, and all other skin diseases and injuries. Rubbed well into the parts affected, it cures neuralgia, rheumatism, and sciatica. All Druggists and Stores sell at 50c. box, three for \$1.25, or post free from Zam-Buk Co., Toronto, for price. Refuse the cheap and harmful imitations sometimes represented to be "just as good."

NEW REGULATIONS

Issued by Militia Department in Re-
gard to Signalling Corps.

Ottawa, April 12.—The following regulations have been issued by the militia department in connection with regimental signallers:

1. The appointment of signalling officer in a regiment of cavalry or infantry shall be filled from the ranks of officers in the regiment, and shall be limited to a period of five years.
2. No officer shall be appointed signalling officer unless he has first qualified for his rank in the branch of the service to which he belongs. He will then be required to qualify in signalling within a year from the date of his appointment as a signalling officer.
3. A signalling officer of the rank of lieutenant shall be eligible for promotion to the rank of captain if, at the session of the necessary qualification, on becoming senior of his rank in the regiment or battalion to which he belongs, he is recommended by his superior officer.
4. An officer of the rank of major shall not be permitted to hold the appointment.

CAN PUNISH HEART

Court Says He Libelled Rockefeller,
But Escapes by Technicality.

New York, April 12.—The writ of habeas corpus issued in behalf of S. Carvalho, Bradford Merrill and Edward H. Clark, treasurer of the Star Publishing Company, publishers of the New York American and Evening Journal, in the action brought against them for criminal libel, on complaint of John D. Rockefeller, was upheld by Justice Gerard in the supreme court today and the defendants ordered discharged.

Rockefeller had complained of the publication in the New York American of Dec. 17, 1908, of an article wrongly accusing him of having originated a peonage system to which the employees of a certain breakfast food company in Illinois were alleged to have been subjected. In his opinion Justice Gerard characterizes the article as a gross and vicious libel, the writers and publishers of which should be brought to trial, but finds that no evidence exists to show that Messrs. Carvalho, Merrill and Clark had anything whatever to do with its writing or publication. The decision affirms the principle that the officers of a corporation which publishes a newspaper are not liable to criminal prosecution for libels printed in the newspaper simply because of the fact that they are such officers and without any further proof to connect them with the management of the newspaper.

"When a corporation has published a libel," says Justice Gerard in his decision, "every person who at the time of the publication is in any way engaged in the actual management of the corporation is subject to prosecution; but some proof of actual management must be made to hold any person for trial."

SURGEONS' BANQUET.

Toronto, April 12.—The fourth annual dinner of the ex-house surgeons of the general hospital was held in the King Edward Hotel tonight.

Dr. Taylor, of Goderich, presiding. About fifty doctors were present, and the guests of honor were Dr. Chas. O'Reilly, of Toronto, and Dr. T. S. Cullen, of the University of Toronto. Chairman Taylor, in the opening address, made a comparison of the hospital as it existed sixty years ago with the institution of the present day. Dr. Cullen, of Baltimore, gave an interesting address on "Gynaecology, and Dr. O'Reilly, who was president of the hospital for thirty-four years, reviewed old memories in a short reminiscence address. The following officers were elected for the year: President, Dr. Chas. McGilivray, Whitby; vice-president, Dr. Chas. F. Trow, Toronto; secretary, Dr. J. N. E. Brown, Toronto.

REMARKABLE TRIBUTE TO GREAT DETECTIVE

Thousands of New Yorkers Attend
Funeral of the Murdered Petrosino.

New York, April 12.—The funeral of Lieut. Jos. Petrosino, of the New York police department, who was assassinated while engaged in special service in Palermo, Sicily, was made the occasion today for a remarkable tribute to the dead detective and his brilliant services against criminals.

The police department, including a number of its officials, many Italian societies and prominent citizens of deep nationality united in expressing the gratitude of New York City to Petrosino's self-sacrificing work and sorrow because of the untimely ending of his career at a time when he was believed to be engaged in his most important service to this city and country.

Four thousand persons were congregated in the streets leading from the Petrosino home when the body was removed to the old St. Patrick's Cathedral for the funeral services.

En route the body was escorted by a police guard of honor and the funeral procession was headed by the police band. A line of policemen (two deep) stood for blocks with batons presented as the hearse passed, and heads were bared by the immense throng which lined the route.

While the services were in progress within a guard of honor was on duty at the entrance of the cathedral. The Commissioner Bingham was among the 2,500 persons who attended the services.

Hundred and fifty policemen, including many dressed in plain clothes, were assigned to guard the funeral procession on its way from the family residence on Lafayette street to the old cathedral in Calvary cemetery on Long Island.

When you go shopping don't simply say "A pound of tea," because you can secure better tea, more delicious tea, if you only ask for "Salada."

New York at Philadelphia.
Boston at Philadelphia.

Philadelphia, April 12.—The American League season was opened in this city today with the largest crowd that ever witnessed a baseball game in this city—30,162 paying for admission, while nearly 1,000 more were present as guests of the clubs. The occasion marked the opening of Shibe Park, the new half-million-dollar home of the Philadelphia American League Club. So great was the rush for the park that the gates were closed at 2 o'clock, one hour before play started, and thousands of persons were turned away.

After the parade across the field, which was led by President Johnson of the American League, President B. F. Shibe of the Philadelphia Club, President John I. Taylor of the Boston Club, and W. O. Huntley of Chicago, and the flag-raising committee, Mayor Reycraft tossed out the ball, and Umpire Hurst announced that the game was on.

Philadelphia outplayed Boston, both pitching and at the bat. Plank was in grand condition and held Boston to six hits. Boston's pitchers were batted hard, and nearly all the hits off them were bunched. Addie Joss, who pitched in the seventh inning, after 11 hits had been made off him. Ryan, who took his place, was very wild, and he was also batted up for two hits. Murphy led the hitting, with two doubles and two singles in five attempts, while Nichols made two singles and a double. Lord, with a single, a double and a Wagner with two singles, led Boston with the stick.

Manager Mack, of Philadelphia, used three of his young players in the game. Eddie Collins, who played second base, drove out two singles and received two passes. Strunk was used in centre field while McKinnis played shortstop and did fine work. The latter is a high school boy from Gloucester, Mass., and is only 18 years old. The score:

INASMUCH SOCIETY SOCIAL

Thamesville Ladies Achieve Decided
and Encouraging Success.

The bazaar ad social under the auspices of the "Inasmuch Society" held in the Methodist Church, Thamesville, on Wednesday afternoon and evening were, from the numerical and financial standpoint, decidedly successful. The prettily-decorated booths, and the white-robed young ladies presented a very attractive and festive appearance. A pleasing feature of the occasion was the presentation of an autograph quilt to the honorary president, Mrs. R. Fulton Irwin. The programme was presented by fourteen young ladies, members of the "Inasmuch Society," and was much appreciated and enjoyed. Rev. R. Fulton Irwin gave an address, in which he congratulated those who worked under the name of the "Inasmuch Society." Total proceeds were \$120.

LOBO GIRL AND MOTHER DO A PLUCKY DEED

Bravely Capture a Runaway Team of
Vicious Bronchos.

[Special to The Advertiser.]
Vanneck, April 12.—An heroic act of a Lobo little girl and her mother occurred on Friday. One of the Carmichael butter factory men, who draws cream from farmers in Lobo Township, stopped at Mr. Nathan Griffith's. He drove a vicious team of bronchos.

The man had not more than got off the wagon when the bronchos made a bolt, and ran east down the road, full gallop. Mr. Oliver, who lives half a mile down on the road, tried to stop them, but failed, so he ran into the house and phoned to Mrs. McNairn, who lives on the next lot to stop them. Mrs. McNairn and her little girl (11 years old) ran out. Mrs. McNairn made a grab for the near horse and missed him; but the little girl climbed up behind into the wagon, got hold of the lines, and stopped the runaways. She then turned the horses about and drove back to meet the driver, who was after them.

The horses when stopped were at full speed. The mother and girl are the wife and daughters of Ex-Councillor McNairn of Lobo.

This is another proof of the advantage of farmers having phones in their houses.

DEATH OF REV. J. W. ORR

Pastor of Dorchester Presbyterian
Church Succumbs to Heart
Trouble.

The death occurred at his home in Dorchester this morning of Rev. J. W. Orr, pastor of the Presbyterian Church. Mr. Orr had been ill only a short time with heart trouble. He was ordained in 1887 and was inducted into the pastorate at Dorchester on Oct. 6, 1896. He was well known in this city, being a regular attendant at the presbytery meetings. The funeral will be held on Wednesday at Goderich.

SOMBRA GIRL INJURED.

Sombra, April 12.—The 13-year-old daughter of James Thomas, living a few miles east of here, has a fractured skull, the result of an accident Saturday.

She was assisting with the chores at the stable. Her father was in the loft, and loosed one of the heavy poles which formed the floor, the end falling and striking the girl on top of the head.

Very little hope of recovery is entertained.

ST. THOMAS COUPLE ELOPED TO SARNIA

Husband Overtook Them and
Wife Goes Back—Former
Will Not Prosecute.

[Special to The Advertiser.]
Sarnia, April 12.—The wife of a Bell telephone employee, St. Thomas, and an employee of the Lyric Theatre of that city, eloped to Sarnia. They were located here yesterday afternoon by the lady's husband, who had the assistance of Chief Penningly and local officers. The elopers were registered at the Chapman Hotel under the name of "Mr. Seel and wife." After the arrest, the lady consented to return to St. Thomas with her husband, and both left last evening for home. The husband would not lay a charge against Thompson, and he was allowed his liberty.

TEACHERS' ALLIANCE IN CONVENTION

Encouraging Reports Presented
by the Officers—The New
Executive.

Toronto, April 12.—At the second annual meeting of the Ontario Teachers' Alliance last night, in the theatre of the Toronto Normal School, encouraging reports were presented by the secretary and treasurer, with recommendations by the former for the work of the coming year. The president, Dr. L. E. Embree, M. A., was in the chair.

The report of the secretary, Mr. Chas. G. Fraser, showed that there was a membership of nearly 600, and that since the time he had accepted the position of secretary at the request of the executive committee last October there had been a steady increase in the number of members joining the association. The treasurer's report presented by Mr. C. E. Kelly, of Hamilton, showed the total receipts of the year to be \$478.76, with an expenditure of \$108.

Dr. Embree, in his address, referred to the fact that there were between 12,000 and 13,000 teachers in the province who were qualified to become members of the association. It was claimed by some that teachers should not act together for the uplifting of the profession. He had more confidence in them than that, and believed that many would be willing to join the alliance, and help those who were already there. In work whose chief benefit would not be repaid by those who worked hardest to do it, he himself had nothing to hope from the alliance. The alliance could do good work in bringing about a better relation between teachers and the public.

He made the recommendation that teachers from outside places when employed in Toronto should be given credit for past experience, and that the scale of remuneration should not be absolutely on a basis of length of service, but should recognize merit as well.

It was decided that pupils in attendance at the training schools, faculty of education, Normal Schools and model schools should be eligible for membership in the alliance, also that any qualified person could become a life member of the alliance on the payment of \$10.

The following officers were elected for the year 1909-1910: President, Dr. L. E. Embree, M. A.; first vice-president, Miss L. A. Curran, M. A.; second vice-president, Mr. Wm. Scott, B. A., principal Toronto Normal School; secretary, Charles G. Fraser, principal Crawford street school, Toronto; treasurer, Mr. C. E. Kelly, principal public school, Hamilton;

auditors, Mr. E. S. Hogarth, B. A., Hamilton Collegiate Institute, G. A. Cole, principal public school, Orillia; Mr. J. T. Curtis, principal public school, Guelph, and Mr. W. E. Foster, principal public school, Brantford.

WRIGHT—ROBINSON

Londoner Takes a St. Thomas Lady
For His Bride.

One of the prettiest weddings of the season took place in St. Thomas yesterday at high noon when Miss Gertrude Robinson, daughter of the late John A. Robinson, barrister, was married to Edward W. Wright, of Toronto, formerly of this city. Mr. Wright is a son of Mr. and Mrs. Gordon Wright, of Elmwood avenue. The ceremony was performed by Ven. Archdeacon Hill at the bride's home on Metcalfe street, during a rainy day. The bride was given away by Judge Ermattinger, and entered the room amid the strains of Mendelssohn. Wedding March, played by Miss Jean McDonald, of Toronto. She wore a beautiful gown of white ivory satin, with a bridal veil and carried a bouquet of lilies of the valley. Miss Winifred Robinson, sister of the bride, acted as bridesmaid, and the groom was supported by Mr. John McGowan, of Toronto. A reception and wedding luncheon followed, at which Mrs. Robinson, as hostess, was assisted by Misses Clara Ellison, Helen Ideard, Mamie Domville, Louise Rabbitt, Margaret Robinson, Louise Murray.

Among the guests present were Mr. and Mrs. N. W. Rowell, Langford; Miss Rowell and Miss Mary Rowell, all of Toronto; Mr. and Mrs. Gordon Wright, of London, and Messrs. W. John and Newton Wright, also of London, and Miss Horton, of Cleveland, Judge and Mrs. Ermattinger, Percy Ermattinger, Mr. Ed. Horton, Mr. and Mrs. Coyne and the Misses Coyne.

Mr. and Mrs. Wright left on the afternoon train to visit a number of American cities, and on their return will reside in Toronto.

THE LEGISLATURE PROROGUED TODAY

First Session of Twelfth Legisla-
ture of Ontario Was Brief
But Busy.

[Special to The Advertiser.]

Toronto, April 13.—The twelfth Ontario Legislature was prorogued today with the customary ceremonies, there being nothing of unusual interest. Following was the reading of the Governor's speech from the throne:

Mr. Speaker and Gentlemen of the Legislative Assembly.—Although this, the first session of the twelfth Legislature of Ontario, has not occupied a long period of time, the number, the variety and the important character of the enactments placed upon the statute book, bear witness to the intelligence and the industry with which you have applied yourselves to the performance of your public duties.

Recent events have made it again clear that constant watchfulness is necessary to prevent interference with the jurisdiction of this and the other provinces through the medium of federal legislation, and it is to be hoped that a permanent understanding will be reached by means of which this danger may be removed.

A number of the measures enacted during the present session have been the result of the revision and consolidation of the statutes, a work which will be found to be unusually thorough in its nature.

Further legislation has been found necessary to facilitate the work of the hydro-electric commission and enable the Government to supply electrical energy through the commission at a minimum price to the public, while observing its obligations to investors.

I observe with satisfaction that a special committee of the Legislature will meet during the recess to investigate and report upon necessary amendments to and changes in the assessment law of the province.

At the last session of the late Legislature, a carefully prepared basis for a scheme of law reform was adopted, and I am glad to notice that full consideration of such scheme by you has resulted in the enactment of "an act for the better administration of justice, to amend the law relating to appeals and the cost of litigation, and for other purposes."

Cobalt Lake Case.
I observe with satisfaction that the subject of the Cobalt Lake case, which has been fully vindicated by the decision of the highest court of the province, and that the same has been determined in the particular legislation which was the subject of the attack did not, as was made because the claim put forward by them was entirely without foundation.

Public Finance.
It also affords me pleasure to be able to congratulate the province on the satisfactory state of the public finances, which continue to show a substantial surplus over the expenditure.

I thank you for the liberal appropriations you have made for the public education, which will result in a proper regard for economy and efficiency. In relieving you from the further performance of duties, I desire to thank you for the great public service you have rendered, and to join with you in the prayer that the blessing of Almighty God will rest upon our country and our people.

EASTER MEETING OF MISSIONARY SOCIETY

Ladies of Dundas Centre Metho-
dist Church Hear Splendid
Address.

The Easter meeting of the Women's Missionary Society of Dundas Centre Church was held Monday afternoon in the schoolroom.

The Young Ladies' Mission Circle and the officers of the mission band were guests of the society. The attendance was most gratifying.

Rev. Mr. Teasdale gave an address, talking for his subject "An Easter Message," and spoke the obligation of the ground is upon Christians everywhere to give not only of their means, but of their time and their talents to the Master's work. The address was most interesting and helpful.

Songs by Miss Annie Reid and Mrs. Wardell and a reading by Miss Hazel Smith were much appreciated. Mrs. J. H. Tennent spoke briefly of the ground of the women of China. The minutes of the last meeting were read.

This will be added to the amount necessary for the building of a hospital and training school for nurses now in course of erection in Chentu, China.

At the conclusion of the meeting, tea was served, and a social hour enjoyed by all.

FROZEN IN THE ICE

Tragic Death of a C. P. R. Operator
Near Farnham, Que.

Farnham, Que., April 13.—About a week ago, a man named E. Nadeau, on his way to his work, found a man lying in the water in a brook alongside of the Central Vermont track, about a quarter of a mile west of Farnham Station. A three-wheeled velocipede handcar was off the track opposite. The man was T. S. Bonneau, employed at North Troy, Vt., as night operator. It appears he had gone to his home at Marienville Saturday morning, using a velocipede, which he had borrowed, and that he was returning to Farnham to take the C. P. R. train to his work. It is quite evident that he fell off the handcar and rolled down the embankment into the water. When found he was frozen up in the ice, with part of his face out of the water. Mr. Bonneau was an ex-

VESTRY MEETING OF WOODSTOCK CHURCHES

Excellent Financial Reports of the
New and Old St. Paul's Churches.

[Special to The Advertiser.]
Woodstock, April 12.—The annual vestry meetings of the Anglican churches were held here this evening, and were largely attended. The reports of the churches were all adopted, and were of the most encouraging nature.

Rev. T. G. Wallace presided at the meeting of New St. Paul's, and the financial statement presented showed that the parochial collections amounted to \$2,529.39. The total receipts of the year were \$4,271.25. A report of the Woman's Auxiliary showed that during the year \$194.42 was collected, and the funds raised by the Women's Society raised \$400.16. The gross receipts from all sources totalled \$20,333.29.

Rev. R. H. Shaw presided at the meeting of Old St. Paul's. Old St. Paul's is now free from debt, and the balance that remained in the treasury was placed on the credit side of the church's current account. On Tuesday evening the Gray Memorial Hall will be opened.

DONALD CURRIE DEAD.
London, April 13.—The death is announced of Sir Donald Currie, the well-known ship owner. He was born in 1825.

Must Call a Halt To Pneumonia

IT OFTEN CANNOT BE CURED
BUT IT CAN BE PREVENTED.

Every Cold Must Be Taken Seriously,
and Care Taken in Selecting
Effective Treatment Such as Dr.
Chase's Syrup of Linseed and Turpentine.

While consumptives are being taken care of and tuberculosis is being conquered who is going to fight pneumonia, which seems each year to claim more and more victims?

It is the children and older people who yield most readily to this disease, but with the system run down or from undue exposure it is to be looked for as the result of any severe cold on the chest and lungs.

While the doctors are experimenting with cures why not do all we can to prevent this dreadful ailment by taking every cold seriously and using Dr. Chase's Syrup of Linseed and Turpentine to allay the inflammation of the bronchial tubes, to aid expectoration and to keep the cough free and loose.

This great medicine has a thorough and far-reaching action, which is not obtained from ordinary cough medicines, and this is why three bottles of it are sold for one of any similar treatment. It has proven its extraordinary value in the cure of coughs, colds, croup, bronchitis and asthma, and people have learned to trust it implicitly and to keep it constantly at hand.

Mrs. F. Dwyer, Chesherville, Ont., writes: "My little girl of three years had an attack of bronchial pneumonia, and this is why three bottles of it are sold for one of any similar treatment. It has proven its extraordinary value in the cure of coughs, colds, croup, bronchitis and asthma, and people have learned to trust it implicitly and to keep it constantly at hand."

FINANCIAL AND COMMERCIAL

POTATOES ADVANCED
FIVE CENTS A BAG

On London Market Today—
Grain Is Very Scarce—No
Wheat Being Offered.

Potatoes advanced five cents per bag on the local market this morning, and are now selling at 75 cents wholesale, and 80 cents per bag retail.

Potatoes are said to be very scarce throughout this district, and buyers from outside points are scouring Western Ontario, shipments are being made almost daily from Strathroy and points in Carleton and counties west of here, to Detroit, Toronto, Chicago and other places.

As a result farmers who have teamed loads of potatoes to London market for years are merely "sitting tight" and waiting for a change of price.

Grain Scarce.

Grain is also very scarce around London and few deliveries of any kind are being made. No wheat has been offered on the local square in two or three weeks, and buyers are unable to fill orders.

One farmer says that he could handle a dozen large loads himself, and that he will pay \$1.05 to \$1.07 per bushel. Others are in the same position, but it is thought that the farmers will not offer wheat until the price advanced from 90 cents to \$1.05 within a week.

A couple of loads of oats were brought in this morning, and were purchased at prices ranging from \$1.28 to \$1.42, according to quality.

Hay Prices.

Hay brought \$10 to \$11.50 per ton, and was somewhat scarce. No straw was offered.

Dressed hogs are now selling at \$5.25 to \$5.50 per cwt.

Maine syrup of inferior quality sold at \$1 per gallon today, while the richer stuff brought \$1.15 to \$1.25. The season is rapidly closing, and little syrup will be offered after this.

Following are the prices:

Grain.	
Wheat, per cwt.	\$1.35 to \$1.47
Oats, per cwt.	\$1.25 to \$1.30
Barley, per cwt.	\$1.24 to \$1.28

cattle offering. At the same time there was evident a keen demand for cattle among the few buyers present, and the prices accordingly were decidedly firm and strong, and on the whole a little higher than last week. The run was to 30 loads, with less than 600 head of cattle. Under these circumstances the best loads of cattle were soon picked up at top prices and buyers began to retire early from the field rather than force up prices in competing for the few loads and cattle of indifferent quality. A choice load of export cattle sold at \$5.50 and good loads of butchers at \$5.25 to \$5.40. The run was 30 loads, with 57 head of cattle, 14 sheep and lambs and 60 calves. Exporters—Market steady; good demand. Butchers—Steady demand for choice butchers cattle and prices steady to firm; common butchers, easier. Stockers and Feeders—Demand for good stock. HEMMINGS-GARRETT

A Pretty Wedding in West London Yesterday.

A very quiet but pretty wedding was solemnized at the home of Mr. and Mrs. Wm. Garrett, 123 Wilson avenue, West London, when their daughter Alice Anna, became the bride of Mr. Ralph W. V. Hemmings, of Windsor, Ont., son of the late William Jeffcott Hemmings, Esq., Birmingham, Eng.

The ceremony was performed by the Rev. G. B. Sage, rector of St. George's Church, West London.

The bride party entered the drawing room to the strains of the wedding march played by Miss Beatrice Garrett, sister of the bride.

The couple were unattended. The bride looked charming wearing a princess gown of Swiss embroidery, and carried a beautiful bouquet of bridal roses. Miss Madeline Jeffries made a charming little flower girl.

After congratulations, the guests adjourned to the dining room, where a sumptuous wedding breakfast was partaken of, the color effect of the dining room being very beautiful.

The bride was the recipient of a great number of handsome presents. Mr. and Mrs. Hemmings left on the 8:15 train for a honeymoon trip to points west, after which they will reside in Windsor, Ont.

ANGELIC CHURCHES ARE PROSPEROUS

Splendid Reports Presented at the Annual Vestry Meetings.

BALANCE ON RIGHT SIDE

Church Debts Reduced and Good Work Is Advancing in All Branches All Along Line.

The annual vestry meetings of the Anglican churches of the city were held last evening, and from the reports presented affairs are in splendid shape.

The meetings without exception were well attended. Noticeable features of the reports were the increase in the Sunday school membership, and the Laymen's Missionary Movement in many of the churches.

St. Paul's Cathedral.

St. Paul's annual vestry meeting was largely attended, and a great deal of business was transacted. Canon Dann presided, and made a brief address, in which he spoke of the increased attendance at all the services during the year, particularly those held in the evening. The mortgage debt has been reduced by \$1,000. In concluding Canon Dann spoke of the increased Laymen's Missionary Movement, which is stirring men all over the country, and urged the members of St. Paul's to take a greater interest in it.

The churchwardens' report presented by Dr. Moorhouse and Edwin Paul showed that during the year the mortgage on the church had been reduced from \$15,000 to \$14,000, and that \$1,000 had been added to the cemetery reserve fund, making a total now of \$7,000.

A report of the Sunday school presented by the secretary, Chester Butler, showed that the attendance throughout the year had been good. The collections during the year amounted to \$708.81, and after meeting all obligations a balance of \$48.54 remains in the treasury.

The financial statement presented by the church wardens showed that the receipts for the year amounted to \$1,577.07, of which \$6,228.21 was from pew rents and collections, \$444.44 from special collections, and \$2,971.16 from the synod collections.

The receipts from Woodland Cemetery totaled \$6,662.94, leaving a balance on hand after all expenses were paid of \$475.13.

1832, she came to London about the year 1850, and for 50 years was a resident of the city. She was married in 1861 to Mr. Thomas M'Curdy.

Mrs. M'Curdy was, up to the time she left London, deeply interested in church work, and was for a number of years an active member of St. James' Presbyterian Church, London. Her chief influence was in the Ladies' Aid Society of that church, of which society she was a past president in the late eighties. In 1901 the family moved to Stratford, where her sons, R. W. and T. H. M'Curdy, had gone into the hardware business. She was a member of Knox Church, Stratford, but of late years had not been active in church circles owing to advancing years.

The surviving members of her family are her husband, Mr. Thomas M'Curdy; R. W. and T. H. M'Curdy, of the firm of M'Curdy Bros., Stratford, and on daughter, Annie L., at home. A brother, Mr. Philip Murphy, resides at London Junction, Interment will take place at Woodlawn cemetery, in Stratford, on Tuesday, April 13.

PHONE CONNECTION WITH THE CITY WANTED

Pond Mills Residents Hold a Public Meeting to Discuss Question.

The residents of Pond Mills are seeking telephone connection with the city and district.

At a meeting held in the schoolhouse, when the question was discussed, Mr. W. E. Greene was chosen chairman, and Mr. A. Elliott acted as secretary.

Addresses were delivered by Col. R. McEwen, Wm. McEwen, and John McEwen, of Byron, on the telephone question, and the methods of organizing a company explained.

Mr. McEwen was appointed to investigate the situation and report at a meeting to be held shortly.

POPULAR COUPLE WERE MADE ONE

Marriage of Miss Minnie Row and Mr. James Knapp.

A fashionable wedding was solemnized April 12 at the residence of Mr. and Mrs. Wm. Row, when their daughter, Miss Minnie, was united in marriage to Mr. James Knapp, of Ingersoll.

Very Rev. Dean Davis officiated. The bride, looking handsome as she entered the drawing room, leaning on the arm of her father, in an elaborate ivory lace gown, mounted on a white satin. She wore the customary veil and orange blossoms, and carried bright roses. The bridesmaid was Miss Cora Thomas. The bride was assisted by her cousin, Miss Jennie McArthur, of Thamesford, who was attired in a charming gown of white, and was ring-bearer, and looked sweet in white mouseline de sole, with veil and flowers. While Mr. Jack Sumner, of Ingersoll, performed the duties of groomsmen.

The decorations were Easter lilies, anemones and ferns.

After congratulations all sat down to a dainty repast, after which the young couple left on a wedding tour, amid showers of rice and confetti.

The presents were numerous and beautiful. Among them was a handsome silver suit from the bride's parents.

The groom's gift to the bride was a gold watch and chain; to the bridesmaid, a garnet necklace; to the ring-bearer, a ruby ring; and to the best man, a pearl tiepin.

ANNUAL MEETING EPWORTH LEAGUE

Of the First Methodist Church Was Held Last Night.

The annual meeting of the Epworth League of the First Methodist Church was held last night in Wesley Hall. The reports of the various committees were received and adopted. These reports showed that the past year had been a singularly satisfactory one in every way.

Officers were elected as follows: President, Rev. W. J. Rutledge; president, Wm. B. Boyd; treasurer, C. B. Sifton; first vice-president, J. Evans; second vice-president, Miss L. Hardy; third vice-president, Miss M. Taylor; fourth vice-president, Miss G. Brock; corresponding secretary, Miss M. Elliott; recording secretary, Miss G. Brock; local union, C. Oram; superintendent of Junior League, Miss F. Gurd.

St. James' Church.

Just previous to the holding of the vestry meeting in St. James' Episcopal Church last night there was a meeting of the congregation, at which Messrs. J. C. Judd, J. A. Thomas and W. H. Hartman were appointed delegates to the synod.

The vestry meeting was then held. Very Rev. Dean Davis presided and presented a report in which he showed that during the year there were 22 baptisms, 20 confirmations, 13 marriages, 21 burials, 178 sermons, and 1,712 parochial visits. The dean has endeavored to leave his Episcopate at the Normal School, which he has had charge of ever since the school opened.

The number of communicants that attended the Easter services this year was the largest on record. The number of communicants attending the services in various years was shown by the churchwardens as follows: 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930.

In his report Dean Davis made special mention of the help sustained by the congregation in the death of Mr. John Pope. A memorial window, the funds for which were raised entirely by the Sunday school children, will be placed in the school in memory of Mr. Pope.

The financial statement presented by the church wardens showed that the total receipts for the year amounted to \$5,431.82, leaving a balance on hand of \$15.23. In the report the assets are placed at \$20,452.85, the church property and furniture being estimated at \$16,847, the Sunday school at \$5,000, and the deanery at \$4,000. The liabilities are a mortgage of \$4,550 and interest amounting to \$79.65.

The Sunday school is in a most flourishing condition, the receipts for the year amounting to \$533.64, and a balance remaining of \$58.82.

The statement of St. James' Church Guild shows receipts amounting to \$393.90, and expenditures of \$349.62.

A number of reports presented from various branches of the church indicate that all are in splendid shape, and are doing good work.

The work in the parish has become so great that it was unanimously decided to secure a curate to assist Dean Davis.

The sidesmen were appointed as follows: Rev. H. Widdowson, H. Milson, Frank Law, H. Logan, H. F. Whetter, W. H. Wallis, F. Nelson, H. A. Sabine, F. Wilson, Dr. Woolverton, and E. E. Nugent.

ANGELIC CHURCHES ARE PROSPEROUS

Splendid Reports Presented at the Annual Vestry Meetings.

BALANCE ON RIGHT SIDE

Church Debts Reduced and Good Work Is Advancing in All Branches All Along Line.

The annual vestry meetings of the Anglican churches of the city were held last evening, and from the reports presented affairs are in splendid shape.

The meetings without exception were well attended. Noticeable features of the reports were the increase in the Sunday school membership, and the Laymen's Missionary Movement in many of the churches.

St. Paul's Cathedral.

St. Paul's annual vestry meeting was largely attended, and a great deal of business was transacted. Canon Dann presided, and made a brief address, in which he spoke of the increased attendance at all the services during the year, particularly those held in the evening. The mortgage debt has been reduced by \$1,000. In concluding Canon Dann spoke of the increased Laymen's Missionary Movement, which is stirring men all over the country, and urged the members of St. Paul's to take a greater interest in it.

The churchwardens' report presented by Dr. Moorhouse and Edwin Paul showed that during the year the mortgage on the church had been reduced from \$15,000 to \$14,000, and that \$1,000 had been added to the cemetery reserve fund, making a total now of \$7,000.

A report of the Sunday school presented by the secretary, Chester Butler, showed that the attendance throughout the year had been good. The collections during the year amounted to \$708.81, and after meeting all obligations a balance of \$48.54 remains in the treasury.

The financial statement presented by the church wardens showed that the receipts for the year amounted to \$1,577.07, of which \$6,228.21 was from pew rents and collections, \$444.44 from special collections, and \$2,971.16 from the synod collections.

The receipts from Woodland Cemetery totaled \$6,662.94, leaving a balance on hand after all expenses were paid of \$475.13.

The weekly envelope offering amounted to \$1,024.80.
