PURE SUPPLY OF GAS CAN BE SECURED FOR THIS CITY WITHOUT DOUBT, SAYS MAYOR

His Worship Speaks on His Trip to Oil Springs—Doherty Interests Have Not Started Purifier—City Must Get Busy, He Says.

That there is not the slightest possibility that there is enough gas from the one gusher alone near Oil Springs owned by Mr. W. J. Aikens, Brantford, to supply London, Berlin, Stratford, Woodstock, Galt, Ingersoll, Paris and Brantford, was the statement of Mayor Spence yesterday following a visit of inspection at the gas well in question. Representatives from other municipalities were present and held the same view. The Mayor said the gusher was one of the most wonderful phenomena of nature he had ever seen. It was impossible to approach the gas well without muffling the ears as the terrific din would break a man's eardrums. The workers at the well could only work a short time and they had their ears covered with cotton covered by a coating of anti-phlogestins. As described by one of the municipal representatives present, the sound was as if "the very chimneys of hell had been tapped."

FEAR MILITANTS MIGHT ATTACK TEDDY ROOSEVELT

Consequently Ex-President's English Itinerary is Kept Secret.

LONDON, June 11.—Fears of suffragette activities have caused the withholding from publication in London of Col Theodore Roosevelt's engagements during his approaching visit to England. It is known however, that except for his lecture before the Royal Geographical Society, Col. Roosevelt, at his own request, will take no part in public functions while he is in London. On the other hand an extensive list of private entertainments has been arranged, so that he may have the opportunity of meeting prominent people whom he most desires to see. Sir Edward Grey, secretary of state for foreign affairs, is to give a luncheon in honor of Col. Roosevelt on June 15, and on that occasion most of the leading members of the Liberal party will be present. The Colonel is to spend the week-end at Chequers Court, the country residence in Buckinghamshire of Arthur Hamilton Lee, a Unionist member of the House of Commons, who is to be the host of the former President of the United States all the time he is in England.

Registration Up Till Noon Totals 661

Up to 1 o'clock noon to-day a total of 661 registrations were recorded throughout the five different registration offices since the booths opened yesterday morning at 9 o'clock. This certainly shows that the registration is proceeding very briskly. At No. 1—Quinlan's store, Col. Street, 118. At No. 2—83 Pearl street, 123. At No. 3—Court House, 124. At No. 4—533 Murray street, 120. At No. 5—Macdonald's store, Colborne street East, 205. At No. 6—Cammell's store, Eagle Park, 21.

ARE ALRIGHT.

PORT ARTHUR, Ont., June 11.—Wireless reports from the steamers Hamonic and Huronic report both those vessels at the proper points on their schedules, the Hamonic at Sault Ste. Marie and the Huronic at Duluth.

DUFFERINS AND DRAGOONS ARE FIGHTING TODAY

Big Sham Fight at Niagara Falls, Which Will Close Up Camp.

NIAGARA-ON-THE-LAKE, Ont. June 11.—The Niagara camp presented a very desolate appearance yesterday, occasioned by the entire division being in the field. At an early hour, yesterday morning the sounding of reveille by the garrison trumpets brought almost every officer and man out of their tents, and within a short time they were attired in full marching order and ready to march to Thorold and vicinity in order that they might take up their stations for the attack on Niagara, which will commence to-day. The white forces, under Lt. Col. Hill of the 44th, composed of the Royal Canadian Dragoons, 25th Brant Dragoons, and Royal Canadian Rifles, will occupy a position south of the Welland Canal, while the Blues under Lt. Col. Sir Henry Pellett, the 2nd Dragoons, the 19th, 38th and 91st, and the 37th, 39th, 44th, 77th and the field ambulance will provide the home guard. The Blues will move forward towards St. Catharines during the night, and it is likely that both forces will meet at an early hour in the morning somewhere in the neighborhood of Homer, on the stone road leading to the city. The troops will bivouac at what ever point they may reach to-morrow evening. Manoeuvres to End Camp. The return to camp will take place in the afternoon. These manoeuvres will practically end the present camp, as on Friday morning the different regiments will prepare for their departure. Before leaving for the field yesterday morning the 91st Highlanders were subjected to a "foot inspection" by their Colonel and medical officer. They formed up sans shoes and stockings, and each man was examined individually.

Public Bathing Spot Is Promised For City

"The City Council will at once take up the matter of a regulated bathing place for boys in the Grand River," was the announcement of Mayor Spence last night. "In this regard I believe prevention against drowning accidents much more effective than any restorative appliances which might be secured. More over I believe there should be a by-law naming one place only where boys can swim and it would not be a bad idea to have a fireman or some other competent person stationed there all the time during the summer. In this way we could get a place of safety. Any money spent in this direction would meet with the approval of citizens in general and at the next meeting of the council the matter will be at once dealt with."

Brantford Workingman Challenges Mr. J. Ham To A Public Debate

The Courier to-day received the following letter, which is self explanatory: To Joseph H. Ham: Sir—I notice in various copies of the Brantford Examiner that you, as a "Liberal candidate," wish to represent the people of South Brant. The kindly mention of "Social Reform" and "Development" being greatly to the front, as some of the good things you would wish to give to the people. Now as the workers are always in the majority, I take it you intend to help them. If that is your way of doing so, I wish here and now to tell you that your interests are not as theirs, your Social Reform is only one of the old humbugs, revived, simply a drawing card to catch votes. I claim you cannot help the worker with these reforms, and I now challenge you to debate the point at issue, and not let the workers go to the polls with the wool pulled over their eyes. I ask you fairly and squarely to prove your assertions in open debate. If you are afraid of losing votes, then of course you will ignore this challenge. If you are not afraid to take a chance, I am ready any time and place to defend my end of the challenge. Yours in readiness, JAMES S. WITHERS.

NEW LODGE OF ODDFELLOWS IS INSTITUTED

Memorable Occasion Was Observed in This City Last Evening.

Last night was a memorable evening in Oddfellowship in this city, when a new lodge, Mohawk by name, was successfully instituted. Oddfellows were present from Toronto, Hamilton, Kingston, Paris, and other points. The lodge was formerly instituted at 4.30 in the afternoon, and opened for the routine business at 7.30. Fifty-seven candidates were initiated besides a class of 14 received from other lodges. Grand Secretary Brooks of Toronto, Ex-Mayor Joseph Oliver of Toronto, and D. G. M. Thompson of Kingston, were present representing the Grand Lodge and complimented the brethren highly on their degree work. Paris lodge participated in the Initiatory degree, Gore lodge conferred the first, Harmony the second and Ayr Lodge the third degree. The following were the officers of the new lodge, elected: N. G. A. Wedlake, V. G. R. F. Miller, P. G. W. M. Sovereign; Ser. Sec. F. Chart; Fin. Sec. J. D. Hall; Treasurer, Geo. Whitwell. At the conclusion of the lodge session, the members and visitors adjourned to the Tea Pot Inn where Host Crumback had prepared an excellent spread. Speeches were delivered by several of the visiting brethren. Mohawk Lodge has got off to a splendid start and a most successful future seems to be in store for it.

Fourth Floor Gets Phone

The fourth floor dormitory members of the M.M.C.A. will soon rejoice in a telephone established on their own floor. For some time the existing arrangement has been unsatisfactory and the fourth floor in their might in protest, and by an agreement they will soon be able to phone from their floor to their heart's content.

CROOKS TAKE WARNING

The full strength of the Brantford force will be on duty to-morrow on the occasion of the visit of the great Ringling Circus and special detectives will watch all incoming trains for crooks who intend to reap a harvest. The chief issues a warning to all members of thieving fraternities that suspects will be arrested and detained until the circus has departed.

Bush Fires Start Again

[By Special Wire to The Courier] HAILEYBURY, Ont., June 11.—An exceptionally warm spell, coupled with a high wind, has fanned scores of bush fires into flame again in the north, and while no serious damage has been done to date, the fires are alarming. On Tuesday, the Haileybury fire department were called upon to fight two fires in separate sections which threatened outlying buildings. In New Liskeard yesterday the fire department fought for eight hours to save Kennedy's lumber yard and the T. & N. O. station, two hundred men with the engine and hose being stationed there the better part of the night. From all points in the district smoke and flames may easily be seen. In the majority of cases the fires are springing up in sections which were previously burned.

PARIS PASTOR MAY GO WEST AS EVANGELIST

Rev. R. G. MacBeth Invited to Take Up Work in Western Canada.

WOODSTOCK, Ont., June 11.—Rev. R. G. MacBeth, pastor of the leading Presbyterian church in Paris has been invited to take up evangelical work in Western Canada, and it is altogether likely that he will accept the offer. The invitation has come from a number of wealthy men, who agree to bear all expenses in connection with the proposed campaign. Mr. MacBeth will conduct the work not as a representative of the Presbyterian church, or as an official of the assembly, but as a private individual. He will be completely independent of any of the church boards. The group of men who have agreed to finance the undertaking believe that this is the best way in which to conduct the kind of work they have in mind, and have invited Mr. MacBeth to undertake it on account of his wide experience in the Western part of Canada. Though during the last few years his field has been in Ontario, he was for many years in the west, having been an officer in one of the forces sent out to put down the Kiel rebellion, and is familiar with the country. Since the beginning of the agitation for organic union Mr. MacBeth has achieved considerable prominence in the Canadian Church as a leader of the opposition. He was a moving spirit in the connection with the organization for continuing the Presbyterian Church in Canada, and has always been one of the strongest opponents of the movement. Mr. MacBeth has arranged to supply a pulpit in Vancouver for the month of September and while in the West will finally decide upon the proposal. The work he is asked to undertake is similar to that carried on by Dr. Wilbur Chapman, the United States evangelist, some years ago.

BRANT LOOKS GOOD

Mr. J. W. Westbrook Expresses Confidence in Outcome of Election.

"You need have little fear of North Brant" said Mr. J. W. Westbrook, the Conservative candidate to-day. Mr. Westbrook has just completed a thorough trip through the township and declares that he will have a larger majority from present indications than he did his first time out. Last night, with Mr. J. H. Fisher, M. P., he attended a garden party at Woodberry, near Princeton, just inside of the North Brant boundary. "In Paris, the organization never was in better shape, and they are all behind me fighting. I expect Burford will roll up a bigger majority than ever. In fact, all over the riding, I find nothing but enthusiasm prevailing in our ranks."

IT BEGINS TO LOOK AS IF THE BRITISH GOVERNMENT WILL GIVE WOMEN VOTES

Lloyd George's Recent Utterances Give Rise to That Belief—Liberal Papers Urge That An Injustice is Being Continued.

[By Special Wire to The Courier] LONDON, June 11.—Some significant indications are visible of a possible change of policy on the part of the government with regard to the suffragette question. David Lloyd-George, chancellor of the exchequer, addressing a meeting of the Women's Liberal Federation recently declared that only the militant campaign stood in the way of the women speedily getting the vote. According to inspired statements in the Liberal papers this morning, Home Secretary McKenna will make a statement in the House of Commons to-day on the government's views, but will suggest no new legislation on the subject. It is understood that the cabinet has refused to consider all the suggestions for legislation to indemnify the prison authorities in the case of death by hunger striking of the women prisoners, on the ground that such action would only lead to an increase in militancy and possibly to attacks on life. According to the police view, not more than about thirty women are actually engaged in incendiarism and the destruction of property. Editorials appearing in the Liberal papers this morning urging it as an injustice that a long delayed reform should be refused to the large body of women innocent of crime, because a few obstinate women persist in the policy of militancy, and they urge as an imperative necessity the stoppage of financial supplies which alone render the crimes of militancy possible and, they assert, will encourage the militant policy even after the vote is granted because it has been found by experience that militancy is the best means of stimulating subscriptions. The Government intends to institute a test case in the courts for the purpose of discovering whether an action for damages can be sustained against subscribers to the suffragette funds. The legal difficulties in the way of this course are admittedly great and the law officers of the crown are doubtful of its success, but it seems that no other course is possible as all the funds of the women's social and political union are deposited abroad.

TOWNSHIP COUNCIL ON IMPROVEMENTS; BETTER LIGHTING

Meeting Was Held Last Evening, When Hydro Proposition Was Explained.

The Township Council held a lengthy session last night when they gathered in full force to open the tenders for sidewalks and to discuss the matter. Messrs. P. H. Secord and Sons secured the contract for 7 1/2 miles of sidewalk to be constructed in the township and their price was as follows: Echo Place and Cainsville at 11 1/2 cents per square foot; Parkdale at 11 cents and Mount Pleasant at 10 1/2 cents per square foot. A deputation of Echo Place and Cainsville ratepayers put forward a strong plea for oiled roads in the districts and they gave instances of the great inconveniences caused to themselves by the dust nuisance. They had been driven from cool places on their lawns and windows had to be kept closed. They asked that the roads be oiled from the Hamilton road, they also asked for \$1,000 to put the road in thorough repair. Their request will be considered. Councillor Secord, who has worked hard for Hydro-Electric light in the township explained many details of his work in providing light for the Parkdale, Grandview and Echo Place districts. He showed a great knowledge of lighting systems and his views interested the council. Engineer Ireland introduced by Mr. Secord a talk on Hydro lighting and gave the procedure adopted. The council felt that the rural district must be efficiently lighted and they will give the matter early consideration. The council adjourned at the hour of eleven o'clock.

THAW TO PITTSBURG.

NEW YORK, June 11.—William Travers Jerome, representing the state of New York and counsel for Harry K. Thaw met in conference in New York to discuss a proposal that Thaw be allowed to go to Pittsburgh to testify in the matter of his father's estate. If this is agreed upon, the application before the United States Supreme Court to have Thaw admitted to bail pending decision on his habeas corpus writ, will be withdrawn. Thaw is now in New Hampshire. If he is allowed to go to Pittsburgh, he will be in the custody of a United States marshal.

BROTHER'S ARREST IS ORDERED BY THE JURY TODAY

Woman Who Drank Carbolic Thinking It Was Glass of Gin.

[By Special Wire to The Courier] RICHMOND, Que., June 11.—The coroner's jury investigating the death of Mrs. J. B. Viger, who died after partaking what she thought was gin, but proved to be carbolic acid, last night ordered the arrest of the victim's brother, Narcisse Petignat in order he might be examined as to his sanity. He believed it that Petignat, who is not overly bright was responsible for placing poison in the bottle of gin. A motive was revealed in the evidence. In examination last night Labadie, the brother-in-law admitted having trouble with Petignat, but testified that it was not of the slightest consequence. In view of the feeble-minded of Petignat, however, this grievance may have been magnified. Detective Samson of Montreal, worked on the case and it was largely on information that he was able to place before the jury the order for Petignat's arrest was issued. The prisoner was taken to St. Francis district jail where he will await medical examination. For some time the accused lived with his sister, the victim of the tragedy and appeared to be attached to her. The crime for which he is held, took place on Sunday forenoon, May 31 when after Petignat, Mrs. Viger and Labadie each drank a glass of gin. Mrs. Viger fell over unconscious and died in half an hour. The autopsy showed that Mrs. Viger's death had been caused by carbolic poisoning.

BULLETIN BOARD FOR 'Y'

A handsome bulletin board was yesterday established in the Y.M.C.A., and the first score it registered was as fitting, a meritorious win for Brantford over the league leaders. The board is made of quartered oak to match the fittings of the building and is modelled after the pattern of the board used in the Cleveland Y.M.C.A. It is a fine acquisition and occupies a prominent position in the hallway.

PURE SUPPLY OF GAS CAN BE SECURED FOR THIS CITY WITHOUT DOUBT, SAYS MAYOR

His Worship Speaks on His Trip to Oil Springs—Doherty Interests Have Not Started Purifier—City Must Get Busy, He Says.

That there is not the slightest possibility but that there is enough gas for the city is the opinion of Mayor Spence, who returned from Oil Springs, Ont., yesterday following a visit of inspection at the gas well in question. Representatives from other municipalities were present and held the same view. The Mayor said the gas well is one of the most wonderful phenomena of nature he had ever seen. It was impossible to approach the gas well without muffling the ears as the terrific din would break a man's eardrums. The workers at the well could only work a short time and they had their ears covered with cotton wool. As described by one of the municipal representatives present, it seemed as if "the very chimney of hell had been tapped."

The gas well is giving over 25 million feet per day and Mr. Aikens has already opened negotiations for the distribution of gas to Berlin and Waterloo and it is understood he is prepared to pipe the gas right through to Brantford. The quality of gas is superior to that of the Selkirk fields and is the purest natural gas in Canada. Just what effect the big strike will have on the Doherty interests is problematical. It is understood that Mr. Aikens will not sell out to the big interests but will enter into open competition with the sulphur gas from Tilbury. Other wells are being drilled thousands of acres having been secured.

While at Oil Springs, Mayor Spence got first hand news of what the Dominion Gas Company was doing regarding the erection of its purifiers at Glenwood. He was reliably informed that they had not one step had been taken there as yet to purify the gas, but that experiments were still being conducted at Denver Colorado. It was considered unlikely that the Doherty interests would spend three-quarters of a million on the erection of a purifier until they knew positively that purification was a success.

"If they don't get that gas purified," said Mayor Spence "we will invoke Mr. Brewster's legislation and drive the sulphur gas out of Brantford. We won't be cut off without a supply either, because it is the surest thing on earth that Oil Springs can supply Brantford with pure gas. In view of the fact that it was Mr. Brewster who secured the gas bill it looks as if the bill is to be invoked and it would be foolish for Brantford to send any other man to Toronto than Mr. Brewster to see this thing through."

Public Bathing Spot Is Promised For City

"The City Council will at once take up the matter of a regulated bathing place for boys in the Grand River," was the announcement of Mayor Spence last night. "In this regard I believe prevention against drowning accidents much more effective than any restorative appliances which might be secured. More over I believe there should be a by-law naming one place only where boys can swim and that would not be a bad idea to have a fireman or some other competent person stationed there all the time during the summer. In this way we could get a place of safety. Any money spent in this direction would meet with the approval of citizens in general and at the next meeting of the council the matter will be at once dealt with."

The reference in the Courier last night to a civic regulated bathing place in the Grand River evoked considerable interest and the feeling prevails that by the expenditure of a moderate sum each year there would not only be the prevention of loss of life, but parents would have the satisfaction of knowing at all times that their boys were safe at the river.

SEARCH FOR THEM

Mounted Police Will Spend Three Years in Arctic for Two Bodies.

REGINA, June 11.—To search for the bodies of Radford and Street, explorers and engineers, who went into the polar regions some three years ago, and were reported murdered by Eskimos, a party of mounted policemen under Inspector Beyte, leave Regina about June 20th. It is not yet known how many men will form the party, but supplies and equipment must be taken for three years.

The task they are to undertake will be one of the most arduous and probably also one of the most perilous ever embarked upon members of the veteran force of the Northwest. The party will commence their investigations in the territory adjacent to Chesterfield Inlet, and the country which they will have to cover is the bleakest in all Canada. The party will maintain order at Hudson posts and patrol one thousand miles inland.

HAS NEW CROP OF HAIR, 106 YEARS OLD

Iowan Says He Will Live Twenty Years More and Enjoy it.

WATERLOO, Ia., June 11.—With a clear mind, a steady eye and possessed of the ability to relate many of the thrilling experiences of his early life, as well as intelligently to discuss present day questions of moment, Peter Plunkett of Waucoma in Payette county, who is over 108 years of age, is one of the most unique figures in this section of the country.

A nephew is authority for the statement that for several years Mr. Plunkett has been afflicted with a scarcity of hair on his head, but that now his hair has grown again and that it falls below the back of his neck.

Sight Restored.
The nephew also asserts that for two or three years the aged gentleman was blind in both eyes, but that his sight is now restored and he uses his optics without trouble.

Mr. Plunkett is a native of the "old sod" having been born in County Wicklow, Ireland. He came to America while a boy, and since settling forth on these shores has led an adventurous life. Mr. Plunkett cast his first vote for James T. Polk for President, and at the present time is an ardent supporter of the Republican party. He is well versed in both the tariff and currency legislation and talks intelligently upon the subject.

He is also intensely interested in the probabilities of war with Mexico. Last Sunday, while talking to a Mr. Goss, he asked the local man's opinion of the situation. Mr. Goss replied that he did not think there would be war. To which the aged man replied,

"It will be a good thing for the Mexicans."

Mr. Plunkett possesses the unique distinction of having worked on the Panama Canal when the French attempted to build it. His work was to carry out the dead men and bury them. He states that they died off like rats from the fever and that the bodies of the workmen were carried out like cordwood. The remains were thrown into a big hole dug to accommodate several bodies, and loose dirt thrown over them. Mr. Plunkett states that the men would work several months excavating for the "big ditch", when a huge landslide would fall and deposit whole mountains in the newly excavated ground.

After he had quit his work on the canal, Mr. Plunkett crossed over to Mexico and made his way up the Rio Grande. He takes exceptional pride in the assertion that he has slept on every foot of that river's banks.

Mr. Plunkett, in company with another person, also drove a yoke of oxen from New York to San Francisco in the early days. Two years were consumed in making the trip and the party encountered many blood-curdling experiences. Many were the times, he says, that they came across the charred or decomposed remains of other travelers who had been unfortunate enough to fall into the hands of the Indians.

During his early days Mr. Plunkett was known as considerable of a fighter. He styled himself the "California Tiger" and enjoyed nothing better than to participate in a "scrap". Only two of the twelve children of Mr. Plunkett now survive, but he has a large number of grandchildren and great-grandchildren. He lives about among these, his heirs, and appears to take a profound delight in life. He asserts that he will live for twenty years more. He wanders about the farm and often takes charge of some job and bosses it.

Junior Events Run Off
The Agricultural Park last night was the scene of some interesting athletic events, when the juniors of the Y.M.C.A. ran off the 50 yards handicap and high jump event. The heat winners of the 50 yards handicap were Bulmer Smith, Waddington and Simpson, and the final results in a hot finish with Bulmer leading from Simpson, who was followed by Waddington. The high jump was made by R. Smith, A. Simpson and D. Youmans, the winner being Smith who cleared 4 feet 8 inches. Apart from this, a general practice was held on the green sward of the park.

Township Prepares Ballot Boxes
Ballot boxes were emptied and prepared for the coming election at the Township offices this morning. It was noticeable that the boxes were of an old type, and bore Queen Victoria's sign of office, V. R. They have the old fashioned round holes through which ballots are put after being rolled. The newer type of box bears a slot, and the votes folded once are easily dropped into the aperture.

ANOTHER WAR

Between Greece and Turkey is Predicted by the London Times.

LONDON, June 11.—Another war between Greece and Turkey is foreshadowed to-day by the Times, which says the unrest in the Balkans has become acute. Several of the states, it says, have recently been employed in clearing their newly acquired territory of "undesirable" elements, and the Bulgarians have been the principal sufferers.

The unrest is attributed by the newspapers to the drastic policy of the Young Turks in expelling all Greeks from Asia Minor and Turkish Thrace. It believes this policy is a prelude to a declaration of war upon Greece, the main object being the reconquest by Turkey of Saloniki and the re-occupation of Macedonia.

The executive of the Brantford and Paris league met last night in the Y. M. C. A., when a very brief session was held, the principal business being the arranging of the benefit match in favor of Fred Hingley, who was injured two weeks ago. The match was fixed to take place at 10-30 on July 1st, and the all star team to play Tuttle was selected and it was as follows: Briar, Paris; Boland, Duffs; Stubbs, Cockshtts; Maich, Cockshtts; Morrow, Scots; Nevin, Paris; Plant, Cockshtts; Humphries, Duffs; Solman and Coburn Holmedale; and Richardson, Scots. Reserves, Fergie, W. Johnson and Benson. Bob Plant, captain.

The protests of the S. O. E. against the result of their match with the Duffs, and of the P. S. A. against the Scots were not heard as the referees of the games were not present. They will be gone into next week.

ANOTHER WAR

Between Greece and Turkey is Predicted by the London Times.

LONDON, June 11.—Another war between Greece and Turkey is foreshadowed to-day by the Times, which says the unrest in the Balkans has become acute. Several of the states, it says, have recently been employed in clearing their newly acquired territory of "undesirable" elements, and the Bulgarians have been the principal sufferers.

The unrest is attributed by the newspapers to the drastic policy of the Young Turks in expelling all Greeks from Asia Minor and Turkish Thrace. It believes this policy is a prelude to a declaration of war upon Greece, the main object being the reconquest by Turkey of Saloniki and the re-occupation of Macedonia.

BY-LAW NO. 1292

Of the Corporation of the City of Brantford. To provide for guaranteeing bonds of the Brantford Industrial Realty Company, Limited.

Whereas a number of persons interested in the commercial welfare of the City of Brantford have formed a company known as The Brantford Industrial Realty Company, Limited, for the purpose of acquiring lands and premises and erecting buildings for industrial purposes:

And, whereas, the said company is not intended by its shareholders as a speculative enterprise, they being willing to limit the profit upon the moneys invested by them to the payment of dividends at a rate not exceeding six per cent. per annum, provided the same is earned by the company:

And, whereas, by Special Act of the Legislature of the Province of Ontario the Corporation of the City of Brantford is given authority to guarantee the bonds of said company with the approval of the electors qualified to vote on by-laws for creating debts and it is desirable to do so:

The Municipal Council of the Corporation of the City of Brantford therefore enacts:

1. It shall be lawful for the Corporation of the City of Brantford to guarantee the payment of the principal and interest of bonds of the Brantford Industrial Realty Company, Limited, of an amount not exceeding one hundred thousand dollars.

2. The Brantford Realty Company, Limited, shall not issue bonds in excess of seventy-five per cent. of the cost of lands purchased and buildings for industrial purposes erected thereon by the company and in every case the corporation of the City of Brantford shall be secured by a first mortgage upon said lands and buildings for the amount of the principal sum of the bonds issued in respect thereof and guaranteed by the Corporation which mortgage shall be conditioned for the payment in each case of the principal moneys and interest represented by said bonds.

3. Upon compliance with the terms of this By-law the Mayor of the Corporation of the City of Brantford is hereby authorized to take in advance of the payment of the principal and interest secured by bonds of the

1914. City Clerk. Mayor.

TAKE NOTICE that the above is a true copy of a proposed By-law, and that if the assent of the electors is obtained to it it will be taken into consideration by the Municipal Council of the Corporation of the City of Brantford after the expiration of one month from the date of the first publication of same, which is the 28th day of May, 1914, and that a tenant who desires to vote must deliver to the Clerk not later than the seventh day before the day appointed for taking the vote a declaration provided for by sub-section 2 of Section 265 of the Municipal Act.

TAKE FURTHER NOTICE that Thursday, the 25th day of June, 1914, between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon, has been appointed for taking the votes of the electors of the City of Brantford entitled to vote on By-laws for the creation of debts at the following places and by the following deputy returning officers, namely:

Table with columns: Polling Subdivision Number, Polling Place, Deputy Returning Officer.

TAKE NOTICE FURTHER that Tuesday, the 23rd day of June, 1914, at the hour of 11 o'clock in the forenoon, the Mayor of the City of Brantford will attend at the City Hall for the purpose of appointing persons to attend at the various polling places and at the final summing-up of the votes on said By-law by the Clerk on behalf of the persons interested in and promoting or opposing same, which said summing-up shall be Friday, the 26th day of June, 1914, at the hour of ten o'clock in the forenoon, at the said City Hall.

H. F. LEONARD, City Clerk.

Returned from Camp. Sergeant Major Cara of C Squadron of the 25th Brant Dragons returned from camp yesterday and reported back on duty this morning. Of Great Importance To Brantford

All the indications, and the testimony of Mayor Spence and representatives of other municipalities, after visiting the scene, demonstrates that a most remarkable flow of natural gas has been struck at Oil Springs.

What's more, it is of the pure variety—none of your sulphuretted flavoring about it.

There is no need to dwell upon the importance of this discovery to the people of Brantford. Furthermore, there is equal cause for satisfaction over the manner in which the representative for this riding acted in the matter last session.

Not only has W. S. Brewster, K.C., M.P.P., proved an able supporter of Good Government in this province, but he has, as the member for South Brant, shown that kind of initiative in behalf of the people he represents which has won for him not only distinction in the Legislature, but encomiums from his constituents of all ranks.

Here are two of the clauses of Mr. Brewster's Public Utilities Act, which was made law at the recent session of the Legislature.

(1) After the same have first been submitted to and approved of by the Lieutenant-Governor in Council by-laws may be passed by the councils of all municipalities to prohibit the sale or distribution within the municipality of natural or manufactured gas containing sulphuretted hydrogen.

(2) If a company contravenes the provisions of any such by-law or after the passing of such by-law neglects or refuses to furnish supply sufficient for all public and private uses of gas not containing sulphuretted hydrogen any right, privilege or franchise which it possesses for the sale or distribution of natural or manufactured gas within the municipality shall ipso facto come to an end and be determined.

It pays to have a real live member like W. S. Brewster, K.C., as South Brant's representative. It will pay to keep him.

SEE TO IT

Remember that the result of the election in South Brant will, to a large extent, depend upon the outcome of the present registration. More than one case has been come across of men who, because they voted for Mayor last year, erroneously considered they were on the list for the Provincial House.

MR. HAM AS A LOAN

During the course of a speech in the local Reform rooms Ex-Ald. Lyle said:—

"Mr. Ham had consented to be their standard bearer in the forthcoming election, and was working hard. The honor of Liberalism was at stake in this election, for if Mr. Ham, after loaning himself, was successful, all would claim that 'We won' but if Mr. Ham lost, then they would perhaps say 'Brewster trimmed him.'"

A loan eh? That's enough to make some of the old time Grits hereabouts pinch themselves to see if they are alive.

Just think of it! The once flourishing Liberal party in this good burgh who used to carry the Riding with a high hand by majorities of 500 and more, unable to find a man in their own ranks to carry the standard! And then forced to borrow someone. Ye gods, what a debacle.

And speaking of Mr. Ham, it is noticeable that on the same occasion he used this language regarding Hydro Electric:—

"It was Sir George W. Ross' foundations which had been built upon, despite the fact that electricity was in Ross' time an experiment. The Liberal party had never opposed the hydro-electric scheme in the house, although some capitalists done so."

If the Courier recollects, Sir George, whom Mr. Ham in his new found party zeal now lauds so highly, was opposed together with his principles by Mr. Ham at the polls. If this paper is incorrect, it will readily state the fact. If correct, then it is up to the local Rowellite candidate to do some explaining.

Post Office Returns

The post office returns for the month of May show an increase upon the business done during the corresponding month last year.

NOTES AND COMMENTS

Register. * * *

Young man, be sure you register.

According to Ex-Ald. Lyle, Ham is a loan.

Two more weeks of hustle and get there.

So Mr. Ham thinks that working-men, as such, are not good debaters, eh?

It must be said that the efforts to turn the Methodist Church into a voting machine have failed, and properly so.

From all over the province, come reports that temperance people refuse to have their objective made a football of for party purposes.

Rowell says, abolish the bar by electing me premier. It's a pretty big handicap to put on a great moral movement.

The campaign which Mr. J. W. Westbrook is putting up in North Brant, is exciting the admiration of all his friends. Mr. Westbrook has the riding with him.

The prison farm scheme of the Ontario Government alone is claim enough on the voting conscience of the people of Ontario for its return by a handsome majority.

The Whitney Government put a quick stop to bi-lingualism in Ontario schools by withdrawing grants where English was not the language of instruction. Isn't that worthy of support.

The temperance people had 20 years of broken pledges under Mowat, Hardy and Ross. It is extremely remote that they will ask for a return of that order of things under Rowell.

By the Scott Act or by Local Option, every bar in the Province can be abolished. Why should temperance Conservatives not support the honest and straight government of Sir James?

In the last days of Rossism, Rowell put party before principle by supporting Ross tooth and nail. He can scarcely expect the Conservative temperance people will not remember his little part in the sad drama of 1905.

The Expositor and its Liberal friends would still have Brantford in

SOUTH BRANT'S CANDIDATE

Mr. W. S. Brewster does not need any introduction to the people of this city and county. Through the medium of his profession as a lawyer, then early in his career as a prominent figure in municipal life, next as a parliamentary candidate, and finally member—these and other things have kept him very much in the public eye during an exceptionally successful career.

However, a few facts as to his life will at this time prove of general interest. Mr. Brewster was born in Northumberland county, the son of a farmer. After a public school and collegiate institute course he entered Victoria University, from which he graduated as a B.A. His student career was exceptionally fine, and he won the gold medal in classics. Having decided to enter upon a legal career, he came to Brantford many years ago and entered as a student with Messrs. Fitch and Lees, who then had a large practice here. After two years with them, he spent another two years with the well-known Toronto firm of Moss, Hoyle & Aylesworth, and after passing most successfully he was called to the bar and commenced practice here in 1885 as a partner of Mr. Fitch, Mr. Lees in the interim having passed away. He next practised alone, and then became the head of the firm of Brewster, Muirhead & Heyd, now Brewster & Heyd. The subject of this sketch has long held a foremost position at the bar, not alone in this vicinity, but also in the province at large. This latter fact was abundantly demonstrated when some three years ago he was elected a member of the Benchers of the Law Society of Ontario. This is a very high honor, as appointment is by vote of the entire legal fraternity of the province.

Mr. Brewster is not only a sound lawyer in what is known as the "office" sense of the term, but he is also a brilliant court counsel-

South Brant's Candidate For Good Government

Mr. W. S. Brewster, K. C.

—keen in cross-examination and most effective in jury addresses. He has often been called upon to act as Crown Counsel, notably when he brought Kennedy, who killed a little girl, to conviction, after he had been loosely allowed to escape the first time. Also in the case of Jack Bennett, charged with an atrocious murder, and Felix Doyle, who, although convicted, had the sentence commuted to imprisonment for life because of weak intellect. In all these instances Mr. Brewster, acting for the Crown, held the balance true, although bringing out the facts in unanswerable fashion.

His first public activities in this community consisted of membership of the Public School Board, of which he afterwards became chairman. He next entered the City Council as alderman for four years, finally as chairman of the finance committee. Then the call came in 1905 to carry the Conservative banner in an Ontario election fight and although he did not win against Mr. T. H. Preston in that instance, he pulled a large old-time Liberal majority down to comparatively small figures. Next time he defeated Mr. M. McEwen by 199 and last time Mr. M. Harris by 384.

After reaching Toronto Mr. Brewster was speedily recognized as having all the equipment making for parliamentary prominence. He has more than once been given charge of Government measures, and is a member of three very important committees—Legal Committee, Private Bills Committee and Privileges and Elections Committee.

Among other things, he took a leading part in helping to frame, and, together with J. W. Westbrook, M.P., North Brant, getting through the Gas Bill, which meant so much for the people of Brantford and Paris. Also, together with Mr. Westbrook, he secured an agricultural representative for Brant county. Another of his acts has been to secure a Free Employment Bureau in Brantford.

He introduced a Bill, but unsuccessfully, to abolish the property qualification for aldermen, secured a bass hatchery in Brant county, to which there has now been added, at a cost of some \$3,000, a trout hatchery; obtained two large wings, greatly needed, at the School for the Blind, at a cost of \$120,000, got through the Hospital Bill, having a clause added to place a representative of the Trades and Labor Council on the Board of Governors, and so on.

Perhaps the activity of which he is most proud—and rightly so—is the part he took with regard to the Workmen's Compensation Act. In reference to this splendid measure he was in constant consultation with Hon. Mr. Lucas, who had charge of the bill, and his assistance was highly appreciated by Sir James Whitney and the members generally.

In religion he is a foremost adherent of the Brant Avenue Methodist Church, and is its treasurer and superintendent of the Sunday school.

For every reason it will therefore readily be seen that Mr. Brewster is thoroughly entitled to continued and hearty support, not alone because he backs the best and cleanest Government Ontario has ever possessed, but also upon personal grounds and valuable service.

That he will win is certain, but in addition it is only the part of due recognition and proper appreciation to make that victory most emphatic.

The Cataract grip, had the people been easily fooled in that regard. They are not being fooled now, by any pre-election professions of public ownership.

Brantford workmen, who have cheap electric light and are looking forward to still further reductions, would appreciate actions on the part of the Liberal candidate rather than words in the matter of public ownership of public utilities.

A Government which gives a workman 55 per cent of his wages, when injured, no matter how, and guarantees \$20 per month to his widow if he is killed, also \$5 per month to each child, under 16 years of age, is not the government that can be called unfriendly to labor.

When Sir James Whitney came into power, there were only 27 municipalities under local option. To-day out of 842, there are 347 under local op-

tion and in 158 others, no licenses are issued. That kind of temperance progress is the kind which is permanent.

Mr. Ham says he did not vote against the by-law whereby he and his business associates secured civic property. The records at the City Hall show that he did vote against it despite the fact that at the very meeting he had previously signed a report and moved a resolution recommending the deal.

For some years now the Courier has urged each summer that there should be a safe spot set aside in the Grand River for bathing, with a man in attendance in the lifeboat. This craft is kept in the fire hall and has never yet been in time to save anyone. It might as well be located in Paris.

To The Editor

GOOD AND BAD.

Editor of the Courier: Sir,—Last night an Armenian and his wife attacked a young man in Victoria park and a fight was soon the result. The three had ones.

The Armenians of the city are very bitter against them, as they can't tolerate disorderly conduct of that sort. But, of course, there are bad men among Armenians as well as among other nations. We hope that good Canadians will be broad minded enough to not blame the whole Armenian colony for these three bad ones. We have many good Armenians in town of whom anybody would be proud.

A BIG SNAKE NEARLY CHOKED MAN'S LIFE OUT

Brave Girl at Guelph Threw Smelling Salts Down the Reptile's Throat.

GUELPH, June 11—An act of conspicuous heroism was performed at the Exhibition Park by one of the lady performers of a travelling show, and an exciting occurrence was shorn of fatal termination by the cool headiness and bravery of the young woman in question. A man named Harry Thomas, employed as an assistant in the snake exhibit, entered the "pit" or enclosure occupied by "Edward the Great," a gigantic South American python, which recently arrived and which has not yet become accustomed to its surroundings. "Edward" weighs over 300 pounds and measures 34 inches in circumference at his thickest point, and this added to the naturally intractable disposition of a serpent fresh from his native wilds, makes the big snake a dangerous opponent if not carefully approached. Thomas, who is an octopus, was engaged in sweeping out the snake den, when, without the slightest warning, he found himself enveloped in the great serpent's clammy coils. Thomas was able to give one shout for assistance before the constricting body tightened about his throat, and he lapsed into unconsciousness wrapped from neck to ankles in the scaly monster's evil-smelling folds. Marguerite Still, cashier of the show, was in the ticket booth outside and was the only one who heard the choking scream of the unfortunate Thomas. With rare presence of mind she dashed into the snake enclosure where Thomas lay inert in the coils of the great serpent, and seizing a small iron bar, partially pried the tropical destroyer from his victim. Then, hurriedly taking from her reticule a vial of smelling salts she poured the entire contents into the open hissing mouth of the snake. Choking under the powerful fumes, the huge snake relaxed its pressure, and several employees rallying to Miss Still's call for help, succeeded in freeing Thomas from the coils which in a moment more, would have crushed out his life.

Birthdays of Note

THURSDAY, JUNE ELEVENTH

This is the natal day of William F. Carroll, B.A., member of Parliament for South Cape Breton. He was born thirty seven years ago at Margaree, P. N. S. He was educated for the bar. His Parliamentary career only extends back to 1911, when he was elected for a small majority after being defeated the same year in the provincial election. He is a Liberal.

A brother member also observes his birthday today in the person of J. A. McMillan, M.P. for Glengarry, who is three years senior. He is in business in the town of Alexandria and first entered Parliament in 1908.

Kersmith & Kicksaw deal in wax and Chinese eggs and carpet tacks. They are good sports in every way; they cough up money every day to make the town a better place in which to live and push your face, who wait on patrons in their store. Our cross roads burg they would up-build, and see it with glad people filled, and to that end they blow their scads like truly patriotic lads. But when we need of eggs a few, we send away to Timbuctoo; and when a carpet tack we wish, it's shipped from Ypsilanti. Mich. Each has the notion in his dome that things are best away from home, and so we order hods and hats, and humming birds and Maltese cats, from strangers in some town remote, who would not know us from a goat. We ship away our hard earned kale, and get our fourth rate junk by mail. Say, are we seers, or are we fools? Those strangers don't support our schools, or keep the peeler on his beat, or help to pave Commercial street. They do not paint the village pump or build a fence around the dump. If our old burg were blown away they wouldn't care a bale of hay. Kersmith & Kicksaw ought to get the local trade, already yet.

ADDRESS ON THE MISSIONS

Feature of Convention --Hamilton Women Closing Session To

The second day's session of the 20th annual meeting of the Women's Missionary Society of the Methodist Church, Hamilton, commenced this morning at 10 o'clock and closed at 6 o'clock this evening in Colborne St. Church and proved exceedingly interesting and most successful. The program was by power, but the spirit of the Scripture verse on the floor, the program and this seems to be key-note of all the meetings, "different conferences, the various classes, the various discussions, seemed to be ruled over and permeated by that Spirit of the First Great Missionary and a great forwardness in the advancement of the cause, missions and the carrying of the Cross of Calvary to those that sit in darkness, both in our country and foreign lands, has certainly been taken by the holding of this meeting. No delegate could attend the meetings without learning something of missionary work and enterprise, each one will undoubtedly take to their respective societies or to an enthusiasm for the cause of Christianity that shall work untold benediction to the home church and to the church as a whole.

The afternoon session was opened by devotional exercises, led by Milton District. Minutes of the afternoon were read and adopted. Reports were then received from the Welland, Brantford and Woodstock districts.

The following District Organizers were then appointed: Brantford—Mrs. G. S. Chrys; Galt—Mrs. John Sherwood Taylor; Guelph—Mrs. R. L. Guhl, Redwood.

Milton—Mrs. S. R. Beers, Milton; Forest—Mrs. Callaway, Forest; Norwich—Miss N. Lancaster, E. gessville.

Preparation, Conduct and Purpose of Meeting—Mrs. Laker, Hamilton; How We Create and Hold Interest in our Bands—Mrs. Robinson, Guelph; The Most Interesting Program—Miss Machel, Jarvis.

A model Auxiliary Meeting was conducted by Mrs. Avah M. Lach and assisted by the delegates in Hamilton. As far as possible this program was carried through so that the delegation might have instructed as to systematic methods of conducting their auxiliary meetings in a business like way.

This was followed by an address by Mrs. Morton of Hamilton. "Systematic Giving, Mrs. Morton address was one of the best delivered at the convention and she explained in a clear and concise manner the great advantages of and the good results that accrue from systematic giving.

The evening session opened with Rev. T. E. Holting, pastor of the church, in the chair. The opening exercises were conducted by Rev. E. Lavell, B.A., who after the singing of the hymn "Oh Thou Who Camest from Above" led in prayer. Rev. Mr. Lavell, then as chairman

RED SOX, WITH GERO PITCHING, WON EXCITING GAME FROM KOCKNEYS

Twelve Innings of Real Baseball Behind the Dyke Yesterday Afternoon.

LaCroix's Smash Breaks Up Extra Inning Affair Giving Sox 2-1 Victory

For a pitcher who is regarded as having a homely countenance, Mr. Henry Gero is immensely popular just now with the fair and unfair sex of this city and all other genders of the baseball fan as a result of the fact that he pitched a remarkable brand of baseball yesterday. Fans who came to knock remained to root and they remained twelve long innings, all chock full of sensational thrilling baseball, the kind which even Ringling Brothers won't have along here to-morrow.

For a real thriller, yesterday's 12-innings contest, which Brantford won 2-1, has everything this year backed off the boards. It's true that it was a pitcher's battle, but there were hits and some mighty clever fielding.

If we were going to pick out the feature innings of the entire fray we would not refer to the twelfth, which was nice enough, but to the eighth. This round contained really the London knockout and it reflected the speed artist Gero in all his glory. There was one out when Whitecraft drew a base on balls on what appeared like bad umpiring. Lamy who came next, got a sizzling hit past third and into left field. Whitecraft followed to third and Lamy perched on second. With only one out things looked dangerous. Bierbauer was up and promptly took two strikes. Then he drew three balls. It came to the pinch and Gero curved a beauty over the centre. Bierbauer hitting after it was in LaCroix's mitt. This made two out, with Reidy, always dangerous up.

Feature Play

Reidy drew two strikes and then he hit one right at Gero a mile a minute. The ball deflected over towards Bill Roth, and the latter made a swell play of it. He timed his run perfectly to Deneau, beating the runner by a step and it was all over. In this round Gero pitched swell ball, but he was also backed up by a beautiful

By innings—

Summary—Runs—Whitcraft, Burns, Roth, Deneau, Dolan, Lamy, Sacrifice hits—Wagner, Honeck, Lacroix, Whitcraft, Long. Base on balls—Deneau, Dolan, Lamy, Sacrifice hits—Wagner, Honeck, Lacroix, Whitcraft, Long. Double play—Lamy to Bierbauer to Linneburn. Left on bases—London 9, Brantford 7. Umpires—Selfert and Reid.

It looked as if the trouble period was safely over. In the first Burns was not again until the twelfth when London again appeared dangerous. With one out, Mullen and Snyder both singled sharply to left, but Steiger and Linneburn were easy outs.

The Red Sox looked formidable at the bat just as London did in one of two innings only. In the first Burns singled and was sacrificed, Ivers walked and Burns scored on Dolan's two-base hit to right.

Things went on until the sixth when Deneau doubled with two out, but was left stranded. Burns singled in the eighth and the side was quickly retired in the ninth.

In the tenth, however, there was trouble in the air. With Honeck on first, Gero singled and Burns was deliberately walked, Steiger preferring to take a chance on Wagner. But Deneau crossed the pitcher and got into Eddie Taylor. With the count two and two on him, Taylor fled to left.

In the eleventh both sides were quickly retired, and London also went out in the twelfth, although threatening in Brantford's half, old man Roth drew a base on balls and was advanced to second by Honeck. Then LaCroix came up and binned Reidy to left scoring Roth with the winning run. The hit was good ordinarily for two bases.

London's first and only run was a gift. Gero struck out Linneburn, but Whitcraft was safe on Honeck's error. Whitcraft stole second, while Bierbauer came through with his only bit of the day, scoring Whitcraft. Reidy also hit safely but Long was an easy out. After that for eleven long innings Gero held the enemy scoreless and it was some pitching.

What You Don't Read On The Score Boards

Had the Red Sox played the usual kind of ball behind Eddie Taylor we would have had two out of three from London. Oh, swish!

The Sox are away until next Thursday.

Asher makes his third start to-day as a Brantford pitcher.

All the second division teams enjoyed winning yesterday.

Hamilton made it two out of three from Ottawa. Let's hope we do the same.

The Brantford-London game was the best in the league yesterday.

Before manager Deneau left for Ottawa last night he paid a tribute to Doc Reising, the London manager: "He's a mighty fine fellow."

Rube, "and it's a pleasure to play ball against a man like that." London papers please copy.

Doc Reising appeared like a good manager and a decent fellow. Certainly he has a good ball team.

Honeck looked terribly bad in short field.

Dolan and Lamy in centre field both grabbed off some difficult catches.

Something seems to have gone wrong with LaCroix's whip to second. He's not throwing nearly as good as earlier in the season.

The umpiring at the plate might have been improved on.

It took the whole Red Sox team to get Lamy out when he was caught between second and third. This Lamy is the famous barrel jumper and he surely did some stunts before he was tagged. Biddy Burns got the put out at third.

Gabby Ivers failed to have an error in right field. He had nothing his way.

It was worth the price of admission to see Biddy Burns throw his chest out in the tenth when Steiger deliberately passed him. Pitchers as a rule try to make Biddy lit.

Roth's error was of the excusable variety. The ball took a bad bound and went right over his shoulder. Honeck got it and threw the runner out at the plate.

Gero's best work was in the eighth and twelfth. When he struck Bierbauer out in the eighth with third and second occupied, the fans breathed easier.

Our "Cosy" Dolan seems nuts and rations for visiting pitchers. His hit yesterday was fluky as was also Wagner's.

Gero pitched his best game of the season. He did not seem to be going after strike outs, but his speed was dazzling.

Roth pulled off several fine plays, but when he took the ball off Gero's shirt and threw out Reidy, thus avoiding a London score was the best of the day.

Left Fielder Long by a beautiful running catch robbed Roth of an extra base hit.

Deneau hit a terrific liner to centre which Lamy just managed to get. He doubled Wagner at first.

LaCroix's smash which broke up the game was good any time for two bases. It was just inside the left field foul line.

Steiger deliberately passed Biddy Burns in the tenth to chance on Wagner. But Deneau pulled Wagner

THREE RED SOX ARE SLATED FOR THEIR RELEASE SOON NOW

Dolan, Wagner and Honeck are as local fans pretty well know by this time slated for release and two players who will fill in the gaps are already in the ownership of the Brantford club. Mickey Barney has been purchased outright, while Gil Forzuta of St. Thomas will join Brantford at Ottawa to-morrow night.

An outstanding hitting team is at present has. The Red Sox will be put in the game immediately on his arrival at Ottawa, although he may not get there in time for to-day's game. Barney will report to Brantford at Toronto on Monday. Deneau has not yet secured a new out-

fielder, nor has he heard of a league pitcher whom he is looking for. Means, however, to go through both deals. Johnny Nelson, short next week and Deneau at the plate.

At all events, Dolan, Wagner and Honeck are due to go.

"Well, if I fined you five for not suppose it would be my fault," he admitted he pulled a home run.

Gero certainly pitched a fine game of ball.

Honeck seems to have been and done so properly.

Of the nine hits registered against Gero, several were due to poor fielding by Honeck and Wagner.

Bidly Burns stole second in the 8th, clearly the only stolen base, by the way Brantford got from London.

Steiger pitched a pretty good brand of ball and was hard enough to beat.

The Red Sox yesterday didn't play as good a team as London and the fans will appreciate any strengthening up.

Lamy in London's eleven was caught off first by a snap throw from LaCroix. Gero anticipated the play and pitched out to give Harry a chance to make the peg.

After making a safe hit to right in the fourth, Ivers was caught ten feet off first base. "It was my fault," he said to Deneau, who was right there.

Johnson of the American League yesterday reinstated Manager Grinnell, Outfielder Milan of the Washington team. They were suspended last night on Monday for an absence with Umpire O'Loughlin at St. Louis.

RED SOX ARE D FOR THEIR LEASE SOON NOW

They are as fast as a fiddle, nor has he heard of the big bow by the league, either whom he is after. He has two other means, however, to go through with any one he likes. Jimmy Nelson will play for the Boston Red Sox next season and Deacon may play for the Boston Red Sox at third and short and Barney in the outfield. This would give him a team which is much stronger hitting team than he has ever had in his career. The Red Sox certainly are going to get pitched through by him every day like he got from Gers for Boston yesterday and some hitting strength in Montreal. At all events, Deacon, Wagner and a new one, Henock are due to go.

"Well, if I find you five for that I suppose it would be my fault?" Gaby admitted he pulled a bone.

Gers certainly pitched a fine brand of ball.

Deacon seems to have blown up and done so properly.

SAINTS WON FROM ERIE; OTTAWA LOSES

Games Played in Canadian League Yesterday--Leaders Downed.

ST. THOMAS, June 11.—Erie lost yesterday's game to the locals by leading poorly by the score of 7 to 6. Despite the fact that the visitors piled up sufficient hits to win several games, seven misplays with men on bases provided the Saints with three runs after Fitzpatrick was found for four runs on five bunched hits in the fourth.

The Yankees went after Wilkinson hammer and tongs during the four innings in which he did the serving but failed to get by more than three runs out of nine base hits. When Manager Craven's Saints passed the visitors in the run column he derided Wilkinson and sent Hughey to stop the slugging, but three runs were garnered off him on bunched hits and an error.

McNellis started at bat for the locals, while four of the visiting players swatted out three hits apiece.

Erie played its worst game of the season, and President O'Neill is pleased at the thought that the players have rid themselves of all the bad baseball before they open their series with London to-day.

Five Hits in a Row.
St. Thomas took the lead in the fourth inning, and was never headed, when McNellis beat out a hit to Fitzpatrick; Hadley singled and Kustus drove in McNellis with the first tally. Kading singled, scoring Hadley; Craven grounded out, but Thraikill drove in Kading on a grounder to Witise, who caught Kustus with a throw to McNeal. Nevitt doubled and Thraikill scored, but was out at third trying for three bases.

Kading, Craven and Thraikill were all safe on infield errors in the sixth, and two runs resulted when Fitzpatrick hit Nevitt and walked Hughey. McNellis scored the run which put the Saints safe in the seventh from second base, when Scott threw wide to get Craven at first on a grounder. The score: Erie, 6; St. Thomas, 7.

PATES' CREW SPRING

RALLY WHICH WINS.

HAMILTON, June 11.—The Athletics, by a rally in the ninth yesterday afternoon scored the winning run with two out, after the Senators had scored one in the ninth and appeared to have the game won. The Athletics fought an uphill battle from the start, Fried's error in the last inning helped the locals' cause. The score: Ottawa 7; Hamilton 8.

BEAVERS BUNCH HITS

OFF STERLING AND WIN

PETERBORO, June 11.—The Beavers displayed a whole lot of good baseball here yesterday afternoon, and, backed up by good pitching by Bobby Auld, broke into the win column at the expense of the Petes by a score of 8 to 1. The Lee men gathered 10 hits, which was just one more than the Petes garnered off Auld, but the winners poked the pill when pokes meant something, while Auld kept the Pete's bingles scattered. The score: Peterboro 1; Toronto 8.

HOFMANN AWARDED SALARY.
CHICAGO, June 11.—Artie Hofmann was awarded \$2,944.47 in a verdict returned yesterday in his suit against the Chicago National League club for back salary which was tried in the Municipal Court. He was released to Pittsburgh in 1912, before the expiration of the contract, and when Pittsburgh later released him to a minor league club he asked Murphy, of the Cubs, to pay him the salary still due under the contract.

S.O.E. CAPTAIN EXPLAINS.

Dear Sir—Just a line in answer to the report of Fair Play in the Courier as to the congratulation from the S. O. E. Captain to the referee handling the game on Saturday as the captain just congratulated him by calling him a name over the off-side goal and told him he would protest against him, as the referee could not see when the Duffs played handball. After the Bulldogs were all over them, he just let them handle as they liked, and never blew for them doing so. Well, if the Duffs could take a defeat like the Bulldogs, they would not have been in the standing as they are.

Well, I am not a 'hamed to put my name.

The Captain of the S. O. E.

P. S. A. Practice

The P. S. A. Football Club will hold practice on Recreation park to-night, and every player is requested to be present to pick team against Scots United.

Last Saturday's game proved a great day with the boys which without a doubt they should have won but for the ten men, of which Knowles took the place of two. The never tiring Knowles seemed to be the talk of all persons, even of the referee. H. Richards showed great form, although put out of business a couple of times, but resumed play to the finish. Lemman, White, Raines, and Giles deserve great credit from their team. Hlsby will be playing this week, which will improve the team, as he is a great favorite.

J. W. Westbrook Has Made Good at Toronto

Mr. John Wesley Westbrook, who represented North Brant in the last Ontario House and is again a candidate by unanimous choice, is a well known farmer of Brantford Township, east of Cainsville. He is young in years, in fact very few men indeed, attain parliamentary honors at so early a period in life as he has, but though still youthful, he has had considerable and successful experience in public affairs.

The son of the late W. D. Westbrook, he was born on January 29th, 1880, and has consequently just passed his 34th. milestone. He took a common school education, and afterwards pursued home

studies. He has farmed all his life most successfully, and when he reached man's estate he commenced to take a keen interest in municipal affairs. He first ran for the Brantford Township Council when 23 years old, and was successful. For six years he remained on that body, three times after a contest and three times by acclamation. For the two years prior to his selection as a party candidate he was Reeve, and had also been a member of the County Council, occupying the important position of chairman of Finance for that body.

When Mr. Fisher, M. P. left the Local House to enter the Federal arena, there was some competition for the honor of becoming standard bearer, but Mr. Westbrook won out, and the wisdom of that choice has since been fully demonstrated. He entered the chamber at Toronto when he was 31 and was the "baby" of the House. Last time he held this old historic Liberal riding by 176, and the indications all point to the fact that he is likely to do even better on this occasion.

At Toronto he is a member of the Public Accounts Committee,

North Brant's Candidate For Good Government

J. W. WESTBROOK

Private Bills Committee, Standing Orders Committee and Agricultural and Colonization Committee. He has been heard each session in debate to advantage.

He took an active part in helping to get through legislation making for the abatement of the sulphuretted gas nuisance, so obnoxious to the people of Brantford and Paris and vicinity, helped secure a district farm representative for Brant county, with headquarters in the neighboring town, and in addition has always been most courteous and solicitous towards his constituents, no matter on which side of politics.

He belongs to the Canadian Order of Foresters, and was the first member to be initiated in the new Masonic lodge in Onondaga last winter.

He is the possessor of a most pleasing personality and has developed splendidly as a public speaker. Altogether he is a forcible illustration of the fact that young men can be found on the farm fully capable of making excellent representatives. Those who have watched his career are confident that he has a notable future, and of course a majority of the people of North Brant, on Monday, June 29th, are going to see to it that this son of theirs retains a seat which he so worthily occupies.

Pair of high-stepping cobs, owned by R. and G. Allan, Hamilton, which will be shown at the coming Horse Show at Hamilton.

THE RETURN OF TARZAN

By EDGAR RICE BURROUGHS

Copyright 1913 by W. G. Chapman.

With howls of alarm the throng broke in all directions to escape this new and terrible creature who seemed to be springing upon them. To their fear distorted imaginations the body of the sentry, falling with wide sprawled arms and legs, assumed the likeness of a great beast of prey. In their anxiety to escape many of the blacks scolded the palisade, while others tore down the bars from the gates and rushed madly across the clearing toward the jungle.

For a time no one turned back toward the thing that had frightened them, but Tarzan knew that they would in a moment, and when they discovered that it was but the dead body of their sentry, while they would doubtless be still further terrified, he had a rather definite idea as to what they would do. So he faded silently away toward the south, taking the moonlit upper terrace back toward the camp of the Waziri.

Presently one of the Arabs turned and saw that the thing that had leaped from the tree upon them lay still and quiet where it had fallen in the center of the village street. Genuflecting the crept back toward it until he saw that it was but a man. A moment later he was beside the figure and in another had recognized it as the corpse of the Manyuema who had stood on guard at the village gate.

His companions rapidly gathered around at his call, and after a moment's excited conversation they did precisely what Tarzan had reasoned they would. Raising their guns to their shoulders, they poured volley after volley into the tree from which the corpse had been thrown. Had Tarzan remained there he would have been riddled by a hundred bullets.

When the Arabs and Manyuema discovered that the only marks of violence upon the body of their dead comrade were giant finger prints upon his swollen throat they were again thrown into deeper apprehension and despair. That they were not even safe within a palisaded village at night came as a distinct shock to them. That an enemy could enter the midst of their camp and kill their sentry with bare hands seemed outside the bonds of reason, and so the superstitious Manyuema commenced to attribute their ill luck to supernatural causes, nor were the whites able to offer any better explanation.

With at least fifty of their number flying through the black jungle, and without the slightest knowledge of when their uncanny foe might resume the cold blooded slaughter they had commenced, it was a desperate band of cutthroats that waited sleeplessly for the dawn. Only on the promise of the Arabs that they would leave the village at daybreak, and hasten onward toward their own land, would the remaining Manyuema consent to stay at the village a moment longer. Not even fear of their cruel masters was sufficient to overcome this new terror.

And so it was that when Tarzan and his warriors returned to the attack the next morning they found the raiders prepared to march out of the village. The Manyuema were laden with stolen ivory. As Tarzan saw it he grinned, for he knew that they would not carry it far. Then he saw something which caused him anxiety—a number of the Manyuema were lighting torches in the remnant of the camp fire. They were about to fire the village.

Tarzan was perched in a tall tree some hundred yards from the palisade. Making a trumpet of his hands, he called loudly in the Arab tongue: "Do not fire the huts or we shall kill you all! Do not fire the huts, or we shall kill you all!"

A dozen times he repeated it. The Manyuema hesitated; then one of them flung his torch into the camp fire. The others were about to do the same when an Arab sprang upon them with a stick, beating them toward the huts. Tarzan could see that he was commanding them to fire the little thatched dwellings. Then he stood erect upon the swaying branch a hundred feet above the ground, and, raising one of the Arab guns to his shoulder, took the Arab who was urging on his men to burn the village fell in his tracks, and the Manyuema threw away their torches and fled from the village. The last Tarzan saw of them they were racing toward the jungle, while their former masters knelt upon the ground and fired at them.

But, however angry the Arabs might have been at the insubordination of their slaves, they were at least convinced that it would be the better part of wisdom to forego the pleasure of firing the village that had given them two such nasty receptions. In their hearts, however, they swore to return again with such a force as would enable them to sweep the entire country for miles around until no vestige of human life remained.

They had looked in vain for the owner of the voice which had frightened off the men who had been detailed to put the torch to the huts, but not even the keenest eye among them had been able to locate him. They had seen the puff of smoke from the tree following the shot that brought down the Arab, but, though a volley had immediately been loosed into its foliage, there had been no indication that it had been effective.

HAD TO STOP WORK FROM THE PAIN

Suffered Ten Years Until "Fruit-a-tives" Cured Him

St. Thomas, Ont., May 22nd, 1913. "I was troubled for ten years with the most distressing Constipation and Indigestion of the worst form. No one could have been worse with these troubles than I was for this long time. The pain from indigestion was so severe that many times, I have had to stop work and lie down until the acute spasms passed away. I took a lot of medicine—in fact, I guess I took about everything that was advertised—and gave them all a fair test—but got no relief. About a year ago, however, I was advised to try "Fruit-a-tives". I am mighty glad I did so for they seem to be made exactly for me. They gave results in a very short time and I am now free from these diseases and enjoying perfect health. My wife also used "Fruit-a-tives" and we both think they are the best medicine ever made."

And so they marched out of the village of the Waziri, and on the shoulders of their slaves was the Ivory ransom of a score of kings. Toward the north they marched, back toward their savage settlement.

Under Tarzan's guidance the black Waziri warriors stationed themselves along the trail on either side in the densest underbrush. They stood at far intervals, and as the column passed a single arrow or a heavy spear, well aimed, would pierce a Manyuema or an Arab. Then the Waziri would melt into the distance and run ahead to take his stand farther on. They did not strike unless success were sure and the danger of detection almost nothing, and so the arrows and the spears were few and far between, but so persistent and inevitable that the slow moving column of heavy laden raiders was in a constant state of panic—panic at the pierced body of the comrade who had just fallen, panic at the uncertainty of who the next would be to fall and when.

It was with the greatest difficulty that the Arabs prevented their men a dozen times from throwing away their burdens and fleeing like frightened rabbits up the trail toward the north. And so the day wore on—a frightful nightmare of a day for the raiders—a day of weary but well repaid work for the Waziri. At night the Arabs constructed a rude boma in a little clearing by a river and went into camp. Caught in any such trap, and so the report of his shot had scarcely died away before the ape-man was on the ground and racing for another tree a hundred yards away. Here he again found a suitable perch from which he could watch the preparations of the raiders. It occurred to him that he might have considerable more fun with them, so again he called to them through his improvised trumpet.

"Leave the ivory!" he cried. "Leave the ivory! Dead men have no use for ivory!"

Some of the Manyuema started to lay down their loads, but this was at once checked by the Arab leaders, who aimed their guns full upon the bearers, threatening instant death to any who might lay down his load. They could give up firing the village, but the thought of abandoning this enormous fortune in ivory was quite beyond their conception. Better death than that.

And so it was that when Tarzan and his warriors returned to the attack the next morning they found the raiders prepared to march out of the village. The Manyuema were laden with stolen ivory. As Tarzan saw it he grinned, for he knew that they would not carry it far. Then he saw something which caused him anxiety—a number of the Manyuema were lighting torches in the remnant of the camp fire. They were about to fire the village.

THE HEART SONGS OF 90 000,000 PEOPLE

Many of these songs cannot be found in any other collection. They came in yellow, time-worn, tear-stained sheets—that had been sacredly treasured from childhood—others were written out from memory—some were given by titles only—or remembered verses, involving a long search to obtain the whole.

Of the thousands received it is safe to say that the several hundred selected—as having the largest number of votes and the highest endorsement—represent to-day the taste of the Canadian people in their choice of music.

We believe that the distribution of this unrivalled song collection will bring more happiness into the homes of our readers, will do more to make them attractive

to young and old; do more to inculcate a love for music; to soften, elevate and refine the home life; to cultivate the nobler and higher virtues of the fireside—than any other means we could adopt.

Erie Sore on Canada. Another small crowd was present yesterday. It is being whispered that unless the attendance picks up the team will be kept on the road in Canada.

It may be all too true, that which is contained in the Erie paragraph. The club has not been drawing very well at home and why it should not is more than the moguls can understand as the team has been very good.

MRS. FISHER HURT. NEW YORK, June 11.—Mrs. Pauline Fisher, 23 years old, wife of "Bud" Fisher, the cartoonist, was seriously injured when two motor cars collided early to-day that she is reported to be dying at Fordham hospital and five other occupants of the two cars are suffering from less serious injuries.

A Charter From the Public

If publishers of daily newspapers were to cease issuing their papers during the summer months, saying—"It's too hot in July and August to publish papers, and, anyway, people don't read papers in summer,"—what a cry of protest would go up all over the land! The public would say to the publishers:— "We must have the news and you must give it to us. You are our servants in this matter—our news gatherers and scatterers. We are ready to pay you for this service. You have no right or liberty to take it upon yourselves "to cease publishing your papers "at your pleasure or convenience."

Then think of this:— Have those other servants of the people—the merchants who supply them with their daily necessities—any right to be silent with respect to the news they have for those who depend on them? Has not the public a right to demand that the news of the stores shall be published along with other news of value and interest? We put it up to the people of this community and to the merchants of this city that the store news of this community is necessary news and should appear regularly in the public press at all seasons of the year. Think of this, you merchants of this city.

A preliminary meeting of the junior city baseball league will be held to-night in the physical directory room at the "Y" for the purpose of starting the league and getting it under way. All teams that are desirous of entering the league should have a delegate at this meeting and look after their interests. The meeting is called for 7.30 sharp.

Beavers Won. The Junior Stars and Beavers played a game of ball last night at Tutela, the Beavers winning 6 to 1. Ward secured from Beavers, pitched for the Stars and was hit hard and often. Doyle pitched for the Beavers, striking no less than 9 men in 7 innings and deserved a shoutout, their only run coming from a walk, sacrifice steal and pass ball. Batteries—Stars, Ward, Williamson. Beavers—Doyle, Elliott, Umpires McGowan and Hartley. With new players at centre, second and short the club will look a lot stronger.
