**THE CALEDON MURDER.**—We are in a position to assure our readers that the unfortunate John Lemon, of Caledon, committed to take his trial for the murder of his son, is not related to the old families of that name in Caledon, Stamford and other parts of the county.

**BASE BALL.**—A match between the second nine of the Maple Leaf B. B. club, of Guelph, and the first nine of the Aberfoyle club will be played here on Saturday next. Play to commence at one o'clock sharp.

**THE LACROSSE MATCH IN TORONTO.**—The Indians who played the Guelph Club on Monday proceeded to Toronto on Tuesday, and played the Ontario Club there. The Indians won the three games, the first in twenty-five minutes, the second in an hour and twenty-two minutes, and the last in four minutes.

**GRAND LODGE OF GOOD TEMPLARS.**—The annual meeting of the Grand Lodge of British Templars of British America for the present year is to be held in Toronto, commencing on Monday, the 7th inst. A large number of delegates from Nova Scotia, New Brunswick, Prince Edward Island, Quebec and Ontario will be present.

**THE TANKS.**—The two new tanks in the South Ward were filled on Tuesday night, and are perfectly water tight. They are bound with very strong hoops, and rest solidly on cedar sleepers. The hole for the two tanks on the Market Square is excavated, and Mr. Armstrong expects to get them in and fixed up this week.

**CAMP MEETING.**—We have been requested to intimate that the coloured people of the town will hold a camp meeting in the bush of Peter Gow, Esq., M. P. P., near Guelph, on Sabbath next, commencing at 11 a. m. Some of the Clergymen of the town are expected to take part in the proceedings.

**NEW DOMINION MONTHLY.**—The September number of this favorite magazine has been received. We are glad to notice every month a great improvement in the contents of this magazine. The number now before us is the best yet issued, and what is equally gratifying nearly all the pieces, prose and poetry, are original. The contents are varied, and the articles of much interest. For sale at the book-stores in town.

**THE HOCKIN CASE.**—The Court of Appeals gave judgment the other day in the case of Newton vs. the Ontario Bank, affirming the decision of the Court of Chancery and dismissing Mr. Newton's appeal, the effect of which is to confirm the validity of all the securities taken by the Banks. Messrs. Crooks, Q. C., Hodgins and Lemon & Peterson for Mr. Newton. Messrs. Strong, Q. C., Blake, Q. C., and Guthrie for the Ontario Bank.

**THE SIDEWALKS.**—We regret to learn that Mrs. Dr. McGuire has completely lost the sight of her right eye in consequence of a fall she received some time ago, caused by a rotten plank in the sidewalk on Oxford street. Since then but little has been done towards repairing this sidewalk, and there are many others in different parts of the town in the same disgraceful, dilapidated condition. When the Council gets sued for damages by some one who has been injured by them, then they may wake up to a sense of their duty.

**WHOLESALE DRY GOODS AND GROCERIES.**—We would call the attention of the town and country merchants to the advertisement of Messrs. Kerr, Brown & McKenzie, the well known wholesale merchants of Hamilton. They have just received a very large and carefully assorted stock of dry goods and groceries, which are well worth the attention of merchants both in regard to the quality and price. Intending buyers will find it to their advantage to deal with this firm.

**BRIDEGROOM DISAPPEARED.**—The latest sensation in Montreal is the disappearance of a bridegroom on the eve of his marriage. A young man named Phelan, a Roman Catholic, living in Dorchester street, was engaged to be married to a respectable girl named Scott, a Protestant, residing in Colborne avenue. Arrangements were made for the wedding, and the guests assembled at the girl's house to be present at the ceremony, and everything was ready but the bridegroom, who did not make his appearance. A long time the bride and guests waited; messengers were dispatched to the residence of the bridegroom, but no one could hear or see anything of him. The parents of the young man became anxious, and making inquiries, could only glean that, the night before the wedding that was to be, he had set off to buy some things, and that late in the evening he met a carter named McEnroe. He told McEnroe he should want him to convey some articles of furniture to his house. This is the last person he is supposed to have had any conversation with. Where the young man has disappeared to is the mystery. The police were ferreting out the matter yesterday, but could find no traces of his whereabouts.

Parties in Montreal are exporting hay to England.

### Luther News.

[From our own Correspondent.]

A meeting of the ratepayers of the eastern part of the township of Luther was held at the school house on lot 30, seventh concession, on the 27th ult., to take action in regard to the Toronto, Grey and Bruce Railway. The meeting was organized by appointing Hugh McDougall, Esq., Chairman, and Mr. John Hawes, Esq., Secretary. Addresses were delivered by Messrs. A. F. Stewart and Fleisher, of Orangeville, and Mr. West, of Amaranth, in which they gave a statement of the progress railway matters were making in their localities, and stated briefly their reasons for the support they tendered to the T. G. & B. Railway. The ratepayers present were then requested to ask any questions or offer any objections they wished. One or two availed themselves of the opportunity.

Mr. Laidlaw, one of the delegates from Toronto, was then called upon, who addressed the meeting for over an hour giving: 1st the reasons why the Company adopted the narrow gauge in preference to the broad, and second the reasons for asking the municipalities for aid in building the road. He also vindicated the Company against the attacks of the advocates of the W. G. & B. line, and showed their do-nothing policy; that their desire to hinder the T. G. & B. line from being built, but that all their efforts will be ineffectual. Some objections were then raised against the road because the Company will not guarantee that it will be kept in going order for twenty years, but no doubt was expressed as to its completion.

It was then moved by Mr. Angus McLellan, seconded by Mr. Wm Colbeck, Jr., that this meeting respectfully request the Municipal Council of Luther to submit a by-law to the ratepayers of the township granting a bonus of \$25,000 to the Toronto, Grey and Bruce Railway. There was between thirty-five and forty ratepayers present, and the motion being put it was carried almost unanimously, there being only three dissenting.

On Sunday last a boy about nine years old, son of Mr. John McDougall, of Luther, fell from a stack while playing with some other children, and broke his wrist. It was set by Dr. Thom, Douglas, and he is doing well.

### THE SILVER QUESTION.

ANONYMOUS LETTERS.  
We have been requested by Mr. Ruthenford to publish the following anonymous letter which he received this morning:—

MR. R. RUTHERFORD,  
DEAR SIR,—I am desirous of cautioning you respecting your taking silver at par yesterday of a farmer in Nassagaweya. I will not mention names, but would urge on you the necessity of rigidly adhering to the bond you signed. Trusting you will be more careful in future and charge your clerks to refuse silver only at a discount.

Yours truly,  
AN UPHOLDER OF THE BOND.

The above is an infamous lie, and got up by some of the many who wish to break up the best arrangement ever carried out, and the only one we have been able to carry out successfully since I came to Guelph. I have never taken silver at par since the bond was signed, nor do I intend to take it but at the discount rate as long as the bond is good, which I hope will be a long while. The present arrangement is satisfactory both to the farmer and merchant, at least such is my experience.

ROBERT RUTHERFORD.

**The Proposed Fenian Pic-nic in Montreal.**  
The Toronto Telegraph's special says the Fenian pic-nic which was proposed to be held in Guilbault's Gardens, Montreal, on Wednesday, was squelched, and without the riot that was feared. Guilbault returned the money to the persons who leased the grounds, and then locked the gates and refused to admit any one. At eight o'clock in the morning a body of police, eighty in number, armed with rifles, and prepared for any emergency, took possession of the place, and were drawn up in line across the road and in the gardens. About 200 persons, principally roughs and rowdies of the lowest order, came to the gardens, but were refused admission. The police were formed and would allow none to pass. The Fenian sympathisers had not the courage to show their faces, and were all swearing and vowing vengeance for having been foiled in their disloyal demonstration. The spirit of rebellion and sympathy with Whelan, is as strong as ever, of course, and St. Patrick's Society have set a subscription on foot in aid of the wives and families of Whelan and the other scoundrels who are about to be tried in Ottawa. Mr. Devlin offered them \$25 but they refused to take it. Since his letter was published they look upon him as a traitor and turncoat, and denounce him in the most violent manner.

**LACROSSE MATCH AT HAMILTON.**—The Six Nation Indians played a match with the Hamilton Lacrosse Club yesterday. The Hamilton players beat their opponents in the second game—time, 30 minutes. The Indians gained the first, and third. Time, 29 minutes for the first, and 34 minutes for the third game. A fourth match was played and when time was called it was declared to be a drawn game.

### The Last Landlord Murder.

A short time ago the cable brought us the intelligence that Mr. Scully, a land owner in Tipperary, had been shot by his tenantry. The particulars of the murder are supplied by the Cork Examiner of the 15th August. The scene of the outrage is about two miles south of the Limerick Junction, where Mr. Scully has an extensive property. For the past three months as many as thirty families on this part of the estate had been under notice to quit. What their circumstances were, or what was the immediate cause of this wholesale clearance, has not transpired. But, as may be imagined, the proceedings created a very strong feeling of indignation in the neighbourhood, where from various circumstances connected with the management of their property, Mr. Scully and his family have been rather unpopular. To-day (Friday) the notice to quit expired, and Mr. Scully made arrangements for the eviction of the tenants. Resistance of some sort seems to have been anticipated, for Mr. Scully secured the services of five policemen for the protection of himself and his bailiffs, while the eviction was being executed. So escorted, Mr. Scully, with his driver and one bailiff, proceeded to the land to be taken up, at an early hour to-day.

Some of the tenants gave up possession peacefully, but at one of the farms desperate and organized resistance to the eviction was met with. Previous to the arrival of Mr. S. and his party, the family closing up the dwelling house, retired into the barn, which was the strongest building of the lot, having first provided themselves with firearms and a supply of ammunition. When the evictors arrived, formal demand for possession was made, but received no response. An attempt was then made to take possession. This brought on the crisis, precipitating the outrage. A deadly fire was immediately directed by the occupants of the barn upon the unprepared and surprised ministers of the law. Two of the policemen, Sub-Constable Gorman, of Dundrum, and Sub-Constable Morough, of Tipperary were shot dead, and Mr. Scully received two wounds in the head. The driver and bailiff seem to have escaped unhurt. Panic stricken by the sudden and desperate attack, the survivors of the party made a precipitate retreat, bringing with them Mr. Scully, but leaving the bodies of their unfortunate companions on the ground. No further attack upon them was attempted and they reached the Limerick Junction without molestation. The fatal and alarming occurrence was immediately reported to all the adjoining police stations, and with the utmost expedition a numerous force was despatched to the scene of the encounter. They found the place deserted by its occupants, who had during the interval made their escape. A rigid search of the neighborhood was instituted, but without, so far as we are aware, resulting in any trace of the perpetrators of the outrage, and up to a late hour in the night no arrests were reported to have been made. The people of the neighborhood are extremely reticent, and no exact information can be had yet of the number or identity of the persons who held the farm, and perpetrated this desperate and sanguinary outrage.

**THE PACIFIC COAST.**—The commerce, wealth and population of the Pacific slope, increase with a constantly accelerating rapidity. The advance made each year since, at the moment, very great, but it is soon dwarfed by the much longer stride taken in the twelvemonth that follows. A glance at the late semi-annual review of the trade and commerce of San Francisco will confirm these impressions. The value of imports carried from foreign countries and the Atlantic States into the Golden Gate, during this period, exceeded \$24,000,000 in gold; while the value of the exports, for the same period, is \$31,000,000 in gold. The duties on imports were \$4,025,522, and the receipts of internal revenue to \$3,000,000. San Francisco has now a fleet of 40 steamers, all owned by three companies. 1,550 vessels brought into the harbor during this half year 500,000 tons of freight and 32,186 passengers, but carried out only 11,367 persons, so that the net gain in population from this source was only 20,000. During the same period last year only 1,150 vessels, with 390,000 tons, entered the harbor, and increased the population by only 8,000 people. The tide of emigration from China and Japan continues swollen; 5,380 arrived from these countries the last six months, while but 565 returned to their native land, so that nearly a quarter of the large accession received by emigration is Pagan in religion and Malay in race.

**DOMINION MEDICAL ASSOCIATION.**—The Medical Association of the Dominion of Canada meets at Montreal to-day (Wednesday). This is the second annual meeting of the body, the first having been held at Laval University, Quebec, about this time last year, when the association was organized and the Hon. Dr. Tupper, C. B., elected President. Committees were also appointed at that meeting to report upon the following subjects: 1st To frame a constitution and by-laws for the government of the Canadian Medical Association. 2nd. A committee on General Education and to consider the best means to secure a uniform system of granting licences to practice medicine, surgery and midwifery throughout the Dominion of Canada. 3rd. A committee to consider the best means of securing the proper registration of licensed practitioners in medicine. 4th. A committee to consider the adoption of a code of medical ethics for the Dominion. 5th. A committee to consider the best means of obtaining a system of vital statistics and hygiene. The discussion of the reports up on these subjects will form the chief business of the meeting this week. Arrangements have been made in Montreal for giving the members of the association a most hospitable reception. The meeting will probably extend over three or four days.

Twelve cars of freight were recently taken from New York to the present termination of the Pacific line, 1,200 miles west of Chicago, a distance of about 2,100 miles from the starting point, without transhipment.

A movement has commenced with a view to unite England, Russia, and the United States in a grand expedition to solve the problem of the North Pole—that is, to reach it, if possible, and ascertain its surroundings.

Dr. Fraser, one of the leading and oldest residents of the county of Wexford, is about returning to Scotland to "live his boyhood over again."

Despatches to the Evening Mercury

**The Railway Deputation in the North.**  
**The Narrow Gauge Nowhere!—The People support the Broad Gauge.**

See also the Mercury.  
WALKERTON, Sept. 2.  
The meetings of the Hamilton and Guelph delegations in Normandy and other places have, so far, been an immense success. At the first meeting, Messrs. Worts and Chisholm, of Toronto, were present to fight for the narrow gauge, but the meeting was almost unanimous for the Wellington, Grey and Bruce Railway, and they lost heart and did not follow the broad gauge men any further.

At Ayrton, 250 people were present. A resolution pledging the meeting to the Guelph route was carried unanimously. At Bell's nearly 100 substantial farmers were present, and a resolution pledging the meeting to vote down the narrow gauge, and support a bonus in aid of the Guelph route, was carried, only two dissenting.

At the Hamilton and Guelph delegation met the Toronto delegation on Wednesday at Dickson's. Only twelve ratepayers were present, and seven of them voted against the narrow gauge.—There is certain prospect of the defeat of the narrow gauge by-law in Normandy.

The importance of the action of Hamilton, as affecting the present railway contest, can scarcely be over-estimated. The narrow gauge men are now asking to withdraw and to get into any kind of corner that will hide them. The success of the Wellington, Grey and Bruce deputation at the meetings this week has been so overwhelming that the Toronto men are now persuading the Normandy township Council to withdraw the narrow gauge by-law, so that it shall not be submitted on Saturday at all. Mr. Worts now proposes to divide territory and cease fighting, Toronto taking Grey, and Hamilton taking Bruce. No such proposition will be listened to, as the broad gauge men feel certain that now they have the whole county hereabouts with them, the narrow gauge being nowhere.

**The Narrow Gauge By-law Withdrawn in Normandy.**  
MOUNT FOREST, Sept. 3.

The Normandy Council have withdrawn the narrow gauge by-law, which was to have been voted on Saturday, and the Poll Clerks advised that no vote is to be taken. This is done on the persuasion and suggestion of the Toronto men.

(BY ATLANTIC CABLE.)  
Paris, Sept. 2.—The commissioners appointed to settle the claims of the holders of the France Mexican bonds have decided to pay over to them thirty per cent of their share of the grant made by the Senate and Corps Legislatif, as the first instalment due them.

Berlin, Sept. 2.—Recruiting for the army in Prussia has been postponed for three months.

Florence, Sept. 2.—The Italian Government is increasing the number of military posts on the frontier of the Papal States.  
London, Sept. 2.—The Times to-day devotes its leading columns to a long analysis of the treaty recently concluded by the United States Government with the Emperor of China. The Times says England is more interested in China than any other power. The commerce with that country is greater, and since the treaty of Peking, her relations with its Government have been more friendly. She assisted the Imperial authorities in putting down the Taeping rebellion. England is the proper power for China to employ as a medium for revising her treaties with other nations; but this treaty with United States, aiming to restore the old exclusive policy, has been slightly entangled by the manipulation of foreign Councillors who advise what is impossible—the restoration of a retrograde system.

**American Despatches.**  
Chicago, Sept. 2.—Out of 1628 head of cattle inspected at the Union Stock yards last week, only seven were found to be diseased.

Nashville, Sept. 2nd.—The heavy rains during the past two days, and the coolness of the weather it is feared will injure the cotton crop, which in Arkansas, North Mississippi and West Tennessee, is very fine.

Burlington, Vt., Sept. 3.—The returns from 154 towns give a majority of 20,467 and a net Republican gain over last year of 6,199. The remaining towns will increase the net gain to 10,000, and give a total majority of 30,000.

New York, Sept. 3.—The Herald's Hayti special says Salnave's troops are reported to have stormed and taken Mariage. A battle had taken place at Cape Haytien on Aug. 9th. The rebels were repulsed with the loss of one gun and many men killed and wounded. Severe droughts are prevailing in Porto Rico and St. Thomas. Many refugees had arrived at the latter place from Hayti.

Washington, Sept. 3rd.—Letters from Florence say the Cubanurrection is still flourishing, that the Turks are nearly worn out and discouraged, and that it will be with great difficulty that they continue the contest, while the Christians are flushed with success, infuriated by the recent massacres to desperate deeds and enterprises. Through the intervention, for the greater part, of Gen. Ignatieff, the Forts have been obliged to dismiss Basha, commanding in Candia, and other officials there.

New York, Sept. 3rd.—The backers of O'Baldwin, the Irish giant, and Wormald the English champion, met yesterday at the Clipper office and signed articles for a prize fight, \$1000 a side, catch weights, in six weeks, on American soil.

Mr. Barney Devlin, of Montreal, publishes a letter addressed to his countrymen remonstrating against the attempt of certain parties to get up a picnic on Wednesday, in aid of the Whelan defence fund. Pleasants calling a counter-meeting of loyalists to suppress the picnic are now posted up.

**FACTS FOR ADVERTISERS.**

The circulation of the DAILY and WEEKLY MERCURY is DOUBLE that of any Paper in Guelph, and larger than that of any paper published west of Toronto. Advertisers, both in this County and at a distance, should bear this fact in mind when they wish to make their business known to the public.

**France Preparing for War.**

In spite of all the protestations to the contrary, in spite of the periodical announcements that she desires peace, France has been steadily preparing, and is now ready for war. The reorganization of the army is completed, a sufficient supply of Chassepots has been laid in, and every arrangement necessary to enable France to take the field at a moment's notice has been perfected. Two years ago, she was confessedly in a position of military inferiority as compared with her neighbour, rival and possible enemy, Prussia. And during that two years she has strained every nerve in order to develop her military resources to the fullest possible extent. A New York paper, remarking on these preparations, says: It now remains to be seen whether France will assume an aggressive policy with regard to any of the numerous grounds of dispute between herself and Prussia that could at any moment furnish matter for a *casus belli*. If the Emperor means war, he will have no difficulty in finding a ready pretext for throwing down the gage of battle. Prussia can have no desire to precipitate matters, and we do not look for any aggressive step on her part. If she had wished for war she would have forced France into the commencement of hostilities a year ago. The Prussian army is not now in a more effective state than it was at the time of Sadowa, while France has taken advantage of the interval to increase her army by fifty per cent., and to double its efficiency in improved armament. If war is to come, Prussia can afford to wait in the accomplishment of her great German policy, and can have no possible interest in wantonly provoking a conflict with France. It is to Napoleon that the attention of Europe is now directed, and the slightest indications of his future policy will be watched for with the utmost interest. He has been avowedly preparing for a possible war for the last twelve months, ever since France uttered the "cry of alarm" at finding herself comparatively powerless for the offensive. And now it is officially announced that France is ready for all contingencies. It looks as if a crisis were at hand.

The peace of Europe may also be disturbed in another quarter. Spain forgetful of the past when she was mistress of the Old World and the New, but true to her later instincts, already hastens to place herself under the tutelage of France, forgetful too, that the proud Castilian dynasty was once replaced by a crowned Bonaparte. Napoleon apparently declines any interference in her affairs at present, but the perilous position of Spain, the earnest entreaties of her queen, and more than all, the political necessities and exigencies of France, may lead the Emperor to interfere.

**Imperial Veto of the Governor's Salary.**

A despatch has been received from the Colonial Office, dated July 30th, refusing the royal assent to the bill fixing the Governor-General's salary. The Duke of Buckingham argues that the proposed reduction would have a prejudicial effect on Canada, by reducing it to a third class among colonial governments; that the Governor-General is continually called upon to act in questions affecting international relations with the United States, and that the Queen's advisers could not invite to office men competent to fill it if the income was not sufficient to meet the demands on his resources. The despatch concludes by stating that Her Majesty's Government have felt it their duty to advise Her Majesty not to pass the bill into law. It will be recollected that the Government proposed to fix the salary at \$50,000 a year, but this amount was reduced by Parliament to \$32,000.

**LIBERALISM IN IRELAND.**

It is certainly a short-sighted policy that has required the retirement from the canvass of Mr. Mason Jones, the Liberal candidate for Parliament from Queen's County, Ireland. Friendship for Ireland, and not sympathy with Garibaldi, would seem to be the proper subject for consideration among Irish Liberals. The opposition to Mr. Jones shows that the Roman Catholics in Ireland have still to learn something of the difficult art of toleration, and that they have not yet been educated to the full meaning of liberty without respect to creeds or religious differences.

Colonel Gowan, the American gentleman who raised the Russian vessels sunk in the harbour of Sebastopol, is about to be intrusted with the work of searching Vigo Bay for the Spanish galleons, loaded with ingots, which were sunk by the Dutch and English fleet about the year 1702.

At a convention of the Savage wing of the Fenian brotherhood, held last Sunday President Savage sent in his resignation, and insisted upon its acceptance by the convention. Subsequently a union of the two branches of the brotherhood was effected. Now for it!

It is the only first class building in the town that is capable of doing a first-class business. The hall runs through the centre of the main building; the rooms are well ventilated and none in the house dark. All the farm implements are new, and will be sold if desired at a valuation.

The whole will be sold without reserve within three months, either the business separately, or the whole property as may be agreed upon to suit the purchaser.

TERMS—For the hotel property, half cash down will be required, the remainder to be paid in six yearly instalments, or ten per cent. allowed of the second half, if paid at time of sale.

The Braes of Yarrow

An Historical Tale of the Sixteenth Century.

Beside the clerk stood the Governor of the Castle, quiet and apparently grieved by the work he had before him.

'The last hour has come,' he thought; 'sweet Mother of Heaven to you I commend my poor wife and bairn.'

'You heard, Sir Walter Spens,' he said slowly, 'what Mr Lord Angus desired you to do. Are you still bent upon refusing to comply with his terms?'

'I wish to warn you, sir, that I have received directions to put you to the severest test the law allows if you persist in your silence.'

'You have nothing further then to declare?' 'Nothing.'

'I am very sorry that I must proceed to the test.' The clerk had written down the questions and responses.

The Governor raised his hand, and at the signal two men, masked, and with bare branny arms, started out from a dark corner of the chamber in which they had been standing unobserved and seized their victim.

'Are you still resolved to keep silence?' said the Governor, apparently unwilling to proceed to extremity.

'You would not have me desert when in sight of the enemy,' answered Spens with a pale smile.

'Then the order must be executed.' One of the torturers brought two large pails full of water to the side of the victim, with a measure which might hold about a gallon, and a steel tube about a foot long with a wide mouth.

An Excellent MILL PRIVILEGE, with dam erected, situated on the Grand River, between the Villages of Fergus and Elora, in the County of Wellington and Province of Ontario, known as the KINNETHLEIGH MILL PROPERTY, containing about 45 acres.

The property is in close proximity to where the Wellington, Grey and Bruce Railway crosses the Grand River.

The property is situated in the centre of one of the finest agricultural countries the Dominion of Canada, with easy access to either the American or European markets, and is one of the most eligible properties now offered to the public.

Price moderate, terms liberal, the proprietor wishing to dispose of the property on account of falling health.

Ottawa Assizes—Whalen's Trial. The Ottawa Assizes were opened on Wednesday. Chief Justice Richards charged the Grand Jurors, and instructed them as to the offences named in the calendar. He defined murder and what constituted an accessory. He made allusion to the murder of Mr. McGee, stating that great interest had been excited from his literary attainments and because he was a representative man. Kenneth McKenzie, Q.C., and Hon. J. Hillyard Cameron, of Toronto, have arrived. Mr. John O'Farrell, Barrister of Quebec, is also here in the interest of Whalen. The Grand Jury is expected to bring a bill against Whalen to-morrow. The impression is to-night that the trial will not commence till Monday. Mr. J. O'Reilly, Q.C., and Mr. R. Lees, will conduct the Crown business. Mr. O'Reilly will have no assistance in the prosecution of Whalen.

Turner, one of the witnesses against Whalen, was arrested to-day, and confined in goal for safe keeping. Nothing has been heard of Groves, the witness who disappeared on Sunday last. The Petit Jury is said to be a very respectable body, and composed of Canadians of Irish descent, some Scotch and a few Irish Roman Catholics. McGee's brother will be present to give evidence.

It is said that the Hon. John Rose will leave for Washington next week on business connected with the negotiation of the Reciprocity Treaty.

A cricket match between the all England Eleven and players from Canada will take place in Montreal on the 22nd September and three following days.

The Republicans have carried the State of Vermont by a majority of 28,000, being a gain of 8,000 over last year.
