The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

INTRODUCTION.

OTCD

We are glad to be able to report that Ottawa is steadily increasing in population, and is advancing as a city should, without any boom, and at its present rate of progress, it will be ere long, the third city in the Dominion in importance, as well as in population.

We have 1,265 individual names more in our 1895-6 Directory than there were in the previous issue. This, according to Directory Publishers' estimate, would give the Capital of the Dominion a population of about 60,000, independent of the suburbs, and Hull City.

We again take the liberty of warning our patrons against unscrupulous Directory publishers. See that the Might Directory Co.'s name is printed on the order before signing.

Although we are later in issuing than we expected, we flatter ourselves that our patrons will have the best directory this year they have ever perused.

Thanking all those who so kindly assisted us in procuring the necessary information, we now trust that the collections will come in freely, as time is money.

Yours Truly,

The Might Directory Company of Toronto, Limited.

J. M. Might, President and Managing Director.

Do you intend to give up house, go abroad, board out, or spend the season at Aylmer, Britannia, Rockcliffe, the St. Lawrence, or some other resort, if so, you of course do not care to take your furniture with you, neither do you wish to pay rent for a house and leave it there; you will look around for a good, safe place to store it, and if wise, will come to us, as we make a business of storing furniture and other goods, and have a building which is properly fitted up and devoted entirely to that purpose. We issue warehouse receipts for everything placed in our keeping, and our rates are very low.

**Our
Solid
Brick
Warehouse.**

OUR Warehouse, situated at the Canal Basin, foot of Little Sussex Street, is most central and convenient to all parts of the city, being not more than three minutes' walk from the Post Office or principal hotels. It is a solid brick building 33 x 100 feet, three stories high, with a floor space of 8,500 square feet; it has a fireproof gravel roof, and is what is rated by the insurance men as a first-class building.

INSIDE it is lighted throughout with electricity, and constructed on the plan of the best New York and Boston warehouses. A special feature commending itself to all is, that compartments of all sizes, airy and dry, are fitted out with separate lock and key, so that patrons can store their furniture or other effects in these for long or short periods, and feel that they will be perfectly safe from disturbance.
