The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

It having been ordered by Order in Council of 22nd Victoria, that the Governor may grant yearly Coasting Licenses to British vessels navigating the inland waters of Canada above Montreal, although such vessels may occasionally make voyages to Foreign Ports, it is hereby Ordered, that the Bonds to be given by the Master or Owner of such vessel on taking out such License shall not contain the condition provided for in Section 3 of said Regulations, "that such Vessel or Boat shall not be employed in the Foreign Trade," but that it shall be a condition of such Bond, that whenever any such Vessel or Boat is employed in a voyage to or from a Foreign Port, the master or other proper officer thereof, shall report inward and outward, in all respects, as though he had not received such Coasting License.

Improvements having been made of various importations to the Port of St. John in the Province of New Brunswick, and the ports of Digby, Annapolis and Weymouth in the Province of Nova Scotia, and also to the Maritime Communities of the said ports, in consequence of such Steam Vessels being obliged to report their cargoes each day in detail, it is hereby further Ordered, that the Collector of Customs at the Port of St. John, may grant any such Steam Vessel a yearly Coasting License, subject to the same conditions as are provided in the case of Vessels trading between ports in the same Province, with the additional condition that the Master or other proper Officer of such Steam Vessel shall be furnished with two cargo books to be used during the ensuing month; and that at the end of each month, he shall surrender the book used during that month to the Collector of the Port of St. John, and the said Collector shall return to him the other book with which he had been furnished, so that the record of the trade of each month shall be in the Custom House, to be used for statistical purposes during the whole of the ensuing month.

11. Officers of Customs may board any Coasting Vessel or Boat in any Port or Place, and at any period of the voyage search her, and examine all goods on board; and the Collector may require such documents to be produced as may be necessary.

12. No Steaming Boat or Boat used in carrying under 15 tons burden, shall, except by special License or permission, carry any goods from a Foreign Country, which are liable to duty, under pain of seizure, unless the same (in the case of Ferry Boats) be for the sole use of some passenger then on board.

13. No goods can be carried in any Coasting Vessel or Boat except such as are laden to be so carried at some Port or place in Canada, and no goods shall be taken into or put out of any Coasting Vessel or Boat while on her voyage to or from any Port.

14.
