FIGHT PICTURES CANCELED HALF-MILLION DOLLAR REAL ESTATE SALE IN TORONTO BULGARIA INVADING ALLED FORCES INVADE BULGARIA AND ATTACK FORTRESS

FIGHT PICTURES CANCELED SPORTSMEN'S FUND CLOSED

Ministerial Association is Blamed for Stopping the Exhibition by Which Money Was to Be Raised to Care for Returned Wounded Soldiers.

THANKS to the efforts of the Toronto Sportsmen's Patriotic Association has been denied the right to assist the Canadian soldiers on active service and to provide a club for those who return.

Permission was given the sportsmen to produce the motion pictures of the Johnson-Willard fight in Massey Hall on Wednesday from 10 o'clock in the morning to 11 o'clock at night, but as a result of representations by the Ministerial Association the permit has been cancelled.

The existence of the Ministerial Association in any work on behalf of soldiers on active service or at home appears to him unknown. He asks what the association has done for men in the trenches, at Niagara Camp, or for those returned crippled and workless and declares that the citizens may be content to bear interference by the Ministerial Association, the sportsmen will not.

The authority and the right of meddling with the privileges of the citizens, by the Ministerial Association is left for the people to judge. For the assistance given the association since its inception Mr. Greer extends the sincere thanks of the members.

The statement issued by Mr. Greer follows: To the Citizens of Toronto: The Sportsmen's Patriotic Association was formed for the purpose of helping our men on active service by procuring the means of amusement in their spare time.

We have spent thousands of dollars for the men in the trenches, and have sent goods there, as well as paying a thousand dollars in cash for a band for them. We have supplied Niagara Camp with every conceivable kind of game and sporting goods, and are daily shipping more. All these things have been done quietly, but they were done, and, finally, while others wondered what could be done for the returned soldier, we got a club for him, which was to be opened today, and had the fullest arrangements made to care for him, and meet his needs.

President Sportsmen's Patriotic Association.

ZEPELIN DROPPED BOMBS ON MINSK

LONDON, Oct. 17.—An official statement from Zeppelin received today, says that a Zeppelin on Thursday night dropped 16 bombs on Minsk, but was promptly driven off by military fire.

NEW FORCES AT SALONIKI

Allies to Land More Troops Within Next Few Days—Italian Expeditionary Force Expected.

LONDON, Oct. 18.—(1.34 a.m.)—A Malta despatch to Reuters Telegram Company says: "Signs are not wanting that the allies, in the course of the next few days, will be landing strong new forces at Saloniki.

BULGARIA INVADED BY ALLIES FALL OF STRONGHOLD IS NEAR

Despatch From Saloniki Says Swift and Telling Blow Has Been Struck at Fortress of Strumitza.

LONDON, Oct. 18.—(2.30 a.m.)—The allied forces from Saloniki have begun operations against the Bulgarians with unexpected zeal, and already the Serbo-Anglo-French forces have penetrated into Bulgarian territory just north of the Greek boundary, and are attacking the Bulgarian stronghold of Strumitza, according to advices received from Saloniki by Reuters Telegram Company by way of Athens.

FRENCH TROOPS ARE LOCKED IN STRUGGLE WITH BULGARS

Battles Reported in Progress in Macedonia and in Serbia Near Greek Frontier—Aegean and Black Sea Mined.

LONDON, Oct. 17.—French troops in Macedonia and at Thessaloniki in Serbia, close to the Greek border, are hotly engaged with the Bulgarians, according to despatches from Athens tonight. In Macedonia the first clash has taken place, near the railway bridge at Hudovo Vitanovo, where the French were attacked by 40,000 Bulgarians. Fighting is still in progress, according to the despatch, which continues: "The Bulgarian artillery is bombarding the Vitanovo garrison, which is offering a stout resistance.

TURKS ARE UNABLE TO COPE WITH BIG FRENCH BATTERIES

Enemy's Guns Are Active, But Not Effective, Says Official Report—Little Fighting in Past Two Weeks.

PARIS, Oct. 17.—(2.37 p.m.)—There was little activity on the French front in the Dardanelles during the past fortnight, the French War Office announced today. Only minor operations are mentioned in the official statement, which reads as follows: "In the Dardanelles, the first two weeks of October have been calm. Attempts made by the Turks to approach our trenches with mines were defeated by the explosion of our counter-mines. The Turkish artillery has been active, but not effective, thanks to the superiority of our own batteries.

FIVE WOUNDED DURING FIGHT OVER A WOMAN

Furious Struggle Takes Place in Upper Room on Niagara Street.

Peter Brockinsky Badly Slashed and Eight Others Under Arrest.

FIVE men were badly wounded, one of them probably fatally, in a fight over an Austrian girl at 63 Niagara street Saturday evening.

The police made nine arrests, and two of their prisoners are charged with wounding. The wounded men were removed to the Western Hospital are Peter Brockinsky, 63 Niagara street, and Tony Shepoloski, same address. The former has two knife wounds in his abdomen and the police say the man's bowels are pierced in four places. His wounds are probably fatal. Shepoloski is cut in the arm and in the stomach, but may recover.

The following wounded men were arrested: Lauro Syreda, 499 West King street, scalp wound, charged with wounding Sam Svegam, 463 West Richmond street, wounded in the head and held on a charge of wounding.

Morris Winkski, 63 Niagara street, wounding a woman, held on a charge of disorderly conduct. John Yosky, 63 Niagara street, wounding a woman, charged with disorderly conduct.

Pearl Berti, over whom the fight commenced, and Annie Yulen were arrested by the Cleburne and street police and held as material witnesses. The girls lived at 63 Niagara street with the man.

A Desperate Struggle. The police of No. 3 division, aided by headquarters detectives, worked on the case practically all night, but owing to the difficulties of conversing with their prisoners are still not quite clear on the course of event, which led up to the fight. Lauro Syreda, held on a charge of wounding, was with Yosky and the woman at the Bert street house when several of the inmates, led by Peter Brockinsky, went upstairs and entered the room.

Brockinsky and his men were said to have been under the influence of liquor and began taunting Syreda for wounding the woman. Brockinsky, finally Syreda drew a knife, but before he used it was smashed over the head with a beer bottle. Then Syreda is alleged to have wounded Brockinsky in the abdomen. Koderika, another one of the other men came to Syreda's assistance, and with knives, chairs and beer bottles as weapons, a dozen men battled up and down stairs with such fury that what little furniture there was in the house was completely wrecked and blood stains on the walls both upstairs and downstairs bore witness to the intensity of the struggle.

Neighbors Called Police. Neighbors communicated with the police, and when the officers arrived they found Brockinsky and Shepoloski lying on the floor where they had fallen. In an upper room three men were still struggling, one with a knife and the other with chairs, while in the kitchen three men were trying to bind up their wounds.

Some of the combatants had made good their escape, and two of these the police traced to their homes, and placed under arrest.

GLAD MURPHY VERY LOW AN OPERATION FATAL

Five Physicians, in Consultation, Decide That He Could Not Recover From Anaesthetic.

"Glad" Murphy had a bad day at St. Michael's Hospital yesterday and his condition is extremely serious. A consultation was held last night at the hospital, at which there were present Dr. Herbert Bruce, Dr. Dwyer, Dr. Sam Cummings, Dr. Loudon and Dr. Smirle Lawson, and after a thorough examination of Murphy it was decided that to attempt an operation would be absolutely fatal. Murphy's respiration is so weak that only 18. He is paralyzed from the neck down, and his "respiratory organs are the only ones working at all.

RED CROSS FUND CAMPAIGN STARTS OFFICIALLY TODAY

Mass Meeting in Convocation Hall Tonight, While 250 Workers Will Get Together To Map Out Their Plans

TORONTO CITIZENS will be given an opportunity on Thursday, "Our Day," to assist in the work of the British Red Cross Society on behalf of the soldiers, by a practical demonstration of their benevolence, and, incidentally to feel that they share in the duty and responsibility devolving upon them in prosecuting the war against militarism and brigandage to victory for the arms of the allies.

A GOOD SUGGESTION. Editor World: Surely the strongest appeal that can be made in Toronto, and all over the empire, for the one-day collection for the British Red Cross work for the soldiers and sailors of the whole empire should be that every man and woman should contribute the equivalent of the wages or income for that one day (Friday October 22) to this worthy object, irrespective of all other calls.

The suggestion in the British Parliament that people there will have soon to face giving up half of their incomes, either voluntarily or involuntarily, for war purposes, should make us Canadians realize how relatively little we have as yet felt the war.

REDOUBT TAKEN UNDER HAIL OF HEAVY SHELLS

After Half Hour's Bombardment, British Infantry Victoriously Advanced.

RAPID RATE OF FIRE Audible Shots From British Guns Proved Countless to Listener.

BRITISH HEADQUARTERS IN FRANCE, Oct. 15, via London.—Along the Hulluch-Halennes line, where the fighting has been almost continuous since the taking of Loos, a correspondent had an unpremeditated view of the British attack which took the Hohenzollern redoubt.

"From a vantage point in the flat country was witnessed a stupendous panorama of artillery preparation and glimpses of infantry rushing thru smoke and shells. So rapid was the fire that an effort to count the number of audible shots per minute from the British guns failed. In front, to right and left, and far in the rear guns flashed and scattered shells over the landscape. A second's lull in the firing by the batteries in the immediate neighborhood was filled by those farther away.

"The line of both the British and German trenches was describable in long clouds of smoke and dust from bursting shells. That of the German artillery seemed smaller in volume. No shells were seen bursting in Loos itself, which appeared peaceful now, back of the British positions. For this tremendous concentration was restricted to a narrow theatre, against the frontal positions of the opposing sides.

Sportsmen's Patriotic Fund Will Have to Be Abandoned

Half-Million Dollar Real Estate Sale in Toronto

BULGARIA AND ATTACK FORTRESS

FIVE THOUSAND PER ACRE PAID FOR 100 ACRES

Syndicate of Ontario Investors Has Purchased West Lawrence Park.

Weeks of Negotiation Major W. S. Dinnick Closed Deal Personally on Saturday Afternoon

AN increase from \$8.75 an acre to almost \$5000 an acre in a mere century is the startling record of the growth in value of a piece of land in the City of Toronto which has just been sold by the Dovercourt Land, Buildings and Savings Company for a million dollars to a syndicate of Ontario investors. The land in question lies on the west side of Yonge street, just north of Glen Grove avenue, and directly opposite Lawrence Park. It is bounded on the north by Lawrence avenue, or McDougall avenue, as it was formerly known, and on the west by Avenue road. It consists of some of the prettiest rolling land in the city, and includes a picturesque ravine and some very fine groves of trees, among which it is said, MCKENZIE did after his defeat of the rebels on Sallow's Hill in 1837. This land was first granted by the crown in 1891 to a Lieut. Nathaniel Huson, a U. E. Loyalist, and was sold in 1908 at the rate of \$8.75 per acre in thirty to forty-acre sections. It has been known in recent years as the old Anderson farm. It was at one time part of the estate of John Boyd, father of the present Chancellor Boyd, and was the site of the first Methodist chapel in Ontario outside of Toronto, where Egerton Ryerson delivered many a sermon.

The sale took place after some weeks of negotiation, conducted by Major W. S. Dinnick. The property was known now as Lawrence Park West, and will be laid out by landscape gardeners so as to be in harmony with the original Lawrence Park on the opposite side of Yonge street. It will be sold as high-class residential property.

GREECE ABOUT TO AID ALLIES

King Constantine Preparing to Go to Saloniki in Near Future.

SITUATION CHANGING Anti-War Party Modifying Attitude Since Bulgaria Entered War.

ATHENS, Oct. 17, via Paris, 11.40 a.m.—The energetic action of the entente allies and the opening of actual hostilities between Bulgaria and Serbia apparently are rapidly modifying the attitude of the Greek anti-war party. There is credible authority for the statement that King Constantine is preparing to go to Saloniki in the near future, and it is said, in circles usually well informed that Greece will abandon her attitude of neutrality as soon as the concentration of troops is completed and army arrangements perfected.

The impression prevails here that Roumania will also shortly ally herself with the entente powers.

MAJ. ROY'S SACRIFICE

He Was Killed While Trying to Throw Shell Over Parapet.

OTTAWA, Oct. 16.—The following official communication was issued tonight by the minister of militia, as received by him from Canadian headquarters in France: "On Oct. 6, Major A. V. Roy, 22nd Battalion of Montreal was standing in a trench issuing orders to Company Sgt-Major Marion and others. The enemy trench mortar shells were falling in the vicinity. Brig-Gen. Watson of Quebec had just passed along the trench when a mortar shell fell into the trench a few feet from Major Roy and his men. The shell did not burst on impact, and, rushing towards it, Major Roy bent down with the object of seizing it and throwing it over the parapet in order to save the lives of those near him. Before he could grasp it, the projectile exploded, inflicting wounds from which Major Roy shortly afterwards died. His gallant self-sacrifice has been specially reported by his brigade and divisional commander.

Used Bombs and Bayonets. "During the period Oct. 8 to 14, there has been no material change on the front of the Canadians. On the afternoon of Oct. 8 the enemy exploded four mines at points on the front

## MAY LEVY LOWER RATE IN FUTURE

Results of Compensation Act  
in Ontario for Nine  
Months.

### BURDEN BECOMES LESS

Amount Paid in More Than  
Sufficient to Meet De-  
mands.

Some interesting figures are shown  
as the result of the first nine months  
operation of the Ontario Workmen's  
Compensation Act.

Up to the present 12,653 accidents of  
all kinds have been reported to the  
board, 400 of these being fatal; 387  
of them were not cases for compensa-  
tion under the act because they were  
not in industries included in the  
schedules or because the disability  
lasted less than seven days; 471 were  
settled by the board; 688 are in pro-  
cess of adjustment; and in 1487 the  
reports are still incomplete.

Claims have been promptly dealt  
with, and complaints in this respect  
are few, but incomplete and contra-  
dictory reports necessitating further  
information of lives, as well as  
unavoidably resulting in delay, are  
law and the requirements are coming  
to be better understood delays are be-  
ing minimized.

Of all accidents about 93 per cent.  
involve only temporary disability, 5  
per cent. permanent partial disability,  
and about 2 per cent. are cases of  
less than one case in a thousand is a  
total permanent disability case.

Results thus far indicate that the  
burden of the new law upon employ-  
ers, which was in some quarters so  
much feared, is going to be much less  
than anticipated. The rates levied  
this year are generally less, and in  
many cases very much less than those  
charged in New York, Michigan and  
other places, they will, apparently,  
be more than sufficient to meet the  
burden of the Ontario act.

If this, as now seems likely, proves  
true, the rates will be levied in the  
future, for it must always be remem-  
bered that the employers will pay  
only just what is necessary to meet  
the compensation, there being no pro-  
fits going to anybody and no intention  
of accumulating a surplus other than  
sufficient to carry it until the next  
assessment.

Up to the present the amount collect-  
ed is \$1,471,000. Less than a million  
will probably be made on the year's  
accidents, but as the next assessment  
will not likely be made on schedule 1  
couple of months later than in 1914,  
the present assessment will have to  
take care of accidents until that time.

The act originally contemplated a  
year's assessment as a special reserve,  
but the board has not levied this, am-  
ount having been made last season  
making in addition to the existing \$150,  
thousand and thirty thousand dollars  
of the amount collected has been in-  
vested in the form of municipal de-  
bentures, the remainder being in in-  
terest subject to call from time to  
time.

Difficult Matters.  
The least satisfactory matter in  
connection with the operation of the  
act is the question of first aid or  
medical fees, for which no provision  
is made. In some instances the com-  
pensation provided for by the act is  
not more than sufficient to pay these.  
While in death and serious disabil-  
ity cases the compensation may be  
regarded as liberal and sufficient to  
enable the workman to pay his own  
expenses, some hardship has resulted  
in cases of minor injuries.

Owing to a misapprehension as to  
the provisions of the act some employ-  
ers discontinued first aid arrange-  
ments, which had been existing in  
connection with their industries. The  
act does not prohibit these, and un-  
derstandably until some other provision  
is made employers and workmen are en-  
couraged to make or continue mutual  
arrangements for medical and hospital  
expenses wherever practicable.

## STORMONT BRANGEMEN TO BUY MACHINE GUN

County Lodge to Raise Thousand  
Dollars in Memory of Fallen  
Members.

Special to The Toronto World.  
CORNWALL, Oct. 18.—At a largely  
attended special meeting of the County  
of Stormont Royal Orange Lodge at  
Newington, the following motion was  
carried by a unanimous standing vote:  
That the County Lodge of Stormont  
raise the sum of \$1000 by means of a  
fund-raising drive, to provide a machine  
gun, in honor of the brethren from  
Stormont who have fallen or may  
fall in action at the front; that the  
amount be raised, as far as possible,  
pro rata from the membership of the  
lodge in the county; that all further  
matters in connection with the pur-  
chase of the machine gun be left in  
the hands of the executive, with power  
to act.

Addresses along patriotic lines were  
delivered.

At a special meeting of the Cornwall  
Town Council the finance committee  
recommended a grant of \$100 to the  
British Red Cross Society, \$100 to the  
regimental fund of the 5th Battalion,  
C.E.F., Kingston, and \$100 to the  
fund of the 7th Battalion, C.E.F.,  
Ottawa. The council ratified C. E. F.,  
commendations. R. E. Snelinger, re-  
appointed a member of the board of  
health for the county; that all further  
matters in connection with the pur-  
chase of the machine gun be left in  
the hands of the executive, with power  
to act.

### VICTORIA RETAINS ATHLETIC TROPHY

West Toronto Inter-Church  
Meet Held at Lambton  
Saturday.

### CHILDREN'S SUNDAY

St. John's Anglican Church  
Featured the Work Among  
Children.

West Toronto Inter-Church seventh  
annual athletic meet, held under  
superb weather conditions, on the  
Lambton Athletic Field, Saturday  
afternoon, resulted in the Victoria  
Frederickian Club retaining the cup.  
Following are the church clubs which  
entered the meet, with the respective  
points gained by each:

Victoria Presbyterian 19, St. John's  
Anglican 13, St. Paul's Methodist 12,  
Lambton Baptist 10, Davenport  
Methodist 7, St. Mark's Anglican 0.

The Vics held first place for the  
third successive year, while the St.  
John's, who four years ago aspired  
to the top, now stand second. The marked  
difference in the number of points  
gained by some of the churches, as  
compared with those of other years,  
is much attributed to the absence of  
young men who have enlisted.

Frank McCullough of the Vics was  
the all-round man of the meet, while  
Ed. Smith and W. J. Brown of the  
same club won first and second places  
in several of the events. A Begley  
and Fred Kirkwood were St. John's  
mille well. R. Cummings won the  
running broad jump, breaking last  
year's record of 19 feet 4 inches by a  
jump of 21 feet 4 inches. M. L. Schultz  
fell short by a quarter of an inch in  
the running high jump against his  
own record of 5 feet 2 inches. Other  
competitors in the entries were: W.  
B. Schultz, C. Metcalfe, W. Raw-  
ling, C. Hicks, J. McCutcheon and F.  
McCutcheon.

Officials of the meet were: Starter,  
Charles White; announcer, C. Wood-  
burn; scorer, P. Hicks.

St. John's Anglican Church held its  
annual children's Sunday yesterday.  
Rev. Dr. Griffith Thomas was the spe-  
cial preacher at the morning service,  
and preached an appropriate sermon.  
Rev. W. L. Nicholson addressed the  
children at the afternoon session of  
the Sunday school.

### LIGHT HARNESS CLASS WAS WON BY W. STEELE

In the light harness horses shown  
at the Schomberg Falls, W. Steele of  
Tottenham received the red ribbon in  
the class for 15 1/2 hands and under,  
with an extra good-looking driver  
that has a nice turn of speed, perfect  
manners and conformation to stand  
long roading. J. Bundy of Barrie was  
second, with W. Hilborn of Kettleby  
third.

### ANNIVERSARY SERVICES.

Many Attend St. Paul's Church, La-  
maroux, Both Morning and Evening.

The anniversary services in con-  
nection with St. Paul's Church, La-  
maroux, were held yesterday, the  
morning and evening exercises being  
taken by Prof. Wright of Trinity Col-  
lege. In the morning the choir gave  
a fine program and in the evening St.  
Phillip's Church Choir, Unionville,  
gave a number of selections. The at-  
tendance was very large, the church  
being thronged at the evening meet-  
ing.

### NOW UP IN ARMS READY TO FIGHT

Only Way to Obtain Redress,  
Kick in City Hall  
Doors.

### NORTH TORONTO MOOD

Indignant Over Improvement  
Delays and Determined  
to Know Why.

That the only way to obtain redress  
for North Toronto was to go down to  
the city hall, kick in the doors and de-  
mand equal rights with the other por-  
tions of the city, was the dominant  
note at Saturday night's meeting of  
the North Toronto Ratepayers' Asso-  
ciation, held in the Eglinton Town Hall.  
There have been larger gatherings in  
the historic old place, but never one  
more in earnest or determined to know  
why the northern portion of the city  
was deliberately ignored in the mat-  
ter of improvements.

"If we are ever to set our rights it  
will be simply by going down to the  
city hall, kicking in the doors and de-  
manding to know the why and the  
wherefore," declared R. L. B. Baker.  
He criticized the proposed ex-  
penditure of \$350,000 for the purchase  
of park lands in the west end of the  
city in view of the present financial  
stringency and scored a resounding  
victory for the ratepayers of the north  
ward. The meeting was held in the  
Eglinton Town Hall, and was presided  
over by W. L. Nicholson, president of  
the association. Practically every  
member present took a hand in denou-  
cing the council with the exception of  
D. D. Reid, who said that if the alder-  
men from Wards One and Two objec-  
ted to a grant for a park this west end  
aldermen would retaliate by voting  
against Park Lands in North Toronto.

The idea was scouted, and a strong  
resolution, introduced by a representative,  
protesting against the expenditure  
of any more money while the trans-  
portation problem was unresolved, was  
almost unanimously adopted. Only  
D. D. Reid opposed the resolution. The

# NEWS OF SPECIAL INTEREST TO WOMEN

## THIS WEEK AT THE THEATRES

**"Peg o' My Heart"**  
Tonight at the Alexandra will see the triumphant return engagement of Oliver Morosco's comedy of youth, "Peg o' My Heart," by J. Hartley Manners. The little Irish lassie "Peg" is guaranteed to be just as Irish and human as ever. Mr. Morosco is making the presentation with an excellent company, headed by Miss Florence Martin. As "Peg o' My Heart" moves in a circle and is destined to reach every point upon the globe at certain

and lasso, Marshall and Tribble in "Sambo and Dinah," complete the bill.  
**Military Maids at Star**  
The "Military Maids" at the Star this week has been heralded as the top notch of burlesque. The triple alliance, Lydia Jospy, the little nightingale; Blanch Bird, the tailor-made girl; and Gladys Sears the nifty girl, supported by an all-star cast will appear in that funny burlesque entitled "The Rival Doctors."

stated periods, and has moved this regularly for several seasons, it is taken for granted that everybody knows all about the story of this remarkable comedy.

**"It Pays to Advertise"**  
"It Pays to Advertise," the famous laugh-provoking farce which is to be presented for the first time in Toronto at the Grand Opera House this week, is probably one of the best known plays of the season, notwithstanding the fact that it has been seen in few cities. It is known here by the members of the Toronto Art Club, who are going to attend the opening performance in a body. It is a rapid-fire farce that is clean and sweet, also as invigorating as an ocean sphyry. Roi Cooper Megrue and Walter Hickock have cleverly connected a deliciously human play that anyone can understand.

**Gene Hodgins at Shea's**  
Gene Hodgins and a capable company will present the scenic spectacle "La Chateaufort," featuring Muriel Ridley and the Futurist Sextette as the headline attraction at Shea's this week. Little Lord Rother, the diminutive juvenile comedian, will provide plenty of fun for the kiddies. Ned Monroe and Keller Mack in a sparkling interchange of witty dialog and clever musical numbers are billed as the special extra attraction, while Agnes Scott and Henry Keane will offer Miss Scott's latest dramatic playlet "The Final Decree." Olivia Briscoe, Leaven and Dupre, Al and Fanny Steadman, Toyo Troupe and feature film features complete a good bill.

**Two Features at Loew's**  
A big show with two distinct headlines will be presented at Loew's Theatre, this week. The Oh-Joy Girl, Gertrude Barnes, will top the bill in song and gown revues. Alfonso Zelaya, the son of ex-president, Zelaya of Nicaragua, who was forced from office and banished by efforts of the United States following the execution of two Americans during a revolution will be another feature on the bill. Hal Stephens in character-pictures, comedy, Del Vecchio Champ & Co. in a comedy sketch, Arthur and Grace Terry in expert handling of the rope

**Musical Comedy at Hipp**  
"All for the Girls," an attractive miniature musical comedy comes to the Hippodrome as the headline attraction this week. "Neal of the Navy" with Lillian Lorraine and William Courtleigh will be the film feature. John T. Ray and Grace Hilliard will offer their rural comedy playlet, "Hello Sally." Sherman and Johnston, "Two Boys at a Piano"; John Clark, "The Bennington Sisters." The Three Boyds, Valentine and Bell and feature film comedies complete a bright bill.

**Star and Garter at Gayety**  
Extravagant claims are hardly extravagant if they are based upon truth, and that is why the producers of the "Star and Garter" Big Show

have no hesitancy in announcing that the production offered this season, and which will be presented this week at the Gayety Theatre, is the greatest, really the biggest and the most magnificent offering ever made by this organization. To those who are familiar with the fine shows given in past seasons by the Weingarten organization, this means a great deal.

**Strong Bill at Strand**  
Today, tomorrow and Wednesday "The Hoosier Schoolmaster" will form the feature at the Strand Theatre. This is the photo-play version of Edward Eggleston's delightful novel of the same name, and in its keenness of the story and its fidelity to detail it reproduces most picturesquely the atmosphere of the book. The play turns on the experiences of Ralph Hartsook, an Indiana youth, who taught school in his native state. Max Fisman is seen in the name part, and he is supported by an all-star cast, which includes Lolita Robertson. The bill will also include the sixth instalment of

## GRADUATING NURSES MET AT A DINNER

With Officers of Wellesley Hospital Training School Enjoyable Function Was Held.

The officers of the Wellesley Hospital Training School for Nurses and the members of the graduating class were entertained at dinner at the Selby on Saturday night by the members of the senior class. The school commencement exercises were held on Friday, and Saturday evening's entertainment was the culmination of a series of festivities which accompanied that event. The toast mistress was Miss Gladys Gustin, who filled that difficult office admirably, and the toasts were "the school," responded to by Miss Elizabeth G. Plummer, superintendent; "the both G. Plummer," by Miss Caruthers; "the intermediates class," by Miss MacInnes; "the juniors," by Miss Patton; "the preparatory class," by Miss Ham, and "the alumni," by Miss Stinson, the first president. Musical selections were contributed by the Misses Griffin, Riggs and Macleod. The dining room was prettily decorated with flowers and daintily shaded candles, autumnal tints prevailing. The place cards were of individual design, being painted in water colors by Miss Hughes of Halifax, the colors of the school predominating. The guests of honor received pretty favors, commemorating the first class dinner in the history of the school.

**PTE. BOYER KILLED.**  
Special to The Toronto World. BELLEVILLE, Oct. 15.—Word was received in this city today from the military department, announcing the death of Cecil Boyer, son of John Boyer of this city, who left here some time ago as a member of the 15th Regiment. Pte. Boyer, who was 19 years of age, was killed in action at the front.

## GOD WILL REVENGE HIS ELECT'S CAUSE

Victory for People Who Could Be Best Entrusted With Faith.

**DR. FALCONER'S SERMON**  
University Students Told Christian Character Was Difficult to Acquire.

Progress of Christianity and the development of Christian character by the individual as well as by the human race in general, were the topics dealt with by President Falconer in his sermon before a university congregation at Convocation Hall yesterday morning. Referring to the parable about the widow calling upon the judge to revenge her of her adversary, Dr. Falconer applied this to the prayers of the nations for victory in the present world struggle. Those cries were said to be not useless, as the Father would revenge His elect. "The victory may go to the balance of prayer," said Dr. Falconer, "and it may go to the quality of prayer, whether it goes to the numerical balance or not. May not the result lie in the hands of those in whose keeping the entrusting of the faith will be most secure. In the long run the balance of victory ought to be with those people among whom there is most that God hears, and in whose hands the faith shall not perish from the earth."

Taking his text from the quotation in Luke: "How be it, when the Son of Man cometh he shall find faith upon the earth?" Dr. Falconer gave it as his opinion that the words were uttered in the first century of the Christian era by one of the Christian writers. Interpretation of Christ's sayings about the future were said by the president to be most difficult. "It seems to me that Jesus did not expect as near an end of the world as did His followers. Before that catastrophe could come there was to be a decided growth of faith. "Another question that comes forward today is whether the Son of Man shall find the faith upon the earth when He comes again," said Dr. Falconer. "Is this collapse of civilization a proof that the faith is perishing?" he asked, referring to the war and its outrages. "Have these two centuries of the development of Christianity been a failure and must we proceed along other lines?"

as the appeal for the Red Cross was sent out by the lieutenant-governor. There will also be special musical features prior to the rise of the curtain on the opera, appropriate to the anniversary of the day when England gained, it is to be hoped, for all time, the mastery of the seas. A gala audience is already assured, and some idea of the magnitude of the operatic offerings to be given during the latter part of this week is to be gleaned from the fact that the arch of the proscenium will be nearly 160 feet high and its width 16 feet. The depth of the stage is 80 feet. Such dimensions rendered necessary by the vastness of this organization, in which 250 people figure in the ensembles.

## BOY WAS KILLED BY AUTO AT BERLIN, ONT.

Norman Anthes, Aged Five Years, Ran Directly in Front of Car.  
Special to The Toronto World. BERLIN, Ont., Oct. 17.—Norman Anthes, the five-year-old son of Frank Anthes, was fatally injured Saturday afternoon by being knocked down by an auto driven by L. McBrine, Sr. The little fellow ran directly in front of the car which was not going fast. Coroner H. G. Lockner ordered an inquest.

## RED CROSS NIGHT AT THE OPERA

Sir John Hendrie Will Announce Results of Trafalgar Day Campaign at the Arena.  
The ladies' committee in connection with the appearance of the Boston Grand Opera Company and the Pavlowa Ballet Russe announced that Sir John and Lady Hendrie will attend the opening performance at the Arena on Thursday (Trafalgar) night, and during the course of the evening will announce the results of that day's great campaign in behalf of the Red Cross. The profits of Aubrey's "Dumb Girl of Portici," which is to be given that evening, go entirely to that object. This decision was made as soon

one of our divisions, simultaneously opening a heavy bombardment on the enemy. The enemy advanced into the craters, but was driven out of them by our bombers.

At one point two German officers, led a party thru a crater. One was blown to bits by our bombers and the other rolled back into the crater. This party then withdrew. At another point a party of the enemy reached our parapet and attempted to effect a permanent lodgment, but was driven off with fixed bayonets. Our companies manned their parapets and maintained a controlled fire wherever the enemy showed himself. The slight damage caused by the enemy to our parapets was speedily repaired.

The 22nd Battalion, under Col. Gaudet of Montreal, and the 26th, under Col. Embury, Regina, displayed great coolness in dealing with the surprise attack, which consequently failed completely. Our patrols had been very active recently cutting the enemy's wires and bringing in samples.

On the afternoon of Oct. 8, Lieut. J. G. Anderson, accompanied by Pte. A. H. Wythe, both of the 5th Battalion, encountered five of the enemy in a German sap. One of the enemy was killed and three wounded. On the morning of Oct. 9, reinforced with three bombers, they revisited the sap, driving off a German working party and bringing in two rifles and other articles of value for identification purposes.

Artillery Effective. On the morning of Oct. 10 we exploded a mine in front of our first brigade. The enemy was heard working in his mine gallery a few feet away just prior to the explosion. It is believed his losses were considerable. On the afternoon of Oct. 13 a demonstration was carried out all along our front. The fire of our artillery was effective both against enemy wire and parapets. While the enemy's supports were being brought up they were subjected to heavy artillery, machine gun and rifle fire.

At one point, under cover of smoke, a party of thirty men under Major W. R. Brown, of 28th Battalion, Col. Macaverty, 28th commanding, accompanied by Lieut. C. Fairweather and other Canadian Engineers, left our trench to examine a crater close to the German parapet, where the enemy was thought to be carrying on some kind of a heavy bombardment. As progress, and heavy rifle and machine-gun fire was opened on the party. Major Brown was wounded in the advance, but continued to direct operations. The crater was entered by a few men under cover of weather and McPhee and rendered untenable to the enemy. The crater was then evacuated.

During the retirement, Sergt. W. C. Ryan, 26th Battalion, St. John, succeeded with the help of Pte. F. L. Deley, in bringing in a wounded man under heavy fire.

Four working parties have been continually employed strengthening and improving our defences. Considerable rain has fallen during the period, and at times fog has been prevalent.

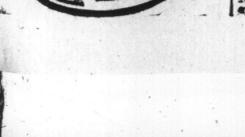

OPENS WITH A BANG. Wide interest and enthusiasm created in the opening of the new Ready-for-Service Tailoring of the House of Hobbs, Ltd.

Saturday was a big and eventful day with the House of Hobbs, Ltd. Limited—a house that has for years had a record for doing big things. Wider interest than an optimistic manager might have expected was shown in the opening of the new Ready-for-Service Tailoring department in the big store on Saturday. The house was ready for the crowds with a stock of ready-for-service garments that was equal to the demand and better still, that points the way to a new era in high-class ready-for-service tailoring for men.

Very smart, very natty, very perfect in workmanship, was the universal verdict of the many who examined the goods. Quality is insisted upon by the management, with four prices prevailing—\$15, \$20, \$25, \$30. The opening of the department continues all week, with special features from day to day.

HON. DAVID MACKENZIE MADE LIUT.-GOVERNOR Leaves Senate to Take Office in Province of Nova Scotia.

By a Staff Reporter. OTTAWA, Oct. 16.—Hon. David Mackenzie was appointed at a cabinet meeting today lieutenant-governor of Nova Scotia, in succession to Lieut.-Gov. McGregor, whose term of office has expired. Mr. Mackenzie has been a member of the senate since 1896. For nine years prior to that he was a member of the commons. He is 52 years of age and has been thrice married.

### OFFENSIVE BY TURKS IN CAUCASUS FAILED

#### Petrograd Reports' Repulse of Several Attacks—Enemy's Loss Heavy.

LONDON, Oct. 17.—An official statement from Petrograd records the repulse of several attempts by the Turks to pierce the Russian lines in the coastal region of the Caucasus. The statement says: "In the Caucasus front in the coastal region the Turks again made several attempts to pierce our front, but were unsuccessful. In the region east of Lake Tortum, near the Village of Keghyk and southeast of Lake Tortum, there has been much rifle firing. In the Vastan region along the southern shore of Lake Van we continue to pursue the defeated Turks. In the pass between the Villages of Lil and Kiashtshishli we routed the Turkish annihilating most of them. The whole region as far as Fesheyvan, west of Vastan, is clear of Turks."

### CANADIAN CASUALTIES

OTTAWA, Oct. 16.—The names of two more Canadian soldier victims of the Zeppelin raid on England of Wednesday, Oct. 14, are contained in the casualty list issued Sunday. They were in the 5th Artillery Brigade in which all the casualties resulting from Zeppelin bombs have occurred. The list follows:

### CANADIAN SOLDIER KILLED BY ZEPPELIN

#### Name Will Be Announced When Next of Kin is Ascertained.

By a Staff Reporter. OTTAWA, Oct. 16.—The name of one Canadian soldier victim of the Zeppelin raid on England of Wednesday, Oct. 14, in addition to those already given in the casualty lists, has been received, but will not be announced pending reply to the official notification from next of kin. The 5th Artillery Brigade, where most of the casualties occurred, is stationed at Otterpool camp in Kent, and the commander is Lieut.-Col. G. A. Carruthers of Windsor. It is made up of the 17th, 18th, 19th and 20th Field Batteries.

### TO BRING BACK BODY.

ST. CATHARINES, Oct. 15.—The body of Sergt.-instructor E. Harris, who was killed by a bomb from a Zeppelin on Wednesday, was cabled for by relatives this afternoon, who desire burial in St. Catharines.

#### Four Other Men Wounded as Result of Charleston Mele.

CHARLESTON, S. C., Oct. 15.—Sidney I. Cohen, a newspaper reporter, was killed and four men shot in a mele that occurred here today, just outside the room where Democratic city executive committee was to meet to canvass the returns of the municipal primary last Tuesday.

The Democratic municipal primary developed into such a bitter factional fight between the adherents of Mayor John P. Grace and Tristram T. Hyde, running at the head of the tickets, that serious trouble was feared.

When Gov. Manning, at Columbia, received notice of the shooting, he called the entire 2nd Regiment of the National Guard under arms to await instructions at Charleston.

### RUSSIA DENIES STORY SENT OUT FROM BERLIN

#### Has No Intention of Violating Roumanian Territory, But Says Enemy Wouldn't Hesitate.

NEW YORK, Oct. 16.—A news agency despatch from Petrograd published here this afternoon, says: "The foreign office, denying German reports that Russia was about to violate Roumanian neutrality by sending troops thru that country to attack Bulgaria, issued this statement today. 'The Wolff Agency is circulating a story that Russia intends to violate the neutrality of Roumania in order to attack Bulgaria. The fallacious character of this assertion is obvious. The German manoeuvre is evidently aimed at distracting the attention of Roumania from the danger threatening her from Germany, who would not scruple to violate Roumanian neutrality either to establish communication with Bulgaria or to try to enter Russia by the south.'

### AVIATOR KILLED.

BUENOS AIRES, Argentina, Oct. 16.—Francisco Beltramo, while attempting to loop the loop in an aeroplane here today, fell to the ground and was killed.

### NORWEGIAN STEAMER HELD.

STOCKHOLM, Oct. 15.—(Via London, 2.48 p.m.)—The Norwegian steamer Tyr, loaded with cotton and bound from Bergen, Norway, for Copenhagen, Denmark, was captured today by a German warship in the Cattegat, the arm of the North Sea between Sweden and Iceland.

### MYSTERIES OF PAIN SUBJECT OF SERMON

Rev. Dr. Powell at Holy Trinity Church. Strikes at the Liquor Traffic.

The rector of Holy Trinity Church, Rev. Dr. Powell, chose for his text yesterday morning verses 22 and 23 of chapter 8 of St. Paul's Epistle to the Romans: "For we know that the whole creation groaneth and travaileth in pain together until now. And we know that all things work together for good to them that love God, to them who are the called according to His purpose."

"In considering the question of pain," said the preacher, "we must remember that we are finite in the presence of the Infinite and that 'God moves in a mysterious way His wonders to perform.'"

What seems death to us may have in His sight a very different aspect. We see in our Lord a spotless character, nailed to a cross, and it seems hard to understand. But pain is everywhere around us. Physical pain sometimes ferocious; mental pain, with its keenness, and spiritual anguish, known to all men and women who think. What means it? Why must we suffer? God has chosen to hide the future from us to drop the curtain over death. Why innocent Christians should be slaughtered by the heathen, why birds and beasts should die of famine, why trees and flowers should have to perish in their beauty, who can say? Why in war women and children should be so grievously afflicted; why wives of cruel husbands and their little ones should suffer such abuse as they do, who can tell?

Yet behind all it is a good God who makes no mistakes. St. Paul knew, if anyone did, what suffering meant,

and he said that all things work together for good. Speaking on the liquor traffic, he said: A drunken brute may choke his wife and nothing is done, but some day he chokes her fatally, and then we say he must be hanged. What do we allow? We allow bar-rooms to be open that men may pour down their throats that which taken in excess will lead to misery and crime. Suffering-ended

the slave trade, and it may end the drink traffic.

### EVERY contribution withheld which might be given is a help to the enemy.

Every contribution given is a blow to Britain's foes. These are not idle words. Who can dispute them? Red Cross aid—immediate and unstinted—not only eases the pain of the dying and saves the lives of the hopelessly maimed, but it is the greatest factor of modern warfare for saving the less seriously wounded before loss of blood and infection get in their deadly work, and putting them, eventually, back into action.

Would we have ever ceased to blame the British Red Cross if it had NOT appealed for help in this great crisis—if it had simply allowed its work to go to pieces?

Never! And never will we welcome any opportunity more—we people of Toronto—than this opportunity to staunch the wounds of our heroes—smooth away the lines of agony from faces of suffering—and put thousands on their feet again to battle for what Britons call their "honor."

The Beginning of Bigger and Better Business

TODAY we in Toronto are on the threshold of bigger and better business conditions. Already building operations are assuming their old-time activity. Last month permits were issued by the city architect department for 527 new buildings, being an increase of 112 over the same month last year.

These figures and others of a similar nature, such as increase of earnings— increase of saving deposits—decrease of unemployment, bring you a message that indicates the present and future prosperity of Toronto.

Share in the Profits of Toronto's Prosperity

In order to stimulate and encourage the demand for close-in, convenient homesites now existing we are offering the few remaining half acre farms on Homestead Estate (Yonge street) at very attractive prices and terms. Eighty-seven families have bought little farms on this estate in the last few months. Sixteen of them have already erected homes, and one exceptionally enthusiastic buyer has erected a building which he intends to open in a few days as a general grocery store.

These eighty-seven investors and home-seekers did not buy without investigating—without feeling confident that they were buying right.

In the purchasers of Homestead Estate we have added eighty-seven satisfied clients to the thousands who are owners of our different properties.

A little of your savings invested in one of our little farms, 165 feet x 132 feet deep, will yield you much satisfaction and an unusual profit. Homestead Estate is well worth your consideration. Sign and mail the Coupon for full information.

The time to buy is when others are not buying, and the time to sell is when others are buying—think this over.

RUSSELL MOTOR CAR ISSUE STATEMENT

Financial Losses Sustained for Two Years, but Prospects Are Now Bright.

The annual report of the Russell Motor Car Company, just issued, is about as expected by the "street." It is understood, however, that the corner has now been turned and that the annual report will more than make amends for the past two years' losses. The statement says in part: Because of the conditions already outlined the directors of the company's operations, after payment of interest on bank advances, and full provision for all doubtful accounts, for the year ending July 31, 1914, was a loss of \$555,228.42, and for the year 1915, \$140,888.98. In view of the general trade conditions and the changes in the character of the company's work, it was considered prudent to make very considerable write-offs and provisions for repairs and replacement of plant and for depreciation and reserve. These depreciation and reserve accounts now total over 30 per cent of the total investment in buildings, machinery and plant outside of real estate. It was also considered wise to write off the whole amount of development work in connection with the design of our Knight engines and Knight motor cars. As a result, four of the balance account for the two years is as follows:

The hopeful view of the future is expressed in part as follows: After the return of the general manager of the company from England the directors decided that it was at once the duty and the privilege of this company to devote its equipments to the manufacture of war munitions. As a result, four of the chief officers of the company have devoted themselves almost exclusively to the acquisition of knowledge and the securing of equipment that would fit the company for this work. Great expense has been incurred in these preparations, and the existing equipment and organization has had to be greatly rearranged. While all of this expense was incurred in the year just closed, and has been included in the expenses of the year, the business was of a character that prevented actual results from the new operations being available before the close of the year. The business already taken includes machine work on high explosive shells and some of their component parts. This work is now in full swing with day and night shifts. We have also taken an important order for the manufacture of fuses. This order necessitated not only the rearrangement of plant but the purchase of a large amount of new machinery, some of which is now installed and the balance of which will be installed and at work in the next few weeks. This order for fuses, for the first of its kind placed in Canada, and reflects the confidence of the war authorities company to do machine work of the very finest kind, and requiring the greatest accuracy.

These orders, together with others which are likely to be received for work of a similar character, assure the working of the machine equipment of the company to capacity for several months. The total of orders on our books at the beginning of our new year exceeded \$2,000,000, which is substantially equal to our total sales of the past year.

WITHDRAW FAVOR

Samuel Mon... in any in 1915: The general public has been misled by the fact that a total of \$1,000,000 has been arrested. A temporary fund of \$1,000,000 has been set aside to meet the needs of the public. The withdrawal of this fund is not only a matter of public interest but also a matter of public safety. It is therefore requested that all holders of this fund withdraw their shares immediately.

BIG DOME FOR

Plans for the mill are now under construction and will be completed in the next few weeks. The new mill will be a major addition to the city's industrial base and will provide employment for many workers. It is expected that the mill will be operational by the end of the year.

TRADING MODERATE ON N. Y. EXCHANGE

Dealing Altogether Professional With Public Interest Diminishing. RISE IN SPECIALTIES Bethlehem Steel Advances Seven Points to New High Level.

NEW YORK, Oct. 17.—Trading in stocks Saturday was moderate and altogether professional, with a further diminution of public interest. Prices at the end were so tranquil as to suggest further liquidation, but these declines were largely effected in the later dealings, when investor use in such specialties as Baldwin Locomotive, General Motors and Willys-Overland caused the short interest to cover. Incidentally Bethlehem Steel advanced seven points to the new high price of 48 1/2.

WITHDRAWAL OF GOLD FAVORABLE FOR SILVER

Samuel Montagu & Co., London, say in their circular of Sept. 30th. The general position of the silver market at the present time is unfavorable to the purchaser of the U. S. Treasury, now that a total verging upon \$400,000,000 deposits increasing almost \$175,000,000 with a cash gain of almost \$28,000,000, the United States is increasing in reserves of a little over a million dollars.

BIG DOME PLANNING FOR MILL EXTENSION

Plans for the extension to the Dome mill are now being drafted. The construction and mechanical staff at the Dome has been greatly strengthened in the past two or three weeks by the inclusion of Messrs. Watson and Turner, both of whom have had much experience in mill construction in many camps. Until such time as this mill extension has been completed, it is not probable that much tonnage from the new ore body will be run in the mill as the tails would run to high. Only a small percentage of the total ore milled yet comes from the ore body which has been recently opened up.

WET WEATHER AIDS WHEAT MARKETS

Small Net Advance Recorded at Chicago in Consequence. Gains Also Made in Oats Owning to Same General Influences. CHICAGO, Oct. 17.—Wet weather northwest and southwest, delaying the movement both of the spring and the winter crop led to a new upturn Saturday in the price of wheat. Despite something of a later reaction, the close, which was unsettled, showed a net advance of 1/8c to 1-5/8c, with December to \$1.08 7/8 and May at \$1.09 1/2. Gains were made, too, by the other leading staples—corn 3/4c to 1-1/8c, oats 3/4c to 7-5/8c, and provisions 2 1/2c to 2 3/4c.

SUBSTANTIAL DEMAND FOR ONLY FEW STOCKS

General Electric, Crow's Nest Coal and Smelters Control the Inquiry at Toronto. There was a substantial demand for a few stocks on the Toronto Stock Exchange Saturday, among them being General Electric, Crow's Nest and Smelters. In each of these advances were scored and new record high records made. Except in the above-mentioned the market was extremely dull. Cement fell away to 32 3/4 and Canada Car to 108, the increase in call evidently not being considered a bull factor for the stock.
