YETI CON

May Precipitate an Immediate Election ENDS IN FAILURE

Parties, After Months of Negotiations, Split on Composition of Joint Committee To Adjust Future Differences— Government Expected To Force a Dis-solution.

HOME RULE WAS NOT DISCUSSED AT ALL

LONDON, Nov. 10.—The conference which was organized shortly after the death of King Edward, in an endeavor to secure a settlement of the acute controversy over the question of the veto power of the house of lords with refer-ence to measures passed by the house of commons—a controversy aggravated by the refusal of the upper house to pass the budget—has dissolved without reaching an agreement.

Announcement of the failure of the leaders of the two great political parties to find a solution of the dispute, which has kept British politics in a turmoil for more than a year, was made by Premier Asquith to-night, after a meeting of the cabinet, which followed the earlier gathering of the conference. The official statement does not disclose the cause of the disagree-ment. It simply says:

"THE CONFERENCE WHICH HAS BEEN SITTING TO CONSIDER A CONSTITUTIONAL QUESTION HAS COME TO AN END WITHOUT ACHIEVING AN AGREEMENT."

The statement adds that the mem-bers of the conference had decided not to disclose the course of the negoti-ations or the causes which led to its termination.

Rock on Which They Split. It is understood, however, that the rock on which the conference split was the question of the composition of the joint committee of both houses that should adjust the differences arising in the future. The Liberals insisted that the proportion of peers on this com-tee should be such that the will of the house of commons would have a fair chance of prevailing. The Con-servative members, however, did not agree to servative members' proposals, and their alternative proved unacceptable to the Liberals.

Walter Hume-Lons announced to-night, on behalf of Mr. Balfour, leader of the opposition, that neither the rule, imperial federation, nor de-velopment forms any part of the con-ference, which confirmed the earlier reports that the conference had confined itself to the constitutional question.

The political situation now reverts to the position it was in before the conference. The conference secured a re-tracture. The conference secured a re-tracture. The conference secured a re-tracture.

U. S. BOYCOTT URGED

Mexicans to Hold Meeting to Discuss Cutting Out American Goods.

MEXICO CITY, Nov. 10.—There has been no further outbreak of anti-American rioting in Mexico City. The authorities have taken measures for the maintenance of order, and Felix Diaz, chief of police, announced this morning that he would proceed against any further disorder with vigor. A total of 217 persons are at-day in jail, having been arrested during the disturbances of yesterday.

El Pais to-day makes a suggestion that a boycott be instituted against American goods and stores. The American and publishes a call for a mass meeting next Sunday for the purpose of drafting a form of boycott and arranging for its circulation.

The foreign office has assured Ambassador Wilson that there will be no repetition of the rioting. A satisfactory verbal reply was given to Mr. Wilson's urgent message of yesterday concerning the trampling of an American flag and the insulting of American residents. Assurances were also given that several newspapers whose utterances incited the demonstration, will be suppressed.

The Toronto World

FOURTEEN PAGES—FRIDAY MORNING NOVEMBER 11 1910—FOURTEEN PAGES

SESSIONS END NOTHING DONE

Further Reciprocity Confer-ence Will Be Held in Wash-ington, Probably Early in January.

OTTAWA, Nov. 10.—(Special.)—The conference between the representa-tives of the United States and Canada on the subject of improved trade re-lations concluded this afternoon. It has not been regarded here seriously, and indeed the commissioners during four sittings have not spent more than five hours in discussion of the trade situation.

It is understood that the proceedings terminated abruptly, as the result of the elections in the United States. The conference began on Saturday, and was continued on Monday, Tuesday and to-day, but it has never been con-sidered here that anything of moment would result.

The official report says: "The whole discussion was of the most frank and friendly nature. While no conclusion was reached, the ground was cleared for a further conference, which will be held in Washington, probably early in January. The members of the confer-ence, Messrs. Hoyt, Pepper and Fos-ter, representing the United States, and Messrs. Fielding and Patterson, representing Canada, separated with the strong hope that on the resump-tion of the conference at Washington an arrangement can be reached that will prove acceptable to people on both sides of the boundary line."

PREMIER ASQUITH, Who has had to announce the failure of the "veto conference," to reach an agreement.

Ready to Discuss Making an Offer

Board of Control Will, This Morning, Seriously Consider the Electric Lighting Situation.

Equipped with a knowledge of the terms of the Toronto Electric Light Co's contract with the Electrical De-velopment Co., the board of control will this morning privately consider a basis upon which to make an offer for the plant of the former company.

Mr. Drayton said that no absolute obstacles had been found in the E. D. Co. contract. To Sixth Ward Conservatives last night Mayor Geary said of the negoti-ations: "We can afford to stand a fair amount of loss, but not one that will wreck the whole municipal project."

Speculation as to the price that may be named is so general, that there is a feeling around the city that the city is not likely to bid above par for the stock, and in some quarters, \$5 is quoted. The stock is now selling around 110. To purchase at \$100 a share means an outlay by the city of \$4,000,000, \$1 to mention the assumption of the \$1,000,000 bonded obligation.

Two years ago, when Joseph Oliver was mayor, the city offered \$15 a share, and to pay the company up to \$200,000 in addition to secure, if possible, a release from the ironical con-tract. The company, however, held out for \$100 a share, which the city has completed so much costly con-struction work in duplication of the company's system, that the value of the plant to the city is greatly reduced.

COMMERCIAL CABLE CO. MAY CUT TOLLS IN HALF

Has Worked Out Scheme—Appli-cable Only to Messages in Plain Language.

NEW YORK, Nov. 10.—Clarence J. Mackay, president of the Commercial Cable Co., and the Postal Telegraph Cable Co., said: "The Commercial Cable Co. has been at work for some time past in formulating a plan by which the rates for cablegrams in plain language, as distinguished from code language, be reduced about one-half. That plan has now been worked out, and, inasmuch as it will require the co-operation of the telegraph lines in Europe, where the governments own the lines, our plan involves a propo-sition to reduce the rates for cablegrams charged by the European gov-ernments, and hence the co-operation of these governments will be necessary."

"At present the cable rate is 35 cents per word. The proposed plan is to charge 12 1/2 cents for every five let-ters in that class of cablegrams, as plain language averages only five let-ters in that class of cablegrams, as messages will be subject to prior trans-mission of message paid for at a higher rate."

The new mode will be of decided advantage also to the business public which uses a code, inasmuch as it will be an inducement to them to put a portion at least of their cablegrams in plain language."

FLOODS IN EASTERN FRANCE

Immense Damage Already Done and Hundreds Are Homeless.

PARIS, Nov. 10.—A serious flood situation has developed in eastern France. The River Meurthe and its tributaries are over their banks. Many villages have been inundated. At Nancy alone there are 1500 homeless. Immense damage has been done. The valley tra-versed by the River Moselle is one vast lake. Many factories have stopped work. The River Saone threatens to invade the famous Creusot steel works.

ON THE POLITICAL TOBOGGAN SLIDE

UNCLE SAM: Just shet your eyes and trust to your Uncle Sammy, son.

URGED TO SAVE SINKING SHIP

Emergency Meeting of Liberal Members and Senators— Lemieux Said to Have Been Cabled For.

MONTREAL, Nov. 10.—(Special.)—Hon. L. P. Brodeur, minister of marine, came down from Ottawa to-day and hurriedly called the federal mem-bers and senators together at the post-office building, to discuss the recent disaster in Drummond and Arthabaska.

As might be expected, the minister was urged to do something to save the sinking ship, yet no one seemed to know what to suggest, as there is a crisis in the affairs of the party. It is also learned here that Mr. Joe Tur-cotte, M.P. for Quebec, has written to Sir Wilfrid, calling for the modification of the navy bill, which he ridiculed in this district, who says that if Laurier sinks he must go down with flying col-ors.

PULLMAN RATES TO TUMBLE

Company Concedes Power of Inter-state Commission to Regulate It.

CHICAGO, Nov. 10.—The Pullman Co. officials, at their annual meet-ing bowed to the power of the inter-state commerce commission. The directors decided that further opposition to the general proposition of the commission's power to fix rates for sleeping car berths should be abandoned.

The result will be that in a short time cheaper rates for berths and lower charges for upper than for lower berths will be put into effect.

The Pullman Co., when the inter-state commerce commission last spring un-dertook to enforce lower rates between St. Paul, Minn., and other cities, ob-tained a temporary injunction against the order of the federal court. It plead-ed that it was not a common carrier and that it could not be subjected to the regulations of the interstate com-merce law.

Now that the Pullman Co. has ac-knowledged the authority of the com-mission to fix its rates, reductions ap-plying to all parts of the country are expected to follow.

Asphalt Block Makes Good

Editor World: Under this heading the Asphalt Block Company endeavors in your to-day's issue to congratulate the ratepayers on College-street at get-ting a bid of \$40,729 for an asphalt block pavement, while the engineer's first estimate was \$51,775. Now, if it is any consolation for these ratepayers to know it, they can have the same pavement, only substituting a heavy sheet asphalt surface for an asphalt block, on for \$24,000.

On this same street, from Manning-avenue to Dovercourt-road, the en-gineer estimated over \$50,000 as the cost, and \$42,480 was the lowest bid for asphalt block. Yet the people got wis-er and found that they could have a first-class heavy asphalt put down for \$27,000, and are going to have it.

Constructing and Paving Co., Ltd. Nov. 9, 1910.

H. H. WILLIAMS & CO. MOVED TO 38 KING STREET E. 30TH YEAR.

A TAX ON AUTOS TO IMPROVE ROADWAYS

The Members of the Ontario Motor League Express Their Willingness to Pay Special Levy to Assist in the Main-tenance of Improved High-ways.

The good roads movement in Ontario is gathering strength. At the meeting of the Ontario Motor League at the King Edward last night it was taken as an indication. The large banquet hall was filled with a representative gathering of members of the league, Col. Hurdman, chairman of the Ottawa branch, the chairman of the Hamilton branch, and many other out of town members being present.

The meeting was called, following a conference which a special committee representing the motorists of the province recently had with Hon. W. J. Hanna, provincial secretary, respect-ing an increased grant from the gov-ernment for the purpose of improving the country roads thruout Ontario.

While no earnest was given of what the government would be prepared to do, the members of the league. Pres-ident Stone explained, had been called together to discuss a suggestion to the government, that if the present grant of contributing one-third to the cost of constructing roads in counties was increased to one-half, or giving dollar for dollar, instead of one dollar for every two appropriated by the county, the league would consent to a tax upon automobiles on the basis of the horse power of the machine. The condition of facussing with this tax was made clear that the money should be spec-ifically devoted by the government to this purpose. This discussion disclosed a desire to overcome rural antagonism to the automobile.

Oliver Hezwood fathered the propo-sal. He pointed out that apart from the considerations of the motorist, the improvement of the highways would not only increase the comfort of thou-sands, but it would prove an economic advantage to farmers and others who have to make daily use of the roads. More counties could be influenced to adopt a system of road construction under the Highways Improvement Act. If the government would increase the grant from one-third to one-half, and to that end urged that the mem-bers of the league should urge the gov-ernment as a means of raising the ad-ditional revenue, a tax upon motor vehicles on the basis of the horse power. He was prepared to place these views in the form of a resolution, if the members desired.

Five Thousand Autos to Tax. Frederic Nichols pointed out that it was estimated there were 5000 auto-mobiles in the province with an average horsepower of 25. On the basis of 50 cents per horse power, this would create a revenue of \$62,500, which would pro-vide an excellent fund for the main-tenance of the roads. The total sum of between one and two millions of dollars. Heavy motor vehicles used for commercial purposes should, of course, be subject to special consid-eration.

"I think," he said, "while we are dis-cussing this proposal, that attention should be drawn to heavy traffic on the roads that would prove an eco-nomic advantage to country roads than is ever done by motorists." Col. Hurdman, Ottawa, said: "I state the views of the Ontario association of vehicle owners in the honor to pre-side. As soon as I received your secretary's circular, I called a meeting to discuss the matter. The opinion of our club is that we are perfectly willing to pay a reasonable tax, providing it is supplemented by the government or the county authorities and is to be expended on improving the roads in our dis-trict."

Says Roads Are Bad. Dr. Forbes Godfrey, M.L.A., admit-Continued on Page 2, Column 2.

THE SAME OLD WILLIAM AGAIN.

Globe Editorial. There is no use in making two bits of a cherry, says The World in discussing the suggestion that some of the proposed money be laid on the shelf instead of going to a vote in January. What is \$500,000 to this great city? asks The World. The people of Toronto quite understand the situation. A considerable part of the three millions, \$700,000, is intended to be used in constructing a viaduct across the valley of the Don. It will enormously increase the value of the 900 acres of land owned there by the gentlemen who's known as the Laird of Donlands, and who after he tells the citizens of Toronto that they should "rise to the responsibility of their expanding obligations" lies off in his motor to Donlands, where he enjoys the benefit of a York township assessment instead of paying city taxes.

The people have already voted down the viaduct and again until Mr. W. F. Maclean and the other large property-holders in the township whose lands would be greatly increased in value by the viaduct agree to devote some of the unearned in-crement to paying part of the cost. If the by-laws go to the people as they stand they will be slaughtered and had alike. Toronto has never a very large good and bad alike. The city, electrical plant, the projects under way. The filtering basin, and the bridge-trunk sewer, the filtering basin, and the bridge-building at both ends of Queen street are all public works of the first importance, involving an expendi-ture of many millions. The Laird must wait a while.

New Hats for Men. If it's a question of a new hat for you, it should be a Dineen hat. The men's hats sold by the Dineen Com-pany are ultra-stylish and supreme in quality. They are made by such man-ufacturers as the famous Hatters of London, England, and Dunlop of New York, for whom the Dineen Company are sole Canadian agents. All the new fash-ions are in. Get your new winter ur-fall hat to-day. The store is open un-til ten o'clock Saturday night.

An Excellent Combination. "Father and the Boys," in which Wm. H. Crane is to be seen at the Princess Theatre next week, is without doubt George Ade's cleverest comedy. Wm. H. Crane in the leading part, Mr. Ade has made giant strides since he gave the public "The College Wid-ow" and "The Country Chairman." "Father and the Boys" has certainly increased the popularity of both au-thon and actor which proves the com-bination an excellent one.

HAMILTON HAPPENINGS

L. PURCHASE FARM FOR HOUSE OF REFUGE

Hamilton Decides After a Stormy Meeting to Spend \$10,000 on the Institution.

HAMILTON, Nov. 10.—(Special).—The opposition in the county council to a house of refuge, which has been going on for years, succeeded this afternoon, when it was decided to purchase the Grove or McEwen Farm at Ancaster for \$10,000.

At the meeting of the board of education this evening Dr. Carr gave notice of a motion he would move at the next meeting on the subject of paying public school teachers according to their merits.

At the meeting of the board of education this evening Dr. Carr gave notice of a motion he would move at the next meeting on the subject of paying public school teachers according to their merits.

A TAX ON AUTOS TO IMPROVE ROADS

Continued From Page 1.

It is known, however, that the opponents in the county council to the Newitt Farm, who are principally Grits, believe that they have been hoodwinked by the government, because they would not take their instructions from the Conservative party headquarters in Dundas.

At the meeting of the board of education this evening Dr. Carr gave notice of a motion he would move at the next meeting on the subject of paying public school teachers according to their merits.

At the meeting of the board of education this evening Dr. Carr gave notice of a motion he would move at the next meeting on the subject of paying public school teachers according to their merits.

WOMEN FOR EDUCATION BOARD

There May Be at Least Three Official Nominations. From the present outlook, it would appear that there is to be still another ticket presented to the electors of Toronto in the coming contest for the board of education.

ANOTHER PROJECTED LINE TO HUDSON BAY

Alberta Central Seeking to Construct From Saskatoon to Fort Churchill and Fort Nelson.

OTTAWA, Nov. 10.—(Special).—The Alberta Central Railway Co. has entered into the field as one of the competitors for the construction of a line of railway to Hudson Bay, and through its solicitors, Smith & Johnston, Ottawa, has given notice of application to parliament for an act with power, among other things, "to enter into agreement with his majesty King George V., as represented by the governor in council for Canada, or the minister of railways and canals, or other lines of railway companies, to construct, operate, etc., a line of railway in common, or as may be defined by the proposed act from Saskatoon eastward to Hudson Bay, with terminal at both Fort Churchill and Fort Nelson."

The Alberta Central Railway Co. is now constructing its line of railway, and 70 miles westerly of the line from country roads, the city at present is authorized to build westerly as far as the Yellow Head Pass, and, in addition to its line to Moosejaw or Warman.

4000 CENSUS TAKERS

Will Be Out To-morrow Getting Statistics as to Church Attendance.

Everything was astir yesterday around the offices of the Toronto Home Visitation, as the final arrangements were being made for the taking of the

G. P. BRYCE, Executive Secretary, Toronto Home Visitation.

religious census of Toronto on Saturday afternoon next. About 4000 workers have been obtained to assist in the carrying out of this big proposition, and final instructions were given to these last evening in St. Paul's Methodist and St. James-square Presbyterian churches.

A GANG OF SMUGGLERS

NIAGARA FALLS, Ont., Nov. 10.—(Special).—It is learned that the Canadian and American immigration authorities are on the lookout for an organized gang of smugglers, dealing in immigrants, whiskey and other articles. The gang operates, it is said, on an extensive scale on both sides of the river.

Fell Fifty Feet

NIAGARA FALLS, Ont., Nov. 10.—(Special).—Leo French fell 50 feet on to the rocks at the high wall of an addition to the plant, when he lost his balance and fell to the rocks below.

Avoided a Deadlock

WINNIPEG, Nov. 10.—(Special).—Late this afternoon Mayor Pettit of Fort William, arbitrator for the employees, and Capt. Robinson, arbitrator for the Street Railway Co., agreed on W. J. Christie of Winnipeg as chairman, thus averting a deadlock in the arbitration proceedings.

TWO TUNNELS FOR MONTREAL

MONTREAL, Nov. 10.—(Special).—Traffic congestion here has become a live question, and two tunnels are suggested. The first, a four-track subway under St. James-street, from Gostord to Victoria-square, the second, which will cost a million, to be dug under Cote des Neiges Hill.

A Kipling Recital

Henry J. Hadley opened a short engagement at the Conservatory of Music last night, when he repeated his successes of last season with a new intensified cordiality in his reception, variety, scope, and every available seat being occupied. To-night he gives a program from Longfellow. Mr. Hadley is in many respects the most remarkable interpreter of modern poetry appearing before the public, and the intensity of his feeling, the magnitude and significance of his voice, the splendor of his gesture, the fine presence, and, above all, the keenness of his psychological analysis, and his marvelous power of conveying thought by the subtle craft of the actor, all distinguish him as without a rival in platform drama. Last night's program included a recital of the Kipling selections, in which he appeared in Toronto before, with some new pieces.

ANXIOUS TO GET IN

Poles Braved Dangers of Upper Niagara to Gain Entrance to Canada.

NIAGARA FALLS, Ont., Nov. 10.—(Special).—Canadian immigration officials say that John Dee and Stefan Rozek, Russian Poles, this afternoon braved the dangers of the river above the falls in a rowboat to gain entrance to Canada. Both were arrested by immigration officials shortly after landing on Canadian soil and will to-morrow answer to a charge of entering the country illegally.

babies' SORES IN WINTER

Mothers Should Know About Zam-Buk.

Every mother should realize that the skin of her baby is so tender that the secretions of the body often lead to rashes, eruptions, etc., all of which may be removed by Zam-Buk. Sores of restless, crying babies, upon examination, are found suffering from some form of skin irritation or "heat." Don't let your baby suffer when Zam-Buk will cure!

Often, too, in winter, the little ones suffer from chaps on the chin, hands or other parts of the body. Zam-Buk applied during the bath, and at intervals during the day, will prevent all troubles.

Mrs. W. Wood of 415 Alexander-avenue, Winnipeg, says: "I have proved the value of Zam-Buk when applied to children's sores. Some nasty sores broke out around my baby's mouth, and despite all the preparations used, they refused to heal. I took him to St. Boniface Hospital and he remained there for two weeks. At the end of that time he was no better, and we again took him home. I was then advised to try Zam-Buk and obtained a supply. The effect of the first few applications was very gratifying, and a little perseverance resulted in a complete cure."

Death List Increases

DELAGUA, Col., Nov. 10.—Nine more married and single bodies were found in No. 3 mine of the Victor American Fuel Co. early today, bringing the list of dead to 64. It is now thought the list may reach 75 or 80.

A Clerical Transfer

LONDON, Nov. 10.—(Special).—The Bishop of Huron has appointed Rural Dean George of Clinton to be rector of Christ Church, in succession to Rev. R. S. W. Howard, who goes to Chatham next week.

QUEBEC FINANCES IN PROSPEROUS STATE

Decrease of Over Twenty-four Millions in Funded Debt of the Province.

MONTREAL, Nov. 10.—(Special).—Hon. P. S. G. MacKenzie, provincial treasurer, was tendered a non-political banquet this evening at Richmond. The treasurer stated that the outstanding funded debt of the province, including capital for conversion, amounted to \$24,696,216, a decrease of nearly ten millions over former days, while the debt in the interest account is \$1,152,500, or \$347,498 less, and the net debt shows a reduction of \$2,710,298. The surplus for the past year amounts to \$945,147, an increase over the surplus of the previous year of \$200,000.

He said the Province of Quebec had spent \$17,000,000 adding the construction of railways, while the annual expenditure on the road and bridge service amounts to \$250,000. Mr. MacKenzie also announced that the day was near at hand when the incubus of toll roads and for the past few years the government, he said, would spend a million dollars on education during the present year, but his figures as to education work were not all encouraging.

More than one-third of the Protestant schools in the eastern townships have no certificates. In the Protestant schools for the past year thirty-three male lay teachers to supply 2113 schools, and as there is a school population of 21,814, there is but one teacher to every thousand children. In the Roman Catholic schools there are only 36 male lay teachers, and 90 brothers attending to 184,978, or one male teacher to look after 1860 pupils.

THE QUALITY OF MERCY

Union Station Officials Aid a Man in Distress.

A pathetic incident occurred at the Union Station yesterday, when Arthur McCusick arrived from North Bay, suffering from a serious case of blood-poisoning. He asked to be taken to one of the city hospitals for treatment, but it was found that as he had only two dollars in his possession, he was not eligible for admission to any hospital. Station Constable George Reburn and Gatekeeper Charles Hemstead, however, rose nobly to the occasion and took up a collection on the spot, among the station employees and passengers. They raised over \$15 for McCusick, and an ambulance was summoned and he was sent on his way rejoicing.

MUNICIPAL LEGISLATION

Executive of Ontario Association Hold a Meeting.

A meeting of the executive committee of the Ontario Municipal Association was held last evening in the Queen's Hotel, the president, Mayor Howepwell of Ottawa, occupying the chair.

The object of the meeting was to marshal the principles involved and to consider the form in which the resolutions of the general meeting of the association, held in September last, are to be presented at the coming session of parliament. These points being decided, the association solicitor will now proceed to draft a series of bills, which will be presented to the house in the regular way.

The chief questions involved in the discussion were the form of voters' lists in referendums for bylaws; drainage and auto license fees to municipal municipalities; a general resolution in opposition to the principle of bonusing manufacturers; the distribution of auto license fees to municipalities for road improvement; a more prompt collection of the business tax; the municipal establishment of sanitariums for inebriates.

Said Charles Davidson to Borrow Money

Charles Davidson, 35 years old, 56 Elliott-street, was arrested yesterday by Detective Archibald, charged with obtaining money from Mrs. J. Dixon, Wilton-avenue, by false pretences. It is alleged that Davidson telephoned saying that his wife had died, and asked to borrow money. Later it was discovered that the wife was not dead.

Death List Increases

DELAGUA, Col., Nov. 10.—Nine more married and single bodies were found in No. 3 mine of the Victor American Fuel Co. early today, bringing the list of dead to 64. It is now thought the list may reach 75 or 80.

A Clerical Transfer

SOCIETY NOTES

Mrs. Gilbert Cassis MacKenzie (nee Baby Powell) will receive for the first time since her marriage, this afternoon and evening, at her mother's residence, 47 Warren-road, and afterwards on the fourth Thursday of the month, at her apartment, 7 Sylvan-av.

Mrs. G. A. Powell will receive for the first time in her new home, 47 Warren-road, this afternoon, and afterwards on the third Thursday of the month.

Regret was expressed at the annual meeting of the Canadian Women's Historical Society yesterday over the death of Lady Edgar. Officers were elected as follows: President, Mrs. Forsythe-Grant; vice-presidents, Mrs. Gordon MacKenzie and Miss H. M. Hill; recording secretary, Miss Nesta Mackenzie; corresponding secretary, Miss Janet Price; treasurer, Miss Chaucer Toque. Miss FitzGibbon, secretary for fourteen years, resigned, as other duties prevented her giving sufficient time to the society. The executive committee are: Mrs. J. D. Tyrrell, Miss Josephine MacKenzie, Mrs. Sarah McKillop, Mrs. Galbraith, Mrs. Seymour Corley and Mrs. Pelham Edgar. A paper consisting of extracts from the diary of Miss Powell, who made the journey from Montreal to Detroit in 1785, was read by Mrs. Forsythe-Grant. Miss Kingston gave a violin solo, and was afterwards presented with a spray of chrysanthemums by the society. Excellent progress was reported to have been made last year, there having been twenty new members made.

The Catholic Religion. Chancellor Burwash of Victoria University delivered a lecture on the above subject last evening, in the Friends' Church, Carlton-street.

The three main branches of the Catholic religion—Roman, Greek and Anglican, with their fundamental principles, were spoken of. While admiring the beautiful lives of many Catholics, yet the chancellor felt bound to believe that the ultimate effects of the placing of such power in the hands of the priests must be to unduly exalt the priesthood and to dwarf private judgment and individual responsibility.

The lecture was under the auspices of the Young Friends' Association. Eliza Rogers presided.

To Stop Overcrowding. It is understood that a move will be made by the provincial board of health to take cognizance of the overcrowding of street cars as a menace to public health.

T. EATON CO LIMITED

GRAFT AND GROSS WASTE IN THE PRINTING BUREAU

Hon. Mr. Murphy's Report on Conditions as He Found Them—A Series of Recommendations.

OTTAWA, Nov. 10.—Hon. Mr. Murphy, secretary of state, has issued through the government press, a long statement as to the frauds discovered in the federal printing bureau and which led to the flight and suicide of Frank Gouldthrite, superintendent of stationery. The loss to the country on stationery supplies, purchased at excessive prices from American firms, with incident take-offs, amounted to \$86,000. However, by the cancellation of orders and seizure of goods already delivered under fraudulent circumstances, there were recovered \$23,386 of improper profits, and the net loss was reduced to about \$70,000. It is stated that criminal proceedings may be started against several persons on charges of defrauding the public treasury. The defrauding of the public treasury by the late Frank Gouldthrite's partner, Andrews. According to the official version, Gouldthrite's grafting started only three years ago, and was limited to dealings with American firms. The minister has found further that in many lines there has been a gross and blinding overstocking. He has found uneconomic methods of doing business, radical defects of plant and machinery, and inadequate discipline. Mr. Murphy recommends to parliament that a new act be passed governing the printing bureau. The central idea in the new legislation will be to re-

LIMITED BISHOP'S POWER

For the Removal of Any Parish Priest.

According to a new decree, issued by the consistorial congregation at Rome, the authority of a bishop to remove a parish priest is limited.
A priest must first be invited to give his resignation. If he refuses, the bishop is to associate with himself two examiners, who must give consent before the decree of removal is effective. If a revision of the decree is necessary, the bishop is to take the advice of two parish priest consultants. These examiners and parish priest consultants are selected by the synod and are as many in number as the bishop thinks necessary. They hold office for five years, unless they cannot be removed by the ordinary during the term of five years, unless for grave cause and with the consent of the cathedral chapter of the diocesan consultants.
The decree says: "It is unlawful for the parish priest, in order to prevent his resignation and removal, to get up demonstrations, to promote public subscriptions in his favor, or to excite the people by speeches or writings, and to do other things which may hinder the legitimate exercise of ecclesiastical discipline; should he do so let him be punished in proportion to the gravity of his offence, according to the prudent judgment of the ordinary."

POISONED HER HUSBAND?

WHEELING, W. Va., Nov. 10.—John O. Schenk, millionaire president of the Schenk & Sons Co., is dying here today of arsenic poisoning, and his wife, Mrs. Laura Farnsworth Schenk, is under arrest, and held without bond.

Case Collapsed.

WHITEY, Nov. 10.—The Corbett will case, which has been before the courts for the past year, was disposed of at the assizes before Justice Riddell. The late James Corbett was a very rich bachelor, who lived to be over 60 years old. His property was valued at about \$60,000. He left the entire estate to two maiden ladies who lived with him, one his niece, the other his housekeeper. A large number of sisters, nephews and nieces, who were not mentioned in the will, sought the aid of the courts to upset the will.
On being put on oath none of the plaintiffs could substantiate the allegations made and the case collapsed before the trial.

What the Trouble Was.

MACON, Ga., Nov. 10.—Telephone "trouble" men, looking for wire trouble near Montezuma, Ga., yesterday, came upon the cause unexpectedly, when they found the body of a negro dangling from a pole tangled up in the wires. This was the negro lynched by a mob the morning before.

Dr. Martel's Female Pills

SEVENTEEN YEARS THE STANDARD
females are recommended for women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

Public Amusements

The past summer in New York was signalized by the presentation of two wonderful musical productions. First came "The Summer Widowers" and then the Schubert's mammoth revue "Up and Down Broadway." Both of these attractions are now going on tour, the latter being announced for the Royal Alexandra Theatre next week. Eddie Foy and Emma Carus are the stars, and "Up and Down Broadway" is described as a twenty-scene musical revue on a boarding house off Broadway, familiar glimpses of the gay life and the Café de Lobster. Popular price matinees will be given on Wednesday and Saturday. Seats are now selling.

Wm. Crane, in the George Ade comedy, "Father and the Boy," is certain of a warm welcome at the Princess Theatre.

The Columbia Burlesques, who come to the Gaiety next week, will have a number of novelties to offer. The company is said to be one of the very best on the road.
Wm. Crane, in the George Ade comedy, "Father and the Boy," is certain of a warm welcome at the Princess Theatre. This sterling comedian is an old favorite here, and the piece in which he is appearing made a big hit here two seasons ago, which it has repeated in the largest cities of America in the meanwhile.

One of the engagements always looked forward to is that of Howard Thurston, the world's greatest magician, who comes to the Grand next week.

The second of a series of organ recitals by Richard Tattersall of the Conservatory of Music will take place Saturday afternoon at 4 o'clock in the music hall of the conservatory. Invitations may be obtained on application at the office of the conservatory.
The Mendelssohn Choir have just published their annual announcement containing full information regarding their cycle of concerts to be given on the 6th, 7th, 8th and 9th of February next in conjunction with the Theodore Thomas Orchestra. Monday, February 6, will be devoted to a popular concert of choral and orchestral works; Tuesday, Feb. 7, the first performance in

Toronto of Verdi's Manzoni Requiem

with a quartet of solists, chorus and orchestra. On Wednesday and Thursday evenings, Feb. 8 and 9, The Children's Crusade by Gabriel Pierne will be given by the adult chorus, a chorus of 75 children, orchestra and four soloists. On Thursday afternoon, Feb. 9, the Theodore Thomas Orchestra will give a matinee concert under the direction of Mr. Stock, with Mr. Bruno Steindel, one of the leading cellists of the day, as soloist.
The subscription lists are now open and are at Massey Hall, the leading music stores and in the hands of the members of the committees and chorus. Copies of the announcement giving full information about the concerts, terms of subscription, etc., may be had from any of the above or from the secretary on application.

Deaths

Belleville, Nov. 10.—William Lasher, who on the evening of Oct. 23 jumped from a passenger train near this city, died this morning at the hospital here, as the result of the injuries he sustained.

Miss Virginia Goodwin, a clever actress, assisted by capable elevators, will be the feature attraction at the Majestic in a new p.

"The Lucky Woman." Others billed are Smith Bros., heavyweights in... Laura Brand, singer and dancer; Taylor and Taylor, the "College Boys"; Coutts and Coutts, bounding athletes, and Frank Leonard, comedian.
Manager Shea has at Shea's Theatre next week a bill of novelty and comedy, headed by Charley Grapewin, in "The Awakening of Pipp." Charley Grapewin was an old vaudeville favorite who deserted for several seasons, and was equally a favorite as a comedy star. The special features will be the Ellis Nowlan Troupe in "A Night at the Circus" and Frank Tinney, the comedian in burnt cork. Other favorites included are: Kolemans' cats, Lotta Gladstone, the Basque Quartet, Three California Girls, the Jolly Jiggers and the kinetograph.
The Columbia Burlesques, who come to the Gaiety next week, will have a number of novelties to offer. The company is said to be one of the very best on the road.
Wm. Crane, in the George Ade comedy, "Father and the Boy," is certain of a warm welcome at the Princess Theatre. This sterling comedian is an old favorite here, and the piece in which he is appearing made a big hit here two seasons ago, which it has repeated in the largest cities of America in the meanwhile.
One of the engagements always looked forward to is that of Howard Thurston, the world's greatest magician, who comes to the Grand next week. His performance embodies everything from the ridiculous to the sublime. Three big features have been added, "The Great Automobile Mystery," "The Lady and the Lion" and "The Indian Rope Trick," the most mystifying of any of his illusions.
Miss Virginia Goodwin, a clever actress, assisted by capable elevators, will be the feature attraction at the Majestic in a new p. "The Lucky Woman." Others billed are Smith Bros., heavyweights in... Laura Brand, singer and dancer; Taylor and Taylor, the "College Boys"; Coutts and Coutts, bounding athletes, and Frank Leonard, comedian.

UP TO THE SHAREHOLDERS.

Nothing could be truer than the statement that the fortunes of the Toronto Electric Light Co. are now in the hands of the shareholders, who are in the long run, chiefly interested. When the city offered to buy out the company some time ago, some of the chief shareholders saw what was inevitable and retired from the company. The control was left in the ward of those who have been busy ever since fighting the city. The city can afford to fight. Already cheaper light and power is in sight thru the city service than the company could ever furnish, and the city light and power will constantly be growing cheaper as consumption increases. There will be another big drop in prices. The company would never lower prices because it had paid for its plant, and it would capitalize all extensions, maintaining rates to pay dividends, while the city plant is being paid for out of earnings. The company will feel the pressure more and more as time passes, and it can never overtake the city.

successful in debarring the sale of milk from a farmer with typhoid fever in his home. It will go further, and assist the M.H.O. next summer in carrying out his proposed campaign against the danger of infection due to flies being allowed to come into contact with articles of food exposed for sale.

DOCTOR ROBERT MUNYON. The World has read The Globe's editorial of yesterday in regard to the issue between the Toronto Electric Light Company and the city, and believes that it takes the right view. It is with great pleasure that we express this appreciation.

In regard to the Bloor-street viaduct and The Globe, we believe, to use the words of Dr. Munyon, "There is still hope."

ROOSEVELT IN CARTOON.

Dr. Albert Shaw of The American Review of Reviews has just issued a book of peculiar interest. It is entitled "A Cartoon History of Roosevelt's Career" in which is displayed representative work of the leading cartoonists of the world in their treatment of "Teddy." The World's Sam Hunter is cited as Canada's representative in a couple of characteristic cartoons. A de luxe edition 8 x 11 and sold at five dollars has been issued, together with one selling at three dollars. It comes out at a time when "Teddy" is but turning over a leaf to begin another and, perhaps, more important chapter in his spectacular career.

A Wolfe Memorial

F. C. Wade, K.C., Vancouver, has undertaken the mission of having a suitable Canadian memorial erected at the tomb of General Wolfe, which is paid for ages to come. He addressed the Empire Club on the subject yesterday. Mr. Wade has just returned from the Wolfe country, where he had luncheon with Beckles Willson at the Quebec House, where Mr. Willson lives across the way from Wolfe's birthplace. He had also visited Macarney House, and the fine old Manor House on Blackheath, where Wolfe bade goodbye to his mother.

Mr. Wade reviewed the political situation at the time of the great war, and enumerated the famous leaders on either side, both in arms and in politics. In three battles of the seven years' war, as Green says, the destiny of the world was set. Adams vs. Cornwallis, Rossbach, Plassey and Quebec. Had not Wolfe succeeded at Quebec, there would have been no British North America, no Canada to save. Had he not broken the French power the Declaration of Independence might never have been written.

Montreal was shown to have been the victim of intrigues. Had Vaudreuil been faithful, it is impossible to say what Montreal might not have done. Wolfe's remains were sent to England, and in 1759 were landed at Portsmouth, where the burial was at St. Alphegus, Greenwich. The orphan child, the pauper in the potter's field, the foundling, and the illustrious general were all named together on the page of the register.

A full record of the ceremonies is to be found in the annual register of 1879, and Mr. Wade gave a summary of the elaborate observances. A monument by Wilton in marble was erected by parliament in Westminster Abbey. The pauper's country was shrouded with black robes. His mother's home at Blackheath was the only spot where silence and sorrow reigned.

At Wolfe's grave there is no sign of any recognition of his renown by Canada. Mr. Wade thought the country should do something to mark the gratitude it owes.

Mr. Wade mentioned some of the other memorials that have been placed at spots associated with the hero's career. Applause greeted the suggestion that Canada place a suitable memorial at the grave of the hero himself.

FIVE MISSIONARY SOCIETY

Addresses at Annual Meeting of Baptist Organization. In Castle Memorial Hall, McMaster University, the annual meeting of the Five Missionary Society was held. Rev. Dr. Norton advised the students against being one-sided in their ministry, and spoke of the common fault of young ministers spending too much of their time on the ethical teachings of Christ, urging that they should occasionally get away from the sermon, and preach concerning the miraculous teachings and the atoning sacrifice.

The experiences of some of the students, who had been engaged in the mission work during the summer, were recounted. A. E. Kochaly, a theological student, and a native of Persia, spoke of Mohammedanism as the greatest religious factor in Persia. He considered that the great enemy to Christianity in the next few years would be heathenism so much as it would be Mohammedanism. He believed that women should be especially active in the work of spreading Christianity, as it was thru the great doctrine that they obtained the freedom in their daily life that was unknown to oriental women.

Rev. T. S. Shields encouraged the development of character along with intellect. Referring to such men as Byron and Burns, he endeavored to show that one trait was not enough without the other.

Accidental Death. Coroner W. A. Graham's jury at the morgue last night decided that the death of Albert E. Scott, who was crushed between the tender of the G. T. R. engine 1407 and the platform of the Davies Packing Co. on the night of Nov. 2, and died a few hours later, after his leg had been amputated, was "purely accidental."

Burglars Made Big haul. WINNIPEG, Nov. 10 (Special).—A report from Sifton, Man., to-day said that burglars had looted the store of Paul & Wood, making away with \$1500 in cash and notes.

AT OSGOOD HALL

ANNOUNCEMENTS. Nov. 10, 1910. Judge's chambers will be held on Friday, 11th inst., at 11 a.m.

Peremptory list for divisional court for Friday, 11th inst., at 11 a.m.: 1. Herring v. Howse (to be continued).

Non-Jury Assizes. Peremptory list for the non-jury assizes before Justice Teetzel in the city hall at 10.30 a.m. Friday, Nov. 11: Hyde v. Toronto Theatre. Leamy v. Toronto Theatre. Hasley v. Canada Life.

County Court. Peremptory list for the county court before Judge Denton in the city hall at 10.30 a.m. Friday, Nov. 11: 13. Grant v. Lee. 14. Smith v. Dawson. 15. Dougal v. Corney. 16. Price v. Imperial. 17. Bird v. Bryce.

Master's Chambers. Before Cartwright, K.C., Master. Hausamen v. King—Baird (Miller & Co.) for plaintiffs. Motion by plaintiffs on consent for an order dismissing action without costs. Order made.

Hayes v. Yonge-street Realty—McLarty (Heyd & H.) for plaintiff. Motion by plaintiff for leave to serve statement of claim on defendant. Defendant substituted, he having left the city and his whereabouts being unknown. Order made.

Huggard v. Stinson—Cohen (McWhinney & Co.) for defendant. Motion by defendant on consent for order dismissing action without costs. Order made.

Avinston Canning Co. v. Dominion Cannery, Ltd.—J. Wood for defendant. Grant. E. C. Cattanech for plaintiff. Motion by defendant Grant for an order striking out certain parts of reply. Order that defendants may plead within four days, as argued, and otherwise motion dismissed. Costs in cause to plaintiffs.

Fox, Taylor—H. Cassels, K.C., for defendants. S. G. Crowell for defendant. Spofford. C. Evans-Lewis for plaintiff. Motion by defendants to amend the statement of claim by naming Port Arthur place of trial, name being omitted in statement of claim. Reserved.

Levesque v. North Bay Light, Heat and Power Co.—J. A. Macdonald for defendant. J. W. Hoffmann for plaintiff. Motion by defendants for an order changing venue from Sudbury to North Bay. Reserved.

Stuart v. Hamilton Jockey Club—E. C. Cattanech for John Stuart. C. A. Moss for defendants. W. J. Elliott for plaintiff. Motion by John Stuart, made a third party, to set aside order making him a third party and the service of same. Judgment: The motion was based first on two grounds of irregularity (a) because notice served to defendants under R. 20 and (b) because no statement of claim was served with the notice. As to (a), I adhere to my opinion in Ontario Sugar Co. v. McKinnon. The other objection can easily be rectified now under the beneficial provisions of Rule 253. In any case the grounds of irregularity were not specified in the notice as required by C.R. 362. On the other ground, that it is not a proper case for the issue of a third party, I have not seen any reason to change the view I entertained on the argument. In face of the formal document of April 6, 1908, I cannot imagine a clearer case for exercise of the power to have the whole matter disposed of at once. Had it not been for the omission to serve the statement of claim, I should have given costs as in the Pettigrew case. In view of that defect they may be in the third party issue. The plaintiff must have them as against the third party in any event if demanded.

Adams v. Hurndale Novelty Co.—Roper (McMurphy & D.) for defendant. Motion by defendant on consent for an order dismissing action without costs. Order made.

Strait v. Toronto Construction Co. H. S. White for plaintiff. J. G. Smith for defendant. Motion by defendant for an order striking out statement of defence for default in production, affidavit on production having been filed. Motion dismissed. Costs in the cause.

Loehrie v. Grinshaw—Campbell (T. H. Barton) for plaintiff. Motion by plaintiff for an order dismissing action without costs and vacating certificates of lien and liens pendens. Order made.

Hurdale Novelty Co.—Roper (McMurphy & D.) for defendant. Motion by defendants, on consent, for an order dismissing action without costs. Order made.

Elmore v. Canada Copper Co.—Elmore (Beatty & Co.) for defendant. Motion by defendants, on consent, for an order dismissing action without costs. Order made.

Strait v. Toronto Construction Co.—H. S. White for plaintiff. J. G. Smith for defendant. Motion by defendant for an order striking out statement of defence for default in production, affidavit on production having been filed. Motion dismissed. Costs in the cause.

Loehrie v. Grinshaw—Campbell (T. H. Barton) for plaintiff. Motion by plaintiff for an order dismissing action without costs and vacating certificates of lien and liens pendens. Order made.

Hurdale Novelty Co.—Roper (McMurphy & D.) for defendant. Motion by defendants, on consent, for an order dismissing action without costs. Order made.

Elmore v. Canada Copper Co.—Elmore (Beatty & Co.) for defendant. Motion by defendants, on consent, for an order dismissing action without costs. Order made.

Strait v. Toronto Construction Co.—H. S. White for plaintiff. J. G. Smith for defendant. Motion by defendant for an order striking out statement of defence for default in production, affidavit on production having been filed. Motion dismissed. Costs in the cause.

Loehrie v. Grinshaw—Campbell (T. H. Barton) for plaintiff. Motion by plaintiff for an order dismissing action without costs and vacating certificates of lien and liens pendens. Order made.

Hurdale Novelty Co.—Roper (McMurphy & D.) for defendant. Motion by defendants, on consent, for an order dismissing action without costs. Order made.

In a Leap and a Bound

THE ROGERS FUR COMPANY'S NEW STORE, 152 Yonge Street, have taken the lead as Toronto's foremost and most progressive furriers.

Our special offerings are attracting the economical and careful dressers more and more every day.

We will offer special to-day (Friday only) a \$250.00 BALTIC SEAL COAT for \$178

This beautiful garment, which is made in our own factory from prime selected skins, is 50 inches long, and as an advertisement we will sell it to-day (Friday only) at manufacturers' cost. We don't make a cent on it, but we consider it a good business move to quickly establish ourselves as the leading furriers in Toronto. We will also place on sale to-day the following specials at a slight advance on cost. Anybody in want of furs cannot afford to overlook these bargains:

Divisional Court. Before Mulock, C.J., Clute, J., Sutherland, J.

Stecher Lithographic Co. v. Ontario Seed Co.—M. A. Secord (Galt), for plaintiff. E. C. Gibbons, K.C., for defendant. An appeal by plaintiffs and cross appeal by defendants from the judgment of Teetzel, J., of 23rd July, 1910. Argument of appeal resumed from yesterday and concluded. Judgment reserved.

Herring v. House—F. C. Kerby (Windsor), for defendant. House, J. H. Rood (Windsor), for plaintiff. W. J. Tremear, for defendants; the Southern Loan Co. An appeal by the defendant House from the judgment of the chancellor of 8th May, 1910. This was an action for a declaration that a certain conveyance mentioned in paragraph 5 of statement of claim is null and void as against plaintiff and other creditors of House, &c. At trial judgment was given plaintiffs, setting aside the conveyance subject to the mortgage, and to sale to Millen, and the balance to be eligible to plaintiff and other creditors of House, &c. It is to be ascertained by the master as to share of which House is liable to contribute on the guarantee to Green and to bank of this is an invasion of our most precious heritage, or pulpwood forests. Let us keep ourselves free from trade entanglements."

WANT NO RECIPROCITY. Welland Board of Trade Emphatically Opposed to the Movement.

WELLAND, Nov. 10.—(Special).—The Welland Board of Trade, at its meeting last night, made an emphatic and unmistakable declaration against reciprocal trade relations with the United States. A comprehensive resolution was introduced by H. L. Hat and seconded by T. D. Cowper, county crown attorney.

The resolution points out that as a concrete instance of the effect of the present tariff, seven branches of United States industries have been established in Welland and three more are awaiting the result of the reciprocity negotiations before deciding to follow suit.

"The boards of trade of this country," said Mr. Cowper, "should issue a pronouncement in no uncertain sound in this matter of such vital importance to the well-being of Canada."

"Let our neighbors meet us with tariff for tariff before we have any serious consideration of reciprocal arrangements. Before that is done it is folly for our people to talk of reciprocity. Some emphasis has been laid upon the desirability of free exchange of natural products, and the meaning of this is an invasion of our most precious heritage, or pulpwood forests. Let us keep ourselves free from trade entanglements."

Royal Bank Invades Porto Rico. SAN JUAN, Porto Rico, Nov. 10.—The San Juan branch of the Union Bank of Halifax has been merged with the Royal Bank of Canada. The latter will construct a large building here and will open branches in other towns of Porto Rico.

Writs Issued. George W. Bedell has entered action against the Consolidated Gold Dressing Co. of Alaska, to recover \$1123.88, alleged due on a promissory note. James Albert Parsons is plaintiff in an action against the Port Credit Brick Co. to recover \$2000 damages for injuries alleged due to the negligence of the defendants.

A Decision of Interest. The judicial committee of the privy council recently decided an appeal from the supreme court of the Transvaal involving important questions of commercial law and employers liability for wrongful dismissal. The case is of provincial interest since the argument for the successful respondents was presented by Hamar Greenwood, formerly of Whitby, Ont., who has within the last few years achieved a distinguished position at the English bar, and has been retained in several important Canadian appeals, and is the Hague Fisheries arbitrator. Mr. Greenwood is now standing counsel for the governments of Quebec, Alberta and Saskatchewan.

SAFEGUARDING THE CITY'S DAILY SUPPLY OF MILK

Dr. Hastings, M.H.O., Submits a Report to the Controllers and Suggests a New Bylaw.

Dr. Hastings, medical health officer, yesterday reported to the board of control as to what steps should be taken to secure milk of a better quality in Toronto.

"The need of a bacterial standard and a proper classification of milk was very clearly shown by the recent outbreak of typhoid fever in Toronto on the route of one milk vendor selling only six and one-half cans of milk per day, an outbreak consisting of eleven cases of typhoid and resulting in two deaths.

"On discovering the circumstances, I wrote to the farmer requesting him to discontinue sending milk to Toronto. This notice was quite ignored. I then consulted Mr. Drayton, who pointed out that a matter of this kind would come within section 224 of the criminal code, and he (Mr. Drayton) sent a letter to the farmer, showing him the position he had placed himself in.

"From a perusal of the Municipal Amendment Act of 1910, section 22, for and the criminal code, section 224, it might seem that we have complete control of the civic milk supply, provided it be made imperative for every milk vendor to take out a license, subject to revocation at any time by the medical health officer, if the licensee fails to comply with such rules and regulations, not only with regard to the sanitary condition of his premises, but also with respect to the condition of the milk itself, and otherwise as the local board of health may from time to time dictate.

"It is quite easy to imagine many cases arising where the milk has originally come from a model farm and shipped to a dairyman owning model premises, and yet during the transit changes take place which will make it absolutely unfit for use. There should be some simple, speedy method of dealing with the offender who sells milk which may possess the necessary food value and yet be absolutely unfit for food from the bacteriological standpoint.

DOUBLE MURDER IN COURT

Young Man Under Charges Shoots Two Witnesses Against Him.

BOSTON, Nov. 10.—Two men were shot and killed to-day in the district attorney's office here. The victims were Police Sergeant Frederick Schuber and Frank A. Rees, Dorchester.

The assassin is Walter G. Fall, a young man of 25 years, who was employed in the office of the sealer of weights and measures in the city house.

Fall was arrested on a charge of assaulting Esther Pogg, a step-daughter of Rees. The case was heard in court yesterday, and Fall, accompanied by his attorney, Benj. F. Haines, went to the court house to ask about the case. At the district attorney's office were Rees and Pogg's sergeant, who were waiting for Fall. Shortly after Fall entered he pulled a revolver and began shooting.

STATED CASE MAY SAVE THEM.

Justice Britton has granted a stated case in the court of appeal in the case of Thomas McNulty and Mary Dolan, who are now in Borel Jail under sentence of death for having caused the death of an illegitimate child.

The questions are the receipt of certain evidence and the admission of other evidence and whether the trial judge should not have told the jury that there was absolutely no corroboration of the girl's story.

Mail Carrier Fined \$60.

Henry Woods, mail driver between Durham and Toronto, was arraigned in police court yesterday on a charge of violating the Dominion Animal Contagious Act, in carrying two crates containing hunting dogs on his mail wagon to Durham and shipping them to Perry Sound. The dogs were accidentally discovered when an inspector tipped over the crates and heard the dogs moan.

J. N. Sykes of Hall, Ont., was charged with shipping two dogs from Hall to Perry Sound, but the suspicion had been wrongly served. A charge of cruelty to animals will also be laid. The Canadian Express Co. was also summoned in connection with the case.

Simply Delightful COFFEE

—A Coffee you can enjoy every meal, every day —A Coffee, so wholesome, fragrant and delicious that when you drink the first cup, you will say "I never knew how delightful Coffee could be"

We also give you, free, a \$1.50 French Drip Coffee Pot so you can make this Coffee properly.

To get to the heart of the Coffee question, you must do as we did—get to the heart of the Coffee berry.

The Coffee berry is protected by Nature from the insect world, by a tough inner shell or coat.

It is this shell, roasted and ground up with ordinary Coffee, that causes indigestion, headaches and other ill-effects so common with Coffee drinkers.

Yet there is no other beverage in the world so thoroughly wholesome, healthful and delicious AS GOOD COFFEE, PROPERLY MADE.

Dalton's French Drip Coffee

is this good, wholesome, delicious Coffee. By our special process of grinding, the bitter tannin-bearing shell is removed. We take out all the injurious part. We leave the meat—the heart—the flavor—the aromatic essences that mean so much to Coffee-lovers. We give you a Coffee of the highest grade—healthful, delicious, free of chicory.

The Percolator, or French Drip Process, is the only way to make really good Coffee. After considerable search, we have found and secured the sole rights for a practical, economical, reliable French Drip Coffee Pot.

So, here is what we do in order to give you a chance to test Dalton's French Drip Coffee and make it as good Coffee should be made.

We have put up Dalton's French Drip Coffee in two blends — MILD and STRONG. We know that one of these two delicious Coffees is just what you have been looking for.

But neither you, nor we, know which you will prefer. We want you to try them both. So we will give you a Dalton's French Drip Coffee Pot (worth \$1.50) with your first order of one pound each of Dalton's MILD Blend and STRONG Blend Coffee at 40c. a pound. This is not a premium, and the Coffee pots are not for sale. They are worth at least \$1.50 but we present them free in order that you may see just how good our Coffees are and test them under proper conditions—they are never sold in bulk.

Special Introductory Offer

We feel so sure that you will find either Dalton's Mild Blend or Strong Blend French Drip Coffee just the Coffee which you have been looking for, that we have authorized your Grocer to give you one of these handsome pots (worth \$1.50) absolutely Free with your first purchase of a pound EACH of Mild and Strong Blend. You buy two pounds of our Coffee—one of each blend to give it a fair trial and we give you the means of testing it FREE, satisfied that you will use nothing but Dalton's French Drip Coffee thereafter.

DALTON BROS., TORONTO.

If by any chance your grocer is unable to fill your order, write or phone Main 7957 mentioning grocer's name and we will see that you are supplied promptly.

This is the Coffee Pot we give Free.

SENTENCE DAY IN ASSIZES

Charles Hardy Gets Six Months—Thomas Mack Gets Three Years.

A sentence of six months in the Central Prison was imposed by Justice Britton in the jury assizes yesterday on Charles Hardy, charged with assault on the late Thomas Horder in the Saranac Hotel, of which Horder was proprietor. Horder died a short time after the assault. Hardy was originally charged with murder. Medical evidence showed that erysipelas had developed in the wound Hardy had inflicted.

Hardy had been singing in the bar. Horder objected and threw a piece of ice at him, and later someone squirted some seltzer from a siphon on him. At 11 o'clock Hardy was ejected, and struck Horder. He was arrested at Fort Frances, Ont. T. C. Robinette, K.C., counsel for Horder, criticized Inspector Duncan for having questioned Hardy in his office, with a stenographer present. "If I said anything improper the notes will show it. There was no sweat box about it," said Mr. Duncan.

Dr. Bail said that Horder had been predisposed to the disease of erysipelas and he might have died of erysipelas had he received no wound. "Whether you intended to hurt Horder or not, the law holds you responsible for the result of your act," said Mr. Justice Britton. "I personally acquit you of all intent to do him injury, but the jury could not do otherwise than find you guilty." Thomas Mack, aged 23, was sentenced to three years for having entered the home of Mrs. Ida Berma, 61 Duchesse-street, in pretence of looking at a room, and attempting an assault. Walter Bell and John Jones, convicted of burglary, were sentenced to 18 months. They will be taken to Brampton to face trial as the alleged murderers of a Chinaman at Streetsville.

OBITUARY.

John Lewis.

John Lewis, for 20 years head clerk in the law office of Messrs. Macpherson, Clark & Jarvis, died yesterday. He was born in South Wales 61 years ago. He was a prominent member of the St. Matthew's Lawn Bowling Club. The family remaining, besides the widow, consists of two sons and four daughters.

Socialists' New Hall.

Local 24 of the Socialist party have chartered a hall at 10 and 12 Alton-st. in which to hold regular meetings Saturday nights, Sunday afternoons and Sunday evenings. It is the intention to secure the services of prominent socialists to lecture, and a series of debates will be arranged for.

Judgment was given in favor of Samuel Rosenberg, without costs, in a case brought against him by Harry Miller in the non-jury assizes yesterday. The action was to recover \$2000 on part due notes made by Rosenberg. The defence was that the notes had been wrongfully transferred to Miller.

MIGHTY LUCKY TO GET IT

The Official Course of an Invitation to Hon. Mr. Duff.

After a circuitous course extending over many weeks, Hon. J. S. Duff, minister of agriculture, has received an invitation to attend the convention of the Royal Agricultural Society to be held at Norwich, England, next June. The invitation is extended by the Earl of Carrington, minister of agriculture, in England, and it is presumed similar invitations are being sent to all ministers holding this portfolio in the British Empire. The names and authority of King George are in connection with the convention. The invitation had a somewhat lengthy perambulation thru the maze of official channels. Thru the minister of agriculture and that department in England, it went to the home office, thence to the colonial office, and on to the governor-general, and then thru the secretary of state at Ottawa, in turn to the lieutenant-governor and the provincial secretary before it ultimately reached its destination with Hon. Jas. S. Duff.

CLEVER ACCIDENT FAKER.

NEW YORK, Nov. 10.—Mrs. Anna A. Strula confessed in court to-day that she had obtained her livelihood by her ability to fake accidents on railroad property, and then compromise her suits for damages. Mrs. Strula faked her accident by taking a tumble on a banana peel, selected from a grip she carried, and then led physicians to believe that she was internally hurt.

James McKellar, late superintendent of the Kingston Shipbuilding Company, was tendered a banquet there by the directors. He returns to Collingwood. U. S. Jackson of Collingwood fills the vacancy.

RETURNED TO TORONTO

Canadian Cutters Decline to Act as Strikebreakers in Chicago.

CHICAGO, Nov. 10.—(Special).—Several clothing cutters, who arrived in Chicago from Toronto, were interviewed to-day by S. L. Landers, Canadian Garment Workers' organizer, and they decided to quit work and return to Toronto. The strikers are still firm in their demands for a closed shop. Meetings were held in all parts of the city. Fifty-five thousand is now the approximate number out on strike. The last week in their excitement, strikers denounced the members of the Garment Workers' executive board, as having sold the strike, this week they are passing votes of confidence and regret at their previous action. Sympathy strikes are being called in Cleveland, Rochester, Indianapolis, Milwaukee and St. Louis.

For rheumatism, gout and other signs of disordered kidneys or for stomach trouble, there is a real therapeutic value and pain alleviation in

SCARBORO LADIES HELD INSTITUTE MEETING Big Attendance and Fine Program -York County and Sub-urban Happenings.

WOBURN, Nov. 9.—(Special).—One of the most delightful and interesting meetings ever held under the auspices of the Agri-culture branch of the East York Women's Institute was that of yesterday, at the beautiful home of Mrs. John Baird, a short distance to the north of this village. Over ninety ladies were in attendance, and from first to last the gathering was marked by the greatest interest. Among the ladies present were: Mrs. Dr. Selsey, Mrs. Cobble, Mrs. Wm. Brockton, East Toronto; Mrs. Wm. Loveless, Mrs. John Loveless, Mrs. E. Patterson, Mrs. Kenney Fisher, Mrs. Mrs. Hall, Mrs. James Johnson, Mrs. Mrs. Alex Baird, Mrs. J. J. Weir, Mrs. Wm. DeWerry, Mrs. J. Cowan, Mrs. W. Walton, Mrs. Edward Mason, Mrs. G. Gendron, Mrs. J. McArthur, Mrs. Mrs. Elia Ineson, Scarborough; Mrs. A. Munro, Mrs. Wm. Green, Mrs. Scott, Mrs. Mrs. Green, Mrs. Mrs. Britton, Mrs. Scarborough, Mrs. James Baird, Toronto, Mrs. Mrs. Bessie of Flagstaff, Arizona, and Mrs. Mrs. Lee of Listerdale.

Mr. Frankland Says Citizens All Over Endeavor Bloor-street Viaduct. "I never saw such a change in sentiment in all my life with respect to the Bloor-st. viaduct, as I have seen here last year," said H. R. Frankland, the president of the association, which in season and out of it, has stood joyfully by the big project of the city, said Mr. Frankland, "as president of the association, I am in receipt of letters favoring the passage of the Bloor-st. viaduct by the city council. By next spring the charge for assessment coming into the city from the acquisition of this part of the annexed territory will amount to \$2,000,000. The city council is talking about dropping some of the by-laws, but they have no right to drop the Bloor-st. viaduct. The enormous increase in building on the newly opened-up streets and avenues is more direct," he said, "from \$400,000 to \$500,000 and residences are going up on some of the streets, and there is hardly a vacant lot."

WILL SCARBORO GO DRY? At the next regular meeting of the Scarborough Township Council, which takes place on Monday afternoon, the largely signed petition for local option will be presented and adopted. The friends of the movement have, it is said, obtained far more than the necessary number of signatures, and the necessary number of signatures in matter but to grant the prayer of the petition. Great diversity of opinion prevails as to the chance of the measure carrying in Scarborough Township, but while it was thrown down somewhat severely when last submitted, it is generally conceded that the present is an exceptionally favorable time for carrying the measure.

"Bronchitis" This is an acute inflammation of the mucous membrane lining the air tubes in the lungs. The disease begins with a tightness across the chest, difficulty of breathing, hoarseness, and there is a dry, harsh cough. After a few days mucus begins to be mixed. This is at first white, but later is a greenish or yellowish color and is occasionally streaked with blood. Cure the first symptoms of Bronchitis by the use of Dr. Wood's Norway Pine Syrup and thus prevent it becoming chronic and perhaps turning to Consumption.

Dr. Wood's Norway Pine Syrup is put in yellow wrapper, three pine trees the trade mark, price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

NORTH TORONTO. Nov. 10.—(Special).—The next meeting of the North Toronto Ratepayers' Association will be held on Saturday evening, Nov. 12, at 8 o'clock sharp, and everybody is cordially invited to attend, and not only attend, but take an active part in the proceedings. President Banton and all the officers of the association are desirous that the big outstanding questions now before the town should be well aired. Everybody who wants to see the council in action, and to see the views of the ratepayers will help materially in a solution of the problems. On Saturday night it is expected that the "average scheme" will be the chief topic. Let there be a big turnout.

SOMERVILLE. The death occurred to-day of Jessie Isabel Pallet, the youngest daughter of William T. Pallet, of this place. The funeral will be to-morrow, when the remains will be interred in the Dixie Cemetery.

WUNNIPPEG, Nov. 10.—(Special).—A good deal of anxiety is being shown in some quarters over the non-arrival of the early freeze-up on Lake Winnipeg. The early freeze-up on Lake Winnipeg has probably held up steamers, but news of the safe arrival of the steamer Wolverine, two weeks overdue, would be welcomed. She has about 20 passengers on board, in addition to a crew of 11.

UP IN THE AIR: Postmaster-General of the United States Makes a Flight. BALTIMORE, Md., Nov. 10.—Aviation enthusiasts flocked to-day to the field where the Baltimore aviation meet is being held. There were bomb throwing and target shooting contests and aerial gymnastics, and several prominent government officials made trips. Postmaster-General Frank Hitchcock went up with Count Jacques de Lesseps, and was so pleased with the experience that he asked Arch. Hoxsey for a flight in the Wright biplane. Hoxsey, however, said he was too gusty to make passenger carrying altogether safe, and asked the postmaster-general to wait until to-morrow. General James Allen, chief of the signal corps, U.S.A., also went aloft with Count de Lesseps. Count de Lesseps, in his 100 horsepower Blériot, took aloft for rifle practice, Captain John P. Down, of the state ordnance corps. Captain Down fired twice at a C target, U.S.A. small arms practice, but the best of the shots missed the mark by four feet. Latham then tried with a revolver, and of four shots, two were hit, one scoring two and the other three points.

CONTRACTOR COMPLAINS OF CIVIC "DAY LABOR"

And Gives Instances Where, He Says, Injustice is Rendered Contractors Competing for City Jobs.

James Pearson, paving contractor, contributes a lengthy letter to the current issue of "The Contract Record" on the subject of the contract system for day labor. He attacks the city engineer's department for its use of day labor in the carrying out of civic improvements, and says in part: "The Local Improvement Act demands that the whole cost of the work be levied against the property benefited, the city paying its proportion on the frontage at street intersections. This intention is carried out in all cases where the work is let by contract, but not where the work is done by day labor. Take the streets that have been previously paved and paid for under the act. The material on it belongs to the contractor who was paid for it; yet, under the specifications, where a new pavement is being put down, the contractor is bound to carry all this material to the city's yard, and the property owners on the street are thus not only deprived of the benefit of its value, but they are charged (as part of the cost of the new pavement) with the expense of hauling it away. The city afterwards uses all material in day labor work, instead of giving those who paid for it the benefit of it.

Take for instance the pavement now being laid on Yonge-street from King to Front. It was previously paved with stone blocks. These blocks are being hauled by the contractor to the city's yard at Frederick-street, and the cost of hauling is part of the expense of the new pavement. Now, if the specifications provided that this material went to the contractor, the tenders for the work would be that much less, and the property owners would thus rightfully get the benefit of their own material in the reduced cost of the new work. But following up what becomes of this material: Those of these blocks that are again used by the city engineer in his day labor work, or if they are unfit for use again as blocks, are crushed by the city into broken stone and are worth \$1.25 a ton at the crusher for this purpose. Thus the engineer gets broken stone for the cost of crushing it—about twenty cents a ton, while the contractor pays \$1.25 for his crushed stone. Thus the ratepayers on the streets are being robbed of their material, while those on another street—if they are fortunate enough to have their pavement laid by day labor—get the guarantee of benefit, and the engineer comes out at the end of each year and reports that he has saved the city so many thousands of dollars by the use of day labor. The city, years ago, gave a very great expense, purchased and paid for out of the general tax an asphalt plant, ostensibly to make repairs to asphalt pavements on expiry of the contract guaranties—period—ad to this extent it may have been justified. But to what use has it been turned in connection with the engineer's pet day labor business? Not merely to enable him to compete for work on most uneven terms with the contractor, but to distribute unfairly the cost of the work. Why should he have Jarvis and other streets resurfaced with asphalt as a local improvement to be paid for by the ratepayers on other streets, such as Dupont-street, from Avenue-road to Walmers-road, as a general expense? The ratepayers on one street are not only made to bear the whole of the expense of their own improvement, but to contribute to the cost of the improvement on other streets. If these streets had been resurfaced under contract let by tender, the cost would necessarily have been done as a local improvement, but under the system as operated in Toronto, the engineer enabled to slip the cost thru under the guise of asphalt repairs.

ALBERTA LEGISLATURE OPENED

Report of the Alberta and Great Waterways Commission Tabled.

EDMONTON, Nov. 10.—(Special.)—The second session of the second legislature of Alberta was opened this afternoon by Lieut.-Gov. Bulmer. A good deal of popular interest attaches to the work of the assembly this year on account of the stirring events which marked last session, and also on account of the change in the premiership. In the speech from the throne the lieutenant-governor dealt with the crop situation in the province, pointing out that wherever proper farming methods had been employed, good results had been obtained. Marked success, he added, had attended the efforts to secure an influx of approved immigrants.

Changes in administration were enumerated and reference was made to report of the royal commission on the Alberta and Great Waterways investigation. After the address from the throne, the report was laid on the table. The house then adjourned until Monday.

A LABOR TICKET.

FORT WILLIAM, Nov. 10.—(Special.)—At a meeting last night, the Fort William Trades and Labor Council decided to break into the municipal election game, and with the exception of a candidate for mayor, a full labor ticket was chosen. Mayor L. L. Peltier's name was brought up in connection with the labor nomination to the office next year, but he was turned down.

PRICE BROTHERS & COMPANY, Limited

Incorporated under the Laws of the Province of Quebec, Canada, with a Capital of \$5,000,000.

OFFER OF £1,000,000 FIVE PER CENT. FIRST MORTGAGE BONDS

Forming part of an authorized issue (closed Mortgage) of £1,232,376.143, being the sterling equivalent at \$4.86 2-3 of \$6,000,000.

Dated November 1st, 1910. Due November 1st, 1940.

Callable as a whole at 102 1/2 per cent. and accrued interest on November 1st, 1915, or on any interest date thereafter, on three months' notice, or in part for sinking fund purposes only on any May first after 1915, at 102 1/2 per cent. and accrued interest.

Interest payable May 1st and November 1st. Both principal and interest are payable in London, England, in Sterling, and also in Montreal, Toronto, Quebec and New York, at the fixed rate of exchange of \$4.86 2-3 to the £1.

Coupon Bonds of £200, £100 and £20; \$1,000, \$500 and \$100; interchangeable; fractions adjusted in Scrip. Bonds may be registered as to principal only.

ROYAL SECURITIES CORPORATION, LIMITED, 164 St. James Street, Montreal, offers for sale £1,000,000 of the above Bonds at the price of 86 PER CENT. (unstamped) payable as follows per £100 Bonds:

Table with 3 columns: Bond value, Price, and Maturity date. Rows include £5, £21, £30, £36, £86, and £100 bonds with their respective prices and maturity dates.

Payment in full may be made on allotment, under discount at the rate of 4% per annum.

If only a portion of the amount applied for be allotted, the balance of the deposit will be applied towards the payment due on allotment. Interest at the rate of 7% per annum will be charged on all instalments not paid on the due dates. Failure to pay any instalment when due will render the amount previously paid liable to forfeiture.

After payment of the instalment due on allotment, Allotment Letters will be exchangeable for Provisional Scrip Certificates, bearing a coupon payable on May 1st, 1911, representing interest at 5% to that date from the due dates of the instalments. Notice will be given when Scrip Certificates may be exchanged for Definitive Bonds bearing coupon due November 1st, 1911.

Make all remittances payable at par of exchange in Montreal to the order of MONTREAL TRUST COMPANY, MONTREAL.

From a letter of the President of the Company, a copy of which will be sent upon request, we summarize as follows:

- (1) First Mortgage covering all fixed assets owned by the Company.
(2) Timber limits insured by Lloyd's against fire.
(3) The assets forming the security for the new bonds will amount to over \$13,500,000, of which over \$8,000,000 represent Freehold and Leasehold Timber and Pulpwood Land, constituting a security of constantly-increasing value, owing to the rapid depletion of the available supplies of timber in the United States.
(4) The average earnings for the last three years amount to more than one and a half times the interest on the £1,000,000 of bonds; and the estimated earnings of the combined operations, after the completion of the paper mills, cover the amount required to meet the entire bond interest three times over.
(5) The past earnings have been derived from careful operations of the Company's limits to the extent of only one-third of their capacity, and after the construction of the new mills the business of the Company will require the operations of the limits to the extent of only two-thirds of their capacity.
(6) The new paper mill is the development on a larger scale of the Jonquiere Paper business, which has been operated profitably for several years past.
(7) A Sinking Fund of 2 per cent., cumulative, beginning 1915, will redeem practically the entire issue before maturity.

Application will be made in due course to the Committees of the Montreal and London Stock Exchanges for an official quotation of the bonds. Holders of existing 6% Bonds of Price Brothers and Company, Limited, may deliver their Bonds at 105% and interest on account of payment for allotments.

The Bonds are being offered by Royal Securities Corporation, Limited, simultaneously at its offices in Montreal, Toronto, Quebec and Halifax, and for its account by Ferwell Trust Company, Chicago, at 86% unstamped, and Parr's Bank, Limited, London, England, at 87% stamped.

Maps and application forms will be furnished upon request.

Democratic victory in the ordinary sense of that term. While it is a defeat for the Taft administration and for the Republican party, it is necessary feeling of unrest, of a vague desire for change, manifest in nearly all parts of the country. Columbus (O.) State Journal: They felt that the Republican party had done fairly with them and they decided to teach it a lesson, which doubtless will accrue in time to the party's good. We believe this to have been the chief of the Democratic land, and the high cost of living, for which the tariff and the trusts are not altogether responsible, had much to do with the popular unrest. Another influential factor operated for Democratic success was Col. Roosevelt's activity. Cleveland Plain Dealer: The result in Maine threw the Republicans into a state of consternation and accurately foretold the general result. A people was rising in revolt against the servants who had become masters. New York World: This is no partisan

PLEDGES A DOWNWARD REVISION OF THE TARIFF

Does Champ Clark, on Behalf of the Democrats—A Chance to Make Good.

BOWLING GREEN, Mo., Nov. 10.—Downward revision of the tariff at once is the pledge made for the new Democratic House of Representatives by Champ Clark, congressman from the ninth district, who is a candidate for the speakership. He says: "The first and greatest proposition the Democrats should stand for is a reduction in the tariff to a revenue basis. I would reduce it scientifically and gradually, and put into it a sliding scale much like there was in the tariff bill of 1893.

There is no question but that the Democrats will be on their good behavior in the next congress, and the future will depend largely on our conduct. Democrats now have a golden opportunity for constructive statesmanship, and should seize it and demonstrate once more their fitness for legislating wisely and patriotically. Four Women in Legislature. DENVER, Nov. 10.—Four women will sit in the eighteenth general assembly of Colorado as a result of the elections. They are Alma Lafferty, Louise U. Jones, and Louise Kerwin, all elected to the house of representatives from Denver district on the Democratic ticket, and Agnes Riddell, Republican representative for Adams, Arapahoe and Elbert Counties. In the last general assembly Mrs. Lafferty, who was re-elected, was the only woman representative. There are no women senators.

Taft Off for Panama. CHARLESTON, S.C., Nov. 10.—President Taft sailed today for the isthmus of Panama to get in personal touch with conditions along the big canal. Taft sailed on the armored cruiser Tennessee, with the cruiser Montana as convoy.

Socialist Gains. NEW YORK, Nov. 10.—Marked gains in the Socialist vote throughout the state are shown in the election returns. Figures indicate a total vote for Charles Edward Russell, nominee for governor, of 65,000, which is nearly double the vote of 1908. In New York, Russell received 57,250.

Up-state, sixty-five cities that gave a vote of 750 two years ago, show 21,000 this year. Districts which formerly showed less than 100 votes this year report from 100 to 500. Among the large cities that show substantial Socialist gains are: Buffalo, Schenectady, Syracuse and Rochester. In some instances the increases are as high as 500 per cent.

Standing of the Parties. WASHINGTON, Nov. 10.—Revised figures indicate that the Democratic majority in the new house will be majority. The latest totals are 225 Democrats and 165 Republicans, with one Socialist. The revised standing is:

Table showing the revised standing of parties by state: Alabama (Dem Rep), Arkansas (Dem Rep), California (Dem Rep), Colorado (Dem Rep), Connecticut (Dem Rep), Delaware (Dem Rep), Florida (Dem Rep), Georgia (Dem Rep), Idaho (Dem Rep), Illinois (Dem Rep), Indiana (Dem Rep), Iowa (Dem Rep), Kansas (Dem Rep), Kentucky (Dem Rep), Louisiana (Dem Rep), Maryland (Dem Rep), Massachusetts (Dem Rep), Michigan (Dem Rep), Minnesota (Dem Rep), Mississippi (Dem Rep), Missouri (Dem Rep), Montana (Dem Rep), Nebraska (Dem Rep), Nevada (Dem Rep), New Hampshire (Dem Rep), New Jersey (Dem Rep), New York (Dem Rep), North Carolina (Dem Rep), North Dakota (Dem Rep), Ohio (Dem Rep), Oklahoma (Dem Rep), Oregon (Dem Rep), Pennsylvania (Dem Rep), Rhode Island (Dem Rep), South Carolina (Dem Rep), South Dakota (Dem Rep), Tennessee (Dem Rep).

Some Comments on the Result. Chicago Journal: It represents the first step in a new alignment of political interests, in which the issue is, not the tariff, but the future of the country. Le. Stimson, defeated candidate for governor of New York: "It seems that we are not the only ones to be ground swell throughout the country. This, however, is only the first step of our fight, a long fight. It is only the beginning of the realignment of the Republican party. Our party is going thru an agony of getting on the progressive side of affairs."

James Clews, the Wall-street banker, says that the election of a Democratic house is "calculated to set sober men to thinking regarding future legislation, especially the tariff." He declares, however, that with a "Republican majority of 12 in the upper house and a Republican president, the law-makers will find it difficult to put thru any measure apt to disturb business." New Haven (Conn.) Register: We don't have landladies any more, for voters of America are gradually but certainly losing the characteristics of sheep. Nevertheless, there is deep significance in their action yesterday. For one thing, they have served warning on the leaders of the Republican party that they must have a change in policy. Their warning is given in such a way that it is likely to be heeded. Manchester (N. H.) Union: The general result of the elections is not altogether a surprise. It is an off year, following a revision of the tariff which has almost invariably been found to be to the temporary disadvantage of the party in power. There has been a prevailing feeling of unrest, of a vague desire for change, manifest in nearly all parts of the country. Columbus (O.) State Journal: They felt that the Republican party had done fairly with them and they decided to teach it a lesson, which doubtless will accrue in time to the party's good. We believe this to have been the chief of the Democratic land, and the high cost of living, for which the tariff and the trusts are not altogether responsible, had much to do with the popular unrest. Another influential factor operated for Democratic success was Col. Roosevelt's activity. Cleveland Plain Dealer: The result in Maine threw the Republicans into a state of consternation and accurately foretold the general result. A people was rising in revolt against the servants who had become masters. New York World: This is no partisan

ON A CHARGE OF PROCURING. WINNEPEG, Nov. 10.—(Special.)—John Bratton of Crookston, Minn., who has been living in jail here awaiting trial on a charge of forcing a young girl to lead a life of shame, was discharged by Judge Myers this morning, but was immediately re-arrested on a charge of procuring. Action in the case has been taken at the instance of the commissioner of immigration. It is intended to deport Bratton as soon as the criminal courts here are thru with him.

FRIDAY MORNING

WOMEN AT EXHIBITION WERE CARRYING FLASKS

And Supposition is That Consumption of Liquor is on the Increase With Women as Well as Men.

AT THE CITY HALL TO-DAY. 11 a.m.—Board of control. 3 p.m.—Works committee.

Are Canadian women becoming seriously addicted to liquor? This suggestion was made in a report of Parks Commissioner Wilson to the parks committee yesterday. He was asked for a report relative to drunkenness at the Toronto Exhibition, and his figures showed an increase in arrests. "But," he added, "there were as many empty flasks found in the women's lavatories as there were in the men's." In 1908 there were 12 arrests for drunkenness; in 1909, 11, and in 1910, 18. In each case the prisoners were carrying flasks.

Asked why the black and grey squirrels put into High Park were diminishing, Mr. Wilson said the red squirrels were starving them out by stealing their supplies of nuts. The committee recommended the appropriation of 2.42 acres at Humboldt-avenue and Keele-street, valued at \$25,000, for park purposes. Ald. McCarthy urged that the Brock-avenue ball field be purchased for a supervised playground. It has recently changed hands at \$35,000. A report will be had. The controllers have approved the purchase of 56 feet at 216-3 Elizabeth-street for \$10,350, for a playground addition.

Dept. Get Wage Increase. The commissioner was indignant that the employees of the tree-trimming branch had petitioned the committee direct for an increase in wages and time allowance for wet weather. He opposed the increase, and the committee concurred. Another appeal came from the secretary of the Parks Employees' Union, stating that the men had only been paid for five days instead of 5-1-2, because it rained one Saturday morning. Mr. Wilson was instructed to ascertain if employees in other departments were allowed for the half day that week, and if so, to pay these men as well. J. S. Fullerton and others owning property opposite Mount Pleasant Cemetery offered a narrow strip containing 1-1/2 acres for sale to the city for park purposes. The local Socialist party were accorded the loan of 200 exhibition chairs for winter meetings. The commissioner will represent the city at the parks and playgrounds convention in Washington.

Reduction in Water Rates. The special civic committee on water rates yesterday reduced the tariff to the resident users, such as persons in Swansea. Instead of paying five times the rate charged in the city, they will be charged double the gross rate, and given the regular discount. Ald. Baird wanted the new rate to date back to Sept. 30, but got no support. Mr. Mitchell of the waterworks department, said that the outsiders do not pay in all more than \$100 a year for the city for water.

This was the only phase of the big problem of revising water rates that could be dealt with in the time allotted to the committee. Another meeting will be held on Monday. Waterworks Engineer Fellows suggested that it would pay the city to provide sufficient money for a continuing and close inspection of all mains in the city, and all meters, etc. He also said the whole city could be put on the meter basis advantageously to both city and consumer. Controller Spence said that defective appliances in some sections of the city forced people to pay for more water than they actually used; then there was a chance of improving on the system of demanding a bond from an individual to cover the cost of laying a main on a street that was not built up. A frontage tax might be levied on such parts of the city instead. The fixed minimum that was placed on individual dwellers might be reduced or otherwise re-arranged, because on account of the great development over there, some people were now being charged more than was really necessary to cover expenses.

A comparative statement of receipts and expenditures for 1909 showed a revenue surplus of \$13,420.49. Receipts from water taxes totaled \$1,026,441; city water supply, \$92,831.24; other receipts, \$191,977; total, \$1,311,248.65. Expenditures were: Debt charges, including East Toronto, \$12,538.72; maintenance, \$315,423.44; total, \$327,962.16.

New Registry Office. Ald. Church's motion to erect a new registry office was yesterday deferred by the property committee in anticipation of securing legislation that will allow the council to pass money appropriation for the purpose without having to submit a by-law to the people. Commissioner Harris reported against the installation of a tower clock in Howland-avenue fire station because the tower is only 64 feet above the ground level, and not designed for a clock. Mr. Harris reported against putting a brass railing above the present banisters in the city hall to prevent anybody falling over. Only one man had fallen in this manner, and he was intoxicated. Ald. Spence, however, was insistent. The Street Ward Conservative Association will use Brookton Hall one or two nights a month at \$3 per night.

City Engineer Rust will report to the board of works to-day that at a test he will allow 3-inch asphalt blocks to be used in down town business streets, instead of four-inch. Ald. Rowland will move at the works committee this afternoon that in connection with the proposed extension of Bloor-street to Danforth-avenue, it be an instruction to the board of control to include the proposed viaduct in the head of Parliament-street. In reply to a request of a delegation of women asking for a grant of \$500 for the Girls' Home, the board of control told them the matter would be considered early next year.

WINNEPEG, Nov. 10.—(Special.)—John Bratton of Crookston, Minn., who has been living in jail here awaiting trial on a charge of forcing a young girl to lead a life of shame, was discharged by Judge Myers this morning, but was immediately re-arrested on a charge of procuring. Action in the case has been taken at the instance of the commissioner of immigration. It is intended to deport Bratton as soon as the criminal courts here are thru with him.

Northwest Markets Turn Strong Chicago Scores an Advance

Smaller Receipts and Reports of Export Enquiry Give Bullish Tone to Wheat Markets—Winnipeg Options Firmer.

World Office. Thursday, Nov. 10. Liverpool wheat futures closed today 1/4 to 1/2 lower; corn futures 1/4 to 1/2 lower. December wheat at Chicago closed today 1/2 higher than yesterday; December corn 1/2 higher, and December oats 1/2 higher.

Chicago car lots today: Wheat 88, contract 8; corn 21, contract 8; oats 25, contract 8. Winnipeg wheat receipts today 247 cars, against 216 a week ago, and 502 a year ago.

Manitoba flour—Quotations at Toronto are: First patents, \$3.70; second patents, \$3.20; strong brands, \$3.50.

Winnipeg Wheat Market. Wheat—November 35c, December 31c, 30c. Oats—November 25c, December 23c, 22c.

Chicago Markets. J. P. Bickell & Co., Manufacturers Life Building, report the following fluctuations on the Chicago Board of Trade: Close Nov. 9. Open. High. Low. Close.

Wheat—Dec. 88 1/2, 88 1/2, 90 1/2, 87 1/2, 90 1/2. May 94 1/2, 94 1/2, 96 1/2, 94 1/2, 96 1/2. July 95 1/2, 95 1/2, 97 1/2, 95 1/2, 97 1/2.

ST. LAWRENCE MARKET. Receipts of farm produce were light, no grain, and only one load of hay, and a few dressed hogs.

NEW ONTARIO'S MODEL FARM. Description of What is Being Done at Matheson. James Armstrong of the firm of Armstrong & Cook of this city, who has just returned from a visit to the government farm near Matheson.

165 CARS AT CITY YARDS GOOD CATTLE HOLD FIRM

Medium and Common Grades Easy at Lower Prices—Sheep, Lambs, Calves, Hogs Unchanged.

The railways reported 165 carloads of live stock at the city yards on Wednesday and Thursday, consisting of 1368 cattle, 432 hogs, 2683 sheep and lambs, and 101 calves.

Butchers. Geo. Rowntree, who bought 1630 cattle for the Harris & Hamilton Co. this week, quoted prices as follows: Butchers' steers and heifers, \$4.70 to \$5.75; cows, \$3.50 to \$4.50; bulls, \$3.00 to \$4.00; feeders, \$2.50 to \$3.50.

Feeder and Stockers. Short-keep steers, 1000 to 1150 lbs., sold from \$3.25 to \$3.50; 800 to 1000 lbs., \$2.75 to \$3.00; 600 to 800 lbs., \$2.25 to \$2.50.

Chicago Live Stock. CHICAGO, Nov. 10.—Cattle—Receipts, 7000 market and weak; beefs, \$4.50 to \$5.25; 1 load feeders, \$2.50 to \$3.50; 1 load stockers, \$2.00 to \$3.00.

NEW YORK, Nov. 10.—Butter—Firm; unchanged; receipts unchanged; receipts 2887.

NEW YORK, Nov. 10.—London and Liverpool cables show American cattle steady at 13c to 14c; dressed, \$2.50 to \$3.00; refrigerator beef at 10c to 10 1/2c per lb.

When You Feel Cross And Are Easily Worried and Irritated, Chances Are That the Liver is Not Right and You Need DR. CHASE'S KIDNEY-LIVER PILLS

Life is too short to be cross and grouchy. You not only make yourself miserable, but also those about you. Don't blame others. Blame yourself for not keeping the liver right.

FARMERS ASK TOO MUCH FOR PARK DRIVE ENDS

Ontario Municipal Board Will Hear Appeals—Queen Victoria Park Commission to Deal Liberally.

An appeal has been made to the Ontario Railway and Municipal Board by forty farmers upon whom notice of expropriation has been served by the Niagara Falls Park Commission for land required for the million dollar boulevard which is projected from Lake Erie to Lake Ontario by that body.

When interviewed by The World last night, P. W. Ellis, a member of the Niagara Falls Park Commission, said that expropriation proceedings would be required in a number of cases because the farmers and the commission do not agree with regard to values.

On Monday next George Dunn will have 4 car loads of good to choice Manitoba stockers and feeders for sale at the Union Stock Yards.

Receipts of live stock at the Union Yards on Wednesday were 25 car loads, consisting of 232 cattle, 282 hogs, 1500 sheep and lambs and 8 calves.

CHICAGO, Nov. 10.—Cattle—Receipts, 7000 market and weak; beefs, \$4.50 to \$5.25; 1 load feeders, \$2.50 to \$3.50; 1 load stockers, \$2.00 to \$3.00.

NEW YORK, Nov. 10.—London and Liverpool cables show American cattle steady at 13c to 14c; dressed, \$2.50 to \$3.00; refrigerator beef at 10c to 10 1/2c per lb.

Life is too short to be cross and grouchy. You not only make yourself miserable, but also those about you. Don't blame others. Blame yourself for not keeping the liver right.

FREE PLANTING IN THE FALL

How to "Heel In" When You Are Caught by a Hard Frost.

Trees can be planted until severe cold weather freezes the ground. Should sudden cold weather overtake one who has a lot of trees to set out, and there is a doubt about having sufficient time to complete the work of planting before the ground freezes, the proper method is to "heel them in."

"Heeling-in" is the proper plan, under all circumstances, unless there will be help enough to plant the trees as fast as they are unpacked. The sun and frost will do the work of the shovel.

On the remaining 35 feet of the 100-foot strip, the commission has in view the removal of the trees and the planting of shrubs and flowers.

NEW YORK, Nov. 10.—London and Liverpool cables show American cattle steady at 13c to 14c; dressed, \$2.50 to \$3.00; refrigerator beef at 10c to 10 1/2c per lb.

NEW YORK, Nov. 10.—London and Liverpool cables show American cattle steady at 13c to 14c; dressed, \$2.50 to \$3.00; refrigerator beef at 10c to 10 1/2c per lb.

These College Ulsters for Men \$10.95

A man doesn't have to be a Bachelor of Arts to wear a college ulster. And the ordinary kind of bachelor will have to look sharp if he wants one of these, for the men who have wives to look after them will be sent here early, when such a saving on the right kind of overcoat is announced. These are worth fifteen, sixteen, eighteen and twenty dollars, and they're made from Scotch and English heavy weight fancy ulsterings, in the popular diagonal stripe and herringbone weaves; the shades are dark greys and browns; finished with extra quality linings and trimmings. Sizes 35 to 44. To clear Saturday at \$10.95.

Good Hats From England at Reasonable Prices

2,000 Men's Derby Hats, new shipment from an English manufacturer of good reputation in making medium priced Derby hats; made from excellent wearing English fur felt, and specially well trimmed; all the latest and up-to-date shapes, in two special prices. Saturday \$1.00 and \$1.50. In Wanless Building.

Broken Lines of Men's Underwear 79c

2,000 garments of Men's Winter Weight Underwear; several broken lines, including Britannia Scotch wool, Manchauffee's French wool and balbriggan, Watson's Scotch, St. George natural wool and elastic ribbed. Regular prices up to \$1.50. Saturday 79c.

250 Men's All-wool Sweaters and Sweater Coats, some slightly soiled through handling; colors are white, cardinal, grey trimmed navy or red and plain grey. Regular to \$4.00. Clearing Saturday \$1.98.
