MR. CHAMBERLAIN'S SPEECH

Meets With the Full Approval of the Mighty Working Classes. JAPAN HAS A LARGE SHARE

London Correspondents to New York Papers Comment in an Interesting Way on the Situation as Between Great Britain and the European Powers...

New York, Nov. 20.—Mr. Henry Norman, cabling to The Times from London, gives another solution of the often repeated question, "Why is Great Britain arming at such a rapid rate?"...

"The coast guard battleships are mobilized to proceed and cruise around the coast. Port-guard battleships being thus relieved, will reinforce the Mediterranean squadron...

Mr. Chamberlain's Expressions. "A fine illustration of the sobering effect of this perception of power and its moral obligation has been offered by Mr. Chamberlain, whose speeches in Manchester have been discussed on the Continent quite as seriously as Lord Salisbury's recent addresses..."

The German estimate of these speeches is more correct than the French. They were plain spoken, but not aggressive. They revealed with admirable lucidity and moderation the real temper of the English people respecting the Nile Valley and the harassing tactics to which the nation had been exposed in many parts of the world in its recent career of overseas expansion...

"The only surprise which Mr. Chamberlain had in reserve for his Lancashire audience was the complete revelation of his capacity to discuss all large questions affecting the empire with the judicious gravity of a statesman and the tact of a diplomat..."

Good Feeling for America. "The noticeable feature of these Lancashire meetings was the remarkable heartiness with which every reference to America was applauded. Industrial England is brimming full of good feeling for the United States..."

WELCOME TO OTTAWA DEAD IN HIS 51ST YEAR

Felicitous Address From the Citizens of the Capital Sir George Baden-Powell With the Great Majority.

TO THE GOVERNOR-GENERAL HIS ENERGETIC CAREER.

Countess of Minto Also Included in the Expression of Good-Will. Was an Eminent Political Economist and Authority on Colonial Affairs.

Ottawa, Nov. 20.—Yesterday afternoon the Earl and Countess of Minto were formally welcomed to the Capital. Promptly at 12.30 Their Excellencies entered the Council Chamber, accompanied by the Mayor and by Major Gordon, A.D.C.

The Mayor wore his robes of office and the civic gold chain, and read the address couched in well-chosen words, and including the Countess of Minto in the welcome and good wishes.

His Excellency's Reply. In reply Lord Minto said: "Mr. Mayor—It is impossible for me to express as I should wish my deep appreciation of the cordiality of the welcome extended to me by the citizens of Ottawa. You have gladdened so kindly to the period I spent in Canada at a time when Lady Minto and myself were very happy here, that we cannot but feel we have not been forgotten, and that we have in fact come back to a former home."

"I am glad to feel that I return amongst you at a period of prosperity—prosperity not only of a city or of a province, but of many provinces bound together by national ambition, whilst further and the clouds which have dimmed the political horizon of Europe are dispersing. As for our own city, Mr. Mayor, the city of Ottawa, perhaps the changes which have taken place during the last decade impress me more than they do upon you, who have been constantly resident amongst you."

Child Was in Court. All through the hearing the child sat with its mother and occasionally would kiss her. At 5.30 the case was adjourned by consent of the counsel until next Friday morning at 10 o'clock. The child it was adjudged best to keep within the jurisdiction of this court. The defendants are held in renewed bail of \$500 each, which was given by counsel.

A Question of Reputation. It is now for the defendants to prove that the former wife of W. H. Barnes' son is also of good repute. The question was raised by the relatives in the writ of habeas corpus in the claim advanced by them that the divorce granted to Mr. and Mrs. Barnes was illegal and that Mrs. Barnes had been residing with Magowan contrary to law. The testimony to show the reputation of Mrs. Magowan will be taken next Friday, to which date the case is adjourned. Mrs. Magowan will take the stand on Friday.

TROUBLE FOR UNCLE SAM.

Aginaldo, the Philippine insurgent, demands absolute independence, else fight to death.

London, Nov. 19.—There is much agitation among the Philippine representatives in Europe over the Philippine situation.

Aginaldo, the representative of Aginaldo, who has been in Paris watching the proceedings of the Peace Commission, starts for Washington today.

It is learned that all the Filipinos in Paris and London to meet him in Paris when a committee was formed with the object of doing everything possible to induce France to recognize the so-called Philippine republic.

A telegram was sent to Aginaldo asking for instructions, and the following reply is said to have been received:

"Insist upon absolute independence otherwise fight to the death. We are all united and the Government is progressing smoothly. All the independent tribes of mountainous provinces are submitting to Aginaldo, and the chiefs are bringing in presents of gold."

HAMILTON NEWS

THEY WANT TO BE PROTECTED

Hamilton Employers Must Have Some Sort of a Union.

AWFUL STATE OF AFFAIRS

Resulting From Cutting of Prices Bring Them to This Conclusion—Found Dead in Bed—Hearings on the Milkmen—Church Meetings and Other News From the Ambitious City.

Hamilton, Nov. 20.—(Special.)—The employers in the building and allied trades have come to the conclusion they must have some sort of union, as have those whom they employ. Some years ago a builders' exchange was started, but after a short term of usefulness it went to the wall.

Of late there has been so much cutting of prices, the builders say, that there is nothing left for them after money has been paid out for wages and material. Something must be done to meet this deplorable state of affairs and, accordingly, about 50 interested men met in the Board of Trade rooms last evening to decide on a week's course of business. Mr. John R. Smith was appointed chairman, and Mr. J. H. Smith secretary, pro tem. The discussion that followed showed that rivalry and rates were playing a bad part in the building trades and the meeting decided to appoint a committee of generous proportions to formulate a constitution and bylaws, with all additional available information, and present a report at the next meeting.

Dead for Days. Henry Harvey, 54, Pelee-street, made a horrible discovery yesterday morning. His mother, Mrs. Elizabeth Harvey, lived alone at 172 Catharine-street north, and as her neighbors had seen nothing of her since a week last Thursday, they informed Mr. Harvey and he went to his mother's home to see what was wrong. He found all the doors locked and a stick of wood protruding from an entrance into an upstairs room and on searching found the dead body of his mother lying on the bed on which she was found to have died several days. Near by was a bird cage, in which was lying the dead body of a canary. The police were notified and in turn Coroner Griffin was advised, and an inquest was opened yesterday afternoon.

Deceased was about 65 years old and was a sister-in-law of the late William Farmer, plumber, for whom she kept house up to his death.

Hard on the Milkmen. A Dominion Inspector recently paid a visit to the city by day and in the afternoon he was accompanied by Inspector McDonald of the Hamilton Board of Health. The result of his visit was a report to the board at its next meeting, and on the authority of the chairman it is said the Dominion official's report will be to have the milkmen especially for the city milk-dealers. According to the law of the city, whose residents use the milk, cannot make an inspection of any milk delivered to the city limits. The Dominion Inspector says this ought to be permitted.

Among the Churches. The seventh Methodist church, St. Lawrence Church was celebrated today. Mr. McEwan preached this morning. This evening the relics of St. Lawrence were venerated.

Rev. Dr. Williams and Rev. W. F. Wilson. Dr. Potts of Toronto preached educational sermons at Centenary Church today.

Anniversary services were held today at the Wesleyan Methodist church. Rev. J. M. Pickering, a former pastor, being the preacher.

Missionary services were held at Zion Tabernacle today. The preachers being Rev. Dr. Williams and Rev. W. F. Wilson.

The new Presbyterian church at West Hill was opened today. Rev. Dr. Fraser, city, assisted in the services.

Rev. Dr. Beavis preached the annual sermon at the Wesleyan Methodist church, St. Lawrence, on Sunday.

A Bit of History. Last spring John J. O'Reilly was arrested for the charge of violating a city by-law and P. C. Campagna was the principal witness against him. Last Saturday morning, Campagna was known to be in the Police Commissioners by Mr. O'Reilly, who complained that this officer had ordered him to "move on," while talking to some men on the sidewalk. Although the officer was strongly upheld in his action by Magistrate Jeffs, there has been considerable talk about the case.

Taylor Bros' barn on Brant-street was discovered on fire about 1 o'clock yesterday morning and before the blaze was extinguished four wagons, nearly 200 chickens, three horses, two dogs and a lot of hay, straw and fodder were destroyed. The loss will be \$1500, partly covered by insurance. The barn had been recently repaired at a cost of \$100.

Police Points. While the family of Mr. Robert Fletcher, who lives near the pumping house on the Beach-road, was away yesterday, thieves entered the house and carried off \$25, some jewelry and a number of coats.

John Hunter, who gave the police so much trouble last Sunday, was up again before the magistrate yesterday and fined \$1 for using profane language to P. C. Zeats, a week ago.

Minor Matters. At the next municipal elections there will be only 39 polling subdivisions.

Lord Minto has written Mayor Colquhoun, regretting that he cannot accept the city's invitation to visit Hamilton on Nov. 28. His Excellency hopes to have that pleasure in the near future.

Already nearly 40 appeals have been entered against the Court of Revision's decisions. To-morrow is the last day for entering appeals.

Mr. Russell, owner of the long barbed-wire fence on the mountain, that has caused so much trouble, has promised yesterday to take it down at once.

lived alone in a small place in Beaverton. The house contained but one room. He was 30 years of age and was so feeble and so afflicted with asthma that he could walk but a short distance without taking a rest. A week ago Saturday John McHattie, who was 30 years of age, and was a prisoner, when Edward Elliott, the prisoner, caught up to him. Elliott asked McHattie where he was going and he told him that he was going to Murray's. Elliott said he would go along and so he did. When they went into the house Murray pulled out his purse and the change of money, some provisions, McHattie went out and left Elliott and the old man together. In a few minutes McHattie came back with the change of money. Murray pulled out his purse and put the change into it. The amount was 70c. When McHattie was leaving, he said: "Elliott, come along to my home."

On Sunday (the next day) McHattie went to Murray's house and found the door locked. He thought the old man had gone out, and went away. Returning on Monday morning, he still found the door locked, but thought perhaps Murray had gone out in the country to visit his daughter. Finally, on Tuesday, the neighbors' attention was drawn to the fact that no smoke had been coming out of the chimney of Murray's house. The windows in front were partially boarded up, as had been the case for some time, but on peeping inside, they saw the body lying on the floor. The house opened at the front door. His head was badly battered and alongside the body was the iron poker, with blood on it, and a stick of wood protruding from the bottom of which was saturated with blood.

Suspicion Points to Elliott. "About 4 o'clock on Saturday afternoon, it afterwards transpired that Elliott was seen coming from the direction of Murray's house by Beatrice Gardner. When she saw Elliott she saw the blood on his face and she saw the blood on his hand. She spoke about it and Elliott replied: "I cut my hand when I fell on a piece of ice!" But Miss Gardner saw no cut.

But Miss Gardner saw the blood on his face and she saw the blood on his hand. She spoke about it and Elliott replied: "I cut my hand when I fell on a piece of ice!" But Miss Gardner saw no cut.

A Bad Record. "I have a very strong case against him," said the coroner in his statement to the coroner about the key of Murray's house, which he now repudiates, but I don't think there is any doubt about his guilt. He was a very bad man, and a very bad man in Canada. And he is like Allison in his barbarous treatment of dumb animals. This boy Elliott will take a cat and dig out its eyes and use the eyes for his pocket. He will drown the cat. He has a record for shop-breaking and larceny, and is now under suspended sentence for his bad behavior. This Elliott is a boy not yet 16 years of age, and he's small for his age at that."

THERE MAY BE MONEY IN IT

For Clyde Kerr, the Wandering Boy, Who is Sought

BY HIS AUNT, MRS. BYWATER

His Grand Aunt is Elderly and Has Money to Leave Behind Her—An Interesting Family History—Where is This Wandering Boy?

Clyde Kerr, a lad of 13 years, is wandering in distant parts, Chicago presumably, while a grand aunt living in Perth, Ontario, elderly in years and rich in money, is using every agency available to recover the only son of her favorite nephew.

Mrs. Joseph Bywater of 79 D'Arvy-street in a letter to her daughter, George Kerr, who is Health Inspector of Winnipeg, and she is very anxious to locate his son. She has advertised in American papers, but so far her efforts have been futile. Mrs. Bywater states that her aunt in Perth is now 80 years of age, and feeling that her days are numbered the old lady has taken a strong interest in the whereabouts of her nephew.

The boy was born in Winnipeg. There George Kerr, his father, died eight years ago, and the widow went on with her life. Mrs. Bywater was never made known to the eastern relatives. Thus, when the mother died, some time later, all connection between them and Clyde was severed. They were in Chicago at that time, and the mother's death, but whether the lad and his stepfather are still there is unknown.

The Canadian friends of young Kerr would like to get any information touching his whereabouts, as it would be to the boy's advantage to return to his dead stepfather.

ANDREW MCFARREN DEAD.

Toronto Loses Another of Her Pioneers—A Resident for Half a Century.

Another of Toronto's pioneers has passed away in the person of Mr. Andrew McFarren of 227 Queen-street east. Mr. McFarren had only been sick for a short while and his end came rather suddenly to his relatives and friends. For over 50 years he had been a resident of Toronto, and during that time had seen many interesting and progressive movements.

Mr. McFarren was born in County Down, Ireland, 60 years ago, and came to this country when 10 years old. He was a direct descendant of the Scotch-Irish, and was a school-teacher in Scarborough, and afterwards established a grocery business at 190 King-street east. He then started a shop in the next door and had one of the largest flour and feed stores in Toronto when he died.

He was a large property-owner, and was the sole owner of the Bank building. Mr. McFarren never took much interest in politics, but he was a Conservative and a warm admirer of the late Sir John A. Macdonald. He leaves four children, his wife having died 10 years ago; three boys and one girl. The eldest son is James, who is a grocer and a grocery store at the corner of Queen and Sherbourne-streets, and Andrew, who keeps a flour and feed store at the corner of Queen and York-streets. The youngest son is William, who is a grocer and a grocery store at the corner of Queen and York-streets. The youngest daughter is Martha, who is single and lives at home. The funeral will take place this afternoon at 3 o'clock to the Necropolis, and will be private.

OVERCROWDED CARS.

Omaha Citizens Take a Hand in Regulating the So-Called Abuse.

Omaha, Neb., Nov. 19.—An anti-car crowd meeting is the latest organization in Omaha, and it is proving very popular. The first meeting of the association was made this evening as the 6 o'clock crowds took possession of the street cars, and it worked. The first information that reached the city was that a stern command from a dozen members of the society: "Let another man or woman get on this car and you get out. Ring the bell and get out."

The conductor took one look at the scowling faces of the men jammed into the aisle of the car, and then he gave the signal to move on, leaving a crowd of angry people at the crossing. The society belongs to Walnut Hill, a fashionable suburb of the city. It is the outgrowth of what the residents of that locality term a long season of crowded-car service.

Triding damage was done yesterday afternoon by a fire at the home of William Frank Baker, who lives in the rear of 1155 Denham-street, is under arrest charged with the murder of a woman. Detective Forrest made the arrest.

Suffered Agony With Pains in the Stomach—Hood's Cured.

The testimonials in favor of Hood's Sarsaparilla are so worthy of confidence as though they came from your most trusted neighbor. They are written by honest people who are grateful for the cures accomplished by this wonderful medicine. Read this statement:

"I was afflicted with severe pains in my stomach from which I suffered much agony at times. I was afraid to go any distance from home for fear of having an attack. I was treated for neuralgia of the head without avail. At last my mother wrote and urged me to try Hood's Sarsaparilla. I have her letter before me at the present time and it reads as follows: 'My dear child, it grieves me to learn that you suffer so with your stomach. Do get a bottle of Hood's Sarsaparilla and let me know the result, for I am confident

It Saved My Life.'

I am glad to state that I abided by my mother's advice and I am now healthy and strong. I never think of being without Hood's Sarsaparilla in the house. It is a great help to mothers while nursing. I have given it to my baby with satisfactory results. I cannot state all I would like of the many benefits I have known Hood's Sarsaparilla to give to other sufferers. I gladly recommend it." CLOSE CALL FOR THE CAPS.

Varsity Beaten in Semi-Final for Canadian Rugby Championship by 7 Points to 3—Students Scored in First Half and Rough Riders in Second.

Ottawa City's Rough Riders defeated Varsity in the semi-final football match for the Canadian Rugby championship Saturday afternoon. The game was played at 2 o'clock and the students were ahead 7 to 0, but their supporters of the visitors were quite sanguine of victory. The game was a perfect and the clouds from the west, and Old Sol peeping at intervals through the clouds. THE HORSE SHOW.

Awarding the Final Championships at New York.

Two More Prizes for Mrs. Beck's Fellowship—The Prominent Winner—Wind-Up of the Racing at Nashville—Results and Entries. New York, Nov. 19.—To-night the Horse Show of '98 came to an end, after a most successful week. Thousands of New York society folk crowded the Garden afternoon sessions, and the display of fashionable harness was as keen this year as has been heretofore. The attendance for this year was, perhaps, not large, but it was a good one for the show, because of the unpleasant weather, but the management declare that the average for the week has been about equal to that of former years. The last day made up for the lack of numbers of Thursday and Friday, and the final winners were as good and quite as interesting. Some of the regular winners at the show were as prominent this year as last. The show was a success, and quite as interesting. Some of the regular winners at the show were as prominent this year as last.

TORONTO'S SENIOR SEVEN.

Four or Five Fast Teams Will Be Put on the Ice.

Varsity, Argonauts, Victorias, Wellingtons and Perhaps the Toronto Rowing Club—Officers Elected for Young Toronto and Argonauts. Despite the many rumors to the contrary, there will probably be fewer hockey teams in Toronto this winter than for several years past, but the quality of hockey played will undoubtedly be higher. In the past the really first-class players have been scattered here and there, but in the past few years they have been concentrated in the Toronto team. The Toronto team has been the best in the city, and it is expected that they will be the best in the province this winter.

Tuxedo Suit.

Semi-dress for "stag affairs," club dinners, theatre, etc., consisting of "Dinner Jacket" with full-dress trousers and waistcoat of same material. To be worn with black tie. Made of fine dull-finished English Vicuña, or of Dress Worsted, and lined to the edge of shawl collar with Skinner satin. Low rolling 3-button vest, trousers with two side and two hip pockets. Made in all fit-form shapes. \$25.00 and \$20.00 per suit. Coat only, \$15.00 and \$12.00.

On turning over the Rough Rider element was still confused. Varsity persisted in pushing to the west end, and looked as if they would gain the lead. Twice they went over, once forcing what looked like a rouge, and again for an apparent but by the referee's whistle properly called back the ball for off-side play. Then the tide turned, and Ottawa started with a try, followed by another score from 10 to 5 minutes before the close. Again Varsity took another rally, but they were unable to get the quarter line, and the big game ended with the ball pretty well in the middle.

Blackwood outclassed Shillington at outside wing. Walters had his hands full with McKenzie. The Argonauts may play the Tigers at Hamilton on Thursday. The game was a success, and quite as interesting. Some of the regular winners at the show were as prominent this year as last.

Washington, Nov. 19.—Four outsiders managed to finish first at Benning today. The race was a success, and quite as interesting. Some of the regular winners at the show were as prominent this year as last.

OUT TO-DAY

GOOD TIMES

The Mystery of the Morn

Is the title of the fine art plate that goes with the Number. The leading Canadian artists have pronounced this a chaste and superior piece of art. It is to-day put on exhibition everywhere throughout Canada. October 21st was the anniversary of the Battle of Trafalgar. In SATURDAY NIGHT'S CHRISTMAS is a colored plate showing Nelson's famous signal—the greatest signal ever made with flags—a code now obsolete, from a drawing secured at the British Admiralty.

BRIDES OF THE YEAR

Portraits of seventeen of the leading brides of 1898, grouped in three full page plates, designed by A. H. Howard.

The Killing of Juan Aparicio

By EDMUND E. SHEPPARD

A story of a political conspiracy, assassination and revolution in the Republic of Guatemala, illustrated by portraits and photographs taken on the spot. Portraits of Aparicio, of President Barrios, and the man who assassinated him in the streets of Quetzaltenango. This is a narrative of a series of events among a Latin-American people that Anglo-Saxons can scarcely conceive possible at the close of the nineteenth century.

Two Weeks Before the Mast

By CHARLES LEWIS SHAW

the Canadian Mark Twain. This is an intensely humorous story of the sea illustrated by R. G. Mathews of Montreal.

THE COLONEL'S GUEST

by W. A. Fraser

of Georgetown, illustrated by B. MARTIN JUSTICE, of Philadelphia. Mr. Fraser may be styled the best of Canadian short story writers.

REBEL MET REBEL, A STORY OF TORONTO TO-DAY, by Mack

This is the best story yet written by this writer, and it is finely illustrated by J. S. GORDON of Hamilton.

Other Stories

join in making this a first-class reading number: Within a Year by Lady Johnson; The Miller's Seal by Octave Thanet; The Rejoicing of the Stout Gentleman by Marjory MacMurchy; The Bishop, Lawson; and a special article entitled, CHRISTMAS WITH THE QUEEN by S. A. Tooley. Scattered through the book are original Christmas Fables.

"A Brace of Partridges" To-Night.
At the Grand Opera House to-night the Grand Comedy Company from the London Theatre of that name will present for the first time in Canada the celebrated comedy by Mr. Richard Ganthony, entitled, "A Brace of Partridges." The comedy is named from the fact that the two leading male characters are cousins of the name of Partridge, who bear a wonderful resemblance to each other. The two roles, of course, are doubled up on the stage, and one man, Mr. Reeves-Smith, plays them both. One of the cousins, the Hon. Arthur Partridge, is the son of an immensely rich man, who wants to marry him to a South African heiress. He, however, prefers the daughter of the landlord of a certain country inn, where he plays a bicycle race. His cousin stopped on at the same inn, and there ensued a lot of amusing blunders and complications. In the end Arthur, who is the landlord's daughter, while Alfred, who is the heiress, is married to the latter. The comedy has three very pretty actresses, Miss Agnes Knight, who plays the part of the heiress; Miss Jessie Bateman, the landlord's daughter; and Miss Mabel Lane, who impersonates Arthur's maid. Besides the two leading male comedians, the half a dozen other male comedians. The engagement will last the entire week with matinees on Wednesday, Thursday (special), and Saturday.

A Clever Little Actress.
Miss Mildred Holland, the talented and attractive little lady who starred in "The Little Vagrants" this season, and will be seen at the Toronto Opera House this week, has had quite an interesting stage career. She has played the heroine in thrilling dramas, with the villain pursuing and the gods adoring her. In "The Little Vagrants" she has played a street girl, and in "The Little Vagrants" she has played a street girl, and in "The Little Vagrants" she has played a street girl. This Week at the Princess.
Commencing this afternoon and continuing twice daily, during the entire week, the Cummings Stock Company will present at the Princess Theatre the late Harriet Beecher Stowe's masterpiece, "Uncle Tom's Cabin." While the play has been given in Toronto many times before, it has invariably been made more of a freak show than anything else. Although Manager Cummings has arranged for all the accessories incident to the play, such as Siberian bloodhounds, jubilee singers, donkeys, and so on, it is his intention and purpose to present the play as a presentation of "Uncle Tom's Cabin" as they never have been before. The bloodhounds, it might be mentioned, are not of the kind usually seen with traveling companies, but are especially imported animals of wonderful sagacity and intelligence. One of them, as told in the Sunday World, committed suicide on Saturday morning by strangling in an attempt to escape from his stall, but he has been replaced with another and more magnificent animal, which arrived last night. But it is in the acting and with the elaborate scenic effects, including the thrilling interplay of the drama and to give the people such a presentation of "Uncle Tom's Cabin" as they never have been before. Mr. Barnham Leaves a Sorrowful Land.
Toronto Junction, Nov. 20.—(Special).—The police have had a hot chase to-day after a man who gives his name as S. Barnham, and who for the past month has been boarding at Kaiser's boarding house on York street. Barnham is said to have played the confidence game on all the boarders there, and skipped out this morning without paying his board bill. Barnham has lived a very retired life since coming here, and has seldom gone out of the house. He procured \$7 from one of the boarders by showing a bottle of brandy, which he said he desired to get analyzed as his wife, from whom he was now separated, had tried to poison him with it. He said that Prof. Billis would not undertake the analysis without first being paid, and for this he desired the money. Barnham is a man over 50 years of age, and has dined nearly all the boarders on similar fake yarns.

Rev. W. R. Barker, pastor of Annetta-street Methodist Church, this morning, gave a very vigorous sermon, denouncing oyster suppers, concerts, games and various kinds of amusements as a means for raising money for church purposes. Giving to the Lord from the host.

Mr. F. C. Colbeck, principal of the High school here, has been elected to the Senate of Victoria University.

Mr. P. Bagle of Montreal, vice-president of the City and Suburban Electric Railway, passed over the line yesterday and inspected the extension in the village of Weston.

The New Bijou Theatre.
This new, and promising, to be the popular family theatre of Toronto, opens its doors and makes its initial bow to the public this evening, under the management of M. Robinson. The old Amphitheatrum, under its new name (the New Bijou), has been entirely re-fitted and almost completely re-built. The prompt show, judged from the array of talent engaged, will be meritorious and entirely new, and of the very best and highest priced talent will appear, and it rests with the Toronto public to assure the management by their patronage whether they wish this class of shows. The headliner for this week will be Miss Cora Tanner, assisted by Mr. Louis Wasson. In a one-act play, entitled "Drifted Apart." A girl bit of Barnum & Bailey's Circus was being led by the hand, and her trained pony Amber, which will be another feature that will appeal to the children. Miss Jessie Bateman, the premier danseuse, is still another great feature, and ten other great acts will complete a bill the like of which has never been seen in Toronto.

Scalchi Concert To-Morrow.
To-morrow night in Massey Hall, Madame

Mme. Scalchi.
Her voice is spoken of as a soprano of a rich and brilliant quality. Signor Caduri Casulo is the tenor, whom Madame Scalchi has associated with herself on this tour, who has never before this season been heard in America, but has been singing for the past three years in Milan, Rome and Florence. The baritone of the company is Signor Achille Alberti, who made his first appearance in America with this company in 1896, his present tour being his third one with the famous contralto. The program for to-morrow evening is one largely made up of selections from the Italian opera, in which the great contralto will appear no less than four times. This will be the fourth and last one of the present Massey Hall course of concerts and will be attended by a large and fashionable audience. The plan for the sale of seats is open from 9 a.m. to 5 p.m.

Bengough on Thursday.
Mrs. H. de M. Harvey, who sang so successfully at the Trebelli concert at the beginning of the month, returned to her home in London, yesterday, from New York, where she has been singing for one of the best known managers on the Continent. She is not improbable that she will take up her residence from this time out on the other side of the line. She, however, will sing at the Bengough entertainment, Mr. George Fox, the favorite Canadian violinist, and Mr. A. D. Sturrock, the popular young Canadian baritone, will also take part in the program. It is very gratifying to notice that the program for this occasion will be entirely provided by the popular young Canadian baritone, who is now commencing to take its place on the best stages and platforms. The plan for the sale of seats opens this morning at 10 o'clock, when any seat in the whole building may be reserved for 25 cents.

Mr. A. S. Irving, on behalf of the trustees of St. James' Cemetery, was closed with the Board of Control for half an hour on Saturday afternoon, and as a result an amicable arrangement will probably be arrived at between the company and the city. Messrs. Irving and ex-Ald. Scott will appear before the Board and will waive certain claims which blocked the passage of the bylaw the last time it was up. It is, therefore, likely that Council will be asked at a coming meeting to ratify the election on the Scott-Frank Park scheme. possibility in the coming municipal campaign. It will be remembered that last nomination day when he was put up for Mayor he intimated that next time he might enter the field. When spoken to by the World yesterday with reference to his municipal aspirations, he simply said: "I do not care to say anything about that just now. But it is known that his friends are importuning him to run at least for alderman."

Here's Progress for You.
The following statement compiled at the Assessment Department speaks volumes for Toronto's post-bomb recovery and progress in the last two years:

Chief's State Their Needs.
The Mayor called to himself Ald. Dunn, chairman of the Property Committee, and Controllers Hubbard and Burns, to confer privately and informally in his Worship's little sanctum Saturday, as to the furnishings for the offices in the new City Hall. The formality part of it is to take place at a special meeting of the Property Committee on Tuesday, when the heads of the various departments will be asked to state their claims, and when they get enough in the way of furniture to satisfy them to sign the accepted plans. The architect estimates that the contract will amount to about \$7000.

Commissioner Jones' Little Reforms.
Street Commissioner Jones is pressing for a bylaw to enforce the separation of householders of the marketable from the refuse garbage, in order that a small revenue might be derived from the former. Mr. Jones is also calling the attention of merchants to the fact that the bylaw compels them to clear the gutters and water-courses in front of their premises, from obstructions.

To Protect Banqueters and Ball-ers.
Ald. Hubbard is exciting himself over the fire protection for the Pavilion during banquets and balls. He suggests that firemen armed with small fire extinguishers should be detailed to watch the structure upon such occasions.

Is This Mr. J. Enoch?
One Mr. Thompson has been approaching the Niagara Falls Tourist and Convention

Association with credentials from the city, and the association have written the Mayor asking that the city become one of their clients in the way of advertising.

Building Goes on Apace.
The City Commissioner issued the following batch of building permits Saturday: W. J. Parks, brick residence, west side Spadina-avenue, north of College, cost \$3500; Charles Stark, brick residence, south side Maple-avenue, east of Sherbourne, cost \$3000; James Henderson, on the same street, to cost \$4500; John Morrison, brick residence, west side Jarvis-street, near Bloor, cost \$900; Dr. G. S. Ryerson, brick dwelling, north of Bloor-street, near Spadina-avenue, cost \$800; Maggie A. Marshall, three brick dwellings, Nos. 182-184 Major-street, cost \$7500.

A TALK WITH CAPT. YATES.
The Great Western Railway Company of England Has Wanted Connection at Milford Haven for Years—Welsh Ports Want the Benefit of Canadian Trade.

Montreal, Que., Nov. 20.—(Special).—Captain Montague Yates, the representative of the Canadian Steamship Company, the formation of which was referred to in The World of Saturday, is now in the city, and confirms that despatch. Captain Yates says that for many years past the Great Western Railway Company of England has been endeavoring to secure a trans-Atlantic connection at Milford-Haven, which is five hours' run from London, but on account of the strong opposition from Liverpool and Manchester, their efforts failed. Now, however, the friends and directors of that corporation have formed a company of their own, with Sir Robert Garrett Head, Bart., as chairman, and the respective terminals of the company in Great Britain and Canada will be at Milford-Haven and Pasphebe. It will, the Captain says, be an exclusively Canadian line, and will be devoted to the development of trade between Canada and Great Britain. The company believe that they can reach the Baltic Sea in less than 100 hours, but failing to do so the steamers will come to another Canadian port, probably Halifax. So far, Captain Yates says, the ports of Swansea, Cardiff and Milford-Haven receive little or no produce from Canada, thus shutting out the great producing centres of the West of England from the Canadian market. He believes that this line of steamers will be of the utmost advantage to Canada. The Gasperis, which leaves Milford-Haven Dec. 7, for Pasphebe, is 2000 tons and 1250 knot, and the second of the weekly service will register 8000 tons.

Canadian Talent.
H. C. Arnold, the well-known and popular concert manager of Toronto, is meeting with excellent bookings this season. He has exercised the utmost care in choosing only those of unquestioned merit and established reputation, as a result of which complete satisfaction may be assured to committees engaging talent. His business has so increased that he has found it necessary to place several extra advance representatives upon the road. In addition to whom he has established local agencies in all of the principal cities and towns of Ontario. His list contains the names of such well-known artists as Miss Annie Richardson, late of London, England; Grenville Kleiser, Mary Hayden-Crowley, Miss Nellie James, Frances World, Amelia B. Warlock, Robert J. Direct and Kitawa, in harness.

THE BODY OF ROSE MAY FOUND FLOATING IN THE DON RIVER.
Tired of this life and depressed in spirits Rose May, a young landress, aged about 20 years, dug herself into the Don and there ended her miserable career. On Saturday morning while John Smith and James Clark, two men employed on the dredge, were busy working, they saw a body floating in the water near the mouth of the river. They procured the body and it was taken to the Morgue. Some friends of the deceased called a short time after and identified the corpse as Rose May. She had been out of employment for some time, and was a familiar character around Front-street. Of late she had no work, but formerly resided on Front-street near Cherry-street, in a small house. Coroner Greig will hold an inquest on the body. It is thought that the deed must have been committed a few days ago as the body was badly decomposed.

PARIS PEACE COMMISSION

Spain Declines the Terms Submitted by the United States.

MAIN QUESTION DELAYED

Because of the Stubbornness of Spanish Commissioners in Yielding Philippine Sovereignty—America May Have to Take Forceful Possession.

Paris, Nov. 19.—Spain declines the terms and the proposal itself. Had she stopped there, the United States would have been compelled to repeat the proposal as an ultimatum or to tender new terms.

The Americans patiently replied that the Peace Conference was charged with the disposition of the Philippines and the sovereignty there. They laid down the broad principle that expenses incurred in a futile attempt at subjugation shall not be loaded upon the colony seeking freedom.

Now, let us compare the relative advantages of the Collingwood and Parry Sound routes. In this connection it will be necessary to compute the distances from the common diverging point to Montreal.

The distance from Parry Sound to Montreal is 380 miles, made up of 345 miles of rail and 35 of river navigation (from Coteau to Montreal).

From Collingwood to Montreal the distance is 408 miles, made up of 68 miles of rail and 340 of lake and river.

That is to say, there is a difference, in favor of Parry Sound of 28 miles, but this distance is quite insignificant when we consider that the rail haul is 345 miles, as against 68 miles via Toronto.

Moreover, although Spain affects to be surprised at the quality of the proposals, she would not be surprised to see the American commissioners cannot fail to see with a certain amount of pity, the fading away of a once proud power.

MILITARY CONFERENCE. One Result Will Probably Be the Equalization of Battalions. Ottawa, Nov. 20.—The conference of district military commanders with Major-General Hutton terminated Friday. The officers have put in a hard week's work. Every subject on the agenda paper has been thoroughly discussed, and in many

cases the questions were referred to sub-committees to work out details of any new scheme. Probably the most important conclusion reached was that respecting the reconstruction of regiments—infantry battalions into eight companies of equal strength, cavalry regiments into four squadrons, each to consist of four troops of equal strength. The Major-General holds that it is impossible to frame any regulations for mobilizing troops for war or

national emergency and maintain the necessary stores for such troops, unless the whole of the units in the Dominion are of similar size and establishment. Some of the recommendations of the conference will be dealt with departmentally; others will be for Parliament to deliberate upon. The Countess Schimmelfenn's yacht had arrived at Chicago, after a stormy passage across Lake Michigan.

Supremacy of the Toronto Route. A comparison of the relative distances and merits of the various routes from the head of the Great Lakes to tidewater will be of interest, in view of the coming fight among these routes for supremacy.

Found a Rich Zinc Mine. Ottawa, Nov. 20.—The Grand Culmet Mining Company have discovered one of the richest zinc mines in Canada, near Rossport, in the Lake Superior district, and intend opening it up at once.

THE EMPEROR SCOLDED PASTORS.

Told Them to Stop Quarrelling Over Dogmas and Get to Work on New Principles.

Berlin, Nov. 19.—Kaiser Wilhelm sharply criticized the clergy in the address which he delivered in the Church of the Nativity in Jerusalem. The story is told in a letter which has reached here.

At the conclusion of the services he asked the clergy to address a few words to them which the Kaiser excluded from the church.

One of the ministers, however, writes here, telling all that transpired. His Majesty was in an upbraiding mood, and gave the pastors a good scolding for what he called "ministerial negligence."

"During my visit to the holy places, and to the Protestant and Catholic institutions of Palestine I met with one disappointment after another. Here, in the Church of the Nativity, which ought to serve as an example of peace and pure Christian charity, I met the very reverse of charity and Christianity."

"I am not surprised that Christianity never flourishes in the Orient, and that Mohammedanism, with its fallacious teachings, still holds sway. How can it be otherwise, when the clergy are everlastily quarrelling over dogmatic questions, neglecting to teach true Christian charity and a pure life in emulation of Jesus?"

"In the name of the Triune God, I admonish every one of you to repent of your life of selfish indifference and cold formalism, leave the ways of the Old Church and enter at once upon the higher and broader principles of the new Christianity, which seeks to live as much as possible in the spirit of the Gospel. I warn you that, unless you do this, you will exert but little influence on the Mohammedans, and you will blight the hopes of all the heathen who have sent you here as missionaries."

Catholics to Build a Sanctuary. The German Catholics have appointed a committee for the purpose of collecting a fund to be applied to the building of a sanctuary on the historic site in the Holy Land, which the Kaiser presented to Kaiser Wilhelm, and which the latter in turn gave to the Pope.

The church will be called "Die Marienkirche" and will be a picturesque spot on Mount Zion, known as the site of the House of the Virgin, where it is supposed that the mother of Christ dwelt before the birth of the Saviour.

I could get but little sleep because of the terrible smothering sensation, and was also weak and run down. I have taken three boxes of these wonderful pills. They relieved my heart troubles, enabled me to get restful sleep, removed the smothering sensation, and made me feel better than I have for years. SUNDAY AT THE PAVILION.

First Meeting of the Season by the Canadian Temperance League.

—Revs Johnston and Eaton Speak.

The Canadian Temperance League have nothing to complain of in point of the attendance and enthusiasm manifested at the opening meeting which they held yesterday afternoon in the Pavilion. By a quarter of 3 few seats were left vacant in the big building, and the meeting, while coming to order, sang several rousing hymns: "Throw out the Life Line" and others. Mr. George Sweetnam, president of the league, was the chairman for the occasion, and the singing of the Sherlock Holmes Quartet, with addresses by Rev. C. D. Johnston and Rev. C. A. Eaton, both well-known Toronto clergymen, constituted the special attractions of the day.

The prominent members of the league, with several ladies, occupied the platform. Among them were: Dr. John Burwash, E. M. Morphy, Warring Kennedy, Dr. Gellie, President George B. Sweetnam, Vice-President Thomas A. Foster, Past President J. S. Robertson, John Armstrong, R. S. Shenton, O. H. Whistler, M. Macdonald, D. J. Ferguson and others.

The Meeting Opens. Rev. J. P. Ockley conducted the opening devotional exercises, the Sherlock Holmes Quartet sang "Lead, Kindly Light," and Mr. J. S. Robertson, president of the league, made the announcements for the season. The missionary and educational work was taken up by Rev. C. A. Eaton, who read a paper on "The Temperance Cause," and proved it by going into details. L. M. Lake of St. Louis, a woman of wonderful eloquence, and known to Toronto as the author of the address made Sunday's meeting. A good song program will be provided. Mr. Thomas Crawford, M. A., will occupy the chair.

Mr. Sweetnam followed with a resume of the past year's work of the league, the meeting season and the coming year. There were no salaried officers in the league, Mr. Sweetnam explained, and all their help was taken at the expense of the man who volunteered for it. Finally, last year was memorable for the famous plebiscite campaign. They had put up a good fight, and Mr. Sweetnam quoted well-known brewer to that effect to confirm what he claimed.

Several names had been added to the list of honorary members of the league, among them being: T. Dixon Craig, M. P.; Hon. E. J. Davis, Messrs. Wallace, G. E. Flavelle, C. D. Massey and many others. On the other hand, the loss of Archbishop Walsh had been felt severely.

Mr. Sweetnam announced the engagement of several prominent temperance speakers for the coming season, among them Mrs. L. M. Lake, who will speak next Sunday at 7.30 p.m. at the Grand Trunk, Dr. A. B. Leonard of New York, Col. Bala, Hon. H. E. Hadley, C. H. Sheldon, author of "The Temperance Cause," Harold Jarvis, Mr. J. G. Daly and his quartet, Cowper, George O. Stebbins, have also been engaged for the musical side of the entertainment.

Total Abstainers. Mr. Sweetnam then turned to broader issues. "We may not be able to secure prohibition for the state," he said, "but we can secure it for the individual." He complained of the action of the Council in raising the price of the pavilion on them. He didn't think the city had any right to prohibit the individual. The work of the education, missionary, literary and other committees was then reported. Under the latter auspices is to be held the mock trial, which is intended to make the hit of the season. A list of also to be established in "Drink Toronto."

Re Quebec Vote. The quarter sang again "I Found a Friend, and the Rev. C. O. Johnston was called on. When Mr. Johnston spoke of the water, he said, the season was to be inaugurated. "We stand in the midst of a magnificent era," he said. "The temperance cause is now in the hands of a new generation, and that I do not wish to do." Leo XIII. himself has more than once of late expressed a judgment in favor of the cause, and is clearly indicated in Cardinal Gioianno Maria Gotti.

A Beautiful Christmas Number. On Saturday Night's Christmas appear some very fine stories. The book is this year enlarged to 700 pages. Edmond B. Sheppard gives an historical episode of Guatemala, the Killing of Juan Aparicio, a narrative of the events leading up to the assassination of President Garza, and a winter. This is illustrated from photographs taken on the spot and portraits of the leading characters, only one of whom is now living—although the latter is tragically dead after eighteen months ago. Two weeks before the last, by Charles Lewis Shaw, is very humorous, and illustrated by R. G. Mathews of Montreal; the Colonel's Guest, by W. A. Fraser; Rebel Met Rebel, by Mack; The Rejoicing of the Saint Gentlemen, by Marjory MacMurphy; Within a Year, by Lady Johnson; Love Me, Love My Dog, by Mrs. J. K. Lawson; The Miller's Seal, by Oetel Shannet; Christmas Fables, by W. Gurney Benham; Christmas with the Queen, by S. A. Tooley; these are all interesting and artistically illustrated. With the book are two colored plates, one showing the flag signal used in conveying to the British fleet Nelson's immortal battle order, and the other entitled "The Mystery of the Moon," of which Mr. J. W. L. Foster, the well-known artist, says: "It is a compliment to Canadian taste."

Beaver Line. Don't forget the Beaver Line have two more steamers from Montreal this fall—Gaila, Nov. 23, and Ontario, Nov. 25, and the Toronto from St. John, N.S., Dec. 1. The latter will land you in England in good time for Xmas. For full particulars apply to S. J. Sharp, 80 Yonge-street.

The steamer City of Windsor, for Sault Ste. Marie and intermediate ports of call, will make her trip from Toronto to Sault Ste. Marie, on Dec. 3, instead of Nov. 26, as at first reported.

Christmas in the Old Country. The White Star Line steamers Majestic (twin screw, 10,000 tons), and Cyric (twin screw, 12,500 tons), sail respectively from New York to Liverpool, calling at Queenstown, Tuesday, Dec. 13, at noon, and Belfast and Derry, 27.

Saloon rates on Cyric from \$50 up. Accommodation being on the upper decks. Third-class rates to Queenstown, Liverpool, London, Glasgow, Belfast and Derry, \$21.50.

Intending passengers should secure their accommodations as early as possible. The accompanying writer has a full list. Charles A. Phipps, general agent for Ontario, 8 King-street east, Toronto. 21

Bismarck's Burial Will Be Private. Berlin, Nov. 20.—The children of Bismarck are determined to bury their father as privately as possible. Prince Herbert has written to delegations from Saxony and other states that he is unable to invite them to the interment, which has been further postponed. There will not be room for more than fifty persons in the mortuary chapel.

Earnings of Michigan Railroads. Lansing, Mich., Nov. 19.—The earnings of Michigan railroads for August, 1898, were \$2,022,312. For the corresponding month in 1897 they were \$2,077,424; increase \$247,881. The earnings from January to Aug. 31, 1898, were \$20,425,776, an increase of \$2,358,500 over the same period last year.

ON THE IROQUOIS BEACH.

The Subject Chosen by Dr. Coleman for His Lecture on Saturday Night.

Dr. A. P. Coleman of Toronto University delivered a lecture on Saturday night before the Canadian Institute. His subject was "The Iroquois Beach and Some New Fossils Found in It."

Lakes carve their names so plainly in gravel bars and cliffs and beaches that we can trace the shores of vanished seas almost as readily as those on which the waves still wash. And so Lake Iroquois, that greater Lake Ontario, which stood 170 feet above the present water level at Toronto, can be traced in its beaches for hundreds of miles. Its old shore near Toronto shows two deep bays, one in the Humber Valley reaching north to Weston, another north of York running back along the Don Valley. A gravel bar, like the present Toronto Island, cut off each from the open Lake Iroquois. It was a fresh water lake, not an arm of the sea, as some have supposed, for fresh water shells have been recently found in a gravel pit on a portion of the old beach. Other gravel pits near West Toronto have also yielded horns of the caribou or reindeer, one of a very fine one; and a gravel pit on the shore of the lake, near the present site of the city, has yielded a fossil fish; so that we know something of the life of the time. Elephants and reindeer roamed on the shores of Lake Iroquois two thousand years ago, and the fossils of Toronto still lay beneath the water.

Dr. Spencer has provided an astonishing feature of the old lake beaches. When the lake was horizontal, but it tilted up toward the northeast portion of the continent, rising faster than the inland regions. There is reason to believe this elevation is still going on, and that in another two thousand years it will have advanced so far that the waters of the Upper Lakes instead of flowing over Niagara Falls, will empty into the Mississippi by a channel near Chicago. When that time comes Niagara Falls will vanish and Lake Ontario will dwindle, but Lake Ontario will be larger and deeper than ever, especially as its western end.

TO SUCCEED LEO XIII. Cardinal Gibbons of Baltimore Will Be a Candidate. But Cardinal Gotti is Now the Favorite.

Rome, Nov. 20.—The rapidly waning health of His Holiness Pope Leo XIII. leaves no illusion that the time for the selection of an occupant for the chair of St. Peter is not far distant. It is a rule that the election of the new Pontiff shall not take place until the Cardinals through the world have time to repair to Rome. This was not observed at the last election, owing to the precarious condition in which the Pope then found himself. His present recovery, however, has led to the election of the successor of Pius IX. was hurried through before most of the European Cardinals had even time to set out, but the Cardinals of the Archdiocese of Baltimore, has interposed a formal objection to the hurried gathering of the coming conclave for the individual to have an opportunity of being present. This, too, is the formal desire of Cardinal Moran, Archbishop of Sydney, although in this case it is in protest against the election of the new Pontiff, which is not to be granted. Unquestionably, Cardinal Gibbons will be a candidate, although it is thought that he will not be elected. One of the other men who are prominently named—one of whom is almost certain to be Pope—these are Cardinal Paracelli, Cardinal Camerelli and Cardinal Gotti. The name of the Curia, His Eminence himself will not speak of his position relative to the Papal throne. "It is difficult," he said, "to be able to admit its likelihood or its desirability, and that I do not wish to do." Leo XIII. himself has more than once of late expressed a judgment in favor of the cause, and is clearly indicated in Cardinal Gioianno Maria Gotti.

CLAIMS MAINTENANCE FROM THE MAN WHO LEFT HER AND HER BABE 43 YEARS AGO.

Detroit, Mich., Nov. 19.—Hannah Griffin Johnson of Simcoe, Ont., has filed a bill in the Wayne circuit court against David H. Johnson, her husband, for a separate maintenance. She avers that he deserted her more than 43 years ago, came to this city and as a wagon maker acquired a fortune of \$25,000 or upwards. She says they were married in Windsor, Ont., October, 1854, and lived together in Simcoe until the death of her husband, when he left her; that soon afterwards a child was born to her, that for years she was obliged to support herself and child, that in September last she learned that the bridegroom of 44 years ago was in this city, that she came to Toronto, and that she had small means adapted to a home luxury.

QUEVILLY'S NARROW ESCAPE. A Monster Meteor Falls From the Heavens in the French Barque's Path.

Philadelphia, Nov. 19.—Captain Gertel of the French barque Quevilly, which was on the night of Nov. 15 a huge meteor flashed out of the heavens and fell with a tremendous splash directly in the path of his vessel, narrowly missing the barque. The meteor was 40 miles east of Cape Henlopen.

The unexpected advent of the great body created consternation among the crew. Blinded by the fierce white glare, which surpassed the sun at noonday, they fell fainting with terror to the deck. It was some time before quiet could be restored. It was found that the enormous mass of white-hot metal had caused the temperature to rise from 85 to 85 degrees by the Fahrenheit thermometer on the deck. Incoming skippers say that the Quevilly attracts much attention down the river with one side blistered as though she had been through fire.

She says they were married in Windsor, Ont., October, 1854, and lived together in Simcoe until the death of her husband, when he left her; that soon afterwards a child was born to her, that for years she was obliged to support herself and child, that in September last she learned that the bridegroom of 44 years ago was in this city, that she came to Toronto, and that she had small means adapted to a home luxury.
