BRITAIN'S POLICY ANNOUNCED IN REGARD TO CHINESE MATTERS

Lord Cranborne Advocates Moderation of Demands for Indemnity, and Opposes a Pooling Arrangement in Regard to the Payment—Same Idea Announced in the Lords.

London, May 21.—The Government was questioned in the House of Commons today on the subject of the British ship wrecked on the coast of China, when two Chinese on board that vessel were fatally shot by German soldiers.

A General Statement. Lord Cranborne proceeded to make a general statement on the China question, saying the Government's chief concern at present was to moderate the demands for indemnity, and see they did not infringe international interests.

Proposed Method of Collection. Certain sources of revenue should be earmarked, and the yield be paid to a board which should distribute it. If China then made default it would be to the powers collectively.

As to moderating the total indemnity, there were more ways than one of achieving that object, and China's burden might be perceptibly lightened by the method proposed.

THE CHINESE MATTERS

Important Debate in the Commons When Steamship Subsidies, and Incidentally a Fast Atlantic Service, Came Under Review—Member for East York Started the Ball Rolling—Many Others of Same Mind.

Ottawa, May 21.—(Special.)—Discussion of steamship subsidies and incidental talk of the fast Atlantic service in the House today led to an important debate on the possibilities of steel shipbuilding in Canada.

Mr. Maclean followed. He said: "The Minister would let it be known in England that the Canadian Government is prepared to negotiate with any large shipbuilding firm on the Clyde, Tyne or Belfast, and give reasonable encouragement."

Mr. Richard Cartwright discussed the proposal critically. He said in part, "If men possessed of the requisite capital, experience and skill were to see their way to transfer their shipyards or part of their yards to this side, it might be very well worth considering."

Mr. Fielding agreed. He said: "I am not sure that I would be to the detriment of the country at this moment of saddling the enterprise with such a condition."

Mr. Fielding agreed. He said: "I am not sure that I would be to the detriment of the country at this moment of saddling the enterprise with such a condition."

Orders for the Military Pay of Letter Carriers

A Scheme to Increase Salaries Has Been Devised, But Delay is Deemed Prudent.

Among the Men Themselves, But the Increase is Assured, Says Mr. Sutherland.

Ottawa, May 21.—(Special.)—Before Mr. Mulock left for Australia he appeared in the House to discuss the proposed scheme for increasing the pay of letter carriers.

Mr. Sutherland replied that before Mr. Mulock left he practically devised a scheme whereby the letter carriers would be given an increase.

WARD FOUR, CONSERVATIVES

Ontario Government is Displaying the Biggest Kind of Political Cowardice in Legislation.

They Have to Resort to Trickery.

And Withdraw Bills Unpalatable to Corporations, is the Opinion of Several Speakers.

The stalwarts of Ward 4 Conservative Association held a smoker at St. Andrew's Hall last night.

Mr. J. H. McNeil said that he was present at the meeting of Ward 4 and to assure the workers of Ward 4 that the Conservatives would be found ready to do anything to help them.

THE LEAD REFINERY BONUS PASSES THE COMMITTEE STAGE

Liberal Government Working on National Policy Lines Such as They Contended for So Many Years in Opposition—Sir Richard Chaffed by the Motion.

Ottawa, May 21.—(Special.)—On motion of the Minister of Finance, the House today went into committee on the resolution to bonus the lead refining industry in Canada.

Mr. Fielding said, was to have the entire production of refined metal carried by the company undertaking it to have, not only a refinery costing \$250,000, but to have a large stock constantly on hand; so that, to establish the industry would require a capital of from one to two millions.

The Table of the Healthy Mule and the Lame Thoroughbred. A man once wanted a horse, and bought a healthy mule in preference to a thoroughbred with sore feet, for he knew a horse with sore feet was as useless as a bicycle with poor tires. The horse dealer said his thoroughbred had "made horseback riding what it was," and besides, the horse owned his own feet. The man said poor feet meant a poor horse, and if the horse was stuck on his own feet so much the worse for the horse. So he bought a healthy mule whose feet were all right, but he didn't buy his mule from the horse dealer.

When you buy a bicycle, you ought to get G. & J. Tires on it from G. & J. Tires and they have soft edges, easy to detach and set. But many bicycle buyers will try to force a better one fitted with wire-tired tires—a horse with sore feet, and get a different kind of tire. His fitted with G. & J. Detachable tires.

YORK COUNTY AND SUBURBS

The Case of the "Welcome Visitor" Men Was Disposed of at the Junction.

ONE OF THEM PLEADED GUILTY.

Cheapest Way Out of the Difficulty Was to Plead Guilty and Pay a Nominal Fine.

Toronto Junction, May 21.—(Special.)—The case of the "Welcome Visitor" men was disposed of at the Junction today. The charge against Flynn was withdrawn, and rather than test the legality of the business being carried on, Mr. Hope pleaded guilty. The Crown, represented by Mr. Beaumont, stating that it was intended to close the business up at the end of the month, and that his client would agree not to operate the same business in Ontario, and would give a written statement to that effect. The Crown, supported by Detective Rogers, stated that it was merely the wish of the Crown to have a stop put to this kind of business, and that it was not their intention to press for anything more than a nominal conviction. The magistrate then placed the fine at \$10 and costs. Mr. Hope has been advertising in Eastern papers a medicinal remedy known as "diagnostic tablets." A competition in the form of a puzzle was advertised, in order to advance the sale of the medicine, and persons forwarding 50c for the remedies also had an opportunity to share in the prize competition. There is a slight technicality in law in disconnecting the plan of awarding the prizes from their creator, there appeared to be a possible chance of the Crown proving its point. In any case, had a plea of not guilty been put in, it is quite probable that the case would have gone over to the Assizes, and, in the meantime, the business having been stopped, no further monetary results would have come from the advertisements. The cheapest way out of the difficulty was to plead guilty and accept a nominal fine, which was done. The hundreds of letters which have arrived at the postoffice within the past three days, together with what may arrive, will be returned to the sender. The postoffice inspector watched the proceedings. The daughters and Maids of England Benevolent Society held a very successful tea given social in Campbell street to-night, at which E. Ward, D.D.S.G.P., occupied the chair. An excellent program was given, in which the following persons took part: Mr. Sylvester, Miss Kumble, Mr. Klepac, Mr. Landon, Mr. Bond, Mr. Sylvester, Miss Williamson, Miss Head and Mr. Carter. The married ladies of the Annetto-street Methodist Church gave a social in the basement of the church to-night, with Mrs. Connor presiding. Twelve contributions to the program were: Messrs. J. H. Hay, Mrs. Horner, Mrs. Healy, Mrs. McBride. The Public School Board held their regular monthly meeting in the Council Chamber to-night. In the absence of the chairman, Trustee Dalton presided. The board decided to ask the Council for \$15,570, the estimate being made up as follows: fuel and water, \$190; salaries, \$13,545; fuel, \$1,000; printing, \$200; repairs and amount towards new school, \$2,000; total, \$17,935; less fees, amounting to \$2,365. A letter from W. A. Baird, solicitor for William Thomson, a damage claim on account of members of the family taken ill with diphtheria, said to have had its origin at Annetto-street School, will be answered by the secretary to the effect that the board repudiates responsibility. Empire Day will be fittingly celebrated on May 31. The West York License Commissioners have granted the transfer of license from Mrs. McFarlane of the Fairbank Hotel to James O'Leary of Toronto. The purchase money is to be deposited with a trustee until the courts decide whether Mrs. McFarlane's heirs or her creditors are entitled to that portion of it which represents the value of the license.

YORK BEEKEEPERS.

The annual meeting of the York County Beekeepers' Association will be held in the Council Chamber of the Village of Markham on Thursday, when officers will be elected and papers read and discussed.

RECONCILE.

The Young People's Society of Zion Methodist Church brought their season to a close by a concert last night. For weeks the church has been preparing for the program. Mr. C. D. Massey occupied the piano, and the responsive numbers were well received. Financially and otherwise it was a great success. Special services at Zion Church on Sunday were attended by Lady Fairmount, S. O. B., and the C.O.F. from Fairbank. The services were conducted by Rev. Mr. Dewey in the morning, Rev. Mr. Manning in the afternoon and Rev. Dr. Henderson in the evening. Greg & Greg are preparing the plans for the new library building, to which the York Township Council subscribed \$200. About \$600 has already been raised, and, with the excellent list of donors now in possession of the board, and a free site, there is nothing wanting to make it a success.

NORTH TORONTO.

The pupils of Deer Park Public School will celebrate the first Empire Day under King Edward VII. by raising a new Canadian ensign. Beginning at 2:30 p.m., a suitable program of patriotic selections will be rendered, and an invitation is extended to all residents in the locality. Applications for the position of chief constable will be considered by the Finance Committee to-morrow evening. A popular wedding was celebrated yesterday afternoon at St. Clement's Church, Eglinton, by Rev. Mr. Powell, the contracting parties being Miss Henrietta Mary Stocker, eldest daughter of Mr. George Stocker, Eglinton, and Mr. William Britton of Deer Park. The church was well filled with friends of the young couple, and a full choral service was given by the choir. The bride was prettily attired in French Jaqueline, trimmed with Battenberg lace, with the customary veil, and carried a bouquet of flowers. Mr. H. Rutherford gave the bride away, and the absence of her father in England, after Anna Stocker, sister of the bride, and Miss Edith Britton, sister of the bridegroom, were model bridesmaids, and Mr. Herbert Britton performed the duty of groomsmen. At the close of the ceremony, the wedding party partook of a refreshment lunch at the residence of the bride's father, on Kensington-avenue. The happy couple afterwards left for a trip to Muskoka, prior to settling down in Eglinton. The valuable wedding presents show the esteem in which Mr. and Mrs. Britton are held by their many friends.

Messrs. Clarke and Henderson Favored the Granting of Government Aid to the Explorer, BUT THE PREMIER HESITATES.

Sir Wilfrid Wants to See How Subscriptions Come in Before Making a Grant.

Ottawa, May 21.—(Special.)—The House having gone into conference on the estimates this evening on the marine vote, Mr. Clarke brought up the question of Government aid to Capt. Bernier's Polar expedition. He asked what decision the Government had reached in the matter. The Premier replied that the Government had not yet decided. The Premier did not think it advisable to ask Parliament to vote an appropriation this session. He understood the expedition would cost some \$200,000, and Captain Bernier had asked the Government to contribute half that amount. He did not think it would serve any good purpose to vote any money to Capt. Bernier, unless there was some reasonable expectation that the balance of the money would be contributed. "I have no authority at this moment," said the Premier, "to make a grant for the Government, but speaking for myself personally, my disposition would be to aid Capt. Bernier if there were resources coming from the outside to make up the balance of the expedition to be carried out." Mr. Clarke thought it a pity the Government should not make up the balance of the expedition, as Capt. Bernier's chances of public subscriptions depend a great deal on the assurance as to what the Government would give. Mr. Henderson believed the Government could not spend \$20,000 or \$30,000 to better advantage as an advertisement for Canada than to help Capt. Bernier to make up the money need not be paid until Capt. Bernier had secured from the public subscriptions sufficient to make up the balance of the expedition. "It would be a matter of pride to every Canadian," Mr. Henderson said, "if a native Canadian of the character of Capt. Bernier should be the first to place the British flag on the North Pole."

FIVE CADETS DISMISSED.

West Point Investigation Resulted in the Dismissal of Five Cadets. Suspended. Washington, May 21.—Secretary Root has approved the action of the Board of Officers at West Point, which recommended the dismissal of five cadets and the suspension of six others. This maintains the course of Col. Mills and the other officers in the recent disturbances at the Academy. Col. Mills, superintendent of the Military Academy, had consulted with the Secretary of War to-day before this action had been taken. Superintendent Mills explained the course of the cadets, insisting that many of the disturbances were exaggerated. The attempt to suppress hazing, and the restriction since Col. Mills became superintendent. The superintendent spoke in the highest terms of the cadets, and thought it was only a question of a short time before the customary conditions would be resumed. The matter of discipline was in question and that must be maintained. The names of the cadets affected by the order of the department will be made public to-morrow.

BRITISH BUDGET UPHELD.

London, May 21.—The House of Commons to-day, by 200 to 123 votes, rejected the motion of Sir Henry Fowler, Liberal, which was supported by the Liberal leaders, disapproving the Budget proposals. Mr. Balfour, the Government spokesman, announced that the Government would regard its adoption as a vote of non-confidence. The Irish members abstained from voting.

BOND-BLAINE TREATY.

Montreal, May 21.—Hon. Robert Bond authorizes the statement that no intimation has yet been received to the effect that the Canadian Government will withdraw their objection to the revival of the Bond-Blaine treaty. The Premier of Newfoundland says he is in negotiation with the Dominion Government that no decision has yet been reached.

Newmarket.

The annual meeting of the Methodist ministers and deacons of the Bradford district commenced yesterday at the Methodist Church here. Yesterday was ministerial day, the meeting to be held in attendance at to-day's sessions. Mr. G. M. Brown of Bradford is presiding over the meetings. The days of the annual fair are Sept. 27, 28, 29, and 30. The price lists are now in course of preparation at the Express office. The merchants are endeavoring to start early closing on Saturday night, if 10 p.m. can be classed in this category. The annual meeting of the North York Teachers' Institute will be held here on Thursday, Friday, June 6 and 7 next. The concert under the auspices of the town band met the organization about \$20. The Office Specialty Company are now working on an all-metal counter, 35 feet long, to be shipped when completed to London, Eng.

St. Kitts Old Boys.

A few St. Kitts "Old Boys" met in the office of Mr. John A. Macdonald, 41 Victoria-street, last night and made arrangements for a meeting of all interested in forming an association, to be held at the Rossin House on Saturday night. A large gathering is hoped for, as the St. Kitts people are making elaborate preparations to entertain the Old Boys on July 1, and it is desirable that the sailors now in Toronto should make a creditable showing on that occasion.

Old Halton Boys.

The first regular meeting of the Old Halton Boys, held at the Temple Building last night, was well attended. Mr. William Laidlaw, K.C., president, occupied the chair. It was decided to hold meetings on the third Tuesday of each month and a committee was appointed to provide entertainment for the members of the meetings. The invitation of the Halton Agricultural Society to attend in a body their fair on Sept. 27 was accepted and the committee will do everything to make an excursion to Milton on that day a great success.

PERSONALS.

Mr. John Martin of the firm of Gillespie, Ansley & Co., left on the White Star Line steamship Oceanic yesterday from New York. Miss Teresa MacCallum and Mr. W. J. A. Carruthers have just returned from a successful two weeks' concert tour thru New York and Michigan Streets. Mrs. McMillan, wife of Mr. McMillan, of severe illness. Mrs. Peter Farm is seriously ill at her home on Broadview-avenue. Legan-avenue is suffering from grip. Mr. W. Johnston, of the W. R. Johnston Company, called for Liverpool road on the White Star Line steamship. Mr. F. W. Wachenhausen, who has been running a winter hotel at Jacksonville, Fla., is stopping at the Ironopolis. He will have charge of the Hotel Burlington at Burlington this season.

Store Open Till 10 o'Clock Thursday Evening If we please you, tell others. If we fail to please, tell us and get your money back.

Tempting Holiday Bargains - From the \$20,000 Manufacturers' Stock

To-morrow will be the fifth day of this sale of Spring and Summer Clothing at half price—and with these additional features the selling should bring the greatest throngs since its inception. While the prices seemingly make contradiction of value in their littleness—it's all merchandise of the highest class and most trustworthy—a splendid display of striking new styles, made after the approved models of swiftdom and differing from your made-to-order garments in price alone.

Men's Blue Serge Suits 2.99

The maker marked them 7.50—and they would be quick sellers at that figure. No asset we own is so valuable as the confidence and good-will of an ever-increasing constituency. Therefore, when we tell you that these suits are cheap at 7.50, and our price to-morrow will be 3.99, the statement will be taken literally and the effect will be such selling as Toronto never saw. Natty Spring Topcoats, tailored from fawns and light shades of all-wool diabol casimeres, Italian body linings, with piped edges, satin-wire sleeve linings. It would be wise to shop early.

A Man's Spring Overcoat 3.99

An unparalleled commercial integrity of over twenty-seven years is the best guarantee for present and future performance. No asset we own is so valuable as the confidence and good-will of an ever-increasing constituency. Therefore, when we tell you that these coats are cheap at 7.50, and our price to-morrow will be 3.99, the statement will be taken literally and the effect will be such selling as Toronto never saw.

A Strange Shirt Sale.

'Tis but seldom that in the very height of the season—it is possible to buy even with ready cash—the most popular shirts at less than the calling market price. This fact makes this news extraordinary, of course the quantities are not great—about 100 dozen in all—just enough for one great day with these prices ruling:

- Fine English Cambric Shirts in fancy striped patterns, negligee bosoms, regular price 60c and 75c, your pick for... 29
Twenty-nine Cents! Why, you'll pay ten cents to get the shirt laundred.

Get one of these for your holiday smoking.

If mail orders reach us Thursday before any of these coats are sold out they will be promptly filled.

Our Custom Tailoring Department on the first floor is showing the newest Scotch Tweed Suitings at \$16.00.

PEARL ALPINES Christy's Celebrated Make.

All the new Golf and Fedora shapes, with black or self-bands, regular price everywhere 1.75, on Thursday... 99

STRAW HATS

Our immense purchase of Spring and Fall Hats three weeks ago resembles in value-giving power our \$20,000 clothing purchase. The Hats are worth double regular price. Doubled lower—quite a sprinkling of straw worth more than double, but we like to do better than we say. Every style of straw that this summer will sanction: 60c Straw Hats for 25c, 75c Straw Hats for 35c, 1.00 Straw Hats for 50c, 1.50 Straw Hats for 75c, 2.00 Straw Hats for 1.00.

The latest assortment of Featherweight Derbys, in black and brown, and Soft Alpines in pearl, string, Cuba, slate, dove, coffee and cigar colors, include the natchiest of the new American and European blocks—should be 2.75, Thursday... 2.00

PHILIP JAMIESON AT THE ROUNDED CORNER.

LOCAL TOPICS. Perfection Smoking Mixture guaranteed cool. One trial will convince you of its merits. Alive Bollar. A meeting of the accountants' Section of the Board of Trade has been called for this afternoon at 4 o'clock. The Board of Regents of Victoria University decided yesterday to go ahead with the election of a new President. The Executive Committee of the Ontario Liberal-Conservative Association will be held on Tuesday, May 28, at 10 a.m. in this city. Capt. Cronin, who has been in Toronto on furlough, for the last couple of months, leaves about the middle of June for England, to report to the Colonial Office, prior to departing for Southern Nigeria to rejoin his regiment. Five Reasons Why You Should Use the Pyramid Pile Cure. First, it cures every form of piles without a particle of pain. Second, it cures without any inconvenience or detention from daily work. Third, its effects are lasting and not simply a temporary relief. Fourth, it is the cheapest and safest pile cure before the public. Fifth, it is entirely harmless, containing no mineral poisons, and cannot harm the most delicate. It has been thoroughly tested by physicians in every State in the Union and is recognized by the best authorities as the safest, surest and cheapest pile cure known. When it is remembered that usually piles is a most difficult, obstinate disease to cure, the results obtained from using a single package are certainly remarkable to say the least. People who have been annoyed with piles for years are astonished at the prompt results always secured. The Pyramid Pile Cure is made by the Pyramid Company of Marshall, Mich., and is now sold for sale at all drug stores, together with a treatise on cause and cure of Pile Disease.

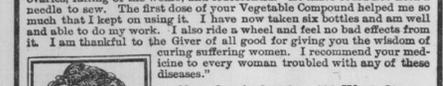

I could not sew another stitch to save my life.

A gorgeous costume flashed beneath the brilliant lights of a ball room. The queen of society is radiant to-night. The nervous hands of a weak woman have toiled day and night, the weary form and aching head have known no rest, for the dress must be finished in time. To that queen of society and her dressmaker we would say a word. One through hothouse culture, luxury and social excitement, and the other through the toil of necessity, may some day find their ailments a common cause. Nervous prostration, excitability, fainting spells, dizziness, sleeplessness, loss of appetite and strength, all indicate serious trouble, which has been promoted by an over-taxed system. For the society queen and the dressmaker alike, there is nothing so reliable as Lydia E. Pinkham's Vegetable Compound to restore strength, vigor, and happiness.

Mrs. Lizzie Anderson, 49 Union St., Salem, N. J., writes: "DEAR MRS. PINKHAM:—I feel it my duty to write and tell you how grateful I am to you for what your medicine has done for me. At one time I suffered everything a woman could. I had inflammation of the ovaries, falling of the womb, and leucorrhoea. At times could not hold a needle to sew. The first dose of your Vegetable Compound helped me so much that I kept on using it. I have now taken six bottles and am well and able to do my work. I also ride a wheel and feel no bad effects from it. I am thankful to the Giver of all good for giving you the wisdom of curing suffering women. I recommend your medicine to every woman troubled with any of these diseases."

Mrs. Sarah Swoder, 103 West St., La Porte, Ind., writes: "DEAR MRS. PINKHAM:—It gives me great pleasure to tell you how much good Lydia E. Pinkham's Vegetable Compound has done for me. I had been a sufferer for years with female trouble. I could not sew but a few minutes at a time without suffering terribly with my head. My back and kidneys also troubled me all the time. I was advised by a friend to take your medicine. I had no faith in it, but decided to try it. After taking one bottle I felt so much better that I continued its use, and by the time I had taken six bottles I was cured. There is no other medicine for me. I recommend it to all my friends."

\$5000 REWARD. Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who will show that these testimonials are not genuine, or were published before obtaining the writers' special permission.—LYDIA E. PINKHAM MEDICINE CO.

NEW CREMATORY NEEDED

City Commissioner Again Urges That One Be Built in Northwest Part of the City.

COMMITTEE WILL LOOK FOR SITE.

Suggestion That Management of Crematoria Be Turned Over to Street Commissioner Favorably Received.

Yesterday afternoon sub-committees of the property committee and the board of works met to consider the question of garbage disposal. The City Commissioner strongly recommended that a new crematory be constructed in the northwestern portion of the city, and a sub-committee composed of Ald. Crane, Bell and Hodgson was appointed to look over the ground and report on a suitable site.

The suggestion that the management of the crematoria be transferred from the City Commissioner's Department to the Street Commissioner's Department was approved by both those officials. This suggestion and the proposal to request the Toronto Railway Company to extend the agreement under which the city has the right to have over for further consideration were both left over for further consideration.

Extended the Area. At a sub-committee meeting of the works committee yesterday afternoon it was decided to recommend that the area for permanent sidewalks be extended so as to be bounded on the east by Parliament street, on the west by Dovercourt road, on the north by Bloor street, and on the south by the street that was extended south of Queen street to Concession avenue, so as to include South York.

Police Station Alterations. Ald. Burns and Lamb and the City Medical Officer met yesterday morning at the Police Station to consider the plans submitted by Architect Denison, for the remodeling of Court Street Police Station. The result was that the conference was that it was recommended that the alterations to the basement and second floor of the building, which will cost about \$10,000, be completed this year, and the rest of the improvements left over for next year. The entire cost of the alterations is placed at \$15,000.

A Great Bear. There was considerable excitement yesterday morning at the Union Station over the arrival of a bear, from New York, of a Siberian variety. It is said to be the finest and largest bear ever imported from Russia. Mr. A. E. Ames, the well-known trader, has presented this magnificent animal to the city, to be housed in the Riverside Park Zoo, where a very strong and commodious cage has been provided for it. Ald. Crane, who is at the station waiting for its arrival.

Shot His Own Son. New York, May 21.—Peter Anderson, a pianist, shot and killed his son, Gustav, today in their home in Astoria, L. I. The son was a painter by trade, was unmarried, and was 29 years old. Anderson did not express any sorrow for his act. He told the policeman that his son had called him an "old washwoman," and other hard names, and he could not stand it any longer, so he shot him.

Where the Sugar Dots Hurt. The Canadian Grocer this week gives some editorial space to the new British custom they are enacting. It is not done a day or so ago, for it affects such lines as canned fruit, chocolates, cocoa, and many other commodities. The new regulation is that all goods imported from the United States must be stamped with the amount of sugar they contain. It says the decision of the British government will prove an interminable source of irritation, particularly to importers. This is the principal customer for the above named products in Great Britain. In Canada the amount is as high as 30 per cent, and in these articles, this being the case, Canadian goods will suffer more than those of her rivals in California and other countries in the United States.

A Pleasant Medicine.—There are some pills which have no other purpose except to relieve the patient, adding to his troubles and perhaps to his suffering. One of these is a certain medicine which is advertised as a cure for all ailments. It is not a pleasant medicine, and it is not a cure for anything. It is a waste of money and a waste of time. It is a waste of the patient's health and a waste of the doctor's reputation.

Russian Officers Punished. Yokohama, May 21.—Three Russian officers have been sentenced, in default, to six months' imprisonment, for mistreating Japanese sailors in the vicinity of the fortifications.

In the Bankruptcy Court. London, May 21.—In the Bankruptcy Court today, a receiver, under the authority of Sir Ellis Ashmole-Bartlett, M.P., formerly C. J. of the Admiralty, filed his liabilities amount to £50,000.

HER FATHER WAS A DRUNKARD A Plucky Young Lady Takes on Herself to Cure Her Father of the Liqueur Habit.

STORY OF HER SUCCESS. A portion of her letter reads as follows: My father had often promised me to stop drinking, and would do so for a time, but then he would get stronger than ever. One day, after a terrible spree, he said to me: "I'll be no more. I can't stop drinking. My health seems to turn to stone, and we decided to try the Tasteless Remedy. We have him the remedy, entirely without his knowledge, in his food, and he took it regularly, according to directions, and he never knew he was taking it. One package removed his habit for liquor, and he says it is now dissolved to him. His health and appetite are wonderfully improved, and no one would know him for the same man. It is now fifteen months since we have in the papers. We feel sure that the change is for good. Please send me your little books, as I want to give to a friend."

FREE SAMPLE and pamphlet giving full particulars, testimonials, and prices in plain, sealed envelope. Correspondence strictly confidential. Address THE SAMARA REMEDY CO., 23 Jordan Street, Toronto, Canada.

Also for sale at Bingham's Drug Store 100 Yonge St.

Contentment cannot be too dearly purchased.

Foot-comfort and shape-retention, are never dear, at the expense of mere flaring finish.

Contentment to those who wear only that footwear which is priced and judged by the makers.

MUCH IN LITTLE.

Trouble with Indians is brewing at Lander, Wyoming.

The elections in Spain were mixed up with serious riots last Sunday.

Alex. McDonald, Dawson, has been made a Knight of St. Gregory by the Pope.

An alcoholic in love was crossed by his sweetheart's father in Delhi, N.Y., and shot himself.

Mr. John Edmund Commers, admiral of the fleet from 1892 to 1898, is dead. He was born in 1828.

Former Senator Pettigrew is named as the new executive head of the Great Northern Railway.

John W. King of Lewiston, Idaho, is arrested, charged with the murder of his brother, Charles E. Thatcher.

John M. Glover, an ex-Congressman from St. Louis, Missouri, is reported to have met his death in the floods near Lake Co.

John W. Johnson, an attorney at Bridgetown, Conn., yesterday pleaded guilty to embezzling \$50,000, and was given six years.

The Anchor Line steamer California reached New York yesterday, with small port on board. She was detained in quarantine.

A despatch from St. Paul, Minn., states that the officials of the Lake and Ball lines have adopted a rate of 199 cents of old horse put out to grass may be heard, and the casual visitor to Suburbia may be excused for thinking that he has suddenly fallen upon the real country. Now cows, ducks, chickens and ancient steeds put out to grass are quite peaceable things in themselves, but if the good folk who care not for these animals will insist upon keeping dogs of various breeds, who ask for no better sport than that gained at the expense of the furrow or the plow, the expenses mentioned, what possible result can be looked for than a sort of polite warfare between the owners of these antagonistic elements? For example, there are eight straggling relations between the owners of a lot of speckled hounds and a couple of neighbors in Suburbia, who own fox terriers. I maintain that the real offender in this case was the big speckled rooster, whose "strut" is the cause of the trouble.

Mr. A. W. Campbell's report states that from 1880 to 1888 over \$100,000,000 was expended in money and statute labor, in improving the Ontario highways, a great part of which, for lack of security, was wasted. Mr. Campbell was lecturing on good roads at Guelph, Ont., yesterday.

Hon. E. J. Davis says that if the Zemplin excursion on May 28 proves successful the department will arrange for similar excursions to other parts of the province. He states that the Ontario and Albany River Railway is likely to be completed this year, which will stimulate settlement in the Raby River district. A volume of 60 letters of enquiry by industry and commerce are received daily by the conservation department.

BOERS' HOPELESS STATE. New York, May 21.—(Special).—The summary of British military operations in South Africa fixes the number of Boer prisoners at 18,941. Estimates of the commandos still in the field range from 22,000 to 30,000, but there is no means of ascertaining their accuracy. The number of prisoners is worth while notice, because it indicates that the Boers are in a hopeless state. It is not likely that they will be able to make any further progress, and it is probable that they will be forced to surrender very speedily.

British Kindness. The situation is peculiar in several respects. From the numerous and persistent Boer attacks and the humane release of the prisoners, after their arms and horses have been taken, it is evident that the danger and the loss are not so great as they are reported to be. At the same time, the majority of Boer women and children in the two captured quarters, are now being cared for in a hospital, and the Boers are being treated with kindness and consideration. It is a fact that the Boers are being treated with kindness and consideration, and it is a fact that the Boers are being treated with kindness and consideration.

Sad Spectacle. It is a sad spectacle which the Boers present, this aimless and bloody struggle to the point of complete exhaustion. Reports that many who would willingly surrender are held back by threats of their officers are hardly credible, in view of the fact that the Boer soldiers are often stupidly independent, even toward their military superiors. More than once the commandos have refused to accept the terms of a capitulation, and it is probable that they will be held back by threats of their officers are hardly credible, in view of the fact that the Boers are being treated with kindness and consideration.

St. Nicholas Hotel, Hamilton, is now in the hands of the carpenters, painters and decorators, who will make extensive alterations in that old-established hostelry. The St. Nicholas is now under the management of Mr. Henry Hogben, who intends to make it second to none. He will make it especially attractive to commercial men, and, as Mr. Hogben's reputation as a caterer throughout the province is exceedingly well known, the St. Nicholas should contain a large share of public patronage.

Mail Orders
Given prompt and careful attention.

JOHN CATTO & SON
KING STREET—OPP. THE POSTOFFICE.

Queen Victoria's Personal Traits

(From an article in The Quarterly Review, attributed to Sir Theodore Martin, the Biographer of the Queen Consort.)

The Queen's calmness and punctuality could not be counted among unessential or petty forms of decision, for this was a habit the paramount importance of which she had seen very early in her career. She would delay to justify her own opinions, but she would not be pressed by her advisers by saying, "I can't get them to be kept waiting. If I am to get further to work I mustn't have my moments frittered away." Punctuality was almost more than a habit with her; it was a superstition.

The Queen made no pretensions to smartness of speech, yet she could often surprise those who talked with her by her shrewdness and her sense of humor. It was related to the great degree—indeed, almost to the point of being a trifle—of her sense of humor, which she had inherited from her father, and which she had developed and made her own. A piece of very modern music had been performed in the Queen's presence. The Queen, who was sitting next to her, turned to her and said, "What is that?" she asked. "It's a drinking song, ma'am, by Rubinstein." "Non-sense," said the Queen; "no such thing! Why, you could not drink a cup of tea to that!"

Her prejudice against Mr. Gladstone, about which so many fables were related, was not a prejudice of the ordinary kind, but a prejudice of the highest order, really started in her consciousness that he would never acknowledge that he was, as she put it, "dead beat." In his address Mr. Gladstone tried to press her to do what she knew, with her greater experience, to do better. She was not a man who would be easily moved. She was not a man who would be easily moved. She was not a man who would be easily moved.

able and Chairs. Sewing Machines, and Flaps.

may be obtained at City Hall. Terms by deposit. The will not necessarily.

Secretary-Treasurer. H. SCOTT. City Hall.

Spurious Canadian Coins.

New York Item.

Bankers say that since the Pan-American Exposition opened more Canadian coins than ever have been circulating here. Up in Buffalo Canadian silver is considered to be as good as gold as the coin of Uncle Sam. Canadian banknotes are equally well thought of. In this city the street car cases and most business men refuse to accept Canadian dimes, about the only de-valuation seen here, at their face value.

Complaining

about your Soap Powder? Look at your pack-age; you'll find it isn't PEARLINE. Women are correct thinkers as a rule, but some only think they are using PEARLINE; they are using a cheap imitation. Others call all washing powders PEARLINE. This is because PEARLINE is the original, standard, best known and safest, and is the mark for all imitations. 64

CHARACTER AND THE HAND.

A French Author's Generalizations From Well-Known Examples Among Men and Women.

The hands of thirty prominent persons are reproduced in a volume, "Character and the Hand," printed in Paris and just received by Samuel P. Avery, the well-known collector. The work deals with the relation between the form and position of the hand and the character of the individual, and the author draws many deductions from the network on the palms, the shape of the fingers and the form of the nails.

Mr. Mulock's Mission.

London Morning Post.

Mr. Mulock the Canadian Postmaster-General, who has gone to Australia to represent the Dominion at the opening of the Commonwealth Parliament, is empowered, as it is only a preferential tariff that would improve the present condition of things, and would give any assistance it could.

Home of Royalty.

It is rumored in Great Britain that a royal residence is to be built in Ireland by the King, Queen Victoria, after her visit to Ireland last year. It is said to be expressed a desire that in future some member of her family should visit Ireland every year, and King Edward is known to be intent on carrying out every wish of his mother, as far as known to him. It is considered probable that the King's own brother, the Duke of Connaught, with the Duchess, will spend a part of every year there, as they are greatly attached to the Irish people. The Irish return the feeling, especially as the Duke bears an Irish title. They will have Clarence House as a London residence.

The Training of Animals.

The demand for trained animals has led to the establishment of houses for the purpose on the Continent, and in Southern France, Spain, Portugal and Italy sights that would make an Englishman pass unnoticed, says The Herald.

Fish Story From the South.

"Gentlemen," remarked Mr. Grant, "I don't like to compete in fish stories, because I am not a fisherman, but I'll take the liberty of telling you that when I lived in Texas I had a friend who went out fishing one morning, and when he returned he had a wagon load of fish, and he claims that when he went out before day broke he had a wagon load and could not make a crock at all. Upon investigation he discovered that he was a half mile from the creek and that he had been fishing in the 'log.'—Macon (Ga.) Telegraph.

Love Laughs at Locksmiths

As South American Kidney Cure laughs at the most intractable cases of kidney disease that it unlocks that makes its cures almost incredible. But for every cure there is a proof if you care to investigate. It is a liquid kidney specific and it never fails. Makes and keeps men "fit" and well.—142.

W. A. HARRAY & CO., Limited

This Bargain List for Thursday

Instead of Friday—all the more interesting because it comes a day earlier this week—Many things grouped in the under-priced class that you'll gladly buy for the holiday occasion. Here's a very tempting jacket offering: Women's \$6, \$7, \$8, \$9 and \$10 Jackets, \$3 A hundred of these Jackets, handsome imported models, elegantly tailored and finished—dressed walking jackets that you've priced and considered reasonable enough at \$6 to \$10; not the most expensive jackets in our stock, of course—we'd not some that were \$40 to \$50—but a representative collection of the medium-priced grades, made of fine English box cloths and Venetians, lovely shades of new fawn, castor and beige, double-breasted and fly front styles, short, natty cut, handsomely lined with silk, silk stitching and braidings or self strappings, silk velvet collars, in some cases, handsome pearl buttons. Thursday, your choice of \$3.00 these jackets, each.

W. A. HARRAY & CO., LIMITED,
17 TO 27 KING ST. EAST
10 TO 14 COLBORNE ST.
TORONTO, ONT.

London Woman Dead.

London, May 21.—Mrs. Emily H. Abbott, wife of Mr. H. G. Abbott, died today at the family residence, 214 Dundas street. Mrs. Abbott was seriously hurt last October while out driving with her husband, the carriage in which she was riding being struck by a coal cart. When the accident occurred Mrs. Abbott was thrown out and sustained injuries from which she never recovered. Mrs. Abbott was in her 68th year, and was a sister of the late ex-Mr. E. N. Hunt, who died suddenly last week. Her surviving children and brothers are Mrs. J. E. Carson, (Lindsay), Mrs. Robert Wood, (Galt), William, John and George Hunt of this city. She was Mr. Abbott's second wife, and celebrated her silver wedding in January. She leaves two children and two step-children. Mrs. Abbott was an esteemed member of the First Methodist Church.

Ottawa Appointments.

Ottawa, May 21.—J. H. Neve, a clerk in the Finance Department, has been superannuated. Mr. Neve is 65 years of age and has been in the Government since Confederation. He has been notified of his superannuation on July 1. Mr. W. D. Ross, manager of the Bank of Nova Scotia at Charlottetown, P.E.I., has been appointed to an important position in the Finance Department. He will begin his new duties on July 1 next.

The Pope at Chess.

Chess is the favorite pastime of the Pope, and his mastery of the game is said to be complete. A Roman priest, Father Guila, has the honor of being his usual fellow player, and he has fulfilled this high function for 35 years, or since long before Vincenzo Giacobbe had become the Pontifical throne. Father Guila is in Florence, and he has his lodging in the palace of the Vatican. His skill at chess is marvellous; but he is credited with a strangely irascible temper. At times when the contest is going against him he becomes almost unrecognizable. On these occasions the Pope stops the game and delivers to Father Guila, as a neat little discourse in praise of Christian renunciation and the conquest of self.

Art Exhibition in June.

The committee of the Central League of School Artists, under the leadership of Mr. W. A. Hurray, in the office of Inspector Hughes, to make arrangements for an exhibit of art work in the Pavilion during the week beginning June 19. The exhibition will be the most comprehensive in character, consisting of art work by Public School pupils and an exhibit from the Ontario Society of Artists in conjunction with the Ontario Society of Artists, London, England, which has been purchased by the Government. The object of the exhibition is to awaken an interest in art in the Toronto public and to raise funds for the purchasing of pictures to decorate in the Public Schools.

Pay When Cured

Any honest man who suffers from Nervous Debility, Rheumatism, Lame Back, etc., can be cured by Dr. McLaughlin's Electric Belt and

PAY WHEN CURED.

I want every man who needs my belt to give it a fair trial, so I offer it on this fair and square proposition—Belted me and you are cured, and you are able and willing to pay for it, and you need not pay until you are cured.

WHY DO I DO THIS?

Simply because I have been in this business twenty years, have made a success of it, have cured fifty thousand people with electricity and know what it will do and how to apply it, that you need not be content with me. I have the goods and know that they will cure you in nine cases out of ten. I take the chance on all cases, but I never give up. I never give up, as my business is increased a hundred per cent. and I am protecting my patients against possible failure.

DON'T BUY ANY MAN'S GOODS UNLESS HE WILL GUARANTEE THEM.

When you put your money into an Electric Belt you want to know what assurance you have that it will cure you. If the belt you are in earnest, that you need not be content with me. I have the goods and know that they will cure you in nine cases out of ten. I take the chance on all cases, but I never give up. I never give up, as my business is increased a hundred per cent. and I am protecting my patients against possible failure.

FREE BOOK!

I have a beautiful book telling all about my treatment, and I will send it sealed free upon request.

OFFICE HOURS: DR. M. O. McLAUGHLIN, 150 YONGE STREET, TORONTO, ONT.

JUDGE ROBERTSON GO?

Lawyers Around Osgoode Hall Are Now Looking for His Early Retirement

AFTER PREMIER'S REFERENCE

Question of the Superannuation Money Comes into Discussion

Around Osgoode Hall the general opinion among the lawyers seems to be that the early retirement of Mr. Justice Robertson can be looked for after the reference made to him by the Premier in the House on Monday. In 1887 Mr. Justice Robertson was appointed judge, and that leaves him two years yet to complete before he will be entitled to receive as a superannuated judge two-thirds of his present salary, which is \$7000. It is hardly likely that he will be willing to be placed on the retired list at present, unless the full stipend is forthcoming. It is suggested that the Retiring Allowance Act should be amended so that judges of the High Court may be superannuated before the twenty-year term is up, if they are physically incapable of properly conducting the court. Cases are cited of the retirement of Vice-Chancellor Youffout and Chief Justice Miller, both on account of defective hearing, so that the chief justice is not creating a precedent by resigning before his term expires.

In the Court of Appeal

In the Court of Appeal the case of the Township of Lochiel v. the Township of East Hawkebury was continued. Judgment was reserved.

What We Have Well Held

Henry Graves & Co. of London, England, appealed from the decision of the Divisional Court and Judge Ross in favor of George T. Gorrie of Toronto. This makes six deaths during the epidemic.

The June Convention

Convocation of the University of Toronto for the conferring of degrees in arts, law, medicine and agriculture is being held on Friday, June 17. Among those upon whom degrees will be conferred is the Governor-General, who will receive the degree of LL.D. The following is the program: Meeting of the Alumni Association at 10:30 a.m. in the Chemical Building; Luncheon in the University dining hall, 12:30 to 1:30; Convocation at 2 o'clock in the gymnasium. Garden party given by the Senate to the Alumni and their friends at 4 o'clock in the Quadrangle. Annual dinner at 8 o'clock in the gymnasium. The Chancellor, Sir William Meredith, will make an important speech on the University question. The Hon. Richard Hannay and Dr. Louis Frechette, C.M.G., will also speak.

Thomas a Becket

This evening the students of St. Michael's College will present St. Henry Irving's great tragedy, "Thomas a Becket" in the College Hall. Many improvements have been made in the production, especially in the lighting and with new scenery and costumes the staging will be magnificent. The students of St. Michael's have been rehearsing diligently for the past month and are thoroughly familiar with the details of the play. The dramatic class of this year includes a number of brilliant and talented young men who have seen this rehearsal and declare that "Thomas a Becket" will be supported by the strongest amateur ever seen in Toronto.

Mr. Watt is Well Liked

Mr. James Watt, secretary-treasurer of the Globe Printing Company, is going to Scotland to visit his friends. The business staff of the Globe expressed their esteem and good-will by presenting him with a handsome traveling case and a box of really good cigars. Mr. Watt is well liked by all who know him. He is a man of pleasant and genial disposition, and his relations existing between the donors and the recipient were of a most friendly character. Mr. Watt is a member of the good fellowship which exists among the employees of the Globe.

A Prosperous Year

St. Paul's Methodist Church held its annual board meeting on Monday evening. The pastor, Rev. Alfred Brown, presiding. The church's financial condition is reported as being very satisfactory. The membership stands at 400, showing a small increase. All the current expenses have been met, and a balance of \$2000 is carried over to the next year. The church's generous contributions to the Twentieth Century Thanksgiving Fund, the regular contributions to the Y.M.C.A., and the maintenance of a gratifying increase over previous years. A warm expression of thanks was tendered to Messrs. R. Smith, treasurer, and R. J. Gould, secretary, for their untiring efforts in the financial department. Mr. L. C. Penke was elected as representative to the annual district meeting.

For an Ocean Grave

Washington, May 21.—A wreath of ivy and amaranth berries was expressed from here to New York yesterday, to be taken on board the steamer "Loba," which is to sail for the North Atlantic. The wreath is a memorial to the late Mr. Fisher, who was one of the many who have died in the maritime catastrophe.

The Best

The best in bird food, everybody knows is "Cottam," and the next best is too far back for your bird. If you value its health and song.

Humorous Nova Scotia Dead

New York, May 21.—Alexander Edwin Seaton, founder of Texas Sittings, and humorist of national reputation, under the pen name of "Col. Hill Sweet" and the "Rev. Whangdoodle," died at his home in this city yesterday, of heart disease. He was born in Nova Scotia in 1811.

How to Cure Roubach Skin

Those who suffer from rough skin, chapped hands, or similar troubles can find a never-failing cure in Campman's Italian Balm. It makes the skin smooth and only costs 20c. At your druggist's, or 186 Yonge-street.

Registered Package Gone

Kansas City, Mo., May 21.—A package containing \$800 in currency, consigned by registered mail by the National Bank of Commerce to a bank in Great Bend, Kan., has disappeared, and detectives are working on the theory that it was stolen by someone connected with the postal service.

Personal

Mr. W. W. Jackson, manager of the stock department of the Queen City Oil Co. for the past two years, has resigned his position, and has been appointed office manager of the Alton Oil & Gas Co. Mr. Jackson is capable and energetic and can be relied upon to give a good account of himself in the important position to which he has been appointed.

Any Boys?

If there are boys in the house, or girls either, then croup, coughs, catarrh, bronchitis, and sore throat are sure to be there, too, sooner or later. Don't crowd their stomachs with medicine, just have them breathe in the vapor of Vapo-Cresoline; they'll like it, and it will give immediate relief. In this you put the medicine right on the place that needs it. For whooping-cough it's the perfect cure.

Vapo-Cresoline

Vapo-Cresoline is sold by druggists everywhere. The Vopette and Lamp, which should be used with it, is a small, portable, and safe device. It is made of the finest materials and is guaranteed to last for years. It is sold by the Vapo-Cresoline Co., 186 Yonge-street, Toronto.

TORONTO HOUSE OF INDUSTRY

Officers Elected and Committees Struck at the Board Meeting Held Yesterday

The regular monthly meeting of the Board of Management of the House of Industry was held yesterday afternoon, with Rev. John Gilchrist in the chair. Several reports were received. The superintendent reported the number of inmates as 125, of which 41 were females. Seven were admitted during the month, 34 left and 3 died. The outdoor poor report showed that 20 new families had been relieved. The casual ward had accommodated 132 people during the month, of which only 12 were females. The officers and standing committees for the year were named: Chairman, Rev. John Gilchrist; Vice-Chairman, Rev. Wm. R. H. Broughall; Treasurer, Wm. R. H. Broughall; Secretary, Arch MacMurchy; Executive Committee, Arch MacMurchy, Wm. R. H. Broughall, Rev. Alex. Gilray, Rev. J. J. McCann, Rev. Dr. Potts, A. L. Crane, James Maclean and Rev. Canon Cayley (chairman); Board of Finance, Rev. Canon Cayley (chairman), H. E. Cassidy (secretary), Rev. J. J. McCann, Rev. J. Scott, William Carlyle, A. L. Hubbard and John Price; Visitation and Outdoor Committees, Rev. Alex. Gilray (chairman), James Thibault (secretary), Rev. William Frittsell, Rev. A. Hart, John Hall, Rev. Dr. Uziel Ogden; Superintendent, Arthur Langille; Matron, Mrs. W. K. North. The chairman of the board, treasurer and secretary, and chairman of each standing committee were appointed a committee to consider all suggestions made by members of the board for amendments to the rules and by-laws and report in September next. The Ladies' Committee, consisting of Mrs. Forsyth Grant, Mr. J. A. Patterson, Mrs. W. K. North, Mrs. W. K. North and Mrs. For, were re-appointed by resolution.

SIX SMALLPOX VICTIMS

Dr. Bryce yesterday afternoon received word of the death of a smallpox patient at St. Paul's. This makes six deaths during the epidemic.

Two Families have Smallpox in Dunnet Township

Two families have smallpox in Dunnet Township, Nipissing. This is a new smallpox centre.

450.00 to California and Back

This summer, which will be of much interest to all who are expecting to take advantage of the low rates to California this summer, at the time of the Epworth League Convention to be held in San Francisco in July, has just been increased by the Chicago & Northwestern Railway. A valuable information is given relating to the state, variable routes, etc. The rate via this line will be only \$50.00 for the round trip from Chicago, with corresponding rates from other points. Copy of this book may be free upon application to Mr. W. B. Kalkner, 22 Fifth-avenue, Chicago, Ill.

California and Return

On July 5 to 12, the Wahash Railroad will send round trip tickets to San Francisco, California, at single first-class fare. This is a very attractive offer, and is up-to-date. This will be far the most comprehensive trip ever offered to visit California. The students of St. Michael's College will be taking this trip. Full particulars at Wahash office, north-east corner of Dundas and Front streets, Toronto. J. A. Richardson, District Passenger Agent.

Mendelssohn Choir

The reorganization of the choir of the Mendelssohn Choir for the coming season, the tests for which were begun by Mr. Vogt on May 1, will be completed next Monday. The choir will be made up of voices from all sections of the choir. The test has been an exacting one, and it is confidently expected that next season's chorus will advance even on the exceptionally fine body of voices which made up the choir of last year.

Opening Day of the Pan-American

Yesterday morning the Pan-American Exposition opened its doors to the public. The exposition is a grand affair, and is expected to attract a large number of visitors. The exposition is held at the Exhibition Grounds, and is open from 10 a.m. to 6 p.m. The admission is free.

Tied Up the Colliery

Shamokin, Pa., May 21.—Three hundred men and boys tied up the Corbin Colliery today by striking for the enforcement of the semi-monthly pay law.

That dull, constant ache between the eyes, that worrying pain at the forehead, are the symptoms of

Catarrh of the Nasal Passages

Probably they are a man's troubles. One thing is sure—if you let catarrh run on the catarrh germs will eat into the bone and destroy the nasal passages altogether. Japanese Catarrh Cure is positively the only actual cure for Catarrh existing in the world today. Powder and sprays may relieve for the time, but they cannot cure. Japanese Catarrh Cure cures and cures to stay cured. It goes right to the spot, killing the catarrh germ, allaying the inflammation, reducing the swollen tissues, and thereby expelling every trace of Catarrh wherever located. The nasal passages open up and the headache vanishes with the first application of

Japanese Catarrh Cure

"I was troubled with catarrh for years. My head ached, my nose was stuffed up; there was a constant dripping in my throat. I was forever having to blow my nose, and everything I have ever heard of for catarrh—powders, washes and other cold remedies, Japanese Catarrh Cure is the only medicine that ever gave me more than temporary relief. In fact Japanese Catarrh Cure has absolutely cured me. My head is now perfectly clear and free from all that aching pain, and the dripping in my throat has ceased altogether. I can breathe freely, and I am a new man. Japanese Catarrh Cure is a box, at 25c. It is sold by the Griffiths and Macpherson Co., Limited, Toronto.

No Ambition

"I feel so completely run down. I am so easily tired. My nerves are weak, and I am just about discouraged." Your doctor calls this "anemia," or poverty of the blood. A great many people have it every spring.

And a great many physicians prescribe Ayer's Sarsaparilla for it, too. And why not? We tell them all the ingredients, and this makes them confident that there is nothing its equal for making pure, rich blood.
