THE GREAT NORTH-WESTERN TELEGRAPH COMPANY OF CANADA.

Operating the Lines of the Montreal and Dominion Telegraph Companies.

MILES OF LINE, 34,000. NUMBER OF OFFICES, 2,000.

ERASTUS WIMAN, President. H. P. DWIGHT, General Manager.

HEAD OFFICE, TORONTO, ONT.

This Company is now working the lines of the Montreal and Dominion Telegraph Companies of Canada. At its commencement the Company's property and operations were confined entirely to the Province of Manitoba, but since then its scope and influence have been vastly extended. The ample provisions of the charter of the Company were made available for the purpose of consolidating the conflicting telegraph interests of the Dominion, which, through ruinous competition, had been seriously impaired. The low rate for telegraph tolls which prevailed for the two years previously had so weakened the power of the telegraph companies to pay interest on the capital invested, and at the same time maintain the property in an efficient condition, that the prospects seemed most serious for all persons interested in this kind of investment. An arrangement was, however, effected, by which the rival companies were combined under one management, resulting in the introduction of large economies on the one hand, and the establishment of a uniform rate of 25 cents for telegraph tolls on the other. Investors in telegraph property were thus assured of a fair return for their investment, and the public provided with a more efficient service.

This company has a close alliance with the Western Union Company, and thus secures for its customers prompt and easy communication with every point on this continent, to which the vast network of wires amounting to 450,000 miles owned by the Western Union Company extends. The various important inventions, secured by patents in most cases, which the Western Union Company now control, have also been placed at the disposal of, and will hereafter be used by this company.

The sending Money Orders by telegraph between the principal offices in Canada, and also between this country and the whole of the Money Transfer Offices of the Western Union Telegraph Company, has been in vogue for some time and greatly appreciated by the public.

Mr. H. P. Dwight, formerly Western Superintendent of the Montreal Telegraph Co., is the General Manager of the Company.

INTRODUCTORY.

THE publishers take pleasure in presenting to their patrons this their fifth annual edition of the Toronto City Directory.

We have reason to congratulate ourselves on the large and steady increase of our population, and the acquisition of many new manufacturing and wholesale and retail business houses to our commercial interests.

With this edition we issue free to our subscribers a correct map of the City, arranged in such a manner as to furnish a ready reference to the location of any street, distances, etc.

We have this year a large increase in our list of names, finding by actual count 45,220, an increase over last year of 3,933, which, being multiplied by 3 (a minimum average), gives us an increase in population of some 11,799 or a total of 135,660.

Following are the number of names appearing in each year's publication for the last ten years:

YEAR.	NAMES.
1878	19,354
1879	20,226
1880	21,919
1881	23,166
1882	23,879
1883	33,592
1884	36,359
1885	39,409
1886	41,287
1887	45,220
