The Kitselman **WOVEN WIRE FENCE** Done The BEST and CHEAPEST Fence on the Market. STEAM

THE KITSELMAN FENCE IS SOMETHING ENTIRELY NEW in the interview wire fencing, having a straight wire running lengthwise through every mesh or diationd, the mesh wires being twisted round each other as well as a round the straight or dialized, the mesh wires being twisted round each other as well as a round the straight or parallel wires, forming the Strongest Woven Wire network ever produced— in fact it is is so far ahead of any other netting for beauty strength durability and general utility that a fair comparison can not be made. Every wire and every twist in this Fence is a brace to all other wires to all other twists the full height of the fence. The combined strength of the straight and mesh wires is more than treble that of a fence made without straight wires. This fence obviate the very objectionable feature of a seging which is the atal fault of all old style netting. OURS is the Only Machine that you can take on the field or any place and make a Woven Wire Fence.

Do You Want Make to Money?

If so, purchase a right for operating a machine in your parish or county. With one of these Machines you can get more fencing to do in your own neighborhood than you will be able to do with one machine. There is no fence on earth that will take like this one. You will, therefore, see that there are few enterprises that you can invest many times the amount in and make as much out of, as EVERY MACHINE will earn easily \$20.00 a day for its owner.
